Ten-Year-Old Leo Lyon Fatally Crushed Against Hydro-Electric Pole.

FRANCE PROVIDES BIG NEW CREDIT

More Than One and Three-Quarter Billion Dollars is Voted. BACKED BY SOCIALISTS

PARIS, Sept. 22.—The French chamber of deputies today almost unanimously voted war credits for the remainder of the year amounting to \$888,000,000 francs (about \$1,767,600,000).

MACKENSEN HALTS RETREAT UPON THE DOBRUDJA FRONT

SPECIAL Cable to The Toronto World. LONDON, Sept. 22.—Mackensen's army in eastern Rumania, following its hasty retreat, is taking up a new position and turning to face the Russo-Rumanian forces, Bucharest announces tonight.

SOME OF THE HALICZ FORTS HAVE FALLEN TO THE RUSSIANS

(BY ARTHUR S. DRAPER). Special Cable to The Toronto World. LONDON, Sept. 22.—Some of the forts defending Halicz, the key to Lemberg, have fallen to the Russians, according to Petrograd despatches which reached London tonight.

TRUBLE AFFECTS ALL FEDERATED BODIES IN ALL THE BOROUGH.

NEW YORK, Sept. 22.—Organized workers in virtually every industry in greater New York were formally called upon late today to cease work at 12 o'clock next Wednesday morning in sympathy with the striking traction employees.

ODDFELLOWS INSTALL GRAND LODGE OFFICERS

Sovereign Body Adjourns—J. K. Ritter Elected General Commander.

VENIZELIS IS REAL DICTATOR

Says Von Schenk in Berlin.

THE NEW PARTY MAKES THE OLD ONES GET BUSY

The new party is getting more and more attention. Nothing seems to disturb the ordinary party paper, whether it be Conservative or Liberal, so much as an open discussion of our politics from the point of view of a new party.

Another thing that shows the strength of the new movement is that the little known men who do the editorial work for the press are all as busy as bees on this one in regard to the movement of the member for South York.

And yesterday our Globe was another tack; that the what The World's stated about the Conservatives was more than true, what it said about Liberals and Nationalists was not true at all.

Editor World: I am reading with great interest your articles on a new party. Here in Hamilton we have been run by a Conservative ring for a number of years.

But of course The Globe, in its article of yesterday, puts all the blame on The World, on W. F. Maclean and the new party for this condition of affairs; also the new party will have only one object in view, and that is to show that all Canadians should be united in this war.

The Toronto World says the newspaper correspondents at Ottawa, almost to a man, privately declare, some of them now openly, that the two old parties have surprised their usefulness. It is a pretty sweeping statement, but if by "usefulness" is meant usefulness to the general public, perhaps not very far wrong.

And a news item in our columns this morning shows that at least someone has got busy in Quebec and put the extinguisher on the Nationalist trouble-makers, and on their organization in Ottawa shortly for one of the districts they'd do little or nothing for the war until "the wounded-in Ontario" have been succored.

The World's answer is that a third dog has often ended a poor fight between two!

DINEEN'S HATS FOR MEN.

Weather permitting, Dineen's will do a record business in hats again this Saturday. Store open until 10 o'clock in the evening, and all the good hats brought out to convince the casual shopper that Dineen's excel in hat variety, style and exceptional values.

So we are not going to wrangle with The Globe and we will let The Globe have its opinion; and yet we are going to try and get the people of Canada to take our view of this matter and clean it up once for all, even if the new party has to try and get along without encouragement in the sister province.

ALL DAY TODAY Dineen's Hats

(AND UNTIL 10 O'CLOCK TONIGHT)

- There's a right hat for every head, and our name is on it.
- The name Dineen is your guide to good hats—a small thing to look for, and a big thing to find.
- Reputation is what most people term it—character is what it really is.

STIFF FELT HATS, from the world's most famous makers, The Heath and Dunlap Hats are exclusive with Dineen in Toronto. Heath Stiff Felt Hats, \$4.00, Dunlap, \$5.00. Christy, \$2.50, \$3.00 and \$3.50. Stetson, \$5.00. Mallory, \$3.00 and \$3.50.

SOFT FELT HATS, in all the newest shapes and popular shades. The Italian Borsalino, \$4.00. Heath, \$4.00. Stetson, \$4.00 and \$5.00. Christy, \$2.50, \$3.00 and \$3.50. Mallory, \$3.00 and \$3.50.

SILK HATS AND OPERA HATS It is conceded that Dineen's have the most exclusive stock of Silk Hats in Toronto. Christy Silks, \$6.00 and \$7.00. Heath Hats, \$8.00.

CLOTH AND OUTING CAPS. Most complete variety of the best English makes, in all patterns of material.

This Saturday we are having a special display of new importations. Every good style that is shown in New York or London, and some by special makers that you cannot find represented in any other hat store in Toronto. Take, for instance, Henry Heath, of London, England, maker to His Majesty; and Dunlap, of New York, who is the accepted authority on American fashions.

HAMILTON NEWS

The Hamilton Office of The Toronto World is now located at 40 North McNab Street.

WILL INVESTIGATE ADVANCE IN BREAD

Independent Labor Party at Hamilton Blame the City Council.

SERG. JACKSON KILLED

Had Won D. C. M. for Gallantry—Four Schools Entered by Thieves.

HAMILTON, Saturday, Sept. 23.—The Independent Labor Party has taken up the bread question, and last evening a committee of three was appointed to investigate the increase in price. This committee is to report back at the next meeting. It was the general opinion that the city had been negligent early in the year, and the city fathers were condemned for not taking a definite stand.

A member stated that it was possible to buy more cheaply from grocers and pedlars than on the central market. It was contended that the fruit men especially work a big combine and give runners on the market to keep up the price.

Some of the members favored the appointment of a royal commission to investigate and prosecute those firms unduly advancing the prices of necessities of life.

Serg. Jackson Killed.
Word has been received that Serg. Leonard Jackson, a Hamilton hero, on whom was conferred the Distinguished Conduct Medal for gallantry on the field last spring, was killed in the battle in which the 15th Battalion was engaged on Sept. 15. Serg. Jackson won the D.C.M. when he, with Lieut. Bert O. Hopper, also of this city, ventured "Man's Land" to the German lines, where they cut the wire entanglements and returned with valuable information. Lieut. Hopper was awarded the Military Cross. Serg. Jackson had never been wounded before. Serg. Jackson was born in Yorkshire, England, twenty-two years ago, and four years ago came to this city.

Hospitals Filled to Capacity.
The hospitals of the city are filled to capacity. It is found by the authorities to accommodate the patients demanding admission each day. At the city hospital 30 are admitted daily on an average, and it is said in some quarters that owing to the congestion, patients are allowed to leave the institution before they have entirely recovered.

Revised Development of Electrical Work.
Hon. Col. Frederic Nicholls Addressed Electrical Club Yesterday.

The rapid development of electrical work in the Dominion of Canada was reviewed by Hon. Col. Frederic Nicholls in an address delivered at a luncheon in the Prince George Hotel yesterday, at which were present many members of the electrical club. In tracing the promotions and organization of pioneer companies, the general manager of the Canadian General Electrical Company pointed out that it was difficult to speak of "pioneer days," as the press was in the habit of referring to electricity as in its infancy. He stated that Canada is only on the threshold of power development, and future possibilities were limited only by the imagination.

Two G. T. R. Brakemen Charged With Theft From Freight Car.
Special to The Toronto World.

BELLEVILLE, Ont., Sept. 22.—Benjamin Dickson and Donald Beach, G. T. R. brakemen, and residents of Brockville, were arrested here this morning on a charge of theft from a C. N. R. car on Saturday night last. The car was broken into and a quantity of clothing valued at \$50 was stolen. A search of Dickson's home resulted in the finding of clothing which it is alleged was stolen from the car. The accused were taken to Brockville for trial.

Government Commandeers Grand Trunk's London Offices

Genial Association Press Cable.
LONDON, Sept. 22.—The government has commandeered the greatest portion of the Grand Trunk building adjoining Trafalgar Square. Grand Trunk will probably retain the ground floor and the other Canadian newspapers and companies sharing the building will be displaced. It is understood that the building is required for the department concerned in the manufacture of the new tank armored cars.

Very strong reason for the fact that the Toronto consumer has to pay 38 cents a pound for the bacon which gives flavor to the fried eggs of his morning meal.

"Waste" was again given as a reason for high prices. Waste is not new in connection with the cutting up of meat, but when the wholesale price was low it was not so material a factor as now that those rates have soared.

No Allowance for Suet.
"In a case there are about thirty pounds of suet, which a good deal of it is simply thrown in with the steak. Then there are the shanks and the bone. Besides there is a greater distance between the ribs than in the case of the meat. It is the same in procuring eggs, butter or anything in the line of provisions. Another item, too, is paper. That which cost \$25.00 three months ago is now \$40.00. All this must be taken into account or we wouldn't be in business," was the summary of the retailer.

In the matter of meat then it seems the reasons for its addition as a very telling adjunct to the high cost of living paper with those who own the land. Neglect of cattle raising is the primary cause. The security which this reason is added to by the retailer, which get the best we have, leaving a shortage in Canada with a consequent increase in price to all who handle this very essential article of commerce.

COUNCIL BACK AT BUSINESS MONDAY

Recommendation to Probe High Cost of Living is Main Topic.

GEARY'S SALARY AGAIN

Members to Consider Council's Position—Ald. McBride Ready.

After a two months' vacation the city council gets down to business again at Monday's meeting. Most interesting, from the citizens' viewpoint, will be the discussion which will centre on the recommendation of the board of control that an investigation be authorized to inquire into the general high cost of foodstuffs and fuel in Toronto.

The rapid increase in the prices of many commodities has at last aroused the controllers to action and Controller Cameron, who initiated the movement, is determined to definitely ascertain whether the public is being "gulled." From various sources the council ascertained that the public is being charged unnecessarily high prices for coal. But heads of civic departments have reported against municipal interference. The special committee investigating bread prices meets Monday for the first time. Toronto has no authority to establish municipal bakeries, but Controller Cameron knows ways of getting around this difficulty.

Once again the question of Geary's salary is up for discussion. The recent report that Toronto's corporation counsel was nominated for a military position of some importance, with the rank of major resulted in a revival of the old issue. The board's recommendation that his salary be reduced to \$1600 per annum, while he is absent from his duties here as corporation counsel.

Council will make another effort to deal with the fire department secretaryship. Before the holidays they declined to appoint the chief's nominee, W. G. Webber, at something over \$2000 per annum. Now the board recommends that the grading for the position be fixed as follows: Minimum \$1600; annual increment \$150; maximum \$2200.

Last week the works committee on motion of Ald. McBride recommended that no more public works be instituted on the initiative plan. The board of control at a subsequent meeting recommended against it, and the final settlement is now up to council. The principle involved is a big one and Ald. McBride will put up a strong argument to have council upset the board's recommendation.

Knights Templar Will Hold Big Conclave in Philadelphia

PHILADELPHIA, Sept. 22.—Philadelphia was definitely chosen as the site for the 1916 triennial conclave of the Knights Templar at a meeting of the conclave committee here today. Fifty thousand knights from all parts of the U. S. and Canada are expected to attend.

HIGH COST OF MEAT CAUSES UNEASINESS

Reasons Can Be Traced Back to Those Who Own Land.

SCARCITY OF CATTLE

"Waste" and "Cutting Up" Also Help to Reduce Profit.

Next to bread, meat in its many forms of beef, veal, mutton and pork, is perhaps the article of home consumption that means so much to the householder and to those who cater to the public thru the medium of hotels and other restaurants. In connection with the present uneasiness and discussion regarding the high cost of living it is interesting to note the reasons given from different sources for the increase in price which has been brought about during the past three or four years, and the alleged foundations upon which present prices are based.

The reasons given for the increased cost of meat are for the most part from being local. They have their origin in general conditions affecting the country at large and reaching out to the public during recent years.

The war with its demands for supplies of many kinds is of course one reason assigned, but causes nearer home precede and outweigh the war, weighty as it is in every present calculation.

How do you account for present high prices of meat? It is the fault of Toronto's wholesale dealers by The World.

"Decrease in live stock and increase in export trade," was the immediate answer. The dealer then went on to explain that the cultivation of live stock has been more and more neglected in Canada during recent years, that the best of what is produced is exported, and that at present the number of cattle sent overseas is prodigious.

An exception was made in the matter of cattle raising in some parts of the west, where lately an impetus had been evinced in this direction, but this is far from offsetting the increased demand.

Must Allow for Wastage.
"A carcass at present costs me 13 cents a pound," said the same informant. "This I have to sell at 15 cents. A few years ago I could sell that same carcass at 5 1/2 or 6 cents a pound. The retailer must get at least twice that in order to make any profit. In selling perhaps three or four hundred pounds would have to be cut and weighed perhaps three or four hundred times among the consumers. There are shanks to be almost discarded and bone that only brings one cent a pound. All these things have to be taken into account, and the general buyer knows nothing about them."

The same man had the same story to tell. "Scarcity of cattle is the cause in every line is going overseas. One Toronto firm alone shipped this week 102,000 hogs."

The figures seemed incredible, but the man who gave them believed them, and if correct they furnish one

WAR SUMMARY

THE DAYS' EVENTS REVIEWED

From German sources comes the claim that the Teutonic forces turned about in their retirement and won a success over the Roumanians. Nothing is given to indicate whether this was merely a strong rear-guard action or an action to test out the strength of the positions of the Teutons. In the Balkans the offensive is being prosecuted by the Serbians with great steadiness and the Bulgarians are rushing up reinforcements to defend Monastir.

In the operations against Roumania in the Dobruja, the Germans, Turks and Bulgarians have halted in their retreat and they are fortifying positions in order to resist a possible Russian-Roumanian offensive, according to last night's despatches from Bucharest. The Roumanians are following up the enemy closely and they report that they have put to flight some units on the right flank of the enemy. This indicates that a successful action was fought close to the shore of the Black Sea and it is probable that Russian gunboats and destroyers assisted the attacks by bombarding the enemy from the water. Unimportant engagements were fought in Transylvania and the Roumanians captured 140 prisoners and two machine guns.

In order to draw their net tighter about Combes, the French infantry carried out a number of small and daring actions yesterday just south and east of the town. These gained them a strongly fortified house, which they took prisoner. 100 unarmoured Germans and some trench elements further to the east. The German garrison holding the house was apparently taken by surprise, for even a large house, it would seem, could scarcely contain many more than 100 men and give them room for any effective fighting. Before dawn the French also beat off an attempt of the enemy against the lines between Priez farm and Rancourt conducted in successive waves of infantry. The Germans were unable to pass thru the curtain of fire thrown out by the French and they retired hastily, leaving many bodies on the ground.

After the capture of two lines of German trenches between Martinpuich and Pliers by the British forces the night before last, the British and pushed forward detachments in several directions. The success between Martinpuich and Pliers enabled Sir Douglas Haig to occupy a British line on a front of about a mile north of these two villages. This into a valuable jumping off place for an attack on the Pys-Lg-Sars-Guide court lines that the Germans have recently and hastily thrown up to protect Bapaume.

Between July 1, when their offensive began in Picardy, and Sept. 18, after their last successful fighting marked the beginning of a new stage in the operations, the British and the French made 58,000 prisoners of these, 34,050 fell into the hands of the French and 24,750 fell into the hands of the British. As the British have advanced over an equal amount of territory and as they fought 35 German divisions in that period of field, it is seen that the margin of difference between the British and the allies favors the French by nearly 10,000. This disparity leaving fewer Germans in their trenches to offer resistance to the British heavier. As to the number of Germans killed and wounded, only conjecture can furnish an estimate. They may well run into half a million men. The bulk of their wounded was abandoned to the allies by the foe, but the number of these is not included in the list of prisoners issued, the figure merely referring to unwounded men.

A despatch from Copenhagen reports the arrival of the Kaiser at probably launch an offensive from that direction against the Russians. It is still within the competence of the Germans to attack the Russians as they have recently counter-attacked the French and the British, but losses resultant from such an offensive movement would only serve to end the war quicker. But Von Hindenburg is known among German military men as a reckless fighter. He has an extremely able staff-officer, Von Ludendorff, who will be the man to do anything if anything is done. Such an offensive as the one suggested would be a desperate gamble, comparable to Verdun and the Trentino, and it would not be capable of ensuring anything beyond a mere initial success. The best chance that the Teutons had of gaining any startling results was in the Dobruja, and there Mackensen has been defeated. The notion underlying any project to advance eastward from Kovel would be the piercing of the Russian centre so as to force the Russians to retire and abandon Roumania. Such a move by the enemy would require the dangerous stripping of other fronts to obtain artillery and troops for the adventure.

BIG SWIMMING MEET

AT THE High Park Mineral Baths
2000 BLOOR STREET WEST.

This (Saturday) Afternoon at 3 o'clock

Miss Mary Beaton of the Y.W.C.A., assisted by her pupils, will give an exhibition of graceful and scientific swimming. Mr. Allen of the Toronto Swimming Club, champion amateur diver of Canada; Mr. Reade of the Central Y.M.C.A.; Miss Edith Hartley, Miss Pickard and others will contribute to the program. An unusual opportunity to see Toronto's best swimmers in action. A collection will be taken among the spectators, and a limited number of reserved seats will be sold at 25c and 50c. Entire proceeds in aid of Soldiers' Convalescent Home, 50 of whose inmates will be guests on the occasion. Telephone Junction 444 or Main 7220 for Reservations.

RECOMMENDED MERCY IN VERDICT OF GUILTY

Frank Kennedy Had Struck Wagon, Injuring Two People.

The jury after being out for two hours brought in a verdict of guilty against Frank Kennedy charged with criminal negligence yesterday afternoon before Judge Winchester in the criminal sessions. Attached to the verdict was a strong recommendation for mercy.

Kennedy while driving a bread motor car on Poplar Plains road on the night of August 11 struck a wagon in which were four people, two of whom, Mrs. Edith Bateman and Reginald Cope, received bodily injuries. The evidence showed that Kennedy saw the wagon seventy-five yards ahead of him, sounded his horn and turned toward the ditch, but to avoid overturning turned back to the centre of the road. He claimed that the horse and wagon veered across in front of him while Mrs. Bateman claimed that the wagon was near the right hand ditch when struck. Kennedy was remanded for sentence.

Absolutely Natural Looking GLASS EYES

We have a very large stock of glass eyes, in all shades of color, in both shell and reform. We can match an eye. Prices lower than the lowest quality considered.

Now Settled in Our New Location
Our new upstairs Optical Parlour are now completed, and we are in position to give you expert optical service at moderate cost. Eyes tested scientifically. Opticians' prescriptions accurately filled.

THE CANADIAN WAR LOAN

The Royal Bank of Canada

will receive subscriptions to the loan at all its branches in Canada.

In order to encourage small investors to participate, the Bank will consider the application of any depositor in its Savings Department for a loan up to \$900 to enable the depositor to purchase a \$1,000 bond. Such loans will bear interest at 6 p.c., and will be repayable in monthly instalments.

Those who desire to take advantage of this offer should consult with any Manager of the Bank without delay.

Subscriptions must be deposited with the Bank before September 23rd.

EATON'S DAILY STORE NEWS

At both Yonge Street and Queen Street doors are order boxes where orders or instructions may be placed. These boxes are emptied daily at 8.30 a.m., 10 a.m., 1 p.m. and 4 p.m.

The Autumn Exposition of Furniture and House Furnishings

Will Take Place on Monday and The Following Days of Next Week

For Which Occasion the Furniture Building, at James and Albert Streets, and the Fourth Floor of The Store Will Be Given Over to a Grand Formal Display of Furniture, Rugs, Draperies and Wall Coverings

Gathered Together by Our Home and Foreign Buyers From the Foremost Mills and Factories in Great Britain, United States and Canada

In Variety and Artistic Value

It is the most interesting and notable assemblage of household merchandise which the Store has ever featured—this, despite difficulties in transportation and the disturbed state of the foreign markets. The display presents a magnificent opportunity for the selection of furniture and furnishings for

Home, Hotel, Club or Public Building

The wide range of choice meeting the needs alike of the unpretentious flat and imposing residence, or the room which calls merely for the brightening, renovating touch, and of the house which demands complete equipment.

And as a Special Attraction of the Exposition, There Will Be Featured

Daily Lectures by Prof. Frank Alvah Parsons of New York

Professor Parsons Will Lecture Twice a Day

ANYONE who knows anything about interior decoration knows about Professor Parsons. He is President of the New York School of Fine and Applied Art, and enjoys a wide reputation as a forceful and interesting speaker on all subjects pertaining to the artistic requirements of the modern house. And withal he is infinitely practical, dealing with the petty perplexities of the householder as feelingly as with the inspiring principles of classic architecture.

Professor Parsons will give lectures throughout the week—at 10 a.m. and 2.30 p.m. daily—in an improvised auditorium on the Fourth Floor, the following being the programme of topics:

Programmes and Tickets of Admission to the Auditorium may be had from the Ticket Bureau on the Fourth Floor, Centre.

The Subject for Monday Morning's Lecture will be "The Relation of Art and Decoration to House Furnishings" and for Monday Afternoon, "Color Harmony".

Exhibit of Period and Typical Furnishings

THIS will be another attraction of House-Furnishing Week. Incidentally it will serve to illustrate Professor Parsons' lectures. Furniture, draperies and rugs will be assembled in groups exemplifying historical period and characteristic styles of decoration—Elizabethan, Jacobean, Georgian, Louis XV., Louis XVI., and Empire. There will also be featured a modern living-room of the comfortable, home-like type, decorated and furnished in mellow Renaissance effect, the walls hung with soft wool tapestry, and the furniture in old brown oak beautifully carved. A bedroom, too, has been decorated and furnished—in simple Louis XVI. effect, with rose rugs and shadow chintz curtains.

The platforms on which the exhibit is staged run the length of the special auditorium in the Yonge Street section of the Fourth Floor. The furnished rooms have been erected nearby—at the entrance to the Drapery Department.

Furniture That Testifies to the Splendid Skill of Canadian and American Makers

Elizabethan and Jacobean Furniture in fumed and cathedral oak for living-rooms, libraries and dining-rooms.

William and Mary and Queen Anne Furniture in black walnut for dining-rooms, living rooms and bedrooms.

Chippendale, Hepplewhite, Sheraton and Adam Furniture in Mahogany for drawing-rooms, living-rooms, libraries, dining-rooms and bedrooms.

Louis XV and Louis XVI Furniture in Walnut and Mahogany for drawing-rooms and bedrooms.

Empire Furniture in white enamel for bedrooms.

All-over Upholstered Furniture for living-rooms and libraries.

Willow and Wicker Furniture for sunrooms and sitting-rooms.

And in various woods and designs, a host of pieces of furniture for halls, kitchens, bathrooms, nurseries and playrooms.

Furniture Building, Corner James and Albert Streets.

A Wealth of Artistic Fabrics for Curtains and Furniture Coverings

Chintzes—Hand-blocked linens, printed cottons, taffetas and shadow cloths.

Wool tapestries.

The new Reil cloth and Apeley cloth for portieres and upholstery.

Velours and Pannes velours.

"Sunfast" and "Sundown" Casement silks.

Nets, scrim and individual net, scrim and lace curtains.

—Fourth Floor, Yonge St.

A Multitude of Artistic Wall Papers for Simple and Elaborate Decoration

The new painted papers in reproduction of hand-tinted Walls.

Tapestry paper in landscape and foliage designs.

Stipple papers like plaster, imitation leather and marble papers.

Silk-finished papers, dimity, chambray and self-stripe papers.

Washable sanitary papers.

—Fourth Floor, James St.

On Monday and Following Days Will Also Take Place A Grand Showing of Fall Millinery.

When the Department on the Second Floor will be in Gala Array For An Authentic Presentation of the Latest Mode in Dress and Tailored Headwear

as exemplified in a charming collection of Original Models from such far-famed designers of New York as

Bendel, Joseph, Gage and Heller

Together with a host of clever reproductions and attractive creations by our own staff of skilled milliners.

The Beret, the Canotier, the Napoleon, the tall Turban and the Picture Hat

—upon these designs rests Fashion's seal of favor, with the up-flaring brim as an almost invariable feature, and the absence of the traditional "trimming" as a notable mark of the mode. The metallic ornament, the "cartwheel" or "rabbit's ear" embroidered in soutache, yarn, or heavy silk, the band of moleskin or Hudson seal, the thin upstanding fringe of imitation gaura or burnt ostrich—of such does the decoration consist.

Taupe, Burgundy, silver and gun gray, Russian green and black are the modish colors, with velvet and hatter's plush composing nine out of ten of the models shown.

Dress Hats, Tailored Hats, Hats for College Girls, Hats for School Girls, Hats for Children, Bonnets for Old Ladies, and Mourning Headwear for all ages. The showing covers the Millinery need of Women, Misses and Children.

—Second Floor, Yonge St.

CASUALTY LIST IS INCREASING DAILY

Hundred and Four Names of Toronto Men and Officers Yesterday.

TWENTY-SEVEN KILLED

RUMOR DENIED BY CHAIRMAN FLAVELLE

Mr. Haverson Did Not Draft Clauses Affecting Delivery, He Says.

TO FIGHT MANDATE

Shop Licenseholders Under the Old Law May Act as Carters.

The only sections of the Ontario Temperance Act with which James Haverson, K.C., had to do were those regarding licenses, a matter in which the government was anxious to realize the wishes of the hotelmen, J. D. Flavelle, chairman of the license board, said yesterday.

Toward the end of the last session, when Eudo Saunders, solicitor to the board, had been overworked with work, Mr. Haverson, who happened to be in the building, was asked to assist him in drawing up these clauses. He did so, working thru the night. Mr. Flavelle added that there was absolutely no foundation for the rumour that Mr. Haverson had anything to do with the drafting of the clauses which appear to legalize direct delivery. These were taken direct from the Manitoba Temperance Act.

Section 46 of the act provides that "nothing herein contained shall prevent any person from having liquor for export sale in his liquor warehouse, provided such liquor warehouse and the business carried on therein complies with the requirements of subsection two hereof mentioned, or from selling from such liquor warehouse to persons in other provinces or in foreign countries." The subsection referred to provides that the premises must meet with the approval of the board and must not communicate with any other building, and that no other business can be conducted thereon.

Mr. Flavelle said yesterday that the board would issue circular letters next week, making it very plain that the board would not countenance direct delivery from such warehouses in that province within this province was palpably against the provision of these clauses.

Holdings of shop licensees under the old act are said to be inclined to fight the mandate of the board that they must not act as carters for liquor delivered in the province. Their ground therein is that, as the license holders, the board has no right to discriminate against them.

"Direct delivery" will be discussed by the Committee on Liquor on Oct. 17, it is announced. The board has given its decision that it will not prosecute such delivery, that is no bar to the submission of the case to the courts after the complaint of some other citizen.

Charged With Theft, Reserves Plea and Gets Adjournment

Arrested last Friday on a charge of stealing serge cloth valued at \$100 from the Salvation Army headquarters, Gerald McIntyre reappeared in the police court yesterday for an adjournment of his case till Sept. 29. He reserved plea and election till then. McIntyre, when he came up last Saturday, furnished a cash bail of \$1,500, and yesterday the crown attorney asked for a bond of \$1,500 besides. The court ordered McIntyre into custody till the bond was forthcoming.

Providing Thousands of Prayer Books for Troops

The bishop of Toronto is pleased to announce in connection with his Prayer Book Fund for Overseas Troops that there have already been provided or ordered 12,587 prayer books for the men, and as a result of his recent appeal he has received the sum of \$1,073. A further sum of at least \$600 will be required to cover the expense of the number of copies at present contemplated. The bishop is deeply grateful for the ready and generous response that has been given to his appeal.

Heavily Fined for Being Drunk While Driving Car

Charged with being drunk while in charge of a motor car, R. Ford was assessed \$50 and costs and appeared in the police court yesterday. To Pearl Wilson, who appeared in the women's court, belongs the doubtful honor of being the first woman to be fined \$10 and costs for drunkenness under the new temperance act.

REMANDED FOR WEEK.

Caught by Plainclothesman Forbes with a hypodermic needle and a quantity of morphine in her possession, Ada Lavery appeared in the women's court yesterday and was remanded for a week.

WINGED WHEEL WATCH CASES. GLADSTONE SAID Decision by majority is as much an exponent as lightning by gas. The great majority of Canadian wear and recommend "Winged Wheel" Watch Cases. For over 30 years the recognized standard in Canada.

JOHN SUMNER

Appointed this week as secretary of the industrial and transportation committee of the Y.M.C.A. of Canada to take charge of a new line of military work, looking after returning Canadian soldiers on shipboard and seeing them in adjusting themselves to civilian life again.

WILLS PROBATED

Pie. Thos. C. Mills of the 12th Battalion, C. E. F., who fell in action on April 12th last, by his will, left an estate amounting to \$2,401 to be divided equally between the Regan Boys' Home of Toronto, and the Hospital for Sick Children.

Mrs. Emily Ohrt, who died in 1915, left an estate of \$2,307 to be divided among her children, Beverley N. and Frank Ohrt, and Mrs. Edith Wheelwright.

Good Opportunity to Go Overseas With Highlanders

The 48th Highlanders are offering an opportunity to 200 picked men to go overseas at once with a Highland Battalion. The local regiment has been authorized by Ottawa to recruit 200 men for the 13th Battalion, Canadian Highlanders, C. E. F., which battalion has been in training for some considerable period and is expected to go overseas shortly. This is an excellent opportunity for anyone desirous of getting to France quickly, as the 13th Battalion is almost ready to leave.

The orderly room of the 48th Highlanders at the armories will be open between the hours of nine and five on and after Monday, September 25th, where those desirous of enlisting may obtain all necessary information and sign up.

How utterly weak and helpless one becomes when the nerves give way. Sleepless, nervous, irritable and despondent, life becomes a burden. But there is Dr. Chase's Nerve Food to rebuild your exhausted nervous system, restore the action of your bodily organs and change hope and despondency into new vigor and courage. Try it today. 50 cts. a box, at all dealers.

WORDS DATE BACK TO MERE SOUNDS

Speech a Development of Sign Language of Primitive Times.

Words are not the only means of communication between individuals. Signs are used, and have been since recorded history; among many of the savage races. Sounds among animals serve the same purpose. Even to this day we have certain sounds among the most civilized nations that convey ideas of our minds. For instance, a laugh may indicate enjoyment, amusement or derision. A cry may be of pain, of astonishment, of prohibition, of assent or of supplication. A cough or any other sound, articulate or inarticulate, for the purpose of attracting the attention of another, is an act of language. Probably language began by inarticulate sounds and signs with primitive man; and in the instant that a sound or sign was first meant to convey an idea—in that instant speech began.

All existing speech is purely traditional. The same ideas among many different peoples are conveyed by many different sounds. Probably the first words were nouns—the names of things; then verbs—or actions; then adjectives, describing things; then the other parts of speech, as the mind developed.

Speech is of rapid growth. It advances with the advancement of man—morally, physically and intellectually. It is estimated that our English speech acquires thousands of new words a year, on the average. The New Universities Dictionary contains at least 40,000 words, which would indicate a period of at least two thousand years covered by its vocabulary.

It is a well-known fact that to increase one's vocabulary is to stimulate his power of thought. How important it is then to have some simple means for the acquisition of a general vocabulary is the easiest medium by which to increase word-knowledge. We have chosen The New Universities Dictionary for a general distribution to our readers, believing this to be the most useful as well as acceptable gift within our power. The coupon which we publish daily in this paper explains the terms by which everyone may possess this treasury of knowledge. See it at The World office, 40 West Richmond street, Toronto, and 40 South McNab street, Hamilton.

CITY HALL NOTES

The total revenue of the city hydro-electric department for the first three months of the year was \$442,571, as compared with \$397,917 in the same period for 1915.

Mayor Church says somebody has been stealing his thunder in his absence. He has been the best of investigation into the high cost of living for a year, he declares. Twelve months ago the city endeavored to have the federal authorities enforce the law referring to costs of the necessities of life.

Thursday, October 6th, has been decided as the day upon which the city's appeal for better express delivery facilities will be heard.

Charges Negligence Against Toronto and Asks Damages

Before Judge Denton in the non-jury county court yesterday, action was started by Mrs. Mary Sullivan against the City of Toronto for \$500 and costs for injuries sustained when she fell on College street, last March 22, owing, she claims, to the city's negligence in allowing snow and ice to accumulate. The city's defence is that it did not permit snow and ice to accumulate or remain on the street for an unreasonable length of time and had the plaintiff taken proper precautions she would not have been injured. The case is proceeding.

CITY MAY HAVE MUNICIPAL BAKERY

Controller Cameron Has Scheme to Provide Cheaper Bread in Toronto.

ASSISTANCE OFFERED

Plant, Financed by Other Capital, Could Be Operated by City.

If the committee investigating the high price of bread in Toronto comes to the conclusion that prices are exorbitant the citizens may be enabled to purchase bread at cost in spite of the fact that council has no power to establish a municipal bakery.

Yesterday Controller Cameron received the offer of the services of an expert bread maker who declared he would, if the council deemed it necessary, give his time to the city for nothing to establish a plant. Because the city has no power to run a bakery of its own, municipal financial assistance could not be forthcoming. But the controller, he knows where he can get capital. There would be nothing lost, he points out. The plant or planters could be run on his upstee and interest on investment.

The controller, in his investigations of the bread problem has become somewhat of an expert himself on bread. Not only the price but the quality of the bread at present distributed is a matter who declared he would, if the council deemed it necessary, give his time to the city for nothing to establish a plant. Because the city has no power to run a bakery of its own, municipal financial assistance could not be forthcoming. But the controller, he knows where he can get capital. There would be nothing lost, he points out. The plant or planters could be run on his upstee and interest on investment.

GOVERNMENT REQUESTS SUPPORT FOR RED CROSS

Calls Upon Mayors and Reeves to Organize for Big Campaign.

An "extra" to the Ontario Gazette yesterday published the government's proclamation regarding the Red Cross campaign for October 29. The organization of resources committee was busy thruout the day despatching copies of the extra to all parts of the province. On the grounds of the work done by the society, the government appeals for the worthy support of the people of the province, and instructs its officers to call public attention to the provisions of the Ontario Temperance Act to carry on the business of hotels, restaurants and public houses, and for restaurant business. The head office of the company is given as Toronto, and the capital stock \$40,000.

John Stewart Duggan, solicitor, Toronto, is gazetted a notary public, and John A. MacLean, Esquire, is confirmed in his position as magistrate for the City of Stratford.

The acceptance of the surrender of the Ontario Motor Vehicle License and Stone Limited, is announced.

Losses Action for Balance of Commission on Property Deal

H. P. Vance lost an action against H. T. Love yesterday before Judge Denton in the non-jury county court for \$800, interest and costs. The principal was the balance claimed as commission for the exchange of the premises at 100 Lippincott street. Love claimed that the deal was not completed at the time commission was agreed upon. Vance was acting as agent for the other party to the transaction without his knowledge. The action was dismissed with costs and the counter claim was dismissed without costs.

GUARD BABY'S HEALTH THIS SUMMER.

The summer months are the most dangerous for children. The complaints of colic, diarrhoea and dysentery, come on so quickly that often a little one is beyond aid before the mother realizes he is ill. The mother must be on her guard to prevent these troubles, or if they do come on suddenly, to cure them. No other medicine is of such aid to mothers during hot weather as a Baby's Own Tablets. They regulate the stomach and bowels and are absolutely safe. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WRIGLEY'S THE PERFECT GUM

Let every parcel or letter you send to a soldier friend contain a few bars of Wrigley's—the best little refreshment on the march or in camp.

Wrigley's found instant popularity with the boys at the front, as well as those in training.

It combines the merits of a delicious, long-lasting sweetmeat and a tonic bracer for nerves, appetite and digestion.

Soothing to smokers. Liked by all.

THIRTY DOLLARS A WEEK TO SATISFY DRUG CRAVE

Michael McNamara, Arrested Yesterday, Had Morphine in His Possession.

At the Woodbine race track yesterday afternoon, Michael McNamara, who gave his address as Buffalo, U. S., was arrested by Morality Officer Kerr, on a charge of having drugs in his possession. Search of his person revealed a quantity of cocaine, morphine and heroin, also three prescriptions, supposedly signed by Dr. Bell, veterinary surgeon, who, however, is not known in the city. McNamara told the police that he had been a victim of the drug for four years, and that he had first become addicted to its use while in a Detroit hospital, where it had been used to bring about his recovery from injury caused by a kick from a horse. It now costs him from \$20 to \$30 a week to satisfy his craving for the drug. On reaching Agnes Street Police Station, McNamara collapsed, and was rushed to a hospital. Morality Officer Kerr followed McNamara into three drug stores before arresting him.

A. R. CLUB GROWING

Constitution Has Been Drafted and Great Interest Shown by Members

A most enthusiastic meeting of the A. R. Club was held in their hall, at the corner of Euclid avenue and College street, on September 21st. There was a large increase in membership and great interest in the work is being shown both by old and new members. A constitution has already been drafted, and will be accessible at next Thursday's meeting. The guests of the evening were Capt. Joe Lawson and Sergt. Geddes, who, with their co-workers, Ptes. Greig and Markoff, were elected honorary members. Encouraging addresses on appropriate subjects were given by the visitors, who spoke highly of the aims and objects of this club, and thoroughly endorsed the work they are undertaking. It was unanimously decided that His Majesty King George be invited to become chief patron of this rapidly growing organization.

PILES CURED at HOME by New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality, if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box P. 565, Windsor, Ont.

BRUSILOFF KEEPS UP PERSISTENT PRESSURE

Germany Prevented From Concentrating Superior Forces at Any Point.

TEUTONS ON DEFENSIVE

Key Points of Kovel and Halicz Cause Them Great Concern.

LONDON, Sept. 22.—A Petrograd despatch to The Daily Chronicle, dated Sept. 20, follows: "For the present Brusiloff's armies are maintaining a steady pressure on all parts of the southwestern front, more particularly in the neighborhood of Halicz and in the difficult region of the wooded Carpathians on the border of Bukovina and Hungary. This insistent and broadly distributed pressure has the advantage of holding the Teutons and preventing them from concentrating superior forces at any point.

"The steady accumulation of the electricity of advance (the best method of preparing the next blow) forms a menacing thunder cloud, so to speak, from which, at the right moment, the lightning will suddenly strike.

Kovel and Halicz. "The Germans are most anxious for the key points of Kovel and Halicz, and they have succeeded in establishing analogous conditions of defence for both towns. At both Kovel and Halicz the Austrian troops have been largely displaced by Germans, and the Diester and its left bank tributary, the Narutivka, play in relation to the Halicz defensive, a role very similar to that which the Stok and Styr did in relation to Kovel.

"In both places the Russians are attacking from the northeast and the southwest, not simultaneously, nor alternatively, but while the Germans have concentrated their energies in determined efforts to hold these two positions, they are in the awkward plight of not knowing whether a breach at the Somme or other points of their far-extended front may not render all efforts nugatory and so force them to retire.

"Meanwhile the Russians are steadily progressing in the wooded Carpathians, where they are talking height after height. Southwest of Dorna Watra they are in touch with the right wing of the Rumanian forces, who are advancing into and in Transylvania."

STRETCHER BEARER FROM ST. THOMAS IS WOUNDED

Pte. Prouse Was Eighteenth Battalion Man—Pte. W. Hornby Also Hit.

Special to The Toronto World. ST. THOMAS, Ont., Sept. 22.—Mrs. Hornby of St. Thomas, received official word today that her son, Pte. Wm. Hornby has been severely wounded in the chest and had been admitted to Oakdale War Hospital, Glasgow, Scotland. Pte. Hornby enlisted with the 18th Battalion, and has been in the trenches since last February. Pte. Hornby's father and brother are both in active service at the front.

Pte. Arthur E. Prouse, also of this town, who went overseas with the 18th Battalion as stretcher bearer, is wounded. Pte. Prouse served three years with the Royal Engineers in England, prior to coming to Canada.

Pte. Orlo Pound, Aylmer, Ont., was killed in action at the front on Sept. 10. Pte. Pound was born in Aylmer 30 years ago, and was the son of John E. Pound, who is now residing in Edmonton, Alta.

Transport, Laden With Men, Sunk by a Sub., Says Berlin

BERLIN, Sept. 22.—A German submarine sank an enemy transport, completely filled with troops, in the Mediterranean on September 17. It was officially announced today. The transport sank within 4 seconds.

THE WEATHER

OBSERVATORY, Toronto, Sept. 22.—(6 p.m.)—The depression which was over Lake Huron last night now covers Lake Superior and the western part of Lake Huron, with its energy still diminishing. Showers and thunderstorms have occurred in many parts of Ontario and Quebec; elsewhere the weather has been fair. Minimum and maximum temperatures. Toronto, 40-54; Victoria, 42-49; Vancouver, 42-52; Kamloops, 44-58; Vancouver, 42-52; Battleford, 46-72; Prince Albert, 42-52; Calgary, 46-59; Medicine Hat, 44-72; Moosejaw, 24-73; Saskatoon, 29-71; Regina, 27-64; Winnipeg, 44-58; Port Arthur, 46-54; Harry Sound, 44-48; London, 44-70; Toronto, 48-72; Ottawa, 54-68; Montreal, 56-69; Quebec, 48-56; St. John, 48-66; Halifax, 44-72.

Probabilities.—Fresh showers and drizzle from the west to northwesterly winds; local showers at first, but partly fair and comparatively cool.

Superior.—Fresh northerly to westerly winds; fair, but with some scattered showers tonight and on Sunday.

Saskatchewan.—Partly fair with some local showers.

Alberta.—Partly fair and cool, but some local showers.

The honorary governors who will visit the Toronto General Hospital during the week commencing on Sept. 24th are Messrs. Robert S. Gourlay and R. Frank Wilson.

Warper, customs broker, 39 West Wellington st., corner Bay st.

Haldimand Publishers Agree To Raise Subscription Rates

Special to The Toronto World. CALEDONIA, Ont., Sept. 22.—A meeting of the publishers of the Haldimand County weekly newspapers was held here today to discuss the situation created by the sharp rise in price of labor and all materials used in publishing business. All the publishers were present except one, and approved unanimously of a resolution deciding to place the subscription price of their papers at \$1.50 per year dating from December 1st, for new subscribers and February 1st for renewals. The papers represented were The Hagersville News, Jarvis Record, Caledonia Gazette, Cayuga Advocate, Dunnville Gazette and Dunnville Chronicle.

RECRUITING VERY SLOW IN TORONTO AT PRESENT

Only Twenty-Seven Men Apply at the Depot and Twelve Attended.

For a Friday recruiting in Toronto yesterday was barely up to the average of the last five weeks. During the day 27 applications were made at the depot and of this number 12 were successful and the others were given "A, R." buttons. The 21st and 22nd Forestry Battalion which is now practically up to strength received 50 recruits, the Artillery two, the R. C. D's 2, the 16th one, and the A. S. C. one. The 48th Highlanders 400 strong held their weekly drill and parade thru the downtown streets last evening. The regiment indulges in company drill at the armories for one hour and the brass and pipe bands rendered music for the different exercises.

Members of the Western District L.O.L.

will meet at the residence of Wm. Bro. J. W. Bates, P.D.M., 124 Avenue Road, Saturday afternoon, Funeral Saturday, 2:30 p.m., to Park Lawn Cemetery. RICHARD BELL, W.M. G. E. DOLSON, Secretary.

FOR as long as the English tongue is spoken—

For as long as men revere women, and—

For as long as women play a noble part in the human things of life, the memory of the great sacrifice of

Nurse Edith Cavell

will endure.

Nurse Cavell made a sacrifice for love of country, of humanity, and of honor that touches a responsive chord in the hearts of civilized peoples all over the world.

To commemorate this sacrifice the Ladies' Board of the TORONTO WESTERN HOSPITAL will establish a NURSES' HOME, to be known as

The Edith Cavell Memorial Nurses' Home

What more fitting monument could you raise to the memory of this glorious woman? What greater incentive could you place before the nurses of today, for greater service in this the noblest profession open to women? To carry out the project, \$100,000 is needed.

Because of what Nurse Cavell suffered for you, and for all other citizens of the British Empire and the allies, everywhere, we ask you to contribute of your means for this cause. A campaign to raise this money will be held on Tuesday, Wednesday and Thursday of next week—September 26th, 27th and 28th. Either make your contributions to one of the collectors who will call upon you, or attach your cheque to the coupon below and address it as directed.

DR. AUGUSTA STOWE GULLEN, President. MRS. W. J. WILKINSON, Chairman Finance Committee, MRS. J. A. McELROY, Treasurer.

TREASURER, EDITH CAVELL MEMORIAL NURSES' HOME, WESTERN HOSPITAL, TORONTO.

Enclosed is my cheque for \$... which amount I am pleased to contribute to the Edith Cavell Memorial Nurses' Home, to be known as the Edith Cavell Memorial Nurses' Home.

ALLIES TO TIGHTEN GRIP ON SHIPPING

To Increase Stringent Measures Owing to Losses From Submarines.

LONDON, Sept. 22.—The continued depletion of the world's supply of tonnage as a result of the operations of the submarines of the central powers will be met by an increase in stringent measures by which the entente allies design to control shipping so as to ensure it being used to the best advantage of the allies and prevent it being indirectly aiding their opponents, according to a statement made to The Canadian Associated Press today by Lord Robert Cecil, minister of war trade.

WILL PINCH ENEMY

New Regulations Will Withhold Privileges From Unfriendly-Neutrals.

LONDON, Sept. 22.—The continued depletion of the world's supply of tonnage as a result of the operations of the submarines of the central powers will be met by an increase in stringent measures by which the entente allies design to control shipping so as to ensure it being used to the best advantage of the allies and prevent it being indirectly aiding their opponents, according to a statement made to The Canadian Associated Press today by Lord Robert Cecil, minister of war trade.

AUTUMN RACES OPEN TODAY AT WOODBINE

Rain Will Have Beneficial Effect on Track—Three Features.

The Ontario Jockey Club Autumn meeting opens this afternoon at Woodbine Park to run the usual seven days. There are seven races with two handicaps and a two-mile steeplechase. Last night's rain will have a beneficial effect on the track, which will likely be recorded as fast when the horses parade at 2.30 for the evening events. The different events are well filled and seven nicely balanced fields should go to the post.

The cross-country performers are the best and include such good leaders as Sun King, Garter, Tropicum, Collector, Harris of Oak, Indian Arrow and New Haven.

The following races close at the secretary's office, Woodbine Park, this morning at 11 o'clock: Roseberry Plate, \$5,400, maiden two-year-olds; Havoc Plate, three-year-olds and up, 1 mile and 70 yards; Ruyter's Steeplechase, for two-year-olds and up, two miles and up, 1-16 miles; all to be run on Monday; and for the Minors Handicap, 3-year-olds and up, 1-16 miles, to be run on Tuesday.

The following are the handicap weights for the Westminster Handicap, for fillies and mares, all ages, \$700 added, seven furlongs, to be run Monday, September 25th, 1916:

Arist (imp.).....	128	Divan.....	98
Eastern Lily.....	88	Graphic.....	88
Incor.....	110	Mariposa.....	102
Ornamental.....	110	Water Lady.....	102

Time 1.46 2-5. Hanovia, Money Maker and Capt. Reese also ran.

FIFTH RACE—Six furlongs:
1. Rapids, 101 (Murphy), \$9.10, \$3.70 and \$3.10.
2. Wanda Pitzer, 110 (Stearns), \$3.30, \$2.80, \$2.40.
3. Noddy, \$2 (Brown), \$17.10.
Time 1.13 4-5. Black Beauty, Busy Alice, Solius, Carrie Cross, Lady Powers, Col. Marchmont and Little Cove also ran.

SIXTH RACE—5 1/2 furlongs:
1. Felicidad, 112 (Lilly), \$10.80, \$3.70 and \$3.20.
2. Westy Hogan, 115 (Conolly), \$3.30 and \$2.80.
3. Phocion, 115 (Conolly), \$3.20.
Time 1.07 4-5. Diamond, Perseus, Opportunity, Knobknap, Rufus, Steepes also ran.

SEVENTH RACE—1 1/4 miles:
1. Surpassing, 102 (Hogg), \$1.80, \$4 and \$2.10.
2. Whitescrow, 107 (Goose), \$4.00, \$2.60, \$2.10.
3. Injury, 107 (Keders), \$2.40.
Time 1.54 4-5. F. A. Weigle, Fellowman, Bob's Olga, Margaret H. and Col. McNab also ran.

Ed Crump at Louisville Lands the Fairmont

LOUISVILLE, Ky., Sept. 22.—Following are the race results today:

FIRST RACE—Purse, three-year-olds and up, one mile and seventy yards:
1. Anthony's Lass, 104 (Callahan), \$10, \$7.50 and \$4.30.
2. Meditation, 104 (Connolly), \$4, \$4.50, \$3.80.
3. Capt. Marchmont, 108 (Keders), \$3.80.
Time 1.46 2-5. James Oakley, Southern League and Winnie O'Day also ran.

SECOND RACE—Selling, two-year-olds, 5/8 furlongs:
1. Rhyme, 113 (Murphy), \$5, \$3.20 and \$2.80.
2. Geo. C. Love, 111 (G. Garner), \$4.80 and \$2.
Time 1.08. Malin, James, Highland Lassie, Peachie, Clare, Our Netta, Snawr, Twinkle Toes and Bob Dundon also ran.

THIRD RACE—Purse, three-year-olds fillies, six furlongs:
1. Miss L., 111 (Goose), \$5, \$2.10, out.
2. Deliver, 108 (Murphy), \$2.20, out.
Time 1.13. Lucky, E. also ran.

FOURTH RACE—Fairmont Handicap, three-year-olds and up, one mile:
1. Ed Crump, 127 (Phillips), \$3.20, \$3 and \$2.40.
2. Patux Col, 104 (Keders), \$1, \$3.20, \$2.40.
3. Lady Bona, 112 (Goose), \$2.60.
Time 1.46 2-5. Hanovia, Money Maker and Capt. Reese also ran.

FIFTH RACE—Six furlongs:
1. Rapids, 101 (Murphy), \$9.10, \$3.70 and \$3.10.
2. Wanda Pitzer, 110 (Stearns), \$3.30, \$2.80, \$2.40.
3. Noddy, \$2 (Brown), \$17.10.
Time 1.13 4-5. Black Beauty, Busy Alice, Solius, Carrie Cross, Lady Powers, Col. Marchmont and Little Cove also ran.

SIXTH RACE—5 1/2 furlongs:
1. Felicidad, 112 (Lilly), \$10.80, \$3.70 and \$3.20.
2. Westy Hogan, 115 (Conolly), \$3.30 and \$2.80.
3. Phocion, 115 (Conolly), \$3.20.
Time 1.07 4-5. Diamond, Perseus, Opportunity, Knobknap, Rufus, Steepes also ran.

SEVENTH RACE—1 1/4 miles:
1. Surpassing, 102 (Hogg), \$1.80, \$4 and \$2.10.
2. Whitescrow, 107 (Goose), \$4.00, \$2.60, \$2.10.
3. Injury, 107 (Keders), \$2.40.
Time 1.54 4-5. F. A. Weigle, Fellowman, Bob's Olga, Margaret H. and Col. McNab also ran.

CAWTHORPE ON TRIAL

BRIBE-TAKING ALLEGED

Brunner and Others State That Cawthorpe Made Admissions.

REGINA, Sept. 22.—Charles H. Cawthorpe, M.L.A., for Biggar constituency, faced trial today in the supreme court on a charge of corruptly accepting a bribe in connection with the banish-the-bar bill before the legislature, in December, 1913. The charge, the crown stated, was based largely upon alleged admissions made by Cawthorpe to Frank Brunner, and other witnesses that he had received \$500 in two payments of \$250 each, from Clayton Peterson. To John Stefan, a Battledore hotelman, the crown said, Cawthorpe had stated, while paying his bill: "You hotelmen are easy. Here is some of your own money back."

The jury tonight reported a disagreement.

CANADIAN TRAINMEN TO TAKE STRIKE VOTE

Brotherhood Representatives Unable to Effect Desired Agreement.

WINNIPEG, Sept. 22.—The Free Press today says: Representatives of the Brotherhood of Railway Trainmen who have been negotiating with the railroad officials of the west, but have not been able to agree with them on a meeting, are returning to their homes. A vote will then be taken by the order on the advisability of a strike. Representatives were here all the way from Montreal to Vancouver. Their demands, broadly stated, require that Canadian roads be brought into line with conditions now obtaining in the United States.

PAYMENT OF SEAMEN ON OVERSEAS SERVICE

Regulations Regarding Enrolment of Volunteer Reservists Are Published.

By a Staff Reporter.

OTTAWA, Ont., Sept. 22.—Ottawa regulations regarding the enrolment of men in the Royal Naval Canadian Volunteer Reserve for overseas service were issued today. The pay is as follows: ordinary seamen and able seamen \$1.10 per day; leading seamen \$1.20; petty officers \$1.60; chief petty officers \$1.80. Men subsequently transferred to atker ratings 10 cents more than the seamen's ratings.

Wives and dependents of seamen will receive a separation allowance of \$2 per month, petty and chief petty officers \$25.

CARPETBALL

A most exciting game of carpetball was played in the Eastern Districts Carpetball League of the Sons of England in St. George's Hall last night. The St. George's Lodge, No. 27, defeated Eastbourne Lodge, No. 307, by the record score of 116 to 122. J. R. Sturton led the winning team while the losing one was captained by J. Burman. This places the St. George's Lodge at the head of the league.

STRAID

NEW W.P.R. COLLAR

This collar is dressy and snug-fitting. Smart new touches are supplied by slightly rounding the outer folds in front leaving plenty of space for the new cravat.

ALLIES EXTEND PICARDY GAINS

Both British and French Capture More Foe Positions.

(Continued from Page One.)

ter-attack was driven back last night by the French, made another attempt today to open an offensive on the Bapaume-Peronne road. But this was halted before it was fairly under way.

Hitherto the Germans in their counter-attacks in the Picardy battle have confined themselves to a single blow, or possibly two. They seemed content to yield some ground provided that the allies paid heavily for the territory they won.

But against the positions won by the French on the Bapaume-Peronne road, they have hurled counter-attacks on counter-attacks. No less than eight assaults have been launched in vain at these posts in the last three days.

This is evidence of the importance which the German attach to the National Highway. It tends to show that the French have broken thru a vital part of the German defenses. It is proof that unless the German counter blows succeed Combes and afterward Peronne must yield.

These advances were made after more strong counter-attacks had been beaten off. Preceded by intense artillery fire, large German forces tried to drive back the French, who had slipped past Combes and penetrated the fourth line of defenses along the Bapaume-Peronne road at Rancourt. But the sweep of the French stopped this assault before it was able to reach the old trenches.

Thus another effort to save Combes was frustrated. Hindenburg's men are fighting desperately to hold this town. Yet, despite their vigorous counter blows, which are costing them heavily, Combes gradually is being surrounded. The French gain today was the first breach in its defense.

The British advance today eliminated an awkward salient in the line of Bapaume. The capture of Courcellette, Martinpuich and Fiers carried the British lines to the top of the ridge guarding Bapaume. Their task was then simplified because they dominated the lower ground beyond.

But parts of these heights were still held by the Germans. Until these had been captured, it was impossible to move forward with safety. The famous pocketing process ensued, with

BRITISH STRENGTHEN GRIP.

Special Cable to The Toronto World. LONDON, Sept. 23.—In preparation for the opening of a new phase of the operations on the Somme in which it is expected that the future advances will be made on a more rapid scale, the allies did some useful work in putting themselves in position for the launching of powerful attacks today.

The British army, restless under the enforced idleness of the past few rainy days, found some scope for its energy in extending its hold on German territory by the capture of two lines of trenches, each about a mile in extent, and both stretched across the road from Pozieres to Bapaume with their flanks resting on Fiers and Martinpuich. These were speedily won with great dash, and the subsequent fighting today took the form of pushing out British detachments in various directions under the cover of a heavy artillery exchange.

French Repulse Attacks. Before dawn the French had to beat off another of those reckless series of attacks that the Germans so often attempt. The foe came on in waves against the hastily constructed trenches of the French between Priez farm and Rancourt, on the Peronne-Bapaume-Bethune highway and the French gunners with great precision at the word of command threw out a curtain of fire before their lines from their rapid-firing 75's. The German infantry was immersed in the storm of bursting shrapnel, it tried to pass thru the fire-swept zone, but after a brief trial of this perilous route, the Germans broke and fled back to the trenches whence they came.

Make Further Gains. Following up this successful defence the agile French infantry slipped in between the German trenches east of Combes and the town itself and captured a strongly fortified house. It took 100 prisoners in this fighting. Further east, in the vicinity of this town some trenches of the enemy were also captured, together with 40 prisoners.

The French war office announced this evening that the allies had taken 58,800 prisoners between July 1 and Sept. 15 in the fighting on the Somme. Of these 44,000 fell into French hands and 24,750 fell into British hands.

The British official communication, issued shortly before midnight, says: "There was a heavy artillery duel by both sides and isolated actions, in the course of which we improved our positions and pushed forward detachments in several directions."

"There was great aerial activity on Thursday. In the course of the fighting two enemy machines were destroyed and another was forced to land in a damaged condition."

"During the night we advanced on a front of about a mile, the British afternoon statement says, capturing two lines of hostile trenches approximately between Fiers and Martinpuich."

"Our front now runs approximately on a direct line north of Fiers and Martinpuich. The enemy's trenches were success-

WANTS VENGEANCE FOR MAORI DEAD. Native Member of New Zealand Parliament Supports Vigorous War. TO FIGHT FOR VICTORY. Aborigines Possess Inflexible Determination to Support White Men.

WELLINGTON, N. Z., Sept. 22.—A striking speech was made at the closing session of the house of representatives of the Dominion Parliament by Dr. D. Pomare, a member of the cabinet and a Maori—one of the aborigines of New Zealand. A resolution was before the house expressing parliament's "inflexible determination to continue the war to a successful issue," when Dr. Pomare rose and said: "Today Aegaeon breezes stir the grasses over the graves of mine and yours and whenever a Maori hears the boom of the guns, whenever he hears the boom of wind, whenever he hears the boom of the sea, (revenge) has got to be brought about for the dead. For that reason, the Maori's determination to end the war victoriously is just as inflexible as that of the 'pakeha' (white man). One result of the war will be the cohesion of the empire and the understanding between the different races under the British flag. The spirit of Revi and other big fighters lives in the Maori today, and he cries in the words of the Maori 'akei akei' (forever and forever)."

In calling for vengeance for the Maori dead, Dr. Pomare had particular reference to the handful of soldiers of his race, who with a few white New Zealanders reached after desperate fighting and held for a few minutes during the 'Suvla' Bay operations, a position from which they could see the central Dardanelles. This, it is said, was the utmost point reached by any of the allied troops in the Gallipoli campaign.

TO CONTINUE EXHIBIT OF WAR MUNITIONS

Want to Acquaint Canadian Public With Importance of Canadian Manufactures.

Altho much appears in dispatches about shells of various kinds used in the great European war, it is probably that few in this country are familiar with the different types of them and the details of their construction. The exhibit of war munitions, complete and up-to-date, at the General Electric Co. Limited, and Canadian Allis-Chalmers, Limited, and shown at the Canadian National Exhibition attracted so much attention that these companies have decided to continue it for a time at their general office building, corner of King and Simcoe streets.

Shrapnel and high explosive shells of many kinds for both army and navy, complete and up-to-date, and other munitions are shown complete and also in course of manufacture. The processes of manufacture are shown complete and up-to-date, and by beautiful photographic transparencies which not only give vivid ideas of the operations, but are also very fine examples of the photographer's art. These companies make a greater variety of munitions than any other in the world, and they offer every opportunity to present a most interesting and instructive display. The exhibition will be open to the public daily from 10 a.m. to 4 p.m. except on Saturday when it will close at 1 p.m.

Aged Woman Hit by Trolley Car, in Serious Condition

About 4:30 yesterday afternoon an elderly woman was struck by trolley car No. 884, driven by E. Heintzman, 182 Jarvis avenue, while crossing Sherbourne street. She was picked up and taken into Dr. Frazer's office, 414 Sherbourne street, and was afterwards removed to the General Hospital in the police ambulance. She sustained serious injuries to the head and is still unconscious.

BARN AND CROPS BURNED.

Special to The Toronto World. BELLEVILLE, Ont., Sept. 22.—A large barn belonging to Edward Welch of Huntingdon Township was yesterday destroyed by fire with the loss of about \$2,500 worth of crops. The loss is about \$2,500 with only a small insurance. The fire is supposed to have ignited by a spark from the chimney of the house.

CANADIANS TAKE MANY PRISONERS

Twelve Hundred Gathered in From Courcellette and Roundabout.

FIGHT IN CEMETERY

Remnants of Garrison Make Last Stand in Midst of Graves.

Canadian Associated Press Cable.

LONDON, Sept. 22.—Percival Phillips, writing to The Daily Express from headquarters, says there was nothing spectacular about the fighting before Courcellette so far as the Canadians were concerned. It was just plain straightforward work, ably assisted by British guns. Bavarians hung on to the crumbling third line between Courcellette and Roundabout, but they knew the outcome. Canadians gathered in about twelve hundred prisoners all told from Courcellette and Roundabout, but they put up a good fight doubtless in the usual mistaken belief he would be killed anyway.

The morning and afternoon of Friday were wholly devoted to the exhilarating work of cleaning up the ground before the village. A French-Canadian battalion which swept thru the village from the eastern side in a brilliant bayonet attack, gradually drove the enemy thru the cemetery fragments of the garrison made a last stand. Crowded dugouts were successfully bombed and even gaping graves yielded little groups of fugitives.

INHUMAN TREATMENT OF RUSSIAN CAPTIVES

Barbarities of Most Ruthless Kind Have Been Fully Established.

LONDON, Sept. 22.—The Daily Mail says this morning: Sworn evidence of cruelties practised by German officers, soldiers and prison guards upon Russian prisoners is contained in the latest report of a Russian commission of enquiry, now issued in English, with photographs. Torture by drawing of nails, cutting off of tongues, and tearing off ears, has been inflicted upon the Russians unwilling to betray their comrades. Men have been buried alive in revenge, or for sheer amusement of the captors. "In the camp at Duna-Szerdahely, Austria-Hungary, Russians were punished by being screwed up in a coffin. This has been sworn to by many prisoners, and by a Russian sister of mercy. Some were shot because they were weak to work. "Tied to a post, with their toes barely touching the ground, and beaten with whips, many found death more merciful than their captors. "Kept in Kennel. "For two weeks, Pto. Paul Kreshienko, relates a Georgian prisoner, was compelled to live in a dog kennel, in which he could neither sit nor lie down. Each time the guard was changed he was dragged out by the chain, struck, and driven back again. His crime was that he attempted to escape. "The commission states that Austrian officers appeared before it and swore to some of the cruelties inflicted by their allies not far from Yaroslav. Inhabitants of that village told one witness that the Germans drew half a dozen Russian prisoners into a cart and set it on fire. When the prisoners tried to get out, they were thrust back by German bayonets."

THE BLESSING OF A HEALTHY BODY

Has Not Had an Hour's Sickness Since Taking "Fruit-a-tives."

MR. MARRIOTT.

73 Lees Ave., Ottawa, Ont. August 8th, 1918. "I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago I began to feel rundown and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-tives' I thought I would try them. The result was surprising. During the 3 1/2 years past I have taken them regularly, and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives,' and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear, thinking brain."

WALTER J. MARRIOTT. 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid on receipt of price by 'Fruit-a-tives, Limited, Ottawa.

RUSSIANS MAKE GAINS IN CARPATHIAN FIGHT

Germans Acknowledge Loss of Another Mountain Summit Before Slav Attacks.

PETROGRAD KEEPS MUM

Kaiser Arrives at Kovel Front Where Hindenburg May Launch Another Offensive.

Special Cable to The Toronto World.

LONDON, Sept. 22.—The Russian war office reported today that no developments of importance have occurred since yesterday on the western and Caucasian fronts. A wireless despatch from Rome says that the Russians are again advancing in the Carpathians and in Galicia. Berlin admitted today that the Germans had lost the summit of Smolice, in the Carpathians, after several days of fighting. A Copenhagen despatch says that the Kaiser has arrived at the Kovel front in the course of his periodical fittings from one region to another. It is believed in Germany that Von Hindenburg is about to inaugurate another offensive against the Russians.

SERBS ADVANCE ON BRODA RIVER

They Have Reached Urban Region to North of Florina.

WARSHIPS IN ACTION

British Cruisers Shell Bulgarian Positions in Vicinity of Nechori.

LONDON, Sept. 22.—A statement issued by the French war office today says that Serbian troops, advancing along the Broda River, have reached the neighborhood of Urban (Verbas) north of Florina, where 100 prisoners were taken.

Today's official statement follows: "Along the Struma front and in the region of Dolran Lake there has been the customary artillery fighting. Between the River Vardar and the River Cerna, a violent Bulgarian attack upon Zhorasky was subjected to a sanguinary check. "In the region of the Broda River Serbian troops, continuing their forward march, penetrated as far as the immediate vicinity of Urban (Verbas). About 100 prisoners were captured by the Serbians. "To the north of Florina an attack of the enemy was broken by the fire of the French infantry. Our troops cleaned up all the ground to the northwest of Arensko, and made progress following some severe fighting upon the heights which dominate the road from Florina to Popill (west of Florina towards Lake Ventok). "Foggy weather interfered with the operations along the entire front."

British Warships Take Part. Bulgarian positions in the vicinity of Nechori, on the east bank of the Struma, near its mouth, northeast of Saloniki, the war office announced today. The statement follows: "On our Struma front ships of the royal navy shelled the enemy in the neighborhood of Nechori with satisfactory results. "On the Doiran front, there has been increased artillery activity on both sides. "No Change, Says Sofia. "No change in the general Macedonian situation is reported in an official statement issued at Sofia as follows: "Macedonian front, Wednesday: There is no change in the situation. Our troops at Florina and Kaimakchalan Height passed the day in relative quiet. A Russian attack on Hill 1279, north of the Village of Armenik, failed. Hostile battalions were repulsed in disorder in the Moglenia Valley. On both sides, however, the war was weak artillery fire. In the Struma Valley and along the Aegean coast quiet prevailed."

ITALIANS MAKE PROGRESS UPON TRENTO FRONT

Persistent Bad Weather Interferes With Activity of Troops.

ROME, Sept. 22.—Italian troops have made further progress on the Trentino front, the war office announced today. "Persistent bad weather again interfered with the activity of the troops yesterday throughout the whole theatre of operations," the statement says. "Nevertheless, some progress is reported in connection with our persistent advance at the head of Vanoi Ciamon valley and toward the summit of Monte Sili, in the upper Cordevole. On the Julian front there were limited artillery actions. "Hostile batteries shelled Gorizia without doing any harm."

Dr. E. Sauer says: "Take Nuxated Iron" If you want plenty of 'stay there' Strength and Endurance and Health and muscles like mine.

A hitherto untold Secret of his Great Victories over Jack Johnson and Frank Moran. Ordinary Nuxated Iron will often increase the strength and endurance of the delicate nervous folks 200 per cent. in two weeks' time.

SPECIAL NOTE—Dr. E. Sauer, a well-known physician who has studied widely in both this country and Europe, has been specially employed to make thorough investigation into the real secret of the great strength, power and endurance of Jess Willard, and the marvelous value of nuxated iron as a strength-builder.

NEW YORK.—Upon being interviewed at his apartment in the Colonial Hotel, Mr. Willard said: "Yes, I have a chemist with me to study the value of different foods and products as to their power to produce great strength and endurance, both of which are so necessary in the prize ring. On his recommendation I have often taken nuxated iron and I have particularly advocated the free use of iron by all those who wish to obtain great physical and mental power. Without this, in fact, a man should never have been able to whip Jack Johnson so completely and easily as I did and while training for my fight with Frank Moran, I regularly took nuxated iron, and I am certain that it was a most important factor in my winning the fight so easily. "Continuing, Dr. Sauer said: "Mr. Willard's case is only one of hundreds which I could cite from my own personal experience, which proves conclusively the astonishing power of nuxated iron to restore strength and vitality even in most complicated chronic conditions."

Not long ago a man came to me who was nearly blind, and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man—in fact, a young man he really was, notwithstanding his age. The secret he said filled him with renewed life. At 30 he was in bed, and he said he was nearly all in. Now at 56 a miracle of vitality and his face beaming with the buoyancy of youth. As a result of his taking nuxated iron he has said a hundred times over, iron is the greatest of all strength-builders. If people would throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved who die every year from pleurisy, pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real cause of disease which started their disease was nothing more or less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change from living tissue. Without it, no matter how much

JESS WILLARD AT HOME. Among all the prominent figures of the prize ring, probably none is so devoted to family life as Jess Willard, who hurries to his wife and children and remains of his side until public demand forces him to leave for new encounters. Everything is done to bring up the "little Willards" with strong healthy bodies. Mr. Willard accounts for his own success by saying: "I consider that plenty of iron in my blood is the secret of my great strength, power and endurance."

or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly, looking just like a plant trying to grow in soil deficient in iron. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were taking all the while, double their strength and endurance entirely away from it. I have seen many who were rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old form of reduced iron, iron acetate or iron sulfate, which cost you a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron. If you want it to do you any good, otherwise it does not at least double your strength and endurance in ten days' time, it is dispensed in this way by Tamayo, Limited, and all other druggists.

endurance and filled his blood with iron before he went into the fray, while many another has gone to inglorious defeat simply for the lack of iron.—E. Sauer, M.D. NOTE.—Nuxated Iron, recommended above by Dr. Sauer, is not a patent medicine, but a natural product, which is well-known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, makes them black, nor upset the stomach, and in nearly all forms of indigestion, as well as for biliousness, it is a most potent remedy. The manufacturers have such great confidence in Nuxated Iron that they offer a refund of \$10.00 to any charitable institution if they cannot take any man as woman under 40 who lacks iron and increase their strength 200 per cent. or over in four weeks' time, provided they use not at least double your strength and endurance in ten days' time. It is dispensed in this way by Tamayo, Limited, and all other druggists.

Want to Acquaint Canadian Public With Importance of Canadian Manufactures.

Altho much appears in dispatches about shells of various kinds used in the great European war, it is probably that few in this country are familiar with the different types of them and the details of their construction. The exhibit of war munitions, complete and up-to-date, at the General Electric Co. Limited, and Canadian Allis-Chalmers, Limited, and shown at the Canadian National Exhibition attracted so much attention that these companies have decided to continue it for a time at their general office building, corner of King and Simcoe streets.

Aged Woman Hit by Trolley Car, in Serious Condition

About 4:30 yesterday afternoon an elderly woman was struck by trolley car No. 884, driven by E. Heintzman, 182 Jarvis avenue, while crossing Sherbourne street. She was picked up and taken into Dr. Frazer's office, 414 Sherbourne street, and was afterwards removed to the General Hospital in the police ambulance. She sustained serious injuries to the head and is still unconscious.

BARN AND CROPS BURNED.

Special to The Toronto World. BELLEVILLE, Ont., Sept. 22.—A large barn belonging to Edward Welch of Huntingdon Township was yesterday destroyed by fire with the loss of about \$2,500 worth of crops. The loss is about \$2,500 with only a small insurance. The fire is supposed to have ignited by a spark from the chimney of the house.

YORK COUNTY AND SUBURBS

WESTON ATTENDANCE AT WESTON FAIR BREAKS RECORD Children's Day Best in History of Town—George Syme Pupils Prominent.

All records in point of attendance were broken yesterday, school children's day being in all respects the best ever known in the town. By actual count 1240 pupils were in the procession, which paraded the principal streets. More than 500 pupils from outside schools were in the parade, and altogether about 1800 children took part in the day's proceedings.

WEST TORONTO Popular Young West Toronto Officer is Killed in Action

In the casualty lists today, under the heading "Killed in Action," is the name of Lieutenant William Henry Willard, eldest son of Mr. and Mrs. Jas. C. Willard, 128 Evelyn avenue, who was officially reported killed on September 15, the late Lieutenant Willard was admitted to No. 14 General Hospital, Boulogne, July 24, suffering from shrapnel wounds in the face and eye. Prior to being fatally wounded he had only been in the trenches a month after recovering from his first wounds. He was 21 years of age, and left for Niagara immediately upon his graduation from Toronto University with the degree B.A. He was drafted to England from the 83rd Battalion last September, and entered the trenches for the first time on Dominion Day. His brother, Private James Harold Willard, is in the Army Medical Corps, stationed at Westcliffe Canadian Hospital. Another brother, Private A. V. Willard, is at present with the 22nd Battalion.

MARKHAM THRESHER TURNS DOWN THE OFFER OF COUNCIL

No settlement has yet been arrived at between William Goodyear, the Markham thresher, whose traction engine, No. 10, was destroyed by fire on the 15th inst., and the members of the Markham Council relative to the amount of damage sustained. Goodyear yesterday stated that the offer made by the council to repair the engine at a local shop, compensating him for loss of time, and not satisfactory, and would not be accepted. Had the township authorities consented to repair the machine to Sarnia and secure the guarantee of the company at that point where it was manufactured. Yesterday a new engine was delivered to Goodyear from the township. Goodyear refused to remove his old one from the place where the accident happened. Experts acting for the township yesterday tested the machine, and much depended on their report whether the municipality is involved in a lawsuit or not. The cost of a new tractor of the type of the one said to be destroyed is \$2250.

Hopes Women Will Adopt This Habit As Well as Men

Glass of Hot Water Each Morning Helps us Look and Feel Clean, Sweet, Fresh. Happy, bright, alert—vigorous and vivacious—a good clear skin, a natural, ruddy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place. Instead of thousands of sickly, anaemic-looking men, women and girls with greasy or muddy complexions; instead of the multitudes of "nervy wrecks," "run-downs," "brain fizzes" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere. An inside bath is had by drinking each morning before breakfast a glass of real hot water with a teaspoonful of limestone phosphate into the stomach. Those subject to sick headaches, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the liver filters thirty feet of bowels a day.

AURORA ROYAL WELCOME GIVEN FUSILIERS IN AURORA Reception Held in Athletic Ground—Unit Receives Colors Today.

The 26th Irish-Canadian Battalion, 500 strong, left Oct. 1, Toronto, on command, were accorded a royal welcome when they alighted from the special G. train at Aurora, yesterday afternoon preparatory to a three days' visit to town and the surrounding district. A magnificent stand of colors, the gift of the citizens on Saturday afternoon by Major-General Sir John A. Macdonald, was presented to the town council and the Aurora men together with hundreds of citizens were at the station to welcome the soldiers, and later a reception was held on the athletic ground. Luncheon was served by the women of the town, and every provision was made for the comfort of the officers and men. The band of the officers and men of the Fusiliers were quartered at the homes of friends. This afternoon General Logan and 15 of the officers of the battalion arrived and were received by the 26th. The presentation of the colors was a very colorful and an immense throng of people is looked for. The 26th will remain in Aurora until Sunday evening, when they will depart on a special en route to Niagara.

EARLSCOURT ASK DOMINION BOARD TO POSTPONE HEARING

Express Companies Send Application to Railway Commission. One of the officers of the Citizens' Express and Freight Campaign committee, speaking before the Dominion Railway Board yesterday, asked the board to postpone the hearing on the application of the express companies, until after the hearing of the railway commission. The speaker stated that the express companies had filed a request for a special rate of ten cents per ton for the transportation of express goods, and that the board had agreed to hear the case of the express companies, but that the railway commission had also agreed to hear the case of the express companies, and that the board should postpone the hearing until after the hearing of the railway commission. The speaker stated that the express companies had filed a request for a special rate of ten cents per ton for the transportation of express goods, and that the board had agreed to hear the case of the express companies, but that the railway commission had also agreed to hear the case of the express companies, and that the board should postpone the hearing until after the hearing of the railway commission.

SLAYER OF CONSTABLE GOES DOWN FOR LIFE

MONTREAL, Sept. 22.—Alphonse Ponceau, convicted of manslaughter in connection with the killing of Constable Honore Bourdon in March, 1914, was today sentenced to St. Vincent Penitentiary for life. Alphonse Ponceau was sentenced to the penitentiary for 25 years. Joseph Cardin and Alphonse Charbonneau, youths, who killed Romeo Binette in a vacant house were sentenced to the penitentiary for eight and five years respectively.

FOUR WOODSTOCK MEN ARE REPORTED WOUNDED

WOODSTOCK, Ont., Sept. 22.—Four more local casualties were reported today. Capt. Guy Sawtell, who went across with the 71st Battalion, is reported admitted to a hospital suffering from a gunshot wound in the right knee. He was only recently married in London, Eng., to a Beachville girl. Lieut. Reg P. Cattell, who left here last March with the 71st Battalion, is also reported wounded. No particulars were received. Before enlisting he was connected with the Bell Telephone Company here. Sergeant Major Worrell, who left here for the last contingent, is reported as wounded. He has been in the trenches nearly two years. Alfred Hudson received word tonight that his son, Sergt. Alfred Hudson, had been admitted to a hospital suffering from a gunshot wound in the shoulder. His condition is considered serious.

PORT STANLEY RAILWAY MAKES FINE SHOWING

Sir Adam Beck Says Earnings Are Far Ahead of Estimate. LONDON, Ont., Sept. 22.—At a meeting held here today by the Port Stanley Railway, Sir Adam Beck announced to that body that the surplus of the London and Port Stanley Railway for the first year of operation, ending June 30, 1916, would exceed the amount anticipated and made public by fifty per cent. The surplus, in fact, reaching a total of \$110,000. He added that the surplus for the present year would more than double the net earnings of last year. Major Stewart, as a member of the railway council, was urged to hurry along the audit.

BIG INCREASE IN NICKEL PRODUCTION

Ore Mined in Last Six Months Valued at Over Ten Million Dollars.

SILVER ADVANCES

With Single Exception of Iron Ore, All Metals Show Increase.

Table showing production and value of various metals (Copper, Nickel, Silver, Gold, Lead, Zinc, Tin, Iron, Pig Iron) for 1915 and 1916. Values are in millions of dollars.

The production for the six months ending June 30th, 1916, shows a material increase in the value of all metals over that for the first six months of 1915, with the single exception of iron ore.

Since the beginning of 1916 the price of silver has advanced considerably, the value of the metal being now 77 1/2 cents per ounce, as against 71 1/2 cents per ounce at the beginning of the year. The value of silver has been stimulated, and the value has increased by 10 per cent. The value of silver has been stimulated, and the value has increased by 10 per cent.

The outbreak of war has the European market for nickel-copper deposits of Sudbury, there has been a revival of the high price of nickel, partly due to the demand for nickel in the manufacture of high-speed tool steels, and partly due to the demand for nickel in the manufacture of high-speed tool steels.

The only shipments of iron ore were from the Magnet Mine, operated by the Algoma Steel Corporation of Sault Ste. Marie, Ontario. The Magnet Mine shows a decrease as compared with the same period in 1915, that of pig-iron shows a material increase, both in tonnage and value.

PLAYS, PICTURES AND MUSIC

"ALONG CAME RUTH" AT THE ALEXANDRA

The delightful comedy "Along Came Ruth" by Holman Day will be the attraction at the Alexandra Theatre next week. "Along Came Ruth" is an adaptation from the French of Fanson and Wheeler and was originally produced at the Gaiety Theatre, New York, where it enjoyed a very prosperous engagement. Previous to its New York Premier it ran for over two years in Paris, France. It tells a very charming story and has to do with a beautiful young girl, Ruth, who visits the town of Oldport, Maine, with the intention of "waking it up." How she accomplishes her mission is ably told by a company of clever artists.

"IT PAYS TO ADVERTISE" AT THE GRAND

It has been said that "It Pays to Advertise" coming to the Grand Theatre next week, has all the dexterity of a game in that it keeps audiences laughing and guessing even when the fun is at the fastest. It is all based on the plot of a wealthy soap manufacturer to get his son interested in business. In conspiracy with his stenographer, the plot is successfully played out. Critics have said that not in years has there been a farce so skillfully constructed and so admirably played as "It Pays to Advertise." The fun starts at the very beginning of the act, and from that time until the final act after the last laugh is just one heavy laugh after another.

HIPODROME

The distinguished character actor, Frank Keenan, of the famous Triangle Company, will headline the bill at the Hippodrome next week in the five-part photo-drama, "The Coward." Hyman Adler, supported by a capable cast, will be featured in the comedy play, "Solomon's Bargain." Hunter's Statue Dogs are cleverly trained canines, who hold different poses as if they had been carved from marble. The "dainty little singing comedienne, Dorothy Mathers, returns to the Hippodrome with a host of new, tuneful songs, while Thoms and Harp present a very bright comedy sketch with clever lyrics and a laugh-provoking material. The Sheldon's are smart entertainers with a pleasing variety offering, while Ray and Harper present a very bright comedy sketch with clever lyrics and a laugh-provoking material.

NATIONAL CHORUS SEASON

Thursday evening marked the inauguration of the fourteenth season of the National Chorus, when the members assembled at the Conservatory Music Hall and were given an outline of the program to be followed for the season's work.

YVETTE GUILBERT COMING

Yvette Guilbert will give a recital at the Hotel Cecil on Friday evening Oct. 13. She renders the songs of France old and new in costumes.

LOEW'S THEATRE

"The Suffragette Girls," a musical comedy along entirely new lines, is the one really refreshing burlesque of the current season. The "Great Star and Garter" show will be seen in their famous all-new combination program embracing musical comedy, present-day burlesque, highest grade vaudeville, head-line acts (incidentally introduced), and a new dance which Willie Collins and the Misses Freeman will introduce. There are more new offerings, which will be found centered in a dozen other shows of a similar nature as it bears the indelible O. K. mark of Broadway calibre, the great and special feature, "The Great Deluge" will be another real sensation.

AT THE STAR

"Hello Paris" at the Star Theatre next week, shows many signs of the creative ability and designing of Mr. Clark as the producer. For the opening act he has built up a splendid troupe. The second part shows a trip to Paris and the third part shows a trip to the king's palace and there is a wardrobe of gorgeous costumes, allowing for more than a dozen changes by the maid of the chorus. An extra feature for the local engagement will be the illuminated runway, extending far out into the orchestra circle.

"SELF-DEFENCE" AT STRAND

For the entirety of next week the Strand Theatre have arranged to present the massive and spectacular production of "Self-Defence." This is a picture which now causes your mind to follow most everything you eat. You will find that provided you take a little burisated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow, and, moreover, the continued use of the burisated magnesia cannot injure the stomach in any way, so long as there are any symptoms of acid indigestion.

To-morrow May Be Our Last "Summery" Sunday

Doesn't that thought suggest a Trip Across the Lake? By all means—come. The invigorating lake breeze of September really makes the trip even more delightful than in July and August. The boats are still giving a full Sunday service, leaving at 8.15 a.m., 11 a.m., 2 p.m. and 5.15 p.m. The outing means a lot to you—in health and in mental refreshment. And it may be the last one of its kind this year.

NIAGARA HAMILTON CANADA STEAMSHIP LINES, LIMITED. SATURDAY SERVICE: 7.30 a.m., 11 a.m., 2 p.m., 5.15 p.m. SUNDAY SERVICE: 8.15 a.m., 11 a.m., 2 p.m., 5.15 p.m.

GET IN LINE NEWMARKET FAIR

SEPT. 27-28-29. Many special attractions, including evening in the horse ring. \$2500.00 race and 215 trot, pure bred. A three-minute race, pure bred. For price of tickets apply to the Secretary, Wm. Keith, Newmarket, Ont.

MARY PICKFORD IN NEW ROLE

Mary Pickford planting tulips in a wooden shoe and presenting them to her lover. Never has the big little star appeared in a more happy role than in the new picture, "The Girl from Holland," in which she appears at the Madison Theatre for three nights only commencing on Monday evening. Miss Pickford's phenomenon popularity, which is based on many qualities, is most plainly manifested in her ability to win anybody's sympathy. Never has Miss Pickford been so more sympathetic role than that of Hulda, for the little Dutch girl is thoroughly self-reliant and gives every evidence of being able to take care of herself; she is always the appealing little girl from first to last.

RAILS DUTY LIFTED TO AID RAILWAYS

Canadian Industries Unable to Meet Demands Owing to War Orders. URGENT REQUIREMENTS OF TRANSPORTATION COMPANIES ARE TO BE MET.

Try Magnesia For Stomach Trouble

It Neutralizes Stomach Acidity, Prevents Food Fermentation. Doubtless, if you are a sufferer from indigestion, you have already tried peppermint, bismuth, soda, charcoal, drugs and the pure burisated magnesia, which you can obtain from practically any drug store in your town. But before giving up hope and deciding you are a chronic dyspeptic, just try the effect of a little magnesia—not the ordinary carbonate, citrate, oxide or milk, but the pure burisated magnesia, which you can obtain from practically any drug store in your town. But before giving up hope and deciding you are a chronic dyspeptic, just try the effect of a little magnesia—not the ordinary carbonate, citrate, oxide or milk, but the pure burisated magnesia, which you can obtain from practically any drug store in your town.

WAR LOAN

DOMINION OF CANADA

Issue of \$100,000,000 5% Bonds Maturing 1st October, 1931.

ISSUE PRICE 97 1/2. A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st APRIL, 1917.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97 1/2, payable as follows:

10 per cent on application; 30 " " 16th October, 1916; 30 " " 15th November, 1916; 27 1/2 " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars. In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and the money endorsed thereon by the bank receiving the payment, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as

to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915.

No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

DEPARTMENT OF FINANCE, OTTAWA, September 12th, 1916.

NEW YORK, Sept. 22.—The record of today's session on the stock exchange promises to form a part of the important history of that institution. Trading assumed the huge proportions of 1,525,000 shares, making the fourteenth consecutive five hour day in which operations have exceeded 1,000,000 shares.

Almost from the outset the movement was led by U. S. Steel, which scored a gross or extreme gain of 13-4 points to the unprecedented price of 114 5/8. Steel's contribution to the day amounted to about 20 per cent of the whole.

New maximums were made by other market leaders, including Anaconda Copper at 96 7/8, Utah Copper at 92, Central Leather at 64 3/4, conspicuous issues to break into new ground, at 69 3/4. It was also Stutz Motor, a newcomer on the board, which touched 76.

Trading differed from that of the two days immediately preceding, in that little irregularity was perceptible at any time. The movement was one of almost steady advances, until, after which helped to buttress the market of the forenoon, sold off quite generally at the close. Prior to that time New York Central Reading and Canadian Pacific had shown a gain of 2 points each with a point or more for Union Pacific, St. Paul, Coalters and some of the minor roads.

Equipments, shipping shares, agraria, petroleum, with Texas Co. up 1/2 point. Unclassified shares of the enormous number of different issues of the month obscure variety augmented the number of different issues dealt in, these exceeding any season of the past three weeks. Realizing sales and short selling were almost continuous,

Comparative statement of earnings for August of the Porto Rico Ry. are as follows: August: Gross—\$105,850.01; Net—\$60,528.85; Increase—\$1,516.61; per cent. of increase, 2.55. Net—\$191,451.48; August: Gross—\$191,451.48; Net—\$124,915.30; Increase—\$66,536.18; per cent. of increase, 53.26.

For eight months: Gross—\$1,049,874.22; Net—\$653,025.17; Increase—\$68,150.93; per cent. of increase, 12.63. Net—\$2,409,915.30; Increase—\$281,446.78; per cent. of increase, 12.92.

Referring to the above statement of the month's receipts were considerably reduced and operating expenses were largely increased from damage caused by a great storm that swept over the entire island on 22nd August.

Prospectors Rush Into Skead Township. By Special Correspondent. SKEAD, N. B., Sept. 22.—A rush into Skead, Hants, and other townships between Boston Creek and Larder Lake districts is developing fast.

Trading under the name of the Devillere-LaPalme properties in Lot 10, Concession 6, Skead. These prospectors, relics of the Larder Lake rush, are under the direction of an American. A diamond drill while cutting a wide belt of quartz-porphry, which carried a gold content, ran for 14 inches of quartz in which great gold was liberally distributed.

A little tree gold was found in quartz stringers on surface, but the result of the drilling took the prospectors by surprise, and within a few hours men were heading for the bush and from Boston Creek thru the bush and from Englehart over a good road.

The way in from Englehart is long, but comparatively easy. It is 16 miles, but can be driven almost up to the recently staked country. The bush route from Boston Creek is thru the Catharine Township, which adjoins Skead on the west. What trails exist are very poor and are chiefly along the township and concession lines, which were cut out a score of years ago and hardly recognizable.

It is noteworthy that this country was gone over carefully by prospectors during the Larder Lake rush and the claims were held for speculation and little real mining work done. These have been falling open steadily, so that when this rush developed the prospectors had an open country to operate in.

The first stampaners went in last Monday, very few knowing of their destination. In the last two or three days of the week all Skead and the large part of Hants have been staked for a radius of three miles of the find. On the map the find shows a great due east of Boston Creek station.

PORTO RICO EARNINGS. Comparative statement of earnings for August of the Porto Rico Ry. are as follows: August: Gross—\$105,850.01; Net—\$60,528.85; Increase—\$1,516.61; per cent. of increase, 2.55. Net—\$191,451.48; August: Gross—\$191,451.48; Net—\$124,915.30; Increase—\$66,536.18; per cent. of increase, 53.26.

For eight months: Gross—\$1,049,874.22; Net—\$653,025.17; Increase—\$68,150.93; per cent. of increase, 12.63. Net—\$2,409,915.30; Increase—\$281,446.78; per cent. of increase, 12.92.

Referring to the above statement of the month's receipts were considerably reduced and operating expenses were largely increased from damage caused by a great storm that swept over the entire island on 22nd August.

MINING

THE SILVER. H. B. Willis in his report says: While the demand for more acute fractional advances daily in the hopes of the heavy stock Cobalt and Tonopha is no alacrity to see higher prices prevail. While there may good reason why silver mines are apparent hurry to a production as plainly discernible is quoted about the per ounce will the completion of the. There is no denying past year the increase ground development

POLSON IRON WORKS

LIMITED TORONTO STEEL SHIPBUILDERS ENGINEERS AND BOILERMAKERS

LONDON STOCK MARKET.

LONDON, Sept. 22.—Apart from a good demand for a few specialties, the stock market was dull and uninteresting today. Consols and neutral bonds moved higher, while the war loan weakened. Most of the interest appeared to be in the Kaffir, rubber and industrial securities, where small, steady advances were recorded on a broadening basis. American securities stiffened under the lead of United States Steel, which changed hands fairly freely. The closing was steady. Money was quiet, and discount rates were steady.

THE CANADIAN BANK OF COMMERCE

SIR EDWARD WALKER, C.V.O., LL.D., D.C.L., President
JOHN AIRD, General Manager H. V. F. JONES, Asst. General Manager
CAPITAL, \$15,000,000 RESERVE FUND, \$13,500,000

SAVINGS BANK ACCOUNTS

Interest at the current rate is allowed on all deposits of \$1 and upwards. Careful attention is given to every account. Small accounts are welcomed. Accounts may be opened and operated by mail. Accounts may be opened in the names of two or more persons, withdrawals to be made by any one of them or by the survivor.

SYMPTOMS OF BIG SPECULATION

The mining market showed symptoms yesterday of breaking out of the holiday rut. As on other Canadian exchanges the members of the Standard Exchange have given some thought to the placing of the war loan. This will be out of the way this week, and it is doubtful whether even all the smaller applications will be filled. Yesterday's business on the mining exchange was upwards of 170,000 shares, and the number of public attendants in the gallery plainly told the growth of outside interest. What has happened in Wall Street is likely to be followed in Toronto. An abundance of money must find an outlet for investment and speculation. Money is plentiful in Canada as well as in the States, and the opening for speculative investment is now pretty much limited to securities. During the past few months several new stocks on the Standard Exchange have more than doubled in price and this will act as a tonic to the whole market. Every advance in the price of silver will give an added value to the Cobalt properties, and a jump in the price of the white metal is expected to take place any day. The upward movement in Nipissing inaugurated by New York is more than likely to be followed by advances in McKinley, Timiskaming, Beaver, Kerr Lake, Conings and the lower-priced Cobalts. The gold stocks are expected to have an unprecedented demand when public attention once becomes concentrated on them. There has been heavy buying of Hollinger recently around \$7.00, and New York has shown that Dome will not be neglected when speculation years. McIntyre has quieted down to a very narrow market pending the publication of the official engineer's report on the proposed merger. Not in several years have so many outside financial men visited the north country for the purpose of investment, and this has had the effect of causing much recent buying of Cobalt and Porcupine stocks by those resident in the camps.

LORRAIN MADE SHARP UPWARD MOVEMENT

Buying From North Responsible—McKinley Up Too—Market More Active.

There was a larger public participation in the mining market yesterday than for some time, and several issues moved up sharply. Lorrain Consolidated, one of the newer silver stocks was the feature of the market, rising buoyantly from \$1 on the opening to 45. The north was a persistent buyer of the stock. McKinley in the silver list and Beaver were other strong spots, while in the Porcupine, West Dome, Moneta, Davidson and Newray were strong. The market was more active than on the day previous, the volume of business rising into some 170,000 shares for the day. The buoyancy of the market has been making itself felt for some time past, first in one stock and then in another, and the volume of trade has been steadily increasing. It begins to look as if the long expected general upward movement were on the way. In the Porcupine list, Dome Extension reacted to 36, closing at 35. In the big Dome head, Dome Extension, and Holly Consolidated closed a little easier at \$8.90 bid. The oft-repeated story of the possibility of Hollinger taking over Moneta was revived to account for the advance in Moneta from 16 to 17 1/2. Jupiter eased off fractionally to 29, and McIntyre was subjected to selling pressure, weakening at 141. Vipond reacted a point further to 36 1/2. Newray held firm at 70, and West Dome Consolidated was heavily traded in, advancing to 39, and easing off at 38 bid on the close. Davidson was strong at 46 1/2, with 47 1/2 bid at the close. Beaver went up to 46 again in the Cobalts, and Lorrain advanced to 45. McKinley-Darragh was another feature of strength, selling up to 68, easing off a point in the afternoon. Nipissing was unchanged at \$8.60 to \$8.65. Peterson Lake the less active was steady at 23, as was Timiskaming at 65. Dahamag and Montana changed hands at 67 to 69.

MINING NOTES

THE SILVER OUTLOOK

H. B. Willis in his weekly market letter says: While the demand for bar silver is growing more acute as time passes and fractional advances recorded almost daily in the hopes of prying loose some of the heavy stocks in storage by the Cobalt and Tonopah producers, there is no clarity to sell until considerably higher prices prevail. While there may be more than one good reason why the various producing silver mines of Cobalt are in no apparent hurry to send out as large a production as possible. Still it is plainly discernible not until bar silver is quoted about at least 73 to 75 cents per ounce will there be any material increase in the quantity in storage. There is no denying the fact during the past year the increased plan of underground development adopted from one

WORK RESUMED

By Special Correspondent. COBALT, Sept. 22.—With E. C. Taylor in charge, operations have been resumed in the Kenzie property near Elk Lake. A little work was done last winter; a shaft is down 150 feet.

MACHINERY ORDERED

By Special Correspondent. BOSTON CREEK, Sept. 22.—Boston Creek camp, which was discovered a couple of years ago, but was given little attention until last summer, gets its first mill before winter. A four and a half foot Harding ball mill of 1917 type, and a 24 inch diameter and an oil flotation plant of eighty tons daily has been ordered for the Miller Independence Mines. The gold, tellurides, sulphides and copper are to be concentrated, and the concentrates shipped, probably. The intention is to treat at first some of the high grade ore that comes in from the big surface outcroppings. The milling plant is to be erected as quickly as possible. Underground work is not yet of a very extensive nature but has proved ore in quantities that justify a mill.

GIFFORD SINKING WINZE

By Special Correspondent. COBALT, Sept. 22.—Gifford is sinking a winze, that is now about one hundred feet below the 200-foot level on a big calcite and quartz vein. In places it is seven feet wide; no silver value worth noting has been found in it as yet. The vein was hit in an arcouscut through the contact with the granite, and intrusions of granite have been found in various places.

CROWN LIFE

We Specialize in Women's Insurance. Now that women are the guiding spirits, if not the actual breadwinners, in many a family, they should not fail to give their loved ones the additional protection of a strong, Crown Life Policy. VISIBLE IMPROVEMENT IN LOCAL SECURITIES

Nova Scotia Steel Up Three Points and Cement, Smelter and Maple Leaf Were Firmer.

With the effects of the war loan partially off the market the Toronto Exchange showed distinct evidences of new life yesterday. The boom in the steel stocks at New York is beginning to be felt in Canadian stocks, but the only real appreciation yesterday was in Nova Scotia, which sold up three points to 183. Steel Corporation and Steel of Canada were strong, but the former is still slow to realize the effect of realizing was again felt by Steamships, as the shares failed to rally. The market in general had a visible improvement and seems to point to higher prices.

ST. ANTHONY MINE HAS CHANGED HANDS

Purchasers Spent Large Sum in Development to Prove It Up.

An announcement was made yesterday of the sale of the St. Anthony mine at Sturgeon Lake, near the Transcontinental Railway, and about 100 miles northwest of Port Arthur. For a year an option has been held on the mine and during that time the purchasers have spent about \$90,000 proving it up. The St. Anthony was opened up about ten years ago, but owing to financial difficulties it was closed down a few years ago, George Glendinning formerly of Cobalt, bought the property and he has now sold it. The purchasers are the Lewishans and D. M. Stenelles of New York. Considerable gold has been produced from the mine, but the treatment of the ore presented some difficulties which the new purchasers are evidently satisfied they can overcome. The purchase price has not been made public, but a first payment of \$60,000 was made this week. The entry of this New York mining group into Ontario gold mines is taken to mean that a large following of American investors will later take part in the development of Ontario's widely extended gold area.

Violent Advance Predicted. My financial agents in London advise me the demand for bar silver is becoming acute, and within the next few days Bar Silver Will Jump Upward. At current prices in this metal the earnings of the Cobalt producers are very large, and any further advance will make these enormous. Present earnings justify a substantial advance in the Cobalt issues, but in case of a violent advance in bar silver, there is no telling how high these stocks will go. My advice is: BUY THE COBALTS AND DO SO AT ONCE!
