BATHURST HARBOR TO BE DREDGED

New Government Dredge Arrives to Do the Work

TURGEON PRAISED

Member for Gloucester Looking After the Interest of His Constituents—Canada Iron Corporation to Build Piers for Iron Shipments

Bathurst, N. B., July 19.—(Special)—The section dredge *Nereus*, recently purchased by the Dominion government, reached here today and will commence dredging operations within the next few days at low water, 200 feet wide, from the outer bar to the Nipisiquit steel bridge. As soon as this work will begin, the Canada Iron Corporation will commence the construction of large piers for shipment of iron ore from their mines in the vicinity of Bathurst harbor.

The citizens of Bathurst are justly proud of the work accomplished by the indefatigable member for Gloucester, Mr. Turgeon. Everyone recognizes the enormity of the work and fully appreciates the untiring energy displayed by him in directing the attention of the federal government to the necessity of improving the shipping facilities of our harbor.

With this work accomplished, Bathurst harbor will be one of the best, if not the best, along the North Shore and Gulf of St. Lawrence. Such will be the impetus that Bathurst will receive among the most important towns of this province. "Well done, Turgeon," is the cry heard on all sides today.

GENERAL FRENCH IS NOT LIKELY TO SOGRE MILITIA

So Say the Authorities in Ottawa—Was Pleaséd With Dominion Forces

Ottawa, July 19.—At the militia department it was stated today that the general French's report on the Canadian militia are yet available, and as far as can be ascertained in the absence of both Sir Frederick Borden and the deputy minister, Col. East, from the city, the report has not yet been presented and believed, however, by those who have talked with General French after his recent inspection of the militia that he will not be likely to make his report so sweeping as to indicate that the Canadian militia are in a state of disrepair. General French was on the whole very favorably impressed with the general character and progress towards practical efficiency in the field now being made by the militia of Canada.

General French has accepted the honorary colonelcy of the Twenty-third Canadian Horse (Stanhope Dragoons).

LOSS OF \$32,000 IN BOSTON YESTERDAY

Boston, July 19.—Two stables, one occupied by an express company, and fifteen horses, were burned yesterday in a fire on Centre street in Jamaica Plain. The total loss was \$32,000.

CHATHAM RAGES CALLED OFF

Chatham, N. B., July 20.—(Special)—The races to have been held at the Chatham race track on July 20th and 21st, have been called off by the committee in charge, which consists of Mayor R. A. Stinson, Geo. E. Fisher, Dr. J. B. Macdonald, A. S. Ullock, R. H. M. Gilmer and Geo. Hillstrand. The committee stated that they have taken this step because of the list of entries did not promise a race of the same high class character of those which have always been held and rather than pull off a meet which would be disappointing to the public they decided to take this step. Three hundred entry blanks were sent out to prominent horse men, at least one hundred and fifty of which are securing their horses this season. Only few responded with entries and these entries included only twenty horses for the five classes, for which \$1,500 was offered. This condition of affairs is remarkable as the local track has the record for the maritime provinces.

HAD LIVER SEWED TOGETHER

Richmond, Va., July 19.—Daniel McGowan, a farmer, who several weeks ago was run over by his wagon when he fell from the seat and thus had his liver cut and smashed into three separate pieces, will leave Johnston Willits Hospital here for his home in a few days.

The physicians treated the recovery as most remarkable. In the operation following the accident the pieces of liver were sutured together only by ligaments. Stitches were taken to join them and the man improved against all prediction. McGowan says he told the surgeons when he had regained consciousness that the only way to till an Irishman was to cut off his head.

THE WEATHER

Moderate east and north winds, partly cloudy, with local showers, Thursday—more variable winds.

MANY PEOPLE IN CAMPBELLTON STILL IN NEED OF ASSISTANCE

Thousands are Homeless and the Outlook for the Coming Winter is Indeed Gloomy—Many are Re-building But a Great Deal Remains to be Done

Unless one visits the ruins of the devastated town of Campbellton, it is difficult to form an adequate impression of what the existing conditions are, of how urgently assistance in various forms is needed to alleviate the suffering and distress of the people, and of what the consequences may be if that assistance does not come before the start of winter arrives to still further intensify the pang of hunger and make only too painfully evident the need of comfortable housing and clothing of the poor unfortunates. A Times-Star reporter returned this morning after a week's stay in the stricken town.

Too much financial aid cannot be rendered to the victims of the flames of last week. Although nearly \$20,000 has been subscribed, from cities, clubs, and private individuals, this sum, though seemingly large, will fall far short of the amount actually required to replace the homes of the thousands of people who lost their life all in this world through the fire, and who are now absolutely penniless and dependent on their friends in the realms beyond to relieve them of their dire position. Of course this is not the case with those who carried insurance, but there were only too many who were not so luckily placed, the poor laboring classes finding it difficult to struggle along in the fight for existence before the fire without paying for protection, and now in the presence of the awful calamity which has befallen them, they realize that their lot is a miserable one if bountiful pecuniary aid is not bestowed.

It is a pitiful spectacle to see in the colony of tents on the high ground back of the schoolhouse, whole families destitute, sleeping in the little canvas dwellings, clad about some cherished relic of bygone happiness, all that is left to remind them that they were once prosperous and contented in more substantial residences, with never a thought that the time would come when they would be reduced to their present circumstances, and forced to exist on the bounty of their neighbors. Lonely and cheerless are these tents wherein may be found people of all classes, rich and poor, huddled together for protection and bound by strong ties of friendship in the uplift of each other, and

DR. CRIPPEN MAY HAVE GONE TO SPAIN

Said to Have Spent Sunday in Vernet les Bains—Not on the Kroomland

Paris, July 20.—Dr. Crippen is said to have spent Sunday at Vernet les Bains and is now believed to be in Spain.

New York, July 20.—Another supposed clue to the whereabouts of Dr. Hawley Crippen, whose arrest the London police have requested, was run today with the arrival of the steamer Kroomland and another disappointment was added to the growing list. There was no sign on the Kroomland of the physician in whose London home a body believed to be his wife's was recently unearthed, and was thought to have fled to this country with his stenographer, Ethel Clara Leneve.

Cable advices that there was strong ground for belief that Dr. Crippen and his companion boarded the Kroomland when that steamer called at Dover on her way from Antwerp to New York the Saturday the doctor disappeared caused a close inspection of the liners passengers here. It was without result, however, and the Kroomland officers said that no one answering Dr. Crippen's description took passage on the steamer either at Dover or at Southampton, where the steamer called later for slight repairs to her machinery. One man, who afterward proved to be a clergyman and his wife, were subjected to some little scrutiny, but had little trouble in proving their identity.

Washington, July 20.—The British government has asked the United States for the arrest and detention of Dr. H. H. Crippen, who is wanted in London in connection with the murder of his wife, should he be found in America.

The difficulties which have attended the extradition of Porter Charlton wanted in Italy on a charge of having murdered his wife at Lake Como, will not arise should Dr. Crippen be arrested in the United States, that British and the United States adhere to the policy of surrendering their own citizens who are accused of committing crime in the other country, and it is understood this policy would be adhered to in the case of Dr. Crippen, if all the other requirements for extradition should be met.

MURDER TRIAL AT CHARLOTTETOWN

Ufford Cunningham Accused of Murdering William Skerry on June 28—Doctor's Testimony Shows There Was Fool Play

Charlottetown, P. E. I., July 20.—(Special)—The preliminary examination of Ufford Cunningham, arrested for the murder of William Skerry, Alberton, on the night of June 28, is now being heard before the secondary Magistrate, Wright Skerry's body was found in the bottom of the river about two weeks ago. The coroner's jury have a verdict that he was found dead in the water under suspicious circumstances. On the night he was missing he was in company with Cunningham, both of whom had been drinking. Cunningham turned up next morning and at the inquest could not account for his movements that night. He found himself in bed in the morning. He said he was too drunk to remember. The doctor, Dr. Crippen, who performed an autopsy, performed by Doctors Ross and Campbell. The former in his evidence stated that the deceased died a violent death. A mark on the skull showed evidence of foul play. He found the body much discolored before and after the appearance of the neck also indicated that a wound had been inflicted. Dr. Campbell is now on the stand. McQuarrie, K. C., of Summerside, is defending Cunningham.

PEDESTRIAN IS OUT AFTER \$2,000 WAGER

Arrived at Toronto Yesterday After Tramping From Labrador

Toronto, Ont., July 20.—(Special)—Traveling five days ahead of his carefully planned schedule, Frank Hines, the young Halifax pedestrian, who without money or supplies is attempting to walk across the continent, arrived at Toronto yesterday. He had been back on a \$2,000 wager, arrived at this city last night. Hines started from Nainia, Labrador, April 2nd, 1909, and must finish at St. John's, N.B., Oct. 17, 1910. He has now traveled 3,460 miles of the 15,000, which comprise the total distance.

RAILWAY PRESIDENT MURDERED

Ira G. Rawn Shot by Burglars in His Home Near Chicago

A REIGN OF CRIME

Murdered Man Was Splendid Record as a Railway Man—Started Out as a Telegraph Operator for the Big Four

Chicago, July 20.—Ira G. Rawn, president of the Chicago, Indianapolis and Louisville Railway (the Monon route), was shot through the heart and instantly killed at 1:30 o'clock this morning by a burglar who entered his summer home in Winnetka, a suburb fifteen miles north of Chicago.

The burglar forced open the basement door and was heard prowling around the first floor by Mr. Rawn, who went downstairs to investigate. Members of his family heard him say, "What do you want here?" and a shot was fired immediately afterwards. When they hurried to the first floor Mr. Rawn was lying dead at the foot of the stairs, with a bullet through his heart. The murderer's whereabouts are unknown. The door had been forced open with a "blow."

The assassination is the climax to a reign of crime that has gripped the residents of the North Shore suburbs about a fortnight.

The story of the shooting of Mr. Rawn was told by Ralph G. Coburn, a son-in-law of the victim.

"Mr. Rawn was awakened by a sound on the first floor," he said, "and insisted on going down, although Mrs. Rawn tried to persuade him not to do so. He descended the stairs and had just barely reached the landing when someone in the house was awakened by the sound of two shots fired in quick succession.

"I rushed out, as did the others. We found Mr. Rawn lying in his night clothes. Blood was trickling from his breast. He struggled, turned over, tried to rise, and called out, 'We were in hurried calls for a doctor. Mr. Rawn died within five or six minutes after the shots had been fired. He was a man of about 50 years of age, and was a very successful man in business. He was a very kind man, and was very popular among his friends. He was a very successful man in business. FINANCE MINISTER WILL GO TO BERLIN

Hon. Mr. Fielding Will Represent Hon. Mr. Brodeur at International Navigation Congress

Ottawa, July 20.—Hon. W. S. Fielding, who is now in London, will represent Canada at the Biennial meeting of the International Navigation Association congress, to be held in Brussels on July 30. Hon. J. P. Brodeur, who is a member of the congress, has delegated Mr. Fielding to represent him at the next meeting. It is expected that the next meeting of the congress will be held in Philadelphia in 1912, and an invitation will be extended to the members to inspect the shipping channels in Canada.

JUMPS FROM BATHTUB TO CHASE A BURGLAR

Greenwich, Conn., July 20.—While taking his morning plunge in the bathtub yesterday, Joseph Burling, chauffeur for Addison G. Hann, the New York and Boston dealer, who has a summer place at Bryan Shore, heard a peculiar scraping noise against the side of the house. Jumping from the water and looking out of the window he saw a strange man with a bag in one hand telling him to get up. He was in a hurry to get up, and he saw the man jump from the bathtub and run away. He followed him to the back of the house, but he was too late. The burglar had already fled.

PROUD OF A 15-LB. COLT

Allentown, Pa., July 20.—There was born on Colonel Harry C. Trexler's Sheldahl pony farm what is claimed to be the smallest colt in the world. It weighs only fifteen pounds and is rather smaller than an ordinary fox terrier. In fact, many a baby is as big.

Record in Tree Growth

Trenton, N. J., July 20.—The record for rapid forestry was reached at the nursery of the Pennsylvania railroad here, where 27,000 saplings one year old had been taken out of a space 4 by 24 feet.

Students from Yale, Pennsylvania State and Toronto Colleges are studying the Pennsylvania railroad nursery. Five hundred thousand saplings have been taken from this nursery during the three years it has been in existence, and they have been sent to the forest reserves of the railroad at different points, where they are allowed to grow to railroad tie size.

FIGURES THAT TELL STORIES

WATER POWERS POSSIBLE HORSE POWER

An eminent authority has stated that the Province of Quebec will, in time, be recognized as the richest area in North America, because of its forests and its waterfalls. Certainly the value of waterfalls is advancing with tremendous rapidity as proven by many tests, including the very practical one that monopolists are trying to gain control of them. Here are pictured the actual and possible water power development of the three Provinces of the Dominion that lead in this form of wealth. The figures have the authority of the Chairman of the Commission of Conservation. The other Provinces show in this respect as follows:

Province	H. P. Possible	H. P. Developed
Yukon	470,000	3,000
Alberta	1,144,000	1,300
Saskatchewan	500,000	—
Manitoba	500,000	18,000
N. W. T. Territories	800,000	None
New Brunswick	150,000	None
Novia Scotia	54,000	13,300

It is estimated that one horse-power for a year at twenty-four hours a day is equivalent to 22 tons of coal. The water powers already developed, therefore, represent a saving of coal equal to over 11,000,000 tons a year. If all the falls covered by the figures were harnessed and used, it would be the same in power production as if we burned 367,000,000 tons of coal every year.

STRIKE-BREAKERS OVERWORKED AND QUIT THE VERMONT CENTRAL

Little Change Today in Situation Between Grand Trunk Railway and the Striking Employees—Toronto Fears an Ice Famine

Boston, July 20.—Strikebreakers continued to pour into New England today to take the place of the conductors and trainmen on the Grand Trunk and Central Vermont Railroads, now out on strike for higher wages. The strikebreakers began to arrive in small numbers yesterday and late last night they came by the carload. Today they were distributed throughout the territory operated by these roads in New England preparatory to manning the day trains.

Meanwhile the strikers, although offering no violence and interfering in no way with the imported strikebreakers directly, are making their best efforts to dislodge them from accepting the proffered positions. In several instances they already have been successful.

In St. Albans, Vt., the headquarters of the Central Vermont system, and at other Vermont points, different tactics are being resorted to and outside influence is being brought to bear on the men who have taken the places left vacant by the strikers. Here the strikebreakers are being flooded with telegrams from all parts of the country urging them to stand by their brothers and the strikers believe they are winning the day.

Last night a lot of the strikebreakers who had been working all day, went on strike themselves. They had been on duty

Royal Academy Canadian Awards Announced

THE CANADIAN TEACHERS

Argument Continued at the Hague Tribunal—United States Consul Elder Opens His Speech and Refers to the Hay-Bond Treaty—Canadian Cricketers Make Poor Showing

London, July 20.—The Canadian teachers who are experiencing a pleasant welcome on all sides, go to the continent at the end of the week, returning for a tour of the province.

The Royal Academy of Music's Canadian awards are:—Advanced grade, gold medal, Laura Lavery, New Westminster; piano forte, silver medal, Mildred Goodwin, Windsor, N. S.; pianoforte, intermediate grade, medal, Gladys MacKinnon, Calgary, Alta.

The Hague, July 20.—Mr. Ewart, continuing, endeavored to show that even if the United States had been according to the exercise of such service was susceptible of modification by Britain by regulation of the treaty. There was no clause in the treaty obliging Britain to submit such regulations to the United States for assent. Attempts to frame regulations in common had failed.

The servitude theory put forward by the United States will be dealt with by Attorney General Robson. The tribunal expressed a desire that the contending parties should communicate within one week detailed copies of the laws and regulations of their own countries, which, it stated, would be transmitted to the tribunal in order that the latter might reply to them in the course of the following week.

S. J. Elder, for the United States, then opened his speech, arguing that the cause of the arbitration proceedings was the violation of Mr. Bond in introducing during his tenure of office as premier of Nova Scotia a fiscal regulation, the object whereof was to force the United States to ratify a disadvantageous treaty. Previous to 1867 Newfoundland had not subjected American fishermen who exercised their rights in accordance with the Treaty of 1818 to such a fiscal regulation. MONGTON WOMAN HURT

Horse Was Frightened at Automobile and She Was Thrown Breaking Her Arm—Big Pilgrimage

Moncton, N. B., July 20.—(Special)—While driving to the station at Shediac yesterday afternoon, Mrs. Letette was thrown from her wagon and her arm broken in a serious fracture. She sustained other injuries. Alex. Murray was driving his automobile on the Shediac road and while passing Mrs. Letette's horse became frightened and ran away, throwing lununuuwypwpp on her. She was put on the Boston express and hurried to the Moncton hospital. This morning she was reported resting easily.

Three trains comprising in all thirty pilgrims were required for the pilgrimage which left last night for St. Anne de la Riviere. It was one of the largest pilgrimages in recent years. Bishop Casco accompanied the party.

DREAM REVEALED \$90,000

Thomas L. Rodgers, who gives High Point, N. C., as his home address, published in the Rogersville Herald, at Rogersville, Tenn., what he avers to be a true story of a dream that he had in 1885, in gold coin in a cave near the Clinch river, in Hancock county, Tenn.

It was a dream, he discovered an old kettles was stored a large amount of gold. Rodgers tells that he was thoroughly impressed with the dream that he left his North Carolina home and explored the "cave." He tells that in a great room, not unlike a theatre, he discovered an old kettles stored a large amount of gold. Niobe Coming in October

Ottawa, July 20.—Word has been received at the naval department that the admiral will not be ready to formally hand over the cruiser Niobe to the Canadian government until about the middle of September. The repairs and alterations now being made at Portsmouth will take another month to complete. Consequently the cruiser will probably not reach Halifax until October.

Mr. Hammersley Wants Committee to Report on Subjects to be Taken up, But Premier Asquith Contends Government Must be Responsible—Immigration to Canada Double What it Was Last Year

London, July 20.—Mr. Hammersley, in the House of Commons, asked the prime minister whether he would consider a request for the appointment of a committee to report on what subjects were to be referred for consideration at the next colonial conference.

Premier Asquith said the government was and must remain responsible for the subjects which they would submit for consideration at the imperial conference. The governments of the dominions were responsible for the resolutions proposed by them, and the honorable member might rest assured that the business to be transacted at the conference would be arranged at such a date as would allow full circulation of the subject matter as between ourselves and the dominions.

Sir C. Cooke inquired whether Mr. Asquith was aware that when the resolution relating to immigration came before the imperial conference last year not one of the delegates knew anything about it. The colonial secretary himself was unaware as to how the matter arose. Mr. Asquith said he could not say that it would not occur again.

FAMOUS GEMS OF PROSE PILING UP THE PENSIONS

From a speech on the pension appropriation bill in the U. S. house of representatives January 13, 1902. I THINK of it! Since 1866 the number of pensioners has increased from 126,722 to nearly 1,000,000 in 1901, and the expenditure from \$15,000,000 to \$140,000,000 since that year.

It will be a conservative estimate to say that we will pay in the next 50 years, at the rate we are going now, in the neighborhood of \$5,000,000,000. Adding this to what has already been paid we have a sum equal to \$8,000,000,000, far exceeding the cost of the civil war.

CAMPBELLTON

How far will \$45,000 go to repair losses that are probably \$2,000,000 in excess of the insurance?
The Campbellton relief fund is now said to amount to about \$45,000. The total loss must have been at least \$3,500,000, and some say much more; and the insurance was apparently less than \$1,500,000. This would indicate a dead loss of fully \$2,000,000.
The heaviest burden of this dead loss falls upon people who had no insurance and who lost everything. There is the point to be considered. Now to what extent are they helped by what has been done? If they were hungry, they have been fed. If they were in need of shelter, they have been helped. If they were in need of clothing, they have been supplied. But otherwise they are today as they were the night after the fire—without anything to help them in the way of providing a home against the rigors of a September winter.
The response throughout the province to the first cry for help was worthy of all praise. But it merely supplied the immediate, day-to-day needs of people who had been stripped of all their belongings. These people are now able, no doubt, to work and to earn some money, but they are still homeless—and, as Lieut. Gov. Tweedie pointedly observed, cold weather is only about twelve weeks away. They have no houses, no furniture—nothing but their bare hands. This of course refers to those who carried no insurance. Of those who did carry some, many will not be able to provide themselves with homes without outside help.
What is the remedy? The government should take action. Municipal bodies should vote assistance. Prompt, concerted and well-organized relief is an urgent necessity. Entertainments should be given to raise funds. Popular subscriptions of small sums by all the people should be handed in to some central place, as at the mayor's office in St. John. And no time should be lost. Almost before they realize it the Campbellton sufferers will find winter upon them.
It must not be forgotten that there is also resting on the town a bonded indebtedness of over \$300,000.
It is true that perhaps not more than a tenth of the people of Campbellton are now on the spot. The rest have gone to friends elsewhere. But they did not leave their poverty in Campbellton, and very many, doubtless the great majority, will return as soon as conditions warrant such a course. But whether they do or not, they need assistance. They are victims of the fire.
THE BROWN-TAIL MOTH
The fact that nine specimens of the brown-tail moth were captured in one evening in this city recently shows that this pest is gradually coming nearer to the province of New Brunswick. All that have thus far been discovered have been male specimens, and no nests have thus far been found in New Brunswick orchards. Continued vigilance is, however, necessary. In 1909, the first winter web of the caterpillar of this insect was found in Kings County, Nova Scotia. The government of that province promptly began a campaign, with the result that thousands of nests have been destroyed each year in Kings, Annapolis and Yarmouth counties. It is worthy of note that last year some of these webs were found on nursery stock that was imported from France to the state of New York. The Canadian authorities, having learned of this, have taken steps to have all European nursery stock imported into Canada, carefully inspected, and as a result nearly 300 winter webs were found on French stock. The pest is spreading with astonishing rapidity since it entered the United

BUILD'S SIGNAL

(William Guild was engineer of the train which plunged into Meadow Brook, on the line of the Stonington & Providence Railroad. It was his custom, as often as he passed his home, to whistle an "All well" to his wife. He was found, after the disaster, dead, with his hand on the throttle-valve of his engine.)
Two low whistles, quaint and clear,
That were the signal the engineer—
That was the signal that Guild, 'tis said—
Gave to his wife at Providence.
As through the sleeping town, and thence,
Out to the light,
Down past the farms, lying white, he sped!
As a husband's greeting, scant, no doubt,
Yet to the woman looking out,
Watching and waiting, no serenade,
Love-song, or midnight roundelay,
Said what that whistle seemed to say:
"To my trust true,
So love to you!
Working or waiting, good night!" it said.

Brink young bagmen, tourists fine,
Old commuters along the line,
Brakemen and porters glanced ahead,
Smiled as the signal, sharp, intense,
Pierced through the shadows of Providence;
Nothing amiss—
Nothing 't is
Only Guild calling his wife," they said.
Summer and winter the old refrain
Rang o'er the billows of ripening grain,
Pierced through the budding boughs
of orchards:
Elev down the track when the red leaves
burned
Like living coals from the engine spurred;
Sang as it flew:
"To our trust true,
First of all, duty. Good night!" it said.
And then one night it was heard no more
From Stonington over Rhode Island shore,
And the folk in Providence smiled sad
As they turned in their beds: "The engineer
Has once forgotten his midnight cheer."
One only knew,
To his trust true,
Guild lay under his engine, dead.
—Bret Harte.

A QUERY OF BROTHERHOOD.
The phrase that makes all mankind one. That bids the high and low to meet, That never brings offence or wrath, That hides no fraud or low deceit, But springs from need and hope that's bright, Is surely this: "Give me a light!"
Of all who walk the busy streets No one denies a man's request Unless the need he does not use. Or left his matchbox when he dressed; But if a match appears in sight It goes to him who needs a light.
We speak of brotherhood of men, Of days when man shall feel for man; We need a watchword for the scheme To fill out such a happy plan— The watchword that would be just right Is plainly this: "Give me a light!"

A DAIRY KIMONO OF FIGURED CHALLIS. While not too warm for occasional summer wear, the challis negligee offers a bit more protection than the diaphanous negligee of lawn and lace. This pretty model is made of cream white challis on which is a hairline stripe pattern in black, with a hairline stripe pattern in black, with a pompadour flowered stripe between the hairlines. The flower clusters are in a pink color and this shade is matched by the ribbon border of the kimono, a tiny tinge of black coming, and cord frogs in black repeating the hairline pattern. The garment is shirred over elastic at the waistline and may worn comfortably with or without corsets.

The Evening Chit-Chat

By RUTH CAMERON. TO be able to give gracefully is a rather unusual talent. The childish and prolonged squabbles we hear so often in street cars over the payment of fares are an excellent example of the inability of many of us to accept a favor simply and gracefully. To protest and make much fuss and feathers about receiving a favor seems to be the popular idea of gratitude. I had the pleasure of meeting the other day a well-known woman of whose brilliance and charm I had long heard, and the thing which impressed me about her, even more than her witty conversation and her beauty, was the perfect graciousness and simplicity with which she accepted it when another member of the party offered her a more comfortable chair. There is, of course, such a thing as the self-worship which accepts all favors simply and ungraciously just because it looks upon them as tribute due. But I do not mean that kind of simplicity. I mean the kind that seems to say, "You wish to do me a kindness, and you honor your benefactor far more than by going through a rickshaw of protest. I am glad to accept it, and you honor your benefactor far more than by going through a rickshaw of protest." Some of her friends and office mates, thinking it was a good opportunity to do her as she had done by others, got together and made up a purse which she did not know the A. B. C. of the art of receiving. And she who had been indulging for years in the gift of giving refused to help others to do the same happiness. She indignantly refused the purse, saying that when she needed charity she would ask for it. For like many others, though pastmistress in the art of gracious giving, she did not know the A. B. C. of the art of receiving. Just as it is far easier to look down upon anyone with dignity than to look up and still be dignified, so it is far easier to give with graciousness than to receive. But as he who has the true dignity may maintain it, no matter how often the accident of height forces him to look up, so he who has the true graciousness may maintain it no matter how constantly the accident of position and possessions forces him to give rather than to receive.

Daily Hints for the Cook

FRUIT SALAD. Six oranges; three large bananas; two apples and one pineapple. Cut the oranges in half, and remove the fruit without injuring the peel. Scalloped the edges of the salad, which is to be used to contain the salad. Cut up the bananas into thin slices and the pineapple and apples into small sections, and fill the orange peels. Sprinkle sugar to suit. This may be served with or without French dressing.

VEGETABLE SALAD. Three medium-sized boiled beets, two large boiled potatoes, a carrot, two hard-boiled eggs and one head of lettuce.

FOR CONSTIPATION

A Medicine That Does Not Cost Anything Unless It Cures. The active medicinal ingredients of Rexal Ordelex, which is odorless, tasteless and colorless in an entirely new discovery. Combined with other equally valuable ingredients, it forms a powerful bowel regulator, instilling into the system strength and vigor. Rexal Ordelex is a powerful and gentle action. They do not irritate the bowels, and produce no harmful effects or involution.

Unlike other preparations for a like purpose, they do not create a habit, but instead they become the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh purges, and perpetuate the cause of constipation or irregular bowel action.

I will refund your money without argument if they do not do as I say they will. Two sizes, 25c and 50c. Sold only at my stores—The Rexal Store, Chas. J. Watson, 100 King Street.

The Oxygenator Is Not An Experiment

For 14 years it has been making the sick well and keeping the well healthy without resort to drugs, massage or electricity. Oxygen is God's most abundant gift to man, and pure oxygen puts to rout all manner of disease. Oxygen therapy appeals to intelligent people, and these reap the benefits. The Oxygenator makes available for the human system vitalizing oxygen, aerating the blood, driving out disease, restoring natural healthful conditions. We do not think the Oxygenator will cure you or your loved ones—we know it will. We want you as an intelligent person, interested in your health, to try it yourself and your loved ones to investigate. To be unwilling to buy an Oxygenator outright we want it in the month.

The Oxygenator is sold solely on its Record of Results. It may be used by anyone, anywhere, at any time, and makes every intelligent person master of their own health.

Our head office for the Dominion provinces is in Robinson & Sons' building, Market Square, St. John, N. B. Lady attendant. Phone Main 2807. C. Fraser McEwen, manager.

We have no branch offices in St. John nor any connection with other oxygen devices. Saved From Operation For Appendicitis. Cardiff, Sask., Feb. 9, 1910.

At the time I was considering the purchase of an Oxygenator, I had a bad attack of appendicitis. The doctor advised operation, but this I wanted to avoid, if possible, and I bought an Oxygenator. I am more than gratified with the results, for all traces of the trouble have long since disappeared, nor has there been any sign of a return, while the rheumatism that caused me so much pain has entirely left the system, and I am in better health than for many years past. Owing to the confidence I have in the Oxygenator, through the proof so fully demonstrated, you have my full permission to make what use you fully desire of this letter. (Signed) JAS. PARTRIDGE.

Laurier Gave Five Addresses

Premier Reached Yorkton, Sask. Yesterday, After a Busy Day—Fine Welcome Everywhere. Yorkton, Sask., July 19—It has been a day of travel for Sir Wilfrid Laurier and party. The premier has been on the train practically all day, making brief stops at Rapid City, Minnedosa, Birtle, Church Bridge, Langenburg and Galdon, arriving here tonight. At every point the premier was enthusiastically received by large crowds, with bands and gaily decorated drape and streets.

Five addresses were presented to him, to all of which he made appreciative acknowledgment. Hon. Walter Scott, premier of Saskatchewan, joined Sir Wilfrid at Brandon and will accompany him on his tour through his province. T. C. Norris, Liberal leader in Manitoba, will leave the party tonight.

Hon. George Graham had a pleasant experience. He was met by a man named Lamontaine, who had driven sixteen miles to shake the minister's hand. "My father," he said, "was a strong Conservative. Some years ago he addressed you in our old home county of Bruce induced him to cast his first Liberal vote. He has been a stout Liberal ever since." The minister was frankly pleased and appreciated it.

Speaking at Rapid City, the premier commented on the people of the plain which they had met the destruction of record crop prospects through intense heat. Sir Wilfrid said the policy of the government was to encourage the advent of all who were willing to work. He asked the Liberal vote, but he knew their needs so that the government might be able to best work in administration.

A statement in the civic address at Rapid City declared for closer union between eastern and western Canada, for the federal provinces were destined to lead in the great imperial movement with Britain. Replying, Sir Wilfrid said: "I am a thorough Canadian. We want to make Canada the leading nation of the British Empire. It may seem ambitious that Canada should think of taking the primary place from the old land, but we do nothing small in this country and when we inhale the western breeze we cannot help being hopeful and ambitious. England today is the leader of all nations, but we in Canada think we are ever surpassing the old land. That is an ambition, I admit, and although we cannot move in some lines in which England excelled, still there are other lines. The civilization of the twentieth century is different from the civilization of which England has grown great. England excels in trade and commerce, and in time I think she shall come close to the mother country."

Yorkton will formally welcome the premier tomorrow and he will address a meeting in the evening. A magnificent archway, constructed of wheat, spans the street fronting the depot, with the banner "Welcome to Sir Wilfrid" interwoven with Union Jacks. The town is charitably decorated with streamers and bunting. The Northwest Mounted Police will honor their chief by escorting him during the parade.

Nervous Prostration For Three Years

"Dr. Miles' Restorative Nerve-cure cured me of a period of nervous prostration of over three years duration, and the Anti-Pain Pills are as necessary to us as the roof of our house. They have been household remedies for me for many years." WM. LAUGHRAN, 121 Catherine St., Philadelphia, Penna. Much sickness is due to nervous troubles. Headache, dizziness, and nervous tremor are nervous troubles. Then there is a large class of disorders which arise from a weakness of the nerves of an organ or part, as weak lungs, heart, stomach, kidney, bladder, eyes, etc. Dyspepsia and indigestion are usually the result of nervous disorders. Restorative Nerve-cure soothes the irritated nerves, and assists the nerve cells to generate nerve force. Price \$1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid. DR. MILES MEDICAL CO., Toronto.

WEDDINGS

Milbury Slipp. The beautiful country residence of Mr. and Mrs. Alfred E. Slipp, Central Hamstead, was the scene of a pretty wedding yesterday morning, when their daughter, Miss Lillian Gertrude, was united in marriage to Rev. G. Douglas Milbury, M. A., B. D., pastor of Tabernacle Baptist church in this city. The marriage was a very quiet one, the couple being unattended and only the immediate relatives of the bride being present. The ceremony was performed by Rev. A. A. Rideout, M. A., pastor of the George street Baptist church, Fredericton.

Mrs. Mary Leslie, a nurse in the hospital at the National Soldiers' Home, Marion, Ind., regained her hearing after it had been removed from her ears. It is believed the hearing had been in her ears for twenty years. She had been deaf for the last several weeks.

URGENT NEED OF HELP FOR PEOPLE OF CAMPBELLTON

Lieut. Governor Tweedie Points out That Much Assistance is Needed to Prevent Distress—Charles W. Anslow Seriously Injured—Thieving Junk Dealer Sentenced

"I do not think the fire sufferers themselves, nor the people of the province at large, have a clear idea of the seriousness of the situation at Campbellton. This was the statement made to the Telegraph over the long distance telephone last night by Lieutenant-Governor Tweedie at Chatham. His Honor had just returned from Campbellton where, in company with Premier Hazen and F. P. Healy of the Intercolonial Railway, he met the business men of the fire-swept town, and discussed plans for the future.

When asked last night what he thought of conditions there, he declared that while the people had shown great pluck in the terrible disaster, he believed that too much financial assistance could not be given. "I think," he said, "it is absolutely necessary for the people of the province to act at once. In twelve weeks, cold weather will be upon us, and I dread to think of the suffering at Campbellton if the people there are not properly housed. One can understand how to the casual observer, the situation looks favorable, but when one stops to think that many are now living in tents, while hundreds of other poor people are huddled with friends in the surrounding towns and villages, many of whom have little means themselves, the outlook takes on a serious aspect. A great deal of this financial assistance must necessarily be devoted not only to those who have suffered in the fire of last week. We are apt to forget that whatever insurance was carried, will be paid to those who are in most cases able to insure, again, and the situation looks grave, and I think the people of New Brunswick should raise every cent they can and as quickly as they can, to assist the poorer people of Campbellton."

C. W. Anslow Elected. Campbellton, July 19.—The destitute residents of fire-stricken Campbellton were plunged into more grief this afternoon and became at once forgetful of their losses in the recent conflagration when the news of the death of a well-known member of the town's working men and most esteemed members, Charles W. Anslow, lay at the point of death in the Hotel Dieu Hospital as the result of an automobile accident, while Ross Malcolm, son of Thomas Malcolm, of the International railway, was suffering intense pain from internal injuries.

The accident occurred about 4:30 o'clock. Mr. Anslow and Mr. Malcolm were driving in a car in company with Wm. Mott, Oliver Mowatt and Robert Shivers, the latter holding the wheel and steering the car. In some manner while the car was being propelled back down Andrew street, it came into the gutter and turned over on one side, scattering a fire, breaking fixtures and throwing its occupants into the road. The others in the car escaped with slight scratches with the exception of Mr. Malcolm.

Mr. Anslow was sitting in the rear seat and was pinned under the car. He was picked up unconscious by J. R. McKenzie and some other men who were standing by. He has not since regained consciousness, and Dr. Murray, who with Doctors Pinaud and Martin attended him, said tonight that he feared consciousness of the brain. It is thought that there is little chance of his recovery.

Mr. Anslow was connected with the Campbellton Graphic, which, when the latter was destroyed by the fire of last week, and since that time he had been at work in one of the relief stations endeavoring in every possible manner to alleviate the sufferings of those in destitute circumstances.

Practically the only thing he saved from the flames was the suit of clothes which he wore, but, even with an injured hand to hinder him, he kept up the good work of relief, assisting the committee. He was a general favorite and the accident has caused keen regret about the town.

H. B. Anslow, a brother of the unfortunate young man, was in Fredericton at the time, but has been sent for. An invalid sister resides in Chicago.

While a damper was thrown on the work by the sad accident, it had to be continued, as there is much to be done in order to establish a systematic order.

Mayor Murray today received the following donations: St. George, \$200; St. Stephen, \$400; Sussex, \$200; Quebec, \$1,000. Mrs. John McKean, a basket of drugs and medicine. The relief fund has now reached about \$40,000, but this will not go far in the work for which it is intended.

Junk Dealer Sent With Quick Judgment was made this afternoon in the case of a foreign junk dealer who was convicted of stealing. He was arrested by Policemen Brown on suspicion of having stolen a car from R. K. Smith. He was brought before Judge Matheson and sentenced to two months in the jail in Dorchester. The court proceedings took place in a tent and sentence was imposed in little more than an hour from the time of the arrest. No further pillaging is reported of late as a sharp watch is kept for those engaged in this practice.

Opening for Business. The following are among those who have either opened or will open stores in temporary quarters in Campbellton, in addition to the names which were published already: Lonsbury Mfg. Co., Thos. Ward, druggist; McKenzie & Freeman, groceries and hardware; Singer Manufacturing Company, Baird & Peters, wholesale groceries; Hugh Marquis, stores and tinware; W. J. Christie, plumber; John White, druggist; Richard Parker, groceries; W. H. Marquis, groceries, and A. McG. MacDonald, druggist.

Shives Lumber Co. F. M. Anderson wires The Telegraph from Campbellton to say that a statement in this paper on Monday, in which he was made to say that the Shives Lumber Company would not rebuild the mill at Campbellton, was not correct. Mr. Anderson says he made no such statement, and, in fact, is not in a position to make such a statement. He adds he is not the superintendent for the company, and that W. F. Nugier is the manager. The Telegraph cheerfully gives publicity to Mr. Anderson's statement. No doubt the error was due to the difficulty of collecting and transmitting news under existing conditions at Campbellton.

GAS ON THE STOMACH

Relieved at Once by Father Morriscy's No. 11 Tablets.

Many people find that no matter how carefully they watch their diet and digest themselves this, that or the other favorite dish, still after every meal gas forms in the stomach and everything seems to turn sour. Besides causing great discomfort, this condition makes it impossible to get the full benefit from the food eaten, and the body is constantly starting with a full stomach. Father Morriscy's No. 11 Tablets promptly relieve this and other stomach disorders. Each Tablet has the power of digesting a pound and three-quarters of food, and even those who are suffering from indigestion after every meal, or who may be very bad or weak, soon find on one Tablet taken after each meal, that the gas in the stomach, pain and discomfort, disappear. The case of Miss Maggie, of West Franklin, Ont., is a complete illustration. "Your No. 11 Tablets," she writes, "relieved me of my stomach troubles. I had been suffering for the last seven years. I could hardly eat anything that would give me any pleasure. My doctor said it was Catarrh of the Stomach. I had no pain, but gas after every meal, and I am still continuing their use. If you happen to eat a little too much for dinner, or something that does not agree with your stomach, just take a No. 11 Tablet and you will feel all right in a few minutes. If you have been troubled with Indigestion or Dyspepsia, a course of Father Morriscy's No. 11 Tablets will soon put your stomach into a healthy condition again. It is a box at your dealer's, or from Father Morriscy Medicine Co., Ltd., Chatham, N.B.

Report on Cost of High Living—Technical Education Commission

Ottawa, July 19.—The department of labor has issued a comprehensive and informative report of 200 pages summarizing the results of the investigation conducted by officials of the department into the cost of living in Canada last year. The report deals particularly with the course of wholesale prices, traces the upward trend, notes the fluctuations in wages and accounts in some measure for present conditions.

Halifax, N. S., July 19.—The government of Ontario will take pleasure in giving you all information possible. This was a sentence read by Professor J. W. Robertson on the commission on technical education, from Sir James Whitney, at a meeting convened by the Halifax Board of Trade to welcome the commission and mark the starting of its labors.

R. L. Bondar, M. P., President R. A. Falconer of Toronto, President A. R. Hill of the University of Missouri, F. J. A. McKittick of Australia and Hon. A. N. MacLagan were the speakers. The new members of the board of trade were at the same time formally declared.

This Clothing Sale is Making Everyone Sit Up and Take Notice

Oak Hall Clothes at Regular Oak Hall Prices Are Exceptional Values! But Oak Hall Clothes at 1-4 to 1-3 Off Oak Hall Prices Are Really Startling Bargains!

And this is what this sale provides. No need to talk about the style and quality of OAK HALL Clothes. The fact that we've been the leading clothiers in St. John for over twenty years, and that our business today is not only the greatest clothing business in the city, but the greatest in the country—is the strongest recommendation for our clothes. If we didn't put into our garments the sort of fabrics and tailoring that mean good looks and good service; if we didn't always satisfy the thousands of wearers of our clothes—do you think we could ever have won the unparalleled success that has been ours! As manufacturers having no middleman's profits to pay we can and do sell to you at about the same prices other stores pay at wholesale. When you buy one of our regular \$12.00 Suits you get a suit that would cost you \$13.50 to \$16.00 anywhere else. At this sale you can buy our \$12.00 Suits at \$8.65. So you actually get for \$8.65 what you'd have to pay \$13.50 to \$16.00 for in other stores. At every other price the saving is just as amazingly large! You see we are perfectly justified, therefore, in making the strongest possible claims for this sale. And the more you investigate, the more you will admit the exactness of every statement we make.

Table listing clothing items and prices, including Boys' Two-Piece Suits, Boys' Washable Suits, and Tailor Made Coats.

SAILOR AND RUSSIAN SUITS. With Bloomer Trousers. Suits that were \$3.75 reduced to \$2.95. Suits that were \$5.00 reduced to \$3.95. Suits that were \$6.00 reduced to \$4.80.

SPECIAL IN NORFOLK SUITS. A special line of Norfolk Suits to fit boys 6 to 14 years in Tweeds, Cheviots and Mixtures. Regular prices of these Suits were \$2.25, \$2.50, \$2.75. Your choice now... \$1.87.

MEN'S SUITS. \$5.00 Fancy Tweed and Worsted Suits reduced to \$3.90. 6:50 Fancy Tweed and Worsted Suits reduced to \$4.30. 8:50 Fancy Tweed and Worsted Suits reduced to \$6.35. 12:00 Fancy Tweed and Worsted Suits reduced to \$6.65. 15:00 Fancy Tweed and Worsted Suits reduced to \$10.65. 25:00 Fancy Tweed and Worsted Suits reduced to \$18.85.

MEN'S OVERCOATS. \$10.00 Coats reduced to \$7.95. \$12.00 Coats reduced to \$9.35. Regular \$8.00 Coats reduced to \$6.35. Regular \$7.00 Coats reduced to \$5.75. Regular \$8.50 Coats reduced to \$6.75.

MEN'S TROUSERS. \$1.50 Fancy Tweed Trousers reduced to \$1.15. 1:75 Fancy Tweed Trousers reduced to \$1.85. 2:50 Fancy Tweed Trousers reduced to \$1.98. 3:00 Fancy Worsted Trousers reduced to \$2.45. 3:75 Fancy Worsted Trousers reduced to \$2.90. 4:00 Fancy Worsted Trousers reduced to \$3.10.

There is only one way to be certain you're getting the most for your money, and that is to shop around and make comparisons. And that's what we advise you to do. We are so sure we can do better for you than anyone else that we urge you to do all the looking around you care to before coming here. No matter how alluringly low the prices may be, you can't be sure you are getting the best value until you see what the same money will do for you at OAK HALL. And in every case you'll be glad you went to Oak Hall before you made your purchase.

Sale Continues All This Week. Ending Saturday. Oak Hall--Scovil Bros., Ltd.--St. John, N. B.

MELVILLE VIEW

It Will Be Worth Your While to Investigate

Have You Money To Invest?

Here is a Proposition That Will Repay Your Attention

Everyone is familiar with the fortunes that have been and are daily being made out of holdings in the rapidly growing towns of the Canadian West. Winnipeg, Regina, Saskatoon, Calgary, Edmonton and many other western cities have, by their almost supernatural development, filled the pockets of those who had the foresight to invest in realty when those places were in the making.

Perhaps you missed those. Here, then, is another opportunity.

Have You Heard of Melville?

Melville, Saskatchewan, we mean! Three years ago it had scarcely been conceived. Two years since it was born, and now with that amazing progress which stamps certain towns as distinctly western, it has a population of 2,000 people. Its past is so recent that the word seems a misnomer; its present spells "opportunity" and the end is not yet.

Melville, Sask., is the Chief Division Point on the Grand Trunk Pacific West of Winnipeg.

LET US TELL WHAT WE HAVE FOR YOU AT MELVILLE

One-half mile from the Grand Trunk Pacific Railway at Melville View, subdivided into lots of 30 feet frontage, ranging in depth from 120 feet upward.

Much serious thought was given to the location of Melville View before it was platted. Our chief consideration was, of course, to choose that portion of the city towards which the tide of both business and home-making was flowing. Also we wanted to keep as near as possible to the business centre and the railway station. In Melville View we believe we have accomplished both objects.

Melville View is that portion of the city in which people who live at Melville and realize its rapid growth are making their investments. It is THE location. Melville presents what is today probably the best real estate investment in the best district in Western Canada. The wisdom of our choice, is being confirmed daily by the rapidity with which these lots are meeting with buyers.

At the very heart of Melville View there is to be a park. Opposite the park is the proposed school site, and that, however rapidly the city may expand, you will always be assured of pleasant surroundings. There is not a lot in the subdivision which is not in reality worth much more than we are asking for it. Of course, some are better than others on account of location.

The terms are practically your own. What's the use of plodding on year after year, with nothing in view but a small increase in salary per annum? Don't you ever realize that your earning capacity will decrease after you have reached a certain age? How often we hear the saying, "If I'd only taken a chance," after opportunities have been thrown away! Regret, however, is a poor substitute as a money-maker. The future of a man's health is uncertain. The future of a real estate investment in the most progressive city in Western Canada, one with a growth that is unprecedented, is assured. If you are convinced that you owe it to yourself and your heirs to purchase one or more of these lots you have fulfilled your obligation. The terms we will make to suit your pocketbook.

Here, then, is the opportunity. The location is without equal. The prices are absurdly low. Every day's delay lessens your chance of obtaining a portion of Melville View. Booklet and further information on application to J. A. BARRY, Barrister, Robinson Block, St. John.

Melville—A Distributing Centre; Depot and Business Blocks in the Background.

The lots in Melville View we offer to you at prices ranging from \$40 to \$130 each, with \$10 extra for corners. The terms are one-fifth per lot cash, balance \$2.50 per lot per month, with interest at 6 per cent.

Facts About Melville

The Future of Melville is on Every Tongue

MELVILLE has the advantage of being a new town.

MELVILLE is the principal divisional point on the Grand Trunk Pacific between Winnipeg and the Coast.

MELVILLE is 230 miles west of Winnipeg and only 870 miles from the outlet of the Great Hudson Bay route.

MELVILLE will be the headquarters for and will derive the benefit from the enormous traffic of the G.T.P. by way of the Hudson Bay.

With the completion of the Hudson Bay road the grain route to Europe by Melville will be shortened 1,000 miles.

In addition to being on the main line of the G. T. P., Melville has two branch lines nearing completion, one to Yorkton and another to Regina.

Its streets resound with the hammers of industry by day and whole blocks grow up almost in a night. Opportunities are here for investment; today is yours, if you make it; tomorrow it may be the other fellow's. Melville property is worth considering.

Read What The Minneapolis Journal of March 31 Says:

Melville Second Winnipeg

Divisional Town of Grand Trunk Has Rapid Growth

Melville, Saskatchewan, the largest divisional town of the Grand Trunk Pacific Railway of Western Canada, is already hailed as a second Winnipeg. Where two years ago was a bare stretch of prairie is now a little city of 2,000 people, with wholesale houses that have recognized the growing town as the natural distributing point of a country comprising millions of acres of the choicest land in Western Canada. It has a fine railway station, banks, churches, schools and handsome residences. Melville is destined to be the operating base of the Hudson Bay Railway, by which there will be a saving of over one thousand miles in distance in comparison with the Montreal route to Liverpool. It will then be headquarters for the Grand Trunk Pacific by the way of the Hudson Bay route, and, in addition, will be the terminus of the central-west Grand Trunk Pacific to the United States by way of Regina, and within a very few years it is certain to have a population of not less than 50,000 people. As it is now, Melville can boast of a greater percentage of increase in population per month than some of its rivals can point to per year. Take a map and measure and you will find that from the Twin Cities it is nearer to the British Isles, by the way of Melville and the Hudson Bay route than by way of New York, Boston and other Atlantic seaports. The increases in the price of its real estate indicate what well-informed investors think of its future—for money talks. There is a fortune in Melville real estate for early purchasers. The same opportunities that Winnipeg presented fifteen years ago are found here in Melville today.

FARMER WILL GIVE UP HIS WIFE TO HIS RIVAL

"I Still Love Her But Can't See Her Unhappy," He Says

Hammond, Ind., July 20.—Emulating the example of John Hattie and other men known to fame and history, Gill Swets, a farmer living near this city, will free his wife because he clearly loves her and because she loves another.

Swets is young; he is prosperous and he is of stalwart form and attractive face. He is still infatuated with the young woman, herself young and pretty, whom he married a few years ago. Another man came between Swets and his wife. To Swets this man is known as "John." He will not disclose the identity of his rival. Mrs. Swets left home. Her husband grieved for her. He pleaded with her to return.

"My home is always and will always be open to you," he wrote her more than once. "Divorce was a thing of which he never had dreamed until he received a pathetic letter from his wife asking him to free her so that she might be free to marry 'John.'"

"The letter was signed 'Hattie,'" the wife's letter read. "He loves me dearly. I am his. Tell me I am free and I will marry him. You are making three lives miserable now, for I am no longer yours, but John's. I am his and his alone. If you do not let me have a kind word from him as soon as possible, so he can take and have me. Do this, Gill, as an act of kindness to the woman you love so goodly. Unlike our hearts that beat as one. Don't keep me tied. I did wrong in marrying you when I didn't love you. Forgive me, dear."

The letter was signed "Hattie."

The wife's divorce bill has been filed in the courts here.

"What else could I do?" he asked simply, when questioned about the matter. "I didn't want to see the little girl made unhappy for the rest of her life. I couldn't think of myself alone; she was to be thought of too."

"Will you marry again?"

"Never," was the answer. "Some day Hattie may want to come back home."

GREAT QUANTITIES OF GRAIN AT MONTREAL AWAITING SHIPMENT

Montreal, July 20.—The harbor of Montreal is suffering from a congestion of grain. The elevators are totally unable to handle, expeditiously and profitably, the grain of need for transportation from the West. The elevators carry it down from Fort William to the ocean vessels which convey it across the ocean. The rain has been the opening of navigation this spring and it has never for an instant let up. Ships are compelled to wait for days a time before they can be unloaded. Elevators have been working day and night in a vain effort to keep up with the flood of grain, but all to no purpose.

INDIAN FEATURE OF THE YEAR, AT "UNIQUE"

The announcement that Billy Williams would make her return here at the "Unique" Monday, was the cause of packed houses at every performance to welcome the popular little singer who mightily pleased all hands in the rendition of "What's in Your Mind?" Tomorrow's row will be heard at her best in the charming song "I'm Awfully Glad I Met You." An exceptionally strong picture program, including a big release of the Kalevala which is considered to be the Indian feature film of the season, entitled "The Colonel's Errand." It depicts Indian life on the frontier and tells an interesting and thrilling story. "Catching Fish With Dynamite" is a Pathé industrial of Milanese life, representing how the natives use the explosive in stunning the fish.

OLD SHIPMATES MEET

Capt. George Swain, who is now a hotel keeper of Greenwood, but formerly was a shipmate from the Nova Scotia coast, is in Victoria with his wife on a holiday, and is renewing acquaintances with many local shipping men; the majority of whom he has not seen for two decades and some for a quarter of a century. He said his object in coming here was to get another look at old water after twelve years.

Ontario Girls Visit St. John

A party of ten young women, all successful candidates in a newspaper competition conducted by the Standard Publishing Company, St. Catharines (Ont.), arrived in the city yesterday. They are accompanied by W. B. Burgoyne, editor and publisher of the paper, and Mrs. Burgoyne, who is acting as chaperone. Mrs. Emma A. Hill and her young son George, of St. Catharines, are also accompanying the party. The trip which they are enjoying is one which is given every other year by the enterprising paper to the ten girls securing the largest number of subscriptions for it.

Gurax Cholera Intermittent

This complaint is very common in India and is caused by the action of the miasmatic gas of the malarial fever. It is characterized by a sudden attack of vomiting and diarrhoea, which is followed by a state of collapse. The patient is unable to take any food or drink, and the pulse is very weak. The disease is very dangerous, and if not treated promptly, it may result in death.

CLEANLINESS IN DENTISTRY

If people knew the fearful risk they run of infection from unclean dentistry they would better realize the awful chances they take and what a mighty important factor cleanliness is. No one has ever disputed the fact that there are no cleaner offices in Canada than ours. This is worthy of consideration.

The fall day of the children of St. Peter's parish was held yesterday in honor of Very Rev. Patrick Murray, rector major of the Redemption order. A most enjoyable day was spent by the children who availed themselves of the amusements afforded, such as swings, testers, etc. Refreshments were served and at the close a number of hymns were sung for Father Murray, who briefly addressed the children. This evening there will be an informal reception for the rector major and the visiting priests, Rev. F. Parro, C. S. R., Rev. Fr. Speidel, C. S. R., and Rev. James Hayes, C. S. R.

Magistrate Ritchie held quite a lengthy session in the police court this morning. The first case to come before his honor was that of Robert Campbell, charged with selling liquor without a license on May 23rd. Campbell was in court and pleaded not guilty. The case was postponed, however, on account of Campbell's counsel not being able to attend.

The next case was that of Wilson Speight, bartender for William Speight, who conducts a saloon on Main street. He was charged with selling liquor to William Lockhart, an interdict, on July 11. Speight wished to have the case postponed in order that he might be represented by counsel, but the evidence of Mrs. Lockhart, Sergeant Kilpatrick and Inspector Jones was taken.

Mrs. Lockhart said that her husband was addicted to the use of strong liquor, and that she had his name placed on the interdict list. She stated that on the night in question she saw her husband in Speight's barroom. The bar was rather dark, but she saw her husband raise something to his lips. She said that she had been following him all that night as she wanted to find out where he was getting the liquor. She could not positively state whether her husband received any liquor in Speight's that night or not.

Inspector Jones gave evidence that Lockhart's name was on the interdict list. The case was then postponed until Friday morning at 10 o'clock.

William Guitro, arrested by Sergeant Baxter, for being drunk on a wharf off Water street, was fined \$8 or two months in jail with hard labor. Guitro stated that he had only several drinks of soft beer, and did not think he was drunk.

Patrick Walsh, arrested by Policeman Rankine, for being drunk on Water street, told the court a pitiful tale. He said he formerly lived in Campbellton, but was burned out in the recent conflagration. He was on his way to Fredericton to visit his brother, but happened to take a couple of drinks while in the city. His tale of woe did not go very far with the magistrate, for he was fined \$8 or thirty days in jail with hard labor.

The case of St. Clair McKel and Ward Stevens, charged with fighting together on the Elm street extension, north end, was then brought on. Each man accused the other of having started the fight. Both pleaded guilty, but put forth the plea of self-defence.

Sergeant Kilpatrick was the first witness called. He told about going to Elm street, finding the two men covered with blood. Both had been fighting. He reported them. He stated that he was not present when the fight was on. Stevens here stated that he would like to have the case settled amicably before it went any further, but his honor told him that as long as the case had come up, it would have to be continued.

Harold McKel, son of McKel, was called. He said that he had taken a wheelbarrow full of garbage down to the Elm street dump, and that Stevens had caught hold of him and threw him to the ground, telling him that he could not dump his stuff there. He went home and told his father. He was not present when the fight was in progress. Another boy named Cyril Kane gave evidence about going to the dump with young McKel.

Stevens told the court that he wished to have a witness named Paris present in court, and asked the magistrate to postpone the case. The case was postponed until tomorrow morning at 9:30.

McLAUGHLIN THE BOY FIEND, GETS 8 YEARS

Pleaded "Guilty" to Five Counts in the Indictment

JUDGE SCORES HIM

Tells the Boy a Wild Beast is Better Than He—McRae to be Sent to Quebec—Quinlan and Gallagher Allowed Out

His Honor Judge Forbes opened the special session of the County Court, criminal side, in the Court house this morning at half past ten. Four criminal cases were brought up for trial. Charles McLaughlin, the boy fiend, who has been assaulting small children, pleaded guilty to five charges, and was given a term of eight years in the penitentiary. McKie, who escaped from the Boys' Industrial school, pleaded guilty and was sent back to jail pending the completion of arrangements to send him to his home in Quebec. Quinlan and Gallagher pleaded guilty to stealing seventy-five dollars, the property of W. J. Dalgle, and were allowed out under suspended sentence.

When the court opened, half past ten the prisoners were brought in. The case of the King vs. Charles McLaughlin was taken up first. C. H. Ferguson appeared for the crown, and the accused was not represented. The indictment which was read to the prisoner by Judge Forbes consisted of five charges. He is charged with assaulting Eric Hepburn, on April 28 last, James E. Ingraham, on May 2, James Donovan, on May 16; Vance W. Deyden, on May 23, and Fred W. Whited, on September 1, 1909. A charge of criminal assault on a little girl was not pressed. His Honor coming to the conclusion that the evidence was not sufficient to place the accused on trial.

As each charge was read over to McLaughlin and his plea requested, he said in a clear voice "guilty." His Honor then sentenced him to two years in Dorchester Penitentiary on each charge, with the exception of the Hepburn case, on which sentence was suspended. The terms are to run consecutively.

In passing sentence on McLaughlin, His Honor said: "You have pleaded guilty to five charges of assaulting little children. If they had been boys of your own age, there might have been some excuse, but instead of playing fair and attacking some of your own age, you picked on helpless children. I am informed that the lad Ingraham has been seriously injured by you, and that it might result fatally. If so, you will answer for it."

"You are a menace to the community, and too dangerous to be allowed your liberty. You have developed all the instincts of a wild beast. In fact, a wild beast is better than you. I am going to sentence you to a long term in the penitentiary, where you will be well cared for. If you do not improve there, the sentence will be reduced and then you can go away from this province and become a useful citizen."

His Honor then sentenced the prisoner to eight years in the penitentiary as per previous stated. McLaughlin took his seat with a smile.

Robert McKie, charged with escaping from the Boys' Industrial Home, Croucheville, on May 17, last, pleaded guilty, and sentence was suspended. He is being confined in good pending completion of arrangements to send him away.

Patrick Quinlan and Thomas L. Gallagher, charged with stealing seventy-five dollars, the property of William J. Dalton, pleaded guilty, and were allowed out under suspended sentence.

His Honor intimated that if they were ever seen together, he would instruct the police to arrest them, and both would get a long term in the penitentiary. E. S. Ritchie, appearing for Quinlan, and J. B. M. Baxter, K. C., for Gallagher.

MR. HATHEWAY WANTS GUARANTEE FROM C. P. R. The council of the board of trade met this morning at 11 o'clock, when a special committee was appointed to make arrangements for the meeting here of the Royal Commission on Technical Education. The committee will be composed of members of the manufacturers and educators' committee of the board and they will meet tomorrow, the 22nd. Mr. F. Hatheway, M.P.P., gave notice of the following motion which he will move at the next meeting of the full board on the 29th: Resolved, that this Board of Trade approve of the proposal now before the Commission regarding the transfer to the C. P. R. Co. of the 40 acres of land near Blue Rock, West End, but we urge that a clause be added stating that the C. P. R. Co. must expend within 10 years from date of transfer deed, the sum of not less than \$50,000 for filling in, track laying, and such other improvements as are needed for a railway yard, failing such expenditure the property to revert to the city.

The committee appointed to represent the board in connection with the relief of the Campbellton fire sufferers, reported on their action.
