STORM CARRIES DESTRUCTION IN WAKE

ATLANTIC COAST  
LASHED BY GALE,  
VESSELS SUFFER

Two Schooners With 5  
Of Crews Are  
Missing

SUBMARINE HITS  
Numerous Accidents Ashore  
Also Result From Fierce  
Blizzard

People early out this morning on their way to business had to battle something of a gale for the wind blew 33 miles an hour. Since yesterday morning until noon today there was a marked variation in weather conditions, the thermometer showing a range of 52 degrees. Early yesterday morning it was 16 degrees below zero and at 3 o'clock in the afternoon had climbed to 22 degrees above, a range of 38 degrees. The temperature at noon today was 36 above. During the night a snow storm developed during which the total precipitation was three inches. This was followed by hail and sleet. So far this month 34 inches of snow has fallen as compared with 21 inches for January, 1924.

NEW YORK, Jan. 30.—Coastwise shipping was imperilled, two schooners with five members of their crews reported lost and the United States navy submarine S-46 was in distress off Portsmouth, N. H., today, as a result of a terrific storm that swept the Atlantic seaboard last night.

With gales that at times reached a velocity of sixty miles an hour, the blizzard lashed the east with another general layer of snow and the total of the metropolitan area alone during the last 48 hours, stood at ten today.

The captain and four members of the crew of the four masted schooner Comstock took to the masts when their crippled vessel was pounding to pieces off Sandhook, N. J., during the blizzard.

The steamer El Abdo crashed into the army dredge Raritan off Staten Island, but no one was seriously injured.

The four masted schooner Herbert L. Rawlings was feared to have been lost at sea. The coastguard cutter Cross-ham, after a 24 hour search, reported no trace of the missing vessel.

The shipping board steamer Parat was disabled 50 miles off Cape Henry with water in her fuel oil and had to be towed to Hampton Roads.

Ashore, as at sea, the fierce blizzard resulted in numerous accidents, fires and casualties.

The lives of 4,000 school children were endangered when fire starting from an overheated stove, destroyed a big structure adjoining public school will in North Bergen, N. J., and a 17 structure in Brooklyn.

Ice tracks caused a trolley to run into a woman and seriously hurt her in the dash that followed.

N. S. Vessel Ashore.  
SOUTHWEST HARBOR, Maine, Jan. 30.—The three-masted schr. Francis Parsons of Passamaquoddy, N. S., was ashore on King's Point here in northeast blizzard early today. The vessel lies in a dangerous position and east guardmen from the Cranberry station are standing by. The schooner had been in harbor here for three days awaiting favorable weather, but no light.

New York State Swept.  
ALBANY, N. Y., Jan. 30.—One of the worst snowstorms in the last decade swept and swirled across New York State today, paralyzing traffic, causing many accidents and closing schools in many cities. Rural mail carriers were unable to make their trips in many sections and farmers' milk deliveries were also made impossible.

Submarine Crew Rescued.  
PORTSMOUTH, N. H., Jan. 30.—The crew of the submarine S-46, which was driven ashore off the entrance to Portsmouth harbor last night, was taken off by coast guardmen this morning. The men were suffering from exposure. The submarine was partially submerged.

Bullet Saves  
An Operation

CLEVELAND, Ohio, Jan. 30.—Playing with a revolver, five-year-old Joey Bordonaro shot himself. The bullet severed Joey's appendix at the exact spot where a surgeon's knife would have been applied. When the doctors reached in for the appendix they found it had been in such bad shape that it would have had to be removed in a few years anyway. Joey left the hospital today.

HIGHER NAVAL  
ESTIMATES MEET  
OPPOSITION

Treasury of Britain Is Against Increase Of £10,000,000

Beatty Says Greater Sum Necessary to Guarantee Safety of Nation

LONDON, Jan. 30.—An increase of nearly £10,000,000 in the British naval estimates for the coming financial year is said to have been demanded by the Admiralty, and to be meeting with resistance from the Treasury.

Earl Beatty, who as First Sea Lord usually figures in political gossip as champion of generous expenditures for the navy, has submitted estimates for £25,000,000, maintaining that this is the lowest figure compatible with the safety of the nation.

The estimates for the current year are £25,000,000 and the proposed increase is said to be necessitated by continuance of the cruiser building programme and the contemplated construction of more destroyers and submarines.

Some of the news writers say there is a sharp tussle between Earl Beatty and Mr. Churchill, and the Daily Mail declares there is much speculation in political circles as to what Beatty will do if his estimates are cut.

Selling the Maritimes  
To the West

GETTING ACQUAINTED  
(An Editorial.)

That ye may talk together, brother to brother's face—  
Thus for the good of your peoples—thus for the Pride of the Race.  
—From "A Song of the English"—Kipling.

It is not to be doubted that the Maritimes and the six provinces westward of them, containing eight million more Canadians, have today discovered one another in a striking way.

Our missionaries, on behalf of the Maritimes, have carried a message to the West, and, what is equally important, they have sent back to us in the Maritimes a message from the West. And from this interchange, and from the personal contact which has marked the Telegraph-Journal's and Time's Star's mission throughout, have come both discovery and revelation.

We in the Maritimes have discovered that the Canadians west of us in many respects have been painted falsely for us, and they, in turn, have discovered that some of the long-range pictures of the Maritime Provinces, the truth of which they have hitherto taken for granted—as we on our part have taken too much for granted concerning them—have been misleading and injurious.

We are getting acquainted.

THE stream of benefits, not alone for these Provinces by the Sea, but for all the other Provinces of our Confederation, which will flow from this real acquaintance, this unity of aims and of objectives translated into action, should be great beyond measure if we continue and perfect the acquaintance; because in that way we shall make the spirit of Canadianism all powerful, a throbbing and resistless force in the national consciousness.

We had been told—and we now discover with uncommon relief and pleasure that it is not so—that the people of the other Provinces were cold or careless concerning the use of Maritime ports, and also concerning the problems and disabilities under which the Maritimes have been laboring. The truth, as revealed by the representatives of these newspapers in the course of their progress through the West, is that everywhere, without exception, they have found that the people there are not only willing but anxious to have their imports and exports carried through Canadian ports, through those of the Maritimes in their season, and through Quebec, Montreal and Vancouver.

It has been found true, to some extent, that the West-erners have not in the past been thinking sufficiently upon the importance of such a policy, and that they have not hitherto recognized how greatly they, as well as we, would benefit by the results which would arise from a national transportation policy that would give new vigor, fresh confidence, and a striking increase of material prosperity to the whole Dominion.

The Maritimes have discovered a new West, eager to understand, quick to respond anxious to co-operate with the Maritime Provinces for the general good.

BUT that is not all. The benefit has been mutual. The West, from the speeches and interviews of our representatives, and from an examination of the truly national policies and the Dominion-wide co-operation which they have propounded on behalf of the Maritimes, have learned that we are not merely a sectional and a complaining people, but that we stand firmly upon our own feet, resolute, confident, firmly and consciously purposed to give as well as to take, to share national work and national benefits alike, and to do our full part in making the Canadian army march as a unit and not as disorganized and straggling divisions with no common objective.

Surely it would be a misfortune of the gravest proportion if this understanding, so happily begun and already so visibly advanced, were to lack hereafter the driving and developing force from further and sustained effort along the same lines, in order that there may grow out of it—and the first and important instalments should come very soon—extensive and concrete commitments and accomplishments in the matter of national policies, boldly conceived and vigorously prosecuted, for the upbuilding and the unifying of the provinces which constitute this Confederation and which make up the greatest of the self-governing Dominions of the Empire.

THIS growth of understanding, this cemented acquaintanceship, this all-Canadian contact, must be perfected not only through a continuous exchange of ideas, but likewise by means of a carefully studied program whereby representative bodies of citizens from each of the provinces will visit in turn all of the others, in order that we may arrive at a first-hand knowledge of one another. That wider acquaintanceship among Canadians, it must be obvious, would breed a greater unity of purpose and a most fruitful national co-operation. It would spread to Parliament and become a vital force there. Indeed, if it is wisely and strongly developed, it would soon bring to Canada a day when no man might occupy a seat in the House of Commons or in the Senate unless he first qualified himself for that representative position by personally visiting every Province of this Confederation, and had made himself acquainted with the people and their problems upon their own ground.

It must be evident—and it is deeply significant—that already this movement to sell the Maritimes to the West has outgrown the first hurried public conception of it, and that it has become a continuous exchange of ideas, and one pregnant with the vast possibilities of good for the Dominion at large. Let it be the business of all good Canadians, in the Maritime Provinces and elsewhere, to join generously and confidently in this enterprise, assured that the dividends will be rich beyond measure, and that they will be distributed lavishly and equitably from Halifax to Victoria.

FULL REPORTS of the Woodstock, Ont., and Winnipeg meetings addressed in the interests of the Maritime Provinces by The Telegraph-Journal and Times-Star representatives, Messrs. J. D. McKenna and A. M. Belding, appear on the first page of the second section of this issue.

SUGGESTION TO  
BE PRESENTED  
TO GOVERNMENT

Plan To Pay Dependents of Married Prisoners

ST. JOHN SPEAKER

Rev. Neil McLaughlin Qualifies Startling Remark Made At Meeting

HAMILTON, Ont., Jan. 10.—If a recommendation which will be presented to the Minister of Justice by the Social Service Council of Canada is approved by the Federal government, prisoners in the jails and penitentiaries of the Dominion will be paid during their incarceration for their labor.

The recommendation, which was contained in a report on criminology by Magistrate Jones, of Toronto, suggested that the money be paid to single men on their release from prison and to the dependents of married men, and met with the hearty approval of the Social Service Council which closed here last night.

Bordeaux Jail Criticized. Magistrate Jones criticized the Montreal authorities in connection with Bordeaux Jail, stating that \$300,000 had been expended on an elaborate prison, while the food was a disgrace. He added that a farm was operated in connection with it but the prisoners are not allowed to share the produce of their labor. They do not receive fresh fruit or green vegetables, but live on porridge and syrup and "stew like water."

That an individual who sent a man to prison before knowing that his dependents would be properly provided for was as bad as the offender, was the rather startling statement of Rev. Neil McLaughlin, St. John, N. B. Exception was taken to the remark and Rev. Mr. McLaughlin qualified it by stating that he did not blame the judges or magistrates, but the law.

Other recommendations in the report were: Extension of the parole system; appointment of parole boards by various provinces; erection of proper institutions for the care of the feeble-minded both harmless and criminal; extension of provisions of indeterminate sentences; the passing of a probation act in other provinces the same as now in force in Ontario and central places for executions in Nova Scotia, New Brunswick, Ontario and Quebec.

TURKS MUST WEAR  
HOME-MADE CLOTHES

Heavy Fines and Confiscation Punishment For All Who Offend.

CONSTANTINOPLE, Jan. 30.—Under a law just passed members of Parliament, Mayors, teachers, Government officials, troops and policemen will be compelled to wear clothing and footwear manufactured in Turkey. Within three months from the date of the decree all the clothing will have to be officially stamped with a Turkish sign to show that the garments have been made in the homeland.

Heavy fines, together with the confiscation of the clothing, will be imposed upon those wearing anything of non-Turkish manufacture.

J. H. CROCKETT POTENTATE OF LUXOR SHRINE

Nobles Have Annual Session and Big Ceremonial Here.

CHARLES ROBINSON 15th TIME RECORDER

Temple Reported in Excellent Condition - Representatives to Imperial

The annual meeting of Luxor Temple, Mystic Shrine, held in Masonic Temple, Germain street, yesterday afternoon and evening, proved one of the best in the history of the organization and was featured with the attendance of a delegation from Philae Temple, Halifax, along with the election of J. Herbert Crockett, of St. John, Illustrations Potentate, and the re-election of Charles Robinson as recorder for the fifteenth time, and A. M. Rowan as treasurer for the ninth time.

Afternoon Session. The meeting opened at 2 o'clock in the afternoon when P. M. Tweedie, Clatham, who finished his term as Illustrations Potentate, gave an interesting address to the nobles.

Charles Robinson, the recorder, presented his report, showing an increase in membership and finances during the last year.

The report of the treasurer, A. M. Rowan, and that of the audit committee, showed the temple to be in a flourishing condition. The trustees reported upon the bonds held by the temple, which amounts to \$12,000 to their credit. Joseph Cameron, chairman of the property committee, reported that with the addition of paraphernalia during the last year, Luxor Temple is now listed out as well as any temple in North America.

Reports were received from the representatives who attended the sessions of the Imperial Council held at St. John's last June, the delegates giving an interesting account of the proceedings that occasion.

Election of Officers. The following officers were elected the ensuing year: Illustrations Potentate, J. Herbert Crockett; chief dekan, Orval B. Robson, Moncton; senior rabban, LEB. Wilson; high priest and prophet, Robert Carson; rental guide, Dr. Farris S. Sawary; treasurer, A. M. Rowan; recorder, Charles Robinson.

The additional members elected to the executive were Norman E. Shaw, W. W. Wigmore, John Robert Polly, St. Stephen, Frederick Carson, Woodstock, and Joseph W. Cameron. The officers together with the five additional from the executive.

Choose Delegates. Representatives to the Imperial Council, to be held at Los Angeles on June 2 and 4 of this year, were chosen as follows: Alex McEannan, Campbellton; Rev. H. G. Fulton, St. John; Ambrose Whelan, Moncton.

The usual grants were passed as follows: Wiggins Orphanage, \$25; Children's Aid Society, \$25, and \$20 to the oldsters' Memorial Hospital at Campbellton, for the upkeep of Luxor Temple's room.

The Ceremonial. At 8:30 o'clock one of the most successful ceremonial meetings ever held at Luxor Temple was carried through when 20 candidates walked the hot sands of the desert as well as going through other stunts only known to the nobles.

A delegation from Philae Temple, of Halifax, was given a hearty reception when introduced by Noble James Gibson, of Woodstock. The delegation was composed of the following: P. J. S. Ohio, potentate; McCulloch, past potentate; George Munro, past potentate; F. S. Burns, C. L. Grant, J. S. Acheson, James E. Dean, P. D. Hites, N. T. Avarad, George Stevens, A. S. Johnston, R. J. Stevens, A. R. Couper and R. H. O'Neill.

At the conclusion of the ceremonial the nobles adjourned to the banquet hall where a buffet lunch was served which was followed with short addresses and songs.

About 200 nobles were present, including visitors from outside the province, and a most successful session was brought to a close with the singing of Auld Lang Syne and God Save the King.

Regret was expressed at the absence of Noble L. T. Joudry, Campbellton; Dr. Percy Lauchlin, Milton, and Dr. H. S. Bridges, St. John, and the secretary was instructed to write these members.

THE DISSATISFIED MR. WELLS

Mr. H. G. Wells, concerning whom nearly everything is of interest because of the fashion in which his rapidly functioning brain challenges the attention of his great public, has broken out from a new angle. He describes as an "Outbreak of Auto-Obituary" the final chapter in his new book called "A Year of Prophecy."

He tells in this chapter some of the things he is against. The list is about as long as the "Catalogue of the Ships," but a little of it will suffice to give the general flavor. While he is speaking particularly of Great Britain, he includes to some extent the United States, and, inferentially, Canada as well. He is against "the clothes we wear, and the food we eat, the houses we live in, the schools we have, our amusements, our money, our ways of trading, our ways of making our compromises and agreements, our articles of political association, the British Empire, the American Constitution."

"I think most of the clothes ugly and dirty, most of the food bad, the houses wretched, the schools stupid, the money feeble, the amusements dull, the monetary methods silly, our ways of trading base and wasteful, our production piecemeal and wasteful, our political arrangements solemnly idiotic. Most of my activities have been to get my soul and something of my body out of the customs, outlook, boredom and contaminations of the current phase of life."

We do not know precisely what Mr. Wells has against the British Empire, but he is bold enough to attempt to improve even that, and the rest of his opinions, even if briefly, but they lack his powers of expression, and while perhaps they despair of personally undertaking any cure for the deficiencies they see in life, they are bunched with dissatisfaction by reading Mr. Wells' able railing against life as we live it. The amusement he creates in some quarters, and the thinking he incites in others, are in many ways without value in a world inhabited by folk who are just human.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

The Lincoln Type

(The Listener in Boston Transcript.) Lately there has been an astonishing development of Abraham Lincoln's various parts of the country. Men seem to be turning up who bear a striking physical resemblance to the great man whom Lowell called the First American. The papers contain accounts of them and print their pictures, which often strangely, though perhaps roughly, suggest the towering form and uncut features of Lincoln. We have had several men acting the part of Lincoln in plays, and one who has been able to counterfeite very closely the physical presentation of the original. The most striking resemblance of this kind which the Listener has seen is that of a man named Bull, in California, who in many respects bears a striking resemblance to Lincoln. He is four feet in height, is Lincoln's height, weighs 189 pounds, to Lincoln's 190. He has almost the same nose, the same sloping forehead, the same mop of hair, the same deep-set eyes and overhanging brows, and precisely the same features of the face. He is in the same sloping forehead, the same mop of hair, the same deep-set eyes and overhanging brows, and precisely the same features of the face.

Paganini's Violins

(Leonora Speyer in "Voces.") All April's lack in bar most lavish say. Know less of song than these O mournful two. Birds of Cremona, what shall rouse in you. The keen, edged sound once scattered. Like carrier doves, dismissed, unwinged, you lie. In dusty fame, your loosened strings untrue. To this no mood for lordly violins! These mellow masters in their display. Behind museum doors! These gypsy kings! I'd see them singing, tucked beneath the chin. Or fiddle-folk whose fingers know the way. Fringing like peacocks up the four gay strings!

IN LIGHTER VEIN

Customer—"I would like to see some cheap skates."  
Salesman—"Just a moment and I'll point out the two floorwalkers."  
Innuendo.  
Marble—"They say that Maud never in the slightest degree forgets herself."  
Marble—"Isn't that wonderful? There's a man that might easily become misplaced."  
Good As New.  
Marks—"I suppose you are planning to make some good resolutions."  
Parke—"No, I'm pretty well stuck up in that line. You see, I never used those I made last year."  
Wonderful Incident.  
Wise (with newspaper)—"It tells here of a pair of robins nesting within a few feet of a blacksmith's anvil. This is a very interesting incident, and it would be well to rest on the anvil itself, would it be to risk having their eggs smashed."  
Lewish Spender  
"I hear that Tammas is pretty close to his money."  
"Ay, Tammas can break a saxepeen buyin' a Monday mornin' paper and have spendin' money at the rest o' the week."  
A Fair Question.  
Youth—"My grandfather settled here sixty years ago."  
Business girl—"Did he owe much?"  
Sweet Incident.  
Newsw—"What's wrong with the pie crust? It doesn't cover the pie."  
Mrs. Newsw—"Why, dearest, I asked your mother how to make the crust to suit you, and she said to make the crust 'short.'"  
No Touch.  
"Saw you talking to Borrows just now. Did he strike you for a loan?"  
"Well, he struck me, but he didn't touch me."  
The Silence Cure.  
"I can't imagine why Stutterton married that Miss Strongmild."  
"Nor I. However, she's curing him of the stammering habit."  
"Yes, she doesn't give him a chance to talk at all now."  
A Somber Notion.  
The large number of fatal motor accidents last year leads a correspondent to remark that Death must have traded his pale horse for an automobile.  
Undeniable.  
"What was the result of the flood?"  
"Asked the Sunday school teacher."  
"Mud," one youngster answered.  
Pa Gets Sarcastic.  
"Pa, what's the difference between a luxury and a necessity?"  
"You can do without a necessity, my son, without losing the respect of the neighbors."  
Denied the Charge.  
Kind lady—"You should brace up, my poor man. Remember what you owe to society."  
Mother—"I don't owe society nothing. What do yer think I've been doin'—playin' bridge?"  
Painful.  
An amateur skater named Gear. Whose efforts were wobbly and queer. Remarkable as he rose: "I need teaching, Lord knows!" For I now skate entirely by ear.  
A Critic Criticized.  
James Agate in London Chronicle—"Nine-tenths of our screen idols are, as an English poet has said, 'fauntly false, jolly regular, splendidly null.'" Said then, James? Certainly not! Tennyson wrote that line in 1825, long before screen idols were count of. And apart from that, James, your statement isn't true—no, sir, isn't so!

Attorney-General Declares Record of Veniot Government is What Electors Must Approve or Condemn

BATHURST, N. B., Jan. 29.—Hon. I. C. Rand, of Moncton, Attorney-General, and James L. Ryan, of Bathurst, lawyer, the Liberal and Conservative candidates, respectively, nominated this morning to contest the county of Gloucester in the provincial election held next Thursday, both addressed the voters at a largely attended meeting in the courtroom this afternoon. The election is made necessary by the elevation to the Supreme Court Bench of Hon. J. P. Byrne, of Bathurst, the former Attorney-General.

Hon. Mr. Rand asserted that in this contest it would be the record of the Veniot Government which the electors would approve or condemn, in those cases where he was recently defeated, federal issues had entered into the campaign and lost the local Liberals the seat. The speech-making was deferred until 2 p. m., at which hour the court room was crowded with male and female voters. On motion of Mr. Ryan, seconded by Mr. Rand, N. A. Landry, K. J. Howard and George Gilbert filed for nomination. At 12 o'clock the sheriff announced that a poll would be granted and the court was closed.

Nomination proceedings were held at the court house in the morning. Sheriff A. J. Meahan was returning of Bathurst, James J. Power and C. T. Richard filed for Ivan C. Rand, while L. R. Howard and George Gilbert filed for James L. Ryan. At 12 o'clock the sheriff announced that a poll would be granted and the court was closed.

Mr. Rand was well applauded. He opened by stating that he was in the contest under peculiar circumstances. He had been extended every courtesy by the Gloucester county, regardless of political affiliation. He was contesting the present election owing to his defeat in the previous election. He was contesting the present election owing to his defeat in the previous election.

Public Debt. The speaker contended that examination of the provincial accounts, shown Oct. 30, revealed the increase in the public debt to be \$11,000,000. This was divided as follows: Musquash department, \$3,000,000; automobile fund, \$3,000,000; permanent bridges, \$3,000,000; and federally aided roads, \$2,000,000.

Ready to Take Power. At least one mill in Gloucester was ready to take 12,000 horsepower as soon as the wires were stretched, he said. Ontario was daily developing water powers to increase its industrial programme. Why, then, should not New Brunswick do likewise?

Mr. Ryan. Mr. Ryan was applauded and cheered for a long time. He first spoke briefly in French, afterwards in English, calling attention to the fact that Justice Byrne had vacated his seat early in October no election had been called until February. He had no personal feeling against either the Premier or the Attorney-General. Why had no election been called early? The opposition had not fixed the election day but rather the Government on the statutory 21 days' notice.

Party Funds. The Attorney-General, he noted, had stated that the funds for the Opposition campaign had come from New York. If there were such things it was news to him, but he feared Mr. Rand had confused campaign funds with the Government Health Act, which had been brought from New York and for which the Municipal Council of Gloucester had been obliged to assess the electors \$4,000 only last week.

POTATO INQUIRY IS ON GENERAL LINES

Hon. Mr. P. Jones, Here to Sail For England, Says no Direct Charge.

The inquiry into the alleged combine among New Brunswick potato shippers would probably reopen shortly, the commissioner having returned to Ottawa to await word from P. J. Hughes, of Fredericton, after the trial of Harry Williams, Hon. W. E. Jones, of Woodstock, said last night. The matter of investigation had changed considerably from its first appearance, he said. It seemed that there were no direct allegations against any person in the investigation, he said. The commissioner was inquiring generally into the potato situation in the province.

No Direct Charges. The men at first thought to have been charged with operating a combine in shipping, Messrs. Hatfield, Gallagher and Porter, had retained Mr. Jones to defend them, but, on the commencement of the inquiry, he had been informed that there were no direct charges against any person, he said. The men to be represented at the hearing. The probable programme of the investigation, he said, would be to have one witness called.

ROTHESAY COLLEGIATE SCHOOL, ROTHESAY, N. B. Jan. 28, 1925.

E. L. Field, Esq., 137 Germain St., St. John, N. B. Dear Sir: In reply to your enquiry of the 24th inst. I would say that the Robb Coal Carburetor which you installed on one of our furnaces has given great satisfaction.

We have found it easier to maintain a uniform heat from the furnace, while the smaller amount of ash shows plainly that there is now better combustion than we ever had before. We are considering installing these carburetors on the other furnaces and I should be glad to know what the cost would be.

Yours faithfully, (Sgd.) W. R. HIBBARD, Head Master.

FIRST AID WORK THRIVED HERE, REPORTS SHOW

Annual Meeting of St. John Ambulance Association Held.

DR. JAMES MAGEE CHOSEN PRESIDENT

Large Number of Awards Presented Including Those to Policemen.

Dr. James Magee was elected the new president of the New Brunswick division of the St. John Ambulance Association at the annual meeting last night when a year of advance was reported upon and the retiring president, W. S. Allison, appealed for a wider support in order that a greater work might be undertaken.

Dr. Murray MacLaren, C. M. G., M. P., Dominion president, congratulated the branch on its year's record, saying that everyone at some time must render first aid and every woman assist in some nursing care. He pointed out the essential value of having training in order that the care, when given, should be efficient.

Large Attendance. The meeting was held in the Board of Trade rooms with a large attendance and on the platform were Mr. Allison, who presided; Dr. MacLaren, Dr. W. S. Carter, chief superintendent of education; Mayor Potts, Miss Dorothy Purdy, Girl Guide commissioner, and Harry Lister, Boy Scout field commissioner.

Mayor Potts, in addressing the large number of policemen receiving awards, expressed appreciation of the opportunity and urged the members of the force to have consideration for those under their supervision. He praised the police for their good work and thanked the association for giving first

aid training to them and so making them able to render a greater service to the community.

Progressive Education. Dr. MacLaren, referring to the re-examination system of the association, said it meant a progressive education and he referred with appreciation to the cooperation the association had received from the civic authorities and from the educational authorities. He would take to the Dominion executive an encouraging report of the St. John division.

Mr. Allison, who as president has been untiring in his efforts on behalf of the association and has contributed greatly to its success, said he enjoyed entering into the work. He specially thanked the secretary, Miss Irene Barber, and hoped that her ideas for extending the work, opening more centres and raising more funds might be carried out. He referred to the loss sustained in the death of the Earl of Ashburnham, provincial vice-president, and wished for Dr. Magee the support that had been accorded himself.

Dr. W. S. Carter. Dr. Carter said he had not realized the scope of the association's work and it must be reassuring to the public of St. John to have the police trained in first aid as it also must be conferring an incalculable benefit on the province to have all of the Normal School students trained in first aid and trained to teach first aid. He extended congratulations.

Mr. Lister assured the association that to the Boy Scouts and Girl Guides associations first aid was an important part of their programme and the scouts and guides would further the St. John Ambulance work in every way possible. The treasurer, Cortlandt Robinson, reported receipts of \$661.16 and a balance of \$44.67.

Miss Barber, as secretary, reported the Provincial shield competition in which the St. John police were winners and a travelling examiner for the Wallace Nesbitt junior trophy had been two special advances made in the year. In the Provincial Normal School 873 students had passed first aid examinations.

Home Nursing. Three classes in home nursing were conducted but a large provincial scheme for home nursing was held over an account of the Red Cross campaign in that direction. First teams from the province competed in Dominion trophy contests and the provincial Wallace Nesbitt competition was the best yet held. Miss K. M. Stewart, of Fredericton, assisted in the examination of the police and the Red Cross Company of Girl Guides won the competition.

HELP KIDNEYS BY DRINKING MORE WATER

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids. Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

DEATHS

Millidge Babcock. AMHERST, N. S., Jan. 29—Millidge Babcock passed away suddenly this morning following an illness of only a few hours. Late last evening he was seized with a violent pain in the region of the heart, and although medical aid was summoned, he passed away at 9 o'clock in the morning, death being due to a blood clot around the heart. He was well known, having been an employe of the Rhodes Curry Co. for several years. He is survived by his widow, four sons, Roland and Lewis, in Sackville; David, of Southampton, and Cecil, at home; also one daughter, Miss Freda, at home. There are also brothers all residing in Sackville.

U. S. BUTTON TRADE

Values of Manufactures Increases Twenty-three Per Cent. in Three Years.

WASHINGTON, Jan. 30.—"Button, button, who's got the button?" is passed as a game. Neither does one need to ask the question any more, for the department of commerce has just announced figures of the button making industry showing that the United States has most of them. The annual button production of the nation is valued at \$33,000,000 for 1923, the year of the last census of manufacturers—an increase of 23 per cent. over the 1921 figures.

INCOME TAX RULING AFFECTS DIVORCEES

Exemptions Are Figures Pro Rata on Time After Decree.

WASHINGTON, Jan. 30.—(United Press)—Frequency of divorces in the United States has forced the national income tax to notice that a man may not be married during the entire taxable year.

Divorcees Affected

The same ruling applies to persons who become divorced, or whose husbands or wives die during the year. If an individual dies during the year, his executor or administrator is entitled to claim his full exemption according to his status at the time of death.

Stock Starved so That Weights Crossing Border Will Be Reduced.

WASHINGTON, Jan. 30.—(United Press)—Cattlemen of Western Canada are literally starving their stock for short periods before shipping them into the United States. The purpose is to make the customs duties paid as low as possible, it is revealed in a decision of the U. S. court of customs appeals just made public here.

Canadian railways showed an increase of over \$2,200,000 in 1924 compared with the preceding year. Canada is not spending more than she earns. Her dollar is the only currency in the world quoted at a premium over the United States dollar since the war.

That all-in, dragged-out feeling

What a way to go through life—dragging through each day, tired after a night's sleep, listless, just going on from one day to the next. In nine cases out of ten, such a condition is the result of constipation. Only ALL-BRAN brings sure, safe relief from this disease.

"Half the world is half-asleep"

ALL over the country you will find men and women who have to drive themselves to keep their minds on their work. They can't concentrate. Everything is an effort. They are tired out all the time.

Why? Because nine-tenths of them are suffering from constipation. It is the world's most universal disease.

There are other thousands whose minds are keen—whose bodies are vigorous—who have driven the sluggishness out of their system, with Kellogg's ALL-BRAN; the sure, safe way of relieving constipation permanently.

This is why Kellogg's ALL-BRAN is sure—as it journeys through the body its fiber remains unchanged. It is what doctors call a bulk food. ALL-BRAN sweeps, cleans and purifies the intestine. It stimulates the flow of the digestive juices. It absorbs and carries moisture into the intestine and prompts it to natural, healthy action.

Habit-forming pills and drugs become ineffective unless the dose is increased from time to time. Drugs and pills irritate the intestine.

If eaten regularly, Kellogg's ALL-BRAN is guaranteed to bring permanent relief or your grocer returns the purchase price. Eat two tablespoonfuls daily—in chronic cases, with every meal. Choose your own way to eat it—with milk or cream, sprinkled over

KNOW THE TRUTH ABOUT BRAN To be effective, bran fiber must go through the various digestive processes without submitting to any of them. It must pass through the entire alimentary tract without its form being changed.

other cereals, in soups, cooked with hot cereals, or made into the many delicious recipes given on every package. Delicious with fruits too—baked apple, etc.

Far too important to be ignored Only ALL-BRAN brings sure results. Beware of a product which is only part bran. At best, it can bring only part results.

Kellogg's is the original and only ALL-BRAN. Its results are known—proved in thousands of successful cases. Let it drive the vicious poisons of constipation out of your system for good and all.

The original ALL-BRAN—ready-to-eat!

# COUNTRY MUST RECOGNIZE MARITIME PROBLEMS--Premier Bracken

## CRUSADE FOR USE OF OUR PORTS WINS CONVERTS IN WINNIPEG

### LEADERS DESIROUS TRAFFIC MOVE IN CANADA CHANNELS

Insufficiency of Tonnage at Maritime Outlets Must be Remedied  
EAST MUST STRIVE TO ACHIEVE ENDS

BY A. M. BELDING  
Special Representative of The Telegraph-Journal and Times-Star in Western Canada in the Interest of the Maritime Provinces.

WINNIPEG, Jan. 29.—I have met no more receptive audience on this tour than the Winnipeg Board of Trade. There was a large attendance at last night's meeting. The members had not previously appreciated our situation.

They did not know. Two converts to the Canadian port idea came to me and proclaimed their conversion. They said they were not large importers, but in future the National ports would get their business. The resolution adopted by the Board was in general terms but it expressed sympathy with the Maritime Provinces and the somewhat general principle of Canadian trade through Canadian channels.

Meets Premier Bracken.  
My mission was described by one speaker as a Canadian pilgrimage in the interests of all Canada, and two speakers declared that they would take the initiative in bringing about a general conference on Canadian problems by representative business men.

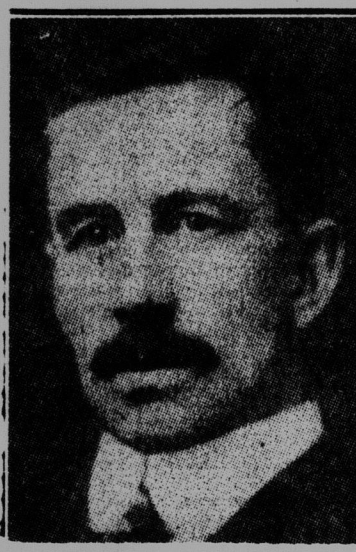

Must Recognize Problem.  
The country must recognize the economic problem of the Maritime Provinces. East and west have the same problem, but he said that while there has been some talk of secession the west is thoroughly Canadian in spirit and ideals and if there had been such talk it was due only to the pressure of very difficult economic conditions.

Other Views.  
Another speaker asserted, however, that this was merely the action of a few note-makers who had come from the United States and that, as Premier Bracken said, there was no real sentiment behind it.

Encounter Difficulties.  
The question of routing grain I discussed with a member of the great exporting firm of James Richardson Sons. The head of the firm is away from the city. His representative told me they shipped the great bulk of their grain through Canadian ports, and if their settled policy to do so, but there were difficulties.

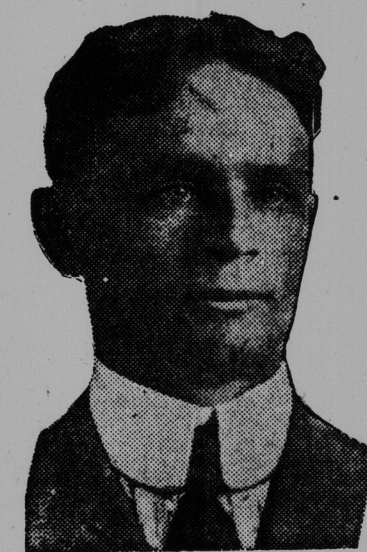

Then he proceeded, with the cold logic of a professor, to dash our hopes of getting a large grain trade through our ports. On the exchange here are not only Canadian traders, but American (Continued on page 16.)

## WOODSTOCK ASSURES ENVOY THAT ONTARIO IS BACK OF MARITIMES

### Board of Trade Resolution Declares Use of Home Ports in Canada's Best Interests--Mayor Rea Sends Heartening Message

BY J. D. McKENNA.  
Special Representative of The Telegraph-Journal and Times-Star now touring Western Canada in the interest of the Maritimes.  
WOODSTOCK, Ont., Jan. 29.—The meeting here tonight was one to remember. It was organized by the Woodstock Board of Trade, and the only speaker of the evening was The Telegraph-Journal representative. There was, therefore, every chance to present fully the case of the Maritime Provinces, and the most representative meeting and included Woodstock's leading men.

They were enthusiastic and also outspoken at the conclusion of the meeting in their support of claims made in behalf of Canadian ports. At both meetings I met Maritime Province men and was assured by all I met that the mission on which I had been sent appeared to them most strongly. I am to address the students of Brandon College in the morning.

out of New York, for example. There is always tonnage for a variety of ports. A cargo may be ordered for Italy and no tonnage available at a Canadian port, and the shipper must connect up with the tonnage where it is to be found. This accords with what I was told at Port William.

Important Factor.  
"If," said a Port William man, "you had the tonnage at St. John and Halifax, you would stand a much better chance of getting the business. It is not a question of tonnage where it is to be found. This accords with what I was told at Port William.

Up to the Hilt.  
John R. Shaw, the biggest manufacturer in Woodstock, and past president of the Canadian Manufacturers' Association, very kindly wrote me about it. He was who wrote very forcefully in the Dalhousie Gazette in support of Maritime contentions. He is an outstandingly good man and does not hesitate to say so.

Pass Resolution.  
The following resolution was then moved by John R. Shaw:  
"Resolved, That this meeting of the Woodstock Board of Trade emphatically declares that it is in the general interest of Canada that Canadian freight, incoming and outgoing, be routed through Canadian ports, and is impressed with the reasonableness of the claims of the Maritime Provinces for better treatment in regard to fuller use of their ports."

Mr. Shaw, after reviewing the case, stated that where Canadians differed from the Canadian National management was that the latter insisted upon looking altogether at the balance sheet while people desired that the national aspect be considered. The management should prevail from Halifax to Vancouver, turning to your representative His Worship said: "You may carry this message to your people that we stand back with our best and heartiest wishes and there is not one manufacturer in Woodstock who will not insist on his goods passing through Canadian ports."

## Fever Threatens Starving Irish Peasants

### WILLIAMS IS UNMOVED WHEN SENTENCED

### Gazes Over Judge's Head as Fatal Words Are Spoken in Court

### SMOKES CIGARETTE ON WAY TO COUNTY JAIL

### Judge LeBlanc is Greatly Affected as He Condemns Prisoner to Death.

Special to Times-Star.  
FREDERICTON, N. B., Jan. 29.—Standing in the prisoner's dock in the crowded courtroom here this afternoon, Harry D. Williams listened unmoved to the death sentence that would put him to eternity on April 28 next as published in a late edition of The Times-Star yesterday. He stood gazing over the judge's head while the solemn words were uttered and when he returned his seat, he spat in the cuspidor provided for him in the box. As he walked out of the courtroom he put a cigarette between his lips.

The jury retired to the jury room at 8:07. They were recalled by His Honor at 8:15 and further instructed as to insanity. They retired once more at 8:20 and came in at 8:30, just 25 minutes after the completion of the judge's charge and 10 minutes after their second retirement.

"GUILTY."  
Councillor Fred Seymour arose when the clerk asked if they had chosen someone for the spokesman.

Clerk—"Have you agreed upon a verdict?"  
Seymour—"We have."  
Clerk—"Do you find the prisoner at the bar guilty or not guilty?"  
Foreman—"Guilty."

Williams was standing with his hands resting on the top railing of the prisoner's dock. When the dread word was spoken he did not move and in his countenance. His eyes had found a place over the judge's head at which he kept looking.

Judge Speaks.  
Clerk—"Gentlemen of the juryarken to your verdict as the court has recorded it. You find the prisoner at the bar guilty of the murder of Cynthia Foster. That is your verdict and so say you all?"  
Jurymen—"We do."  
The judge then discharged the jury from further attendance on this case.

Judge to Prisoner—"Prisoner, stand up."  
Williams, who had seated himself while the judge was discharging the jury, arose.

Judge—"Have you anything to say for yourself why sentence of death should not be pronounced upon you?"  
Prisoner—"Oh, no."  
The judge was very weak but his hands did not shake and he stood more or less erect.

Compliments Lawyer.  
Judge—Harry D. Williams, you have been charged and you have been found guilty by a jury of your peers of the murder of Cynthia Foster. You came here without counsel and without the means of obtaining counsel. The court assigned you Mr. Peters. He has faithfully undertaken your defence and you owe him a debt of the deepest gratitude. You have been slow defended. You have been defended with the greatest zeal and resource, considering the material he had to work on and Mr. Peters deserves the greatest consideration for the work which he had undertaken.

If in the last man in the world who would add a word which would increase the feelings which you must be experiencing now under your sad condition.

Advises Him Advice.  
"My advice to you is to prepare to meet your fate and to make your peace with God. I do not think you may expect much on this side of the grave."

At this point the judge explained that he did not mean to discourage an attempt at an appeal.

"You are going before the highest tribunal, and to meet a Judge from Whose Judgment there is no appeal and Whose word will seal your fate for all eternity."

At order that you, Harry D. Williams, be kept in close confinement until the twenty-third day of April next, 1925, and then before 9 o'clock in the forenoon you will be hanged by the neck until you are dead, and may God Almighty have mercy on your soul.

"That is all!"  
The prisoner did not move a muscle. He stood gazing over the judge's head while the awful words of the judgment were being pronounced. When he was over he sat down and spat into the cuspidor provided for him in the box.

The judge was far more moved than the prisoner. His voice shook just like

## Girl, 13, Pawn of Nations

BATTLE CREEK, Mich., Jan. 30.—Little Mary Gogoff, 13, is a pawn of nations.

Through her parents are wealthy, Mary finds herself a "waif of the world," the centre of a controversy between nations as to where she will be permitted to live.

She is now in Toronto, Canada, and United States immigration authorities will not permit her to return here where her parents, Mr. and Mrs. Peter Gogoff, reside.

Canada officials say if she isn't good enough for the United States she can't remain there.

All because Mary has defective sight and hearing and because her father has not taken out his first citizenship papers.

Mary went to visit her aunt in Toronto last fall to recuperate following an illness of scarlet fever which impaired her sight. It seems like the only way to satisfy all immigration authorities was to take Mary into mid-ocean and leave her there.

Then the Battle Creek Federation of Women's Clubs took a hand. They have petitioned Secretary of Labor Davis and he has said that the girl's case will be reopened.

The council will continue its sessions today and probably will not conclude its business before tomorrow.

It was decided yesterday to take up the matter of compelling the Inland Revenue Department to pay for prisoners in the county jail with the Union of New Brunswick Municipalities.

More prompt payment of men engaged in fighting fires was urged. Several applications for redress were assessed were taken up and some routine business disposed of. A letter was read from the superintendent of the Jordan Memorial Sanatorium in reference to patients from Westmorland county being supported by the municipality.

At the Wednesday evening session the establishment of a municipal home for the English poor was decided on after considerable discussion. At the afternoon session on Wednesday Alderman French of Moncton was sworn in and took his place at the board.

## WESTMORLAND REJECTS HEALTH INSURANCE PROJECT

### Council Would Have Federal Government Pay for County Jail Prisoners.

DORCHESTER, Jan. 30.—The Westmorland County Council, now in session here, turned down the offer of the Rockefeller Foundation to support two district nurseries for two years if the county would take over the work after that period.

Dr. G. G. McDevlin spoke in favor of engaging these nurses.

At least bit when he pronounced the sentence and he took a deep breath as he concluded. "That is all."

He recovered immediately and asked if there was any other business.

The civil cases were arranged to be taken up when the court was adjourned to its usual session on Monday morning. Despite the severity of the weather a large number of the residents of the community was in attendance. Many very beautiful floral tributes and many spiritual bouquets testified to the high esteem in which the deceased was held.

Noticed among the floral pieces was a very handsome wreath from The S. Hayward Company, of St. John, and members of the staff. Mr. McDonald, having been a highly valued commercial representative of that firm. Solemn requiem high mass was celebrated in St. Joseph's church by Rev. Donat LeBlanc, assisted by Rev. Camille LeBlanc and Father Hudson. Interment was made in St. Joseph's cemetery.

The pall-bearers were E. R. McDonald, J. V. Bourque, F. J. Robitoux, W. A. McQueen, James E. White and J. A. Kelly. Among those from out of town who attended the funeral were Mr. and Mrs. A. J. Tapley, St. John; Mr. and Mrs. Kingston Carvell and H. H. Carvell, of Chatham; W. Kennedy, of Moncton; Mrs. W. Simpson, of Amherst; and Miss Estelle McDonald and Harold McDonald, of Moncton, and R. D. Barch and H. S. Munder, of St. John, who represented the firm of S. Hayward and Company.

British United Press.  
LONDON, Jan. 29.—Albania will have to pay high for the kind of King she wants. Baron Headley, who said today he has three times refused the honor, declares the Albanians insist on having "an Englishman, a peer and a Moslem."

Lord Headley and Sir Charles Haughton are the only two sons of native British aristocracy who are Moslems. Both consider the job too dangerous.

The Baron pointed out it would probably mean assassination sooner or later and there is no money in it.

## NURSES RUSHED TO HURRY RELIEF TO SUFFERERS

Free State Governments and Private Individuals Are Co-Operating.

WEST SECTION OF ERIN IN PITIFUL CONDITION

Potato Crop is Failure and Heavy Rains Make Peat Useless as Fuel.

DUBLIN, Jan. 29.—Fever is threatening the starving, freezing peasants of western Ireland. Scores of volunteer nurses have arrived in Kerry, Donegal, and Connaught and others are on the way.

The Free State Government and private individuals are co-operating to hurry relief to the sufferers, but undernourishment and lack of shelter have already caused many of the wretched peasants to fall ill. Fever has ravaged Ireland during previous famines.

Ireland is anxious, but it is hoped that last minute relief will stave off a third plague of widespread disease.

Relief Coming.  
This year there was little demand for seasonal labor from across the Irish Sea. A potato crop failure and excessive rain which made peat useless as fuel have left western Ireland in a desperate situation.

Full realization of the seriousness of the situation has brought immediate relief action. Banks are subscribing money. Charitable societies are organizing relief expeditions. The government is preparing to send 6,000 tons of coal and 10,000 tons of firewood. One meal a day is to be provided by the state for 15,000 school children.

## HAD SLEIGH DRIVE

### Bible Classes of Ludlow Street Baptist Church Joined in Good Outing.

Ideal weather helped to make a great success the sleigh drive and entertainment held jointly by the Bible classes of the Ludlow street Baptist church, of which George A. Harned is teacher, and the young ladies' class, of the school taught by N. Sterritt. After the drive the party returned to the church where refreshments were served and a very pleasant social time followed.

R. H. Parsons, superintendent of the Sunday school, was present and aided in making the affair so enjoyable. Grey Belyea, president of the young men's class, on behalf of the whole company extended hearty thanks to the ladies' committee which had the supper in readiness and the leaders of that committee were Mrs. R. C. Mackenzie and Mrs. George Clark. The chaperones of the evening were Mr. and Mrs. Arthur G. Chase.

## ILLUSTRATED ANGLES ON PEOPLE AND EVENTS IN WORLD NEWS

### MRS. HART WINS COURT BATTLE

Mrs. Winifred Westover Hart and her baby have just left the courtroom where she won the right to return to the screen under her full name. A legal separation agreement with "Two-Gun Bill" which provided for her support, but restricted her from appearing in the movies, was declared illegal. The trust fund of \$103,000 created for her and another of \$10,000 for the baby will be held intact.

### IN THE WORLD OF ART

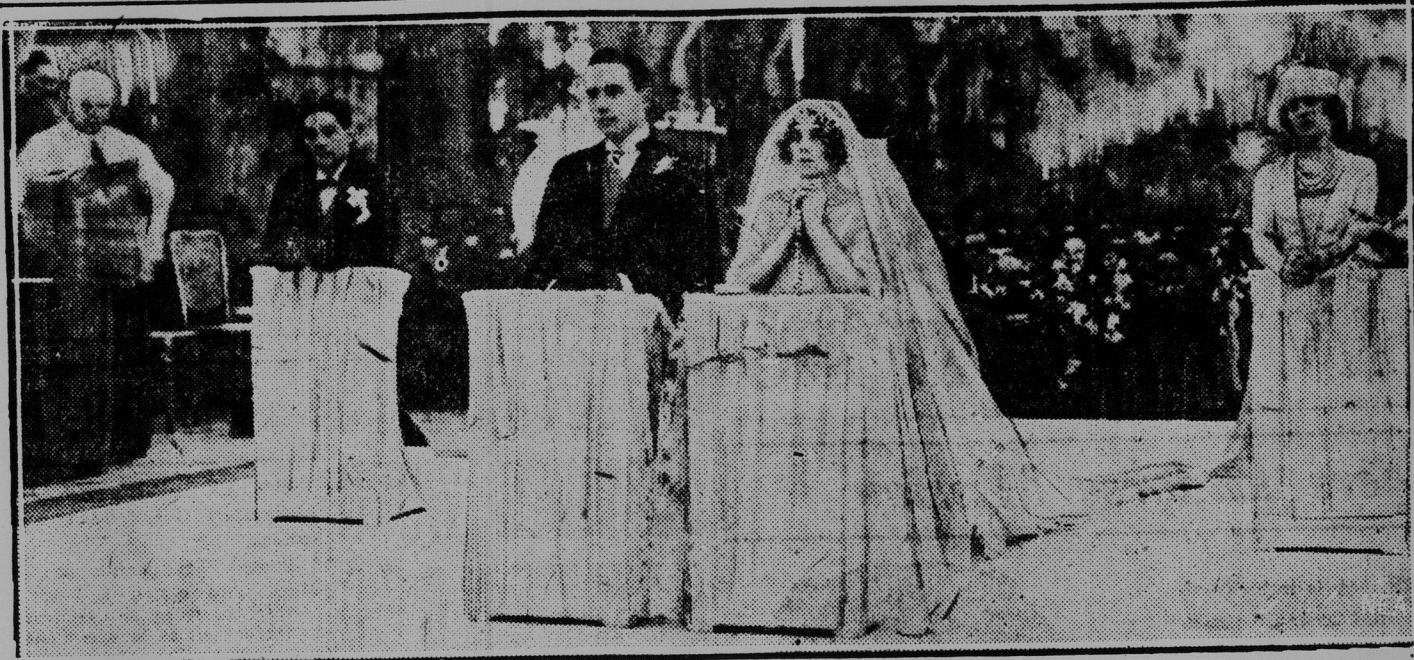

One of the famous works of Ignacio Zuloaga, the great Spanish painter, is his painting of Belmonte, the champion matador of Spain. Belmonte, who is now in Peru, will visit the United States. He has killed more than 2000 bulls, earning a fortune of over a million dollars.

### SHE HAS THE HOUSE!

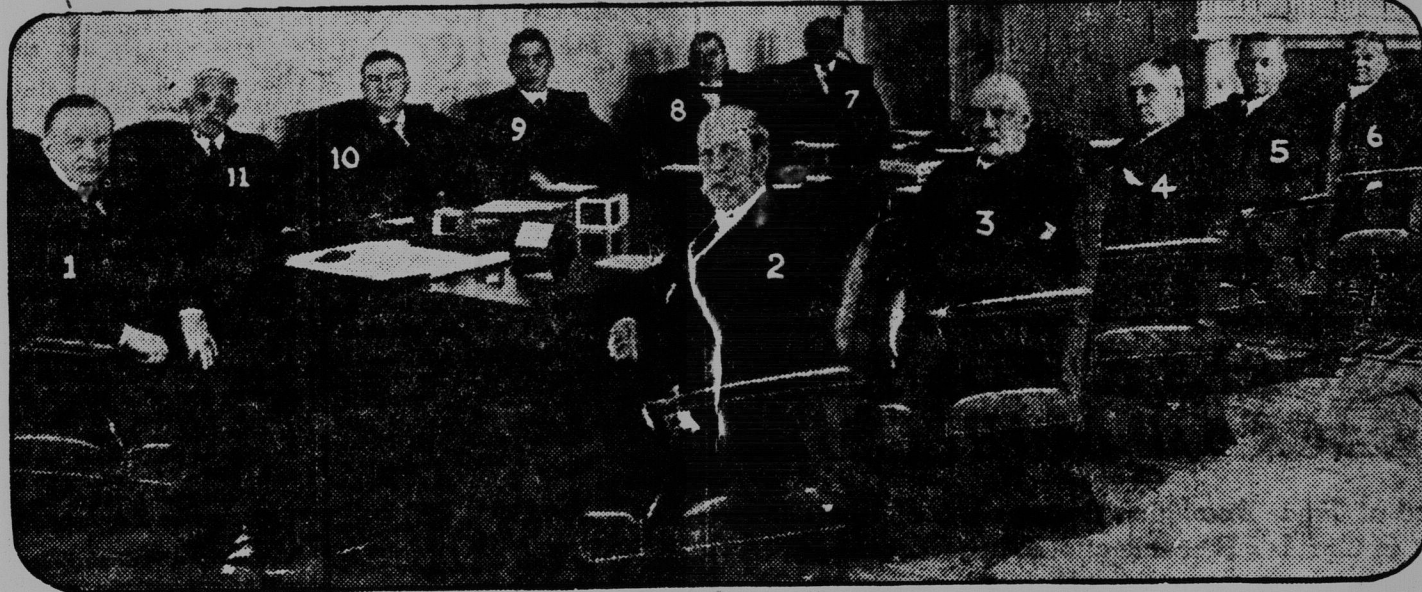

Julia Sutherland Groo isn't thinking of getting married—for awhile, anyway. She's just a high school pupil in Portland, Ore. But she will have a \$15,000 home when she is ready to go housekeeping. She is now writing the best essay on home lighting in a nation-wide contest. A million school children participated.

### 2,000 Invited Guests at \$100,000 Wedding

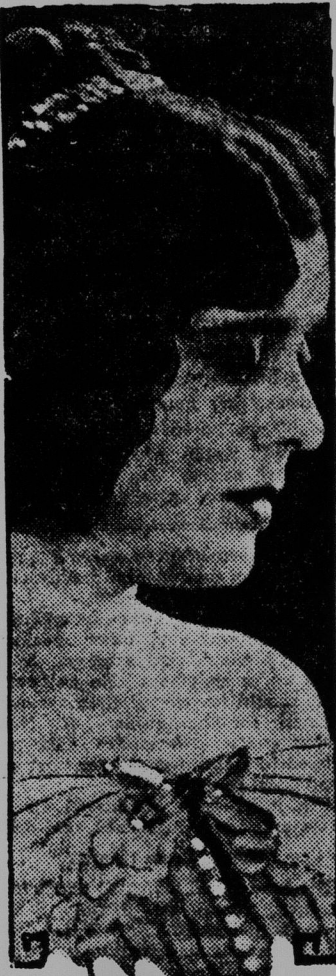

At Chicago's most magnificent wedding, in Holy Name cathedral, Loretta Hines, daughter of Mr. and Mrs. Edward Hines, millionaire lumberman, became Mrs. Howell Hoffman Howard. More than 2,000 invited guests attended the ceremony, which cost over \$100,000. The Schiba sang and the Chicago Symphony Orchestra played the bridal march. The bridal couple is shown kneeling in the sanctuary as Cardinal Mundelein performs the ceremony. This unusual picture was taken by NEA cameraman Fugita, who was stationed behind a palm in the sanctuary.

TO MAKE DEVICE TO AVERT COLLISIONS

St. John People Are Interested in New Amherst Company.

AMHERST, N. S., Jan. 29.—A new company has been organized in this town, the Watt-Negus Automatic Train Control Co., with a capitalization of \$500,000. The company was formed to take over the patent and manufacturing rights of an invention made by C. H. Watt and Frank Negus, to prevent head-on or rear-end collisions between trains. The device is automatic and models have already been tested in the presence of leading railway men in the Atlantic Region of the Canadian National Railways. Officers elected were: President, James A. Hanway, K. C.; vice-president, Harry D. Bidden; managing director, C. H. Watt; secretary-treasurer, C. D. Shipley; directors, Dr. B. E. Goodwin, D. W. Fraser and Frank Negus. G. M. General De Rivera announced today that he had decided not to hand over the Government to civil authorities within a few months, as he previously had promised. The dictator's decision was reached following the monster demonstration of loyalty to King Alfonso and the dictator in the streets of Madrid, on the occasion of the director's return from Morocco.

Waterhouse & Company, who have since 1917 been checking up the revenues and expenditures of New Brunswick. The tables found herewith cover the ordinary receipts and expenditures of the year as well as the capital assets and expenditures. It will be noted, of course, that the revenues for 1924 were somewhat larger than those of 1923, but the expenditures kept pace with them.

SURPLUS OF \$10,000 IS SHOWN The important result is that the province had a surplus of \$10,000, without considering the deficit on account of the bonds of the St. John & Quebec railway. That deficit this year, as last, amounts to about a quarter of a million dollars. There are other outstanding features of the financial report, that will attract the attention of those intimately acquainted with provincial affairs. The revenues from stumpage were much larger than usual and about a half a million dollars was paid in to the treasury of the province out of the profits of liquor sales. Those who take a keen interest in the financial standing of the province will be much interested in the amount of the capital expenditures and the additions by reason of them, to the public debt as well as the standing of the sinking funds. All of the figures will be found herewith.

MOVE TO STABILIZE ASBESTOS INDUSTRY

Representatives of Canadian Company and Bank Held Conference. Canadian Press Despatch. NEW YORK, Jan. 29.—Conferees held today between representatives of the Asbestos Corporation of Canada, Limited, and Dillon, Read & Company, bankers, foreshadow a merger of most of the asbestos mining and milling companies of the Dominion, according to the New York Sun. The paper says that a merger which may ultimately involve companies with total assets of \$30,000,000 or \$40,000,000 came into sight today. At the offices of the bankers it was explained that while such a merger might be the ultimate outgrowth of the conferences now proceeding negotiations were in such a tentative stage that it was not yet known what companies would be involved. The object of the movement would be the stabilization of the Canadian asbestos industry, it was said.

FINISH ARGUMENT

Judge Will Announce Date For Decision in Wood Case on Monday. Canadian Press Despatch. TORONTO, Jan. 29.—When court adjourned this evening the argument was still in progress in the trial of S. Casey Wood, K.C., Home Bank director, but Crown Counsel D. L. McCarthy, K.C., and W. N. Tilley, K.C., one of the counsel for the accused, came to an agreement afterwards to allow the argument to end where it was left off. There will be no hearing tomorrow. When the court opens on Monday to begin the trial of J. E. B. Russell, the last Home Bank director to be tried under the Bank Act, Judge Coatsworth will announce the date when judgment will be rendered in the Wood case.

EXERONATE OYSTER

Charge Blue Point Responsible For Typhoid Fever is Disproved. British United Press. SAYSVILLE, Long Island, Jan. 29.—Long Island blue points, which have long been blamed for typhoid fever outbreaks in various parts of the country, have been exonerated. Representatives of the Chicago Board of Health reported today that the blue point area is clean and well managed and that the oysters are produced under proper conditions.

MISS MARTHA CASEY IS MISS MILLTOWN

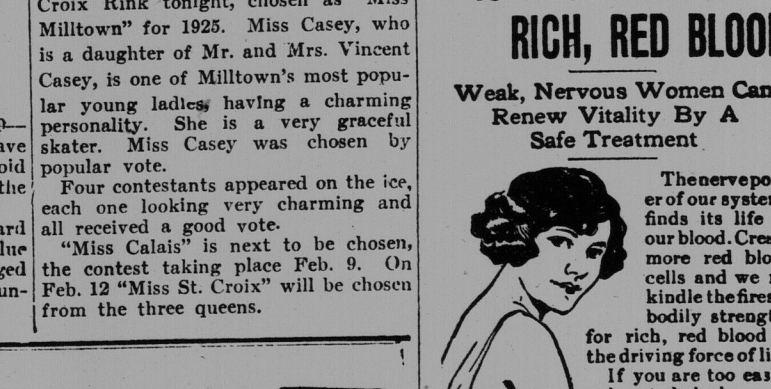

Chosen From Amongst Four Candidates—To Name Miss St. Croix Later. ST. STEPHEN, N. B., Jan. 29.—Miss Martha Casey was, at the St. Croix rink tonight, chosen as "Miss Milltown" for 1925. Miss Casey, who is a daughter of Mr. and Mrs. Vincent Casey, is one of Milltown's most popular young ladies having a charming personality. She is a very graceful skater. Miss Casey was chosen by popular vote. Four contestants appeared on the ice, each one looking very charming and all received a good vote. "Miss Calais" is next to be chosen, the contest taking place Feb. 9. On Feb. 12 "Miss St. Croix" will be chosen from the three queens.

Home Nursing and Other Subjects Included in Reports of Officers.

R. T. Hayes, M. L. A., president of the New Brunswick Division of the Canadian RBC Cross, presided at the annual convention.

Morning Stock Letter. (From McDougall & Cowans.)

NEW YORK, Jan. 30.—There was heavy profit-taking on the advance yesterday.

Opinions on the Market. NEW YORK, Jan. 30.—Hutton—"Good bulls have been bought and thought they have their high prices ahead of them."

CABLE TRANSFERS. MONTREAL, Jan. 30.—Cable transfers \$4,793,474.

A RECORD YEAR. A particularly gratifying report was presented to policyholders and shareholders of the Confederation Life Association.

Work Commended. Rev. Mr. Bonnell emphasized the thought of sacrifice, saying that the Red Cross had demonstrated its know-

ledge of service by its work during the year and since its close.

Dr. Carter said that after hearing Miss Lawson's report he felt the work was inadequately supported financially and sympathetically.

Year Reviewed. Miss Ethel Hazen Jarvis, secretary, reported on the work of the year.

Nursing Work. The home nursing scheme was referred to and the work of Miss H. E. Hamilton, R. N. told of eleven classes were in progress at the end of the year.

Donations. The report closed with expression of thanks to the press, including Mrs. Lawrence and Miss Brown; to Miss Lawson of the Junior Red Cross, to the clergy, to hostesses throughout the province, to other organizations, to volunteer workers and members of the society.

Home Nursing Classes. Miss S. A. Barrington, in her report as organizer of home nursing classes, said that "nurses all over the country are offering their services as teachers, for they are, of course, the first to realize what a big, far-reaching policy the peace time policy is."

Supplies and Relief. Miss Viola Secord reported on supplies and relief given and sent out from the depot: 20 sick soldiers in hospital; 488; Lancaster, 157; East St. John, 170. Fredericton contributed to River Glade Hospital as well.

St. John's Hospital. To River Glade, Lancaster and East St. John hospitals went 132 Christmas stockings.

BANK OF MONTREAL. Established over 100 years. Total Assets in excess of \$700,000,000

The above illustration shows the Canada Permanent Trust Company safety deposit vaults. They are amongst the strongest East of Montreal.

Much interest was created in Market Square, St. John, on the morning of Jan. 29, when a large safe of a new type was delivered to the Canada Permanent Building.

This new additional safe has been made necessary owing to the ever increasing clientele of this old established corporation.

Several men were required to handle the weighty object, and no little difficulty was experienced in moving it along the street, the total weight being well over four tons.

Four horses were required to move it slowly along the street, the total weight being well over four tons.

The new safe is of burglar proof construction and is provided with eight combination locks.

VOTES POLLED IN DEAD MEN'S NAMES

Queer Things Come Out in Hearing Over Quebec Borrowing Referendum.

QUEBEC, Jan. 29.—At least two dead men voted in the referendum of December, and a host of proprietors whose names and property values appear in the poll books swear that they did not vote of any kind.

These and other revelations were made in the Superior Court before Mr. Justice Gibson, who presided over the hearing on action to have the recent referendum calling for borrowing postponed to the extent of \$300,000 declared null and void.

Witness after witness was called and the majority of them testified that they had not voted at all during the referendum.

Daughters' Guild, Corona factory, Simms' factory, none yet completed.

Two more will be organized in St. John next week. The object is to give women an intelligent idea of how to prevent disease and care for the sick in their own homes.

Miss Barrington suggested an advisory committee for home nursing, with Dr. Warwick as convener by the superintendents of nurses in the hospitals, presidents of Local Council of Women, I. O. O. E., Catholic Women's League and other local organizations.

Finances. The financial report, submitted by C. B. Allan, showed receipts of \$34,661.77 and expenditures of \$31,260.12, leaving a balance of \$3,401.65.

The books had been audited and found correct by H. C. Rankine. Included in the receipts were a balance of \$3,891.92 from the previous year, \$1,077.47 from membership; \$348.94 from the Junior Red Cross; \$11,062.48 from sales of bonds and interest; \$10,000 from Central Council grant; sale of soldier work at Exhibition, \$10,810; Christmas cheer, \$320.15; Japanese relief, \$733.00; salaries and expenses of depot, \$2,625.69; salaries and expenses Junior Red Cross, \$3,007.64; salaries and expenses public health nurses, \$1,702.28; clinic fund, \$6,401.48; hospital committee, \$2,514.50; emergency relief, \$1,077.47; campaign expenses, \$163.32; Japanese relief, \$1,831.07; sale of soldiers' work, \$1,044.10; expenses of convention, \$122.70.

Sewing Committee. The sewing committee convener, Miss Frances Slesson, reported that 747 garments and 533 rolls of yarn had been distributed to various branches and 1,331 finished garments, quilts, 13,007.54; salaries and expenses public health nurses, \$1,702.28; clinic fund, \$6,401.48; hospital committee, \$2,514.50; emergency relief, \$1,077.47; campaign expenses, \$163.32; Japanese relief, \$1,831.07; sale of soldiers' work, \$1,044.10; expenses of convention, \$122.70.

Rapid Progress. In the meantime, marked progress has been made within the last few weeks in work on the big structure. Facilities are going up with amazing speed, while plumbers, electricians and steamfitters are doing wonders. What seems confusion and chaos to the casual observer, on closer inspection reveals a well-organized working that is making for as rapid progress on the interior as was accomplished on the exterior. Installation of machinery in the plant is practically completed.

Supplies and Relief. Miss Viola Secord reported on supplies and relief given and sent out from the depot: 20 sick soldiers in hospital; 488; Lancaster, 157; East St. John, 170. Fredericton contributed to River Glade Hospital as well.

St. John's Hospital. To River Glade, Lancaster and East St. John hospitals went 132 Christmas stockings.

Moncton contributed specially towards River Glade. Lady Byng Camp received 244 articles; to fire relief, 101; to surgical relief, 42; to Grand Falls, 18 beds, 4 bed cots, 2 respirators; to East St. John Hospital, one case table; to soldier settlement, 24; to local relief, St. John, 1,114.

HOPES TO BRING MANY FAMILIES TO FARMS HERE

F. E. Sharp, in City Today, Talks of Mission to Europe.

EXPECTS FLOW OF GOOD IMMIGRANTS

Will Be Joined in Fortnight by Charles Magnusson of St. John.

There begins today a mission to Europe on behalf of the New Brunswick Government that it is hoped will result in a large number of families coming from the Scandinavian countries to settle on farms in this province. F. E. Sharp, superintendent of Immigration for New Brunswick, is a passenger on the Canadian Pacific steamship Montclair, sailing this afternoon, to promote the matter.

Tells of Plans. Speaking to a reporter for The Times-Star this morning, Mr. Sharp said that he was going on a visit to the British Isles and to Norway, Denmark and Sweden and would be away about 10 weeks. The matter had been made possible by the close co-operation of the provincial department and the Federal Department of Immigration and Colonization at Ottawa.

"I am taking data," he said, "about farms for sale in New Brunswick and have had prepared in the Danish language a pamphlet setting forth the opportunities there are on land in this province. Besides vacant farms I will deal with the Blue Bell tract in Victoria county and also crown lands opportunities."

Expects Good Results. "I expect," continued Mr. Sharp, that the result will be that a personally conducted party of settlers will return with me and that the ground work will be laid for a continued stream of immigration to this province. "I may say that the Scandinavian people make excellent settlers. The New Denmark colony in Victoria county is an illustration. That was established in a very small way 92 years ago in the depths of the forest and now there are 125 families there, thrifty, prosperous and among the best farmers of the up-river section."

St. John Man Goes. Mr. Sharp said he would be joined in London in two weeks by Charles Magnusson of St. John, who he said, would be of material assistance, as he is a native of Sweden and knows the language, laws and customs of the countries to be visited. One thing that he thought would assist in the mission was the operation of the quota law in the United States which allows people from Europe to enter there in but limited numbers.

LEADERS DESIROUS OF HELPING EAST

(Continued from page 9) can, English and French, Belgian and German. "It," said Dr. Magill, "is an export crop and land grain at Liverpool one-sixteenth of a cent cheaper than you can put out of business. Therefore, all the traders seek the cheapest route and, if tonnage and rates allowed an American port mean even a mere fraction of lower cost, the trader cannot afford to ignore it."

The only way to affect a change would be for the Government to step in the trade itself, because of the intense competition and the small profit available in the grain export, which will invariably seek the cheapest route."

Favors Conference. Dr. Magill said the West, like the extreme East, had serious problems due to taxation, tariff and transportation. He suggested that a small group of Maritime business men visit the West, not as tourists, but to hold real conferences with western business men in a few leading centres. He also thought well of a conference at Winnipeg of business men representing all the provinces to learn each other's problems and consider possible remedies.

Yesterday was a wild day in the Winnipeg wheat pit. The greatest excitement prevailed and when Max wheat went to \$2.20 pandemonium broke loose. I have never seen anything like it. The floor and gallery were crowded. The bear made a strong raid and forced the price down several points and a state of frenzy prevailed. This market is paying no attention to any other; it is going its own gait. While some people predict a rise to \$2.50, others assert somebody is going to be hit hard before long. One thing is assured, the actual price of wheat is a great thing for the farmer apart altogether from the speculative deals in the wheat pit.

MOUNT ROYAL PROFITS. A despatch from Montreal to Montreal and Concord reports "Mount Royal Hotel net profits, \$73,937, in 1924, compared with \$41,030 in previous year. Occupancy at 52.8 per cent. Results were obtained a period of slow business and unfavorable hotel conditions in Canada." The Mount Royal is one of the chain of which St. John's Admiral Beatty is a part.

RACES POSTPONED. The races which were to have been held on the East End rink tonight in connection with the city championships, were declared off this afternoon owing to the weather. The committee in charge will later announce when they will be run. If weather conditions are favorable the events scheduled for Lily Lake will be held tomorrow afternoon.

OFFICERS RETURN. Col. W. B. Anderson, D. S. O., C. M. G., officer commanding M. D. No. 7, and Lt.-Col. H. C. Sparling, D. S. O., A. A. and Q. M. G. for the district, returned to the city this morning after attending the annual dinner of the North Shore regiment in Campbellton on Wednesday night of this week. Both headquarters spoke at the reception, which was an highly successful one.

SOCIETY IS FORMED. A Ladies' Aid Society has been organized by the ladies of the United Church of East St. John, with the following officers: President, Mrs. Wm. J. Bevis; vice-president, Mrs. W. R. Pepper; secretary, Mrs. John Chard; treasurer, Mrs. J. W. Fiewelling. The meeting this week was at the manse, where the afternoon was spent sewing garments for needy families in the community. Tea was served by Mrs. Bevis. Next week a stocking meeting will be held at the home of Mrs. Roblin.

SINGS FOR RADIO. The Moncton press has nice things to say about Miss Estella Murphy, daughter of Mr. and Mrs. Frank Murphy, Sandy Point road, who returned from Moncton yesterday to sing in a CNRA radio programme. One paper reports that they all were pleased greatly with several solos she sang. She was also nicely sung solo at the Moncton, where she was one of her numbers. Messages came stating that her voice was heard clearly in New York and other places away.

BAND ENTERTAINED. The City Cornet Band went to the Municipal Home last evening on invitation of William L. Walsh, of the board of commissioners, and gave a delightful programme for the pleasure of the people there. They were directed by the bandmaster, Frank Waddington. The programme was: March, Triumphant; selection, American Airs; waltz, Old Times; American fantasia, Happy Days in Dixie; selection, Reminiscences of Ireland; selection, Old Favorites; gallop, Haymarket; there were also two nicely sung solos, Ashore and Queen of the Earth, by Bandsman David Higgins, with band accompaniment. The evening was a very pleasant one for all.

PHONE SOCIAL IS HAPPY FUNCTION. Dance Under Auspices of Married Men of Staff Held Last Evening. A dance was held last evening under the auspices of the married men of the New Brunswick Telephone Company, in the assembly hall of the telephone company building and proved a most enjoyable function. There was a good attendance of employees and all had a happy evening. A prize for guessing the number of seeds in a grape fruit was won by Mrs. Wesley Colwell. Music for dancing was supplied by Pittman's Orchestra. A buffet luncheon was served during the evening. The committee in charge was composed of N. J. Speedy, chairman; Charles Rankine, P. J. Nisbet, A. A. Turnbull, W. Farris, J. R. Brown, George Stinson and W. P. Barnhill.

BELONGED HERE. Mrs. John Stewart, Formerly Miss Bradley, Dies Suddenly in Moncton. The death of Mrs. John Stewart, wife of former Alderman John Stewart, occurred suddenly in Moncton yesterday after a brief illness. She was a daughter of the late David Bradley of St. John and was 58 years of age. Besides her husband, six children, all of Moncton, survive—Geo. J., of the C. N. R. office; Mrs. C. F. McKnight; Mrs. W. A. McWilliam, Mrs. K. B. Barr and Jessie E. and Annie E., at home. Mrs. Stewart is also survived by several relatives in St. John. She was a staunch member of the Wesley Memorial church, also a member of the Grand International Auxiliary of the Brotherhood of Locomotive Engineers.

WATER HARD TO GET AND CHURCH WAS DESTROYED

One Pail Might Have Saved St. Paul's, Says Pastor.

REV. L. CORMIER HERE TO CONSULT BISHOP

Edifice Caught in Night From Sparks From Post Office.

One pailful of water, properly directed during the progress of the fire which destroyed the Roman Catholic church and the post office at St. Paul's, Kent county in the early hours of yesterday, as reported in The Times-Star yesterday, might have saved the church edifice from destruction, said Rev. Leonard Cormier, parish priest, who was here today to consult with His Lordship Bishop LeBlanc respecting the fire.

Spire Caught. Father Cormier said the fire broke out in the wooden building housing the post office, and next to the church. The blaze started in the kitchen about midnight and gradually worked its way through the house. The wind blowing at the time carried sparks to the church, and, although heroic efforts were made by a handful of men to prevent the spread of the flames, they caught on the church spire.

Hard to Get Water. Had there been only a small quantity of water thrown on the blaze that started the fire on the steeple, Father Cormier believes they would have been successful in saving the structure. There was, however, a great scarcity of water, and the majority of men in the village were in the woods at the time on lumbering operations. Water had to be carried in pails a considerable distance, from a brook, and this greatly hampered the small band of men fighting the fire. A large amount of the interior furnishings of the church were saved, Father Cormier says.

The fire broke out in the Devarenes property, housing the St. Paul Catholic cooperative, Ltd., of which H. Cormier is manager. Very little was saved from this building, which was valued at about \$15,000, and it is said the insurance is only about \$2,000.

Fine Country Edifice. Father Cormier said it would require between \$50,000 and \$70,000 to rebuild the church, which was one of the finest country edifices in the province. It was built in 1890 by Very Rev. Mgr. Hebert. Insurance on which \$12,000 is held by St. John companies and the remainder in Moncton. The church was damaged twice by lightning. About 25 years ago it was struck and damaged to the extent of \$100, and again about 12 years ago it sustained about \$600 damage. Rev. Father Cormier will return to St. Paul's today.

PROHIBITION ACT WAS DISCUSSED

Enforcement Matter Gone Into at District Lodge, I. O. G. T. Meeting. A general discussion on prohibition enforcement in the province was carried out last evening at a meeting of the District Lodge, I. O. G. T., held in Temple Hall, Fairville, with numerous representatives present from Thorne, St. Surrender and Dominion Lodges. District Chief Templar Thomas D. Owens presided.

It was decided to leave the matter of making definite plans for securing a better enforcement of the act in the hands of the regional committee and to have a report later. Several incidents arising out of the enforcement of the act came up for discussion. Reports were received from the lodges in the district, and these showed them to be flourishing, and the prospects were reported good for another successful year's work.

William Boodie, Grand Councilor of Massachusetts, visited the lodge last evening and gave a short address and also entertained them with several anecdotes. He will visit Thorne Lodge this evening. Rev. William Lawson also visited the lodge last evening.

SETTLE LUMBER CASE

Parties Arrive at Basis in Stockford vs. Mackay Lumber Co., Ltd. In the Circuit Court, this morning, counsel in the case of Stockford vs. the Mackay Lumber Co., Ltd., announced that the parties had arrived at a basis of settlement, the defendant agreeing to pay to the plaintiff \$2,000, the cost of the suit to be borne by the parties separately, each side paying its own. The original and amended claim amounted to more than \$20,000, and the action was brought in connection with certain lumber agreements involving joint interests in a contract at Burton, Sanitary county. The case was commenced before Chief Justice Barry and a jury over a week ago. At the conclusion of the Stockford-Mackay case, court adjourned until this afternoon, when the case of Tower vs. McLennan, an action for damages for alleged slander, was scheduled for hearing.

Baby Carriages. Are Baby Carriages out of season? From our sales records we would answer decidedly NO. In fact we do not know of any "Out of Season" periods for this particular necessity. True there are seasons when the sales chart shows high peaks, but that is because the days are warmer. Your Baby is in much greater need of fresh air these days when the house must be kept tightly closed, than later on when the doors and windows are flung wide to the balmy breezes of June. Why not have one of our snug, windproof Carriages, and give your Heir the Air he needs? With sand on the sidewalks, wheels operate more easily than runners. Think it over. A.
