

PUBLIC WILL BE KEPT INFORMED

Republican Committee Session to Be Open BOTH SIDES AGREE Taft and Roosevelt Supporters Willing to Admit Press at Deliberations—Lack of Accommodation the Only Draw-back.

Chicago, June 6.—Publicity will govern the Republican National Committee in its deliberations upon the contest for seats in the national convention. This was decided without opposition at the opening session of the committee today in accordance with the expressed wishes of President Taft and Col. Theodore Roosevelt.

The public and the newspapers will be represented by the five press associations recognized by admission of their reporters to the floor of the National House of Representatives in Washington. Two men from each such press association will be permitted to be present during all deliberations and decisions of the committee. There will be no executive decisions. The committee also elected Victor Rosewater of Omaha permanent chairman and adopted the rules of four years ago which are to govern the hearings preliminary to the National Convention which will be held in St. Louis.

Opinions differ tonight as to significance of the only vote taken during the meeting which might be construed as a test of strength of the committee as between the Taft and Roosevelt adherents in the committee. That vote was 29 to 12 on the question of confining the representation of the newspapers to the press associations.

The Roosevelt people contended for a complete "removal of the lid" by admitting also at least one representative of every newspaper having a recognition in the press galleries in congress. This was urged by Frank B. Kellogg, of Massachusetts as a substitute for the recommendation of Committee Chairman Hart of Iowa, but it was defeated, as stated above, and the roll call showed the success of Mr. Hart's motion.

The only other vote of a significant character was on the proposal of Senator Borah that eight members should be sufficient to order a roll call. This was defeated and the old rule providing for twenty for this purpose was retained. The Taft adherents did not object to the widest publicity, but argued that the committee should have facilities for admitting all and urged that while no part of the committee's sessions should be practically executive, stenographic reports should be given to the press.

With two hundred and thirty-eight contests pending it is plain that the committee will need every available hour from now until the convention meets at noon on Tuesday, June 18. Col. Roosevelt's manager, had the proxy of T. L. Flanagan of Nevada, but declined to use it because of his partisan interest in the committee's activity. He handed this proxy over to ex-representative Lucius T. Littauer, Roosevelt delegate from New York, but the committee declined to admit Mr. Littauer without a direct proxy from Mr. Flanagan.

ENGINEER KILLED IN COLLISION OF TWO FAST TRAINS Smash-up on Pacific Division C. P. R. Results in Death of Joliffe and Injuries to Some Others.

Winnipeg, Man., June 6.—At a siding of the Pacific division of the C. P. R., two fast trains collided this morning. Engineer Joliffe was killed and two brakemen and a tramp were hurt. Traffic was delayed five hours.

OFFICERS ELECTED BY PRESBYTERIAL

Shediac, June 6.—St. John's Presbyterian, which closed its sessions at Shediac today, elected the following officers: President, Mrs. Donald Munro; Woodstock, vice-president, Mrs. Walker; St. John, secretary, Miss George; Woodstock, treasurer, Mrs. George McFarlane; Fredericton. The Presbyterian raised \$3,500 last year for home and foreign missions. The next session will be held in Sussex.

COPP'S LAST EFFORT HAS FALLEN FLAT

Northumberland Ticket Organized With Difficulty Falls to Pieces.

Attempts to Induce Loggie to Run Prove Equally Fruitless—Many Liberals Support the Government.

Special to The Standard. Shediac, N. B., June 6.—The government candidates are meeting with splendid success in the outlying parishes of the county where they have been campaigning this week. Visiting the electors in the daytime and speaking to crowded and enthusiastic houses in the evening. It looks to night as if they would be returned unopposed, as the independent ticket arranged by Mr. Copp yesterday fell to pieces today.

An attempt has been made to get Mr. Loggie, M. P., to lend his aid to the distracted opposition, but to many of Mr. Loggie's Liberal friends are supporting the local government, and it is not likely that he will take any part in the contest.

WIFE PLEDGES HER HUSBAND'S CREDIT FOR FIVE THOUSAND

When Chairman Urged Halifax to Contribute to Dalhousie Fund, Better Half Came to Rescue.

Special to The Standard. Halifax, June 6.—Twenty thousand dollars were added to the Dalhousie College fund by the whirlwind campaign today putting the total, exclusive of W. H. Chase's ten per cent. on what Halifax gives, at \$29,000. A dramatic scene was witnessed at the headquarters luncheon at noon. The day's subscriptions were \$12,000. G. S. Campbell, chairman, was telling the assemblage how much Halifax must get in the remaining days and was saying the money must be raised, when a lady's voice was heard: "It said: 'We will give \$5,000 more.'"

"Who?" said Mr. Campbell, who hardly caught the import of the words. "You and I," the voice replied. It was the cheering was intense and set the air vibrating.

Mr. Campbell had previously given \$7,500.

MAY APPOINT MR. JUSTICE DAVIDSON TO SUCCEED TAIT

Believed He Will Be Raised to Quebec Superior Court by Government in the Near Future.

Ottawa, June 6.—It is understood that the government will, within a few days, announce the appointment of Mr. Justice Davidson to the chief justiceship of the Quebec superior court in succession to Sir Melbourn Tait, whose resignation has been received.

GOMEZ WANTS ARMS FOR PROTECTION OF FOREIGN PROPERTY

Is Forming a Volunteer Guard, He Says, and Asks Increase in Number of Rifles and Ammunition.

Washington, D. C., June 6.—President Gomez has informed the United States that he is forming a volunteer guard to protect foreign property and asks that his recent order for Krags-Jorgensen rifles be increased from 5,000 to 10,000 and that 3,000,000 cartridges accompany them. President Gomez urges the United States to make every effort to facilitate a quick delivery of the rifles and ammunition.

WESTMORLAND COUNTY PAYS STRONG TRIBUTE TO PREMIER

Enthusiastic Meeting, Last Evening, Augurs Well for Success of Government Candidates at the Polls

Hon. Mr. Fleming, in Brilliant Address, Castigates Opposition Leader and Shows Up Hollow Manifesto at Face Value—Tells How Public Resources were Squandered in Days of the Old Corrupt Regime.

Special to The Standard. Shediac, N. B., June 6.—Westmorland is solid for good government as exemplified by the Fleming administration. There cannot be the slightest doubt about that fact after to night's meeting when the premier addressed a large and intelligent audience in Shediac, convinced any pessimist there might have been that the government was not only prepared to sweep Moncton victory before them with Dr. O. B. Price as their popular candidate, but that they were also in line for a complete victory in Westmorland county, as evidenced by the triumph accorded to Premier Fleming and the other speakers to night. The hall was packed, a large number being unable to obtain admission. Premier Fleming was the principal speaker and his able reply to Mr. Copp's manifesto was most convincing.

The meeting was held in Tait's Hall, M. M. Arsenault, councillor, presided and the L'Assomption Band rendered a choice programme of music. It was decided that the whole evening should be given to the Premier's exposition of provincial affairs. Cop, subsequently Hon. J. K. Fleming, the principal attraction and he held the audience entranced for more than an hour, while he discussed the issues in the present campaign.

Mr. Copp's claim was not really worth consideration, but he would consider it. The first item was \$12,388 on the account of W. P. Flowering. It was stated that the government should be judged by this. In reference to the accounts of \$215,754.40 in the Copp account, on \$143,000, the Premier said there was \$488,000 the government should not be responsible for. Then opposition in the Central Railway.

Hardly Worth the Trouble. Mr. Copp's claim was not really worth consideration, but he would consider it. The first item was \$12,388 on the account of W. P. Flowering. It was stated that the government should be judged by this. In reference to the accounts of \$215,754.40 in the Copp account, on \$143,000, the Premier said there was \$488,000 the government should not be responsible for. Then opposition in the Central Railway.

A Sorry Appeal. O. M. Melanson was the next speaker. He said it was a hard pill for the opposition to swallow to appeal on the record of the present government compared with the late government. He did not object to an appeal on the record of the government, as compared with the opposition, as there was no question as to the result. Mr. Melanson then addressed the electors in French, saying he was glad to have an opportunity of speaking to them in their native tongue. He then briefly discussed the record of the Fleming government, while, he said, he remained they would be pleased to hear from Hon. J. K. Fleming.

Agicultural Revitalization. Mr. Fleming, continuing devotedly to reclaim the abandoned farms and put through a policy of general agricultural development for the province at large. He dealt effectively with the Central Railway, showing conclusive evidence as to how the province would benefit by taking over what had been a white elephant on their hands previously and in an eloquent peroration he requested all the voters in Westmorland county to support the government candidates, and the meeting broke up with cheers for the King and candidates.

HOUSE PASSES THE BILL TO PERMIT LINE TO EXTEND

Boston, Mass., June 6.—A bill which would allow the Southern New England (Grand Trunk) Railway to extend its lines to this city, was enacted in the house of representatives today. After being enacted in the senate, the bill was sent to Gov. Foss. The governor has five days in which to sign or veto the bill. If, at the end of that time he has taken no action, it becomes a law without his signature.

VISIT MAY BE POSTPONED

Owing to illness of Duchess of Connaught Trip to New Brunswick May Be Called Off.

Montreal, June 6.—The condition of the Duchess of Connaught is reported improved and it is now believed that she will be able to leave the hospital in a week's time. The following bulletin was issued from the Royal Victoria Hospital early this evening and it was announced that no further bulletins would appear tonight unless some entirely unexpected development occurred.

Evidence Taken and Jury Will Probably Consider Testimony Today—Dramatic Moment When Mother Takes Stand.

Montreal, June 6.—The case of John Cummings, on trial for the murder of his wife last November, will probably go to the jury tomorrow. The afternoon session of the court was dramatic in the extreme, and Cummings, while he said he remained the only person in the court room who maintained absolute composure. Even when Mrs. Cummings shook her fist at him and cried: "May God forgive you, for I will not," and later told how her daughter had lived in fear of her husband and had on one occasion said to her: "Don't you leave the house mother, for you will be killed as well as me and they will be nobody to look after the child."

CAR FERRY TERMINALS SELECTED

Service to Operate Between Cape Tormentine and Carleton Point.

Tenders for Construction of Two Craft to be Invited Immediately—Expert Submits Report.

Special to The Standard. Otisawa, June 6.—Some months ago the government took steps to remedy a long standing grievance in Prince Edward Island by deciding to establish a car ferry to the mainland in connection with the Intercolonial and Prince Edward Island Railways.

An expert, Prof. Kirkpatrick, of Queens University, was selected to make observations of ice floes and currents and report on the most desirable points for terminals. After several months of careful study and survey Prof. Kirkpatrick recently submitted his report, and on the strength of it the Minister of Railways has decided on Cape Tormentine, N. B., and Carleton Point, P. E. I., as the terminals. The distance is ten miles, and this route is not only the shortest but offers the least difficulty to navigation at all seasons.

Tenders are to be invited immediately for the construction of two car ferries of the most modern type, while the gauge of the Prince Edward Island Railway will be standardized.

The selection of Cape Tormentine and Carleton Point as terminals of the service will involve the acquisition of the New Brunswick Railway line between the Cape and Sackville, N. B. It will be purchased and operated as a branch of the Intercolonial.

WISE PHYSICIAN ROBS OPPOSITION OF A CANDIDATE

A. R. Miles Withdraws from Campaign on Doctor's Advice—Wily Medical Rescues Near-Victim.

Special to The Standard. Fredericton, June 6.—A. R. Miles, who was nominated as a member of the opposition ticket in Sunbury, has definitely decided to withdraw from the campaign. Mr. Miles' decision was reached after a consultation with his physician, who advised him to decline the nomination. Personal and political situation in Sunbury, are of the opinion that the doctor is a wise man.

METHODISTS IN FAVOR OF CHURCH UNION PROPOSAL

Vote of Sackville District Gives Large Majority for Amalgamation—Annual Meeting Closed Last Night.

Special to The Standard. Moncton, June 6.—At the annual meeting of the Sackville district of the Methodist church which closed tonight Rev. Geo. Steele was elected chairman in place of M. R. Knight, who has been transferred to the N. S. Conference. The report of the district vote on church union shows 1919 for and 185 against. Rev. W. G. Lane of Moncton was appointed missionary secretary.

CUMMINGS CASE IN THE COURT

Montreal, June 6.—The case of John Cummings, on trial for the murder of his wife last November, will probably go to the jury tomorrow. The afternoon session of the court was dramatic in the extreme, and Cummings, while he said he remained the only person in the court room who maintained absolute composure.

BELIEVE CHURCH UNION ASSURED

Complete Victory for Cause of Good Government assured.

Opposition May Succeed in Organizing Feeble Ticket but Electorate Will Not Consider It Seriously.

Special to The Standard. Fredericton, June 6.—The provincial government party's candidates in York county, Hon. H. F. McLeod, Jas. K. Pinder, John A. Young and Dr. O. E. Morehouse will open their campaign on Saturday evening with a meeting in Stanley at Humbles Hall. Stanley was the place where the opening gun of the campaign of 1905 which resulted in the defeat of the old administration, was fired.

The four candidates and O. S. Crockett, M. P., will be the speakers during the ten days from then until polling day on the 20th, there will be several meetings in different parts of the county each evening. In the meantime the opposition are still as much up in the air as ever, those who have been beaten in federal, provincial and municipal politics so often during the past few years that they are getting used to it will not object to being the candidates again. Any opposition ticket will not be considered seriously by the electorate.

This morning A. R. Miles went to his home at Marysville by steamer and this afternoon he was strongly of the opinion that he would not accept a nomination "any more."

The belief of Mr. Miles' friends that he would be little prospect for victory in Sunbury county, particularly in view of the fact that the St. John Valley Railway is now building in spite of the opposition of Mr. Copp, whose representative he would have to be, also in view of Mr. Copp's strong opposition to the construction of the Gibson and Minto Railway as expressed in his manifesto. The Gibson and Minto is going to bring about a great development and the people of Sunbury county will be going along with support of Messrs. Stanger and Perry.

A. E. Trites, of A. E. Trites and Son, contractors on the Gibson and Minto Railway, says that during the past week much of the construction of the great freshet flooding the interval lands. It is expected that within a day or two work will be going along about 600 men employed. Six miles of track will be laid by July 1st.

DOUBTS STATISTICS

Principal Baird, speaking in reply, threw great doubt on the statistics furnished by the government with reference to immigration and indicated that the reason why the church did not get a larger proportion of the new comers into the membership was due to the fact that they did not remain in the country. A large number of those counted as immigrants were actually travelers passing through Canada and not settling in it. Dr. Baird also pointed out that in his calculation Dr. Somerville had made no allowance for the deaths in the denomination and stated that the actual additions amounted to five per cent.

UNION ASSURED

The sentiment of the present assembly appears to be that the vote in the church was decisive and that although there may be vigorous discussion, organic union is only a question of time. The union committee was in session for a considerable time today and the assembly will enter on the general discussion of the subject tomorrow. Dr. Somerville indicated in the morning for the committee on statistical information and indicated the size and strength to which the communion has grown in Canada. The point had almost been reached when a million was annually raised for missions and five million for church purposes.

CAN'T GET AT FACTS, MONEY TRUST PROBE HAS BEEN POSTPONED

Lacking Power to Obtain the Necessary Data Investigating Committee Abandons Task for Present.

New York, N. Y., June 6.—Because of its lack of power to obtain necessary data the so-called money trust investigation in its main scope will not be taken up until fall. This announcement was made by Chairman Hugo of the investigation committee on the eve of the hearing in New York today.

PLAN TO UNIFY MISSION CHECKED BY OPPOSITION OF MARITIME PROVINCE REPRESENTATIVES—COUNTER PROPOSAL FROM ALBERTA.

Edmonton, June 6.—The plan of the home mission committee of the Presbyterian church to unify the mission work of the church, received an unexpected check when the matter was introduced this afternoon. The first recommendation of the committee was that the division of the church into two sections should be terminated and that in future administration this separation should not be recognized, as was stated by Rev. Dr. A. S. Grant in his advocacy of the plan there were not two churches but one, and not two assemblies but one.

The representatives of the Maritime Provinces who were present in the assembly made, however, a vigorous protest and no decision on the subject was reached.

The proposal that all the work in the western section, including the supervision of the hospitals, Sunday schools, Indian work, etc., should be under the supervision of the home mission committee, also received unexpected opposition.

An overture has been sent from the synod of Alberta suggesting not that the work should be unified but that it should be decentralized and that Saskatchewan, Alberta and British Columbia should be given complete supervision of the work in those provinces just as complete supervision of the work in New Brunswick, Nova Scotia and Prince Edward Island was given to the synod of the Maritime Provinces. When opposition from this source arose Dr. A. S. Grant withdrew all the further recommendations of the home mission committee until the committee of systematic conference which has charge of the new budget plan had reported.

Two incidents of note occurred at the morning session. Rev. Dr. Somerville spoke of the small increase in the membership and indicated that there was something seriously wrong in the matter when in the face of an immigration of 350,000 the church gained only two or three per cent. in membership.

### ENRILE--MAN OF MYSTERY AND CASH IN MEXICO'S REIGN OF BLOOD

He Collects Coin with Brains—and Guns

(By William G. Shepherd.)  
Chihuahua, Mex., June 4.—Gonzalo C. Enrile, the man of mystery in the Mexican revolution, is in a hospital now with four knife wounds and a bullet hole in his chest.

He was sitting in the Plaza alone, for he is a solitary man, when

was seized the revolution and walked off with it. There is every indication that the pesos who started out to fight with Orozco for their rights, as Mexicans are now fighting unwittingly, to aid the very men who opposed them during the Diaz regime.

Enrile was a Mexican diplomat under Diaz. While the revolution was developing, he took no part. But once it was under way, he suddenly appeared.

Intervention seems always to have been his aim. The grip power behind him—a mixture of Wall Street and Mexican big business—seems urging him on to acts which might provoke the U. S. to wrath.

Enrile took all power. The junta sent Emilio Vasquez Gomez to Juarez to be provisional president. Enrile said "no."

Enrile fled by night back to the United States. All this indicates that the present revolution isn't on the common people of Mexico.

Enrile told them, "and these bonds are to be distributed as follows among you." He read the list.

The power behind Enrile can only be guessed. It is sinister, for Enrile is more powerful now than Orozco. He

### EXCLUSION OF THE MAINE INDEBDICTS WON'T BE ENFORCED

Committee of French Language Congress Decides Secretary's Position is Not Justified—All to be Admitted.

Quebec, June 6.—The incident raised by the publication of a letter of the secretary of the French Language Congress which stated that the French Canadian interdicts of Maine would not be admitted to the congress without having an apology to Bishop Walsh of Portland, was brought to a close today by the committee of the congress. It has issued a statement in which it says that after having heard the explanations given by the secretary, the committee regrets the publication of his letter and stands by its regulations, which declare that every French Canadian or Acadian shall be admitted to the congress.

### BELIEVE CHURCH UNION ASSURED

Continued from page one.  
The plan for the work of the afternoon as arranged by the business committee did not contemplate the consideration of the home mission business. Rev. Dr. Grant, however, suggested that in view of the fact that the evening was to be given up to the public meeting in the interests of home missions the adoption of the home mission report should be proceeded with at once.

Edward Brown, of Winnipeg, who is deeply interested in the introduction of modern business methods into the work of the denomination, moved that this should be done.

Dr. Somerville declared that the motion was out of order and that the matter must first be taken up by the business committee.

Mr. Brown moved that all the rules be suspended and that Home Missions be discussed.

Dr. McQueen, the moderator, declared that in his work in the work he had followed the policy of going straight at things without much regard to the blue book, and he ruled that a motion suspending the rules was in order. The assembly suspended the rules and went at the Home Mission business.

The amount of business done was, however, small. Reports were presented by Rev. Dr. Scott, of Montreal, and Rev. D. D. Praso, of Toronto, with reference to the publications of the church. Dr. Scott stated that a monthly publication was the most successful of its kind in the religious world, covering his field completely.

Dr. Praso showed that starting with twelve thirteen years ago, the publication department now had eleven separate issues and a working capital of \$20,000. These enterprises have always had the complete support and the good will of the denomination.

### WONDERFUL DISCOVERY IN SURGERY

Buffalo, June 6.—Flesh and bone from the dead can be used to patch the sick bodies of the living.

This is the assertion of Dr. Rowell Park, a noted professor of surgery in the University of Buffalo. His scheme for a habituating the quick at the expense of the dead is set forth in an article entitled "Thanatology" in the current Journal of the American Medical Association. He says that one sound body, such as that of a person in health killed by accident, will furnish enough available tissues for making perhaps a graft—each one of which might mean health and happiness to someone.

"Let a healthy young woman meet accidental and instantaneous death," says Dr. Park. "It would be possible to use no inconsiderable portion of her body for grafting or other suitable surgical procedures."

"The arteries and nerves could be used in the fresh state, and the former even after preservation, for suitable transplantation or repair work on the vascular and nervous systems of a considerable number of other people. So also could the thyroid, the cornea, and especially the bones."

"All the teeth, if healthy, could be transplanted. With the thin bones, ribs especially, plastic operations—particularly on noses—could be performed on 50 people."

"The exterior of the body could be made to supply and amount of normal skin for grafts. The kidneys could also be easily utilized."

### ESTABLISHMENT OF CANADIAN LLOYDS BEING CONSIDERED

Means May Be Taken to Cope With Unfavorable Insurance Rates—Thorough Investigation Ordered.

Ottawa, June 6.—The proposal to establish a Canadian Lloyds has been taken up by the trade and commerce department as one of the subjects for investigation in connection with an attempt to recover Canadian trade now being diverted from Canadian ports.

Discriminating insurance rates are one of the factors in taking Canadian exports to United States ports. The trade and commerce department is conducting an investigation covering this phase of the problem and including a study of the needs of the principal Canadian ports on the St. Lawrence and in the Maritime Provinces. The investigation as ordered by Hon. George Foster will be thorough and will likely be made the basis of a strong policy of development of Canadian trade channels.

### BODY OF HALIFAX MAN IS FOUND IN SHOCKING STATE

Disappearance Occasioned Diligent Search but Remains Were Discovered Accidentally by Boys Out Fishing.

Halifax, June 6.—About two months ago J. Walter Day, a business man of Halifax disappeared. For a week diligent search was made for him without avail, and it was concluded that he had left the city, the opinion being that he was still alive. This evening a badly decomposed body was found in the harbor off Green Bank by boys who were fishing. It was brought up and by papers in the clothing found to be that of Day. The body was weighed down by a ten pound stone tied round the shoulders.

### GOOD PROGRAMME AT CONSERVATORY OF MUSIC IN HALIFAX

Halifax, June 4.—Those who attended the concert given by Miss Bertha Ferguson in the Halifax Conservatory of Music this evening, heard Miss Ferguson in a delightful programme which was thoroughly enjoyed by all. Miss Ferguson has a fine soprano voice of great range and power, the vocalization and management of her voice being perfect. By her excellent work she reflected great credit on the Halifax Ladies' College of which she has been a student for some years. It is understood she is to continue her studies abroad.

### ANNIVERSARY OF SUNDAY SCHOOL

On Sunday, June 2nd, the members of Trinity S. S. met to celebrate the 20th anniversary. There were, in four sessions, the first held Saturday evening under the auspices of the Lodge division, S. O. F. After opening the visitors were admitted and stirring addresses made by Rev. Mr. Whiteley, rector of Trinity and Mr. Farham, of St. Stephen's School Association.

The second session was held at the corner Baptist church, in the absence of the superintendent, the pastor, Rev. Mr. Johnson, conducted the exercises of the school. Johnson gave a most delightful instructive lesson to the Bible class and Mrs. D. H. Mawhinney led the organ in appropriate music. Jones, returned that Indian missionary, gave an address on missions which was highly appreciated and an offering was taken at the close for school purposes.

At 2:30 the real anniversary programme was carried out in Trinity church and a large number of interested people were present. Singing was led by an orchestra of 4 violins and organ accompaniment. All Sunday school talent. The violins were Messrs. Clifford, Ha and Herman Mawhinney, Wilson Jarvis Snider, and W. H. McGowan. Organist, Miss Bessie Mawhinney. Reports were read by the superintendent and secretary and the head of the different departments, viz. Cr roll, temperance, missions, I. B. R. and home department. The organ classes reported verbally.

Two addresses were given which will long be remembered by the members. The first, by the Rev. Mr. A. president, on the subject, "Church and Temperance," prefaced many hearty congratulations and kind words to the superintendent, officers and scholars of the school and followed by a solo, "Where is Wandering Boy?"

The second address was by Mr. Jones, who delighted the pupils with her oriental costume and description of Indian religion and manners.

This was followed with a touching recitation by Miss Olive Mawhinney, entitled, "Is it Nothing to You?" Before closing Miss Jones and Farham were called to the platform and presented, the former with bouquet of beautiful blue violets, latter with an address, in which expressed recognition and appreciation of his services as president of our county association.

An offering amounting to \$50 was taken which will be sent to native orphanage in India that children of this school help to support.

ANNIVERSARY OF SUNDAY SCHOOL

On Sunday, June 2nd, the members of Trinity S. S. met to celebrate their 20th anniversary. There were, in all, four sessions, the first held Saturday evening under the auspices of Dry Lodge division, S. of T. After formal opening the visitors were admitted and stirring addresses made by the Rev. Mr. Whiteley, rector of Trinity, and Mr. Farham, of St. Stephen, president of Charlotte County Sunday School Association.

The second session was held in Mace's Corner Baptist church, where in the absence of the superintendent, the pastor, Rev. Mr. Johnson, conducted the exercises of the school. Mrs. Johnson gave a most delightful and instructive lesson to the Bible class and Mrs. D. H. Mawhinney led with the organ in appropriate music. Miss Jones, returned East Indian mission, gave an address on missions that was highly appreciated and an offering was taken at the close for mission purposes.

At 2:30 the real anniversary programme was carried out in Trinity church and a large number of interested people were present. The singing was led by an orchestra of 25 violins and organ accompaniment—all Sunday school talent. The violinists were Messrs. Clifford, Harris, and Herman Mawhinney, Wilson and Jarvis Shider, and W. H. McGowan and Organist, Miss Beattie Mawhinney. Reports were read by the superintendent and secretary and the heads of the different departments, viz. Cradle roll, temperance, missions, I. B. R. A. and home department. The organized classes reported verbally.

Two addresses were given which will long be remembered by the hearers. The first, by the Chas. Co. S. S. A. president, on the subject, "The Church and Temperance," prefaced by many hearty congratulations and kind words to the superintendent, officers and scholars of the school, and followed by a solo, "Where is My Wandering Boy?"

The second address was by Miss Jones, who delighted the children with her oriental costume and description of Indian religion and manners. This was followed with a touching recitation by Miss Olive Mawhinney entitled, "Is It Nothing to You?" Before closing Miss Jones and Mr. Farham were called to the platform and presented the former with a bouquet of beautiful blue violets, the latter with an address, in which was expressed recognition and appreciation of his services as president of our county association. An offering amounting to \$4.35 was taken which will be sent to a native orphanage in India that the children of this school help to support. The fourth and last session was

opened at 7:30 and the regular annual children's service conducted by the rector. An eloquent sermon was given from Ex. 2, 9, and the children were given prominence in the singing. It is worthy of note that twenty years ago the entire working force of this school consisted of only four persons; now there is an official staff of nineteen and they have attained to the international banner standard.

**Locomotor Ataxia**  
When your nervous system becomes so thoroughly exhausted that you cannot control the movements of your legs, you have what is known as locomotor ataxia, a form of paralysis.

Mrs. T. F. Tweedle, Brighton, Ont., writes: "For years I was troubled with the stomach and have always been of a nervous temperament. The death of my husband was a great shock to me, and a few months later I was prostrated by nervous trouble. Locomotor ataxia developed later, and I was in a bad condition. I took treatment from different doctors, but did not gain until I began the use of Dr. Chase's Nerve Food. When I had used five boxes I was so fully restored that I was like a different person. I am sure that the Nerve Food is a good medicine and have told many people about the remarkable way in which it has restored my health."

**FOG DELAYS TRAFFIC.**  
Montreal, June 6.—Incoming ocean vessels are being greatly delayed by the thick fog which has enveloped the Atlantic and the lower part of the river for over a week. The Royal Edward was due here yesterday, then she was expected at 8 o'clock this morning, now tomorrow night or Saturday morning will be her time of arrival. The Athens, of the Donaldson Line, is due to sail for Glasgow on Monday morning, but at 9:30 this morning she was only at Martin River, 230 miles below Quebec, on the inward voyage. The Corsican was 160 miles southeast of Cape Race this morning with the Sicilian 15 miles west. The Lake Champlain, Mount Temple and Matutina are picking their way up the St. Lawrence through fog and rain.

BRITISH BUSINESS MEN GEN. WILLIAM BOOTH EN ROUTE TO CANADA NOW FACES BLINDNESS

Party Sails on Empress of Ireland and will Reach Quebec Friday—Sixty-Five Coming. Sends Message of Hope and an Appeal to Salvation Army—Doctors Say Chances are Slim.

Quebec, June 6.—According to special cable advices the C. P. R. S.S. "Empress of Ireland," is now on its way to Quebec, having on board the party of representative manufacturers and business men of Great Britain who are to make a complete tour of the Dominion. The Empress will arrive at Quebec on June 7th or 8th, and the party after an official welcome in that city will begin their tour of the Dominion, proceeding first by special train to the Maritime Provinces.

The party which numbers sixty-five including representatives of the largest manufacturing and business concerns in Great Britain is in charge of W. L. Palmer, of the London Financial News, under whose auspices the tour was organized, with the co-operation and support of the Dominion government. Before embarking at Liverpool the party was given a send off luncheon by Sir Ernest Flower, and the utmost enthusiasm was displayed.

All the members of the party are looking forward with the greatest interest to their forthcoming tour. Mr. Palmer before the departure of the Empress, with the party on board gave out a message to the Canadian Press, stating that the party was setting forth on a mission that should make a new era in Anglo-Canadian relations.

London, April 6.—A new memoir on the late King Edward, by Sir Sidney Lee, derived from official sources, throws new light on King Edward's character and diminishes the importance of the diplomatic role which the monarch was supposed to have played in foreign courts, but showing that he was not keenly concerned in public affairs, and had neither the inclination nor skill to turn his visits abroad to diplomatic account.

**The Grant Case.**  
Halifax, June 6.—With the preliminary hearing into the case of Hubert Grant, charged with the murder of Thomas Donaldson, adjourned until Monday morning, affairs in this connection are more or less featureless today. The prisoner passed a fairly restless night at the county jail and now that his brother is on the ground and moving actively in the matter of defence, he appears to be more contented. When Grant was being removed from the court room yesterday to return to his cell, the brother was seen to give him a hearty handclasp and whisper words of encouragement in his ear.

An interesting event took place Wednesday evening at 8 o'clock, at the residence of Albert J. Gross, superintendent of the railway mail service, 14 Chipman Hill, when Mrs. Margaret Parker, many years a resident of Reading, Mass., and sister of Mrs. Gross, was united in marriage to George Campbell, a well known and much respected resident of Dipper Harbor, N. B. The ceremony was performed by Rev. Mr. Archibald, of St. John West. The bride wore a handsome tailored costume of dark blue cloth with hat to match, and was unattended, only immediate friends being present. After the ceremony and congratulations were over, supper was served, the table being prettily decorated with flowers. On Thursday morning Mr. and Mrs. Campbell drove to their home at Dipper Harbor followed by the good wishes of their many friends. Many handsome and useful presents were received.  
Fulton-Belyea.  
Rev. Dr. W. E. McIntyre officiated at his residence yesterday at the marriage of Judson Fulton, and Miss Margaret E. Belyea, daughter of Charles Belyea, all of New Jerusalem, Queens County. The bride was gowned in white, with white hat and blue trimmings. The couple, who were unattended, left by the Champlain for their home at New Jerusalem.

# GREAT \$6,000 PRIZE CONTEST CLOSES SATURDAY NIGHT AT 8

## Votes will be Counted at 5 p. m. Today and After This Count Ballot Box will Not be Opened Until Final Count by Judges, Saturday, June 8, at 8 p. m.

# DOUBLE VOTES FOR SUBSCRIPTIONS

### Be Sure to Mail Your Subscriptions and Votes in Time to Reach this Office Early Saturday--Do Not Trust to Slow Mails--Delay of a Few Moments May Cause You to Lose a Prize.

### Be Sure and Send in All Your Votes -- They are the Yellow Slips.

The following named gentlemen will act as judges in The St. John Standard's great \$6,000 prize contest:

Charles F. Sanford,  
Roy L. Sippell,  
Eustace Barnes,  
Andrew W. Robb.

These judges will be present at 8 o'clock p. m., Saturday, June 8, the closing day of the contest, and they will take charge of the ballot box at that hour. They will count and check the votes polled by the contestants and determine who are the winners of the twenty-six prizes. No one connected with The St. John Standard will have any part in the counting of votes or determining who are the winners.

rules and conditions governing the close of the contest.

First--All votes and remittances, no matter at what time mailed, must be received at the office of the contest department, The Standard building, St. John, N. B., before 8 p. m., Saturday, June 8th, or they will be worthless and will not be counted.

Second--All remittances and votes mailed after noon, Friday, June 7th, should bear a special delivery stamp.

Third--All remittances should be addressed to the contest manager, The Standard, and not to individuals. This is to prevent confusion.

Fourth--No personal cheques will be accepted on the closing day, unless certified. Postoffice or express money orders, drafts or certified cheques or currency will be accepted in payment of subscriptions. Please note this carefully and do not present personal cheques in payment of subscriptions on Saturday, June 8th, the closing day of the contest.

Look over the above conditions carefully. Do not jump at the conclusion that you understand any particular one until you are absolutely sure of its full meaning. If the precaution of careful reading is taken there should be no vain regrets concerning votes rejected because they did not conform to the rules of the contest. If in doubt concerning any point, ask questions until everything is clear. It is extremely dangerous to remain in ignorance of any of the rules which govern the closing.

The votes will be counted as usual at 6 o'clock, Friday afternoon and the result printed in The Standard, Saturday, June 8th. After this count, the ballot boxes will not be opened again until the final count is commenced at 8 p. m., Saturday, June 8th.

Get your remittance or vote mailed early Friday or Saturday, so you will not miss any of them. Do not lose any of them, for there will be no way of getting duplicates at this late period of the contest. Do not trust to slow mails. A delay of a few hours may lose a prize for you. Mail them in time to reach this office early Saturday, June 8th or you are apt to lose out.

Go in today, tomorrow and the next day to win or forever hold your peace. The race is now up to you and your friends.

Do not ask to have vote ballots issued on subscriptions without the name of the candidate for whom they are to be voted written thereon. The request cannot be complied with.

All votes must bear the name of the candidate for whom they are to be voted before they are placed in the ballot box. Scratched, torn or altered vote certificates will be promptly discarded.

Often times a few votes will win or lose a prize, and it is no satisfaction for one to know what they have lost by putting off their final effort until the last hour. Go out at once and do your best to bring your waver friends who promised you a subscription, into line. If you put it off until the last hour they may be out of town or changed their minds--just do it now.

The battle of the ballots will be more furious as the end approaches, and every candidate is preparing for the struggle which must take place between noon and 8 p. m., Saturday, June 8. Indications point to a strenuous finish and many subscribers will be added to The Standard list before the close. Claims and counterclaims of the contestants and their friends indicate that the outcome is everywhere in doubt and the interest will be at white heat.

But it will all be over in a few hours, even though it has been a warm race, the good feeling will be so prevalent that the losers will be helping the winners celebrate. Everybody will be happy and those who have worked the hardest will be the happiest of all.

No information regarding the re-

between the dates of Tuesday, June 5, and Saturday, June 8, inclusive.

### Snapshots of Big Figures in Archbald Impeachment Hearing

Above, E. T. Boland (on left) and W. P. Boland; below Judge Archbald (on left); John Henry Jones, and Edward J. Williams (on right).

The leading characters in the impeachment hearing of Judge Robert W. Archbald before the house judiciary committee are the Boland brothers of Scranton, Pa., who are said to have set the trap for the judge; J. H. Jones of Scranton, who negotiated the sale of the culm bank property to Archbald; and E. J. Williams, the principal witness against Archbald, who testified that he made the judge a present of \$250 for a note secured when their cause upset today in the Asanibola River.

METHODIST WOMEN'S MISSIONARY SOCIETY

Second Day of Convention at Woodstock Marked by Arrival of Large Number of Delegates.

Woodstock, June 5.—The second day of the W. M. S. convention in this town was fine and warm. More delegates have arrived making a total of about 53.

The sessions throughout the day have been of a most interesting character. The reports of the different organizations showed that almost without exception there has been an increase in membership and in money.

In the St. John district there are 18 auxiliaries having a total membership of 574. During the year, 115 new members have been enrolled in this district, and a total amount raised in St. John district of \$2696.85 being an increase of \$58.71 over last year.

The banner auxiliary is the Portland street church, which gave in mite boxes, \$160.80.

Sackville district has nine auxiliaries with a membership of 253. During the year the amount raised was \$810.59, an increase over last year of \$97.43.

Moncton district has 12 auxiliaries, which raised for missionary purposes \$1089, an increase of \$88 over last year.

Reports were also read from the Fredericton, St. Stephen, Summerside, Chatham, Charlottetown and Woodville stock districts. An interesting fact in connection with the Woodstock district is that Mrs. Corbett, its organizer, has held her office for 10 years and during that time has never had to report a decrease in either funds or membership. This year this unique society raised \$1287, an increase of \$61 over last year.

Fredericton auxiliary led all others in its Easter offering, which was \$200. A unique society is one in the Chatham district of which Mrs. Clarke is president, the band consisting of ten members, all of her own household.

Mrs. P. S. Egan gave the annual report of the circles and bands, which showed that there was a total membership of 2881, an increase of 130 members. The total amount raised by 111 circles and bands was \$3288.

Mrs. C. P. Sanford, the corresponding secretary, reported the total number of societies to be 214. The total membership in auxiliaries, circles and bands is 5450, an increase of 300 members. Nineteen auxiliaries entered into a campaign for new members with most satisfactory results.

The branch treasurer, Mrs. Williams, of Marysville, had a most encouraging report to give of the work of the year. The total amount raised of \$282, an increase of \$65 over last year.

Miss H. E. Stewart led the prayer service at close of morning session. The afternoon session opened with an organ recital and a young ladies conference. These were followed by two papers bearing on our missionary work in our Cities.

The Porein Mission Work in Our Cities, by Mrs. J. R. Curtis, of Sackville. The second was on Our Indian Hospitals, by Mrs. S. H. Groulx, of St. John.

An invitation was received from the school trustees to visit the new Peter Fisher memorial school and many ladies availed themselves of the opportunity.

At the tea hour the ladies' aid of the Woodstock church entertained 30 delegates and their hostesses most hospitably, in the school room of the church.

During the session letters of greeting were received from Mrs. J. D. Chipman, who was president of this branch for 18 years, and who now resides in Toronto. Also from Mrs. James Rogers, now in St. John, Nfld. A suitable reply was sent to these ladies from the branch meeting.

This evening the branch will be addressed by Mrs. Ross, president of the board of management. Mrs. Ross is a most interesting speaker, as she has visited all our missions in Japan as well as our Indian and Ruthenian missions in the west.

The annual closing exercises will hold their general closing at Home. They have selected Chaucer Orchard of this city as valedictorian, and Miss McTavish, of this city, as class orator. Miss A. and Miss Gladys Smith, of Hampton, for Class A. 2. Dr. Bridges said today that the record of this year's students, winner of the prize for highest general standing in the senior class, was of remarkable merit.

In the evening the students will hold their general closing at Home. They have selected Chaucer Orchard of this city as valedictorian, and Miss McTavish, of this city, as class orator. Miss A. and Miss Gladys Smith, of Hampton, for Class A. 2. Dr. Bridges said today that the record of this year's students, winner of the prize for highest general standing in the senior class, was of remarkable merit.

The block of interval No. 4245, on Ship Point, has been purchased from T. Sherman Peters by the Huestis brothers, of Lower Jenesse, who are now erecting a large barn upon the property.

A heavy understorm accompanied by hail and rain passed over Cambridge on Monday evening. Many of the farmers who have cleared up the driftwood have had their work undone by the rise of the fresh rain.

Rev. Wm. Pincombe was visiting friends in Central Cambridge today, and found the veteran preacher Rev. A. B. McDonald in excellent health. Dr. William McDonald, of Dartmouth, and her two children are the guests of her parents, Rev. A. B. and Mrs. McDonald.

Dr. William McDonald, of Boston, has arrived for the summer and is staying with Mr. and Mrs. L. B. Flowers.

Sixteen brothers are adding a large list of names to the list of those who have experienced and glowing with bright hope for the future of the church and trust for the well-being of himself and the brethren.

Coasting Schooner Has a Close Shave

Chatham, June 5.—The very general sympathy felt in the early demise of Miss Blanche McEwan found expression in the large attendance at the funeral yesterday afternoon, when, despite the inclement weather, many friends and sympathizers gathered at the late home of the deceased and followed the remains to their last resting place in the Riverside cemetery.

The services at the home were conducted by Rev. Geo. Wood and the choir of St. Andrew's church was present and rendered several hymns. The pallbearers were J. D. K. MacNaughton, Fred Gunn, Wm. Craig, John Sinclair, Shephard Frost and Guy Tait.

A schooner sailing up the river Wednesday afternoon had a narrow escape from capsizing. It was just off Chatham when a severe gust of wind that suddenly burst over the town that afternoon caught the vessel with too much sail on. There was not time to shorten sail and the vessel received the full force of the fierce gust. She careened wildly and happily for the moment over the main boom fore lose from its place and the sail thus freed spilled the wind off it and removed sufficient of the pressure to shorten sail and the vessel righted itself. It sped on its way to Newcastle with its main boom dragging behind in the water.

The first meeting of the joint committee appointed to draw up the programme for the Old Home Week celebration was held in the town hall last evening. The committee is made up of the following members: Mayor Cassidy, Ald. Snowball, Ald. Tweedie, W. B. Snowball, W. T. Volden, E. Jordan, G. T. O'Brien, J. C. Goffrey, Wm. A. Skidd, Thos. Fitzpatrick, L. J. Loggie, A. B. Macdonald. The committee elected the following officers: Chairman, W. B. Snowball; secretary, G. T. O'Brien; treasurer, Mayor Cassidy.

A discussion followed as to the attractions that might be arranged for the two days of the celebration that will be held on the 20th and 21st of the month. The following sub-committees were appointed with power to add to their numbers:

Mr. Pincock of the Moncton High School spent the holiday in town. Miss Gertrude Colleen of Fredericton spent the holiday with friends here.

Miss Ada Johnson, daughter of Mr. and Mrs. P. C. Johnson, underwent a very successful operation for appendicitis at the Hotel Eden on Wednesday morning. The operation was performed by Dr. Marven assisted by Dr. Losier and Dr. McKenzie of Loggieville. Miss Johnson is making excellent progress towards recovery.

S. R. Weston who has completed his sophomore year work in engineering at the U. N. B., has accepted a position with the public works department here, for the summer vacation.

Rev. Mr. Whitehouse of Tabusintac was the guest on Monday of Rev. R. G. Fulton of St. Luke's parsonage and left yesterday for his home at Tabusintac.

C. E. Dalton of St. John was a guest at the Adams House Tuesday and Wednesday.

Max Bohrer of Montreal was in town this week and made his usual examination of the musical pupils of the convent in regard to their standing in these studies. It is understood that Mr. Bohrer, who is an authority of more than Canadian fame in this line, highly praised the instruction that is imparted at the convent.

Mr. and Mrs. Warren L. Baldwin of Moncton are the guests of Mrs. Baldwin's parents, Mr. and Mrs. H. M. Gaddy.

Inspector Mersereau of Daoktown was in Chatham Friday.

P. G. Clarke of Summerside arrived town Thursday. Mr. Clarke's firm has the contract for the new station at Chatham.

warehouse to their new store at Jenesse Corner.

Miss Grace Pincombe arrived home Saturday for the summer vacation. The annual business meeting of the United Baptist church was held on the 2nd inst, when the following officers were elected for the ensuing year:—Church clerk, C. D. Dykeman; financial committee, F. A. Fowles, C. D. Titus; treasurer, J. K. Dykeman; vice-president, Mrs. R. Wright; vice-secretary, Melbourn Dykeman; secretary, Laura Ferris; treasurer.

HOPEWELL NEWS.

G. H. Adair, of Apohaqui, spent Sunday in the village.

Miss Carrie Bishop entertained a number of her friends very pleasantly on Saturday evening at her home here.

Orland R. Atkinson, who is a student at M. Allison university, spent a few days with friends here.

Mrs. M. H. Robinson is spending a few weeks with relatives at Salisbury.

The Misses Lena Nicol and Janie McTavish returned to Moncton on Tuesday on the Wilfrid C.

Wherever there are people who are troubled with deranged nerves they will find that Milburn's Heart and Nerve Pills will restore the equilibrium of these deranged centres, and bring back the shattered nervous system to a perfect condition.

Miss Emma Read, Laskay, Ont., writes—"I have great pleasure in writing to tell you about the great benefit I have received by using your Milburn's Heart and Nerve Pills. About a year ago I was very badly run down and could hardly do my work. I tried different medicines but none of them did me any good. I was terribly nervous, and would start at the least noise, and even start in my sleep, which made me very weak. I used two boxes of your pills and I am now well and strong again."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25. For sale at all dealers, or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## IMPORTANT TRANSFERS MADE IN REAL ESTATE

E. L. Rising Purchases Valuable Property on King St.—Gibson Holdings Sold to Pulp and Paper Co.

The building on the north side of King street owned by Mrs. Annie Ferguson, of Chicago, and occupied by Waterbury and Rising and D. Magee's Sons, has been purchased by E. L. Rising through Mr. Ferguson's brother and representative, F. H. McKell. The price paid is reported to have been in the vicinity of \$45,000. Only recently a large block of buildings on Dock street owned by Mrs. Ferguson, was sold to Thomas Nagle and there is at the present time an option on the Tan Eyck Hall, also owned by Mrs. Ferguson. A property deal, one of the largest in the history of New Brunswick, was concluded yesterday when Col. H. H. McLean, president of the Alex. Gibson Company, Ltd., turned over to Hamilton and Hamilton, solicitors for Capt. Partington and the Consolidated Pulp and Paper Company, the title deeds to all the Gibson property and holdings in York, Carlton and Northumberland counties, and received in exchange the payment agreed on, which is understood to be close to \$2,000,000. The property has now passed from the control of the Gibson Company and is the absolute property of Capt. Partington and the interests associated with him, and the formal transfers will be at once recorded. It is understood that under the terms of purchase, the annuity which was paid Mr. Alex. Gibson will be continued by the new owners.

CIRCUIT COURT. Case Postponed.

The case of the Pacific Coast Fire Insurance Co. vs. Hicks was down for trial before Judge Landry in the Circuit Court yesterday. An application was made by M. G. Teed, K.C., on behalf of the defendant, Hicks, to have the case postponed on the ground that Mr. Copp is much occupied in political matters. The application was granted and the trial was made a remanet, notice of trial being given for 25th inst. Powell and Harrison and J. R. Armstrong for plaintiff. The court adjourned until today at 10 a.m.

## MAYOR AGAINST APPOINTMENT OF MR. DOIG SUPERINTENDENT

Made Strong Protest at Council's Action Yesterday, in Dividing Water and Sewerage Department - Street Improvements Agreed to - Band Concerts Voted \$700 - Forestalling Clause to be Dealt with - Reports of the Commissioners Adopted.

The common council met yesterday afternoon and the proceedings were rather cut and dried. Com. Agar's programme of street improvement was agreed to, except in the matter of paving a portion of Charlotte street, which was laid over till detailed plans were prepared. Mr. Wignome's Hatfield was given the title of "Road Engineer," with duties practically the same as he now performs.

David H. Doig was appointed superintendent of water and sewerage with an increase of salary. Mayor Frink spoke and voted against the creation of this office. He said he recognized that Com. Wignome desired to make some improvement in his department. There had been complaints about the water service from householders and underwriters. But he thought the change contemplated was a mistake, a retrograde step. "I recognize," he added, "that Mr. Doig has been an excellent official, but the water and sewerage system is a complex subject; there are very many orders in council governing it. It requires considerable technical knowledge and a good deal of executive ability to handle these services. Mr. Doig's activities have been confined to a restricted sphere, and I feel it is an error to place so many new responsibilities upon him. The old system, which was in vogue before Mr. Sturdoch added to his duties by becoming director of public works, should be re-established. I feel that the change which Com. Wignome wants is not in the best interests of the city, and will record my vote against it."

Make the Experiment. In reply Com. Wignome said he had given the matter serious consideration and thought the plan should be tried out. If it was not successful, they could try something else.

It was decided to appropriate \$700 for band concerts during the summer. A communication was received from Rev. Father Converse asking the council to attend one of the services at the Mission Church in connection with the festival of St. John the Baptist.

On motion of Com. Wignome, it was decided to accept the invitation of the British manufacturers to send a delegation to the West Side, asking that some improvements be made to Market Square. It was referred to the commissioner of public works.

W. M. Jarvis and R. O'Brien were re-appointed fire commissioners. The British Manufacturers. A committee of three, consisting of Com. Schofield, Wignome and the mayor, were appointed to complete arrangements for entertaining the British manufacturers. The committee will act in conjunction with the board of trade.

A petition was received asking that improvements be made to the Sandy Point Road, and was referred to the commissioner of public works.

A communication was received from Daniel Mullin, K. C., stating that his client, Manassah Hogan, wanted compensation for injuries received through catching his foot in a hole in a city wharf a month ago.

It was referred to Com. Schofield, the city engineer and recorder. H. P. Paddington appeared and said he had a number of clients in Kings county who wanted to know whether the forestalling clause in the city market by-laws prevented the farmers selling their products direct to the city merchants. He pointed out that in Ontario and other provinces farmers could sell produce to the city merchants.

Com. McLellan thought the question should be submitted in writing to him, and it was agreed that if this was done, an answer would be forthcoming next week. Recommendations Passed. The commissioner of finance and public affairs made the following recommendations which were adopted: 1-That the following accounts be paid as certified to by the comptroller, namely: Treasury department \$ 536.71 Water and sewerage department 1,136.65 Public works department 469.09 Harbours, ferries and public lands 2,730.96 Public safety 1,722.00 2-That \$28,128.65 has been placed on the order book for payment of accounts as will appear from the statements hereto attached. 3-That the common clerk be authorized to have 200 copies of the St. John city assessment plan printed in pamphlet form.

4-That the sum of \$700 be appropriated for providing band concerts during the summer, if it can be taken from appropriations for the year. 5-That an amount not exceeding \$300 be appropriated for entertaining the British visitors coming here next week. Public Works. The commissioner of public works submitted the following recommendations: 1-That the north side of Main street including the car track, from the neighborhood of Acadia street to Paradise Row, and thence to Foundry Lane, be paved with granite blocks, according to specifications to be prepared by the city engineer, and that tenders be called for the same, the cost of the work to be paid by bond payable in 20 years. 2-That King street be paved with granite blocks between the railway tracks and 18 feet each side thereof, and that the rest of the street be macadamized and proper crossings and concrete gutters placed, and that tenders be called for the same, according to plan and specification to be submitted. The commissioner said this would not mean a bond issue, and it was adopted. 3-That Charlotte street be paved with asphalt between the south line of King square and the south line of Union street with vitrified brick between the car tracks, taking in the present sidewalk between the north and south sides of the said King Square, according to plan and specification to be prepared by the city engineer. This was laid over till detailed specifications were forthcoming. 4-That a new office be created in the public works department to be called, Road Engineer, he shall be responsible to the commissioner of public works, to whom he shall report all matters pertaining to his office that he may deem to be in the interests of the city. The appointment of the Road Engineer shall be subject to the will and pleasure of the common council. It shall be his duty to make all street and sidewalk surveys, plans and specifications, that may be required subject to the approval of the city engineer. He shall inspect and pass upon all street and sidewalk construction work that may be let out by contract and report his findings when required, to the commissioner of public works. He shall have charge of all repair work done under the supervision of the street superintendent and shall be held responsible for the quality and finish to the streets. Adopted. 5-That George N. Hatfield, the present assistant engineer, be appointed road engineer during the will and pleasure of the common council, at the same salary as he is now receiving. Adopted. 6-That permission be granted Fred J. Doody to place a projecting illuminated sign over his premises, 97 Prince William street, over the sign being placed and made to the satisfaction of the city engineer, and upon his executing an agreement to the satisfaction of the recorder, and similar to other agreements already signed. Adopted. Water and Sewerage. The commissioner of Water and Sewerage submitted the following recommendations: 1-That hereafter the duties of the City Engineer shall be as follows: It shall be the duty of the City Engineer to perform all the engineering, surveying services and construction work needed in the affairs and business of the city, to prepare such plans and specifications as may be required by the several commissioners, and to supervise under their direction all works done for the city in which the skill of his profession may be required or useful. He shall have supervision and control over all reservoirs and lands under the Water and Sewerage Department. He shall report to the several commissioners from time to time as required, the progress of all works under his supervision, and shall present to the common council, not later than the first day of March in each year, a report on all work done under his supervision during the past year. He shall engage his subordinates to serve during his pleasure, but the commissioner of each department shall prescribe the number; and that any previous orders of council conflicting herewith be rescinded. Adopted. 2-That a superintendent of Water and Sewerage be appointed whose duties shall be as follows: The superintendent shall have

## CONSUL OPTIMISTIC FOR ST. JOHN'S FUTURE

H. S. Culver Foresees Great Growth in Export Business - Thinks Commissioners Should Encourage New Industries.

Further evidence that St. John is booming comes from H. S. Culver, the United States consul at this port. Mr. Culver said yesterday that the exports show a large increase and felt sure that the statistics at the end of the fiscal year would show a great growth in the business from this port. Lumber was the chief item of interest, and was in great demand in the United States. The merchants there are at present buying large quantities of New Brunswick lumber all of which is shipped from this port. Mr. Culver also spoke favorably of the commission form of government, expressing the opinion that there were good men in the different commissions and that the city was being run on more businesslike lines. He also pointed out that the new industries which would be started would prove to be the corner stone on which to build up a great city.

Speaking of the Courtenay Bay improvements, Mr. Culver said that the large amount of work to be done there would necessitate the employment of an army of men when the work is finished will leave unless other employment was provided for them. To this end he thought the commissioners should encourage the growth of the different industries already established and at the same time should induce others to establish themselves here.

He shall engage such subordinates necessary supplies and materials to be provided by the city, who is empowered to issue orders for same, if approved by the commissioner. He shall engage such subordinates as he may require, the number thereof to be fixed by the commissioner. Adopted after a protest by the Mayor.

Harbours and Ferries. The commissioner of Harbours, Ferries and Public Lands made the following recommendations which were adopted: 1-That a renewal lease issue to Mr. Elizabeth S. Marsh, of Lot 856, Guys Ward, for seven years from 1st May last. 2-That all advertising signs be removed from all city wharves, and that no further advertising signs be permitted on the same; and that the harbor master be instructed to carry out this order. Public Safety. The commissioner of Public Safety recommended that the commissioner of Water and Sewerage be requested to have the eastern line of German street, which have been made by the department, and are now ready for installation, placed in such localities as may be directed by the commissioner of Public Safety. Adopted. The council then went into private session.

Says Option Will be Taken Up. H. Chermisey, who is interested in the cement properties at Green Head, thinks The Standard did him an injustice by a statement that his company had not yet taken up the option on the property and that there was a growing feeling that the project to establish a plant there might be abandoned. "I'll take up the option when I get good and ready," he informed a reporter yesterday. "I have a month yet." "Have you had a conference with the city authorities regarding the conditions of the transfer of the property?" he was asked. "I have a contract," was the reply. "I would like to know where you got your information. I want to tell you that the option will be taken up; the money is all ready."

## KIERSTEAD TAKES PITY ON OPPOSITION

Candidate with Endorsement of Temperance People Spares Criticism of Government - Others Refused Pledge.

At a slimly attended meeting of the St. John County Branch of the Temperance Federation in the Christadelphian Hall last evening, J. W. Kierstead, of the opposition ticket in the city, was endorsed in his candidature for the local legislature. The Temperance Federation had invited all the candidates of both the government and opposition parties to pledge themselves to abstain from liquor. Mr. Kierstead being the only one to reply in question, the government candidates as well as the remainder of the opposition candidates, refusing to pledge themselves to prohibition. The endorsement of Mr. Kierstead instead of an independent candidate, proved a great disappointment to many of the temperance people, some of whom in their indignation, left the hall by the back door.

Mr. Kierstead in his speech said that during his campaign he had purposely refrained from making harsh remarks about the manner in which the government has been running the affairs of the province, fearing he would insult the government supporters in the ranks of the temperance federation. Mr. Kierstead might have added that it is very hard to criticize an honest man, but the noise of several whistles, leaving the hall doubtless interrupted him. In the stand he has taken Mr. Kierstead has placed himself between the proverbial two stools, from which he will certainly get a large sized tumble on June 20th.

The Temperance Federation also prepared their plan of campaign for the week, two being slated for Sunday. Hold Annual Meeting. At the annual meeting of the St. John Ward, B. S., held last evening at the Mission Church, last year's officers were re-elected for the ensuing year. Before the meeting, Joseph Neaves for obstructing the British street sidewalk yesterday by allowing a sliver to stand there while he was unloading the same. Lieut. Gov. Wood arrived in the city yesterday. He is registered at the Royal.

## Rheumatism and Lumbago

If you have any doubt as to the value of Dr. Chase's Kidney-Liver Pills as a means of regulating the kidneys and thereby curing rheumatism and lumbago, you will find here the proof of what was accomplished in one case.

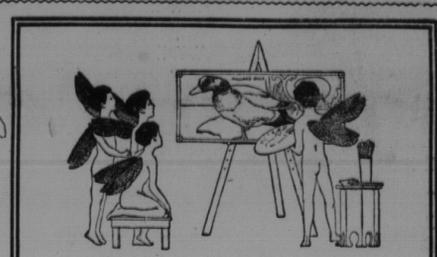

Mr. John Bellard, carpenter, Hamner, Ont., writes: "I was entirely cured of kidney disease and rheumatism by the use of Dr. Chase's Kidney-Liver Pills. For about twelve years I was troubled with the kidneys and suffered a great deal with rheumatism and lumbago. I consulted three different doctors, and, as they failed to cure me, I began the use of Dr. Chase's Kidney-Liver Pills, because a friend of mine had been cured by their use. Altogether, I have used ten boxes, and was entirely cured over a year ago. I can recommend Dr. Chase's Kidney-Liver Pills as the best cure for kidney disease, backache and rheumatism."

Signs Over the Sidewalk. Police Sergeant Baxter was on the war path yesterday against persons violating the law by having signs extending from their buildings over the sidewalk. The officer reports that when notified by him the Canadian Pathebank Company, Ltd., Prince William street had a sign removed yesterday, and a firm doing business at 27 Prince William street removed two signs. He has reported Francis V. Benson for having a sign extending over the sidewalk from his building, 154 Prince William street.

Trout Fry Arrives. The trout fry forwarded under instructions from Hon. J. D. Hazen, Minister of Marine and Fisheries, for stocking Lily Lake, Loch Lomond and Lake Minota has arrived from Grand Falls, Paul Perrin of the hatchery being in charge. The fry for Loch Lomond has been conveyed there by motor, and the fry for the Horticultural Association has been placed in Lily Lake.

Police Reports. Police Sergeant Baxter has reported Stanley Williams, William Pelly and James Molloy for cutting and dressing a large pitch pine timber on Cansbury street contrary to the law. Patrolman Vitriani has reported Charlie Wong, of 125 Brussels street for unnumbering the sidewalk yesterday for six hours with a load of coke. Patrolman McCollum has reported Joseph Neaves for obstructing the British street sidewalk yesterday by allowing a sliver to stand there while he was unloading the same.

Lieut. Gov. Wood arrived in the city yesterday. He is registered at the Royal.

R. L. Borden Club Provides Entertainment in Cause of Good Government—St. John will Give Ticket Overwhelming Majority—What Hazen-Flemming Administration Has Accomplished.

Of the many meetings held under the auspices of the R. L. Borden Club, none have attracted as large a number of electors or been marked by such enthusiasm, as the smoker held in Keith's assembly rooms last evening.

Support Good Government. In opening the meeting President Frank Falgout said it might be asked why the R. L. Borden Club, which was primarily a federal organization, should take part in provincial politics.

A Good Record. John E. Wilson was then called upon and was given a rousing reception. He said he was prepared to defend the government because it had lived up to every plank in its platform and had administered the affairs of the province in honest and efficient manner.

High Enthusiasm. Mr. Tilley was the next speaker, and although he only occupied the floor for a few minutes, he roused the audience to a high pitch of enthusiasm.
