BRITAIN, FRANCE AND ITALY SCORE IMPORTANT SUCCESSES

ITALIANS CAPTURE CASTAGNIEVIZZA

Continuing Its New and Successful Offensive in Carso Region, Army of Italy Makes Notable Gains—Austrian Losses Heavy—Fierce Fighting Continues.

ENEMY RETREAT IN DISORDER LEAVING NUMEROUS DEAD—SINCE OFFENSIVE BEGAN AUSTRILIANS LOST 40,365 IN PRISONERS ALONE—VIOLENT CANNONADING IN GORIZIA AREA.

Paris, Nov. 4.—Castagnievizza, on the Carso, virtually is invested by the Italian army, says a Havas despatch from Rome.

Rome, Nov. 4, via London, 5.20 p. m.—Continuing their new offensive against the Austro-Hungarian forces in the Carso region, the Italians yesterday advanced in the direction of the Wippach river for a distance of more than one kilometre. During the day the Italians took 553 prisoners.

New batteries placed by the Austrians maintained an intense barrage fire in the Gorizia area throughout yesterday, says the official statement.

The text of the Italian official statement reads: "In the Travignolo-Avizio Valley our infantry carried by assault a strong position, the so-called observatory on the slopes on the Cima Boesche, about 100 metres from the summit. In spite of a violent bombardment which was opened on the position, our troops consolidated their occupation of it.

"On the Carnia front the artillery activity on both sides increased. "In the zone east of Gorizia the enemy brought into action new batteries of all calibres, and during yesterday kept our positions under an intense barrage fire which was effectively answered by our artillery.

Carso Offensive.

"The offensive on the Carso was presided by the 11th Army Corps, in the direction of the Vippaco Valley, the 40th Division stormed the heights of Volkovjak, Point 126 and Point 123, a little east of San Grado. An advance of more than one kilometre east was made, to Point 291 and along the Oppachiasella-Castagnievizza road to within 200 metres of the latter place. On the rest of the front to the sea the enemy kept up a bombardment of great intensity with artillery of all calibres. A massed attack was directed against Point 208, but was broken down by our concentrated fire. The enemy withdrew in disorder and left numerous dead.

"During the day we took 553 prisoners, including eleven officers, a whole battery of 4-inch howitzers, with more than 1,000 rounds for each gun, and also machine guns, agms, ammunition and a whole transport column complete with large quantities of material of all kinds."

Many Prisoners Taken.

Rome, Nov. 5, via London.—Italian troops, fighting on the Austro-Italian front, in the last four days have taken 270 Austro-Hungarian officers and 3,992 men, says the statement issued today by the Italian war office. The text of the statement reads:

"In the Vallarsa, in the area of Mount Pasubio and on the Asiago plateau, the enemy artillery yesterday was more active.

"In the Travignolo Valley, after attempting a demonstrative attack on Mount Col Bricon, the enemy launched five successive attacks against the so-called observatory on the slopes of Cima Boesche. They were all driven off with heavy losses, and a counter-attack at the point of the bayonet eventually dispersed the enemy, who left numerous bodies, including those of four officers, on the ground.

"In the region to the east of Gorizia and on the Carso our troops yesterday were engaged in consolidating themselves, in spite of enemy artillery fire.

"The total number of prisoners made in the last four days' fighting amounts to 3,992 including 270 officers. "Since the offensive on the Italian front began, on August 6, we have taken, in all, 40,365 prisoners, including 1,008 officers."

French Successful.

Paris, Nov. 5, via London.—The following official communication was issued this evening:

"North of the Somme we made several successful attacks during the course of the day, accomplishing a series of appreciable advances between the region south of Le Transloy and the district south of the St. Pierre Vaast Wood.

"Between Lesbœufs and Sully-Sailly we pushed our lines several hundred metres in the direction of Le Transloy. East of Sully-Sailly we captured a trench and conquered the greater part of the village of Sully-Sailly. South of this village we attacked, and

POLAND IS AGAIN A NATION

Teutons Proclaim Land of Koskisko Once More Free, At Least Nominally.

Berlin, Nov. 5, via Saville.—"Polish provinces occupied by troops of the Central Powers," says the Overseas News Agency, "were the scene today of a great and momentous historic event. Germany and Austro-Hungary, by joint action, proclaimed Warsaw and Lublin the Kingdom of Poland, and re-established the right of the Polish nation to control its own destinies, to live an independent national life and to govern itself by chosen representatives of the nation."

"A few days ago a Polish delegation had called upon the Imperial Chancellor, Dr. Von Bethmann-Hollweg, its members were representative Poles of all classes, all parties, all ranks of society and all creeds. They transmitted to the German government the wishes of the Polish nation which now have been granted to them.

"Thus the ancient Kingdom of Poland from which in the past came famous rulers like the Jagellones (a dynasty founded by Jagello, which reigned in Poland from 1386 to 1572; and glorious soldiers like the great Sobieski (John III.), King of Poland in 1674-1698) is now resurrected to new life. The Poles are free from Russian oppression; no more to be trodden under the heels of the Cossack."

from three sides at once, the St. Pierre Vaast Wood, which is powerfully organized by the enemy, and made an important advance, capturing successively three trenches which defended the northern horn of the wood, and also taking the whole line of the enemy's positions on the southwestern outskirt.

"The fighting was particularly bitter on that section of the front. German counter-attacks were brilliantly repulsed with the hand grenade and bayonet.

"On the right bank of the Meuse the artillery battle in the region of Douaumont continues. We occupy the entire village of Vaux. "Relative calm prevails on the remainder of the front."

INFANTILE PARALYSIS ON BORDER

St. Stephen Has First Case of Dread Disease Reported in Province—Man Chokes to Death.

Special to The Standard.

St. Stephen, Nov. 5.—A serious case of infantile paralysis has developed in the family of Edward L. DeWolfe, senior member of the DeWolfe Hardware Company. His second son, about six years of age, is critically ill with the dread disease, and sincere sympathy is felt for the sadly afflicted family. As a result the Board of School Trustees and the Board of Health have ordered that the schools be closed for two weeks, that no Sunday school sessions be held this Sunday or next, and that children be not allowed to attend motion picture houses for two weeks.

A memorial service for the late Private Ernest G. Richardson, who gave his life for the Empire, was held in the Methodist church this morning and an impressive sermon was preached by the pastor, Rev. H. S. Strothard.

Gordon Sharpe, an eccentric character, who came here supposedly forty years ago from Prince Edward Island and has ever since been a town charge, was found dead this morning in a pasture near the house where he boarded, on the outskirts of the town. Death is believed to have been due to strangulation while eating an apple.

He was a splendid penman and considerable of a scholar. He found lodgings with a family on the border line of the town near the woods, and although he obtained his food in the house he preferred to sleep in a shed both winter and summer. A number of years ago a woman arrived in town from Prince Edward Island and inquired for Sharpe. When he saw the woman he rushed into the woods and remained there for three days, until the woman left the town. The woman told the story that a number of years previous Sharpe had been a bright young man on the island. He was an Englishman, coming from Devonshire, and that he had been engaged to be married to her. One evening he called on her and had a revolver with him. While he was handing the gun it was discharged. The report greatly frightened the woman, who shrieked and fell in a faint. Sharpe disappeared, and it is believed that he thought that he had killed the woman, and that it unbalanced his mind.

NINETY-ONE LIVES LOST IN COLLISION

London, Nov. 4.—In one of the worst gales ever known in the Irish Sea the British steamship *Gomemara*, with passengers and a cargo of cattle from Greenore, Ireland, for Holyhead, Wales, collided last night, just outside the Carlingford Bar, with the British steamer *Retriever*, laden with coal. Both vessels sank immediately, with a loss of ninety-one lives, eighty-two lives being lost on the *Gomemara* and nine on the *Retriever*.

British Get Better Of German Army In Northern France

Teutonic Forces Enter Our Trenches Near Guinchy, Seven Miles East of Bethune, But are Expelled Immediately—Germans Meet with Heavy Losses Elsewhere.

London, Nov. 6.—The British official communication dealing with operations on Sunday on the Somme front says:

"We attacked at several points along the front, making some prisoners and making some progress. On our extreme right we cleared a pocket of Germans.

"In the centre we progressed on a front of over a thousand yards, securing the high ground in the neighbourhood of the Butte de Warlencourt. "The weather continues stormy."

Trenches Recaptured.

London, Nov. 4.—Strong German forces last night entered the British trenches near Guinchy, seven miles east of Bethune, says the British official statement issued today, but the invaders were immediately expelled. The Germans yesterday launched a counter-attack east of Gueudecourt, the statement adds, but they suffered very heavy losses in proportion to their strength. The text of the statement reads:

"Rain fell heavily during the night. We successfully raided the enemy's lines northwest of Armentieres (near the Belgian frontier).

"A strong enemy party entered our trenches near Guinchy, but was immediately expelled.

"An enemy counter-attack east of Gueudecourt (in the Somme sector) yesterday suffered very heavy losses

in proportion to its strength. Over 100 dead have been counted. Thirty prisoners and four machine guns were captured by us."

British Win in Africa.

London, Nov. 5.—An official announcement dealing with the situation in East Africa, made public by the war office tonight, says:

"Advices from East Africa report the overthrow, at dawn, Oct. 30, by Brig-General Northey's troops to the east of Lupembe of a strong enemy force entrenched west of the Ruhudje river, and the capture of eighty-two prisoners, an undamaged field gun, three machine guns, and a quantity of material. Fighting continued in this area."

British Appointments.

London, Nov. 5.—It is officially announced that Lt-General Bryan T. Mahon, commander of the British forces on the western frontier in Egypt, has been appointed to succeed Major-General Sir John Maxwell as commander of the British forces in Ireland. Gen. Maxwell is appointed commander-in-chief of the northern command in England.

It is also announced officially that General Sir F. Reginald Wingate, star of the Egyptian army, has been appointed high commissioner for Egypt, in succession to Lieut-Col. Sir Arthur Henry MacMahon.

MANY KILLED AND INJURED IN BIG RIOT

Industrial Workers Start Serious Affair in State of Washington.

Everett, Wn., Nov. 5.—At least five persons were killed and forty others wounded in a fight at the Everett city wharf between 250 members of the Industrial Workers of the World, who came here from Seattle on the steamer *Verona*, and a posse of 150 citizens, headed by Sheriff Don McRae. Sheriff McRae is among the seriously wounded.

The number of casualties aboard the *Verona* is not known. After the shooting, in which about one thousand shots were exchanged, the *Verona* turned around and started back to Seattle. Many men were seen to fall on the steamer's deck, and others, panic-stricken, jumped overboard. Some were taken from the water, and others disappeared, and it is believed they were drowned.

ANOTHER GRECIAN BATTLE

Factions Clash Again Outside of Katerina—French Occupy Town Itself.

London, Nov. 5.—The Greek army arrived outside Katerina and an engagement with the Venizelos began tonight, says a despatch to the Sunday Observer from Athens, dated Friday.

FRENCH CAPTURE VILLAGE OF DAMLOUP, NEAR VAUX

German Lines are Smashed Hard in Somme Region and North of Somme, Between Lesbœufs and Sully-Sailly—Violent Fighting Sunday.

THREE TRENCHES TAKEN FROM TEUTONS IN ATTACK ON ST. PIERRE VAAST WOOD—BRITISH ALSO SCORE SUCCESSES—NO IMPORTANT CHANGE ON ROUMANIAN FRONT.

The French troops in the Somme region of France and northeast of Verdun have again smashed the German lines hard. North of the Somme, between Lesbœufs and Sully-Sailly, to the east of the latter place and on the St. Pierre Vaast Wood sector, important gains were made in violent fighting which proceeded throughout Sunday, according to the French official communication. The attack on the St. Pierre Vaast Wood, which was made from three sides simultaneously, netted the French three trenches on the northern side and the entire German positions on the southern outskirts of the wood.

To the north, despite the stormy weather, the British, over a front of a thousand yards, captured the hills in the neighborhood of the Butte de Warlencourt.

Keeping up their offensive in the Verdun region the French have been enabled to occupy the village of Vaux and also the town of Damloup, which is situated a mile to the east of Vaux.

Violent Fighting.

Violent fighting continues to mark the operations in the region south of Gorizia, where the Italians are endeavoring to break the Austrian lines and advance upon Trieste. Fresh gains have been made by King Victor Emmanuel's men on the Carso plateau, south of the Oppachiasella-Castagnievizza road, and to the south of this region they are alternately bombarding the Austrian positions at Jamiano and throwing heavy infantry effective against the town. The Vienna war office says all the attacks at Jamiano thus far have been broken down in front of the Austrian line, the Italians suffering heavy casualties.

In the Transylvanian Alps the Austro-Germans and Rumanians are still at deadly grips, with both sides claiming successes at various points. Berlin records the capture by the Teutonic Allies of positions in the Prabhova Valley, while Bucharest asserts that the pursuit of the Teutons in the Jul valley continues.

Russian Warships Busy.

There is still no news forthcoming from the Dobruja region of Rumania shedding light on the situation there. Both Constantza and Mangalia, ports on the Black Sea, held by the forces of the Central Powers, have again been shelled by Russian warships.

Small gains for the Germans on the Russian front south of Dvinsk and in Galicia and the Carpathian mountains for the Russians are recorded in the Berlin and Petrograd official communications.

A hereditary monarchy and a constitutional government is to be established in Poland, according to a manifesto issued at Warsaw and Lublin Sunday.

Damloup Taken.

Paris, Nov. 5.—French forces, advancing in the region of Verdun last night, occupied the village of Damloup, which is situated nearly a mile to the east of the recently captured Vaux Fort, according to the official statement issued this afternoon by the French war office. A number of Germans were taken prisoner.

In the Somme region last night there was only an intermittent artillery duel.

The text of the French announcement reads: "North of the Somme the enemy did not resume his attempts in our trenches in St. Pierre Vaast Wood. The number of prisoners taken yesterday was 50. During the night there was an intermittent artillery duel.

"On the right bank of the River Meuse there was a fairly heavy bombardment in the region of Douaumont, Vaux and La Laufee. "East of the Fort Vaux our troops, extending their progress, occupied during the night, the village of Damloup, making some prisoners.

"On the rest of the front there was nothing important."

French Winning.

Paris, Nov. 4, via London (midnight)

Further progress for the French troops of Vaux, northeast of Verdun, is told of in the official communication issued tonight. The western part of the village has been captured, and northeast and east of the fort an advance of several hundred metres has been made. The communication says:

"North of the Somme the Germans have attempted to drive us from trenches we captured Wednesday on the western fringe of the St. Pierre Vaux Wood. The attack, which was preceded by a furious bombardment, was shattered by our curtain and machine gun fire. Parties of the enemy who succeeded in penetrating our lines were immediately elected or captured. All the ground we had captured was entirely maintained.

"On the right bank of the Meuse our troops extended their progress in the Vaux region. We hold the western part of the village as far as the church. Northeast and east of the fort we have advanced several hundred metres from the work on the slopes which descend toward the Woivre. We again made prisoners."

Germans Fall Back.

With the French army at Verdun, Nov. 5.—(From a staff correspondent of the Associated Press)—"French patrols have penetrated far beyond Fort Vaux into the lines hitherto held by the Germans, but were not able to get in touch with the former defenders. It appears probable that the Germans have retired their lines considerably to the rear, their artillery positions being untenable since the French drove them from Douaumont, after silencing ninety of their batteries.

Military observers point out that the Germans were forced to withdraw from Fort Vaux within eight days after Douaumont fell, whereas the French held Fort Vaux four months after the Germans had captured Douaumont.

French Get Revenge.

Paris, Nov. 5.—The abandonment of Fort Vaux is regarded by the French artillery critics as a fitting revenge for the French heavy guns upon the famous German 17-inch mortars.

The heavy calibre French guns at Verdun began concentrating their fire upon Fort Vaux on October 24, gradually increasing their intensity, hour after hour until, at the end of the 150th hour, one of the German magazines blew up. The great projectiles then began searching out other ammunition depots. One French 16-inch shell, weighing a ton, struck a magazine filled with hand-grenades on All Saints' Day. Many thousands of grenades exploded causing the earth to tremble.

Germans Suffer Losses.

London, Nov. 5.—The Serbian official communication made public here today says:

"We have reliable news that in the recent fighting on the left bank of the Cerna the Germans suffered enormous losses."

A MEMORIAL SERVICE FOR LIEUT. KERR

Rev. Gordon Dickie Preys Eloquent Tribute to Brave Young Officer who Gave His Life for Country.

A very impressive service was held in St. Stephen's church last evening when the congregation paid a tribute of respect to the memory of Lieut. Gordon Kerr, one of the noble band of heroes who have laid down their lives on the blood stained fields of France and Flanders, in defense of the right and the cause of liberty. Music appropriate to the occasion was furnished by the choir, and the "Dies Irae" was rendered by the organist. The St. Stephen Cadet Corps, of which the dead hero was at one time a member, St. Andrew's Cadet Corps, and a detachment from No. 9 Siege Battery attended the service. The sermon was preached by Rev. Gordon Dickie, and he was assisted in the service by Corp. (Rev.) Alexander Grant, a former member of the P. P. O. L. I.

Mr. Dickie said in part:

"There are some truths which I want to emphasize before the men and boys who have gathered here tonight, for Lieut. Gordon Kerr's life has a message for us all. A few years ago he stood where you stand now, he was one of the boys of the brigade, and the hopes and aspirations which you cherish at this moment were his also, as he passed on before you. To any of you who may be bewildered or discouraged, the thought of such a man may be of priceless value.

"One thing which was noticeable, he loved his work and he loved his men. He loved to work and because he loved to fight, but because he felt that the war must be fought and won. He was a soldier by faith rather than by profession of arms, one who had a vision to which he could not be disabused. The following words by the poet might well be applied to him:

"Whereof the man that with me trod This planet was a noble type. Appearing ere the times were ripe This friend of mine who walks with God."

"He was a man whom suffering had ennobled. Through all the difficulties and dangers of life he went calmly forward ever seeking to make himself a workman needing not to be ashamed."

"God's banner over us was love. The smoke of battle had obscured it, but for conquest and because he loved his men, he had risen like a mist from the waters and for a time blotted out the heavens, but the hour would come when they would be driven back whence they came, and hope and love yet win the day.

"Our comrade whom we mourn tonight has done his share to usher in this day. He shows his last sleep. In some quiet resting place undisturbed by the echoes of the guns he lies at peace and for his requiem let this suffice:

"Under the wide and starry sky Dig the grave and let me lie, Glad did I live and gladly die, And I laid me down with a will. The men of the battle front are teaching us how to be religious today in the best sense, they had no formal creed, but a faith that would fit all creeds, even that 'creed of creeds, the loveliness of human deeds.' Their faith was vital, rather than conventional, with them there was neither Greek nor Jew, but God was all in all. This new faith, call it the 'soldiers' faith,' was bound to bring a change of emphasis in human life. A greater stress would without doubt be laid on the things which were worth while. These men would not ask for a new church but they would have a way of looking at the old church which would startle many, no stanzas would be tolerated for anything that defiled or made a lie.

"If the sons of sorrow could teach us this lesson they were too the sons of God."

MAJOR M'AVITY AND SEVERAL OTHER ST. JOHN MEN ARRIVE

Among the three hundred officers and men who arrived in Halifax yesterday were Major Percy D. McAvity of the Fighting 26th Battalion; Captain J. D. Pidgeon of the 2nd Ammunition Train, and Thomas M. Holman, T. M. McKee, G. H. McKinnay, S. A. Roberts and Hon. Capt. C. F. Sanford. The party will leave Halifax about thirty officers and men in the party whose homes are in the Maritime Provinces.

Major R. R. Vince, engineers, of Woodstock, N. B., returned the possessor of the Military Cross. When asked to say something of the deed which won him the honor he replied:

"I don't know how I did it." He bobbed off a few paces—his ankle was badly smashed and he walked with a cane—and then he returned: "It was just a matter of luck."

Lieut.-Col. Burke, chaplain, formerly Father Burke of Charlottetown, was a member of the party.

The following were the New Brunswick men in the party:

Wilbur Martin, Sussex; Archibald Coakley, Sussex; Thomas M. Holman, St. John; Thomas M. McKee, St. John; George Henry McKinnay, St. John; Joe Radley, Grand Falls; Stewart Arthur Roberts, St. John; A. J. Jernam, Spence, Bayfield; Clay Williston, Chatham.

CARLETON METHODIST CHURCH HAS COMPLETED ITS SEVENTY-FIFTH YEAR

Anniversary Services in Celebration of Event Commenced Yesterday and will Continue Until Thursday.

Services in connection with the seventy-fifth anniversary of Carleton Methodist church began yesterday and will be continued today, tomorrow and on Wednesday and Thursday. The morning service yesterday was conducted by Rev. W. H. Barratough, in the afternoon the president of the conference, Rev. Thomas Hicks, addressed the Sunday school. Rev. E. A. Wetmoreland officiated in the evening, when he spoke of the distinctive characteristics of Methodism—Christian perfection simply the perfection of love to God and man; Christian justification and salvation by faith; belief in the consciousness of personal touch with God. He pointed out that the Methodists have no formal creedal statements. They took for granted the creed of the Anglican church; what called the Methodist church into existence was these distinctive characteristics.

A feature of the day was the presence in the church of two members who were present at the opening seventy-five years ago. During the day a large sum was raised by collections. Tonight, at 8 o'clock, there will be a rally of the Epworth League; tomorrow night the Women's Missionary Society will meet at the same hour when there will be a special programme. There will also be a special programme on Wednesday night, consisting of a service of prayer and praise with an address by Rev. W. G. Lane.

On Thursday, at 8 p. m., there will be a congregational reunion, at which the president of the conference and the mayor are expected to be present. Mrs. Wetmoreland will give a reading and Mrs. Long will sing a solo. Refreshments will be served and it is expected that there will be a large attendance.

At the Congregational church, Union street, Rev. William T. Gunn, D. D., of Toronto, secretary of the Congregational Union of Canada, preached both in the morning and evening yesterday. There were large congregations, especially in the evening, when Rev. Dr. Gunn took for his subject "A Square Deal."

MUCH LIVE STOCK KILLED IN WRECK

Luckily Only One Person injured when Freight Train Collided—Wreck Set on Fire by Locomotive.

Campbellton, Nov. 5—The Canadian government railways' wreckers have cleared up a serious smash on the northern division of the road at the Campbellton end of the Mill Creek bridge. A fast special freight train ran into the rear of a live stock train, the engine of the special crashing through the van and a car containing lambs, the wreckage catching fire. The Campbellton fire department subdued the blaze.

Alexander Martell of Danville, Que., was injured and a large number of lambs were killed. Many lambs in six other cars were also killed or injured. A car of cattle rolled over the embankment. Six of the cattle were killed or so badly injured that they had to be destroyed. The locomotive of the second train was derailed.

The first train was stalled at the time and the crew of the second claim that signals were not placed at a sufficient distance to the rear of the van. The freight special was in charge of Conductor Howard and Driver Brashshaw. The other train was in charge of Conductor McWilliams and Driver Macaulay.

ST. JOHN PEOPLE TO HEAR SUNDAY

Quite a number of St. John people contemplate going to Boston to hear Billy Sunday, the spectacular evangelist and former member of the Chicago National League baseball team, who opens a campaign there next Sunday. Sunday closed a campaign in Detroit yesterday. The Sunday tabernacle on Huntington Ave., Boston, was formally dedicated yesterday. It occupies the old American League baseball grounds, so Billy will be more or less at home.

Bishop E. H. Hughes of the Methodist Church, was the principal speaker yesterday. Music was furnished by a choir of 6,000 voices, which has been especially trained for the coming campaign.

Sunday will arrive in Boston next Saturday in time to attend the Harvard-Princeton football game.

All of the Boston churches except those of the Episcopal and Roman Catholic denominations have agreed to give up one service on one Sunday in order to allow their congregations to hear the evangelist on the Lord's day.

Special to The Standard.

Chatham, Nov. 5.—A fire last night, probably of incendiary origin, destroyed the sulphur shed on the Canada dock owned by the Dominion Pulp Co., and containing a quantity of sulphur. The fire spread to the railway siding on the northerly side, destroying three empty box cars and partially destroying a fourth containing a quantity of sulphur for the Dominion Pulp Company. The fire caused a great illumination, drawing to the scene a multitude of spectators. The building was consumed in half an hour.

A Splendid November Day.

Many citizens took advantage of the excellent weather yesterday to enjoy outings. The smiling weather had induced some folks to suggest that Indian summer had appeared, but according to several authorities Indian summer is hardly due yet. This warm period which appears nearly every fall comes usually later in November than early in December. Yesterday was the 11th anniversary of the gun-powder plot in England. A certain accommodation villain named Guy Fawkes attempted to blow King James I, the Lords and Commons to kingdom come in 1605, but instead of many of England's leading statesmen having their heads and his shoulders parted company. The anniversary is always observed by some of the patriotic organizations in England and Canada.

ESCAPED PRISONER

MAY HEAD THIS WAY

The authorities of New Brunswick will probably keep their weather eye peeled for one Joseph Zaczowsky, said to be a Swede, but probably a Pole, who escaped from the Maine State prison at Thomaston last week. Zaczowsky is said to have entered Canada by way of St. John in 1913 or 1914, and to have gone to Portland, where he committed a burglary. He was serving a sentence of from five to fifteen years for this offense. After making his get away the fugitive jumped a freight train, but when the officers attempted to get him he eluded them by taking a header from the moving train and entering the woods. Two passes of twenty-five armed men have been searching for Zaczowsky. He is 20 years old.

TO AVOID WAR-TIME ELECTION.

Hon. A. E. Kemp, returning from Ottawa, told a Toronto audience on Friday night that it was the intention of the Government to appeal to the British Parliament for an extension of the life of the Canadian Parliament in order to avoid a general election during war-time. Such an appeal must go to the Imperial authorities as the unanimous request of both parties at Ottawa. If, when the matter comes before the Canadian Parliament, the Liberals follow the line that recent happenings seem to have marked out for them, and oppose the request, it will, of course, become necessary to divide the people of the country on political issues, but it is to be hoped that the better counsels of the Liberal party will prevail and a contest will be avoided.

Canada wants no election during war no matter what is the opinion of some Grit politicians who would place party above their country's welfare and in this time of blood and tears seek to force political questions on the public mind. The war measures of the Canadian Government have been undertaken with a single purpose in view and that the triumph of the Empire. Already there is in force an agreement which will prolong the life of the present parliament until October of next year. This agreement has been studiously adhered to by the Premier and the members of his cabinet. So punctilious have they been in this regard, that the silence of the heads of the Conservative party in Canada, in the face of the open political propaganda carried on by the opposition, has been tacitly accepted by some of the less thoughtful of the Liberal party as an indication of Government weakness. The Liberals themselves, having repeatedly violated the so-called political truce, have been unable to understand the Premier's rigid adherence to it.

Hon. Mr. Kemp's statement comes as a further illustration of the Premier's mind. To Sir Robert Borden and his advisors the one important question is the winning of the war, and he regards it as most necessary that the people of the country shall be united and of one mind in all matters pertaining to the administration of Canada as long as there is danger at the front.

This view was also expressed by Liberal leaders who, if they now refuse the Premier's request in this matter will find themselves faced with past utterances in which they did not hesitate to express the opinion that a war-time election would be little short of a catastrophe. Sir Wilfrid Laurier is already on record to this effect; while, in an interview given to the Manitoba Free Press in Winnipeg, Hon. William Pugsley, Minister of Public Works in the Laurier cabinet, expressed himself in no uncertain terms. Mr. Pugsley said, among other things:

"The present circumstances are so grave from the standpoint of Canada and the Empire that it would be deplorable in my opinion to have the people divided upon party questions. Another of the reasons why I favor putting off an election until after the war is because I think it would be a great pity to hold one just when the energies of all the people of Canada, and especially the members of the Government who are primarily charged with the duty of attending to the recruiting and equipping of the soldiers should be devoted to this one end."

The St. John Times went quite as far as Mr. Pugsley when it said on September 11, 1915, "All that Sir Robert Borden needs to do is to announce that there will be no election until after the war."

Holding the views they did at that time it is not too much to expect that the Liberal leaders and Liberal newspapers, as soon as the request is made in Parliament, will at once agree that there should be no election during the war, and will support the appeal to the mother country. The country will then be spared the dissension and party warfare a general election would bring. After the conflict has been fought and won and the Canadians in khaki, released from their Empire duties, return to resume their places in our civil life it will be time enough

to settle questions of purely domestic concern. In the meantime it is Canada's first business to strain every effort in the direction of winning the war.

GERMANY CANNOT CHOOSE.

As illustrating Germany's tenacity of purpose some American papers have given considerable attention to the statement of Von Hindenburg that his country is determined to continue the war to a finality and they express the opinion that the determination indicates a high quality of patriotism as well as many more months of hard fighting. As to the duration of the war, that is to be decided in the future, but Canadians will be inclined to ascribe to necessity rather than patriotism the pronouncement of the German general.

The fact of the matter is that Germany has passed the period when she could choose whether she would continue fighting or make terms. Weeks ago Lloyd George, the British Minister of War, declared that the struggle "is to be to a finish." This forced upon Germany a situation from which there was no escape except on terms and conditions to be dictated by the Allies. There is no doubt that if some avenue of escape was open to her Germany would be very glad to quit, but while her enemies hang grimly on to every tank and show as much willingness and ability to fight as at any time during the past two years there is nothing left for her to do but make the best of it.

Beyond all question Von Hindenburg is right. The war will be continued to a finality, until the last vestige of Prussian despotism has been ground under foot and the world is forever freed from the tyranny of Berlin. The war will not be continued by Germany's desire or because Germany hopes to win. It has passed that stage. Germany today is in the position of a criminal, an enemy of society for whom a punishment has been set and must be administered. It is no longer a war of one country against another but a campaign of society against a murderer and there can be no doubt of the issue.

The war may be protracted for one two or five years, but no matter how much time is consumed in the process of punishment it will be continued until the principles in defense of which it was undertaken are vindicated and a criminal has been amply punished for his misdeeds. It does not rest with Germany to say when or how that punishment shall be administered.

THE MOVIES FOR RECRUITS.

The Toronto Mail and Empire urges on the National Service Board the advisability of utilizing the motion picture as an incentive to recruiting. It suggests that the Board should get good moving pictures of Canadian troops at the front. Scenes and events to fire the imagination, to stir patriotic impulses, and impress the need of more men, ought to be portrayed.

Containing the Mail and Empire says: "The pictures taken should be taken as close to the firing line and should be as vivid in representation of what Canadian troops have to face as those taken of British troops in 'The Battle of the Somme.' These pictures should be displayed in every city and hamlet of Canada, not as a commercial enterprise, but in conjunction with recruiting efforts. The expense should be part of the Government's outlay on military organization. In the next six months there must be an earnest endeavor in this country to bring up the rate of recruiting. There is need of something new to stir Canada's blood, to arouse eligible men who might go if sufficiently awakened. The effect of the 'Battle of the Somme' pictures upon audiences was deep. But those pictures were shown as a commercial venture, they had no outward relation to recruiting, and people viewed them merely as a revelation of war. If those had been pictures of Canadians, showing men of our own flesh and blood leaving their trenches to charge, gathering in prisoners, and bringing in the wounded—would they have not stirred fire in the veins of stay-at-homes? The pictures might be painful to many, they might frighten others, but of their stimulating influence upon the better type of young men there is no doubt. In particular, why could not pictures of Quebec battalions be specially prepared for exhibition in Quebec, arousing the provincials, and showing them the need

of co-operation. If with the pictures suitable appeals and comments were interwoven, would they not have an effect far greater than numberless orations?"

"The moving picture reaches a class of people whose deepest feelings are not always reached by newspaper articles, speeches or ordinary canvassing. It has a field peculiarly its own. Where there would be such popular interest as in pictures of Canadian battalions at the front, the opportunity for effective propaganda is most inviting. The National Service Directors should give the subject most careful consideration."

A private view of the "Battle of the Somme" film referred to was recently given in this city at which several citizens were privileged to be present. While the effect of the pictures was painful to some who had dear ones at the front, yet their realism could not be questioned, nor could it be denied that similar views of Canadians in action would have an appeal more powerful than the most stirring recruiting speech or the strongest newspaper article.

ENGLISH AS TEA DRINKERS.

Why The Custom Has Grown in a Few Years.

One remarkable feature of English domestic life has been the increase in tea-drinking. In 1878 the consumption of tea per head of the population in the United Kingdom was four and a half pounds. In 1913 it was six and three-quarter pounds. The increase has been all to the good from the point of view of the nation's sobriety. It represents a real change in habit.

The great increase in the consumption of tea is very largely due to the efforts of British planters in India. Formerly all tea came from China. Fortunately, however, it was discovered that the tea shrub is a native of Assam, one of the Indian provinces. Energetic Britons started planting in Assam. The present-day Indian planter is a very different individual from the luxurious gentleman of "Tom Cringle's Log," and the romances of Marryat. His life is one of assiduous toil, sweetened by all too brief furloughs.

The pioneer planters had before them the task of reclaiming those jungle wastes; of replacing their futile extravagance of vegetation by well-ordered gardens; of repopulating those bare tracts supplementing the scanty and inert inhabitants by larger numbers of orderly and industrious workers from other provinces.

The planters are men conversant with modern science and use ingenious machinery well adapted to the purpose it serves. Large gardens, carefully planned, are cultivated by experts. After plucking the leaf undergoes many processes. It is withered to condense the sap. It is rolled to squeeze the juice out to the surface. It is oxidized to develop the flavor and aroma. It is fired to dry it. It is packed in clean, lead-lined, airtight chests.

All these processes are performed by clean automatic machinery. Thus the teas from India are pure and free from all contaminating admixture. Coming from healthy, well-matured plants, they contain all the essential elements in rich abundance.

The Standard received a bouquet of fresh flowers, yesterday that only a couple of days ago was picked by Mrs. Margaret Baxter in the garden of her residence on Lancaster street, West St. John. The bouquet consisted of dandelions, daisies, August flower and sweet peas and they were in splendid bloom. The sweet peas particularly holding the same fragrant odor as when picked during the summer. This is additional evidence of St. John's ability to classify as a winter resort.

PARJON WANTED FOR DR. DUDLEY

Movement to Have Former Houlton Athlete, Self-confessed Slayer of School Girl, Released from Prison.

Woodstock, Nov. 5.—A case of much interest on this side of the boundary line is that of Dr. Lionel E. Dudley, now serving a fifteen year sentence in the state prison for the slaying of fifteen year old Mildred Sullivan, a pretty school girl of Houlton. Dudley is reported to be a model prisoner and his many friends in Maine are endeavoring to have him pardoned. A petition will soon be sent to Augusta asking for his release.

Miss Sullivan was operated upon illegally in Boston by Dr. Dudley, who his friends say, was under the influence of liquor at the time. Death was caused by blood-poisoning. He was convicted in the supreme court of Maine after pleading guilty following the sensational testimony of Kate Michaud, formerly of Madawaska. Dr. Dudley was widely known as an athlete when he attended Colby College at Waterville.

Red Cross Shipments. Among the visitors to the city on Saturday was Harry B. Milburn, late marine superintendent of the Canadian Northern Steamships, but now of the Canadian Red Cross Transport Service. Before leaving for Montreal on the night express, Mr. Milburn stated to "The Standard" that the shipments of cases for the Red Cross have been very large, the different societies are working hard, and he expects that the shipments this winter will be larger than ever.

AN EARNEST MESSAGE TO ST. JOHN MEN

Capthin J. D. Morrow, Chaplain of 180th, Delivered Inspiring Address at Opera House Mass Meeting Yesterday Afternoon.

About 1,000 men gathered in the Opera House yesterday afternoon to hear Rev. (Capt.) J. D. Morrow, who delivered one of the strongest and most clear-cut calls to clean living and service that has ever been heard in St. John. He urged the men to forget the frivolities and sins of the day and live lives worthy of the boys who were laying down their lives on the fields of France and Flanders in order that the principles of righteousness and Christianity might not be trampled underfoot by the war lord of Europe.

The meeting was under the auspices of the Y. M. C. A., and it is the intention to hold a number of Sunday afternoon meetings during the winter. Mayor Hayes presided and the speaker of the afternoon was Capt. (Rev.) J. D. Morrow, chaplain of the 180th Battalion. While the men were gathered a service of song was led by J. Hunter White. At four o'clock the Mayor took charge of the meeting and called on Rev. S. S. Poole to read the Scripture lesson and lead in prayer, after which the offering was taken. While the offering was being taken Capt. Morrow sang a solo.

In introducing Capt. Morrow, the Mayor said that the 180th seemed to be the most appreciative of what the city had done in the way of welcoming them, and referred to the fact that he had received a letter from the Mayor of Toronto conveying the thanks of that city for the reception given to the Toronto unit.

Capt. Morrow. Capt. Morrow thanked the citizens both on his own behalf and that of the battalion for the kindly way in which they had been received and said their stay in St. John had been very pleasant. He had an earnest message for the men of this city, a call to go out into the world and make good and show themselves worthy of the men who were fighting the battle for freedom on the battlefields of Europe. The best brain and tissue of the country was going out perhaps never to return, and it was up to the men at home to make themselves worthy of the men who were made on their behalf. Men would have to give up their drink and their pool playing and other forms of purely selfish pleasure, and realize the responsibility which the departure of their fellows put upon them. It would be a terrible thing if the men should fall because the men at home did not care and failed to live up to their opportunity. The Canadian soldiers had done their duty and now it was up to the men at home to do theirs and get under the responsibilities. The drink should go, it was sapping the life out of the men and had been lost to the battalions of the world because of it and the men of Canada should get rid of it. Then faith in God was needed, he had not met any person since coming to St. John who did not believe in God, but he had in Toronto where the men told him he had no use for his church and no business. But something more than faith was needed, the faith must be put into action, and carried into all the affairs of life. Sunday religion was no good. To be of any use religion had to be carried into the weekday life and mould all its activities. Capt. Morrow then gave a vivid description of some of the work among the down and outs and declared that God could save any man no matter how degraded, and told of one experience he had on his first mission field with a doctor who gave a drink and a dose of morphine to the members of his church thought he was wasting time trying to reclaim him, but he stayed with him until he gave his heart to God and was saved from evil habits, after which he went to the work as a missionary where he finally laid down his life, and the men who were down and out were the very ones who needed the Gospel, and when he went to Toronto he had gone to work in a down-town district among the poorer classes and was still with them. He told something about his work among them and of the struggle to build the present church which was a \$100,000 structure. Faith in God had carried him through all the difficulties and trials until he had today a church any man might feel proud of and one which was doing a splendid work. He compared life to a Niagara where men were drifting not realizing the strength of the current and called on the men not to drift any longer but to take to a serious purpose and show themselves worthy of the heritage which was theirs. The meeting was brought to a close by the singing of the National Anthem.

ORANGEMEN ATTEND MEMORIAL SERVICE

Special Service in Carleton Methodist Church Yesterday in Memory of Pt. Samuel Ferguson of 26th.

A memorial service was held yesterday afternoon in the Carleton Methodist church to honor the memory of Private Samuel Ferguson of the 26th Battalion, who was killed in action. The service was under the auspices of True Blue, L. O. L., No. 11 and King Edward Lodge, No. 30, P. A. P. B.

Before the service the Carleton Orange lodges marched down to the ferry to meet the St. John contingent and then marched with them to the church, led by the Temple band. Rev. E. A. Westmorland gave a fine address and spoke from the topic, "Living the Demands of Principle." He referred to Private Ferguson as a lad who had the right stuff in him and who had died for a principle. He brought up three tokens of divine favor in regard to the war, these three being the Germans' failure to achieve a decisive victory, the rebirth of the soul of France and England, the failure of the German intelligence department to comprehend the true genius of British life and institutions and to realize our moments of peril.

In speaking of the rebirth of France and England he said that the war was purging the evil conditions out of the life of the people and that after the war these countries would rise to greater heights than ever before. In referring to the German intelligence department he said: "Why couldn't the German intelligence bureau understand that the Britishers were British in all that the name implies. They cannot realize that thing that binds comrade to comrade and soldier to soldier." He said further: "Belgium has done today what Holland could not do in the 17th century, and that is stand and fight for political liberty. The defeat of Belgium and Serbia are not victories for Germany as they are looking for a greater future after the war, when the Allies win."

During the service the Temple band rendered "Carletons in the Field" and the service the lodges formed up and marched back to the ferry, where the St. John members disbanded. The Carleton lodges then marched back to their rooms. Representatives from all the St. John units were in line with the R. J. Anderson acted as marshal.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When constipated or bilious give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. You rarely coax six children to take this harmless "Fruit Laxative," they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

CHURCHES IN THIS CITY CAN OUST THE BAR

Chaplain Morrow Says if St. John Churches were "Onto Their Job" There Would be No Saloons Here.

Rev. (Capt.) J. D. Morrow, chaplain of the 180th Battalion, occupied the pulpit of the First Presbyterian church, West Side, in the morning, and that of St. David's church in the evening. Both houses were filled to hear this gifted divine and he had a burning message to deliver. Capt. Morrow was somewhat late in arriving at the First Presbyterian church in the morning, it being 11.50 when he entered the door. He was met in the aisle by the pastor, Rev. Dr. Morrison, and escorted to the pulpit. The church was filled to the doors and after he had been introduced by Dr. Morrison, Capt. Morrow began his discourse by saying: "My name is to-morrow and I am generally late, but I am always coming. Some years ago when I heard Dr. Morrison preach in a large church in Toronto I felt that the height of my ambitions would be realized if I could preach like he did. However, I am preaching in my own way and you will have to let me say it in my own way," and then for forty minutes he held the congregation spellbound with a sermon on "A Fighting Faith," basing his remarks on the words "Fight the good fight of faith." He illustrated his sermon with the life and words of Lord Roberts who had gone up and down the country warning the nation of danger, only to be called a scare-monger. So it was today, the man who warned of danger in the moral life of the country was disregarded. Captain Morrow told in graphic language the story of his own personal conversion and the powerful effect which the faith displayed by his own father, when in difficulties, had on his life. He paid his respects to the class of Christian who went to church and sang "O for a faith that

Was Anaemic For Over a Year

Anaemia, or blood turning to water, is caused by the heart becoming deranged, and if the heart becomes weakened it cannot pump the blood as it should. As a result the blood becomes impoverished, and it loses its nourishing qualities. The face becomes pale and thin, and the lips bloodless. There is a weakness, tiredness and loss of weight. When those suffering from this or watery blood start taking Milburn's Heart and Nerve Pills they can see a change from the outset. Every dose introduces into the blood those vital elements necessary to make it rich and red. The pale cheeks take on the rosy hue of health, the weight increases, and the whole being thrills with a new life. Mrs. R. J. Gray, Fredericton, N. B., writes: "When I was a girl working at general house work I overtaxed my strength and became completely run down. For over a year I was very bad with anaemia. A friend told me to try Milburn's Heart and Nerve Pills so I got a box and when it was done I felt and looked so much better I decided to get six more, when I had taken them I had gained not only in strength, but in flesh and color, and best of all was good health." Milburn's Heart and Nerve Pills are 50c a box, three boxes for \$1.25 at all dealers or mailed direct on receipt of price by THE T. MILBURN CO., LIMITED, Toronto, Ont.

HEAT FLASHES, DIZZY, NERVOUS

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va. - "After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had headache during the Change of Life and was also troubled with other bad feelings common at that time - dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends." - Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va. While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound. Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness. For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

"will not shrink," but had no real faith. He said their faith could not possibly shrink as there was nothing in it to shrink. If the church was onto its job there would not be a liquor saloon in St. John, and if they would get together and drive out the saloons the prosperity which would follow would amaze them, and he believed that this was coming soon in this Canada of ours.

FUNERALS

The funeral of James Alexander McKenzie, Union street, took place on Saturday afternoon at the Cathedral where the service was conducted by Rev. Miles P. Howland. Interment was in the new Catholic cemetery.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

POLITICS INFLUENCE WALL ST. MEN

Important Stocks Dull or Under Moderate Pressure—Rise in Price of Refined Copper—Election Not Affecting Trade.

New York, Nov. 4.—Speculative interests were again inclined to pay heed to the political situation today, the short period of trading being accompanied by more or less irregularity. Important stocks, including United States Steel, were dull or under moderate pressure, with metals, motors, Crucible Steel, Pressed Steel Car, Atlantic, Gulf and West Indies, Pullman and Paper issues.

Offsetting features were found in Stoves-Shellfield stock, which rose 3 points to 45 1/2; Columbia Gas, up 3/4 to the new record of 45 1/4; National Enamelling, common and preferred; Continental Can, Baldwin Locomotives, Mexican Petroleum and Montana Power.

Rails were comparatively inactive, the only noteworthy feature being Norfolk and Western at an advance of 1/4; Peoria and Eastern, which rose 2 points, and Seaboard Air Line preferred, Duluth, South Shore and Atlantic, common and preferred, and Toledo, St. Louis and Western, at gains of 1 to 2 points. Total sales amounted to 325,000 shares.

Market news of more than ordinary significance included the announcement of another rise in the price of refined copper, the advance applying to deliveries running into the first quarter of the coming year, and indications of still higher quotations for fabricated steel and iron, industrial centres reporting pig iron at a premium.

Trade conditions continue to be reviewed in extravagant terms, the demand being in no wise affected by the political situation. Over-production, it is declared, is too remote for serious consideration, lack of labor being the greatest drawback of the moment.

Foreign gold received during the week accounted, in large measure, for the actual cash gain of \$2,000,000 shown by local banks and the further substantial expansion of excess reserves to almost \$125,000,000 against little more than half that amount the middle of September.

There was a lessening of offerings of international bonds, but those issues were mostly irregularly placed. Total sales, par value, amounted to \$2,470,000. U. S. bonds were unchanged on call during the week.

PRICES OF NECESSITIES STILL SOARING SKYWARD

Groceries Again Advance and Christmas Kitchen Supply Market Very Much Unsettled—Metal Goods Higher—Coal Famine Menaces United States.

The following comment on the market situation as regards foodstuffs will appear in Canadian Grocer this week: Prices of many lines are still soaring skyward and the end is not yet in sight. A large number of price changes mostly all in an upward direction, have taken place this week. Flour is firm at the high price reached by the last two advances, first patents being quoted at \$10.20 Toronto, in car lots.

Cereals in bulk and package are firm and advancing in price. Produce and provisions are showing advances all along the line and much higher prices are looked for on eggs, butter and other products. On account of the high prices of cheese, some factories which usually close in September will operate right up to December.

Following the further advances in the price of flour, Toronto bakers have again advanced their prices of bread to the consumer, and are now charging 9c. for 1 1/2-lb. loaf. Soda biscuits are decidedly firm in price, but no changes have been recorded since the advance of 1c. per pound early in October.

Indian and Ceylon teas have advanced in London to the extent of 1/2c. to 1c. lb. This advance is in agreement with the opinion expressed by tea authorities last week. In the primary markets coffee is also firmer, with coarser grades up 1c. pound. The demand, however, is not heavy at present and stocks are fairly good.

Prices on raisins, withdrawn some time ago, are expected to be named in the immediate future. Canned peels are all firmer and in some cases have advanced in price. A sharp advance in the price of raisins is expected.

CANADIAN RAILROAD EARNINGS INCREASE

Notwithstanding that Crops in West are Partial Failure Transcontinental Lines make Satisfactory October Showing.

Special to The Standard. Montreal, Nov. 4.—Although C. P. R. earnings began to fall off from the high level of 1915 in the third week of October, and C.N.R.'s in the fourth week, the aggregate gross earnings of the three big Canadian systems for the month was in excess of that of October last year. Further the aggregate was the largest reported by the roads for any month in the current year, passing the previous high level, that of August, by about \$200,000.

As against monthly gains that ran as high as 58 per cent, earlier in the year, the comparative increase for October is small—less than 5 per cent. This decline was to be looked for in the best of circumstances, as the transportation companies were taxed to the limit of their capacity when the big crop of 1915 was moving this time a year ago.

ST. JOHN HIGH DEFEATED FREDERICTON

Fredericton, Nov. 5.—The St. John High School football team continued its unbroken string of victories here Saturday, defeating the Fredericton High School by a score of 13 to 4, in the interscholastic League fixture. The visitors outplayed the local team from start to finish, and had little trouble winning. Fredericton High put up a strong defensive game but could not overcome the visitors weight and lacked the necessary punch to get over the line for a try. Donnelly was the individual star of the game, scoring three times, his third try coming after a 75-yard run, this being one of the feature plays of the game. Lonsbury saved the local school team from a shut-out when he dropped a goal from field. He made several attempts to score in this way and finally booted the ball over the cross bar on a nice drop kick. Wilson scored the other try for St. John, none of the four being converted.

The teams lined up as follows:
 St. John. Fredericton.
 Full Back. J. Seely. F. Hagerman.
 Halves. Donnelly. Lonsbury.
 J. Anglin. Howie.
 Forwards. Fleming. L. Cain, Russell, McAdam, Quarters.
 Taylor. Niles.
 Jordan. H. Porter.
 White. Carter.
 Forwards. Cross. McFarlane.
 Hatfield. D. Porter.
 Mitchell. James.

SATURDAY'S SPORTS BROUGHT SOME CHAMPIONS INTO ACTION

180th Field Day Produced Good Events—Tom Longboat, Jim Corkery and Other Noted Track Men Participated in Events.

The crowd at the field sports on Saturday afternoon on the Barrack Square, in the interest of the fund to purchase gifts for the returned soldiers was not as large as was expected. The cold weather no doubt was responsible for the small attendance. The amount realized was about \$200. As the expenses were not heavy the net proceeds will be in the vicinity of \$175.

The presence of the Kilties' band added appreciably to the afternoon's pleasure. They were right there with the pipe music from the opening until the close, notwithstanding the chilled atmosphere and cold November wind. Besides the pipers, the 180th Battalion Band played a splendid programme of lively music. In the one mile race, Marathon Treader Tom Longboat, despite one broken shank, and another badly bruised, breast the tape in a speedy finish ahead of the notable runner, George Black, formerly of the Irish Canadians. This was without doubt the most exciting event of the afternoon. The finish of the race with "Shorty Priors" pacing the feet-footed Indian for the last quarter brought the people to their feet. Unfortunately as the runners were nearing the home stretch Black threw a shoe and was unable to force the Indian further. The fifty yard sprint furnished considerable excitement. In this race the "Sporting Parson," the Rev. J. D. Morrow, Rev. "Billy" Godfrey and G. A. Marretts, manager of the Universal Film Company, competed. All three got a good start at the scratch and at no time could one tell who was to be the winner. The runners were step for step at the thirty yard mark, and it looked as though they were going to finish that way. But Marretts forged ahead of the two clerical sprinters, dashing in a winner. Rev. "Billy" Godfrey was second, leaving the last place to the "Sporting Parson."

The Kilties football team were defeated in the early part of the afternoon. The score 1-0 indicates the closeness of the game. At first appearance it was thought that the 180th would have a walk-over with the Scotch lads from the capital, but such was not the case. In view of the fact that several of the famous Argos were billed to appear on the line-up of the 180th a fast game of ball was anticipated. The Kilties played as though they had been together for several seasons. Their team work was excellent considering the length of time they have been practising. The ground was in good condition for fast football, and that kind was played. While the different track events were staged the baseball teams furnished seven innings of fast ball for the approval of the spectators. Although the weather was somewhat late for ball in New Brunswick, causing the boys to blow their noses, causing hands occasionally, no deaths from exposure have been yet recorded. The final inning saw the fastest spherer juggling of the afternoon. Up to the first of the sixth inning the local aggregation had only two runs to their credit. But in the seventh inning they came through with two more pencil marks. They were unable, however, to tie the score so the game ended in favor of the 180th. The teams were considered by persons in authority to pass judgment, to be made up of fast material, and picked team from the two would make the best of them go some.

The city boys used the old reliable box ornament, Hansen, with Joe Devener of the champion Thistles as catcher. Teddy Pletton, who made his debut before the people of St. John at the Imperial recently with the gloves on, was seen behind the mask for the 180th, while Silby of the 180th adorned the mound. A summary of the races follows: First heat of the 100 yds.—Bridges, 1st; Haynes, 2nd; Mackham, 3rd. Second heat—Margetts, 1st; Wells, 2nd. Finals—Bridges, 1st; Wells, 2nd. The fifty yard dash—Margetts, 1st; Capt. Godfrey, 2nd, and J. D. Morrow, 3rd. Four mile race—Woods, 1st; Corkery, 2nd. One mile race—Longboat, 1st; Black, 2nd. Commercial Men Meet. A committee of commercial travelers met in the Board of Trade rooms on Saturday night for the purpose of discussing the ways and means for raising ten thousand dollars for patriotic purposes. The committee will report at a meeting of the travelers to be held next Saturday night.

THOUGHT IT WAS 'HUN SUBMARINE'

Frequent detonations which have aroused many of the residents down the bay led some to suggest that a naval battle or a bombardment was in progress. The detonations really did come from a war vessel, but not from an up-to-date craft. They were due to dynamite blasts fired on Coney Beach, near Eastport, where the remains of the old frigate Franklin, a relic of by-gone days, were being broken up for valuable metals.

Boston, Nov. 5.—Will it be Wilson or Hughes? This is the question which is being discussed throughout this and many other countries. The animated campaign of several months closed practically everywhere on Saturday night, although those on the ballot were dumped on Sunday.

Independent newspapers in the United States and with a very large Wall Street and financial clientele, has declared directly as in favor of the election of President Wilson on the ground that Judge Hughes has been measured in the balance during his campaign tours and has been found wanting. Fifty prominent magazine writers and authors of the country have signed an appeal in favor of Wilson.

Around the City

One Sunday Drunk.
One lone drunk was gathered in by the police yesterday.

Lest Ye Forget.
Lest ye forget, the 165th Band concert takes place tomorrow night at the Imperial immediately at the conclusion of the second show.

Remember the 165th.
Actions speak louder than words. Express your appreciation of the brave French-Canadians by your attendance at their entertainment in the Imperial tomorrow night.

The 165th at Mass.
The 165th Battalion were in attendance at mass at St. John the Baptist church yesterday morning at 9 o'clock. Father Gaudet preached the sermon.

The 180th at Service.
The 180th Battalion attended divine service at Stone church yesterday. The Rev. A. L. Fleming preached the sermon. Pte. Campbell and W. A. Pidgeon were heard to advantage in a duet.

Disorderly House Raided.
Saturday night at ten o'clock Detectives Barrett and Briggs arrested George and Esther Henderson, locked them up and they are charged with being drunk and keeping a disorderly house on Brunswick street.

A Choice Programme.
Exquisite music, talented vocalists and clever comedians combine to make the 165th Battalion concert a brilliant success at the Imperial theatre tomorrow night. Procure your seats at the Imperial box office.

Six Foxes Sold.
Four black foxes shipped from Summerside to Bangor, recently, passed through St. John. They are valued at \$250 each and will be used for breeding purposes. The foxes were sold by R. F. Moore of Summerside. Two others went through to Worcester, Mass.

Potatoes \$4 a Barrel Up River.
Potatoes sold as high as \$4 a barrel at Fredericton Saturday, but most of the sales were in the vicinity of \$3.50, producers' prices. The farmers expect \$4 potatoes for some time, but do not expect higher prices. Large shipments of turnips are being made to the United States. Turnips are worth 60 to 75 cents on the farms.

To Greet the 222nd.
A ladies' committee are arranging a little bit of homely greeting for the 222nd Battalion who are due to enter into quarters here this morning and will be glad to receive donations of doughnuts and tea biscuits before two o'clock today at the Soldiers' Club, Sydney street. For the West Side the gifts may be sent to Mrs. W. I. Fen-ton, 63 City Line.

Bootleggers Arrested.
Detectives Barrett and Briggs arrested two bootleggers yesterday. About 5.30 o'clock in the afternoon the officers arrested Frank O'Neill on the charge of selling liquor on Sunday without a license. About nine o'clock last night the two "Bo" arrived at police headquarters with Edward McAllister in custody, and like O'Neill, he is charged with selling liquor on Sunday.

180th May Move at Once.
A report emanating from semi-official sources to the effect that the 180th Battalion may be leaving the city within the next twenty-four hours is well worthy of credence. Although no preparations were made for exodus of the battalion yesterday, it might be interesting to recall to mind that the 132nd Battalion did not receive word until 5 o'clock in the afternoon and they were on their way to Halifax that night at 10 o'clock.

New Rector Takes Charge.
Rev. A. L. Fleming, the new locum tenens of St. John's (Stone) church, officiated for the first time yesterday at the services. He was given a warm welcome by the congregation who thoroughly enjoyed the sermons preached. At the morning service in addition to the regular music, Pte. Goolish of the 180th Battalion, sang the "Holy City," and delighted the audience with his rendition of this selection.

COL. BEER'S "ST. JOHN TIGERS", WILL GO TO FRONT AS UNIT

Order Splitting the 140th Battalion Between Princess Pats and R.C.R.'s has been Cancelled—Battalion has been Reconstituted and will Winter at Bramshott Camp with 104th.

According to the reports which have reached the city the orders breaking up the 140th Battalion have been recalled, and it will go to the front as a unit. Lieut.-Col. Beer has again been placed in command and the battalion will spend the winter at Bramshott with the 104th.

Mrs. Harold Perley received a letter from her husband, Major Perley which brought the information that the drafts had been recalled, Lieut.-Col. Beer again placed in command, and that the battalion would winter at Bramshott with the 104th.

Another letter received in the city brought some further particulars of the breaking up of the battalion and the recalling of the order.

On the night of their arrival at Shorncliffe, the battalion was inspected by Col. Black, the camp commandant, and highly complimented on their appearance and the way they carried on. After the inspection the O. C. was instructed to march companies "A" and "C" to the quarters of the P. P. C. L. I. and "B" and "D" companies to those of the R. C. R.

In the morning when Col. Beer arrived at the parade ground to drill his battalion he found he did not have one, it had been taken away and drafted to other units.

He and Col. G. W. Fowler, of the 104th immediately got busy, and as a result of their efforts the order for the draft has been recalled, and the 140th will go into winter quarters at Bramshott with the 104th. It is understood that these two units will form the nucleus of the new Canadian brigade which is to go to France. The boys of the 140th are all highly elated to find that they will go to the battle line as a unit brigaded with the 104th.

222ND REGT. REACHED CITY LAST NIGHT

Men will Detrain Early This Morning and Proceed to Quarters—Here for Indefinite Stay.

Like the ships that move in the night the 222nd Battalion silently stole into the city last night. Owing to the lateness of the hour it was decided not to detrain, and the battalion remained on the train for the night. It was announced yesterday that they would not arrive until sometime today and preparations were made to receive Lieut.-Col. Lightfoot and his men at the depot. These plans will be carried out as well as they can be this morning.

The trains remained at the Island Yard for the night. They will be drawn into the station early this morning, where the boys will unpack and prepare for an indefinite stay in the city. Quarters for the men is taking up the attention of the military authorities today. Some of the men will be quartered at the army and some at Martello Hotel on the west side.

The first train in charge of Conductor J. R. McManus left Moncton at five o'clock, arriving here at ten. The second train arrived at 10.20. It left Moncton about seven.

INCENDIARY FIRE IN HARDWOOD PILE

Gibbons & Company's Cordwood Pile Scene of Brisk Blaze Saturday Night.

At 9.30 o'clock Saturday night the watchman on R. P. & W. F. Starr's premises off Smythe street discovered a fire in a large cord wood pile owned by Gibbons & Company, and situated on the latter's wharf at the foot of Union street. The watchman sent an alarm from Box 5 on the corner of Union and Mill streets and received a severe cut on his hand when he broke the glass to get the key of the alarm box. When the firemen arrived they found a brisk fire burning in the pile of birch, and although the damage was small, the firemen worked for over an hour before they were satisfied that the fire was out.

There is good reason to believe the blaze was the work of a fire bug for although there was a boiler nearby there was no fire in the furnace. At the bottom of the pile of wood there had been placed a small pile of dry kindling and this had been set on fire before the piles of birch caught. Mr. Charles Gibbons, who visited the scene shortly after the alarm was sent in, said he was satisfied the fire had been set and that the kindling was not there when the men knocked off work in the afternoon but had been taken from a place farther up the wharf.

GOLDEN GROVE FARMER HAS HEAVY FIRE LOSS

Barbs, Hay, Horses and Stock Destroyed by Blaze Yesterday Morning—Little Insurance.

Albert Adams, a well known and prosperous farmer of Golden Grove, met with a serious loss early yesterday morning when his barn and contents were destroyed by a fire of mysterious origin. A horse and five head of cattle were burned, together with farming implements, twenty tons of hay, 100 bushels of oats and fifty hens. The loss is estimated by Mr. Adams at from \$1,000 to \$1,200. He carried insurance of only \$100 which was on the barn.

Mr. Adams cannot account for the fire. He was in the barn the last time at ten o'clock Saturday night and then there was no sign of fire or smell of smoke.

A Driverless Automobile.
Automobile No. 4833, owned by Alex. Phillips, took a little ramble to itself yesterday morning and caused considerable damage before it stopped. The car had been left in front of the Victoria Hotel, and at 1.15 o'clock yesterday morning, the brakes slipped and the car started down King street without a driver. It gained speed every foot of the way and when it reached Germain turned into that street, mounted the sidewalk, and only came to a stop when it crashed into the side of the C. P. R. building and smashed one of the windows in the Dominion Express office.

The Latest Improvements in Men's Neckwear

NON-CREASABLE.

For many years the wearers of Neckties have noticed the defects due to the curling of the interlining becoming lumpy and unsightly, so as to soon make the Tie unfit for use. Yet a remedy had never been found until Mr. Hoy thought of using rubber for the lining—being non-creasable it preserves the shape of the Tie.

RUBBER LINED.
The Problem and its Solution.

The Rubber-lined Necktie will wear longer and is consequently better value than any other. It may be cleaned and pressed with a hot iron.

The variety of designs is such that almost any desire for color may be satisfied. Both neat and novel effects.
