ANNUAL REPORT

BOARD OF MANAGEMENT.

In submitting this fourth Annual Report, the Board of Management desires to acknowledge the goodness of Almighty God to the Congregation, notwithstanding the serious disadvantages entailed by the want of a settled pastor during all the year; estimated numerically, the congregation has suffered negatively rather than positively from this cause, but few additions having been made to the membership or seat roll, while on the other hand any defection has been quite unimportant. The Managers are very hopeful that the result of the harmonious and cordial call, in process of transmission to the Rev. Mr. Fleck, will remove this obstacle to our advancement. The pulpit has been supplied without interruption during the year, and the congregation is much indebted to the Rev. Mr. Hoskin, one of its own members for conducting the services on frequent occasions.

The number of Communicants remains unchanged: nine names having been added during the year and nine removed, including one death, this leaves the number on Roll the same as last year 247.

11. 1876.

The finances of the congregation, have been less affected than might reasonably have been anticipated. The Board has to report a diminution, in the adverse balance, which existed a year ago in the current expenditure account. In August last, the amount paid on subscriptions to mortgage fund, was such as to permit a reduction on that account of $\$_{3,000}$; at that time three instalments of the amount subscribed, had fallen due and had been very generally paid, since then a further instalment has matured, the whole will be due by 1st January 1877.

ON,

RER,

It is matter of history that the Union of the Presbyterian Churches, of the Dominion was consummated in this city last June ; entertainment for Ministers and Elders from a distance, who were officially present in the city on that occasion, was provided as far as possible by the city churches. This congregation, besides receiving quite a number in their homes, contributed \$192 to the general fund which was raised to meet expenses. As might have been expected, the Congregational Missionary Society, reports a slightly diminished income, fully one half of the deficiency is, however, to be ascribed to the fact that one of the largest subscribers has left the city.

The Dorcas Society has attended during the year, not only to the poor connected with our own congregation, but has bestowed its gifts upon others who were in need.

The service of Praise has been conducted—as during the previous two years, free of cost to the Congregation.

We regret that the state of Mr. James Gardner's health, caused his resignation as Organist in December last, but trust his sojourn for a time in a milder climate, may have fully restored him; this Board desires to put on record its sense of the indebtedness of the whole congregation to Mr. Gardner, for the valuable assistance by him rendered to them in the past. Miss Tilly Brown now occupies with acceptance, the position resigned by Mr. Gardner.

In conclusion the Board is happy to be able to state its belief, that the recommendation contained in the closing passage of last year's report, has had the desired effect on some, and would now reiterate the conviction that, in conscientious fulfilment of individual duty, lies the main source (under God's blessing) of congregational prosperity, and should the congregation be favored, in obtaining as their pastor, him whom they have called, it trusts the members will vie with each other, in sustaining his hands, and working diligently for the advancement of the Kingdom of our Lord and Saviour Jesus Christ.

ANNUAL REPORT

KNOX CHURCH CONGREGATIONAL MISSIONARY SOCIETY.

FOR THE YEAR ENDING FEBRUARY 29th, 1876.

The Annual meeting of the Congregational Missionary Society, was held in the Lecture Room of the Church, on Wednesday evening 8th March 1876.

After devotional exercises the Secretary read the following

REPORT.

In presenting the Annual Report of the Missionary Society for 1875, your Committee would desire to acknowledge, the goodness of God in watching over your labours during the past year, and to whose kind Providence, notwithstanding the circumstances in which we are placed, is due the success which has attended your efforts.

Your committee have to report, that the want of a settled Pastor over the church, has been a drawback to a more extended working of the society. The usual monthly meetings for Missionary intelligence were not regularly held during the past year, but they are confident that when we shall have a pastor to take the oversight of the congregation, the missionary spirit which has characterized this Society since its formation will increase, and that we shall be enabled to labour still more abundantly in this good work.

The total amount contributed is \$625.91, the allocation of which, will be seen by the Treasurer's Statement.

Respectfully submitted,

WILLIAM MCNAE, Secretary. KN

FOR 1875.

Another year has passed away, and we have now to present our Annual Report of the working of the school during 1875; and whilst doing so, we would desire to render thanks to our Heavenly Father, for permitting us to engage in His service; and we would humbly trust with some tokens of His favour.

Since our last annual meeting, two of the scholars have been removed by death, one from the Bible Class and one from the Sabbath School; but we have every reason to believe that they passed away, firmly trusting on Him who said :—"Suffer the little children to come unto me, and forbid them not; for of such is the kingdom of God."

ATTENDANCE.

Nothwithstanding the disadvantage under which the School has laboured, in not having a settled Pastor over the Church, the attendance has been very fair —but we are sorry to note the scarcity of male teachers, and it is our earnest prayer, that that Lord will stir up some in the congregation, to labour in this very important part of His vineyard.

BIBLE CLASS.

The Bible Class was successfully conducted by Mr. Aikman in the fall, and was well attended; and during his absence in England, has been taken charge of by Mr. Thos. Robertson, who labours faithfully and with much acceptance.

14 MISSION WORK.

The Children's Missionary Society, now in the third year of its existence, has been abundantly successful during the past year: which is due under the blessing of God, to the lively interest taken by both teachers and scholars, in this department of the Master's service.

ENTERTAINMENTS

We had no pic-nic in the summer, but a Soiree was given to the children on the 20th October. A magic Lantern exhibited by Mr. Saunders, contributed greatly to amuse and instruct the children, and a very enjoyable evening was spent; and again we have to thank the kind friends who as formerly so generously defrayed the expenses.

LIBRARY.

A small addition was made to the Library last year, and the books we have at present, were made use of to quite as large an extent as in former years.

The teachers continue to receive the Sunday School World, and the children the British Workman and Sabbath School Messenger.

ANNUAL REPORT

OF THE

Children's Missionary Association.

It is with feelings of deep gratitude, to our Heavenly Father, that we present the report of our efforts for the past year.

We have been successful beyond our expectations, for notwithstanding a decrease in the number of subscribers (a few having left our school) we have to report increased liberality. This is owing partly to the enthusiasm and efficiency with which the collectors have performed their work, and partly to the warm support of all the teachers. A Soiree of the Society was held in the month of October, when some very interesting missionary views were exhibited by the magic lantern; in addition to which Missionary intelligence has been given from time to time.

The amount collected this year is 207.44 as will be seen by statement, being 5.19 more than last year. This with our box collections, (amounting to 556.00) gives us 2263.44, to allocate this evening for the cause of Him, who left as his command, "Go ye into all the world and preach the Gospel to every creature."
