BAND PICNIC A SUCCESS

Friday was the first rainy day in two months, yet the Band Picnic was a success both in giving a good time and in financial returns. Had the day been fine a much larger crowd would have attended and the people would have enjoyed themselves more.

The boys took every pains to give a good time. Of course the rain took the sharp edge off the sports yet much interest was shown in each of the numerous stunts pulled off.

Curtis Simms won the umbrella offered for the quarter mile race, and had immediate need of it.

Harold Goodwin and Fred Grant won in the three-legged race, while the free-for-all was won by Curtis Simms, who received gloves as a reward for his fleetness of foot.

Harold Goodwin was the most successful contestant in the bunch. He won the boys' 100 yds. race, sack race, and another boys' race.

Harry Foster secured the prize for rifle shooting, and Ward Ginson won the emblem pin in the K. of P. race.

Mrs. Gordon Lusky scored first in the bean toss.

Supper was served par excellence. Beans cooked in a genuine beanhole, by Chef George Stevens, were highly appetizing, and there was an abundance of other good things. Lady friends of the band boys were capable, willing and cheerful waiters.

A ball game between Florenceville and Hartland resulted in the defeat of the home team by a score of 15 to 4. The local team has had little practice and several of the number never played a matched game before.

There were about 170 paid admissions and the gross receipts from all sources amounted to about \$130.

ELECTRIC LIGHT SEEMS CERTAIN

C. H. Flint and son of Ashland, Me., who were here last week looking over the chance for an electric plant were this week at East Florenceville, Bristol and Bath on the same mission. They have met with much encouragement and it looks as though those villages as well as Hartland would in the near future have the electric juice.

Messrs Flint are offered a power privilege at the mouth of the Big Presque Isle for a very moderate price and the outlook all around is that local business men will finance the scheme and that a good paying business will be worked up.

That these villages are not electrically lighted keeps them backward in development, for in these days electricity seems as needful to a town as a railway or a post office.

KEEP CHILDREN WELL DURING HOT WEATHER

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, dysentery and stomach trouble are rife at this time and often a precious little life is lost after only a few hours illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevent stomach and bowel troubles or if the trouble comes suddenly—as it generally does—the Tablets will bring baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

HOW TO GET STRENGTH

after any sickness is purely a matter of nourishment, whether the attack was an ordinary cold or severe illness; the weakened forces cannot repulse disease germs, and this is why a relapse is so often fatal or why chronic weakness often follows sickness.

Restoring strength to millions of people for forty years has proven the real need for taking Scott's Emulsion after any sickness; nothing equals it—nothing compares with it. Its pure, medicinal nourishment, free from alcohol or opiates, promptly creates rich blood, strengthens the nerves and lungs to avert tuberculosis.

VOL. 6 AUGUST 20, 1914 No. 10

HAPPILY DEFEATED

Says the Woodstock Press: "Under the Liberal policy as propounded by Sir Wilfrid Laurier and supported by F. B. Carvell, Canada would have had a navy." This is certainly a frank admission for The Press to make, but it also says in a muddled paragraph that is not quite clear, that the navy would have been in Hudson's Bay where it would be of no use. That might be true if the Tory government was controlling it. Had the Liberals not been defeated Canada's navy would today be doing valuable service guarding our ports.

The Press also says that if the Borden Naval Aid Bill had not been defeated "Canada would be able to see her three battleships alongside New Zealand's in the North Sea." Canada would surely have to possess good eyesight to see three battleships built, manned and in service inside of 15 months.

The Tories would do well to drop the "if" in the Naval Aid Bill and rejoice with the rest of Canada that because of its defeat Canada can go into her coffers thirty-five million dollars deeper at this time of need.

"CHEEK BY JOWL"

When F. B. Carvell went to Calais to try to induce W. H. Berry to return to the province and give evidence in the timber charges the St. John Standard printed in large black letters that Carvell was "cheek by jowl" with Berry. A few days ago Messrs. Fleming and George F. Burt were also visitors of Berry, the voluntary exile, but the Standard sees nothing in the visit of news value. The conversation between the three was of course private—very private, but a curious public would like to know what took place among them when Fleming was "cheek by jowl" with Berry.

The Standard would be eagerly sought for if it would give the story. A portrait of the purty Premier might also accompany the article, for its "a long time no see 'em."

HOSPITAL SHIP CONTRIBUTIONS

Last week The Observer editorially urged Hartland and other women to contribute to the hospital ship fund. It was later that the editor learned casually that Hartland women had already contributed the sum of \$40. Mrs. I. B. Curtis had the matter in hand at the start, and she appointed two collectors who seem to have hastened unduly with the work of soliciting. Six women were asked in succession by The Observer if they had contributed and all confessed they had not been asked and knew nothing of the effort. Some of them seemed to think the solicitors rather scorned "the widow's mite," as it were, and called only on the "exclusive set." Otherwise Hartland's contribution might have compared more favorably with other villages of less population. Centreville donated \$267.79.

Perth and Andover \$215, Grand Falls \$215, Plaster Rock 203, and Victoria county in all more than \$1000.

At Glasville Mrs. D. H. Lamont is treasurer of a fund exceeding \$50.

BATH BRIEFS

The supper on the grounds of the Baptist parsonage on Friday was a splendid success.

Leo DeMerchant left here Monday for the war, having been accepted for foreign service.

Work is progressing well on the R. C. church. J. R. H. Simms was in Woodstock on professional business on Friday.

Miss Dora Tompkins was a visitor with friends at Woodstock last week.

Miss Stella Hunter of Florenceville is spending a few days here. Sheriff Tompkins and C. T. Boyer of Florenceville were callers here on Saturday.

Robert Ronalds of West Glasville was a visitor to the village on Monday.

Miss Emily Bloodworth's many friends will be sorry to learn that she is very sick.

Rev. Wm. and Mrs. Amos and daughter are visiting friends in Beechwood.

Sydney Giberson, son of Rev. G. A. Giberson of Cupid passed through here Monday morning en route for St. John to join the soldiers for foreign service.

Royalton

Mr. and Mrs. Moses Hilman and family were visitors at the home of Ward Miller on Sunday last. They also attended the camp-meeting at Robinson.

Ellwood Burt of Cardigan in his auto made a trip through this place.

Mrs. Wm. Boyer, Florenceville, is spending a few days with her sister, Mrs. C. C. Shaw.

Clinton Peterson returned to the west on the 15. Mr. Peterson is making a success there in his chosen profession, teaching. His many friends wish him every success.

Miss Alice Stuart, Greenfield, is visiting her friend Miss Helen Crawford.

Some of our teachers have returned from Fredericton, where they were attending the physical drill course.

Rev. P. J. Trafton and family were over-night guests of Mr. and Mrs. C. C. Shaw recently.

Burpee White arrived home from Douglas, Arizona, where he has been for a few years.

Miss Cecil Burt of Houlton is visiting her parents, Mr. and Mrs. Silas Burt.

Rev. Handley Mullin and wife have returned from Riverside camp-meeting.

FLORENCEVILLE NEWS

Miss Hughina and Edith McCain left for Calgary on Wednesday.

Miss Chipman of St. John has been spending a few days with the Misses McGaffigan.

Frances and Helen Giberson of Wicklow, were calling on friends in the village Monday.

Mrs. Milligan of Bridgewater was in the village on Sunday.

Mrs. Blair Charlton is attending the Camp-meeting at Littleton.

CENTREVILLE NEWS

Word was received here Saturday afternoon about the collection of a fund for the Hospital ship. Mrs. F. M. Brown assumed the leadership and the results show her executive ability.

The telephone was kept busy and collections received for the village and outlying districts. The children sold tags and received 23.40 in that way.

Mr. Nelson, the moving picture man, kindly gave the profits of his show Tuesday night and after the show the ladies sold ice cream and had a social time. Returns were all in Wednesday morning. Below we give the collectors and

amounts received with a grand total of \$276.78, which is a very creditable showing for the short time.

A large crew are working on the railroad, grading up to the end of the station yard which will be about three-quarters of a mile above the village. The station house, a very nice building, is nearing completion.

C. F. West and wife visited his parents Sunday, coming from Grand Falls by auto.

Miss Frances Simonson and girl friend are here from Boston on a vacation.

Miss Helen Cody is here for a long visit.

Miss Henderson of St. John is visiting here.

Mrs. S. W. Niles spent a few days in Woodstock attending the Rebekah Assembly.

G. E. Wilson has started house keeping in the upper flat of the camp-meeting house.

Joe Vandine's house, Miss Hall Bathurst, is clerking for G. E. Wilson.

The Commissioners arrived here Tuesday afternoon by special train over the Valley Road.

They were accompanied by Engineers Taylor and Maxwell and left Wednesday morning by auto.

Everyone is talking war and the daily papers are eagerly sought after.

Business in our vicinity is good. Prices on staples have advanced in some cases much more than the market warranted.

Mr. and Mrs. Sam Gantley from Presque have been visiting at W. E. Gantley's.

Dr. D. W. Perkins has purchased a Ford automobile. With his beautiful up-to-date barn recently completed and his new auto our genial doctor presents a very prosperous appearance.

Mrs. Elizabeth Belyea of Rockland is visiting her sister, Mrs. Frances West. Mrs. Belyea is 83 years old, but in spite of her advanced years is still real smart and cheerful.

Miss Annie West is home on a visit from Boston.

Mrs. Bessie Campbell and daughter, Marguerite, are visiting in Woodstock.

Mr. and Mrs. Robt. White are rejoicing over the arrival of a baby girl.

Mrs. Belle Nicholson, who was operated on recently is improving in health.

Rex Cormier is home from St. John for a few days vacation.

Our railroad is still progressing. A crew is now working about a mile above the village. Nobody seems to know whether it is going right along or is about to come to a full stop. It is now expected that the road from Centreville to Gagetown will be completed by October 1 and then operated by the I. C. R.

A crew of men are painting the railway bridge below the village.

One thing we need very badly in our village is water works, both for ordinary purposes and fire protection. Some of our energetic citizens ought to take the matter up at once. A fire now would wipe out the whole village as there is no water in the cisterns and the wells are all very low.

C. M. Sherwood, Ltd., have

a private fire fighting apparatus consisting of a very large tank in their capacious cellar, a gasoline engine and enough hose to protect their own property. Of course they cannot be expected to use this for the public benefit. Better get busy before a fire wipes us out of existence.

George Taylor, a British Reservist, left for Quebec on Wednesday, getting word from England to report there. He is forced to leave his wife and family of small children. There the army officials expect to exist on 60c per day.

Mrs. Fred Cheney and child of Portland are visiting her parents here.

Fred Hannington of Esdraloon is at the Centreville Hotel being treated for blood poisoning in his hand. Dr. Brown is attending him. Mr. Hannington on Sunday, August 9, stuck a rusty nail in the palm of his hand and poison developed at once. His condition is as good as could be expected and is expected to pull through and have the use of his hand. His sister, Mrs. D. E. Barr, of Bridgewater is nursing him.

Hubert Shaw of Bristol is hostler at the Centreville hotel stable. P. Gorey has finished drilling a well for R. W. Balloch and has moved his machine down to York Co.

A little daughter has arrived at the home of Robert White.

Dr. Chase is No Stranger

In This Home—Receipt Book and Medicines Kept at Hand All the Time

There is no better safeguard against disease and suffering than a good cathartic medicine. In the great majority of homes Dr. Chase's Kidney-Liver Pills are constantly kept at hand, because they quickly awaken the action of liver, kidneys and bowels, and cure the most common ills of life.

Mrs. Thos. Smith, Jamestown, Ont., writes:—"Dr. Chase is no stranger in our home, for we have two of his Receipt Books in the house. My father and my husband's father each had one, and I have been familiar with it ever since I can remember. It was only natural that we should use the Kidney-Liver Pills, and we found them so satisfactory in regulating the digestive system and curing the common ills of life that we always keep them on hand. Many a time these pills have saved me much suffering and prevented serious disease. We also keep the Ointment in the house all the time."

GAINS 40 POUNDS IN 40 DAYS

Remarkable Results of the New Tissue Builder, Tonaline Tablets, in Many Cases of Run Down Men and Women

Prove it Yourself by Buying a Box of Tonaline Tablets Now.

"By George, I never saw anything like the effects of that new treatment, Tonaline Tablets, for building up of weight and lost nerve force. It acted more like a miracle than a medicine," said a well-known gentleman yesterday in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me fat. I tried tonics, digestives, heavy eating, diets, milk, beer, and almost everything else you could think of, but without result."

Any man or woman who is thin can recover normal weight by the best new treatment, Tonaline Tablets. "I have been thin for years, and began to think it was natural for me to be that way. Finally, I read about the remarkable processes brought about by use of Tonaline Tablets, so I decided to try myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just forty pounds during the last forty days, and never felt stronger or more 'nervy' in my life."

Tonaline Tablets are a powerful inducer to nutrition, increase cell growth food, increase the number of blood corpuscles, and as a necessary result build up muscles and solid, healthy flesh and round out the figure.

For women who can never appear stylish in anything they wear because of their thinness this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener. Tonaline Tablets cost \$4.00 for a 30 days' treatment—at druggists, or mailed by American Proprietary Co., Boston, Mass.

THE LIBERAL LEADER'S ATTITUDE

Sir Wilfrid Laurier's Statement To The People Of Canada At The Time Of Crisis

The position of the Canadian Liberal Party in the present crisis is put before the people in a statement given to the press by Sir Wilfrid Laurier last Tuesday morning. At that time, Great Britain was not involved in war but the Liberal leader had cut short his holiday stay in Quebec and has returned to Ottawa in order to be at the capital in the event of a serious crisis.

"It appears," he said, in the statement which he gave out "that up to the present time England is not yet engaged in war. We will hope and pray that the efforts of Sir Edward Grey may yet be successful in persuading the nations of the Continent to the restoration of peace. I confess that the prospects are very doubtful. It is probable, and almost certain, that England will have to take her share in the conflict not only for the protection of her own interests but for the protection of France and the higher civilization of which these two nations are to-day the noblest expression."

"The policy of the Canadian Liberal Party under such painful circumstances is well known. I have often declared that if the Mother Country were ever in danger, or if danger even threatened, Canada would render assistance to the full extent of her power. In view of the critical nature of the situation, I have cancelled all my meetings. Pending such a grave question there should be a truce to party strife. The meetings referred to by Sir Wilfrid were those to be held on a transcontinental tour which had been arranged for August and September. The list of meetings which have now been cancelled included one to be held in each Province of the Dominion."

BATH BRIEFS

Mrs. Garfield S. Larlee and her sister, Miss Robina Thornton, left on Monday for Calgary to visit her parents, Mr. and Mrs. Manzer Thornton.

The congregation of the Baptist church will have a tea and supper on Saturday afternoon and evening on the parsonage and church grounds, where a good time may be enjoyed.

The R. C. church people had a garden party at the fine grounds of J. W. Bohan on Friday last and intend to make it a weekly

affair for the benefit of their new church building.

John V. Kearney of Woodstock, traveller for the Monarch Clothing Co., Montreal, spent several days here last week with relatives and friends.

Mr. Calder, teller in the Bank of Nova Scotia, has returned from his holidays and is again at his old place.

James W. Day, inspector of the Queen Insurance Co., was a caller here on Monday.

Rev. G. A. Giberson is around again after his recent severe illness. His many friends are glad to see him so much improved.

Miss Annie Jones returned home today from visiting friends in Florenceville and Greenfield.

Miss Caldwell of Greenfield is spending a few days with Miss Jessie Squires.

Kenneth Squires left here to join his regiment, the 62 St. John Fusiliers, on Wednesday last.

Officers Foster Gets Alleged Safe-Crackers

Returning from Fredericton one evening last week after conveying three tramps to jail, Officer Foster of the C. P. R. received a wire informing him that a safe had been cracked and a considerable amount of money stolen at Calais, and that two men supposed to have made the haul were on the train running from St. Stephen to McAdam. He was instructed to be on hand and arrest them. When the train reached McAdam Mr. Foster was there and was told by the conductor that the men were fastened up in the box car in which they were stealing a ride. The train crew did not care about approaching the car and the officer enlisted the aid of an Italian workman. When the car door was opened the desperadoes made a break for liberty but were soon in irons. On a charge of stealing a ride they were sentenced to 60 days in St. Andrews jail. Mr. Foster took them there and found that one of the men had only a few days before escaped from that jail where he was serving a six months' sentence. The safe-cracking charge will be tried later.

PIANO CONTEST

The demand for a friendly contest for the possession of our Handsome Amherst Piano is so insistent that the management has yielded, and will therefore offer this magnificent instrument FREE to the candidate who enters the contest and gets the largest number of votes.

The rules of the contest are very simple. Any person anywhere may enter, except relatives and employees of the manager. Candidates may solicit subscriptions anywhere. Persons desiring to enter will use the blank below, which is good for 1,000 votes to start with.

Date..... 1914
Manager Observer Ltd., Hartland, N. B.
I desire to enter your Piano Contest and will endeavor to win. Please register me 1,000 votes with this application and send me canvassing outfit and instructions.
Name.....
Full address.....
(Cut out, fill in and mail to The Observer, Hartland, N. B.)

How to Get Votes

Votes will be given for either new or renewal subscriptions as follows:

Subscription for 1 year at 75c counts 1,000 votes
3 years at \$2.00 " 5,000 "

Merchants throughout the county will also give coupons for cash sales, good for ten votes for every cent spent with them. A list of these merchants will be published next week.

This contest is expected to be short and sharp. Notwithstanding the county has been thoroughly canvassed in recent contests, the chance for getting subscribers is good. The manager will give candidates all possible help and valuable suggestions. The contest will probably end in September, and workers will have the best time of the year to get around the country.

It is very important that candidates get to work early. Now is the time! Do not put it off. The early bird catches the worm. The Piano is the same as that offered two weeks ago—a magnificent Amherst Piano in beautiful mahogany case with bench to match. Candidates may personally inspect it at Hartland or at Mrs. Adney's show rooms.

No special favors will be offered any candidate. All will be treated alike. The candidate who secures the greatest number of votes wins the Piano. Every other candidate who gets 200,000 or more votes will get a Suit or Coat, which they may select themselves to the value of \$20.00.

Now Get Busy!

In order to introduce The Observer into more Victoria homes we will, during this Contest, accept yearly subscriptions for only 50 cents, 3 years for \$1.50.

CAN'T LOSE HAIR

Twenty Years from Today a Baldheaded
Man will be an Unusual Sight

One of the most prominent druggists of
America, made a statement a few weeks
ago which has caused a great deal of dis-
cussion among scientists in the medical
press.

He said: "If the new hair grower, Mil-
dredina Hair Remedy, increases its sales
as it has during the past year it will be
used by every man, woman and child in
America within eight years."

"When Mildredina Hair Remedy is
used almost universally dandruff will dis-
appear and with its departure baldness,
itching scalp, splitting hair and all scalp
diseases will follow, and twenty years
from now a bald head will be a rarity."

There is only one way to cure dandruff
and that is to kill the germs. There is
only one preparation that will kill the
germs and that is Mildredina Hair Rem-
edy. This unusual hair restorer with its
record of thousands of cures will grow
hair on any head where there is any life
left; it will cure dandruff, stop falling
hair and itching of the scalp in three
weeks or money back.

It is the most pleasant and invigorating
tonic, is not sticky or greasy, and is used
extensively by ladies of refinement who
desire to have and to keep their hair soft,
lustrous and luxuriant. Fifty cents for a
large bottle—druggists everywhere. Mail
orders filled by

American Proprietary Co., Boston, Mass.

SAYS FLEMING WAS HEAD OF FRAUD

Concluding Argument in the Timber Limits Investigation

[Under the above heading the
following report of the closing of
the hearing in the Dugal timber
charges appeared in the St. John
Globe of Saturday. Because the
Globe has been the staunchest
supporter of Mr. Fleming, and be-
cause it said it could not believe
him guilty without the most posi-
tive evidence, The Observer be-
lieves its report here given is mild
and just.]

At the session of the Royal
Commission on Friday afternoon
G. W. Fowler concluded his argu-
ment in the timber limits scandal.
He claimed there was no evidence
to show payments to the Berry
fund were extortion.

Mr. Carvell then took up his
side of the case, and in a lengthy
review of the evidence he contend-
ed the payments were not volun-
tary because they had been asked
for by an agent of the govern-
ment, and after the meeting at
Fredericton between Brankley,
Teed, Berry and Fleming, Berry
did what he was told to do, and
because he was an official with
power behind him it was extor-
tion. Mr. Carvell dealt in detail
with much of the evidence and
said the strongest evidence against
Fleming was the non-appearance
of Berry, who left the province
with Mr. Fleming's knowledge,
for they travelled to St. Stephen
together the day before he went
away. They had heard only half
the story, and that from Fleming
fighting for his political life. The
other side which Berry could tell
had not been told. Fleming knew
all about the fund and arranged
that Teed was to be its custodian.
He believed Mr. Teed honestly
regretted his part in the trans-
action. Mr. Carvell said the pre-
mier in allowing his friend and
his officer to collect money from
the lumbermen at the time he
was renewing their licenses be-
came responsible for what was
done. Mr. Fleming got some
personal benefit from this trans-
action, and when Teed thought
death was near he put the money
absolutely in Fleming's hands.
He was convinced the sordid tale
had proven the charges form
beginning to end.

The chairman announced that
the commission would adjourn
until Friday next, at 10 o'clock.

The chairman asked if further
evidence in the Valley Railway
case would take up much time.
Mr. Carvell replied that there had
not been any attempt made to get
the books of the company. The
government should see that they
were here.

Com. Fisher—Well, the govern-
ment knows the views of the
commission.

Mr. Carvell—I will persist in
refusing to argue the case until
these books are here. Adjourned.

OFF TO THE WAR

The 67th Regt. and Brighton Engineers left Woodstock on the northbound express today for Quebec for brief training before going to the front. There were two carloads and all along the route the boys were met with marked enthusiasm.

At Hartland the station yard was decorated profusely with flags and the band played God Save the King as the train came to a halt. An immense crowd gathered to honor the departing soldiers and while the music of the National Anthem again swelled to the breeze as the train pulled away there was scarcely a dry eye in the assembled throng. At that moment the realization came to everyone that not all who were going would return. There is a horrible likelihood that many of those boys will die on the battle field. Never was the meaning of war brought nearer home.

Our spring and summer samples of suitings are in and we can make to your measure highclass suits in styles ranging from the every day sack to evening dress and prices from \$18 to 35. Every suit built to fit you. McLauchlan's.

Church Congregation May Build at Once

Last evening the members of the Church of England congregation met at the residence of Fred H. Stevens for the purpose of deliberating on the erection of a church.

A proposition to buy and remodel the old Free Christian Baptist church was dismissed by unanimous vote, and by another motion it was decided that a building be erected on the lot now owned by the Church, situated opposite Lyric Hall.

J. S. Paulkner, a practical builder, was present and kindly gave figures and estimates on the cost of building, and also volunteered further assistance. It was decided that he be asked to accompany the rector to Glassville and get figures on the cost of the new building at that place.

At a meeting to be held in two or three weeks the question of when it is advisable to start work on the building will probably be settled.

A POSITIVE CURE FOR RHEUMATISM

Hundreds of People Have Found "Fruit-a-lives" Their Only Help

READ THIS LETTER

Superintendent of Sunday School in Toronto Tells How He Cured Himself of Chronic Rheumatism After Suffering for Years.

55 DOVERCOURT ROAD, Oct. 1st, 1913.

"For a long time, I have thought of writing you regarding what I term a most remarkable cure effected by your remedy, 'Fruit-a-lives'. I suffered from Rheumatism, especially in my hands. I have spent a lot of money without any good results. I have taken 'Fruit-a-lives' for 18 months now, and am pleased to tell you that I am cured. All the enlargement has not left my hands and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in 18 months."

R. A. WAUGH

Rheumatism is no longer the dreaded disease it once was. Rheumatism is no longer one of the "incurable diseases". "Fruit-a-lives" has proved its marvellous powers over Rheumatism, Sciatica, Lumbago—in fact, over all such diseases which arise from some derangement of stomach, bowels, kidneys or skin.

"Fruit-a-lives" is sold by all dealers at 50c. a box, 6 for \$2.50, trial size 25c. or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

River Bank

The whole community was shocked at the news of the death of Mrs. George Jones last week, which took place at her sister's, Mrs. Stephen Bubar's in Linneus, Maine, where she went to visit a few weeks ago. On her way there she was stricken with paralysis from which she was seemingly recovering. When she was suddenly seized again and only lived a few hours. She was only in our midst five months, but during that time all who came to know her learned to love and respect her. Great sympathy is felt for Mr. Jones and her two children that are here, Beatrice and Harry Dickinson.

Mr. and Mrs. C. H. Taylor of Hartland and Mrs. J. McLennan took tea with Mrs. Rupert Long Sunday.

Mrs. Robert Rideout continues much the same.

Pure-Bred Rams and Boars for Farmers' Societies

As the distribution of pure bred stallions and bulls, 125 and 414 of which respectively have been located in different parts of the dominion, has now been completed for the current year, it is announced that the Live Stock Branch of the Federal Department of Agriculture will undertake a further distribution of pure bred rams and boars during the months of August, September and October next, to associations of farmers organized in which the services of satisfactory breeding animals in these classes are not already available.

Applications for rams and boars a large number of which have already been received, should be

made at an early date, as it will not be possible to consider those that are not made prior to October 1. Farmers desiring to secure the services of such stock should arrange to organize an association in their district and forward their application to the Live Stock Commissioner, Department of Agriculture, Ottawa, from whom application blanks and all information with respect to the conditions under which pure bred sires are distributed, may be obtained.

It is understood that all applications shall be reported upon by officers of the Live Stock Branch and that favorable action as regards any application shall be subject to the approval of the Live Stock Commissioner. Letters addressed to the department do not require postage.

SUCCESSFUL COW TESTING CIRCLE

As a result of measures taken by the Department of Agriculture a cow testing circle is fairly established and is doing its first work this month in the districts adjacent to Hartland.

At present writing over two hundred cows are on the list and more are coming in. A number of farmers were visited during the last two weeks, many of them being induced to put their bunch in the test. There were many others that should have been called on but it was impossible to do so. The circle is open of course to any man who has a cow to test and all that is required is for him to pay for bottles for each cow at five cents a piece. The government furnishes all record sheets and pays for the work of testing. Now if you want to know what your cows are doing call at Frost and Wood agency and Shaw will fix you up all right, if you are getting in a little late.

SALMON FISHING AT HARTLAND

In years gone by the river in front of Hartland was a very choice salmon fishing ground. As many as 14 have been taken in a night, says Squire Orser. Of late years the fish seem not to have tarried long in these deep pools, the sawdust from mills disturbing them. Most millmen have at last conceded to the fishermen the right to have the streams kept free of refuse, and this summer a big improvement is noticed.

Any day a spectator may view salmon lying in the river bottom in the shade of the bridge, sometimes several together.

On Friday A. G. Baker secured a beautiful 18-pounder that rose to the fly. On Saturday he and his brother Carey secured others, while on Monday W. F. Thornton landed a fair-sized one, and incidentally a sweet ducking besides.

Autos in Collision

A rather serious auto accident occurred on Thursday evening immediately at Victoria Corner. Dr. I. B. Curtis accompanied in his Reo by A. G. and Carey Baker, swung around from the main road into "Pucker" street and encountered another car coming in the opposite direction. In the resulting collision the doctor's car was badly wrecked but the occupants were not hurt. In the other car were four ladies besides the driver. Two of the women were thrown out and quite badly, but not dangerously hurt. Dr. Curtis rendered the necessary surgical aid and in a short time the women were able to proceed to their destination.

The car containing the ladies is owned in Woodstock and was one of four carrying members of the Rebekah Assembly on a pleasure trip through the country.

Motors at New Prices

Last week Conductor Craig of Woodstock, Frank H. Jewett of Carvell and Dr. D. W. Perkins of Centerville received new Ford Automobiles from R. L. Phillips at Fredericton. The cars were unloaded at Hartland and all went out on Thursday afternoon. Mr. Phillips has sold 35 cars in Carleton Co. this summer, and has still other cars to arrive.

Had Nervous Dyspepsia

With Frequent Sick Headaches and Much Pain After Eating—Dr. Chase's Nerve Food Cured.

This letter is from a lady who gained 14 pounds by using the great food cure. It did wonders for her in improving her general health. She is enthusiastic in its praise, and refers to her neighbors as witnesses of the splendid results obtained. Mrs. Susan Dobson, Spring Hill Mines, N. S., writes to you in praise of Dr. Chase's Nerve Food. "I was troubled with dyspepsia, and could not eat without suffering much pain; also had sick headaches frequently, and my nerves were in bad condition. About ten years ago I took a thorough treatment of Dr. Chase's Nerve Food, and since then I have been free from headaches, and my health has been greatly improved in every way. I gained 14 pounds in weight, and feel sure I owe everything to Dr. Chase's Nerve Food. You may use this letter, and my neighbors can tell you of my condition before using this treatment."

Report of the Hotel Physician in the Leading New York Hospital on the Cure of Brain Fatigue and Nervous Exhaustion

"A few years ago we considered that we were doing well if we cured 10 per cent. of the cases of Brain Fatigue and Nervous Prostration brought to us, but since the introduction of Resistol into our hospital we cure more than 90 per cent. of all the cases in its various forms of exhaustion which merely deaden the mind temporarily and give no permanent relief or cure the cause of disease. Resistol is a powerful body builder and blood maker; it is the best remedy known to the medical profession to enrich thin, watery blood and supply new rich blood to the whole body."

It will be found a most valuable remedy in cases of over stimulation in which the excessive use of liquor causes depression, dullness of the faculties or intoxication; it counteracts the depressing effects and restores the system to its normal condition. FREE—To prove the wonderful merits of RESISTOL we will mail a large sample bottle for 25c in silver or stamps for postage, etc.

International Kerosene Oil Engines

(Hopper Cooled)

The I. H. C. Kerosene Oil Engines are the latest product in internal combustion engine development—one which lessens the cost of operation one-half that of the ordinary gasoline engine and develops the rated horse power. The I. H. C. line is complete and includes a size and style of engine for practically every purpose. No matter what condition of service, the I. H. C. line offers an unequalled opportunity for the selection of efficient and economical power. They are the cheapest engine you can buy, as the only way to judge the cost of an engine is by the results obtained and the length of satisfactory service it will give. Besides this, every I. H. C. engine is made to develop from ten to twenty per cent. more than its rated horse power before it leaves the factory. For further information and catalog apply to your nearest local agent, or
