What new candidates are mentioned?

"I have heard some good men mentioned, but I have no authority to use their names."

"Any opposition to yourself?"

"No. I have not heard of anyone yet. Of course there is lots of time for that. I've not been farming for the past two years and have devoted all my time to municipal matters. We have not had any lawsuits and what money we do spend is on the drains, where the people receive the benefit. This is one of my strongest policies."

## TOUCHED 'EM

Epworth Leaguers Did Shocking Things at Wallaceburg Say the Papers There

Referring to the oyster supper excursion of the Chatham Epworth Leaguers of the Methodist church the Wallaceburg Herald-Record prints the following bit of editorial sarcasm:

"If the young ladies or gentlemen pardon the terms from Chatham, who appropriated the salt shakers at the oyster supper on Monday night, will kindly return the vessels they are quite welcome to keep the contents. By their actions the application of the saline crystals might be beneficial to them."

When asked concerning the alleged thefts, members of the Park St. Methodist League, who conducted the excursion, professed ignorance, although it is probable some investigation may be made by the church.

## GO AHEAD

Game Warden Wigle Heartily Endorses The Planet's Suggestion for Sportmen's Assn.

Game Warden Wm. D. Wigle, one of the most capable and efficient officers in the Provincial service, was in the city yesterday.

The Planet's recent suggestion for the formation of a Game Protective Association in Kent County is a splendid one, said Mr. Wigle, "and I'd like to see it carried through at an early date. They have such associations in Essex, Middlesex and Toronto and they are doing splendid work. I'm sure Mr. W. J. Winnett, of the Middlesex Association, would forward all the information required for the formation of your association, and if I could be of assistance in any way, I'm at your service."

Continuing, Game Warden Wigle said the law against the illegal trapping of muskrat would be rigorously enforced and a warning should be issued against the destroying of their houses.

## BUSY DOVER

Past Year Has Been One of Advancement—Splendid Drainage Works Built

Reeve Corey Purser, of Dover, was in the city to-day and, in response to The Planet's enquiry a sto how things were going in that prosperous township, said:

"The past has been one of the busiest seasons I have known. In drainage matters we have made great progress. Some of the new works are already completed, some nearly finished, others going on and some proposed. Over \$40,000 worth of drainage improvements have been inaugurated this year. Besides between \$1,000 and \$2,000 worth of dredging and repairing roads from washouts resulting from the spring freshets. Every drain needs a court of revision, so, when you begin to deliberate on an equal assessment to all, here comes the difficult work for the Council."

"We do our very level best in regulating the assessments. Sometimes where there is much dispute we walk over the territory and view it for ourselves. We find by so doing that we can give the best satisfaction. Of course, we can't please everybody in assessment matters. The Council has not been born yet who can possibly do that, but, taking the amount of work into consideration, we have had very few complaints."

"What are municipal prospects for January?" Mr. Purser was asked. "I believe the Council are all going to run again, with the exception of Mr. Boyer."

"What new candidates are mentioned?"

"I have heard some good men mentioned, but I have no authority to use their names."

"Any opposition to yourself?"

"No. I have not heard of anyone yet. Of course there is lots of time for that. I've not been farming for the past two years and have devoted all my time to municipal matters. We have not had any lawsuits and what money we do spend is on the drains, where the people receive the benefit. This is one of my strongest policies."

## DR. PRESTON ARRESTED

St. John, N. B., Physician, High in Society Circles, Charged.

Criminal Practice, Which Resulted in the Death of Two Young Women, Is Alleged Against Him—Owner of the Yacht Canada, Affiliated Lover of One Victim, Also Arrested—More Arrests to Follow.

St. John, N. B., Dec. 2.—Dr. Edward A. Preston, one of the most prominent physicians in St. John, was arrested yesterday on suspicion of having caused the death during the past week of two young ladies by criminal operations for the purpose of procuring abortion. The victims are Miss Edith Clark of St. John North, who died Wednesday, and Miss Laura Jennings of Carlton, whose death occurred last week.

Howard D. Camp, a prominent member of the Royal Kennebecasis Yacht Club, and owner of the yacht Canada, charged with the crime, was also arrested, and is alleged to be the lover of Miss Clark, who has also been arrested, and more arrests will follow.

The affair has caused a great sensation. The matter was brought to the attention of the police by the Rev. R. P. McKim, who was called in to conduct the funeral of Miss Clark, and from suspicious circumstances in connection with the case, refused to do so till a full investigation had been held. A coroner has impaneled a jury, and an inquest will be held Monday night.

It is reported that as a result of this exposure several other cases of recent deaths in which other physicians are similarly implicated, will be investigated.

Dr. Preston is one of the best known men in the province. He is a member and senior deacon of St. John's Lodge of Masons No. 2, and a member of New Brunswick Chapter, R. A. M., also a member of Union De Molay Preceptory, K. T. He is also prominently connected with the Canadian and Independent Foresters, both of which organizations he has been chief ranger. He is connected with several temperance organizations.

## M'LEOD IN OWN DEFENCE.

Canadian Doctor Says He Operated on Geary Girl to Save Life.

Boston, Dec. 2.—Testimony that M. E. Hunt told her that when any of the patients died he cut up their bodies, was offered yesterday by Mrs. Harrison Stanford of Philadelphia, who was called by the defence in the trial

DR. PERCY D. McLEOD.

of Dr. Percy D. McLeod, in connection with the death of Susanna Geary, the Cambridge chorus girl.

Dr. McLeod, taking the stand on his own behalf, made a sweeping denial of the charges against him. He said on the morning of Sept. 14 he was called to the house in Roxbury occupied by a woman, who he was later told was Mrs. Dean, to examine a young woman. He told Mrs. Dean that an immediate operation was necessary to save the girl's life. Complying with the request of Mrs. Dean, he called Dr. Peters by telephone and secured his assistance. The operation was performed upon the girl to save her life, he said.

The jury retired to consider the testimony at 4:45 o'clock yesterday. Judge Stevens instructed the jury to seal the verdict should one be reached last night and present it at the court to-day.

## All the Jewellery Recovered.

Woodstock, Dec. 2.—That Walter Dixon, arrested by the Buffalo police, is the man wanted for the theft of jewels of the value of \$5,000 from John White's home here is now established. Mr. White and his daughter, Mrs. Harding, who are in Buffalo, wired yesterday that they have identified all the jewellery found on the prisoner. With the ring and diamond sunburst, recovered at Simcoe, it includes every thing stolen from the White home.

## Killed By a Bull.

Galt, Dec. 2.—Wm. Riddell of the 5th concession of Beverly, four miles from town, was gored to death by a bull in his stable yesterday. Deceased was a young man, unmarried, who lived with his sister and youngest brother John. The animal was a thoroughbred and known to be vicious. Just how the fatality occurred is not known. The sister happened to enter the stable and discovered the dead body in the bull's stall.

## Farmer's Fatal Fall.

Pickering, Dec. 2.—Patrick Gosman, a farmer who lives on the base line, near here, fell from a straw stack last evening and was picked up dead. He was a man about 70 years old, and leaves a widow and three sons.

It comes hard to lose a soft berth.

## CROWDED CARS

Enormous Business Being Done By Enterprising Electric Road

The value of the electric road to the community and the hearty public appreciation of its enterprise was further evidenced in the enormous Saturday passenger traffic carried today, despite the inclement weather.

The special market day single fare rates brought throngs in on the cars, which were kept running on an extra double service.

The car which arrived in the city at 11:30 in charge of Conductor Albert Warburton, was probably a record breaker, being simply thronged to the doors. "We had to stop at almost every house for several miles," he declared, "picking up passengers."

The enterprise of General Manager Warburton in supplying the Saturday service is much appreciated.

## SERIOUS FIRE

Barns and Out Buildings Belonging to John Johnson, Harwich, Destroyed Last Thursday

McKay's Corners, December 1.—On Thursday afternoon about one o'clock the barn, contents and other outbuildings belonging to Mr. John Johnson, 11th concession, Harwich, were entirely destroyed by fire. There was a large quantity of hay, the crop from eleven acres of corn, fodder, and 100 bushels of oats in the buildings. There was no one near the place to Mr. Johnson's knowledge but himself that morning. He was around doing chores and was at dinner a half mile away at his other farm when he first saw the fire.

The fire seemed to start in the haymow and the high wind fanned the flames so that before any one arrived, the building was nearly down.

Only about two years ago Mr. Johnson put a good concrete foundation under the barn and stable. The loss will be from \$1,200 to \$1,400 with but about \$400 insurance in the Howard Mutual on buildings and nothing on contents.

The stock, which were under the barn in their stable, broke out and thus escaped destruction and loss to Mr. Johnson.

## AT HOME

Pupils of the Chatham Model Class Provide Excellent Entertainment for Their Many Friends

The annual At Home of the Chatham Model School students is an event always looked forward to with anticipations of pleasure. Last evening the students of this year's class entertained their many friends in the Central School and the event was a most enjoyable and successful one.

Dancing and promenading were the order of the evening, and it is safe to say that these amusements were never more enjoyed than they were last evening. There was a large crowd present, including a number of ex-students from the country. DeCew's orchestra of three pieces provided excellent music for the merry-makers.

During the evening an excellent program was given, consisting of popular selections by the Chatham Church Male Quartet—Messrs. Angus, Smith, Smith and Wilson—excellent recitations by Miss E. Peck and Miss Boulton, splendid vocal selections by Messrs. Bird and Harold McDonald, and a fine instrumental by Miss Genser.

Among the many visitors was Miss Cora Doyle, an ex-pupil of the Chatham Model class, who leaves at New Year's to accept a position in the Winnipeg Public school.

Those who had the management of last night's affair in hand—and to whom great credit is due—were Messrs. Doyle, Durham, Peck, Smith, and Messrs. McKay and Duffus.

## APPOINTMENT MADE

Briscoe's Store will be Headquarters for Santa Claus again this Christmas. For the last four years this store has been Santa's Home in Chatham, and he likes the place so well that he would not think of making any change. When interviewed to-day Santa said:

"I stay with Briscoe's while in Chatham, because it is undoubtedly the Toyland of Kent County, and also because the treatment and courtesy my customers receive there is the very best in this land or any other land. Then, too, their assortment of toys, games, dolls, skates, hockey shoes, sleighs, etc., is complete. In fact they have two whole carloads of the very latest Christmas Goods to choose from. No, I have not the slightest intention of changing my headquarters in Chatham; I am perfectly satisfied with my present splendid location at Briscoe's, and will continue to remain there."

The above statement, coming from Santa Claus himself, is worthy praise indeed for Briscoe's.

### GOT THE LEASE

This morning Mayor George W. Cowan received from Ottawa the city's lease of Tecumseh Park duly signed, etc. The city will now have control of the Park for 99 years, but the militia will have preference over the centre of the grounds. The Mayor is quite proud of the lease, which was secured through his own efforts.

### NEW INDUSTRY

Chatham will, in all probability, secure another industry this year and Mayor Cowan is now doing all in his power to bring it to Chatham.

This new concern is the National Food Producers Company, who, it is understood, are at present looking for a location. They are capitalized at \$200,000 and they have expressed a desire to locate in Chatham if possible arrangements can be made. It is expected that people who are interested in this company will be in the city on Monday to look over the ground.

### NEW SOCIETY FORMED

Dr. R. V. Bray, executive officer for the Kent Children's Aid Society, was a busy man yesterday. He attended the opening of the new shelter in London, was in Windsor and also in Essex.

While in Essex the doctor assisted Mr. Thompson, secretary of the Brantford branch of this Society, in forming a Children's Aid Society in that thriving village. Mr. Thompson and Mrs. Harvie, Toronto, Provincial visitor, addressed a mass meeting in Essex last evening. It is assumed that a live society will be formed there as the most of the influential men and their wives are heartily in accord with their work.

WILL BE AT GARNER HOUSE, CHATHAM, ON THURSDAY, DECEMBER 14TH.

Ladies and Gentlemen, see Prof. Dorevond's beautiful Wigs, Toupees, Bangs, Wavy and Plain Fronts, Shingles in every length and shade, etc.

His Hair Goods Styles when properly adjusted protect and ornament the head, soften and beautify the expression of the face and consequently tone up aged appearance. Prof. Dorevond has for this season many new and pretty designs. He has added a number of New York, London and Paris patterns.

Be sure to see them and not forget day and date.

Rev. Robt. McCosh left yesterday afternoon for Petrolia to attend the funeral of the late Harrison Corey.

The deceased and the rector were great friends, and it was the wish of the former that the latter should officiate at his funeral. This wish was communicated to Mr. McCosh by the widow yesterday morning. The funeral took place to-day.

### NOTICE

The Annual General Meeting of the Shareholders of the Chatham Wagon Company, Limited, will be held at the office of the Company, on Wednesday, the 13th day of December, 1905, at three o'clock in the afternoon.

W. S. IRELAND,  
Chatham, Nov. 30th, 1905.  
Sec.-Treas.

### TO THE ELECTORS OF WARD 2.

Ladies and Gentlemen:

I am a candidate for School Trustee in your Ward and will appreciate your vote and influence.

Sincerely yours,  
RICHARD LOWE.

### TO THE ELECTORS OF WARD 5.

Ladies and Gentlemen:

I am a candidate for the office of Public School Trustee in your Ward and respectfully solicit your vote and influence at the coming election.

R. L. BRACKIN.

### TO THE ELECTORS OF WARD 5.

Ladies and Gentlemen:

I beg to offer myself as candidate for School Trustee for Ward No. 5 for the year 1906.

Wishing you the compliments of the season, I remain,

Yours respectfully,  
W. W. SNIDER.

### TO THE ELECTORS OF WARD 2.

Ladies and Gentlemen:

Having been requested by a number of ratepayers to allow my name to stand in the coming municipal elections, I have decided to contest this ward for the position of School Trustee for the years 1906-07. I would be very grateful for your votes and influence.

HARRY JACQUES.

## CITY SAILOR WAS WRECKED

John B. Alger Well Known in This City Lost in a Lake Superior Storm

Was Assistant Engineer on the Str. Ira H. Owen Which Was Foundered—Nineteen Lives Lost

The Detroit papers to-day give full accounts of the vessels wrecked on the Great Lakes during the recent heavy storms. Among the number wrecked on Lake Superior is listed the steel steamer Ira H. Owen, which, with a crew of 19 men, was engulfed in the great storm. John B. Alger, of this city, was the assistant engineer on this steamer, and his name appears in the list of the wrecked crew.

The news of Mr. Alger's untimely death was received with much regret by residents of this city, and his wife, who lives on Selkirk street, is prostrated with grief. Mrs. Alger received a letter from her husband, which was written last Sunday. In it he said they were about through loading barley for Buffalo and that the storm signals were up. He did not know whether they would pull out or not. The Owen was a big steel boat and was considered one of the staunchest vessels on the lakes.

Mr. Alger was 27 years of age and is survived by a widow and two small children, the eldest of whom is but three months old. Mrs. Alger was, before her marriage, a Miss Myers, of this city, and is a sister of Mrs. McArthur, also of this city. Mrs. Frank Burthe, of Wallaceburg, is a sister of the drowned sailor.

Mr. Alger has not been home since last June. He started the season as engineer on the City of Buffalo, plying between Buffalo and Cleveland. He was on the last trip of the season for the Owen and expected to be home for Christmas, when he would have seen his baby for the first time.

It seems a queer circumstance that when Mr. Alger left the City of Buffalo he considered an offer from the owners of the Kaliyuga, which was afterwards wrecked and a Tilbury man drowned. He escaped by accepting an offer from the owners of the Owen only to meet a similar fate.

The Owen was valued at \$90,000, and was loaded with 110,000 bushels of barley.

John Alger was a son of the late Rev. Mr. Alger, who dropped dead one Sunday night after preaching in the William St. Baptist Church.

NEW IDEA PATTERNS

## Ladies' Jackets!

The superiority of our styles, the exclusiveness, the something different from the ordinary, emphasizes the supremacy of our stock and we're continually adding the manufacturers' new ideas.

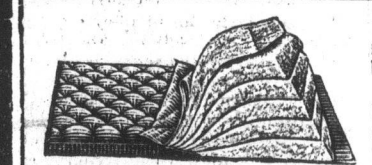

Girls' Dressy Coats, \$7.50. Made of extra fine light or dark mixtures. Medium length jackets, pretty trimmed effects. These are the models most admired this season, ranging in price from \$7.50 to \$15.00.

Tweed Coats at \$8.50. Ladies' three quarter length jackets in light grey tweed effects, semi fitting, pleated from yoke, collar and cuffs prettily trimmed with braid.

Tweed and Plain Coats, \$10.00. Tweed coats, light and dark, loose or fitted, pleated from yoke. Also fitted jackets, three quarter length, of Kersey and Vicuna cloth, all this season's models, sold formerly at \$11, \$11.50 and \$12.00.

Empire Coats, \$14.50. Dark fawn or black Vicuna cloth, or diagonal effects in fawn and brown, well tailored, body lined, box pleated from yoke.

## Why an Empress Mattress is More Comfortable Than a Hair Mattress

Comfort in a mattress is in reality a matter of conformation to the form of the body.

Lie on your side on a board—your body touches at shoulder, thigh, calf and ankle. If you weigh 150 lbs. and your body rests upon 75 square inches of surface, then the pressure is 2 pounds to the square inch. Lie on your side on an EMPRESS. It conforms to every curve—fits the body. Your weight is distributed over 500 square inches of surface, only 5 ounces pressure to the square inch—THAT IS COMFORT.

Between the extremes of the board and the Empress comes the hair mattress; sometimes fairly elastic at first, but soon packing down into a hard non conforming mat.

The Empress retains its original unique elasticity for a life time. You will get more comfort and satisfaction from TEN DOLLARS invested in an EMPRESS than in any other way.

The genuine Empress Mattress can be purchased only from us.

## STYLISH UMBRELLAS SUITABLE FOR GIFTS...

An umbrella is always a useful gift. Those we are now showing have beauty as well as use to commend them.

They look well, they wear well and the giver of one is held in grateful remembrance.

It would be sensible policy to buy some of these and lay them away for Christmas gifts.

Shall we engrave one or more for you? This we do free.

## IMPORTED SOAPS FOR CHRISTMAS TRADE

We are today showing in our window some imported soaps, which we have bought especially for our Christmas trade. They are of very high quality and are of course high in price but our customers who have bought them before are so delighted with them that we have no difficulty in selling them again.

The prices range from 25c to \$1.50 a cake.

MARKHAM, Ont., Dec. 1, 1903  
"I had suffered for seven years with kidney trouble. Could scarcely walk and was unable to attend to my farm. Saw 'Bu-Ju' advertised, and after taking the first few pills, felt much relieved. After taking half a box, was able to do a full day's work. I know one box of 'Bu-Ju' saved me \$40.00 doctor bills."  
"JAMES ARBOY."

It costs only 3c a day to take "Bu-Ju"—the kidney pill that never fails. All druggists have "Bu-Ju" or will get them for you.

The social given by the Willing Workers of the Baints' Church, last Thursday evening, at the residence of James Pritchard, Head St., was very successful, and all present at a pleasant evening. The first part of the evening was spent in games, and many good selections on the piano were played. After luncheon was served the gathering dispersed, and all spoke highly of the good time afforded.

The Etjudd, which was reported to be lost in the storm on Lake Huron, off the coast of Algonia, was towed to shore by the steamer Sheriff. The schooner had lost her canvas and her deck cargo of lumber consigned to John Piggott & Sons, of this city. The crew were found in good condition and were none the worse for their dangerous experience. Mr. Piggott received a telegram from the Captain of the schooner, saying that he would proceed to Windsor as soon as the weather was favorable.

### GOOD SOCIAL

The pumpkin pie social given by the Ladies' Aid of St. Joseph's church held in the school hall last Thursday evening, proved a notable success. The social was largely attended and a pleasant evening was spent. Pedro was the order of the evening and a very interesting game was contested. The first prize was won by Mrs. P. Blonde and the booby prize by Mr. Dough, of London. A quilt was raffled and a very high price was realized. It was secured by Mrs. Blonde. Shortly after midnight the gathering dispersed.

### THE VALUE OF CHARCOAL

Few People Know How Useful it is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. It disinfects the mouth and throat from the poison of catarrh.

It absorbs the ingested gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

Albert Cable assumed his new duties as janitor in the Central school yesterday morning, vice Mr. Edwards resigned.

## Every Speaker or Singer Should Read This

Harry Bennett would as Soon Travel Without His Music as Without Psychine.

### His Throat Was Saved at a Critical Moment by Psychine When Nothing Else Helped Him.

Harry M. Bennett makes his living by his voice. He makes a good living because he has a good voice. He continues to have a good voice because he has the brains to take care of it. Harry Bennett is a man who would as soon cut off his arm as do anything to his throat that would injure his voice and destroy his earning power. He would not touch a throat medicine as a mere experiment. Much less would he speak so highly of one as he does of Psychine if it had not proved its value and surpassed any other remedy in its wonderful power of healing and curing throat troubles.

Mr. Bennett got acquainted with Psychine in this way. He was engaged to sing twice a day at Massey Hall for a week last winter. In the middle of the week his throat got raw and sore, and he became so hoarse he could not sing without painful effort, and couldn't speak above a whisper. He confided to a friend that he could not sing any more, and would have to cancel his engagement for the rest of the week. His friend told him to try Psychine. He did. The result was his throat felt well enough to get him through that evening's performance. From that time his throat healed up and his voice cleared, and he was soon in first-class condition without losing an hour from his professional work. Harry Bennett was so grateful for what Psychine had done for him that he sent the accompanying testimonial, with the statement that he was willing the proprietors of Psychine should use his name whenever they chose, and that he would always be glad to recommend the remarkable remedy. Such cases are frequent with Psychine, but as Harry Bennett is so well known as an entertainer and as a thoroughly reliable gentleman, his voluntary testimonial will carry conviction to many who are suffering with throat or lung trouble, or who are struggling against stubborn colds. If they follow up Harry Bennett's experience and advice, they will try Psychine. It cures where others

fail, and if you are suffering from chills, cold, sore throat, hoarseness, cough, bronchitis, asthma, lung trouble, or la grippe, you will find Psychine the best remedy you ever had, and a great strengthening to the system besides. Don't lay this aside as an ordinary advertisement. It represents the earnest, dear-bought experience of one who knows the value of Psychine, and who is eager to help others to relief.

Harry M. Bennett, Vocalist and Entertainer

"I take pleasure in sending you a testimonial on the excellence of your PSYCHINE, also a photograph of myself with my permission to use if you wish to. For the past three years during my busiest seasons my throat has given me no end of trouble in the way of irritability and choking sensation owing, I presume, to overwork and occasional colds, a thing I can assure you, not very pleasant to sing. A friend suggested PSYCHINE. I acted on his advice and I am pleased to say I derived great benefit from the first bottle of PSYCHINE, and since then I have never been without it. Besides its healing and soothing qualities it is an excellent tonic for the nerves. I highly recommend it to all having throat and nervous troubles.

"Yours sincerely,  
"HARRY M. BENNETT."

ADVERTISE IN THE PLANET

### SIMPLE LIFE.

#### The Delights of a Dust Proof House. Bric-a-brac in Cabinets.

Not a single piece of upholstered furniture have we in our new house except a large couch in our sitting room; many cushions and pillows supplying softness to the hardwood chairs and divans, that are handsome in the styles of today. The many pieces of bric-a-brac with which our old home was cluttered were of value and great beauty, but I had vowed to dispose of all but a few vases and bronzes, for their care was a weariness to myself and too much of a responsibility to ask a maid to undertake. What to do with them was a serious question. They represented much love and kindly thought, as well as intrinsic worth. The suggestion of a friend helped me greatly, and now two glass front cabinets hold these treasures, one standing in the reception hall, the other in the library, where visiting friends may see their gifts of the past still treasured. Twice each year the doors are opened and each article dusted, no oftener dusting being necessary. Each room has from two to several good pictures on the walls, and books are everywhere.

#### A Tidy Way of Living.

We have lived in this tidy way, says a Good Housekeeping writer, for two years, and each day of the time we have liked it more and more. The expense of the hardwood furniture, with the many cushions and pillows, was much less than the cost of upholstery would have been, and the work saved cannot be estimated. On the walls of the new house all the paper has a hard, smooth finish that can be wiped free of dust.

Kitchen, pantry, back halls, bathroom and lavatories have walls and ceiling painted and varnished, a cloth on a broom keeping them free from dust. Once each year they are washed—in this the late fall—to remove insect spots and eggs that may have been deposited thereon. Clothes closets are papered, sides and ceiling, with a plain glossed paper that will hold clean and intact many years.

#### SCHOOLGIRL'S DRESS.

##### Neat and Skirt Arrangement of

At this season of the year both heat and cold are to be more or less taken into consideration in dress, and especially when it is juvenile garb that is concerned. However, as extra wraps are easily added, moderate weight is to be preferred for gowns, for which reason cashmere, fine serge and tweeds are better than heavy chevots and

SCHOOLGIRL'S DRESS.

friezes. A neat coat and skirt of one of the latter stuffs make a nice walking suit, but there is always entailed the waist to complete this, and the blouse, where the schoolgirl is concerned, is an extremely dubious proposition. It should always be neat and fresh in appearance, but is it? Experience in many cases favors the claim of a permanently allied bodice and skirt.

A frock after the style of the one shown in the accompanying group is eminently well fitted to meet schoolroom exigencies, and it has been especially designed for red or brown cashmere, worn with a patent leather belt, while the vest might now be a lingerie affair and later on of fine cream cloth or flannel.

For grape juice strip and pick over your grapes, washing and draining carefully. Crush them and set to simmer in a porcelain kettle. Use no water. When cooked sufficiently to yield all their juices, strain and press the pulps, then measure your liquid and stir in a teaspoon of sugar to every gallon of the juice. Bring this barely to a boil, quickly strain again and pour into wine bottles while very hot, sealing at once. Keep in cool place, and you are ready for many emergencies of the next season.—Table Talk.

**A Wrinkle With Eggplants.**  
A French wrinkle is to cut small eggplants in two, score the cut sides, season with salt and pepper, baste with oil and broil until soft. They are dished with the concave side up, covered with a tomato sauce, to which a small tricolor onion and a clove of garlic have been added, and sprinkled with shredded anchovies, minced parsley and a very little lemon juice. This may be Americanized by being basted with butter instead of oil and omitting the garlic.

**Wedgewood Fashionable.**  
Wedgewood china, since being selected for the White House set, has enjoyed a special vogue among fashionable folk, and the fascinating Greek figures, with their swirling draperies and graceful curves, are given decided preference, although medallion ornamentations come in as close rivals.

## Slaves to Rheumatism

Freed by

### "Fruit-a-tives"

"Fruit-a-tives" cure Rheumatism and Rheumatic pains by removing the poisons which cause the disease. Rheumatism means poisoned blood. Too much urea or tissue waste is retained in the blood, owing to defective action of the bowels, kidneys or skin. The retained area becomes uric acid, which inflames nerves and joints and thus rheumatism is produced.

Mrs. R. H. DENNIS, South St. Marie, Ont., writes as follows: "I think 'Fruit-a-tives' are fine. I am using them for rheumatism, and have not felt it since I started to take them."

## Fruit-a-tives

or Fruit Liver Tablets.

"Fruit-a-tives" cure Rheumatism by greatly stimulating the action of the liver, kidneys and skin. "Fruit-a-tives" make each of these vital organs do its share of nature's work properly. "Fruit-a-tives" rid the system of excessive urea and uric acid—and so purify and enrich the blood and build up the general health, that there can be no rheumatism.

"Fruit-a-tives" are fruit juices, concentrated and combined by our discovered process, which makes them much more powerful medicinally. Then tonics and internal antiseptics are added and the whole compressed into tablets.

#### Nilsson and Patti.

When Christine Nilsson, the great singer, was asked her opinion of various singers, she gave it very candidly of every one, including herself and Mme. Albani, but she never once alluded to Mme. Patti.

"You have not mentioned Mme. Patti," remarked the pertinacious interviewer.

"No," said Mme. Nilsson. "I have not. You are asking about singers. I do not regard Patti as a singer. I place her among the angels. A Patti only comes to a planet once during that planet's existence." Such an absence of stage jealousy has probably never been equaled.

### TAKE MY CURE, WHEN CURED YOU PAY ME

The fear that you could not be cured may have deterred you from taking honest treatment. Or you may have been one of the unfortunate who have been treated in vain by inexperienced physicians, free treatments, free trial samples, patent medicines, electric belts and other similar devices. Such treatments cannot and will never cure you, nor will these malades cure themselves. When I offer you a cure, and am willing to risk my professional reputation in curing you, and have such faith and confidence in my continued success in treating these diseases that not a dollar need be paid until you are cured, a fair proposition cannot be offered to the sick and afflicted. This should convince the skeptical that I mean what I say, and do exactly as I advertise, as I am positive of curing you in the shortest possible time, without injurious after-effects. My charges will be as low as possible, for conscientious, skillful and successful services. A dollar need be paid until cured. I have 14 diplomas and certificates from the various colleges and state boards of medical examiners, which should be sufficient guarantee of my standing and abilities. It makes no difference who has failed to cure you, it will be to your advantage to write to me for my opinion of your case, which I give you free of charge. I want to hear from patients who have been unable to get cured, as I guarantee a positive cure for all chronic nervous, blood and skin diseases, which I send a booklet on the subject which contains 14 diplomas and certificates, entirely free. Address simply, Dr. S. Goldberger, 508 Woodward Ave., Suite 311 Detroit, Mich.

### THE HONEST FINNS.

A Tradesman Would Rather Lose a Sale Than Tell a Lie—No Niagara Hackmen Flourish There.

Life and property are thoroughly secure in Finland. Trunks and parcels are left for hours in the street, to be found when wanted by their rightful owners. In the country districts the houses are never barred and bolted, even in the absence of their owners. Then again, it is no uncommon thing for a blooming girl of seventeen or a young married woman to drive alone in her cart a distance of fifty or sixty miles through dense forests and by the shores of gloomy lakes, conveying the family's butter, cheese and eggs to market in town, and then to return home alone with the proceeds. In trade the Finns are not only scrupulously honest; they are heroically, quixotically so.

A tradesman will tell you the whole truth about his wares, even when he knows perfectly well that by so doing he loses a customer whom the partial truth would have secured. "This seems exactly the kind of apparatus I am looking for," I said to a merchant in Helsinki some months ago in reference to an article that costs \$75, "and I will buy it at once if, knowing what I want for, you can honestly recommend me to take it." "No, sir; I do not recommend you to take it, nor have I anything in stock just now that would suit you." And I left the shop and purchased what I wanted elsewhere.

"Here's your fare," I said to a peasant in the interior who had driven me for three hours through the woods on his drosky, handing him \$1. "No, sir; that's double my fare," he replied, returning one-half the money, and when I told him he might keep it for his honesty he slightly nodded his thanks, with the dignity of one of nature's gentlemen.—Scottish American.

On this tour he traveled 2,000 miles. He is just starting on a tour of the continent.

#### Focusing Wireless Telegraphy.

In order to prevent wireless messages from interfering with one another endeavors have been made to send electrical waves only in one direction, as luminous signals are given off from a concave mirror. Professor Braun has been engaged in experiments of this kind, and in a lecture before the Strassburg University Association of Electricians and Naturalists he announced that these experiments had come to a successful conclusion. Professor Braun's methods are based on the fact that three antennae arranged in the angles of a regular triangle are excited by waves of the same period, but of different phases. The inventor states that one of the three antennae begins vibrating by 1,250,000 of a second earlier or later than the two others, this difference in time being kept up, according to experiments, with an accuracy of about one second in three years. This will result in different radiation according to the difference of the space, and by simply inverting a crank the direction of maximum effects can be shifted by 60 or 120 degrees.

#### A Queer Address.

"All kinds of queerly written addresses pass through the mails," a United States postmaster said. "Some are rhymes, some are anagrams, some are puzzles. If we can decipher them we do it. Otherwise they go to the dead letter office." He took a piece of paper and wrote upon it:

HILL.

MASS.

"That is the most ingenious puzzle address I ever saw," he said. "The envelope which bore it duly reached Mark Underhill, Andover, Mass."

#### An Early Awakening.

The quiet French town of Annonay had a deplorable thrill of the nerves the other night. The parish church bell ringer awoke at twenty minutes past midnight, read the time for a. m. by mistaking the hands and, rushing to the church through the deserted streets, began ringing out the morning "angelus." The church is situated pretty well in the centre of the town, and the unwonted clamor startled the entire population from their beds with apprehension of some imminent calamity. The police had to climb the belfry to put an end to the untimely performance.

## Use Armour's Extract of Beef in the right way.

Those accustomed to ordinary beef extracts and fluid beef usually use three or four times too much of Armour's. If a recipe called for one spoonful of salt and you put in 4, the dish would be briny.

ARMOUR'S is pure Extract of Beef—highly concentrated. One-quarter teaspoonful is sufficient to make a cup of beef broth, bouillon, etc., etc.

By the addition of a small quantity of Armour's Extract of Beef you can restore the juices to yesterday's roast or give a rich, beefy flavor and color to gravies, sauces and left-overs that will make them appetizing and attractive. Sold by all Druggists and Grocers.

## PLUMBERS BURN BOOKS

Hamilton Men, Fearing Prosecution, Destroy Evidence.

Fate of Toronto Brethren Scared Them Into Disbanding Until the Clouds Rolled By—Secretary Got \$15 a Week and Averaged the Tenders—After Expenses Were Paid Division of Profits Took Place.

Hamilton, Dec. 1.—Fifteen plumbers were in the Police Court yesterday morning charged with conspiring, combining, etc.

The only witness examined was T. H. Davies, secretary, who was on the rack for three hours. When Crown Attorney Washington got through with him the cases were adjourned till today. George H. Lynch-Staunton, K. C., is defending all the plumbers.

Secretary Davies said that he got \$15 a week, and that the expenses of running the office amounted to \$1,500 or \$2,000 a year. The expenses were incurred partly by the committee which consisted of Messrs. Mellon, Cummings, W. J. Clark and H. S. Wallace. The destruction the plumbers had to sign upon becoming members of the association was: "That I will, upon my word and honor, keep secret anything that I see or hear at these meetings, and discuss them with no person who is not a member of this association, and I promise to abide by the rules and regulations, and prices of this association."

Burns the Books. Mr. Davies reluctantly admitted that the association had disbanded through fear after the Toronto proceedings were started, and that all the books and papers were destroyed by him then. It was intended to start up again after the scare had blown over.

Mr. Davies said that in tendering on jobs each member submitted his tender to him, and that he averaged the prices. The plumber nearest the average was given the job. Twenty-five per cent. was added to the actual cost of the work, of which five per cent. went to the association, and the rest to the plumber. After the work was paid the money was divided among the members of the association. The initiation fee was \$100.

The witness declared that George Stevenson had left the association because it would not put on a percentage of 33-1-3 cents. He had never heard of the Central Supply Association. The association had an agreement with the Journeymen Plumbers' union that no members of the union were to work for plumbers who were not members of the association.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver, and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Grandmothers knew this when they dosed up with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur of which Stuart's Calcium Wafer is undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins, while experimenting with sulphur remedies soon found that the sulphur from Calcium Wafer was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafer. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafer is a proprietary article, and sold by druggists, and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles, and especially in all forms of skin disease as this remedy."

At any rate people who are tired of pills, cathartics and so-called blood purifiers will find Stuart's Calcium Wafer a far safer, more palatable and effective preparation.

Where Rights Cease. "But the men had a right to make an agreement not to work if they wish to," protested Mr. O'Donoghue.

"But they did it to help out another combine," answered Col. Denison. "It was a case of the union trying to force Mr. Reeves back into the Master Plumbers' Association. The law has recognized the right of workmen to combine together not to work, but in this particular case the journeymen plumbers will not work because the Master Plumbers aimed at would not join in a conspiracy to raise prices. You will get a chance to argue the case when it comes up for trial."

Knocking Reeves' Credit. This letter was identified by Secretary B. J. Morris of the Central Supply Association, as was a letter sent out by him at the time of the Reeves' trouble. It read, in part, as follows: "J. B. Reeves, plumber, 783 East Queen street, Toronto, is owing local members of this association in the neighborhood of \$2,000. It will be well to take this into consideration before taking further orders from this gentleman."

This was sent to all the members of the Supply Association. Ben Brick, a builder and contractor, said that in 1904 he paid \$168 to Bennett & Wright for exactly the same work as had been done on another house the year previous for \$115. Joseph Harrison gave similar evidence to that given in the Assize Court, before Justice Clute. In addition to that, he said that he was afraid to collect on the L. O. U.'s he received.

among them being one on the Guelph Sanitarium for \$200.  
"What were you afraid of?" asked Mr. Curry.

"I was afraid that if I fetched up in court for it, I would go to jail," he said.

"You looked on these L. O. U.'s as monuments of dishonesty, did you?" asked the court.

The case against the 127 Master Plumbers and supply men will proceed in the Police Court this morning. Crown Attorney Curry stated last night that he intended to proceed with it if the counsel for the defence raised no objections.

## What Sulphur Does

FOR THE HUMAN BODY IN HEALTH AND DISEASE.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the usual spring and fall "blood purifier" tonic and cure-all, and mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years, research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafer. They are small chocolate coated tablets, and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

## WHAT TO WEAR.

Good Materials For Shirt Waist Suits. Flower Aprons a Novelty.

White linen shirt waists and blouses will be worn all winter with slips of silk or lawn under them if you are a chilly mortal.

Colored pearl buttons and belt buckles are the newest things seen on smart

Walking costume of broadcloth, shirt waists. They come in almost every shade and are not cheap by any means.

Among the most popular materials for shirt waist suits are mohair, voile and hennette, both in plain and novelty weaves. Some stunning suitings are to be seen in green and blue checks and plaids; also smart black and brown effects.

Flower aprons are a novel and attractive conceit intended to protect the dainty housekeeper while attending to some household occupations or needlework task. They are fashioned of colored linen and are stamped or designed offhand to suggest foliage or flowers.

Mauve and dahlia are to be seen everywhere in millinery and dress fabrics.

The up to date walking costume in the cut is of a pale shade of tobacco brown cloth. The skirt has something of a long overskirt effect, effected by the rounding of the front widths at the bottom. The entire skirt is stitched in many rows as a foot trimming.

The natty little jacket has a plaited basque, double revers and fancy collar of velvet about the neck. The waistcoat is of fawn colored broadcloth.

## VANITY'S VISIONS.

A Serviceable Petticoat For Winter. Pretty Jeweled Trifles.

Mohair petticoats are shown with silk ruffles. They are lighter in weight than an entire mohair skirt and are more durable than a silk one.

A green enameled dragon has a gold sword with a diamond hilt thrust through it and is a quaint idea for a brooch.

A handsome hatpin is of brilliant in the form of a butterfly. It is fastened

on a spring, so that with every movement of the wearer's head it flutters and sparkles.

The latest thing in gold purses is a pig, the body made of chains and the head of solid gold. It is supposed to convey luck to its wearer.

Tailored dresses have about the collar and vests a little embroidery, but it is not the elaborate raised work we have been accustomed to see employed, but dainty effects in small dots and circles or tiny flowers and careless sprays. Every woman does a little of this hand work, and even the poorest needlewoman need not hesitate to try her hand at it.

Plaids are everywhere in the shops and are shown in all sorts of materials, silk, wool and mohair.

Among the new evening boas is a pretty one made of green leaves, with pink camellias at the ends.

The separate waist pictured is of wine red chiffon velvet. The pipings about the neck, cuffs and revers are of Du Barry pink, as are also the tiny bows decorating the empiement and collar of lace.

## RHEUMATIC SUFFERERS

WILL FIND A CERTAIN CURE IN THE USE OF DR. WILLIAMS' PINK PILLS.

Rheumatism is a disease of the blood. Every doctor now admits that rheumatism is brought on by colds in the joints and muscles. Now they know that colds only started the disease—cold only set the pains going. Rheumatism can only be cured by curing the bad blood which causes it. Dr. Williams' Pink Pills always cures rheumatism, because they actually make new, rich, red blood, which drives out the poisonous acids, loosens the stiffened, aching joints and muscles and restores the rheumatic sufferer to health and happiness. Dr. Williams' Pink Pills have cured thousands and thousands of rheumatic sufferers, some of them when they were almost hopeless cripples. Mr. T. H. Smith, Caldwell, Ont., says:—"For a number of years I was troubled badly with rheumatism, and was so crippled I could scarcely do any work. I tried quite a number of medicines, but they did not help me. Then I saw Dr. Williams' Pink Pills advertised as a cure for my trouble, and got a supply. After I had taken a few boxes I saw they were helping me, and I continued taking the pills throughout the winter, and am now completely cured. I have since worked out of doors in cold weather without a coat, and did not feel even a twinge of the trouble."

If you are suffering from any disease due to bad blood or disordered nerves, Dr. Williams' Pink Pills will cure you, because they make rich blood, which goes right to the root of the disease and drives it from the system. That is why Dr. Williams' Pink Pills cure such troubles as anemia, indigestion, palpitation of the heart, neuritis, headache and backache, kidney and liver troubles, St. Vitus' dance, paralysis, and the special secret ailments of girlhood and womanhood. But only the genuine pills can do this, and these always have the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by Medicine dealers everywhere, or sent by mail at 50 cents a box or six boxes for \$2.50 by writing to Dr. Williams' Medicine Co., Brockville, Ont.

Two More Arrests. Halifax, N. S., Dec. 1.—Two more arrests have been made by Detective Powers in A. & W. Smith's robbery case. A retail grocer was taken into custody, his bail was \$500 but immediately yesterday morning the father of Harbor Capt. Henry Munro, who was arrested a couple of days ago, was taken into custody, but was also released on bail. Before the investigation is closed at least two more arrests will be made. The case was enlarged in the Police Court.

GRIP QUICKLY KNOCKED OUT. "Some weeks ago during the severe winter weather both my wife and myself contracted severe colds, which speedily developed into the worst kind of a gripe with all its miserable symptoms," says Mr. J. S. Eggleston, of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fevers. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip."

It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and kidneys, which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

Constable Goes For Trial. London, Dec. 1.—John Piper, the Lucan constable against whom a complaint was recently laid by a Mrs. Phillips, came before Squibbs yesterday on a charge of indecent assault, and he was committed for trial.

MUST BE QUICK.

Pains in the stomach and attacks of the colic come on so suddenly and are so extremely painful that immediate relief must be obtained. There is no necessity of sending for a doctor in such cases if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. No doctor can prescribe a better medicine. For sale by all druggists.

Bubonic at Yokohama. Seattle, Wash., Dec. 1.—Bubonic plague is raging in Yokohama, according to officers of the steamship Dakota, and possibly no more vessels will be given a clean bill of health until the scourge is wiped out. Four deaths had resulted from this disease before the steamer Dakota sailed.

### 500 TURNED AWAY

Unable to gain Admission at the Grand Last Night

Marks Bros. broke all records for the Grand last night. After 1,203 people had paid admission Manager Brisco was forced to close the doors and fully four hundred people were compelled to return home unable to gain admittance.

The play was "In Old Kentucky," with Ernie Marks playing the leading role. The specialties could not be better.

One can easily judge as to the standing of this attraction with Chatham theatre-goers when the Grand is unable to hold the crowds.

The bill for to-night is "Happy Hooligan" and if our local theatre were three times as large it would not hold the people.

### GOOD CANDIDATE

The many Harwich friends of Geo. S. Gerber, J. P., are urging him to allow his name to be brought forward for the township council elections next January. It is to be hoped that they will succeed. Mr. Gerber is one of the strong men of the county, upright, energetic and progressive and his services at the Council Board would be of great value to the township.

### HANDSOME DIARY

We are in receipt of a handsome and useful Diary for 1906, from P. W. Wilson & Co., Montreal, that will appeal to every Scottish heart. ## Does Your FOOD Digest Well?

When the food is imperfectly digested the full benefit is not derived from it by the body and the purpose of eating is defeated; no matter how good the food or how carefully adapted to the wants of the body it may be. Thus the dyspeptic often becomes thin, weak and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place come dullness, loss of appetite, depression and languor. It takes no great knowledge to know when one has indigestion, some of the following symptoms generally exist, viz.: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach, etc.

The great point is to cure it, to get back bounding health and vigor.

### BURDOCK BLOOD BITTERS

Is constantly effecting cures of dyspepsia because it acts in a natural yet effective way upon all the organs involved in the process of digestion, removing all clogging impurities and making easy the work of digestion and assimilation.

Mr. R. G. Harvey, Ameliasburg, Ont., writes: "I have been troubled with dyspepsia for several years and after using three bottles of Burdock Blood Bitters I was completely cured. I cannot praise B.B.B. enough for what it has done for me. I have not had a sign of dyspepsia since."

Do not accept a substitute for B.B.B. There is nothing "just as good."

A generation seldom makes its own events; it continues and completes the past and prepares the future.

## A FULL POLICE COURT

Members of Three Alleged Illegal Combines Arraigned.

Mr. Curry, However, Had Not Summoned the Whole of the Members of the Plumbers' Union Because the Court Room Would Not Hold Them—Some Plumbers and Supply Men Escape Indictments.

Toronto, Dec. 2.—At the Police Court yesterday morning about 150 members of the Master Plumbers and Steamfitters Association, the Plumbers' Central Supply Association and some members of the Journeymen Plumbers Union were arraigned before Magistrate Denison charged with conspiring to gether to restrain trade and unduly enhance prices. All pleaded not guilty and the case was adjourned till Wednesday.

The Absentees. The individual members arraigned were each called and all answered except the following: L. Payette and W. Shaw, Montreal; Hy. Drummond, Jas. J. Lawrence, Neil McMillen, W. J. McNamara, W. Farmer, R. Ross, Geo. J. Thompson, and G. W. Priestly, all of Toronto. In each of the absentee cases satisfactory explanations were given so no warrants were issued to compel attendance.

Indictments Withdrawn. The indictments against the following were withdrawn, T. A. Stevens and A. W. Mann, of London, because they both gave evidence before Mr. Justice Clute; P. J. Nixon and S. G. Green, because they were both called before the Grand Jury; W. B. Malcolm, who proved, through the secretary of the association, that he had never been a member of either organization; W. Bush, a member of the Journeymen's Union, because he has already been committed for trial; G. W. Priestly, who has removed to Calgary, Alta.; J. Lawrence, who has gone to reside in Cobalt, and W. Farmer, who is very ill in Muskoka.

Magistrate Jocular. Mr. Curry said he had not summoned the whole of the members of the Plumbers' Union, because the court room was not large enough, but he could do that later on.

Magistrate Denison: "Oh, yes, when you have nothing else to do."

Mr. Curry: "That will be some time yet."

Accept Evidence Given. Mr. J. G. O'Donoghue for the union, agreed to accept the evidence already given against his clients in the present case. Messrs. W. R. Riddell, K. C., and A. F. Lobb for the Master Plumbers' Association, also agreed to this course.

Alderman Coatsworth, Mr. William Douglas, K. C., who appeared for some individual members of the two associations, required some time to consider what course they would take.

Mr. S. C. Smoke for the Central Supply Association also desired time to consider the position before agreeing to accept the evidence already given.

James Westwood, H. W. Anthis and one or two others decided that they would appear for themselves, reserving, however, the right to reconsider the position.

Plumbers' Case Enlarged. Hamilton, Dec. 2.—The preliminary examination of the fifteen master plumbers, charged in the conspiracy, did not go on yesterday morning as expected. The Crown asked for an enlargement until today, as Manager Strath, of the Traders' Bank, had not prepared a copy of the association's account with the bank. It is expected that Secretary Davies will be recalled after the bank manager testifies. Ald. Clark has made an affidavit that he did not belong to the association, although he signed the declaration. About ten witnesses have been subpoenaed so far.

Germany and the Equitable. New York, Dec. 2.—Referring to the report that the Imperial Insurance Co. of Berlin has threatened receivership proceedings against the Equitable Life Assurance Society, because of the society's failure to increase its cash reserves in Germany, President Morton said yesterday:

"The new administration of the Equitable Society has been in communication with the German Government concerning this matter for several months, and indications point to an amicable settlement of existing differences by the end of the year."

Bell Telephone Wires. Ottawa, Dec. 2.—The Railway Commission met yesterday morning and heard argument by the Bell Telephone Co. and railway counsel to determine some general principle for telephone wires crossing railway wires. At present an application has to be made in such cases, some 500 being before the commission. It is likely a general order will be issued covering all such cases.

Death of Robert J. Whitt. Winnipeg, Dec. 2.—Robert J. Whitt, aged 60 years, died here last night. He was founder of the only local wholesale clothiers in Winnipeg. Whitt came from Arnprior, Ontario. His brother is Sir William Whitt of Belfast, Ireland.

Neck Broken at Football. New York, Dec. 2.—With a broken neck, the result of what is charged to have been a deliberate attack upon him by opponents on the football field, Leo McNally lies at death's door in the hospital at Bridgeport, Conn. He cannot live.

Eighty Dollars Short. Windsor, Dec. 2.—Inspector Dickey of the Department of Justice, Toronto, finds that Millard, the missing ballist, and former chairman of the Council of Education, is only \$80 short in his accounts with Clerk Daniel.

Postponed Till January. Paris, Dec. 2.—Premier Rouvier yesterday announced to the Council of Ministers that the Moroccan conference had been postponed until January owing to the delay in arrival of the Moroccan delegates.

GIVE HOME INDUSTRIES A CHANCE.

There seems to be a little food for thought in the following, from the Municipal World for November:

"How many municipal councils ever give the ratepayers of their municipality an opportunity to purchase debenture issues? Many debentures furnish the most desirable investment for a fund, and there is not a municipality in the province in which the total debenture issue could not be taken up. All that would appear to be necessary to popularize this idea is to announce that up to a fixed date offers for the whole or part of an issue will be received from ratepayers. Money on deposit in banks usually pays but three per cent, or at most four per cent. Debentures for local purchase should be offered at the latter rate, or at 5 per cent, as local conditions may determine.

## MARK TWAIN'S BIRTHDAY.

Thursday was the birthday of Mark Twain, a member of that small company of people who are endowed with great gifts in amusing mankind by means of their wit and humor. Mark Twain is "a household name" wherever the English language is spoken. His humor is clean and sparkling and, unlike many of the humorists of today, he has possessed the power to keep himself for many years in the front rank of the makers of funny sayings. The man who has read none of Mark Twain's books is to be distrusted as much as the man who has failed to read Robinson Crusoe or Pilgrim's Progress and never delighted in fairy stories. Mark Twain makes a much better showing on the lecture platform than is made by other humorists, and he is a good teller of funny stories. A sample of his best is his account of his saving of a man about to perish by fire. The great humorist tells that he discovered the cause of excitement on a near-by street to be a fire which threatened to burn a man at a third-story window because the crowd could give no assistance. What the humorist did he tells almost as follows: "I saw the man's danger, and with my usual presence of mind made preparations to save him. I asked for and received a rope. One end of this I threw to the man at the third-story window, and when he had fastened it around his waist I pulled him down to safety."

Humorists are proverbially sad men and given to fits of "the blues." This, however, is said to not bother Mark Twain as much as the fact that people regard him simply as a funny man. Doubtless he likes to have his work appreciated, but he dislikes being thought of only as a man who makes people laugh.

Mark Twain is more than a humorist; he is one of the best and truest men who ever lived. He it was who, rather than see creditors receive only a part of their claims on a business in which he was interested, went on a hundred lecture tour and then paid one hundred cents on the dollar. The law would have allowed the first settlement, but the humorist's sense of honor forced him to have the debt paid in full.

The world should be thankful for the men who cause it to laugh and forget its troubles. Mark Twain is a leader in such work, and we wish him "many happy returns."

## THE COST OF NEWSPAPERS.

Printer and Publisher, Toronto.

Modern newspapers cost quite a tidy sum to produce, even though the best of them can be bought for a cent. There is no article turned out in any workshop that costs so much to make and is sold for so little as a newspaper. . . . If anybody has money to spare, and is particularly desirous of getting rid of it, my advice to him is to start a newspaper.

## LORD ROSEBERY AS AN ORATOR.

Lord Rosebery's popularity in Scotland is well known, and Scotchmen have unbounded faith in his ability and intense admiration for his oratory. This was once demonstrated in an amusing fashion, says the writer of some political reminiscences. His Lordship was addressing a great Liberal gathering in Edinburgh. He was approaching his peroration, and was thundering forth his thrilling sentences with all his accustomed skill. The meeting was roused to a tremendous pitch of enthusiasm.

At the back of the hall stood an old man of farmer-like aspect. He was straining his ears to catch what his Lordship was saying. But in vain. He could not hear. At last, when the audience again broke into a torrent of cheers and applause, the old man rapturously shouted: "Man, it's grand, it's grand! I canna hear a word he's sayin', but it's grand, it's grand!"

The friends and admirers of Hon. T. D. McGee are about erecting for him a suitable mansion and apartments at Montreal.

Morpeth was visited by a serious fire.

Birth—At the rectory on Monday morning, the 2nd inst., the wife of Rev. F. W. Sandys, D. D., of a son.

## GOLLY ISE FREE.

On Thursday about nine o'clock parties around the round house were startled by a wild cry, "Golly, Ise Free, dey don't get me again." A search revealed a sable son of Africa clad in blue shoddy, armed with a Springfield rifle and fixed bayonet and all the panoply of an American soldier. When he had recovered his breath and had time to answer the numerous questions of his fellow countrymen, he told them that when he enlisted the Colonel promised him all sorts of good things; "but," added he pathetically, "when they got me in the barracks, I found that I was no better than a white man and so I left—and here we goes for Chatham."

The above we suspect is a rather highly colored account of the escape from Camp Wayne of Geo. Carr, who was coaxed into enlisting "for a soldier" but who, upon a second thought, concluded that he would rather not go. He loved liberty and Canada too well. How many others are there who wish they could say, "and here goes for Chatham."

We are requested to state that Rev. H. H. Hawkins, agent for the collection of funds for the erection and completion of the Olive Baptist High school in this town, has received and paid over on account of that institution the sum of \$452.33.

On Monday, the 9th of November, the young Prince of Wales will enter upon the 23rd year of his age. It is proposed to celebrate this event and his recent marriage by ball at the St. Lawrence Hall, Toronto, on the evening of that day.

John Chapman was a photographer with rooms over Dr. Rolls drug store.

R. H. Jarvis was a manufacturer and dealer in brooms, brushes, etc., wholesale and retail, Chatham North, at the foot of the Chatham bridge, and near Kitley's hotel.

The following were the Chatham markets: Flour, per 100 lbs., \$2.00 to \$2.43. Wheat, No. 1, per bu., 90c to \$1. Wheat, No. 2, per bu., 84c to 90c. Wheat, red, per bu., 75c to 83c. Barley, per 100 lbs., \$1.37 to \$1.62. Oats, per bu., 35c to 40c. Beans, per bu., \$1.25 to \$1.41. Clover seed, per bu., \$3.00. Corn, per bu., 40c to 50c. Potatoes, per bu., 25c to 30c. Apples, per bag, 25c to 45c. Pork, per cwt., \$4.00 to \$4.50. Butter, per lb., 12c to 13c. Eggs, per doz., 10c to 12c.

A young colored man named Jeremiah Butler, living near Starkweather's Hotel on the Sydney, met his death at the hands of another colored man named Anderson Smith. The two men quarrelled and fought, Smith striking Butler on the side of the head with a stick.

Married, by the Rev. T. S. Howard, Wesleyan minister, at the residence of the bride's father, on the 21st ult., Mr. Hugh F. Edwards, of Romney, to Phyllis T. B. third daughter of Col. Toll, of Raleigh.

## A CANNED

## COUNTRY

"Canned goods are Alaska's main food refuge," remarked Bishop Rowe, of the frozen gold regions, in a recent after dinner address, "and the native Indians have come to regard America as a canned country. Every article of diet and even wearing apparel comes canned in tin, and it is no wonder that the native looks with scepticism upon anything that is imported out of the conventional package."

"Recently a gentleman interested in the Sunday work among the natives of Alaska, in order to hold their interest the closer with various amusements, imported a phonograph with about a hundred cylinders, all musical selections. The natives were completely mystified by this invention and not a little suspicious regarding the reproduction of sound as something supernatural. Suddenly one brilliant half breed, with a reputation for progress, leaped up in the middle of a photographic song, holding a cylinder, flourished it before his brethren of the tribe, his face illumined with an inspiration. 'I have it!' he cried. 'I know what this is now. It is canned white man!'"

The explanation was taken in all serious and now the request at a Sunday gathering is often heard, almost cannibalistic, indeed, "Sir, can we not have a little canned white man this afternoon to amuse the children?"
