## East Lambton Fall Fair WATFORD October 5th and 6th, 1914

### LOCAL HAPPENINGS

THE GUIDE-ADVOCATE welcomes all items of interest for this column. Call Phone 11, send by mail or drop item in GUIDE-ADVOCATE Letter Box.

**WHEAT, \$1.00.**  
**DECORATE for the Fair.**  
**MEET your friends at Lovell's.**  
**PRIESTLEY'S dressgoods at SWIFTS'.**  
**READ our ad. on another page.—T. DODDS & SON.**  
**WHERE is the Frenchman?** Several people would like to get his address.  
**The Fair will not be a success unless you come and bring your family and neighbors.**  
**DON'T forget the school exhibit when at the fair next Tuesday.** It will be well worth seeing.  
**FAIR visitors should not fail to see A. Brown & Co.'s display of fall millinery.**  
**THERE will be a classy lot of steppers at the Watford Fair and the boys can feel sure of some keen sport.**  
**HORSE BLANKETS, show halters, lanterns, combs, brushes and all exhibitors needs looked after at HOWDENS'.**  
**MAKE Lovell's your headquarters on Fair day, where you can enjoy a hot cup of tea or coffee and sandwich.**  
**Now that housekeepers are about through the canning season, the Allies must remember that it is up to them to can the Kaiser.**  
**A FAIR bargain in ordered clothing.** 20 suits navy imported worsted, made to order for \$20.00, worth \$24.00.—SWIFTS' Tailoring Dept.  
**WE have many special bargains for Fair days.—T. DODDS & SON.**  
**By an oversight it was stated on some of the advertising matter of the fair that the 2.50 trot would be run in 1/2 mile heats, instead of mile heats.**  
**TAKE an interest in your fall fair. It is a good asset to this district. Attend and get your friends to attend on Monday and Tuesday next.**  
**ATTEND the patriotic concert and take a box of chocolates.** We have some nice ones at 25c, 50c and 75c. Just arrived.—LOVELL'S CONFECTIONERY.  
**FLAGS are in great demand these days.** The kiddies flock to Lovell's to get them and their mothers use them to make sofa pillows, quilts and other household goods.  
**A. BROWN & Co.'s store should be a special attraction for fair visitors.** Leave your parcels and meet your friends at this store.  
**To enjoy the Fair most, bring a load of nice things you have around home and win some good premiums.** Others enjoy seeing them too, and the show buildings look better.  
**CALL and let us show you the latest model Happy Thought Range. Corrugated oven glass door and thermometer and no extra charge.—The N. B. HOWDEN EST.**  
**MR. AND MRS. JOHN J. MAVITY, of Sarnia, announce the engagement of their second daughter, Irene Neta, to Dr. Fred N. Sangster, the marriage to take place in October.**  
**S. H. MITCHELL will open his new store and ice cream parlor on Saturday, October 3rd.** An orchestra in attendance in the evening. Come and enjoy the pleasures of the new parlor.  
**P. DODDS & SON have just received nearly three tons of new wall paper.** If you are thinking of papering this fall call and select your paper now. The patterns are handsome and the price low.  
**The ladies of Trinity church Women's Guild will give an afternoon tea at the home of Mrs. A. G. Brown on Friday, Oct. 2nd, from 4 to 7 o'clock.** Admission 15 cts. All are welcome.  
**MAKE your collections promptly and pay what you owe when due;** the same money passed on repeats its usefulness every time it changes hands. In circulation the same dollar serves many; hoarded, it fails in its purpose.  
**WE want to see you Fair day.** It will pay you to call.—SWIFTS'.  
**The members of Trinity church Women's Guild will resume their sewing for the winter and will take orders for quilting.** Anyone wishing work done will kindly leave their order with the president, Mrs. Irwin, or the secretary, Mrs. W. J. Howden.  
**ON Sunday evening next, Oct. 4th, in the Congregational church, the Rev. R. Stevenson will preach on the following subject:—"The present great war and its relation to Armageddon."** All interested in the prophetic study of the scriptures are cordially invited.  
**SEE our stoves, ranges, heaters and fine stock of hardware, etc., while at the fair.—T. DODDS & SON.**  
**FOR Fair day—50 pairs men's medium and fine shoes, \$3.25 and \$3.50—values all at one price, \$2.50.** Make this store your home.—JOHN WHITE.

**SECOND growth berries are plentiful.**  
**WATFORD council meets next Monday.**  
**THE High School students will have a field day shortly.**  
**THERE are 122 students in attendance at the Watford High School.**  
**COL. J. S. HENDRIE has been appointed Lieutenant-Governor of Ontario.**  
**TUESDAY next is flag day in Watford.** Proceeds of sale to go to Patriotic Fund.  
**LADIES' coats and suits, hand tailored to your special measure.—A. BROWN & Co.**  
**A gang of navies are laying the new 100 lb. rails on the G. T. R. track through Watford.**  
**W. W. EDWARDS will ship hogs on Wednesday next week on account of the Fair falling on Tuesday.**  
**MAKE SWIFTS' your headquarters fair day.**  
**RAVO table and hanging lamps are the best made and at a reasonable price full assortment at HOWDENS'.**  
**THE Sarnia stores closed on Wednesday afternoon in order to give the employees an opportunity to see the Fair.**  
**SPECIAL FRICKS in hats for the Fair, up-to-date styles.** Call and select your hat for that day.—MISS WILLIAMS, Milliner.  
**SUNDAY night was cold, and there was quite a heavy white frost on Monday morning, but the reports are that no damage was occasioned.**  
**A little cleaning up and decorating for Fair day among the townspeople is suggested.** Let all the flags in town be in evidence, even those belonging to the town and schools.  
**HARPER BROS. will have a display of the noted Mason & Risch pianos at the fair next week.** See it and ask them to explain the superior qualities of this instrument over all others.  
**If you owe the Guide-Advocate anything, payment would be much appreciated just now.** We have several tons of paper to pay for this month and paper mills will not give credit in war times.  
**THE war has not affected our stock except that is heavier than ever and bought at the lowest market.** Give us your business and we will look after your best interests. The N. B. HOWDEN EST. Sugar is good buying at \$7.00.  
**GREAT display of furs at the fair.—SWIFTS'.**  
**MAKE P. Dodds' your headquarters on Fair day, and, while you are waiting, ask to see our shoes.** All the new shapes for fall and winter were bought early and the buyer will receive the benefit. Also heavy goods, rubbers, etc.—P. DODDS & SON.  
**THE Guide-Advocate is indebted to Capt. T. L. Swift for a copy of a Valcartier camp pictorial souvenir, which is quite interesting.** In the group of the officers an excellent picture of Capt. Swift is found.  
**THE Guide-Advocate is sending out a number of small accounts this week that should have been paid long ago.** If you receive one kindly give it your early attention. In these war times it is particularly necessary to keep money moving.  
**SPECIAL display of furs, ladies' and misses' coats and housefurnishings on fair days.—A. BROWN & Co.**  
**LOCAL stores are rapidly stocking up with fall and winter necessities.** Their places of business are taking on an aspect of winter approaching. Look at their ads in the Guide-Advocate and become posted on what is new and correct, and moderate in price as well. Be loyal to your own community.  
**THE Rev. R. Stevenson preached to large congregations in the Congregational church on Sunday last.** Having just returned from the Old Land, the information he gave relative to the war situation was first handed, and those who heard him received much information that could not be obtained in any other way.  
**BEST black silk in Ontario, \$1.00, \$1.25 and \$1.50.—SWIFTS'.**  
**The annual meeting of the British and Foreign Bible Society will be held in the Congregational church this (Friday) evening at 8 o'clock.** Rev. R. J. Bowen, district secretary, will deliver the annual address, illustrating some phases of the work with lantern views. Silver collection. Everybody welcome.  
**LADIES' and misses' nifty skirts.—SWIFTS'.**  
**A REAL improvement in the telephone service would be some kind of indicator to show that somebody else is trying to get the line when the line is in use.** Some of these interminable conversations might be shortened if one of the party knew that somebody else was waiting to say something that might possibly be urgent.  
**THERE is a strong movement on throughout the Province, in view of the high cost of everything that enters into production of a newspaper, to raise the price of all weeklies to \$1.50.** Several Guide-Advocate subscribers have paid their subscriptions several years ahead so as to avoid the raise. Wise old words.  
**HAVE you ever bought English flanellette blankets? If not, why not?—SWIFTS'.**  
**You are cordially invited to give us a call Fair day.—T. DODDS & SON.**  
**A HAND embroidered handkerchief, free, with every ladies' misses' or girls' coat sold on fair day.—SWIFTS' SONS & Co.**

**SEE our exhibit at the fair.—SWIFTS'.**  
**THE Watford grist mill, put up at auction under mortgage on Saturday last was not sold, the reserve bid not being reached.**  
**EPWORTH LEAGUE services in the Methodist church on Tuesday evening at eight o'clock.** Leader—Miss Olive Pentland. Topic—"Our response to opportunities for service."  
**THE Beach chemical closet is a wonder and only \$10.** See them Fair days.—T. DODDS & SON.  
**"WHAT we have we hold. So keep the wheels going, the crops growing, and keep the dollar at home," is the slogan adopted by the Walkerville board of trade, and is good enough for Watford.**  
**S. H. MITCHELL is moving into his handsome new building adjoining the old one and will open it to the public on Saturday next.** The new store is light, roomy and pleasant, and is fitted up in the latest style. It is a big improvement to the block.  
**ALL interested in the overseas contingent are requested to be at the armory this (Thursday) evening at 8 o'clock.** The meeting will be addressed by C. O. Fairbank, warden of the county, and Mayor Stritvert, of Petrolia.—S. STAPLEFORD, Reeve.  
**FOR the fair—Fownes' gloves, Regal shirts, Arrow collars, King hats, new cravats.—A. BROWN & Co.**  
**HUNTERS and trappers are cautioned against trespassing on forbidden ground.** Considerable damage has been done on some property on the fourth and sixth line, and a close watch will be kept for trespassers, who will be prosecuted.  
**HAVING my new store and ice cream parlor completed, I cordially invite those attending the Fair to call in and inspect the store, where you get the best of everything to satisfy the most delicate taste—chocolates, bon-bons, ice cream, fruits, cakes, sandwiches, etc.—S. H. MITCHELL.**  
**SPECIAL ladies' coats in large sizes.—SWIFTS'.**  
**THE Sunday School Rally Service in connection with the Watford Methodist church on Sunday last was much enjoyed and appreciated by those present.** The orchestra added much to the musical feature of the service and the children all took their part in a creditable manner. The offering amounted to nearly \$8.00.  
**THREE weeks ago a large British departmental store was advertising provisions at these prices:—British bacon, sides, twenty-four cents a pound; Canadian bacon, twenty-two cents; American ham, twenty-four cents; Canadian cheese, eighteen cents; Dutch Edam cheese, sixteen cents. Not bad for war times.**  
**JUST opened out two crates of fine china, comprising dinner and tea sets and odd pieces.** These goods have just arrived from France and it is not likely they can be duplicated for some years on account of the war. First come, first served. China is going up in price, so the wise buyer will select now.—P. DODDS & SON.  
**ON Tuesday evening a reception was held in the school room of the Presbyterian church, by the officers of the Sunday school, for the purpose of re-organizing the classes and stirring up a more enthusiastic feeling in the school.** The evening was much enjoyed by the large crowd present, and the committee deserve credit for the way in which the fine program was carried out. At the close a very dainty lunch was served.  
**A movement has been set on foot as a result of the interest developed in the possible saving of the apple crop, that may yield some excellent returns.** The country is to be campaigned to secure an apple-eating population. In the United States it is sought to save the cotton crop by selling individual bales. The apple plan is to induce the Canadian to eat more apples and less citrus fruit. Were the apple to take its place regularly on our tables the consumption would be enormous and the money now expended for foreign fruits would remain in the country.  
**THOMAS McWATERS, contractor and builder, of South Brock street, Sarnia, formerly of Watford, was seriously injured on Wednesday evening, about eight o'clock, when in riding home on his bicycle he ran into an excavation in the Cromwell street pavement.** Both the wheel and McWaters were hurled into the hole. Bystanders who witnessed the accident picked up the injured man and summoned Dr. Wilkinson. McWaters was taken home, but his injuries proved so serious that he was removed to the hospital. The hole in the pavement was made by civic employees, who, it is stated, failed to protect it with a light, though notified to do so by the police. Mr. McWaters was able to be taken to his home on Sunday.—Canadian.

**LADIES, come to Swifts' fair day for your coats.** Hundreds to choose from.  
**THE harvest thanksgiving services held in Trinity church on Sunday last were of an interesting nature and very successful.** The service in the morning was conducted by the rector, who spoke to the young people, taking for his text Psalm 92:1-2, and the holy communion was administered to over 60 people. The evening service was conducted by Rev. S. E. McKegney, rector of St. David's church, London. He preached from II. Samuel 23:14, and his hearers were deeply interested in his discourse. Although only a young man, he has a force-

ful way of handling his subject that holds the attention of his hearers from first to last. The young ladies of the congregation displayed good taste in the exceedingly beautiful decorations they arranged for the occasion. The choir rendered special music at both services and is deserving of much credit for their share of the service. The collection for Huron College was a substantial one.  
**The numerous friends of Mr. and Mrs. D. G. Parker, of Leamington, formerly of Watford, were deeply pained to hear of the loss of their eldest daughter, Leila, whose death occurred on Saturday last at the home of her grandparents, Mr. and Mrs. David McChesney, of Strathroy. Leila was always an engaging child and had many friends among young and old. She had been in delicate health for some years, and, though in appearance quite robust, suffered much from a complication of diseases which finally developed into pneumonia. For the past four months she lived with her grandparents, where she received every care and attention that could possibly be bestowed on her. She bore her long illness cheerfully until death relieved her of her suffering on Saturday at the age of 14 years and 5 months. The funeral, which was well attended, was held on Tuesday afternoon from Strathroy to the Watford cemetery, Rev. J. C. Forster, of the Watford Presbyterian church, and Rev. Shepherd, of the Leamington church, taking the service. Deep sympathy is felt for Mr. and Mrs. Parker by a large circle of friends in this district.**

**Everything Ready for the Fair**  
Everything is ready for the opening on Monday of the Watford fair. Entries have been pouring in and it is expected that this year's exhibition will be a record breaker. There will be a fine lot of attractions, and, if the weather is favorable, the show of 1914 will go down as one of the very best in the history of the East Lambton Agricultural Society.  
**The speed specials on Tuesday will no doubt be well contested.** There is an open trot, one mile heats, purse \$200; and a 2.50 trot, one mile heats, purse \$150. Usual conditions.

**Words of Appreciation**  
Valcartier Camp, Sept. 24, 1914.  
Dear Madam:—The boys of the "Orphan's Home" wish to extend to you their thanks for the pillows sent to us by you, this week. They are just what we needed, and at night when we retire and lay our heads upon them we think of you, for they are altogether different from a hard kit bag or the ground. We are all real well and often think of the Watford people. Signed by the boys, W. G. Nichol, S. Welch, Francis C. C. Newell, L. G. Newell, T. C. Ward, Alex. Johnston, Wm. Blunt, Arthur Owens.

**Watford's Tax Rate**  
The tax rate of 31 1/2 mills on the dollar to be collected from the ratepayers of Watford for 1914, is made up as follows:—  
County rate ..... 2 3/10 mills  
Village rate ..... 12 2/10 " "  
Sidewalk debenture rate ..... 1 8/10 " "  
Wire Co. " ..... 1 8/10 " "  
Public Library rate ..... 4/10 " "  
Public School maintenance, 8 7/10 " "  
High School " ..... 5 5/10 " "  
Total ..... 31 5/10 " "

**PERSONAL.**  
Mrs. Gibson, Lobo, is visiting her sister-in-law, Mrs. Thexton.  
Mrs. Floyd Steele and family, Sarnia, are visiting relatives in Hamilton.  
A. C. Tanner, B. V. S., spent Sunday at his home here before leaving for the maritime provinces.  
Walter Restorick, who has been prospecting in British Columbia for some time, arrived home this week and will not return until the spring.  
Miss Grace Kelly, graduate nurse, has returned from Boston after completing a post-graduate course in diseases of children at the Floating Hospital of that city.  
Mr. S. A. G. Barnes, wife and daughter, of Edmonton, visited at Mr. Barnes' home here on Saturday. Mr. Barnes was on his way to Ottawa to the General Methodist Conference of which he is a delegate from Alberta.  
Mr. and Mrs. A. T. Thom, of Toronto, passed through here Friday enroute to Winnipeg on a business trip. Mr. Thom is still with the Ontario Wind Engine and Pump Co., being now secretary-treasurer in the head office at Toronto. He took a position with this Company some ten years ago when he left Watford. The Watford boys generally climb to the top.

**On The Briny Deep**  
A letter received by the editor from Lieut. R. H. Stapleford, dated Father Point, Sept. 27th, says:—  
"The Lambton boys are on the way. We are on the S. S. Laurentic, the finest of the White Star line. We are 'G' Co., 1st Batt., 1st Brig., 118 strong and the command is as follows:—  
1st in command, Major Osborne, Berlin.  
2nd " " T. L. Swift, Watford.  
3rd " " R. H. Stapleford, "  
4th " " F. L. Hodgson, Clinton  
There are 2000 men on board and we are under sealed orders. The boys are all well. Swift and myself are the two youngest officers aboard. The Lambton Company showed up well at Valcartier and are a credit to the county. Kindly remember us to the people through your paper. Good luck to you and good-bye."

**The Patriotic Concert**  
The members of the Women's Institute are to be complimented on the excellent concert they presented to the public at the Armory on Wednesday evening, and also to be congratulated on the financial success attained. The large audience fully enjoyed every number on the varied program. Dr. Hicks occupied the chair in a very creditable way, and after prayer by Rev. S. P. Irwin, announced the different numbers, all of which were warmly received by the audience and many encores were called for and cheerfully given. A duet by Mesdames Bennett and deGex, solos by Mrs. (Dr.) Kelly, solos by Mrs. Bate, solos by Mr. Cross and songs by Mr. Cameron. Coristine composed the vocal part of the program. Miss McIntosh, of Wyoming, gave violin solos, and Mamie Moyer and Meryl Logan recitations; nine girls gave a maple leaf drill; four girls a patriotic chorus, a playette and "The Three Maids of Lee" were the other numbers, all of which were well rendered. Principal Potter gave an exceedingly fine patriotic address, and Colonels Kenward and Kelly also addressed the audience for a few minutes. The arduous duties of accompaniment were ably filled by Miss Margaret Hume. The entertainment was brought to a close with cheers for the Lambton contingent and the singing of the national anthem. The receipts amounted to \$74.25.

**Got Commissions With the Overseas Contingent**  
The officers of the 27th Regt. who left here to go to the front with the overseas contingent all retained their commissions and are slated for the following positions:—Capt. T. L. Swift is made Senior Lieutenant of "G" Co.  
Lieut. R. H. Stapleford, Junior Lieutenant of "G" Co.  
Lieut. B. C. Binks, Paymaster Supply Column.  
Capt. Hahn has been appointed Divisional Staff Interpreter.  
It is gratifying to know that these young men have been selected while so many other young officers had to go into the ranks.  
While in Valcartier a couple of weeks ago Lieut. Col. Kelly interviewed the Minister of Militia regarding the Watford officers, and no doubt his talk with him had something to do with the appointments. Colonel Sam has not forgotten his warm reception at Watford on the occasion of the corner stone laying, and consequently the Watford boys got all they were entitled to.

**BROOKE**  
Mrs. McLellan returned from Detroit on Tuesday very much improved in health.  
Charles May has sold the northeast part of lot 6, con. 12, Brooke, to John W. Bryce.  
Mr. Alex McDonald, 10th line, left on Monday last for the Sarnia General Hospital.  
Mr. Dan, McLean, who has been ill for the past four weeks, is able to be around again.  
The annual harvest thanksgiving services were held in Christ church, Sutorville, on Sunday last. The Rev. S. E. McKegney preached a very fine sermon in the morning to a large congregation and the rector conducted the service in the evening, when the church was crowded. The church was beautifully decorated and special music was given by the choir. The thankoffering was most liberal, being a record one for the church.  
A very large congregation was present Sunday afternoon at St. James church, when the annual harvest thanksgiving service was held. The Rev. S. E. McKegney, of London, preached very instructive and eloquent sermon on the subject of Thanksgiving. The church, as usual, was beautifully decorated with fruit, grain and flowers. The choir rendered special music and the thankoffering for the mission work of the church was most liberal.  
The young ladies of St. Andrew's Presbyterian Church held a meeting at the home of Miss Ada Johnston, on Sept. 17th, for the purpose of organizing a Mission Circle. Rev. and Mrs. N. A. Campbell were present and with their aid the meeting was successful and the Circle organized. The following officers were elected for the coming year:—Pres., Miss Kate McEachern; Vice-Pres., Miss Nellie Soper; Sec., Miss Ada Johnston; Treas., Miss Lena McCabe. The next meeting will be held at the home of Miss Kate McEachern on Thursday afternoon, Oct. 15th.  
Alvinston will organize a civilian rifle club.  
At the Petrolia fair last week, Copleston school had a perfect union jack made out of red, white and blue asters. It attracted considerable attention.  
John Tidball, 10th con., Boscawen, purchased a valuable farm in Scarborough Twp., York county, for \$9,000.00. It is situated about 17 miles from the Toronto market.

**PERSONAL.**  
Mrs. Gibson, Lobo, is visiting her sister-in-law, Mrs. Thexton.  
Mrs. Floyd Steele and family, Sarnia, are visiting relatives in Hamilton.  
A. C. Tanner, B. V. S., spent Sunday at his home here before leaving for the maritime provinces.

### WOMAN IN TERRIBLE STATE

#### Finds Help in Lydia E. Pinkham's Vegetable Compound.

Cape Wolfe, Canada.—"Last March I was a complete wreck. I had given up all hope of getting better or living any length of time, as I was such a sufferer from female troubles. But I took Lydia E. Pinkham's Vegetable Compound, and today I am in good health and have a pair of twin boys two months old and growing finely. I surprised doctors and neighbors for they all know what a wreck I was.

"Now I am healthy, happy and hearty, and owe it all to Lydia E. Pinkham's remedies. You may publish this letter if you like. I think if more women used your remedies they would have better health."—Mrs. J. T. Cook, Lot No. 7, Cape Wolfe, P. E. I., Canada.

Because your case is a difficult one, and doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills, such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need.

The Pinkham record is a proud and peerless one. It is a record of constant victory over the obstinate ills that women suffer. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

#### NOTE AND COMMENT

Germany's foreign trade is excess of \$8,000,000 per day. You will be doing a patriotic service, Mr. Manufacturer, by capturing as much of it as possible, Mr. Citizen, your patriotism can be shown by refusing to buy German-made goods and demanding made-in-Canada or British-made goods.

If Gen. Sherman were alive, the New York Sun declares that he would have to apologize to hell. The war of his time was but an innocent, harmless killing game. The dropping of bombs in Antwerp to produce random destruction with no military results, to slay little children and young mothers in their beds, is, the Sun says, an archdeed of pitiless savagery against which all civilized nations should raise their voices.

The Canadian Churchman tells of a wonderful piece of microscopic engraving accomplished by a Jewish farmer in Alberta, who wrote, on a grain of wheat, in Hebrew characters an address of welcome to the Duke of Connaught. The address contained 300 letters and was so fine as to require a powerful microscope to

read the inscription. Christian Herald.—From the Christian era to the present time, as statisticians and historians tell us, there have been less than 240 warless years. Up to the middle of the nineteenth century, it was roughly computed that nearly 7,000,000,000 men had died in battle since the beginning of recorded history, a number equal to almost five times the present estimated population of the globe.

The total tonnage carried through the canals at Sault Ste. Marie during the season of 1913 was 79,718,344 tons, which is 7,245,668 tons more than 1912. Of this amount 37,022,201 tons passed through the American locks and 42,696,143 through the Canadian, although only about half as many vessels used the Canadian lock, thus showing that the largest vessels use the Canadian canal. The United States canal was open 245 days, and the Canadian canal 246 days.

The prices of meat dropped three or four cents per pound last week in New York just because people would not pay them. It's the bright side of the shield in all the talk about dear food. If the people really wish it they have a simple remedy at hand. We all eat more than we should. If meat advances five cents per pound, sugar two cents, bread so much per loaf, milk two cents a quart the average family can rearrange its daily bill of fare and live quite appetizingly enough and more healthfully for less money than it has been in the custom of spending.

A puddingless Christmas is the latest prediction. Don't worry. Though nuts and raisins grow scarce we shall find something to make puddings of and some reasons for a Merry Christmas. We shall have our trials between now and then, but this old world is not going to be lost in a welter of blood and anarchy. It will not be ruled by murderers dropping bombs from the midnight sky upon the helpless inhabitants of a city of harmless people. There is more good than evil in mankind. The whole world will not go mad because a group of war lords in Berlin are crazy with the lust of blood.—Toronto Star.

#### Distribution of Rams and Boars By the Federal Department of Agriculture

As the distribution of pure bred stallions and bulls, 125 and 414 of which respectively have been located in different parts of the Dominion, has now been completed for the current year, it is announced that the Live Stock Branch of the Federal Department of Agriculture will undertake a further distribution of pure bred rams and boars during the months of August, September and October next, to associations of farmers organized in districts in which the services of satisfactory breeding animals in these classes are not already available. Applications for rams and boars, a large number of which have already been received, should be made at an early date, as it will not be possible to consider those that are not made prior to October 1st. Farmers desiring to secure the services of such stock should arrange to organize an association in their district and forward their application to the Live Stock Commissioner, Department of Agriculture, Ottawa, from whom application blanks and all information with respect to the conditions under which pure bred sires are distributed, may be obtained. It is understood that all applications shall be reported upon by officers of the Live Stock Branch and that favourable action as regards any application shall be subject to the approval of the Live

Stock Commissioner. Letters addressed to the Department do not require postage.

### Good Rugs Made From Worn Carpets

Take, let us say, two yards of dark green monk's cloth, fifty-three inches wide, and lay it smoothly down over a worn piece of carpet, sewing the selvage of the cloth to the selvage of the carpet—or, if the carpet has to be cut so that a selvage is impossible, whip the raw edge carefully before fastening the monk's cloth to it. At the ends allow two inches of the cloth to extend beyond the edges of the carpet, which must be first

whipped before they are fastened down. Then unravel the ends of the cloth—a particularly easy thing to do with monk's cloth—and in this way make a finishing fringe. If further ornamentation is desired a stenciled border may be painted on either end. Or a band of a lighter or darker shade than the color of the monk's cloth used may be stitched on perfectly plain or applied in a conventional design. #### Newspapers and the War

The war is still having a marked effect  
on newspapers. While Canadian papers  
continue to publish from eight to twenty  
pages a day, most of the London, Eng-  
land, papers have been reduced to six  
pages. The European edition of the  
New York Herald is about the only  
newspaper published in Paris—that city  
that proudly boasted of newspapers with  
circulations of over 1,000,000 copies a  
day. On Tuesday the following an-  
nouncement was published by the Her-  
ald:

Beginning with this issue, the price of  
the Herald will be 25 centimes (5 cents)  
daily instead of 15 centimes (3 cents).  
The reasons for the increase are obvious.  
Owing to the war, advertisements, the  
main source of revenue, have almost  
completely disappeared. The Herald at  
present is therefore being run at a loss  
of close upon 35,000f (\$7,000) a week.  
That may be journalism, but it is not  
business. Consequently the Herald has  
chosen between suspending publica-  
tion or raising its price.

In this country there has been consid-  
erable curtailment in the size of news-  
papers, but few advances in price. This  
latter will undoubtedly come if the war  
is prolonged for any considerable time.

#### It Was a Good Tip

A benevolent old lady looked out of  
her parlor window one day and saw a  
man walking up and down the sidewalk,  
apparently in great dejection. There  
was something pathetic and appealing in  
his manner; so she took a dollar, put it  
in an envelope, and wrote on the envel-  
ope, "Never say die."

She slipped out of the house in the  
most casual manner she could assume  
and handed the envelope to the man as  
she passed him.

Next day the same melancholy man  
called at her house and presented her  
with a five dollar bill.

"It's funny," he said, "you're the only  
one that backed that horse called 'Never  
Say Die.'"

Over 4,000 women are enrolled as stu-  
dents in Germany's 21 universities.

An Oil That is Famous.—Though Can-  
ada was not the birth-place of Dr. Thom-  
as' Eclectic Oil, it is the home of that  
famous compound. From here its good  
name was spread to Central and South  
America, the West Indies, Australia and  
New Zealand. That is far afield enough  
to attest its excellence, for in all these  
countries it is on sale and in demand. m

#### Home Hints

There is but one rule of strict  
morality that a man can adopt.  
That would be to live as pure and  
perfect a life as he would have his  
wife live; to avoid associations, hab-  
its and language that he would have  
her avoid. The old idea of one scale  
of morals for the man and another  
for a woman is very wrong and un-  
til the young man is ostracised from  
society by the same act that would  
turn the young woman out in the  
cold world, social standing is but a  
farce.

Marriage makes or mars a woman's  
life, and a young girl should be plain-  
ly taught that marriage with a man  
lacking certain qualities is a most  
deplorable, irremediable blunder.  
She must be made to feel that unless  
a man is temperate, moral, honest  
and gentle, he has no right to expect  
to associate with her, that having  
these qualities, if she loves him with  
a love that time has tested and  
proven, she is pretty safe in trusting  
herself to him.

Encourage your child to be merry  
and to laugh aloud; a good hearty  
laugh expands his chest and makes  
his blood bound merrily along.  
Commend me to a good laugh—not  
to a little snickering laugh, but to  
one that sounds through the house;  
it will not only do your child good,  
but will be a benefit to all who hear,  
and be an important means of driv-  
ing the blues away from a dwelling.  
Merriment is very catching, and  
spreads in a remarkable manner, few  
being able to resist the contagion.  
A hearty laugh is delightful harmony,  
indeed it is the best of all music.

If you would increase your happi-  
ness and prolong your life, forget  
your neighbors' faults. Forget the  
slander you have heard. Forget the  
temptations. Forget the fault-finding  
and give a little thought to the cause  
that provoked it. Forget the peculi-  
arities of your friends and only re-  
member the good points that make  
you fond of them. Forget all per-  
sonal quarrels and histories that you  
may have heard by accident, and  
which, if repeated would seem a  
thousand times worse than they are.  
Blot out as far as possible the dis-  
agreeable things of life—they will  
come; but they will only grow larger  
when you remember them, and the  
constant thought of the acts of mean-  
ness, worse still, malice, would only  
tend to make you more familiar with  
them. Obliterate everything bad  
from yesterday, start out with a  
clean sheet for to-day, and write  
upon it for sweet memory's sake only  
those things that are lovely and  
loveable.

Let not the young man who is  
living beyond his income deceive  
himself with the sophistry that he  
will retrieve his position. Let  
him not build air castles of fu-  
ture successes that will redeem the  
past, only to be crushed beneath  
their ruins. Out of your present  
you are building your future and as  
surely as night follows day will you  
reap that which you have sown. Be  
not deceived. The law is inexor-  
able. You cannot escape the con-  
sequences of your case. If you sow  
tares in the springtime of your life,  
these will make your harvest; if  
good fruit, then will the autumn fill  
your granaries. Remember, too, that  
there is but one seed time, and that  
for you it is fraught with weal or  
woe. There is but one garnering  
time, and it rests with you alone  
whether you shall garner honor or  
shame, success or galling poverty,  
righteousness or unrighteousness.

#### Horses Replace Steam

One of the things that impressed  
a recent visitor to the northwest  
was the determination of many of  
the farmers to abandon steam plows.  
There is more importance to be  
attached to this decision than might  
appear at first sight. The reason for  
giving up the steam plows does not  
call for much comment. They break  
down and repairs are difficult to effect  
on isolated farms. It takes a long  
time sometimes to get broken parts  
replaced. It is difficult also to get  
men who are familiar with the oper-  
ation of the machinery. Still more  
of a factor is the banking influence,  
which is not inclined to finance a  
farmer who is loaded up with a  
steam plow on which he has heavy  
payments to make, and which will  
be worn out by the time it is paid

for.  
In going back to the horse there  
is no retrogression in farm practice.  
Large plows with three to six horses  
are found to give better results in  
the long run. The stable products  
are found also to be of more value  
than the western farmer once  
thought. In an era when mixed  
farming is coming to its own in the  
northwest the advent of the horse is  
a factor of great importance to the  
country. As an investment, the  
same amount of money in horses is  
a more productive one than an in-  
vestment in steam plows. The  
horses are reproductive, enriching  
the soil as well as recuperating the  
capital invested. Nor will it be of  
less interest to Ontario horse-breed-  
ers to know that prairie farmers are  
looking for draught horses.

#### What Sampling Means

Dominion Department of Agriculture  
Dairy Branch

A herd owner may ascertain from  
the creamery that his average is 40  
pounds of fat per cow for the month  
and yet have a dim idea that some  
of his cows are better producers than  
others, but probably few men are  
prepared for the veritable surprises  
encountered when they commence  
regular weighing and sampling. To  
take the case of two 2-year-old  
heifers that freshened this spring,  
last month one gave 30 pounds of  
fat, the other gave 46 pounds. One  
5-year-old in the same herd of grade  
Jerseys gave 67 pounds of fat, and  
another 5-year-old gave only 36  
pounds. The owner would scarcely  
believe that one animal is thus  
earning, with fat at 27 cents per  
pound, eight dollars and thirty-seven  
cents more than her stable mate in  
just one month. What will the  
difference be for the whole year?  
That is the crucial test.

Between the two 3-year-olds in  
the same herd, that both freshened  
in March, there was a difference  
last month of 19 pounds of fat,  
worth over five dollars. Similar  
differences are to be found in many  
herds, illustrating very clearly that  
it is palpably unfair to take a general  
average of the herd unless they are  
decidedly more even in production  
than those cited above. Records of  
individual production alone can give  
this valuable information to the  
owner. Milk and feed records may  
be obtained free of charge on appli-  
cation to the dairy commissioner,  
Ottawa.

#### Sensible Sayings

The best natured man down town  
is the man who has women folks at  
home to grumble at.

Most women prefer poverty with  
the affections of her husband to  
riches without them.

Happiness is a perfume which one  
cannot shed over another without  
a few drops falling on one's self.

Kindness will go further and bring  
us more happiness in this world than  
all the haughtiness and asperity we  
can possibly assume.

Our preachers do not write so  
many or so wise proverbs as did  
Solomon, but they have fewer wives  
and better children usually.

The man who expects to get into  
heaven on his wife's church mem-  
bership, or the chickens he fed the  
preacher, is taking awful chances.

When you see a man who kisses  
his children in public, you may be  
pretty sure that he keeps the seats  
of his pantaloons well dusted at  
home.

To smile at the jest which plants  
a thorn in another's breast is to be-  
come a principal in the mischief.

#### MORE DOMESTIC SERVANTS THAN ANY OTHER WORKERS

More people are engaged in domestic  
service in England and Wales than in  
any other industry or service.

Domestic indoor servants, according to  
the census returns, number 1,302,438, of  
whom 41,765 are men.

Outside of domestic service, agricul-  
ture affords employment to more persons  
than other single industry or service,  
there being 1,229,555 farm workers, of  
whom 94,841 are women.

In coal mining 971,236 persons are  
engaged, including 37,185 women, who  
nowadays are employed in the lighter  
work on the surface, such as sorting.  
Figures for other industries are:—

When in Sarnia last week, Col. Hod-  
gins, D.O.C., of London, made arrange-  
ments to have all future foreign prisoners  
of war taken care of at Point Edward.  
The foreigners as they are detained there  
will be kept in tents at the wireless sta-  
tion grounds at Point Edward until they  
are transferred to Fort Henry, Kingston.  
The guard at the wireless station will be  
doubled to perform these new duties.  
Heretofore all prisoners of war were de-  
tained at the city police station, but this  
has not been found satisfactory. Arrange-  
ments were also made to have the quar-  
ters housed in the basement of the wireless  
station building.

New French Guns Fire Deadly Gas

London, Sept. 25.—Remarkable tales of novel engines of war are appearing in all parts of Europe, but nothing has yet equalled the reports circulated concerning the new guns used by the French in firing turpentine, a substance said to produce instantaneous and painless death for every living being within its reach.

Although it is so deadly in its work, turpentine cannot be objected to on the ground that it violates humane principles of war. In fact, it is so humane that it cannot be confused with lyddite and other explosives which have deadly fumes.

English correspondents have reported that entire lines of German soldiers stood dead in their trenches as a result of the fumes from the mysterious turpentine discharged by the French in engagements along the Marne. The dead Germans are reported to have maintained a standing posture and retained their rifles in their hands, so sudden and unusual was the effect of the new weapon. Instantaneous paralysis is said to have been caused by turpentine.

The French gun for the use of turpentine is shrouded in as great mystery as turpentine itself. Experts are required, it is said, for the use of the new ammunition and the manipulation of the strange gun so recently brought into use in battle.

Mothers of Men at War

God of the nations hear us, Mothers of men who call! The flames of conflict sear us, Victims whate'er befall. Ours is the price past paying—Tragedy near and far; Ours is the sternest slaying—Mothers of men at war.

They give their lives in battle; We give them life and love; Slaughtered like worthless cattle (Think of it, God above!) Those shapes our arms have cradled, Those lips our breasts have fed, By lust of power outladed In prime struck cold and dead.

For them the battle-glory, The thrill and trumpet-sound; For us bleak sorrow's story, Bereavement's bitter round; They march to danger gaily, Honored or soon or late; We die by inches, daily, We, helpless, starve and wait.

Was it for this we bore them, For this our patient care? Our hearts lie crushed before them As forth to fight they fare. God of the nations hear us, Crying from near and far—The flames of conflict sear us, Mothers of men at war!

War Summary

On the Battiefont (via Paris), Sept. 28, 12.26 a.m.—Desperate attempts made by the Germans on the west end of the long line of battle to break through the Allies' forces, which are engaged in a turning movement, have resulted in the most serious fighting which has taken place since the beginning of the campaign. After fighting without respite night and day, corps after corps of Germans were hurled against the flower of the French and British armies yesterday, only to be thrown back.

London, Sept. 28.—The British official statement given out to-night on the battle in the north of France says: "The situation is satisfactory and the counter-attacks on the British front have been beaten back with heavy losses to the enemy."

Berlin, Sept. 28.—The total German casualties in dead, wounded and missing, as officially reported to date, are 104,588. The casualty list announced today adds a total of 10,527 casualties to those previously announced.

Sept. 29th.—One sentence, "No change in the situation," epitomizes the official reports from London, Paris and Berlin. The Allies claim to have made slight advances here and there notably on the heights of the Meuse. The German official statement, however, declares that "reports concerning a victorious advance of the 'enemy' are untrue."

Petrograd reports officially state that the Austrian stronghold of Przemysl in Galicia, is completely invested by the Russians, and that the main Austrian army is retiring behind the Carpathians into Hungary, pursued by the Russians. Berlin, however, declares that "reports of the fall of two of the Przemysl forts are inventions." The Montenegrins, who have allied themselves with the Serbians in the conflict with Austria, are making advances, according to advices.

rapid increase in grain prices in Austria is causing anxiety in official circles. Farmers are holding their supplies for higher prices, and the Government proposes to fix a minimum price for this commodity.

Sir Edward Carson, the Ulster Unionist leader, in outlining the Home Rule Bill, has called upon Ulsterites to throw themselves "whole-heartedly" into the patriotic action that the time demands in supporting the Empire."

London, Sept. 29, 11.37 p. m.—The official press bureau issued to-night the following regarding the operations in Northern France: "There is practically no change in the situation. The allies left have had some heavy fighting, but they are well holding their own."

Sept. 30.—The dispatch last night from Paris to the Exchange Telegraph Company of London that the German right wing is in flight may be true and it may not. The British war office makes no such claim nor does the French. It would not be surprising if the report were true. Following the failure of the attempt to force the German right across its line of communication at St. Quentin, which failed when success was in sight, the French operations on the left, probably reinforced by British troops fresh from England, attempted a wide turning movement. There was everything in favor of success in this venture and it has probably been accomplished. The failure of the British war office to confirm the dispatch means nothing. Victories along the Marne were not announced until in some cases 36 hours after.

The Russians having cleared Galicia of any large body of Austrian troops, save those besieged in Przemysl, are now occupying the passes of the Carpathians to make sure that they do not return. There are four lines of railway running across the mountains from Galicia into the great Hungarian plain. The Russians have crossed the mountains in

force midway between two of these lines, and will be able to dominate both. It is not probable that the Russian armies will seek to penetrate Central Hungary. Such a movement would carry them far from the direction of their intent, they intend to do, no doubt, is to assure their left flank and lines of communication from Austrian raids through the passes of the Carpathians while they are engaged in the invasion of Germany.

Oct. 1.—Press dispatches of the last few days paid particular attention to the German right wing. It is here that it was expected the big battle of the Aisne would be decided. Yesterday afternoon the French official statement announced that between the Argonne and the Meuse we have made slight progress, and that "in the Woivre district there have been several battles. Our troops have advanced at several points, notably east of St. Mihiel." Last night's statement said that "to the south of the Woivre we have occupied Selcheprey and advanced as far as the slopes of Rupt de Mad."

The significance is at once apparent. Not only is the German right wing being rolled back, but their left, where they were making such a desperate assault, is being similarly treated. In short both wings are being thrown back on the center, and as a dispatch from the front says, the kaiser's army will now have but one avenue of escape, i. e., by way of Rethel.

At the Methodist parsonage, Forest, on Wednesday, the 16th, Rev. J. H. Osterhout united in marriage John I. Wilson, of McGillivray, and Myrtle B. Hilborn, daughter of John Hilborn, of the 6th con., Bosanquet.

That the Women's Institute is a leading factor for the advancement of education and sociability was again brought to our minds on Friday last, when the first children's school fair was held under the auspices of the Kerwood branch of the Women's Institute. Early in the morning the officers were busy at work, and entries poured in from every school in the district, making the work of the secretary and his assistant very heavy. The exhibition building was beautifully decorated with union jacks, bunting, etc., and was filled with exhibits, the fruits, vegetables and flowers being particularly strong. A fine exhibit of pets, consisting of dogs, cats, pigeons, guineas,

rabbits and poultry of all kinds was noticeable. After the judging was over, a splendid lot of sports took place, and all the children had a chance to win some of the prizes given. One of the most entertaining parts of the program was the music rendered by the Kerwood brass band, just recently organized. Visitors were present from Strathroy, Watford and surrounding country, and altogether the fair was a huge success. We look forward to an annual event of this kind.

**Fruit and Vegetable Show at Sarnia**

The first annual show under the auspices of Lambton County Fruit and Vegetable Growers' Association will be held in the arena at Sarnia on October 28, 29 and 30. Over \$600 in prizes will be offered, and no effort will be spared to make the first show a record breaker. A feature of the show will be a commercial display of apples put up by associations. \$50 is offered for 200 boxes and \$25 for 50 barrels. The classes for individual growers include everything from single specimens of apples to 10 boxes and 10 barrels in all commercial varieties. A honey display is being put up by the Beekeepers' Association, and the ladies of Sarnia are looking after the floral exhibit, which promises to be of high order. A "made-in-Lambton" exhibit will add interest to the show. The prize lists will be ready for distribution in a few days, and growers interested should write the Secretary, Mr. G. G. Bramhill, Petrolia, asking him to mail a copy.

**Toronto, Sept. 29.**—Receipts at the Union stockyards to-day were 79 cars, containing 986 cattle, 112 calves, 1,692 hogs and 1,218 sheep.

The butcher cattle trade was extremely dull to-day and but for a few inquiries for farmers, stockers and feeders there would have been scarcely any business doing among the cattle. There were practically no heavy butchers' steers in the market, the bulk of the offerings being fair medium to common butcher, the latter being in the largest proportion. Prices were generally 10c to 15c lower than yesterday's decline of 25c on medium and common butcher. Choice heavy steers are about steady, with none offering.

There was some inquiry for stockers and feeders, but the trade is not brisk. Prices about steady.

**Prof. Day, O.A.C., on Lightning Rods.**

I wish to warn the farmers of Ontario against inferior lightning rods. In our investigations we have found that an iron-centred rod, that is, one composed of a strip of copper twisted around an iron or steel centre, whether the centre is a strip or wires or both, is a very short-lived rod. In many cases the iron is nearly all rusted away in from five to ten years, leaving only the copper, which is too light either to wear well, or to carry off a flash of lightning without melting. The copper sheath of these rods weighs less than half what the standard copper rods weigh. Any farmer who puts these iron-centred rods on his buildings is actually getting less present value for his money than if using an all-copper rod, to say nothing of the lack of durability. A plain galvanized iron cable is more durable than the iron-centred rod.

In bulletin 220 on lightning rods, page 26, appears a photograph of a piece of iron-centred rod taken from the peak of a building after eight years of use. The iron strip and wires were in several pieces, and more than half rusted away. It is to the credit of all lightning rod companies in Ontario, except two, that they are following the teaching of bulletin 220, and do not supply iron-centred rods. Several months ago I personally informed one of the two companies that its iron-centred rod was not fit to put on a building, and the other, even before bulletin 220 was published, was notified what its teachings would be regarding the iron-centred rod, and they were advised not to stock up with that kind of rod. Yet these companies are using other portions of the bulletin to induce farmers to buy these inferior rods, which it condemns.

Under these circumstances, I think it only fair to the farmers of the province to put them in possession of the facts. And it is not unfair to the companies, for they were notified publicly through the bulletin and privately by letter, thus giving them ample time to provide a good rod. Indeed, it has been a matter of surprise to me to learn through recent correspondence and personal reports that these rods are still being sold.

The companies can just as well supply good rods, as specified and described in the bulletin.

Perhaps it may not be amiss, before concluding, to say that our investigations have shown that properly installed rods will prevent \$999 of loss out of every \$1000 that would occur if the same buildings were not rodged.

**High School Athletic Association.**

A meeting of the High School students was held last week in the school, for the reorganization of the High School Athletic Association. The following officers were elected:—President, Mr. Potter; Sec.-Treas, R. H. Trenouth; Clerk of the Course, R. J. Leach; Committee—IV. Form, Dorothy Wordsworth and Harold Leach; III. Form, Alma Barnes and Burton Cook; II. Form, Allie Harper and Elgin Hicks; I. Form, Theresa Logan and Bruce Trenouth.

Later in the week a meeting of the committee was held. It was decided to hold High School field days on the afternoons of Wednesday and Thursday, the 14th and 15th of October.

The following were the judges appointed for the various events:—Dr. Brandon, Messrs. D. Roche, T. Roche, E. D. Swift, Col. Kenward, Revs. Irwin, Forster, Mead, Stevenson and Connolly, J. W. McLaren and W. Harper.

**Big Double Show in Taylor's Opera House on Fair Night**

The moving picture show that shows here each week will be in the Opera House together with a strong opera company on Fair night. The picture show will start very early, about seven o'clock. They will put on special high class pictures, much better than ever shown here yet. After the films are all shown, then Mr. Floyd McNeil, the noted comedian, Miss Minnie Short and Miss Ethel Thompson, all of London, both high class artists. Miss Ethel Thompson appeared here last Fair night and comes back with entire change of program. This double show will be the best ever attempted in Watford on Fair night. On account of picture show in connection with the other show the seats will be 35c. all over the house. Children 25c.

**High School Notes**

Number of students enrolled at W. H. S. during present month is 122. 45 of these are new pupils.

H. S. Field Day in the near future. The students are carefully preparing and hope to make this year's events the best ever. In connection with the field day new and interesting features will be introduced.

A portion of the report of the minutes of the last meeting of the Board of Education was intended to read as follows: "A communication from Principal Potter to the Board regarding the suspension of two pupils was read," etc.

After burning several stacks of grain containing in the neighborhood of 1,000 bushels, belonging to his brother, Lemuel Purdy, a farmer of Kaleigh township, who was committed to the asylum less than a year ago, and was later released, is again in the toils, and has again been committed to the institution.

While Mr. M. McCallum, of Moss, was unloading hay with a sling, the short stay was replaced by a long chain, which allowed too much play. Mr. McCallum was in the act of holding down the whiffletrees when the crab hook broke and he was propelled into the air, turning a somersault. He struck the ground with terrible force. The chain was found on top of a tree.

They work completely, no gripping whatever, and one is plenty for any ordinary person at a dose. My wife was a martyr to Constipation. We tried everything on the calendar without satisfaction, and spent large sums of money until we happened on "Fruit-a-tives". I cannot say too much in their favor.

We have used them in the family for about two years and we would not use anything else as long as we can get "Fruit-a-tives". Their action is mild, and no distress at all. I have recommended them to many other people, and our whole family uses them.

### High School Regulations

The Provincial Minister of Education announces to all teachers and candidates concerned that the new high school regulations, issued in the course of a few days, make the provision that in lower school examination for entrance into the Normal school and Faculties of Education, Middle School examination for entrance into the Normal schools, and Upper schools examination for entrance into the Faculties of Education, any candidate may carry over a subject thereof, to another examination of the same or higher grade, provided that: (a) He has made on that subject not less than 25 per cent. of the marks assigned thereto, and (b). His standing on the first examination, omitting that subject and his standing on the second examination, including the former subject, are each of the prescribed standard. An Upper School examination in any one of the following subjects will be accepted instead of an examination in the corresponding subject carried over from the Middle School examination. English literature, English composition, algebra, geometry, physics and chemistry. All candidates at these examinations in June last who are entitled to the standing indicated will have statements of marks sent to them, showing the standing awarded under this regulation. Accordingly, an application on the part of a candidate is unnecessary.

### Our Prayer To-day

Tune: "God Save the King." To Thee, O God, to-day, We fervently do pray, God save our land! War's sombre cloud is spread Our nation overhead; And hearts are filled with dread; Hold Thou our hands. Give suffering hearts Thy balm, And restless spirits calm; Make us assured That from this vale of strife Where violence is rife, Shall rise a better life, And wrongs be cured. No other power but Thine, Supreme because divine, Can bring us peace; O haste the day, dear Lord, As promised in Thy word, When there shall be no sword, But wars shall cease. O God, we pray that we Thy guiding hand may see As Thou dost lead; May we live true to Thee And to humanity; Thus will our destiny Prove bright indeed.

CHAS. H. BARKER.

### What is Watford Going to do About the Canadian Patriotic Fund?

The following is the appeal of H. R. H. the Duke of Connaught to the people of Canada, and explains the objects of the Fund:

#### THE APPEAL

To the People of Canada: In response to urgent appeals from many parts of the Dominion, I inaugurated the Canadian Patriotic Fund, the object of which is to provide for the needs of the wives, families and dependent relatives of those who go to the front to fight the battles of Great Britain and her Allies. Unless generous-minded citizens come to their aid, there will be during the coming winter, much hardship in many families owing to the absence of the bread winner.

I have the greatest confidence that those that are in a position to give, need but the opportunity of doing so, and that the response will be widespread and generous.

During the past few days the Canadian Patriotic Fund has been duly organized, a strong executive, representing the whole Dominion, has been appointed, and a central bureau established at Ottawa.

I sincerely hope that in every city and town throughout the Dominion, branches of this organization may be formed, full particulars of which can be had by addressing the Honorary Secretary, H. B. Ames, M. P., Ottawa.

By co-operating and harmonizing benevolent efforts in this way, the danger of overlapping on the one hand, or neglecting deserving communities, on the other hand, may be met and overcome. I am convinced that all Canadian hearts will go out to their brave fellow-citizens who have gone to the front. A prompt and hearty response to this appeal will put all anxiety at rest about those near and dear to them, and will also afford to those who cannot go an opportunity of doing their duty to Canada and the Empire.

(Signed), ARTHUR, President, Canadian Patriotic Fund. The Hon. W. T. White, Finance Minister of the Dominion, Ottawa, is Hon. Treasurer of the Fund.

### As Much Heroism in Matrimony as War

"It is as natural for men to want to go to war as it is for women to want to get married," remarked Flick to his guest. "Both know better, but still they feel called."

"A civil woman looks with envy on those who have children and a civilian looks with envy on the chest that swells beneath brass buttons."

"The amount of discipline that a woman gets through matrimony is equal to the discipline meted out to a soldier. Usually when he is in the midst of a game of skittles or a good sound sleep or square meal some troublesome enemy thrusts forth his head, and bang! The soldier must jump and get busy with his gun."

"Similarly when a mother has arranged to see Sarah Bernhardt play the "Bleeding Heart" or "Untold Mystery," or some such diverting masterpiece, the kids fall down cellar and break their noses."

A mother has to be just as ready to stand disappointment as a soldier who must leave his bride at the altar. When a soldier finds himself in a shady camp—Bingo? Orders to march! When a mother has planned a nice recreational trip—bingo! Measles and mumps follow one another through the family."

"Women know all these things, but it doesn't stop them from getting married. Everybody knows their weakness. Every time a single woman stops to talk to a single man the real estate and furniture dealers come flocking from all directions ready to sell them a home."

"Every woman wants a home, just as a man wants a sword to hang upon his wall."

"But it isn't all sentiment, matrimony isn't. There is as much heroism in matrimony as in war, and a whole lot more. A woman with a sick child on her hands has to be braver than a man storming a fortress in a cannon's mouth."

"If things get too warm for a soldier he can still run. A mother can't run. Where would she run to? And she can't surrender."

"When the baby begins to squall Gen. Jackson, Napoleon Bonaparte or Francisco Villa can take to the woods six feet at a jump. But a woman must stay and

### fight it out.

"It is nature for men to face red hot fire and thunder if need be, but not crying babies. Woman can face anything on earth that they have to face, clear up to the babies, though they squall like forty cats tied in bowknots and exposed to the influence of soft, seductive moonlight."

### Canada's Soldiers on the Atlantic

(Printed at the request of the Minister of Militia)

Valcartier, Sept. 24.—The major part of Canada's contingent for service in Europe is already on its way to the front, in transports heavily armed and guarded by British men-of-war in sufficient force to prevent any attack by German cruisers.

A fleet of war vessels, consisting of battleships, cruisers and destroyers had been gathered at Quebec by Admiral Wemyss and other warships collected at convenient points. More than a week ago the transports at Quebec commenced taking on war stores, and since then there has been a steady flow in the direction of Quebec from the camp.

As the transports were loaded they steamed seawards, and the conveying war vessels picked them up, forming a sufficiently strong protective force for the various groups. All the transports were fitted with heavy guns.

A portion of the infantry and all the artillery, with much of the equipment, have already departed.

The departure of the remainder will quickly follow.

### A Plumper Neck

The girl who wants to improve her neck and chest has the only apparatus she needs in the door of her own room. There she can take a deep breathing exercise. First she stands erect in the doorway with toes on the centre of the sill and the palms of her hands placed against the side of the door frame on a level with the shoulders. Then she takes a deep breath and steps forward as far as possible, first with one foot and then with the other, always keeping one foot on the sill. While forward she exhales deeply. This should be repeated several times, care being taken at first not to tire the unaccustomed muscles. This exercise, regularly taken, develops the chest and helps fill out the hollows around the collar bones.

### The Old, Old Rose

The rose is the oldest flower of which there is any record. So great is the antiquity of the rose that all account of its origin has been lost. In Egypt the rose is depicted on a number of monuments believed to be dated from 3000 to 3500 B.C.

### Stupefying Figures

We do not begin to take in the magnitude of this war. We lightly call it the greatest in history; but how great, we have no conception; the figures are beyond us. The number engaged on the British side at Waterloo before the arrival of Blucher was some seventy-five thousand, of whom less than half were British veterans. The local levies did not stand the shock of arms. Sixty-five years later, at the battle of Sedan, which determined the fate of France, the French had 121,000 in the field. Again forty-four years later, at the battle of Allenstein, a battle of which the ordinary reader of three or four extras a day has almost no consciousness—the losses reported and admitted by the Russians were 60,000 Russians and 70,000 Germans. We do not know the numbers engaged, but this means six figures. In the contemporary battle before Lemberg the numbers engaged were stated by the Austrian government to be three million—the greatest battle in history. At the battles now raging across France from Paris eastward the number engaged was estimated as high as three millions, though it would probably be safer to say two. It is modern facilities for transportation that make these, mighty armaments possible. The increase in the destructive equipment of these armies is many times more than in proportion to the increase in numbers. The numbers of slain and incurably injured when published will stagger humanity. At this accelerating rate of progress what will the next war be?

Corns cannot exist when Holloway's Corn Cure is applied to them, because it goes to the root and kills the growth. In the last ten years women lawyers have increased 33 per cent.

Turkish rugs are largely made by women and children, who are paid from five to 25 cents a day.

Women employed in the cigar and tobacco factories of Pennsylvania outnumber the men by over 3,000.

Over nineteen per cent of the wage-earners in Pennsylvania are women.

Women now excel in swimming, dancing, riding and figure skating. Pennsylvania has 6,869 women farmers and 6,095 females employed as farm laborers. Anna Held, the French actress, recently won \$7,000 on a dream she had about a race horse.

# Healthy Bowels

## Rexall Orderlies

Perfect health can only be obtained by keeping the bowels regular. If your bowels do not daily carry away the waste left after the food is digested, decay sets in, producing poisons which are taken up by the blood, frequently resulting in Typhoid Fever, Appendicitis and other serious and fatal diseases.

To keep the bowels healthy and regular you must help, not drive, Nature by using Rexall Orderlies which are mild and gentle in their action, producing neither griping, nausea, nor any other discomfort.

Rexall Orderlies cannot injure the delicate tissue of the bowels, and, as they do not re-act, it is only necessary to take them for a short time to cure constipation.

If after you have tried Rexall Orderlies you are not perfectly satisfied with them, we will return you your money.

Sold only at the more than 7000 Rexall Stores and here only at this one.

## Army Nurses Have Lieutenant's Rank

The military nurses attached to the overseas contingents rank as lieutenants. Each is in a blue uniform with white linen cuffs. The waist has a military stock and epaulets, with the regular buttons indicating the wearer's rank. The hat is a black or white sailor with a blue band and a device on the front. A blue military greatcoat of regulation soldier cut is provided. There is not a smarter uniform in the whole of Canada. The girls themselves are blithe, cheery little bodies, red checked and healthy, and for the most part exceedingly pretty.

## Sir James Whitney Dead

Sir James Whitney, Prime Minister of Ontario, died unexpectedly at his residence, 113 St. George Street, Toronto, about 12 o'clock noon on Friday last. Following an illness that became serious about one year ago and continued with varying severity throughout the winter, manifesting itself again a few weeks ago, the end came Friday, when the Premier succumbed to an attack of cerebral hemorrhage. This is the official announcement contained in a bulletin issued by Dr. H. J. Hamilton, the Premier's medical adviser.

Sir James Whitney was born at Williamsburg, Dundas county, October 2, 1843. Educated at Cornwall Grammar School. Studied law in office of John Sandfield Macdonald. Called to the Bar in 1876, and began practice in Merrickville. Conservative candidate in Dundas county for the Legislature in 1886; defeated by small majority. Elected at bye-election two years later, holding the seat until the time of his death. A Fenian raid veteran and at one time Lieutenant-Colonel commanding the Dundas Reserve Militia. Chosen leader of the Conservative Opposition in the Legislature in 1896. Called to the Premiership of Ontario on January 25, 1905, by a large majority; re-elected in 1908 and 1911. Knighted by King Edward on the occasion of the Quebec Tercentenary celebration in 1908. Died September 25, 1914. The remains were interred at Morrisburg, on Tuesday.
