The Rev. S. P. Irwin, B.A., for the past seventeen years rector of Trinity church, Watford, St. James' church, Brooke, and Christ church, Sutorville, has been appointed rector of the parish of Kingsville by the Bishop of Huron, and will leave for his new charge about July 1st. The people of this vicinity regret to learn this for Mr. and Mrs. Irwin have very many friends, not only in their own congregations, but among the people of other denominations; yet all congratulate them on Mr. Irwin's appointment to a more important charge. Mr. and Mrs. Irwin will be missed by the entire community. As a rector he has preached acceptably and been most faithful in the discharge of his office and especially helpful in cases of illness and trouble. During his stay here new churches have been erected in Watford and Sutorville and the congregations of all three churches have largely increased. The good wishes of the entire community go with Mr. and Mrs. Irwin and family to their new home in Kingsville.

Regular meeting of the Women's Institute will be held at the home of Mrs. George Shirley, Wednesday evening, May 10th. Election of officers for the coming year. Roll call will be answered by the paying of our usual fee for membership at this meeting. All members requested to be present.—See'y.

There is usually a lot of fuss kicked up if a chicken or two scratches up a few worms or grubs in a neighbor's flower garden, but it is altogether a different matter if the neighbor's ten cent cat makes a return call and devours a batch of chickens for a \$15.00 setting of eggs. It is a case of poor tabby must have been hungry.

Seats now selling for "Way Down East." Get yours early at Siddall's Drug Store.

Mr. H. W. Nixon, of Port Stanley is the new manager of the local branch of the Sterling Bank and is now in charge. Mr. C. O. Monroe, who has been manager here for the past 18 months, has been promoted to the position of supervisor of the Fenelon Falls district branches, and moved with his wife and child to that place on Tuesday.

A 20th Century Suit made to your measure or ready to put on. Over 500 patterns of the finest imported fabrics.—A. Brown & Co., Sole Agents.

Complaint is made that flowers are being picked from private gardens by unprincipled people, much to the annoyance of the owners, who have spent much time and trouble in cultivating them. It is as much a crime to steal your neighbor's flowers as his money, and if the vandals are discovered the matter will be placed in the hands of the constable.

The new yoke waists and dresses at Swift's, open Saturday.

A revised G. T. R. time table came into effect on Sunday last when two new trains were added on the Sarnia branch, No. 110 going east which is timed to stop at Watford at 2.28 p.m. but this one only stops at Watford to let off passengers from Hamilton or east thereof or to take on passengers for Chicago.

The Picture you have been waiting for—"Way Down East." Lyceum, Watford, next Monday, 8.15. You've heard so much about it, this splendid picture—see it for yourself. Reserves at Siddall's Drug Store.

F. O. McIlveen, former manager of the local branch of the Sterling Bank, now manager Bank of Montreal, Arnprior, in securing another year's news service, says: "We are always glad to receive the Guide and learn what is going on in the old town, and have noted with pleasure the many improvements which have taken place during the past year. Kind regards to all my old friends."

Arrow Shirts—the new Summer styles—wonderful values at \$1.50.—A. Brown & Co.

The women of Trinity church gathered in large numbers in the school room on Thursday afternoon to extend felicitations to Mrs. Nash on the eve of her golden wedding. The W. A., of which Mrs. Nash has been a member for many years, after congratulations had been extended to Mrs. Nash, a dainty lunch was served. The older men of the church presented Mr. Nash with a handsome new edition prayer book and hymnal.

Mr. and Mrs. M. L. Kenzie, Cameron McKenzie and Burton Campbell had a miraculous escape from being killed in the accident of last Friday evening, near their homes, where 15 sideroad and the 2nd line north intersected. Mr. Kenzie's car was going north and slowly, while Cameron's car was going down grade and with more speed headed west. The Congregational church shock and being obstructed the view of the one from the other till they were very near the corner and in spite of Cameron's efforts to stop his car it smashed into the other car, hitting the rear wheel with such force that Mr. Kenzie's car was turned east and west. Mrs. Kenzie was thrown out of their car and struck her forehead and face against the back wheel of Cameron's car making a nasty gash which necessitated four stitches in her forehead. She is badly bruised and received a severe nervous shock and is confined to her bed all this week. Burton Campbell received a few cuts about the head and neck but the drivers were not hurt only from the fright and severe shaking up. The accident occurred in day light. Both cars were badly damaged.

## GRIFFITH EXCELS ALL OTHER PICTURES

D. W. Griffith's wonder spectacle, "Way Down East," taken from the famous New England play of that name will be seen at the Lyceum, on Monday, May 8th.

In "Way Down East" the master of silent drama has excelled himself. Griffith has taken this simple story of plain people and infused into it the charm of New England homesteads with their quaint surroundings, dreamy perspectives of enchanting roadways, meadows and hills; old fashioned sleighing parties, barn dances and bucolic humors in a manner which creates a new art form. It is a tale of the love that conquers all things but which is retarded for the time being by gossip and thrilling adventures prompted by the stern dictates of a simple people who have but one code of honor. It progresses charmingly and with those intimate touches of Griffith beauty which makes all his works stand out so appealingly to a climax which is the greatest scene ever depicted within the four walls of a theatre. The audiences are thrilled and thrilled until they fairly gasp for breath and find relief with the termination of the suspense in great outbursts of applause and cheers.

This may sound a trifle overstated but it is the bare truth and not one tenth what the most staid critics in all the big cities have said about it over and over. Its record is the most phenomenal ever made by a theatrical attraction in America and it is a daily or nightly occurrence to see bankers, society women and school-boys spontaneously join in the applause which rocks the theatre.

It is presented by the finest cast that ever assembled for a screen presentation and in addition to the plaintive picture of Anna Moore as depicted by Lillian Gish and the manly David of Richard Barthelmess The other characters are played by Burr McIntosh, Mary Hay, Kate Bruce, Lowell Sherman, Creighton Hale, Mrs. Morgan Belmont, Edgar Nelson, George Neville, Vivia Ogden, Florence Short, Mrs. David Landua, Josephine Bernard, Emily Fitzroy, Patricia Fruen and many others.

## VULCANIZING & RE-TREADING

West Lorne Presbyterians will improve their church property to the extent of \$6,000 this year.

The new patterns in wall-paper are very attractive. Would be pleased to show them, whether you desire to paper or not. Prices are reasonable.—P. Dodds & Son. 17m-4t

## SARNIA PRESBYTERIAL W. M. S.

The Eighth Annual meeting of the Sarnia Presbyterial of the Women's Missionary Society will be held in the Presbyterial Church, Parkhill, on Wednesday and Thursday, May 10th and 11th, 1922. The opening session commences at 3.30 p.m. on Wednesday. There will be a public meeting on Wednesday at 8 p.m., with Rev. A. Shepherd presiding.

The two sessions of Thursday commence at 9.30 a.m. and 2 p.m. Addresses will be given by Mrs. Page of the General Board; Mrs. F. Rae, McKenzie, B.D. Homan, China. The program is full of interesting topics and the meeting should prove one of great benefit to all who attend.

## CELEBRATE GOLDEN WEDDING

Mr. and Mrs. Alfred Nash Complete Fifty Years of Married Life and Celebrate the Event Surrounded by Their Children.

An event of unusual interest occurred in our midst on Friday of last week when Mr. and Mrs. Alfred Nash two of the early settlers of Watford, celebrated the fiftieth anniversary of their marriage, surrounded by their children and grandchildren.

All day long the venerable couple received the numerous friends who called to congratulate them on completing the half century of wedded life, all of whom were served with refreshments. At 8 o'clock in the evening, a lavish and substantial full course dinner was served which embraced some luxuries unknown 50 years ago. The rooms and table decorations were roses, hyacinths, carnations and trumpet daffodils. The children and grandchildren presented Mr. and Mrs. Nash with a purse of gold accompanied by a handsomely embossed address, as follows:

To our Father and Mother:—"On this your Golden Wedding day, we gather home, not only to honor you, but also as a manifestation of our appreciation and gratitude, and as a loving remembrance of this event we ask you to accept these presentations, and with them God's richest blessings of health and comfort for many future years."

Your loving children and grandchildren.

Mr. and Mrs. A. G. Shay  
Mr. and Mrs. E. Silence and Edward and Robert  
Mr. and Mrs. G. W. Nash, and Stewart  
Mr. and Mrs. S. B. White, and Vernon, Burton, Alfred and Edward  
Mr. Alfred Nash.  
Mr. and Mrs. H. J. Nash

The address was read by the youngest son and the presentation of a basket of golden roses and gold pieces was made by their youngest grandchild.

Mr. Nash made a neat and appropriate reply on behalf of himself and wife, expressing their appreciation of the kindness and loyalty of their children.

Mr. and Mrs. Nash are both natives of England. Mrs. Nash's maiden name was Levia Benjafield. They were married in St. Michael's church London, Eng., on April 23rd, 1872, by Rev. Mr. White, rector. Eight days after their marriage they emigrated to Canada, coming direct to Watford, where they have remained to the present time, highly esteemed residents. Their six children and seven grandchildren (all boys) were present at the anniversary dinner and a very happy time was spent by all.

A feature of the event was the attendance of the bridesmaid, Mrs. G. Simpson of Wainstead.

Mr. and Mrs. Nash wish to extend to their many friends thanks for their loving remembrances and good wishes and assure them that the same are fully appreciated.

NOTE AND COMMENT

Up there the sheep and goats will be divided, but down here the sheep are usually the goats.

Seventy-six millionaires committed suicide in United States last year. Great wealth is no guarantee of happiness and peace of mind, and only too often it is but an added burden and an incentive to lower living.

A new religious organization in California requires its members to drink twelve ounces of wine daily. In Canada there would be no difficulty in finding many who would join this organization and drink religiously.

It has been estimated that if all the cars that were registered in Canada up to the end of 1921 were placed in line they would form a procession of 1,760 miles long, in other words, the first car would be entering Winnipeg when the last one was just leaving Halifax.

"If members of municipal councils would do all they promised to do when elected, and the ex-members could do as they 'used to do,' and the average ratepayer's ideas as to municipal government were carried out, what a brilliant world this would be." - Municipal World.

The national taxation in the United Kingdom is \$129 per head, in France \$51 per head, in the United States \$32, in Italy \$13, and in Germany \$3.48. If the Allies were to collect taxes in Germany at the rate the British people voluntarily pay, the whole war debt might be wiped off in a century or two.

Chatham Daily News:—It is up to the ingenuity of the law to devise some more effective punishment for violations of the O.T.A., and at that a punishment with fewer boomerang qualities. As things are the punishment falls most heavily either on the wife and children, or on the community; and the culprit is barely touched.

The jubilee anniversary of the Bank of Hamilton, has been fittingly celebrated by the management by an issue of new notes, a feature of which is a \$25 note, similar to the five pound note of the Bank of England. The Bank of Hamilton is said to be the first Canadian bank to issue a note of this denomination.

The late Premier Mercier of Quebec was the subject of many good-natured jokes when he passed an Act granting 100 acres of land to each father of twelve children, but Premier Taschereau says that the Legislature has had to repeal the Act, "as the whole public domain would have passed into the hands of those enterprising fathers."

The section of the bill now before the Legislature to change the date of municipal elections reads as follows: "Notwithstanding the provisions of sections 63, 71, 73 and 75a, the council of any local municipality may by bylaw, passed not later in the year than the 1st day of November, provide that the meeting of electors for nomination of candidates for mayor, controllers, aldermen, reeves, deputy reeves, councillors and in urban municipalities the public school board and the board of education, shall be held on the last Monday in November, and that polling shall take place on the first Monday in December, and the bylaw shall remain in force from year to year until repealed."

CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRHAL MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRHAL MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulates freely. All Druggists. F. J. Cheney & Co., Toledo, Ohio.

HIS NERVES NOW STRONG AS EVER

How An Ontario Teacher Regained Good Health.

"I am a school teacher by profession," says Mr. James R. Thomson, R.R. No. 1, Centralia, Ont., "yet when I started school teaching I was in very poor health. I suffered a nervous breakdown, brought on by over-work and no relaxation. I was unable to think, to act, or even to eat properly. Queer little prickly sensations were continually running up and down my back, my arms and my legs; like so many needles, seeming at times to fairly paralyze me, and often my heart was thumping like a trip-hammer. I determined to consult our family doctor, and he immediately put me under orders. I had to give up my school and return home in order to recuperate my lost health. Milk was his chief remedy and I drank quarts of it; yet, though it helped me, it did not build me up to my normal condition—something was missing; something my system was calling for, better blood. One day, when I picked up a newspaper, I came across an advertisement of Dr. Williams' Pink Pills suggesting just what was needed in my case—new rich, red blood. I immediately sent for a box, and when the doctor visited me, I told him I had decided to try Dr. Williams' Pink Pills and he seemed satisfied. By the time my box was nearly done I determined to get another, by the time I had finished this I was gradually coming back to normal. My strength was returning, I could sit and walk without strain. For the next few weeks I continued to take the pills, and they were working wonders with me. My head was becoming clearer, my memory better, and my nerves were becoming steadier. I began to go out frequently, enjoying myself. My appetite improved and was even better than before I had my break-down. I was myself again. I got back my school, and to this day I have had no return of the trouble, and now when anyone comes to me with nervous trouble, I instantly suggest Dr. Williams' Pink Pills as a remedy, as I believe that what they did in my case they will do for others."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

and it may have even greater sources of wealth locked in its depths.

SHOWS RESULTS IN WEIGHED BUSHELS

Superior Grain Yield Justifies Thorough Fanning of the Seed

"The farmer who judiciously cleans his seed grain will ultimately reap a twofold benefit," Says Prof. Squirrel O. A. C., Guelph. "In the first place, he will have larger yields per acre, and secondly, he will have a superior sample of grain." "Where the fanning mill has been used for cleaning grain for seed, the results have been such as to warrant the time and labor spent. In the first case all small, cracked and tight seeds are discarded. The results of sowing light seed as compared with heavy is shown by the following figures, which are the average results of 7 years' test at the O. A. C., Guelph. The grain used was oats.

Heavy seed yielded 62 bushels per acre. Light seed yielded 46 bushels per acre. It will be noticed that the planting of heavy, plump seeds, gave a marked increase in yield. Not only does the farmer get greater yields from use of the fanning mill, but he gets a grain which is free from weed seeds, and other varieties of grain. Therefore, the farmer who cleans his seed-grain will be repaid by larger yields, and due to a higher class of grain will receive for it a higher price on the market.—H. A., O.A.C., Guelph.

THE MACHINE ON THE JOB

A great part of the economic progress of the world has come from the substitution of machine for dogs, oxen, horses and men. But in spite of all that the inventors have been able to do we still find ourselves short of labor, with the farmer one of the principal sufferers. We could be in better shape. The man who has depended on muscle, both human and horse, has been very conservative about putting steel sinews to work for him. Under ordinary circumstances we get along alright with this conservatism, but last spring we were forced into a situation that has elevated labor savers to life savers. We should go to the limit in taking advantage of them.

Years ago, when we had no self-binders, an hour of labor was expended in producing a bushel of wheat. Improved machinery and better methods have brought the time down to less than ten minutes. Now there is no question about the efficiency of the grain drill, the binder, the header and the thresher. The development of the manure spreader lacks the romance of McCormick's invention, but thousands of farmers would part with their binders first. The champion corn husker of Iowa isn't in it with the power husker, which is now a well-known machine in the Corn belt.

Now another group of labor savers is emerging from the experimental stage into the field of everyday use. The dairyman who finds the question daily harder to solve is gradually getting acquainted with the mechanical milker. Some day it will be as familiar on the dairy farm as the silo for the simple reason that it is badly needed. The tractor is gradually moving to the farm, but it must move faster to keep up with the world. It is going to do our cultivating as well as the plowing, harrowing and planting. And along with these machines are coming electric motors and numberless improvements that will triple the power of the farmer's arm.

This year ought to mark the greatest advance in the saving of man labor on the farm. The machine must do the job.

Watford Cemetery Board

Through the untiring efforts of the Cemetery Board of Watford and the generous support of plot-owners and friends, our Cemetery is becoming the beautiful and well-kept spot which it should be. But there is still much the Board would like to accomplish in the way of improvement and beautification. Plans have been made and costs estimated and the cost of caring for plots will be the same as last year viz: Mowing and caring for half plot \$1.00. Mowing and caring for whole plot \$2.00. Any extra contributions will be applied to general improvement of the Cemetery.

It is especially requested that contributions should be in by May 31st so that plans that have been made can be fully carried out. Kindly send your remittance to: E. A. BROWN, Chairman of Board. MRS. F. W. ROGERS, Secretary-Treasurer.

**PRICE OF TEA HIGHEST IN YEARS**

During 1920 so much more tea was produced than was required throughout the World that the market dropped to a comparatively low point. So serious was the position of the growers in India, Ceylon and Java that they agreed to produce 20% less tea during 1921. The result was that less tea was produced than was required, and now all surplus stocks have pretty well been exhausted to fill the deficiency. Prices in the last four months have steadily advanced, until the market to-day is at a level as high as was ever before reached even during war years.

Protect the child from the ravages of worms by using 'Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

**HOW TO PLAY BASEBALL**

Lessons and instructions on how to play baseball are being published in various papers. The best piece of advice in this regard is to play ball as though you enjoyed the game. If this is done, a great deal better playing will result, and the fans will be treated to something entertaining. They will realize they are attending a ball game, not a funeral. Next in importance is "Be a sport," if you are winning, be cheerful, and if you are losing, be more cheerful. Don't try to lay the blame on someone else if things go wrong, be man enough to accept your share, study how you might do better the next time, and leave it to the other fellow to study out how he can improve his playing. If you pay ball with enjoyment you will be "in the game" all the time from the umpire's "play ball" until the last man is out.

**LAMBTON BASEBALL LEAGUE ORGANIZED**

Petrolia, April 29.—Six teams will face the Lambton County Baseball League barrier this year when the season opens on May 24th. At a well attended meeting of the league held here last night Cloyd Hale, president of the Enarcos, 1921 champions, was elected president of the league for the coming year, and R. P. Brown, of Watford, secretary-treasurer.

Waubuno's application was received and accepted, making the circuit a six-team affair. Petrolia, Forest, Brigden, Watford and Oil Springs are back again. Each team will play 20 games, 10 at home and 10 on the road. This is a larger allotment of games than last season. The schedule is given in another column. The Petrolia team that won the championship last season is practically intact, with first and third base the only positions causing any concern.

**LAMBTON BASEBALL LEAGUE, 1922**

**EXECUTIVE COMMITTEE**  
Composed of one member from Each Club

**RULES AND REGULATIONS**

1. The admission for each club will be \$5.00 and if found insufficient to run the expenses of the league each club can be called upon by the committee for another donation, limited to \$5.00.
  2. Each club shall place in the Secretary's hands a marked cheque for \$50.00 as a guarantee for each club to finish the schedule to be returned at the end of the playing year if not forfeited.
  3. Unless they can give a satisfactory excuse to the Executive, each team defaulting a game must give 24 hours' notice to the opposing team and will also forfeit \$20.00 to be paid before the next game to the treasurer of the opposing team.
  4. Each club shall have 48 hours to protest after a game, the protest to be made in writing to the Secretary.
  5. Each player shall be a bona-fide resident, within a radius of 7 miles and will play with the nearest club to him (students shall be considered bona-fide residents).
  6. Each club shall prepare a list of players, their names to be given to the Secretary by the 15th May, 1922, any additional players after that date must have the permission of the Executive to play.
  7. Each team will provide an umpire. The visiting umpire is to be the umpire in chief and officiate behind the batter. The umpire in chief has the power to suspend any player for the remainder of the game. The home team is responsible for the protection of the umpire.
  8. No player shall be allowed to play on more than one team during the season. He must finish the season on the team with which he starts.
  9. The Secretary of the League will furnish the secretary of each club with the list of players of each club.
  10. Any club wishing to add players must have the permission of the Executive. The secretary will then notify each club. They will not be eligible to play until he does so.
  11. Any team that has not been notified of added players may protest the game in which the players in question took part.
  12. A regular executive meeting shall consist of the secretary and one other official and 75% of the Club's representatives.
  13. In case of a deadlock an outside arbitrator will be appointed by the President.

**FRICITION---**  
THE UNSEEN ENEMY OF MOTOR VEHICLE AND TRACTOR EFFICIENCY

One of the most important factors in the operation of motor vehicles and tractors is correct lubrication. "CERTIFIED" Lubricants are manufactured with scientific exactness (by one of the largest oil refiners in Canada) and eliminate wear by stopping friction; when used continuously creates in every motor in any make of car perfect and permanent lubrication.

Motorists whose policy is to save "maintenance-cost dollars" rather than "price per gallon pennies" consider "CERTIFIED" Oils and Greases by far the most economical motor vehicle and tractor lubricants obtainable. Upon request one of our Lubricant Service-Sales men will call and explain further the merits of "CERTIFIED" Oils and Greases—the better motor vehicle and tractor lubricants.

**MARTHUR—CAMPBELL**

A quiet but pretty wedding was solemnized at the home of the bride's parents, Plympton, and Enniskillen townline, on Wednesday, April 19th, at four o'clock, when Christina, youngest daughter of Mr. and Mrs. Malcolm Campbell, became the bride of Alexander McArthur, a prosperous young farmer of Caradoc township. The bride, who was given in marriage by her father, looked charming in a gown of navy blue duchess satin trimmed with beads and overlace and carrying a sheaf of pink carnations. The bride and groom were unattended. The parlor was gaily decorated for the occasion with a profusion of many colored flowers and massed ferns and evergreens. The Rev. J. C. Robinson, of Wyoming, performed the ceremony after which a sumptuous wedding supper was served. Mr. and Mrs. McArthur left on the evening train amid showers of confetti for Detroit and other points, the bride travelling in a suit of navy tricotine with hat to match and Lucelle fox furs, the gift of the groom. On their return they will reside on the groom's farm in Caradoc township. The best wishes of the community go with them.

Next Sunday services in the Methodist church at 11 a.m. Reception and Communion; at 7.30 p.m., Rev. J. H. Norton of London, will preach on "World's Brotherhood" and also show some pictures of Russian Famine. Everybody welcome.

The newly elected officers of the Methodist Sunday school for next year are as follows: Superintendent—T. A. Lampman. Asst. Supt.—J. A. Brown. Sec.-Treas.—Col. Dunham. Pianist—Edythe Couzens, Asst. Pianist—Alice Lampman. Superintendent of Cradle Roll—Mrs. J. L. Brown. Same teachers as last year were chosen.

The April meeting of the Women's Institute of Arkona was held at the home of Mrs. H. Uter. After the business meeting was over the ladies very much enjoyed a vocal solo from Mrs. E. Dickson, a piano solo from Mrs. Uter and an interesting paper on "Making a house into a home," given by Mrs. W. Lucas. The ladies also made plans to serve a hot supper after their meeting on May 6th. The supper is to be served in the building lately vacated by U. Huntley and the proceeds are to go to the Soldiers' Memorial Fund.

A pleasant evening was spent at Mr. and Mrs. Hays', Arkona, on Thursday, April 27. Music was furnished by Miss Grace Hays, Miss Ridley and Mrs. A. I. Montague. After an hour of social converse, Mr. T. Ridley invited the guests to the dining room, where Mr. and Mrs. Hays were presented with a set of silver knives and forks, an ivory-headed umbrella and also a gold-headed cane for Mr. Hays. Mrs. Hays, formerly a Miss Woodward of Detroit, made a very charming reply. Speeches by T. V. Ridley, J. McClesney, A. I. Montague and Mr. Percy were heartily enjoyed. Luncheon was served by the ladies of Arkona and others, and the evening ended by wishing Mr. and Mrs. Hays long life in their new home. Mr. Hays leaves his birthplace, having lived there 60 years or over. His father settled on the Hays farm when quite a young man. They may make their new home in London or Stratroy.

The death occurred at his home in Glencoe on Friday, April 21st, of Alexander McAlpine, senior, a highly esteemed citizen. Mr. McAlpine was born on the farm in Ekfrid township 85 years ago.

Mr. Turnbull, who is now superannuated, will remain here until fall, when it is his intention to return to Florida, he having purchased a fruit farm there. During the summer months Mr. Turnbull will supply in Christ church.

The local telephone exchange is operating with only two of a day staff, owing to the interruption in the service caused by the big sleet storm a month ago. Only four lines out of Petrolia exchange are in operation out of thirty-five—602, 623, 615 and 628. It is estimated that four hundred new poles will be required to replace those broken by the storm. The loss to the Bell Telephone Co. locally in replacement and loss of business is estimated at \$50,000.

Mr. W. P. Macdonald has been advised by the Department of Agriculture of Ontario that word has just been received by the agent general of Ontario that he can select a party of 200 men of the Royal Irish Constabulary Force to come to Ontario as farm laborers. These men are from 25 to 35 years old, single, have the best of physique, well disciplined and were born and brought up on a farm on the old sod until about 18 years of age. Married men if preferred. Farmers in this district who can use these men should get in touch with Mr. Macdonald immediately.

## Farmers, Attention!

**DELCO-LIGHT** Reduced to **\$495**  
*"Electricity for every Farm"*

I wish to call your attention to the fact that Delco-Light is reduced to below pre-war prices.

Every progressive farmer today is interested in electric light and power for the farm, especially for the benefits which the women on the farm derive from its use, in regards to washing, churning, ironing, separating and pumping, not to mention the convenience and safety of the lights.

An exploding lantern in your barn would set you back the price of quite a few Delco-Light plants.

Therefore with Delco-Light and wiring reduced to its present basis electricity is within reach of every farmer.

Don't Wait Until Fall. Get it NOW and have its benefits.

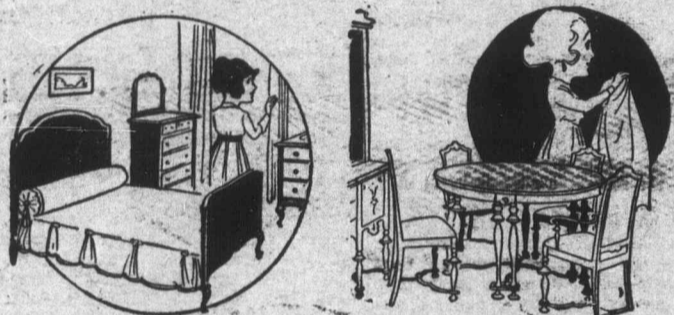

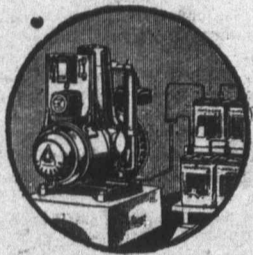

If interested give me a call and let me tell you all about it. -It cost nothing to find out.

## How to Have Beautiful Walls

THE most economical and satisfactory way is to paint them with Mellotone—a flat wall paint made by Lowe Brothers.

Mellotone is easily applied with a brush. Dries quickly with that soft, dull velvety finish that is so much desired.

Using it, you can have a different color scheme in every room, yet all will be in perfect harmony.

Mellotone colors are as soft as the tints of the rainbow.

Easily cleaned with soap and water.

Come in and see the sample panels and ask for literature.

### OF PASSING INTEREST

We have a right to know what this latest probe into Hydro will cost per kilowatt hour.

That reformer who says all scandal should be made public probably does not know the present price of print paper.

With a proper radio outfit you can keep in touch with the gossip of the world, but we calculate it will be a long time before science replaces the Ladies' Sewing Society in giving 100 per cent. efficiency.

The bill to amend the Ontario Temperance Act contains a clause that any person twice convicted within a period of three months of being intoxicated in a public place, may be committed to jail, or to a jail farm, for a period not exceeding three months.

Prices in 1913 were as follows:—Coal was \$8.00 a ton; bread, 5 cents a loaf; butter, 25 cents a lb.; meat, 20 cents a lb.; tea, 25 cents a lb.; eggs, 20 cents a dozen; sugar 20 lbs. for \$1.00; potatoes, 30 cents a bag, also many other commodities of life far below in price of what they are today. House rent, a good house for \$8 a month.

Word has been received that an order-in-council has just been passed in regard to the catching of suckers and pike. During the months of April and May, in 1922, suckers and pike may be caught with a spear or dip net for home consumption but not for sale or barter without the usual license. This is the first year that this rule has been made.

A monument to Sir Wilfred Laurier will be erected on Parliament Hill in the near future. This statement was made to the House of Commons by Hon. W. L. Mackenzie King, premier. Mr. King intimated that the general policy which has been pursued in the past in regard to the subject will be continued by the present administration.

Discovery in the River Thames, within the London city limits, of two of the largest and most valuable fresh-water pearls ever found in Canada has inspired many people to go pearl-fishing along that stream. The two gems, valued at \$500 and \$300 respectively, are perfect specimens and came by chance selections from clamshells with which the bed of the river is abundantly strewn.

The new dairy standards Act, which came into force Jan. 1st makes it compulsory for all dairies and creameries to pasteurize their butter milk and whey before they can dispose of it as feed in order to prevent tuberculosis in hogs, and yet despite the warning, mothers will still persist in feeding their babies raw milk. What is the use in trying to stamp out this awful disease if people still remain so blind?

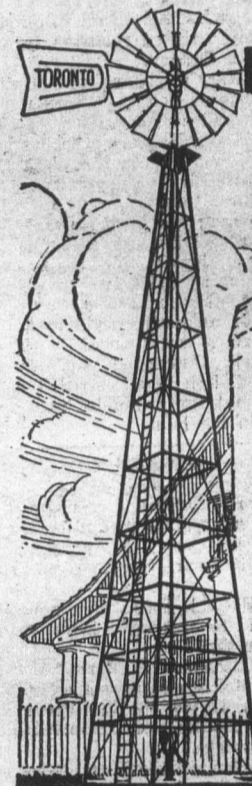

Perfumed cigarettes are passing out of favor with American women. They now demand the same sort of six-cylinder cigarettes, with the full tobacco flavor, that the men smoke, according to Percival Smith Hill, president of the American Tobacco Company. "Women want the same sort of cigarettes as men do," Hill said. "Perfumed cigarettes do not satisfy the educated smoker. Women in the larger cities are smoking more cigarettes than ever."

### TEACHING ENGLISH

A British Government committee on the teaching of English reported that three aims should be kept in view: first, correct pronunciation and clear articulation; second, clear expression in speaking and writing, and third, training in reading. Under the last head it advised reading aloud with feeling and expression, the use of books as sources of information and means of study, and finally the use of literature as a possession and a source of delight, a personal intimacy and the gaining of personal experience, an end in itself and at the same time an equipment for the understanding of life. "English is not the medium of our thought, it is the very stuff and process of it. It is itself the English mind, the element in which we live and work."

Here we have a broad view of teaching the young how to read. It is not merely showing the structure of the language, but imparting a love of literature, and a knowledge of where the best may be found. There is a certain mechanical way of presenting the classics that creates distaste rather than appetite. The test of success is the desire of the student to know more of the author and his work. With this desire, and with a fair knowledge of the highways and byways of literature, he can continue his own education, making the library his college and university.—The Globe

**WONDERFUL THE WAY IT HELPED HER**

So Writes Mrs. Lemery of Brockville, Ontario, Regarding Lydia E. Pinkham's Vegetable Compound

Brockville, Ontario.—"I took Lydia E. Pinkham's Vegetable Compound for weakness and female disorders. I was so weak at times that I could not stand up. I had been this way for nearly three years and the different medicines I had taken had not done me any good. I found one of your little books in my door one day and thought I would give it a trial. I am now on my fifth bottle and it is wonderful the way it has helped me. I am feeling much better, have no weak spells and can do all my work now. I am recommending your Vegetable Compound to all I know and you can use my testimonial to help other women."—Mrs. CASEY LEAHY, 176 Abbott St., Brockville, Ontario.

Lydia E. Pinkham's Vegetable Compound is a medicine for women's ailments and has a record of nearly fifty years behind it.

**SALARIES OF MOVIE STARS EXAGGERATED**

What is advertised as the "Truth About Hollywood" is the name of a series of articles the New York Herald has been publishing about this noted screen colony, the concluding article being the truth about the salaries paid the actors. The truth seems to be that they are not as large as the press agents say or the performers would like. They are not as deep as a well nor as wide as a church door, but they are probably ample when one considers the work and intelligence which are exchanged for them: If one is to take into account the beauty that is tossed into the scale they may seem meagre, of course. But obviously they are not commensurate with the publicity that the wage earners receive, nor do they correspond to the admiration bestowed upon the favorites. If Russell Sage, who had no admirers, was able to leave an estate of several millions, what ought to be the estate of Douglas Fairbanks? Obviously something like the war debts of the world. If a woman so lacking in feminine charm as Hetty Green piled up \$50,000,000 what ought the estate of the slightly Mary Pickford to reveal? What Charlie Makes.

Charlie Chaplin does not receive a million dollars a year, advertisements to the contrary notwithstanding. The film company to which he is under contract agreed to pay him a million dollars for eight pictures, and it has taken him five years to make them. This works out at \$200,000 a year. Out of this Charlie has to pay the cost of production, which averages \$60,000 a picture. So, making a deduction for the income tax, Charlie is by no means as wealthy as he is supposed to be. It is probable, however, that he has a percentage in the distributor's profit. He could make more money if he were less an artist for he takes his time in turning out his comedies. It is reported that he is tired of the slap-stick and custard pie method and plays away from the studio as much as possible, although the expense keeps mounting just the same. The Herald investigator says that the dog Chaplin used in making "A Dog's Life" grew from puppyhood to maturity before the picture was done, and that in order to keep the effect of juvenility it was necessary to fake toward the end—to place the camera further away in order that the dog might seem the same size that he was when the film was begun.

Chaplin, Mary Pickford, Douglas Fairbanks and William S. Hart are all producing on their own account. Bill used to draw down \$2,000 a week. At present the highest paid salaries start in Hollywood is Mary Pickford. Her contract calls for five pictures at the graded rate of \$30,000; \$40,000; \$50,000; \$60,000; and \$70,000. She made them all in a year, so that her income was \$250,000. Pauline Frederick had a contract for \$7,000 a week, but consented to cut to \$3,000 when retrenchment was the slogan of the movie world. Betty Compton, on a five-year contract at \$2,000 a week, also acquiesced in a cut. The rumor that Wallace Reid was reduced from \$1,750 to \$1,250 a week is doubted by the Herald investigator, in view of the fact that the greatly admired Wally is one of the chief drawing cards in the movies.

What Mary Makes.  
Eudolph Valentino, who is considered one of the finest actors of the day, but who is just recently coming into his own, has signed a contract for at \$1,000 a week for the first year, \$2,000 for the second year and \$3,000 for the third year. Harold Lloyd gets a lump sum for each picture and a percentage of the profits when they exceed a certain amount. It is estimated that this favorite has put by \$350,000, which ought to keep him in spectacles for the rest of his days, if he does not look through them too hard. Mary Pickford's earnings are a secret, but they do not amount to a million a year. Friends in Hollywood believe that she and Doug have been netting about \$500,000 each. Mary is a wise investor and is reported to have a fortune of some \$3,000,000. Doug is not a good saver. He spends great sums on his productions, the "Three Musketeers" having cost him \$750,000.

These are the great money makers but Hollywood is made up largely of actors and actresses who draw from \$2,000 to \$75 a week. The lowest would seem a reasonable stipend, but for the fact that these people are paid only when they are working. They may toil for two months on a film, and another film in which they can be used may not turn up for six months. So their earnings for the year may not amount to much more than the earnings of a satisfactory clerk or a trusted stenographer. On the legitimate stage an actor is sure of his salary so long as the play lasts. It is not so in the movies. A moving picture may attract crowds for years and yet take only two months to produce. The performers are paid for the two months. Some of the directors draw from \$1,500 to \$2,000 a

week. The late William Desmond Taylor received \$1,250. He was regarded as an uneven producer. Some of his pictures were masterpieces; others mediocre. The best camera men receive \$200 a week.

**"OLD LADY" HAS NEW DUTIES**

"The Old Lady of Threadneedle Street," officially known as the Bank of England, receives a deserved tribute to her standing in being asked by the Genoa Conference to call a meeting of the central banks of the world to consider economic problems. It would appear to be a concession to the experts of finance, who may be able to do something that the Premiers and Chancellors have failed to accomplish.

Its gloomy outside walls, with no windows facing the street, give a hint of the exclusiveness and latent power of the "Old Lady." There is a courtyard within, holding old graves of St. Christopher's church yard, and the atmosphere is altogether one of another age. Here the directors meet every Thursday in a room overlooking the court, and, among other things, confirm or change the discount rate, which provides a piece of financial news that is instantly flashed to the ends of the earth.

**HEALTHY CHILDREN ALWAYS SLEEP WELL**

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion, and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the new-born babe with perfect safety. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Then She Took "FRUIT-A-TIVES" And Has Been Well Ever Since

MADAM SLOAT

PIERRE JUNCTION, N.B., Jan. 22nd, 1920  
"For many years, I was a great sufferer from Indigestion, Constipation and Rheumatism. My Stomach was weak and gave me constant distress, while Rheumatism in my joints made me almost a cripple. I was treated by two different doctors but their medicine did me no good.

Then I tried "Fruit-a-tives" and at once that fruit medicine helped me. Soon the Constipation and Indigestion were relieved and the Rheumatism began to go away, and in a few months entirely disappeared. For twelve years now, my health has been first class, and I attribute it to the use of "Fruit-a-tives" which I take regularly.

**NEW U. S. TARIFF BILL**

The tariff bill presented to the U. S. Senate carries the highest duties of any tariff bill in recent years, and gives the President power to increase these by 50 per cent. A leading feature is the high agricultural rates. The rate on wheat is 30 cents a bushel; on wheat flour 75c per 100 lbs; on oats, corn and rye 15c per bushel; barley 20c a bushel; chemical pulpwood is 5 per cent, but newspaper paper is free; cattle 1 1/2 to 2c a lb.; swine 1/2c a lb.; milk 2 1/2c a gallon; butter 8c a lb.; eggs 8c a dozen; apples 30c per 100 lbs; peaches and pears 1/2c a lb.; tomatoes 1c a lb.; potatoes 58c per 100 lbs; hides 2c to 4c a lb.; wools 33c a lb.; tobacco \$2.35 a lb.; cigars \$4.50 per lb. and 25 per cent.

**CASTORIA**

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

**What is CASTORIA?**  
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Be on your guard against that early patch of eczema, which if unheeded, may lead to nights and days of fiery irritation! Watch for the first pimple and rash that may spell ugly disfigurement! Don't let that simple cut, bruise or burn, take "bad ways."

Examine your skin frequently and carefully, and treat the first sign of disorder at once with Zam-Buk. The secret of Zam-Buk's power in creating a clear healthy skin is that it stimulates the cells to renewed activity, and rids the tissues of accumulated impurities. Nightly dressings with Zam-Buk soothe, soften and purify the skin, and improve your appearance wonderfully.

Unlike coarse harsh ointments and fatty creams, Zam-Buk contains active medicinal essences that sink into the skin and expel inflammation and itching irritation. Zam-Buk quickly replaces diseased tissue and grows healthy new skin.

For eczema, pimples, boils, abscesses, ringworm, poisoned wounds, bad legs, cuts, burns, scalds, or for piles Zam-Buk provides the unrivalled remedy.

A Euphemia farmer was fined \$10 for neglecting to send his children to school.

Forest Bowlers have organized with R. F. Douglas president and W. Walker secretary.

Correspondents of the Ontario department of agriculture in Bruce county have directed attention to considerable loss of life among cattle in dehorning after being fed on sweet clover ensilage during the last year. They say that several farmers have reported that on dehorning cattle they found considerable difficulty in stopping the blood flow and in several instances the animals bled to death. In all cases the cattle had been fed on the sweet clover diet.

The Grand Trunk Railway station at Wanstead was demolished by fire at 10.30 o'clock Thursday night and damage to the extent of \$4,000 was done. The origin of the fire is unknown and members of the claims department of the G.T.R. have been ordered to investigate the cause. Baggage, express, office supplies and the agent's household goods were all lost, as the fire spread rapidly and it was impossible to have the blaze extinguished. A new structure will be erected as soon as possible.

The little son of Mr. and Mrs. Sutherland Hill, of Essex, was drowned on Monday in a cistern behind the house. The boy, two and a half years of age, had been playing around the house while Mrs. Hill was doing some work. When she missed him she began searching the home and afterwards the backyard. It was then that she noticed that the lid of the cistern which she had put on not more than half an hour previous, was off. The child had drowned in about two and a half feet of water. Mrs. Hill is prostrated with grief.

Growers in the vicinity of Forest declare indications all point to a good fruit crop. All fruits in this district have a large showing of buds and everything came safely through the recent frost, with the exception of some cherries. The early Richmond and Montmorency have all their advanced buds frozen the early Richmond being especially hard hit. It is probable, however, that there will be an amount of later buds which will escape the frost. Sweet cherries, peaches and plums have come through without damage. The apple crop is also safe.

Edmund Richardson, four-year-old son of Mr. and Mrs. E. Richardson, Delaware Township, while playing in the haymow became covered with hay and a pitch fork, which was accidentally thrown in the mow, pierced his left eye. He was immediately taken to Victoria Hospital and physicians operated on him. Dr. Septimus Thompson, who is in attendance, stated that there is hope of having the eye saved, but he will likely lose the sight of it.

James Bannan, of Round Lake, an eccentric old bachelor, well known in Belmont Twp., and who had become incapable of looking after himself properly, was removed to Peterboro hospital last week by the Township authorities. It was supposed that he had considerable money to provide for his care but that it was hidden away. In a search of his residence some \$1100 was found stored in various parts of the building, a large part of which was in shining new 25 cent pieces.

Workmen excavating for the basement of a new residence in the county town of Sandwich, Monday, uncovered a smooth-bore solid iron shot such as was used in the cannon of a hundred years ago. It is about three inches in diameter, and weighs a trifle more than 16 ounces. The spot where the relic was dug up is distant but a few rods from the Detroit River bank, and members of Essex Historical Society express the opinion that the shot probably was fired from a small ganboat during the "unpleasantness" of 1812.

The annual report of Sir Robert E. Falconer, president of the University of Toronto for the year ending June 30, 1921, just issued, shows a total of 66 students enrolled from Lambton county distributed as follows: faculty of arts 31; faculty of medicine 20; faculty of applied science, 10; faculty of education, 2; faculty of forestry, 1; department of social service, 2. In a summary of the geographical distribution of the students, Ontario is shown to have had 2,593 and the city of Toronto 1,974.

A number of friends and neighbors of Mr. and Mrs. Ray Porter gathered at their home, 14th con., Bosanquet, and spent a sociable time together. During the evening after several games, the young couple were made the recipient of a kitchen cabinet from the friends on the 14th con., and 12 con. of Bosanquet, on which lines the groom was well-known, and a miscellaneous shower from the friends of the bride on S. B. Bosanquet and other friends. Mr. Geo. Valentine read a very appropriate address while Mr. Elroy Lester, and Richard Skinner made the presentation. After a dainty lunch served the gathering broke up.
