P.C. Corsets

The first requisite of a Corset is STYLE.

The second, COMFORT. The third, SERVICE.

The Parisian Corset Co.'s Corsets are built on these lines.

They mould the figure to fashion's latest contour. They give freedom of bodily action, insuring ease, comfort, health. Every pair from one dollar up, boned with rust-proof steels encased in double canvas interlinings, which prevent the steels pushing through, and bodily discomfort.

Skilled designers plan every pattern of P. C. Corsets, scientifically placing every steel so as to ensure the maximum of ease with the utmost wearing qualities.

The lower priced lines are the very best that can be produced at the prices.

I hold the sole agency for Bridgetown for these Justly Celebrated Corsets

They have recently advanced from 20 to 25 cents per pair. I am selling, for the present at the OLD PRICES.

My Store is open until October the 1st, Mondays and Tuesdays, 9 a.m. until 6 p.m. Saturdays 9 a.m. until 11 p.m., OLD TIME.

My store is NOT open on Tuesday night, and is NOT open at any time on Wednesdays, Thursdays or Fridays.

The honey flow from clover lasts three to five weeks, beginning, according to latitude, between mid-June and mid-July. Good management of the bees, to build them up strong in time for the honey flow and keep them from swarming, is necessary. There is no better food for bees in winter than clover honey.

Red Cross Week in Nova Scotla July

July 8th-15th, is Red Cross week in Nova Scotia. That week the great erimson banner, symbol of all manner of merciful ministry will call the people of the province to rally to the support of all for which it stands-every man, woman and child in Nova Scotia will be invited to contribute to the Red Cross Fund. The Red Cross Fund is the most far-reaching, all embracing of the war funds. It stands for ministration to our fighting men and aid to war sufferers, almost infinite in kind. The Red Cross has become a phrase with which to conjure throughout the civilized world (save in recreant Germany). Even the brutal Turk, we are told, recognizes the appeal of its red and white easign. Will Nova Scotia do her part? We well believe she will-we are confident that she will.

July 8-15 then is the week for giving, the week during which you are asked to place something into that treasury of which it may be truly said, that it is the Lord's.

(1) Planting Wheat to feed the (2) Alberta Crop on an Irrigated Farm. (3) An Irrigation Canal in

HERE is an opinion in the public mind that dry farming and irrigation are two methods of agriculture directly opposed to each other. Nothing could well be farther from the trth. The fact is, dry farming and irrigation are methods of agriculture very closely allied to each other. Both are practiced in countries where precipitation is less than the growing crop requires; both are designed to overcome low precipitation by providing moisture where it is required and when it is required, by means at the command of the farmer and of the civil engineer. What Other Papers Are Doing

A recent issue of the Spectator contains the following:

Announcements in the Annapolis Spectator of entertainments to which an admission fee is charged, should be paid at the rate of ten cents per printed line. Correspondents will please keep this in mind so that they may not be disappointed.

This is from the Wolfville Acadian: in order to assist us in meeting expenses we have decided to make a small charge for any kind of a business notice inserted in our paper, and of Bridgetown. in future there will be no free notices. Our space is our living and we cannot afford to give it away. News items will be gladly received as formerly and given a place in the Acadian, but when our space is used to advance financial or personal interests we expect renumeration. "If we are to "carry on" we must have it.
