### COUNCIL HOLDS BUSY SESSION

Report of Vendor. Clean-Up-Day May 22nd and 23rd. Considerable Routine Work

The Town Council held their regular monthly meeting on Friday night, Mayor Warren presiding, and all Councillors present except Councillor Anderson. A very fair amount of business was put through. After the reading and approval of the Minutes of last meeting a number of O. K.'d bills were ordered paid.

A communication was received from the Deputy Provincial Secretary, A. S. Barnstead, acknowledging the receipt of the resolution passed by the Bridgetown Town Council respecting an appropriation for expenditures on Main Trunk Roads within incorporated towns, and also a resolution with respect to the appointment of a Commission to investigate the present system of Assessment throughout the Province. Attention was promised on both these matters.

A letter was read from Dr. W. H. Hatte, Provincial Health Officer, regarding work of Health Clinic with headquarters at Bridgetown. The cost in 1921 was \$2014.19 and was borne by the Red Cross, but now is being carried on by the towns and Municipalities. The cost for the first three months this year was \$462.68. Bridgetown furnishes room, light, heat and furnishings. Other expenditures are borne jointly of Annapolis and part of Digby by the towns of Middleton, Annapolis, Digby, Bridgetown and Municipality, and it is estimated that Bridgetown's share of cash contribution this year will be about \$175. No action was taken on Mr. Hattie's letter.

Mr. W. A. Swift, of Water Street, was present, and registered a protest against payment of sewer rates on the ground that there was not sufficient drop from his property to the sewer. The matter was referred to the Public Works Committee.

A committee was appointed to locate and secure a suitable public dump for the town.

May 2nd and 23rd were selected officially as "Clean-Up Days" for the town and it was decided to have a notice inserted in THE MONITOR to that effect. Chief Bishop requested a new rate book, and his request was complied with by the Council.

The Chief was instructed to round up all speed fiends who make a habit of endangering the safety of the public. There have been numerous complaints in this respect and the Council is determined that these dangerous nutcases shall be brought to

### VISITING DAYS AT THE SCHOOLS MAY 17th and 18th.

Wednesday and Thursday, May 17th and 18th, have been appointed as visiting days at the Public Schools for the Commissioners and as many of the parents and others generally who care to attend. The order is as follows:

Wednesday:—9.15 to 10.30 Primary (Miss Newcombe); 10.30 till 12, Grades 1 and 2 (Miss Mallman); 1.30 till 3.30, Grades 3 and 4, (Miss Ritchie); 3.15 till 10.30, Grades 5 and 6, (Miss Miller); 10.30 till 12, Grades 7 and 8, Preparatory, (Miss Crowell); 1.30 till 3.30, High School, (Principal Archibald and Vice Principal R. J. Messenger).

It is believed there will be a good attendance of parents at the various departments on these days. Bridgetown has splendid schools and the people generally are justly proud of them.

### ANNUAL MEETING ST. MARY'S W. A. OF BELLEISLE

The annual meeting of the W. A. of St. Mary's Church, Belleisle, was held on Wednesday last at the home of Mrs. Woodworth with a splendid attendance of members present. After the usual opening service and routine business a resume of the work of the past year was given which showed steady and telling effort rewarded by encouraging results. For the ensuing year the retiring officers were unanimously re-elected, viz:—President, Mrs. A. K. Lyle; Vice-Pres., Mrs. M. O. Wade; Secty., Miss A. T. Gesner; Treas., Mrs. R. L. Dodge. The business of the meeting being concluded Mrs. Woodworth kindly served "afternoon tea" and a pleasant social hour was spent.

book, and the Chief may be depended to look after the matter as well as it can possibly be attended. Some autoists appear to have the idea that the silent policeman placed at the corner of Granville and Queen streets is merely something in their way and do not regard it as a help to traffic which it certainly is on this busy and somewhat dangerous corner. There was some discussion of lighting on the back streets.

There was also the determination expressed to enforce the Nova Scotia Temperance Act to the limit. Councillor Gesner expressed the opinion that the Act should limit the amount of liquor which can be purchased on a single prescription to two or three ounces instead of twelve as at present. The Vendor's report showed sales for January as \$400, February \$324, March \$600, April \$350. It was remarked that since the appointment of Chief Bishop it had become exceedingly rare to see a man under the influence on a Saturday night.

## Transfer of Annapolis Valley Cyder Co. to M. W. Graves & Co.

### A Brief Sketch of the Building up of Important Cider and Vinegar Industry. Business, Vision, Tact and Executive Ability Secures Splendid Clientile

The recent transfer of the Annapolis Valley Cyder Co. to M. W. Graves & Co. calls for more than passing notice, and while the present article is rather brief we hope to refer at greater length in our Centennial Number to the origin, rise and growth of this important industry controlled by M. W. Graves & Co., which like many another, took its rise from very small beginnings but with plenty vision, tact and business enterprise behind it.

About thirty-six years ago Mr. M. W. Graves was residing at Upper Granville and commenced the making of cyder by a small press, but a few years later put in a power press which answered the purpose until business increased to such a marked degree that about 1902 greater facilities were needed and he removed to Bridgetown and had a vinegar factory about 40x40 erected. This was burned down in 1904, but nothing daunted he at once commenced the erection of a new building. In 1905 Capt. J. W. Salter became interested in the firm whose business was developing into large proportions. This, however, was not the only plant in town for the Annapolis Valley Cyder Co. was also in operation and about 1908 Mr. Ronald Whiteway and associates were controlling this industry which is now merged under the Graves' interest.

In addition to the local factories, M. W. Graves & Co. also some time ago took over the factory at Canning and are thus in a splendid and pre-eminent position to supply all demands of the trade.

Throughout the Maritime Provinces they supply ninety per cent. of the pure cyder vinegar used. A number of years ago a considerable export trade was carried on to the British Isles but the tremendous increase in freight rates, over 300%, made business outlook for the time prohibitive in Great Britain make these markets dead at present. Outside the Maritime Provinces, markets are found for the Evangeline brand of cyders of the Annapolis Valley Cyder Co. which is most favorably known in Quebec and the West, the company's products being shipped as far as Vancouver. This brand is being taken most over by M. W. Graves & Co. the uniform excellence and merit of their goods retaining old customers and adding many new ones.

In addition to the manufacture of cyder and other temperate drinks, and also vinegar, a large evaporating plant is also operated to extent with changing market conditions year by year. The plant is an eight kiln one and has the largest capacity of any single plant in the Province. This department was added to the factory in 1917, four kilns being at first installed and during the season last year the plant worked day and night, putting through about 1000 to 1100 bushels of apples per day, using in all 27,000 barrels of fruit from Sept. 1st to the end of December. Markets are found for these in Canada and U. S. and overseas. Tree run apples have been taken in and packed out to some extent, the ones and two shipped, and the threes and Domes-

tics used for evaporators and the culs for cyder. This plan is in agreement with best business practice for overseas trade. It is on the ones and twos money is made in overseas markets. Large number of growers have found it more profitable to sell these last named grade of apples to evaporators as it ensures them better net returns and leaves a more open market for apples of the highest class. In cyder and vinegar the two amalgamated plants used 18,000 barrels of apples each last year.

The above is a very brief and meagre sketch of the operations of this important industry which is now better prepared than ever to serve its customers. Their present position has been attained and maintained not only because the founder, Mr. M. W. Graves, had sufficient vision to see the possibilities of developing a big business. Many others also had the vision but when one reckons up the plants started in the Valley which have gone out of business as financial failures, it is apparent that the vision had to be backed up with the utmost industry, business tact and executive ability. The success of this industry inaugurated by Mr. Graves, and being so well maintained and carried on by him and his sons, Messrs. Francis and Owen Graves, illustrates the point we have referred to above. They have succeeded when many others have failed, and their many friends and customers will wish them that they will doubtless maintain added success and business in the new linking up of these two important industries and the operation of the plant at Canning.

### PULPIT DEDICATED IN MEMORY OF A FARRSBORO HERO

A pulpit placed in St. George's Anglican Church in memory of the late Captain Thomas C. Cholaset formerly editor of the Farsboro Leader, who was killed in the war, was dedicated this evening. The pulpit which is of oak with brass rail and plate is a handsome piece of workmanship, built by Stewart Dickie of this town. The clergymen who took part in the ceremony were the rector, Rev. C. R. Harris, Rev. J. Dibblee, Amherst; Rev. J. W. Godfrey, Truro; Rev. Bullock Pictou; Rev. L. Nesbitt, Port Greville; Rev. G. R. Harrison, and Rev. J. M. C. Wilson, Springhill.

### FUNERAL OF MR. NORMAN CHUTE LARGELY ATTENDED

The funeral of the late Norman Chute took place on Monday afternoon at two o'clock from his late residence, Granville Street West and was very largely attended.

Services at the house and at the grave in Riverside Cemetery were conducted by Rev. Clyde W. Robbins, pastor of the Bridgetown Baptist Church. At the house a quartette rendered feelingly "Asleep in Jesus" and "Jesus Lover of My Soul". A large number of the officers and members of Crescent Lodge, I. O. O. F., and Rosbay Lodge, A. F. & A. M., marched in their respective bodies in the funeral procession and at the grave after service by Rev. Mr. Robbins, services were also conducted by the impressive rituals of both Oddfellows and Masons.

The floral tributes were many and beautiful and included handsome wreaths from Crescent Lodge, I. O. O. F., from the Baptist Church Brotherhood of which the deceased was a Charter member, from many friends both in town and in various other parts of the Province.

The late Mr. Chute who died on Saturday morning at Victoria General Hospital was at the time of his death sixty-one years of age. Born in Clarence, he removed to Bridgetown about thirty years ago and was for years a sales agent for the Lowell Fertilizer Company, and travelled for the Colonial Hides Company. By these and other means, he gained a very large acquaintance throughout the Province, being widely and popularly known.

He was a prominent member of both the Masonic Order and of the Oddfellows, and held various offices under each, and was a charter member of Crescent Lodge, I. O. O. F., and always took a keen interest in the work and progress of these Orders. He was also a valued member of the Baptist Church and a man of marked business talent.

Since the decease of his wife, about

### ECLECTIC SOCIETY HOLD SESSION

Splendid Paper on "Canadian Writers" by Miss Blanche Robbins.

The regular monthly meeting of the Bridgetown Eclectic Society was held in the Board of Trade rooms on Monday night with a very fair attendance. Pres. Rev. J. H. Froestone in the chair. A splendid paper in "Canadian Writers" was read by Miss Blanche Robbins and this was so well thought of by the members that a general desire was expressed for its publication in the columns of THE MONITOR. Owing to its length we shall be obliged to publish it in different numbers but it would be well for all interested in our literature to preserve these for reference. Miss H. Troop was critic for the evening.

Next meeting will be the last before the usual summer vacation. One June 12th. Vice Principal R. J. Messenger reads a paper on Shakespeare. After the vacation meetings resume on October 9th, when Rev. Clyde W. Robbins reads a paper on "Theology of Canadian Poets."

November 15th, "The History of Dental Science will be taken up by Dr. N. R. Warey. The December paper will be by Rev. E. Underwood on "Robert Norwood, the man, his work and message". The programme as will be noticed is one of much interest and full of information.

### OBITUARY

#### MRS. ISAAC BANKS

In the early morning of April 26th, the death messenger entered our community and claimed for himself Eliza, beloved wife of Isaac Banks, of Central Clarence, at the advanced age of ninety-two years two months. Three months previous to her demise she met with a painful accident which confined her to her bed.

In 1851 she was united in marriage to the partner of her choice and settled upon their farm in Clarence and by their united efforts built for themselves a home, and brought from the virgin state one of the finest farms of the community.

In spirit she was quiet and unassuming. In her home life was "given to hospitality" and none enjoyed entertaining her friends more than she did.

On April 5th, 1874, under the ministry of the late Rev. N. Vidito, she united with the Clarence Baptist Church, maintaining her Christian life until the end. She was a regular attendant upon all the services of the church as long as she was able to attend. She was the mother of five children, three of whom had crossed the silent river waiting to welcome their mother home. She leaves to mourn, an aged husband, who is confined to his bed; one daughter, Mrs. Oscar Nelly, of Middleton; one son, Fred N., on the homestead, who, with his beloved wife, tenderly cared for her during her illness; two sisters, Mrs. Rebecca Nelly, of Middleton, and Mrs. Emma Rumsey, of Central Clarence; three grand-children and seven great grand-children, beside a large circle of friends.

The funeral took place on Thursday, the 27th. The floral tributes were

July 19th: Lawrencetown vs. Bridgetown. Berwick vs. Bear River.

A good season is anticipated in baseball circles.

### ATTORNEY GENERAL DANIELS RETURNS

Is Met At Station by Mayor Councillors and Business Men—Warmly Welcomed

Attorney General the Hon. O. T. Daniels arrived home from Halifax on Saturday's express and was met at the railway station by Mayor Warren and other members of the Town Council and a number of the business men of the town from whom he received a warm and cordial welcome, which he fully reciprocated, after which he was driven to his home. Mrs. Daniels left on Monday for Halifax but returns at the end of the week and will remain in Bridgetown for the summer.

SUCH PAINS AS THIS WOMAN HAD

Two Months Could Not Turn in Bed. Lydia E. Pinkham's Vegetable Compound Finally Restored Health

Seattle, Washington.—"I had dragging pains first and could not stand on my feet, then I had chills and fever and such pains to my right side and a hard lump there. I could not turn myself in bed and could not sleep. I was this way for over two months, trying everything any one told me, until my sister brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I took it regularly until all the hard pains had left me and I was able to be up and to do my work again. The hard lump left my side and I feel splendid in all ways. I know of many women it has helped."—Mrs. G. Richardson, 4610 Orcus St., Seattle, Washington.

This is another case where Lydia E. Pinkham's Vegetable Compound brought results after trying everything any one told me had failed.

If you are suffering from pain, nervousness and are always tired; if you are low spirited and good for nothing, take Lydia E. Pinkham's Vegetable Compound. You may not only relieve the present distress, but prevent the development of more serious trouble.

MONITOR STILL WELCOME VISITOR

Following is one of numbers of letters we receive:

60 Duncan St.  
 Halifax, N. S.  
 The Monitor Pub. Co., Ltd.

Dear Sirs:—I am enclosing Bank Money Order for \$2.00 to cover another year's subscription to THE MONITOR.

Although there have been many changes in Bridgetown since I moved away, and many strange names among the personals, I still look forward to each copy of your paper, as I would a letter from home.

To the new management, who are both strangers to me, I wish the very best success possible, that can be attained in that very difficult job of conducting a country newspaper.

Yours truly,  
 R. W. W. PURDY.

YOUNG'S COVE

Mrs. Hurbert Clayton, of Parker's Cove, spent Sunday, April 30th, with her daughter, Mrs. Ralph N. Hogan.  
 Mrs. Frank Gillen, of Port Wade, spent a few days last week with her parents here, Mr. and Mrs. George Hudson.  
 Mr. Allen Steadman drove to Bear River April 22nd and spent over Sunday with his son, Jas. E. Steadman, principal of Oakdean academy, and wife.  
 Miss Charlotte Fash, of Hampton, who has been spending some weeks with her sister, Mrs. Hamford Sarty, and other friends, returned home May 2nd.  
 Mr. and Mrs. Maynard Sarty, of Lake Brook, are rejoicing in the arrival of a daughter, born April 21st.  
 Mr. and Mrs. Ralph N. Hogan are also receiving congratulations on the birth of a daughter, April 23rd.

NORTH RANGE

Mrs. A. Lambertson and children were the over Sunday guests of her parents, Mr. and Mrs. E. Bragg.  
 The meeting of the W.M.A.S. will be held at the home of Mrs. A. O. Trefry, in Bloomfield, on Thursday, May 4th, at 2.30 p.m.  
 Mr. Milton G. Bragg, from Lawrence town, Mass., is spending his vacation with his parents, Mr. and Mrs. Edward Bragg. Mr. Raymond F. Pulsfield, from the same place, is also visiting at the home of Mr. Edward and James W. Bragg.

NO TIME FOR AN AFFINITY

(From the Brandon Sun)  
 After all our sympathy with the wife of a farmer, a Kansas lady comes along and says she is glad she married a farmer because:  
 The farmer and his family seldom are actually in want or need of the necessities of life.  
 He and his good wife do not often figure in the divorce court.  
 When he goes to town he usually takes one or two of the children along, and after finishing his errands at the stores, has precious little time left, if he did have any money, in which to pursue his affinity.  
 He works so hard all day he is glad to sit down with his family after supper; his good wife is not in doubt as to where he spends his evenings.  
 The farmer and his wife and children generally are the closest of business partners.

PROVINCIAL NOTES

King's County will borrow \$40,000 for the purpose of erecting a County Home.

Provincial Tennis Tournament for this year is to be held in the town of Bridgewater.

The "Shelburne House" William Clow, proprietor, was badly gutted by fire early Tuesday morning. Guests fled scantily attired.

Miss Annie Loveface, R. N., of Dorchester, Mass., has collected \$350 for the Western Kings Memorial Hospital from former residents of the county. This amount will be used to purchase memorial tablets for the Institution.

Nova Scotia master mariners abroad include Capt. L. O. Everett, of Plymp-ton, Digby County, who is in command of the British steamer Boswell, 3,168 tons, in port at New York some-time ago from the Argentine Republic.

At a recent meeting of the Council the following men were appointed as members of the Commission to operate the Dominion Housing Act in Wolfville: Dr. A. J. McKenna, J. F. Herbin, G. K. Prescott, F. E. Beck and H. Brown.

Mrs. Silas Bartheaux, of Middleton, and Mrs. George Wotton, Wilmot, Annapolis County, who came to Yarmouth to be present at the funeral of their brother, Rev. J. D. Skinner, returned to their homes recently.—Yarmouth Herald.

The tennis courts at Bridgewater are beautifully situated and they have an excellent Club, and there is no doubt that the visitors will be well cared for and the games will be keenly contested by the best players in Nova Scotia.

Alton.—Damage estimated at from \$16,000 to \$18,000 was caused here early Friday morning when fire completely destroyed the store and the residence of George H. Emmett, situated near the railway depot on the main road, Halifax to Truro.

The fiftieth anniversary of the marriage of Mr. and Mrs. Rupert Ellis, of Sheffield Mills, Kings County, was celebrated a few days ago and gold brought by the many guests totalled up to \$1000, and many felicitations were received by the popular old couple.

The new Bank of Montreal, on the site of the former building, is now practically completed, and is a handsome structure of brick and stone, which is a great acquisition to Wolfville. Manager, Guest and his staff moved into their new quarters on Saturday.

The Yarmouth Times, speaking of Provincial Exhibitions, says: "Our view is that the City of Halifax should be required to finance fifty per cent. of the expense, as it stands to reap the lion's share of the benefits. The Exhibition does little for the people residing in the extreme ends of the Province, that they should be required to stand the expense."

Roy Chisholm, the amateur boxer, 125 pound champion of the Maritime Provinces, left for St. John recently. Mr. Chisholm has accepted a position in St. John and in future will box under the colors of the St. John Y. M. C. I. Halifax, and St. Mary's Club, will lose a great boxer with the departure of Mr. Chisholm for the sister city.—Chronicle.

Let us Demonstrate the Spirited Performance of this 50 Horse Power Beauty

With the fifty horse power motor of the Paige 6-44 you can accelerate from five to twenty-five miles per hour in nine seconds flat. Stop and think what this amazing flexibility means in city driving as well as on the hills.

Why not take a ride in the 6-44 today? Get out where you can challenge that mighty reservoir of power. Sink back in the cushions and experience the comfort of oversize springs and perfect distribution of weight.

Such rare spirit is, of course, not accidental. It is the result of years of patient study and research. It is the active expression of a fully perfected six cylinder power plant that is designed and built by men who know how.

Formerly priced at nearly \$3000—can be your comrade and helpmate for a little over \$2000.

PORT LORNE MAN'S NARROW ESCAPE

Former Resident, Night Watchman, Shot By A Negro In Brockton, Mass.

Edwin E. Hall, aged 55, of 55 Appleton St., the night watchman at the Bowles & Cross Garage on the corner of Warren Ave. and Bartlett St., was shot in the head recently by a new employee at the garage.

Henry Cabelton, aged 24, colored, came from New Hampshire two weeks ago and was put to work at the garage washing automobiles. The other employees, it is said, were afraid of him and claimed he had threatened them. They thought he carried a revolver.

Hall was ready to go off duty when Cabelton came in and they stood talking. Hall said he asked Cabelton if he carried a gun.

The first shot missed, but the second hit Hall in the head on the left side, about an inch and a half above the ear. It went in under the skin, through the flesh for two inches, and came out at the top of the head, without penetrating the skull.

Cabelton dashed from the garage, revolver in hand, and sped down Bartlett St. Hall was taken to the police station, where his wound was treated by city physician William D. Ducey.

Cabelton was found at the home of Andrew Gale, 16 Reed Ave., by patrolman Linnehan. He put up no fight, and when taken to the police station told where the police would find the revolver, under some bushes where he had hung it.

He was arraigned in the police court on the charge of assault with intent to murder and also with carrying a concealed weapon. He pleaded not guilty and the case was continued until a later date for a hearing. Meanwhile he is held in \$1,000 bonds on the attempted murder charge and in \$200 on the other.

Mr. Hall was able to go to his home after being given medical attention. Mr. Hall thus describes the affair: "I was standing about six feet from him when he pulled the gun from under the bib of his overalls and fired. The first time he pulled it did not go, and I sprang toward him to get the gun, ducked my head, he twice pulling the gun as quick as possible. The first time it went off it hit me, making a flesh wound, the other passed over my head and through a plate-glass window, lodging in a telephone pole across the street. He then ran out of the back door of the garage, but was soon caught. Had a hearing Monday and is held for the Grand Jury the first of June Court at Plymouth."

(The Mr. Hall referred to was a former resident of Port Lorne, and is a valued subscriber to THE MONITOR.)

THE HORRORS OF INDIGESTION

Relieved by "Fruit-a-tives" the Fruit Medicine

Indigestion, Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles.

Those who suffer with Indigestion, almost invariably are troubled with Rheumatism, Puffiness of the Heart, Sleeplessness and excessive Nervousness. "Fruit-a-tives" will always relieve Indigestion because these tablets strengthen the stomach muscles, increase the flow of the digestive juices and correct Constipation, which usually accompanies Indigestion.

Mr. and Mrs. Clyde Chute have been visiting friends in Hastings. Mr. Chute has returned. Mrs. Chute is expected home in a few days, about the 6th inst.

A pleasant event took place at noon Wednesday at the C.P.R. telegraph office, when the retiring manager, A. P. Anderson, was presented with a fine reading lamp, accompanied by address.

Fire Chief H. M. Mersear, himself an old C.P.R. man, read the address, which expressed appreciation of the cordial relations which have always existed between manager and staff; congratulations on Mr. Anderson's promotion in the company service, and regret that he is obliged to leave the city after a residence of thirteen years.

Mr. Anderson leaves Wednesday night to take up his new duties as manager here—Sydney Record.

The above item indicates in a measure the esteem in which Mr. Anderson was held at the C.P.R. in Sydney. Mr. Anderson referred to is a son of Councillor Avard L. Anderson, of this town. (Ed. Monitor).

Governor General For Centennial

Effort is Being Made to Have the King's Representative Come Here During Celebration

A meeting of the General Committee in connection with the Centennial Celebration met on Wednesday evening in the Board of Trade rooms and discussed a number of details and made good progress in arrangements. Three additional members were added to the Historical Committee: Messrs. M. C. Foster, John Irvin, K.C., and F. H. Beattie.

The matter was also discussed of endeavoring to have Lord Byng, Governor General of Canada, present during some part of the ceremonies.

It is the intention of THE MONITOR management to publish a special Centennial number. This is conditional only to general wishes and a requisite measure of support from advertisers and others interested.

BANDING ROUTES TO ANNAPOLIS

Directing Auto Traffic By Alternate Course Would Be Splendid Move

Efforts are being made through the Highways Board to have the telephone poles banded from here to Granville Ferry instead of on the left side of the river only to Annapolis. This arrangement since the building of the bridge connecting Annapolis with Granville Ferry will become generally acceptable. Automobileists now have the choice of two routes between here and Annapolis, one on each side of the river, and a very nice drive is afforded in going by one route and returning by the other. The road on this side of the river has splendid scenic attractions and approach by it affords much the better view of the old historic town of Annapolis. The advantage and conveniences to autoists are so apparent that there should be little or no doubt of their being carried out.

HIS NERVES NOW STRONG AS EVER

How An Ontario Teacher Regained Good Health

"I am a school teacher by profession," says Mr. James R. Thomson, R. R. No. 1, Centralia, Ont., "yet when I started school teaching I was in very poor health. I suffered a nervous breakdown, brought on by over-work and no relaxation. I was unable to think, to act, or even to eat properly. Queer little prickly sensations were continually running up and down my back, my arms and my legs; like so many needles, seeming at times to fairly paralyze me, and often my heart was thumping like a trip-hammer. I determined to consult a family doctor, and he immediately put me under orders. I had to give up my school and return home in order to recuperate my lost health. Milk was his chief remedy and I drank quarts of it; yet, though it helped me, it did not build me up to my normal condition—something was missing; something my system was calling for, better blood. One day, when I picked up a newspaper, I came across an advertisement of Dr. Williams' Pink Pills suggesting just what was needed in my case—new, rich, red blood. I immediately sent for a box, and when the doctor visited me I told him I had decided to try Dr. Williams' Pink Pills and he seemed satisfied. By the time my box was nearly done, and I determined to get another, by the time I had finished this I was gradually coming back to normal. My strength was returning, I could sit and walk without strain. For the next few weeks I continued to take the pills, and they were working wonders with me. My head was becoming clearer, my memory better, and my nerves were becoming steadier. I began to go out frequently, enjoying myself. My appetite improved and was even better than before I had my breakdown. I was myself again. I got back my school, and to this day I have had no return of the trouble, and now when anyone comes to me with nervous trouble, I instantly suggest Dr. Williams' Pink Pills as a remedy, as I believe that what they did in my case they will do for others."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

A GOOD RECORD

A sow owned by E. S. Barteaux, of Weston, has lately had her sixth litter of pigs, making in all eighty-eight. Two years ago the same sow had seventeen pigs which was more than she could feed, even by squeezing, so Mr. Barteaux took four to a neighbor whose sow had only five, and three of the four did well and sold at \$7.00 each. Out of this litter of fifteen he has taken three where a young sow had only a small litter and did not object to having a larger family—Register.

FIVE ACRES OF OATS SOWN ON MAY DAY

On the N. S. A. C. Farm on Monday, May 1st, Farm Superintendent Prof. J. M. Trueman got the sower to work and five acres of Registered Banner Oats were sown in good style.

It was an early sowing but our splendid spring days have got the ground in fine condition and early germination is expected.

Railway News in Brief

Moose Jaw.—Work will be commenced in the next few weeks on the Dominion Express Company building which will be immediately west of the Canadian Pacific office building and north of the present express and baggage building.

It is expected that within the next few weeks the old station will be torn down and the work of excavating for the subway approach to the tracks will be continued.

Winnipeg.—Among the travellers on the Canadian Pacific eastbound train which passed through Winnipeg a few days ago was little Doris Bissett, nine years old, on her way from her home in Vancouver to England. She travelled quite unaccompanied and sailed from St. John on the Canadian Pacific liner Montclair to attend school in England. Children travelling on Canadian Pacific trains and liners are special looked after by officials and stewards.

Galt.—A new modern joint station for the Lake Erie and Northern and Grand River Railways is assured for Galt in the immediate future.

M. W. Kirkwood, General Manager of the two lines, was in Montreal last week and as a result of his trip he has now received the signed appropriation covering the money necessary for the new station. The location of course will be in the vicinity of the present temporary equipment on Main street. It is anticipated that the plans will be in readiness soon and contracts for the new building let immediately.

Smiths Falls.—During the past ten weeks instruction in the emergency treatment of accidents has been given to the employees of the C.P.R. here, and also to the wives and daughters of employees and the ladies of the town in general. The instruction was given by the company's first aid instructor for the St. John's Ambulance Association. The people deeply appreciated the privilege extended by the management in allowing them the services of their instructor. Dr. Gray was assisted by the general secretary of the C.P.R. First Aid department in holding examinations of the classes. Dr. Gray expressed great satisfaction with the general knowledge displayed by the students.

Ottawa.—There are in Canada at least 37,000 square miles of peat bogs, with deposits from five to ten feet deep, and it is estimated that each square mile contains on an average the equivalent of 430,000 tons of coal. The Council for Scientific and Industrial Research at Ottawa after considering the problem of making Canada's fuel consumption less dependent upon the United States, induced the Dominion and Ontario Governments to appoint jointly a peat commission, which carried on extensive experimental development work at the Alfred peat bog, on the Montreal-Ottawa line of the C.P.R. The product was sold at profitable prices in competition with coal, and it is expected that a flourishing peat industry will eventually be founded.

Winnipeg.—Western Canada recently welcomed the first contingent of its 1922 army of settlers from Europe and the United States when 350 persons—men, women and children—arrived at the Canadian Pacific and Union depots. Immigration officials state that the influx for the season definitely is "on." All these settlers will go on the land in Manitoba and the western provinces. The new arrivals, for the most part, are family parties with effects or money, or both, and their intention is to farm on the prairies and not to migrate to the cities.

Manitoba's share of these settlers was a farmer group of 111 persons who expect to locate on farms. Family groups composed this party almost entirely. Additional parties were bound for Saskatchewan, Alberta and British Columbia.

A party of 50 immigrants arrived from Roscoe, Minnesota, and was accompanied by 9 cars of effects. All are bound for the western provinces. Hazel Dell, Saskatchewan, was the destination of 6 of the cars, one went to Melrose, Saskatchewan, one to Clyde, Alberta, and one to Cudworth, Saskatchewan. Passengers from the steamship Tunisian, numbering 178, arrived in Winnipeg over the Canadian Pacific Railway.

WEDNESDAY, MAY 10th, 1922

The Nova Scotia Division of the Red Cross are taking another excellent forward step in their peacetime public health programme, and Antigonish County has been selected as the first field of this operation.

The Red Cross Caravans travelled through a very considerable part of the Province last year, visiting seventy-six cities, towns, and villages, and had approximately an attendance of 40,000 people. They met deservedly with an excellent reception, and the movement, like all new movements, met with a certain amount of criticism from persons who were either ill-informed, or expected too much from an extensive tour in which stops in any one place were necessarily brief.

The popularity of the inauguration of the county nurse system was shown by the fact that the available supply of nurses was not sufficient to meet demands from the municipalities.

The whole movement in connection with peacetime work by the Red Cross is one which must increase in popularity while on account of the great amount of ground covered by caravans of travelling clinics, all cannot be done at once that hasty persons might desire. It must, however, be remembered, that it is not so much what is done in the immediate present, though these results, too, are important, it is the cumulative effect, the arousing of public interest, and direction to conditions which in many parts of the county can be alleviated and improved. Everywhere there is room for improvement, but more particularly in some parts of the Province. Even there the faults are, to a very considerable extent, ones of environment and local conditions, which cannot be fully controlled.

A little light on elemental matters, shown by pictures, short talks, as feasted by the Red Cross, is one of the little lessons, which, in time, will work to produce conditions more ideal.

However, Rome was not built in a day, and only patient, persistent, and well-directed effort will, in time, continue, with Provincial efforts as a whole, make health conditions generally what they should be throughout the country.

Elemental work is one phase which evidently requires much attention, and to illustrate this it might be stated that the clinic going to Antigonish County to visit all the rural districts, knew from statistics of health officials that out of 1897 children examined in schools of that county 1295 are suffering from decayed teeth and in need of immediate dental treatment. The same or less extent in all the counties and dental matters represent only one aspect of public health.

### "THEN, ONCE MORE"

Even the poorest soils in Nova Scotia contain in the upper six inches sufficient plant food to grow on the average a thousand or more big crops of any kind. Nature has, however, locked up this plant food in a very insoluble form. One of the principal aims of the good farmer is to learn how to unlock this store. Cultivation is the key.

The important thing to remember is that the finer the particles of soil are made, so that air, moisture, and heat can circulate in the freest possible fashion around every individual particle, the more thorough will be the unlocking.

One of our agricultural authorities when visiting a certain section of Annapolis County was called in by a farmer to explain why a certain field had given a poor crop, after being fairly heavily fertilized. "You did not give it half a chance," was the obvious reply, for the field after a whole season of weathering and after the grain was reaped, still showed the furrow slices. There was no other apparent reason why that particular field should not have yielded as well as those of adjoining farms. It had not been properly harrowed. That was all.

In the gardening experience of the writer the same fact has become very impressive. One year, with heavy fertilization and abundant moisture, a certain plot yielded only a fair crop. It had been turned over with a fork and the mark was very imperfectly

done, leaving the soil lumpy except on the very surface where the garden-rake was busy. The next year a far less favorable one from the point of view of moisture the same plot was ploughed and thoroughly harrowed before the rows were laid out. Fertilization was much as in the previous season. The yield of almost every vegetable was largely increased of some crops, such as carrots, parsnips and onions, the yield was three times as great. The only changed factor that could be noted was the thorough pulverizing of the soil.

The successful son of one of the most successful farmers in Western Nova Scotia, in discussing this matter said "My father's rule, which I have adopted, was to harrow the land as often as you think you should, and then harrow it once more."

There is every temptation in the springtime to stop harrowing before one should because of the rush of work. It never pays to do so. This year why as much fall plowing as possible should be done, so as to leave more time in the spring for the very necessary extra harrowing. Whether fall plowed or spring plowed for this year, do not overlook the old man's advice: "Then harrow it once more."

### LAWRENCETOWN BAPTIST CHURCH NOTES

On Sunday, April 22nd, pastor A. H. Whitman began a series of sermons on the general subject—"The Ten Commandments in Relation to Modern Life", the order of subjects being as follows:—

April 23rd, 1st Commandment:—"Modern Idols";

April 30th, 2nd Commandment:—"Modern Substitutes for God";

May 7th, 3rd Commandment:—"Present Day Reverence";

May 14th, 5th Commandment:—"Honor to Whom Honor is Due" (Mother's Day);

May 21st, 4th Commandment:—"The Bulwark of the Home, Church and Nation";

May 28th, 6th Commandment:—"Modern Regard for Human Life";

June 4th, 7th Commandment:—"Present Day Purity";

June 11th, 8th Commandment:—"Modern Thieves";

June 18th, 9th Commandment:—"Modern Liars";

June 25th, 10th Commandment:—"Guarding the Heart";

The monthly meeting of the Social Circle of the Lawrencetown Baptist Church took place at the parsonage on Monday evening, May 1st, and was largely attended. A varied and interesting program of music and readings was presented, those participating being Mrs. L. D. Hanley, who gave an interesting and informing record of current events. Piano duet—Mrs. A. H. and Miss Frances Whitman; Vocal duet—Mrs. John Hudgins and Miss Jessie Buthlay; Reading—Mrs. Whitman. A very interesting and educationally helpful spelling match followed. Evidently progress is being made in the spelling art by our Lawrencetown contestants but there is still room for improvement. At the June meeting of the Social Circle the literary part of the program will consist of selections from Longfellow's poems and a synopsis of the poets' life.

The sum of \$75.00 was realized from the Easter fancy sale for the parsonage repair fund. The ladies of the Social Circle and all concerned, extend heartfelt thanks to all who so kindly assisted towards making the sale such a decided financial success. A good interest is being manifested in the special Evangelistic service now being conducted at South Williamston by the pastor of the Baptist Church.

Mother's Day will be observed with fitting services at the Baptist Church on Sunday, May 14th.

Will subscribers and advertisers kindly make cheques, postal notes and money orders generally, payable to the "Weekly Monitor" instead of to the late O. S. Dunham? This applies to old accounts as well as to new ones.

Col. N. H. Parsons, of Wolfville, was in town this week.

**Purina Calf Chow**

### Is Different

Yes, it's unlike any calf meal on the market.

- 1st. It's different because it's better.
  - 2nd. Every ingredient is a pure feed of recognized value, no "phony" products of unknown worth. It does not contain anise, or any appetizer. Calves eat it as greedily as they do whole milk.
  - 3rd. It does not scour; blood flour is one of the important ingredients, which insures freedom from scours.
  - 4th. Easy to feed, no boiling, just mix with warm water.
  - 5th. It is balanced just like whole milk. Calves thrive from the first on Purina Calf Chow and it keeps them making gains without sickly periods. It is used by many of the best dairy farms in the country to raise the finest calves.
  - 6th. But it is cheap enough to use on any calf, costs less than half as much as milk feeding. So easy to feed that boys or girls are assured of success.
- Stop in and talk it over.

The following lists contain the standing made by the pupils of the Bridgetown School in their third quarterly examination. The High School pupils are divided into the first division, those who have made 75 per cent or more; second division, 60 to 75 per cent; third division, 50 to 60 per cent. The names are given in order of merit, the ones in brackets having an equal standing. When the names of pupils do not appear in the various subjects they have failed to reach the 50 per cent. standard. Those who have passed readily may, with continued effort, be reasonably sure to grade at the end of the year, while those who have failed have due warning that greater effort is required on their part.  
At this season the attractions out of doors are such that the preparation of work to be done by the pupils at home is often neglected. Will parents examine these lists, compare them with our earlier reports, and encourage the boys and girls to put the effort into their work, that is so necessary for success.

### Railway News in Brief

**Forestburg, Alta.**—Word was received by C. J. Smyth, convener of the board of trade railway committee, that work is being done on the C. P. R. branch from Coronation running northwest through Bulwark, and that a gang of men is employed fixing up the trestle work on a bridge a little north of Lorraine.

**St. John.**—Track work on the C. P. R. main and branch lines throughout the New Brunswick District is commencing now. General Superintendent Woodman advised recently that in addition to the replacement of worn-out ties, there would be laid on the main lines up wards of fifty miles of new heavy steel and that upwards of 80 miles of rails will be relaid by heavier steel on the branch lines, including the Shore Line.

**Pert Wilham.**—Over half a million dollars will be spent by the Canadian Pacific Railway this summer upon improvements to their big coal docks on Island Number One, at the mouth of the Miramichi river. Superintendent Hawkins announced recently that the 1922 estimates included an appropriation for the work, and that construction would start sometime during the end of the present month. The improvement will consist of a huge storage or distribution crane, and general enlargement of the coal handling and storage facilities of the docks.

**St. John.**—While crossing from Gothenburg to London, in order to join the Canadian Pacific liner "Melita" at Liverpool, a Swedish named Mr. Peter Hendricksen, a widower, fell in love with Mrs. Margaret Craam, a widow, who was accompanied by her two daughters, who are also proceeding to Canada. Within twenty-four hours of arrival in Liverpool a special license was obtained and the marriage took place at the Brown-hill Registry Office. Elizabeth Craam, who is 58, accompanied by her two daughters, is the bridegroom are of Swedish nationality.

**Vancouver.**—Mr. H. J. Loughran, who is in charge of the farm land department of the Canadian Pacific Railway at Vancouver, reports that business was very satisfactory during the past month, and are better than for this year.

During the year there were received at the office 6,820 enquiries for information regarding land, timber and general conditions in British Columbia and the prairies.

Sales were made directly and indirectly to 220 parties, of whom eighty were single men and the remainder men with families. About 132,000 acres of land were disposed of at an average price of \$18 per acre, about \$2,378,000 of property being sold.

During the next two months the company has been advertising Columbia Valley lands, as a result of which 207 enquiries have been received and forty applications for land have been received.

**"LITTLE ENGLAND—BUT 'BIG' FINANCIALLY**

A great many of our good cousins "over the border" are distressed in their innocent little souls because Great Britain over the United States war debts amounting to \$2,805,000,000. It never occurs to them that the great nation that virtually financed the War, the United Kingdom of Great Britain and Ireland, has war debts owing to her of \$9,735,000,000.

Some of the nations owing war debts to Britain are:

- Russia—\$2,805,000,000.
- France—\$2,785,000,000.
- Italy—\$2,384,000,000.
- Belgium—\$510,000,000.
- Serbia—\$110,000,000.
- Other nations—\$114,000,000.
- Dominion—\$720,000,000.

Truly the Old Motherland stands as a marvel among the nations!

### BOARD OF TRADE BANQUET SUCCESS

Splendid Addresses by Mgr. Geo. E. Graham, Prof. Blair, Dr. Armstrong and others

The Board of Trade banquet at Riverside Inn on Tuesday night was a complete success in its every detail, a real get-together gathering which by reason of the programme furnished and the suggestions thrown out should serve materially to stimulate various activities associated with the work which a live Board of Trade will endeavor to carry out.

About forty officers and members of the Board were present and the interest and value of the occasion were very greatly enhanced by the presence of Mr. George E. Graham, General Manager of the Dominion Atlantic Railway, and of Prof. Saxby Blair, Superintendent of the Government Experimental Farm at Kenville. Both gentlemen gave addresses of great merit containing many suggestions of general value. The pleasure of the occasion was also greatly added to by the presence of the Bridgetown orchestra which discoursed an excellent programme of music during the banquet.

Mr. E. A. Hicks, President of the Board of Trade, presided at the gathering and performed the duties of the evening in an admirable manner. No toast list was put on. It was a real get-together informal meeting with serious discussion and lightning side lines of joke and story.

At the opening of the banquet, President Hicks explained the object of the gathering, and the pleasures which all assembled felt in the presence of two gentlemen whose work had been so instrumental in making the Kenville Board of Trade the useful institution that it was. Mr. Hicks, in concluding, called upon Prof. Blair, who commended the Board in this get-together assembling, a proceeding which produced harmony a most essential feature in the building up of a town. He congratulated the officers and members on their good fellowship, and proceeded to speak on the advantages possessed by the town and its surrounding natural resources. A fine country, people of ability, conditions better than in most parts of the Dominion. Climatic conditions second to none, a people more resourceful and superior to those of Europe generally. Excellent schools, better looked after than ever before. The professor then discussed the question of acquired ability, gained from the contact with men and things. The matter of developing public opinion along lines which led by gradual and almost insensible degrees toward general betterment in conditions? The use of well directed propaganda in the accomplishment of desirable ends for general improvements. The value and importance of a live Board of Trade in securing necessary results was pointed out clearly. Its value in a community generally from the fact that it was non-sectarian and non-partisan and should thus be in a position to work for the common good of all. The men who do things worth while learn a little from this one, a little from that one and apply what is learnt. That way lies success. Some desire to thrust their ideas upon others when a more gradual method would secure some results. Too much time is spent in "knocking". Help those who try to do something. Many men are glad to assist various movements but become discouraged when their efforts meet with no appreciation. He spoke of Kenville's projected Memorial Park. Things like this meant a little more money, a little more taxation, but their value from an economic and aesthetic point of view could not be estimated. Civic pride was developed. Results were something beyond mere money. The professor paid a high tribute to the work of Mr. George Graham in movements for the public good. Mr. Blair exhorted his hearers to throw themselves

with renewed energy into all efforts for community betterment. He was followed by Mr. Graham who paid a well deserved compliment to Mr. O. C. Jones, not omitting Mrs. Jones in mentioning the splendid banquet provided and the value to the town of such a splendid hotel as that conducted by Mr. Jones. In discussing Boards of Trade, Mr. Graham said that he found that the best work was done by the Boards as a whole and not in Councils for if work were done in this way too much, it lessened the general interest of the members. He advised monthly meetings. There was also too much of a tendency frequently with Boards to pass resolutions and let things go at that. It was like paying bills by giving notes. He also took up Forestry Conservation and recommended a close attention to this work by Boards generally for it was a vital question to the country. For excellent information along these lines he recommended close personal study of the Illustrated Forestry Magazine. Bridgetown has a double responsibility for the man, who, in Nova Scotia, has most interested himself in Forestry matters is Mr. O. T. Daniels, a resident of your town. Confer with him, give him your active assistance and boost him in Forestry matters. From the remarks of Mr. Graham, as well as from general indications, there is no doubt great apathy generally throughout the Province in this important matter which has been left to the very few to forward. Canadian conditions as a whole are little better and as Mr. Graham said, Canada is further behind than any other country in Forestry, and Nova Scotia further behind than any other Province. Public interest must be aroused and this will react generally upon all our Parliamentary representatives. As matters now stand Canada is selling her birth right and is gradually bankrupting herself in one of her very greatest assets. Strengthen Mr. Daniels' hands for improvement, appoint a committee to meet him.

EMIGRATION

In this connection Mr. Graham referred to the visit of Beach Thomas, the famous war correspondent in the Province on his two and a half years' tour of the world studying immigration. There were 8,000,000 people in the United Kingdom who should immigrate. Every Province but Nova Scotia has its arms out for immigrants. Properly selected, they are a real asset. Less than fifty per cent. of the land on Maritime farms is under cultivation. Many farms are deserted. There is needed an intelligent government survey. There is land in abundance without the labor to cultivate it. He advocated the appointments of agents to select and locate people. Reference was made to Ontario effort in this connection. The Nova Scotian is a better man in Ontario or British Columbia than he is in his own Province. Most of the N. S. knockers are at home.

CARE OF TUBERCULAR POOR

Death rate from tuberculosis was higher in Nova Scotia than in any Province in Canada. There were hundreds of malignant cases with no institution to take care of them. There was no real reason why there should be more T. B. in Nova Scotia than in parts of Canada.

The President, in speaking of Forestry Conservation, said it was a serious matter when there was more timber destroyed in Nova Scotia by fire than was cut by the axe.

Dr. Armstrong was the next speaker and he gave a graphic outline of work proposed in connection with the Centennial Celebration. This was covered in our last issue in the tentative programme, published and is a matter of much interest to all of our citizens and to natives of the town who now reside elsewhere in whom this Old Home Week for it is that in effect will appeal strongly.

Speeches of a brief nature were given by a number of the others present, including Rev. W. H. Langille, Rev. J. H. Freestone and Rev. E. Underwood, who were guests of honor at the banquet. Principal R. J. Messenger, also spoke, and Mayor W. A. Warren, Mr. O. C. Jones, Messrs. F. H. Beattie and Edmund Stratton, of the MONITOR, spoke briefly on behalf of the press, expressing the pleasure which they both felt at the most cordial reception which they had met with at the hands of the people of Bridgetown. They also thanked the President for the hearty welcome which he had extended to them on behalf of the Board of Trade and assured the gathering that in their capacity as lessees of the MONITOR it would always afford them the greatest

satisfaction to assist in every way they could in all movements for the public good.

Proceeding came to a close with the singing of the National Anthem, and all present felt that the gathering had stimulated interest in the work of the local Board of Trade in this, the first function of the kind held under their auspices.

### QUESTIONS AND ANSWERS ON FORESTRY

(By Canadian Forestry Association)

Q. Our local branch of the Daughters of the Empire are arranging to plant a "Road of Remembrance" to commemorate the valor of our soldier dead. Where can we find out how to proceed, what trees to select, how to plant them and care for them? Mistakes in such matters are costly and discouraging.

A. The Canadian Forestry Association is now sponsoring the Roads of Remembrance idea and will be glad to give every practical help to local societies in all parts of Canada. A special booklet describing the tree planting process with graphic illustrations is being prepared by the Association and will be sent to all societies who apply to them at 224 Jackson Building, Ottawa.

Q. Can you give me any information as to the cost of trees when purchased in quantities by municipalities for road planting?

A. The Ontario Department of Highways which is doing a great deal of tree planting along the roads tells us that the average cost per tree is \$1.25. This includes all replacements, and every operation from and including purchase, digging, transporting, planting, staking and mulching.

It is further stated that the average cost of maintaining trees along the Ontario Provincial Highways is about 50 cents per tree per year for two years. This covers cost of watering and cultivation. During the third and later years the trees are usually sufficiently established to care for themselves. During the first and second years four to five applications of water may be necessary. The total cost to Ontario of establishing a healthy tree along the highway is just \$2.25 including everything.

Q. Has the United States suffered as much by forest fire losses as has Canada?

A. Probably more. Much of Canada's forest area has escaped because of its remoteness from human beings, who, after all, are the chief cause of forest fires. At present the United States has eighty-one million acres of absolute desert due entirely to forest fires which killed both the timber and the soil. There are, in addition, three hundred million acres of scrub woods, extremely poor in quality, which are reproducing meagrely and cannot be used for agriculture as the land is too thin. This is the price of human-set forest fires. Canada has paid her full share, for we have about three quarters of a million square miles on which the timber has been killed by fire. That area is mostly non agricultural.

## LOCAL HAPPENINGS

On Saturday, May 13th, Buckler & Daniels invite the public to their 2nd big anniversary sale.

F. H. Manning, of Falmouth, has purchased the Evangeline Beach near Wolfville and expects to make this resort better than ever this year.

On account of ill-health, Mr. E. S. Crawley has resigned as Stipendiary for Wolfville, and Mr. W. D. Withrow, barrister, has been appointed by the Local Government to take his place.

Permission was given the Middleton Tennis Club to enlarge their courts on the town athletic grounds. It was voted to have the athletic grounds ploughed, harrowed and seeded.

Women's Institutes is having a Rumage Sale Saturday, June 13th, in the Beckwith store. All contributions to this sale can be left at the store Friday afternoon. Any of the ladies who have contributions and cannot send them, notify Mrs. F. M. Graves.

Dr. William Alfred Pickup, son of the late S. W. W. Pickup, of Granville Ferry, passed away in the Calgary General Hospital at Calgary last week. Death was caused by infection following influenza. He was thirty-one years of age. The family have many friends throughout Nova Scotia.

The marriage is to take place at Kingston, N.S., June 7th, of Mr. Waldo C. Moir, the popular city passenger agent of the C.N.R., and Miss Mildred Foster, of Kingston. Mr. Moir and bride, after returning from their wedding trip, will occupy a bungalow at Melville, N. W. Arm, for the remainder of the summer.—Halifax Herald.

Conductor and Mrs. George H. Williams left by the D.A.R. Tuesday on their trip to the Pacific Coast. Con. Williams is being relieved on the D. A. R. express by, Con. Mansfield Nichols, a former conductor on the Yarmouth-Kenaville division, but for the past few years was employed on the eastern division of the line. He is most popular with the travelling public and is heartily welcomed by his Western Nova Scotia friends.

The death occurred at Sackville, N.S., last evening of Mrs. Gray, wife of W. L. Gray, Manager of the Provincial Bank at that place and who was formerly Miss Gertrude McLellan. The body will be brought to Halifax for interment, the funeral took place Friday morning at nine o'clock from the residence of her brother-in-law, W. S. Gray, 119 Windsor Street.—(Halifax Herald). Mrs. Gray, mentioned above, will be remembered in Bridgetown as the daughter of Celestine McLellan, who formerly carried on a tailoring business in town.

At the meeting of the Bridgetown Cricket team held at Riverside Inn, Charles Bothamley was appointed Captain, Charles Ollerhead, Vice-Captain, and H. T. McKenzie, Secretary-Treasurer. Grounds committee, Messrs. Herman Young, George Wheeler, A. P. Little. Last year Bridgetown finished second in the Valley Cricket League, Windsor winning out. The other teams in the League were Wolfville, Kentville and Annapolis. The local boys expect to put a good team in the running this year. The opening game is on June 30th, Windsor, where the team there meet Bridgetown. The full schedule was published in The MONITOR of April 12th.

Mr. Joseph I. Foster, the popular grocer, met with a painful accident Friday afternoon whereby he dislocated his shoulder and it will probably be seven or eight weeks before he will be able to use his arm. At the time of the accident Mr. Foster was piling some cord wood high up in the wood house and slipped, with the above result. Mr. Foster's many friends trust that his complete recovery will be quicker than at present anticipated. About a year ago Mr. Foster became convalescent after six months in hospital during which time he underwent operations. This makes the present accident all the more regrettable.

L. S. Fraser, Regina, Sask., was in town Saturday on business.

Do not forget that Saturday marks the second anniversary of Buckler & Daniels. Take advantage of the big discounts they are giving that day, and buy your spring and summer goods.

On Wednesday evening, May 17th, Rev. J. H. Freestone lectures in Gordon-Providence United Church on "Experiences in Lighter and Darker Veils in London". Mr. Freestone has much material of interest in this subject and the lecture should not be missed.

The Dominion Atlantic express, which left Halifax on Saturday night was derailed near Annapolis at four o'clock Sunday morning. Five freight cars left the rails. The passengers were somewhat shaken up, but no person was injured. The engine, with the passenger cars, proceeded to Yarmouth, arriving there one hour late. The accident is attributed to some defective equipment.

Dr. N. R. Warey is now well established in her new quarters on Granville Street with all appliances and equipment for the latest work in scientific and up-to-date dentistry. Among new features installed is a Weber Unit equipment where power, light and water are all carried in the one unit. The latest suction appliance is used to draw saliva thus permitting work to be done in the most approved and expeditious manner. Cabinets convenient to chair of latest model contain all the best instruments and appliances for successful dental work of which Dr. Warey is obtaining a splendid share.

The annual meeting of the Synod of the Diocese of Nova Scotia is being summoned to meet in Halifax on Tuesday, June 6th. The Lay-Representatives for the Parish of Bridgetown are Church-Wardens A. F. Hiltz and W. R. Longmire. Provisional delegates, the Hon. O. T. Daniels and Mr. Ralph Donaldson.

The coming Synod promises to be an unusually interesting one, as the subject of Maritime College Federation is sure to be brought up. It is also expected that the Archbishops will have something definite to say in regard to his acceptance, or otherwise, of the Bishop of Bermuda.

The funeral took place on Sunday afternoon at Middleton of Mrs. Fred L. Shaffner. Services were conducted by Canon Morris and interment was in Pine Grove cemetery. The deceased was, before her marriage, Miss Annie Cutter, daughter of Mr. and Mrs. Barous Cutter, and spent her earlier life in Bridgetown where she has many friends. Her death occurred at Middleton Hospital after an illness of several months. For years she assisted her husband in conducting the American House, a very popular and favorably known hotel in Middleton, and years ago they were in the hotel business in Bridgetown. About two years ago Mr. and Mrs. Shaffner celebrated their Golden wedding. Her death removes one who was well liked and highly respected. Mr. A. Young, of this town, was a cousin of the deceased.

The preparing of the new tennis grounds for play is proceeding expeditiously. The ground has been plowed and is being rapidly graded and levelled. Mr. J. B. Gillis has the work in hand with three assistants. Two courts will be gotten in readiness and will be open for play; it is expected by the latter part of the month, though whether by the 24th, cannot at present be definitely stated. The quiet beds will be at the lower part of the grounds. This year it is the purpose to complete for play two courts, the other two proposed going over till next season. The work now being carried on is receiving very favorable comment, and the new courts will in every way be excellently adapted for their purpose. The Club house has been moved down from the old ground and now occupies a position at the head of the new. The Club is under a large amount of expense this season and all members at present in arrears can greatly assist the present situation by a prompt payment of dues to the Secretary-Treas., Miss Doris Wear.

## IMPROVEMENTS BY ELEC. LIGHT CO

Bridgetown Co. (Doubling Capacity of Dam and Making Improvements at Power House

The Bridgetown Electric Light Co. have commenced to take time by the forelock and obviate such failures as occurred last summer in reason of the prevailing droughts.

The work started last fall of building a dam at the Power House was resumed this week and when completed will ensure a supply of water double that contained in last year's dam. A dam is also to be built at Lake Godfrey, about seven miles from town. There are one or two other lakes in the string acquired by the Bridgetown company, all of these being connected by streams. A full conservation of the supplies from these would not likely be needed many years so that the company is provided with ample potential resources for all possible requirements. There is 215 feet of head. The Power House is being put into first class shape this season, and the company have now arranged for a further sale of current to West Paradise where there are about thirty-five homes to be supplied. The local company there are putting up poles and having wiring done. The Bridgetown Co. sell them the current.

In the course of time it is the intention of the local company when business appears to them to warrant it to have a day service for power users.

BEER CASE TRIED

Some Able Fluids—Decision Reserved

The case against Arthur Sims charged with keeping beer for sale contrary to the terms of the Nova Scotia Temperance Act, was tried on Monday afternoon before Stipendiary Magistrate F. R. Fay. A large number of witnesses were examined and there was quite an amount of contradictory evidence. It was alleged in one part of the trial that the seizure of beer for analysis was not made at the date on which the case was entered.

W. G. Parsons, K.C., conducted the prosecution and O. S. Miller, K.C., the defence. In view of the nature of the evidence his honor took the case in deliberation and announces the decision on Wednesday. The beer analysed is said to have had all the necessary elements which give a big kick and a first class jug.
