PRESIDENT WILSON HOPES TO INFLUENCE CONFERENCE GERMAN PRESS ADMITS THE COUNTRY HAS FOOD SUPPLY RUST AND DIRT ABOUND ON SURRENDERED FLEET

STRONG INFLUENCE EXERTED ON ALLIED AIMS BY WILSON Little Disposition Shown at First by European Statesmen to Accept Fourteen Points Proposed by American President—Gradually Won Over.

Paris, Nov. 25.—The United States Government's immense diplomatic success in obtaining from the allied governments acceptance of President Wilson's fourteen points, with only one reservation apparent, is becoming daily more apparent, as the preliminaries for the approaching peace congress are being outlined largely on the basis of the president's points.

London, Nov. 25.—After an inspection of the German battle-ships and cruisers held by the entente, and final settlement of their ownership by the peace conference, all the vessels probably will be sunk, as apparently there is no disposition on the part of the entente to risk the controversy which would be likely in case of an attempted division of them.

AMERICAN TROOPS LEAVING BRITAIN SLOWER FROM FRANCE

First Large Movement From European Continent Awaits Transports. Washington, Nov. 25.—This announcement means that the movement of the American troops now in England, the majority of whom are in service detachments, will continue steadily until all of them, some 20,000, have returned to this country.

NO FOOD SHORTAGE FELT IN GERMANY Large Corn and Potato Harvests With Plenty of Sugar Revealed by Specialist Who Suggests Better Distribution.

London, Nov. 25.—The Cologne Gazette of Nov. 10 publishes an article under the caption, "Armistice and the Food Supply," written by a specialist named Oetshofer, who argued that there could be no question of a shortage of food in Germany, but that it was urgently necessary to reduce rations.

ALLIES MAY SINK GERMAN WARSHIPS This Course So Far Probable to Avoid Dispute About Division.

London, Nov. 25.—After an inspection of the German battle-ships and cruisers held by the entente, and final settlement of their ownership by the peace conference, all the vessels probably will be sunk, as apparently there is no disposition on the part of the entente to risk the controversy which would be likely in case of an attempted division of them.

THIRTY THOUSAND BRITISH BRIDES Army of Canadian Soldiers' Wives Soon to Start for Canada.

The work on the militia department in Canada is heavier today than at any time since the war began, said one of the officers yesterday. "We have a new handful in the transportation to Canada of nearly thirty thousand British women—many with children—who married Canadian soldiers in the mother country and most of whom are coming out here for good."

PROCEEDINGS AT SPA OFTEN QUITE LIVELY

Paris, Nov. 25.—The mixed conferences between the allies and Germans continue at Spa, the German headquarters. Discussion is often quiet, but according to The Echo de Paris, the allies imperatively put a stop to recriminations intended to reopen negotiations on the actual signing of the armistice.

COALITION'S POLICY TO AVERT ALL WAR

Premier Lloyd George and Bonar Law Issue Manifesto. London, Nov. 25.—Premier Lloyd George and Chancellor Bonar Law have issued a joint manifesto to the electors of Great Britain and Ireland appealing for support and continued unity, and outlining their policy, of which the following points amplify speeches cabled on Nov. 16:

SURRENDERED WARSHIPS TWO YEARS UNPAINTED

London, Nov. 25.—Describing the German warships which surrendered to the British and are now interned in Scapa Flow, the correspondent of The Daily Telegraph says: "The German admiral's flag, white with a thin black cross and two black balls, indicative of his rank, still flew at the main post of the Friederich Der Grosse, as the German squadron moved between the British lines."

"GOD WILL SAVE HIM," SAID U-BOAT OFFICER

Submarine Commander Then Left American Sailor on Raft to His Fate. London, Nov. 25.—Lieut. Julius H. Fulcher, describing the sinking of the American cargo ship Ticonderoga to the correspondent of The Daily Telegraph, said that the Deutschland's commander left an American sailor adrift on a raft after the Ticonderoga sank, with the calm remark: "God will save him."

40 VICTORIA CROSSES AWARDED CANADIANS

List of Honors and Decorations Won by the Expeditionary Force. Ottawa, Nov. 25.—A list of honors and decorations won by members of the Canadian expeditionary force, compiled by the militia department, shows that forty Victoria Crosses, the highest honor obtainable, have been awarded to soldiers of the Dominion. The Distinguished Service Order was won by four hundred and ninety-one Canadians, and one thousand six hundred and fifty-seven Military Crosses were awarded to officers of the C.E.F., the Military Medal, corresponding to the Military Cross, but granted to non-commissioned soldiers, and the Distinguished Conduct Medal to 1,028 Canadians mentioned in despatches numbered 3,323.

GERMANS REACH CRISIS IN INTERNAL AFFAIRS

London, Nov. 25.—The latest reports received in London from Germany indicate that the internal situation there has reached a critical stage. Although a proclamation has been issued declaring that all political parties are in the hands of the German socialist republic and the soldiers' and workmen's council, opposition to such a government is growing outside, and many, including Wurttemberg, Baden and Bavaria, have declared it will not submit to the terrorism of the dictators in Berlin who have replaced the military.

EXPRESS COMPANIES ASK RIGHT TO RAISE RATES IN CANADA

Montreal, Nov. 25.—The Express Traffic Association of Canada, representing all the express companies operating in the Dominion, has applied to the board of railway commissioners at Ottawa for permission to increase express rates by 25 per cent. over present rates per hundred pounds west of Sudbury and by 27 per cent. over the present rates per hundred pounds east of Sudbury.

ARMENIANS DEMAND LAND'S INDEPENDENCE

Paris, Nov. 24.—Representatives of the Armenian settlements in Egypt and the Sudan, at a meeting in Cairo, accorded to a "hush" atmosphere from Cairo, adopted a resolution addressed to the allied powers declaring that the Armenian nation has been the victim of night used by barbarians. It is added that the Armenian nation claims its right to independence and sovereignty over all of Armenia and requests the immediate formation of a provisional government. It asks also that Turkish troops be withdrawn from Armenia and their places taken by allied and Armenian contingents.

WAR SUMMARY

The Day's Events Reviewed

It appears that the war aims of the allies... Gen. Mewburn, at Hamilton, Tells How Men Will Be Brought Back.

Whatever order the allies intend to impose upon Europe, it seems certain that they cannot abandon the principle of the balance of power with safety.

In France and Belgium the allies have overtaken the larger part of Gallia and their influence is increasing in Posen and West Prussia.

Demobilization depended on two factors, he stated. The first was railways and the second shipping.

One of the present problems of demobilization confronting the government is the 40,000 women and children of Canada who are in England.

What has happened in Germany is that the present irresponsible government, really a provisional junta, formed an alliance with the German soldiers' and workmen's councils.

### CANADIAN AVIATOR WINS FLYING CROSS

Pilot and Observer, Both Wounded, Rout Large Enemy Formation.

The King has conferred the Distinguished Flying Cross on Lieut. A. V. Stupart in recognition of gallantry in flying operations against the enemy.

Lieut. A. V. Stupart displayed great gallantry on a recent patrol when he was attacked by seven hostile aircraft, with skill and courage he drove these off and continued his patrol.

### TERRIBLE DEATH TOLL OF TUBERCULOSIS

Calculated to give considerable impetus to the work of the Samaritan Club was the meeting held at the home of Mrs. Harold Tovell, Dentonia Park, yesterday afternoon, when Miss Thornhill presided and Miss Stewart, visiting nurse of the association, gave an address on the work of the organization.

Miss Stewart told of beginning six years ago to help the tubercular poor of Toronto. The national sanitarium opened a dispensary, a visiting nurse and follow-up work were undertaken, and a gathering of a small number of earnest women resulted in the formation of the Samaritan Club, which today has a membership of 1276.

A short talk was given by Miss Margaret McIntyre, who had gone from Canada and served two and a half years with the French Flag Emergency Corps. The speaker told of trying moments under continuous bombing raids, and of the uncomplaining courage of the French soldiers.

## The Turning Point

At grips with the red dragon of war, our boys were face to face with death. They were more receptive to the call of the Higher things.

In the easy-going times of peace the pendulum swings back. They are now facing the grim enemy of young men—temptation.

As the soldiers depart from the battlefields they receive guidance from the Y.M.C.A. abroad. When they return to Toronto, let the boys find the local Y.M.C.A.'s fully manned—strong and ready to attract and hold them.

## Join the Y.M.C.A.

Never in all their history have the Toronto Y.M.C.A.'s faced so great a duty—the work of guidance for the boys at the turning point in their lives. Once again returned soldiers are complaining of conditions imposed upon them during their trip from Britain to Canada. Among the many charges leveled at the Ottawa military authorities relative to the latest alleged transport evils, was that of poor food and worse accommodation.

### RELATIVE INSANITY, SAYS APPEAL JUDGE

Repatriated Between Judge and Citizens Enlivens Assessment Appeals Court.

"The whole trouble here," said Judge Winchester yesterday while considering the appeal of both the North American Life Co. and the owners of the James building on West King street, against the ruling of the court of revision confirming the assessment of \$1300 a foot, "is that most of the property on the north side of the street is leasehold property. That is why you can't rent it. People like to be owners if they are tenants falling all else, and certainly not sub-tenants. That system may be all right in London, Eng., but it's no good here."

Beverly Jones, for the James building property, expressed his opinion that the present assessment of over \$1000 a foot was outrageous. The property had cost money, altogether out of proportion to what had been received on the property.

"What would you suggest as a reasonable figure for the assessment on your property," asked the judge, F. W. Taylor, representing the North American Life property.

"I would suggest \$700 a foot ample," replied the other. "Why don't you make it \$100 and have done with it?" retorted his honor. "You know it is a valuable property and sold at \$2000 a foot only three or four years ago."

"No, it sold at \$2500 a foot eight years ago," rejoined Mr. Taylor, "but since then property in that district has considerably depreciated."

"What would you sell your property for?" asked the judge of Beverly Jones, referring to the James building, which adjoins that of the North American Life.

"Do you mean the leasehold?" naively inquired Mr. Jones.

"The problem of leaseholds is the crux of the question here," concluded his honor. "People on Adelaide street, who own freehold property, are not complaining. I cannot reverse the ruling of the court of revision."

### CAUTION NEEDED IN WINDOW LIGHTING

"The retail merchants have been most loyal to the city in the power shortage," said Mayor Church yesterday. "I have conferred with Sir Adam Beck and the local Hydro regarding the rescheduling of the window lighting order, and the merchants can light their windows now, provided they do not use any more aggregate power than formerly. I hope that the merchants will go slowly in this matter, and only transfer some of the lights from the inside of their stores to the windows temporarily." There has been little or no reduction in the load carried for munitions.

### Green Wood From Parks Burned Experimentally

At his own expense Controller Maguire has had a cord of wood from trees felled by the parks department, split by a local firm, and delivered to two families, to ascertain the actual cost, and whether the green wood is suitable for fuel in the homes. The cost it is estimated will be \$8 a cord.

## THE

# Notice to Hydro Users

*We are advised that the regulation prohibiting the use of lighting for store windows is cancelled on and after Monday, November 25th. This does not apply to sign lighting.*

*Relaxation of the window lighting regulation is with a special view to assisting Christmas trade—not that any surplus of power is at present available. Therefore merchants are requested when using window lighting to exercise such economies in their other demands as to keep their total requirements within existing limits.*

*As long as the Canadian Armies are still overseas large quantities of supplies will still be needed, and it is therefore necessary for the System to rely on the continuation of the loyal co-operation in the saving power on the part of all classes of the community until the extensions now being constructed by the Hydro-Electric Power Commission of Ontario afford an additional supply of power, when consumers will be advised to this effect.*

### Funeral of Late Sergeant-Major Needs, P.P.C.L.L.

The funeral of the late Sergeant Sidney Needs, aged 54, Regiment No. 521, of the original P. F. C. L. T., held on Saturday afternoon, was a notable event among returned veterans in Toronto. Practically every pall-bearer was in the sare of his years, and the funeral was largely attended. It was military in every sense of the word, the gun being carried with the gun-carriage under the direction of the R. C. D.'s. The remains of Sergeant-Major Needs were interred at the veterans' plot in Prospect Cemetery.

# THE BOLSHEVIKI!

## Must We Fight Another War To Save the World From Its Menace?

A shudder runs through the Western nations as they watch the millions of Central Europe plunge from autocracy toward anarchy, and publicists begin to ask if we must fight again—against the new foe.

"Must we save the world from anarchy" is on every lip, and the fact that such questions as these are being asked everywhere is proof enough that "the war does not end when the enemy surrenders," according to *The New Republic*. On the other hand, we find the *Hartford Courant* convinced that the scientific socialism of Germany can never develop the disorder that was bound to accompany the Bolshevism inherited from the old Russian nihilism. And the *Boston Globe* reminds us that "whereas Russia was predominately illiterate, in Germany illiteracy is less than one per cent."

The leading article in *THE LITERARY DIGEST* this week deals with the greatest menace that threatens the conclusion of world peace—the Bolsheviki. Other news-featuers in this particularly interesting number of "The Digest" are:

### How "The Digest" Will Serve You in the Future

Just as *THE LITERARY DIGEST* has provided during the long years of war that have just ended the most authoritative and dependable of news articles from week to week, so now, in the wonderful period of reconstruction that lies before us, it will furnish the vital news upon all the great questions of the day in a similarly interesting and comprehensive way. It will cover fully the movements of our troops in Europe, the return of our armies to their native land, the arrangements for disbanding the various units and restoring their members to civil life, the great readjustments that will become necessary in the worlds of finance, commerce, and industry, the rehabilitation of the wounded and crippled, the means by which they may be made self-supporting, etc. All these and many more allied topics in the social, political, and economic fields, will be treated without bias and with the simple aim of presenting the facts for your consideration and judgment. Study them each week in *The Digest*.

CHURCH UNION IS VERY LIVE TOPIC

Canadian Presbyterians Talking About Amalgamation With Others.

"We must unite with the Methodists and Congregationalists," is the new slogan among the majority portion of Canadian Presbyterians. Organic church union, which was authorized by the general assembly at Winnipeg, is again the burning issue in Presbyterian communion. Its communication will be the outstanding question at the next meeting of the general assembly at the City of Hamilton.

With a patriotic view to concentrate all effort in win-the-war problems, a truce was agreed to by the terms of which both sides bound themselves to drop agitation respecting church union until the close of the war. "So far as we know, the truce has been loyally lived up to," said a prominent Toronto Presbyterian to a reporter for The World, yesterday.

Now that military hostilities are regarded as at an end, the truce between the Presbyterian last-ditchers and unionists is practically at an end, and the organized campaign efforts may be deferred until the opening of the general assembly. When the truce between the Presbyterian unionists and anti-unionists was entered into, the unionists had a militant organization to oppose union with the Methodists, which was backed by several Montreal Presbyterian millionaires, and was regarded as the wealthiest campaign committee in the Dominion. While it contained a number of the leading Presbyterian divines of the old school, notably Rev. Dr. Campbell, Montreal, it was regarded as an anachronism, as it was avowedly campaigning for votes to block a policy which had been overwhelmingly endorsed by a referendum of the Presbyterian membership, and adopted several years in succession by the high court of the denomination. The inconsistency from the unionist viewpoint was emphasized by the fact that church union had already been put into practical operation by the unification of a large number of local Presbyterian, Methodist and Congregational churches in the west, and by the federation under a union committee of thousands of miles of home mission areas in northern Ontario and western Canada.

At the present moment the tension is keen for the first act by the other side. At Montreal the last ditchers are ready to make a stir with the Rev. Dr. Scott, editor of The Presbyterian Record, as their henchman. And, according to a report in circulation in Toronto, "Dr. Scott may make mischief again." The Toronto Presbyterian unionists have Rev. Dr. Haddon and the editorial staff of The Presbyterian Record ready to take the lead in support of the general assembly's organic union policy. Toronto will be the scene of the next official move when a standing committee of the general assembly will meet at St. James' Square Presbyterian Church to make recommendations upon the action taken by the general assembly to bring union with the Methodists and Congregationalists into effect. Rev. Dr. Chaven, Methodist general superintendent of the special committee of the general conference, is empowered and ready to enter into immediate negotiations with a committee of the Presbyterian general assembly and one from the Congregational union to agree upon the details of a basis of union and to ratify it.

WILL DETERMINE COST OF MILK PRODUCTION

The national committee on milk standards has invited Dr. C. J. O. Hastings, medical officer of health, to attend a convention which is to be held in Chicago Dec. 8, for the purpose of determining the cost of production and distribution of milk and to ascertain if the high price of milk is justified. It has been requested that the committee will disclose the effect, if any, that the high prices have made upon the health of people who depend to a large extent on milk for subsistence.

TO HEAR DEPUTATIONS ON MEDICAL MATTERS

The Government of Ontario have appointed Wednesday, December 4, at 10.30 a.m. in the reception room at the parliament buildings, for hearing deputations from the various bodies interested in the recommendations made by the commissioner on medical education in Ontario, so far as these relate to the classes of persons to be entitled to practise medicine in Ontario, and the definition of "the practice of medicine."

A KINDLY WELCOME FOR RETURNED MEN

PEACE has its obligations as well as war. One of these is to remember the obligations we are under to the men who have returned to us. Canadian soldiers who have returned to us in thousands—some have already come back and others may come any day—despite the many ways in which they have been treated, and yet where they could do very gracious service.

NEW BRUNSWICK CARES FOR NATIONAL HEALTH

Premier Foster Tells of Precautions Against Fire and Hopes for Soldier Settlement. Hon. W. E. Foster, premier of New Brunswick, talked interestingly to a World reporter yesterday at the King Edward Hotel concerning the good work already accomplished by his government. The young premier came to office without any previous legislative experience, winning a spectacular victory in the provincial elections of 1917, when a conservative majority government was converted into a Liberal majority of 50. He, therefore, entered upon the discharge of his duties with great enthusiasm and unembarrassed by old-time political affiliations.

"Our government," he said, "is dealing with some pressing problems in New Brunswick, including good roads, forest and game preservation, and agricultural settlement. We are building trunk lines by capital expenditures from the provincial treasury, and are adding the various municipalities to build local roads and branches. We have organized permanent corps of officials to act as game wardens, fire rangers, and scalars. In the past men were hired by one department to look after game, by another to prevent fires, and by a third to supervise lumbering operations on the crown lands. Now all these services are correlated and the men are given permanent positions. We are fighting the plague of the forest fire with modern methods."

"How about soldiers' settlement?" he was asked. "Have you crown lands suitable for agricultural purposes?" "Yes," he answered, "there are great areas of arable land that could be used for soldiers' settlement, and we are now segregating the crown land suitable for agriculture from the timber limits and game preserves. We hope to have a good many of the returned soldiers settle in New Brunswick."

THE HOTELS OF THE CENTURY.

The Grand Trunk System has created a chain of magnificent hotels to serve the traveling public and cater to the social life of the large Canadian cities. In service, design, construction and furnishings they have set a new standard for the Dominion of Canada. They are, in every sense, great hotels, operated by specialists of wide experience. When you plan your transcontinental or other trip, you will be well advised to arrange a stay at these hotels. In the City of Ottawa there is the Chateau Laurier, one of the most beautiful hotel buildings in America. Connected with the Grand Trunk Central Station by an electric-lighted subway, The Chateau Laurier has three hundred and fifty bedrooms, all "outside" rooms, commanding splendid views of the Provinces of Quebec and Ontario. In the City of Winnipeg, on the site of the old Fort Garry of frontier days, there is The Fort Garry. It has a total of three hundred rooms, and confidently challenges comparison with any of the famous hotels of this continent. In the capital city of Alberta, Edmonton, on a site overlooking the Saskatchewan River, is The Macdonald, another notable link in this chain of hotels built for public service. A reservation at The Chateau Laurier, The Fort Garry, or The Macdonald is a guarantee of your enjoying throughout every hour of your stay the fine art of good service, combined with the surroundings of quiet elegance, while the rates at these hotels are most moderate. For further particulars apply to any G.T.R. agent, or C. E. Horning, D.P.A., Toronto.

I.O.D.E. Preventorium Start Work on New Wing

Reports given at the annual meeting of the board of management of the preventorium of the I. O. D. E., held yesterday, showed that the endowment fund of \$60,000 has now been completed, and work begun on the new wing, which will be complete next spring. The physicians' report told of the exceptionally healthy condition of the children, and of their wonderful improvement. Tribute to the fine work of Miss Fraser, the superintendent, and to that of Miss Baker the matron, was given by the management. The officers were unanimously re-elected, and are: President, Mrs. E. F. B. Johnston; vice-presidents, Mrs. W. R. Riddell, Mrs. Edmund Bristol, Mrs. T. Clark; recording secretary, Mrs. W. B. Maclean; corresponding secretary, Mrs. W. F. WEST CARES LITTLE FOR POLITICS NOW

Premier Martin of Saskatchewan, Man of Moderate Views, Discounts Partisanship During Reconstruction. Hon. W. M. Martin, premier of Saskatchewan, left last night for Regina, after a brief visit in Toronto. He has summoned a session of the legislature for Dec. 2, and on that account had to hurry home, after the provincial conference at Ottawa. Mr. Martin is one of the Ontario boys who have made their mark in the west. He was returned to the house of commons from Regina in 1909, re-elected in 1911, and in 1916, at the age of 38, became premier of Saskatchewan. He has been much mentioned as a possible candidate for the leadership of the Liberal party, but at present he is giving his attention to the Union government.

YOUNG PEOPLE WILL RAISE WAR MEMORIAL

Million Dollars is Objective of Presbyterian Societies for Victory Bonds. One million dollars is to be raised by the Presbyterian Young People's Societies and Sunday schools as a war memorial fund. The moneys raised are to be invested in Victory bonds which will be placed at the disposal of the mission board by Presbyterian firms and individuals who subscribed heavily, and the interest will be expended in home and foreign mission work connected with institutions in Canada and the foreign fields devoted to the care and education of children.

MORE TORONTO TROOPS ARRIVE FROM OVERSEAS

Seventy-five returned soldiers reached Toronto from overseas yesterday morning, and received a very enthusiastic welcome from their relatives waiting at North Toronto Station. The party of returned war veterans was the second to reach Toronto since the signing of the armistice. They were, however, the first to leave England since the signing of the armistice, as the preceding party of war heroes reached Toronto three days after hostilities ceased.

DUKE WILL PRESENT MILITARY MEDALS

The Duke of Devonshire will this morning at 10.30 present a number of military decorations at the parliament buildings. After that has taken place he will attend the quarterly meeting of the Canadian Red Cross, at which the president, Noel Marshall, will preside. The chief topic of discussion will be the future of the Red Cross. The organization has become so complete that it seems a pity that it should not continue to render service in some way, such as clothing the refugees of the allied countries.

Give "California Syrup of Figs" If Cross, Feverish, Sick, Bilious, Constipated—They love it

Watch Children Now! Guard Against Colds, Grippe, Sore Throat and Sickness by Keeping Liver and Bowels Free from Poisons

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has the grippe or a sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. See that it is made by the "California Fig Syrup Company." Don't merely ask for Syrup of Figs, but ask for "California Syrup of Figs." Remember, "California."

SOCIETY

General Sir Sam Hughes is at the King Edward from Lindsay. Mrs. Wallace Barrett returned from Oshawa yesterday morning. Mrs. J. Lorne Campbell and Miss Campbell have left for Buffalo to spend a few days. Mrs. Scobie is in New York visiting her daughter, Mrs. George Hayes, for a few weeks.

CECILIAN DRAMATIC CLUB HAS OPENING

The Cecilian Dramatic Club, recently organized under the auspices of the St. Cecilia's Church, Pacific Avenue and Annette Street, gave its initial performance last night of "Erin-go-Bragh." Robert J. Farnon, as the O'Brien person, showed talent of exceptional ability, and shared with Miss Irene Hickey, the bulk of the applause. Both Messrs. Costello, Tobin and Kennedy handled difficult parts superbly, while J. J. Harley furnished some real Irish wit and humor. Mrs. Ed. T. Hickey, Miss A. Beasley and Miss Macdonell fitted nicely in the cast. The G.W.V.A. will share in the proceeds of both evenings' performances.

Toronto Highlanders at Front Send for Regimental Colors

A request that the regimental colors of the 48th Highlanders be sent from Toronto armories to France was received yesterday by Lieut.-Col. John Michie from Lieut.-Col. Bent, officer commanding the 15th High Battalion. The idea is that the Toronto 48th Highlanders members now in France will be able to march into Germany headed by their own colors. The colors were forwarded to France yesterday.

TUESDAY MORNING, NOVEMBER 26.

Crossing the Threshold.

We may be pardoned for reminding our readers once more that the opening gun of the war in 1914 was the knell of the old condition of society.

The Labor party in Britain seems to be the only organized body which has fully grasped the significance of the change, and done it in a reasonable manner without descent into the inferno of passion and hatred.

Just as in the past the civilization of Babylon, Egypt, Greece, Carthage and the great Roman Empire have been successively destroyed, so, in the judgment of this detached observer, the civilization of all Europe is now receiving its death blow.

Last week Lord Robert Cecil practically affirmed the same view, as representing the thought of the other end of the social scale; his attitude is significant.

Lord Robert Cecil professes to have held these advanced views for many years. He is not alone in this respect, but there are still only a few who are prepared to admit that the new world, which has been looked for so long, is no longer a terra incognita.

Disquiet in Germany. News from Germany is disquieting, but need not induce panic. A great deal will depend on the attitude of the former dominant party.

Between the extremists and the reactionaries there stand in Germany, as in every land, the great mass of the middle classes, those whom the Bolsheviki hate and pursue as the bourgeoisie.

yet proceed. Dr. Karl Liebknecht has constituted himself leader of the extremists, and is calling for a revolution in France and Britain similar to that in Russia.

The German junkers have not reformed in any way. The shooting of British officers released from prison camps at Liege is an incident that discloses their unchanged character.

It is obvious that there can be no end of the war in a technical sense, and no signing of peace treaties while there is no constituted government with which to make terms.

The Bolsheviki seem determined that there shall be no government of the people for the people by the people with whom outsiders could treat.

The National Association of Owners of Railroad Securities in the United States has retained an imposing array of legal counsel headed by Hon. Elihu Root to ascertain if possible what is the permanent policy of the United States Government on the railway question.

It would not be surprising to find railway nationalization the one commanding issue in the next presidential election. The Democrats under President Wilson's guidance are likely to nail the flag of public ownership to their mast, and it remains to be seen whether the Republicans will venture to fight a national campaign as the champions of private ownership and corporation management.

The railway employees apparently prefer to work for the nation, and are proposing to raise among themselves a sufficient salary for Mr. McAdoo as director general. It is not often that an official is so popular and efficient that the people he serves are anxious to augment his salary by voluntary contributions.

THE PACIFIST. Weary of war, are you? Sick of the stress and strain? What of the spirit true out in the vales Full of a purpose high, bearing with never a faint; Uttering never a cry—Here, and there, and Saint;

"CARRY ON, JACK, CARRY ON!"

THE WIFE By JANE PHELPS

Ruth and Brian Quarrel.

Ruth had seen Brian's smile and interpreted it rightly. Oh why had she accepted her employer's offer?

"Yes, I was with her. We had dinner together, and a jolly little dinner it was, too. There were women who appreciated my society, you see, even if you do not. But I left Miss King at nine o'clock and went with the Mollie; I tell you this because of Mollie; not to please you." He arose from the table, put on his hat and left the house.

Ruth had tried to speak, tried to tell him that she could not. Her tears flowed fast as she threw herself on to her bed and sobbed out her misery.

That was all! Just "Yes," Ruth bit her lip until it bled, to keep back the angry retort. Then, unable to control herself longer, she asked abruptly:

"Where were you last night, Brian?" Deliberately Brian took off his coat and hung it up. Then he looked steadily at her and replied: "Oh, where I was, I have known for a long time; in fact I have been warned that I would take you from me. For all I know, he has."

Ruth was amazed. Was this man, speaking to her like this, her Brian—the man who loved her, and whom she loved? He had put her in the wrong, so making it impossible for her to say anything as long as he took that attitude toward her. So she followed him to the table trembling and aching to have a good cry.

"I found the blotter with which you blotted your note—your note to Mollie King," she had mentioned the name on impulse, but his quick flash of look of guilt, his muttered oath, showed plainly that she was right in her surmise.

IDA AT THE CITY HALL

BY IDA L. WEBSTER.

Each man had been endowed with some sort of a gift. Some of them one thing, and many of them another; but rarely indeed do you find a person who has unlimited accomplishments.

To the ordinary citizen a newspaper man either means that a fellow is one of remarkable brains or he is a mutt of the worst sort. Usually, if they would stick to the latter idea, they would be nearer the truth, but then why let everyone in on it?

We called on his worship the mayor, but he would not say whether he was really and truly going to run again at the coming elections.

Later on we went into the property committee meeting, and saw 12 of the very healthiest-looking men who would appreciate my society, you see, even if you do not. But I left Miss King at nine o'clock and went with the Mollie; I tell you this because of Mollie; not to please you.

That was all! Just "Yes," Ruth bit her lip until it bled, to keep back the angry retort. Then, unable to control herself longer, she asked abruptly:

Ruth was amazed. Was this man, speaking to her like this, her Brian—the man who loved her, and whom she loved? He had put her in the wrong, so making it impossible for her to say anything as long as he took that attitude toward her.

Other People's Opinions. Editor World: Nov. 21, 1918, was undoubtedly the greatest day in the history of the British Empire—aye, of the world—up to that it saw the ignominious surrender of the British navy to the German fleet and marked the death knell of the German dream of ascendancy on the seas.

There will be no doubt be bitter attacks on Lloyd George in England, but this is common politics. He is entitled to credit for the effective steps which have resulted in the allied victory, not the least of which was the effective part he took in the appointment of Marshal Foch as generalissimo, which has been acknowledged by the highest authority.

Editor World: In the issue of your paper of the 31st instant you say among other things, "The Mond Nickel Company has been paying dividends to German stockholders during the war."

Political Notes

The Montreal Gazette is of the opinion that the Canadian Parliament will meet in January and that Sir Robert Borden will be back in Canada soon after the empire's statement have had a meeting in London and practically shaped up the British demands to be presented at the peace conference.

The Ottawa Citizen thinks Hon. Mr. Crean, the minister of agriculture, is more in line with progressive opinion in regard to Canadian politics than anyone else in the cabinet, and that he has been a strength to the Union government since he joined it, and may be, later, a national leader in regard to the democratic views of Canadians generally.

The Winnipeg Telegram wants parliament called at the earliest possible moment on account of the large number of questions which require attention.

Sir Clifford Sifton has resigned the chairmanship of the Canadian Conservation Commission. His reasons for this have not yet been disclosed.

Hon. W. S. Fielding, in his paper, The Journal of Commerce, says it is not likely that any of the British dominions will have a direct representative on the peace commission. But their views can easily be got forward by consultations between the home government and the governments of the dominions.

TODAY'S POEM

HALF-A-DOLLAR A WORD. By Robert Todd. 50 cents a word, you bet. That is what I ought to get. For my verses that run like this: Wouldn't it be filled with bliss? Feet? Get out! It's foot you mean. You must think I'm awful green.

My boot's only number nine. 50 cents a word! Gee whiz! Nothing like the writing biz! I've got it? Well, not much! That's for Teddy, Kip, and such. Toronto, Canada.

statement is not correct. The facts have been carefully investigated, and if you will look at the official report of the Parliamentary Debates of the House of Commons of Monday, 21st of October, 1918, pages 116, 101, you will see that your statement, according to the imperial Board of Trade, is quite without foundation.

MORE PORTS RELEASED FOR SHIPPING GOODS. Instructions have been received from the department of state that the signing of the armistice makes possible considerable relaxation in the exportation of commodities from United States ports heretofore conserved for war purposes.

There will be no doubt be bitter attacks on Lloyd George in England, but this is common politics. He is entitled to credit for the effective steps which have resulted in the allied victory, not the least of which was the effective part he took in the appointment of Marshal Foch as generalissimo, which has been acknowledged by the highest authority.

GOVERNMENT IGNORES TORONTO FACILITIES

No Reason Why City Should Not Share in Shipbuilding Program.

Mayor Church expressed great dissatisfaction yesterday over the fact that Toronto does not figure in any way in the government's ship-building program, as published in the official record. According to the statement of the Hon. C. C. Ballantyne, minister of marine and fisheries, contracts have been let for 21 steel steamers of various tonnage.

The vessels in question are being constructed at Montreal, Collingwood, Vancouver, Three Rivers, Fort Arthur, Halifax and Kingston.

"THE VERY IDEA"

Gertrude Bernard Snow has found a formidable rival in William Le Baron, whose comedy, "The Very Idea," was put on at the Royal Alexandra last night and kept the audience in spasms till the last word of the last act.

Miss Hamilton, who is the inter-locutor in the play, is a very interesting character, and her performance is a perfect study in the art of the actress.

BLANCHE RING AT SHEA'S. Toronto theatregoers this week have the pleasure of hearing Blanche Ring, one of the favorite singing comedienne of the vaudeville stage.

"INNOCENT MAIDS" BACK AGAIN. Back again with all its special attractions, the "Innocent Maids" appeared with the usual matinee at the Star Theatre yesterday afternoon.

DOUBLE FEATURE AT REGENT. There is a splendid double feature program at the Regent this week, embracing the world famous comedian, Charlie Chaplin, in his latest release of the million dollar series, "Shoulder Arms," and Bert Lytell in a remarkable comedy which has up to the present never been attempted.

EVERYBODY'S GIRL—MADISON. Quite an appealing vehicle is the Vitagraph production, "Everybody's Girl," the production of one of O. Henry's most widely-read stories, called "Buck and Prentiss." It loses nothing of its charm in motion picture form. Alice Joyce is very natural in the role of Florence, the little hair trimmer. There is plenty of action in the picture, albeit it is a love story that runs almost true to form.

SHIPMENTS ARE SENT TO CANADA'S FIGHTERS. Mrs. Arthur VanKoughnet, convenor of soldiers' comforts department of the Women's Patriotic League, reports for the week ending Nov. 23 the following shipments to the Canadian field comforts commission and Canadian Siberian expeditionary force: 1624 pairs socks, 225 handkerchiefs, 90 pairs of underwear, 84 towels, 22 pairs of shirts and 75 individual parcels, quantity of half-gloves, magazines and books.

BAILED HAY CONTAINS \$12,000 JOY WATER. A car load of "joy water" was confiscated yesterday by the Ontario Licensing Department. The liquor came from Crane Hill, a small station on the C.P.R., where an exciting time was had in rounding up the valuable liquor. "Bailed hay" was the way it was consigned from Montreal to parties unknown in Crane Hill. It was broken into and some stolen, while it lay on the siding, and a chase took place after the thieves.

EVERYBODY'S GIRL—MADISON. Quite an appealing vehicle is the Vitagraph production, "Everybody's Girl," the production of one of O. Henry's most widely-read stories, called "Buck and Prentiss." It loses nothing of its charm in motion picture form. Alice Joyce is very natural in the role of Florence, the little hair trimmer. There is plenty of action in the picture, albeit it is a love story that runs almost true to form.

BAILED HAY CONTAINS \$12,000 JOY WATER. A car load of "joy water" was confiscated yesterday by the Ontario Licensing Department. The liquor came from Crane Hill, a small station on the C.P.R., where an exciting time was had in rounding up the valuable liquor. "Bailed hay" was the way it was consigned from Montreal to parties unknown in Crane Hill. It was broken into and some stolen, while it lay on the siding, and a chase took place after the thieves.

### MAY NEED AN EXTRA GAME IN HIS GROUP

School Lead Their Mulock Cup Group by Monday Victory.

It looks as if an extra game will be needed in one group of the Mulock Cup series. S. P. S. came home yesterday in a nice fashion, downing Meds. 5 to 3 in a scrappy game. This leaves School with three victories and one defeat. The St. Michael's record is two wins and one loss. Meds have been beaten in all three. School on Wednesday and the date makes it look like an Irish win and the group tied up. Then an extra fixture will be necessary to get a group winner for the final.

In the first half yesterday, School failed a kick and sent the ball-carrier around the end and over for a try. It was not converted. The score was 0-0. In the second half, School scored by the future engineers. With the wind in the last quarter Meds forced two runs and gathered in a lone point in the first half. This left the final score 5 to 3.

### GOLF FUNDS STILL COMING FOR THE RED CROSS DRIVE

Further returns in connection with the Red Cross drive of the Royal Canadian Golf Association, would seem to indicate that the final returns will go over \$45,000. The banner club turns out to be the London and Country Club, which went over the top to the magnificent tune of \$1,853, almost double the amount subscribed by any other club in the Dominion. This wonderful effort was made by the club's members, who have not only the silver cup presented by Mr. Frank A. Holt, the president of the R.C.G.A., for the club, irrespective of membership, contributing the largest total, and also the silk banner for the largest subscription per membership. The second club would be the Toronto Golf Club, which unofficially has yet repaid \$3,000 with some returns still to come. The third club on the honor roll is the Victoria Golf Club of Victoria, B.C., with the highly creditable contribution of \$2,634.80. Victoria will win one of the silk banners. The next largest contributor is Leamington, Ont., with the Hamilton Golf Club sent a cheque for \$1,585.85. Other splendid contributors are Mississauga, Toronto, \$1,700; Caledonia Golf and Country Club, \$1,200; Rosedale, Toronto, \$1,000; Lakeshore, Toronto, \$1,000; Scarborough, Toronto, \$1,000. Altogether over \$22,000 has already been sent into the Red Cross drive, and the amount reported, so the \$25,000 objective, and eventually more, looks like a certainty. So successful is the drive, that it is generally urged by golfers that it may be extended to a year, preferably with a much earlier start. May 21 is suggested by several clubs as the ideal day for the drive, which will not be affected by the cessation of the war. It is an urgent need of patriotic funds will for years to come.

### BEACHES TO GO AFTER MANN CUP

The Beaches Lacrosse Club, senior champions of the O.A.L.A., 1918, are going to try and bring the Mann Cup emblematic of the amateur lacrosse championship of the world, to Toronto. The east end team will send a challenge for this cup to the trustees thru the O.A.L.A. and expect to be awarded dates next spring.

Kred Waghome, president of the O. A. L. A., and secretary of the Canadian Amateur Lacrosse Association, is writing President Hayden of the C.A.L.A., in regard to the challenge, and another effort will be made to have the cup turned over to the association and games arranged each year on the plan of the Allan Cup fixtures in hockey.

J. Percy Parliament, an officer of the Beaches Club, is the main mover in the matter of having the Toronto Club going after the cup.

**HARD COAL PROBLEM WORSE THAN EVER**

Canada Cannot Hope for More Than the Original Allotment.

**OUTPUT FALLEN OFF**

Influenza and Peace Celebrations Have Reduced It 300,000 Tons.

Ottawa, Nov. 25.—C. A. McGrath, fuel controller, has returned on a trip to New York and Washington which he undertook in order to obtain first-hand information in regard to any changes in the coal situation brought about thru the recent cessation of hostilities in Europe.

The anti-trust situation, which, affecting as it does the largest number of consumers, may be regarded as the more important, does not appear to have been reflected in any way. On the contrary, certain developments have occurred which are liable to create an even greater problem than was anticipated. The general situation of the mining districts absolutely demoralized the output for the time being. The shutting down of mines due to peace celebration has also had a detrimental effect. The United States fuel administrator had expected an increased output, but it would now appear that production up to the beginning of November has fallen 800,000 tons behind that of the corresponding period last year. There is, however, a possibility that the closing down of munition industries may have the effect of diverting a number of workers to the mines in which average output may partially be overtaken, but this is purely problematical. The situation therefore, is that, while Canada is reasonably assured of the tonnage of anthracite coal allotted to her by the fuel administration earlier in the year, there is no possibility of this tonnage being increased. This tonnage allotted approximately twenty-five per cent. lower than that imported into Canada during the last coal year, it will be evident that every year exists for the greater measure of conservation in the use of hard coal and to utilize substitutes in the way of bituminous coal or wood, wherever it is possible to do so.

**Soft Coal Situation.**

Mr. Maitland found the soft coal situation much more complicated. Reports had been received by him prior to leaving Ottawa of the cancellation of bituminous coal contracts on the part of Canadian manufacturers and the feeling amongst buyers of soft coal seemed to be that there was every evidence of over-production. In some cases which came to the fuel controller's notice large consumers were holding up placing orders evidently in the hope of a slump in prices.

After an investigation of the situation south of the line, Mr. McGrath has returned with the hope of any reduction in the price of coal of any class. The cancellation of munition contracts will apparently result in a temporary reduction in the market for coal. The fuel controller is of the opinion that the price of essential industries which have now been abolished will undoubtedly result in these industries going into the market for coal supplies again. There is, therefore, little probability of any industrial coal being absorbed within a reasonable time.

It is possible that a short period of increase before peace industries in the United States are running at normal capacity again and during this period industrial coal may be comparatively scarce. The fuel controller is of the opinion that the price of coal will not be so high as it was during the war, but that it will be higher than it was before the war.

**Why EDDY'S Matches are Better**

THERE are two big reasons why Eddy's Matches are better than others. The first is wood, and the second is machinery. Matches require soft, smooth-fibred pine. Other wood does not make a perfect product. The House of Eddy can use only perfect blocks for matches because the rest of the wood can be used for paper or indurated fibreware.

The perfect match is the machine-made match. Absolute uniformity can be obtained in no other way. But match-making machinery is expensive to install and to operate. It requires a tremendous output to make it use profitable. No small manufacturer can afford to use it. 70,000,000 matches a day enable the House of Eddy to maintain automatic machines which would be impossible with a small output.

Think of this when you buy matches. Eddy's matches represent no waste—no use of poor material—no variations from standard. In these days when the tax on matches more than doubles their cost to you, it is worth while to consider the subject a little more closely.

When you buy matches see that Eddy's name is on the box. It is your best guarantee of satisfaction.

**Is This Your Bill?**

"The Sins of the Flesh" are punished in this world—not in the next.

Disease is not an accident, nor is it sent by Providence. It is Nature's punishment for the breaking of her laws.

Hemorrhoids, for example, occasion an infinite degree of discomfort, suffering and misery. So does a fissure or a fistula.

But such punishments are meted out to those who sin against Nature in two ways, by neglecting to maintain regular, easy, thorough evacuation of the bowels—who form the bad habit of constipation—or what is a worse habit, the taking of pills, castor oil, purgative mineral waters, salts, etc., with the mistaken idea of overcoming constipation by forcing the bowels to move unnaturally.

But the Nujol Treatment for Constipation prevents such sins of the flesh, or mitigates the punishment therefor.

Nujol helps to re-establish easy, regular, thorough evacuation of the bowels.

Nujol is not a drug, does not act like any drug. Nujol is absolutely harmless.

Nujol keeps the waste matter soft, moist and easily voided.

Nujol is not absorbed, does not effect the body—acts as a mechanical lubricant, which can be used for any length of time.

Get Nujol from your druggist. Take Nujol according to directions.

**POSITIONS STILL OPEN FOR 50,000 VETERANS**

Ottawa, Nov. 25.—Of 124,000 members of the Canadian expeditionary forces who do not wish to follow agricultural pursuits after the war, over 50,000 say that the positions they held before enlistment are open to them on their return. This figure has been made available to the repatriation committee of the cabinet by the analysis of national service cards signed overseas by 230,000 soldiers early in 1917.

In addition to 51,308 who definitely stated their positions were being held open for them, 14,422 said they were uncertain or doubtful. There were 18,556 who did not answer the question and 45,154 who asserted that their positions were not open.

**CONCILIATION BOARD ELECTIONS**

H. W. Harper, general organizer for the International Union of Marine and Shipbuilding Workers of America in Ontario, for the employees and Hon. P. H. Plimpton for the employers, were yesterday elected to the board of conciliation which will deal with the grievances of the men of the Toronto Street Railway Co. The men are receiving from 30 to 37 cents an hour; they are asking for 43 to 48 cents an hour, and better conditions generally.

**SOCIALISTS BEATEN IN NEW YORK RIOT**

Soldiers, Sailors, Marines Attack Meeting, Dispersing Participants.

New York, Nov. 25.—Hundreds of soldiers, sailors and marines broke thru a cordon of police surrounding a meeting of the International Socialist League in New York City, and attacked the meeting. The meeting was held in the city hall and was attended by a large number of socialists. The police used force to break up the meeting and disperse the participants.

**EXTENSIVE CREDIT IN CANADA OFFERED**

Borden Will Make Arrangements for Purchases for Reconstruction.

Ottawa, Nov. 25.—The story emanating from a Montreal financial paper that Canada will forego all claim for indemnity against Germany, if a billion dollars is expended in Canada for material to be used in reconstructing northern France and Belgium, is declared by Sir Thomas White to be devoid of foundation.

Asked in regard to the matter, Sir Thomas said the question of indemnity against Germany has no bearing on the right which Canada asserts of participation with the other allies in business arising out of the restoration of the devastated countries. The position is that the prime minister took with him to England a memorandum prepared by the minister of finance offering an extensive credit in Canada for the purchase of material and supplies to be used in the work of reconstruction. In return for this credit, which would be expended entirely in Canada, the government would accept the securities of an international commission backed by inter-allied credit or the securities of one or more of the nations concerned. Such securities might be collaterally secured by any indemnities to which the nations in question might be entitled from Germany. So far as the Dominion is concerned, there would therefore be no additional interest charges owing to the increase in national debt incurred in establishing the credit here. The interest which the Dominion would receive upon such a credit would be equivalent to the interest which the Dominion would pay upon loans issued to the Canadian people for the purpose of raising the money.

**PRESIDENT PETITIONED TO AID IRISH CAUSE**

San Francisco, Cal., Nov. 25.—Roman Catholic organizations were notified today by United States Senator James D. Phelan that he was to present a petition of the Roman Catholic clergy of California to President Wilson, asking that Ireland's political freedom be espoused by the United States at the peace conference. The petition was signed by Archbishop Edward J. Hanna of the archdiocese of San Francisco, and Right Rev. John J. Cantwell and Thomas Grace, bishops of Los Angeles and Sacramento dioceses, and 800 clergymen in the state.

Similar petitions from all parts of the United States were being signed today for presentation to the president, it was announced. None of the clergymen who are American citizens are permitted to sign the petitions, it was said.

**OXIDATED IRON**

"I believe in the great physical activity largely due to my personal use of Oxidated Iron," says Dr. Wm. H. Kerr, Former Health Commissioner Wm. H. Kerr, of the City of Chicago. From my own experience with Oxidated Iron, I feel it is such a valuable blood and body building preparation that it ought to be used in every hospital and prescribed by every physician. Oxidated Iron helps men, women and stronger, sturdier, and longer lived. Oxidated Iron is guaranteed or money refunded.

BRAZILIAN SHOWS
THREE-POINT LOSS

Canadian General Electric is
Only Firm Issue on
Toronto Exchange.

Declines were general on the Toron-
to Exchange yesterday in sympathy
with the broad liquidating movement
in New York, but Brazilian was the
only issue to close the day with a
pronounced loss.

The steel stocks were inactive, but
distinctly on the heavy side. Dominion
Iron selling 7-8 lower at 61 1-8 and
Steel of Canada 1-8 off at 68 7-8.

Big Gain in Deposits Shown
In October Bank Statement

Ottawa, Nov. 25.—Canada has again attained a new record in savings bank
deposits. Bank figures for the month of October show an increase in assets of
approximately \$131,000,000, as compared with September figures. The reserve fund
shows a drop of approximately \$3,000,000 because of the absorption of the Bank of
British North America by the Bank of Montreal.

SEVEN-POINT GAIN
BY KIRKLAND LAKE

Beaver, as Owning Company,
is Also Strong—General
Market Steady.

Kirkland Lake shot to the front in
yesterday's trading on the Standard Ex-
change with a net advance of more than
seven points on a turnover of more than
1,000 shares. Beaver, with its holdings
of about three-fourths of the Kirkland
Lake stock, was naturally strong also.

The market in general was active, and
the tone was good considering the un-
settledness on other exchanges. While
the outlook for securities in other markets
is somewhat mixed, it is recognized that
the effect of peace upon the mining
industry can not be other than
beneficial. Dome's production of New
York to 13.6% was apparently sym-
pathetic in origin as material losses ex-
tended through practically the entire list.

NEW YORK CURB VIEW
