

Of Interest to Women

Ice Cream Not Sufficient.

NEW YORK, May 7.—The crusade formed against ice-cream-and-cake compensation for entertainers who appear in drawing rooms and church festivals is gaining an international impetus.

The International Arts Club for the protection of entertainers and artists who give their talents in exchange for a rigid smile, demands that its members shall be compensated for their work of entertainment.

It is a long cry from Syracuse to Los Angeles, where two new branches are already in progress, but these places have been impressed by the trend of the organization for beginners and even full-blown professionals.

"We have three hundred members," said its president, Mrs. J. Christopher Marks, to-day, "and with our two new branches started we are satisfied we are going to do effective work by next year. We started about a year ago and just see how far west we are known already."

Among its new members are Miss Mary Mackie, a pretty Toronto girl, who hopes to start a branch in her city. "I don't think anybody realizes how much we give in exchange for a dish of ice cream," she said. "A have sung myself hoarse at afternoon teas and even private affairs where people expect me to give them something for nothing in the cause of friendship."

"Since I have belonged to the club they know what I expect. Even an individual house at afternoon teas and even private affairs where people expect me to give them something for nothing in the cause of friendship."

The executive committee of the Dominion Council of the Young Women's Christian Association of Canada was held yesterday at the residence of Mrs. D. S. Thomson, Queen's Park, president.

Mrs. Robert Kilgour, who has just returned from the coast, presided. The new associations which were organized last year in Brandon, Moose Jaw, Calgary and Edmonton are making most encouraging progress.

A building campaign covering two weeks is being laid in Winnipeg in which a large number of the most prominent citizens are taking part. Sherbrooke Y.W.C.A. is rejoicing in the fact that Alderman and Mrs. C. Howard have presented to them what has long been regarded as the best taken in as much as six college associations of Toronto are to have an intercollegiate secretary next fall.

Personal Dr. Westrope Macdougall is in Ottawa for a visit to Mrs. William Macdougall.

Mrs. Pudger and her daughters have left for England, where they will spend some months.

Mrs. J. S. Dignam left yesterday for New York, where she will stay immediately for Glasgow, to be gone until Aug. 15.

Mrs. William E. Douglas will receive with her mother, Mrs. Hanna Blake Froude, at 132 West Roxborough-street, this afternoon and again this evening.

The Misses Gordon, Rushmore-road, will not receive again this season.

The final meeting of the Toronto Chapter of Nurses will be held this evening at 8 o'clock in the Canadian Institute, 128 College-street. All nurses are invited to this social evening.

Bishop McEvoy of London was in the city yesterday on private business.

Mrs. Humphrey Ward was in Montreal yesterday and addressed the Canadian Women's Club.

Mrs. E. J. Powell, 357 Palmerton-avenue, will not receive to-day nor again this season.

The meeting of the Creche, 374 Victoria-street, will be held on Monday, May 11, at 8.30 p.m.

Central Ontario School of Art and Design.

At the annual meeting of the members of the above school, the following gentlemen were elected directors for the ensuing season: W. H. Elliott, president; Y. Ellis, vice-president and treasurer; R. F. Gaegen, C. W. Jefferys, I. D. Kelly, F. H. Bridgen, T. Roden, I. P. Murray, Robt. McCausland. The attendance at classes and results for the next session have been very satisfactory.

Great cause for regret is the loss of the coats and appliances which were practically all destroyed in the recent fire at the art gallery.

New Orleans Double Blaze.

NEW ORLEANS, May 7.—Twelve hours after it was thought that the fire which had been destroyed the stores of S. F. H. Hansell & Bro. and H. B. Stevens & Co. in Canal-street, had been entirely subdued, it broke out this morning in the store of the Dreyfus Co., limited, next to the other burned building. The Dreyfus building, with a large stock of goods, was destroyed, thus bringing the total losses up to \$500,000.

Toronto World's Beauty Patterns

A Smart Misses' Skirt

6182. Misses' Pique-gored tucked skirt. Cut in sizes 12, 14, 16, 18, 20 years. The 18-year size will require 5 1/2 yards of 44-inch material. This stylish skirt is laid in tucks, stitched to simulate box pleats. It fits closely around the waist while given a wide flare at the foot. Broadcloth, serge, linen and gingham will all develop well after this design.

ANGLICAN W. A.

Yesterday's Sessions—Many Reports and Addresses Heard.

The sessions of the Women's Auxiliary of the Anglican Church held in Guild Hall, McGill-street, were well attended yesterday.

Miss Macdonald, the secretary of the junior society, reported 67 branches; two were disbanded and there were four new ones. There are 1561 members, an increase for the year of 131.

The receipts for the year were \$1094.91. Mrs. Plewes, secretary-treasurer of the members' branch, reported the membership at 310, an increase of 57. The receipts were \$100.73.

Mrs. Webster reported, that a memorial be erected to the late president, and that in January, 1909, an offering be made, unless enough money is secured by that time.

Mrs. Cummings, second vice-president, presided at the afternoon, Rev. H. S. Lloyd, New York, gave an address on the work in India and China. Mrs. Bigwood reported on the E. C. D. Mrs. Bigwood reported on the E. C. D. Mrs. Bigwood reported on the E. C. D.

Miss Simpson, the secretary-treasurer of the ladies' circle, reported 2896 leaflets taken in the Toronto Diocese. The receipts were \$1106.51.

Mrs. Cartwright presided at the evening session, and Mrs. Connell of the Church of England Deaconesses' Home gave an address on the training of missionaries, and Mrs. Gibbons followed with a talk on "Call to Service." Rev. T. B. Westgate, East Africa, gave an address, with illustrations, on the work in the German African protectorate.

Last year's officers were nominated for re-election.

Toronto City Mission.

At the monthly meeting of the board of the Toronto City Mission there was a large attendance of members and the three representatives presented excellent reports of work done during the past month. Rev. Robert Hall reported the appointment of Miss Smith as Bible woman, also the appointment of Mr. and Mrs. Mallett to take charge of the Irish Air Home at Bronte. The appointment is a good one, Mrs. Mallett being an experienced and efficient Bible woman, as well as a good housekeeper. The first company of sick folk will be sent out for a two weeks' rest on June 3 and the work will be continued through the summer. Arrangements have also been made to resume the Gospel Carriage meetings as soon as the weather settles. The missionaries and Bible women are pushing the house-to-house work among the poorer and more crowded parts of the city, bringing the Gospel to the non-church-going population and are ever ready to assist the poor and needy. Funds are urgently needed to carry on this great and good work.

AT THE THEATRES

Sir Frederick Bridge will return to Toronto on his homeward way after his visit to the west on Monday evening, May 25th. He will by special request deliver a lecture on "Hymn Tunes" with special reference to the new hymn tune book of the Methodist Church, of which he is the editor. The lecture will be illustrated by a choir of over 100 voices, comprising singers from several of the churches, with Albert Archdeacon, the splendid English baritone, as soloist. Sir Frederick Bridge will play the organ in a number of the accompaniments.

The announcement that Ben Greer is to return to Toronto for a season of pastoral plays will be received with the greatest interest. The plays will form part of the program of commentaries on the Bible, which will be given as hitherto in the Dean's garden, where the old elms, oaks and maples make a delightful music-scene. Six performances will be given beginning Wednesday evening, June 10th. Among the plays are "The Merry Wives of Windsor," "Midsummer's Night Dream," "The Tempest," "As You Like It," "Twelfth Night" and "Two Gentlemen of Verona."

LITTLE TROOPER INJURED.

Miss Alma Hearn, wounded in the Duel Scene at the Grand.

During the performance of "The Little Trooper" at the Grand last evening, Miss Alma Hearn, who plays the principal role, and has a sword combat with an officer, received a nasty cut on the hand during a sword fight. She failed to parry. The wound bled profusely, but the little lady bravely went thru with her role, and as she sang she bound up the fingers with her handkerchief.

When the act was finished Dr. Hodgson, one of the leading surgeons, attended to the injury, and Miss Hearn finished the third act as if nothing had happened.

BURIAL AT SEA.

VICTORIA, B.C., May 7.—On Sunday morning, May 3rd, a Honolulu and Victoria, the steamer Aorangai, which arrived this morning from Australia, was stopped for a moment at St. Hans Dietz, 3-year-old son of R. Dietz and wife, from Samoa, fell from the boat deck and died soon afterwards.

CONCILIATION.

WINDSOR, May 7.—(Special.)—Customers of the local circulation received letters to-day. A Windsor woman enclosed 12 cents in stamps, a Chicago lady sent a twenty-cent woman in Medicine Hat remitted \$5.00.

Cyclist Hit by Car.

While crossing Queen-street at Soho-street on his bicycle at 10 o'clock last night, Nima Cohen, 26 years, 22 1/2 Bulwer-street, was seriously injured by a bound Queen car, 944. He sustained a severe scalp wound and an injury to his right shoulder. He was removed to St. Michael's Hospital.

Undesirables Barred.

VANCOUVER, B.C., May 7.—As a result of the extensive boundary inspection system inaugurated by the Dominion government between Vancouver and Victoria, the great majority of the undesirable aliens who have been taken by the Ottawa authorities to preclude all undesirables from Prince Rupert.

Seeding in Wheat.

EDMONTON, May 7.—Reports received by the Edmonton district indicate that seeding operations are about complete in the Edmonton district. The seeding of wheat has been an increase of from 20 to 30 per cent. A great deal of wheat will be sown.

C.P.R. Buffalo Excursion.

Buffalo and return for \$2.00, good on C.P.R. 9.30 a.m. train next Saturday, May 9. Tickets good to return on special leaving Buffalo, 11.00 p.m. Saturday, or on regular trains until following Monday. C.P.R. city ticket office, corner King and Yonge-sts. 345

Central Time in West.

REGINA, Sask., May 7.—The movement for "fast time" has become general, and it is not without the range of the continent that the whole of Saskatchewan will adopt the central standard.

Injuries Fatal.

OWEN SOUND, May 7.—(Special.)—Mrs. Thomas Hughes of North Dundas-street, who was seriously injured by the runaway accident yesterday, died at the hospital this morning. A family of grown up children survive, and another aged father lives in Texas with another daughter.

Not the Man.

Detective Mackie went to Buffalo yesterday and decided that Chester Barker, under arrest there, did not commit the jewel thefts of last week.

SPRING CLEANING BECOMES A PLEASURE TO THOSE WHO USE

BLOWN FROM THE BRIDGE? YOUNG MAN'S ODD DEATH

Thomas Hubbard, a Driver, Killed by a Fall Into Rosedale Ravine.

"I think that the man must have been blown from the bridge. Such a thing is unusual, but the wind was very strong. I do not, however, think that an inquest is necessary, as there is only one other explanation of the death, and that is suicide. In either case there is no further action to be taken."

MR. BRODEUR'S REPLIES.

Mr. Borden Finds They Don't Agree and Asks Why.

OTTAWA, May 7.—(Special.)—Sir Frederick Borden, replying to question to-day, said he was in communication with the Quebec temporary commission as to the participation of the army and navy veterans in the celebration. Although the veterans had paraded before the Prince of Wales in Toronto, it involved no expenditure so far as the government was concerned. Nothing had been settled as to the regulations that would take part. It was not desirable that a question as to what regiments had intimated their willingness to go to Quebec should be answered at present.

POWER CONTRACT SIGNED.

Mayor Affixes Signature—Too Many FINDLAY ON TRIAL.

The signing of the city's contract with the hydro-electric power commission by Mayor Oliver yesterday was an event memorable in civic history. The ceremony took place in the mayor's office, in the presence of the board of control, City Treasurer Coady and the Ontario railway board. The agreement was in duplicate, each document bearing the signature of Hon. Adam Beck, chairman of the board, and the mayor. The agreement was signed first by Mr. Coady, the mayor following with his bold signature.

FOUR DIE IN NEW YORK FIRE.

NEW YORK, May 7.—Four persons were killed and 12 injured early to-day in a fire of incendiary origin, which practically destroyed a five-story tenement house. Policemen carried several children to the ground before the firemen arrived. By the time men, women and children were packed so closely on the fire escapes that no one could get down. More than 100 persons were rescued.

EAST TORONTO LAWN TENNIS CLUB.

Tennis Club was held Wednesday at the home of Dr. Demary's, the following officers being elected for the year: Hon. president, Rev. T. H. Rogers; hon. vice-president, Miss I. LeMay; president, Mr. French; vice-president, T. Phalen; secretary-treasurer, Noel Drummond. It was decided to hold opening day on May 16, weather permitting. Another meeting will be held on Friday night, May 8, in Y.M.C.A. parlors, to consider plans for the erection of a new club house. All members are requested to be present.

When Pain Follows Physic, the Physic is Wrong

Pain is always a symptom of injury. Gripping means that the physic is harsh—that it irritates. You injure the bowels when you seek to help them in that way. The bowels lining like the skin—become calloused if you constantly irritate it. The hardened lining retards the natural functions. Then you have a chronic condition calling for constant physic. And the calloused bowels demand a heavier dose. Such physic is wrong. It is wicked. It destroys the very functions that you seek to aid.

CHARLES HARDY

343 YONGE STREET

CONGRATULATE EMPEROR

Francis Joseph Recipient of Royal Congratulations.

VIENNA, May 7.—The heads of the princely houses of Germany, led by Emperor William, have assembled in Vienna to present their congratulations to Emperor Francis Joseph on the occasion of the diamond jubilee of his reign as emperor-king of Austria-Hungary and to inaugurate a series of festivities with which the jubilee is to be celebrated thru the dual monarchy.

Growing a Foot a Day.

During the long drought of last spring in Mauritius a singular spectacle, amid the stretches of drying and desiccated plants, was presented by the white flowers of grass alone standing and sprang up on the mountainsides and over the waste lands with amazing speed. At the time of flowering shafts as thick as a man's arm shot up from the heart of the plants, grew from 15 to 18 inches in 24 hours, and reached a height of 30 feet. A cluster of aloes before the flowers appear resembles a gigantic asparagus plant.

No Reciprocity. A Yorkshire farmer was asked to attend the funeral of a neighbor's third wife and as he had attended the funeral of the two other his own wife was rather surprised when he declined this invitation. On being pressed, he gave his reason with some hesitation. "Well, there sees, folks, it makes a chap feel a bit awkward-like to be alive attending other folks' funerals when he never has nowt a' sorrow of his own to 'em back to."

AN INDEPENDENT GOVERNOR.

Too little attention is being paid in Canada to the remarkable campaign now being carried on in New York State by Governor Hughes. His immediate object is to create and direct public opinion on behalf of the measure designed to abolish the office of Governor, which was rejected by a small majority of the senate composed mostly of Democrats and a smaller number of Republicans. But his action has wider importance since it is taken in opposition to the Republican machine and really involves a call to the people to act independently and without regard to their political affiliations.

It came to him, and having accepted the responsibility he has carried to the discharge of his duties the highest standard of public service. For that reason the governor has been peculiarly obnoxious to the political bosses and he has been entirely regardless of their dictation. Hence when he announced his determination to carry into their fullest effect the constitutional provisions against certain evils attending race meetings, those who had connived at their violation were naturally furious. Yet it is probable the governor's determination would have been respected but for his announcement that he would not accept renomination. This encouraged them to procure the rejection of the bill designed to enforce the constitutional requirements. Governor Hughes has not accepted defeat and if the bill is not passed at the special session called for the purpose, it is quite on the cards that he will again invite the confidence of the people.

A FRANCO-GERMAN ENTENTE.

Stimulated perhaps by the establishment of the Franco-British entente cordiale and the success which has attended the reconciliation of these ancient enemies, a movement has been initiated for the promotion of a friendly understanding between France and Germany. That a proposal of this nature should even be seriously contemplated is a striking tribute to the new spirit abroad in the civilized world. For the difficulties in the way of creating a friendly understanding between Gaul and Teuton are undoubtedly more formidable than those that were overcome by the promoters of the Anglo-French entente. Altho France and Britain faced each other on the field of battle for long centuries, there was no such tangible evidence of defeat and humiliation as now exists in the passing of Alsace and a large part of Lorraine under the German flag. More than a generation has passed since the debacle of 1870 and the first bitterness that prompted the cry of "La Revanche" has gone, but if unspoken it still remains latent in the breasts of patriotic Frenchmen.

The movement now in progress was inaugurated last month in Berlin by the formation of an association whose object was defined by a correspondent of The London Morning Post as the attainment of a rapprochement between the two countries in regard to colonial affairs and in the spheres of science, literature, art and sport respectively. This the promoters hope to accomplish by sending German professors to lecture to learned societies and to university students in France and by inviting French professors to address similar audiences in different parts of Germany. German scientists will communicate the results of their latest researches and technical courtesies will be asked from their French confreres. German pictures are to be exhibited in French towns and vice versa and more books and plays translated from each language into the other—all this by way of creating a stronger mutual interest in the best intellectual products of both countries. Similar exchanges are proposed in the domain of sport and athletics and tours have already been arranged for parties of French students who will be accorded special welcome and attention.

This very interesting international movement was first publicly mooted in March, 1907, when M. Lucien Hubert, a prominent member of the French chamber of deputies, addressed a conference convened by the German Colonial Association for the purpose of advocating a Franco-German colonial entente. His lecture was delivered under distinguished auspices and later meetings were followed by the formation of a committee for the promotion of the entente. Its executive contains many prominent names in official, professional, literary, artistic and commercial circles, and other organizations have since been established, all working towards the same end. It is significant that all the associations ostentatiously proclaim their desire to exclude politics from their program of operations, but there can be no doubt

that the improvement of political relations between the two countries would be received with satisfaction in German government circles. Public feeling in France is said to be full sympathy with the movement. The Kaiser is known to cherish the hope that some day he may be able to visit Paris as freely as he does other capitals and the restoration of France to her proper place in the European concert will not make him less desirous of establishing a genuine friendship between France and Germany. Whether the movement is more proof of the growing aspiration after a real brotherhood of nations and as such can only be commended.

MR. ASQUITH AND HOME RULE.

Premier Asquith is being severely heckled in the house of commons in connection with Mr. Winston Churchill's Manchester declaration on the subject of Home Rule. But very little has been drawn from the premier and the position of the government remains wrapped in obscurity. But this much he made clear—that his youthful colleague had no authority to promise a home-rule bill even in the next parliament. All the premier authorized was a statement that it was impossible for any one to determine now what issues would be placed before the country at the next general elections and that the disengaging pledge given at the last general election applied only to the existing parliament. There is nothing new in this, since it merely declares what all public men understand.

Of similar stamp was Mr. Asquith's affirmation that at the close of the present parliament the Liberal party would claim possession of an absolute majority to deal with the whole problem of Irish government. No one could challenge that right and it was because of it that Nationalists and Unionists are alike anxious to know what solution of the Irish problem the Liberal party will propose. But the premier vouchsafed no information on this point except to reiterate the policy expressed in his speech in the Irish debate of last March and the resolution then adopted. The resolution gave it as the opinion of the house that a solution of the Irish problem can only be attained by giving the Irish people legislative and executive control of all purely Irish affairs, all subject to the supreme authority of the imperial government. Unless the present political situation is materially changed the next general election will have tariff reform as the main issue and whatever the result may be the Irish problem will be again shelved and home rule is too important a measure to be carried thru at any election where it is not the leading issue.

EAST INDIAN IMMIGRATION.

Even more satisfactory than the settlement of the Hindu immigration difficulty is the method by which it was accomplished. In this as in other matters where imperial and state affairs come into real or apparent conflict, Canada has set valuable precedents, which will be of lasting influence. Mr. Mackenzie King's mission has sufficed to show that British statesmen are fully cognizant of the determination of the self-governing states of the empire to remain characteristically Anglo-Saxon communities and give it their sympathetic support. A question which at one time assumed a somewhat serious aspect and led to rather sharp censure of Canada in a section of the British press has thus been got rid of in a way which strengthens the imperial bond and strikingly illustrates the advantage attending consultation and co-operation on a basis of mutual confidence. Mr. Mackenzie King has discharged his delicate duties with a skill and tact that cannot but enhance his already considerable reputation as a Canadian public servant.

Militia Promotions.

OTTAWA, May 7.—Militia orders promulgated to-day contain the following appointments of interest: 2nd Regiment, Queen's Own Rifles of Canada.—To be lieutenant (signaling), Lieut. Chas. Vincent Massey, to complete establishment. To be provisional lieutenant—Lieut. Wm. Colin Campbell Mackenzie, vice Wm. Stephenson, retired. 12th Regiment, "York Rangers"—To be lieutenant (signaling), Lieut. Wm. K. McNaught, resigned; Arthur James Selby Hawken, vice H. G. Branton, resigned. Lieut. Wm. H. Thompson is permitted to resign his commission. 13th St. Catharines Regiment.—To be major, Capt. F. C. McCormick, on organization.

Mortally Wounded by Afghans.

LONDON, May 7.—A despatch received from Landi-Khotal says that it is reported that Major Coopersmith, commanding the 50th Camel Corps, while seeking with a mounted escort to recover stolen animals, was mortally wounded by snipers, and died before reaching camp.

Buffalo and Return, \$2.00.

Good going 9.00 a.m. May 9, returning on or before May 11, 1908. The Grand Trunk Railway System is the only double track route to Niagara Falls and Buffalo. Secure tickets at city office, northwest corner King and Yonge streets.

Lost Way in Woods.

HONOLULU, May 7.—Mrs. L. Snow Miller, who, it is stated, is the widow of Lord Roberts' wife, was found dead on a forest trail at Kona, Hawaii. It is believed she lost her way while walking and died of exposure.

Train Robbers Kill Messenger.

DENVER, Colo., May 7.—Train robbers who boarded Denver and Rio Grande train No. 4 at Castle Rock early today shot and killed the express messenger and robbed the safe of less than \$100.

Political Gossip

An Owing Special says: Hon. A. G. MacKay, as was expected, will be the Liberal candidate in North Grey at the coming general elections. This was decided at the convention held here to-day (Thursday). The weather was wet, but the attendance large. There was considerable enthusiasm manifested, and the leader of the opposition was assured that his interests would be well cared for during his absence on campaign work throughout the province. Mr. MacKay opened his campaign in the constituency at Shallow Lake, the cement centre, to-day.

To be eligible to vote on the provincial election you must be: 1. Over 21 years of age. 2. A British subject. 3. A resident in Canada for at least one year. 4. A resident in the city for at least three months previous to the last day for registration, May 15.

The Stratford Herald has the following editorial comment: A great many friends of Mr. A. W. Wright in the city and county are awaiting with interest the decision of the West Toronto Conservative convention and hoping that the result will be the nomination of Mr. Wright. That Mr. Wright is one of the most able advocates the Conservative party has in this province is well known and he has rendered conspicuous and useful service to the party during many years. He is one of the exceptions among journalists, being equally effective and brilliant both with pen in the sanctum and orally on the platform, hence has exceptional capacity as a useful member of his country and party. Toronto always sends able men to the commons and legislature, and Mr. Wright will maintain the credit of the Queen City handsomely. As a debater in the legislature Mr. Wright could have no keener lieutenant than Mr. Wright.

The Dunville Gazette says: In the selection of Mr. Thos. Marshall as their standard bearer the Liberals of Monck have picked a man who is to poll the full strength of the party vote in Dunville and its immediate vicinity. The remoteness of the townships of Caistor, Canboro and Pelham the wider acquaintance of Mr. Marshall, gained in the two previous contests, should make him a formidable opponent any advantage his opponent may have in this election.

A Port Arthur special says: Ex-Mayor Clavet was waited upon by influential Liberals and requested to offer himself as candidate in the provincial elections. Mr. Clavet, after considering the matter, is said to have declined. He would have made a strong opponent against Hyslop Bros., Ltd., claiming \$2500 damages, and being the director of the company. Mr. Clavet is also said to have declined to give particulars of certain paragraphs of his statement of defence. His lordship directed that he should give the costs of the motion to Mrs. McGinnis in any event.

George H. Gooderham is mentioned by the Conservatives of East Toronto for the legislature. In the south Col. D. McPherson and in the west W. D. McPherson are mentioned as names which have been more or less seriously mentioned.

The campaign for seat "B" in the Conservative interest in North Toronto will be a close one. The favorites are Mr. T. Ryerson, Mr. John Shaw and Dr. Wilson, and each has a strong following and balloting is to be close. The convention will be held on Tuesday night at the Grand Hall and will be fought out to a finish by the above candidates. W. K. McNaught will be the unanimous choice for seat "A." The delegates are all chosen and it is said several wagers had been laid on the above four candidates at even money.

I. E. Lucas (Centre Grey) has a Conservative majority of over 1000 in his constituency where he is a candidate. He usually gets his seat by acclamation. On this occasion he will have a temperate candidate as an opponent, who will base his objection to Mr. Lucas on the fact that he supported the "three-fifths clause." The temperate convention will be held at Fiesherston May 12.

The Conservative Association of Ward 6 will meet in the hall (corner of Queen-street and Northcote-avenue) to-night to elect delegates for the West Toronto Convention.

The Borden Club will hold a banquet on Monday night at the Borden Club, next George's Hall, Eglinton-street, Toronto. The banquet will be addressed by the eight Conservative candidates in the City of Toronto. This will be the first public meeting to be addressed by the candidates after their nominations. It is expected that Hon. J. J. Coy, Hon. Dr. Fyde, W. K. McNaught and Speaker Dr. Fyde, along with the other four candidates will be present. Songs and entertainments will be furnished.

There may be four candidates in the field in South Wellington in the coming provincial election. The Conservatives, Liberals and Socialist labor party have already candidates in the field, and it is now rumored that the Independent Labor party will also have a candidate.

Samuel Charters, the Conservative candidate for Peel County, will hold public meetings at Clarkson to-night and at Dixie to-morrow night. Mr. Charters, Richard Blain, M.P., and others will address both meetings. An active canvass is being made throughout the county and prospects look very bright for the Conservative party.

A Bradford special says: Martin W. McEwan was nominated for the Liberal nomination for the South Brant Liberals. He was opposed by Mayor Ewby and among others nominated were T. H. Preston, Dr. Pearson and Thomas Woodratt. The convention made a strong effort to stamper Dr. Preston into an accepted nomination. The new candidate is a local barrister, 32 years of age. The convention was addressed by J. W. Curry. The excellent financial condition of the province was attributed to the constructive legislation of former Liberal governments.

Homeward Bound.

ST. JOHN, N.B., May 7.—(Special.)—John F. Patterson, who resigned his position as business manager of The Sun, returned to his home in Toronto to-night. He was presented with an address from the Typographical Union in recognition of the services granted since the recent strike.

AT OSGOODE HALL

ANNOUNCEMENTS FOR TO-DAY.

Master's Chambers. Cartwright, master, at 11 a.m. Judge's Chambers. The Hon. Mr. Justice Riddell at 10 a.m.

Toronto Non-Jury Sittings. Peremptory list for 10.30 a.m.: 1. Equity v. Weston. 2. Wilson v. Phillips.

Divisional Court. Peremptory list for 11 a.m.: 1. Hay v. Imperial.

Court of Appeal. Peremptory list for 11 a.m.: 1. Webb v. Hamilton. 2. McLeod v. Crawford, Bedells v. McLeod, continued. 3. Crawford v. Lawson Mines, continued. 4. Madill v. McConnell.

Summary Judgment. E. R. C. Clarkson, as assignee of the estate of W. Mashinter & Co., upon application before Master-in-Chambers Cartwright, obtained summary judgment for \$1843 against the Theodor Teller Construction Co., Ltd.

Alimony Action. Alice Schauberg and Henry Schauberg, Respondent, have disagreed. A writ has been issued by Mrs. Schauberg claiming alimony and demanding interim alimony and costs until the trial of the action.

Refused to Wind Up. Mr. Justice Britton has delivered judgment refusing the application to this province in connection with the application of the petitioners making another application on new material.

Defective Sidewalk. Justin Segers and Edward Segers have brought an action against the City of Toronto to recover damages for injuries alleged to have been received by Justin Segers thru a defective sidewalk.

Injured While at Work. Judgment has been given by the Hon. Mr. Justice MacMahon dismissing the action of the Ontario and Quebec Railway Co. against Fleck, tried at Ottawa, to recover damages for injuries received by McDonnell thru the bursting of a wheel while at work at the Peck Company's machine shop, Ottawa.

Action Settled. The action brought by George Johnston Ashworth against John T. Thompson and Provincial Securities Co. to recover \$2500 commission for the sale of certain mining property has been settled and the action dismissed without costs.

Must Give Particulars. Charles McGinnis was engaged last June on the Canadian Northern Railway at the corner of Victoria and Shuter-streets, Toronto, when a heavy girder overturned and so injured McGinnis that he died a few hours. His widow, Annie McGinnis, has now an action pending against Hyslop Bros., Ltd., claiming \$2500 damages, and being the director of the company.

Wants Partner Disolved. Mary Elizabeth Haffey of Toronto is asking the court to declare that a certain partnership between her and John Fleming of Lambton Mills as to the carrying on of business at the Senate Hotel be dissolved. A winding-up order and the appointment of a receiver is also asked.

Caledon Wreck Recalled. The actions brought against the C. P. Railway Co. by Herbert Armstrong and Herbert Armstrong to recover damages for injuries received in the Caledon wreck last September, have been settled by the company. The defendants consented to the settlement before Master-in-Chambers Cartwright orders were granted by the court dismissing the actions.

Suing the Company. Francesco Presto was killed while in the employ of the Canadian Copper Co. of Copper Cliff. His administrator, Francesco Nardi, has now brought an action against the company to recover damages for his death, it being alleged that the company's servants were negligent.

G. T. R. Make Settlement. The G.T.R. have settled with the widow of James O'Donnell, engineer, of Port Arthur, killed in an accident, for \$4500. The offer was suggested that \$1000 be paid to the widow and the balance be divided among the eight children. Judge Riddell will hear later. O'Donnell was killed near Kenora last August in a collision with a passenger train.

Massachusetts Endorses Bryan. BOSTON, May 7.—The Democratic state convention endorsed William J. Bryan for the presidency to-day.

The Smoke Nuisance. OTTAWA, May 7.—The railway commission will deal with the railway regarding the smoke nuisance from locomotives, providing the city council deals with stationary engines and manufacturing establishments and appoints an official to attend to infractions of the regulations.

Patient in Irons. EDMONTON, May 7.—A smallpox patient who broke quarantine here was recaptured and placed in irons to teach him to respect the laws of public health.

Chinese for Ontario. Fifty Chinese arrived in Toronto yesterday morning from Vancouver. They will go to various towns in Ontario.

Settle That Suit Question Here Saturday Will We Help You? Try Us

Because there's a difference in clothing, a man must use judgment in buying. This is how we put that simple truth into practice:

THIS STORE visits the best mills on earth twice a year—because there's a difference (or indifference) in the materials that come in the usual way.

THIS STORE has its own tailoring department—-for the same reason.

The difference between the indifferent clothing store and this "different" kind is the difference between the volume of business done by each. And no clothing business satisfies so many men as this one. Worth investigating.

Youths' Clothing of Youthful Styles and Fine Tailorwork.

At \$10.50 Dark worsted, finished tweeds, small grey pattern. Double-breasted; broad lapels. Sizes 32 to 35. \$12.50—Fancy worsted, grey pepper and salt pattern. Single-breasted. \$14.00—Dark brown, faint stripe. Hand-patched collar. Braiding.

CORRECT STYLES IN MEN'S SUITS

At \$12.50 and \$13.50—Fancy worsteds, grey with new over-plaids. Single-breasted. Sizes 36 to 44. \$15.00—All-wool worsteds, best shades of grey and brown, checked and striped patterns. \$16.50 and \$18.00—Pure wool, English and Scotch worsteds, handsome effects, grey shades, best linings and trimmings.

Cravenette Raincoats for Men.

\$.65 and \$8.50—Long, full-fitting coat, in Oxford grey, Italian cloth lining. \$12.50—Fine imported material in dark grey or olive, full sweep to skirt. —Main Floor—Queen-street.

Men's Hats; Correct and New.

Our semi-annual trips to the best hatmakers in Europe bring us the season's new models. Same in the States. This brings us choice of the styles—and gets us so close to the maker that the prices we ask you here are bound to be the lowest possible. Ready with all the new shapes, in black and colors. Saturday 1.50 to 5.00 —Main Floor—Queen Street

Your Chance to Buy a Watch.

Just Twenty-Five, All Strictly High Grade. The best 17-jewel movement—guaranteed for two years. Solid nickel—accurately adjusted—compensating balance, brequet hairspring, new improved patent regulator.

21-year gold-filled case, 18 size; open face; screw back and front; stem wind and set. Saturday's price saves you dollars, and the watch will give you satisfaction. Each \$9.00 —Main Floor—Yonge Street

THE T. EATON CO LIMITED 190 YONGE STREET, TORONTO.

TELEGRAPHIC-BRIEFS.

There is a blockade of vessels at Port Arthur and Fort William. By the end of the week 5,155,000 bushels of wheat will have been shipped. Labor officials want to investigate the section of the new postoffice at Montreal. Mumps caused the death of Mrs. E. J. Smith thru itching blood poisoning. The Nova Scotia Gold Fields' Limited, capital 100,000, has been formed in London, England. The Canadian immigration agent at Courts, on the boundary line, refused admission to 29 negroes coming in to work for Curry Bros., contractors. Calgary will spend \$20,000 on civic improvements. The jury returned a verdict of accidental death in the case of the two men killed at the La Rose mine, Cobalt. Minnesota Democrats have decided to support Gov. Johnson for the presidency.

COSTLY INVITATION CARDS.

VANCOUVER, May 7.—En route to Ottawa to visit Sir Wilfrid Laurier and Earl Grey from thence to Washington, where President Roosevelt will be interviewed, Harry J. Landahl of Dawson City is awaiting the arrival of three specially prepared invitations which will be presented personally, inviting them to visit the Klondyke at the close of the Alaska Yukon exposition to be held in Seattle next year. These "invitation cards" will cost \$300 each.

THE WEATHER

OBSERVATORY, Toronto, May 7.—(8 p.m.)—The southern disturbance which developed early last night, but is now diminishing again and it is centred over the lake region. Another depression of importance covers Alberta. Rain has fallen heavily over Ontario and Western Quebec, accompanied by strong winds and gales. Elsewhere in Canada the weather has been fine, except that local thunderstorms have occurred in Alberta. Very warm conditions still prevail in the warm provinces. Maximum temperatures: Dawson, 28-48; Athol, 26-44; Victoria, 50-60; Vancouver, 48-58; Battleford, 54-59; Prince Albert, 46-76; Calgary, 38-82; Regina, 38-74; Winnipeg, 40-72; Port Arthur, 38-60; Parry Sound, 45-57; Toronto, 40-42; Ottawa, 46-59; Montreal, 48-52; Quebec, 40-52; St. John, 38-56; Halifax, 32-50.

PROBABILITIES. Lower Lakes and Georgian Bay—Strong winds, shifting to north and west; cool and showery; clearing at night. Ottawa Valley and Upper and Lower St. Lawrence—Strong easterly winds; cool and rainy. Gulf and Maritime—Strong winds and moderate local gales; easterly; cool with rain. Superior—Moderate to fresh winds; most northerly; fair, a little higher temperature. Manitoba—Fine and warm to-day; local thunderstorms. Saskatchewan—Mostly fair and warm, but a few local thunderstorms. Alberta—Mostly fair, with a few showers or thunderstorms, but mostly fair, turning a little cooler by night.

THE BAROMETRICAL. Time. Ther. Bar. Wind. 8 a.m. 70.4 29.36 37 East. 10 a.m. 70.4 29.36 37 East. 12 noon 70.4 29.36 37 East. 2 p.m. 70.4 29.36 37 East. 4 p.m. 70.4 29.36 37 East. 6 p.m. 70.4 29.36 37 East. Rain fell, mean of day, 41; difference from average, 9 below; highest, 42; lowest, 40.

WEST TORONTO CAMPAIGN.

H. C. Tomlin Holds Inaugural Meeting in Brockton. H. C. Tomlin read his address at his first campaign meeting in Sheridan's Hall last night. He and other speakers repudiated for the special benefit of the press the idea that they were independent Conservatives. They were plain everyday Conservatives who wished to choose their own candidates.

Fred McBrien took the chair, and Mr. Tomlin, Dr. Cook and Harry E. Cardinal were invited to the platform.

Mr. Cardinal, who is chairman of the executive of the association, and Mr. Tomlin's organizer, told what had happened between himself and a G.H.T. doctor, lawyer and layman over a glass of Scotch. They had invited him to trade support for their candidate in class A in return for their support in class B. The offer, he said, was made in good faith, but he considered the proposal an insult to the Conservative party.

A letter was read from Mr. Speaker Crawford, pleading a prior engagement, and wishing the meeting success.

Mr. Tomlin gave expression to his loyalty to Premier Whitney, whose government had been the cleanest in 40 years, and this was appreciated by the best element of the opposition.

Mr. Tomlin then proceeded to score A. W. Wright, who had been nominated as a public ownership Conservative.

"Since when did Mr. Wright and his friend Mr. Duthie become the only friends of public ownership?" inquired Mr. Tomlin. Every candidate in the city on both sides would have to pledge himself to public ownership.

A. F. Saunders, by means of an anecdote, intimated that independents were rogues. The only one in the legislature had accomplished nothing at all.

W. C. Hamilton, president of the South Toronto Association testified to the desirability of Mr. Tomlin as a candidate.

UNKNOWN MEN ATTEMPT TO BREAK INTO MORGUE

Further Developments in La Porte Sensation—Matrimonial Lure to Death.

THE BAIT OF DEATH.

"This is Mrs. Guinness' matrimonial ad" with which her victims were lured to death.

PERSONAL.—Comely widow, who owns large farm in one of the finest districts in the Port Hope and Ingersoll areas, to make the acquaintance of gentleman unusually well provided, with view of joining fortunes. No replies by letter considered unless sender is willing to follow answer with personal visit.

Wanted—\$1000 Cash. "It is too much for me to look after, and things are not as I want them, anyway. My idea of them is to take a partner to whom I can trust myself. The smallest I can get is \$1000. I have decided that every applicant I have considered favorably must make a satisfactory acquaintance of me. I think that is the best way for partners to keep away grafters who are always looking for a sucker. I am getting tired of this and I have found that it is not well to trust others with so much.

LAPORTE, Ind., May 7.—The identification of another of the bodies dug up on the Guinness farm, near here, as that of Ole S. Budsberg of Iowa, Wisconsin, and evidence that he, like Andrew Gogelien of Mansfield, S.D., had been brought into Mrs. Bella Guinness' net thru "matrimonial" advertisements, was one of the clarifying features of to-day's developments in the complication of the case.

LAPORTE, Ind., May 7.—What the authorities have declared was an attempt to disturb the nine bodies dug up on the Guinness farm so that identification of the remains would be impossible, was made to-day. Two men, whose identity is not known, broke into the carriage house of the farm, where the bodies had been placed, but were driven away by the watchman before they could do any harm.

The day watchman at the farm of Daniel Lisotter said that the men claimed to be doctors and had attempted to justify their presence in the place on professional grounds. He refused to go until they learned that Joseph Maxson, Mrs. Guinness' man of ever since he left his home in Walsall, England, papers please copy.

Killed for \$1000. "My father, before he left Iowa that he was coming to Laporte to work a farm," Matt Budsberg said in broken English. "He brought with him a letter which he had received from Mrs. Guinness and also \$800 in money. After his arrival here he raised the money and left for Laporte to work the farm."

He said that he believed this letter was written for the purpose of throwing the investigation off the track. "I am sure that my father's body was one of those dug up on the farm. There is no trace of the \$100, which he had in his possession in April of last year. I believe the woman killed my father and took his money."

Roy Lamphere, who is under arrest in connection with the crime, has also cleared that Mrs. Guinness had urged him to insure his life in her favor, asserting that she had offered to pay the premiums on such a policy which he had agreed to marry her.

He said that he believed that his refusal to fall in with her plans had caused the enmity which she manifested toward him, resulting in his arrest on three occasions and his flight before a lunacy commission on a fourth.

Mysterious Closed Room. Lamphere's statement about a closed room in the Guinness home, to which he was always denied admission, is partially corroborated by the evidence of Joseph Maxson, who has worked on the farm when the case was under investigation. Moxson asserts that he had never been allowed access to the second story of the farm house, where the closed room was located.

Ask K. Helgelein of Mansfield, S.D., was again in conference with Dr. C. S. Mack, coroner of the county to-day. The steps by which his brother became infatuated with the Indiana woman were canvassed once more, but only partial progress was made toward clearing the mystery.

Helgelein told again of the secrecy with which his brother had shrouded his movements before his departure from South Dakota. Enough was evolved to show that advertisements for a matrimonial agency had been printed in Scandinavian papers in the Northwest, Helgelein asserting that a single sheet, printed in Norwegian and full of such notices, had been circulated among his acquaintances.

Used Marriage to Lure. The circumstances lead the investigators to believe that Mrs. Guinness established communication with her victim thru this agency, her relations with Ole B. Budsberg. In a letter to one of her correspondents Mrs. Guinness wrote: "I am a Norwegian and have been in this country for 20 years. I live in Indiana, about miles from Chicago, and one mile north of Laporte. I am the sole owner of a nice home, pretty location, practically new; windmill and all modern improvements, situated in a beautiful suburb of Chicago, worth about \$15,000."

"This is this is pretty near paid for. It is in my own name. I am alone with three small children, from 5 to 12 years of age. The smallest is a little boy. The two largest are girls, all frisky and well. I lost my husband by accident five years ago, and I am getting tired of being alone as well as I could with what help I could hire. I am getting tired of this and I have found that it is not well to trust others with so much.

Fort William Conservatives Decide to Send Him Back to Legislature. PORT ARTHUR, May 7.—(Special.)—The convention of Fort William Conservatives took place this afternoon at Dr. Smellie's residence in a private parlour. There was no other man mentioned.

Liberalism here is having a difficult time securing a man to oppose Mayor Carrick. Both George Clavet and J. L. Matthews have declined to run, and George Clavet would not give his answer. Mr. McKellar and Mayor Murphy had previously been requested to run.

MRS. GUINNESS.

THURSDAY'S STORM

Continued From Page 1.

while some have not yet been occupied for the season. One of the most serious features of the storm in the isolation of from 15 to 20 houses, some of which require to be reached by boat. The situation is somewhat unique in that a big part of the property between Queen-street and the lake front, and Woodbine and Leity-avenue, is lower than the lake shore and the huge waves pouring over the beach have deposited thousands of tons of water in the lower lands, which the present high level of the lake will permit to run away.

The advent of warm weather may not render the situation a desirable one. "I have lived practically all my life down here," said Wm. Gates, "and this is the worst ever. My children were at Kenilworth school and to-night when I went for them water was running over the sidewalk two feet deep, and I had to carry them home on my back."

The residence of Supt. James Gunn of the Toronto Street Railway, at the corner of Lee-avenue, was without power at the heavy pounding of the storm better almost than any of the others. Knight's concrete boat house, damaged at the last storm, was blown away yesterday and scarcely a vestige of it remains.

Damage at Sunnyside. Out at Sunnyside the storm evidently got in its "big digs" for there possibly more damage was caused than at any other point along the lake shore. Between Sunnyside and Humber Bay the Lake Shore-road, damaged to some extent by the last storm, was almost ruined, while the board walk, which was for the entire distance, while much of the roadway is also gone, and the tracks of the Mimico railway, a hurry call was sent to Mimico, where the situation was so serious that the Mimico station, and a gang of men were despatched to the place.

At Mimico where the most serious roads were made at the time of the other storm, little harm was caused yesterday.

Lake Traffic Tied Up. The only vessel to arrive in port yesterday was the big grain barge Plymmer, en route from Fort William to Montreal, and she experienced great difficulty in making the entrance at the eastern gap. The steamers Lakeside and Marquette were stormbound, the former at Port Dalhousie and the latter at Hamilton.

Damage at Niagara. NIAGARA-ON-THE-LAKE, Ont., May 7.—One of the severest storms in many years has been raging here all day and much damage has been done along the waterfront. The unusually high water in the Niagara River and Lake Ontario, caused by a high easterly wind played havoc with the boat houses and other property along the beach. The electric lighting houses were completely washed out, the garage nearby is nearly all gone, while the bathhouse went out several days ago.

High Water at Port Dalhousie. PORT DALHOUSIE, May 7.—(Special.)—Edwards, general manager of the Bay of Quinte and Lake Ontario Navigation Company, has issued notices to the effect that the company, in view of the extremely high water and flooding of low wharves, will guarantee safe landing only at Kingston, Picton, Deseronto and Belleville. The company will not be liable for any damage sustained by landing passengers, freight and cattle at other places along the Bay of Quinte.

High Water at Port Dalhousie. PORT DALHOUSIE, May 7.—An easterly gale has been blowing here all day with rain. The lake is running high, and has caused much damage. The electric elevator out of business. The water is so high as to go into the bins in which the grain is kept. The steamers Rossmore, in view of the high water, will not be allowed to get loaded on account of the high water. The electric lights in the village were also put out of business last night on the same account.

The Storm at Chicago. CHICAGO, Ill., May 7.—One man was killed and many pedestrians were put in peril by falling live wires, and during a terrific wind and rain storm.

We're always pleased to have our customers consult us on questions relating to plumbing and heating. A knowledge gained by long experience and an aptness to advise, and quotations we give are based on work which will surely please. The Fred Armstrong Co., Ltd.

SHE SAW TWO MEN. But That Was on the 16th—Another Identification. ERINDALE, May 7.—(Special.)—Paul Morris, who came out to Erindale at the request of Detective Miller to-day, to view the remains of Alec Linette, which were exhumed, made the positive statement that the dead man had been killed by the high water in D. D. Davis' office, 141 West Front-street. Beyond this no new developments have cropped up in the Clarksons murder mystery, save that Mrs. George Manley, who lives on the Dundas-road, near the Faeken Farm, states that she saw two men answering the description already given, on April 16—the date upon which the tickets from Sunnyside were issued. Mrs. Manley remembers that they carried a large tarpaulin between them, and that the taller man wore a light overcoat and a black Christy hat.

BANQUETED DR. E. FISHER. Dr. Edward Fisher, who founded the Conservatory of Music 21 years ago, and who has performed eminent services in the cause of art in Canada, was yesterday the complimentary banquet by the Toronto Club Club in McCorken's last night. Dr. Humphrey Auer, president, occupied the chair, and was followed by addresses delivered by Prof. Kilpatrick, Dr. Ham, Dr. Fisher, Mr. J. A. MacDonald, Mr. Edmund Haines, Mr. E. B. Weisman, Mr. Gundy and others.

All Ball Games Off. Rain was general through the Eastern, National and American Leagues yesterday, the result being all games were postponed.

SMELLIE THE ONLY ONE. Fort William Conservatives Decide to Send Him Back to Legislature. PORT ARTHUR, May 7.—(Special.)—The convention of Fort William Conservatives took place this afternoon at Dr. Smellie's residence in a private parlour. There was no other man mentioned.

Liberalism here is having a difficult time securing a man to oppose Mayor Carrick. Both George Clavet and J. L. Matthews have declined to run, and George Clavet would not give his answer. Mr. McKellar and Mayor Murphy had previously been requested to run.

MRS. GUINNESS.

THURSDAY'S STORM

Continued From Page 1.

while some have not yet been occupied for the season. One of the most serious features of the storm in the isolation of from 15 to 20 houses, some of which require to be reached by boat. The situation is somewhat unique in that a big part of the property between Queen-street and the lake front, and Woodbine and Leity-avenue, is lower than the lake shore and the huge waves pouring over the beach have deposited thousands of tons of water in the lower lands, which the present high level of the lake will permit to run away.

The advent of warm weather may not render the situation a desirable one. "I have lived practically all my life down here," said Wm. Gates, "and this is the worst ever. My children were at Kenilworth school and to-night when I went for them water was running over the sidewalk two feet deep, and I had to carry them home on my back."

The residence of Supt. James Gunn of the Toronto Street Railway, at the corner of Lee-avenue, was without power at the heavy pounding of the storm better almost than any of the others. Knight's concrete boat house, damaged at the last storm, was blown away yesterday and scarcely a vestige of it remains.

Damage at Sunnyside. Out at Sunnyside the storm evidently got in its "big digs" for there possibly more damage was caused than at any other point along the lake shore. Between Sunnyside and Humber Bay the Lake Shore-road, damaged to some extent by the last storm, was almost ruined, while the board walk, which was for the entire distance, while much of the roadway is also gone, and the tracks of the Mimico railway, a hurry call was sent to Mimico, where the situation was so serious that the Mimico station, and a gang of men were despatched to the place.

At Mimico where the most serious roads were made at the time of the other storm, little harm was caused yesterday.

Lake Traffic Tied Up. The only vessel to arrive in port yesterday was the big grain barge Plymmer, en route from Fort William to Montreal, and she experienced great difficulty in making the entrance at the eastern gap. The steamers Lakeside and Marquette were stormbound, the former at Port Dalhousie and the latter at Hamilton.

Damage at Niagara. NIAGARA-ON-THE-LAKE, Ont., May 7.—One of the severest storms in many years has been raging here all day and much damage has been done along the waterfront. The unusually high water in the Niagara River and Lake Ontario, caused by a high easterly wind played havoc with the boat houses and other property along the beach. The electric lighting houses were completely washed out, the garage nearby is nearly all gone, while the bathhouse went out several days ago.

High Water at Port Dalhousie. PORT DALHOUSIE, May 7.—(Special.)—Edwards, general manager of the Bay of Quinte and Lake Ontario Navigation Company, has issued notices to the effect that the company, in view of the extremely high water and flooding of low wharves, will guarantee safe landing only at Kingston, Picton, Deseronto and Belleville. The company will not be liable for any damage sustained by landing passengers, freight and cattle at other places along the Bay of Quinte.

High Water at Port Dalhousie. PORT DALHOUSIE, May 7.—An easterly gale has been blowing here all day with rain. The lake is running high, and has caused much damage. The electric elevator out of business. The water is so high as to go into the bins in which the grain is kept. The steamers Rossmore, in view of the high water, will not be allowed to get loaded on account of the high water. The electric lights in the village were also put out of business last night on the same account.

The Storm at Chicago. CHICAGO, Ill., May 7.—One man was killed and many pedestrians were put in peril by falling live wires, and during a terrific wind and rain storm.

We're always pleased to have our customers consult us on questions relating to plumbing and heating. A knowledge gained by long experience and an aptness to advise, and quotations we give are based on work which will surely please. The Fred Armstrong Co., Ltd.

SHE SAW TWO MEN. But That Was on the 16th—Another Identification. ERINDALE, May 7.—(Special.)—Paul Morris, who came out to Erindale at the request of Detective Miller to-day, to view the remains of Alec Linette, which were exhumed, made the positive statement that the dead man had been killed by the high water in D. D. Davis' office, 141 West Front-street. Beyond this no new developments have cropped up in the Clarksons murder mystery, save that Mrs. George Manley, who lives on the Dundas-road, near the Faeken Farm, states that she saw two men answering the description already given, on April 16—the date upon which the tickets from Sunnyside were issued. Mrs. Manley remembers that they carried a large tarpaulin between them, and that the taller man wore a light overcoat and a black Christy hat.

BANQUETED DR. E. FISHER. Dr. Edward Fisher, who founded the Conservatory of Music 21 years ago, and who has performed eminent services in the cause of art in Canada, was yesterday the complimentary banquet by the Toronto Club Club in McCorken's last night. Dr. Humphrey Auer, president, occupied the chair, and was followed by addresses delivered by Prof. Kilpatrick, Dr. Ham, Dr. Fisher, Mr. J. A. MacDonald, Mr. Edmund Haines, Mr. E. B. Weisman, Mr. Gundy and others.

All Ball Games Off. Rain was general through the Eastern, National and American Leagues yesterday, the result being all games were postponed.

SMELLIE THE ONLY ONE. Fort William Conservatives Decide to Send Him Back to Legislature. PORT ARTHUR, May 7.—(Special.)—The convention of Fort William Conservatives took place this afternoon at Dr. Smellie's residence in a private parlour. There was no other man mentioned.

Liberalism here is having a difficult time securing a man to oppose Mayor Carrick. Both George Clavet and J. L. Matthews have declined to run, and George Clavet would not give his answer. Mr. McKellar and Mayor Murphy had previously been requested to run.

IMPORTANT DON'TS

- DON'T Expect to grow rich unless you make an investment.
DON'T Let your surplus money remain idle. Make it work for you every minute.
DON'T Gamble, speculate, or buy on margins. If you do, ten to one you will lose.
DON'T Hesitate to buy an elegant building lot that will bring comfort and happiness to your family.
DON'T Hesitate and miss an opportunity of your life. Have a mind of your own and act.
DON'T Let indecision or inaction cloud your best thoughts, such has cost many a man a fortune.
DON'T Say you forgot about the sale at Henderson's Auction Rooms on Saturday.
DON'T Excuse yourself afterwards by saying, "I intended to buy, but forgot."
DON'T Forget the advantages attached to Charter Members in a new Suburban Town Site.
DON'T Forget that Lindenhurst will be an ideal residential centre for workingmen.
NOW Is your opportunity, grasp it, it may not come your way again.
NOW Is your chance to secure a splendid Building Lot AT FIRST COST in a restricted district.

CHAS. M. HENDERSON & CO. AUCTIONEERS, 87 and 89 King St. East. LINDEN & BLACKLEY, 36 Toronto St. Agents.

PERFORMANCE A SUCCESS. "Three Little Maids" Delighted a Large Audience Last Night. The opening presentation of the "Three Little Maids," Paul Rubin's delightful English musical comedy at the Royal Alexandra Theatre last night, proved in no sense a disappointment to the large and fashionable audience, who were in standard set in former productions under P. Ross Club auspices, had caused decided expectations. Among those who occupied boxes were Lieutenant-Governor Clark, Lady Clark and party.

Are You Saving? Dollars decrease in the pocket—Increase if deposited in our Savings Department. Whether your available cash be one dollar or thousands, you have your choice of surely increasing it or not. We recently added one dollar and upwards, and allow 4 per cent interest. Your account is subject to check withdrawal, thus enabling you to pay your accounts by check.

The Dominion Permanent Loan Company 12 KING ST. WEST. ENGLISHMAN IN POLITICS. Editor World: I fully agree with your correspondent in your issue of April 25, re "English Uniting in Politics."

The question of racial prejudice is very strong through the Dominion—caused entirely by ignorance and jealousy. The education of the Canadian I do not include.

The million or so Englishmen who have come into this country during the past few years can certainly influence any government, Dominion or provincial. Therefore, I ask Englishmen everywhere to organize a demand for fair play. Don't be shovled out to make room for Dagos, who bribe and stand any amount of abuse from the gang bosses, whose dishonesty and blasphemy are at all times disgusting.

The great majority of Englishmen are not of the type so often quoted as lazy, drunken and incompetent. I, for one, wouldn't associate with, or even recognize, one of that stamp.

The hotel trade, as an Englishman, either. But as Englishmen as a whole are seemingly classed among the type I have mentioned, wouldn't this naturally reflect upon the English-speaking Canadian, whose ancestors were English?

The racial prejudice must extend in part to the press, as recently letters sent to The Globe and The Mail Empire were not published. Will the English be compelled to start newspapers of their own? R. H. Atterbury, Englehart, April 28, 1908.

THE DEPORTED BULGARIANS. Editor World: It is presumed that the 51 Bulgarians that are being deported paid their passage here, that they came in good faith and that they passed the examination required by the Immigration laws.

The Dominion, in round numbers, has an area of over 3,000,000 square miles, upwards of 1,900,000,000 acres; but a population of less than 7,000,000. In properly speaking, not one-tenth of the country is occupied.

I am not a Bulgarian, for I was born a long distance from that country, but to my mind, the only words that I ever learned which truly characterize this land of deportation are "Small Potatoes." William Haslam.

Young Eddie Hanlon, son of the former manager of the Reds, is making one of the best amateur teams in Baltimore. The younger Hanlon does not appear in the lineup of his aggregation. Harry Young, Frank's 25 games in major league company. He was won 47 and lost 27, a grand average of .42. These figures do not include the "Small Potatoes." Norman Eberhart will be out of the game a month, owing to being split.

World subscribers in Toronto Junction are requested to register complaints...

YORK TOWNSHIP COUNCIL MAY OPEN UP NEW ROAD

Largely Attended Funeral in Junction—Campaign Waxes Warm in East York.

WEST TORONTO, May 7.—Every thing is in readiness for the Conservative convention to be held at Weston on Saturday afternoon to nominate a candidate for the legislature.

Baseball Season Opens. Two baseball games will be played on Saturday afternoon by teams from the Junction league.

Gave Firemen a Run. A fire caused by a defective chimney of the house at 100 Gray-avenue gave the firemen from No. 1 hall a brisk run this morning shortly after 8 o'clock.

Respectable Looking Man, aged about 35 years, who has been frightening people on the north side of the town by his peculiar actions is now in safe keeping.

Brick Yards to Resume. The outlook in the Carlton Brick yards this spring is not of the brightest.

On Tuesday a large number of friends viewed the remains. The funeral service at the house was conducted by Rev. Dr. Pligden of Victoria Presbyterian Church.

R. Arnott. On May 23 the members will visit the greenhouses of Mr. Jay's where they will be heartily welcomed.

NORTH TORONTO.

Magistrate Had Busy Morning—School Board Meets.

NORTH TORONTO, May 7.—Albert Bell, Edward Chambers, Percy Dance, Albert Shackleton and John Murphy were summoned before Magistrate Ellis this morning by Chief Constable Collins on charges of disorderly conduct.

Theresa Flanagan charged Henry Dickinson, her landlord, with assault on the premises of 49 Birch-avenue on April 25. Plaintiff and defendant gave evidence in their own behalf.

On Saturday joint meeting of the Toronto chapters of the Brotherhood of St. Andrew will meet at St. Clement's Church. The program for the day will be as follows: Business and reception of reports from 3 p.m. to 6 p.m., when an adjournment for tea will be made.

The concert, arranged for to-night at the Eglinton Methodist Church under the auspices of the Woman's Missionary Auxiliary, was postponed till a future evening, owing to the inclemency of the weather.

The severe windstorm to-day tested the fence posts severely and those which were not of first-class material were leveled to the ground.

There was a full board present to-night at the meeting of the school board. Trustee Cook asked: "Is the chairman of the board power to get legal advice and incur an expense to the board without the consent of the board?"

The board, at some length, considered the enlarging of the school school as every room is overcrowded, and as Principal Urmy said they still have to deal with the board.

Considering the proposed water main to be laid into each of the school buildings for fire protection, the board decided to call a conference with Councillor R. Irwin and Street Commissioner Walmisley.

The board decided not to grant the schools of the town a holiday for the provincial election on June 8.

ANNEXATION DELAYED. Before the Ontario Railway Board yesterday, in the matter of the annexation to the city of West Toronto.

Secretary Small will go over the lists with the contending parties and report to the board on the names which cannot be agreed upon.

YORK TOWNSHIP. Sentiment Strongly Favors the Opening of New and Direct Road.

There is considerable agitation on foot that the York Township council should take action to open up a road from Eglinton-avenue west southerly to connect with Spadina-road, or in other words to continue Spadina-road to the west.

There is considerable agitation on foot that the York Township council should take action to open up a road from Eglinton-avenue west southerly to connect with Spadina-road, or in other words to continue Spadina-road to the west.

ber of friends and relatives of deceased were present to pay a last tribute of respect to one of East Toronto's most respected citizens.

EAST YORK CAMPAIGN.

A meeting of the executive of the East York Conservative Association, together with the workers, has been conducted at the home by Rev. Mr. Rogers and at the grave-side by Rev. W. L. Baynes Reed.

J. W. Curry will address the electors of Highland Creek on Saturday, May 16th in Elliott's Hall, at 2 p.m. East Toronto Liberals will on Monday open a committee room in Boston's Hall near the corner of Main-street and Kingston-road.

A meeting of the executive of the East York Liberal Association will be held at the Clyde Hotel at 2 o'clock to-morrow (Friday) afternoon.

BALMY BEACH.

Owing to the damage to the Balmy Beach Clubhouse caused by the storm of yesterday, Hamptoad, from Monday take place to-morrow (Friday) evening has been postponed until a later date.

SHIP SCUTTLER AT SEA? LABOR WARFARE BLAMED

47 Passengers and Crew Take to Boats and Rafts at Night.

VANCOUVER, B.C., May 7.—The steamer Aorang, which arrived this morning from Australia, brought news of the sudden sinking of the steamer Bega, an Australian coasting vessel, under suspicious circumstances.

The Bega was steaming in a smooth sea at night when she suddenly began to fill, listed to port and foundered in 20 minutes, with the sea rushing into her open ports.

The crew of 47 men and children, on board, and, excepting an old man who died from shock, all were saved by the boats and rafts. Most of the passengers were asleep and were awakened by stewards.

News was brought from New Caledonia of the loss of the Dutch ship Emanuel, ex Hugo Molenaar, on the main reef of Teremba, near Noumea.

The steamer Hamptoad, from Honolulu, reported on arrival at Sydney early in April having sighted a disabled ship near Middleton Reef, with her topmast gone, seemingly abandoned.

TEACHERS AND EXAMS.

Will Be Paid Only for Absence While Writing.

In future his teachers will be engaged in the Toronto public schools who are over 35 years of age. The board of education at its meeting last night finally adopted this recommendation.

The greater part of the evening was taken up in discussing whether or not those teachers who were granted leave of absence to try university and other examinations should be paid while they were engaged in that work.

It was decided to advertise for new teachers for the high schools. The minimum salary will be \$1200.

A letter was read from E. M. Chadwick saying that the St. Albert's Cathedral Chapter had withdrawn its objections to the sale of the St. Albert's School property for the new Technical High School.

Many Fires Originate on the roof of a house.

SWINGS ARE NOT LARGE AT NEW YORK EXCHANGE
Frequent Fluctuations on Wall St. But Tone is Firm—Manipulation at Toronto Market.

World Office, Thursday Evening, May 7.

Pool operations turned the Toronto Stock Exchange into greater activity to-day and prices were held moderate by firm up till the close. Inside movements were principally witnessed in Royal and Winnipeg Railway. Tantalizing support was accorded Mackay Common and Dominion Coal and these issues strengthened under the effect of this moral support. The market was not helped by any outside occurrences. Bank clearings at Toronto for the week showed another decline over those of the same week last year, and the Bank of England rate of discount was maintained at 3 per cent. There was some investment buying in today's market, but this was confined to the stocks of the financial institutions. Imperial and Standard Bank shares both sold higher. Liquidation in Canada Government forced this security down another half point to 125. Floor traders were not strongly impressed with the market to-day, but are willing to wait and see the way in which the manipulation is received by the public.

Wall Street Pointers.
Prosperity Convention protests against advance in freight rates.
Pressed Steel Car has received practically no orders in past two months, but official dividend is well assured from past earnings.
Paul Morton resigns Aetichson board.
Light demand for stocks in loan crowd.
Decline in bar silver affecting American Smelters Securities Company unfavorably and indirectly affects American Smelting and Refining.
Thirteen rounds for 4th week of April show average gross decrease of 23.97 per cent.
Bank of England rate unchanged.
Hearing on B. R. T. 10-cent fare case likely to be concluded to-day.
The banks have gained \$43,338,000 from sub-treasury since Friday.
NEW YORK: The suspension of E. A. Ellsworth has been announced on the Consolidated Stock Exchange.
The British board of trade reports for April show a total contraction of \$18,320,000 in business, a fall of \$9,882,000 in imports, and \$3,711,000 in exports.
The meeting of the board of directors of the Union Pacific Railroad, which was scheduled to take place to-day, was not held. Meetings of the executive committee of Union Pacific and Southern Pacific were held, but following their adjournment it was announced that only routine matters had been taken up.

Bank of England Statement.
LONDON, May 7.—The weekly statement of the Bank of England shows the following changes: Total reserves, increased \$0,000; circulation, increased \$79,000; bullion, increased \$18,847; other securities, increased \$18,000; public deposits, decreased \$27,000; notes, reserve, decreased \$91,000; government securities, unchanged. The proportion of the bank's reserve to liability this week is 50.92 per cent, last week it was 51.06 per cent.

On Wall Street.
Charles Head & Co. to R. B. Holden: The stock market to-day displayed considerable hesitation and irregularity, and the fluctuations for the most part were narrow and of a negative character, with a comparatively few issues contributing the bulk of the transactions. Active bullish manipulation was suspended and a fair supply of stocks was in evidence on the bulge, a fact which encouraged several trading attempts to force a re-

SPASMODIC ADVANCES MADE.
World Office, Thursday Evening, May 7.

Quite a volume of business was transacted at the Toronto Exchange to-day, the result evidently of spasmodic pool operations. The activity was quite a relief to brokers, who have had impression that to-day's rally may bring in some outside buying orders. Several issues were strengthened, among them being Winnipeg Railway, Dominion Coal, N. S. Steel, Rio and Mackay common. The market offered few advantages to room traders, owing to the small amount of offerings, until the rallies had reached their limits. Toronto Electric Light continues to be put thru at 115, but also several transactions are recently reported at that figure, no firm quotations on the stock are made. The run on Rio at the afternoon session is evidently another attempt to distribute stock. Bank issues were dull, but firmness was exhibited in Imperial and Standard. The extension of to-day's quotations for the speculative securities will depend on whether the public decides to sell or buy at these prices.

BONUS TO SHIPBUILDERS.

Senators Discuss It and Cartwright is Sympathetic.

OTTAWA, May 7.—(Special.)—The depletion of Canada's pulp wood forests was the subject of a debate in the senate this afternoon.

Senator Baird proposed a resolution declaring it advisable to appoint a commission of representatives of the provincial legislatures and other persons concerned with the crown lands of Canada to report on the best means for the preservation of forests in view of the large amount of logs and pulp wood annually exported from Canada.

Senator Donville called attention to the desirability of giving financial assistance to shipbuilders. Sir Richard Cartwright said the question would receive the attention of the government. However, it was not one that would be rashly undertaken, but that the government would have to be persuaded that the benefits hop-

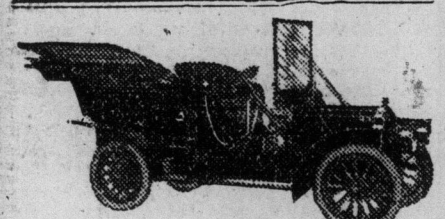

ed for would follow and that the bonus could establish a successful industry. The disadvantage of Canadian shipbuilders in having to pay duties on the parts they now brought into Canada for the construction of ships constituted something which might well be dealt with, he did not pledge the government on this point. Owing to custom regulations the shipbuilders did not always feel that they got the full benefit of the present drawback allowed on these parts.

A bill granting divorce to Edith May Gillmore was read the third time.

Test Your Coal.
From The Utica Press.
The United States government is a buyer of coal to the amount of over \$6,000,000 a year. Prior to 1904 contracts were given to the lowest bidder on the theory that coal is coal and that there was not enough heat-making difference between different lots from the same region or mine to make any scientific quality tests worth while.

Since then several testing laboratories have been established and it has been found that some of the coal offered is expensive at any price. Now samples are required with bids and a great saving has been effected. The time may come when the citizen will require a chemical analysis of the contents of his bin. It will be an easy matter to erect a pure fuel lab and make it a finable offence to sell coal without an analysis label or with a false one.

REPORT ON ROSS RIFLE DIDN'T REACH COMMONS

Bobs Up in the Senate Tho and is a Criticism From War Office Expert.

OTTAWA, May 7.—(Special.)—By what process of adroit elusiveness there was omitted from a return recently brought down in the commons a report upon the Ross rifle, made by the British war office experts, remains to be explained. But that a test of the rifle was made and a report upon it sent to the militia department here is shown by a return submitted recently to the senate.

From the official correspondence it appears that in October, 1906, Lord Strathcona forwarded a report to the minister of militia enclosing a copy of a letter from the British war office, together with a copy of the report by the chief superintendent of ordnance factories, referred to therein. The chief superintendent's conclusions are:

1. The bolt and body are strongly constructed and serviceable.
2. The lock-bolt in this rifle is defective inasmuch as it does not withdraw the cocking from the gear sufficiently.
3. As the primary extraction depends upon the momentum obtained in the first movement of the bolt, the extractor appears to be somewhat weak, being made of sheet metal.
4. The magazine is poorly constructed, made of thin sheet steel, depending on the woodwork mainly for its support. The cut-off is simple and cheap, but unsatisfactory.
5. The construction of the back sight is decidedly weak, the leaf being made of thin sheet metal, pressed up to form a rib in imitation of Mausers can slot cut out from the solid.
6. The strength of the slide is poorly fitted through, and the main object in this sight appears to have been cheapness of construction.
7. The nose cap is weak in construction, but one that could be cheaply made.
8. The sliding trap in the butt plate is not likely to be very durable, as any blow on the plate would fix it.
9. The stocking of the action is very rough and the fitting poor.

Curtainly enough the senate return contains a report made by Col. Sam Hughes, member of the board of experts, which passed upon the Ross rifle in 1901. Col. Hughes' report, which is counter-signed by Col. Ochter as president of the board, is in marked contrast to the finding of the British ordnance experts.

Col. Hughes wrote: "It may be noted that on active service in South Africa I chanced to take several 'straight pull' rifles from the Boers, although the action was weak, the resistance lug or block being at the rear of the bolt, yet the ease in loading and firing, and its magazine impressed me. It was Maxlcker type, straight pull. The Sir Charles Ross rifle has all the advantages of the other, with none of its drawbacks. The Sir Charles Ross rifle locks its resistance lugs at the forward end of the bolt. It is the strongest rifle I have seen, it is least likely to get out of order and is the simplest to dismount and to put together."

THIRTY MORE ROUNDED UP.

About Eighty Undesirable Bulgarians Have Now Been Deported.

C. Blake Robertson, the emigration official who has been looking after the deportation of the thirty Bulgarians, secured another 30 yesterday, making 80 in all.

Shortly after 2 o'clock a police squad under the command of Sgt. Miller of Wilton-avenue station went with the officials to the Bulgarian headquarters on Eastern-avenue and Front-street, just east of Trinity-street.

A Canuck would have his dogs and pigs better housed and in much more commodious quarters than these continentals lived and thrived in.

In police court yesterday a couple of Croats appeared in an assault case and Supt. Bradley of the Miller, Haney Co. testified that fully half a hundred men hang around the tunnel shacks at the foot of John-street who have no business there and are a source of continual trouble.

The police were notified last night thru the Fred Victor Mission that 100 men would be employed on construction and track repairing work at the northern branches of the C.P.R. The police have notified the free lodgers in every station of this opportunity.

Sherds and Bricksbats.
It is now conceded that certain distinctions of sex are ineradicable. Within our own time, for instance, conservative opinion has quite veered round to the opinion that even the woman had worn trousers from the beginning, she might not be substantially less afraid of a mouse.

Prosperity comes in waves, which at least serve to make the submerged tenth more than ever despondent of its name.

The honor of a nation never suffers quite so much as when politicians succeed in identifying the defence of it with some selfish interest of their own. This new appreciation of nature has served to modify in much our notion of the relative values of the bird in the hand and the bird in the bush. We seem to be coming round to the bird's point of view more.

The records of the bar of conscience unfortunately don't inspire confidence. There have been altogether too many acquittals.

The Thirteenth Task of Hercules.
Hercules was cleaning out the stables. "Fine!" they cried. "But can you clean the abominable friends out of the stable?" At once he realized that the original dozen labors were really trivial.

At the Beaches.
The Daily and Sunday World is delivered to Kew, Balmly and Scarborough beaches before breakfast. Order now. Telephone M. 252.

The New Madbath.
"Is that Birnam Wood coming to Dunsmuir?" he asked. "Assuredly it was. I was assured it was only a woman with one of the new hats, he breathed easier."

The Way of It.
Knecker—Does your wife frequently give you a piece of her mind?
Booker—She calls it information of the state of the Union.

H. H. FUDGER, Pres. THE SIMPSON COMPANY, LIMITED FRIDAY, May 8.

Special Offer From Custom Tailoring Department.

Suits which we have been selling all season at \$25.00 and \$26.50, made to order from measurements, taken on Saturday for \$19.75. The materials are fine English Vicunas, in navy, blue and black, also light and medium grey, West of England worsteds, almost a plain pattern, all choice materials which we buy direct from the manufacturer; they are very popular and always in good taste for business wear. We will make your choice of these to order, in either single or double-breasted sacque, with best trimmings to match, and first-class workmanship, from measurements taken on Saturday, for **19.75**
Fit and satisfaction guaranteed or your money refunded.

Talking About Ready-to-Wear Clothes

The man who was prejudiced against ready-to-wear clothing stood looking in at the window of No. 2's favorite store the following morning. He realized that May was on the wing and that choice between custom clothing and ready-to-wear clothing must soon be made.

"Well," he said to his companion—"they seem to be all right—they have the look of good clothes about them."

"Well, why not?" demanded his companion. "Simpson's is an up-to-date store."

"I met a man here the other day and we had quite an argument. He sided with Simpson's ready-to-wear clothing. I was maintaining that made-to-measure clothing was the only way to get fitted. He asked me if I'd ever tried Simpson's." "And have you?" "No, but I'm going in to have a look now."

"Well, whatever decision you come to—whether custom, made-to-measure clothes or ready-to-wear—you'll find out one thing to-day." "What's that?" demanded No. 1. "That Simpson's will give you satisfaction in either ready-to-wear clothes or made-to-measure clothes and you'll save money whichever you favor." "How's that?" asked No. 1, somewhat puzzled. "Simpson's sell both. They have a custom tailoring department as well as a ready-to-wear clothing stock." "Well, which is a fellow to choose?" "Depends on what he wants to pay. If you want a regular \$25.00 custom suit buy a Simpson ready-to-wear at \$15.00. If you want a swell \$35.00 or \$40.00 suit such as exclusive tailors make for fellows with lots of money buy a Simpson custom tailoring department suit at \$25.00."

"Works both ways, eh?" remarked No. 1, with a smile.

"Poor store that don't," replied the other. "Come on in."

Shirts, Neckwear, Underwear.
