Must Preserve Heritage

Never Sell or Cede Water Power, Advice of Secretary Lighthall to Canadian Union at Medicine Hat.

MEDICINE HAT, Alta., July 26.—(Special).—About seventy delegates arrived in Medicine Hat on Sunday evening and Monday to attend the ninth convention of the Union of Canadian Municipalities.

The morning session opened at eleven o'clock and immediately adjourned until two, to allow the executive to arrange a program to work in with the local arrangements for entertainment.

The members of the executive are: President Ward, Toronto; Vice-President Cochrane, Blanchard, Man.; Secretary-Treasurer Lighthall, K.C., mayor, Westmount, Que.; J. H. McGhie, Toronto; Mayor Patterson, Galt; Mayor Stevely, London; G. McCready, Fredericton, N. B.; Mayor Deschamps, Lachine, Que.; J. McCordale, Blanchard, Man.; Mayor Sanford W. Evans, Winthrop, N. B.; Mayor Deschamps, LaPrairie; Mayor Keary, New Westminster, B. C.; Mayor Milne and W. Cousins, Medicine Hat; Mayor Jamieson, Calgary; ex-Mayor McARA, Regina; Mayor Chisholm, Halifax, N.S.; ex-Mayor Griebach, Edmonton.

Addresses of welcome were delivered at two o'clock by Lieut.-Gov. Bulyea and Mayor Milne, and replied to by the mayor of the city and the delegates.

The address of W. D. Lighthall of Montreal, honorary secretary of the union, was a splendid review of the organization. In one of his striking passages he uttered a serious warning with respect to the municipal dangers of the future.

"The predatory forces of society will increase with the richness of the plunder hoped for, and therefore perhaps the most serious struggles for freedom of the citizen are those of the near future. Experience shows that those predatory forces are very much alive, notwithstanding our successes of the past few years.

"The predatory forces of society will increase with the richness of the plunder hoped for, and therefore perhaps the most serious struggles for freedom of the citizen are those of the near future. Experience shows that those predatory forces are very much alive, notwithstanding our successes of the past few years.

"On the other hand, in the future we may expect a larger and larger number of persons among the public who will have become educated upon municipal subjects. They will help us to go on and maintain the advantages we have won in the present.

"I hope they will so strengthen us that our Canadian municipalities will never fall back into the serious position of many American cities, where monopoly of all government action respecting industry so to control the welfare of man, that not only human life, but human happiness should be preserved, and that man should be afforded not only an opportunity to live, but a reasonable prospect of living happily.

"Liberty, which falls to the level of part of the bandage from which it was the escape. To make liberty possible in all avenues of life, political, civil, religious, industrial, should be the primary aim of all governments."

"Go ahead," he said, "with your sports. Study the rules of the game. Learn how to take defeat. Carry into industry, into your business relations with your employers, into your daily associations with one another, into your attitude towards the laws of the land, those principles of 'fair play' and the square deal which alone make true sport possible, and you will be better workmen, better citizens and happier men."

Save the People's Heritage

We would utter this vital warning to the west: NEVER SELL OR CEDE A WATERPOWER. Always lease them. Do not sell or cede your resources, apart from farm lands. Retain the people's ownership in the heritage of the people.

The completion of government ownership of telephones in the western provinces marks a step of untold benefit to rural, as well as urban, Canada.

The Hydro-Electric Commission of Ontario enterprise—which is also one of our children—HAS FORGED STEADILY AHEAD TO THE COMPLETION OF ITS PATRIOTIC WORK, THRU THE SELF-DEVOTION OF OUR PAST PRESIDENT, THE HON. ADAM BECK, whose name, it may be predicted, will always be remembered in Canadian political economy.

The Ontario and Michigan Power Company bill \* \* \* was steadily opposed by the friends of the people, and the political jobbers who had it in charge were compelled to see it reduced to comparatively small proportions. Had municipalities been directly affected, we could without a doubt have fully annihilated this scheme of all its bad features.

—W. D. Lighthall, Secretary Union of Canadian Municipalities.

HON. DR. PUGSLEY PROMISES NAVY

Fleet of Warships To Co-operate with British Fleet on the Atlantic and the Pacific.

VICTORIA, B. C., July 26.—(Special).—That Canada has determined upon having a navy to co-operate with the imperial navy in defence of the empire was stated by Hon. William Pugsley, minister of public works, before the board of trade to-day. He said: "I look forward to seeing a number of first-class vessels-of-war, of purely Canadian origin and manned by Canadians, stationed on both the Atlantic and Pacific seaboard."

"The question of the Canadian navy and of drydocks on both the Pacific and the Atlantic will be discussed as soon as the delegates to the imperial defence conference return from England. The outcome of the conference in my opinion will be a decision to construct drydocks on both the Atlantic and Pacific coasts of Canada."

"The predatory forces of society will increase with the richness of the plunder hoped for, and therefore perhaps the most serious struggles for freedom of the citizen are those of the near future. G. T. P. CREDIT GOOD ABROAD

President Hays Says Road Will Require No More For Two Years—Success of Two Issues.

MONTREAL, July 26.—If the Grand Trunk Pacific had financial troubles they are evidently out of the woods, for C. M. Hays, president of the road, who arrived to-day from England, announces that they will want no more money for at least two years.

He says that everyone in England now realizes that there is plenty of room for the three lines over Canada, and that fifteen miles apart is no undue competition. As a matter of fact the president deems that the time has gone past when the western farmers will haul their grain more than fifteen miles.

He claims that in the past the transcontinental roads have had to give away large blocks of common stock in order to sell their bonds and the fact of the G. T. P. having been able to make such a good financial deal would certainly indicate that their project is understood and appreciated by the money lenders of the British Isles.

Mr. Hays says he was able to assure them that while they brought out 2,500,000 bushels last fall they will bring no less than 6,000,000 this fall to deep water at Port William and that when he and Sir Charles Rivers-Wilson return from the middle of September, the last gap will be filled in between Pembina River, 130 miles west of Edmonton, to Port William.

Again referring to the financial side of the matter, Mr. Hays said, "Comparative issue for instance with that of the Dominion government's issue of \$4,000,000. When you come to compare our credit with the government's, I think you will see it speaks exceedingly well for us, that we were able to get money at pretty well as low a figure, the government's bearing interest at 3 1/2 per cent., being issued at 92-2, while ours bearing interest at 3 per cent. was issued at 92-1/2. The success of these two issues, I think a matter of congratulation all round. Here are \$5,000,000 or \$4,000,000 coming to Canada and that will mean a great deal for the prosperity of the country at large. Incidentally the taking up of these loans reminds me that London is still the great financial centre of the world, where money can be obtained quicker and in greater quantities than anywhere else."

"Recreation," he said, "is an important factor if work is to be what it should be, efficient, intelligent and effective. It was not intended that man should live alone the right to live; his right is to live happily, to live a full and a complete life."

"On the other hand, in the future we may expect a larger and larger number of persons among the public who will have become educated upon municipal subjects. They will help us to go on and maintain the advantages we have won in the present."

A GOOD TUBE ON TUBES REEDED

Unanimous Desire of Citizens For Underground System Leads to Suggestion of Responsible Body in Control.

By some oversight no notification of the appointment of Engineer Moyes as the city's tube expert was sent to that gentleman until yesterday. Even last night he had not yet received the information officially. Under these circumstances he declined to be interviewed.

When the city hall is not officially enamored of a plan the high block signal goes up, and the power of man, as they say on the Peace River, is insufficient to get the project moving. When the city hall desires it, the waters of the class do flow not so smoothly as well-favored schemes to their consummation.

Engineer Moyes is being notified however, and will in due time make report. Nobody who knows the conditions and who desires the welfare of this city, has any doubt about the general view that will be taken of the question. Details are matters for technical decision, and there may be many points on this head to be settled.

But the people want tubes. The unanimity of sentiment has been Ontario public life, it knows that the most efficient service is obtained from a properly constituted commission.

The important public bodies which have endorsed the tube idea for Toronto would readily unite in supporting a plan for a tube commission. Such a commission, once properly constituted and in working order, would naturally be the body to take charge of the street railways when that franchise reverts to the city.

Sir James Whitney would doubtless readily grant the required legislation for the creation of a tube commission for the city. Once it got to work the citizens would have confidence that their civic railway would proceed under the most satisfactory auspices, and to that end would prefer its organization sooner rather than later, so that the business could be got on to a good start.

"Recreation," he said, "is an important factor if work is to be what it should be, efficient, intelligent and effective. It was not intended that man should live alone the right to live; his right is to live happily, to live a full and a complete life."

Money Saved by Wearing Old Clothes Means Four Years More of Prosperity

NEW YORK, July 26.—John W. Gates came back from six weeks' vacation abroad, fairly bubbling over with good spirits and bullishness.

"Two years ago," said he, "I said that Americans were going to retrench and wear their old clothes. They have done so, and the money they have saved surprised them all, as is shown by bank deposits the country wide."

"Two years' economy in the United States means a world of money, and I believe the next four years will witness the greatest industrial development in the United States that the world has ever seen."

FORGER ANDERSON CREATES A SCENE IN VANCOUVER JAIL

Smashes Glasses on Floor in Struggle With Police to Be Photographed Without Aids to Sight.

VANCOUVER, B. C., July 26.—(Special).—The police force are greatly puzzled to account for the reason which caused young Jack Anderson, held here for the Toronto police on the charge of cashing scores of bogus cheques in different parts of the world, to fight against having his photograph taken for the Rogues' Gallery.

When Detective James Anderson told him that he was going to take his picture the young man wished to see his glasses behind. He was told he must be taken with them on. So determined was he not to be photographed with his glasses on that he smashed them on the hard cement floor of the jail corridor. A new pair was obtained and he was successfully photographed.

ALL-RED ROUTE Difficulties in the Way Haven't Been Removed.

(Canadian Associated Press Cable). LONDON, July 26.—In the house of commons this afternoon Premier Asquith referred to the railway route committee has not yet succeeded in removing many difficulties with which the scheme is attended, but there is no reason to assume that these would prove insuperable.

SUFFOCATED AFTER FIT WORKING AT GAS STOVE

Melancholy Death of Servant at Chestnut Park While Family Absent on Week-end Holiday.

A gloomy reception awaited Harold Snydam, 34 Chestnut Park-road, and his family on their return to their home at 6:15 last night from a week-end holiday trip. When they arrived at the house they found it securely locked and an unaccounted air of desolation surrounded it. This was strange, as they left their servant, Jane Gammie, in charge of the house, and expected to be welcomed by her on their return.

When no answer was received to repeated ringing and knocking at doors, Mr. Snydam succeeded in gaining an entrance to the basement. There in the dim light he found the dead body of the servant lying over an open gas stove. This was turned full on and the woman had apparently died of suffocation. Close to the body lay an iron, which it would appear that she had been about to place on the stove when she overcame.

The theory of the police is that the woman had been at work and wanted to put the iron on the stove. She had turned the cock, but had not applied a light, when she must have fainted or taken some description of fit. She was then suffocated by the escaping gas, from the fumes of which she was unable to escape. This must have happened yesterday, as the baker had left a loaf of bread, which she had taken in.

The body was turned over by the chief coroner to the woman's sister, who lives on Rushmore-road. Jane Gammie was 26 years of age and apparently in a good state of health. An inquest is unlikely.

GREAT PEACE ARCH TO SPAN NIAGARA CLOSE TO FALLS

Proposal to Commemorate Century of Amity Between Canada and United States Takes Form.

NIAGARA FALLS, Ont., July 26.—(Special).—The suggestion to commemorate in some suitable manner the anniversary of 100 years of peace between the United States and Canada, took another step forward when the Queen Victoria Park commissioners endorsed the idea and resolved to press the matter forward.

A commemorative arch to span Niagara River nearer the falls than the present which bridge is the form which the majority of people along the frontier would like the memorial to take and the commissioners are understood to favor this suggestion. Funds collected in both countries would pay for the erection and endowment of the bridge so that it would be free to the peoples of both nations as long as it stood.

ADAM BECK SCORES AGAIN WATER BYLAW IS CARRIED

London Will Spend \$123,700 to Secure Supply From Wells Under Streets.

LONDON, July 26.—(Special).—A bylaw to expend \$123,700 in securing water from wells under the streets on the bank of the River Thames was carried to-day by a majority of 1840 out of a total vote of 2550.

Hon. Adam Beck, who strongly supported the scheme, addressed the crowd from the Advertiser window, thanking them for eschewing politics in a matter of such importance, and promising that the scheme would be a success.

A bylaw to expend \$25,000 on the extension of water mains was defeated by 540 out of a total vote of 2215.

BONUS BYLAWS CARRY. Moulton and Gainsboro Give \$5000 to Electric Railroad. DUNNVILLE, July 26.—Bylaws granting aid to the Dunville, Wellandport and Beamsville Electric Railway were carried to-day in the Townships of Moulton and Gainsboro, each township voting \$5000.

Two Bylaws Carry. WINGHAM, July 26.—The citizens of Wingham voted to-day on three bylaws, waterworks, town hall debentures and the appointing of commissioners to manage electric light. The first was defeated by 35 majority, the latter two carried.

HIDES FREE IF LEATHER IS REDUCED

White House Conference Must Carry Out This Bargain or Deadlock on Tariff Will Be Continued To the End.

THE PROGRAM

WASHINGTON, July 26.—The program on which the conference are working is as follows: Hides, as provided by the house, against the senate rate of fifteen per cent. ad valorem. Sole leather, 5 per cent., the same as in the house bill, as against the senate rate of 15 per cent.

Dressed upper leather, 7 1/2 per cent. as against 15 per cent. in both the house and senate bills. Boots and shoes, ten per cent. as against 15 per cent. in the house bill and 20 per cent. in the senate bill. Saddlery and harness, 20 per cent. as against 35 per cent. in the house bill and 40 per cent. in the senate bill.

A decision to this effect was reached by the tariff conference to-day. The conferees adjourned to-night until 11 a.m. to-morrow, but the house members will assemble half an hour earlier in order that they may lay their plans for executing their part of the agreement. It is expected they will have a report from the house leaders as to the possibility of passing a rule conferring jurisdiction upon them to agree to lower rates on leather than those named in the house bill. Senator Aldrich has informed senators from northwestern states that he will not consent to the abolition of the duty on hides unless there is a material cut in the rates of boots and shoes and other leather goods. In no other case, he said, can he get the votes necessary for the adoption of the report in the senate if it carries free hides.

For Tariff Sake. Senator Warren said to-day that the western senators would not be representing their states if they were to consent to the abolition of the duty on hides in the interest of the manufacturers of hides and other leather goods, unless manufacturers in New England and other eastern states are compelled to concede lower rates on leather products. While the western senators take the position that the removal of the duty on hides will be injurious to the cattle business, some of them say they will withdraw their protests because of the insistence of President Taft if reductions are made through the leather schedule.

Senators who were entrusted with the task of canvassing the senate, reported to-day that it would be free to adopt a report providing for free hides. These senators conferred with some of the house leaders and were informed that under present conditions it is just as impossible to pass a report thru the house without free hides. This information was communicated to the conferees and convinced the nihat it would be futile to spend any more time trying to reach an agreement unless concessions were made to cattle interests in the form of reductions on leather.

Print Paper Schedule. Steps were taken toward the final disposition of the wood pulp and print paper schedule, also it is understood no rates were definitely fixed. Representative Mann of Illinois, who is chairman of the special house commission, appointed to make a thorough study of the print paper situation, was called in to explain the retaliatory provision which he drafted. The purpose of this provision is to obtain unrestricted importation of wood pulp from Canada to the United States.

It has been unofficially reported that a duty of \$3.75 a ton would be agreed to on print paper, but Mr. Mann, after coming from the conference room, said: "I will not vote for the conference report if it provides for a duty on print paper that is above \$3 a ton."

The \$3 rate is one dollar less than the senate rate, and one dollar more than the house rate.

HAMILTON, July 26.—(Special.)—The morning's edition started the hearing of evidence in the street lighting arbitration, which was referred back to him by the court of appeal on the 17th inst. The hearing was held in the presence of several witnesses, and the evidence was heard in the afternoon.

Thompkins Goes For Trial. Mark Thompkins, who was arrested for holding up Fred Porteous a week ago Saturday night, was committed for trial this morning by Magistrate Jelfs.

Boy Mangled by Cart. Willie Haggarty, a 3-year-old child, whose parents are residing at 18 South Walnut-street, was run over by a H. G. and B. car to-night at the corner of Main and Walnut-streets, and so badly mangled that it is feared he will not live through the night.

Saving to Litigants. The first case under the new act relating to surrogate matters was tried by Judge Monck this morning, and the lawyers say that besides simplifying matters, it is a great saving to litigants in costs.

Mayor Not Afraid. Mayor McLaren and the aldermen appear to have little fear of further trouble as a result of Martin Malone's threat of Saturday that he would seek to set aside a contract with the Cataract Company for power to pump water to the mountain residents.

Hotel Danaham. Corner Barton and Catherine-streets, Hamilton, modern and strictly first class. Rates \$1.50 to \$2 per day. Phone 1465.

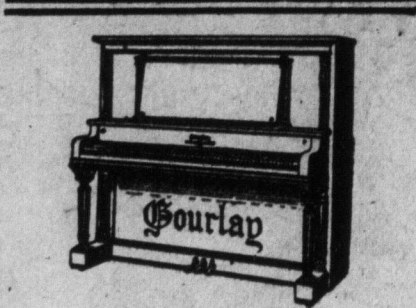

Pilgrims For St. Anne. A train load of people from Bay City, and Saginaw, Michigan, will pass through this city this morning on a pilgrimage to St. Anne de Beaupre, Quebec.

School Teachers' Jaunt. A party of 23 school teachers from Richmond, Vt., who are on a pleasure jaunt, are registered at the Walker and are proceeding towards the places of interest about the city and last night went out to Scarborough.

REAL ESTATE & INSURANCE BROKERS. MONEY TO LOAN. OPEN EVENINGS, 7 TO 9.

This week we have been advertising specials in the Town of North Toronto, and we have been meeting with great success in disposing of these properties. All eyes are on this Northern Suburb, and choice lots at moderate prices are fast being picked up. In this suburb there are the choicest building sites to be had in Ontario. They are situated three hundred feet above the level of Lake Ontario, and the surrounding country can be seen for miles. Eglington is only twenty-five minutes from King on Yonge by trolley. Let us show you some of this property. It is a sound investment.

Special Offerings in the Town of North Toronto

\$5 PER FOOT—WE HAVE A VERY beautiful lot on Gladstone-ave.; this lot is clear and a few minutes' walk from the Glen Grove cars. If you are looking for a good, sound investment, let us put this through for you.

\$6 PER FOOT—A FEW SPLENDID level lots we are still offering at this price on Glenwood-ave. This is workingman's chance to secure a good home site. The terms are easy.

\$7 PER FOOT—EGLETON AVE.—Fine, level lots, splendidly situated on a dry elevation. Now is the time to secure one of these home sites. We can make the terms to suit you. Don't delay; we have only a few lots to dispose of at this price.

\$7.50 PER FOOT—WE HAVE TWO beautiful lots on Glenwood-ave. They are only a few minutes' walk from the Glen Grove cars. Now is the time to buy; these properties are increasing in value every day.

\$10 PER FOOT—WE HAVE ONE splendid lot on Balliol-street; now is the time to secure it at this price, as the property is fast going up in value in this district.

\$15 PER FOOT—GLENWOOD AVE., quite close to Yonge-street; nicely situated in an orchard of young fruit trees. This is a most desirable location. Come and see this property.

\$15 PER FOOT—ALBERTUS AVE.—This property is covered with fruit trees. This locality is good and very desirable. We have only 200 feet at this price. See this property at once; it won't remain long at this price.

\$15 PER FOOT—IN DAVISVILLE—These are the choicest lots in this locality. They are situated only a few feet distant from Yonge-street, in a first-class residential district. These are the choicest lots, bearing building restrictions, to be obtained in the Town of North Toronto. We have but a few of these lots left, each having a frontage of 50 feet by a depth of 150 feet. If you wish to buy, don't delay, as we expect to turn these lots over in the next few days. We can thoroughly recommend these as worth seeing.

## HARRY THAW AND JEROME CHAT AT INSANITY TRIAL

Alienists for Slayer of Stanford White Begin Slow March Across Stage.

WHITE PLAINS, N.Y., July 25.—Alienists began their slow march across the stage in the Thaw case today. The efforts of Stanford White's slayer to obtain his release from the Matteawan Asylum for criminal insane are culminating in the testimony of the experts, called to prove him sane or insane. His attorney, Charles Morckaus, said to-day that he might get Thaw on to-morrow afternoon, but he may not reach the stand till Wednesday.

## YANKEES STAY AT HOME

F. B. Robins, Back From Europe, Talks About Immigration.

F. B. Robins, president of Robins Limited, returned yesterday from a three months' business and pleasure tour of the old country, touching the principal points of the British Isles, France and Germany. He spent considerable time in Germany establishing relations with the sturdy industrial peasantry of that country to the company's lands in the Canadian west. He will at once be joined by Robins Limited, in Winnipeg, Calgary and Edmonton, where immigrants may secure both city lots and acreage.

Mr. Robins reports that there is plenty of money in the old country available for sound Canadian investments. He regretted to find industrial conditions unstable in England, a large number of good workmen were, however, gradually turning to Canada in search of more favorable conditions, which would in time relieve the situation at home somewhat, and it was noticeable that a better class of men were coming now than in the past. Seventy-five thousand of these immigrants were going to the west.

## HENRY PELATT BURIED

Obsequies at St. James' Cemetery of Leading Citizen.

The remains of the late Henry Pelatt, who died at his summer residence, Southwood, at Orillia, suddenly, Saturday last, were brought to Toronto on the 3:30 train yesterday and interred in St. James' Cemetery. The funeral took place from the Union Depot to the cemetery. The party, consisting of a number of friends and the relatives of deceased, met the train. The ceremony at the grave was conducted by Rev. Frederick Wilkinson, pastor of St. Peter's Church, and by Rev. W. H. Vance represented the council of Wycliffe College. The pallbearers were: Charles Parsons, Charles Hitchcock and George Buckland, all of Toronto, and Charles Stephens of Orillia. The mourners were: Sir Henry Pelatt, Frederick Pelatt and Miss Pelatt, sons; Captain Reginald Pelatt, grandson; and Col. R. B. Hamilton of Toronto; H. E. Morphy of Ottawa, and E. R. Rogers of West Toronto, son-in-law.

## ROLL OF INIQUITY

For stealing the other man's milk because his own had been continually purloined, Percy Phillips was sent to jail for seven days from the police court yesterday morning. William Curtis, who assaulted Constable Forbes into the hospital, went to the Central for a year. Estelle Bates, for frequenting Chinese resorts, was sent to the Mercer for six months. Margaret Williams was allowed to go to Buffalo, which she does to avoid the six months in the Mercer now being bestowed upon women who affect Chinese society. For theft of a bicycle, William Thomas, a lad, was sent away for four months. Lee Chung Lung, a Chinese, charged with keeping a disorderly house and seven other celestial charges as frequenter, was remanded, the police, Alessandro Feloni had three other Italians charged with obstructing, were remanded. Herbert Hughes paid \$10 and costs to avoid 60 days in jail for theft of a heavy horse and buggy. For refusing to tell his name to Inspector Dixon, Thomas Pepper paid \$10 and costs. Jennie Hunter will live at the Mercer for keeping a house of ill-fame and robbing her patrons.

## A GREAT PEACE ARMY

World-Wide Ramifications Make For Peace, Not War—its Varied Operations in Toronto—Glimpses of Some of its Efforts.

To those accustomed to travel in other countries—European or Asiatic—we venture to say that not the least impressive thing they have witnessed has been that of a class of people who are familiar objects in the traveler's own country. We mean those men and women who are distinguished by an almost universal uniform and known as the Salvation Army. It is one of the remarkable features of this organization that among French or German, Hindu or Chinese, Japanese or American, the same spirit is manifest. Whenever you meet the members of this organization they appear to be actuated by the same impulses and their efforts and methods are identical. A sort of esprit de corps exists in this world-wide army that seems to bind its many divisions—of all kinds and classes and kindred of people—into a solid phalanx presenting an unflinching front to man's common foe in the fifty-two different countries where its flag flutters to the breeze. Few realize the extent of its operations in Toronto alone. "Toronto the good" is too prone to plume itself upon its reputation, not realizing that that reputation may in itself prove a danger, if it is not to be the Christian and moral agencies into a sort of self-satisfaction. The work of this organization in connection with the police and court authorities, unfortunate women, neglected children, etc., forms a very net-work of rescue agencies that one wonders what would happen to these victims—willing or not—of their miserable circumstances or conditions, if those agencies ceased to exist.

Salvation Army soldier in uniform.

While councils and conventions are discussing and "resolving" how to deal with the humanity, this organization goes on with its work, and to a great extent out of the waste of the rich it provides help for the poor. Take the salvage alone, out of waste paper and such like, which it gathers up by collecting certain districts day by day. It provides work for several men, at the same time it provides articles of clothing, boots, etc., for poor people and little children.

Henry Pellatt visited the Salvage store on Queen-street and writes as follows: Here comes a little girl, holding her smaller brother by the hand. She has a wistful expression on her face as she timidly advances to the counter and peers over the top of it. "What, what do you want, my little dear?"

"If you please, sir, I don't want nothing, but my brother Jimmie hasn't got no boots or stockings, and mother sent me round to ask if you could let him have some for five cents. It's all the money mother has to spare, and she wants me to go to a Sunday school concert to-morrow, and he will be dreadful disappointed if he has to stay home 'cause of having no boots to put on."

All this was spoken rapidly and with eagerness, as the little girl looked up appealingly at the man behind the counter. Her request would have melted a heart of stone, and needless to say Jimmie was soon trotting off home clad in some nice boots and stockings. Later on another little girl appeared. Her story was even more pitiful. She wanted some clothes for her brother.

"Where is he?" she was asked. "Oh, I couldn't bring him with me because he's got nothing to wear." "What'll fit him, I'll guess I can tell you," said the man, and in a few minutes can you let me have the things for fifteen cents, 'cause it's all mother has got."

Soon she too, was on her homeward way, bearing a big bundle of clothing, and no doubt, the poor struggling mother was overjoyed to be able to clothe her boy so cheaply. About 1800 persons are supplied each month with free clothing, or at a nominal price, to cover cost of collecting.

This work should be remembered by those desiring to do good with their means in this world. Requests may be made to any of these branches. For particulars write Commissioner Combs (or phone M. 1713), S. A. Temple.

Boy Killed on Track. COMBER, July 26.—Jos. Beane, 14 years, was killed at the G. T. R. crossing at Stony Point by the Detroit local express. The boy had waited for the east bound train to pass and was in the act of crossing the tracks when the west bound express struck him, throwing him clear of the track.

Auto Tour of Continent. BRANDON, Man., July 25.—(Special.) Dr. Robs and W. Gooderham, Toronto, are here to-day on a tour of the continent in automobiles. They left tonight for Regina, enroute for Seattle.

These courses handicap at the Queen's Royal golf links, Niagara, on Saturday afternoon was won by Miss Moss Chrysler and Mr. J. H. Hughes, who carried off the handsome silver trophies offered by Mrs. Thompson. Mr. Hughes, who is at the Queen's with a jolly party of men from Cleveland, was given a birthday dinner and cake, with the addition of many presents during the evening.

Yesterday a men's single tennis match for over 1000 was held on the Queen's Royal tennis courts. A bridge party, with a prize for each table. To-day the usual shirt waist dance will be held at Casino. On Thursday a ladies' team from St. Catharines will play the ladies of the Queen's Royal Club, on Friday evening.

What promises to be the most delightful entertainment is being arranged by Mr. Harold Crane, who has made a New York success in "Peggy From Paris," since his last appearance with Elsie Janis in Toronto. He will be assisted by Miss Grace Merritt, the well-known Toronto actress; also Miss Moody and several others. The evening will close with an iron proceeds on Saturday night the week-end dance will be held, and promises to be as successful as that of last Saturday, which broke all records for the city.

Noted for the number of men who attended, many of them coming over from the other side of the river for the Col. and Mrs. Gooderham were over at Niagara in their yacht on Sunday.

## AN UNFAIR ARGUMENT

Candidate Repudiates Charge of Trading on Fraternity's Friendship

Editor World: As a number of persons are advancing the argument that I am using a certain body as a means to success in your contest, pointing to my photo in headlines of the order as a justification to their claim. I ask that in justice to myself you publish a flat denial to the accusation. So far as I am concerned, I know nothing of your ever having a photo of myself in any newspaper. I merely desire this statement to appear, so as to put at rest the false statement that I was or am a party to having the photo used which you have been pleased to publish on two occasions. TIGER ATTACKS KEEPER. Tears Back of Trainer at Coney Island Menagerie.

NEW YORK, July 26.—Mogul, a sulky Bengal tiger, who has been making no end of trouble for his owners ever since he was added to the attractions of Coney Island, a fortnight ago, sprang from the pedestal to which he was chained this afternoon, snapped the links and landed solidly on the back of his trainer, Henry Falkendörfer, beating him to the ground. Falkendörfer struggled bravely. Of the five blank cartridges in his revolver not one exploded as he pulled the trigger. A savage blow from the tiger's forepaw had opened his scalp, and when he was finally pulled through the door of the cage by attendants who went to his rescue with iron rods, he had concussion of the brain and small hope was held out for his recovery.

G.T.P. ENTRANCE. Application to Commission Withdrawn and Railways Will Negotiate.

OTTAWA, July 26.—(Special.)—The application of the National Transcontinental Railway Commission regarding its entrance to Winnipeg and the consequent crossing of the C. N. R. and C. P. R. tracks was to have come before the railway commission this afternoon, but was withdrawn. The transcontinental commission will proceed to Winnipeg next week and an effort will be made on the spot by the interested companies to come to an agreement.

JOE MORRIS GALLOPS SHOWS FORM REVERSAL

Starter Dade Has Bad Day at Fort Erie—Shipping Horses Away.

FORT ERIE, July 26.—The public was treated to another delightful reversal of form this afternoon in the first race, when Joe Morris, who has started here several times, and could never raise a gallop, stepped the first half-mile in 49 seconds, and won pulled up, doing the five furlongs in 1:01.25. This is a case for the stewards. Heid had his first mount in the fifth race, when he rode John A., a well-played favorite, and then he carelessly rode the horse was beaten by half a length, when he was won. King Solomon ran a disappointing race with horses that he has beaten. Trainer W. Garth, who owns Western Lady, shipped home to Windsor, this morning, while the horses of George Hendrie were shipped to Windsor. The day passed off without a horse being bid for the booting or now being seemingly over. The handicap was won by Woodlands without effort. C. W. Burr, Conroy, and Marjorie were the first choices to win. Starter Dade was off-color to-day, sending the fields away to poor starts.

WINNIPEG MAN IS FIRST OF CANADA'S WINNERS

Sergeant Blackburn Gets Away With \$1000 From the Bisley Meet.

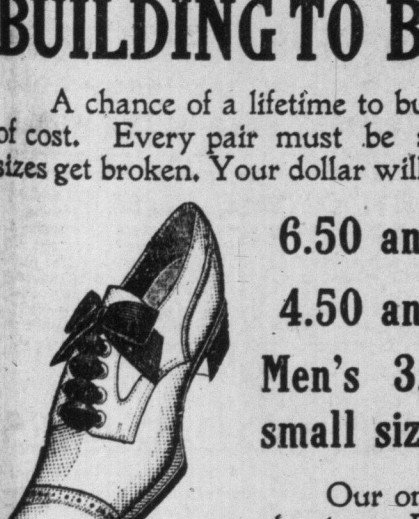

(Canadian Associated Press Cable.) BISLEY CAMP, July 26.—Sergeant A. M. Blackburn of Winnipeg, the "unattached" man with the Canadian Bisley team, is easily the leading prize-winner among the Canadians. To begin with he has the Prince of Wales' prize, \$500 in cash, as well as the Prince of Wales' badge, with his Birmingham Muntion Cup he gets another \$125, and he divides the first prize of \$175 in the Martin Match with another competitor. In the King's prize, Blackburn got fifteenth place, value \$150. His second place in the Service Rifle Championship brought him nothing but glory, and a silver Jewel. But Blackburn was an "often mentioned" name in the list of minor prizes in other matches. It is quite possible that his winnings will total one thousand dollars easily. Next to Blackburn, Lieut. Morris of the 46th Regiment, Bowmanville, is probably next in cash winnings. He takes \$200 with his third place in the King's prize. His Standard of Empire Prize includes \$105 in cash and his London Small Arms Rifle takes with it \$25. Morris also figured well in the lists of winners in nearly every match in which the Canadians contested. Staff-Sergt. Bayles of the Royal Grenadiers, Toronto, got \$25 with his Wimbledon Cup and has figured up fairly well in other matches. Staff-Sergt. Richardson of "The Comet" aggregate was a great win, but carried no money with it. Lieut. Mortimer of Ottawa got a good lot of money prizes. Sergeant Blackburn of Winnipeg is second in the Service Rifle Championship, and Sergeant Mitchell of Hamilton third. Other Canadians stand as follows: Lieut. Morris, Bowmanville, fourteenth; Sergeant Smith, Ottawa, seventeenth; Sergt-Major Eugenia, Hamilton, twenty-sixth; Sergt. Freeman, Hamilton, thirty-sixth; Lieut. Smith, Chatham, forty-third. Blackburn's prize in this match is the silver Jewel. The other Canadians above get a bronze Jewel. The prizes are awarded to competitor with best scores in the grand aggregate (short ranges), Elkington (long ranges aggregate), and Martins (short firing aggregate).

FOURTH TEST SMALL SCORES

Australia 147 to England's 119 in First Innings at Manchester. LONDON, July 26.—The English eleven to meet Australia in the fourth test match, which began to-day at Manchester, are as follows: Warner, Hitchings, Baines and Blythe. The Australians were all out in their first innings for 147 runs. England made 63 for five wickets, and were all out for 119 runs. The Australians beat Derby County by ten wickets. Kent beat Surrey by an innings and 62 runs. Yorkshire beat Warwick by five wickets. Lights to Rule the Night. Many on the island and waterfront last night were treated to a display rivaling the northern lights. When the steamer Argyle swept in from Olcott Beach at 8.30 she had her searchlight at work and this aroused the man behind the light on John C. Eaton's crack yacht the Teckla. The two heavy streams of light were kept dancing over the bay until the Argyle had faded away towards Cobourg.

Montreal Outlaw Horse Races.

MONTREAL, July 26.—With reference to the coming race meet at Delorimer Park, the following letter has been received from W. P. Tracy, secretary of the Canadian Racing Associations, by W. Northey, secretary of the Montreal Jockey Club: "I have received your letter informing me that there is to be a continuous meeting held at Delorimer Park, Ontario, in case of such a meeting actually taking place, I would refer you to the rules of racing of the Canadian Racing Associations, Nov. 6 and 7, as follows: 'If a horse run at any unrecognized meeting in the Province of Ontario and Quebec he is disqualified for all races to which these rules apply. Such horses, any jockey riding the same, at any such meeting, shall be disqualified for all races to which these rules apply. Such horses, and all others under the control of such owner or trainer, shall also be disqualified. Any person acting in any official capacity may also be disqualified. These undoubtedly will be put into effect, and the participants, whether owners, trainers, jockeys or horses, barred in future from all privileges at meetings recognized by the Canadian Racing Associations.'

Bowling, East vs. West.

'Secretaries of the city clubs are reminded that the first of the series of East vs. West games takes place on the Woodbine lawn on Friday next, at 4 p.m. Entries should be in the hands of the secretary of the D.B.T. not later than Thursday noon. W. E. Orr, 33 Yonge-street, M. 4506.

Really Good Bass Fishing.

If a fighting, vigorous bass on the end of a line can send a thrill through you and make you feel like a worth living, you will admit after the first day at Point au Baril that it is exactly the place you have been looking for. The fishing is excellent; it is a poor day when you cannot land the limit of eight beautiful bass; and in other respects it is an unusually attractive summering place. Point au Baril is 25 miles north of Parry Sound and is reached from Toronto by the Canadian Pacific Railway, night and day trains. Summer return fare only \$7.50. Two good hotels, numerous cottages and ideal for camping.

Discount on Premium?

Editor World: Please answer the following question in your paper on Tuesday or Wednesday. What rate of discount in our money is "13 to 12" or "25 to 13" in British currency. Robert Caesar. Thirteen as 12 is an advantage of 1-3 per cent to the buyer, and 25 as 24 is of course just half as much, or 4-1 per cent. A premium of 13, or 13-12, is given in some trades, but it is not clear from the question if this is what is intended. A Holiday Next Monday, Are You Going Away? Here is a welcome opportunity for a little holiday trip in the Bow River Valley which has just come out. Some time ago the agents of the Bow River Valley have been in the market for a number of years, and it is now announced that they would increase the prices of these lands from \$25 to \$30 an acre, and in ten days 100,000 acres were sold and so great was the purchasers' desire to close that they purchased from the map, not taking time to go and examine what they were buying.

Matinee To-Morrow.

The Dufferin Driving Club will hold a matinee Wednesday at the park, the following being the eligibles: heats—Prairie Oyster (A. Lawrence), S.D.C. (J.O'Brien), Belmont Wilkes (J. Mead), Eastside (R. Mackay Shares Are Strong Other Issues Dull But Firm

U. S. Steel Weaker on New York Market—Business the Feature on All Exchanges.

World Office, Monday Evening, July 26. The Toronto Stock Exchange gave some further evidences of buoyancy to-day, but there was little broadening out in transactions, with the exception of Mackay shares, common and preferred, both of which have been rather listless of late. Mackay common opened at about last week's close, and was in fair demand throughout the day, advancing half a point to 2 1/4, and closing firm around that figure. The preferred stock remained about steady around last week's high. These shares have been rather inactive of late, and the increased buying is coming at a time when there is very little of the stock in the market, which is in itself accountable for the advance to-day. Some talk of an increase in the dividend rate is still heard on the street, but this is having little effect on the market, being apparently without foundation. Dominion Steel continued firm on to-day's market; Dominion Coal was strong, advancing nearly a point from Saturday and closing at the highest figures reached.

The other listed issues were generally about unchanged, but with a good undertone. Twin City sold around 102 1/2; Lake of the Woods advanced nearly a point; Bell Telephone was higher at 146 7/8; C. P. R. fractionally lower at 186; the South Americans were inactive, such sales as transpired being fractionally below Saturday's figures. The investment end of the market was dull, only one bank figure in the day's trading. The bonds were not dealt in. The market closed on the firm side, but with dulness the leading characteristic.

W. All Street Papers. London settlement begins to-morrow. Tin Plate strike gradually collapsing. Steel authorities expect earnings to keep up for remainder of calendar year. Hope reviving of a dividend on Southern Railway preferred. Soo report will show approximately 90 per cent. earned on entire capital stock.

International Paper will make large reductions in cost of production. Reports 20,000 men needed for harvesting in Minnesota and the Dakotas. Demand for money improving at Baltimore and other southern points. Large increase in loans feature of bank statement. The Calumet and Hecla Mining Co. for fiscal year ended April 30, 1909, compares with previous year as follows: Total assets and liabilities \$7,774,107, against \$6,295,710. London Economist says that at that centre investment demand poor, except in certain classes of American bonds. The Cairo division of Big Four has one of the largest wheat crops in the history of that division, and farmers marketing rapidly. The strike at the Standard Steel Car Co.'s plant was ended this morning. The sub-treasury is a debtor at the clearing house \$1,924,218 since Friday. The American Steel and Wire Co. has sent out notices of an advance of \$2 a ton in wire products. There will be also an advance in merchant steel price. The National Bank of Commerce in New York has arranged to ship \$1,250,000 gold to Argentina on Aug. 20. Negotiations are now pending for the shipment of several millions more. When the senate adjourns to-day it will meet on Thursday next. There

rans in London for a number of millions of pounds more to protect itself against price advance later. One large electric company is said to have purchased a two years' supply of copper. Transactions among the sellers in the last few days approximate 50,000,000 pounds. The Boston News Bureau reports by private cable that the Italian government has appeared in the London market as a buyer, and has taken a large tonnage of cash copper. A result of all this the copper shares are exhibiting themselves in stronger position than for some weeks.

# COBALTS--New Vein Four Inches Wide Struck on Nova Scotia--COBALT

## Cobalt Market is Weak And Inclined to Dulness

### Beaver Sells Down Five Points to 32--Temiskaming is Stronger and Advances.

World Office Monday Evening, July 26.

Further signs of weakness were in evidence at the local mining exchanges to-day and particularly was this the case in regard to Beaver, which sold down nearly five points during the session, closing at 32-1/2, as against 37 last Saturday. No reason is assigned for the decline save the fact of public buying of the shares in transactions in this issue being chiefly between floor traders. Should any buying of consequence come into the market, brokers anticipate a good demand for this stock, and look for higher prices. Rumors that the high values realized on assay of the vein recently uncovered, were not circulating, but these were entirely without confirmation and had little influence on quotations.

The other Cobalt issues were generally dull and price changes unimportant. Nova Scotia was more or less dealt in at lower prices, closing at 25, a point and a half below Saturday. Cobalt Central remained about steady, with sales from 40 3/4 to 41 3/4. Rochester was about unchanged, closing at 25, a point and a half below Saturday. Temiskaming was strong on to-day's market, selling up to 35, a gain of seven points since Saturday's closing quotations. The shares were in good demand and closed at 30. Ophir sold up two points to 57, but was weaker at the close.

Higher priced stocks were dull and slightly weaker. Nipissing sold at 10 1/2, La Rose and Kerr Lake were inactive and about unchanged. The market was exceedingly dull at the close, and with sentiment among brokers inclined to slightly lower levels.

Ore shipments for last week were 635 tons from eleven mines, including a consignment of 21 tons from the Kerr Lake mine, this being the first shipment from this property since May last.

ONLY SMALL BLOCK OFFERED

Misunderstanding Due to Error in Advertisement

Gormally, Tilt & Co. have asked for bids on 2500 shares of Prospectors' Exploration and Development stock. A typographical error made this appear as 25,000 shares, an amount not obtainable at the present time. This is one of the most attractive speculations in the mining market, a half per cent bonus having been offered on September 1st. The capitalization is only \$350,000 and only 61,000 shares have been issued. The company has prospectors in the Gowanda district, and a good strike has been made and is being reported to the shareholders by circular this week.

FIND ON NOVA SCOTIA

A special despatch to The World last night from J. A. Jacobs stated that a four-inch vein of solid cobalt had been opened up on the surface of the Nova Scotia property. The strike was made while trenching in the rear of the power house and showed rich values. Interesting developments are expected.

## WALDMAN'S LUCK TALK OF COBALT

### Big Montrealer Object of Interest on Streets of the Camp--Large Staff at Work.

COBALT, July 26.—(Special.)—J. H. Waldman, discoverer of the silver vein, was the most discussed man in the camp yesterday. Wherever he went the big Montreal manufacturer of ladies' cloaks and dresses was followed or pointed out as an object of interest. Whether Mr. Waldman enjoyed the rather startling attention to which he was subjected on every hand, he gave every outward evidence of elation. Long ago Mr. Waldman's business in Montreal placed him in the class of the prosperous, but when a man stumbles on a discovery that may mean millions on a relatively small investment, his luck throws about his personality a glamor that the more prosaic pursuit of business cannot do. So Mr. Waldman and his party were watched wherever they went about the Waldman silver mine.

The discovery has given renewed interest in the entire unexplored portions of Coleman, some of which has hitherto been regarded as barren. Accepted theories of geologists have been thrown to the winds and there are many evidences of renewed activity.

"I believe twenty millions of dollars may be taken from the Waldman," said one enthusiast to-day. "If the vein is stripped 1000 feet and the depth were to go down one mile, the amount of silver there would stagger the imagination. Proven depths at Cobalt indicate that the possibilities are practically without limit."

A staff of more than a hundred men were set to work this morning and the number will be increased this week to one hundred and twenty-five.

A Close Corporation

The Waldman is practically a close corporation, the Waldman Silver Mines as it will be officially known has been capitalized at \$2,500,000. It is said that less than a dozen men are on the inside and that these will have whatever treasury stock may be necessary for development.

ENGLISH SYNDICATE IN NORTHERN MINING CAMPS

Distinguished British Investors Interested in Consolidation of Twenty-Three Silver Claims.

Twenty-two full forty acre claims and a fraction of twenty acres have been brought under control of the London and Gowanda Syndicate, by a group of well-known English capitalists who have become interested in the silver fields of northern Ontario.

The chairman is Viscount Massarene and the syndicate consists of Messrs. W. J. T. Lambert, Limited, the great lake fishers of Nottingham, England, are also members of the syndicate.

Of the holdings of the syndicate one 20-acre property adjoins the Temiskaming at Cobalt, twelve are in James Township and ten at Gowanda.

It is intended to proceed with surface prospecting at once, and 28 men have been engaged by Mr. Kelly to undertake this work. The Coleman property will be developed at once. The object is to develop these claims and the stock will be sold at a profit.

## EXCELLENT SHOWING OF COBALT SILVER MINES

### Mr. J. A. McIlwain Spends Week-End in the Cobalt Camp and Inspects the Various Properties.

Mr. James A. McIlwain, the genial president of McIlwain and Armstrong, mining brokers, this city, returned yesterday from a week-end visit to the Cobalt camp. Mr. McIlwain is much elated at the result of his visit, and very enthusiastic as to the immediate, as well as the long-range future of the Ontario silver fields, and of the Cobalt camp in particular.

Showings on Beaver.

"We procured a horse and rig almost at once," said Mr. McIlwain, in discussing his visit with a World reporter, "and spent all our time looking over the various mines in the vicinity. I myself went down into the Beaver and City of Cobalt, to see what they were doing underground. I inspected the McKinnon-Darragh, Cobalt Lake, Silver Leaf, and some half a dozen others. One of the main reasons for my taking the trip was to look over the Beaver property, and see for myself the recent find, and I took particular care to get a comprehensive view of the diamond drill at the 230 feet level, where they have recently uncovered rich ore. I would not be surprised to hear good news of a further strike on the Beaver property at any moment."

Temiskaming.

"I fully anticipated going down into the Temiskaming, and, in fact, had three parties had just been conducted through the workings, and that it would mean long weeks of hard work, but would come. However, the underground veins were clearly evidenced by the ore which was being raised to the surface, and which I inspected for myself. The Temiskaming is to-day taking out very rich ore. The public has fully realized that the policy of the diamond drill is to run a surplus in the treasury, before beginning to pay dividends again, and therefore they are not buying the stock to any extent at the present moment. I would advise them not to wait too long, for they won't be able to get it at a price near one dollar for any length of time."

As regards the Nova Scotia, Mr. McIlwain says that the recent discovery on this property has been another eye-opener to the doubters in the camp. The native silver showings of the management, together with the fact that they have not heard of the Lawson vein. The Nova Scotia must build a concentrator, and the stock will never be heard of until the concentrator and a half in a very few months when this is done, and the values realized.

Day's Doings in West Toronto North Toronto East Toronto YORK COUNTY

N. TORONTO WANTS A BETTER CAR SERVICE

Company and Committee Meet and Talk Over Situation—West Toronto Doings.

NORTH TORONTO, July 26.—(Special.)—There is a good deal of adverse criticism over the action of the Metropolitan Railway in refusing to concede an early morning car on the York Mills division. At the present time the only recourse early risers and workers living beyond the three mile limit have is to walk down to Glen Grove, which is for some townsmen no light task.

The first thru car on the Metropolitan coming down from Richmond Hill reaches York Mills at 7.10, providing the time schedule is strictly adhered to, which is reasonably often, and from that time forward an hourly service. For men whose duties call them to work at an early hour this service is practically useless.

With the early morning service on the Glen Grove division little fault can be found, but the charge of five cents from the C. P. R. crossing to the end of the Glen Grove division, and the further charge of two cents to the top of the hill, wholly within the town limits, while it is said to be legally maintained, is regarded as an unjust toll by north enders in general.

Townsmen Speak. A gentleman well posted on the whole railway situation in North Toronto, and who is a large property owner, and who has served the town well in more than one official capacity, summed up the situation yesterday in these words:

"The Metropolitan Railway do not give North Toronto a street car service, and at the same time expect North Toronto to be contented with a service generously with them. The original scheme, as completed by the Warren syndicate, was a street railway to York Mills. Thru their efforts the district known as North Toronto was incorporated into a town, and a bid for the City of Toronto was made, with considerable success. The railroad syndicate had large property interests—about 300 acres—south of Glen Grove. Their first intention was to run the cars up Glen Grove-avenue, but on account of another street railroad project, they quickly changed their mind, after the poles had all been erected on that avenue, and extended their system to the northern boundary of the town."

Make Extra Charge. Purchases of property naturally looked upon the M. R. R. as a street railroad for the town and properly anticipated the railroad would extend its tracks to its northern boundary. The extension took place, just as the boom was breaking up, and to the surprise of all, the railroad made an additional charge of two cents for this extension. The citizens considered it was for the purpose of keeping all property north of Glen Grove part of the market, thus giving the syndicate a great opportunity to sell their real estate holdings.

"The municipality created by the effort of the syndicate has been the heaviest loser, as values north of Glen Grove were so depreciated by the action that the town has lost annually a revenue of about \$7000 thru the additional two cent fare."

"Since the Warren syndicate sold out to the present company they have acted as if all that section north of Glen Grove did not belong to the municipality, and I doubt if their general manager knows or cares whether it does or not. He will, however, expect courteous treatment from our town councillors when making a request for double track privileges on Yonge-street from the northern boundary south to the C. P. R. tracks."

The members of the town council have from time to time met with the management of the company with a view to adjusting acknowledged grievances, but with indifferent result. Under some gentle pressure from the railway board the Metropolitan Company installed a line of the creditable, which is, to say the least, creditable, but the attitude of the company toward the town has never been conciliatory.

At a meeting of the town council railway committee, held this afternoon with the railway officials, the whole question was discussed pro and con, but it is not known that any progress was made. Representing the company were Manager W. H. Moore and Assistant Manager C. L. Wilson, while from the town were Councillors Howe, Murphy, Irwin and Burnaby. The committee will report at the next meeting of council on Tuesday, Aug. 3.

Councillor Frank Howe, accompanied by Mrs. Howe and the other members of the family, leaves to-morrow for a six weeks' visit to Pilot Mound, Man. The party go via Owen Sound and the C.P.R. Councillor Howe as chairman of the parallel roads committee did splendid service and no man better deserves a holiday.

At a meeting of the parallel roads committee, held to-night with Assessment Commissioner Whaley present, good progress was made toward pushing on the work.

An Early Blaze. An early morning blaze in an unfinished house belonging to Jos. Wickes on Hawthorne-avenue did about \$1500 damage to that and \$300 to the adjoining one belonging to Mrs. E. Smith. Chief Collins and his brigade were early on the job, and also some slight delay was caused thru failure to secure a horse, the volunteer firemen did good service. The blaze was a fence one and the firemen's efforts were directed mainly toward saving the adjoining houses.

Mayor Brown was unable to attend this afternoon's conference and to-night's meeting thru indisposition. The condition of Councillor William Parke remains unchanged.

All the finest brands of wines and liquors at E. F. Sandell's, 528-532 Yonge street. Special delivery to Dayville and North Toronto. Phone N. 192.

A court of revision to hear complaints, if any, respecting these proposed improvements on the following streets, will be heard to-morrow, Tuesday, evening, at 8 o'clock: Six-inch water mains on Glenview, Roslin, Woodward, Albertus, and a concrete sidewalk on Glenview and Hawthorne-avenue.

WEST TORONTO. St. John's Church Decides Not to Buy Another Building Site Just Now

WEST TORONTO, July 26.—Never in the history of St. John's Church has there been such a heated discussion at a vestry meeting as was the case to-night. The parish of St. John's is growing rapidly and hopes are entertained for a larger church building, if the necessary funds can be raised. One of the proposals to-night was to purchase a lot at the corner of High Park and Humboldt-avenue, as a site for a new church. After much discussion the matter was allowed to drop, as the feeling prevalent was that the present state of the finances do not justify the purchase of an expensive lot.

The question then arose as to the purchase of two lots for mission purposes. H. M. Wodson proposed a resolution with S. Ryding as seconder, that no lots whatever be purchased until the matter was laid before the congregation. The motion, however, was lost and it was decided to purchase a lot for mission purposes. One is on Annette-street, between Jane and Herbert-streets, and is 120 square feet in area. The other is on the south side of St. Clair-avenue, 50 feet from Elizabeth-street. It is 150 feet square. Mission buildings will be erected on them by financial assistance from various Episcopal churches in Toronto, and divinity students will be placed in charge.

The directors of the Masonic Temple, Limited, are confident that they will win out on the charge against them of having commenced the building without a permit.

The West Toronto Cricket Club have changed the date of their return match with Mimico from Aug. 4 to Aug. 18. Deputy City Architect Price and Chief Thompson of the fire department were here to-day inspecting the local theatres.

The C. P. R. during the past week have burned ten carloads of wood from diseased and smashed freight cars.

The funeral of Mrs. Venn, mother of W. J. Venn, was held at 4 p.m. yesterday in Winnipeg, took place this afternoon on the arrival of the Winnipeg train, from the Union Station to St. James' Cemetery.

TODMORDEN. Meeting on Friday Night—Will Discuss Fire Protection.

TODMORDEN, July 26.—(Special.)—A big meeting will be held in St. Andrew's Hall on Friday evening, July 30, to consider ways and means for raising a volunteer fire brigade. Residents of Todmorden are uneasy over the prevalence of disastrous fires in the other outlying suburbs, and some concerted effort will now be made to prepare for any such emergency.

Joseph Pilling made application a few days ago to the York Township Council for some financial assistance, but nothing was done. The members of the council are not averse to assisting in some way, when a definite plan has been drafted out.

Friday night's meeting ought to put the whole matter on a good basis and everyone interested in the progress of Todmorden ought to turn out to the meeting in St. Andrew's Hall on Friday night.

Just What Was Needed. Reports brought into the city by farmers thruout York County indicate that in some parts a good deal of the hay crop still remains uncut. Around the city the great bulk of the crop has been safely gathered, the shortage of the timothy led many farmers to delay cutting, with the hope that later rains would benefit the crop. A few days fine weather will clear up all left outstanding.

Farmers state that the late rains have enormously benefited the pasture lands and the roots, while the potato crop will even more than the others share in the great impetus. In a few places fall wheat cutting is general, while the sample first-class. Barley harvest will be general in a week or so.

The A. F. McQuarrie Opening. As announced for in The Sunday World The A. F. McQuarrie Co., 282 Yonge-street, opened their fine new and exclusive store for ladies yesterday, the handsomely appointed premises being thronged all day viewing the beautiful new styles in advance fashions for summer and early autumn. Visitors to Toronto

TOURISTS will find this store almost as convenient as an hotel, the only difference being that we cannot accommodate them after night-fall.

But from 8 a.m. to 5.30 p.m. we are at their service. We check their parcels without charge, provide free facilities for re-arranging the toilet after the dust of journeying, offer free use of our rest rooms and writing tables, and generally try to make Toronto's guests the guests of this comfortable, centrally located, modern store.

Upstairs on the sixth floor we have one of the nicest lunch rooms in Canada, where you may have a dish of ice cream or a good "square" meal, a dainty 5 o'clock tea or a full course dinner, nicely served. We do things without costly "fuss and feathers," but we do them in an appetizing and immaculately clean way. In a short time we will have double the space that we have now, but as it stands to-day our lunch room is one of the largest, brightest and most popular restaurants in all Canada.

Visitors to Simpson's are truly able to say, "We have seen Toronto." Others cannot.

The July Housefurnishing Club Closes on July 31st

WE WISH to say a word in favor of Action as contrasted with Procrastination. "Act," advised a great statesman. "Deliberation is well; action is better. The one deals with a thousand possibilities, the other concentrates upon the living facts."

There are no penalties attached to joining this Housefurnishing Club. You can lose nothing. Even after you become a member you could drop out without any formality whatsoever. You bind yourself to nothing except to common honesty in regard to payments if you exercise the Club privilege and make purchases on account. If you don't choose to do that—if you purchase not a cent's worth of goods on Club account—we have no claim on you. You are under no agreement or contract of any kind, you simply make use of the Club if you choose.

The advantage Club Members have is simply this—we'll allow them to "charge" their Housefurnishing purchases at the cash prices obtaining in this store. This offer applies to
