

NO MORE CONTROL OVER NEWSPRINT

Commerce Board Announcement—Says General Powers Not Lessened.

Ottawa, April 7.—(Canadian Press.)—The board of commerce announces today that it will not henceforth claim or exercise any control whatever over newspaper paper in Canada. The announcement follows the decision of the supreme court in the Price Bros. case that newspaper paper was not a necessary part of the business of the board of commerce as used in the combines and fair prices act, and that the powers exercised by the board of commerce over newspaper controllers were without jurisdiction and inoperative in law.

The board points out that the effect of the supreme court's decision is to render inoperative the order-in-council constituting the board of commerce and for this reason the board announces its intention of abandoning the control of newspaper, unless the board is subsequently invested, if that is legally possible, with completely granted powers.

Not General Ruling.
The board's announcement adds that the supreme court's decision does not involve the general powers of the board of commerce except insofar as it is to some extent limited by the interpretation which the board might place on the expression "necessary of life." These general powers, it is added, will be pronounced upon by a subsequent decision of the court.

This decision will follow a rehearing in the supreme court on May 4 next of certain points in the recent argument heard in the court to test the powers of the board of commerce as a price-fixing tribunal.

RAILWAY COMMISSION POWERS ARE DEFINED

Jurisdiction Over Telegraph, Express and Telephone Companies Only Applies to Rates.

Ottawa, April 7.—(Canadian Press.)—The jurisdiction of the Canadian Railway Commission over telegraph, telephone and express companies is essentially a rate jurisdiction and much more limited than in the case of railways. This announcement is made in an important ruling of the railway commission handed down today in reply to certain applications which had been made for extension of express service in the village of Cumberland, Ont., and the town of Mississauga, Ont. It does not come within the jurisdiction of the railway commission to direct an express company to provide facilities for the accommodation and incidental handling of express parcels.

The railway commission points out that a direct order of the commission of, for instance, an uptown express office could only come from the commission as a direction to a railway company and not to an express company. The railway commission is concerned only with the liability of express companies.

THREE CHEERS—TIGER!

It isn't every day that a body of young men was enthusiastic over their dinner. The other day we wandered down to Cafe Florence, 30 King street west, where J. A. Mumby is now the genial host, and partook of his excellent full course meal at 60 cents. Both the price and the quality appealed to the service was quick and the dining room was comfortably filled with jolly diners. We told J. A. how we appreciated everything.

Edmonton, Dunvegan Railway Aided by Province of Alberta

Edmonton, Alta., April 7.—(By Canadian Press.)—Premier Stewart introduced in the legislature a relief bill to provide \$1,000,000 for aid to the Edmonton, Dunvegan and British Columbia railway. The money, he said, would be expended only upon the purchase of land for operating control of the line, and it was not proposed that the bill should displace the interests of the present owners, J. D. McArthur and associates. The intention of the government, as explained by Mr. Stewart, was to arrive at an arrangement with the McArthur interests by which the government might take the place of the bondholders' appoint a receiver and operate the line until such time as Mr. McArthur can sell the line to the Dominion government or some other purchaser.

YORK COUNTY AND SUBURBS

GREATER POWERS FOR YORK TOWNSHIP

Amalgamated Ratepayers Think Division is Step in Right Direction.

Annexation to the city or division into municipalities of York Township was the two important questions discussed at the regular monthly meeting of the Amalgamated Association of York Township Ratepayers, held in the William Jarvis residence, in the chair of the following resolution was adopted: "Whereas the application of York Township Council to the Ontario legislature to divide the township into municipalities will be a step in the right direction, but doubt if the desired effect will be obtained, and it is further resolved that no division of York Township be made, but that legislation be sought giving York Township more absolute control of its own finances, and also powers of a city, to townships of 5,000 population or over."

Each ratepayer's association will be asked to vote on the matter before next meeting of the amalgamated association. W. Caswell, Oakwood, said he was absolutely against annexation to the city, pointing out that the city engineers take their own improvements, and claim that no sewer or water could be supplied for five or six years.

J. Ross, Woodbine Heights, objected to city associations interfering in township affairs. "We are quite able to control our own municipal matters, and we cannot be forcibly annexed," he declared.

Chas. Hensley, Fairbank, suggested that the entire portion of the township be formed into a town. More control of the township's finances was urged by D. McCarthy. Other speakers were: Raven, Woodbine Heights; W. Campbell, A. Croft and Messrs. Hutton, Clarke, Donnelly and Leith were accepted as delegates from Silverthorn Ratepayers' Association.

THIEVES STOLE DINNER.

The home of Mrs. Elliott, 52 Bloom avenue, North Bayshore, was entered by thieves yesterday and several articles stolen, including four dozen bottles of soft drinks, cigars, chocolates and cash to the value of \$15. The front door was intact when Mrs. Elliott returned, but she found the rear door had been entered. Some of the food ready for dinner had also been eaten by the thieves. The police have been notified.

MATINEE FOR AUXILIARY.

A matinee was given at the Allen's St. Clair Theatre yesterday by the Silverthorn branch of the ladies' auxiliary, G.W.V.A., the manager putting on some special films. There was an excellent attendance and the proceeds will go to the building fund of the hall on Silverthorn avenue. Alex. MacGregor was chairman.

MAY BUILD CEMENT HOUSES.

Real estate in this district has received a slump the past few days owing to the unseasonable weather. There are few, if any, removals because of the difficulty of securing houses except at a high cost. The movement on foot to build cement houses for this district is receiving considerable support as being more preferable to frame houses and the danger of fire. A. B. Law reports the sale of a large block of land on Dufferin street, Edlington to a manufacturing concern, who will put up a factory soon.

DELIVERY FOR LAMBTON MILLS.

A letter from Chief Inspector Geo. Ross was read at the monthly meeting of the Lambton Park Ratepayers' Association held on Tuesday last intimating that Lambton Mills will soon have a postal delivery service. The establishment of this system would be a real boon to the residents, as the district has grown in the last few years so much that delivery of mail is now almost a necessity. The ratepayers decided to build an additional room to the school and to plant six maple trees in the grounds to commemorate the soldiers of the district who gave up their lives in the war.

RICHMOND HILL HONORS VETS.

Richmond Hill citizens honored the veterans of the village last evening with a civic reception and presentation of mementoes. The town hall could scarcely hold the villagers who flocked to honor the thirty veterans of the conflict. The reception was an unqualified success. The mementoes were gold pins, engraved with the names of the soldiers to whom they were presented, and with a suitable inscription. William H. Pugsley, ex-revee of Richmond Hill, formerly the oldest member of York county council, in his speech as chairman told of the noble part taken by the representatives of the village in the great war.

ENGINEERS EXPLAINED TOWNSHIP SEWER PLANS

A well attended meeting of the Todmorden Ratepayers' Association was held last night in Torrens Avenue School, when York township Engineers Mr. Wynne Roberts and Mr. Frank Barber outlined the proposed sewer and water schemes for the eastern section. Three separate plans were submitted, and addresses were illustrated by line-drawings. The meeting unanimously endorsed the proposals set forth by the speakers. A resolution was adopted commending the engineers' plans. Among those also present were Deputy Reeve J. A. Macdonald, W. Burgess, George Moses, Junior, Dr. R. H. Fleming and others. P. J. Cooney, president, occupied the chair, and a hearty vote of thanks was tendered to Messrs. Barber and Wynne-Roberts.

HOME FROM CHINA.

Mrs. Dr. Rita Gifford Kilbourn, who has been for over twenty years on the West China Methodist Mission, is now home on furlough. Dr. Kilbourn will preach at Beach Avenue Methodist Church on Sunday morning next under the auspices of the Women's Missionary Society.

Watch for the Blue Bird in May—The Busses-de-luxe.

TOWNSHIP HAS CALL FOR SIXTY HOUSES

Costs of Material May Retard Building Program for 1920.

York township housing commission yesterday reported that between fifty and sixty applications for plans under the "housing act" have already been received by the commission subject to approval. These are scattered over the whole township, but with the bulk of them from the Toronto suburban districts. Houses are built at cost for homeowners who own lots and payments are spread over a period of twenty years.

So far the township commission has built twenty-five houses, all of which will be ready for occupation by the end of May. The program for 1920 has not as yet been arranged, but Reeve Fred Miller expressed the opinion yesterday that building would be somewhat restricted owing to the high cost of all building materials and labor. Mr. Miller stated that it is very hard to secure tenders under the limit fixed by the act. The present government grant allows \$2700 for a five-roomed house of clap boards or brick veneer, while \$3200 is allowed for a six-roomed house of the same material. The grant for a six-roomed house of solid brick is \$4000. Mr. Miller thought that the present restriction of leaving a seven-foot space between houses should be removed and narrower house conditions than one more nearly square. When this passage between houses is taken from the lot the remaining width is too narrow, as builders are frequently only able to purchase a width of twenty feet.

SOCIAL IN SCARBORO

In connection with the Easter season, the young people of Washington Methodist Church, Scarboro, are planning to hold a social evening on Friday, the 9th. Local and city talent will provide a program that is felt will be enjoyed by all who are able to be present.

UNVEIL HONOR ROLL.

Mayor T. L. Church will unveil an honor roll erected to the memory of the men of Robin Hood Lodge, No. 244, S.O.E. who served overseas, in the Sons of England Hall, Bowdoin avenue, this evening.

A banquet will be given in honor of the returned men and each man will receive a memento. The honor roll contains the names of 22 returned men and of three who paid the supreme sacrifice.

CARPET BALL CONTEST.

In connection with the inter-church carpet ball contest St. Cyril's Anglican Young Men played St. Saviour's Anglican Men's Club on the grounds East Gerrard street, last evening, and after an exciting game, St. Saviour's players were victorious, being the third game won by this team during the season.

DUNBAR—PEARSOLL.

A pretty wedding was celebrated at Beach Avenue Methodist Church yesterday afternoon at the residence of Pearsoll and F. E. Dunbar, of Parkdale, were united in marriage by Rev. A. T. Addison, pastor, in the presence of a large gathering of relatives and friends. Miss Lomas played the wedding march. The bride for the past four years has been organist of the church.

WANT OFFICERS AT CORNERS.

The danger to school children crossing the roads in the Danforth district, being taken up by the residents of the section and representation is being made to the city council and police commissioners to place police officers on the congested corners half an hour before school time in the morning; at noon and when the children leave school.

The principal of Frankland School had made a request to the police commissioners to place a police officer at Logan avenue crossing when children are coming to and leaving school, but the request was refused.

RAILWAY UNIONS WILL BREAK STRIKE

Walk-Out of Chicago Switchmen Has Affected Twenty-five Railroads.

Chicago, April 7.—An unauthorized strike of railroad employees, which started a week ago in the Chicago switching district by the discharge of a yard conductor, tonight had spread until it had affected twenty-five railroads, and in Chicago had thrown more than 60,000 men out of work, either directly or indirectly.

More than 10,000 union railroad men in Chicago and several hundred at Buffalo and at Champaign, Ill., were on strike. Many hundreds of men in Chicago packing houses were thrown out of work by lack of live stock. Two "outlaw" organizations, headed by the established brotherhoods of "rump" unions, had sprung up to challenge the right of the labor heads to lead their men.

In the face of this opposition from within the brotherhoods of engineers, railway trainmen, firemen and engine-men, the switchmen's union, organized by the established brotherhoods, had sprung up to challenge the right of the labor heads to lead their men. Union leaders declared that the task of keeping the trains moving appeared difficult.

EMBARGO ON FREIGHT.

Buffalo, April 7.—An embargo on all freight entering, leaving or passing thru Buffalo was announced late tonight after a conference of officials of the seven railroads whose yards were tied up today by a strike of switchmen. Milk shipments into the city will be continued, and passenger

COMMUNITY GARDEN FOR WOODBINE HEIGHTS

The Woodbine Heights Ratepayers' Association garden committee have been successful in securing a five-acre field for the benefit of the members and the residents of the district, who can now secure lots for the growing of vegetables by striking members of the association. The garden is located on the corner of Woodbine avenue, has been placed in charge by the committee, to whom application for lots should be made.

The ground is conveniently situated and has been secured to keep the roadway open to Danforth avenue; otherwise the lot holders would be obliged to go around by Woodbine avenue.

FAREWELL PRESENTATION.

Under the auspices of Bethany Baptist Church, Todmorden, a congregational gathering was held in the church last night for the purpose of tendering a farewell to Mr. and Mrs. Farrell Gowan, who are leaving Todmorden to reside in Montreal. Mrs. Farrell was made the recipient of a case of silver spoons, the recipient of a case of silver spoons, and of a case of silver spoons, the recipient of a case of silver spoons, and of a case of silver spoons.

HAMILTON

Hamilton, April 7.—Sam Prince, who escaped from Barton Street Jail and was caught on Sunday night, was found guilty in police court this morning of charges of theft and remanded for sentence in the charge of jailbreaking. Prince denied that he scaled the wall, stating that he left the jail by the front door, which he found unlocked and unguarded.

A report regarding conditions at the Barton Street Jail was submitted to the fire and police committees tonight by Ald. Stump, chairman. The hours of the night guards should be long and further, all guards should be armed with rifles, he declared.

The reverse House, on East King street, of the highest building in this district closed its doors to the traveling public last night. The hotel property will pass into the hands of the Portages theatrical interests a week from tomorrow, and will be demolished to make way for an entrance to the new house of mirth to be built in the rear, on King William street.

Members of the council intimated today that the office of the local housing commission would be closed by May 1. There was no chance of the city financing loans, now that the government has withdrawn its support, it was declared. Over 100 interurban motomen and conductors employed by the Dominion Power & Transmission Company have been given a 12 per cent wage increase, effective April 1.

The accident insurance cases in connection with the estate of the late John Lennox, the well-known leather goods dealer, who was drowned off the beach a year ago, have been settled.

The strike of meat cutters, butchers and other packing house help of the F. W. Eastman Company and Armour Company is still unsettled.

Hon. Manning Doherty, minister of agriculture for the province of Ontario, will be the speaker at the last regular meeting of the farmers' section of the Chatham club of commerce, at the Connaught Hotel on Saturday, April 10.

Request Adequate Protection For Charing Cross Crossing

Chatham, April 7.—(Special)—A strong request for adequate protection for traffic be secured at the Charing Cross crossing, Chatham, was made at the last regular meeting of the farmers' section of the Chatham club of commerce, at the Connaught Hotel on Saturday, April 10.

G. T. TRAIN DERAILS BUT NOBODY HURT

Accident Occurs Near Uxbridge—Passengers Were Toronto-Bound.

Uxbridge, April 7.—The G.T.R. train from Lindsay to Toronto was derailed four miles east of Uxbridge at 10:32 a.m. yesterday, but none of the passengers were injured seriously enough to require medical attention. All of the 80 or more passengers were shaken up.

The cause of the accident was probably a brake-beam falling at the rear end of the first baggage car, causing the whole remaining five cars to leave the rails. Two baggage cars tilted at an angle of 45 degrees, one of these toppling into the ditch when the wrecking crew uncoupled them. The passenger cars had bumped along for nearly a hundred yards on the ties without going into the ditch.

Five Hours Late. An auxiliary train was immediately despatched from Lindsay and an emergency train was sent up from Toronto, so that the track was cleared and service resumed at 8:40 p.m. The wrecked train was recoupled and reached Toronto five hours late, and without one of its baggage cars.

MRS. L. HIXON ONLY WEIGHED 79 POUNDS

She Has Gained 36 Pounds by Taking Tanlac and Now Weighs 115 Lbs.—Says Tanlac Has Been the Greatest Blessing of Her Life.

"I weighed only seventy-nine pounds when I began taking Tanlac, but now I weigh one hundred and fifteen and am feeling better than I have in seven years," was the unusual statement made by Mrs. Lucile Hixson, living at 2322 Broadway, Kansas City, Mo., a few days ago. "Before I began taking Tanlac," continued Mrs. Hixson, "I had become so weak from seven years of suffering that at times I wasn't able to stand on my feet. What I ate nearly always disagreed with me and made me feel so bad that I could hardly get my breath. I was badly constipated and had a pain across the small of my back and my nerves were upset. I was troubled with dull headaches just about all the time and often I had fainting, dizzy spells and I was never able to walk any distance before I felt exhausted. "My uncle recommended Tanlac to me and now since it has entirely overcome my troubles I can do my housework by myself and I am stronger than I have been in years. Tanlac has certainly been the greatest blessing of my life and I will never be able to praise it enough for what it has done for me."

MRS. LUCILE HIXSON Well-Known Kansas City, Mo., Woman.

Tanlac is sold in Toronto at 16 Tamblin Drug Stores. A special Tanlac representative is at the Tamblin store, 117 Yonge street, where he is meeting the public daily.

PREMIER RESENTS ANY INTERFERENCE

Government Will Dictate Its Own Policies, and Not Outsiders.

HOUSING BILL UP

Provincial Secretary Explains What Province Has Spent.

"The government, and not outsiders, will announce government policies," was Premier Drury's somewhat heated answer to Dr. Godfrey in the legislature yesterday afternoon when the latter read a resolution recently passed by the Dominion Alliance, expressing approval of the proposal to restrict liquor importations and of the expressed policy of the government of supporting the measure.

"Is this the expressed policy of the government, or not?" Dr. Godfrey demanded. Hon. Mr. Raney was about to answer the member for West York, but was interrupted with the observation that the question had been directed at the premier.

Will Vote Both Measures.

"This matter was fully discussed the other day, and I see no reason for discussing it further," said Premier Drury. "Personally, I intend to vote for both measures. I have not canvassed other members of the government on the subject."

Dr. Godfrey: "I am asking if it is the expressed policy of the government."

Hon. Harry Mills: "That is Rev. Ben Spence's statement. It's not ours."

Mr. Godfrey: "I am not addressing the minister of mines; let him stick to his mines."

Mr. Dewar: "The premier is probably acting on advice of counsel."

Premier Drury: "When we are ready we will state our policy on this question."

Good Roads Bill.

Hon. Mr. Biggs' provincial highways bill, the details of which have already been published, was advanced to second reading. In explaining the measure, Mr. Biggs explained how the Dominion government's aid would be taken advantage of and he thought the whole province would be greatly benefited by the proposed scheme for the construction of good roads.

Hon. George S. Henry thought the government should appoint a permanent advisory commission on road matters. He also thought that people living on provincial highways should be called upon to make a payment towards repairs and maintenance, because their property was greatly enhanced in value.

The bill was advanced a stage.

Hon. Mr. Nixon, in the course of his explanation of the Ontario housing bill, said that so far the federal government had spent \$3,700,000, and the provincial government \$2,000,000 to help relieve the acute housing situation. The bill was given a second reading.

Legislative Notes.

A deputation from Peterboro, headed by Warden Nichols and the Reeves of several townships, visited Hon. Benbow, minister of lands and forest, yesterday to inquire whether the county would still be able to obtain colonization grants for back roads if it entered the provincial roads system. Hon. Mr. Benbow promised to give a definite answer in the near future.

Hon. George S. Henry yesterday introduced a bill to separate certain territory from the city of Toronto, and incorporate it as a township. This is the North Toronto session bill.

To the deputation which waited on him yesterday, he said that the proposed Reception Hospital to be located near the General Hospital and the university, Hon. H. C. Nixon, provincial secretary, said he could not at the present time promise anything definite in this regard, but he would take the matter up with his colleagues. "We are throwing a monkey wrench into the machinery by blocking the proposal of the city to erect it at Trinity College," he said.

The government have appointed R. T. Harding, of Toronto, and J. M. McEwey, of London to act as counsel and assistant counsel respectively before the Riddell-Latchford commission, which is holding an inquiry concerning the accuracy of returns made to the government by timber licensees, the cutting of timber by unlicensed persons and other matters.

The bill introduced by Hon. Walter Rolfe regarding the permitting of bathing within a certain distance of an intake pipe will not affect Toronto.

CANNOT LOCATE FAMILY OF UNIDENTIFIED MAN
Brantford, Ont., April 7.—(Special)—Frank Hill, the unidentified veteran, now in Toronto hospital, would seem to be a Brantford man, altho the data he gave does not work out with ascertained facts. George Macdonald, of the Soldiers' Aid Commission, was notified this morning that the soldier's number was 163,534. This series is that of the 84th Battalion, which was partly raised and trained in Brantford, so that it is very likely that Hill is a Brantford man, as he claims. An effort is being made to ascertain what family connections there are here, but up till the present this has been unsuccessful.

HOMELESS!
Constipation, Headache, Colds, Biliousness, driven out with "Cascarets"

Drive away those persistent enemies of happiness—biliousness and constipation. Don't stay headachy, sick, tongue coated, snail and miserable! Never have colds, indigestion, upset stomach, or that misery-making gas. Feel splendid always by taking Cascarets occasionally. Cascarets never grip, sicken or inconvenience you like Calumel, Sulfate of Soda, or any other pills. They cost so little and work while you sleep.

DAYLIGHT SAVING ISSUE BEFORE BOARD TODAY

Mayor May Issue Proclamation Asking Citizens to Observe Change.

The board of control at today's session, it is understood, will consider the matter of daylight saving for Toronto, and will send on a recommendation to the city council either favoring or condemning the project. Whichever way the vote among the controllers goes the question will have to be considered by the council.

If council votes against the measure then daylight saving will be automatically killed. But on the other hand, if a majority vote is recorded in favor of it, then the mayor will be instructed by the council to issue a proclamation asking Torontonians to observe daylight saving. As the matter stands, the council has no legal right to enforce the measure. Accordingly, no bylaw to that effect can be passed. The majority of the various organizations in the city have expressed themselves in favor of it, and it is thought that if the council votes for daylight saving, the citizens will gladly comply with the mayor's proclamation.

FARMING BY HYDRO COSTLY VENTURE

G. T. Clarkson, as Auditor for Commission, Submits His Report.

In his report as auditor to the provincial Hydro-Electric Commission, G. T. Clarkson covers much the same ground as he did in his special report to Premier Drury.

He finds that the assets of the commission exceed fifty-one millions of dollars, of which nearly twenty millions is represented by the nine distributing and development systems. In dealing with the liabilities Mr. Clarkson says they include advances by the province of \$25,517,816; cash advances to the Chippawa power development works of \$11,075,000. To cover the purchase of the capital stock of the Ontario Power Company the commission assumed a debenture liability of \$7,324,000. Against the Essex and Thorold systems, which are treated as assets of \$473,262, there are debentures of \$328,000 standing as a liability. Among other liabilities is one to the municipalities of \$586,249, balances of sums paid by them in excess of the cost of power supplied. The commission also holds \$24,216 as reserves for sinking fund and \$1,942,738 as reserves for renewals.

Lost Money on Farms.
The report deals somewhat severely with the commission on their advent into the farming industry. Mr. Clarkson says that in buying land for the Chippawa power canal the commission bought whole farms, intending to resell the parts not required. To keep the price up they continued to farm this land. The report shows that there is a deficit of \$53,498, and the auditor declares that the farming operations exceeded those necessary for the work and were not required to keep the lands favorable for sale. He also doubts the authority to conduct them.

The amount of capital, the report continues, invested in rural lines of the system was \$473,055, and the year's operations showed a net loss of \$510.

Ontario Power Company.

In the report on the accounts of the Ontario Power Company and of its subsidiary, the Ontario Transmission Company, Limited, the assets of the company are shown as \$25,113,388.63, of which \$61,676.07 was for equipment purchased last year. The expenditure on the third pipe-line to the works of the company has been \$3,510,441.02. The original estimated cost was under two millions. The park commissioners have agreed to let the pipe remain beyond 1923, but the report recommends that the company be authorized to repay the costs of the third pipe-line and equipment on a sinking fund basis over an extended period of years, instead of increasing the cost of power to municipalities.

The policy adopted by the commission of carrying its own liability in connection with accidents, resulted in a saving to the municipalities of \$36,602.

BRADSHAW LEAVING EMPLOY OF THE CITY

Finance Commissioner Thomas Bradshaw when seen by The World yesterday, would neither confirm nor deny the report that he intended resigning from his present position as city treasurer to join the Massey-Harris Company, at a salary of \$30,000 a year.

"It is marvelous to me the way you reporters pick up stories," commented the commissioner. "I have not given out any information on the matter, as I am not in a position to do so, and I do not want to keep anything back from you, but as matters stand I can say nothing."

Confirmation, however, comes from other sources, of the truth of the story that Mr. Bradshaw will very shortly withdraw from the city's employ and enter the services of the big machinery company.

Find Applications for Pay Were Duplicated for Guards

St. Catharines, Ont., April 7.—At today's session of the court enquiry into the finances of the Welland canal guard, duplications of application for pay were found. It also developed that the names of Capt. Stevens and Major Traill and Sergt. Turnbull were signed to the pay roll in 1914 and pay was drawn which they did not receive.

Say Winnipeg Will Drop Scheme for Building Homes

Winnipeg, April 7.—Rising prices in building materials and the proved infeasibility of constructing houses under the civic housing plan, may lead to the resignation of the housing commission and the dropping of any housing scheme by the city, officials of the commission predicted today. W. F. Welley, secretary of the commission, has resigned. He stated today that he could not see where the city could afford to take the risk of house building on any large scale.

FROM THE COMMISSIONERS OFFICE, TERRITORIAL HEADQUARTERS, Toronto, Ont. April 8th, 1920. An open letter To the Citizens of Toronto and Ontario. Our experience is that the public is not less generous in its giving, but that it is more searching in its questions as to why the request and what is the money to be used for? For these reasons, your most searching inquiries are welcomed by the Salvation Army; not only as to why, but as to what for? The Christian and Social Service of the Salvation Army is an open book for all to read. It does not duplicate the work of any other organization. We commend to your reading the balance set aside a portion of your charitable donations for our Jubilee Self Denial appeal, May 15th to 22nd. Yours in His love and service W. F. Richards, Commissioner.

Why?—and what for? The Salvation Army If we are to carry on and extend our work in Canada we must have funds for the maintenance of the following institutions: Maternity Homes for poor mothers and their babies. Children's Homes, not "orphanages" or "institutions," but small homes where parental care can be most closely approximated. Rescue Homes for wayward girls and unmarried mothers and their babies. Women's Shelters for temporary care of dependent cases. Police Court Work where men and women, not habitual criminals, are taken in hand, induced to go straight, and followed up. Prison, Jail and Penitentiary Work, visiting prisoners and their families. Working Men's Homes and Shelters where men may have clean beds and decent surroundings at nominal charge, or, if they have not the price, free. Free Labor Bureau. General Hospitals. Home Mission Department. Hospital Visiting Bands. Industrial Workshops where derelict men support themselves and work out their own Salvation. Lost and missing friends world-wide enquiry. Training College for Candidates for Officership. Visiting and Supplies to Poor People in Their Homes. Young People's Work. These institutions are manned by officers whom gold cannot buy. They would not consider their service to be a joy unless it involved day-to-day, life-long, personal sacrifice for God and their fellow-men. WHAT DOLLAR YOU GIVE WILL DO MORE? The Salvation Army Jubilee Self-Denial Appeal Objective—Canada East Territory \$500,000 May 15th to 22nd Objective—Toronto \$150,000 The Salvation Army From a personal point of view; from a business point of view; from any point of view, THINK WHAT IT MEANS to operate in sixty-six different countries, and in forty-two different languages. It is a work that you should have a part in. You may not be in the mission field but you should be behind this great, unselfish force of men and women who are on the ground doing the actual work. Work which obviously cannot be fully self-sustaining is carried on by us among: Argentinians Basutos Belgians Bengalis Bhils Chilians Chinese Cingalese Costa Ricans Doms Guzeratis Haburas Hindus Hottentots Japanese Javanese Kaffirs Kanerese Koreans Lapps Malays Marathis Mashanaves Mashonas Matabeles Mexicans Peruvians Punjabis Sansias Sikhs Tamils Telugus Urugayans West Africans West Indians Xopas Zambesians Zulus Part of the Self-Denial Fund has always been used to further our work among these and many such peoples.

CITY SHOULD HAVE FIFTY PLAYGROUNDS

Commissioner Chambers Asks for Fixed Policy Regarding Appropriations.

The meeting of the Central Council of Ratepayers held in the city hall last night, was almost entirely given up to a talk by Parks Commissioner Charles Chambers, who with the aid of stereopticon slides, explained, or rather, gave a comprehensive idea of the proposed parks scheme for Toronto.

The commissioner said that until a few years ago parks were regarded as luxuries. He maintained that this was a fallacious idea, as recreation was a predominant factor in the public life. He said that eleven supervised playgrounds were now situated in the city, but that these were not enough. At least fifty such recreation centres were vital necessary. The present area of the city has been asked to supply the city with ten additional playgrounds which will make a total of 25.

That all city playgrounds should be under supervision was Mr. Chambers' contention. He said that unsupervised play did not get the best results. The commissioner suggested a fixed policy regarding parks, and the placing of a certain amount for parks for a number of years, so that the department could plan ahead.

He clearly showed the necessity for more recreation grounds when he produced statistics, giving the number of athletic teams and organizations which use them. He said that during last year 16,320 permits were issued by his department for tennis clubs, 7,800 for hockey teams, and 5,322 for bowling alleys. In addition to this 59 skating rinks were in operation and 31 hockey rinks. The present area of the city parks is 1,370 acres, comprising 1,470 acres of land, and 400 acres of water.

The commissioner showed views of the proposed boulevard which is to encircle the city. The Humber boulevard is already constructed, and negotiations are now on foot to secure additional land to complete it. "It has been stated that this boulevard scheme favors only the rich man who can afford an automobile to enjoy the lovely rides along its course. I can refute these statements right away by telling you that as soon as we have completed it, our intention is to institute a bus line service which will enable the poorest man to take his family for an enjoyable outing."

A report on the present housing situation had been presented to the central council at a former meeting, and certain intimation relative to the alleged combines on housing material had been contained therein. On motion of J. M. Skehon the meeting went on record last night as in favor of having the report referred to the attorney-general, and asking that an investigation into the matter be conducted.

HYDRO SHOP FLORAL EXHIBIT.

By courtesy of the Queen Victoria Niagara Falls Park Commission, a very interesting display of the wonderful "Calceolaria" plant has been loaned to Toronto Hydro and will be on exhibition in the windows at Yonge street. The Calceolaria derives its name from the Greek calceolus, a slipper, referring to the present shape of the flower. The common name is Slipperwort. It belongs to the natural order "Scrophulariaceae" as do the common Snapdragon of the present hour. The Calceolaria has gained prominence as a commercial flower and for decorating conservatories and homes in Europe, but is not grown extensively on this continent. The hydro store are better adapted to green-house culture on account of their vigor and flowering qualities than the more tender kinds formerly grown.

BOYS UNDER ARREST.

Morris Beckett, 157 Hastings avenue, and Samuel Warlow, of Front street, were last night arrested by Detective Sullivan charged with the theft of a parcel containing cigars and cigarettes from the Canadian Express. The boys are alleged to have stolen the parcel and hid it. When they went to get it they were arrested.

REAL ESTATE NEWS.

Mr. W. C. Cope has leased the De La Salle Institute, 21 George and Duke street, for a period of five years at an annual rental of \$7500. Mr. Cope intends to use the building for a confectionary warehouse.

The Oakville residence of the Misses Palmer has been sold to Miss M. F. Muir, K.C., of Richmond, Virginia.

WON'T STRETCH.

An exchange says: "You cannot take a dollar to Heaven." No, it doesn't go anything like that far now.

OXFORD-CAMBRIDGE RELAY TEAM SAILS

Southampton, Eng., April 7.—The Oxford-Cambridge relay team which is to compete in the two-mile race at the University of Pennsylvania carnival April 18 and May 1, sailed today on board the steamer Adriatic for New York. The team consists of Col. N. Strade Jackson, the Olympic 1,500 metres champion; Tatham, Stallard, Rudd, Montague and Milligan. Alfieo Shrubbs, the famous distance runner, who is well-known in Canada and in the United States, is trainer for the team.

LABOR NEWS

ASK CITY TO FINANCE NEW HOUSING PLAN

Representatives of City Will Confer With Building Trades Council.

Mayor Church, Controllers Gibbons and Ramsden, the city solicitor, the city treasurer and the city architect are to confer with the representatives of the building trades council at 4 o'clock today respecting the feasibility of the proposed housing guild, which has been recommended on by the board of control.

James T. Gunn, the originator of the scheme, stated to The World last night that he had nothing to say respecting the finances other than to point out that the needed money might be supplied thru the medium of financial credits, arranged by the city, while the building trades council will supply the necessary labor with the city architect's department supplying both the material and the necessary technical foremen in the shape of engineers and foremen.

INSIDE WOOD-WORKERS WANT WAGE INCREASE

As many skilled inside woodworkers are today receiving only from 37 to 55 cents an hour, the International Brotherhood of Carpenters, thru its inside woodworkers' section, is presenting an agreement calling for a minimum wage of 32 cents for unskilled workers and a minimum wage of 55 cents for skilled workers. The agreement calls also for a weekly envelope for shop stewards in each trade in each plant, for a nine-hour working day with only five hours on Saturday. Overtime to be paid at time and a half rates. Another clause in the agreement calls for an increase of five per cent. in wages of those men already receiving more than the highest minimum noted in the agreement.

Ottawa, April 7.—(By Canadian Press.)—An increase in the scale of wages paid to employees in the coal mines of the Nova Scotia Steel and Coal Company is recommended in a report made to the minister of labor by the board of conciliation, which investigated the dispute between the company and men. In recommending the increase, the members of the board state that they wish it distinctly understood that the new scale is not as high as it would have liked to fix. It is based, however, on the company's ability to pay.

Recommend Increase of Wages for Coal Miners in Nova Scotia

Guelph, Ont., April 7.—(Special).—All the union painters in the city are still out on strike, and as a consequence several of the local contractors are seriously affected. The painters were receiving 40 cents per hour, but they are not after 40 cents an hour, with an hour off each day and a half-holiday Saturday afternoon. They have been offered 50 cents per hour to go back to work, but would not accept, and are holding out for their demands.

Bank Clerks' Agreement

Members of the Canadian Bank Clerks' Union at a largely attended meeting held last night at the Labor Temple decided to present their agreement to the Bankers' Association, the individual bank managements having left the initiative with the union to treat with the banks individually or not. The union prefers a blanket agreement to one with individual banks. C. E. Peck was elected general organizer for the union in Ontario.

CONFERENCE WITH BUTCHERS

The industrial and development council of the Canadian Packers' Association and the executive of Local 188 of the Butcher Workers' Union will meet in conference this afternoon at two o'clock at 188 West King street, in an effort to settle the wage dispute.

QUEEN'S OWN RIFLES PARADE.

The Queen's Own Rifles held their regular monthly parade in uniform, last night, when many ex-members went to the armories to renew acquaintance with old friends who served bravely in that regiment. The object of the parade was to stimulate interest in the unit and augment the strength by obtaining new recruits.

OTTAWA DEBATING TEAM BEATS QUEEN'S COLLEGE

Kingston, Ont., April 7.—Ottawa College won the intercollegiate debating championship when its representatives defeated Queen's debaters here this evening. The subject was: "Resolved, that the maintenance of the present tariff is preferable to substantial downward revisions."

Ottawa College, whose representatives were R. A. Cannon and J. W. Callahan, took the affirmative, while Queens, represented by S. S. Fyfe and W. A. Irwin, upheld the negative. The judges were: Judge Reynolds, Brockville; W. S. Harrington, K.C., Napawan; and Ambrose Shea, barrister, Kingston.

THURSDAY MORNING, APRIL 8.

The Sanity of Labor.

British labor appears finally to have elected for constitutional methods of progress, against the political strike, specifically called "direct action," and against association with the Third International, whose headquarters are with Lenin at Moscow. Canadian labor, thru the London convention last week, took a similar stand.

It is to be hoped that the Reds have got over their fitful fever, and that all who understand what labor means to the world will soon be able to unite under a banner from which all devices of violence have been removed. "Exclusion" does not need to be written in blood in countries where popular government has been broadening down from precedent to precedent for hundreds of years.

The people who believe that universal economic salvation can come thru a cataclysm that will "sweep the whole blooming thing away" know not whereof they speak. Progress is always too slow for progressives. But progress must answer to natural evolution, even as a child does in its advance to maturity. And if progress is too slow for whirlwind minds, those same minds might remember once in a while that it is always too fast for the reactionaries, who are never few nor negligible.

The body politic is a strange, cantankerous creature. It has endured many shocks of late that have removed the ancient lethargy from it. The trouble with all reformers has been that their causes have always been hindered more by their friends than by their enemies. Intolerance is never so intolerant as when it obsesses those who want to make war on it. Tolerance, society cannot be clubbed into idealism.

Labor can come into its own, not by extremity, but by courageous sanity. Sometimes that means that the greatest generosity belongs to the wisest waiter. Events are stronger than any of us. They are helping progress this very day. But progress in countries like those which compose the British commonwealth cannot flourish like a Jonah's gourd. It grew in a night, and it withered in a night. We have abundant rock on which to build. It can be fashioned and cemented by ballots—as soon as the ballot owners know how to use them and can produce leaders equal to the times.

Afraid to Keep House?

"Nobody knows where anybody's at" is the way an overcooker of world affairs summarized the situation yesterday. The French are advancing into Germany, which, to them is likely to be a happiness under any circumstances. But, really, it is only a march into trouble, even if Germany foots the bill. Governments everywhere are worried almost to death. Nobody is happy. Everybody is trying to look thru a wall. It is not possible to obtain repose by going into the garden to eat worms.

In some countries the people are finding some outlets thru discussion. In Canada, where we have perhaps fewer repressing troubles than other any other nation, discussion is not a strong feature of present-day existence. Parliament is sitting, but no swift-gear motor seems to be within the works.

But in the country there is enough interest in national affairs to indicate that if anybody had the courage to start something the people would respond. In the west several newspapers are giving prominence to the proposal to remove to Canada the power to change the constitution, instead of going to London for amendments to the British North America act.

Premier Martin of Saskatchewan has declared for the present situation. The opposite view is taken by the Regina Leader, his chief supporter in the press. The Manitoba Free Press is campaigning with its accustomed pertinacity for the larger assertion of Canadian nationality. It tells the Fieldings, who cling to a strictly colonial position. They "ought to put on the collar of colonial inferiority and glory in it." It sups up the whole matter.

Meanwhile, Canadians who take seriously the claim to which all Canadians have given at least a nominal adhesion that we are in fact a nation, must demand that we secure, with the least possible delay the power enjoyed by every country which can lay claim to be a nation, to amend our constitution in conformity with the desires of our own people and subject to no other form of control whatever.

In the east The Orange Sentinel protests against any change. It is afraid of weakening the imperial tie. The Regina Leader anticipates this dread by citing the cases of Australia and South Africa, which amend their constitutions as they please, and

which have shown their devotion to the empire no less unmistakably than Canada has—and it is nearly twenty years since Australia took the power we are now asked to acquire.

The whole question comes down to this: Must a country that calls itself a nation, and proclaims its intention so to act, in a league of nations, be afraid to be the arbiter of its own self-management? To be afraid is to be like a man who says he would get married if only he didn't have to keep house.

Next Naval Competition.

The Halifax Herald, always a vehement imperialist, gives super-prominence to an article in its editorial place, which trounces those who say that for naval defence Canada has been depending on the mother country. The writer almost furiously says that British aid is offered on Canadian loyalty, and intimates that this is no time to trouble about expenditures on a Canadian navy, for none is needed for any Canadian interest.

From another quarter comes unexpected counsel on naval affairs—the first lord of the admiralty, no less. A few hours after his arrival in England, the Duke of Devonshire was presiding at a Canada Club dinner to Sir Auckland Geddes, the new British ambassador to the United States. Mr. Long, the first lord, spoke on the naval situation. After saying that the duke had forged a new link of empire in Canada he reminded his hearers that the latest estimates for the royal navy cut down the expenditure in two, that many good ships are being scrapped (Canada is offered some of them), and that there must be good will between the United States and the British peoples.

"Our hope is," he said, "that the two great English-speaking nations in the world will enter into a new competition—not in regard to the size of armaments, but a competition in the reduction of armaments, which, while securing the safety of the two great empires, will show that we are actuated by genuine motives in our desire for peace."

A blessed competition, if it can be managed. Canada's place in it is as yet indeterminate. Our part would seem to be to diminish armaments by increasing them.

A Retraction.

We take it all back—all that was said here yesterday about the leaders of the referendum committee and Mr. Ben Spence having smoked the pipe of peace. The news story and the editorial didn't agree—at least the evening news didn't jibe with the luncheon report, which was true, but delusive. Two excuses are valid: one of which is solid. One went home to a sick wife, after writing a sort of eulogy upon the Grant-Spence peace that was consummated at the morning conference of the prohibitionists, and did not fear of the volcanic resurrection of the feud. Once amity had been achieved it was thought that even native wine could not prevail against it—but it did. Two divines spoke, each other in terms of prevarication, and Dr. Grant vowed he was thru with the whole business.

But Dr. Grant won't be thru unless he be finished with losing his poles when the gnats begin to bite. The trouble in the prohibition battalions seems to root in last fall's referendum campaign, and Mr. Spence's feeling that the Dominion Alliance was not allowed to cut the figure its history and zeal entitled it to cut. He appears to believe that the alliance should have been regarded as a distinct ally of the referendum committee, and not, as Dr. Grant saw it, one of many units unitedly welded under a board of control.

It is too bad to give tender truth away, but the fact is that Mr. Spence was diplomatically induced to take a less prominent part in the campaign executive than his natural and acquired aptitudes could comfortably accept. He doesn't like to contemplate a practical repetition of the former quietude for the pending campaign.

Bigger men than he have taken bitter medicine than this, and have not made faces on the street. Mr. Spence shouldn't get jealous, and Dr. Grant shouldn't get mad. The quarrel is one, not between two masterful leaders. It touches the very centre of temperance statesmanship—a statesmanship in which the dynamo in first charge of Dr. Grant is better than the propeller wielded by the other man. The constituency to be appealed to is the province, and not merely the minority which backs the Boanerges of the Alliance.

Of a Friend's Arithmetic.

The World, discussing the national railway deficit, ventured to say that the Hamilton Herald was shy on arithmetic, when it said that a 25 per cent. increase of rates on the government roads would be too much, and that "just sufficient to cover the prospective deficit would be enough." Given a year as good as 1919, The World pointed out, 25 per cent. increase in the national rates would only produce \$26,500,000, whereas last year's deficit was \$47,000,000.

To this The Herald replies: Probably there are factors in the situation of which The World is unaware or at any rate has not taken account. Probably there are economies to be effected in national railways which will bring down operating and maintenance costs. Anyhow, the minister of railways should be qualified to forecast the

financial results of this year's operations, and Dr. Reid has estimated that a 25 per cent. increase in rates would yield additional earnings of \$88,000,000. That would be much more than enough to cover a deficit even as large as the one of last year.

If The World's estimates are reliable, a 50 per cent. increase in freight rates will be needed if the national system is to be operated this year without a deficit. Would The World favor such an increase?

If The Herald's statement of facts means what it says, Dr. Reid intimated that a 25 per cent. increase on the C. N. R. would produce \$88,000,000. Dr. Reid said nothing of the kind. He gave the total earnings of all the Canadian railways at over \$500,000,000, including the C. P. R., the G. T. R. and the G. N. E., and remarked that 25 per cent. on them would be \$88,000,000, which is true, as a sum in simple division will prove.

The Herald does another injustice in orienting facts when it says The World's estimates involve a 50 per cent. increase in the National rates if the lines are to avoid a deficit this year. That is uncanid. The World said a 44 per cent. increase would be required, not 50. Six per cent. on last year's C. N. R. earnings of \$105,000,000 would be \$6,300,000. But what is \$6,300,000 to the Herald? The odd \$300,000 wouldn't be a day's change for its newsboys.

The Herald asks if The World would favor as large an addition to rates as would entirely wipe out the deficit. The World has only been concerned with the facts as they are and their accurate arithmetic. It does not presume to say what facts should be created by the railway commission, after the National Railways and the C. P. R. have been heard.

It will probably be found that the wise course will be to raise rates high enough to wipe out the operating deficit, and to decide what proportion of the fixed charges shall continue to be levied from the taxpayer and charged to national development account. To arrive at that The World has advocated a national economic stock taking such as we have never hitherto had.

The railway situation is a vast complex, and nationally fateful question, and can probably only be settled out of hand by those who are as shy on arithmetic and on fact-reading as The Herald has shown itself to be.

FOUR YEARS FOR THEFT

In passing sentence of four years in Kingston Penitentiary on David Carlton and Sidney Marchmont, for the theft of 128 cattle skins from the G. T. R. Judge Coatsworth, in the sessions yesterday, remarked on the seriousness of the offence of which the prisoners had been found guilty, and the unrepentant demeanor of prisoners during their trial. Joseph Wigley, who was charged along with them, was found not guilty by the jury.

RECEIVED STOLEN GOODS

Pleading guilty yesterday to the charge of receiving a number of coats stolen from the Dominion Express Company, George Barton, a colored man, was sentenced by Judge Coatsworth to fifteen months in the Ontario reformatory. Three colored girls, Myrtle Cook, Jessie Cook and Mrs. Mabel Greene, were convicted of receiving and sentenced to the women's farm for one month. They denied that they knew the coats were stolen when they made the purchase.

DISMISS FERGUSON CHARGE

Judge Coatsworth yesterday decided to give Harry Ferguson a discharge for forging and uttering three pay checks of the Mount Dennis branch of the imperial munitions board, the benefit of the doubt and dismissed the charge brought against him.

STRUCK BY MOTOR CAR.

Before Judge Vance and a jury yesterday, Gill was awarded \$500 in her action for \$300 damages for injuries sustained when she was struck by the motor car belonging to R. M. Bone while crossing West King street near Fraser avenue.

B. B. STEWART, Manager of new Hamilton branch of A. McKim, Limited, advertising agency.

CITY HALL NOTES

It is understood that within the next two weeks the city treasurer's department will advertise for tenders for the issuing of bonds by Toronto bond houses, amounting to at least two millions of dollars. The money is needed to defray the cost of schools, waterworks, parks, sewers, local improvements and Hydro-Electric.

Mayor Church received a letter from Judge Coatsworth late yesterday afternoon, suggesting that the mayor appoint a sub-committee of the city council to take up the matter, and report to council. He stated that he had also written to the county warden, asking that a similar committee of the county council be appointed.

This is one point on which the mayor comes out strongly. "This overcrowding in the city hall courts is caused by so many county cases," he said. "It would be far better for Toronto if judicial matters of the city and county were divorced. If any extension of these courts is made, the province and county have every right to bear the expense. This is one of the many matters on which the city needs an accounting."

"There are several bills coming before the legislature which the city will have to watch," Mayor Church told The World yesterday afternoon. "One bill is to abolish property qualifications for members of municipal councils. I hope Toronto may be excepted in view of its heavy commitments from the provisions. The city council has gone on record against this change at present."

Another bill is by Hon. F. C. Biggs and provides for actions against a municipality in the repair of highways. The bill asks that these trials be heard before a judge and jury, instead of by a judge, as at present. "These measures should be restricted to cities of less than 200,000 population," declared his worship.

SIX MONTHS FOR THEFT.

On a charge of the theft of 19 yards of cloth from Solomon Wine, a Bloor street tailor, Harry Rosenberg was sentenced to six months in the jail farm by Judge Coatsworth yesterday. Crown Attorney Greer made some caustic remarks about men who looted around poolrooms, in which category he placed the accused.

HOUSEBREAKERS TO JAIL.

W. Woods and H. Frankland were sentenced to three months at the jail farm yesterday by Magistrate Clay for housebreaking in New Toronto.

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

LAWRENCE'S DILEMMA

CHAPTER II.

The autumn had come and gone meanwhile, and early winter had set in. The life at the little house on Dexton street went on in the same monotonously quiet way—a routine, however, which seemed to be leading to some definite end.

As the work on the gardens in the settlement had been finished, Alice decided to resign, for the winter at least. "It will give me more time to study, and a little time to rest, and time to play with Bernice," she told her mother. And that little lady agreed, as Alice always did.

"So the routine," was varied a trifle. Alice arose about eight, which was late for that neighborhood, gave the baby its morning bottle, and went down to breakfast. Mrs. Harbark had been gaining steadily and now did all but the heaviest work.

Then there was the ceremony of the baby's bath, which was Alice's greatest delight, and the daily spicing as to whether Bernice had grown any more mature, the hisping of new little sounds—she must be a year old by this time, they decided—the joy in watching her creep and her attempts, carefully guarded, to stand up and walk by holding on to chairs.

"She's entirely too bright," Alice would say with a pride that was curiously motherly. "She mustn't walk too soon, or her little legs won't grow straight."

Then Alice, curled up on the couch under the window, would study for a couple of hours, and after the midday dinner, put the baby in her coach—and other gift—and wheel her out for her airing. Often she napped morning and afternoon outdoors in her coach, well wrapped up.

"And she's gaining weight so fast, and growing so pretty!" Alice enthused to Lawrence one afternoon when he drove up in his car.

"Yes, I can see that. However, she doesn't look a bit like you," Lawrence said laughing. It was his usual joke; he said it every time he called her.

"What are you going to have her call you?" he asked after a moment.

"She's trying to say 'Alice' already. I can't have her call me 'mother,' do I'd like to?" Alice blushed a little and went on. "It's almost a sacred name, isn't it—'mother'?"

"I'll let her call me 'Alice' when she's old enough to pronounce it. She calls my mother 'grandma' or 'tries to, but that name is different.'"

Tomorrow—A Long Drive.

WORLD'S DAILY BRAIN TEST

9 Minutes to Answer This.
No. 156.
Spell out the names of the little objects. Then add and subtract as indicated and resulting letters will be the name of one of the familiar plants.

Answer to No. 155.
The guard made his way thru the Tower by passing the letters through the dunces in this order: E, D, H, F, I, P, J, C, B, K, A, W, O, G, Q, N, R, S, M, L, M, T, U, Y—the shortest route necessitating a second visit to M. (Copyright, 1919, by Sam Loyd.)

SIR ADAM'S ENGAGEMENT CANCELLED.

Owing to Sir Adam Beck having been called to Ottawa and Montreal, the Men's Club of the Timothy Eaton Memorial Church was obliged to cancel his engagement to address them tonight on "Hydro." It is likely that the address will be given next week.

GRAND TRUNK-NORTHERN NAVIGATION COMPANY LAKE AND RAIL ROUTE

To Sault Ste. Marie, Lake Superior ports, and points west of Fort William, etc., will commence accepting freight April 10, 1920. The first sailing will be from Point Edward on May 1. (See and weather permitting.)

NOT GUILTY OF ARSON.

Judge Coatsworth yesterday found Nathan Buckler not guilty on a charge of arson preferred against him. Buckler's store was situated at 933 West Bloor street.

DISMISS SUIT FOR DAMAGES.

Judge Denton yesterday dismissed the action by Ernest F. Griffith against T. Roberts for \$144 for damages to his automobile sustained in a collision at Yonge and Asquith streets.

SPANISH FLIERS KILLED.

Madrid, April 7.—Two of Spain's leading airmen were killed yesterday when their airplane collapsed as they were making a landing. The machine fell fifty feet on to the roof of an airdrome building.

MARRIAGES

HUSBAND-MORRIS—At Toronto, on Wednesday, April 7, 1920, by Rev. A. L. Geggie, at Dunn Avenue Presbyterian Church, Muriel C. L., third daughter of Mr. and Mrs. W. H. Morrison, Oakville, to Frank G. Husbard, second son of Mrs. Geo. Husbard, 8 Algonquin avenue, Toronto.

DEATHS

BELDAM—At Scarborough Village on Wednesday, April 7, 1920, Mary Gooby, in her 77th year, beloved wife of David Beldam.

Funeral from the residence of her daughter, Mrs. Arthur Willis, Saturday, at 2:30 p.m. Public service at St. Margaret's Church, 3 p.m. Interment in St. Margaret's Cemetery.

ENSON—On Tuesday, April 6, 1920, at St. Michael's Hospital, Sergeant John Enson, dearly beloved husband of Dorothy Ritchie, in his 35th year, and dearly beloved son of Mr. and Mrs. Vernon Enson, of this city.

Funerals will be at W. H. Bickley's funeral chapel, 303 Yonge street, on Saturday morning, April 10, at 10 o'clock. The remains will be removed to his late address, 272 Silver Birch avenue. Full military funeral under the auspices of the 10th Regiment at 4 p.m. Saturday, April 10, thence to Norway Cemetery.

LEA—On Monday, April 5, 1920, at her late residence, 116 Westmount avenue, Toronto, Fannie Sophia, beloved wife of Joseph H. Lea, in her 71st year, after a lingering illness.

Funeral from the above address on Thursday, the 8th inst., at 3 p.m., to Mount Pleasant Cemetery. Please omit flowers.

MAXWELL—At La Grange, Georgia, on Monday last, of pneumonia, James Maxwell, son of Mrs. S. A. and the late J. J. Maxwell, 73 De Grassi street.

Funeral from the above address Friday, at 2:30 p.m., to St. James' Cemetery.

MCKERNAN—At his home, 39 St. Paul street, Tuesday, April 6th, Frank M. McKernan, beloved husband of Alma Walsh, and youngest son of Frank and Margaret McKernan, 1063 Queen Street West.

Funeral Friday, April 9th, at 8:30 a.m., to St. Paul's Church, Interment at Mount Hope Cemetery. Members of Knights of Columbus will meet at 39 St. Paul street at 8:30 Thursday evening.

MYERS—Suddenly, at his late residence, Lameroux, on April 7th, Robert Myers, in his 75th year.

Funeral on Friday, at 2:30 p.m., to St. Paul's Cemetery, Scarborough.

MCDERMOTT—At Toronto, on April 3rd, Private Archie McDermott, late of the R.C.M.A. in his 30th year.

Military funeral Saturday, April 10, at 3 o'clock, from W. H. Bickley's funeral chapel, 303 Yonge street, to Norway Cemetery. Members of the G.A.C. and members of the G.A.C. attend in body.

SAYS ADMIRAL SIMS WAS INDISCREET

Admiral Rodman, of U. S. Pacific Fleet, Condemns Publication of Remark.

Washington, April 7.—Admiral Rodman, commander-in-chief of the Pacific fleet, testifying as his own request before the senate committee investigating the Sims-Daniels row today declared that the "war was not fought and won in London and that the only place for the direction and administration of the navy's policy was in Washington. Admiral Rodman was reacting to the charge made by admiral Sims that the navy department should not have attempted to conduct operations from a point 3,000 miles from the war zone.

Admiral Rodman took direct issue with Admiral Sims' charges and criticisms. "To have moved our whole administration to London, even the 3,000 miles separated it from the scene of hostilities, would have been a serious blunder," he said. The admiral added that he thought there had been an evident effort to discredit the navy, and his impression was that Admiral Sims sought to give the impression that most of the responsibility for running the war, and that the navy department "fell down on the job" because it did not follow his advice.

"Without any attempt to avoid personalities, Admiral Rodman characterized as 'very indiscreet' the Sims letter to Secretary Daniels, which brought about the present investigation, and declared that Sims committed a breach of confidence in making public an intimate and confidential conversation, which should have been held sacred." He was referring to Sims' statement that Admiral Beason had told him just before leaving for London, "not to let the British pull wool over your eyes; we would as soon fight them as the Germans."

Admiral Rodman declared that the fleet had never been in a better state of preparedness than in the spring of 1917, and that the navy "was ready to fight."

He asserted that the navy had many sources of information and recommendations abroad other than Sims, who, the witness said, implied the navy "had delayed the war by not accepting all the recommendations." The admiral concluded by recommending the suggestion that the chief of naval operations be given full authority and entire responsibility.

CARS WITH MUNITIONS HELD UP IN MORAVIA

Vienna, April 7.—Twenty-nine cars, supposed to contain machinery, bound from Vienna to Cracow, which were being conveyed by the military police, were stopped by Czechs at Mahrtsch-Ostran, Moravia. The cars were found to contain hand grenades and other munitions. Czech officers appeared and claimed the contents of the cars as Italian property, but the train is being held at the border pending instructions from Prague.

THE WEATHER

Metereological Office, Toronto, April 7.—(3 p.m.)—The weather today has been somewhat milder in the western provinces, with a strong easterly wind, but quite cold, with fresh westerly winds and snow flurries.

Minimum temperatures: Dawson, 6 below; Prince Rupert, 32-42; Victoria, 33-50; Vancouver, 38-50; Kamloops, 22-32; Calgary, 24; Edmonton, 2-34; Saskatoon, 1 below; 32; Battleford, 2 below; 22; Prince Albert, 4 below; 44; Moose Jaw, 2-41; Winnipeg, 6-36; Port Arthur, 6-26; Parry Sound, 22-24; London, 23-34; Toronto, 23-35; Kingston, 26-38; Ottawa, 22-31; Montreal, 24-36; Quebec, 18-28; St. John, 26-40; Halifax, 26-38.

Probabilities—Lakes and Georgian Bay, Ottawa Valley and Upper St. Lawrence, lower St. Lawrence, quiet and showery; West and northwest winds; mostly fair and cold with local snow flurries.

Maritime Provinces—Strong westerly winds; cold with snow flurries.

Manitoba—Fresh northwest winds; fair and cold.

Saskatchewan and Alberta—Fair with much the same temperature.

STREET CAR DELAYS

Wednesday, April 7, 1920. College cars, northbound, delayed 5 minutes, at Melinda and Bay, at 9:11 a.m. by hours down on track.

Bathurst cars, both ways, delayed 7 minutes, at C.P.R. crossing, at 6:45 a.m., by trains.

Bathurst cars, both ways, delayed 6 minutes at 7:25 a.m. at Front and Spadina, by trains.

Bathurst cars, both ways, delayed 5 minutes at 7:35 a.m. at C.P.R. crossing, by trains.

Bathurst cars, southbound, delayed 3 minutes at 8:10 a.m. at Barton and Bathurst, by wagon stuck on track.

King cars, both ways, delayed 5 minutes at 11:10 a.m. at G.T.R. crossing, by train.

Avenue road cars, northbound, delayed 5 minutes at 6:15 p.m. at Avenue road hill, by auto on track.

College cars, northbound, delayed 50 minutes at 4:20 p.m. by train. Delayed by load of coal dumped on track.

OSGOODE HALL NEWS

Weekly court list for Thursday, 8th inst., at 11 a.m.—Inchy Cross v. Mari-gold; Rath v. Canadian Soo; re Abramovitch & Gulopky; re Brown estate.

Second divisional court, peremptory list for Thursday, 8th inst., at 11 a.m.—Cochrane Hardward v. Lemioux; Macdonald v. Davis; Blyth v. Davis; Yoles v. Robertson; Victoria Electric v. Falter; Squires v. Toronto Railway.

Master's Chambers Before J. A. C. Cameron, Master. Hamilton v. Hamilton—G. R. Munro for defendant moved for examination of plaintiff for discovery in Toronto; D. B. Sinclair for plaintiff. Motion, dismissed with liberty to examine for discovery in New York. Costs reserved to taxing officer.

Gilmour v. Starnes—S. J. Birnbaum for plaintiff moved to extend time for security for costs; E. H. Senior for defendant. Order made extending time until May 1. Costs to defendant in the cause.

Chamberlain v. Wilkin—F. J. Dunbar for defendant obtained order on consent dismissing action, discharging mechanics' lien and vacating his pendens without costs.

United States of America v. Motor Trucks Ltd.—C. H. Kemp for plaintiff moved for judgment for failure to deliver counterclaim; R. H. Parmenter for defendants. Order made that counterclaim be delivered in 10 days; otherwise order to go. Costs in the cause.

Alberta Fish Co. v. Bowman—Mason (Johnston, McKay) for plaintiff obtained order adding party defendant. Spink Ltd. v. Sill-Thompson (Watson, Smoke & Smith) for plaintiff obtained order dismissing action and counterclaim on consent without costs.

Judge's Chambers Before Orde, J. Wah Tom v. Wong Sing—J. R. Roaf for defendant; D. J. P. Kelly for plaintiff. Appeal from master in chambers who, under rule 57, ordered that plaintiff recover against defendant possession of the goods at 395 Jarvis street, Toronto, but that proceedings shall be stayed until counterclaim disposed of. Judgment: I am of opinion that the order of the master in chambers cannot be supported. The defendant's two substantial defences to the plaintiff's claim, one of which is entitled to have tried out in the usual way, I would set aside the order of the master in chambers and dismiss the plaintiff's summary judgment. The counterclaim must be struck out, but without prejudice to defendant's right to commence an independent action. The costs of the motion for judgment before the master in chambers and of the appeals therefrom should be costs in the cause. The costs of the plaintiff's motion to strike out the defendant's counterclaim should be costs in the cause to the plaintiff in an event.

World Newspaper Co. of Toronto, Ltd., v. Spence, for plaintiff, petitioner, obtained order adding up company; K. Mackenzie for company; G. T. Cameron appointed interim liquidator with reference to J. A. C. Cameron, O.R.

Brown v. C. P. R.—F. W. Harcourt, K.C., obtained fiat for payment of \$100 to Candace Brown for maintenance of infants.

White v. Martens—C. B. Henderson for defendant obtained ex parte order for payment out of court of \$379 to defendant.

Weekly Court. Before Orde, J. Re Dunbar & Dunker—J. A. Scellen, for vendor, on motion to confirm report of local master finding that vendor can make good necessary title obtained on consent. Order as asked. No order as to costs.

Small v. Limited, v. Maples Limited—R. B. Spence, for plaintiff, moved for injunction till trial, restraining defendants from alleged improper use of word "Maple" in connection with their annual dinner in K.C. for defendants. Motion dismissed with costs in cause to defendant.

Before Kelly, J. Re Peters & Waddington—McKittick for vendor; J. L. Cohen for purchaser. Judgment: On the material submitted I am of opinion that the objection raised by the purchaser to the covenant referred to in the solicitor's affidavit is not a sufficient ground for rejecting the vendor's title. I make no order as to costs.

Second Divisional Court. Signal Motor Truck Co. v. Ward—F. J. Hughes for defendant, moved from county court of York, Jan. 14, 1920. A. A. Macdonald for plaintiff. Action to recover \$388.50, alleged due for hire of motor truck and repairs. At trial plaintiff was awarded \$110. Appeal dismissed with costs.

Barlow v. Bailey—W. Zimmerman, for defendants, moved from county court of York, February 11, 1920. C. W. Callaghan for plaintiffs. Action to recover \$652.35, paid on purchase of auto and recission of contract. At trial judgment was entered for plaintiff for \$325. Appeal allowed with costs and new trial directed. Costs of former trial in discretion of trial judge. Leave to parties to amend pleadings.

Forfar v. Gray—D. O'Connell, for defendant, appeared from county court of York, January 29, 1920. C. W. Plaxton for plaintiff. Action for recission of contract for purchase of land in Manitoba and to recover \$500 paid. Judgment at trial for plaintiff as asked. Appeal dismissed with costs.

Harger, customs broker, 29 West Wellington street, corner Bay, Adelaide 4622.

SPANISH STRIKERS RESENT IMPORTATION OF LABOR

Barcelona, April 7.—Two strike-breakers were killed and many wounded in the village of Los Manjos today as a result of a fight brought about by the employers having imported labor from Murcia for the replacement of strikers. The inhabitants refused to give food or lodging to the new-comers, and the strike-breakers attacked them with fatal results.

The prefecture of police has discovered in the city an agency containing false passports and identification papers of every nation, by means of which persons having them would be refused to give food or lodging to persons from one country to another. Several persons have been arrested in connection with the discovery.

LAUNCH CAMPAIGN GIRLS' RESIDENCE

Mr. Justice Riddell is Speaker at Alumnae Dinner at Hart House.

That the women graduates of the University of Toronto are free from envy was proved by the fact that last night it was with smiles on their faces that they ate their annual dinner in the handsome dining hall of Hart House—the gift of a Toronto citizen to the men students of the university.

While those gathered about the board were contemplating nothing brighter than that they would individually be obliged to finance to a great extent a much needed residence for the women now and in the years to come the students at the same seat of learning. Nothing handsomer than the high vaulted apartment, with the ornamented windows, scrolled walls and handsome furniture could be desired, but unless some beneficent cit-

izen is found to match the generosity of the benefactor of the men students it will take a long pull and a pull all together to attain anything nearly as attractive and comfortable for the women's residence now in contemplation.

Launching the Campaign. The occasion was the annual meeting and the launching of the proposed campaign for the alumnae, at the close of the dinner, proposed the need of the kind, introduced Mr. Justice Riddell, who told of early student days in Victoria University, Cobourg, when it would have been considered "unseemly, unwomanly and unchristian" for a woman to attempt to take university honors on the same level as the men. Women might take the examinations and do as well, but for this there was to be no recognition.

The same day, however, when a woman persevered and got her degree, Miss Shinnick being the first to attain the much-coveted credential. Coming to the work in hand, Mr. Riddell said that women undergraduates should have a comfortable residence, looked after by well-bred women, and there was no reason but one why this should not be, the covenant being that of finance. He had no doubt but that the campaign to be undertaken by women not afraid of being considered a success.

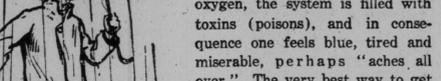

Reports were given by Mrs. H. D. Henderson and the plans for the new building were thrown on the screen by

SPRING RAINS

bring bad tempers and bad health. Why? Because most mankind are shut-up in the house, or factory all winter and do not have the opportunity to breathe in good oxygen, the system is filled with toxins (poisons), and in consequence one feels blue, tired and miserable, perhaps "aches all over." The very best way to get rid of the poisons and to build up for another and better day is to obtain a vegetable tonic, made without alcohol, and known favorably for over fifty years as Doctor Pierce's Golden Medical Discovery. This will put vim, vigor, vitality,

into your blood. You will feel young and buoyant instead of old and "seedy."

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy, and they want to know how to renew their energy and stamina, overcome headaches and back-aches, have clear eyes, smooth, ruddy skin, and feel the exhilaration of real good health tingling thru their bodies. Good, pure, rich, red blood is the best insurance against ills of all kinds. You are apt to suffer from an attack of "Grip" if your health is run down. Purify the blood and you can defy Grip or "Flu." This is the time to clean house and freshen up a bit. Get the "Discovery" TO-DAY, in tablet or liquid form. Send Doctor Pierce's Laboratory in Bridgeport, Conn., 10 cents for trial package.

GALT LADY TEACHERS GET SALARY INCREASE Galt, April 7.—(Special).—An increase of \$50 a year to date from January 1, was tonight granted 40 lady teachers of the public schools, when their petition for a maximum salary of \$1,200 came up. The board felt that in view of the fact that it had granted increases of \$200 last year and had advanced the maximum to \$1,100, that no action should be taken but to bring salaries nearer the maximum. The majority favored an additional increase of \$50, which increase as provided by the schedule will come in September also.

the architect, Mr. John Lyall. The arrangements for the various parts of the campaign were spoken to by Miss Lanes Zeigler, Mace and Miss Brumby. The undergraduates have already raised \$5,000. It is now for the alumnae to help their alma mater. This they propose to do by raising \$25,000, or an average subscription of \$25 or \$25 a year for three years from the 1,200 alumnae. The work will begin at once.

The election of officers resulted as follows: Miss Evelyn Macdonald, re-elected; vice-president, Miss Brumby; Treasurer, Miss M. Brumby; Secretary, Miss Catherine Begg; recording secretary, Miss E. Wilson; corresponding

WHERE PRO PLAYERS RETURN TO THE FOLD

Hockey Peculiarities of the Middle West—Allan Cup Players and Games.

Regina Leader: After a sojourn of three years the Allan Cup has returned to the west. The Toronto Dentals won the trophy in the spring of 1917, defeating the Saskatoon Pilgrims and the Winnipeg Victorias. Since that time efforts of Winnipeg clubs to lift the trophy have failed to materialize until the speedy Falcons proved themselves to be worthy holders of the mug. The Falcons will now go to Aniswop where they will play in the Olympic games and they should be successful there, too, as they are undoubtedly the best hockey team in Canada that ever played in Canada.

It is quite a tribute to Fred "Streamers" Maxwell for the Falcons to go so far to win the trophy. The Winnipeg league has been over for a long time and it was feared that the Islanders might be placed on account of their long rest, but the reason was the case. They showed just as much speed against the Varsity as they had demonstrated in their own league games during the season.

Again it was felt that the heavy bodychecking tactics of the eastern teams would play with the Winnipeg clubs' chances, but apparently their speed was so great that their opponents could not get to them to resort to heavy checking.

Maxwell was a star player with the Monarchs for many years, playing over his last games were played against the McMillen Millionaires in the spring of 1915 when he aided the Monarchs in bringing the cup back to Manitoba after a year's absence in Saskatchewan. Dick Irvin, Stan Marples, Tommy Murphy and others were members of the Monarchs that season and they were one of the best teams that Winnipeg ever produced. Of course it is impossible to say, but a game between the Monarchs of those days and the Falcons of today would be a real treat. There are many who believe that the kingly crew could defeat the Falcons if such a meeting were possible.

Tommy Murphy, who was with the Falcons and played there some seasons, has retired from the game, and he has retired from the game. Marples and Irvin, too, went to the coast, but they have turned their backs on the pro game and intend to play amateur hockey for the balance of their careers. Also, they went to the coast, but like his brother, he has been reinstated and will play amateur hockey in the future.

Winnipeg has therefore contributed many players to the Coast League and some are still stars of the first water. Tommy Dundersdale, who led the Coast League in scoring this season, is a former Winnipeg player, as is Charley Tobin.

Del Irvine, who was with the Monarchs in the old days, turned professional some years ago. It was he who instituted the poke check and he played it like a game. When Portland went east to play the Canadians for the Stanley Cup, Del contracted pneumonia and died as a result of the sickness.

Maxwell has worked hard with the Falcons this year and has the supreme satisfaction of knowing that his coaching efforts were crowned with success. He

LADY EXPERT SAYS TO PLAY THE NET

Followers of tennis in this country who still hope that Miss Suzanne Lengien, champion of Europe, will make a visit to America next summer, are greatly interested in a book that the French girl has written on the court game. Her advice to girl players who wish to excel at tennis is embodied in the following:

"My favorite place is at the net, and I get there on the first chance. Tennis would seldom be dull if girls learned to volley. From first to last my father has been my only coach. After he had coached me for a good while he made a careful selection of the best strokes of first-class players—strokes in which the player had specialized. Only men's strokes were taken. I was to learn, as far as possible, to play like a man. I was to aim at getting the same results as they did, but in my own way.

"There is but one stroke I ever conscientiously tried to copy, and that is the forehand drive of the great Mr. Widding. I take it as a rule, as far as possible so as to avoid any curve on the ball, I do not attempt to put top spin on the ball, and also I try to keep well away from the ball and play the stroke without bending my arm. Balance of the body is most important. Without perfect balance it is impossible to execute strokes well. I pay great attention to this. I advise all girls to practice one stroke at a time, as I did, and take it diligently."

NO SEAWAHANAKA CUP RACES THIS SEASON

Montreal, April 7.—Commodore G. H. Dugan of the Royal St. Lawrence Yacht Club, stated that nothing new had developed regarding the Seawahana Cup races and that there was no possibility of a race with the United States being held before 1921.

The following officers were elected: Honorary commodore, G. H. Dugan; commodore, W. D. Birchall; vice-commodore, J. W. Norcross; secretary-treasurer, F. R. Lyman; measurer, A. S. Fox; F. W. Shearwood, R. A. Ross; executive commodores, W. C. Finley, W. E. McFarlane, L. G. Mickle, A. T. Paterson, C. R. Houth, W. M. Taylor, E. V. Whitehead; harbor master, L. E. Thomson.

The financial statement was accepted as satisfactory, while the sailing committee's report presented by R. C. Stevenson, showed that the members had enjoyed a successful season during last summer.

ERRATIC JAMES SMITH GOES BACK TO MINORS.

Indianapolis, Ind., April 7.—Jimmy Smith, an infielder, who was with the Cincinnati National League Club last year, and formerly with Toronto, signed his contract yesterday to play with the Indianapolis American Association team this year, according to an announcement made by the club's vice-president of the club, who had a conference with the player in Pittsburg. Smith will report here Friday.

was always a wise hockey player and the system he instilled into the Monarchs bore fruit.

SPEAKER'S MOTHER CALLS THE INDIANS

New Orleans, April 7.—Tris Speaker's mother, when here last week, discovered a good omen for the tribe in that Manager Spoke's birthday this year comes on Easter Sunday, Spoke being 32 years of age April 4.

"Tris just can't go wrong this year," said his mother, "when he has a birthday on such a day as Easter. Just 10 days before the season opens."

"Tris did not want to be manager," she continued, "but now that he has taken the position he will leave nothing undone to be successful. He is earnest in anything he attempts and as manager he will work harder than any of his second vote is decided. The officers elected were as follows: Hon. President, S. A. Thomas; president, F. C. Wikison; first vice-president, F. J. O'Connell; second vice-president, R. Pattison; secretary-treasurer, F. S. Walsh; assistant secretary, W. Chambers; Committee: R. J. Eagen, W. J. Halloran, G. Collaun and A. A. Anderson.

Kodaks Bowl and Play Baseball, Soccer, Etc.

About a year ago an employees' athletic association was formed at the Canadian Kodak Company, which has proved to be a big success. Recently elections were held and new officers elected, and plans are well under way for a record summer of athletic activity at Kodak Heights. A senior soccer team has been selected, and will play in the Industrial League, as is the case also with basketball. The baseball fans are not at all discouraged, and expect to have a good year as the new league being formed by the Industrial Association. A Junior baseball and football team is being organized by the league being conducted by the West End Y. M. C. A. The executive of the association anticipate holding their picnic this year, together with an athletic field day late in the fall.

Following promises to attract many of the employees both at noon and in the evenings this year. The following clubs were elected at a meeting held recently. Home and home games have been arranged for with outside touring clubs of the city, for the ladies' section as well as the men's. A. Wallace, J. Berling, W. J. McDonald, W. Hales, H. Young, J. Bayliss, A. Sirith, K. Gilmour, E. Nichols.

The entertainment committee have their big event under way for the month. A euchre and dance will be held in the Kodak Office Building, Friday night, April 9, also a dance the Pavlov Academy, Ottawa, on Monday, 11 and 12. This is the first time in the history of the club.

Kodak Office Building on Thursday, April 8.

Mr. W. B. Clark, who has been secretary for the association in the past year, will now devote his whole time to the interests of the athletic association.

AMATEUR BASEBALL

The West Toronto Baseball League held their annual meeting Tuesday evening in the Mocco clubroom. The meeting was jammed full of business, and the league should benefit by the suggestions. Everybody had something to say, and generally said something. The election of officers was lively and very close. The committee had to have a second vote to be decided. The officers elected were as follows: Hon. President, S. A. Thomas; president, F. C. Wikison; first vice-president, F. J. O'Connell; second vice-president, R. Pattison; secretary-treasurer, F. S. Walsh; assistant secretary, W. Chambers; Committee: R. J. Eagen, W. J. Halloran, G. Collaun and A. A. Anderson.

The baseball boys from Leslie Grove Playground are meeting at Moss Park Recreation Centre, 123 Shuter street, on Friday night, to organize teams for the junior league, under 20 years; Juvenile League, under 15 years; midget league, under 17 years, and Infant league, under 15 years. All interested are requested to be on hand at 7 p.m.

The City Playgrounds will have baseball leagues for the following: 1. Open League, 2. Intermediate League, 3. 15 and under, 4. Junior League, under 20 years of age; 4. Juvenile League, under 15 years of age; 5. Midget League, under 17 years of age; 6. Infant League, under 15 years of age; 7. 110-lb. League; 8. 100-lb. League.

Managers of baseball teams playing around the following public school grounds, which are to be made into supervised playgrounds this summer, are requested to get in touch with Mr. S. H. Armstrong, 35, 3664, Norway, East Grey, or to Mr. Ketchum, Carlton, Hughes, Queen Alexandra, Essex, Kent and Williamsont Road.

E. RIVERDALE BOXING BOUTS.

One hundred and fifteen pounds—Parker earned the decision over Johnston.

One hundred and twenty-five pounds—Woods v. Aveline resulted in a draw.

One hundred and thirty-five pounds—Horne v. Crawford, draw.

One hundred and forty-five pounds—Walsh and Snowdon boxed a very even bout for three rounds.

Crawford endeavored a comeback against Pat Heading, but the bout was stopped at the third round, Crawford being ill.

THEY ALL DO!

Winnipeg Telegram: Percy Argue, who accompanied the Falcons on their trip to Toronto, returned home Wednesday evening. Mr. Argue says "the cup games played between the Islanders and the Falcons were not any better than the Selkirk or Falcons could beat the fans witnessed here." He claims that either Selkirk or Falcons could beat the pick of the east, as far as hockey goes. Percy was surprised at the packed houses they got after all the hockey games they have seen this season. "They have been to see the best hockey in the world."

Soldier Nine Easy For Duffy's Leafs

Columbus, Ga., April 7.—(Special)—Toronto this afternoon defeated the Camp Benning nine by the score of nine to five in the first game played this season with a team other than one made up of the youngsters seeking berths and who have been in training at the Drilling Park for about two weeks.

Hugh Duffy, manager of the International League team, has expressed himself well satisfied with the results of the spring training. The team leaves this afternoon for Spartanburg, S. C., for a game with the team of that city, later playing Columbia and other cities en route to Reading, Pennsylvania, where they will open the season April 21.

ONTARIO BOXING TOURNEY TOMORROW

The Ontario boxing championships open tomorrow night to continue Saturday and Monday night at the Riverdale Arena. Entries have been received from many out-of-town boxers, including three from Hamilton, two from Sarnia and one from London; the latter is Corp. Prudhomme, a member of that fighting regiment, the Princess Pats. Prudhomme is the regional champion at his weight. 155 lbs. Secretary Trivett received a shock last night when he was notified by Sgt.-Major Blake of the U. of T. boxing instructor, that none of his boys would be allowed to compete in the tourney on account of examinations. However, all the classes are well filled, and there will be no lack of competition. Newton, Jenkinson, Atkins and Donovan, the pick of the lightweight in this neighborhood, are entered and the battle for the title in this class at least should be keen.

SPLENDID PROGRAM BY TORONTO CHOIR

Chorus of 160 Voices Give Evidence of Careful Training.

The third season of the Toronto choir had a very satisfactory culmination in the fine program presented at Massey Hall last night...

That the organization has been busy during the time of preparation was evidenced by the refinement which has been attained by the voices and the appreciation of contrasts...

Among the offerings were the spirited rendition of the "Song of the Vikings" by Eaton Fanning, "Listen to the Lamb" by Nelson, and Elgar's "Spanish Serenade"...

The "Plume Grass" by Sakhnovsky, was sung with delightful rise and fall and with tones sustained until they gradually died away like the sighing of the wind...

Dr. Tolmie did not agree that a wholly disproportionate number of experimental farms had been given to the province of Ontario...

TORONTO MAN DIES ON TRAIN

News reached Toronto yesterday from Lindsay of the very sudden death of Alex. MacDonald, 72 Hillton avenue...

SIMPLIFIED GRAMMAR; SIMPLIFIED SHORTHAND

It is my opinion that the English grammar section of O.E.A. took a step in the right direction yesterday when it passed the resolution...

J. C. Clarke Favours Resolution Passed at O.E.A. Meeting Yesterday

It is my opinion that the English grammar section of O.E.A. took a step in the right direction yesterday when it passed the resolution...

My experience in shorthand work, extending over 30 years, and teaching for nearly 20 years, convinces me beyond a doubt that two-thirds of the theory contained in the old methods could be relegated to the wastebasket...

J. C. CLARKE, CLARKE'S SHORT-HAND COLLEGE, 365 COLLEGE ST. Phone College 183.

NATURAL RESOURCES SUBJECT OF DEBATE

(Continued from Page 1) still under discussion. Debate on Mr. Sutherland's motion regarding experimental farms also was adjourned.

Tomorrow, the house will consider the railway estimates and the franchise bill.

Would Amend Bank Act.

Joseph Demers (St. Johns and Ipperley) presented a bill in the house this afternoon to amend the bank act as to require banks to pay four per cent interest on deposit accounts.

Re-establishment Administration.

Replying to A. W. Christie, Mr. Sifton said that the cost of administration of federal emergency fund for the re-establishment of the returned soldier up to March 1, 1920, was \$81,084.

Naturalization Certificates.

Replying to Herms Desjarlais, Mr. Sifton said that acting under requests from the French, Russian and Italian governments, it was decided not to issue certificates of naturalization during the war.

Donald Sutherland (South Oxford) introduced his resolution calling for changes in the system of experimental farms in Canada.

Mr. Sutherland spoke at length on what he termed the discrimination against Ontario in the location of experimental farms by governments of the past.

Reply by Tolmie.

Hon. Dr. Tolmie, minister of agriculture, said he agreed entirely with the speaker for South Oxford that there was no possible line along which this country could expend money with as much safety as agricultural experiments.

Disagrees About Ontario.

Dr. Tolmie did not agree that a wholly disproportionate number of experimental farms had been given to the province of Ontario.

Urges Iron Ore Subsidy.

Mr. F. H. Keenan, Port Arthur, advocated subsidizing the production of iron ore in Canada.

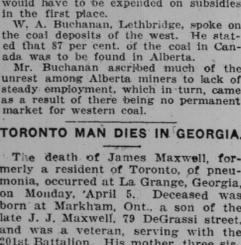

W. A. Buchanan, Lethbridge, spoke on the coal deposits of the west.

TORONTO MAN DIES IN GEORGIA.

The death of James Maxwell, formerly a resident of Toronto, of pneumonia, occurred at La Grange, Georgia, on Monday, April 5.

Kingston.—(Special).—Burglars ransacked the store of P. S. Roberts at Kingston, Ont., on Friday night.

Keep the warmth in and the cold out

Have a cup of hot Oxo every day. It will warm you through and through—fortify against fatigue—ward off colds and chills—and keep you fit.

SOCIETY NEWS CONDUCTED BY MRS. EDMUND PHILLIPS.

His Honor the Lieutenant-Governor and Mrs. Lionel Clarke gave an at home yesterday afternoon for the members of the Ontario Educational Association...

the bridesmaids were Miss Marjorie Beatty, wearing a rose petal gown; Miss Louise Macdonald, in green; Miss Rosamond Ryckman, in blue; Miss Dorothy Candee, in white; followed by the maid of honor, Miss Betty Greene...

Funeral of Sergeant Ensom

The funeral of the late Sgt. Ensom, "A" Co., 109th Regiment, will take place from his home, 272 Silver Birch avenue, at 4 p.m. Saturday.

AMPUTATION CASES FORM ORGANIZATION

Among the veterans' organizations, one of those which is making the most rapid advances towards covering its own special field of operations is the Amputation Association of the Great War.

FLORA.

Flora is as springtime a name as any maid could wish. It means flowers, of course, and commemorates the goddess of flowers, who was so called from the Latin name for spring, blooms, "flora."

WHY EXPERIMENT?

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking.

MAGIC BAKING POWDER

Contains No Alum and is the only strictly high class baking powder in Canada selling at a moderate price.

MAGIC BAKING POWDER

DEMOCRATS DENY RIGHT OF CONGRESS

In Minority Report, Declare It Cannot Legally Bring War to an End.

Washington, April 7.—Final determination was reached today by Republican leaders in the house to bring to a vote in that body late Friday the resolution to declare the state of war with Germany at an end. A special rule reported today by the rules committee provides for six hours' debate on Thursday and five hours on Friday, after which opponents of the resolution may offer only a motion to recommit.

Completion today of the minority report presenting views of Democratic members of the foreign relation and affairs committee on the resolution cleared the way for the long debate. Representative Flood of Virginia, ranking Democratic member of the committee, presenting the minority report, challenged the power of congress to bring the war legally to an end and characterized section five of the resolution as "An attempt to preserve something out of the wreck of American rights, which have been so outrageously surrendered in former sections of the resolution."

REFORMS ARE URGED IN PUBLIC SCHOOLS

(Continued from Page 1.)
the school curriculum and school books, and that there was much need for an "Educational Gazette," which would be devoted to educational interests. There should also be a better esprit de corps amongst the school teachers themselves.

In conclusion, the president said teachers should have the same right to speak as any member of the board. "Many teachers feel a sense of unfairness, where they are harshly criticized with no opportunity for explanation or protection."

Too Many Inspectors

Prof. J. M. Artman of the University of Chicago considered in our system of education we were over inspectorized. The child's growth should be stimulated by the efforts of the teachers. If he were going to search for a teacher he would seek one who was possessed of 99 per cent. personality and ten per cent. technique. The teacher forms more of the conditions which stimulate the child to growth. The growth of the child can be blighted just the same as a field of corn can be blighted if the conditions necessary to its growth are withheld.

Superannuation Committee

On a ballot, Dr. Putnam, inspector of schools, Ottawa, and R. A. Gray, of Oakwood Collegiate, were elected to the superannuation committee. Dr. Putnam said that since the pensions scheme for teachers had come into effect three years ago, 283 pensions had been granted, 28 having been granted to a teacher 28 years of age, after 44 years of service. Mr. Gray said there should be approximately \$1,400,000 at the credit of the pension fund and possibly the present rate of pension would be increased at an early date owing to increased cost of living.

Amongst those present were Premier and Mrs. Drury, Hon. R. H. Grant and Mrs. Grant.

A number of school children, under the direction of Miss Hunter, rendered some beautiful vocal music, their undoubted success being endorsed by a hearty vote of thanks.

Different Training For Boys and Girls

Interest in the Ontario Educational Association increases with the advance of the sessions. Yesterday new proof was given to that already accumulated from many directions, that educational methods go in cycles when Dr. W. F. Merchants, inspector of provincial model schools, made a plea for the teaching of girls by women and boys by men—a return to systems of past decades. The inspector also gave it as his opinion that women make efficient teachers in high schools. Reason for his advocacy of women for girls and men for boys was given as based on the conviction, always growing stronger in the mind of the speaker, that a girl's education beyond the requirements of the elementary schools should differ materially from the boys and also on the belief founded on experience that as a rule a boy can be taught better by a man and a girl by a woman.

Music in Schools

Two new courses just established at the university were outlined by Professor J. C. Robertson to the classical section of the convention. These are introductory Greek in the first year for those not so equipped at the High School—the four years to cover a course to be called French, Greek and Latin, which will make it possible to take honor French and honor Latin together with pass Greek, the new course in Greek being included.

More and more is the subject of music being introduced to the teachers of Ontario. This year also demonstrations are being given to various sections of dancing—classical, national and folk dancing being presented and performed to the accompaniment of the graphophone. That every child should be taught to sing was the contention of Miss Edna Wanless of Port William in addressing the kindergarten section. A warning given to the parents is that the spontaneity which is so natural in the child, when the measure of a pupil's vocabulary, his understanding of matter read and his ability to translate into a foreign tongue should be taken as a test for passing rather than any set examination was the opinion expressed by Mr. L. Goldstein, M.A., of London, in the modern language section. That geography is a central highland terrace was the claim made by Mr. A. B. Stanz of Niagara school. Some pupils leave school crammed with knowledge but with a few narrow interests, while others by the proper use of geography, store up a whole world of interests.

School Hygiene

That the librarian of the normal school has an important role was pointed out by L. Gabon, librarian of the London Normal School, in addressing the supervising and training section. The important subject of

"Health Education in Rural Schools," was treated by Miss Browne, director of school hygiene in Saskatchewan, who spoke to the hygiene and public health section. Conditions which still exist in some districts were pointed out as a menace to the health and morals of the children—lack of playground space, no facilities for washing, the common drinking cup, open toilet facilities, which have passed in the majority of schools.

"What we owe to the profession and what it owes us," was the subject treated by Miss A. E. Marty, inspector, as she addressed a meeting of the Federation of Women Teachers yesterday morning. What the profession owes the teacher was scheduled as adequate pay for all, a chance for women and men alike for the preferred positions on the ground of equal pay for equal work. On the other hand, the speaker pointed out that the teacher owed much to the profession. It is a duty, more and more apparent, that the teacher should be more than a mere classroom teacher. The problems of the day should be studied and the status of the profession raised from within.

Miss Marty regretted that so many women were apologetic about their profession; she also pointed out the invidious distinctions made between teachers of the primary and of the public schools.

Prof. Leacock Criticized.

Criticism, mostly of an adverse character, was leveled against the statement of Professor Stephen Leacock, graduate of the University of Toronto and on the staff of McGill, when he described the teaching of French in Ontario as a joke. Professor Cameron, without mentioning the name of the Montreal humorist, devoted some time to the subject of the criticism, stating that "while there is much room for improvement in both high school and university teaching of French, and while some of the criticism is well-founded, it comes from the wrong sources to be of much value."

That the probable weakest point in the Ontario system of education is the fact that it has failed to teach the adolescent, was the statement of Inspector N. McDougall before the supervising and training department. Ninety per cent. of the children, he said, are receiving nothing but a somewhat imperfect and incomplete public school education.

President W. M. Morris of the trustee section made a plea for a compulsory raising of the salaries of teachers.

A plan for the study of natural history thru the medium of the trees which might be investigated in an acre plot of woodland, was presented by C. D. Howe, who said that forestry is both a science and an art and that the art can not be intelligently practised without a scientific base.

New Phonetic Alphabet.

Mr. John Dearness, London, exhibited and explained the new phonetic alphabet adopted in November, 1918, by the Chinese ministry of education. The central Soviet of Moscow is reported to have initiated a thoroughgoing reform of Russian spelling, but the most revolutionary reform yet officially promulgated by the government of any country is the one recently adopted by China. By this reform the 214 standard "radicals" variously combined with a thousand or more somewhat phonetic characters to express words will be fully represented so far as the sounds or spellings are concerned by 39 comparatively simple symbols or letters. Learning to read, spell and pronounce is thereby reduced to learning this 39-letter alphabet and the position values of a few tone-dots. One who speaks Chinese in any of the provinces can learn to read literature printed in this alphabet in fewer weeks, one might almost say in fewer days than he requires years learning the older notation.

The terminology of grammar, was treated by J. D. Morrow, before the English and history section, and the distribution of terrestrial life in Canada by E. M. Walker, who pointed out that climate, physical features, geology and other factors all play their part in making land habitable.

Teachers' Union.

"One Conception of the Problem of Secondary Education," was presented in a paper by James Collins Miller.

The formation of a close business section that would include all teachers for financial and protective purposes was the subject of discussion at the public school section yesterday. It was stated that the question should have come up at a general meeting of the O. E. A. Principal G. Fraser said that the teachers should organize to carry on the work of the salary committee instituted at last year's convention.

"What we want, and there should be no more shirking the issue, is a close corporation—a union, in affiliation with the I.L.P. If you will, why should it be in affiliation with the O. E. A.? The O. E. A. is a misnomer," was the view of Principal A. C. Wilson.

The modern language section yesterday elected the following officers: Hon. president, Prof. J. Squair; president, H. W. Irwin, Harbord Collegiate Institute; vice-president, Prof. J. Shaw; secretary-treasurer, Prof. F. C. A. Jeanneret; councillors, Miss L. A. Barr, N. R. Gray, Miss J. Muir, Miss E. D. Odium, Prof. L. P. Shanks, L. R. Whitley.

The commercial section elected: President, J. A. Ramsay, B.A.; vice-president, Miss M. Doherty; secretary-treasurer, G. M. James, B.A., LL.B.; director, W. W. Ward, B.A., B. Ed.

New officers of the mathematical section are: Honorary president, Prof. J. C. McLennan; president, C. L. Brown, M.A.; Sarnia; vice-president, J. P. Ross, M.A.; secretary, C. H. Peterson; Charles Auld, B.A., Tilsonburg; representative on board of directors, General Association, Charles Auld; councillors, G. R. Bocking, M.A., St. Thomas; R. N. Merritt, B.A., Owen Sound; R. Shaw, Toronto; A. S. Zavitz, B.A., Peterboro; G. E. Pentland, M.A., Vankleek Hill; Miss M. Fitch, B.A., Toronto.

The public school executive for Ontario are: A. E. Bryson, Cobalt; Chas. J. Fraser, Toronto; W. H. Johnston, Kitchener; R. M. Spiers, Toronto.

MISSION TO LEPERS

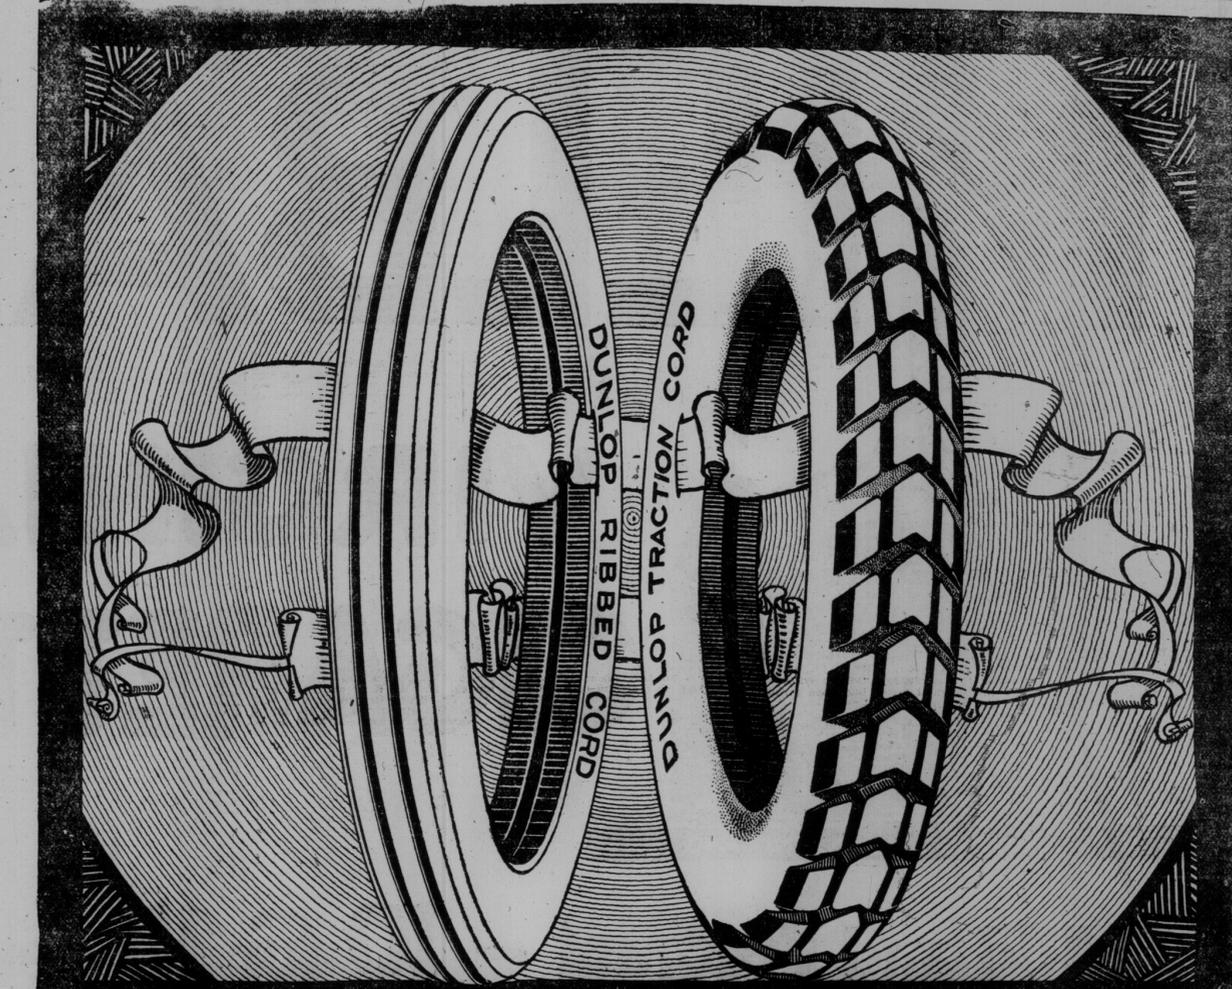

Former Officer With Army in Mesopotamia Spoke of Work in India.

A large and interesting meeting of the Mission to Lepers was held yesterday afternoon in the Sherbourne House Club in the unavoidable absence of the Rev. Trevor H. Davies, D.D., of the Metropolitan Church, the meeting was presided over by the Rev. R. H. A. Haslam, M.A. The speaker was Captain the Rev. Leonard Dixon, India, who had full charge of all the army N.M.C.A. work in Mesopotamia during the war. Capt. Dixon spoke of lepers that he had seen in India in different asylums of this mission. Mrs. Treves, president of Toronto auxiliary, and Rev. R. H. A. Haslam spoke briefly.

The money received by Toronto auxiliary since the beginning of January is \$1282.82, according to the treasurer's report. There is interest in leper work in Canada at 153 places, seventeen adult lepers and fifteen children are supported individually in Toronto.

The following are the officers elected: Honorary president, Rev. John Neil, D.D., president, Mrs. Treves; vice-president, Mrs. J. Brantton Willmott, Mrs. John Stark.

Among those present were Miss

DUNLOP CORD TIRES

IF YOU had the time to note the tire equipment on automobiles these days, you would believe, as we do, that

1920 IS A DUNLOP YEAR

- ☑ The ascendancy that shows on our sales record, naturally tallies with the "road" record.
- ☑ You may not know where rubber comes from, but after a purchase you'll soon know that it goes into Dunlop Tires.
- ☑ Try "Traction" or "Ribbed." The verdict on these two exceedingly popular tires is
 1. That the Quality Never Varies.
 2. That the Mileage Keeps Adding Up.
 3. That the General Serviceability is Matchless.

PICTURES CALLED INDECENT

A Arthur Michard, Prince Arthur Apartments Dundas street, was arrested last night by Detectives Mitchell and Stewart charged with having indecent pictures in his possession.

ARRESTED AS PICKPOCKETS

Inspector of Detectives George Guthrie arrested two alleged pickpockets last evening at the corner of Yonge and Richmond Street, William Carrow, 29 Guymer street, and Louis Prolex, 67 Teraday street, are said to have stolen two purses at Queen and Yonge, then went south to Richmond

street to split the "dip" money. They had \$8 between them when searched at headquarters.

REV. STEPHEN BOND DEAD.

The death occurred at his late residence, 1 Hillside avenue, on Tuesday evening, of Rev. Stephen Bond, in his 83rd year. He retired from

active work ten years ago, after 25 years of service in the Methodist Church. He filled pulpits successively at Woodstock, Gananoque, Stanstead, Montreal, Leiden, Petrolia, Scarborough, Ridgetown, Dresden and Atwood. His widow and five children survive him.

New York city is to have a \$2,500,000 women's clubhouse, which will be eighteen stories in height.

MRS. ANN McILROY DEAD.

The death is announced of Mrs. Anne Elzabeth McIlroy, at the age of 82, a lifelong resident of Kingston, who had lately resided with her daughter at 178 Jameson avenue, Toronto. She had been a member of the Anglican Church, Kingston, which she attended practically all the time she was here. Her husband, Peter, died in 1887.

EXPLAINS ACTION IN VLADIVOSTOK

Japanese Could Not Recall Troops While Situation Was Menacing

New York, April 7.—Japan will not withdraw her troops from Eastern Siberia at once because of her peculiar geographical position and dangers which threaten her subjects in Manchuria and Korea, says a Tokio despatch filed March 31 received here today. The despatch, which quotes an official statement relative to the recall of Japanese forces from Russian territory, was delayed in transit and tends to explain the occupation of Vladivostok by Japanese soldiers on April 5.

"Since the Czech-Slovak troops are entirely withdrawn from Siberia," said the statement, "it is only natural that Japan should proceed to recall her forces in accordance with the declaration issued at the time her expedition was despatched. But since Japan's geographical position differs from that of the other powers concerned, and the political situation in Eastern Siberia has a grave bearing on the lives and property of Japanese subjects and freedom of communications, the imperial government is unable to withdraw its troops until dangers threatening Manchuria and Korea have been removed."

In addition to the skirmish incident to the ousting of the Russian provisional government at Vladivostok, Japanese troops have been engaged in serious fighting with Russian forces at Nikol'sk, 40 miles northwest of that city, and at Khabarovsk, the northern terminus of the Ussuri River branch of the Trans-Siberian Railroad.

GREEK TROOPS ADVANCE EASTWARD OF SMYRNA

Athens, April 7.—Greek troops have been authorized by the supreme military council of the allies to advance in Asia Minor in anticipation of an eventual attack by Mustafa Kemal. They have occupied a strategic position east of the sector they have held around Smyrna, according to a despatch to the newspaper Ethnos.

ITALY RECOGNIZES ALBANIA

Rome, April 7.—Official recognition of the government and autonomous constitution of Albania has been extended by the Italian government, according to The Epoca.

CUSTOMS WAR TAX YIELDS HUGE SUM

Hon. A. L. Sifton States, in House, That Amount Collected Exceeds Forty Million.

Ottawa, April 7.—(By Canadian Press.)—In answer to a question by Mr. J. E. Prevoist, in the house today, Hon. A. L. Sifton stated that the 71-2 per cent. customs war tax had yielded \$40,550,316 during the fiscal year ended on March 31 last. War taxes collected by the inland revenue department on commercial paper and patent medicine totaled \$1,327,163. Liquor duties collected during the year amounted to \$8,461,239, and tobacco duties were \$21,510,249. No special stamps were issued by the postoffice department, but it was estimated that about \$6,828,000 revenue was derived from the war tax of one cent each on letters and postcards.

Civil Service Commission Has Cost Country \$624,984

Ottawa, April 7.—(By Canadian Press.)—The civil service commission has cost the country \$624,984 since its creation in 1908, according to an answer given by Mr. J. F. Fairard in the house this afternoon. For the calendar year 1919 the cost of the commission was \$138,094. There are 145 employees in the commission, six of whom receive more than \$2,000 annually. The answer stated that the new classification, insofar as it has been completed, has been approved by the government.

Have Indefinitely Postponed Inquiry Regarding Cannery

Ottawa, April 7.—(By Canadian Press.)—The inquiry which the board of commerce will conduct into the alleged combine of cannery in Canada, is postponed indefinitely. The board feels that in view of the fact that the government has already gone into the activities of the cannery in Canada, it is not justified in proceeding with its separate inquiry until a third commissioner has been appointed and the board is in a position to make a comprehensive review of the alleged combine.

CANADA NOT AFFECTED

Washington, April 7.—Canada is one of the countries not affected by increased passport fees agreed on today by a committee of the house and senate.

The fees for passports to all countries except Canada, Mexico, Bahama Islands, Bermuda, Cuba, Panama, Newfoundland and the Islands of St. Pierre and Miquelon, are to be increased from \$2 to \$3, to bring an estimated added revenue of \$8,000,000.

SECURED TOBACCO MONOPOLY

Rome, April 7.—An Italian company has secured a tobacco monopoly in Ecuador, in return for which Italy is to undertake construction of public works in that country.

SHIP'S PARROT GAVE CLUE TO HOARDED LIQUOR

San Francisco, April 7.—Because a pet parrot repeated the remarks of a sailor, officers of the steamer Curacao, here today from South Pacific ports, discovered 374 bottles of liquor that had been hidden on the ship by members of the crew. It was thrown overboard before the ship reached the three-mile limit. The parrot, which belongs to the captain, is now unpopular with the crew.

Russian Soviet Has Accepted Lithuania's Peace Proposal

Christiania, Norway, April 7.—Lithuania's proposal to open peace negotiations at Moscow on April 15 on a basis of the recognition of the independence of that country, has been accepted by the Russian soviet government, according to a Moscow dispatch to The Social Demokrat.

Shave With Cuticura Soap The New Way Without Mug

DRUGGISTS PROTEST FEDERAL MEASURE

Delegation at Ottawa About Amendments to Opium and Drug Act.

Ottawa, April 7.—Prohibitions in the bill to amend the opium and drugs act, now before the house, were the subject of representations made to Hon. N. W. Rowell, president of the privy council, by a large delegation of druggists today. The druggists objected to provisions in the bill which prevent them from selling mixtures containing small quantities of opium, morphine and other narcotics, unless a medical prescription has first been obtained. They claimed that many household remedies, cough mixtures and so forth, contained small quantities of narcotics which were harmless in their effect but necessary and they asked for such amendment to the bill as would permit them to use narcotics in small quantities in mixtures of their own makeup, as they have been in the habit of doing.

BIG WASTE OF POTATOES

Montreal, April 7.—Sixty bags of potatoes, which had apparently rotted in a warehouse during the winter, waiting for higher prices, were dumped on Commissioners' street last night, too far gone to be of use even for hog. It has been impossible to learn where the potatoes came from. During the last two weeks of March over 10 tons of meat and other food were condemned by the city health inspectors.

STEEL OF CANADA UP THREE POINTS

Spanish River Issues and Brompton Paper Also Make Sharp Gains.

NORTH STAR IS LOWER

Strength and activity in Steel of Canada and a further rise in certain paper stocks to high-record levels, were incidents of note in yesterday's trading on the Toronto Exchange.

STUDEBAKER LEADER SPIRITED UPTURN

Easy Call Money, Trade Advances and Juicy Stock Dividends Are Factors.

STEELES PROMINENT

New York, April 7.—Business on the stock exchange today was attended by an unexpected demonstration of strength, the wide range of activity and extent of the advance exceeding any similar movement in a previous week.

How Estates May Suffer

It frequently occurs that a business associate is called upon to devote a good deal of time in the settlement of a friend's estate.

Being deeply engrossed in his own affairs, it is only natural that the estate suffers, because it does not receive the timely attention it deserves and demands.

By appointing a TRUST COMPANY as executor or trustee under your will, you are assured of efficient and uninterrupted service.

Record of Yesterday's Markets

Comprehensive market data table including Toronto Stock Exchange, Montreal Stocks, New York Curb, Chicago Stocks, and Toronto Sales.

STEEL OF CANADA MONTREAL LEADER

Brompton, Spanish River Issues and Laurentine Are Also Prominent.

Montreal, April 7.—Trading in listed stocks on the Montreal Stock Exchange today amounted to 27,965 shares, as compared with 23,450 the preceding day, and 8,608 in the corresponding day's trading a year ago.

Despite the impairment of values generally in a very quiet market during the afternoon, the strong advance in the morning was generally more than sufficient to leave the list with net gains predominating.

SIMPSON'S GREATEST *Queen Quality* SALE

A Strike is the direct cause of this huge Sale. Last fall certain shoes industries were tied up for several weeks, and thousands of women's boots ordered for dealers in large centres were left unfinished. The strike over, the original buyers refused the stocks as being too late for the spring season. Simpson's buyers learned of the situation and bought them in as a special purchase. That is why they can be offered in this sale at \$8.95.

Queen Quality Boots, new spring models, strictly high grade, regularly \$12.00 to \$20.00, selling at \$8.95.

Five thousand pairs to be sold on Thursday, Friday and Saturday. Absolutely fresh and untouched stocks for each day. An unprecedented opportunity for Toronto women to secure high-grade spring footwear at a fraction of the normal price. It is the greatest sale offer of women's footwear Simpson's has ever made.

The Illustrations Show a Few From the Wonderful Assortment Averaging Less Than Half Price!

The Smartest of New Trimmed Hats

Are All A-Glitter With Shining Cellophane, Lacquered Fruits and Gleaming Feathers or A-Bloom With the Vividly Colored Flowers That Adorn So Many of the Latest Models.

Case After Case of the Popular "Riviera" Hats

Displays the smartest of tailored millinery obtainable at moderate prices, in a host of stunning individual models:

- Cellophane with realistic fruit-trimmings.
- Porcupine with swirls of numidi.
- Cellophane toques enwreathed with French fie'd-flowers, finished with a chenille-dotted, scroll-bordered veil.
- Cellophane with off-the-face brim on which grows a little garden of tiny French roses.
- Lisere with underbrim of heron.

Styles for the Miss—styles for her mother, in the fashionable shades of the season, navy and black emphasized. Priced, \$15.00 to \$35.00.

What's New?

"Though East is East, and West is West,
And never the twain shall meet."
So sings the poet—but that co-

quettish, irresistible spirit we call "La Mode" has stolen the pipes of the Pied Piper of Hamelin, and lured the east into the wide-opened arms of the west.

Wonderful Eastern Novelties

With all the charm of color and design, are here in the scarab green of Egypt, the wonderful blues of China and the indescribable jades of Italy. Every conceivable sort of novelty has come over to tempt our love of the unusual.

Quaint Chinese Incense Holders

That depend on funny little Chinese flat-roofed houses, and squatty trees, for their charm. One could very well imagine how well they could exhale all the romance of that dreamy Oriental land.

Georgous Egyptian Baskets.

One is a great scoop-like affair. The tin lining has a wire netting where trailing vines, ferns, etc., may be securely held. An altogether wonderful henna tassel is held with a knob of jade, while a jade ring at the top adds another novelty touch. Priced at 22.00

Simpson's—Fourth Floor.

The SIMPSON Company

Women in Quest of a Strictly Tailored Suit

Will Find a Particularly Attractive Collection in Our Women's Suit Department, Priced Between \$60.00 and \$75.00.

They are made from fine, tricotines and gabardines, mostly in navy and black, and 'tis in the way the close-fitting sleeve tapers, the fit of the little notched collars and fine braid binding, you recognized the supreme tailoring which makes such suits most sought after.

In navy and black and in sizes 32 to 42. Priced, \$60.00 to \$75.00.

April Showers and the Need of a Smart Raincoat Come Hand-in-Hand
