HAMPTON EXCURSION JULY 2

Steamer Hampton will not make her early trip down on Monday, July 2, but will run her annual excursion to Hampton leaving Indiantown 9 a.m., returning leaving Hampton 3 p.m.

COLLEGE MADE MAN

Young men, boys and old men! Have you seen our lines of College Brand clothing? They are made very attractive, especially the tweeds in pin-check and slant pockets.

WANTED AT ROYAL HOTEL

Wait on soda fountain; also girls to run passenger elevator.

COLLEGE MADE MAN

Young men, boys and old men! Have you seen our lines of College Brand clothing? They are made very attractive, especially the tweeds in pin-check and slant pockets.

TRUNKS, TRAVELING BAGS AND SUIT CASES

Well then, take advice and call at Mulholland's, hatters and furnishers, No. 7 Waterloo street. You will be sure to get them there or anything in the men's furnishing line you require.

YES, THEY WILL GET MARRIED "EVEN IN WAR TIME"

And they will also insist on having our automobiles to insure absolute comfort for the wedding party. We've been as busy as nailers this season catering to people who desire to get into double harness. Our five and seven passenger cars are also at your service for any kind of party either day or night.

ROCKDALE HOTEL

Brown's Flats will open June 30, under new management. Long distance telephone attention to auto parties and tourists.

INTERNATIONAL "LONGSHOREMEN'S ASSOCIATION, LOCAL 278

Regular monthly meeting Tuesday evening, July 3, 8 p.m., in hall, 96 Waterloo street. Business of importance. All members requested to be present. By order of the president.

DON'T FORGET THE PICNIC BOAT

Steamer May Queen, Saturday afternoon to Brown's Flats 2.30 p.m. Tickets 50c. City Cornet Band; also Monday to Gangetown at 8.30 a.m. Tickets \$1, making way stops. Other picnics to follow.

UP-TO-THE-MINUTE

Once more the gong strikes which announces that another large shipment of ladies' suits, made of the best fashionable fabrics, and models which are up to the minute, are arriving. If you are wanting a nice serge, silk or summer suit, don't fail to see these. Then we have those sport coats and sweaters which are catching the eye. Remember the place, Drager's, the place where you see fashions, both American and Canadian, 185-187 Union street.

UNION MADE OVERALLS AND GLOVES

Headlight overalls and pants, Mulholland's; H. S. Peters' brotherhood overalls; pants, auto suits in combination of Peabody's overalls and gloves, Mulholland's; Bob Long overalls and gloves, Mulholland's; leather label overalls, Mulholland's; Carhartt overalls and gloves, Mulholland's; also several cheap makes of overalls and gloves at Mulholland's, No. 7 Waterloo street. Look for electric sign, Mulholland's. This firm carry the largest and best line of workmen's goods in St. John. Open every night.

STRAW HATS AND PANAMAS

All the novelties in men's straw hats at lowest prices are being shown by Mulholland's, No. 7 Waterloo street, near Union street. Look for electric sign, Mulholland's. They are also the uptown agents for arrow shirts and collars. A call on this firm is advised.

THE WORK AT SITE OF COLLAPSED WAREHOUSE

The position of the floors of the collapsed warehouse at West St. John has so far prevented a thorough examination of the piling foundation. Contractor Leachey is burying the work of removing the sunken shells and when this weight is taken off, it is expected that the timbers of the floor work, which now are held down by the weight on them, will float up and allow an examination of the piling.

D. BOYANER

111 CHARLOTTE ST. We Have Discontinued Our Dock Street Store.

THE BEST QUALITY AT A REASONABLE PRICE

BRACELET WATCHES In selecting our Bracelet Watches we consider, first of all, the timekeeping qualities. We deal only in such makes and grades as will give good service as watches. We require this of the inexpensive as well as the most costly ones, though naturally the life of the cheaper models is shorter than that of those more finely made.

L. L. Sharpe & Son

ORDINATIONS HERE AND IN ST. JOHN

Bishop LeBlanc and Archbishop McCarthy Elevate Young Ecclesiastics to Priesthood

The Cathedral of the Immaculate Conception was the scene of an impressive ceremony this morning at eight o'clock when His Lordship Bishop LeBlanc raised three young men to the dignity of the priesthood. A very large number of friends and relatives attended. Those ordained were Rev. Arthur P. Allen, St. John; Rev. Desire T. Allain of St. Albert county. He has been following his studies with Rev. Fathers Allen, Allain and LeBlanc who were ordained in the Cathedral this morning. Rev. Father Moore is for the St. John diocese.

THE DANGER LINE

When a labor leader like Mr. Alphonse Verville intimates that the passage of the conscription bill might lead to a general strike, and when Mr. Mederic Martin of Montreal suggests that there may be civil war, the seriousness of the situation resulting from the blundering methods of the Borden government cannot fail to impress the people of Canada.

girls, who cannot be accommodated on the small grounds. Only the smaller children can be cared for on the latter, and there is no real playground or recreation field worthy of the name for the big boys and girls and the young men and women.

In Halifax this year the supervised playgrounds will be in charge of an expert from Springfield, Mass., and an additional sum of \$1,000 is being raised. What is called the Central Common is to be used this year, and provided with a wading-pond.

The appointment of Mr. G. W. Ganong to the office of Lieutenant-Governor will be received with general approval. Mr. Ganong has not only been a progressive and successful business man, who always displayed the greatest consideration for the welfare of his employees,

THE NEW INDUSTRY

The announcement that the Imperial Munitions Board has confirmed the contract to Grant & Horne to build wooden ships at this port affords the citizens great satisfaction. This industry helps other industries, and there is no sound reason why the building of wooden ships should not develop and lead up to the building of steel ships.

THE PLAYGROUNDS

Next week the supervised playgrounds in this city will be opened for the season, and will bring happiness to many hundreds of children who cannot go to the country for the holiday season. The playgrounds are not large, and most of them are really unsuited for play purposes, but they are all we have at present.

Food Controller Hanna is on the job. Since his appointment he has been in conference with the food controller of the United States, and now he issues to the people of Canada a statement and an appeal of a clear and business-like nature, which ought to commend themselves to everybody.

The Halifax Chronicle says: General Botha, premier of the Union of South Africa, has the happy faculty of saying the right word at the right moment. On Monday, speaking at Robertson, Cape Colony, he said: "South Africa's future depends upon the co-operation of the two white races."

Boy Scout Walter Allen, who has twice saved a child from drowning, should receive public recognition of his splendid courage. The mayor might also very properly commend such a case to the Carnegie Hero Fund, which every year grants many medals for heroic deeds.

THE RICH AND THE POOR

London, June 6, 1917. Sir,—There is touching evidence that the many-sided work being done by the British and Foreign Sailors' Society (particularly for the feeding of prisoners of war and the victims of submarines and mines) appeals in equal measure to the rich and poor, to the titled and the obscure.

WOMEN'S AILMENTS

Young girls budding into womanhood who suffer with pains and headaches, and whose face is pale and blood weary, will find Milburn's Heart and Nerve Pills build them up. Women between the ages of 40 and 50 who are nervous, subject to flatulency, feeling of pins and needles, another feeling, shortness of breath, palpitation of the heart, etc., are tired over this trying time of their life by the use of this remedy.

Des Moines, Iowa.—"My husband says I would have been in my grave to day had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctors said I could not live another year without an operation. My husband objected to the operation and I came to try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better and am now well and able to do my own housework. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines.

BY AUTHORITY PROCLAMATION

JOSIAH WOOD. His Honor the Lieutenant Governor directs the publication of the following for general information: Whereas, the 1st of July is the centenary of the Confederation of the Canadian provinces;

And, whereas, a joint committee of the Senate and House of Commons was appointed to consider officers report on the proper celebration of the occasion; And, whereas, the said committee have recommended that, "As the day falls on Sunday, it seems to be particularly fitting that the churches and the Sabbath schools of all denominations should incorporate into their exercises the recognition of the facts and lessons embodied in our national birth and fifty years ago progress, and have requested that all clergymen and Sabbath school teachers tender their hearty and intelligent co-operation";

And, whereas, Monday the 2nd day of July, has been fixed by proclamation for the celebration of Dominion Day and the committee have recommended that the celebration on that day be as general as possible, without expense and elaborate display, as befits war time and carried out on the broadest social and democratic lines, a plain sincere people's demonstration, a tribute to the founders of our Dominion and the institutions and ideals of our common country."

And we do most earnestly request that the cities and municipalities of the province, clubs and patriotic associations, co-operate with the churches in the celebration of the day and the occasion, among the lines suggested in this report.

And we further request that on Monday the 2nd of July all municipal and city officers co-operate with the various patriotic localities, and that all citizens by a display of flags and suitable decorations to this movement, that this semi-annual celebration of confederation may testify to our appreciation and grateful acknowledgement of the many blessings and great prosperity our province has enjoyed, and the continued unity and patriotism of the Canadian people.

They are never alone that are accompanied with noble thoughts.—St. Philip Sidney. THIS WOMAN TOLD TO CHOOSE

Boys Will Be Boys

And who would want them otherwise? Even if they do play hard and fast with clothing and shoes, remember that it's in their play days they start building strong bodies for life's future labors.

We cannot help you with clothes, but we can supply you with good, sensible, stylish shoes that were made for real boys—shoes at a moderate price that will withstand the roughest play of growing lads.

A Shower of Paint.
A red paint can dripped its contents with deadly aim on the clothing of passengers who had just stepped off the Boston train which reached the city behind schedule time yesterday afternoon.

Many suits were ruined by the paint. It would seem that the occurrence was due to the carelessness of the workmen who are at present engaged painting the iron beams of the train shed.

Action Taken by Ontario Medical Council

A SENSATION OF 1915

Conspiracy To Enable Chicago Woman to Pretend She Had Brought Child Into World—Another Babe Taken—Dr. Beroard May be Re-instated Later

Toronto, June 29.—Found guilty of serious charges and disgraceful conduct, the Ontario medical council has decided to strike off its register the name of Dr. Louis Charles Emile Beroard of Ottawa. However, it is possible he may be reinstated at a future date.

The charges brought against Doctor Beroard date back to June, 1915. At that time it is alleged he entered into a conspiracy with Mrs. A. D. Matters of Chicago to enable her to pretend that she had given birth to a child. The case attracted international interest at the time, several court actions being heard in Chicago.

The charges against Doctor Beroard included further that he had, together with Mrs. Matters and others, unlawfully taken possession of the child of Margaret Ryan, in the Hospital of Micrococcus, Ottawa, leading the real mother to believe that her child had died, and performing an operation on Mrs. Matters for the purpose of manufacturing evidence in support of the conspiracy.

NO MORE GRAY HAIR!

The free trial bottle of MARY T. GOLDMAN'S HAIR COLOR RESTORER proves how quickly gray hair disappears when this restorer is used. Simply applied with special comb, leaves hair clean, fluffy and natural, does not interfere with washing. Make this test on a lock of hair and you will never accept a cheap imitation. Then buy a full sized bottle from your druggist or direct from opp.

But be sure that the bottle you buy is the real Mary T. Goldman's. It is naturally black, dark brown, medium brown or light brown. Impossible, send a lock in your letter.

WHEAT HARVESTING IS WELL UNDER WAY

Labor Will be Supplied by United States Department of Agriculture

Washington, June 29.—Harvesting of the winter wheat crop is well under way in all southern states and good progress is being made in central districts with oats and winter wheat. The winter wheat harvest is about ten days late in Kansas, eight or more in Tennessee, North Carolina and Virginia and about two weeks late in southern Illinois and Indiana.

Co-operation between the departments of agriculture and labor has been arranged so as to have laborers on the farms where the crop is ready to be harvested. Information prepared by the department of agriculture as to localities where harvesting is expected to be in progress from ten days to two weeks later will enable the department of labor and state agencies to anticipate labor needs and secure better distribution of farm help. The arrangement will be continued throughout the season for harvesting winter and spring wheat, oats and other crops where more farm help may be needed than local conditions can supply.

THE NEW FOOD CONTROLLER.

(Toronto Globe, Edit.)

A man's job awaits Hon. W. J. Hanna, who has been appointed Food Controller for Canada. Fortunately he

MEN'S FURNISHINGS

Manchester Robertson Allison, Limited

have the example and experience of food control in Great Britain, and he will not doubt closely study the legislation now being framed by the United States Congress. Conditions across the line are analogous to those of Canada, and, according to Sir George Foster, the two countries should in these matters be an economic unit.

Mr. Hanna's political opponents have never disputed his organizing ability and general capacity. He will have plenty of scope for these qualities in his new post. There need be no arbitrary interference with natural prices, but it will be Mr. Hanna's duty to keep the channels between the producers and the consumers, so far as possible, clear of profiteering and extortion, and to see that the law of supply and demand has at least fair play. Too many non-producers are apt to take advantage of the abnormal conditions of the times. Both

farmers and consumers would gain by reasonable regulations efficiently enforced, which would prevent monopolistic intrusion between the producer and his market and insure a proper distribution of foodstuffs, so that there would not be the scandal of a shortage in one part of the country while there was a surplus in another.

Stranger—What's that man running so excitedly for?
Subbubs—Oh, that's Cityzens, who has just got a plot of land out here. One of his potatoes has come up, and he's going for a photographer.

MUCH BETTER NOW IN MESOPOTAMIA

Military Correspondent Shows Army Conditions Improved

GREAT CHANGE IN INDIA

She is Doing More Than She Receives Credit For—Slackening of Russian Offensive in the Caucasus Had a Bad Effect

London, June 29.—The military correspondent of the Times gives a long detailed account of the present condition of the British forces in Mesopotamia, showing a complete contrast with the revelations in the report on the Mesopotamian expedition made public on Tuesday night. The correspondent says the army now there is admirably provided and medical arrangements are thoroughly satisfactory.

A great change has occurred in India, which still is the base of the expedition, although control has been transferred to the war office at London. Bombay is the base depot and is most efficiently administered. Shipping and cargoes are well and, quickly handled and hospital arrangements are very good. Everything is efficiently organized.

India, the correspondent says, is now doing more than she is receiving credit for. Her government, recognizing the slackness of the past, determined to do all humanly possible and an altogether new spirit has arisen. The writer says events in Russia considerably influenced the British position in Mesopotamia and in consequence of the inaction of the Russian army in the Caucasus the situation of General Maude, commander-in-chief, is radically changed. If the Russian offensive under General Yudevitch, ex-commander-in-chief of the Caucasus, had been prosecuted, the Anglo-Indian army would now form the left flank of the Russian line. General Yudevitch was removed and no offensive occurred.

The writer says that the situation required and presumably received, the earnest attention of the British government.

Why The Country Needs Food Control

The wolf is at the door of the world, so Mr. Hoover reminds us, and he would meet it with the Food-Control Bill that aims to reduce the cost of living in the United States and to bring victory nearer by feeding her Allies.

"In the last five months," says Mr. Hoover, "\$250,000.00 has been extracted from the American consumer in excess of normal profits of manufacturers and distributors." As evidence that the unprecedentedly high prices of food are largely due to "rampant speculation," he points out that "the average prices to the consumers in countries where food administration is now in effect, are lower than those prevailing in the United States, although those countries are mainly dependent upon us for their supply."

In THE LITERARY DIGEST for June 30th, this most important subject to the American public is presented in all its ramifications. THE DIGEST telegraphed to newspaper editors in every section of the country asking for an expression of the local sentiment as to the Food-Control Bill, and the results of this investigation are shown. There is no other subject that more directly concerns the people of Canada and the United States today.

Other topics of unusual interest in the June 30th DIGEST, are:

How the "Digest" Deals With Business—Big and Little

By no means, the least valuable service which THE DIGEST performs for busy men of affairs, is the way in which it treats business conditions, banking, investments, and other financial matters, each week.

In an hour's reading, or less, the business man can get a grasp on the most important phases that have developed throughout the week. The consensus of the most highly skilled financial specialists, gleaned from the newspaper and periodical press of the world, is freed from useless verbiage and is presented in concise, accurate form, for quick reading and assimilation. There is no line of industry, or finance, or banking, whose conditions are not reflected in THE DIGEST from week to week.

Get THE DIGEST this week, and see what a useful service this Department will perform for you.

Canadians on Outskirts of Lens

Canadian Headquarters in France, via London, June 28.—(By Stewart Lyon, Special Correspondent of the Canadian Press)—Fighting their way forward, amid a labyrinth of ruined houses over which the smoke of battle hung dense, the Canadians at sundown tonight were more than half way through Avion. The attack, which was the second in twenty-four hours, was made in conjunction with the British troops, all of whom reached their objectives.

On the north, our hold upon Reservoir Hill was made absolute by the gallant advance of the British soldiers, who went forward without check, despite heavy enemy shelling.

Canadian Army Headquarters, June 28.—(By Stewart Lyon, Canadian Press correspondent in France)—A further phase of the long struggle for the recovery of Lens was reached early this (Thursday) morning, when the enemy's front line protecting Avion, a suburb of the city, was captured by storming waves which went forward under the protection of a concentration of artillery fire on the part of Avion immediately behind the German line.

The assaulting troops were composed of men from British Columbia, Manitoba, central Ontario and Nova Scotia. By this morning's advance the British line has been carried forward to within a mile of the centre of Lens.

When this despatch was sent, few Germans were left on this part of the line. On the extreme left of the two mile front along which the attack was made, the Nova Scotians pushed their way up the Lens-Arras road to the village of Leauvette. Here they came into contact with the enemy and took a number of prisoners.

Els Dit Leauvette is located half a mile beyond Lievin, where some time ago the Germans made a desperate stand against the British advance. Avion, where the Canadians last week made some brilliant advances, is about three-quarters of a mile due south of Lens, and about the same distance southeast of Fleu Dit Leauvette. Lens is practically encircled on three sides now.

Test Case Over Invalid Wine

What will, in all probability, assume the nature of a test case, was continued before Magistrate Ritchie yesterday afternoon in the police court, when the case of George A. Cameron, licensed druggist and local dispenser of liquor on prescription, charged with selling a bottle of invalid port, without a prescription, was continued. G. H. V. Belyea appeared for the defence and J. A. Sinclair represented the crown; Rev. W. D. Wilson, chief inspector, and Sub-inspector Crawford also being present during the proceedings.

The events which led up to the placing of the complaint against Mr. Cameron were referred to the effect that a soldier had been arrested recently for drunkenness, that he had pleaded guilty and had been fined \$8, and that he had said that he had become intoxicated through drinking a bottle of Wilson's invalid port, which he had purchased from the defendant along with another soldier who also purchased a bottle, neither of them having a prescription. Following the statement of the soldier who had been arrested the complainant was laid against the defendant.

Mr. Cameron on Stand. In the police court, yesterday afternoon, the defence called Mr. Cameron to the stand. A bottle bearing the label of the L. A. Wilson Co., of Montreal, was produced in court. The defendant said that he carried such goods in stock, they being registered as a patent medicine and, such being the case, he had not had any hesitation in selling it as a tonic, not as a beverage.

J. Benson Mahoney was next called to the stand by the defence. He said that he was a registered druggist and had been in business for thirteen years. With respect to the wine in question the witness said that it was for sale in every drug store in the city, that it was a registered patent medicine and was sold and handled as such. One of its components is cinchona bark, and as it must have something to preserve it in solution to prevent it rotting, alcohol was a necessary part of the tonic.

Mr. Belyea asked the court for an adjournment so that he might call some doctors to the stand as to the properties of the wine in question.

Really a Test. His honor remarked that he could not see what could be gained by submitting such evidence. Supposing that the evidence which these doctors would give was all admitted beforehand, what bearing would it have on the case. The only question before the court, he said, was whether, in view of the present prohibition act in New Brunswick, such a wine can be sold otherwise than as a liquor.

Mr. Belyea said that it seemed as if the case would assume the nature of a test case and he therefore wished to have all the facts possible submitted to the court before he rested his case.

"In law can they sell this?" his honor asked. "It all comes down to that point." His honor continued that if druggists can sell invalid port, why not invalid whiskey or invalid brandy, or any kind of invalid liquor. "We have a drastic law and all kinds of attempts are being made to get around it," he said.

Mr. Belyea submitted that this is not a case of attempting to get around the law.

The case was adjourned until next Thursday afternoon at a date to be fixed as between counsel and, at the next hearing, argument will be heard.

Was Drowned in Unsafe Meter Box

The inquiry into the death of little Ronald Totten, whose disappearance created such intense interest here, was held last night and the jury, after finding that death was due to drowning in a meter vault owned by the city in Old Dorchester street, "considered the said meter box to be absolutely unsafe and dangerous to the public and recommends that the commissioner of water and sewerage have all such meter boxes inspected monthly or oftener."

The inquiry was held before Dr. F. L. Kenney, coroner, at the court house. The following gave evidence: Frank J. Totten, father of the drowned boy; Robert Gilliland, Dr. F. T. Dunlop, Thomas Ogler, Commissioner Wigmore and Andrew Martin, inspector of meters.

Dr. Dunlop, who held a post mortem, felt absolutely satisfied that death resulted from drowning and the condition of the body showed that it may have been there since Sunday, June 17, when the boy disappeared. The evidence of Mr. Totten and Mr. Gilliland established that the body was found in the vault and Mr. Ogler stated that on the Sunday afternoon when the child disappeared he found two planks off the vault.

Excursion from Amherst. A combined church picnic of the members of St. Philip's and brother churchmen from Amherst, was held yesterday afternoon on the Barrack green. The party consisted of about 350 per-

sons. In the evening a concert was held in St. James' temperance hall. The party from Amherst returned last night, special cars having been attached to the Halifax train.

Redpath SUGAR
In Individually Wrapped Lumps
First as usual

The newest REDPATH introduction is this dainty wrapped portion of pure lump sugar. Prepared throughout by machinery, no hand touches it at any time. It is the last refinement of cleanliness, and one more convincing evidence of REDPATH leadership.

"Oh, isn't this just the cleanest, nicest way you ever saw to serve Sugar Lumps!"
"Yes, it certainly is a good idea. It's Redpath's, as of course one would expect. Nobody's hands have touched this sugar!"

"Let Redpath Sweeten It!"

Lighten the Care Of Your Stair

"Of all furniture or woodwork I find the staircase requires the most attention. It seems every hand in the house passes up or down the bannisters several times a day. Is it any wonder the railing so quickly becomes dulled with finger marks?"

O-Cedar Polish

gives the staircase a quick, hard, lasting polish—so dry that a few minutes after I use it, a white gloved hand may safely rest upon it."

Why it pays to eat Macaroni

It pays—in dollars and cents—because Catelli's Milk Macaroni gives nearly twice as much food value as a pound of lean steak, at less than half the cost. And it may be prepared in over a hundred different ways, to delight the appetite of young and old.

CATELLI'S MILK MACARONI

has a delicacy of flavor—a smoothness and richness—that gives a new piquancy to even the simplest dishes. Made of the choicest wheat (ground into Semolina) and milk, in a modern sunlit factory—it is a pure food product, deserving a place in every home. Get a 10c. package at your Grocer's, and try some of the dainty dishes mentioned in our recipe book.

"This Girl at Catelli's" is the name of a dainty little book that tells how to prepare Catelli's Milk Macaroni in many attractive ways. Mailed free on request—

Fresh Talk of a Union Government; Party Game Increasingly Precarious

Sir Robert, With All His Ministers' Resignations in His Pocket, Plays Lone Hand While Mechanics of Party Keep Wheels Oiled—Latter Alarmed at Feeling in Country—R. B. Bennett For the Senate?

(Special to the Toronto Star.) Ottawa, June 28.—(Ottawa air is not healthy—the country is better. We are not popular, was the way one legislator summed up the parliamentary situation, as he had found it regarded at home. "There have been several conscription meetings in my section of the province," he said. "I am told that at every one of them the strongest applause was given when the necessity for a coalition government was insisted on, and 'Hail Columbia' generally given to both parties for the way things have been going.")

Everybody here admits that a party government is impossible for the balance of the war. Discussion of last week's debate suggests that perhaps the most pregnant sentence spoken was that in which Mr. Pardee said that both parties might disappear as the outcome of this protracted crisis. What did he mean? What does he know? These are questions that are asked on both sides.

A New Aaron's Rod What does Mr. Pardee's reference to the possible disappearance of party names mean, then? A partial explanation may reside in the inspired "dope" that is going out from certain pro-government writers. They tell of the revival of union government talks, and they foreshadow a "national win-the-war party." Sir Robert Borden apparently is to produce a new Aaron's rod, which, when it gets real busy, will swallow the other rods. Can he do it? The politician here laughs scornfully. The patriot—and patriots abound in this museum, whatever the critics declare—wishes the great transformation could be accomplished, but he shakes his head and wonders whether Robert the Ready can become Robert the Masterful.

Resignations All In From some points of view there is a new Borden. One of the most remarkable features of the most remarkable situation is that the ministers, as a whole, are obviously as much in the dark as most of the back-benchers about the leader's immediate intentions. Having handed in their resignations, they are left a free hand, what is left for them to do? But, while Sir Robert is playing a lone hand, the mechanics of the party are doing what they can for "the party." As far as they dare, they are tuning the press for a party fight.

Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder Blade—Two Interesting Letters

Toronto, Ont., June 28.—So many people suffer from derangements of the liver, that we feel sure these two reports, just recently received, will prove interesting reading and valuable information to many readers of this paper. Mrs. F. L. Harris, Keatley, P. O., Sask., writes: "I was suffering from liver trouble—black as dirt around the eyes, and nearly as black as dirt around the eyes, and I concluded to try some of Dr. Chase's Kidney-Liver Pills, and before I had taken one 25c. box the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work out-of-doors, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial. Mrs. Charles Terry, Tweed, Ont., writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that you could detect the swellings on either side, and it was only with difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced this treatment, and used nine boxes, which cured me at that time. Then, about two or three years afterwards, I was troubled again with the swelling, but only on my right side. I secured some more Kidney-Liver Pills and took them, which finally cured me. I have never been troubled in this way since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble. "We have also found Dr. Chase's Linseed and Turpentine excellent for coughs and colds. In fact, many of Dr. Chase's medicines which we have used have been good." Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, \$ for \$1.00, at all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Dr. Ferdinand King, New York Physician and Medical Author, Says:

EVERY WOMAN EVERY MOTHER EVERY DAUGHTER NEEDS IRON AT TIMES

To Put Strength Into Her Nerves and Color Into Her Cheeks

There can be no beautiful, healthy, rosy-cheeked woman without iron. The trouble in the past has been that when women needed iron they generally took ordinary metallic iron, which often corroded the stomach and did far more harm than good. Today doctors prescribe organic iron—Nuxated Iron. This particular form of iron is easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak, nervous, irritable, careworn, haggard looking women 100 per cent in two weeks' time in many instances. I have used it in my own practice with most surprising results—Ferdinand King, M. D.

NOTE—Nuxated Iron recommended above by Dr. Ferdinand King can be obtained from any good druggist with an absolute guarantee of success or money refunded. It is dispensed in this city by Wasson's Drug Store, and all good druggists.

The Recruits

One man was enlisted in St. John yesterday, the Forestry Company being his choice. He is A. E. Ames, of Boston, and he is, besides being an accomplished cook, an expert linguist, speaking German, Spanish, French and Hebrew.

It is now out in orders that the Forestry Company which has been recruited under Major Hanington in New Brunswick, will recruit to a strength of 500 men instead of 350. This unit has already secured fifty of the necessary 150 men to fill the ranks, and now numbers 400 men. More are coming from Boston every day, and it is thought very possible that another week may see 500 men enrolled in this popular branch of the service.

Another quota of recruits arrived through from Fredericton last night consisting of seven men, two for the Forestry and five for the Field Ambulance. Major May and Sergt. Popham met the men to see that nothing was amiss, and balance at the Field Ambulance. The men for the Happy Eighth were F. Norris, Boston; Alexander Smith, Boston; Alva Adams, St. Stephen; Frank McWilliams, St. Stephen, and Patrick Harris, from Bangor.

At the Front. A letter received in the city from Lieutenant F. P. J. Travis gives the information that he is now at the front with the 25th Canadian Grenadier Guards, a Montreal unit. Lieut. Travis crossed to England a few months ago with an imperial army draft.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these ugly spots. Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

NO LONGER NEUTRAL

Rio Janeiro, June 28—Brazil has revoked her decree of neutrality in the war between the Entente Allies and Germany.

WALTER ALLEN SAVES LIFE

Walter Allen, a fourteen-year-old lad, and a boy friend, Ronald Cobham, were playing near the slip in question. The lads heard cries from the slip and ran to the edge of the wharf where they caught sight of the little girl, Elsie Morrison, aged four years, whose parents reside at 29 Market Place, struggling in the water. Young Allen immediately dived, despite the fact that the water was some fifteen feet below the edge of the wharf. He managed to reach the child, who was completely exhausted. In the meantime, F. Cobham had secured a boat and put out to assist the lad.

Y. W. P. A. BUSY SESSION.

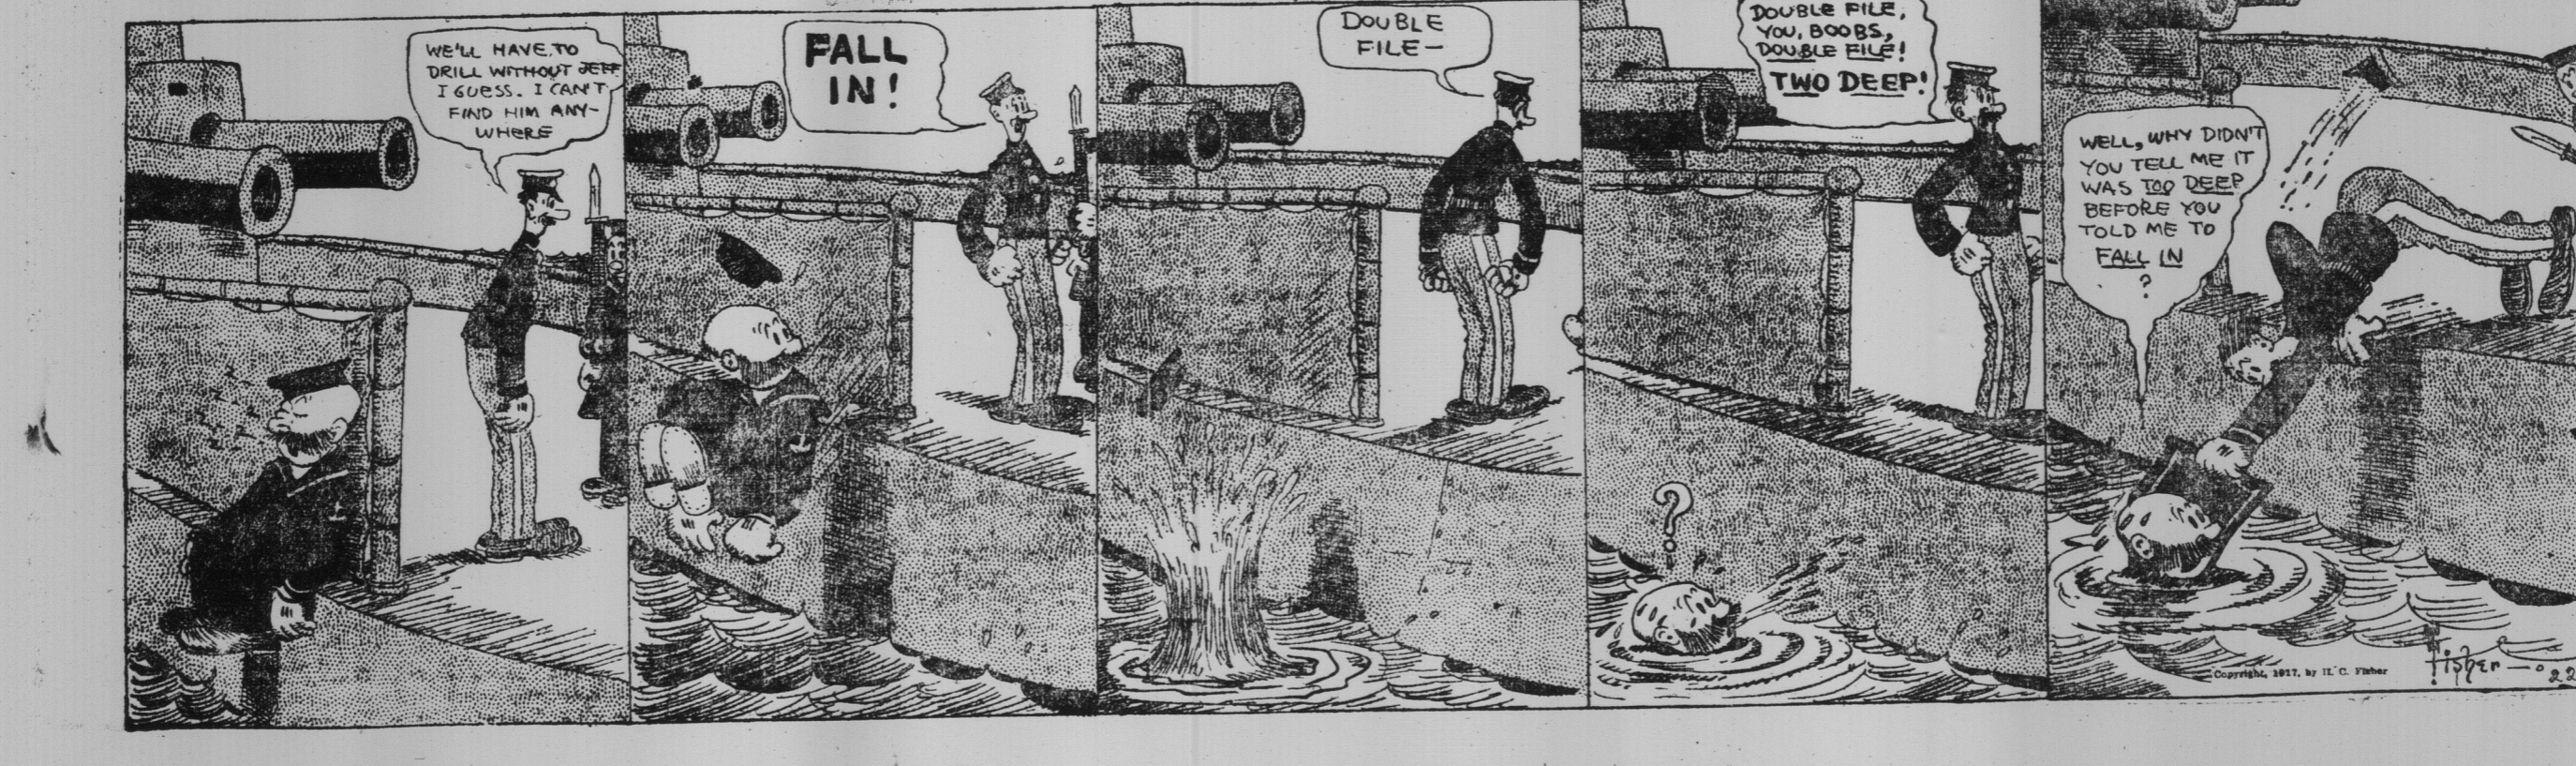

At the regular meeting of the Y. W. P. A., held last night with the vice-president, Miss Alice Fairweather, in the chair, the secretary, Miss Church, read the minutes of the last meeting and the treasurer, Miss Climo, reported a cash balance on hand in the general fund of \$65 and \$89 in the returned soldiers' fund. Letters were read from Nursing Sister Hare, now in England, and Mr. Puddy, secretary of the G. V. A., acknowledging various donations. A pillow was raffled in aid of the association fund and was won by J. A. Galbraith, of West St. John. Miss Travers reported on the work of providing delicacies for the Pitt street hospital for the past month. The members were asked to undertake the work of collecting the dues of the Men's Canadian Club. Large donations of cigarettes were voted to the 4th Field Ambulance. Over 100 articles were taken out to be finished by the members. After other miscellaneous business the meeting closed with the singing of the national anthem.

Contracts Let For First Wooden Ships

Construction of 3,000 Ton Auxiliary Craft by Grant & Horne at Courtenay Bay to Mark Revival of Industry Which Once Made St. John Famous

A telegram was received last night by H. C. Schofield, representing the Imperial Munitions Board, from Colonel W. I. Gear, director of shipbuilding for the board, confirming the contract to Grant & Horne to build wooden ships at their new yard in Erin street. The ships will be built by Grant & Horne, fitted with engines, which will be supplied by the munitions board from standard patterns. They are to be 250 feet long with 43 1/2 feet beam and will have 25 feet depth of hold. The speed will be about 9 1/2 knots per hour, and the boats will have a cargo capacity of practically 3,000 tons.

The delay in awarding the contract was in connection with the technical parts of the arrangements, such as determining the size of the timbers. The plans also had to be approved and registered by the Lloyd's registry of shipping. The work will start immediately and a start on the yards was made yesterday. The contract will give employment to 200 men and the ships are to be built on the same ways; one will be finished and launched before the other one is commenced. The material, however, will be assembled for them both at the same time.

It is expected that this will mean the re-establishment of the shipping industry in St. John, and while the war continues there will be further contracts awarded continually.

Grant & Horne, who have entered into the present contract with the director of shipping, have leased a yard near the Peters' tannery, on Courtenay Bay. They are a young firm, and while they have not had much experience as builders of ships, they have made good in their other undertakings and will doubtless succeed in this venture. The firm built McAvity's new plant on the Marsh road and were connected with the work on the sugar refinery. Mr. Grant has had some experience in contracting in the Old Country, and has built, among others, the Algonquin hotel at St. Andrews. Much credit is due the firm for the energy they have shown in the present contract. They are members of the board of trade and have had the active support of the board in their present enterprise.

Talk of Grave Danger to Country

Ottawa, June 28—Further serious warning to the government of the grave danger to which it is exposing the country by the precipitate forcing through of the conscription bill, without regard to national economic conditions, and without first ascertaining whether the people were ready for conscription, was given in parliament tonight. Alphonse Verreille, of Maisonneuve, a former president of the Trades and Labor Congress of Canada, in a strong speech, declared that autocracy in Canada was becoming a real menace and that labor believed it was being exploited for the benefit of the vested interests who were behind the government.

"I tell you what compulsion means if the people are not consulted, it means a general strike," he declared. "I want parliament to understand that even if all labor were exempted they would not change their determination in this question. Organized labor has been ignored since the war commenced." M. Verreille also made a strong appeal to the government to postpone the bill. He also made a strong appeal to the government to postpone the bill. He also made a strong appeal to the government to postpone the bill. He also made a strong appeal to the government to postpone the bill.

Mr. Martin noted that the government of rich men without sons would naturally try to impose conscription on Canada. During the course of a thoughtful and logical speech at the afternoon sitting A. B. McCoig, Liberal member for West Kent, suggested a further trial of the voluntary system on the understanding that each military district which raised by voluntary recruiting, the required number of recruits proportionate to its population should be accorded the honor of exemption from the operation of any conscription measure.

G.W. Ganong New Must Save Food

Lieut. Governor To Win The War

Prominent Manufacturer of Saint Stephen Succeeds Hon. Josiah Wood—George W. Fowler to Fill Senate Vacancy

Ottawa, June 28—Gilbert W. Ganong has been selected by the government to succeed Hon. Josiah Wood as lieutenant-governor of New Brunswick and Lieut.-Col. George W. Fowler, M. P. for Kings (Albert), has been appointed to the senate to fill the vacancy in the representation from New Brunswick there. Lieut.-Governor Ganong is a former member of the house of commons. He was elected to represent Charlotte (N. B.), in 1900 and was re-elected in 1904. He was defeated at the general election in 1908. Mr. Ganong resides at St. Stephen (N. B.) and is member of the confectionery manufacturing firm of Ganong Bros.

Lieut.-Colonel Fowler has sat in the house of commons during three parliaments. He was first elected as member for Kings county in 1900. He became the representative of Kings-Albert in 1904, was defeated in 1908 and returned to the house in 1911. Colonel Fowler has, since the outbreak of war, raised a battalion for active service in record time and taken it overseas. He is still in England in command of one of the Canadian reserve battalions there.

In becoming a member of the senate he succeeds the late George T. Baird, of Perth (N. B.), who represented the senatorial district of the upper St. John. The appointment of Colonel Fowler makes the representations of the two great parties in the upper house equal—39 Conservatives and 39 Liberals. There are still nine vacancies in the senate, three in Quebec, one in Manitoba and five in Ontario. The filling of these would thus give the government a majority of nine in the senate.

EIGHT MORE MURDERED. London, June 28—The Elder-Dempster steamer Adah was torpedoed without warning and sunk by a German submarine on June 15. The submarine fired on the captain's boat killing eight men.

LABOR FEDERATION WILL NOT JOIN PEACE CONFERENCE. Washington, June 28—The American Federation of Labor has declined to participate in the international conference of trades unions called by the recent Stockholm conference to meet September 17 in Switzerland. President Gompers has telegraphed to President Lindquist, of the Stockholm conference, that the American Federation "regards all such conferences as premature and untimely, and can lead to no good purpose."

Will Stand Trial On Murder Charge

Woodstock, N. B., June 28—The preliminary examination of William Glenn, charged with the murder of Harry Wiley, was held this afternoon at 2

o'clock before Police Magistrate A. D. Holyoke. Hon. W. P. Jones, K.C., appeared for the crown, and Charles Courtenay for the prisoner. The police court was crowded with interested spectators, including a large number from the vicinity of the home of the two men. Glenn sat through the proceedings with his eyes lowered and listened to the evidence impassively.

The Story of the Tragedy. Frank Wiley, the brother of the murdered man, was the first witness called. He swore that on Saturday last he and his brother set out from his father's house at Divide, in the parish of Aberdeen, with a roller. His brother was driving the roller in a field which adjoined that owned by Glenn. The witness had nailed on some boards which had fallen off a board fence between the two places. About 8 or 9 o'clock in

No Wonder the Purchasing Power Of Your Dollar Shrinks When You Buy "Ready-Made" Clothes--

UNFORTUNATELY, there is a winding, lengthy route in the "READY-MADE" Clothing business. Between the maker and the wearer there are many stops to take on costs. The retail price of "READY-MADE" Clothing carries a heavy load. To the MANUFACTURER'S cost are added the retail merchant's overhead expenses, his bad credits and THEN A PROFIT.

No Wonder the Purchasing Power of Your Dollar Shrinks!

Sooner or later you will order your clothes MADE-TO-YOUR-MEASURE from the English & Scotch Woollen Co.; the sure, direct way, from the Mills to you.

the morning Glenn came up to the fence with a rifle in one hand and an axe in the other and began to knock off the boards which had been nailed on. The witness was on the roller with his brother at the time and they drove over to the fence. They drove up to about a rod from Glenn, and stopped the horses. The deceased asked Glenn why he was knocking the boards off the fence. Glenn asked him if he had put the boards on, and the murdered man said that he had. Upon this Glenn raised his gun and fired, the bullet striking Wiley in the left breast and passing through his body and coming out just below the shoulder blade on the left side of the back. Wiley dropped instantly. His brother caught him and supported him to the ground. He saw Glenn reload the rifle, and after a minute he left and went to his house. The witness thereupon drove back to his father's house and got a light team and he, with his

father, drove back and brought the body to the house. The witness swore that so far as he knew there had never been any difficulty about the fence. Edward Wiley, the father of the murdered man, was the second witness. Dr. Commins testified to attending at the Wiley house and examining the wounds. A. R. Foster, the sheriff, testified to going to the Glenn house and making the arrest, after Glenn's brother had persuaded him to give up the rifle. He produced the rifle and a considerable quantity of ammunition found in the house. Other witnesses examined were William Love, Malcolm McKenzie, Guy Welch and James Miller, who gave evidence as to the nature of the wounds. No evidence was offered on behalf of the accused and he was committed for trial at the circuit court which is held on the third Tuesday in October

The beautiful weather of last evening made it a most auspicious occasion for the opening of the band concert season and the walks and vicinity of the King square were crowded when the first concert was given by the City Cornet Band.

Beavers Win From Cubs. Last evening in the Boys' Club League the Beavers won a close game from the Cubs by a score of 8 to 6, on their East End diamond. League Standing. Beavers 7 0 1,000, Boys' Club 3 3 2,000, Alerts 1 4 200, Cubs 1 6 144.

St. Peter's League. The game in St. Peter's League last evening between the Shamrocks and Maples was devoid of interest as it was too much one-sided. The Maples played a loose game and in addition to wild throwing and errors made several bone head plays. It was no fault of Manager Johnny O'Connor for he did his best to make his team brace up, but to no avail and as a result the game ended 10 to 3. On the other hand some of the Shamrocks did not take the game seriously and all combined in killing the interest.

Summary—St. Peter's grounds, June 28—Shamrocks, 10; Maples, 3; two base hit, G. Elliott; base on balls, off E. Elliott, 1; off Dever, 6; struck out, by Elliott, 4; by Dever, 7; umpire, Howard.

Says Fohl Is Patient With Young Players. Cleveland Manager Gives Them Every Opportunity to Succeed Says Writer. Few players ever will be able to say Lee Fohl released, then without giving them a fair chance to show their ability to hold down a seat in the Indian wigwam, writes Edwards in the Cleveland Leader.

RACES SATURDAY AT MOOSEPATH. The races on Saturday afternoon at Moosepath will again take the interest of the people. There are two well filled classes and the horses are well matched. The following card of entries has been received so far: B Class. Border Prince—T. Hayes, Matty Marsh—W. Brickley, Bingen Light—H. Short, P. K.—E. B. Spragg.

A Long Sermon. Bernard Snell told a good story (says the Christian World) at the breakfast of the Evangelical Widows' Fund. A stranger came late to the church during a service, and, seeing the verger, asked how long Mr. Snell had been preaching. "Well," said the verger, "I have only come recently, but I believe he has been preaching for 30 or 40 years." "Ah," said the stranger, "then he must be about done now. I think for Washington than Boehling has done I'll go in."

LOCAL NEWS

H. H. MASON IS WOUNDED IN HAND
 He is One of Four St. John Brothers Who Are in Khaki

That Private H. H. Mason, son of Mr. and Mrs. Henry Mason, 10 Brunswick street, has been wounded in the right hand by gunshot, was the information that his parents received this morning from Ottawa.

The telegram read to the effect that Private Mason had been wounded in the right hand by gunshot on June 27, and had been admitted to No. 2 General Hospital in London. Private Mason enlisted more than a year ago with a local infantry battalion and after his arrival in England was transferred to a Nova Scotia infantry unit. He is twenty-two years old and prior to donning the uniform he was in the employ of the city.

Mr. and Mrs. Mason have reason to be proud of the way in which their sons have answered the call to arms. Four have enlisted. One son, Gunner James, is now in France, a member of a heavy artillery unit; Private Robert Mason is in France, member of local infantry battalion; Sergeant Frank Mason is a member of the 62nd Detachment.

HONORED ON BIRTHDAY.
 Last evening the home of Wm. Gorie, Main street, Fairville, was the scene of a happy gathering when about fifty friends were present as a surprised and appropriate words were presented to Mr. Hill a handsome signet ring as a mark of esteem, and wishing him many more birthdays with health and happiness. Mr. Hill replied suitably and expressed his thanks.

MILLIONS OF POUNDS OF FISH FROM BOSTON FOR BRITISH TROOPS IN FRANCE

New York, June 29.—An Associated Press despatch from Boston says: "More than three million pounds of fish has been shipped from this city to the British government for consumption by the soldiers in France. It is part of an order of fourteen million pounds.

DEVICE TO CUT WAY OUT OF STEEL NETS

German Submarine Equipped With Series of Heavy Circular Knives

Base of the American flotilla in British waters, June 29.—(By the Associated Press)—The captain of a torpedoed merchantman has turned over to the naval authorities here a sketch of a new type of German submarine, equipped with a wire-cutting device designed to release it from nets. The sketch shows several strands of stout steel hawsers stretched from the bow through the conning tower to the stern. Attached to these is a series of heavy circular knives, a foot in diameter and placed about a yard apart. The captain made the drawing while in a small boat after his ship had been torpedoed. He had been shelled and torpedoed in two other ships, but on neither of those occasions had he noticed anything new in the type of the German diving boats. While he was not close enough to the last submarine to examine minutely the addition to its upper works, he was able to see plainly enough to make a good sketch. The theory of the captain is that a boat so equipped would have hope of being able to cut its way through any steel nets in which it might become enmeshed.

STREET WORK

While waiting for the N. B. Power Company to complete the work of raising their rails in Union street, West St. John, the public works department has been making some repairs to Rodney street, east of Union. This work has been completed and today the men were shifted to Union street, where an asphalt paving will be laid by the penetration method.

At the rate at which the paving work in Charlotte street is progressing, it is expected that the section between Duke and the north side of Queen square will be open for traffic before Sunday and the next stretch, to Queen street, will be completed before the end of next week.

When the Union street paving is completed, the men will be shifted to Adelaide street where a paving is to be laid by the same method as that being employed in West St. John.

TRAFFIC CASES

Several more citizens were in the police court this morning for infractions of the city traffic laws.

F. L. O'Regan was reported for exceeding the speed limit in Main street on June 26. Policeman Hogg said that the car was going about twenty-five miles an hour. It was pointed out that the car was not being driven by the owner, but by a younger brother. A fine was struck.

J. F. Tilley was reported for carrying a cardboard number and for not sounding his horn at the corner of Union and Sydney street. The owner of the truck said that the original number plate was lost on a trip to South Bay. This explanation was accepted. As to the second charge, Mr. Tilley said he would have to call his chauffeur. The case was set over until Tuesday afternoon.

Frederick Hazen was reported by Policeman Hopkins for allowing a wagon to obstruct the sidewalk in Marsh road. He was told he was liable for a fine.

Malcolm Campbell, of West St. John, was reported by Sergt. O'Neil for driving his team on the wrong side of the street in turning from Rodney street into Union. The magistrate was inclined to take a lenient view of the affair and a small fine was struck.

A boy was reported by Policeman Straight for not having a foot-strap on his horse. The boy drives for B. H. Dean. He was allowed to go with a warning.

BOY SCOUT GARDENING.

To the Editor of The Times:—
 Sir:—As yet there is no practical aid of easy acquirement offered the boy scout, but we know of one that can be effected in one lesson. We introduced the scarlet runner in St. John city and county fifty years ago, and it is only in recent years that our seedmen have discovered its inexhaustive value for the whole of the summer season until sharp frost arrives, giving continuous crop and every-day picking to those who cultivate it. Our own habit from early boyhood and love for planting is an enigma and mystery to all who have not been favored with that luck, but in this simple plant can the information be acquired that the first lesson by the scout master is all that is necessary for the successful growing of this best of all food plants known. In the most abandoned and burnt out fire lot in the city any boy willing can dig out with a stout digging hoe, about a pound and a half or two pounds weight, all the earth immediately close to the walls that will afford about two feet wide and twenty inches deep of fair soil; this, cleaned of stones and rubbish, will be ready to plant the seed six inches apart and two inches deep about the middle of May.

When the plants appear in about a fortnight, the earnest scout boy will be joyfully repaid to see his previous work showing evidence of a return for effort made. When the plants show two or three inches above the earth, there will be some more work for the boy scout to keep his mind and muscles busy by hilling to the city and cutting with his small axe alder sticks eight or ten feet long, pointing sharp at the big end, placing together as many as he can shoulder and press into the ground between each plant and force to the bottom, so plants can have support to sustain their ever-growing length. To secure these sticks at the right time they should be cut early in June before the leaves appear, saving much labor and weight. About the end of July the laborer will be rewarded with the best edible known for daily service for the table till frost sets in. To my scout boy or master-scout we will gladly show the easy plan of preparing the fruit for table.

Yours truly,
 J. S. CLIMO.

MAINE FARMER, MISTAKEN FOR DEER, IS SHOT DEAD

Milo, Me., June 29.—Oscar Mayo, aged about thirty-five, a farmer who resided on the Medford road about two miles from this village, was fatally shot at about midnight on Wednesday evening, while crossing a field. The bullet, which the county officials are convinced was fired by some person who was hunting in the woods nearby and who mistook Mayo for a deer, entered his arm and passed through into the heart, where it lodged, death being instantaneous. Mayo was accompanied by his son, aged about seven years, and the boy says that he heard two shots fired in the vicinity of a patch of woods which borders the field, the first being the one that took effect.

Deer had been frequently seen in that vicinity lately and some residents of the town were no doubt out looking for game, when they spied Mr. Mayo and his son and mistook them for deer. The edge of the woods is about thirty rods from where Mayo was shot.

Mayo, who was well liked and respected throughout the town, leaves a wife and seven children.

ROUMANIAN MISSION NOW IN UNITED STATES

Washington, June 29.—Roumania's mission to the United States reached Washington yesterday unannounced and sought quarters at a hotel. The three members will call at the state department today.

The mission is not strictly diplomatic and will devote itself largely to efforts to stimulate recruiting for the Roumanian army among their fellow countrymen in America.

KILBANE AND WELSH TO MEET

Philadelphia, June 29.—Johnny Kilbane, featherweight champion, and Benny Leonard, who recently won the lightweight title from Freddy Welsh, signed articles here last night for a six round bout to be held at Shibe Park, the home of the Philadelphia American League Baseball Club, on July 28, for a purse of \$20,000.
