HONOR TO THE DEAD

Americans Killed In Mexico Brought To New York

17 FLAG-DRAPED COFFINS

President Wilson Journeys From Washington To Take Part in Ceremonies—Great Demonstration as Bodies Are Escorted to Navy Yard

New York, May 11—American dead from Vera Cruz were landed here today and city, state and nation paid their tribute. Two hours before the city was astir, seventeen flag-draped coffins were removed from the boat deck of the armored cruiser Montana and placed on caissons on the plaza in Battery Park. Few witnessed this ceremony, for the sun was but half risen, but thousands lined the streets later, to watch the slow procession wind its way to the Navy Yard. Perhaps not since the Dewey parade has there been such a spontaneous demonstration.

President Wilson arrived in the city from Washington a little after seven o'clock almost unobserved. He was driven immediately to the home of a close friend, Colonel E. M. House and thence to the Battery to take a place in the procession. It had at first been arranged that the president was to go to the Navy Yard to receive the nation's dead on government ground but at the last moment he changed his mind, and was driven to the Battery so as to participate in the ceremonies from beginning to end. When he reached the Battery the heroic dead were upon the caissons, the police had lined the way and the procession was ready to move.

IMPORTANT CAPTURE BY FRENCH IN MOROCCO

Take Town of Teza, Which Is Key to Eastern Approaches of Fez

Paris, May 11—The foreign office has received from General Baumgardner a despatch reporting that he had occupied Fez, Morocco, at twenty-five miles east of Fez, with loss of only four men killed and thirteen wounded. The tribesmen's losses were heavy. The capture of Teza is considered the most important step yet accomplished by the French in Morocco. The town is the key to the eastern approaches of Fez. Up to the present, all expeditions into the interior of the country, had been made from the Atlantic coast. The occupation of Teza will permit completion of a railway from Algeria, to Fez and bring Fez within sixty-two hours of Paris.

Fez Morocco, May 11—Teza, a French military aviation, was one of the principal factors in yesterday's victory of French troops. The aviators flew back and forth over the Moorish positions and from the air directed the advance of the French artillery. At the same time the eventuality being demoralized and fled, leaving many dead on the field.

THE FRENCH ELECTIONS

Socialists Make Gains on The Second Ballot

Paris, May 11—Socialists were very successful on the second ballot yesterday for members of the Chamber of Deputies, sixty-one of them being elected. This gives them 101 seats in the new chamber, as compared with sixty-eight in the old. Cailiaux radicals managed to hold their own, electing seventy-four members. These with eighty-seven elected on the first ballot, give the party 161 as compared with 156 in the old chamber. Other republican groups, to which most of the Briandists were attached, elected 101, making, with those elected on the first ballot, a total of 292 as compared with 294. The exact number of Briandists elected, however, is impossible to establish, as no list of members of the league has been published, and M. Briand has declared that the league was organized for making war on the Cailiaux radicals, who, together with shades of republicans, were invited to join.

WEATHER BULLETIN

Phrediano Pheitz and DOBSONS IF I WAY TO SCHOOL AND A GUIDE, I DO!

Synopsis—A marked cool wave now covers the western provinces and the upper lake region, while a disturbance is situated in the Missouri valley. Fair weather prevails generally except that a few scattered showers have occurred from Ontario to the maritime provinces.

Fair. Maritime—Fresh winds, mostly north-west and north, generally fair today and on Tuesday, with no decided change in temperature. Washington, D. C., May 11—New England forecasts—Cloudy and cooler tonight; Tuesday, unsettled, probably stormy and cooler, moderate to fresh variable winds.

YOUNG SOCIETY GIRL WHO IS TO MARRY SON OF MR. AND MRS. J. PIERPONT MORGAN

Miss Louise Converse, young society girl, of Boston, Mass., to marry Mr. Junius Spencer Morgan, Jr., eldest son of Mr. and Mrs. J. Pierpont Morgan of New York. The announcement was made when members of the Dolphin Club, of Harvard, Massachusetts, of which young Mr. Morgan is president, gave a luncheon for him in celebration of the engagement. Miss Converse is twenty years old. She is fond of athletics and outdoor sports and is a clever musician. Mr. Morgan is a senior at Harvard, where he is very popular and prominent in athletics, particularly rowing.

More Earthquake Shocks Today

Disturbances In Sicily Continue—Dead Number at Least 150

Catania, May 11—Several slight earthquake shocks were registered by the observatory here today, but no further damage was reported. Army, navy and civilian authorities continued today their efforts to relieve distress of thousands of Sicilians deprived of their homes and property by earthquake which destroyed a dozen villages and caused death or injury to hundreds of persons during the night of May 8. Many of the peasants afflicted by the catastrophe are migrating, taking with them all the personal effects they could recover and leading their farm animals with them. Others for the present refuse to move from the scene until they know the fate of missing relatives. Injured found among the debris of ruined houses have been carried to the nearest hospitals, after treatment by Red Cross surgeons.

MATTERS FOR THE MUNICIPAL COUNCIL

The spring quarterly meeting of the city council will be held on Tuesday afternoon, Warden McLellan presiding. Among the matters to be dealt with will be the blasting at Courtenay Bay and the warden will report on the progress made in alleviating the trouble. The plans for the new county tuberculosis hospital will also be before the council. One of the matters in connection with the plans which may receive attention is the material for construction to be used. The present plans and specifications call for wooden construction but there is a feeling that a building requiring the investment of \$50,000 should justify the use of more permanent material, such as stone or brick. The council will also hear a delegation asking for a grant for the purpose of carrying on the work of the Children's Aid Society in this county, the necessary legislation having been secured.

AT CITY HALL

The resumption of the noon-day committee meetings at City Hall will be considered at the meeting of the common council this afternoon and it seems probable that they will again be a feature of the daily programme. In expectation of this Commissioner Fotts will move that consideration of a general programme for street paving should be made the first item of business on the day devoted to his department. The commissioner will also announce that the policy of cleaning the streets between midnight and seven o'clock a. m., will go into effect tonight. Commissioner Wigmore will call for tenders for pipes, castings, coal and general supplies for his department.

From McGill to West. Montreal, May 11—Dr. Douglas McIntosh, now associate professor at McGill, has been appointed associate professor of chemistry and acting head of that department in new University of British Columbia.

THREE LADS KILLED BY BOY OF SIXTEEN

Ocala, Ga., May 11—Charged with killing three other youths with a shotgun, Preston Williams, aged sixteen, is in jail here. The victims were Elbert and Robert Gay, brothers, and Jesse Sumner, all members of prominent families. The three boys were killed yesterday as they drove away from Williams' home near here. Testimony given at the coroner's inquest, tended to show that Williams resented remarks the other youths made about a member of his family.

MRS. W.M. PUGSLEY HAS PASSED AWAY

Wife of St. John M. P. Died This Morning

FUNERAL ON WEDNESDAY

Many to Join in Sympathy For Hon. Mr. Pugsley and Family in the Great Sorrow That Has Come to Them

The death of Mrs. Fannie J., wife of Hon. William Pugsley, M. C., D. C., M. P., former Minister of Public Works of Canada, occurred this morning at her home, 17 Chipman Hill, after an illness of several months. Mrs. Pugsley had been in failing health since last fall and her death, while coming as a shock, was not entirely a surprise. While of a retiring and home-loving disposition, Mrs. Pugsley had taken a prominent part in social life and performed with great dignity and graciousness those public duties which fell to her lot as the wife of one of the most prominent men in public life in Canada. In private life she had high character and the respect and admiration of all those with whom she came in contact both in St. John and abroad.

Mrs. Pugsley was born in St. John, the daughter of the late Thomas Parks, a St. John by profession, and a generation ago, whose death occurred in 1875. Her marriage took place on January 6, 1875, and she is survived by her husband, two sons, William G. Pugsley, of Montreal, who is in the city at present, John A., of this city, three grandchildren and four sisters, Mrs. George F. Burgess of Vancouver, Mrs. Herbert Hall of Lloydminster, Sask., Mrs. D. A. Pugsley and Mrs. Henry Gilbert of Rothesay. The members of the bereaved family will have the sympathy of a large circle of friends in this city and throughout Canada.

The funeral will take place on Wednesday afternoon at 2:45 o'clock from her late residence, 17 Chipman Hill, to St. John's (Stone) church, where the service will be held at three o'clock.

DEATH OF NORDICA

Saint John People Recall With Pleasure Her Visit Here

The death of Madame Lillian Nordica, whose whose soprano recitals occurred last night in Batavia, Java, after an illness lasting since last December when the steamer Taiman on which she was a passenger was wrecked in the Gulf of Papua. Nervous prostration due to her awful experiences was followed by pneumonia and this was the cause of death. The body will be taken to the United States for burial.

Madame Nordica was one of the great singers of the world. Born in humble surroundings in the state of Maine, she was blessed by Providence with a wonderful voice and this was developed under the direction of famous masters. She became one of the foremost song queens of the day, and she had sung all over the world with marked success. Some ten years ago she was brought to St. John by the Spencer, and the privilege of hearing her was appreciated by an audience which filled the Opera House. She made a great impression upon those who heard her by her wonderful singing, and those who had the good fortune to meet her personally were charmed with her pleasing manner and personality.

STREET RAILWAY EXTENSION

Speaking of the prospects for the street railway extensions today, H. M. Hopson, general manager of the city, stated to be able to make a start on the Red Head road section within the next two or three weeks.

The first thing to be done was to get the consent of the city council to the plans for the connection which is in the city limits, and he hoped this would be accomplished this afternoon. Tomorrow their plans for the extension in the county would be laid before the county council.

The rails had been ordered and some were already here, the ties had been cut and were only waiting favorable stream driving to be brought to the city, which should be within the next ten days.

Regarding the Marsh road extension Mr. Hopson said their agreement with the county had not yet been completed but that they hoped to complete both sections by August 1.

SON LIVES IN ST. JOHN

Moncton, N. B., May 11—The death of Mrs. Placide LeBlanc occurred at her home here on Saturday. She was seventy years old. She is survived by her husband, three sons, Samuel, of St. John; William, in Saskatchewan, and Jack, in Moncton; also two daughters, Mrs. Frank P. Dolron, of Shelburne, and Mrs. John Landry, of Sunny Brae.

The Athanasian Creed

Brockville, Ont., May 11—Bishop Bidwell, who conducted confirmation here yesterday, said that the confirmation of the general synod of the Church of England in Canada on revision of the Book of Common Prayer, which recently met in Toronto, have recommended the retention of the Athanasian creed in full, with rubrics directing its use exactly as at present, but had added a liturgical version, in which verses one and two and the last one will be omitted. This may be used as an alternative to the creed in full.

Morning Sessions Were Begun at Ottawa Today

Government to Press Some of Its Legislation and Drop More of it—Borden and the C. N. R.

Ottawa, Ont., May 11—Parliament began morning sittings today. The government wants to let its Ontario members get away for the elections in that province. They propose to press some of their legislation and to drop more of it. The Mackenzie and Mann bill will be presented. So will the measure of aid for the Farmers' Bank. The railway legislation, and probably the civil service bill will be held over for consideration next year. Predictions as to the date of prorogation vary. The government and its followers hope to get away before June 1, but there are many members who declare that if parliament does justice to the legislation before it prorogation cannot take place until the end of next month. The first morning sitting of this session concerned itself with non-contentious matters. The Toronto, Niagara and Western railway bill, with the provision insisted upon by Toronto, was given a third reading. So was Finance Minister White's bill to allow drawbacks in pig iron to be paid Canadian manufacturers on export business. E. M. MacDonald called attention to a statement by Premier Borden in Hansard last year, when the \$15,000,000 was being voted to the Canadian Northern Railway. The words used by the prime minister last year were—"The Canadian Northern Railway Company proclaims itself able under ordinary conditions to raise all the money that may be necessary for the completion of the line." Mr. MacDonald wanted to know who made the statement when it was made, and if in writing, who signed it? Premier Borden said the statement had been made to him "by an official of the Canadian Northern Railway Company." He said it was communicated to him a little before he made the statement in the house. The statement was not made to him in writing.

IN HONOR OF SOLDIERS WHO FELL IN REBELLION OF '85

Winnipeg, May 11—A third of the population of Winnipeg yesterday afternoon lined the route of march of the local garrison and militia to St. John's cemetery for the decoration of the graves of soldiers who fell in the rebellion of '85. Four thousand troops took part in the parade.

THE STEAMERS

Furness Liner Digby arrived at Halifax this morning at 11 o'clock. Steamer Briardene sailed at 7 o'clock this morning for Halifax. The Manchester Exchange is due to sail tonight for Manchester via Philadelphia.

Allan Liner Corsican was reported 680 miles west of Main Head yesterday morning at two o'clock and is due at Greenock on Tuesday morning.

R. M. S. P. Liner Chaudiere is due to sail tonight or tomorrow morning for the West Indies via Halifax and is due at St. John's on Sunday.

C. P. R. Negotiating for Hotel at Campobello to Take Place of the Burned Algonquin

Eastport, Me., May 11—Since the destruction of the Algonquin hotel in St. Andrews, N. B., the C. P. R. has been negotiating for the lease of the Inn at Campobello, for the summer season. It will be renovated and opened at an early date to accommodate the large number of summer visitors who have been in the habit of visiting St. Andrews during the season if arrangements can be perfected. The Inn is beautifully located and commands a fine view of Passamaquoddy Bay. Should it be opened under the management of the Algonquin Company it would be greatly appreciated both by the Campobello people and the business men if this city.

INTERESTING VIEWS OF NORTH DAKOTA

These two unusual views of the battleship North Dakota were taken after the warship steamed from New York for Mexican waters to participate in the blockade. One shows a close view of the fighting masts and the other of the masts lined up on the front deck of the ship.

IN MEDIATION

Powers of Mexican Envoys To Conference

PAPERS STILL ATTACK

United States Held up as Practising Cruelty in War—Fall of Tampico Near Say the Constitutionists

Vera Cruz, Mexico, May 11—Emilio Rabasa, Augustin Rodriguez and Luis Elguero, three peace commissioners appointed by President Huerta, to represent him at Niagara Falls conference, who will sail late today for Havana en route to Key West, are clothed with full powers, nominally at least, to sign any agreement or treaty whatsoever.

The Mexican senate, in a resolution approving President Huerta's nominations of the three commissioners, conferred "full power and ample authority to judge, counsel, carry on business and sign any agreement or treaty whatsoever." Those skeptical of good faith of Huerta's participation in mediation declared that he clothed his commissioners in the broadest powers to make a show of having done all in his power to reach a settlement. Mexican papers continue to make bitter attacks on the United States. Alleged copies of American articles of war, are being published in the capital to inflame the public. They represent American military practices as most cruel. The newspapers of the capital also are still insisting that the United States is violating the armistice. This time complaining that the charter of war transports by the war department is a direct violation.

El Paso, Texas, May 11—Constitutionalist headquarters at Juarez today were without confirmation of a report from Vera Cruz that Constitutionalist forces under General Gonzalez had captured Tampico. Last advices said Gonzalez had telegraphed General Carranza at Torreon that fighting was still in progress at Tampico on Sunday afternoon, but that he hopes to capture city within a few hours.

Washington, May 11—Huerta's protest over the reported seizure of Labos island an important lighthouse point off the eastern coast of Mexico, by a landing party from United States torpedo boats, was taken up today by the South American congress.

ONE PIN SHORT OF THE RECORD OF ARCHIE WALSH

A. Duffy Rolls a Great String of 151 on Black's

The high single string record of 103, made by Archie Walsh in 1910, was in danger this morning on Black's alley, when Aurlie Duffy came within one pin of Walsh's record. Up to the tenth and last ball it was believed that he would go well above the previous record. The last three balls netted him but six pins and he fell one pin short of the mark. His score was interesting and was as follows: 17 (spare); 18 (spare); 20 (strike on spare); 20 (spare on strike); 16 (on spare); 18 (spare); 19 (spare); 15 (spare) 6—total, 151.

MONCTON PROPERTY SALE

Moncton, N. B., May 11—The Winter property in St. George street has been sold to T. C. Dobson, manager of the Walker, N. S. stone quarries. The purchase price is understood to be in the vicinity of \$15,000. The property, consisting of four double houses, has a frontage on St. George street between Bonaccord and Archibald.

LEG FRACTURED

While playing ball on Saturday afternoon with several other boys Oswald McDonald, aged 16 years, son of John McDonald, Jr., inspector of inland revenue, was injured in colliding with another lad. He sustained a fracture of the leg and will be confined to his home, 216 King street east, for several weeks. He is a very popular boy with his playmates and the news of his accident was heard with regret. The lad was taken to the hospital yesterday and an X-ray examination made.

IS IT RIGHT?

Bicycling is already becoming quite popular again among the boys and young men on the West Side. The Sunday cyclist is of course in evidence the same on any other day. They prefer the sidewalks, however uneven they be on the surface, to the watered street which is apt to be somewhat muddy. Frequent collisions between cyclists and pedestrians on the way to or from church have yet been reported.

A School Matter.

Windsor, Ont., May 11—Rev. Father Loiselle, parish priest at River Canard, according to report there, has been suspended indefinitely by Bishop Fallon because, it is said, he refused to give testimony in a clerical case which arose out of a bilingual school controversy before a diocesan court. Father Loiselle is understood to have declared that it is an incompetent court.

Bishop Fallon last night declined to confirm or deny the story.

The Peacher is Dead

Moncton, N. B., May 11—Jack Brady, known as "The Peacher," died in the Moncton hospital on Saturday. He was about forty years of age and well known in Fredericton, where he was born many years ago. He joined a band of gypsies and had been wandering about with them ever since. He was brought to the hospital from a gypsy camp a few days ago suffering from tuberculosis.

Easy & Practical Home Dress Making Lessons

Prepared Especially For This Newspaper by Pictorial Review

FOR MORNING WEAR.

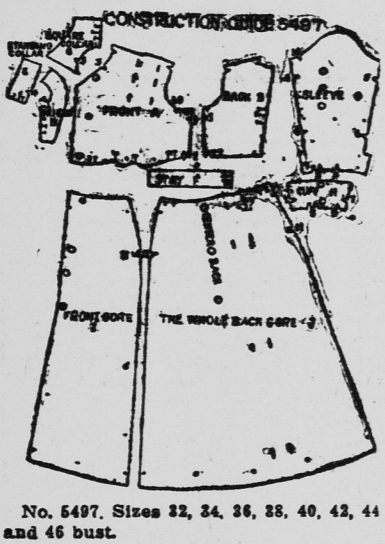

5497

Practical design for a lady's costume, for the construction of which any inexpensive material may be used. It is built without a lining, has an attached three-piece skirt and low neck with turn-over collar.

The model pictured today is suitable for linen or cotton voile, 4 1/2 yards of 44-inch material being required to make the dress. Very dainty wash fabrics may be had for 30 cents a yard and upward.

Plaid linen forms the decoration for the front, the collar and cuffs and of this, 1 yard of 36-inch material will be required. In cutting out the dress, lay the material open for the whole back gore of the skirt. Now, take another piece of goods and fold. Put the back and collar (B and C, respectively) on a fold of the material. The front gore, front and sleeve are placed on a lengthwise thread of the material.

Patterns published in this series may be obtained by sending price of pattern in cash or stamps to The Evening Times, Pattern Department, 23 Canterbury street, St. John. As a rule it takes about one week to deliver the pattern to the buyer. Those sending money must be careful (1) to write the number of the pattern plainly, (2) to write their name and Post Office address clearly, and (3) to enclose the price.

CELEBRATE FOUNDING OF SAINT JOHN CHURCH SEVENTY YEARS AGO

On May 12, 1844, the first service was held in St. John Presbyterian church, and yesterday special services were conducted to celebrate the seventieth anniversary. The church has had an interesting record in its history. Rev. Robert Irvine was the first pastor, and it was he who officiated seventy years ago. Then came Rev. Dr. Bennett, followed by Rev. T. F. Fotheringham, who was pastor for a quarter of a century and who still lives in Orland, California. He wrote a letter which was read to the congregation last evening, in which he spoke of the kindly feeling that had always existed between him and the congregation of St. John Presbyterian church, and trusted that the steadfast work there would continue under the present pastor as it had in his own time.

There is, so far as is known, only one person in St. John today who heard the first sermon there—William Crockett, of High street. It was much regretted last evening that he was ill and could not attend the anniversary. Two others, at least, of the present members of the congregation still are living in the city, David Mitchell and William Gray, who were associated with the congregation during the ministry of the first pastor, Rev. Robert Irvine. Professor H. A. Keith, M. A., of the Presbyterian College, Halifax, preached at both services yesterday and large congregations were present. Miss Emma Rubinus presided at the organ. The church was decorated for the day with spring blossoms.

To Fight Gouty Agony The St. John delegation is to leave this evening for Ottawa to protest against the Goutless agreement being renewed. D. F. Pidgeon left last evening as one of the representatives of the St. John Board of Trade and Councillor John O'Brien and G. Earl Logan have gone to represent the Fairville Board of Trade. Those who will leave this evening representing the Board of Trade are J. M. Robinson, president; W. S. Fisher and R. E. Armstrong, secretary. E. J. Tighe and John Montague will represent labor organizations. The feeling in St. John is even more intense than it

PRINCESS OF TECK AND THE PRINCE WHO WILL BE GOVERNOR GENERAL OF CANADA

PRINCE AND PRINCESS ALEXANDER OF TECK.

Official word comes from London that Prince Alexander of Teck, third son of the late Duke of Teck and brother of Queen Mary, is to succeed the Duke of Connaught as Governor-General of Canada. He will take up his duties in October, at the expiration of the term of the Duke of Connaught. The Prince is a keen soldier, but he has had little administrative experience. He is, however, a hard worker and a good organizer. The Princess of Teck is a great favorite and is voted the prettiest and the best dressed of the British royal princesses.

FORTUNE REWARD FOR KINDLY ACTS

Denver Man is \$25,000 Richer Because He Was Courteous

Denver, May 11—For being courteous to an aged woman, Robert Reiner has been left \$25,000 in her will, but Mrs. Christiana J. Evans, who took care of the same old lady's dog until the dog died, for which she says, she was promised \$500 in the will, has had to start suit in the District Court against the estate to collect the money she says is due her.

The old lady was Mrs. Celia Oster. She was worth about \$100,000 when she died a short time ago, and divided her money and property among friends and heirs and made several bequests to charitable institutions, but she came in for the bulk of the estate, receiving \$100,000 from it, and all of the money Mrs. Oster had in two Denver banks, amounting to \$15,000.

Mrs. Oster became a widow years ago, and being childless found that nobody was kind to her unless they were well paid for their little services. Reiner, however, she found to be of a different sort, although a young man. He entertained Mrs. Oster in numerous ways and never asked anything in return. When she died he found he suddenly had become rich.

When Mrs. Oster made her will she left \$15,000 to be paid to Mrs. Evans for taking care of her dog, "Daisy," until the latter's death. Daisy died in July, 1913, and a little before Mrs. Oster's death she made a codicil to her will in which she revoked the bequest to Mrs. Evans.

Attorney Foster Cline has filed suit in the district court against Edward W. Shannon, executor of the estate of Mrs. Oster for \$500, which Mr. Cline asserts is due Mrs. Evans for taking care of Daisy. According to the complaint an agreement was entered into between Mrs. Oster and Mrs. Evans that the latter was to receive that amount for taking care of the dog. Mrs. Evans says she carried out her part of the contract but that Mrs. Oster failed to do as she agreed.

Canadian Club The report of the secretary of the Canadian Club of St. John for the year ending January 31 last, embodied in a booklet recently issued, shows a membership of 569, being a net increase of 68 for the year. Eight meetings were held, of which full particulars are given by the literary correspondent in his report. The treasurer's report shows receipts (including cash in hand amounting to \$357.88) of \$884.89, and expenditures of \$724.45, leaving a balance in hand of \$160.44. All the reports show that the club had a successful year.

Have you had that languid feeling which makes you think all outdoors has conspired to get you away from the endless grinds. If not yet, it will be soon. And did you see his "nobs" in fashion-plate attire walking down the avenue. He's all "lit up" with regimental stripes. Where is huffy these balmy afternoons? One guess—Why, everybody knows springtime and the baseball season come together. Everything's green in the beautiful springtime. The grass, the trees, the foliage on milady's hat and—so's the spinach. Don't forget to eat "greens" in the springtime.

Now's the season when the housewife turns him out of doors while she sweeps cleanly with a new broom through all the house. "In the spring a fuller crimson comes upon the robin's breast; in the spring the water lily awakes its sister; in the spring a livelier iris changes on the burnish'd dove; in the spring a young man's fancy lightly turns to thoughts of love."—Penneyson

MARINE NOTES

Steamer Pontiac is due to dock at No. 3 berth this morning to load deals for the West Coast. Furness liner Tabasco steamed Saturday at 11:30 for London via Halifax.

Steamer Elg docked at No. 3 berth yesterday at 6:30 p. m. to load deals for the West Coast. The Swedish steamer Marie, which arrived yesterday to load deals for the west coast, was in great danger from ice on her trip from Cardiff to this port. No less than twenty-eight bergs were sighted off Cape Race while in the midst of a dense fog and it was only through careful navigation that the steamer was brought safely through the menace. The Marie is a 1,100 standard tramp steamer with a speed of ten knots and she is owned by Karen Company of Helsingberg. She will load deals at No. 2 berth for the west coast.

The steamer Coban arrived in port last evening from Parnsboro, with coal. The steamer Briardene left last night for Halifax where she will be overhauled before returning on the bay route. The government steamer Abercrombie, Captain Dalton, reached port yesterday.

CREX Rugs Protect Dainty Frocks

DROP comfortably before the window on a CREX rug and your white frock is insured against soil, for the CREX weave cannot hold dust or dirt. An occasional shake and sweeping over with a damp broom keeps the rug clean. No other floor covering is so sanitary. This is why CREX is the universal choice of economical housekeepers for porches, nurseries and play rooms, as well as for vestibules, halls, dens, dining, living and bed rooms. One never tires of CREX. The simple artistic weaves and beautiful color-effects make them harmonize with rich or simple interiors. This summer replace your heavy woolen rugs with CREX. You will be pleased with their coolness, cleanliness and their faint slumber-promoting fragrance. CREX cannot retain heat because the material is impervious and non-conductive. CRITICAL OF STEFFANSSON

Archdeacon Whittaker Speaks Of The Eskimos

ONE OF MISSION BAND

Another is St. John Mas, E. Merritt—Archdeacon Has Spent Years in Arctic Circle—Future of Far North

Edmonton, Alta., May 10.—"When Steffansson, the Arctic explorer, declared he 'prefers the Eskimo who has not been spoiled by civilization,' he made a statement regarding the 'spoiling' which is not supported by facts," said Archdeacon Whittaker who with a party of nine left Edmonton on May 1 for the Anglican mission fields of the far north. He will be stationed at Fort McPherson at the mouth of the Mackenzie river.

"Let me show what has been accomplished," he continued. "When we began mission work among the natives of the Arctic circle country, under Bishop Stringer, the Eskimo was terribly degraded. Polygamy, infanticide, theft, murder and all kinds of things were too common. Immorality was such that it cannot be mentioned. The Eskimos were made even worse by the presence of American whalers, who carried on an illicit liquor traffic. Things were in bad shape twenty years ago.

But now look at the change. The Eskimos have been reading religious teachings, and three-fifths of the 400 natives at the Mackenzie River delta have been baptized. They are carrying on service during our absence, and truly, the change has been revolutionary.

"The Eskimo has not been spoiled by civilization," the archdeacon said with emphasis. "He is not understood. If he were it would be different. Citing an incident to illustrate the temper of some of the Eskimos, Archdeacon Whittaker said that seventeen years ago he paid a visit to an Eskimo village in company with Bishop and Mrs. Stringer and two Indian boys.

When Death Seemed Near

"One day," he continued, "a boat came with a member of another tribe, who brought with him a bottle of whisky as an offering to the chief. This was customary, as members of one tribe do not like liquor traffic of another tribe on their hunting grounds.

"The chief accepted the present, and went off and drank all the whisky. He came up and handed me an empty bottle. As I had acted in the capacity of a doctor to these people, I naturally supposed that he had drunk the bottle for the purpose of a medicine bottle, and so extracted the cork, turned the bottle upside down and emptied the few remaining drops of whisky on the ground.

"The incident roused him to a furious temper. He snatched the bottle and threatened to brain me. Other Eskimos said it against the woodwork and suggested that we fight with knives to see who would die first. When I declined to do that, he wanted to use axes as weapons, and then, he suddenly started toward my tent, six feet away, where stood a gun and rifle.

"Up to that time I had stood perfectly still, but as soon as the Eskimo started for the tent I knew there would be trouble, as he was in a towering rage. As quick as a flash I had my arms around him, and I held him until help arrived. Steffansson's accounts of the Eskimos are most reliable where the explorer's observations are concerned, but when it comes to a matter of judgment he is some times at fault."

The Eskimos, according to the archdeacon, are well supplied with boats, some of them have craft capable of carrying loads of four or five tons. Most of them now making a living by catching fur, and it is not an unusual thing for an Eskimo to make as much as \$1,500 by this means during the season. Few of them understand English. The prevailing language is an Eskimo jargon which the whalers learn rapidly.

The Future of the Far North

Asked as to the future of the vast hinterland beyond the 60th parallel of latitude, Archdeacon Whittaker said there have been so many wonderful changes in the west during the last twenty years that he would not venture even a guess as to what is likely to take place in the next few years.

"I do not think there is a future for the extreme north, except as a fur-bearing region. If the animals are conserved, so much the better. There is little restriction on the taking of fur at present. The Eskimos are better in this respect than the Indians. We got the Eskimo to see the benefit of avoiding early trapping and he will not set his traps until after November 1, when the

fur is good and fetches top prices. On the other hand, the Indian, as soon as he sees a mink or fox, will set his trap and kill, no matter what the time of year."

Archdeacon Whittaker told of the efforts of W. Henry Fry, one of the missionaries, to reach the people popularly known as "the Blonde Eskimos," who live 1,000 miles east of Herschell Island, in what is known as Victoria Land. Mr. Fry and a party of nine covered 600 miles, but had to turn back on account of ice and lack of provisions. The archdeacon says the Eskimos are not really blonde, which is a newspaper appellation, although some of them undoubtedly have a strain of white blood in their veins, and, if dressed in European clothes might be taken for Englishmen.

Archdeacon Whittaker began his labors among the Eskimos in 1895. His wife, a sister of the wife of Bishop Lucas, followed him three years later. He was stationed at Fort McPherson for five years, then again at Fort McPherson for another five years, with fur-troughs intervening. He was accompanied to his far-off post by Mrs. Whittaker. They will have a motor boat of 45 feet and 11-foot beam, the trip occupying two months.

One St. John Man.

The other members of the party and the places at which they will be stationed are as follows: Bishop Lucas, at Fort Chipewyan; Rev. C. H. Quarterman of Wycliffe College, Toronto, at Fort Chipewyan and Smith's Landing; Rev. G. Borring of Emmanuel College, Saskatchewan, at Fort Simpson; Rev. H. Girling, Emmanuel College, Saskatoon, Sask., for Eskimo work; W. Spencer Tremaine and wife, Lloydminster, Alta.-Sask., at Fort Norman; E. Merritt, St. John, N. B., and W. H. B. Hoare, of Ottawa, for Eskimo work.

Fishermen Form Association

On Saturday night in the Coronation hall, Lorneville, the fishermen of that place formed the Fishermen's Protective Association. The objects of the association are to unite the fishermen of Lorneville and other districts for the purpose of mutual protection and to secure legislation for the benefit of the fishermen. The association starts with a charter membership of more than twenty-five. George H. Galbraith occupied the chair and after the constitution was adopted, called Councillor William Golding to the chair to conduct the election of officers. The following officers were elected for the ensuing year: President, George H. Galbraith; 1st vice-president, Albert J. Wilson; 2nd vice-president, Samuel Maguire; secretary-treasurer, Samuel Ferguson. The executive committee comprise the officers and Messrs. W. A. Ewart, Andrew Galbraith, William T. Galbraith, William Wilson and Samuel Wenn. Thomas J. Galbraith and Samuel Wenn are the audit committee. The executive committee is the legislation committee.

THE VALLEY RAILWAY

"Nothing has been decided about commencing work on the St. John Valley Railway below Gagetown," said Mr. Corbett to The Fredericton Gleaner. "We have received notification to start work, in fact that was some time ago, but we do not propose to start, until we know definitely which way the line is going to go."

Nervous Trouble Followed by Locomotor Ataxia

Treatment From Doctors Proved of No Avail—Was Fully Restored by Dr. Chase's Nerve Food.

It has been said that "nervous people are the salt of the earth." You only have to look around you to prove this. You find the nervous, high-tensioned, active-brained men and women in the highest positions in the land.

The enormous expenditure of nervous energy made by such natures too frequently leads to nervous breakdown. Worry, excessive mental work and shock such as referred to in this letter are often the immediate cause of nervous collapse. Recovery is often slow and tedious, and doctors, as well as the sufferers, lose patience.

There can no longer be any doubt that Dr. Chase's Nerve Food is the most effective of nerve restoratives. There are many thousands of cures on record similar to the one described in this letter:

Mrs. T. E. Tweedie, Brighton, Ont., writes: "For years I was troubled with the stomach, and have always been of a nervous temperament. The death of my husband was a great shock to me, and a few months later I was prostrated by nervous trouble. Locomotor ataxia developed later, and I was in a bad condition."

"I took treatment from different doctors, but did not gain until I began the use of Dr. Chase's Nerve Food. When I had used five boxes I was so fully restored that I was like a different person. I am sure that the Nerve Food is a good medicine, and have told many people about this remarkable way in which it has restored my health."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50. All dealers, or Edman-son, Bates & Co., Limited, Toronto.

THE DELEGATION.

A strong delegation from St. John leaves for Ottawa today to protest against a renewal of the Gutelius agreement and to demand a square deal for the port of St. John, in connection with the trans-Atlantic mail and passenger service as well as freight service.

A FEW QUESTIONS

Now that really spring weather has come, force is given to quite a number of complaints which are voiced from time to time. Why, for example, should numerous dogs be permitted to damage the flower beds in the squares?

ST. JOHN'S POSITION.

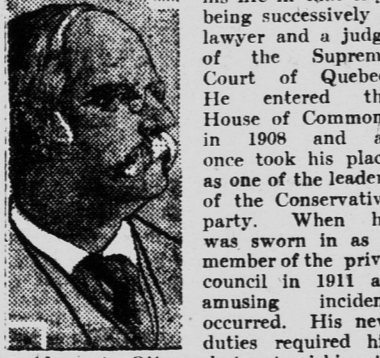

What is the St. John delegation has to say to the government at Ottawa? Simply this—That until Mr. Gutelius made an unfair arrangement for the use of the Intercolonial Railway to the detriment of this port, St. John had been demonstrating its adaptability as a mail and passenger port, and it was only by throwing the Intercolonial Railway deliberately into the scale against St. John that this condition of affairs was changed.

Troops About to Sail to Mexico; Army Mules Are Still In Use

Photos by American Press Association.

United States troops were long prepared to move on Mexico. When the word came that the fleet had been ordered to establish a blockade the transports at Galveston began taking on soldiers from the camp at Texas City, where 10,000 regulars had been encamped for months. Such a scene as here pictured was witnessed. The faithful army mules, transportation of supplies from Fort Bliss are also brought into service for them to the border.

PROCESSION MORE THAN MILE LONG

Great Concourse at Funeral of James Lowell on Sunday Afternoon

The funeral of James Lowell, held yesterday afternoon from his residence, South Bay, was the largest in the history of the community. A little after one o'clock teams began to gather, all the side roads contributing their contingent to swell the assembly from the city and Fairville and soon the large field in front of the house had to be utilized as all the yard and roadway were filled. Service was commenced at 2:30 by Rev. H. R. Boyer, assisted by Rev. W. H. Townshend. The Fairville Baptist choir under the leadership of H. P. Allingham, sang "Only Remembered" and "Abide With Me," while Miss Blends-Thompson sang a solo very effectively.

Rev. Mr. Boyer spoke of the untimely death of James Lowell, a man of whom it would be felt not only in this vicinity but in St. John, New Brunswick and even the dominion itself. The county needed men of his type whom the lusts of office could not buy or swerve from public duty.

His watchword was the community first and all personal matters he relegated to second place. He would be missed by a large circle outside his immediate family, for the needy had lost a real benefactor, Fairville a worthy representative and the citizens a true friend. Mr. Boyer feelingly spoke of the last words of Mr. Lowell before relapsing into unconsciousness, "Be good, meet me in Heaven," and from this he drew lessons of condolence and hope for the bereaved ones and exemplified the life of the deceased to his hearers.

The funeral procession was more than a mile long. About 150 men were in line and more than 100 teams, and the march, instead of breaking up as usual a short distance from the house, proceeded through South Bay along the Manawagonish Road, and Main street, Fairville to Cedar Hill, where interment took place.

Such a manifestation of respect is rarely paid a public man, whatever his station, as in the concourse were noticed a city commissioner, members of the bench, bar and medical fraternity, side by side or driving with the merchants, artisans, millmen, farmers and laborers of the county, all recognizing the strength of character and kindly disposition as well as faithful public life of the deceased. His memory will long remain fresh, for he is remembered by what he has done.

Among the floral offerings were the following:—From the family, a pillow of roses; Joseph Lowell, a brother, a pillow of roses; Miss Lawson and the Sears' family (Boston), a wreath of roses; Mr. and Mrs. George Lawson, (Boston), a wreath of roses; Mr. and Mrs. John Bronnell (Moncton), a basket of roses.

R. A. Pringle, K. C., Government Investigator, Will Probe Deeply—Organization Meeting on Tuesday

R. A. Pringle, K. C., of Ottawa, who has been appointed by the federal government to conduct an inquiry into the cost of the Southampton Railway, and the circumstances under which an official of the department of railways and canals reported the road cost \$22,000, and as such was entitled to the double subsidy of \$8,400, arrived in the city Saturday accompanied by his wife, and will go to Fredericton today to arrange the preliminary session of the inquiry on Tuesday morning. Mr. Pringle said last evening that the session on Tuesday would be for organization purposes only and that after orders had been given to produce documents required and other information secured, adjournment would be taken for another month. At the date fixed, which would be convenient to all parties, probably some time in June, the hearing would proceed promptly, and he hoped to finish in a few days, without prolonging the evidence as was done in the legal action of Stewart vs. Southampton Railway Co., in January last, when much of the same matter was brought out as will be required at the coming inquiry.

Must Have Actual Cost.

It is understood that T. J. Carter, of Andover, will represent the department of railways and canals at the hearing. C. D. Richards will appear for the Southampton Railway Co., and the engineer who is now under subpoena will likely be represented by counsel. Mr. Pringle said it would be absolutely necessary for the purposes of the inquiry to learn the actual cost of the road.

In a report by the director of the United States, Mint the world's gold production for 1913 is given as \$43,533,000, of which Africa, with \$207,600,000, contributes nearly one-half, Canada's share is \$15,300,000, or one-thirtieth of the whole.

SOME HARD KNOCKS FOR H. F. McLEOD, M. P.

York County Member Does Not Appear to Have Impressed Some Papers

The Ottawa Journal, the chief Tory paper at the capital, says of York's M. P., "H. F. McLeod, the recently elected Conservative for York, N. B., has a curious style. HIS SPEECH LAST NIGHT WAS SOMEWHAT OF A HARANGUE, AND OF AN ANCIENT TYPE, ALTOGETHER UNUSUAL IN PRESENT DAY PARLIAMENTS. IT WAS NOT IMPRESSIVE."

The Ottawa correspondent of the St. John Globe a paper friendly to the government says:

"Mr. McLeod also brought applause from his fellow Conservatives by some pointed things about Mr. Carrell. But Mr. McLeod does not present a case very well and sometimes mistakes noise for effective statement. His laze would have been a better job of it."

RECTOR DISAPPROVES OF WOMAN AS CHURCH SEXTON

London, May 11—A curious church controversy has suddenly developed at Crowland, near Spalding, as a consequence of the action of the Rev. S. C. Calver, the new rector of Crowland Abbey, in discharging the woman sexton, Miss S. J. Hill.

For some years Miss Hill has been sexton of the famous abbey, and the appointment has been in the family for nearly 200 years. The sextons during that time have been her brother, her father, her grandfather, her great-grandfather, and her great-great-grandfather. Of the latter, a tablet in Crowland Abbey, records the fact that he lost his sight by walking in a snowstorm when forty years of age, but despite this, he could go into the churchyard and find easily every grave he was desired to point out.

Mr. Calver has been rector of Crowland only a short time, and a few weeks ago he gave the sexton notice to leave the abbey cottages, a house built many years ago specially for the sexton of the church. Miss Hill, at a meeting of the vestry, gave up the keys under protest, and it was announced that Alfred Holland had been appointed verger by the rector.

The parishioners contend that the rector is striving to take away from them what they say is one of their rights as parishioners, namely, the appointment of sexton by the vestry meeting. The rector said he was not in favor of women sextons because they could not fulfill all the duties of the office satisfactorily.

THE DUKE AS AUCTIONEER

London, May 11—If Lloyd George taxes the British dukes into a condition of poverty, the Duke of Marlborough at least, may hope to earn his living as an auctioneer. His debut in that capacity, made at Oxford, was a big success. Incidentally the occasion marked the debut of the peerage in that field of activity.

Facing with cool confidence the large crowd which gathered to see how a real duke would comport himself on the rostrum; waving the ivory hammer with the ease with which his great ancestors wielded the baton; sweeping the field of bidders with a keen glance, and spotting likely openings swiftly and surely, the duke sold five or six lots of his property in exactly an hour. The friendly audience cheered him from start to finish.

A railroad engineer was boasting about the speed of his engine. "Why," he said, "once when I had a new fireman with me on run thirty two he asked me in a surprised way if that wasn't a rather long white fence beside the line. "White fence?" says I, with a roar of laughter. "That's no white fence. That's milestones."

DEFIANCE TO BE LAUNCHED TODAY

Cup Defender To Take To Water at Bath, Me. IS SECOND OF THE TRIO

Resolute Sent Off the Ways Two Weeks Ago - Maine Speeder Built For Tri-City Syndicate - Some of Her Points

Bath, Me., May 10.—The Defiance, one of the three yachts which will seek the honor of defending the America's cup in the races against Sir Thomas Lipton's challenger next fall, will be launched from her builder's yard here today, probably at two o'clock in the afternoon. She will be launched bow first instead of stern first, as is customary.

This will be the second of the three boats to get into the water. The Resolute, owned by a syndicate of New York Yacht Club members, took her maiden plunge at Bristol, R. I., two weeks ago, while the Vanitie, which is being built at Boston for Alexander Smith Cochran, is on her ways.

The Defiance carries the aspirations of fifteen yachtsmen. It is called the tri-city yacht, since the syndicate of owners is made up of eight men from Boston, six from New York, and one from Philadelphia. George M. Pynchon of New York, E. Walter Clark of Philadelphia, and Henry Taggard of Boston, were the prime movers, although Mr. Taggard is acting as agent of another Boston yachtsman who does not desire his identity made known. Mr. Pynchon is the manager and Mr. Clark the treasurer of the syndicate.

The other members are George Lauder, George D. Hazron, James B. Ford, E. Townbridge Hall, and Thomas C. Dunham, of New York; Oliver Ames, J. C. Cobb, F. C. Fletcher, Charles Hayden, F. E. Peabody, Elliot Wadsworth, and E. S. Webster, of Boston.

Some of The American Refugees From Mexico Who Escaped When In Death Peril

Above are shown some of the first American refugees from Mexico who were landed in New York. There were thirty-one persons in the party, all brought from Puerto Mexico and all, including four women and eight children, telling a thrilling story of their adventures after the American occupation of Vera Cruz.

ANNIE LAURIE AT OPERA HOUSE TONIGHT

For the first three days of this week, beginning tonight, the Thompson-Woods Stock Company will present a dramatic rural comedy by Justin Adams, author of "Quincy Adams Sawyer" entitled "Annie Laurie."

NEWS OF THE CHURCHES

Mother's Day was referred to in the city churches yesterday when special sermons were preached and the request of the mayor that a white flower be worn by each person in honor of their mother was observed to some extent.

Another Britisher To The Front

Milwaukee, May 9.—Johnny Conlon, bantamweight champion of America, will have a new rival for the world's title in that class, providing he wins since he on Monday night that he could beat Digby Stanley on his merits, and I should not care to wager overmuch on Stanley's chance against Conlon or Williams.

BUILD YOUR SHIP OF TEAK

(American Machinist) African teakwood is renowned for its indestructible qualities. It was used to an enormous extent in shipbuilding and many ships built of it are still in existence more than 100 years later.

MORNING NEWS OVER THE WIRE

The dead body of a man, evidently a sailor, was found floating in a large mass of ice on Saturday off the north side of P. E. Island by a lobster fisherman. It is believed to be that of one of the sealers who met death in the disaster of a few weeks ago off Newfoundland.

The number of dead from the earthquake which caused such destruction about Sicily on Friday is placed at about 139, with 850 injured. In Lincera alone 110 persons were killed and 300 were injured.

Rev. D. LeBlanc, of Dorchester, N. B., has been appointed Roman Catholic chaplain in Dorchester penitentiary. He is a recent graduate of St. Joseph's University.

Hon. W. T. Finlay, former minister of agriculture in the Alberta government, a lumber merchant of Medicine Hat, Alta., died yesterday in Vancouver, B. C.

It is said at Ottawa that the redistribution bill will not be dealt with before 110 persons were killed and 300 were injured.

Speaking of the baseball situation in Halifax the Echo says: "The names of the Halifax ball players will not be public for a few days."

The names of the boys are coming in from the New England states, but there are some from as far west as Chicago and as far south as Georgia.

The Halifax Moguls will have in the Wanderers grounds the finest ball park on the circuit. With the big grandstand and the bleacher extended along towards third base, they will have ample accommodation for the crowds.

The Pictou, Moncton and St. John press are eagerly discussing their team and the fans in those towns appear to be enthusiastic regarding their chances of turning out winners.

Washington, May 10.—The United States representatives to confer with the mediators in the Mexican troubles will be Associate Justice J. P. Linnay, of the Superior Court, and F. W. Lehmann, of St. Louis, former solicitor general. Word reached here tonight that four newspapers correspondents at Mexico City had been arrested by the Mexican authorities. They were released after being in custody a few hours.

Great Britain, Germany and the United States, in the order named, are the great competitors for South American trade.

MARITIME LEAGUE

Four Teams Rapidly Getting Into Shape Managers Secured and Many of The Players Signed—Looks Like Fast Ball in New Brunswick and Nova Scotia

The player managers for the different teams in the Maritime Baseball League practically have been decided upon and Moncton has got so far ahead that its ten men are already signed.

The control of the Moncton team will be vested in George Boardman, formerly of the Bangor club in the N. B. and Maine League, who will also guard the third sack.

The Pictou county magnates are not yet prepared to announce their manager's name but it is said that he is an experienced man in big league baseball.

It is expected that other N. B. and Maine League players, besides those secured by Moncton, will find their way back to the maritime provinces this season, as several who were with the New England League at present have been, or will be, let out.

The names of the Halifax ball players will not be public for a few days as some of the men are still dickering for larger pay envelopes.

MRS. DUNHAM OF CARLETON DEAD

Had Entered Upon Her 102nd Year

ILL SEVERAL WEEKS

Previous to That Was Able to Sew and Knit Without Use of Glasses—Had Lived in Reign of Six British Sovereigns

One who was probably the oldest resident of St. John, being in the 102nd year of her age, Mrs. Elizabeth Dunham of Carleton, passed away today about 12.30 at the residence of her son, W. O. Dunham, 9 Dufferin Row, West End, after an illness of several weeks. She was a most remarkable old lady, who retained her faculties right up to her death, and who was able to describe events of early years with astonishing accuracy.

Up to a few weeks ago she was able to be about the house fairly active and well, and indulged in sewing and knitting which she used to do without the aid of glasses. On February 18 of this year she celebrated her 101st birthday and was then the recipient of hearty congratulations from her friends and relatives. She was always bright and cheery and was esteemed by all who knew her, for her motherly manner and amiable, kindly disposition.

Ever since her birth Mrs. Dunham had resided in the West Side, her father, Joseph Ponsford, a native of Birmingham, England, having settled in Carleton in the early years of last century.

Quite naturally she was able to tell very interesting tales of the old days of the West End. She had the happy experience of being a great-grandmother, and among her descendants are five children, thirty-one grandchildren, fifty-four great-grandchildren and four great-great-grandchildren. In all she had eleven children, but of these only five are alive today.

Mrs. Dunham always had been a staunch adherent of the Church of England and for many years had been a member of St. Jude's church in Carleton. She had lived under the reigns of six sovereigns—George III., George IV., William IV., Victoria, Edward VII. and George V.

The children who are living today are: Mrs. R. Mosher, of Worcester (Mass.); Mrs. Joseph Ponsford, of South Dakota; Mrs. J. Webb, of Houlton (Me.); George Dunham, of Waterloo, Iowa; and Whitney O. Dunham, of Carleton.

The funeral arrangements have not yet been completed.

MILK INSPECTION

The board of health is holding a special meeting this afternoon in connection with the inspection of the local milk supply. Among other matters is the appointment of an inspector. The appointment of a milk inspector has been in the hands of the government, but so far they have not yet made an appointment, and at a recent meeting of the municipal council, it was decided that the municipality would make a grant toward the financing of an inspector, to be appointed by the local board.

The annual inspection of the city and residential districts of St. Martin and Lancaster parishes will commence next Monday.

THE WIDOWED DUCHESS

The widowed Duchess of Argyll was married to the late duke, then known as the Marquis of Lorne, in 1871 and spent five years with him in Canada during his occupancy of the post of governor-general from 1878 to 1883. Queen Victoria's constant in the marriage of one of her daughters with the heir of a Scottish noble was very popular with the British people. An old Scotch peasant the tidings: "Queen Victoria will be a proud lady the noo." The duchess bears a striking resemblance to her mother, the late Queen Victoria. Her pose in this picture is identical with that of Victoria the Good in many of her portraits.

Relief Fund Is Nearly Depleted Money Contributed For Sufferers in St. John's Big Fire of '77—Less on Hand Than Was Needed in Distribution Last Year

The annual meeting of the St. John Relief and Aid Association is being held this afternoon and from the reports which will be presented it appears that the object for which the society was formed has been nearly accomplished. The distributions last year amounted to more than \$2,500, and the balance on hand is now only \$2,183, so it looks as if the funds would all be disbursed before the end of this year. At the meeting this afternoon, the matter of dissolution will probably be referred to.

At the time of the fire in 1877, relief money poured in from all quarters and the society was then formed and money invested to pay the sufferers so much each year as long as the fund lasted and this work has so far been well accomplished. There are now few left that need to be benefitted by it.

Following are the reports so submitted at the meeting:

Balance consists of: Bonds in Bank of Nova Scotia, \$2,000.00; Cash in Bank, 15.00; Cash in hands of Secretary, 57.45. Total, \$2,181.11. H. D. EVERETT, Secretary.

There was a full bench of prisoners this morning and the magistrate asked if any had been arrested between Charlotte and Brussels street on Saturday evening. On being told that were none, the magistrate said that he and another gentleman counted nineteen drunken men in that section within a short time on Saturday.

ARREST OF MARK CAREY

Circumstances Detailed in the Police Court—Policeman Attacked

The police court was crowded this morning with spectators interested in a case against Mark Carey. He was arrested yesterday afternoon on a warrant sworn out some time ago charging him with having on his person liquor for sale without having a license. Carey was seen for the first time since by Detective Lucas yesterday afternoon in Fairville and Lucas advised the arrest with the assistance of two men who were called upon to assist, but not before Lucas was cut in several places.

Saturday Between Charlotte and Brussels Streets

MAGISTRATE'S STATEMENT

Given Another Chance, But He Fails—Interference With Policeman Brings Liability of Heavy Penalty

There was a full bench of prisoners this morning and the magistrate asked if any had been arrested between Charlotte and Brussels street on Saturday evening. On being told that were none, the magistrate said that he and another gentleman counted nineteen drunken men in that section within a short time on Saturday.

ARREST OF MARK CAREY

Circumstances Detailed in the Police Court—Policeman Attacked

The police court was crowded this morning with spectators interested in a case against Mark Carey. He was arrested yesterday afternoon on a warrant sworn out some time ago charging him with having on his person liquor for sale without having a license. Carey was seen for the first time since by Detective Lucas yesterday afternoon in Fairville and Lucas advised the arrest with the assistance of two men who were called upon to assist, but not before Lucas was cut in several places.

MR. FISHER WILL ACT

W. S. Fisher has announced his intention of accepting the invitation of Lieutenant Governor Wood to act as a member of the Royal Commission to investigate the Dugal charges. Mr. Fisher will leave this evening for Ottawa with the delegation which will wait on the government on business relating to this port and it is possible that the chairman of the royal commission will be known by the time he returns.

AFTER INSPECTION

J. G. McPhail, of Ottawa, Dominion commissioner of lights, returned yesterday on the government steamer Aberdeen after inspecting the lights in the bay. He was accompanied by the local inspector of lights.

THE FOUNTAIN AT WORK

Room Size Tapestry Squares

We refer mainly to large size Tapestry Squares, because they are more on our mind. To be very frank about it, we indulge in these extra square size more for reputation than for the profit they represent. If we can get our money back with simple interest, that's enough.
