Why Carson Quit Cabinet

**DUAL MONARCHY IS FAST MOVING TOWARDS CRISIS**

London, Jan. 21.—(By the Associated Press.)—Thousands of soldiers in the vicinity of Verdun on Saturday witnessed a most exciting air fight which ended in the destruction of three German machines. A squadron of six enemy machines appeared above the ruined city of Verdun. While a heavy barrage from the French artillery greeted them, three French chasing machines ascended to cut off the retreat of the Germans.

One of the enemy fliers attacked a French observation balloon which it set on fire, but the occupant of the balloon dropped in his parachute to safety. One of the French chasers caught his machine under his machine gun fire and sent it crashing to the ground. Then the same Frenchman pursued the other Germans, and after a sharp fight, in which there was much clever manoeuvring, sent down another victim with his wings broken. An hour later the third enemy was destroyed by the same French squadron. On Sunday morning a fourth enemy airmen met his end in the course of a combat with a French opponent a short distance from the same spot.

German Raid Falls.

Paris, Jan. 22.—"A German raid west of Navarin Farm, in Champagne, was without result," says today's official statement. "In the region of Auberville, French patrols brought back prisoners."

British Report.

London, Jan. 22.—"Attempted enemy raids last night east of Ypres were repulsed with few exceptions. Otherwise the night was quiet over the whole front."

SAYS AUSTRIA WANTS TO SEE END VERY SOON

Vienna, Jan. 21.—"It is His Majesty's wish to end the war at the soonest moment possible by a honorable peace. In pursuance of this desire, and on the principles it repeatedly has announced, the government of the dual monarchy has done everything in its power, and will continue to do everything possible to bring about the peace," says an official statement today.

He reiterated again it was the government's agreement that Poland should settle her own state system by a popular vote, preferably by consultation with the assembly elected on a broad basis, and the government's readiness to arrange effective guarantees for complete freedom in such voting, unimpeded by the occupying authorities.

Why Carson Quit Cabinet

Text of Letter He Sent Premier THE IRISH QUESTION

Lloyd George Says He Thinks Ulster Leader Followed Wise Course—President Wilson Urges on British Government Settlement of Irish Matter

London, Jan. 21.—In a letter to Premier Lloyd George, Sir Edward Carson, who has resigned from the cabinet, says that when he joined the government he had no consideration in mind, except the prosecution of the war, and had not anticipated that the Irish question would be reopened during the war.

"Subsequently," the letter continues, "when the convention was proposed I used my influence to induce friends to participate in an effort to reach a settlement, but on account of the dual position I held as member of the government and leader of the Ulster party I felt it incumbent on me to stand aloof from any proposal to settle the Irish question. It is, however, apparent that whatever the issue of the convention, its proceedings may lead to a situation demanding a decision by the government on grave matters of policy in Ireland."

"I should like it clearly understood that since I joined the government there never has been any matter of policy, either in connection with the conduct of the war or the principles and aims for which we are fighting, which I found myself unable to support."

"I very much regret this severance, but am convinced it is for the national advantage at the present juncture."

The Premier's Reply.

Lloyd George replied to Sir Edward, expressing the deepest and most unfeeling regret because of the decision which was taken, and the personal and national loss which was suffered by the country.

"I recognize your special difficulties," the premier's letter continues, "and though you have fought your case repeatedly against the conclusion you have arrived at, I am compelled to admit under the circumstances, because of the wisdom in the course you have taken, that I cannot but regard your withdrawal from the cabinet as a necessary and unwise step."

The cabinet is now composed of the following members: Mr. Lloyd George, Mr. Balfour, Mr. Bonar Law, Mr. Curzon, Mr. D'Almeida, Mr. Hankey, Mr. Henderson, Mr. Wilson, Mr. McKenna, Mr. Fisher, Mr. Cunliffe, Mr. Cairnes, Mr. W. S. Tomes, Mr. E. A. Salway, Mr. F. B. Rowland, Mr. E. W. Blyden, Mr. G. G. D'Oyly, Mr. H. G. P. Graham and others.

COMPLETE PROHIBITION IN QUEBEC AFTER MAY 1, 1919, DECIDED BY LIBERAL CAUCUS

Quebec, Jan. 22.—Quebec is to have absolute, complete prohibition, starting May 1, 1919.

This was decided at a Liberal caucus held this morning at the parliament buildings. The caucus lasted barely one hour. Nothing was discussed outside of the prohibition question. The sentiment appears to have been practically generally favorable to absolute prohibition. All licenses will be abolished, even grocery licenses will be cancelled. This is a war measure.

New Brunswicker Recounts Talk With German Crown Prince

Angus Hamilton Was Questioned By Kaiser's Son

HAS NOW REACHED LONDON

Was Captured at Lens After Wound That Meant Loss of His Leg—Poor Food When Prisoner of Germans But Says General Treatment Good

(Special cable by F. A. McKenzie, copyright.)

London, Jan. 22.—Private Angus Hamilton of New Brunswick, who returned with a batch of wounded Canadian prisoners from Germany yesterday was visited by the German Crown Prince a little while before his departure.

"We were taken from Hamburg, where we were in hospital, to Aachen," says Hamilton. "Here we lay three days in departure sheds. One day the crown prince accompanied by three generals, visited us, walking the entire length of the ward, and talking to several of the prisoners. He was dressed in what looked like civilian clothes, with a grey fur-trimmed coat and he looked thin. He was dressed in what looked like civilian clothes, with a grey fur-trimmed coat and he looked thin. He was dressed in what looked like civilian clothes, with a grey fur-trimmed coat and he looked thin."

"He asked me who I was. When I told him a Canadian, he looked at my crutches and asked me how I was going to get home. He said that he had a great deal of food for me. He said that he had a great deal of food for me. He said that he had a great deal of food for me."

"I'm not complaining about my treatment," he said. "The food was certainly poor, but the guards told us that it was the best food they had. I believe the German people are suffering very acute food shortage. Some of our bread was made apparently wholly from potatoes with a kind of bran mixed. We had very little meat, only a small portion once a week, and what was left was largely alone, doctors rarely visiting, assistants called sanitators doing the dressing."

The wounded were able to move about, serving as orderlies.

Some returned men say that parcels take a considerable time to reach the prisoners, the earliest known being eight weeks after capture and usually three months. Some men have been six and half months without parcels. This is evidently due to faults in German distribution.

Our wounded received a rousing reception when they reached London yesterday. Today they are, with all the patients, was treated well surgically. From there he was sent to Hamburg, where the hospital for prisoners was kept largely alone, doctors rarely visiting, assistants called sanitators doing the dressing. The wounded were able to move about, serving as orderlies.

WILL GET THE AMERICAN ARMY OVER ALL RIGHT

Attorney-General Has Good Words, in Toronto Speech, for Sir Sam and the Canadians—"In The End," Says Governor-General

Toronto, Jan. 22.—"We have kept the surface of all the seas of the world," declared Sir Frederick E. Smith, K. C. M. P., attorney-general for Great Britain last evening, at a great meeting, said to inaugurate a campaign to raise \$20,000,000 in three days for the Canadian Patriotic Fund and the Red Cross.

"We have by the power of the British navy been enabled to transport twelve million soldiers over the seas. Think what this means to our American allies. Rely upon it, the Allied steamers and the American steamers, working together, will be able to carry over the seas the millions of American soldiers, despite the submarines."

Speaking of the responsibility of Germany for the outbreak of the war, he said: "We know now that Sir Sam Hughes, who was on the platform, told the American ambassador at Constantinople that the second battle of Ypres was the exact moment at which it would break out."

Tribute to Hughes and Canadians.

The attorney-general paid a strong tribute to the Canadian patriots who have taken so much interest in the war. He said no swifter word had ever been spoken than that which had created the Canadian Patriotic Fund. No one else made armies who never made mistakes. He spoke of the stand of that division at the second battle of Ypres to that of the Spartans at the Pass of Thermopylae, and of the French at Verdun, who had given to the world the phrase, "They shall not pass."

Speaking of the regard of Britain for Canada, he said: "The free, unshackled and unimpairable support which sprang from the spiritual support of a great nation is greater than guns, or what feeds guns."

The Duke of Devonshire said that Sir Frederick Smith could take back to England the message: "The decision of Canada is unaltered and unalterable. We're in it to the very end."

NEW ENEMY LEADER AGAINST THE ITALIANS

Italian Headquarters in Northern Italy, Jan. 21.—(By the Associated Press.)—Gen. Sestier Borevic has been appointed to succeed the Archduke Eugene in command of the entire enemy front against Italy, and it is believed that the change may have a considerable effect on the campaign. His appointment is construed as confirming reports that the enemy proposes to maintain a defensive attitude on the Italian front for the present. It is also regarded as a concession to the Slav element of Austria.

### Peat Fuel at Door of Toronto For \$5.80

(Toronto Star)  
Fuelless Torontonians may derive a certain amount of humor, grim though it may be, from the information received by Controller O'Neill today from Ottawa that there is, not thirty miles from Toronto, a 720,000-ton peat bog where peat not only may be cut, but has been manufactured and loaded for shipment at a cost of \$2.70 per ton.  
Like many other budding ideas, peat production in Ontario as a business proposition was spoiled when the outbreak of war. The bog, officially known as "Marsh Hill Peat Bog" was opened up by the Dominion government for experimental purposes in 1909, and a year or so later sold to a private company. They were producing sixty tons of peat a day when the war broke out, but owing to the difficulties of securing additional capital, they postponed operations until after the war.

The department of mines still has its statistics of cost of production during its tenure at the peat field. It cost \$1.80 a ton to remove the peat substance, 18 cents for drying, 15 cents for cutting, 80 cents for loading and transporting to railway lines, and another 80 cents for reloading and preparing for shipment on the siding. The total cost, therefore, under experimental conditions, was \$2.70 per ton, which would certainly be greatly reduced under condition of actual production for marketing purposes.

The government produced something like 3,000 tons of peat from the fields, and the private concern, which took over the plant, promptly moved the peat to the daily output of the government. With the department's letter, together with a book of statistics and reports, he affirmed Controller O'Neill estimated that peat could be mined, treated, and delivered at the door in Toronto for \$5.80 a ton.

**THROWN FROM SLEIGH**  
Mr. and Mrs. James Warkenton of 154 Market Place, West St. John, sustained a severe shaking up in addition to a broken and bruised hip yesterday afternoon when they were thrown out of their sleigh. They were driving along Mill street, and as they turned the corner into Main street their sleigh turned over and they were thrown. Mr. Warkenton was struck on the head, but he is recovering from his injuries. Mrs. Warkenton was also injured and she is recovering from her injuries. They are now in hospital.

### WHY DID THEY COME OUT

London, Jan. 22.—The Chronicle's naval correspondent writes:—"On what errand the Goeben and Breslau came to the entrance of the Dardanelles does not appear. Probably they were endeavoring to lure our naval force into danger from mines or submarines."

Archibald Hurd, the Daily Telegraph's naval correspondent, asks:—"Were they lured outside their protected area by tempting bait, or were they attempting to put to sea, thinking their course was clear to carry out some preparation?"

Hurd says that, although they are nominally Turkish ships they are German manned and responsive to the orders of the German naval staff at Berlin. We may assume an interesting story behind this announcement, though possibly it may not be one which we can publish in any detail until the war is over.

The Daily Express says:—"The escape of the Goeben and the Breslau to Constantinople in August, 1914, was one of the chief factors that induced Turkey to enter the war against the Allies. Their destruction may prove a chief factor in leading Turkey to make peace."

### ST. JOHN HARBOUR AND COMMISSION

"Montreal is almost as much interested in the development of the port of St. John as the people of St. John are," said Mr. P. Fenwick, secretary-treasurer of the Montreal harbor commission, this morning. Mr. Fenwick and Captain T. Bourassa, Montreal harbor master, spent the morning inspecting the local harbor and its facilities. They were taken around by Commissioner Russell in a harbor craft.

Mr. Fenwick said that Montreal was competing with the Atlantic ports of the United States for business and was spending money to secure the business. Owing to geographical conditions, more business could be handled through Montreal only during the summer months, and it would be much more to the interest to have it pass through another Canadian port in the winter months than to have it drift back to the United States ports.

The continuity of the business counted a great deal for the Montreal harbor commission, and an all-Canadian route, even by different ports would have a better prospect for holding the business than a route which had to allow the traffic to go to the competing ports for part of the year.

There is lots of business for every port in Canada," Mr. Fenwick said, "and we would be only too glad to see the ports of St. John and Halifax developed so rapidly and so thoroughly as possible that they might take care of the business in the winter months, which was building up at Montreal in the summer months.

The future of a port depends on its hinterland—on the territory back of it, and what it has to offer in the way of business. Where in all the world is there a situation which promises more for the future of a port than on the Canadian Atlantic coast? Not only have we all of Canada looking a very few ports for an outlet, but we have the vast expanse of the western states and their traffic requirements, for which we are actively competing."

Mr. Fenwick is an enthusiast on the administration of harbors under the commission system as they have it in Montreal. For St. John, he believes nationalization of the port and its government by a commission of harbor experts would be the logical prospect, although he did not expect such a proposal, involving the expenditure of vast amounts by the government, to be considered until the war was over.

### CONDENSED NEWS

The public schools of Guelph, Ont., were closed yesterday to save coal. A heavy grain movement from the northwest all winter is promised by the government, which is expected to cut in R. W. western lines.  
Despite the worst for conditions in New York harbor, four million ships were loaded there on last Sunday.  
The St. Catherine's Daily News newspaper office was gutted last night. The loss is \$10,000.

Rev. John Nell, pastor of Westminster church, Toronto, and moderator of the Presbyterian General Assembly, is not seriously ill in the Canadian hospital at St. John's, England, as reported. Joseph Kirk Clark, a prominent banker, has died at his home in Dorchester, England.  
Hon. Frank Tudor says there is not the slightest possibility of a truce between the opposing parties in Australia. The government estimate of the wheat crop of South Australia is 26,000,000 bushels as compared with 46,000,000 last season.

There are 110 ships tied up at New York docks mostly awaiting coal. All schools of Chicago except high schools are closed until next Monday on account of the fuel shortage.  
Three bandits entered the jewelry store of Ralph Newey, Dorchester, and Joseph Kirk Clark, a prominent banker, has died at his home in Dorchester, England.

### QUESTION AND ANSWER AS TO SUBMARINES

London, Jan. 21, via Reuters' Ottawa Agency.—In the House of Commons Sir Richard Cooper asked: "How can enemy submarines operate regularly in the Mersey while British submarines cannot operate near enemy ports in the North Sea?"  
Mr. MacNamara, under secretary for the admiralty, said he was not prepared to admit that British submarines could not operate near enemy ports in the North Sea. He emphasized that conditions in the vicinity of enemy ports were wholly different than those near British ports. Absence of mercantile traffic enabled the Germans to do extensive mining, which the volume of mercantile traffic in British ports necessitated keeping the approaches clear of mines.

### ENJOYED SLEIGH DRIVE

Members of the staff of William Thomson & Co.'s offices, with some of their friends, making a party of about forty, enjoyed a sleigh drive to Loch Lomond last evening. There was a substantial turkey supper awaiting them at the Barker House and afterwards music and dancing were enjoyed. Jack Olive's selections on the piano, J. B. Smith's accordion solos and a varied programme on the new Edison phonograph, which also supplied the dance music, added greatly to the enjoyment of the evening.

### GOVERNMENT HAS LITTLE CHANCE

London, Jan. 21.—Despatches filed in Petrograd yesterday say that the Bolsheviks are now hunting out the supporters of the constituent assembly. The correspondent of the Exchange Telegraph Company reports the suppression of all non-Socialist newspapers, while Red Guards are securing Petrograd for editions containing reports of the first season of the assembly, which are being destroyed. Search is also being made for Boris Savinkoff, a member of the Kerensky government, who is believed to be in Petrograd.  
According to one report, the Bolsheviks intend to arrest M. Tchernoff, who was elected chairman of the constituent assembly. On the other hand, some of the Red Guards have resigned, saying they were misled into the belief that by joining the organization they would assist in furthering the cause of the revolution, whereas they considered the aims of the Bolsheviks toward the constituent assembly to be opposed to the principles of liberty. Apparently, there is little chance of countering the measures taken against the constituent assembly.

### THE BOLSHEVIKI FEARS EFFECTS OF THEIR MURDERS

Petrograd, Jan. 21.—Premier Lenin and Secretary of State Burevich have ordered the Red Guard and soldiers to comb the city for the motor car which Red Guards and sailors who killed Shingaro and Kozokhnik. Two former Kerensky ministers. The murder of these men has created a feeling of protest and revolution among the Bolsheviks, who are anxious to prevent the situation from getting beyond their control.  
The Petrograd congress of workmen's and soldiers' congress has adopted a resolution of strict censure on the murderers, declaring it never could approve of summary justice, and that no crimes had been committed by those killed. It was among the assassins had recently arrived from Finland, where they had been attached to the Baltic fleet.  
The murders took place in an hospital. Four other members of the Kerensky government, who had been in another hospital because of illness, were transferred to the Kerensky prison by the Bolshevik authorities.

THE EVENING TIMES AND STAR, ST. JOHN, N. B. TUESDAY, JANUARY 22, 1918

The Evening Times and Star

ST. JOHN, N. B., JANUARY 22, 1918.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE WAR SITUATION.

The assassination in hospital of two members of the former Kerensky government will create a more bitter spirit in Russia, and the eagerness of the Bolsheviks to bring the guilty to justice shows clearly their fear of the effect of the crime upon public opinion.

Meanwhile, affairs in Austria are apparently going from bad to worse, although some observers suggest that there may be a certain amount of stage-play in the developments reported, and that it is designed for effect upon the Russians.

THE IRISH PROBLEM.

The Irish question excites renewed interest. Sir Edward Carson has resigned his seat in the cabinet, in order to be free himself to pursue whatever course seems to him desirable, and also to leave the cabinet free to act without being embarrassed by having the Ulster Unionists leader at the council board.

The average cost of a family budget of staple foods was \$12.14 in December as compared with \$12.10 for the previous month, \$10.10 for December 1916 and \$7.95 for December 1914.

CANADA AND MAN POWER.

Those who express fear that to send more men from Canada to the front would greatly interfere with production and carrying on the essential industries of the country should make a few comparisons. In the United Kingdom more than thirteen per cent of the population has done khaki. Another table shows as follows:

Country	Population	Enlisted	Per Cent
Canada	7,208,548	485,000	6.89
Australia	4,485,000	350,000	7.86
New Zealand	1,055,627	90,000	8.55
South Africa	1,116,806	85,000	4.92

At the conference of labor representatives with the government, Hon. N. W. Rowell, president of the privy council, gave the latest figures on enlistments in Canada to show that there had not been the same call on the man-power of the Dominion as on that of Great Britain or Australia.

Canada is still able, therefore, to provide a considerable army for the front before she equals the percentage of Australia, or New Zealand, while her percentage of men in khaki is much less than half that of the United Kingdom.

SECTIONAL APPEALS.

Referring to the attitude of the French-Canadians in Ontario toward the Ontario government, in view of the coming Ontario election, La Presse of Montreal publishes an Ottawa letter in which this extraordinary paragraph appears:

The attack made by the Northlife papers on the British war office and high command, and Col. Repington's charge that the politicians have been permitted to pursue methods which would wreck the military and naval services, have created a sensation.

The decision of Halifax Liberals not to oppose the election of the union government candidates, MacLean and Martin, appears to be a wise one under all the circumstances.

The government has recognized the business capacity of Mr. Stanley E. Elkin by making him a member of the commission to Washington to report on war effort for the information of Canada's war cabinet.

The circulation secretary in Berlin of pamphlets of a revolutionary character prove that the growing protest against the war is not confined to Austria.

The Red Cross drive for \$20,000 should meet with universal sympathy. Thursday is the day.

An old North Carolina lady had 112 descendants to visit her on her birthday. But there are ladies who might celebrate a birthday and have only a flock of parrots and a herd of growing puddles to congratulate them.—Houston Post.

Three large steamers, one of the U. S. registry, were sunk by a submarine off the Spanish coast.

Viscount Broom, commander of the monitor Regan, which was sunk in the engagement with the Turkish navy, is among those saved.

At a meeting of the Boy Scouts last evening at the residence of Scoutmaster M. G. Galley, 109 Leinster street, Deputy Commissioner Waring reported that eight scout troops in this district, forty-three boys had passed the tender foot test during the last month, and four for section.

The following officers were installed last night at the annual meeting of the Elks by the past exalted ruler, L. R. Ross: H. R. McEellan, exalted ruler; H. C. Brown, esteemed lecturer; Kt. Rev. J. J. McCaskill, chaplain; Charles Kain, leading knight; W. C. Hising, ex-quire; George Waring, tiler; A. Golding, watchman; F. S. Walker, alder; A. R. C. Clark, guide; Watson Hill and Geo. Stephenson, assistants; A. M. Phillips, master of paraphernalia; George Fleming, musician; W. R. White, secretary.

A fire was caused by the explosion of an oil stove in a house owned by Thomas Hefferman at 107 Protection street, West Side last night. The second and third floors, where the fire was, is occupied by Mrs. Annie L. Clark and her two daughters. Frank Burchill lives downstairs and the water dripping down injured his belongings considerably.

Two unionists in Halifax. The union executive having declined the offer of the Laurier Liberals in Halifax to withdraw one of the candidates on each side, the Laurier candidates, R. H. Elymer and Dr. Blackadar, have announced that they will not run at all. The union candidates will be declared elected at the deferred elections.

PEACE OVER EARTH AGAIN.

Rejoice, O world of troubled men; For peace is coming back again; Peace to the trenches running red, Peace to the hosts of the fleeing dead, Peace to the fields where battle raves, Peace to the trodden hatred-graves.

"Twill be the Peace the Master left To hush the world of peace bereft— The peace proclaimed in lyric cries That night, when angels broke the skies. Again the shell-torn hills will be All green with barley to the knee; And little children sport and run In love once more with earth and sun. Again in rent and ruined trees Young leaves will sound like silver seas; And birds now stunned by the red up-rour Will build in happy boughs once more; And to the bleak uncouthed graves the grass will run in silken waves; And a great bush will softly fall On tortured plains and mountain wall. Now wild with cries of battling hosts, And curses of the fleeing ghosts.

And men will wonder over it— This red upflaming of the Pit; And they will gather as friends and say, "Come, let us try the Master's way. Ages we tried the way of swords, And earth is weary of hostile hordes. Comrades, read out His words again. They are the only hope for men! Love and not hate must come to birth, Christ and not Cain must rule the earth."

MORNING WAR SITUATION. The Austrian ministry has resigned and Count von Tölggenberg, minister of the interior, has been asked to form a new cabinet. Strikes are increasing rapidly, 300,000 men going out last Thursday. The situation is becoming extremely serious for the authorities.

At a meeting of the International Longshoremen's Association last night, with President James LeClerc in the chair, the question of the protection of the port in regard to the safety of the men's lives and of property was discussed.

The timbers are well in place and the frame work nearly completed. ## TALK OF CLOSING SOME PLANTS AND DRAFTING MEN TO FARMS

Westerners Also Propose Immediately Returning to Farms Bona-Fide Farmers Who Have Been Drafted, Also Want Maximum and Minimum Wages Fixed—Conferences at Ottawa

Ottawa, Jan. 19.—While government members are maintaining somewhat complete secrecy regarding its proposals for the securing and distribution of labor, it is believed here that fairly definite plans have already been drafted on the question. A certain amount of labor is to be imported if the present plans materialize, and on this proposition organized labor is to be consulted. Organized labor does not favor the importation of Oriental labor, but there are other sources than China to draw from.

To Mobilize Man-power.

Apart from this, however, it is stated that plans for a sort of mobilization of the dominion man-power for all purposes have been tentatively drawn up. Certain proposals to this end have already been submitted to the government by Western Grain Growers' Associations. They embody:

1. The closing of all non-essential businesses and the drafting of men for farm work who are not engaged in essential occupation.
2. That all bona fide farmers and farm laborers who have been called under the Military Service Act be immediately returned to the farms and exempted from military service so long as they remain at such occupations, except that in the cases of large families who have made no voluntary contribution to the military forces of the dominion for the sake of the moral effect some representatives of these families should be in the army.
3. That all available men should immediately be registered with a view to placing them in positions where they may render the most effective service to the nation.
4. That a maximum wage should be fixed for competent men, and a minimum wage for boys and inexperienced men.
5. That there should be an immediate registration of all those engaged in the production of foodstuffs with a view to bringing together employer and employee.
6. That for the protection of employer and employee their relation should be under the supervision of some competent authority appointed by the government.

Coning Out Talked Of.

There has been a considerable amount of unofficial talk about closing out-letting establishments such as dry goods stores, grocery establishments, photograph shops, restaurants, etc., where women could do the work, but where at present many young men probably not fit for combatant military service but able to do farm work are employed.

There has also been a suggestion that well-grown boys attending high school or college should spend their vacations on the farm. The whole question will be discussed minutely tomorrow.

## When the Kidneys Fail

Poisons Remain in the Blood, Which Cause Pains and Aches—Headache the Surest Way of Settling the Kidneys Right.

Brookville, Ont., Jan. 15.—If you have aches, backaches and rheumatic you may have reason to suspect the kidneys. Pain is caused by poisons in the blood, and poisons only remain in the blood when the kidneys are defective and fail to do their work.

This Brookville lady has reported her case because she believes that a great many people are suffering as she did without knowing the cause or cure. Mrs. Frank Noyes, 9 Stuart street, Brookville (Ont.), writes: "For years I was afflicted with kidney complaint. I became very nervous, was easily worried and had frequent headaches and neuralgic pains, especially through the back. I had indigestion, poor circulation of the blood and often was bothered with weak spells. I commenced using Dr. Chase's Kidney-Liver Pills, and had only taken two boxes when I felt greatly relieved. I continued the treatment, however, until I was completely cured. In all I took about ten boxes, and have not been troubled in this way since. I highly recommend Dr. Chase's Kidney-Liver Pills, and I think also that the Plasters and Ointment can't be equalled."

Here is another letter to show how rheumatic pains disappear when the action of the kidneys is awakened by Dr. Chase's Kidney-Liver Pills: "Mr. John May, Walkerton, Ont., writes: 'I was troubled with rheumatism in my legs and I became so lame that I could scarcely get around. Dr. Chase's Kidney-Liver Pills were recommended to me, and so I commenced using them. After I had been taking them for awhile I was delighted to find that rheumatism had left me, and today I am as sound as a bell, able to get around and attend to business. I have made use of Dr. Chase's medicines in many ways for the last forty years, and cannot speak too well of their good qualities.'"

Dr. Chase's Kidney-Liver Pills, one box, 25 cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto. You cannot expect such results from substitutes. Insist on getting the genuine.

Both newspapers are under Lord Northcliffe's direction and the public coule be the two incidents.

Col. Repington told interviewers today that he had resigned on public grounds and protested strongly against what he termed intrigues against the army by politicians.

## SOME STRIKING MATTERS BEFORE THE LABOR MEN

Conference to Open in Nottingham Tomorrow  
Of Far-Reaching Importance

## Re-organization Scheme a Tremendous Advance in Political Mobilization of Labor Forces—Some of the Outstanding Resolutions, Including Several re Peace

London, Jan. 22.—A labor party conference to be held at Nottingham tomorrow and the following days will be an event of far-reaching importance, affecting not only the immediate national task of prosecuting the war, but also the future balance of political parties and course of government.

The scheme for the reorganization of the party, which is to be submitted to the conference by the executive committee represents a tremendous advance in the political mobilization of the forces which can be labelled "Labor," and it overshadows all the other questions which the conference will be invited to deal. Nevertheless these other questions include some vital to the progress of the war. Foremost among them are the effecting of a simultaneous holding of an international labor conference. Three submitted by the Independent Labor Party, the British Socialist Party and the Glasgow Trades Council ask for an immediate or early conference of government representatives from all countries to discuss peace. Indirectly, these resolutions are denunciations of the present policy of the government in the matter of assisting in the promotion of a fresh project for a Stockholm conference.

The Independent Labor Party is responsible for a long resolution dealing with military pay, pensions, and kindred matters and urging among other things, that the death penalty in the army should be reduced to the narrowest limits. Over a dozen societies have financial proposals to make, including a substantial increase in the income tax, a drastic increase of the exemption limit to £150, £180 or £200 and the compulsory application of the "sinking fund" principle to all lands and capital, so that all share capital may be cancelled and business may become the property of the nation.

## Home Ruls for India

Reforms of housing, education, health administration and workmen's compensation have their usual place in the programme and it contains also familiar conscientious objectors and infractions of civil liberties.

Home Ruls for India.

Three notable new-comers among a demand for the amendment of the law of libel, that local labor bodies may protect themselves against newspapers, and a speaker by whom they are alleged to be "reduced and slandered" a declaration in favor of "Home Rule for India" on the lines of the South African Constitution with transitional provisions whereby it should be brought into full operation within twenty years and a declaration that the time has come when an international language should be taught to enable the workers of the world to understand one another without need of interpreters.

A special joint conference of the

Powell of the local headquarters staff presided over the evening's programme. Mayor Hayes made the opening address. In his address he referred to the great work the Y. M. C. A. is doing among the soldiers. Others who spoke were Rev. R. A. Armstrong, Rev. Nell McLaughlin, Rev. F. W. Thompson, Rev. G. F. Dawson and Rev. S. S. Poole. A very interesting programme was carried out by the following: Miss Grant, Miss Clinio, Miss Penton, Mr. Funter, Dr. Bannell and Steve Matthews. The evening was brought to a close with the serving of refreshments. In the club are reading and writing material, games and a general rest room. Light refreshments are to be served at a very moderate price.

An enjoyable dance was given last evening in the Immigration hall, West St. John, by the officers, N. C. O's and men of the 62nd regiment. The choruses were Harold Perley, Mrs. S. Simms and Mrs. Elmer Young.

**Soldiers Were Hosts.**

Three cadets in training with the Royal Flying Corps in Toronto, one of whom was a New Brunswicker, the other two Americans, were killed recently as the result of accidents to their machines while in the air. ## ONTARIO MAY USE VETERANS ON THE FARMS

Premier Hearst Announces a Scheme Which May Include 3,000 Soldiers

Toronto, Jan. 19.—Sir William Hearst has made the important announcement that the government was seriously considering utilizing returned soldiers on the farms to a considerable extent during the summer. This will mean that 3,000 returned soldiers will go out on the farms next summer and not only help increased production but also hasten their own convalescence. "As far as the province of Ontario is concerned I think that the use of Chinese labor on the farms is neither advisable nor practical."

Secretary William Turley of the Ontario branch of the Great War Veterans' Association, who has been taking the matter up with the government, says that at the rate the soldiers are now returning there will be from seven to ten thousand soldiers available for farm work, but these will not be able to do all the work required of farm help.

flying was hit by another, driven by D. R. McMillan, aged 50, of Durham Centre, Hastings county, N. B. The body of McMillan was badly burned. The other man, Axel George Benedix, a Dane, born in Copenhagen, who is reported to have come to Toronto from United States, was killed as the result of his machine overhauling.

Robert J. Smith, chief of the staff of the military Y. M. C. A. at Regina, is in the city and will visit Quebec before returning to the west.

### HOW Breslau WAS SUNK BY THE BRITISH

She And Sister Ship Had Attacked  
FORCED INTO MINE FIELD  
Goeben Deserted Her and Fleed for Dardanelles But Also Struck Mine - British Rescued 172 from Breslau

London, Jan. 22.—An official statement issued by the admiralty says: "In continuation of the announcement of Sunday, the following particulars have been received: The Goeben and Breslau, emerged from the Dardanelles early on Sunday morning and attacked our naval forces to the north of Imbros with the result that the Raglan and Monitor 26 were heavily hit and were sunk by gunfire.

"The enemy ships then proceeded south of Imbros, where the Breslau was forced into one of our mine fields. She struck a mine and sank. The Goeben left her, steaming at full speed, and turned toward the Dardanelles. Turkish destroyers, coming to the assistance of the Breslau, were engaged by our destroyers and driven off.

"As the Goeben neared the entrance to the Dardanelles she also struck a mine, which reduced her speed and caused her to settle down aft with a list of fifteen degrees. She finally beached herself on the west side of Kinghorn Point, where she is now being continuously bombed by our aircraft.

"We rescued 172 survivors of the Breslau and they are now prisoners of war in our hands.

"The names of the survivors of the Raglan and the Monitor are not yet known, but there are 182 survivors at present reported out of a total of about 310."

**FOUR FEET OF SNOW.**  
Robert Buchanan reports four feet of snow at his camp on the Tabusinat. The fall last storm amounted to fifteen inches. Hauling of the yards has been suspended. There is more snow in the Miramichi woods than for several years. On the whole the season was bad for lumbering.

The annual meeting of the Union Club was held in the club rooms last evening and the following officers were chosen for the coming year: H. Schofield, president; J. G. Harrison, vice-president; C. H. Peters, W. B. Golding, W. Peters, F. J. Shreve, J. R. Miller and H. B. Robinson, members of the executive committee.

**FINE PROGRAMME AT THE IMPERIAL**

**Julian Eltinge, Famous Female Impersonator, in Rich Comedy Attractive Musical Feature**

Wouldn't it be fine to be the close companion of your own sweetheart and as a woman advise her that you are the ideal man for her to marry? This seems like an impossible situation, but it is not as impossible as it seems.

Julian Eltinge is probably the most notable female impersonator on the stage or screen and to those who know him, there is nothing at all feminine about him as a man. He is a real honest-to-godness, real blooded, real man.

In his latest photoplay, The Clever Mrs. Corfax, at the Imperial yesterday and again today, while impersonating a feminine character, is forced by circumstances to continue the role—against his own desire for to marry. This seems like an impossible situation, but it is not as impossible as it seems.

Besides this unusual attraction the Imperial showed more of those fine colored picture pictures—Along the River Vardar in Turkey and Other European Places.

Then there was the British Gazette and a very funny—and at the same time very human story—Mrs. Crosby's Best Gave, by the Sidney Drews, eminent comedians.

D'Arignone's Gypsies furnished an entertaining programme of instrumental and vocal numbers, with dancing interspersed and wearing typical Bohemian attire. The young ladies are highly talented and their solos and ensemble numbers were alike favorably received.

Tonorrow the Imperial promises a great treat in The Woman God Forgot, Geraldine Farrar's latest triumph, claimed to be grander and richer than Joan the Woman.

**THREE SONS IN SERVICE.**

John was wounded and is now at Bramshott. For bravery he was awarded the Military Medal. Hugh is in France.

### KILLED TWO TEUTONS 12,000 FEET IN AIR

Italian Aviator Disabled Their Machine and Then Riddled Them With Bullets

Italian Headquarters in Northern Italy, Jan. 22.—(Associated Press)—Two recent air fights were particularly moving. Lieutenant Sa. Caroli, a notable pilot, attacked a German machine at 12,000 feet. He crippled it at the third shot and put six shots in the head of the pilot, the machine and its occupants, tumbling in a dizzying spiral.

Later Captain Zolani brought down another machine, which fell at Fozz, just inside the enemy line. Twenty Italians in the front trench, seeing the fall of the machine, sprang across the line and destroyed the airplane and captured the aviator and pilot, returning uninjured with their prisoners.

### A SLUGGISH LIVER CAUSES OUR WAR TASK

When the liver becomes sluggish it is an indication that the bowels are not working properly, and if they do not move regularly, many complications are liable to set in.

Constitution, sick headaches, biliousness, jaundice, heartburn, water brash, catarrh of the stomach, etc., all come from a sluggish liver. Milburn's Laxa-Liver Pills are a specific for all these and disorders arising from a slow sluggish, lax or torpid liver, and they have been universally used throughout Canada for over 20 years, with the greatest success.

Mrs. W. A. Harrison, 7 Poplar Grove, Halifax, N.S., writes: "I take pleasure in writing you concerning the great good I have received by using Milburn's Laxa-Liver Pills for a sluggish liver. When my liver got bad I would have severe headaches, but after using a couple of vials of your pills, I have not had another since."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct, receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### HALIFAX COLLISION INQUIRY

At the inquiry into the Mont Blanc collision yesterday afternoon, Mr. Dorchell, counsel for the Imo, complained to Judge Drysdale regarding the treatment by the local military authorities of John Johansen, helmsman of the Imo, who had been treated in hospital as a suspect. Johansen was called to the stand in the afternoon and evidence thrown some new light on the events leading up to the collision. He said that the Imo, coming out of Bedford Basin that morning, was passed by an Imo tug ship—an American tramp steamer.

### Mother and Children Had Awful Coughs WERE CURED BY DR. WOOD'S AWAY PINE SYRUP

Mrs. Arthur Appleby, Novar, Ont., writes: "This past winter my children and I had awful colds and coughs which got by being in drafts. I tried a number of different remedies for us but got no relief. I thought I would try Dr. Wood's Norway Pine Syrup, and I found it a most excellent and sure cure. It gave relief to the tickling in the throat and stopped the cough, and with a few bottles we were all cured."

Dr. Wood's Norway Pine Syrup is a remedy that has been on the market for over twenty-five years, and we can recommend it as being, without doubt, the best cure for coughs and colds that you can possibly procure.

There are a lot of imitations of the market, so when you ask for "Dr. Wood's" see that you get the real thing in a yellow wrapper; three pine trees trade mark; price 25c and 50c; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

### OUR WAR TASK

(Maritime Merchant.)  
Of all the pressing things the decent people of the world have to do this year the most important is to kill Germans; singly, in pairs, by wire, by sea, by thousands, and if possible by the million, we must kill them. First, because if we don't, they are likely eventually to kill us, or do something almost as bad. And second, because it is not as much of a reason, as an excuse, the present lot of Germans are better dead anyway; for after this time is over and they are beaten, they will all wish themselves dead a good many times before they succeed in getting reinstated in the world's confidence. This may seem a cruel and heartless thing to put in cold type; nevertheless it is the general conclusion that has been reached by the Allies' people and by the neutral world. And so as we have made up our minds to make the world safe for democracy, the thing is, how can it best be accomplished? What can those of us who are not in the battle line do to assist the work in hand? No doubt there are many things, but the one to which we wish to devote special attention just now is the effort to increase the production of food on this continent. Big as our crop of potatoes on this continent has been this past year, we must in fact make it bigger this year; we must try to grow more grain, raise more livestock, and we must stimulate the production of the land in every way; for when the end comes, it will be the last harvest of what the last portion of pork that we'll decide victory in our favor. # GERALDINE FARRAR

"The Woman God Forgot"  
by Jeanie Macpherson  
An ARTCRAFT picture

MORE MAGNIFICENT AND STUPENDOUS IN PRODUCTION THAN "JOAN THE WOMAN," more intensely dramatic than "Carmen," and by long odds, the master picture of Paramount conception in the year, this tale of the Aztec Princess in ancient Mexico has thrilled millions already. The story is by Jeanie Macpherson, author of "Joan the Woman," and is based on the conquest of Monte Zuma by Cortez. That wizard of motion pictures, Cecil B. DeMille, directed the dramatic spectacle to its minutest detail, and the tens of thousands of dollars lavished in putting it on before the camera in the wonderful Yosemite Valley, make it an art work in very truth. Geraldine Farrar, Wallace Reid, Raymond Hatton, Hobart Bosworth and Theodore Kosloff, the noted Russian dancer, rewrite the history of Mexico in this splendid production which, with its majestic musical accompaniment, will mark a milestone in the history of motion pictures in St. John.

Frederick Mall: A man who has been employed as a cook in a lumber camp on the Upper St. John, arrived here on Wednesday en route to his home in St. John. He says that the Military Service Act is being rigidly enforced in Quebec and supports his statement with the proof. He says that at the camp where he was employed there was a crew of sixty men. Officers visited the place one day last week and rounded up fifty-eight of them, leaving nobody except the boss and the cook.

**POLICE COURT**  
In the police court today George Harmer pleaded guilty to a charge of trespassing on the property of the C. P. R. He is dressed in a sailor uniform but says he is not a sailor and never was one. Asked how he came into possession of the uniform he said "I was in civilian clothes but I traded them to a fellow for these I have on." Lieut. A. J. Mulvey of the naval transport office, asked that the lad be kept in custody until an investigation could be made. Accordingly he was remanded to jail. He was arrested at McAdam Junction yesterday.

One prisoner was arrested for drunkenness last night about 1:30 on the corner of Smythe and Pond streets. Asked how he came there at that time of night he said he had to move a scow in the slip at 11 o'clock. Asked where he got run he said that he had entered some from Montreal a month ago. He was remanded.

Another man was up on charges of drunkenness. He was found drunk and in a serious condition last evening at one of the sheds on the waterfront and had to be taken to the hospital. He also was remanded.

**WOMEN AFTER LOYD GEORGE ON THE MATTER OF FOOD**

Housewives from Poor District Call at Downing Street But Fail to See Premier—Make Complaint in House of Commons

London, Jan. 21—A crowd of fifty or sixty housewives hailing from the poorer districts gathered in front of the prime minister's residence yesterday afternoon. They said they wanted to see the premier and ask him "How long must we stand in queues for food?"

Some of them said they had been standing in line for many hours and their patience was exhausted. Attendants told them that Lloyd George was engaged, so they said they would wait. After waiting about an hour several of the women went to the House of Commons, where they explained the matter to some of the members, who said everything possible would be done to alleviate the situation. Returning to the premier's residence they stood around for a time and then dispersed without having seen the premier.

**HOPE FOR LARGER FUND THIS YEAR FOR Y.M.C.A. WORK IN THE WAR**

Montreal, Jan. 22—Prominent Y. M. C. A. workers from all parts of the Dominion are here for a meeting of the national council. Last year the work cost the association \$1,000,000 and it is hoped to secure an even larger fund for this year. C. H. Wood, of Toronto, is chairman of the council. Among the members are G. E. Barbour, St. John, and J. F. Fraser, Halifax.

**ENTIRELY PROFESSIONAL MATTER**

Montreal, Jan. 22—"As the advertisement has never been considered as a criminal act, it cannot be considered by the criminal code, but by the dental code," said Judge Saint Cyr today, in giving judgment in favor of the Franco-American Institute and Dr. Masson, a dentist, and against the College of Surgeon Dentists, who had taken criminal action in the case of the institute and Dr. Masson.

Recent Programme of St. John Musical Organization—Bandmaster Williams Now a War-rant Officer

The many friends of Saint Mary's Band of this city, will be interested to learn that the band is now in France, having become attached to the famous Princess Patricia Regiment. This musical organization enlisted with the 140th Battalion and, after training in England for some months, has now joined this regiment in France. This is the first New Brunswick band to cross to France as a unit, and the boys are delighted to get there. They have kept up their high standard of playing under the leadership of their bandmaster, Charles H. Williams, who has recently been promoted to the rank of warrant officer. At a brigade banquet in France on December 12, the band played the following programme, which was greatly enjoyed by all who heard it:

**H. R. KEITH IS THE NEW WARDEN**

Municipal Council of Kings County in Session—Criticism of Valuation System

Hampton, N. B., Jan. 22—The annual meeting of the Kings county council was held here at 10 o'clock this morning. Howard R. Keith, councillor from Studholm, was unanimously chosen warden for the coming year, replacing J. William Smith of Hampton, who has served two terms. Fred E. Sharpe, a member of the council, sent a letter of regret from Vancouver stating his inability to attend.

Owing to the fact that the newly elected warden did not reach the council meeting until noon, only routine business was transacted this morning. A communication from the provincial secretary-treasurer showed that the municipality of Kings was taxed for 1918 for patriotic purposes to the amount of \$29,985, the same sum as in 1917. A feature of the morning session was a strong expression of opinion against the system of valuing for the county of Kings. It was said by several councillors that the present county valuation scheme was unjust and improperly levied.

**CAPT. F. H. ELLIOTT TO DEPOT BATTALION**

One of Original Officers of 26th Forestry and Construction Men To Assemble Here

Captain Frank H. Elliott of this city, a returned officer of the 26th, has been attached to the New Brunswick Depot Battalion. He went overseas with original battalion and was invalided home about a year ago.

In recent order appears the name of Rev. Captain H. E. Thomas, late of the 26th Battalion, to be honorary captain in the reserve officers of the C. E. F.

Information was received at the office of military headquarters this morning to the effect that men enlisting in Forestry and Railway Construction battalions, up to 100, will, instead of being sent to Hamilton, Ont., for training, be sent to St. John, where they will be attached to the New Brunswick Depot Battalion, under the command of Lieut. Colonel F. L. McAvity. They will be drilled along their own lines, and when it will be sent overseas in drafts.

**SOME IMPROVEMENT**

Parade of Streets Last Night Lacked Something of Usual Character

Yesterday warning by Police Magistrate Ritchie to juvenile street-walkers seems to have had some effect and last night the usual procession along Charlotte street lacked something of its usual character. Two young boys were arrested for being out late. One was the son of a negro woman who said that she worked till 6:30 and her son sold papers in the afternoon. She said he had not come home at all last night. The other was a white child. His father had no excuse to offer. His honor sent them below for the present but said that he thought the parents should be punished in cases of this kind, and not the children. Then, he said, they would commence to take a real interest in their children and the streets would be cleared in no time. In the present case, he said, he intended to fine the parents of each child for allowing them to be out on the streets late at night.
