WORTH MENTIONING.

mpress of nonest conviction, we have to a large people know the nature of the communication. Of such a nature is the following from Mr. W. F. Haist, Camden P. O., Lincoln Co., Ontario. Mr. Haist says: "With great joy over my restored health, I would write a few lines concerning that wonderful remedy, St. Jacobs Oil. For the last six years I have been using various medicines internally and externally, but nothing would help me. Finally I procured a bottle of St. Jacobs Oil, which cured me after a few applications. My mother-in-law, who has also been a great sufferer from rheumatism, was also relieved by the use of the Great German Remedy.

Serve you in the future. I hope to be able to visit the different Parishes of the County and address the Electors personally, when I shall avail myself of the opportunity of placing my views before the Electors on the various public questions now before the County.

I have the Honor to be, Your o'bt servant, by the use of the Great German Remedy. St. Jacobs Oil is a great blessing to suffer-ing humanity, and I shall do everything in my power to make known its merits.

Nothing is more common than the assertion that manufactures which cannot live under a protection of 171 per cent do not deserve further encouragement. Those who make this statement do not understand, or wilfully ignore, the fact that during the whole of the 17½ per cent. period the American rlaughterers were offering 12½ to 20 per cent. discount to Canadian buyers for the express purpose of keeping the Canadian market open to American goods and killing out our industries. Consequently there was hardly any protection at all, not to speak of 17½ per cent. And even the 15 and 35 per cent. of to-day would still be reduced by slangtherers' discounts. mination to maintain the "fair market value" for Customs purposes, thus killing the effect of the slaughterer's discounts.—Mail.

From Hamilton.—A gentleman writes: "I have suffered for over four years with night losses and general weakness, caused by abuse. I had tried all the advertised by abuse. I had tried all the advertised medicines, and a number of eminent doctors, and found no relief or benefit. I have used twelve boxes of Mack's Magnetic Medicine, and am entirely restored." See advertiseand am entirely restored." See advertise-ment in another column. Sold in Newcastle hy E. Lee Street. May 24-2w.

The following mysterious paragraph LUBRICATING OILS appears in the Brockville Recorder :-"Mr. A. F. McIntyre, of a well-known legal firm, and Dr. St. Jean, Mayor, have been selected as the Liberal candidates for Ottawa city for the coming election. They will, it is soid, be required to sign a pledge that if elected they will support Mr.

Can there be a gloomy doubt in the minds of the party that candidates are not willing to support Mr. Blake? If not, why this pledge of personal service?

Rheumatism manifests itself in various ways and results from various causes. In a changeable climate like ours few are exempt from its attacks. It finds a seat in every part of the body, and is migratory in its habit, transferring itself from the shoulder to the hip, or from the wrist to the ankle, in some instances in a few hours. The pain of Rheumatism is excruciating, but is speedily overcome by the use of "Penetrating" Liniment. For sale by all druggists and general dealers in Canada. CHARLOTTETOWN, P. E. I., Nov. 11, 1878. Mr. James H. Robinson, St. John, N. B.

Dear Sir,—By, I may say, almost an accident early this spring, being "confined to my room fo nearly three months" and during this time I was under the combined care of "three" of the "mos eminent" physicians of "Charlottetown," and by them and my friends given up as "beyond alpower" to help me. Dr. Baxter, of Moncton, having occasion to call upon me on business, very na urrally observed my state of health, and after full describing my trouble, which by the doctors attending me was pronounced Dyspepsia or Indigestion in fact I was so bad I could only eat brown bread and that after being made at least three days, while tea, coffee or milk I dare not touch, and a slice of dry toast would invariably give me the utmost diress. Dr. Baxter recommended "Robinson's Phosphorized Emulsion," and I feel that I owe the pub lice a debt which can only be paid by saying to al similarly afflicted, "Go thou and do likewise: "try "Robinson's Phosphorized Emulsion." To day am hearty and strong, and can, without fear, indulge in all the luxuries of a first-class hotel. Mr. James H. Robinson, St. John, N. B.

The Cavendish Family. The founder of this great English noble family seems to have been Sir John Cavendish, Lord Chief Justice in the reign of Edward III. and of Richard II. The water of both the Red and Assiniboine rivers is now about two feet higher than during the ice freshet two weeks ago. The swings of bridges cannot be opened, and navigation, therefore, is impeded. There is three feet of water in the gas house, and the retor's and furnaces are submerged. Communication with St. Paul is kept up partly by transfer steamer at St. Vinceut's.
