THE WAR IS ENDED; PEACE NOW REIGNS

LLOYD GEORGE ANNOUNCES END

Armistice Signed and Allies' Peace Terms in Full Are Agreed To.

London, Nov. 11th.—It is officially announced that the Armistice between the Allies and Germany has been signed. The announcement was made by Premier Lloyd George, who said: "The armistice was signed at five o'clock this morning and hostilities are to cease on all fronts at eleven o'clock to-day."

The Peace Terms.
Immediate evacuation of invaded countries within fourteen days from the signature of the armistice, with Allied and United States forces keeping pace with the evacuation.
Reparation at once of all invaded countries.

Surrender by German armies of five thousand guns, three thousand minewerfers (mine throwers), two thousand aeroplanes, and thirty thousand machine guns, all in good condition.

The surrender of 160 submarines, fifty destroyers, six battle-cruisers, ten battleships, eight light cruisers and other miscellaneous ships.

All Allied vessels in German hands are to be surrendered.

Evacuation by the German armies of all countries on the left bank of the Rhine, these to be administered by local authorities under the control of the Allied Armies.

Allied garrisons to hold the principal crossings of the Rhine.

Establishment of a neutral zone of forty kilometres on the east bank of the Rhine.

Military establishments, including food, munitions and equipment to be delivered intact to the Allies.

Return of gold taken from Russia and Rumania.

Restitution for damage done by the German armies.

Restitution of the cash taken from the national bank of Belgium.

Immediate repatriation of all Allied and American prisoners without reciprocal action by the Allies.

The railways of Alsace-Lorraine, railway material, coal, five thousand locomotives, fifty thousand waggons and ten thousand motor lorries shall be delivered to the Allies.

The German command to reveal all mines or delay acting fuse disposed on territory evacuated by German troops and all destructive measures that may have been taken, such as poisoning or polluting of springs, wells, etc., under penalty of reprisals.

WILL CAMPBELLTON FALL DOWN?

There are only two days for the Victory Loan drive, and they will be two exceedingly hard days if Campbellton and Restigouche county are to uphold the splendid record they have made in the past four years. Surely our citizens will not have it said of them that they fell down at the end of the war.

Campbellton has \$62,000 yet to raise. How much more can you take. Now is the time to double up if you possibly can.

The returns for the campaign so far are as follows:—

District	Sold	Objective
Campbellton	\$313,150	\$375,000
Dalhousie	33,900	115,000
Durham	83,600	50,000
Colborne	47,000	66,000
Dalhousie Parish	31,150	12,000
Addington	29,350	17,000
Elidon	3,000	

It will be seen that only three districts have yet reached their objectives, and it will mean hard work by all if Restigouche is to win her honor flag.

Now let everyone get to it for the last two days.

VICTORY LOAN MUST SUCCEED

At least \$500,000,000 must be obtained by Saturday night.

(1) To bring the boys home.

(2) To maintain them in Europe till peace is firmly established.

(3) To maintain our industrial activities and provide new employment for munition workers and soldiers as they return.

(4) To continue our loans to Britain for buying Canadian food.

(5) To enable Canadian workers to get their rightful share of orders for rebuilding Belgium and France.

Monday, Nov. 11th, will be remembered as the greatest day in British history. We all relaxed and rejoiced and will remember it as long as we live.

Let us, in our rejoicing, not forget the enormous responsibility that rests on us for the remainder of this week.

Canada must subscribe for \$35,000,000 on each of the next four days.

E. R. WOOD,

Chairman, Dominion Executive Victory Loan, 1918.

REVOLUTION NOW IN GERMANY

The Kaiser Has Renounced His Throne and Country, and Is Now in Holland.

Amsterdam, Nov. 11.—Armed workers and soldiers stormed the prison in the Al-Moubit street in Berlin, and released only those incarcerated as "war victims" including General Captain Von Boerfeldt, who was concerned in the distribution of the nomination of Prince Lichnowsky, which accused Germany of starting the war.

Amsterdam, Nov. 11.—News has been received in Berlin and forwarded here that the garrisons at Doornik and Potsdam are in the hands of the Soldiers' and Workmen's Council.

Amsterdam, Nov. 11.—Emperor William, it is reported here, was on his way to the British lines to surrender when he was headed off by German revolutionists and forced to seek safety in Holland.

Hindenburg Not With Him?

Washington, Nov. 11.—A German radio message picked up by the American Station confirms the report that William, Hohenzollern, is in Holland where he is said to be awaiting a decision by the officials of the Netherlands Government as to his status. The reports says Field Marshal Von Hindenburg is not with the former emperor, but has remained at the headquarters of the German general staff.

Red Flag Over Kaiser's Palace

Amsterdam, Nov. 11.—Describing the situation in Berlin late on Saturday, a correspondent of the Handelsblad says:

"Since morning the aspect of Berlin has changed completely. Garrisoned with soldiers and civilians moved slowly through streets crowded with sightseers who are not yet able fully to comprehend the new situation.

"Soldiers carrying red flags shout 'Long live the republic' and sing the Marseillaise. There are no police but soldiers are maintaining order. Railway trains are running.

"The sightseers today concentrated in the Unter den Linden and the Schloss Platz and were remarkably calm. On the imperial palace, the palace of the crown prince, and the government buildings red flags were waving. There were hundreds of processions throughout the city in which civilians and soldiers joined."

BAN LIFTED FROM PUBLIC MEETINGS

As it has been proclaimed by Geo. G. Melvin, Chief Medical Officer of the N. B. Health Department, all churches and theatres may reopen Thursday the 14th and schools on Monday, Nov. 18th, if it is the opinion of the local health authorities that it is reasonably safe to do so.

Although there are still a few cases of influenza existing in this town, it is thought that the disease is sufficiently stamped out and disappearing rapidly enough to allow the reopening of schools and public buildings providing proper care is taken.

The Board urgently request all persons who have been sick with influenza within ten days and those residing in a family where the disease was prevalent within ten days not to go to church, school or theatre for fear that they may give or carry the germ of this dreadful disease.

All children not feeling well or having severe coughs should be kept home until it is proved by a medical certificate that they are not suffering of influenza or of a sequel.

The Board would be grateful to any person who would report those who neglect or refuse to comply with these requests made absolutely for the safeguard of the people.

L. G. PINAULT,

Chairman of Local Board of Health

Nov. 13, 1918.

A MILLION MOTHERS.

Think! Nobody but the mother of a soldier knows—can realize—what she is giving. There are a million mothers who are giving their only sons—without whom they feel that life is not worth living. Each fondly hopes that her boy will return to her. Some must come to grievous, heart-breaking, life-shattering disappointment. Our duty is to keep down the number. Victory Bonds!—Money—for food to maintain their sons' stamina; clothes, shelter and medical supplies with which to fight disease; efficient training officers to lead them wisely. These, with the innumerable other material requirements of warfare, are things your money can buy to help bring the sons of several million mothers back to them.

At Last—"The Day"

The war is won.

The guns are silent—the trenches are vacant—bloodshed has ceased—democracy is triumphant—freedom is assured.

Germany, the beaten, whimpering bully of the nations, lies stripped of power, whining for mercy, shudderingly awaiting the righteous retribution to be exacted for his fiendish crimes against an outraged worn civilization.

A war-worn world is nursing its wounds and planning for a future of peace and universal freedom.

In this day of thankful joy and glorious triumph let us not forget the imperative duty lying immediately before us.

Let us manfully, dutifully and determinedly round out the nations splendid effort.

Let us be as big in this triumph day as our men have been heroic in the fiery din and bloody peril of the battle.

Campbellton Has Yet to Raise a Large Amount to Reach its Objective. Are You Doing Your Share?

Celebrate the Victory by Buying Another Victory Bond.

Business Standards for Business Men

For a quarter of a century, Fit-Reform Suits and Overcoats have been the standard for business.

Their sound styles; their general excellence of quality and workmanship; appealed to the business sense of men trained to demand value,

In these days of national economy, it is a pleasure to know that the Fit-Reform standard of quality has been, and is, steadily maintained.

The Bank will trust you

Perhaps you never had an account in a bank—maybe you've never done business in a bank—hardly even cashed a cheque in one. But—

that is no reason why you cannot go to a bank and borrow money to buy Victory Bonds.

If you are a steady, industrious, thrifty citizen, working and saving a part of your income, you are just the kind of person Canada's chartered banks stand ready to help to-day.

Any bank will lend you as much money as you can save during the next twelve months with which to buy Victory Bonds.

All you have to do is to pay ten per cent. of the amount you want to buy and deposit the receipt for that ten per cent. in the bank.

The bank will lend you the 90 per cent. balance at 5 1/2 per cent. interest and will give you a year to repay it, the interest you get on your bond being just the same as the bank charges you.

This is a fine opportunity for you to begin a real savings account, to make a first class investment and to help your country at the same time.

Why not see a banker to-day—he will tell you all about it and you will be glad of the advice and help he can give you.

Borrow and Buy Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

You Need More Than A Laxative

To correct constipation, all organs of digestion and elimination should be helped. Try NR and see how much better you feel.

NR Today—Keeps the Doctor Busy

To live and be healthy, your body mechanism must properly digest your food, extract the nourishment from it and promptly throw off the waste that is left behind. It is accomplished by the processes of digestion, assimilation, elimination—by the action of the stomach, liver, kidneys and bowels.

Now if you are used to taking so-called laxative pills, oil, purgatives and the like, you know mighty well you've got to be taking them all the time. However, if you stick to any one laxative, you've got to be increasing the dose all the time. That can't be a lot of fun.

Stop doing yourself such things. Just long enough to give Nature's Remedy (NR Tablets) a trial, and the results show the difference. NR Tablets are sure to help bowels, move, their purpose is to correct the condition that induces constipation and give you real, genuine, lasting benefit. To improve your digestion and assimilation, give you a good healthy appetite, regulate your liver and bowels, tone up kidney action and give your poisonous body a good cleansing out.

Nature's Remedy (NR Tablets) is not harsh; it is mild, easy, pleasant in action, no griping or pain ever follows its use; but it is thorough and sure. By its action on the digestive organs it promotes assimilation, which means extraction of full nourishment from your food, and thereby gives you new strength, energy, better blood, better appetite, by toning up your liver, NR sends the bile into the intestines, improving intestinal digestion. Lastly, by gently encouraging more vigorous bowel and kidney action, NR drives poisonous impurities out of and cleans up your body.

Try Nature's Remedy (NR Tablets) and just see how much better you feel in every way. Get a box today and take one each night for a week. You'll say you never felt better in your life. NR is sold, guaranteed and recommended by your druggist.

COMPLETE SURRENDER OF AUSTRIA-HUNGARY

Terms of Armistice With Austria Are Announced—What is Coming to Germany.

WASHINGTON, Nov. 4.—Terms of armistice under which the land and sea forces of what once was the Austro-Hungarian empire have laid down their arms, were announced today. They accomplish complete surrender, and open Austrian and Hungarian territory for American and allied operations against Germany.

From this drastic document, it may be stated, may be gleaned an accurate outline of the conditions bearing completion in the supreme war council at Versailles under which Germany may have a cessation of hostilities.

The terms include complete demobilization of Austrian forces, surrender of one-half of all artillery and military equipment, occupation by American and Allied forces of such strategic places as may later be selected, use of Austrian railroads for operations against Germany, evacuation of all invaded territory, leaving behind all equipment and supplies, including coal, surrender of a portion of the Austrian surface and submarine fleets and disarmament of others.

Ships to be surrendered include five modern Austrian submarines, 3 battleships, three light cruisers, nine destroyers, twelve torpedo boats, one mine layer and six Danab monitors, to be designated by the Allies. All other war craft are to be concentrated and disarmed under allied direction.

Free navigation of all Austrian waters by both the war and commercial fleets of the Allies is provided for.

All enemy naval aircraft are to be put out of commission and concentrated under allied control. All Austrian harbor and other equipment in occupied Italian ports is to be left untouched.

The Danube route is to be kept open by the occupation, or dismantling of fortresses to be selected by the Allied commander. The existing blockade of the Allies against Austria remains unchanged, Austrian ships being liable to capture where found except where a commission, to be named later, provides otherwise.

All fortresses protecting Austrian naval bases or stations are to be occupied and the arsenal at Pola is specifically surrendered. All Allied craft held by Austria are to be returned immediately.

The only organized military force Austria is permitted to retain is limited to that necessary to maintain order on her own borders.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition. I had been worrying most of the time—and he said if I could not get well, I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHING, 2842 North Taylor St., Philadelphia, Pa.

The majority of mothers nowadays have so many demands on their time and strength; the result is usually a weakened, run-down nervous condition with headaches, backache, irritability and depression—and these are serious ailments. Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthing.

CONTRACTS GIVEN FOR THIRTY-ONE STEEL STEAMERS

Construction Will Be Carried Out in Canadian Shipbuilding Yards in Connection With Government's Programme.

Ottawa, Nov. 6.—Supplementary to previous announcement in connection with the government shipbuilding programme, the Hon. C. B. Bennett, Minister of Marine and Fisheries, announced last night that a contract has been placed with the several shipbuilding yards in Canada for the construction of thirty-one steel steamers, ranging in tonnage from 3,500 tons down to 1,000 tons.

The vessels to be constructed under these contracts are in connection with the construction of several vessels of this type will be placed in the near future at Halifax and possibly at Vancouver.

All the vessels to be constructed under the government shipbuilding programme will be built of steel.

ONE MILLION PRISONERS

Captured by Italians—Boots Valued at Five Billions—The News in Paris.

Italian Headquarters in Eastern Italy, Nov. 6.—The Italian army is gathering in the booty of its great victory. The value of the captured material is estimated to reach \$5,000,000,000. It is estimated. It now includes 2,000,000 horses and 6,000 guns. By a rough count 1,000,000 Austrian prisoners are now in Italian hands. It is said that the defeat of the Austrians in the last drive was ten times more costly to them than the defeat suffered at Caporetto last year was to the Italians.

Italian troops are now beyond Bolzano and are slowly moving forward over roads impeded by the wreckage of war.

Paris, Nov. 6.—News of the capitulation of the Austro-Hungarian army was received here with quiet satisfaction. It had already been discounted, for it was so plainly inevitable as to be the least of surprise, and it is but one in a rapid succession of stupendous events, which the mind has difficulty in assimilating. These sentiments are echoed in the newspaper comments this morning, which for the most part are extremely sober.

"I always believe in saving something for a rainy day."

"How much have you saved?"

"Oh, I haven't saved anything, but I've got it in."

YOU DON'T NEED TO GO

on suffering with that obstinate sore, inevitable as to the back of the great heral skin cure. This balm, owing to its unique composition, is the very thing for sores and skin troubles that have resisted ordinary treatments.

Mrs. Herbert Cox, of Port McNicoll, Ontario, writes: "For nine years I suffered with an abscess on my face, which was both painful and disgusting. I had the abscess lanced repeatedly, but it still remained. I also tried ordinary ointments, but without any permanent benefit. Finally the doctor told me I had a tumor on the bone, and would have to undergo an operation, which I did; but instead of improving, the wound only became worse. I was in despair when a friend got me to try Zam-Buk. I soon noticed a marked improvement. Zam-Buk seemed to get to the very root of the trouble, and in the end the abscess was entirely cured—not even leaving a scar. This was a year ago, and there has been no return of the trouble."

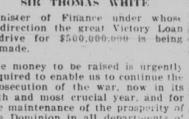

Zam-Buk is not a mere ointment, but a rich heral balm. Unequaled for eczema, scalp sores, ringworm, boils, bad legs, blood-poisoning, piles, cuts, burns, sprains, scalds, and all skin injuries. 50c box, 3 for \$1.25, all druggists or Zam-Buk Co., Toronto. Send 1c stamp for postage on free trial box.

Sir Thomas White's Appeal to Canadians

Points Out Great Need of the Victory Loan to Carry On the War.

On the opening of Canada's great Victory Loan drive the Minister of Finance issued the following message to the People of Canada:

The Victory Loan of 1918 is now being offered for public subscription. It is an undertaking of most vital consequence to the nation, and I cannot too earnestly emphasize the duty and responsibility resting upon all citizens of Canada to co-operate to the extent of their available resources in making it an unqualified success.

The money to be raised is urgently required to enable us to continue the prosecution of the war, now in its fifth and most crucial year, and for the maintenance of the prosperity of the Dominion in all departments of productive activity.

Apart from patriotic considerations which should alone suffice, it is the direct, immediate, personal interest of every individual Canadian citizen that the loan should be subscribed in full. The bonds afford absolute security and yield a most attractive rate of interest. Undoubtedly in the period succeeding the war, they will show a substantial appreciation in value.

All citizens are earnestly invited to subscribe. Remember, you are asked not to give but to lend your money to the state. Small subscriptions from those of slender means are as welcome as the large. In the last Victory Loan we received subscriptions of over four hundred million dollars from over eight hundred thousand subscribers. This year we expect to have a million subscribers from more than a million subscribers.

Let all subscribe to the extent of their means, be they great or small, and once more demonstrate to the world the strength, unity and determination of the Canadian people in this world struggle. Even if the war should end at an earlier date than has been anticipated, all the money asked for will be required for the purpose of demobilizing, which will extend over many months, and for the continuation of credits for the repatriation of Canadian soldiers, for organization and publicity work in connection with the Loan has been completed after many weeks of effort. It now remains for the people of Canada to do their share. That they will do so to the fullest degree, I am entirely confident.

W. T. WHITE.

Ottawa, Oct. 28th, 1918.

CANADIAN ARMY AND THE VICTORY LOAN

War Costing Canada Over Million Dollars a Day—\$100,000,000 Will Be This Year's Bill.

Nearly 600,000 have been enrolled in the Canadian Expeditionary Force. About 22,000 have gone overseas. Canada's 1917 war bill was \$320,000,000.

Canada's war expenditure is now \$23,000,000 a month.

It exceeds \$1,000,000 a day.

The 22,000,000 subscribed to the 1917 Victory Loan will not do much more than pay this year's war bill.

So much more is needed through the Victory Loan, even though peace should come to-morrow.

BANKS WILL LEND

In a statement on the subscription drive, the chairman of the Canada Food Board, Mr. Henry B. Thomson, says:

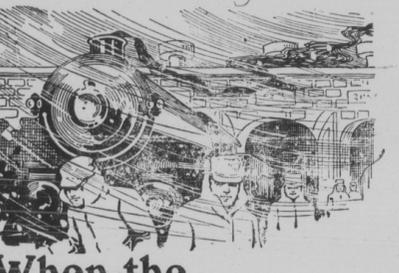

"Since last May, when the use of sugar in Canada was rigidly cut down, manufacturers, candy makers, public eating places and large users, have abided by the rulings of the Canada Food Board.

Approximately 500,000 tons of sugar will be required in Canada for 1918. Only 12,000 tons of this will be used in the confectionery industry. If the Food Board issued an Order absolutely closing down the factories, we should disorganize the industry and throw hundreds of people out of work.

If the people in the homes would not put the "second spoonful" of sugar in their tea and coffee it would save 50,000 tons of sugar a year. This amount is more than four times the sugar allotment to the confectionery manufacturers. It could be done with a little good will.

Notwithstanding the Order issued on September 15th, there is reason to believe that a large number of people hoard sugar in the homes. It is only a little possibly, in some cases, but when multiplied by the number of homes in Canada, it is a huge quantity in the aggregate. There is possibly also a good deal of waste which, if checked by everyone, would make the situation easier.

It is for the consumer to "get in behind" the Food Board now as the manufacturers have done. There will then be an ample supply of sugar for all."

VICTORY.
The big job is done. We have just put it over, you have done it boys! Our hats are off to you.
Time's greatest, highest hour has struck—the mightiest victory in the whole history of this world. The signal is done over there—
"Brave boys! Do you think we don't know the biggest thing that is done from this awful struggle? Ah, but we do. It has purified and burned clear the high white flame of true Democracy. Through you and with you the world has found Brotherhood—the world has found God!
For no one nation—no one race—no one creed has won this war! White, black, yellow and red—Jew and Gentile—Catholic and Protestant—all such age-old lines of separation the flame of battle has burned away—they have sunk out of sight in the melting pot of Universal Brotherhood, in the common cause of decency, humanity, and liberty!
Then here's to you brave boys of our native land! The crown 'd wild olive which Victory holds forth to her sons has its thorns—for your hearts ache with ours for the brave hearts that can never come home with you.

And a humble, adoring Canada pledges her life in this her high hour of triumph, her life, her treasure and her most sacred honor—that the ideals for which you fought and the vision of Brotherhood you have won—
"Shall not perish from the earth!"

OUR NOBLE HEROES.
In this hour of thanksgiving and rejoicing, with the noise of the celebration of victory yet in our ears let us remember those who will never return, those heroes who have given their all that we may live. Let us remember the lonely mothers, wives and sweethearts, the little fatherless children whose emotions of victory are saddened by the recollection of the absent one who sleeps where the poppies blow in Flanders fields. To these heroic women and these half-conscious little children let us give all honor and comfort.

PEACE HATH HER VICTORIES.
The enemies of civilization are taking the count one by one. Bulgaria, Turkey, Austria—all have succumbed to the terrific onslaughts of Great Britain and her glorious Allies, and, perhaps before this gets into print, the instigator of the foul crime against humanity, the once proud German Empire, may have thrown herself on the mercy of the world.
That will be the Peace that seemed so far away only a few short weeks ago. How glorious it will be to know that our boys "over there" are through fighting. And we will re-establish them in peaceful pursuits. "Peace Hath Her Victories No Less Renowned Than War." It is for us, then, to remove the difficulties we see in our path, and we can do this by leading the Government to the limit of our ability so that industry will not lag and Canada will face the new problems with serenity and confidence.

GREAT LIVE STOCK DEMAND.
Peace talk emphasizes the world shortage of cattle, sheep and hogs in fact all live stock. Canada will be called upon to help restore the flocks and herds of Europe, and the afterward demand will be greater than the war demand. The view of those in touch with conditions.

NOW OFFICIALLY— KILLED IN ACTION
Lt. Stewart McLean Fell in Advance on Cambrai—Letter From Chaplain

Mr. Peter McLean received a despatch from Ottawa last Thursday evening stating that his son, Lieut. Stewart McLean had been killed in action.
It will be remembered that early in October word that he was missing, presumed dead, was received.
Lieut. McLean was awarded the Military Cross for bravery on the field over a year ago and all will regret to learn of his death.
The following letter has been received by Mr. Peter McLean from the Chaplain of the 87th Battalion in reference to the death of his son, Lieut. S. S. McLean.
France, Oct. 16th, 1918.
Dear Mr. McLean,
I am the chaplain of the 87th Canadian Infantry Battalion to which your son, Lieut. S. S. McLean, belonged.
No doubt you have already been officially notified that he was missing after an engagement on Oct. 1st, near Cambrai. I am sorry to have to write you that there is every reason to believe that he was killed on that date. No further information has come through as yet, but we expect that there may be some in a few days as the enemy have been driven far back from that line now.
Lieut. McLean was one of the very best officers of the Battalion. In the recent fighting he did magnificent heroic work being especially mentioned and made freedom secure, not only for our own loved country and empire but also for all mankind. Honored indeed is he who suffers in such a righteous cause.
May the loving Heavenly Father wonderfully comfort and bless you and all other sorrowing friends. I am, sympathetically yours,
M. H. JACKSON, Captain.

A VOICE FROM THE TRENCHES.
"Give me a fighting chance! I'm going through hell for you. You asked me to go. I gave up my job, my income, my home, my friends—all. Not once but a hundred times have I thrown my body before imminent destruction—between you and your assailants. You expect me to keep on risking my life until the danger to you is destroyed. All right, I'll do it! But give me your support—not your life, but the protection and fighting materials your money can provide—more guns, more shells, more bombs, more airplanes, more picks and shovels, more tanks, more supply trucks, ships, locomotives, cars—more, more of the inanimate things that can be replaced later. When my life goes, it goes forever!" Day Victory Bonds.

KEEP YOUR POTATOES DRY.
See that your potatoes are dry before you put them away this fall. If you store in a pit look to the trenches, and make sure of good drainage, or you store in the cellar have a false floor to allow air to circulate, and leave a few inches of air space next the wall.

DEMONSTRATION MARKS WAR END
Campbellton Citizens Enthusiastically Celebrate Signing of Armistice.

The war is ended. This was the cheering news that greeted early yesterday morning, but because of the hoax of last Thursday the citizens awaited the official news with suppressed enthusiasm.
When at 7:30 P.M. Worship Mayor Alexander received a telegram stating that it was officially announced from London, Washington and Ottawa that the armistice had been signed at 11 o'clock and that fighting would cease at 11 o'clock (Paris time), the signal that the war was over was given by the blowing of the siren of the Shives Single mill and soon every mill, factory, locomotive and tugboat whistles was adding to the din, while the church bells pealed forth the joyous news of "peace on earth."
Soon the streets were crowded and everyone displayed flags and bunting. A number of the valiant home guard procured shot guns and ammunition and the noise of battle was brought to our very doors.
When the good news was received at the shell factory the entire force formed up and with noise producing implements of every kind formed a procession headed by H. McLennan with the bagpipes and marched through the various streets, adding to their number as they marched.
His Worship at once issued a proclamation calling upon the citizens to fittingly celebrate the glorious news, first by a thanksgiving meeting in the Opera House at 2:30 and later by a parade.

Thanksgiving Meeting.
Long before 2:30 every available seat at the Opera House was taken, and by the time the meeting opened there was not standing room.
The stage was very artistically decorated with flags of the allies.
The arrival of the members of the G. W. V. A. in uniform was the signal for a great demonstration, the audience rising and cheering the returned heroes, who were invited by His Worship to occupy seats on the platform.
His Worship called the meeting to order and asked that the doxology be sung which was heartily rendered. In a few remarks he explained the object of the meeting and called upon the speakers, Rev. Mr. Campbell, Rev. Mr. Barnes, Rev. Mr. Rowley, Rev. Fr. Wallace and Rev. Mr. Miller, delivered short but enthusiastic addresses. Mr. A. T. LeBlanc delivered an address in French.
At the close the large audience stood quietly a half minute in memory of those who had fallen and would not return. The national anthem was then rendered and the meeting was over.

The Procession.
The parade was then formed, headed by His Worship and the Campbellton Band, then the members of the G. W. V. A. in uniform followed by floats, teams and decorated autos. The route of march covered the principal streets of the town.
There were many good features considering the short time available for preparation. The Kaiser, with his imperial moustache in perfect form and attired from helmet to high top boots was led a captive in irons, by a little Belgian boy, while behind on a cart was his coffin duly decorated.
The employers of the McLennan shell factory had made a big gun of six inch iron pipe, with a 5.9 shell for a powder chamber. This was mounted on wheels and at intervals charges were fired that shook the windows.
Dr. Sprout also had a comic float entitled "Paris on Bust—Busted!"
The procession was one of the longest and most enthusiastic ever seen here and certainly did honor to Campbellton.
At 7:45 thanksgiving services were held in the different churches, and were well attended.
Later a monster bonfire was lighted on the back of the town and illuminated that district. Fireworks were put off and residences and places of business were illuminated. The noise was kept up until midnight.
Tuesday, by proclamation of Governor Pugsley, was observed as a public holiday and places of business, mills and factories were closed. During the evening a demonstration was held about the C. G. R. Depot. A large fire was lighted on the vacant lot there and the Kaiser in effigy was burned. The train whistles and railway shop horn blew down the curtain upon the last of Campbellton's demonstration which will be long remembered.

200 POUNDS FLOUR THE LIMIT.
A bona fide farmer who has grown wheat himself may have 200 pounds of wheat flour in his possession, or enough for ordinary household requirements of 200 days, and so may any consumer who live at a greater distance than five miles from his regular licensed miller or dealer. All others are now limited to 100 pounds or 60 days' supply at any one time, except those householders cut off from civilization by the close of navigation. These people may also have the limit of 200 days ordinary supply of flour and of sugar likewise.

A Kidney Remedy
Kidney troubles are frequently caused by badly digested food which overtaxes these organs to eliminate the irritant acids formed. Help your stomach to properly digest the food by taking 15 to 20 drops of Extract of Roots, sold as Mether Selge's Carative Syrup, and your kidney disorder will promptly disappear. Get the genuine.

Fredericton, N. B.

Nov. 14-1-wk.

And Now—Our Part

Canada's Army has splendidly finished its share in saving civilization on the battlefields.

Now let us take up the completion of our underline share of the task.

Canada must still continue for a time to maintain her soldiers; must provide transportation to bring them home, must arrange for their future so that they may again become self-supporting units in a reconstructed world.

Canada must maintain prosperity at home—must continue for a time to finance the purchases of food and supplies for Great Britain and our Allies in order that she may take her rightful place as a great sea-carrying power.

For all these things hundreds of millions of dollars will be required.

To demobilize and re-establish our soldiers in civil life alone will take many millions.

Canada's Victory Loan 1918 will provide the necessary working capital.

Therefore, Canada's Victory Loan 1918 must be a great oversubscribed success.

Our part, then, is to buy Bonds and complete our great Victory.

THREE ARRESTS FOR ROBBERIES

Trio Visited Various Sections of County and Gathered Much Merchandise. Chief of Police Adams went to Charlton Sunday and there arrested John Boudreau of Richardsville and George Ryan, charged with breaking and entering the Richards Manufacturing Co.'s store at Richardsville on Monday night Nov. 4th. When captured the men had a large quantity of general merchandise and it transpired that they had also broken into the residence of Hector White on Chamberlain farm here and had stolen a quantity of wearing apparel. In this latter break they were assisted by a girl named Elizabeth Boudreau of Athol, a half-witted creature who was sent to jail last spring for vagrancy. They had also broken into Hamilton's store at Charlton, McMillan's store at New Mills and had stolen a horse and wagon from Dalhousie Junction. While here they broke into Mr. David Champe's summer residence and had spent some time therein. The prisoners appeared before Judge Matheson yesterday for preliminary investigation and were remanded for trial and taken to the Dalhousie jail. John Boudreau has a previous record as he has served a sentence for stealing a pair of horses from one of the Shives Lumber Co.'s camps a few years ago.

THIS is the season when everybody should be provided with the splendid protection a good pair of Leggings will afford. We have them in the various shades, both ten and twelve button styles. USEFUL WAR SOUVENIR

The War Album issued by the Family Herald and Weekly Star of Montreal is to hand and is a credit to the Publishers. A copy is sent free to all who order that paper for 1919. The Album contains a mine of valuable information and the color work could not be improved on.

It is just such a book as one would like to have close by at all times. Every school child in Canada should have it. In after years when the war is over it will be a valuable book of reference. The Family Herald costs only \$1.25 a year and with the Album is certainly big value.

ROSEBRIDGE, QUE.
 Word was received by Mr. Elias Rose of Rosebridge, that his eldest son George Stanley Rose has been officially reported killed in action on September 2nd, 1918. He was only twenty years of age, having enlisted when he was eighteen years of age. Then after a few months training at Valcartier with the 171st Battalion was taken to England there being transferred to the 13th Canadian Royal Highlanders Battalion, then to France after nine months training, were after fourteen months of fighting he made the supreme sacrifice. Word was received by his mother from the chaplain of his battalion, informing her of her son's death, and how he had been loved by all his comrades, and always was willing to do his part toward helping the temperance cause. He was twenty-three years of age and before enlisting was employed by The Shepherd & Morse Lumber Co., L'Anse aux Cousins. Much sympathy is felt for his sorrowing parents.

What are Peps
 Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up of Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of coughs and their price is within the reach of all. All dealers, \$5c. box. Send 1c. stamp for FREE TRIAL PACKAGE.

CANADIAN VALOR AT VALENCIENNES

With the Canadian forces in the field, Nov. 2.—(By J. F. B. Livesay, Canadian Press Correspondent)—To the Canadian corps fell the honor of restoring the ancient city of Valenciennes to France together with five thousand civilians and as many more in the adjacent villages.

Short, sharp and decisive as was the battle of Valenciennes it will rank as one of the most brilliant achievements of the Canadian corps. The situation offered an extremely difficult problem. Until three days ago the entire Canadian corps was on the west side of the Scheldt, with its battle-front cut off from the enemy by a flooded and impassable area. His flank thus protected the enemy was able to hold fast to the highland to the south of the city which Mont Houy was the key. Two attempts by troops operating on our right to storm this position had failed. The Canadian fourth division was entrusted with the entire operation. The tenth brigade kicked off at dawn and by eight o'clock had carried all objectives, including Mont Houy and the intervening villages up to the southern outskirts of the city. Much of this initial success was due to the remarkable work of the Canadian artillery which laid down a barrage mixed with smoke that simply devastated the enemy defenses. Our advancing infantry came upon enemy machine gun posts blown to pieces with all their crews. Sufficient remained, however, to put up a stout fight, bitter opposition developing at Aulnoy street works, Marly and elsewhere. The enemy dead exceeded anything of the kind ever seen since the height of the battle of Cambrai. Happily our own casualties throughout the whole operation were relatively light.

While the tenth brigade was thus engaged the twelfth brigade from the west attacked and succeeded in crossing the canal at one point. The only practicable crossing was commanded by strong machine gun posts just across the canal. Wrapping the holes of an eighteen pounder with a carpet the gun was brought down secretly at night to a house just opposite this post and then fired through the walls at the zero hour next morning at point blank range at a distance of a few yards. At the first discharge it blew up guns and crew into the air.

An entire Ontario battalion crossed over the locks on the southwest of the city by a foot bridge under a heavy machine gun fire from machine guns and with the first section there went over the official Canadian photographer who took pictures under fire. The battalion proceeded to consolidate the southern end of the Oise, holding that night the line of the railway. During the same day a British Columbia battalion crossed over the canal farther down and after sharp fighting, succeeded in making good a line on the northwest outskirts of the city. An Ottawa battalion pushed its way right through the city and took up a line on the eastern boundary being supported on the left by British Columbia troops and on the right by units of the eleventh brigade, which went through the tenth brigade.

Two Canadian punners with two French interpreters at ten o'clock swarmed up the tower of the hotel de ville, cut down the German flag and hoisted the tricolor. The enemy still clung tenaciously to the ridge immediately east of the city whence he directed a harassing fire. We attacked in force again and drove him out. St. Sulpice and the Chateau Hours.

GERMAN-OWNED PROPERTY IN THE STATES TO BE SOLD.
 Woolen Mills of New Jersey and Other Large Manufacturers Throughout the Country to be Disposed of to Americans.
 New York, N. Y., Nov. 6.—Announcement that the German woolen mills of New Jersey and other large manufacturers throughout the country, with an aggregate value of more than \$200,000,000 will be sold within the next two months to Americans was the answer to-day by A. Mitchell Palmer, Alien Property Custodian to the recent note from the German Government protesting against disposition of farms and other owned interests in the United States. German property seized in this country totals \$800,000,000 and will soon reach \$1,000,000,000 compared with \$14,000,000 worth of American interests taken over in Germany, Mr. Palmer said.

A THOROUGHLY CANADIAN.
 "My dad's a scrapper," said Willie as he contemptuously regarded Tommy as they played in a back alley. "That's nuthin'," retorted Tommy, "my dad's too. I heard him tell mother he was goin' to scrap everythin' about the old place to buy Victory Bonds!"
—BUY—VICTORY—BONDS—

BILLY SUNDAY ON THE VICTORY LOAN

Canada's Victory war chest needs filling again. We have the cash to fill it as many times as the lid is lifted.

There are only two horns to this dilemma—you are either a patriot or a traitor.

The men on the firing line and on the battleships have turned from business, home, mother, wife, children, and they stand ready to give their lives and shield with their bodies us who remain at home.

We are unworthy to be thus protected if we do not do our utmost to sustain them.

We must be one in our determination to win this war. We are traitors to the cause for which they are giving their lives if we do things here that make their efforts harder.

Life is not worth living unless there is something to live for. Life would not be worth living if that bunch of Heines should win. That is why they cannot win. That is why we cannot lose. What a mountain of crime God has on his books against that horde of Hellish Huns. What grave is deep enough for this thousand-armed, thousand-footed, thousand-headed, thousand-horned, thousand-fanged pirate of the air, assassin of the seas, despoiler of the earth and ambassador of Hell. The army and navy will dig the grave, but we must furnish the spade.

Our boys will hang crape on the door of the Potsdam palace and the bands will play "The Maple Leaf Forever" along the Rhine.

Canada is the cactus in the Kaiser's pillow. Our boys have gone over to clean up on that fool bunch of Huns and it is up to us to supply them with whatever they need to finish the job. It takes money to keep the riveters riveting, the saw sawing, the machine guns spitting bullets and the grub wagon always on hand with the cats. There is nothing too good for our brave defenders.

Our vocabulary contains no words adequate to express our approval of the achievements of our armies since we threw our hat in the ring. We are rich on top of the ground; we are rich under the ground, and our rivers creep like silver serpents to the seas, bearing our products.

The children of England, France, Italy and Belgium are laughing once more because they are being fed from Canada's bakeshop. We are in this scrap to the last dollar, the last grain of wheat, the last day.

We will never stop until Germany dips her dirty blood-stained rag to the Union Jack. It is a whale of a job we've tackled, but we can and must put it over. But you must help. Don't whine. Don't knock. You can't saw wood with a hammer. Don't turn the hose on the fire; add fuel.

Buy Bonds! Buy Bonds!

HUMUS IN SOILS.

(By John E. McIntyre.)
 The most important element in a fertile soil is Humus. This is a mixture of dark substances resulting from the decay of roots, leaves, twigs and other vegetable as well as animal remains in the soil. It imparts to the surface of the soil a more or less dark color, which distinguishes it from the sub soil.

As plants require chiefly nitrogen, phosphorus, potash and lime for their nutrition, they find these minerals mostly in humus. Nitrogen especially is supplied in large quantities.

While improving the texture of the soil and conserving the water supply, Humus is the medium in which the species of Bacteria that lives therein, set free certain acids which unlock the stores of plant food contained in the different particles of the soil and renders them available to the plant.

Its effects are—Physical, Chemical and Bacteriological. Physically—1st.—It improves the tilth of the soil, making clay soils lighter in texture and much more friable; and sandy soils more compact by holding the particles together.

2nd.—It increases the moisture holding capacity of the soil by absorbing 100 to 200 per cent. of the dry weight in water, compared with 10 to 15 per cent. for sandy loams and 25 to 35 per cent. for clay loam. Acting thus as a reservoir for water, it enables fields rich in humus to produce good crops in a dry season whereas fields poor in humus, not having enough moisture, will produce a poor crop.

2nd.—By imparting to soil a darker color therefore absorbs more heat which causes a more rapid germination of the seed and a more rapid growth of the plant. It is to be noted that the process of decomposition in itself also causes heat.

Chemically—1st.—Lime humus consists of the remains of other plants, it necessarily holds the elements they contained, therefore renders them again available for plant food. 2nd.—The organic acids contained in humus, render the mineral elements in the soil available for the use of the plant.

Bacteriologically—It increases the useful bacteria of the soil from a few thousands per ounce of soil to over four hundred million. These bacteria break down the vegetable substances into simple forms for the next generation of plants.

New to maintain and increase the supply of humus in soils, there are three practical means: (1)—Feeding to stock the produce raised on the farm and applying the manure produced to the soil. (2)—Plowing under crop residues especially clover consequent to a rotation of crops. (3)—Plowing under of green or cover crops.

It's not "Der Tag" but good night for the Kaiser. Buy Victory Bonds and set the Joy Bells ringing.

 TAROL is a scientific remedy prepared by competent chemists, according to formulas approved and recommended by the Medical profession, with choice elements, the principal being
Wood Tar and Cod Liver Oil
 Wood Tar acts as a powerful antiseptic to the throat, bronchi and lungs, protecting these organs against the evil action of the microbes. Cod Liver Oil soothes the irritated mucous membranes, eases the cough, promotes expectoration and supplies the whole organism with the energy needed to overcome the diseases and to recover strength.
 Ask for Tarol and insist on getting it.
 DR. ED. MORIN & CO., Limited - QUEBEC, Canada.

As a matter of business, what do you think of the plan?

You are a farmer. Canada is a farming country. Canada grows more food than the people of Canada need. To prosper she must sell that surplus food. Great Britain is our best customer for grain, pork, beef, cheese and other farm products. Every practical man must see how important it is to hold the British trade. Canada wants not only the profit on this trade, she wishes to create a goodwill in Britain towards Canadian products and thus assure our export business for the future. At the moment Great Britain asks for credit, asks Canada to sell her products of the farm, "on time." To hold her trade, it is necessary to give this credit. This takes capital—immense capital. For Britain's purchases from Canada are huge, and these purchases must be paid for in cash. In these times, it is not easy even for a nation as wealthy as Canada to procure money. Certainly, no other country can lend us money. The only way now open for Canada to secure money is to borrow from the people of Canada.

This is the reason for selling Victory Bonds. Can anyone deny the sound business sense of this plan of protecting our valuable market? From the standpoint of the man who lends, what better security could he get for his money? Where else could he get a five and a half per cent. return on such security? Where would he find an investment to pay interest so regularly and with so little trouble to the lender? Certainly Canadians have an opportunity to benefit very directly from this borrowing plan. And the money Canada borrows is spent entirely in Canada—a very large part of it for the very crops the farmer has to sell. Therefore, if the Victory Loan is a success, business in Canada must be good, the nation must prosper and so be able to carry on a vigorous war effort in France and Flanders. As a practical man you must approve of the Victory Loan plan. Then help it along. Put your own money into Victory Bonds; urge your friends to buy; work hard among your loyal neighbors to make the Victory Loan 1918 an overwhelming success.

Buy VICTORY BONDS
 —all you can pay for in cash and all you can carry on instalments.

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

 KIN OR/ PEK

The Pathephone
PLAYS ALL MAKES OF RECORDS

IF you want to bring Music into your home, you cannot be more certain of getting complete satisfaction than by buying

The Pathephone

Although the Pathephone is the highest type of Phonograph made and possesses advantages not found in other makes, it does not cost any more than an ordinary Phonograph. For instance, the illustration shows a Pathephone selling at \$137.50. Compare this Pathephone with any other make of Phonograph and you will agree that to look for better is utter waste of effort. Note the following points:

A classic design, beautifully finished in Mahogany, Walnut or Fumed Oak. Plays ANY disk record, thus placing at your command the combined Record libraries of the world, including the famous Pathé record, which plays with a permanent genuine Sapphire Ball instead of the scratchy, record-destroying steel needle. The Pathe's tone control, an ingenious little device, permits you to augment or decrease the volume of tone at your pleasure.

It is the finest Phonograph in its price class, finer than you had hoped to own. A small cash payment—probably less than you had expected to pay—will take it to your Home any time you may direct.

TERMS SHOW COMPLETE SURRENDER OF TURKEY

London, Nov. 6.—The armistice accepted by Turkey amounts to "complete and unconditional surrender."

This statement was made by Lord Robert Cecil, assistant secretary of state for foreign affairs, to the Associated Press tonight.

Lord Robert emphasized the statement of the foreign office to the Associated Press by saying that "no secret undertaking or engagements have been made with Turkey as far as the British government is concerned."

He added that the armistice had been signed by Great Britain on behalf of all the Allies.

Discussing conditions in Germany, Lord Robert said the indications of the last day or two were that the Pan-Germans were losing their hold.

"He declared that no Bolshevism had been reported in Germany, but that it was spreading in a part of Austria.

With reference to rumors circulating here to the effect that the armistice with Turkey included clauses by which Turkey would retrocede sovereignty over Armenia and other provinces, the Foreign office authorized the statement that there is no truth in the suggestion that a secret political agreement is annexed to the armistice with Turkey.

Conditions of Turkish Surrender.

The terms of the armistice granted by the Allied Powers to Turkey follow:

"First—The opening of the Dardanelles and the Bosphorus and access to the Black Sea. Allied occupation of the Bosphorus forts.

"Second—The positions of all mine fields, torpedos tubes and other obstructions in Turkish waters are to be indicated, and assistance given to sweep or remove them, as may be required.

"Third—All available information concerning mines in the Black Sea is to be communicated.

"Fourth—All Allied prisoners of war and Armenian internees in Constantinople and handed over unconditionally to the Allies.

"Fifth—Immediate demobilization of the Turkish army, except such troops as are required for surveillance on the frontiers and for the maintenance of internal order. The number of effectives and their disposition to be determined later by the Allies after consultation with the Turkish government.

"Sixth—The surrender of all war vessels in Turkish waters or waters occupied by Turkey. These ships will be interned in such Turkish port or ports as may be directed, except such small vessels as are required for police and similar purposes in Turkish territorial waters.

"Seventh—The Allies have the right to occupy any strategic points in the event of any situation arising which threatens the security of the Allies.

"Eighth—Free use by Allied ships of all ports and anchorages now in Turkish occupation and denial of their use to the Turkish navy. Similar conditions to apply to Turkish mercantile shipping in Turkish waters for the purpose of trade and the demobilization of the army.

"Ninth—Allied occupation of the Taurus tunnel system.

"Tenth—Immediate withdrawal of Turkish troops from northern Persia and from the pre-war frontier, already has been ordered and will be carried out.

"Eleventh—A part of Transcaucasia has been ordered to be evacuated by Turkish troops. The remainder to be evacuated, if required by the Allies after they have studied the situation.

"Twelfth—Wireless, telegraph and cable stations to be controlled by the Allies. Turkish government messages to be excepted.

"Thirteenth—Prohibition against the destruction of any naval, military or commercial material.

"Fourteenth—Facilities are to be given for the purchase of coal, oil, fuel and naval material from Turkish sources, after the requirements of the country have been met. None of the above materials are to be exported.

"Fifteenth—The surrender of all Turkish officers in Tripolitania and Cyrenaica to the nearest Italian garrison. Turkey agrees to stop supplies and communications with these officers if they do not obey the order to surrender.

"Sixteenth—The surrender of all garrisons in Hedjaz, Assir, Yemen, Syria and Mesopotamia to the nearest Allied commander, and withdrawal of Turkish troops from Cilicia, except those necessary to maintain order, as will be determined under clause six.

"Seventeenth—The use of all ships and repair facilities at all Turkish ports and arsenals.

"Eighteenth—The surrender of all ports occupied in Tripolitania and Cyrenaica, including Misurata, to the nearest Allied garrison.

"Nineteenth—All German and Austrian military or civilian, to be evacuated within one month from Turkish dominions and those in remote districts as soon after that time as may be possible.

"Twentieth—Compliance with such orders as may be conveyed for the disposal of that portion of the Turkish army which is demobilized under clause five.

"Twenty-first—An Allied representative to be attached to the Turkish military supplies in order to safeguard Allied interests. This representative to be furnished with all aid necessary for this purpose.

"Twenty-second—Turkish prisoners are to be kept at the disposal of the Allied powers. The release of Turkish civilian prisoners and prisoners over military age is to be considered.

"Twenty-third—An obligation on the part of Turkey to cease all relations with the Central Powers.

"Twenty-fourth—In case of disorder in the six Armenian vilayets the Allies reserve to themselves the right to occupy any part of them.

"Twenty-fifth—Hostilities between the Allies and Turkey shall cease from noon, local time, Thursday, Oct. 31, 1918."

INTESTINAL PARALYSIS

"Fruit-a-tives" Quickly Relieved This Chronic Trouble

359 CASHEL STREET, MONTREAL.

"In my opinion, no other medicine is so curative for Constipation and Indigestion as 'Fruit-a-tives'."

I was a sufferer from these complaints for five years, and my ordinary occupation, which brought about a kind of Intestinal Paralysis with nasty headaches, belching gas, drowsiness after eating, and pain in the back.

I was induced to try 'Fruit-a-tives' and now for six months I have been entirely well." A. ROBINBURG.

Canada Have Not Taken In the Victory Loan

Money From Loan Needed to Finance Exports of Farm Products to Britain.

The Canadian farmer stands to gain or lose much through the success or failure of the Victory Loan. He is much more dependent on it for the ready sale of his products than has generally been realized. Some there are, even to-day, who fail to grasp the facts of the situation. It is a mistaken idea that all a farmer has to do these days is to raise grain, cattle, hogs, or produce, cheese, butter or eggs and he is sure to find a ready market at high cash prices. A keen demand for the

The Sale of Gin Pills is Greater than Ever

Gin Pills: You've heard of them, of course, for they are the acknowledged and established remedy for Kidney and Bladder troubles. Gin Pills have relieved hundreds of Canadian men and women in many ailments and hardships. Testimonials received by them from persons in all parts of Canada tell us that Gin Pills have relieved them from the suffering caused by kidney and bladder derangements. These testimonials are from persons who have used Gin Pills and benefited by them. In most cases they write as follows: "I tried this medicine and now I know what Gin Pills do for me."

Gin Pills have been on the market for years in fact, we believe there are more Gin Pills sold than any other proprietary medicine in Canada. From Halifax to Vancouver you can buy them in every city, town, village or hamlet. The popularity has been kept up by the constant use of them by those who have been benefited by their use. If you are suffering from pain in the back, indigestion, headache, or a general feeling of lassitude, you need Gin Pills. Get a box from your dealer; try them, and if they do not help you, write us and we will refund you the purchase price, singly.

Sold by J. J. Jones almost everywhere, at 25c a box. A trial sample free if you write us for it.

The National Drug & Chemical Co. of Canada, Limited, Foreign Division, U. S. residents should address: National Drug & Chemical Co., Inc., 202 Main St., Buffalo, N. Y.

MR. J. H. GUNDY.
Vice-chairman of the Dominion Victory Loan Committee, and a strong leader in the campaign for the sale of Victory Loan products, of cereals, raisins, and dried fruits, will take all of them that Canada has to spare; but the demands of the war have been so heavy that she cannot pay cash for all these things. She must have credit. It is here that the Dominion Government steps in, and provides the cash, obtaining the necessary funds through the Victory Loan.

The farmers should be as enthusiastic over the Victory Loan campaign as any other class. If it is not a decided success they stand to lose heavily. But if they subscribe to it liberally and endeavor to get others to do so, its complete success is assured.

BOLSHEVIRI GOVERNMENT SEEKS PEACE WITH ALLIES

London, Nov. 6.—The Bolsheviki government of Russia, it is reported, has indicated the possibility of a note for transmission to the Allied nations, asking for the opening of peace negotiations in order that the Russian revolution may be ended, says an Exchange Telegram dispatch from Copenhagen.

The note asks the Allies to decide upon the time and place for the beginning of the negotiations.

BUY MORE VICTORY BONDS

PRAIRIE FARMERS' EXAMPLE.

Saskatchewan, which is almost a purely agricultural province, has given a splendid lead to the rest of the Dominion. Owing to the crop failure in several of the districts, the allotment for the Province in the Victory Loan drive was placed at \$15,000,000. Recently those in charge of the provincial organization said that they would not think of getting less than \$22,000,000.

VIMY RIDGE.

Travel softly here! Go reverently and slowly! You let your soul go down upon its knees. You will beed hard, and heart and hand, to earn the future gain in this world.

And you will beed hard, and heart and hand, to earn the future gain in this world.

BONDS OR BONDAGE

Canadians at Home Must Do Their Utmost

It is for them to demonstrate that the spirit of the boys over there lives at home.

Canadians at home must do their utmost in the Victory Loan drive, for the boys in France are depending on these boys at home. The boys in the British Army, who have carried all before them during the last three months, must not be disappointed in the folks at home. It must be demonstrated to them that the spirit lives in the home front.

There is no problem confronting Canada today, or likely to confront her in the future, if they put their minds to it. There is no task for them too difficult. But, while everybody does this, there is no one talking about it, unless the Victory Loan is put over. It will be, for it must be.

DOUBLE UP.

Everybody seems to be doing it. Why shouldn't they? The cause is worth doubling up for. Besides, it would be impossible to get a better investment. It's better than the Americans were offered, for their Fourth Liberty bonds bear only 4 1/2 per cent, whereas ours carry 2 1/2. So "doubling up" is the correct thing. It is patriotic and also good business. Double up.

TWO MORE DAYS—BUY VICTORY BONDS

The Morning Cup well begins the day.

BRITISH ARMAN'S NARROW ESCAPE

Machine Was Turned Upside Down Out of Control.

London, Nov. 6.—Some time ago a British aviator flying a powerful machine at 16,000 feet over Ostend had the machine's tail shot off by the fire of a shell, a very unusual occurrence.

The machine turned upside down, out of control, and the pilot was thrown out of his seat. By some inexplicable manoeuvre he managed to clamber on to the bottom of the fuselage of the machine—outside of which he sat as if he were riding a horse.

Though the machine was out of control, owing to the loss of its tail-plane, yet by moving forward and backward he so managed to balance it that it glided fairly steadily down, although it was upside down.

He successfully brought it across the German lines, and came safely to within a few hundred feet of the ground. Then he crashed down and was injured, but is now recovering in hospital.

When it is considered that this incident occurred at a height of 16,000 feet, over hostile territory, and that during the aviator's terrible precariously ride he was subject to anti-aircraft fire, and liable to the attack of hostile scouts, it is not too much to say that his is a record achievement.

Recently another aviator was shot down out of control, from 11,000 feet and fell fluttering like a leaf, because the ground shortly after he came to, and found himself in the machine upside down in a marsh, absolutely unhurt.

Many aviators, of course, have been through several "crashes" without sustaining as much as a broken collarbone.

IN EVERY TIME OR STRESS, and difficulty for over ninety years. The Youth's Companion has stood by the family. It has cheered and encouraged and entertained—delighting in informing all, and making home life and loyal sentiment the ideal of all.

For 1919 the publishers intend to make the paper worth more to family life than ever before. The splendid serials about war events, the best year's reading in the family life, hundreds of short stories and articles by great contributors, and a story by the way of helpfulness in every issue from the solid and reliable to the happy humor for which The Companion is famed. In these days the whole family needs The Companion, and it is still only \$2.25 a year for 52 splendid issues.

Don't miss it. Since Richmond's great serials, "The Boy's Own," beginning December 12.

The following special offer is made to new subscribers:

1. The Youth's Companion—\$2 for six issues of 1919.
2. All the remaining weekly issues of 1918.
3. The Companion Home Calendar for 1919.
4. McCull's Magazine—12 issues for only \$2.25.

All the above for only \$2.25, or you may include:

McCull's Magazine—12 issues for only \$2.25. The two magazines may be sent to separate addresses, if desired.

Harrison very pleasantly entertained a number of young people at her home on Tuesday evening. Mrs. E. A. Bell of Portland, Maine, formerly of Montreal is visiting her sister Mrs. J. R. LeFurgey for a short while. Miss Alta Campbell of New Richmond spent Tuesday in town en route to Montreal. Mr. and Mrs. Chas. N. Smith have returned from Moncton where they were the guests of relatives for a couple of weeks. Misses Jean Jardine, Ethel Baird and Dorothy Haines left on Monday for Sackville to arrange take up their studies at the Ladies College. Corporal J. A. C. Godin of Ottawa formerly of Bathurst, N. B. was a visitor to Dalhousie last Wednesday leaving shortly for Victoria, B. C. Miss Margaret Duncan of Campbellton, who has been spending the weekend with Mrs. L. E. McAloose, of Lewisville, returned to her home last evening.—Moncton Transcript.

SHIRETOWN HAS CELEBRATION TOO

News of End of War Celebrated at Dalhousie on Thursday and Monday

Dalhousie, Nov. 13.—On Thursday afternoon news came from Chatham that the world struggle was at an end. Our citizens without waiting for an official word from Ottawa, gave vent to their feelings of joy and thanksgiving. The strain of four years and three months of war was beginning to tell on our people, and what a relief for all it was to hear the church bells ring out the beautiful words, "The war is over." The scene in the afternoon in Dalhousie, will long be remembered by our citizens. The ringing of the different church bells, the convent bell, the blowing of whistles from the large lumber mills, the fearful scream of our fire alarm, the loud sound of the E. C. B. locomotive whistles, with the firing of guns by the shiretown home guard, was well in line with the stand taken by the citizens of Dalhousie, since the war started. All the fine residences were illuminated in the evening. Adelaide street was a pretty sight. Those who made a special effort to light up their windows with candles are to be congratulated.

On Monday morning, when official news reached here, a halt—officially was declared by the Mayor. Banks, stores, and mills closed. Flags and bunting floated cheerfully from business fronts and from many residences in all parts of the town. People born under different flags, even under the flag of the central empires, expressed their joy and sympathy with our cause, by displaying the Union Jack, making their store windows attractive to the view of every British subject. In the evening illumination of stores and residences.

On Tuesday, pursuant to a proclamation issued by His Honor the Lieutenant-Governor of New Brunswick, making the 12th of November a day of thanksgiving for our province, in spite of two celebrations already held, the notice given was well obeyed. In the forenoon, the citizens decorated their places for the day. William Street presented a grand appearance. The large British, Canadian, French and American flags, with the numerous small flags, of all our allies flying to a gentle westerly breeze and a warm sun was a beautiful scene. At eleven o'clock, the church bells, which had been silent for weeks on account of the epidemic of Spanish Grippe, were heard calling the different congregations to their respective church discourses were delivered in St. John's Presbyterian church by Rev. J. L. McLean and in St. Mary's Episcopal church, by Rev. R. J. Coleman. In the afternoon all the stores were closed as well as the banks. All the mill men were given a holiday. A parade, unique in its formation, was very much enjoyed by the people of the place. The large motor tractor with several flat cars attached to it, carrying hundreds of men and boys made several tours of our principal streets, which were lined with people. On the engine was a very pretty Canadian flag and a man beating a drum, flags and small drums and whistles made great music for the crowd. Following the motor tractor train, were several automobiles, carrying the mayor and his wife, aldermen, clergymen, bankers, etc. After the parade several volleys were heard from the large cannon, which had been placed for the purpose on Rock Island, and was in charge of Mr. Wm. Gallop. It made more noise than the large guns used by the Huns, when they fired at a distance of seventy miles into the great city of Paris, but did less harm. In the evening illumination of store windows and residences.

At 8 o'clock there was a large gathering of citizens in the new convent hall, where the public concert and most successfully a Victory and Thanksgiving programme. The Union Jack was prominently placed at the centre of the large stage, and under it were the words, "Vive la Paix." Rev. A. A. Boucher, addressing the large audience, announced that the R. C. Church would be opened on Sunday, and at 10 o'clock there would be the usual service. That on Sunday, in all the R. C. Churches in Canada, the "Te Deum" would be sung, in thanksgiving to Providence, for Peace. He spoke eloquently about our loyalty to British institutions. He was followed by Hon. G. H. LaBelle, who spoke of the hopeful results that must follow the patriotic steps taken by Great Britain, France and the United States, to settle for all time the great motto of "Live and let Live". Mayor Montgomery congratulated Rev. A. A. Boucher and the good sisters, for having in such a short time, prepared such an enjoyable evening, as a finish to the days celebration. He referred to the great questions of the future being decided by the ballot box instead of by the gun or sword. The singing of the national anthem closed a very enjoyable hour.

At nine o'clock a large crowd of people gathered on the Court House grounds, where the Kaiser was burned in effigy, and then blown up. The crowd cheered and paraded the streets till a late hour, while the cannon on the island was heard at intervals. It was a beautiful day and the calmness of the evening made the third celebration, of Victory and Peace, in the shiretown of Restigouche County, one never to be forgotten.

Now that the greatest of wars is over, what shall we do to commemorate the memory of our gallant Restigouche boys, who died on the battlefields to protect our homes? The suggestion given by "The Graphic" in its very creditable supplement, to its issue of the 31st, ultimo, that a monument be erected at Campbellton, to the memory of the late Lt.-Col. A.E.G. McKenzie, D.S.O. killed in action in advance on Monchy, August 28th, 1918, is one that will meet with general approval. Many citizens in Restigouche will be glad to have the opportunity to subscribe to a fund, for the

PEACE TALK DANGEROUS. Irresponsible peace talk is one of the greatest dangers to the Victory Loan campaign. When this article was being written Austria-Hungary, Turkey and Bulgaria had concluded an armistice with the Allies, and, in so far as Germany is concerned, there is no knowing what a day may bring forth. But the fact should be impressed on the public that, no matter what happens, the Victory Loan is an absolute necessity. If peace were to come tomorrow it would take over a year to bring back and demobilize the Canadian troops overseas. In the meantime they would have to be kept, and the Victory Loan supplies the money. It is well to lay stress also on the fact that agriculture and a number of the manufacturing industries are dependent on the Victory Loan for financial support. That is, the Loan enables the Government to make advances to finance the sale of products to Great Britain. This must be forthcoming even should fighting end at once.

Of course you know these things, but all your readers do not, and they may not know unless they learn it from your paper.

MUNITION MEN SOON OUT OF JOB With peace so close at hand and the prospects of an early closing of a great many munition factories in Canada, the Imperial Munitions Board is advising all its employees who have chances now to drop into permanent positions, to take advantage of them immediately. Sign cards have been posted up in many departments of the I. M. B. and before long the employees of all branches will receive this advice. The object is to get rid of those holding war-time positions on the I. M. B. by degrees.

Gray Hair Hays' Hair Health. Gray hair, for removing, dandruff, and a hairbrush. It is a safe, permanent and a hairbrush. It is a safe, permanent and a hairbrush. It is a safe, permanent and a hairbrush.

Each section of our great country that has furnished heroes in the recent great struggle, will no doubt take steps to see that future generations shall become aware of what has been accomplished by the boys of our land in the greatest catastrophe, that has ever taken place since the deluge.

To Auto Owners: I am now prepared to attend to Auto repairs during the winter months. A share of your patronage is solicited. Garage open all day and evenings. WM. DEROCHE, Central Garage, Campbellton.

AT THE IMPERIAL TO-NIGHT The Imperial Theatre opens tonight with a five reel feature, ANN PENNINGTON in "Sunshine Nan" AND TWO REEL "Battle Royal" FRIDAY & SATURDAY The 19th episode of "The Eagle's Eye", "Sunshine Nan" and four other reels. MONDAY & TUESDAY Mary Pickford in "Amarilly of Clothes Line Alley" and two reel picture. PRICES AS USUAL. This Theatre Has Been Entirely Cleaned and Fumigated.

DO NOT NEGLECT YOUR EYES We hear much of people who sacrifice everything to sartorial splendor. They would go without dinner every day for a new pair of shoes. Sacrificing health for appearance is not good policy—it does not make for health a real happiness. Not only do you squint and frown when you neglect your eyes, but you seriously injure your health. Better have a careful examination made. H. R. HUMPHREY Optician—Optometrist Campbellton, N. B.

It's Up To You— We require \$110,000 to reach our objective of \$650,000 for Restigouche county. Our young men have been gloriously brave and victorious on the field of battle. Can we at home acknowledge defeat? What Is Your Answer? One final effort and we will succeed. H. F. McLATCHY, Chairman. This space donated by the McClary Mfg. Co.
