Like Grapes in September!

Rich clusters of Black Hamburg Grapes, their skins tight to bursting with goodness—they're never so sweet as when they come in on the crest of their season.

Tea too.

It holds its goodness for a season, then loses it a little at a time. Last year tea is like last year grapes.

The new crop of tea has just been gathered in the gardens of India and Ceylon. And it's the most delicious for decades.

Blue Bird is the first to offer this new season tea to you. For Blue Bird being the fastest, selling tea was first to dispose of the last season crop.

TURN TO THE RIGHT NOW

All Drivers Are Reminded That After Today This is the Rule.

Fredericton, N. B., Nov. 22.—The "rule of the road" will be changed in the province of New Brunswick on December 1st and on and after that date it will be "turn to the right," as it is in all the rest of the provinces of Canada to New Brunswick's west, as well as in the United States.

Ever since the first settlers arrived in this province has followed the Old Country rule of passing to the left and the tremendous increase in automobile traffic, with its thousands of touring parties now passing over the highways of New Brunswick each season, made the change inevitable. There were so many accidents and near accidents as a result of misunderstandings of the unusual or old fashioned "rule of the road" which remained in vogue that something had to be done for the promotion of public safety.

In 1920 an Act was passed by the Provincial Legislature authorizing a change in the "rule of the road" and it was hoped that united action could be taken by the provinces of New Brunswick and Nova Scotia to have the change become effective simultaneously in the two provinces. When the Nova Scotia Legislature passed an Act authorizing the change at its last session, December 1st was named as the date for the change to go into effect in New Brunswick then Nova Scotia's Act was disallowed but New Brunswick having announced the change to be effective on December 1st in an official proclamation is now carrying out its intention.

December 1st was chosen as the date for the change in this province as traffic is usually extremely light on the roads of this province at that time and because it would be inadvisable to have the change come during the winter season when sleds and sleighs would have to be temporarily laid up for changes to be driven with "shifts" on the country roads. Every conceivable means is being taken to remind the people of the province of the impending change and it is hoped the December 1st and the following days will pass with few if any accidents on the highways of the province with the introduction of the change in the "rule of the road."

WOMAN OF 106 DIES

AT HOME FOR AGED

Mrs. Euphémie Farland is Victim of Grippe.

(Woonsocket Paper.)

Mrs. Euphémie (Francœur) Farland, widow of Jean Baptiste Farland, died at the age of 106 years this morning at 2 o'clock at the St. Antoine Home for the Aged on Hamlet avenue, of which she had been an inmate since last June.

Mrs. Farland had her physical faculties in spite of her advanced age up to the time of her death. Her eyesight was good. She was able to sew for a pastime and her hearing permitted her to take part in daily conversations at the old home. She was stricken with a bad case of grippe a month ago from which she failed to rally, gradually weakening until she passed away.

Mrs. Farland was born at Pointe Lévy, Can., the daughter of the late Jean Francœur and Marie Arsenault, in 1816. She was married to the late Jean Baptiste Farland at her birthplace. After their marriage they moved to New Brunswick, Can., where Mr. Farland died forty-five years ago. After the death of her husband Mrs. Farland came to Woonsocket with her family of ten children thirty-five years ago and has since resided here. She leaves five daughters, Mrs. Jean Lapointe, New Brunswick, Can., Mrs. Henri Trudeau, Mrs. Alfred Berube, Mrs. Joseph Boudreau, Mrs. Denis Driedel and five sons, Joseph, Pierre, William, Narcisse and Jean Farland, all of Woonsocket.

She was a member of the Dames des Ste. Anne, Union of Prayer, and other societies connected with Ste. Anne's parish.

The funeral of Mrs. Euphémie (Francœur) Farland, widow of Jean Baptiste Farland, reputed to be 106 years of age, who died Tuesday morning at the St. Antoine Home for the Aged, took place this morning from the home of her daughter, Mrs. Henri Trudeau, 625 Clinton street, with a service of prayer at 9 o'clock.

The mass was celebrated by Rev. Camille Villard, pastor, who was assisted by Rev. Joseph F. Dumont, deacon and Rev. Albert Laliberté as sub-deacon.

The Dames des Ste. Anne society, of which the centenarian was a member, was represented at the service by a delegation of four members. They were Mrs. Edouard Manderville, Mrs. Napoleon Gignac, Mrs. George Neveu, and Mrs. Joseph Guedesse.

The pall bearers were Henri Trudeau, Denis Driedel, Joseph Boudreau and Frederic Farland. Interment in Precious Blood Cemetery.

A LOCAL JOKE BEAT CHURCHILL

Dundee Representative Induced Carrie Nation to Go to England Years Ago.

Dundee, Nov. 17.—"Ned" Scrymgeour, who heads the poll here, defeating Winston Churchill, formerly Colonial Secretary, has been a local joke for twenty years. He became the organizer of the prohibition party in Scotland years ago, and he has been bold enough to indulge in street speaking on Saturday nights when more discreet prohibitionists retired. It is said "Ned" has been stoned and beaten in every mill town in Scotland. He has developed a voice like a bull and a fanatic quality which will make him the terror of the House of Commons. His most famous exploit was bringing Carrie Nation to England on a "pub" smashing tour fifteen years ago.

Winston Churchill was contemptuous of Scrymgeour's opposition, but probably he regrets it now. During the counting of the vote, Churchill was a somewhat miserable picture of feverish restlessness, and was completely dejected when Sheriff Maclellan announced the result of the count. Churchill did not ascend the platform erected outside the hall where the votes were counted, but stood at the bottom of the steps with tear-stained eyes. He sadly took his departure when the result was announced, and was booted when his car swept into Castle Street. Later he issued a statement that he had no hard feelings or bitterness over his defeat.

Very different was Scrymgeour, who had a tremendous ovation when he mounted the platform. "I want to express to Almighty God my heartfelt thanks for this marvelous result," said he. He will vote with Labor on general measures.

As a member of the Dundee Town Council, Scrymgeour was a pet and was frequently ejected because of his introduction of personalities into the debates. But he always came back unrepentant. But it is certain if he is not amenable to party discipline in the Commons, the house itself will tame him as it has others.

ONE-MAN TOWN.

A travelling salesman sold some goods to a proprietor of a general store in a small town. When the merchandise arrived it wasn't up to the sample and was returned. The house drew a sight draft on the merchant, through the local bank but it was returned. The letter asking the postmaster about the financial standing of the merchant was returned to the government official marked o.k. The house was the postmaster to secure a lawyer to collect the amount and received this reply: "The undersigned is a merchant on whom you tried to palm off your worthless goods. The undersigned is owner and president of the bank that sent back your draft." The undersigned is the postmaster to whom you wrote and the undersigned is the lawyer you sought to obtain for your fake business. If the undersigned were not also the pastor of the church at this place he would tell you to go to a warm spot the exact location of which has never been clearly defined.

CALLED TO CAMPBELLTON.

Westville, N. S., Nov. 24.—A call from St. Andrew's congregation, Campbellton, N. B., has been extended to Rev. W. W. McNeil of this town. Mr. McNeil was inducted minister of St. Phillip's congregation here on Dec. 14, 1904, and since then has been its faithful and successful pastor. During these eighteen years the congregation has made steady progress and its fine present condition is an eloquent tribute to the excellent work of its minister during this time. Needless to say the congregation will put forth every effort to retain him as minister.

POTATO MARKETING PROSPECTS

It is quite apparent from the reports given out in the Bulletins of Agricultural Statistics that there has been in 1922 an overproduction of potatoes.

Looking over the estimates for various countries of the world and their requirements for home consumption we notice the following:—

United States requires 3.6 bushels per capita or about 360,000,000 bushels. The estimated production this year is 433,000,000 bushels thus leaving a surplus of approximately 73,000,000 bushels.

England has this year a crop yield 15% greater than the average of the past five years. This represents about 34,000,000 bushels more than last year and about 30,000,000 bushels more than required for consumption.

In Canada the average crop is about normal which would represent approximately 40,000,000 bushels or about 10,000,000 bushels above consumption requirements.

Summing up it would seem that between England, United States and Canada there are about 113,000,000 bushels of over production.

What effect will this have on our present marketing conditions? With such a quantity of potatoes in stock, unless a large percentage is destroyed before reaching the market by such agencies as frost or rot there is likely to be no appreciable rise in price by next spring.

This report is not intended to discourage the potato grower. It is meant more to give him a statement of present conditions. There is one obvious lesson to learn this year by

the farmer who has been leaning towards specializing in potato growing following general farming. Specializing should be practiced by specialists who know the ins and outs of the business, its demands, factors that influence the marketing, etc.

Under present conditions the farmer who sticks to general farming, and has a place on his farm for a good number of dairy cows, some hogs, sheep and poultry has ten chances to one better than the potato specialist to make ends meet.

METHODIST DISTRICT MEETING.

The second meeting of the Chatham District was held on Thursday, 22nd inst., at Millerton. Representatives were present from Campbellton, Bathurst, Newcarleton, Chatham and Rexton. Rev. H. S. B. Strothard, B. D., Field Secretary of Religious Education, was a special visitor. At the morning and afternoon sessions very profitable addresses were given on various phases of the minister's work, each being followed with earnest discussion. A public meeting was held in the evening, presided over by Rev. H. C. Rice, B. A., Chairman of the District. Devotional exercises were led by Rev. J. B. Champion, and addresses on the work of Religious Education were given by Rev. F. H. Littlejohns and Rev. H. S. B. Strothard. The profit of the session, coupled with the splendid hospitality of the people, made the District one of the most enjoyable held in recent years.

10 YEAR TERM FOR M'CAEHERN

(Halifax, Friday evening, Express) McEACHERN was sentenced to serve ten years in the Penitentiary by Judge Crockett, after the jury, after a long deliberation, had been found guilty of manslaughter. He had been indicted on a charge of murdering Gordon Meadeau early in May. The date of the sentence is to run from May 1. Judge Crockett delivered a long charge to the jury. The court room was crowded all day yesterday and among the spectators were scores of women. William M. Ryba represented the Crown, and H. A. Powell, the prisoner. The trial just ended marks the second murder indictment to be tried in Kent County in a half century.

HON. MR. BURCHILL
BROOKS' HIP BONE

Newcastle, N. B., Nov. 27.—Hon. J. P. Burchill was seriously injured, by falling while crossing an icy street, near St. Andrew's Rectory, at noon today. Though suffering intensely he insisted on being taken to his home in Nelson where, on examination, Dr. MacKenzie found the hip bone broken. Mr. Burchill was then taken by ambulance to the Miramichi Hospital, Newcastle. The full extent of his injuries will not be known until the X-ray is taken.

A BIG LIQUOR SEIZURE NEAR

\$3,000 Worth Found Stored in
Barn by Inspectors on
Saturday.

Grand Falls, N. B., Nov. 27.—Prohibition inspectors seized liquor valued at almost \$3,000 here on Saturday evening in a somewhat novel roundup.

Inspector Allen McLaughlin made the actual seizure at a barn near here, there being fifty-two cases in the lot, which included some brandy as well as some of the most expensive brands of Scotch whiskey.

The liquor was from one of the export warehouses at St. John and was transported here under an export license which called for it to be taken into the United States at Houlton, Me., but the place where it was found is miles away from the route which was set forth in the permit and which should have been followed.

There are several stories in connection with how the liquor happened to get there. One is that the driver of the truck upon which it was being transported was unfamiliar with the roads and came up here by mistake, while the other is that of the cargo was switched off the route set forth in the permit intentionally and that it was brought here for local distribution and consumption. In connection with the first story it was said that the owners would, upon the grounds stated, seek the return of the liquor.

The seizure is one of the first under the regulations in connection with the New Brunswick Liquor Exporters' Act which provides that shippers must follow the route out of the province from the warehouse that is set forth upon the permit.

LIQUOR SALES IN QUEBEC

Stores in Valleyfield Sell Over
125,000 Bottles in Six
Months.

If the liquor stores of Valleyfield were kept busy to the limit all day long they were selling more than one bottle of spirits a minute during six months commencing May 1, according to an answer given Arthur Sauve, leader of the Quebec opposition by the Provincial Treasurer yesterday.

He asked what was the quality of liquor sold by a number of stores named during the six months from May 1 to October 31. He was told that stores at Valleyfield had handled 102,636 bottles of alcoholic liquors, 23,091 bottles of wine.

This means that 78 bottles of spirituous liquors were sold in Valleyfield per hour, allowing 24 days to the month, 9 a. m. to 6 p. m.

The above is quoted from the Montreal Star. This is a fair sample of the way government control works. We do not know whether the legislators were serious in proposing it as an improvement on our present law, but it is well that the electorate should be made acquainted with the way of its working before they allow themselves to be elected into submitting to it. Badly as our present law is enforced we do not believe it can equal this.

NEED OF MARITIME BOARD OF TRADE

President of Board Says Various
Towns Should Work
Together.

Amherst, N. S., Nov. 25.—Captain J. E. Masters, of Moncton, President of the Maritime Board of Trade, speaking on the "worth of a Board of Trade," was the chief speaker at an enthusiastic Board of Trade rally held in Amherst last night when several hundred members and friends were present.

Other speakers included D. G. McKenzie, M.P.P., Malagash, who stressed the need of co-operation between county and town.

Captain Masters pointed out the need of the Boards of the Maritime Provinces fostering the natural resources of the country, the natural resources including not only the timber, the mines, the fisheries, but also the harbors.

There was need of the various cities and towns of the Maritimes working together to see that the great national ports situated at Halifax, St. John and Sydney are properly developed.

Reference was made to the need of having a permanent secretary for the Maritime Board.

OPPOSE TAX ON RECEIPTS.

The Board of Trade received on Saturday afternoon a letter from the Montreal Board of Trade stating the latter body had taken under consideration the resolution of the local body in favor of abolition of the stamp tax on receipts, and were heartily in favor of the abolition of this tax.

EQUAL RIGHTS EQUAL PENALTIES

This is Opinion of Salem Judge
Who Sends Woman to
Jail.

Salem, Mass., Nov. 27.—Declaring that women now had equal rights with men and so must take equal penalties as well, Judge George B. Sears today sentenced Mrs. Deneigle, 124 Route 61, 25 Norman street, to the House of Correction on a liquor violation charge.

She was in court for keeping liquor with intent to sell and was fined \$100 and sentenced to two months in the House of Correction, suspended for a year. Mrs. LaBonte last June was arraigned on a similar charge, and paid a fine of \$100 and was then a suspended sentence of a month. This suspension sentence was later revoked and she went to jail for violation of her probation. Mrs. LaBonte appealed the latest case.

Mrs. LaBonte understood that she could not appeal the revocation of her probation suspended sentence she engaged counsel and had the case reopened. Benjamin LaFleur appeared as a witness for the defence, and when he claimed the liquor was his, Marshal O'Leary made a complaint against him. He was fined \$100 and appealed.

LaFleur said he had drunk liquor for 37 years. He told the court most of his family had died of consumption and he drank liquor to prevent the germs working on him. The second hearing of the case did not alter Judge Sears' finding as to Mrs. LaBonte.

A FRENCH PROBLEM

Members of the French Senate have recently been debating the question of woman suffrage with great concern.

Senator Goulier, in a speech on the matter, stoutly declared: "The hour has come when we should no longer be afraid of women," and the ambiguous statement was greeted with grave smiles.

In opposition to this Senator LaBrosse expressed his belief that "to earn money women reject maternity; feminism would kill femininity," and so on.

Obviously, France has her own special economic problem to consider. And it is one which is interwoven so inextricably with the fabric of public and national welfare that it cannot be hastily set aside in favor of any other thesis or preference.

The present birth rate of the French republic threatens it with depopulation, and this hazard lends a vivid coloring to suffrage views and naturally attracts wide attention.

To-day the whole social structure of France depends upon maintaining population as the basis of the state. Under these circumstances, then, it is not surprising to find among Frenchmen an acute form of the old doubt whether women who are otherwise preoccupied will accept frequent motherhood. Thus France's problem is an unique one which will not be easily disposed of.

CHewing GUM AND CANDY.

Scarcely a day passes but some one rises to remark that "the Canadian people spend more money on candy and chewing gum than on"—some other things that the speaker deems a more worthy object of expenditure. It may be anything from foreign missions to a standing army.

There is much to be said on the other side. Candy, when it is pure, possesses considerable food value. Many people eat it to supply bodily energy. It is gradually coming into use as a dessert. While candy consumed in excessive quantities is injurious to the teeth, dental specialists have begun to recommend candy and other sweets as a useful source of bone material.

Besides which—there is candy the gift—candy the purveyor of sentiment—candy the complement to the sweetheart, lustiest or friend.

And as for chewing gum—surely that is a minor extravagance in any individual case, if it be an extravagance.

Even chewing gum has its

virtues. It promotes digestion. The jaws that are occupied with chewing have only half the time for saying unkind things about the neighbors, and no time at all to indulge in tobacco, home brew or such-like "deadly" things.

Our advocates of lofty causes should be able to discover some more vicious extravagances than the one they have so generally adopted as their target.—Ex.

CAMPBELLTON PLAYS AGAIN.

Once again the Campbellton hockey team, like real sports, forgotten the poor support they have received in the past and have once again taken steps to play another season in the N. B. and P. E. I. Amateur Hockey League. For this act they should be heartily commended. The very fact of their return to the game after their discouraging experiences of past seasons proves irrefragably that they are good sportsmen. If they were not, or if they were playing with any selfish objective in view, the team would have disbanded long ago, for, strictly speaking, they have never received any real support from their home town as a whole. Those who like hockey best usually attend all the season's games with outside teams but about 50% of the so-called fans remain away until the big game of the season. Nothing could be more unloyal or unfair. How can a team neglected in this way be expected to develop into a conquering hockey squad? And how can the fans and scalled supporters expect their team to be up to full strength in the matter of spirit and confidence for the season's big game when they have been forced to drag through the series without the support

they should have had.

We have been frequently informed by people who know that in other towns throughout the province, the citizens stand behind their sportsmen with their interest and money whether in hockey or baseball. Consequently, by this means the team is made a much stronger and more confident aggregation of players than it would otherwise be.

Why should Campbellton not do the same? Her athletic material is by no means inferior. On the contrary, it has been frequently proven that it is above the average. It is about time that the sporting side of Campbellton was waking from its long period of inertia and showing some signs of appreciation for what the local boys have been doing for several seasons past. The old sports too ought to get on deck. If they are too old to cheer there is one way at least, in which they can render very appreciable and very necessary assistance. That is the matter of finances. We trust that this year then will be more coin faith coming from the older sports as it always has been sorely needed.

NOTE AND COMMENT

Clemenceau and Georges Casper are the two noblest Frenchmen of them all. But the man with the fists created a greater sensation in U. S. than the man with the brains.

It is estimated that the handshaking from one average election would pump two million gallons of water as it is cooked nothing but hot air.

Just when women are doing nicely in politics someone springs the report that it makes them fat.

BATHURST HOCKEY CLUB ORGANIZED

Bathurst, N. B., Nov. 26.—At a meeting of the Bathurst Hockey Association held last week it was decided to organize a club for the carrying on of the game in that place during the coming winter and officers were elected as follows: President, W. B. Stanton; vice-president, W. G. Fenwick; Secretary-treasurer, H. O. Schreyer; manager, A. Audit.

Bathurst is not discouraged by an unfavorable showing last winter, and it is expected that the team this year will get into the winning circle. It has a team entered as in the N. B. and P. E. I. league, and will also have a local league in which three teams are expected to enter.

The Moncton Independents held a recent meeting at which the hockey situation as it affects the Independents was discussed.

St. John Journal—Frank Garnett and other local slayers of note are daily working hard in road work and other exercises, so when the first opportunity comes to don the steel blades they will not find it so hard to get into condition as in the past year. This winter promises to be the very best in the history of St. John as far as speed skaters are concerned.

men who are behind the Independents are perfectly willing to lose a little money this winter, providing that a winning team can be placed on the ice. With this end in view, a number of offers have been made for promising Maritime players to come to Amherst. Whether they will land the coveted talent or not remains to be seen. Among the players approached, Paddy Nolan, Stanton Jackson, Stackhouse, Larry MacLean and Vern Doncaster are included.

Sporting News of the Week

GERARD TO AGAIN

CAPTAIN OTTAWAS

Ottawa, Nov. 25.—Eddie Gerard, one of the best all-round athletes that Ottawa has ever produced, will lead the Ottawa hockey club's squad in the National Hockey League during the coming season.

It is definitely announced that Gerard has come to terms with the Ottawa management and that his signed contract was already in the club's hands. Gerard is probably one of the highest paid players in the National League. He and Frank Nighbor ranked among the top-notchers last winter, and, with Nighbor on the missing list, Gerard will probably stand out as the best remunerated expert in the big professional league.

Gerard will again be appointed captain and, though he wanted to relinquish this honor and give one of the other players a chance to show what he could do as a leader, the Ottawa officials refused to entertain the suggestion. Gerard thinks that the red, white and black will have one of the strongest teams that has ever been on the ice.

Eddie shares the view of the owners.

virtues. It promotes digestion. The jaws that are occupied with chewing have only half the time for saying unkind things about the neighbors, and no time at all to indulge in tobacco, home brew or such-like "deadly" things.

Our advocates of lofty causes should be able to discover some more vicious extravagances than the one they have so generally adopted as their target.—Ex.

CAMPBELLTON PLAYS AGAIN.

Once again the Campbellton hockey team, like real sports, forgotten the poor support they have received in the past and have once again taken steps to play another season in the N. B. and P. E. I. Amateur Hockey League. For this act they should be heartily commended. The very fact of their return to the game after their discouraging experiences of past seasons proves irrefragably that they are good sportsmen. If they were not, or if they were playing with any selfish objective in view, the team would have disbanded long ago, for, strictly speaking, they have never received any real support from their home town as a whole. Those who like hockey best usually attend all the season's games with outside teams but about 50% of the so-called fans remain away until the big game of the season. Nothing could be more unloyal or unfair. How can a team neglected in this way be expected to develop into a conquering hockey squad? And how can the fans and scalled supporters expect their team to be up to full strength in the matter of spirit and confidence for the season's big game when they have been forced to drag through the series without the support

they should have had.

We have been frequently informed by people who know that in other towns throughout the province, the citizens stand behind their sportsmen with their interest and money whether in hockey or baseball. PROHIBITION LAW IN PHILADELPHIA

Breakdown May Be Investigated by President Harding.

Toronto, Nov. 27.—A special despatch from Washington to the Globe says:

Investigation of the complete breakdown in the enforcement of prohibition in Philadelphia on Saturday, where 50,000 people assembled at the annual U. S. Military Academy vs. U. S. Naval Academy game, may be expected this week by President Harding. The violation of the law was so flagrant as to be apparent to the most casual observer. It existed at the game itself. Men and some women drank underneath the stadium between

the halves and at night some of the larger hotels were filled with drunks. There were so many as to excite the anger of members of congress and cabinet officials.

GOVERNMENT ASKED TO ASSIST SMALL FARMERS

London, Nov.—Chambers of Agriculture are petitioning the government to grant loans to farmers for buying their farms. Many old style landlords who are now taxed twenty shillings in the pound are compelled to sell their land and the Government is expected to assist the small farmers to buy.

CHINESE SENTENCED TO DIE WITHOUT LICENSE

Violently Assailed Prison Warden—Found Guilty of Murder.

St. John, Nfld., Nov. 28.—Wo Fen Game, local Chinese laundryman, was found guilty of murder Saturday by a special jury of the Supreme Court and was sentenced to death at a date to be set by the executive council. On May 25th last, Wo Fen Game ran amok for some reason that has never been fully explained.

He shot up three fellow countrymen in the Murray street laundry where he was himself employed and then hustled across the city to Casey Street where he shot a fourth Chinaman and seriously wounded himself. Three of the Chinamen died Saturday morning before he was taken to court. Wo Fen Game in some manner got possession of a brick with which he violently assaulted Warden Rose of the penitentiary. The Warden was badly cut about the head, and was knocked insensible. He is now in hospital in a somewhat serious condition.

EDITOR'S MAIL

Campbellton, N. B., Nov. 29th, 1922
To the Editor of The Graphic, Campbellton, N. B.

Dear Sir:—Fearing that the worthy citizens of our town might be misled by the rash and questionable statements of the esteemed Editor of the "Tribune" an humble citizen ventures to protest. Far be it for me to attempt to cope with our scholarly friend as a writer after his long experience in journalism but from conscientious motives I feel bound to defend a system of education which I believe best fitted to develop the majority of our people into useful citizens.

The Editor of the Tribune states in his editorial "that vocational education should mean any education the controlling purpose of which it is to fit for profitable employment; and shall include industrial, agricultural and commercial education and education in the fisheries and home economics." May I ask my learned friend why he considered education along such lines undesirable. His intellectual powers have evidently borne him upwards in the realms where a practical education is no longer needed. He explained "To fit for profitable employment" as enabling the student to earn more money. It is always admitted that a competent laborer is worthy of his hire. Since the object of vocational education is to make a competent people may I ask if the end is not a desirable one. Many of the best positions in our town are filled by people from other countries. Why not train our own people for these positions. He goes on to say the expense incurred in the establishment of those classes will run from \$5000 to \$7000. Two thirds of this is paid by Dominion subsidy, so we shall estimate the amount for which the School Board is responsible as \$2000. Where, I training, ask could this money be better expended. If upwards of one hundred people are receiving benefits which have been denied them at an age when our more privileged friends were receiving a liberal education, can we truthfully say that the School Board is not looking to the best interests of the town. Our citizens will know that New Brunswick has been the beneficiary of a system of education which has proved such an advantage to the province west of us. He also states "The discussion at the meeting established the fact that on the site of which Mr. M. P. Moore the evening classes were simply a new life." Miss Chalmers also faces. On what authority has Mr. Crockett the right to make such a statement to the older girls from eleven to sixteen, as one who knows the truth I shall the citizens of Campbellton and would clearly speak known to the deny our people the privileges enjoyed public that the classes have been by the pupils sixty years ago. Regretting that lack of time forbids my further writing. I trust that the value of time, and desire to fit someone who has the real welfare of the homes at heart may expect them. His reference to Director Pinesack serves on this subject. H. C.

PROHIBITION VIEWS OF ONT. PREMIER

Declares Prohibition Has Come To Stay in Province of Ontario.

Toronto, Nov. 28.—Speaking before a mass meeting, held in Massey Hall, last night, by the World League against alcoholism, Premier Drury of Ontario gave it as his carefully considered conviction that prohibition has come to Ontario to stay; that there was no danger of reversion to the legalized sale of liquor in any way, shape or form; that neither government control nor the selling of beer and wine would ever receive the sanction of the Ontario electorate, and that before many years had passed prohibition enforcement officials in the United States would not be harassed by the presence of a partially "wet" Canada on their northern boundary.

THANKS.
The War Memorial Aid of New Carlisle, are very much pleased with their sale of poppies on Poppy Day, Nov. 11th. They realized the sum of \$20.85 clear of expenses. The Aid extends its thanks to all who helped in this worthy cause.

SHOP EARLY.
Do your Christmas shopping early is advice which thoughtful citizens will adopt. Christmas is less than a month away and the stores are already making preparations to serve the Christmas trade. It is not too early to start Christmas shopping, but, in fact, that is the ideal time to start, because it gives lots of opportunity for looking around, avoids the congestion of the last hurried week, and moreover, provides a much better stock of all kinds of articles from which to choose.

APPOINTED FEDERAL OFFICIALS
Inspector Fraser Saunders, of St. John, Inspector J. S. Leighton, of Woodstock, members of Inspector Hawthorn's staff, have been appointed federal officials with power to prosecute the owners and operators of home breweries.

A WORD TO THE BOYS.
He may wear last year's straw hat, his finger nails may need manicuring, his vest may hang a little loose, and his pants bag at the knees; his face may show signs of a second day's growth, and the tin dinner bucket he carries may be full of dents and doughnuts; but don't you call him the "old man." He is your father.
For years and years he has been rustling around to get things together. Never once has he failed to do the right thing by you. He thinks you are the greatest boy in the world, but even though you plaster your hair back, wear smart clothes, smoke cigarettes, and fail to bring home a cent. He is the man who won the love and life partnership of the greatest woman on earth—your mother.
He is "some" man and not the "old man." If you win as good a wife as he did, you will have to go some.

"I Was Run Down"

"Body was completely covered with Boils"

"If you have ever had boils, you know how painful and annoying even one or two can be. But imagine having your whole body almost entirely covered with them! I am a watchmaker by trade, making a specialty of repairing the highest grade movements. This is probably the most trying of any mechanical work, particularly for a nervous individual like me. Working under great strain both day and night for three months, brought me almost to the point of collapse. I was so miserable and nervous that the slightest thing would send me up in the air. If I managed to get a few hours of sleep at night I was lucky. I had no appetite for food. I certainly was miserable. During this time boils began to appear on different parts of my body and the pain from them made life a misery. My suffering was so great at times that I felt there was nothing left for me to do but end it all. I consulted doctors but they all told me that if I didn't give up my work and live out of doors, I would die. As I had no money I couldn't do this. In fact, paying doctors' bills and buying medicines used up all the money I made. Finally in desperation, I decided that I would either kill or cure myself, so I began to study my case. I realized that I was completely run down as any one could possibly be with a bad case of nerves. What I needed was building up. After reading descriptions of different preparations, the one which appeared to be the best for me was Caloric. It has simply performed miracles for me. Four bottles have done more than months of travel abroad. I feel like a two-year-old. I sleep eight hours every night and eat three good meals a day. My skin is like a baby's, free from blemishes of any kind and I have now almost forgotten that I have ever had such things as nerves. I want everybody who is ailing to know about Caloric, because I have such faith in it I believe it will cure any human ill."

Sold in Campbellton by THOMAS WRAN, Druggist.

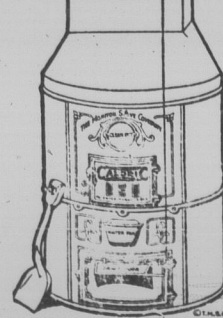

CALORIC means HEAT

CALORIC is the name of the heating plant that heats buildings like the sun heats the earth—by natural circulation of air.

To your family the Caloric Pipeless Furnace offers: June-like warmth in every room (70° guaranteed in coldest weather)—fuel bills cut 1/3 to 1/2—clean rooms—drudgery banished.

The Caloric has no pipes and heats old or new homes of 18 rooms or less, through one register.

MINERAL WEALTH IN YUKON.
That Canada is the possessor of what promised to be one of the richest silver mines in the world, and whose wealth will equal, if it does not exceed that of the long famous Cobalt mines, is the opinion of A. D. Ross of Dawson City, Yukon, who arrived in that city yesterday enroute to his home in New Glasgow, to spend the winter with his mother, after an absence of almost a quarter of a century.

Mr. Ross left Nova Scotia at the time of the big gold rush in 1898, and he is one of the few survivors of the first body of trepid men who braved the dangers of an unknown land in search of gold. He has been one of the most successful of the searchers, having struck a rich vein of silver in his chosen district after a year and a half of hard work.

As is common in the Yukon, he is a man of many talents.

Canadian Dollar Has Come Back Strong—At Heavy Discount Over.

Toronto, Nov. 23.—Canadians who received cheques or other paper drawn upon banks or other financial institutions in the United States must pay Canadian banks one quarter of one per cent for converting the same into Canadian money. Announcement to this effect was made yesterday and it was not unexpected as for number of weeks the United States dollar has been at a discount of from 1 1/2 to 1-8 per cent.

At one time in the past war period New York funds sold at as high a premium as 10 per cent and for a long period the rate hung around 14 per cent.

GIVES DRECO TO HER HUSBAND

Employee of Brightwood Golf Club Found Wonderful Relief for Weak Kidneys, Backache and Constipation.

Is Sure It Will Help Others.

The great herbal remedy, Dreco, which has recently introduced in Campbellton is growing daily in popularity. Many local people have written, giving testimony to the fact that Dreco has brought them comfort and health when many other medicines have failed. A recent signed statement for publication is as follows:—

"My husband, who is employed by the Brightwood Golf Club, has suffered for a long time with stomach, kidney and liver trouble," says Mrs. Lillie Holmes, 60 Rose Street, Dartmouth, N. S. "He was a martyr to constipation and I think it was the real cause of all his trouble. His food always seemed to sour in his stomach. Gas would form and finally he lost his appetite and complained of pains in his back and dizzy spells. He was always tired when he got up in the morning, for he didn't sleep well. He has taken two bottles of Dreco and the results are wonderful. A big improvement is very noticeable. He has gained in weight and the pains in his back are gone. His bowels act regular and he has a wonderful appetite and sleeps fine. He is no longer troubled with dizzy spells or gas in his stomach. I gladly recommend Dreco to anyone, as we think it is a wonderful medicine."

Dreco is made of the juice and extracts of many herbal plants which act on the kidneys, bladder, stomach and blood and corrects many troubles such as gas in the stomach, constipation, weakness, poor appetite, nervousness, headaches, biliousness, catarrh, rheumatism and such blood disorders as eczema, pimples, blotches, boils, and eruptions. The first bottle usually shows splendid results.

Dreco is being specially introduced in Campbellton by Wran's Drug Store, and is sold by good drug stores everywhere.

INDISPENSABLE FOR HOME-MAKERS

It is not simply because it gives all the news and farming information that The Family Herald and Weekly Star throughout the Dominion. The housewives and home-makers are more carefully and thoughtfully considered in it than in any other similar publication, young people and children have pages specially provided for

all tastes and interests. Music, photography, history, biography, literature, travel, minerals, and many other subjects are all found in it. Many a young person has had the first impulse to write, to read, to learn, to change, to improve, to live, and to do better, from the pages of The Family Herald and Weekly Star. The paper is only \$2.00 per year. It is the greatest investment of the times.

But He Says Storms Do Follow Him—In Toronto For Treatment.

Toronto, Ont.—"Blizzard Gus" blew in from the North recently. "Blizzard" has the appearance of a Viking. His beard is of the soft blond color that goes with steel blue eyes. He stands six foot four, is clad in a double-breasted blazer, shirt, mackinaw trousers, moccasins and a beaver cap. His pack weighed over two hundred pounds and few of the officials at the Union Station could lift it. "Gus" lies down on his back in order to strap it on, then comes to his feet with a bound.

"Gus" generally runs the government mail between Hudson Hope and Fort St. John, but doctors have advised him to stay away from the Arctic weather for one whole winter until the scars from his operation have completely healed up. "Blizzard" had a mishap last winter. He went through the Peace River at one point and later kept on travelling in his wet clothing. The temperature dropped to seventy-one degrees below zero and "Blizzard" felt a stinging in his neck. Later his throat started to swell and he took shelter in a deserted trappers cabin. Here he was for two weeks when a mounted policeman found him. The mountie went back for some medicine and returned five days later. By this time, "Blizzard" said, his throat was stiff. "I could not swallow the stuff," he added. Luckily, a young trapper, Ruxton, a returned soldier, happened along. This man had a pair of scissors, and he performed a sort of crude operation on "Blizzard's" neck. When the pressure was relieved in that way, the mountie and the trapper moved "Blizzard" to the nearest doctor, five hundred miles south. The doctor operated once more, but advised "Blizzard" to go on a visit to his friends in the south for the coming winter.

"Why do they call you 'Blizzard'?" he was asked. "It's just a nickname. There is some just about me. Whenever I hit a town or a settlement they're sure to have a blizzard in a few days," he answered. "One of my friends is called 'Hero Jack' for the same reason," he added.

"Get me a clean handkerchief." "I have tried to ridicule him out of it by naming myself Whoo Hoo Git, from 'The Yellow Jacket,' and mocking him. 'Git me this and git me that.' Do you suppose I went a fluffy negligee?"

"My dear, he would bring you your coffee in bed. Believe me, I'm going back to laces and ruffles and a clinging vine manner. Maybe even the habit of fainting. It serves female needs for many years. I don't think this new stride is a forward one."

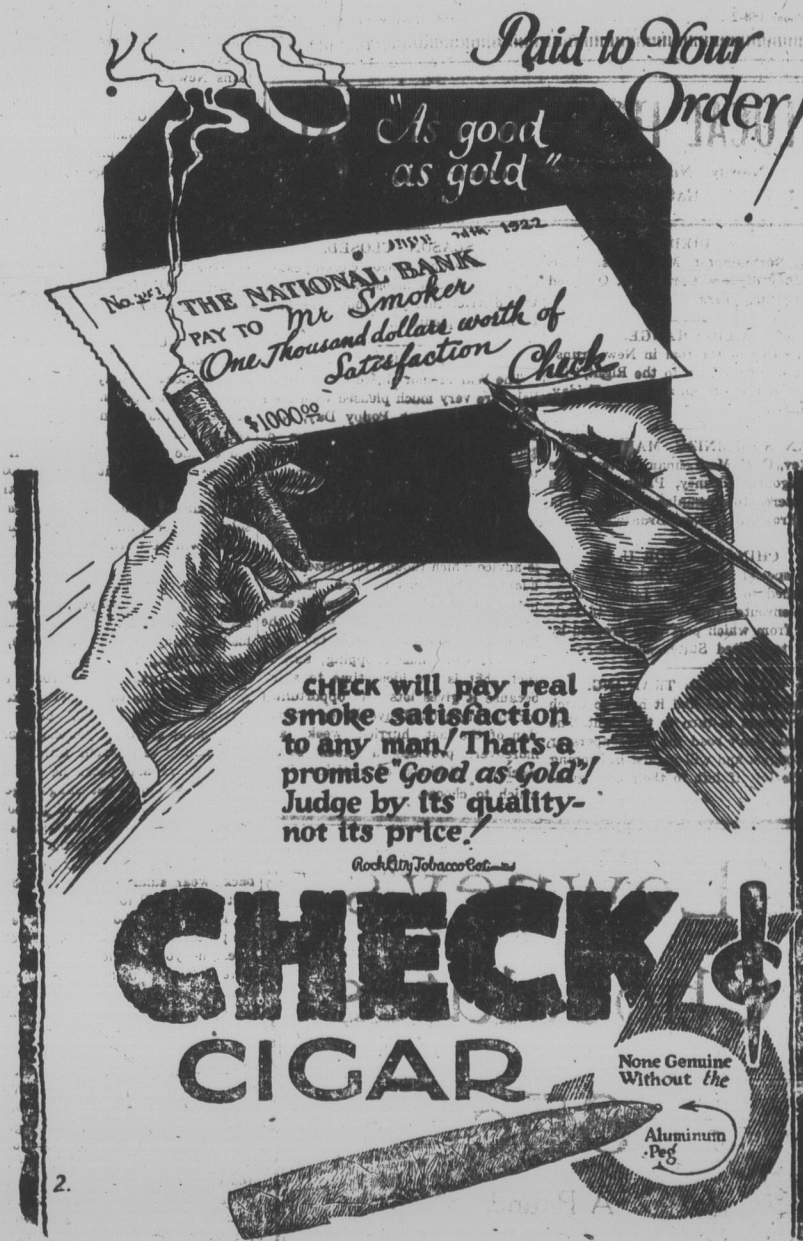

Beneath the whimsical tone, was a serious note that made the Woman ponder. After this it may be just as well to end out what we are losing when we gain "this freedom."

HUNDRETH ANNIVERSARY.
The Hillside Baptist congregation will on Sunday celebrate the Hundredth anniversary of the establishing of the church there. Rev. W. Camp, who was pastor there for twelve years has been honored with the request to conduct the services and will go to Hillsboro to do so.

SUNDAY SERVICES
As Rev. W. Camp will be out of town Sunday the services in the United Baptist Church will be as follows: Rev. F. E. Boothroyd in the morning and Rev. W. D. Wilson in the evening. Rev. W. D. Wilson will preach in the Methodist Church at the morning service.

EXTENDED CALL.
The congregation of Esplanade, P. Q., in the presbytery of Miramichi has extended a call to Rev. George Gough, formerly of Scotch Ridge, N. B., but for the last year or more of Winnipeg. Esplanade has been vacant for about two months, since the resignation of Rev. Lewis F. King.

CHATHAM RINK MAY NOT BE OPENED
It has been reported that there would be no games played at Chatham this season owing to the fact that the management of the College Rink has decided to use the rink for college purposes only. While the rink may not be opened for public skating, we are informed that it will be available to the Hockey Club for practice and matches. Chatham will have a hockey team in readiness for the opening of the schedule, despite the handicap of the loss of several members of last year's team who have moved from Chatham.

TWO NARROW ESCAPES
The Andrew street crossing saw two narrow escapes within the past three weeks, and unless gates are placed on this street or a subway built a serious fatality will take place here. A Ford car, running up the hill on a windy day, ran on the track just as the shunter pushed a string of flat cars over the crossing. The car had a narrow escape, and the car was damaged. The crossing bell was ringing but the wind made it impossible to hear. Last week a car was coming down the hill to this crossing when the shunter came rushing in. The street was slippery but the driver managed to turn his car into the ditch as the engine rushed by. Again Sunday evening a car, closed in came up and as everything was dark, narrowly missed running into a long freight train moving out.

COME-UP-WHALEN.
A quiet wedding took place in the chapel of St. Mary's Academy, Newcastle, Wednesday morning at eight o'clock, when Miss Elizabeth Whalen, daughter of Mr. Maurice Whalen, and Robert C. Comeau, son of Mr. and Mrs. W. F. Comeau, were united in marriage. Rev. P. W. Dixon performed the ceremony and also celebrated nuptial mass.

The bride wore a becoming suit of navy blue, blue hat with satin trimmings and a sable cloak, the gift of the groom. The bridesmaid was Miss Annie Murphy who was dressed in a blue suit with hat to match and black fox fur. Michael Mitchell attended the groom.

After the ceremony, a dainty wedding breakfast was served to the bridal party at the home of the groom. The bride was formerly on the operating staff of the N. B. Telephone Co., Ltd., and both Mr. and Mrs. Comeau are deservedly popular. They left on Wednesday's limited for St. Catherine's Ontario, where the groom has accepted a position.

CHILDREN'S REVOLVER GIVEN HIM BY COLLINS.

Londos, Nov. 29.—The special correspondent of the Press Association at Dublin says he is authentically informed that the revolver in Ekin Child's hand when he was captured, and for the possession of which he was captured, and for the possession of which he was tried and executed, was presented to him by the late Michael Collins in 1920 for use "in defence of the Irish Republic." It has transpired, adds the correspondent, that a violent struggle occurred before Childers was disarmed.

Pleaded Guilty to Brewing and Declared Nothing Would Stop Him.

Halifax, Nov. 28.—Augustus Sweeney assisted by Temperance Act Inspectors this morning, pleaded guilty of operating a still on his premises and declared that nothing would prevent him from making "moonshine" so long as he was out of jail. He will immediately commence a term of one year in the city prison and pay a fine of \$500, with an additional six months' sentence in default of payment. He recently completed a six months' sentence for the same offense.

HALL-MILLS CASE IS DROPPED

Curtain Temporarily Drops on One of Most Mystifying Cases.

Somerville, N. J., Nov. 28.—"For reasons which seem to be sufficient and controlling, the grand jury took no action in the Hall-Mills murder case and laid the matter over. This does not mean necessarily that the matter cannot be taken up again by this or a subsequent grand jury." With these words Foreman Gibbs, of the Somerset grand jury, late today made known the fact that no indictment had been returned in one of the most mystifying murder cases that has faced the country in many years. For five days special Deputy Attorney General Mott had been presenting evidence to bolster his theory as to who killed Rev. Edward Wheeler Hall and his wife.

SIR H. W. THORNTON REACHES NEW YORK

New President of C. N. Railways Met by Hon. Geo. P. Graham.

New York, Nov. 29.—Sir Henry W. Thornton, K. B. E., newly appointed president of the Canadian National Railways, arrived in New York last night, a passenger on the Olympic en route to assume his duties in Canada.

Sir Henry was met by Hon. George P. Graham, acting minister of railways, and Major Graham A. Bell, deputy minister of railways.

On landing Sir Henry said that he would probably leave for Ottawa within a couple of days. Lady Thornton he said, would arrive shortly from England to join him.

Sir Henry Thornton only replied with a laugh when asked whether the head office of the Canadian National Railways were to be moved to Montreal.

"For a while," he said, "the office will be in my hat."

OHIO POLICE BATTLE BANDITS

Two Are Killed And One Injured In Brush With Auto Thieves.

Columbus, Ohio, Nov. 29.—Patrolman G. P. Koepfer died in a local hospital, shortly before 9 a.m., and a few minutes later reports received at police headquarters said that a large

touring car, shattering the description of the one stolen in Cleveland, and in which bandits were seen in Columbus, had been located near West Jefferson with the body of a man who had been shot to death lying on the rear seat.

Corporal R. C. Friddle is in a local hospital suffering from a wound in the left jaw.

After the police had halted the car and Koepfer had summoned the patrol, one of the bandits who was still in the car, opened fire with a revolver, which apparently had been hidden in the car. Koepfer, hit by four bullets, fell to the street. Friddle, wounded in the jaw, emptied his revolver and two which had been taken

from the thugs at the fleeing car.

AUTO ACCIDENTS.

TO BE INVESTIGATED.

Halifax, Nov. 29.—Chief of Police Hanrahan said today that an investigation into the two fatal motor car accidents on Spring Garden Road last night would be carried out if the report of Medical Examiner Finn indicated the necessity for such action.

It is the general opinion that the drivers of the two cars are blameless. Alfred Gregoire, whose car knocked down and instantly killed Miss Green, wood, is still in a state of collapse at his home.

N. B. APPLES BEST DISPLAY AT FAIR.

"An eye-opener to Ontario and every body else," is the phrase by which Harvey Mitchell, deputy minister of agriculture of New Brunswick, characterizes the display of apples made by the horticultural division at the royal winter fair, Toronto. The display of apples was the best in the show and that in spite of the fact that the apples were said to have been roughly handled in shipment. The rough handling accounts for the failure of the Farnesse to win prizes. Other varieties won many prizes as announced previously.
