ottawa, June 9.—A strong protest by Rev. Dr. Pringle, Sydney, was made at this morning's session of the General Assembly regarding the precedence at state functions. He stated he did not think His Excellency the Duke of Connaught was to blame, rather the secretary of state. At the last state function, on the right and left of the governorgeneral, were Roman Catholic Church dignitaries, and next in seat of honor were Church of England ministers. Personally, he had no aspirations in that line, but it was galling and not in keeping with the democratic spirit of Canada and of the times. Canada and of the times.

The question arose out of the report of church relationship, which was presented by Rev. Robert Campbell.

It was decided to send a delegate to the Huguenot conference in France, and a representative who will be at the Church of Scotland conference about that time. Anti-Red Forces in Crimea

The belief is that the settlement brought forward tonight will provide for an increase in fares, but just to what extent is a matter of conjecture. The previous settlement proposed was five and seven tickets for a quarter. The new proposal may provide six and eight tickets for a quarter, and provide only a sufficient increase in revenue to pay the higher wage scale demanded by the men. SOME OPPOSITION MADE

Vote Favoring Grant Increased When Yeas and Nays Called.

As a memorial to her fallen heroes in the great war Middlesex County will grant \$100,000 toward the erection of the main Arts building of the new Western University on the Kingsmill farm west of the city. This was decided at a meeting of the county county county in the city of the cil last night. The payment of the money will be made in five annual and issue of debentures without interest. There was some opposition to the grant and on demand of Councillor E. F. and on demand of Councillor E. F. Reyeraft, the yeas and nays were taken as follows: Yeas—Councillors Clark, Douglas, Brooks, Henry, McFalls, Rosser, March, Harrison, Clatworthy, Fermuson, Peters, Oakes, Ryckman, Grieve, Campbell, Nicholis, Brown, McPherson and Falls, Nays—Councillors Holman, Reygraft, McLeish, Leach, Smibert, and Elliott.

Prior to the vote being taken Mayor
E. S. Little and Dean Sherwood Fox of
Western University arts department,
addressed the council. The finance committee a few moments before this had recommended that no action be taken on the recommendation of the special committee regarding the grant, and the council then went into committee as a whole with A. C. Ferguson, reeve of Lobo Township, acting as chairman.

chairman.

Mayor Little outlined the assistance granted to the Western University by the city, including the \$100,000 grant to the new medical school in January, 1919. He stated that this structure would cost \$450,000 to complete and equip, and that private citizens had donated an additional \$100,000 toward

was a county taxpayer as well as a civic ratepayer. "However, in my district his taxes were only about 75 cents last year, which will show these newspapermen the low rate of rural assessments, compared to the city, and which gave the mayor a vote. This proposition is a big mouthful. We want something as a memorial which will be a benefit to the families and friends of our dead heroes. It would cost \$50,900 for a marble pillar to their memory. I do not see why we should not back up the recommendation of the commit-tee. If we turn this thing down it will belittle our county."

James Peters seconded the above motion, and said: "I quit school at the age of 12, but I gave my children a better show. I would not consider it from a monetary view. The generations yet unborn will reap a benefit from the university. Let us look at it from a universal standpoint and make a grant which will mean something to the municipalities that we represent."

Changed His View.

Deant Fox then explained that every county in Western Ontario is represented on the university senate. He stated that the university would be started in April, 1921, and completed in sixteen months. It was essential that the council decide on the grant at once, in order that financial resources could be relied upon in preparing plans.

Councillor Clatworthy rose and stated that he, as a member of the finance committee, voted against the recommendation a few hours before. "But," he explained, the members my views have been changed. I think I will support it, as my sympathy goes out." "Other outside the council favor rural schools," said C. C. Henry, "rather than a large institution. I voted against this grant in committee, but am now quite in sympathy with it." Councillor T. Elliott rose to remark that the county was always in trouble with the city. "I disagree with the speakers," he declared, "and urge that the matter be left to the 1921 council. I move that the report be adopted as read."

"This is not a city movement," interrupted Chairman Ferguson, "but is an agreement with Western University."

BUSY SESSIONS.

Considerable routine business is scheduled for discussion during the week, and altogether there are many indications that the session will be one of the busiest. For two hours routine business was transacted this afternoon. An appeal was read from the ratepayers of School Section No. 4. Harwich, against the alleged neglect or refusal of the township council of Harwich on an application made by upwards of 36 ratepayers to alter or divide the boundary of the school section to create a new one.

The council has not given up fighting the increase, but as yet they have received little encouragement. Today officials of the Southern Ontario Gas Company were here in connection with the removal of the gas regulator on Thames street south. The development of this section for residential purposes led to complaints about the odor of the regulator, and the company finally consented to remove it, provided a suitable site was obtained. It will likely be placed on the Bucknell property. Members of the council today discussed the incleased gas rate, but they have heard nothing from the company that the 85-cent rate will not go into effect.

gram to the authorities at Ottawa:

To W. H. Murdock,
High Cost of Living Commissioner,
Ottawa, Ontario.

A persistent rumor is being circulated in each of the four cities in which we operate a store that we have been prosecuted and fined by the high cost of living commission for selling a suit for \$90.00 to one of your investigators which was found to cost only \$29.50, after forcing us to produce the invoice.

This rumor is being discussed at 5 o'clock teas, council meetings, lodges and farmers' clubs, etc., and is liable to undermine and endanger our trade and our prestige of playing the game fair with the public.

We would ask you to be kind enough to send us an official denial of this rumor, with the privilege of publishing it in each of our local papers. This is becoming very serious, and your earliest attention would greatly oblige.

Special Committee of Western Ontario Associated Boards of Trade Makes Report At Meeting Today.

Reports of the special committee on rural immigration and re-population of the Western Ontario Associated Boards of Trade were made following a luncheon held at the Tecumseh House at moon today. Addresses were given by M. M. Maxwell of Chatham, S. Frank Glass, M.P., John Bridge, who presided and other members of the committee. The report was read by Secretary Gordon Philip, urging upon the Provincial Government the establishment of an immigration distributing station in London and fairness to Western Ontario in sending a reasonable share of the better class of immigrants to this district. It also suggested the sending of special representatives to England to hand-pick immigrants there, as Lambton and Middlesex counties did before the war. war. letter from F. Maclure Sclanders

Dawn of a better Spark Plug

NEW SPARK PLUG-all-Canadian in make and thorough workmanship—with a mighty fund of energy—a plug that will revitalize your car. That is the "M &S."

The principle is new. The feature is the ball point, which concentrates the current and intensifies the heat. That results in a big hot spark—a spark that means complete combustion. The "M&S" plug is not only wonderfully efficient, but its life is of abnormal length. It is sturdily built, and once installed, gives steady, useful service, and causes no worry.

The porcelains are interchangeable; they fit all plugs. The porcelain is the finest to be had, and is chemically glazed to withstand heat. "M&S" users have no trouble with broken porcelains.

The new Overland "4" is equipped with No. 500—½-inch standard.

Of course "M&S" plugs are all carefully tested, and we guarantee that they will give complete satisfaction to the user, or free repair or

Best Reports in History Are Presented to Baptists at Their Annual Meeting

Rev. Thomas Bingham of Parkhill Is Elected President of the Pastors' Association - Splendid Work Is Being Done in the Mission Fields.

A record attendance, the best reports in the history of the Baptist Mission Bands and Circles of Middlesex and Lambton Counties and the best financial standing in many years were features of the 47th annual meeting of the association, which opened yesterday in Adelaide Street Baptist Church. Mrs. R. R. McKay, president of Women's Circles and Bands, greeted the large gathering to the annual convention. In a brief but stirring address Mrs. McKay complimented the women on the splendid work accomplished during the past year. She said the cryfrom foreign mission fields had been great; also workers in the home field were urgently needed, and through efforts of the Middlesex and Lambton Mission Circles and Bands missionaries had been equipped and sent out.

Mrs. A. F. Matthews of Denfield speaking on the missionary leaflets, asked that the Link and Visitor, two missionary papers, be subscribed to more generally. She advocated these papers to be read to the young people, as many of the stories were intensely interesting for young and older people. She suggested ways in which the meetings of the circles and bands might be made more interesting.

Mrs. J. G. Taylor of Sarnia also gave an interesting talk on "The Circle and Its Problems." Mrs. L. S. Haverstock conducted the "Quiet Hour."

A very entertaining missionary dialogue was given by children from some of the local Mission Bands, representing the virtues of the Christian and the various heathen lands.

The New Officers.

The officers elected for the coming year were: President, Mrs. K. (Rev.) L. S. Haverstock; directress, Mrs. Baldwin, Mount Brydges; and Miss Pickett of London was re-elected secretary. The financial statement for the year showed that \$1,176.60 had been raised for home missions, making the tone of the members with the evening session on "The Work of the Baptist Women's Mission ary Soctety," referred to the number of home missions and \$1,505.38 for foreign missions making the total amount raised by mission circles \$2,651.87. Mrs. C. J. Holman, speaking at the evening session on "The Work of the Baptist Women's Missionary Soctety," referred to the number of home missionaries sent out.

"The greater number of these home missionaries are sent to Quebec and the Northwest." she said. "Roman Catholicism rules in Quebec, and we as Baptists can approach them as Protestants can not.

AMERICAN LABOR AND THE RED. The American Federation of Labor, which is in annual session at Montreal, has expressed a hearty hostility to Bolshevism that is reassuring at an hour when the agents of disorder and unrest are making a supreme effort to secure a footing in the ranks of organized labor. During the last five years, but particularly since the war's conclusion, extreme radicalism has been fighting to disrupt the great workers' organizations, but the various units that make up the American Federation have remained firm for orderly progress and constitutional methods of securing greater benefits.

The editor of the Cowichan Leader, a weekly paper published at Duncan, on Vancouver Island, being desirous of securing figures on the subject, has made a summary of the vocations of mbers of all the provincial legislatures in Canada. He was inclined to the belief that farmers nad ample representation in our legislative halls at the present time, and the main object of his inquiry was to show that agriculturists already dominate the making of the laws in the various provinces. The investigation, however, resulted quite differently from expectations. The Leader's final figures showed that there are in the legislatures of the nine provn all, and of these 220 are lawyers. Pursuing its calculation, the Leader estimates that the legal amounts to about one-fifteenth of one per cent of the total population of Canada, while the lawyers are able to obtain a full 25 per cent of the representatives. On the other hand, the farmers onstitute 56 per cent of the population-that is, there are approximately 840 times as many farmers as lawyers in the Dominion. Yet, in spite of the ecent landslide in Ontario, they have less than 18 per cent of the representation, or 155 nembers, as compared with 220 lawyers. It would be interesting to pursue this inquiry still further and find out how many lawyers occupy position would probably show that the lawyers hold much more of the real power than even 25 per cent of the representation would indicate.

knows the great necessity for and the value of operations for the removal of tonsis or adenoid enlargements in children, quite as well as he knows that such operations are too often ill-such operations as school teachers and nurses are permitted to advise parents who are presumed to be too poor or too ignorant to have medical advice, that Johnny or Mary should have tonsils or adenoids removed. No school teacher and no nurse is qualified to give such advice. The opinion of a school teacher or a nurse that a child has adenoids is absolutely worthless and should never be taken seriously by any parent. There is no outward sign, appearance or expression characteristic of the presence of thickened adenoid tissue, notwithstanding an opposing fancy which has been urged upon teachers and nurses who are expected to play the role of amateur dector. Mouth breathing, thick nasal tone of voice, fauity palate, dental and face development, mental backwardness (from impaired hearing), and the like, are by no means sufficient to warrant a diagnosis of deenoids. There is but one way in which an accurate diagnosis of the presence of an abnormally large or thickened adenoid body in the post-nasal region may be determined, and that is by feeling it with palate, and the post-nasal region may be determined, and that is by feeling it with palate, and that is by feeling it with palate and the foundation of the presence of an abnormally large or thickened adenoid body in the post-nasal re

Reports from the various branches were given. The reports from Belmont and Thorndale branches showed the closing year to be a very successful one. Mrs. Wesley McCutcheon of Thorn-ale was appointed delegate to the rovincial convention to be held in

MOUNT ELGIN CONCERT WAS MUCH ENJOYED

MOUNT ELGIN. June 8.—Under the auspices of the Mount Elgin branch of the Women's Institute a very pleasant evening's entertainment was given in the Foresters' Hall, Mount Elgin, by the Ladies' Aid of St. Paul's Church, Ingersoll, who presented the play entitled "The Suffragettes' Convention," which, along with some pretty child dancing and vocal and instrumental music, afforded pleasure to the large audience. The proceeds were a welcome addition to the funds of both societies. Dr. Morris presided, and between parts gave a sketch of the housefly and told how to combat its activities.

20 Rinks Start Play in Mintee Trophy Today

> S. McDougall's London Rowing Club Four Won Silverware Last Year.

Twenty rinks will get away this morning at 9 o'clock in the Mintee trophy play of the Thisties Club. The trophy, which was won last year by J. S. McDougal's London Rowing Club rink, is one of the best up for competition in the district, and this year, while the number of outside rinks is not as large as during other years, good competition is assured.

The London clubs have a good chance of retaining the silverware with about half of the rinks entered halling from the city greens.

Play will commence this morning sharp on time with the greens in the best of shape.

The draw for the play is:

> Border Town Has Attracted Many Players From All Over the Province, But London Outfit Have Some Speedy Youths With Good Sprinkling of Experience.

The London lacrosse team makes its debut in the O. L. A. a week from today at Sarnia. The squad has been out practicing regularly three nights a week, and Coach Donahue has them playing a fair brand of the national pastime right now, as far as can be shewn in workouts.

The border outfit appears strong, as players from all over the provinces and some of the oldest centres of lacrosse have seemingly gravitated toward Sarnia. However, the London team has a lot of youth and speed on its side and a fair sprinkling of experi-

Second place, but as gentlemen, the first in the league.

London fans can welcome the men of Wetzel home tomorrow as about the one and only, who have not come in for penalties minor and major from the league head. They might welcome them home as leaders of the league if the Beavers would only take a hitch on themselves and whale the Shagmen for a change.

Carmen came across in his usual style again yesterday. The little southpaw has won six starts and lost one. He came too late yesterday to help Grimm out. The one he lost was his first appearance on the home grounds against the Wolves, and at that just allowed four smashes.

Arnold Bennet won the 50-yard dash in the weekly meet of the Y. M. C. A. Athletic Club, held at Queen's Park. The time for the 50 yards was six seconds. W. Lightfoot was second and W. Dutton third. In the 12-pound shot put W. Clinger was first, throwing the weight 39 feet 4 inches. Ruddy was second, with a distance of 28 feet 10 inches, and J. Lightfoot was third, with 38 feet 6 inches.

These tests are being held each week at Queen's Park. Next Monday, June 14, the 100-yard dash and the standing broad jump will be run off.

Everything Is Set for the Big

Everything is set now for the manufacturers', athletic meet which is to be staged at Queen's Park on July 10, and in conjunction with which the Free Press marathon road race will be run.

The resumption of the meet after five years finds enthusiasm at a high pitch and competition of the best promised for this year.

Eight open and eight closed events comprise this year's program, and they were varied enough to give an evenly-balanced program. The various industries from which entries are assured report a splendid spirit of competition amongst their employees, who are working out every night in preparation for the big meet. The open events may be expected to attract some good athletes from the whole western end of the province, as they did in former years.

Ontario County reports that a considerable acreage of flax will be grown for fibre this season.
Fruit trees as a rule are laden with setting fruit. Strawberries also promise a big crop, but require more rain.
Oxford asserts that the supply of all kinds of fodder was never so low as at present. Hay is selling in the province at from \$24 to \$40 a ton.
Live stock on the grass are not making flesh as satisfactorily as usual owing to the poor condition of pastures. Peterboro reports sales of cattle at from 10 to 13 cents a pound, and of calves at from 15 to 17 cents a pound. Elgin quotes export steers as going at from 13 to 14 cents a pound.
Some dairymen in Brant are disposing of a number of their cows rather than sell their milk at present factory prices, the June rate being set at \$2.55 a cwt. for a 3.5 test. Toronto, June 9.—Ontario swimmers will be well represented in the Canadian Olympic swimming trials, which are to take place in Montreal on July 2 and 3. Edgar Galvin, of this city, representative for this province, of the Canadian committee reports entries from various parts of the province, for the eleven events on the program—nine for men swimmers and two for ladies. Expert swimmers here express the opinion that the Montreal trials may result in the choice for the trip to Belgium, not necessarily of well-known swimmers, but possibly of small town or village swimming pond enthusiasts who have been previously unheard of.

Worry, sleepless nights, headaches, pains, disorders, irregularities and weaknesses of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the haggard look,

drooping shoulders and the faltering step. To retain the appearance of youth, a woman must retain health. Instead of lotions, powders and paints ask your druggist for Dr. Pierce's Favorite Prescription. This is the woman's temperance tonic and nervine which has had the approval of thousands of women for nearly fifty years. It comes in liquid or tablet form, or send ten one-cent stamps to the Invalids' Hotel, Buffalo, N. Y., for trial package of the tablets. The "Favorite Prescription" is made without alcohol, and will dispel the pains and the weaknesses common to most women in different periods of life. It is prepared in Dr. Pierce's branch Laboratory in Bridgeburg, Ont., and sold by almost every druggist in Canada.

PETERBORO, ONT.-"I am glad indeed to recommend Dr. Pierce's Favorite Prescription for the great benefit I have received from taking it. I had suffered for a long time. I would have backache and it just seemed that I had no strength in my back. I also had pains in my side. I became weak and nervous, could not sleep or eat, and was most miserable when I began taking 'Favorite Prescription.' It soon took away all my pains and aches and cured me of this trouble, and my health was better afterward than it had been for a long time. I feel that I can safely recommend 'Favorite Prescription' to other women who ail likewise."-MRS. CHAS. BROOKS, 228 Perry Street.

For a moment I stared out of the window at the young green of the springtime world. Successes? Yes! Somehow they seemed to count for very little now.

Success—and love? The latter must always be the greater in my life.

"If I were married to a woman," Jim was saying, slowly, with his fine dark eyes upon my face, "if I were married to a woman, and her 'career' was on the stage, I should be dreadfully jeal-ous, I'm afraid."

"Jealous of her successes?" I inquired, a little timidly.

He shook his head,
Jealous of every man that looked at her," he said.

I felt a thrill. The primitive side of Jim appealed to me. There's an old, trite saying that "true love knows no jealousy.." I don't believe it. The man who really is in love with a woman is bound to feel jealous, at times. Other-other was nothing I should enjoy more than a quiet holiday with my Jim and his mother.

Tomorrow-Alice in Distress. RAILROAD IS CHIEF **ASSET OF DOMINION** PERMANENT LOAN CO.

Assignee Clarkson Makes Report To Ontario Attorney-General.

Clarkson & Sons, assignees, state that the assets of the company consist almost wholly of the company consist almost wholly of a railroad in the state of Washington, which "was constructed in an extravagant manner," and which the liquidators have been unable to dispose of to other railway organizations; of claims against directors for alleged misfeasance; claims against stockholders for repayment of dividends; claims against stockholders on what is known as "prepaid stock" also on what is known as "provincial loan company stock"; an interest in the town site of Grand Forks, B. C.; claims against the directors in connection with the purchase of the Provincial Loan Company; certain real estate and mortgages, and certain real estate and mortgages, and a claim against the Canadian Pacific Railway, in connection with the con-struction of a railroad in British Co-

Subject to Litigation.
G. T. Clarkson of Clarkson & Sons adds in a letter: "You will see that the assets of the company consist almost entirely of the railroad—which is most difficult to deal with—and claims which are subject matter of litigation."

The Clarkson report has been made is a result of inquiries made during he recent session of the Legislature by the members from North and South

Waterloo.

Most Important Asset.

Referring to the railroad in Washington in detail, the report states that this property constitutes the most important asset of the company, and appeared on its books at over \$4,000,000, after credit had been given for upwards of \$1,000,000 paid to the company in connection with certain bonuses for the construction of railroads in British Columbia.

"So far as can be ascertained, the railroad, had it been economically constructed, should not have cost, all told, over \$1,000,000, when bonuses received ought to have been sufficient to have largely wiped out such cost," the report says, and extravarance in construction and operation is charged.

Altogether, the report is of a somewhat discouraging nature.

HOUSE SPENDS TAXATION BILLS

Business Profits Tax Act Gets General's Supporters Won Its Third and Final Reading.

INCOME TAX

Objection To Hydro Exemption. OTTAWA, June 8 .- (By Canadian

Press).-Two of the Government taxation bills were discussed at some length by the Commons today. They were the business profits war tax act and the income tax act. The former, after criticism mainly contributed by Quebec members on the Opposition side, passed through committee and was given third reading. The latter was left in committee. Quebec mem-bers took the ground that the hydroelectric commission of Ontario should electric commission of Ontario should be subject to business profits tax. It was a discrimination against privately-owned companies to exempt it, they said, especially as it was not giving the people light and power any cheaper than the privately-owned organizations

than the privately-owned organizations.
On the other side the argument was advanced that provincial or municipal institutions were not making profits for private gain. Surpluses earned were returned to consumers.

Question of Exempting.

Sir Henry Drayton said it was not merely a question of exempting the hydro-electric, but also the municipal enterprises all over the Dominion. The hydro-electric was giving service at cost and not for profit.

J. B. Robb advocated doing away with the tax altogether, on the ground that it was an industry vital to the country. In connection with the income tax act, the minister of finance stated that provisions had been made

nated supreme strategist of the Wood army.

But it was clear that the drift of the gossip favored Lowden tonight, old line party leaders who had taken part in former conventions, kept the Lowden boom alive, but it was known to themselves alone whether this was intended to affect delegates who are opposed to Wood or Johnson, or whether it was sincerely meant. With less than half the delegates instructed, the sponsors of Lowden advocate a rapid succession of ballots to produce a cracking of instructed support for Wood and Johnson. It is not made clear why they profess not to fear a cracking of Lowden supporters as well.

One reason behind the willingness of the Lowden advocates to take all the risks incidental to efforts to upset instructions is said to be that the supporters of Lowden would be satisfied with any representative that would be nominated and have a harmonious party behind him, whether it be Harding, Sproul, Knox, Coolidge, Hughes, or someone whose name has not as yet figured prominently.

That incomparable novei of boy life. "Huckleberry Finn," has been put into what is declared to be a truly great photoplay. It will be shown at the Grand for the last time today. The motion producers say that no stories lend themselves so admirably to production on the screen as do the humorous works of the inimitable Mark Twain. "Huck and Tom" and "Tom Sawyer" were earlier photoplay successes. Now the same director, William D. Taylor, has taken the beloved vagabond, Huck Finn, and made him the hero of a film that is even more enjoyable than its predecessors. Lewis Sargent, a boy actor, redhaired and freckle-faced, and an experienced pantomimist, appears as Huck Finn. Gordon Griffith is Tom Sawyer, and the rest of the cast maintains the same high standard. Julia Crawford Ivers, one of the cleverest of scenarists, adapted "Huckleberry Finn" to the screen, and throughout has maintained the true Mark Twain flavor. Beatrice Tracey, in a program of delightful song selections; a Pathe Rolin comedy entitled "Merely a Maid"; the Pathe News and Review and Topics of the day will complete the bill.

The final showings of William Farnum in his latest William Fox production, "The Orphan," are announced at the Patricia Theatre. In this stirring photoplay of the West, Mr. Farnum is seen as an outlaw hated, feared and hunted by cow-punchers. How the love of a girl is instrumental in regnerating the lawless man furnishes one of the most thrilling climaxes ever screened. There are numerous scenes that grip, chief among which are an attack by Indians on a stage coach and a fight between the redskins on one side and the outlaw and the sheriff on the exceptional cast includes Louise Lovely as leading woman.

Col. An excellent menu of vaudeville has delighted audiences at every performance this week and comprises McMahon and Chappelle in a laugh skit entitled "When Hubby Missed the Train." The piece is all comedy and every line is a laugh-setter. If you want to jazz away the blues—see this turn. Browning and Davis, two rather dark gentemen with a sense of humor, are of the old-time minstrel type, and provide oodles of enjoyment with their comedy patter. Gene and Menette, in a merry cycle of songs, pianologue and instrumental duets are two pretty young misses, and have scored big with London fans. Gehan and Gehan provide enough thrills for a three-ring circus with their extraordinary feats of equilibrism, and the Tasmanian Trio have a bagful of new tricks via the acrobatic route. A real funny comedy feature and the screen Pictorial completes the program.

In an interview with The Advertiser last night A. B. The committee will undertake to secure the co-operation of all other returned soldiers' organizations in Lonthe railway board had stated that a 5-cent fare was necessary for the proper operation of the Sandwich, Windsor and Amherstburg Railway.

The statement was: "Windsor had a similar situation. The Ontario Railway Board said Windsor could not operate at less than a 5-cent fare. Adam Beck said that it could, and the people stood with him and won."

Mr. Ingram said there was absolutely no truth in this statement. E. A. Pocock complained that the Government had not seriously regarded the protest of the G. W. V. The Government had taken the votes of the soldiers very seriously last election, but was now, according to newspaper comment and reports, treating the war veterans' call for an election very lightly. no truth in this statement.

Took a Vote.

The discussion between the municipalities of Walkerville, Windsor and Sandwich and the railway company and their employees lasted from March 22 to May 29, 1919, during which time the board had nothing to do with it. The municipalities agreed to submit a vote to the people to increase the fares to 5 cents straight, in order to enable the company to pay the increased wages.

their inability to pay. Finally the men accepted the board's offer and resumed

Army Manners.

Col. Coles replied with a retort courteous that from the tone of voice with which the member on the floor addressed him he wouldn't suspect him of being weighed down with any excess of military manners. "Your tone of voice sounds more Bolshevik to me," said Col. Coles. "I'm sorry for you."

"I'm sorry for you," replied the member, who did not give his name and whose name several of the officers of the association could not recollect. Col. Coles was nominated, but declined to stand for re-election as president. Nominees still standing include Comrades Butler, J. C. Wilson, Ashley, Holmes and Greene. Comrades Leonard, C. H. Reason and Woodward were other nominees who withdrew.

The Barnet Wins In a Severe Test

Recently in Philadelphia the Barnet Refrigerato (made in Canada) was, with two other well-known re frigerators, put through a placed a number of odorous foods, the doors were locked and sealed, and opened four days later. In the Barnet only there was found no food contamination-it was two degrees colder than its nearest rival-and its ice consumption for the four days was 30 per cent less than either of the others That is why Barnet Refrigerators are being shipped in carloads to the largest cities in the United States Our demonstrators will gladly explain the Barnet
