INTERESTING ACCOUNT OF THE CAMPBELLTON FIRE

A Representative of the Union Advocate Visits the Fire Stricken Town—Chief of Police Dismissed.

The thriving town of Campbellton was on Monday, July 11th, wiped out of existence, and to-day nothing remains but blackened ruins, where once stood the happy homes, and business establishments of about five thousand citizens.

In order that our readers may understand to some extent the magnitude of the disaster we will briefly sketch the situation.

ITS SITUATION

Campbellton is situated on the Restigouche River at what was formerly known as Martins Point. Above this point and below, on the river bank and back to the brow of the hills the town was thickly built up. Its business houses were nearly all situated on Water street which ran from the I. C. R. depot to the Government wharf on the Point proper.

The fire started at Richards' mill at cook house, the extreme west of the town, on the river bank. At first the fire was kept under control by the firemen, who had an excellent pressure of water from five streams, but in a few minutes the mill proper caught fire at the rear, and having no appliances to speak of, this large building with the large piles of manufactured shingles were soon burning. The wind was blowing a hurricane from the west. This carried the burning embers throughout the town and soon the McLennan Foundry, freight shed, station, Edward Allingham's store, Opera House, Mrs. M. Patterson's barn and Alex. Deane's house were in flames. This last was at least a mile from the origin of the fire. The fire then spread in both directions until the whole town from Supracol street to Andrew street was a sea of flames; then the flames rushed down Water street, carrying destruction on all sides.

Merchants hastily placed their valuables in their safes and in many cases locked the doors of their stores. Others made frantic efforts to remove at least a portion of their stock, but in nearly every case this was destroyed. Household goods removed their furniture, but could not convey it to places of safety and it was also destroyed. Two thirds of the citizens escaped with only the clothes they wore, while the other third saved a portion of their household effects.

The fire continued down Water street to the Government wharf. Here Harbor Master Asker's house, Frank Blair's coal sheds and Jones & Schofield's warehouse were saved, and the Government wharf with its large freight shed was not damaged. On this wharf the residents of lower Water street and Ramsay street conveyed their household effects and these were saved. Here also congregated over two thousands people safe from the flames. The steam ferry plyed busily all through the fire carrying refugees to Cross Point, as did also the several tugs of the various lumber companies. It is said that the steamers Senlac and Canada, which laid at the wharf until crowded with women and children, the sick and injured, cared for about fifteen hundred people during this awful night. Capt. Crossley of the Senlac was unparalytic in his efforts to care for the unfortunates and in the morning fed all with the ships ample provisions.

For a time on Chapel Hill, it looked as if the handsome church, convent and hospital would escape. It was here that four houses owned by Mrs. Mulhead and Messrs. M. M. Mowatt, F. T. Blair and D. C. Fitch were saved by hard work. But later the steeple of the church caught fire and soon all the buildings were in flames. The few patients in the hospital had been previously removed, and Father Wallace and the sisters made their way to a place of safety. It was on Chapel Hill the Editor of the Graphic and his family lived and his new home with all its contents were destroyed.

While the town proper was on fire the flying embers set fire to many houses on the outskirts. Towards Richardsville and at Richardsville nearly every house was burned, together with Doherty's grist and lumber mills and the large new mill belonging to the Richards Co. together with ten million feet of sawn lumber. The upper mill at Richardsville

and a few houses about it escaped its merruculous.

The fire started about three o'clock in the afternoon, at three o'clock Tuesday morning the destruction was over and burning ruins was all that marked the site of the once prosperous town. Standing on Chapel Hill at midnight the writer viewed the conflagration from Supracol street on the west to Richardsville on the east; from the brow of the hill to the rear of the town to the river front, a territory about three miles long by about three quarters of a mile wide was a vast blazing ruin. At that time the lower part of the town, from Prince William street to the river on the eastern side of the point was in flames. It was a sight which the writer will never forget, its awful grandeur being emphasized on the retentive mind. At this time we on the hill could get no news of the fire stricken citizens of the lower levels, and in watching the progress of the flames it seemed almost impossible that all could escape.

Tuesday morning dawned fine and clear. At an early hour the writer went in search of water, as the supply on the hill had been cut off by the demand on the lower levels.

After a long walk, in which only a few citizens were encountered the necessary water was obtained. A main view of the fire showed the completeness of the work of destruction. The wind was of such force that as the buildings burned the ashes along the streets was blown away and they were left clean. In the cellars hardly a piece of charred woodwork remained. Men went to work to provide shelter for the homeless, and to endeavor to procure something to eat for the women and children. Fortunately some had carried food to places of safety and this was carefully served. Numerous cows were grazing among the fields. These were milked and the milk given to the younger children. About the fields blankets were stretched for shelter and on the grassy sod thousands spent the first night in the open.

Tuesday little could be done as it was impossible to procure lumber and nails to erect temporary shacks. Wednesday it rained, and caused much discomfort, especially among women and children. Thursday tents arrived and were set up and by Saturday all were under cover. Food from Bathurst, Newcastle, Dalhousie, Chatham, Moncton and St. John was rushed in and very little actual suffering was caused from lack of food. Everything possible is being done to make the homeless comfortable. A number of children were born in the open fields and all are doing nicely.

It seems hardly possible that such a general conflagration could take place and no death result therefrom, but such was the case. Not one person was seriously injured. It is reported that considerable looting was carried on, and a few men were under the influence of liquor. Of all the town officials there is not one word of criticism except the actions of Chief of Police Crawford. It is stated on good authority that his actions were anything but becoming to a man holding his position and then he deserted his duties and went to St. John where he told absurd stories of his bravery in carrying patients from the hospital, having his coat and hat burned off of him while he saw his beautiful \$3,000 home go up in smoke. Needless to say Chief Crawford was not near the hospital. Crawford has since been dismissed.

TOWN REBUILDING

Already a large number of temporary buildings have been erected and some are open for business. The three banks are doing business. The insurance claims are being settled promptly. The loss is said to be about \$4,000,000 and there is over one million dollars insurance. Among the first companies to settle were those known as the non tariff companies, The Rimouski and Nova Scotia were paying their claims on Tuesday.

Fatal Accident at Campbellton

Mr. Chas. B. Anslow of Anslow Bros, Fatally Injured,

The sad news reached here this afternoon of an auto accident at Campbellton, in which it will probably cost the life of Mr. Chas. B. Anslow, of Anslow Bros, publishers of the Graphic and formerly of this town. Mr. Anslow with a party of friends were having an outing, they being played out working on the fire relief committee. While backing down a hill the driver lost control of the machine, which turned over and pinned Mr. Anslow against a post. The latest report tonight stated that Mr.

Anslow was unconscious and no hope of his recovery. Charlie is the junior member of the firm of Anslow Bros, is very prominent in military and music circles. He was a member of the first South African contingent and has hosts of friends in Newcastle and Campbellton.

LATER—Mr. Anslow died at 2 o'clock this (Wednesday) morning. The body will arrive here by the Limited, accompanied by Mr. H. B. Anslow and Mr. William Corbett, Sr.

CAMPBELLTON CONDITIONS IMPROVING

Tents Arrive and People are Under Canvas—Money and Clothing and Disinfectants Needed—Great Danger is from the Outbreak of Disease

Campbellton, N. B., July 15—In a remarkably easy manner, seemingly, and with astonishing rapidity under the circumstances, the fire-swept and destitute town of Campbellton is rising from its ruins. Order is being established out of chaos, almost everybody is lending a helping hand in the accomplishment of the happy purpose.

The cases of suffering and destitution are gradually disappearing, though they are still only too painfully in evidence. Busy scenes of activity in various forms are presented to the eye on all sides and as a result of the industrious efforts of the homeless people, and particularly a few of the prominent citizens, a great many shacks have been erected, the poor people can find ample provisions and as far as is possible considering their unfortunate situation, they are comfortable and apparently content with their lot.

CHEERFUL IN THEIR TRIALS

In the midst of a heavy down-pour of rain, which was a great discouragement, today, they continued their building operations and, as they worked, in many cases outbursts and snatches of song accompanied the blows of the hammer and the sound of the saws.

The post office will be occupied, by A. D. McKendrick and his staff tomorrow. Several safes were dug out of the ruins today and in most cases none of the valuables they contained were even scorched. The combinations, however, were generally disabled and drills had to be used.

A VILLAGE OF TENTS

They are now, for the most part, encamped in a village of tents on the high ground in the rear of where the school house stood, are well protected from the wind and rain, and are being liberally supplied with the necessities of life, at least for present needs.

TENTS ARRIVED

The tents arrived from St. John today under the supervision of the soldiers in camp were pitched at once on the most favorable site. The occupants were given plenty of blankets from a lot of 1,000 which accompanied the tents. There was an eager rush for the canvas dwelling houses and Capt. McKenzie was kept busy all day in acting as commissariat officer. The militia under Major McKenzie have also transferred their

quarters from a box car to the tented village and guard carefully to see that no unlawful acts are committed. The people are thankful that so far there has been but little sickness amongst them only a few patients being in the hospital. One man who came from Prince Edward Island is in the infectious hospital suffering from what was at first reported to be smallpox, but Dr. Murray said tonight that he considered it only a case of chickenpox. The patient is a Russian by birth. He is not even confined to his bed. Practically the only other case of infectious disease is that of a little girl named Graham on the outskirts of the town, who is ill with a mild attack of typhoid.

MORE BEGIN BUILDING

Among those who have started to build since yesterday are: A. McC. McDonald, druggist; Trueman & McKenzie, grocers; I. W. Stephens, dwelling. These are temporary quarters and will be occupied by the first of next week. Two of the banks, the Royal and Nova Scotia, have established temporary offices and are open for business. They had quite a rush of depositors today. Several insurance claims had been paid.

The two relief stations, were thronged again today and it is estimated that about 700 people were fed at one while at the other supplies were issued to almost the same number. One of these stations is similar to a huge restaurant, while the other is more like a wholesale warehouse containing general merchandise. They are far apart at present but will be placed alongside each other for convenience tomorrow.

PLACED AND THEIVING

Many cases of impostition were brought to light today when several people, not sufferers in the fire, attempted to benefit from the supplies sent to the destitute and came to the ruined town from neighboring districts seeking provisions and oftentimes giving a good deal of illness in their families in order to gain their requests.

A vigilant watch was kept for such characters and they were detected in almost every instance and was told what was thought of them. Pilfering and looting are still being practiced, though there is but little chance for much of this work, there being very scant quantities of articles of value left in the possession of those in

ASK PREMIER TWEEDIE TO PREVENT SHOWING OF PRIZE FIGHT PICTURES

Baptist Association, in Session in Sussex, Pass Resolution in Reference to Recent Battle at Reno—Rev. Mr. Machum is Ordained to the Ministry.

Sussex, N. B., July 15—At this morning's session of the U. B. Association the resolution introduced by J. R. Colpitts stating the advisability of amalgamating the N. B. and N. S. Home Mission boards evoked much discussion. The association finally laid it on the table indefinitely. The ordination of W. C. Machum took place this afternoon. Rev. F. G. Francis, of Salisbury, delivered the ordination sermon from 2nd Cor. 2-16, and 2nd Cor. 3-5. His practical discourse was listened to with great interest.

Rev. A. A. Rideout then introduced Mr. Machum to the assistant moderator, Rev. H. H. Saunders, who called to the platform Rev. Dr. Phillips to question the candidate, after which came the laying on of hands while intercession was made by Dr. Cousins, of Newcastle. Rev. H. H. Saunders, on behalf of the association and the brotherhood, extended to Rev. Mr. Machum the right hand of fellowship. The charge to the new minister was made by Rev. F. E. Bishop, of Fairville.

The committee chosen to confer with a committee of the Reformed Baptist Alliance regarding closer union, consists of Rev. Dr. Joseph McLeod, Rev. Dr. McIntyre, Rev.

Dr. Phillips, Rev. J. H. Macdonald and Rev. H. G. Kennedy.

A report on resolutions was presented by Rev. L. A. Fenwick. Among them were the following: "Resolved, that the lieutenant governor be requested to prohibit the use, in New Brunswick, of moving pictures of the recent prize fight; also that editors of newspapers be requested not to permit, in their columns, either pictures or literature on prize fighting.

The report was adopted with the exception of one clause which is to be referred to the maritime conference to meet next month in Woodstock. The aim of this resolution is to consolidate the financial departments centering in one office at St. John, which office would be that of a supervisor of all the denominational work.

The association closed about 4:30 o'clock, after which a large number of delegates and ministers were shown through the Grammar School. They were much pleased with the new building and pronounced it one of the best in the province.

The visitors spoke well of the kindly way in which they were provided for by the pastor and the Baptist people of Sussex.

stores. Tonight a large number of provisions and other articles on the station platform is being guarded by the militia fully armed.

An instance of the boldness of the thieves was shown this morning when a military horse was taken off the horse owned by Major Mersereau while it was standing in a shelter. It was found later and efforts are being made to capture the thief. Yesterday a horse which the major was using was taken and has not since been heard of.

Two tents were stolen from the employees of the New Brunswick Telephone Company, as well as fifty blankets. About ten of these workmen have been busy since Tuesday and have had but little sleep or rest as until today they have secured two military tents, and several blankets to replace those stolen.

Last night the promptness of a sentry prevented the theft of a horse and wagon on a road leading to the Tobique. A man was in the act of hitching the horse to the cart and driving off, when the soldier appeared and the would-be thief immediately made himself scarce.

Many loads of furniture which were taken across the river at the time the fire was raging, are now reported to be stolen, but every effort will be made to locate the goods.

MAKES PLEA FOR NATIONAL UNITY

Premier Laurier Spoke on Duties of Canadian Citizenship.

Winnipeg, Man., July 13.—Sir Wilfrid Laurier at noon today formally opened the annual exhibition which will continue for ten days, and gives promise of being the most successful yet held in the West. The entries are usually heavy. The visitors from Western points are pouring in on every train, and the hotel accommodation is nearly at its limit already.

Premier Laurier and Hon. G. P. Graham spoke at the little French settlement of St. Anne De Chenes, Manitoba in the afternoon. The meeting was held in a garden amid rustic surroundings, and the welcome of the people was graceful and affectionate. Sir Wilfrid eschewed politics, and spoke on the duties of Canadian citizenship, making a plea for tolerance and unity in working out the destiny of Canada. Mr. Graham spoke on transportation, and expressed the hope that he would live to see the Georgian Bay Canal and Hudson's Bay Railway completed.

LIFE A NIGHTMARE

Helpless and Broken Down, Dr. Williams' Pink Pills Came to the Rescue.

There are many who think anaemia is a trouble confined to growing girls and women, but this is not the case. Thousands of men are anaemic, and attribute their growing weakness to mental or physical overwork, or worry, and who do not appear to realize that they are swiftly passing into that condition known as general debility and that their trouble is due entirely to the fact that their blood is watery and impure. If the trouble is not taken in time, they pass from one stage to another until the break down is complete, and often until a cure is beyond hope. To men in all walks of life there is no medicine so valuable as Dr. Williams' Pink Pills. If you feel jaded, weak or worn out these Pills will make that rich, red blood that puts vim and energy into every portion of the body. Making good blood is the mission of Dr. Williams' Pink Pills and good blood is the one secret of good health and vigorous life. An excellent case in point is that of Mr. R. W. Ellis, of Balcarres, Sask., who says: "Just four years ago I was in England making preparations to fulfil the long cherished ambition of coming to Canada. My health at that time was normal though I was never very strong. Three weeks before the time of my departure I was overcome with a feeling of general weakness and faintness which rendered me so inert and lifeless that my days were shrouded in gloom. Consultation with a doctor brought me no consolation. Debility was my trouble and I was on the point of a breakdown. 'Canada in your condition means death,' said the doctor. 'You must have a complete rest.' A rest, however, was out of the question a fortnight's holiday I had and then back to earn my daily bread. The next years were a series of misery and despair, body and brain undermined with a complaint the doctor could only call debility, but apparently could not cure. Snatching holidays when I could I struggled on until the opening of 1909, when completely prostrated I was compelled to go to my parents and become a burden to them. My life was simply an existence and friends said, behind my back, 'consumption.' 'In April, 1909, I began taking Dr. Williams' Pink Pills. Three months later, on July 1st, I sailed from Liverpool on the Tunisian for Montreal, full of new life, energy and hope. In this great country I am making good and I owe it all to Dr. Williams' Pink Pills. In three months they changed me from a nervous wreck to a healthy man. When doctors failed they succeeded, and I honestly believe they saved my life.' You can procure this great health giving medicine from any dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BOURASSA IS AFTER EARL GREY

Nationalist Leader Accuses Gov.-Gen., of Speaking Bitterly Against French Canadians.

Montreal, July 13.—Mr. Henri Bourassa is beginning to speak out in meeting, having given this evening what he alleges is the drift of a statement made in March last at Rideau Hall by Lord Grey, when His Excellency expressed the greatest disappointment at the attitude of the French-Canadians. Mr. Bourassa says that "at first the Governor-General took the silence of the French-Canadians to mean consent, but when the opposition to the Naval Bill became so outspoken, His Excellency expressed himself very bitterly against the clergy and the pig-headedness and slowness of Quebec generally. He added, however, the following: 'It will, however, be no difference. We will have Laurier ten years more in power, and he will lead the Province and the French-Canadians along the proper paths to where they should be.'"

Gentlemen—This is to say that in 1904 I was very sick with Heart trouble and Headache, due to change of life, my life seemed to me really not worth living, had a doctor in attendance, but kept falling away until I reached 125 lbs. I was advised to use your LIFE OF MAN BITTERS and STRUP, which I did and can truly say they are wonderful. After I had taken the first two or three bottles I felt much worse than usual, but as the directions said this was sometimes the result I continued their use, and soon began to see marked improvement in strength, so that I was able to work and gained 30 lbs in flesh. I thank you for placing these remedies within my reach, and heartily recommend their use to ladies at this time of life, and advise the continuance of them as I know it sometimes takes a few dozen bottles, but the cost is small compared with physicians charges. I am sending you this, that you may make it known and thus benefit some one who may be suffering as I was.

With heart felt thanks, I am
Yours very truly,
MRS. JOHN FOLEY.

CONNOLLY WAS SENT UP FOR TRIAL

Albert, July 13.—The preliminary examination of Thomas Connolly was finished today before Police Magistrate Peck of Hopewell. The prisoner was committed for trial on the charge of murder. Mr. Fowler, counsel for the defence, asked the magistrate to call a witness for the crown, Colby Mills. Mr. Hannington objected, and the magistrate sustained the objection. The prisoner was sent up for trial to the superior court which opens on the first Tuesday of September, with Judge Landry presiding. Mr. Fowler asked the magistrate to furnish him with a copy of the evidence, in order that he might make application to the superior court for bail for the prisoner. The magistrate said he would comply with this request. Mr. Fowler will seek bail for the prisoner, who in the meantime has been committed to jail.

WORLD'S DEBT TO CANADA

A Wonderful Achievement

Discovery of "Fruit-a-tives" has meant health for all

Canada's fame does not rest solely on her furs and wheat fields. Her rise in the esteem of the world is not due to her Cobalt mines. It is the work of her great men that has made her great. A graduate of McGill University has won lasting renown for his original researches in the realm of Physics.

Everyone knows that fruit is wholesome, when eaten judiciously. Physicians generally recognize the fact that fruit juices have a beneficial effect on the various organs of the body.

It remained for a Canadian physician to discover a process whereby the medicinal action of fruit could be so increased as to make the intensified juice—a wonderful cure.

"Fruit-a-tives" is this combination of fruit juices and tonics. Since its introduction to the public, "Fruit-a-tives" has met with a success accorded to no other medicine in the world. The reason is plain. "Fruit-a-tives" is the one remedy that is actually made of fruit, and is the only remedy that naturally cures Constipation, Biliousness, Indigestion, Headaches, Rheumatism, Neuralgia, Backache, Kidney and Skin Troubles. At all dealers at 50c. a box, 6 for \$2.50, or trial size, 25c., or from Fruit-a-tives Limited, Ottawa.

BOLD ATTEMPT TO WRECK C.P.R. TRAIN

Disaster Was Averted By the Fortunate Trip Of a Section Hand Car

Ottawa, July 13.—C. P. R. detectives went to Kirk's Ferry Station, on the Gatineau line, to investigate what appears to be a dastardly attempt to wreck the train bearing the returning Orangemen from Cantley, where they had been celebrating the day. Preceding the train, which had about 500 passengers on board, a hand car passed along about five minutes in advance. A mile outside Kirk's Ferry Station, the hand car was derailed by an obstruction of the track.

An inspection shows that horse shoes had been cleated to the ties for a distance of 30 feet, with the evident intention of wrecking the train. Fortunately the train was delayed at Blue Sea Lake for nearly an hour, through the breaking of a piston rod, thus giving time for the section men to give notification of the obstruction.

But for the fortunate trip of the section hand car in advance of the train a disaster would have occurred, probably involving a great loss of life. The horse shoes were placed on a rock-cut where the light was dim, and the engineer would have been unable to see them.

ROYAL ADMITS PURCHASE OF UNION

Assets Secured Subject To the Approval of Shareholders and Treasury Board

Montreal, July 13.—The Royal Bank of Canada gives out the meagre statement tonight that the assets of the Union Bank of Halifax have been purchased by the former institution, subject to the approval of the shareholders and subsequently the treasury board.

Messrs. William Robertson, President, and E. L. Thorne, General Manager of the Union, have from the first refused to see any newspaper men, and have consequently been very much surprised to find themselves so often in print. These two gentlemen will leave for home tomorrow evening. They first intended leaving in the morning, but will stay over for the Ocean Limited.

An official of the Royal Bank stated this evening that the Union office on Hollis Street would probably be kept open by the Royal, as both buildings will be required for some time yet. It is believed, however, that if both can be sold to advantage the Royal will build a fine home in Halifax, worth of the Banks proportions and of the city of Halifax.

CANADA'S NEXT CENSUS.

The next census of Canada will be taken under date of June 1st, 1911, and will embrace the subjects of population, mortality, agriculture, manufactures, minerals, fisheries and dairy products.

Population will be recorded under the heads of residence and personal description; citizenship, nationality and religion; profession, occupation and trade or means of living, wage-earnings and insurance; education and language spoken, and infirmities.

Every person living on 1st June will be entered on the schedule of population by name, as member of a family, institution or household, together with place of habitation, sex, relationship, to head of the family or household, and whether single, married, widowed, divorced or legally separated. The month of birth, year of birth and age at last birthday will also be recorded.

Entries will be made for each person to show the country or place of birth, year of immigration to Canada if born elsewhere, year of naturalization if formerly an alien, and also racial or tribal origin, nationality and religion. Every person of alien birth who has become a naturalized citizen is a Canadian by nationality; and every British subject with residence in Canada, as well as every native of Canada who has acquired citizenship by birth or naturalization, is also a Canadian by nationality. But there is no Canadian by racial or tribal origin, unless the Indians are so counted.

Every person having an occupation or trade will be entered for it, but if employed in the census year at some other occupation for part or whole time he will be so recorded also. If the person is working on own account, the entry will be so made. An entry is also required to be made showing where the person is employed, as on farm, in woolen mill, at foundry shop, in drug store, etc.

Wage-earners are entered to show the number of weeks employed in 1910 at chief occupation or trade; at other than chief occupation if any; the hours of working time per week at chief occupation, or at other occupation if any; the total earnings in 1910 at chief occupation; the total earnings at other than chief occupation; and the rate per hour when employed by the hour.

Entries are required to be made for each person showing the amount of insurance held at date of the census upon life, as well as against accident or sickness, together with the cost of such insurance in the census year.

Under the heading of education and language records will be taken for every person of five years of age and over showing the number of months at school in 1910, and if the person can read and write, and the language commonly spoken by each person. The cost of education in 1910 for persons over 16 years of age at College, Convent or University is also called for.

The last question on the schedule of Population relates to infirmities. It calls for a record of each person having an infirmity. If blind, deaf and dumb, crazy or lunatic, idiotic or silly, a record thereof will be made in the proper column, and the age at which the infirmity appeared is required to be specified.

HAVE YOU REMEMBERED IT?

When packing for the country cottage, don't forget your box of Zam-Buk! Blisters, sunburn, scratches, insect stings, etc., if not immediately attended to, are likely to spoil your pleasure. Zam-Buk ensures you against trouble from these. Take Zam-Buk, instead of "taking chances!"

Zam-Buk is antiseptic; kills all poison in wounds, whether from barbed wire fence, or insect sting. Soothes aching feet and blistered hands; heals baby's chafed places; cools those sunburn patches, and prevents freckles. No mother should be without it. Purely herbal in its composition, Zam-Buk is always superior to the ordinary ointments containing animal oils and fats, and mineral coloring matter. All druggists and stores sell Zam-Buk, but avoid harmful substitutes.

STRICKLAND'S GENEROSITY

A caller at the Mayor's office at St. John was Harvey Strickland, formerly of Fredericton, and now an inmate of the Provincial Hospital. Mr. Strickland had evidently been reading about the fire and about the sufferings of the people. While at the Mayor's office he wrote out a check for \$10,000 and handed it to the mayor, telling him that if he needed any more to inform him. The check, of course, was worthless, but it showed the good-heartedness of the man.

We Want Your WOOL YARN

The demand for our Yarns has grown to such proportions that we have decided to cut out all other lines we were manufacturing and make nothing but Yarns. So we take the opportunity to let you know that we will not manufacture or carry a stock of anything but Pure Wool Yarn.

We also decided that we would not be satisfied to make Yarn that we could say was just as good as any other. But we are making a pure Wool Yarn that we know to be the BEST ON THE MARKET.

All our Yarns are manufactured from Pure New Brunswick Wool, and it is admitted by all who profess to know that for making a good strong all-purpose Knitting Yarn, New Brunswick Wool is really the Best in the world.

All the Dyes, Soaps, Oils, etc., that we use are the very best we can buy and are something that we know will not injure the wool in any way. We are also very careful to see that all the machinery is kept in perfect working order to make sure that the Wool Fibre will not be broken or cut in going through the different processes of manufacturing. In fact we are doing the very best we can to put up an article that will satisfy our customers in every way.

We have a large stock of our Yarns on hand in all the different sizes and colors we manufacture, which we will be pleased to let you have in exchange for your Wool.

Washed wool taken in exchange for Yarn at.....30c. per lb.
Unwashed wool taken in exchange for Yarn at.....18c. per lb.
If you wish to have your own Wool made into Yarn, we will make it up in any of the different sizes and colors we manufacture for the following charges:

NEWCASTLE, N. B., JULY 19, 1910

MANUFACTURING POWDER FOR SOCIALIST GUNS.

We are informed that the men who were put out of work by the closing of the Chatham pulp mill several weeks ago have not yet been paid the several weeks' wages then due them.

This is the second time inside of a year that the new wealth produced by these laborers has been taken to pay the Company's old debt to a huge Financial Corporation, while its producers wait for pay and their families sit down to empty dinner plates.

This abuse of power conferred by an unjust and one-sided Dominion Statute, which seized upon the wealth produced by the bone, muscle and skill of the poor, honest and industrious is certainly the manufacturing of powder for the guns of Socialism; and if continued as it has been for the last decade on the Miramichi, will in the near future place the heel of Radical Socialism on our necks; and we will be compelled to look up from the ruins of our cherished institutions and console ourselves with the knowledge that we furnished the powder which blew us to pieces.

The laws of the land should make the industry and skill which produces wealth the first charge upon it. Let the promoter and financier get his return from the profits of the venture, if any, and not out of the marrow of the producer and of the producer and of the table of his family.

The Chatham World says: "Four months, four long months, have elapsed since the employees of the Miramichi Pulp Co., were paid. The officers of the company have probably been drawing their salaries regularly. Mr. Keyes the great American capitalist who is at the head of the company, has been here lately, seen the men who are sorely in need of their back pay, and returned luxuriously in a parlor car. The men should take some action, legal or illegal. They have waited quietly too long."

SOCIALISM

In a recent issue we gave space for Mr. Stuart's Socialistic ideas as propounded, three years ago before the quarterly meeting of The United Baptists at Whitneyville N. B.

It is wonderful to note the evolution of the Socialist mind, and how it adapts itself to its audience. Here our expounder of Socialism is a genuine true and loving disciple of Christ and Socialism's sole aim was to follow in his footsteps. But we see nothing in his sermon requiring us to take up our cross when we follow. In his epistle which we published on June 21st, he announces in loud letters "SOCIALISM is a POLITICAL doctrine, and its adherents are at liberty to profess any religion or no religion as suits" &c. &c.

Again in his sermon at Whitneyville he advocated the old English Estates tail "Some of his children would succeed him on the land" he could not alienate it hence perpetual ownership. On the 21st wh. he proclaims that all property would belong to the commonwealth and could not be willed from parent to child. In his sermon to the Baptists he says Christ commanded mankind to take no thought of

the morrow; and has the boldness to assert before that body of christians that "CHRIST KNEW THAT IT WAS IMPOSSIBLE THEN TO DO SO" and proceeds to tell what Christ intended Socialists to do that He could not. This implies that Christ was not All powerful; and if not All powerful, not God, and if not God, an imposture and Christianity a fake. This is the real trend of all the works which Mr. Stuart recently recommended to our studios attention. His great English teacher Elatchford regards members of Parliament Bishops and Editors as half educated persons, yet where the expressed opinions of any of them, like isolated texts of the Bible, can be twisted to meet the Socialist's doctrine they are the language of inspiration. Cotton his Quebec evangelist, who announces that he is going to become a promoter of dog fights, while giving full space to Mr. Stuart's letters disposes of our views by saying they were laughed out of Europe 50 years ago. He does not desire his readers to have them. However, we are not afraid to allow his disciple full scope. This same journal, "Cotton's Weekly" in the same issue glories in the fact that Lavenne who is just now defying the constitutional authority in Nova Scotia carried the RED FLAG in Belgium at the age of 11 years and has fought authority ever since, six years ago bringing his trouble breeding personality to Canada and becoming a WAGE SLAVE at Springhill; and glories in the fact that "REVOLT WAS BRED IN THE BONE IN HIS CASE." This fellow Lavenne says he wants to be imprisoned to show the workers that "COURTS, GOVERNMENTS, MILITARY and POLICE FORCES" (mark the plural) "are for the sale purpose of keeping them in subjection" and yet these people pretend not to be anarchists. Mr. Stuart makes great capital of a single line from the last verse of chap. 6 Matthew. Yet his whole doctrine IS HEED for the morrow. Why not go the whole hog; and say like the birds which SOW NOT NEITHER DO THEY REEP and like the lillies, which TOIL NOT NEITHER DO THEY SPIN."

Weak Throat—Weak Lungs
 Cold after cold; cough after cough! Troubled with this taking-cold habit? Better break it up. We have great confidence in Ayer's Cherry Pectoral for this work. No medicine like it for weak throats and weak lungs. Ask your doctor for his opinion. He knows all about it. His approval is valuable. Follow his advice at all times. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Local and Provincial

CONGRATULATIONS
 Congratulations to Mr. and Mrs. Allan Troy, on the arrival of a boy yesterday.

INSPECTING STEAMERS
 Messrs. C. E. Dalton and O. J. Olive, St. John, were inspecting the river boats yesterday.

TRIMMED CHATHAM
 On Tuesday afternoon last the Newcastle base ball team trimmed the Chatham team to the tune of 16-4. It looked very much like "23."

READ THE ADV.
 Read the ad. of Messrs. Russell and Morrison on page 4 of this issue. This firm is offering their large stock of clothing and gents furnishings at greatly reduced prices.

FROM CAMPBELLTON
 Premier J. D. Hazen, and R. Maxwell, esq., St. John, were at the Miramichi Hotel today on their return from Campbellton. They left this afternoon on return to St. John.

NEW RESTAURANT
 Mr. Otto W. Fiedler, who has been chef at the Hotel Miramichi for the past four years will open a new restaurant in the Fish building the latter part of this week. It is Mr. Fiedler's intention to conduct an up-to-date establishment and will serve meals, lunches and ice cream at all hours.

BAND CONCERT
 St. Mary's Band gave the first concert of the season on Friday night. It was rather discouraging to the bandmen to find only two small lamps to light the whole band stand. Notwithstanding the disadvantage the band gave a very creditable program.

ANNIVERSARY SERVICE
 The women of the Newcastle missionary auxiliary will hold an anniversary service in the Methodist church tomorrow (Wednesday) evening at 8 o'clock. A special program will be given and refreshments served at the close. A cordial invitation is extended to all members of the congregation.

TWO FIRES
 The firemen were called out on Friday last for a blaze on the roof of the home of Mr. Alex McFarlane. The brigade arrived at the scene in three minutes from the time the alarm was sent in. Very little damage was done. Town Marshal Dickson handled the crowd in "city style," forming a ring, thus keeping all on-lookers at a safe distance and giving the fire ladders a chance to fight the fire. The firemen were also called out on Sunday evening on account of a few sparks from the chimney of Mr. Henry Wynn's bakery.

PAINTING THE RUSTLER
 The ferry Steamer Rustler is receiving a coat of paint. Mr. William Copp has the contract.

FOR PETAWAWA
 The 4th Regiment, F. C. E. Island, with their band passed through Newcastle Saturday. The regiment was on its way to Petawawa for annual drill.

TO PAY IN FULL
 The representative of the Thomson Insurance Co. wishes us to state that all Campbellton fire-claims will be paid in full as soon as cheques can be written out.

MARRIED
 On June 29th, Bathurst, at the residence of the father of the bride, by Rev. A. D. McCully, Albert Edward Ellis, of Janelville, to Mariel, daughter of Joseph Gammoh.

NOTICE
 All parties owing L. B. McMurdoo must arrange payment at once, otherwise settle with a lawyer as books must be cleared.
 L. B. McMURDOO.

CAMPBELLTON TO BE REBUILT
 Every merchant with whom the writer conversed was making arrangements to continue. Financial assistance will make it possible to house the poor before winter sets in and by that time many business houses will be established. It is confidently expected that in three years Campbellton will be a larger and better town.

CHURCH PARADE
 The Chatham True Blue L. O. L. No. 90 attended worship on Sunday evening in St. Andrew's Presbyterian church. Representatives of the two Newcastle lodges as well as members of Loggville and Tabusintac lodges attended. The Newcastle Orange Band headed the procession. Rev. A. A. Ridout, Frederickton, Grand Master of the Grand Orange Lodge of New Brunswick delivered an appropriate sermon for the occasion.

Enjoyable Concert Held Last Night Local Talent Gave Splendid Entertainment at Opera BENEFIT CAMPBELLTON

A very enjoyable concert was given in the Opera House Monday evening in aid of the fund which is being raised by our citizens for the relief of the fire-stricken people of Campbellton. The program appears below. There was a large audience present and each number was encored, those who responded to the recall being Mrs. Nicholson, Miss Hickson, Mrs. Tufts, and Mr. Munro. The performers had only two days in which to prepare, and deserve great credit for the excellence of the entertainment. The thanks of the citizens are due to Manager Russell of the opera house for his generosity in placing the hall, piano, lights, and pictures as well as his artists, at the disposal of the committee, free of charge. We are pleased to record that Mrs. Nicholson, Mrs. Tufts and Miss Hickson was each the recipient of a beautiful bouquet. We are also glad to know that the concert was a success financially as well as artistically. The amount cleared is in the vicinity of \$125.00 which will materially swell the relief fund.

The program follows:—

FATHER MURDOCK PICNIC

Father Murdock's big annual picnic will be held this year at Millerton on the spacious grounds of Mr. John Vanderbeek on Wednesday July 27th. The picnic will no doubt be the event of the season. All kinds of sports will be indulged in. A sumptuous dinner will be served on the grounds. Good music will be furnished for dancing. Excursion rates have been arranged on all boats and trains. The picnic will be in aid of the R. C. church, Millerton and the grounds are near the church. Remember the date Wednesday, July 27th. See ad. in this issue for particulars.

BOARD \$4 TO \$6 A DAY
 A boarding house has been established on the steamer Senlac and the rates range from \$4 to \$5 a day, or from \$28 to \$35 a week. Up to yesterday supplies have been furnished this steamer by the relief stations, but now she will be placed on the no-supply list. In spite of these figures there are several people boarding on the steamer, as they have no place else to go.

FATALLY INJURED
 Mr. Howard Delano was fatally injured at Sinclair's mill this (Wednesday) morning.
 Cornhill N. B., March 9th, 1910. Messrs. G. Gates, Son & Co., Middleton, N. B.
 Gentlemen:—This is to say that in 1904 I was very sick with Heart trouble and Headache, due to change of life, my life seemed to me really not worth living, had a doctor in attendance, but kept falling away until I reached 125 lbs. I was advised to use your LIFE OF MAN BITTERS and SYRUP, which I did and can truly say they are wonderful. After I had taken the first two or three bottles I felt much better than usual, but as the directions said this was sometimes the result I continued their use, and soon began to see marked improvement in strength, so that I was able to work and gained 20 lbs. in flesh. I thank you for placing these remedies within my reach, and heartily recommend their use to ladies at this time of life, and advise the continuance of them as I know it sometimes takes a few dozen bottles, but the cost is small compared with physicians charges.
 I am sending you this, that you may make it known and thus benefit some one who may be suffering as I was.
 With heart felt thanks, I am
 Yours very truly,
 MRS. JOHN FOLEY.

CAMPBELLTON FIRE
 Campbellton, N. B., July 17—It seems barely possible, almost incredible, that only last Sunday night thousands of people, happy and contented, inhabitants of the busy, thriving town of Campbellton were comfortably seated in pretty, cosy, little churches, while tonight only about 500 of the populace remain to gaze reminiscently upon a pile of ashes, all that remains in the path of the fire of the following evening.
 Tonight there was no church and the good people, who were present at the worship of their God last Sunday are now widely scattered in various sections of the country. Some of them have even gone as far as the western coast of the continent, while others have, but crossed the home river, but at all events it would be impossible to assemble tonight, even one-fifth of the congregations of a week ago.

GREEN SWARD AS CHURCH SKY FOR RQOF
 The handful of fire sufferers still remaining in the desolate forsaken town, however, did not forget their faith today, but in the open air gathered in fairly large numbers to worship the God of all. Service was held both by the Catholics and Protestants, the former on the site of their Church of Our Lady of the Snows, and the latter in the school grounds.

CAR OF LIQUOR SEIZED
 The militia were given no rest to-day, but were kept busy in protecting the interests of the fire victims. Some of them watched a car of liquor consigned to a man named McIntyre, which they seized and placed in custody. It is useless to try to sell the stuff in Campbellton, openly, as all licenses have been cancelled by Premier Hazen at the request of Mayor Murray.

MANY CONTRIBUTIONS

Already contributions or offers of aid, financial and otherwise, have been received from the following: Dalhousie, Bathurst, Chatham, Newcastle, Moncton, St. Stephen, Woodstock, Fredericton, St. John, Halifax, Quebec, New Richmond, Que., Toronto Star, Restigouche Salmon Club, Toronto News, Boston Evening Post, Matamaguc Club and the local government.

There is no lack of provisions, and from early morning till late at night, men, women and children may be seen in large numbers getting a "handout" at one or other of the four relief stations.

SEIZED WHISKEY

The military police last night were posted in sentry fashion about the smouldering ruins, and did very good work. They performed one act to which credit will be attached, when Capt. McKenzie, of Campbellton, and two of his men went to a spot in the woods about half a mile from town and seized thirty-two cases of whiskey from Henry Cormier...

MUCH THIEVING

Many cases of thieving are reported to have taken place since Monday night, the blame for which is largely attached to seamen and backwoodsmen.

GOVERNOR AND PREMIER WILL VISIT CAMPBELLTON MONDAY

Will Advise With Town Authorities and Will Later Call a Special Session of the Provincial Legislature if it is Deemed Necessary

Fredericton, July 14 — This morning arrangements were made for Lieutenant Governor Tweedie and Premier Hazen to visit Campbellton on Monday next where they will consult Mayor Murray and other officials at Campbellton. It may be that special legislation will be needed immediately to enable the town to go ahead with its part of the work of rebuilding, and the Lieutenant Governor and Premier both feel that it would be well for them to advise with the authorities at Campbellton. The town of Campbellton has a

debt of about \$300,000, and its future is a matter of much consideration. That the town, under ordinary conditions, will be rebuilt and without delay seems certain, as from a commercial and industrial standpoint it was one of the busiest centres in Eastern Canada, and its citizens have been an industrious lot of people. If it is deemed necessary a special meeting of the Legislature will be called after Lieutenant Governor Tweedie and Premier Hazen visit Campbellton and personally look into the situation.

A MIGHTY DRAFT.

The Great Drink That Saved the Town of Rothenburg.

Whitsuntide of each year witnesses in the historic town of Rothenburg, on the Tauber, the acting of a drama which recalls a deliverance in the Thirty Years' war, when the vicar of Gustavus Adolphus had endangered the Catholic league.

Tilly came to besiege Rothenburg, which was in league with the Swedes. The town was at that time wealthy and well fortified, standing upon steep cliffs above the Tauber and having massive tower crowned walls. Against this town came Tilly with great guns that soon put fortune on his side. The defenders of the place, however, contested every inch of ground. Not until the powder tower exploded, through a grenade of the enemy, did the Swedish garrison and citizens reluctantly hang out the white flag after a fight of thirty hours.

Tilly would hear nothing of terms of capitulation. The Swedes might withdraw, but unconditional surrender was demanded of the town.

When he had taken possession of the beautiful Rathaus he sent for the vicar, with Burgomaster Besold at their head, and announced their condemnation to death for their obstinate resistance and their disobedience to the imperial commanders.

In vain did the women and children crowd into the market place, throwing themselves at the feet of the victors and begging for mercy. Tilly had already summoned the executioner when some of the wives succeeded in penetrating into the council hall.

The conqueror at last allowed himself to be softened, but he coupled his clemency with a clause that apparently made it of no avail. The senators should be spared if one of their number could empty at a draft the great loving cup of Tauber wine presented to the victor.

Hopeless as the case seemed, the condition was fulfilled by ex-Burgomaster Nusch, who thus saved his own life and the lives of his colleagues.

The cup, which is of glass and holds about three quarts, is to this day in the possession of one of the lineal descendants of the mighty drinker.

Duty of Christian Nations.

The work of bearding the white man's burden has too often taken the form of filling the white man's pocket. Is it any wonder that the behavior of men who are nominally Christians, Christians in profession if not practice, has checked the spread of Christianity? The missionary comes preaching a gospel of justice and love and peace. But when the natives see how men behave who profess the religion which the missionary preaches the preaching loses their value. An African chief is said to have described the process of the contact of civilized men with his people in these words, "First missionary, then trader, then army." It is not much to say that the lives of men nominally Christians have been the greatest of all hindrances to the spread of the gospel.

What, then, is our duty as citizens of Christian nations who desire to see the light of the gospel illumine the world?

The force of public opinion ought to support Governments in keeping a strict watch upon all those who try to exploit the native, either by getting hold of his land or by trading with him. It ought to insist on the absolute prohibition of the sale of drink to natives.

It ought to secure full justice for the native when he brings complaints against those who try to injure him by force or fraud. It ought to punish severely those who abuse the power of a superior race and, above all, those who demoralize it by the sale of liquor or who, as sometimes happens, behave ill to native women. It ought to be our aim to compel those who go forth from among us into non-Christian races to set a better example of conduct worthy of civilized men than many have done. The time in which we live is a critical time, not only critical for ourselves, but critical for the relations of the advanced to the semi-civilized peoples. — By James Bryce, British Ambassador.

At Entrance to Straight of Belle-Isle—Crew Not in Danger

Halifax, July 15 — The Canadian Government steamer Gulnare of the Hydraulic Survey is ashore on the Labrador coast, near the entrance to the Straits of Bell Isle. The steamer has been ashore for three days. The government steamer Earl Grey will leave Picton tomorrow morning to go to her assistance. The Gulnare is commanded by Captain Knowlton, formerly of the Canadian Government cruiser Canada and has been at work since May on the present survey. The crew are not in danger but whether it will be possible to get the steamer off remains to be seen.

F. C. BEZANSON FALLS TO DEATH

Crossing Cape Smoky His Auto Skidded and Plunged over Cliff

Sydney, July 16—About twelve o'clock last night the sad news came that Mr. F. C. Bezanon was instantly killed in an automobile accident while crossing Cape Smoky. On Thursday morning Mr. Bezanon left on a tour throughout Northern Victoria, accompanied by Dr. Bruce and Messrs. S. Shaver and Walter Hall. They went on the Marion to Baddeck and thence proceeded by motor car. Particulars of the accident are as yet meagre. Mr. Harvey McLeod received the following message from Dr. Bruce:— Wreck Cove, North Shore, July 15. "Machine skidded and dropped forty feet rounding Smoky. Poor Frank killed instantly—chest crushed in. Hall, Shaver and self only slightly bruised. Please undertake to break the news to Frank's people and assure our families that we are uninjured. Will you send special boat for us. Reply." The S. S. Douglas H. Thomas was forthwith secured for the purpose and proceeded north about 1.30 o'clock this morning. Mr. Bezanon has been the head of a large jewellery establishment in Sydney for the last ten years. His sterling character, progressive spirit and cheerful disposition won for him a multitude of friends who will be shocked to hear of his sudden call in the very prime of life. The gentlemen who were with him must have had a wonderful escape from sharing his sad fate. "Mr. Bezanon was a native of Moncton; where his father resides."

CAMPBELLTON FIRE LOSS

The Lonsbury Company, in which local people are interested, lost about \$2,300 by the Campbellton fire. Their stock was valued at \$6,000 and insured for \$4,000, and nothing was saved. They will erect a temporary building for warehouse and homes for their employees at once.
