## HAPPY HOUR

Wed. Matinee  
and Night

Mary Pickford  
in  
"Daddy Long Legs"

## Jean Webster's Famous Play "DADDY LONG LEGS"

The Story of an Orphan

The great T. Resler is Miss Pickford's first Production from her own studios. The story alone cost \$40,000.

We must increase our prices for this great picture.

**MATINEE AT 4 O'CLOCK**  
Children 5c. . . . . Adults 15c  
**NIGHT 10c and 20c**

It cost us three times the price of an ordinary feature, but you'll agree it is worth it.

**SPECIAL NOTICE:** Mary Pickford offers this first production from her own studios, of which her mother is Business Manager, as an example of the quality of Photoplay her friends may expect from her in the future. She paid \$40,000 for the story alone. She is not controlled by any producing company and is responsible to the public only for the class of entertainments she provides. The distribution of her first three photoplays will be handled by The First National Exhibitor's Circuit, Inc., a Nation-wide organization of theatre owners devoted to the encouragement of better pictures.

Ladies and Children are urged to attend matinee to avoid night crowd.

### "Daddy Long Legs"

"Daddy Long Legs," the motion picture production of the great story by Jean Webster, in which Mary Pickford will be seen at the Happy Hour Wednesday is an attraction which will have universal appeal, for it is filled with children, and their doing. Moreover the children are not those we see every day, with fathers and mothers to care for and protect them, but little children who are the charges of an asylum which is sadly mismanaged.

Miss Pickford has the role of Judy Abbott, a twelve-year old girl, full of life and fun, who dodges the cruel punishments of the superintendent of the Veb Grier Orphanage, to run off and help the little ones who are faring ill on the miserable diet and poor care they receive.

Child Parts Cleverly Enacted  
More than a score of orphaned children, some of them the most clever child actors who have ever been seen on the screen, aid Miss Pickford in this earlier part of the picture, which shows scenes in the big orphan asylum. Clad in striped

cheap cloth, fed upon prunes and thin soup, forced to work at hard tasks, and above all lacking the kindness and love which should be given children, these babies grip the hearts of everyone who sees the picture.

Miss Pickford is assisted by a number of children among whom is the funniest and most freckle-faced lad ever seen in a picture. How he and Mary provoke and carry through "prune strike" is one of the episodes of the picture in which humor and pathos have a constant struggle for the upper hand.

Best of all Fly Killers 10c per Packet at all Druggists, Grocers and General Stores

### A Good Suggestion

The suggestion has been made that the balance of the money made on the day of the Returned Soldier's Reception, be used to purchase a Public Playground for the town, such playground to be a memorial in honor of our dead soldiers. At present we have no such place, where a Ball game or other sports can be held, and the suggestion is well worthy of consideration by the committee in charge of the above fund.

Nearly every enterprising town has some such place and the grounds could be put in a condition which would be a great credit to our town, as well as fill a much needed want, and at the same time be a fitting memorial to our dead soldiers.

**ST. ANDREW'S CHURCH**  
Owing to some repairs which are being made to St. Andrew's Church, worship for the next few Sundays will be held in the Sunday School Hall. Notice of the re opening of the church will be duly made.

## Waterfront Workers Hold Meeting in Opera House

A meeting of the Miramichi waterfront union was held last Thursday evening in the Opera House. On account of the unavoidable absence of the President of the U. A. W. the Vice-president filled the chair. The main speaker of the evening was Mr. Joseph P. Manderson. The speaker addressed a crowded house for about an hour, dealing on the benefits of union of the laboring men. Mr. Manderson compared the efforts of the working men to the difficulties of the allies during the first four years of the war, as to that of union of working men, and the victories of the last five months. Mr. Manderson having been overseas has had the opportunity of personally speaking to Mr. Smillie, one of the leaders of the labor movement in England, and based a great many of his statements on what he learned through his conversations with Mr. Smillie. In continuing the speaker said that the Miramichi was a hundred years behind the times; the chief reason for this is that the labor men have never had a union. While on furlough, the speaker visited the coal fields of Wales where he got in touch with many of the old miners, who were replacing younger men who had gone to the front. They brought to mind many striking instances of hardships in the earlier days, when the miners worked in shifts of twelve hours, and many boys were employed at the age of ten. Referring to present conditions, union is unavoidable in this district in order to keep up to the times, but in organizing our union, we must watch for hindrances which are bound to crop up. We have two enemies in our ranks, namely, the lazy man and the pessimist; these men tend to lessen the public opinion, and are in every way a hindrance to the union; another man we must avoid is the man whose main object is to make trouble and finally break up the union, if possible. We are gradually finding out the great strength of unity. When the allies

united, victory was certain and they were soon over the Rhine. Now, if we unite we will be able to assume our rights much easier. In this union we have an amalgamation of millmen and longshoremen, but neither should interfere with the others work, unless it is unavoidable. The speaker said prohibition is the cause of waking men up and proved it by the example of Russia, whose people were willing to stand for the oppression of the Czar, while they were allowed to drink their vodka (whiskey) but when he declared that the country should be sober, as a war measure, the people being in their sober mind, awoke to the sense of their condition, and overthrew the tyrannical government. The same thing is happening here, only in a milder way. On account of prohibition being in force here, the laboring men, have had time to do some sober thinking and the result is we have formed a union and will now demand our rights, and the speaker advised them to keep sober for six months longer, and by that time they would be drawing wages large enough to enable them to buy a good drink. We should have pulp mills and factories erected on this river to keep our young men home. We have had the Lt. Governor, Premier, Minister of Public Works and Speaker of the House on our river, and what have they ever done for us? Our only friends now are our union brother men. The speaker advised the men to go into the union is a business war, not to do any rough work, which will only tend to get public opinion against us, and to look out for trouble makers. At the close of the speech the following members were appointed to act on the executive: Newcastle, W. A. McMaster and Wm Simmonds; Nelson, Francis Gorman and Leo King. Fifty new members signed on during the evening making a total membership for Newcastle and vicinity of 900 strong.

## Barn and Contents Destroyed by Fire

At 12 o'clock Tuesday night, fire broke out in Mr. Louis Grossman's barn, which adjoins his property on Mitchell St. For a time it looked as if the fire would destroy the other properties in close proximity, but the splendid work of the Fire Department, soon had the conflagration under control. Mess. A. D. Farrah & Co's brick building caught fire around the eaves, and the fire worked itself into the interior. Considerable damage was done to Mess. A. D. Farrah's & Co's building, and also to the stock by smoke and water. Mr. Grossman's barn contained 2 horses, 4 ton of hay, 200 bushels of oats, 4 lights, waggons, and harness, which was all destroyed. An effort was made to get the horses out, but it was impossible to do so. The origin of the fire is unknown, and Mr. Grossman has suffered a heavy loss. It is reported that \$1000.00 insurance was carried.

### ANOTHER STEAMER IN

Another large steamer has docked at Mr. John Maloney's Mill Wharf and is taking on a cargo of lumber.

### POST OFFICE BEING PAINTED

The Post Office is being cleaned and painted inside and will, when completed, be a decided improvement.

### REMOVING WELCOME ARCH

The welcome arch at the Post Office, which was erected for the returned soldier's Reception, is being taken down this week.

### DEATH OF CHILD.

Friends of Mr. and Mrs. Chas. Delano will sympathize with them in the death of their infant daughter Eleanor, Ellioise, aged 4 months, which occurred Thursday Sept. 4th. The funeral took place from her parents residence, Saturday Sept 6th at 3 o'clock. Rev. Mr. Bertram conducted services at the house and grave. Interment in St. James Cemetery.

## Reception Committee Held Meeting On Friday Night

The adjourned committee meeting of the Returned Soldiers Reception was held in the Police Magistrate's Office in the Town Hall, last Friday evening at 8 o'clock.

Chairman Geo. Stables presided and others present were:

His Worship Mayor D. P. Doyle, Police Magistrate J. R. Lawlor, R. C. Clarke, G. G. Stothart, A. H. Cole, Wm. Stables, Thos. M. Maltby, Chas. J. Morrissy, and D. A. Jackson.

The Sec'y, Mr. Jackson read the financial statement as far as it had been prepared, showing a credit balance of \$1150.54, with some accounts payable still outstanding.

The financial success of the reception was most gratifying and somewhere in the vicinity of \$1600.00 is expected to be cleared.

It was suggested by Mr. R. C. Clark that the amount left on hand,

be allowed to remain in the Bank as a nucleus for a memorial in honor of our soldiers who laid down their lives in France, the matter to be finally dealt with at a future meeting. The other members present were heartily in accord with the above suggestion and the disposal of the amount will be determined at a later date.

Mr. Chas. Morrissy stated that Mr. J. R. Lawlor was to be congratulated on the efficient manner in which the dinner to the soldiers had been conducted, and considering the large amount of meals that were served, only one plate had been broken, which proved how well the dinner had been arranged and carried out. Some criticism was made concerning the charges, of some of the persons who acted as special constables on the day of the reception and the meeting.

The Prince Inspecting Cavalry at Rideau Hall, Ottawa.

### Former Sheriff Indorses Tanlac

"MONEY COULDN'T BUY THE GOOD IT DID ME" SAYS HON. A. R. ANDERSON

"Money could not buy the good Tanlac has done me, and I gladly recommend it for what it has done in my case," said Hon. Archie R. Anderson, of Houston, Texas Ex-Sheriff of Harris County, recently.

Mr. Anderson is unquestionably, not only one of the best known, but one of the most popular men who ever held public office in the state of Texas. After serving as Deputy Sheriff of Harris County for twelve years, Mr. Anderson was elected Chief of Police of the city of Houston. He had occupied this office only a short time when the Sheriff of Harris County died. Mr. Anderson's friends persuaded him to make the race for the unexpired term of Sheriff to which he was easily elected. He was honored with re-election seven different times and served the people in this important office for fifteen consecutive years. Then Mr. Anderson declined re-election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of that interesting and prosperous city.

"I was in a run-down condition," continued Mr. Anderson, "and had no appetite at all. I could hardly sleep at night and never felt like getting up in the mornings. I was so tired. I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food. I had to take my coffee without sugar, as when I drank it with sugar, I would just belch for hours. I would bloat and swell up like I was poisoned and suffered with neuralgic pains of the worst sort, and nothing seemed to help me only in a temporary way. I just can't tell you how I did suffer for the past four years and up to the time I began taking Tanlac, a few weeks ago.

"When I read the testimonials of some who had been relieved of troubles like mine I just felt like I couldn't make a mistake by taking Tanlac and it has done even more for me than I had expected. I began to feel better after taking my first bottle and have just now started on my third and I'm a different man already. I sleep like a log now and eat just any and everything I want without the slightest discomfort afterwards. I am glad to endorse Tanlac because it does the work and I'm telling all

### The Prince Invests In War-Saving Stamps

Not the least amongst the many gracious acts performed by the Prince of Wales during his brief stay in Ottawa was to invest in a complete certificate of War-Saving Stamps. His Royal Highness was delighted to find that in Canada, War Savings Stamps are on sale similar to those that are so popular in England. It was his intention to call at the Post Office and make his purchase of the stamps in the regular manner, during his stroll around Ottawa Incognito, but pressure of other engagements prevented this being done. The Stamps were therefore sent to him at Government House and the sale, duly made, in cash, by the Secretary of the National War Savings Committee. The Prince was quite willing that his investment should be made known and kindly sent the following letter, with permission to publish it, to Sir Herbert B. Ames, Chairman of the National War Savings Committee, Government House, Ottawa, 1st September, 1919.

Dear Sir Herbert, I am pleased to be the holder of a "Canadian War Savings Certificate." I am delighted to find that in Canada you have War Saving Stamps on sale, similar to those we have in England.

I wish the War Savings campaign every success. I remain, Yours sincerely, (Signed) Edward P.

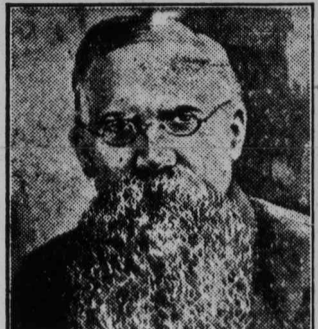

Catarrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drug Stores. F. J. CHENEY & CO., Toledo, O., Glats, 75c.

my friends just what I'm telling you. I never felt better in my life than I do since taking Tanlac. I am willing for you to publish my statement and let every suffering person who may wish, benefit by my experience with this great medicine." Tanlac is sold by E. J. Morris, Newcastle, N. B. (Advt.)

### A CRIPPLE FOR THREE YEARS

Helpless in Bed With Rheumatism Until He Took "FRUIT-A-TIVES"

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont. "For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.

Finally, I decided to try 'Fruit-a-tives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place".

ALEXANDER MUNRO. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

### Sugar Prices Fixed By New Order

Montreal, Sep. 3.—The Board of Commerce yesterday issued its order concerning the sugar inquiry. The order, in addition to providing shipments by the refiners in combination of 2,000 tons of sugar for the purpose of Western Fruit Growers, dealt with its recently promulgated embargo upon the export of sugar. It further provided for fair prices for sugar, which prices are made applicable to the refiners, wholesalers and retailers. The embargo has been modified so as to permit the export of sugar which was the subject of a bona fide binding contract for sale to persons abroad, heretofore made, provided that no such shipments shall be made which will prevent any refiner from manufacturing and supplying for domestic consumption the amount of raw sugar previously allocated to that factory for that purpose.

The board further orders that hereafter and until the board shall, if necessary as the result of changed conditions, otherwise order any price on sales for consumption in Canada, shall be deemed an unfair price which exceeds a price arrived at on the following basis:

1. Refiners—All sales by refiners may bear a net profit not greater than two fifths of one cent per pound, it being estimated that such profit will ensure from sales at net over eleven cents per pound which sale price will include a commission of not more than five per cent., payable by the refiners to wholesalers, or other distributing to the retailers and other trade.

2. The wholesalers—All sales by wholesalers may produce not more than five per cent. commission mentioned. This five per cent. commission will be paid to the wholesalers by the refiners, and will be included in the refiners' list price. The refiners' list price will be that at which the wholesalers will sell to the retailer.

3. Retailers—All sales by retailers by a profit not greater than the last listed retail price of the refiners which produces the sugar, plus the actual freight paid or payable, and plus one cent per pound as the refiners' net only profit.

If the export market is ultimately forbidden to the companies they may apply to the board for reconsideration of domestic prices.

In brief the result of this fixation of prices or rather of profits, by the board, is that the utmost profit that can be made by the refiners is two fifths of a cent per pound, but, because, according to refinery practice, sales are frequently made below actual cost of production (this being the result of market conditions affecting the raw product), out of this two fifths of a cent per pound, the refiners will have to pay their losses during non profitable periods. The wholesalers' profit is limited to five per cent. The utmost profit that a retailer may make is one cent per pound. It is conceived that in actual practice, it will be only occasionally that the various profits mentioned will be made in full.

HELPS BY THE WAY To prevent your white dresses from turning yellow when put away for the winter wrap them in blue paper. If you prefer to use white cloth dip it first in strong bluing water and it will serve the same.

### DOG FED TRAPPED FRIEND

Massachusetts Farm Agent Tells Remarkable and Touching Story of Canine Affection.

In the Telegram, Worcester, Mass., John E. Dearth, field agent of Worcester county farm bureau, tells this story of the intelligence, sympathy, affection and clever understanding on the part of a dog, which came under his observation in a recent visit to Princeton:

A Princeton man who is fond of horses and dogs owns a finely bred hunting dog and he missed it for several days. He made inquiries all around, but no one had seen anything of the animal, and after a week the owner gave it up as lost. One of the farm hands was rambling through a chopped off wood lot a few days later and came upon the dog, caught in a steel trap set for a skunk. Both fore paws were held in the jaws of the trap and the dog could not escape.

But in spite of its terrible predicament it was not emaciated, and although in pain had not gnawed its forelegs as most animals will do when they are in the torture of a steel trap. Strangest of all, scattered all around were bones and scraps of meat. Several hen bones and beef bones, with shreds of meat still clinging, were under the captive's nose, and it was chewing a bone when the farmer discovered its plight.

The trapped dog was carried home in the arms of the man who found it, and then, a little later, the owner went to the trap to see who or what brought those bones and scraps of dog food to the suffering captive. While he stood silently regarding the little heap of bones and scraps, another dog from his own kennels came through the brush with its jaws filled with chicken bones, meat trimmings and other cleanings from the kitchen garbage pail. The dog dropped its load close to the trap and sniffed around as if it were worried.

Calling the dog after him, the owner went back to where the injured dog was licking its wounds. When the other dog saw the rescued animal it barked, capered around, wagged its tail most off, and then lent its own moist tongue to the healing process on its friend's sorely bruised paws.

### Empires That Have Fallen.

Six empires that have disappeared within the memory of living men, remarks a writer in the Brooklyn Eagle. Nearly 800,000,000 people, close to one-half the world's population, have been released from the shackles of imperialism since 1871. History has no parallel for such changes. In the retrospect of history 50 years are but a flash in the march of the ages and yet since 1871 the doctrine of republicanism has been embraced by half the world. Not all the preceding 2,000 years of mankind's march toward liberty records such progress. Six empires have laid down crown and scepter since Theodore Roosevelt became the exponent of the strenuous life. Three have died, one was murdered, the other two are in exile, while of the three still living, only one, the boy emperor of China, is still enjoying the luxuries that sweeten life for those in high places. It was Napoleon III who led this debacle of imperialism. Dom Pedro of Brazil was next and the last of the Manchu dynasty followed. The crash of the three remaining European empires, Russia, Austria-Hungary and Germany, resulted from the war for democracy. When it comes to mere kings, memory cannot recall them all, for they have tumbled everywhere from Hawaii to Portugal, from Saxony to Bulgaria.

### Record Apple Profit Seen.

The apple growers in four northwestern states will receive \$21,000,000 for their 1918 apple crop, according to reports from those states. This is considerably the largest sum they have ever received for their apples and is not due to the large crop, as the 1918 crop was not a record crop. The larger returns from the Northwestern orchards the last year is due mainly to the exceptionally high prices that have been and are being received.

A fair estimate on the 1918 production in Washington, Oregon, Idaho and Montana puts the apple crop at 18,500 cars. A car of apples this year means 156 boxes, as against 630 in former years. This gives a total production of approximately 13,980,000 boxes.—Rural Life.

### World's Wheat Consumption.

Per capita consumption of wheat for all purposes during the ten years, 1902-1911, averaged 8.80 bushels per year in France, 8.20 bushels in Belgium, 6.31 bushels in the United States, 6.21 bushels in Italy, 6.17 bushels in the United Kingdom, 4.00 bushels in Austria-Hungary, 4.29 bushels in the Netherlands, 3.38 bushels in Germany (rye consumption being high), 0.85 bushel in British India, and 0.52 bushel in Japan, rice consumption being high in the last two countries.

### The Better Kind.

"Don't you think pilot gunboats when they go to sea in a fog ought to take signal guns?" "I should think they could thread their way better with needle guns."

### Tightwad.

"Why don't you ever call me up?" "Since they put in metered service I'm not so liberal with my conversation as I used to be."

### American Wheat Fields.

The wheat field of the United States in 1918 was four-fifths the size of the kingdom of Austria and more than eight times the size of Belgium.

### Your Very First Baking

with Beaver Flour, will show you the difference between this perfect blended wheat flour—and the usual western spring wheat flours.

The light, flaky Pie Crusts, Cookies and Doughnuts—the delicious, "homey" nutlike flavor of the Bread and Rolls—will be doubly welcome after the tough, almost tasteless bread made with western spring wheat flour.

### BEAVER FLOUR MILLED OF BLENDED WHEAT

Is the choicest Ontario fall wheat, strengthened with western spring wheat; and is equally good for bread and pastry. Order a trial barrel today.

DEALERS—write us for prices on Feed Course Grains and Cereals. 207 THE T. H. TAYLOR CO. LIMITED, CHATHAM, Ont.

"You'll like the Flavor" KING COLE TEA. Makes a Friend of Every User. Perfectly packed in bright lead foil, and price marked on every package.

### Just a Word with You

When buying a New RANGE there are certain things you have in mind that you feel are necessary, for example, it must be a good taker, it must have all the modern conveniences for saving fuel, saving useless work, trouble and expense, in short you want a thoroughly modern, complete and reliable RANGE, a pride to you and all the household.

Now thirty years of Range selling experience should make you absolutely safe in selecting one of our line. Remember all are exactly as represented and our guarantee goes with every one.

We carry a line of New Perfection Cook Oil Stoves and a very complete line of Refrigerators which will be in season directly.

Webster on "Morale" MORALE (Mo-ral) n. (F. See Moral, at the moral condition, or the condition in other respects, in far as it is affected by, or dependent upon, moral considerations, such as duty, spirit, hope and confidence; mental state, as of a body of men, an army, and like. HAT is Dr. Webster's definition. Many of us know the word only in its war-time application. Webster dwells first upon the usage of the word "morale" as applied to the common-place happenings of every-day life. His allusion to its reference to an army comes later. And Webster is correct—meticulously so. It was their private-life morale that made such splendid soldiers of our boys when the time came for them to do the khaki. It was that, and that alone, that made them take the first step, and it was that which carried them through to victory. If their every-day morale had been neglected, the Army could have done little with them and success would not have crowned their efforts. It is the many little incidents of your daily routine that make up your morale—the morning shave, your clean linen, polished shoes, brushed clothes. Webster speaks of zeal, spirit, hope and confidence. It is by attention to the small details of your personal appearance that these may be attained. The Gillette Safety Razor enters as much into the morale of every-day life as it did into that of the trenches. It helped our soldiers to maintain their confidence and bearing. It will do the same for you. The Gillette Safety Razor makes the daily shave come easy—there is no pulling or scraping—no honing, or stropping—just five minutes of perfect shaving comfort. And, afterwards, a chin that tells of morale and self-respect. Sold at most stores catering to men's needs. MADE IN CANADA. Gillette KNOWS THE WORLD OVER. 540 The Gillette Safety Razor Co. of Canada, Limited, Montreal, Que.

**MARVEN'S WHITE LILY BISCUITS**

Are popular because they are pleasing to the palate.

They are the standard by which other biscuits are judged.

**GENUINE ASPIRIN HAS "BAYER CROSS"**

Tablets without "Bayer Cross" are not Aspirin at all

Get genuine "Bayer Tablets of Aspirin" in a "Bayer" package, plainly marked with the safety "Bayer Cross".

Genuine "Bayer Tablets of Aspirin" are now made in Canada by a Canadian Company. No German interest whatever, all rights being purchased from the United States Government.

During the war, acid imitations were sold as Aspirin in pill boxes and various other containers. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, proved safe by millions for headache, neuralgia, colds, rheumatism, lumbago, neuritis, and for pain generally.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monocetate of Salicylic Acid.

**SUNNY CORNER**

Sunny Corner, Sept 1—Misses L. Stewart L. Matchett and V. J. Nolan have gone to St. Stephen for the winter.

Misses Greta McTavish, Whitney-

ville, is spending a few days with relatives at the Corner.

Miss Roberta Johnston spent the 1st (Labor Day) in Blackville.

Misses K. Dunnet and Zaida Johnston are the guests of Miss Rose Tozer this week.

Pte Samuel Mullin who has been in a military hospital in St. John for the past month arrived home Saturday accompanied by his English bride, they will reside at the former home for the present.

Mrs. Walter M. Matchett has gone to St. John to join her husband for a few days visit. Driver Matchett recently returned from Blackford and has accepted a position at the above mentioned city.

Mrs. Martin Fox, Bartibogue, was the guest of her sister Mrs. W. J. Murphy last week.

Deepest sympathy is extended to Mr. and Mrs. John Harris, Newcastle in the loss of their daughter, Margaret had many friends up here who loved her dearly.

Mrs. Edward Menzies, daughter Edna and Miss Jardine spent Thursday and Friday at the Corner.

Mrs. Percy Gremley, Newcastle was the guest of her mother, Mrs. Charles Mullin last week.

Mrs. Frederick McAllister and Mr. Albert McAllister were visitors in Newcastle Tuesday.

**HER OFFICIAL POSITION.**

"If I had a wife she would be my treasure," sighed the old bachelor.

"Well, that's better than having a wife who is your treasurer," signed the married man.

**Grading Up The Farm Flock**

In 1910 and 1911 a flock of Western range ewes was established on the Brandon Experimental Farm to be used as foundation stock in a grading up experiment. They were the usual type of range ewe, small and mean looking, showing a great mixture of breeding but with McInno blood showing up rather strongly throughout. These ewes were bred to a good purebred Oxford Down ram. When their lambs came to breeding age, another ram of the same breed was used and this line of breeding kept up consistently. The flock was increased about 50% in numbers at first, then bred at a uniform number each year. Each fall the least desirable of the ewes were culled out and the remainder kept for breeding. In the fall of 1916 the last of the original ewes were disposed of, and in the fall of 1917 all first cross ewes that showed in their appearance any sign of their mongrel origin were disposed of. Consequently the breeding flock in 1918 consisted of a lot of Oxford Down grades of uniform size and shape, all with dark brown faces and wool of uniform type. This complete change in the appearance of the flock was accomplished in this short time simply by using each year a pure-bred sire. In this time the average size of the sheep was increased nearly 50% and the average wool clip about 30%. The first cross of Oxford on the range blood produced a sheep of decidedly Oxford character with an increase in size, but they were not uniform in appearance and many showed signs of the dam's breeding or lack of breeding. The second cross was a great improvement over the first, and the third cross resulted in a sheep that was practically indistinguishable from a pure-bred.

While the Oxford Down breed was used in this experiment, it is not the purpose of this article to recommend that breed above others. The range ewes were conspicuously lacking in size, and the Oxford was chosen particularly to increase the size. Other breeds that might have been used for that purpose are the Hampshire or the Suffolk of the Down breeds or the Leicester, Cotswold or Lincoln of the long wools. Or, if breeding up is to attain more compact form with earlier maturity, the South down or Shropshire might be used.

The results obtained in this experiment have been duplicated by many practical sheep raisers throughout the West. There is no reason why many others should not attain similar successes, changing their present nondescript mongrel flocks to fine, uniform, handsome flocks closely resembling pure-breds of the breed they choose to use stress from and reject the culls. This, with good general care, and feeling; will very quickly accomplish the desired result.

**LEMONS MAKE SKIN WHITE, SOFT, CLEAR**

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

**Motion Pictures Of Matapedia Valley**

While on the C. N. R. special train from Halifax to Quebec recently, carrying newspaper men and moving picture operators, who were following the Prince of Wales on his tour, some of the motion picture men secured views of the Matapedia Valley. They mounted the deck of the locomotive tender at Campbellton and operated their cameras while the train sped through the Morrissey Rock Tunnel and across the Restigouche Bridge. At a point beyond Matapedia station the train was stopped and several group pictures were filmed.

These pictures will be shown in connection with the new Films of the Prince's tour.

**Builds And Binds A Nation**

Truly national in character is the exhibit of the Canadian National Railways in the Railway Building at the Canadian National Exhibition, Toronto. The ensemble is most striking, and the electric lighting of the dome, combined with most artistic draperies, lends a spacious character to the whole exhibit, while the arrangement of the display in general permits of freedom of movement to view the various exhibits in detail.

The frieze decorations show typical landscape views of the nine Provinces, with the coat of arms of each the connecting link bearing the highly significant reminder that this is an exhibit of "a line that builds and binds a nation."

Three sides of the octagonal building are occupied by a huge topographical map of the Dominion, on which are shown in brilliant illumination the names of the principal points reached by the Canadian National Railways, "the great steel strand that threads the land" being indicated by broad bands of red.

No better or more comprehensive plan could have been adopted to demonstrate that 14,000 miles of railway are now under Canadian National management, and that the Canadian Northern, the Intercolonial and Transcontinental railways have been amalgamated into one vast system. To further demonstrate the fact that the system traverses every Province of the Dominion and reaches every Provincial capital, the observatory by an ingenious arrangement of flashing lights, is taken in fancy rigat across the continent: from Halifax to Vancouver and Victoria, stopping momentarily at the principal points enroute and then brought back again. The map should prove of much educational value in telling just what the Canadian National Railways are and the territory they reach.

**Beautiful Transparencies**

A rustic centrepiece and several rustic lanterns contain a me really beautiful photographic transparencies which do not fail to call attention to Canada's innumerable scenic gems, while the hunter's log cabin with its sporting trophies is also utilized for the projection of dissolving views and moving pictures of scenic and sporting and industrial life.

Forestry, pulp and paper, minerals, Indian trophies and agricultural features complete an exhibit on which there has evidently been much careful preparation and considerable fore thought. Nor has the royal visit been forgotten, for on top of the pyramid devoted to a beautiful display of British Columbia fruit stands the Prince of Wales' crest, the three feathers worked in grain with the motto "Inch Dien" Altogether it is an exhibit which every visitor should see if he would learn of Canada's national system of transportation.

**Canadian Egg Laying Contests Popular**

The Egg Laying Contests throughout the Dominion are attracting considerable interest. Already the entries are being rapidly filled by birds from all classes of poultry breeders. The fancier and the commercial man are being represented as are also the backyard and the farmer, the old breeder and the amateur. Canadians are not going to have it all their own way either for both the United States and England are going to be represented.

The Dominion Experimental Farm is conducting no less than seven contests this year reaching from Prince Edward Island on the East to Alberta on the West. At Ottawa will be held the "Canadian" open to the world. Other contests will be conducted at six of the Branch Farms throughout the Dominion. The farms selected are Charlottetown, P. E. I., Nappan, N. S. Cape Rouge; Que; Brandon Man; Indian Head; Sask; and Lethbridge, Alta.

All contests start November first and continue for 52 weeks. Application must be made to Dominion Poultry Husbandman, Experimental Farm, Ottawa. The time of receiving applications has been extended to October 15th.

**PILES**

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required.

Dr. Chase's Ointment will relieve you at once and so certainly cure you. See a list of dealers, or Edman, Stone & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 25 cents to pay postage.

**NO MORE LEAKS**

Leaky tubs and pails are an exasperation and a nuisance. Abolish them! Free your household from this annoyance.

**EDDY'S INDURATED FIBREWARE WASHTUBS AND PAILS**

cannot leak, because they are made in one piece, without joint or seam. They are tough and impervious to liquids, yet so light and resilient that they never become battered or dented. They keep the water hot a long time, because they do not conduct heat as metal does, yet they are easy to lift and easy to carry. They cost less than metal, too, and last longer for they are less liable to accidents, and rust will not attack them.

Only a GOOD White Lead can hold World Supremacy for 200 Years

TWO hundred years ago—when the sign-painter was an artist of every high standing—the best white lead for any kind of painting was Brandram's Genuine B.B. White Lead. Today, the most fastidious painters still choose this world-famous white lead for their most particular work.

**Brandram's Genuine B.B. White Lead**

The reason is not far to see. Most white leads are produced by one process of corrosion—such as the so-called "Old-Dutch" process, "Chamber" process, or some more or less mechanical process. But Brandram's Genuine B.B. White Lead is a combination of different processes. Thus, particles of different shapes and sizes are merged so as to form a product of wonderful smoothness, capacity and covering power.

Measured in terms of cost per hundred pounds, Brandram's Genuine B.B. White Lead is the most expensive lead on the Canadian market. But, considered from the standpoint of covering capacity and length of service, it easily outclasses all other white leads, and proves the most economical in the end.

**MR. KING NOMINATED.**

Mr. MacKenzie King, the rejected of Glengarry, has accepted nomination for Prince. P. E. Island, in the coming by-election, in which constituency he hopes to succeed Captain Joseph Read, deceased. Mr. King will probably win his election because strong men in Prince Edward Island are of the opinion that there is a dearth of candidates at the present time and that the Conservative party over there, through the weakness of the late Arsenault government, has lost prestige. It is not yet definitely stated whether Mr. King will be opposed, but in the event of a contest taking place Conservatives will have difficulty in securing a man of sufficient prominence to win against the newly-appointed Liberal leader. The only name so far suggested is that of ex-Premier Arsenault, and he, although possessed of many excellent qualities, would prove a very poor candidate. It was largely to Mr. Arsenault's personal politics that his government met with disaster in the recent elections. He himself went down to defeat in his own district and could not reasonably anticipate success in the federal contest against a man enjoying the prestige of Liberal leadership.

**NATIONHOOD AND RESPONSIBILITY**

There are indications that the Federal Opposition will oppose the ratification of the Peace Treaty on two grounds; that ratification by Great Britain is sufficient to bind Canada, and that Article 10 of the Covenant of Nations would entangle us in future wars.

The men who have cried "Autonomy, Autonomy!" for a generation, the men who have protested against Empire centralization, are doubtful now of the new status of Canada as a completely autonomous State under the flag. They shiver at the responsibilities of nationhood.

The war and the insistent policy of Sir Robert Borden have brought this Dominion into political equality with Great Britain. For the first time Canadian names are appended to a Treaty of Peace. The aspiration of the autonomists of other days are more than realized. Yet they are timid and long once more for the flesh-pots of colonialism.

The central idea of the League of Nations is that associated pressure on a recalcitrant nation will compel it to be decent and honorable in its international relations. The politician who hesitates to endorse such League must necessarily prefer the old system of go as you please, out of which came the greatest and most terrible war of all history.

There must be commitments in international relations. The United States will find it out. Canadian public men who imitate the piffling protests of certain Republican Senators across the border are not worthy of public confidence.

**HUN SLAVE DRIVE**

**How Kaiser's Minions Deported Belgian Peasants.**

**Unfortunate People Herded Along Highways Like Cattle—Dapper Lieutenant Found Much That Was Amusing in Spectacle.**

John Lowrey Simpson gives a vivid little pen-picture of a German deportation of civilian Belgians in Century:

"So we slackened pace, rolled by the outlying dwellings, and with a scuffling of brakes slewed around the corner into Waelhem—Waelhem, wrecked in a battle. Up and down the long street, gaunt husks of houses leered grotesquely. Perhaps the vacant stare of houses ruined in a battle is distinguishable from the vacant stare of houses ruined out of a battle. I do not know. With the passing of time those more intimate variations of detail from horror to horror weather into the general scheme. Waelhem covered pale under the chill of the morning.

"A little horde of country folk crammed the roadway and shouldered even against the two rows of white houses. On the doorsteps women stood clutching their children, the white tip-toeing to catch a glimpse of what passed ahead. A few stodgy soldiers with fixed bayonets rounded back the crowd into a semicircle; the people on each hand clung to the sides of the buildings as by their nails, and held their ground more obstinately than in the center. Crowds always cling desperately to the sides of buildings. Ahead marched—if the word is not too proud a one—a procession. There are a dozen men, perhaps, laden with bundles and packs, clad in the loose, shaggy stuffs of Belgian peasantry. The inevitable colored mufflers straggled over their shoulders. Their caps were drawn tight, as though to deny the cold. Lugubrious defense, palms to no avail; for the cold crept into their mouths, and one could perceive their breaths frozen and dead. The scattering of soldiers trudged beside them, gazing sullenly first at their bayonets, then at the file of prisoners. In the van rode two officers. Their horses clattered and fidgeted, as though to imply that mount, like master, was bored by these people and their troubles—foolish troubles, follies of peasants.

"As the company advanced, a person stood regarding it. He was not attired in rough blouse and sabots. He wore a long gray coat with a fur collar; his feet were compressed in narrow black boots. Steel spurs twinkled at his heels. A jaunty round cap perched on the back of his head, a scant trifle to one side. His mustache was cropped till it might have been molded there on his face. Under his eyes drooped dark, heavy bags. He sported a morsel of braid on each shoulder, and the tip end of a scabbard peeked from under his huge coat. The men lumbered by, and the women pressed closer toward him. He smiled. He was a German lieutenant."

**Joy in Homely Happenings.**  
Curiously enough, as one reads letters and reports that come to one personally, one finds that the interest of our boys in France is centered on the quaint and homely happenings of everyday living. The big certainties—life, death, immortality, God—they joyously take for granted, with their strange, new insight into things spiritual, their presence of reality; but perhaps for the first time they are realizing every-day joys, know what quiet means, and rest and needed sleep; are aware of the holiness of clean clothing, the exquisite flavor of coarse food, the divine loveliness of dawn, and noontime and night.

And so, having found out about Life, they know all there is for us to know about Death. Instead of losing its strange distinction, death for them has taken on a new splendor, as have the common things of life.

**Many Uses for Gunpowder.**  
Black powder has been made and used for centuries, and up until a few years ago was the only kind of powder made. While it has been replaced for many uses by high explosives, it is still in great demand. More of it was used in the United States in the year 1917 than in any previous year, as nothing has been found to equal it for the economical mining of coal, blasting of slate, blasting of stone, where it is desirable to get out large unbroken pieces, or in earth blasting, where it is desired to move a mass of earth bodily, and where there can be no danger of igniting dust, gas or fire damp.

**Much Honey Goes to Waste.**  
Whole shiploads of honey have been sent to Europe, and more is wanted. Few people realize that 250,000,000 pounds of honey are produced in the United States alone each year. Yet the department of agriculture says that the output ought to be much greater, and that millions of dollars' worth of sweets annually are going to waste in the fields for lack of bees to gather the nectar. When the consumer pays twice as much for a comb of honey as he did a few years ago he feels disposed to buy a stand of bees himself.

**You May Be Skeptical**

**About What Dr. Chase's Nerve Food Will Do for You, But Here is the Evidence.**

When the blood gets thin and watery, when the nerves become weak and exhausted, when your vitality is run down and you feel weak and tired it is because nourishment is lacking.

You may be eating as usual but your digestive system fails to obtain from the food you eat the elements from which new blood and nerve force is created.

Because Dr. Chase's Nerve Food supplies this element to the blood and nerves it is the most successful of restoratives.

While personal experience with a medical treatment is the only absolute proof that it will benefit you, still we are all similarly constituted and what will help one will help another under similar conditions.

This is why it is so interesting to read the experience of other people, and many will find in this letter their own conditions described.

Mrs. Thomas Williamson, Picton, Ont., writes: "For the last twenty years I have had trouble with my nerves. I suffered from sleeplessness, and, of course, my system was often in a run-down condition from nervousness. At different times when I would have severe attacks, I was under the doctor's care, but this only gave me temporary relief. Twice I was to a sanitarium in Toronto, where I secured some relief at the time. This past summer I suffered from another nervous breakdown, and it was then that I commenced using Dr. Chase's Nerve Food. I took a treatment of this medicine and can now get up in the morning and do my work, which was something I could not do previously, because I used to get strangely confused. My appetite is good, and I can sleep well, too. Generally speaking, I am so much better that I am proud of my improvement. I cannot speak too highly of the splendid results I have secured through the use of Dr. Chase's Nerve Food."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes \$2.75, at all dealers, or Edman-son, Bates & Co., Limited, Toronto.

**MAIL CONTRACT**

When hanging pictures always hang them with the face to the wall first then even up the wire and turn them without unhooking them. This leaves the wire twisted on the hook, and the jarring of the house will have no effect on them.

**SOCIAL AND PERSONAL**

John Fallon has returned from a trip to Grand Anse.

George A. Murray is spending a few weeks in Tabusintac.

Mr. and Mrs. James Park of Sussex are visiting friends in town.

Miss Elizabeth Parker arrived home on Tuesday night from New York.

Miss Beesie Creighton, of Chatham was a guest last week of Mrs. E. A. McLean.

Hon. P. J. Veniot, Minister of Public Works for the province was in town last Friday.

Rev. L. H. MacLean returned last Friday from a month's visit to Cape Breton and Nova Scotia.

Mrs. John Bandreau, of Lawrence (Mass), has arrived on a visit to her cousin, Mrs. W. A. Craig.

Miss Cammie Armstrong returned to her home last Sunday from New York to spend her vacation.

Miss K. I. B. McLean of Chatham spent the week end in town the guest of her sister Mrs. Peter Dunn.

Mr. Fred Petrie of the Boston and Maine Railway, Lowell, Mass. is visiting his brother Mr. Arthur Petrie.

Miss Margaret Dunnett has returned from a visit to Amherst, where she was the guest of Mrs. I. P. Jonah.

William H. Fogan has returned home from Chatham after spending his holiday with his sister Mrs. George Wilks.

Mrs. Clifford Sullivan and Master Jack has returned to their home in Roxbury Mass. after spending the past month with relatives here.

Rev. W. J. Bate and Mrs. Bate, Miss M. Bate and Rodgers Bate, went to Charlottetown Tuesday to attend the Bate-Warburton wedding.

Miss Clara Robinson, who has been spending several weeks with her grandmother, Mrs. John Robinson, sr., at The Pines, returned to her home in St. John last week.

Everett Whitney of Sioux City (Iowa), who has been visiting his mother Mrs. Lydia Whitney, and brother, Hiram, of Whitneyville, left for home on Tuesday morning.

Miss Edna Benson and Marjorie Lincoln, who have been spending the past two months in Concord, N. H. with their aunt, Mrs. W. H. Moulding, returned home Monday.

Mr. and Mrs. George Edward Fisher of Chatham, announce the engagement of their daughter Alice Chipman to Dr. Henry Odland of Minneapolis. Wedding to take place early in October.

Mr. and Mrs. Lorne Dawson, daughters, Annie and Josephine, Master Fred Cluston and Ralphie O'Donnell, motored to Dawson Settlement, Albert Co. on Saturday. Mrs. Dawson and daughters will remain for a couple of weeks, while the rest of the party returned on Monday.

The speed limit is likely to be exceeded when the musical farce "His Bridal Night" comes to the Opera House Newcastle, on Tuesday night, Sept. 16th.

Produced last year it served to crowd the theatres of the principal cities where it played and public and critics pronounced it a brilliant package of fun, done up in gay colors. Probably the most attractive part of the story is its youthfulness, as it concerns the love affairs of two very young ladies, twin sisters, whom none can tell apart. One of the twins is married in the first act, quarrels with her husband and convinces herself that she prefers her sister's sweetheart. The other girl upon discovering her with the young man, determines to teach her a lesson and without thinking of the embarrassing possibilities that might ensue, impersonates the bride and begins the wedding journey with the bridegroom. The bride becomes repentant and then enraged upon discovering that she has been left out of her own honeymoon, and follows them with the

Harry Cassidy left Sunday for Quebec to visit friends.

Mr. E. A. McCurdy, motored through to Fredericton this week.

Miss Florence Kervin, of St. John is the guest of Mrs. E. J. Morris.

Miss McGrath of Burlington (Vt.) is the guest of her brother, Dr. F. C. and Miss McGrath.

Miss Agatha Forsyth, of Whitneyville, went to Blackville on Tuesday, to spend a few weeks.

Mrs. J. E. T. Landon and son, Clive, have returned from a month's trip to friends in Boston.

Mr. and Mrs. O. N. Brown and little son returned to their home in New Glasgow, N. S. yesterday.

Misses Beatrice and Mabel Butler, of Emporium, Penn., are guests of their aunt, Mrs. T. W. Butler.

Miss Ethel Underhill, of Blackville spent a few days of last week with her aunt, Mrs. James Fisher.

Miss Mildred Dinan has returned to Chatham, where she will resume her studies at St. Michael's College.

Miss McGivney, of Covered Bridge, who has been visiting Mr. and Mrs. Howard Cassidy, returned home last week.

Master George McArthur, who has been the guest of Mrs. John McCormick, left for his home in Quebec city on Tuesday.

Omar Goodfellow of South Esk, left on Saturday for Duluth (Minn.) where he had lived previous to enlisting for overseas service.

Miss Edith Clarke, who has been spending her vacation with her parents, Mr. and Mrs. T. A. Clarke, has returned to Montreal.

Miss Nellie McEachern, who has been spending her vacation at her home here, returned last week to Moncton.

Mr. and Mrs. James Legere, who have been the guests of Mrs. C. Gormerly, left on Tuesday for their home at Sisson's Ridge, Victoria county.

Mrs. Thomas Cassidy and two children, Miss Mildred and Master George have returned home from Campbellton, where they have been visiting Mrs. Margaret Witherell, of New York, who has been spending a few weeks in town with her niece, Mrs. Bessie Gough, left for home Friday.

Miss Veda A. I. Calhoun, who was spending the summer with her grandmother, Mrs. Annie Cluston has returned to her home in Newton Highlands.

Mrs. Mary Richardson of Bangor, Maine, who has been visiting her former home at Matapedia is in town visiting Mr. E. A. McCurdy and family.

Mr. M. Norman Sutherland of Redbank left for Halifax on Tuesday to attend the Maritime College of Pharmacy in affiliation with Dalhousie University.

Miss Emma M. LaRocque, R. N.,

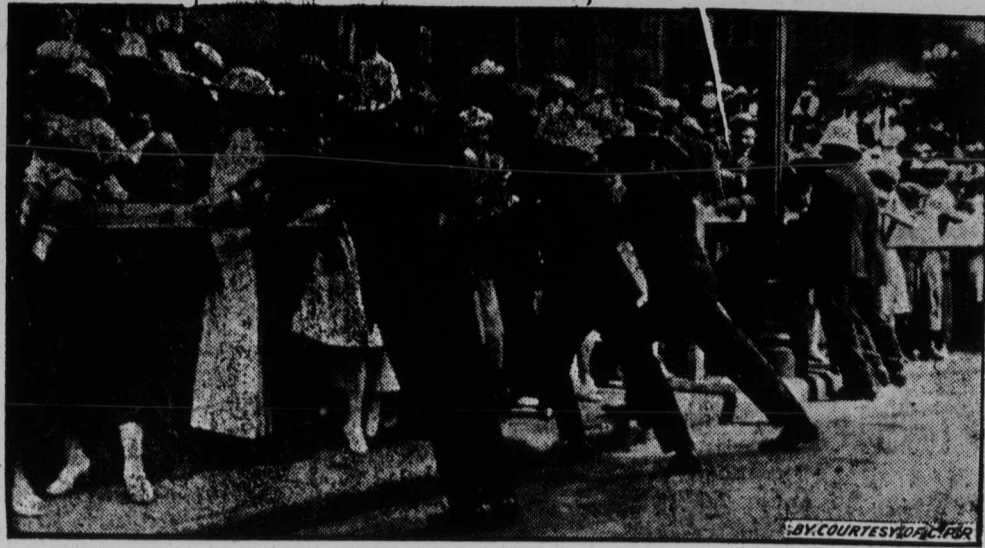

other young man. When they arrive at the cottage in Tuxedo, the husband is still at a loss to tell which is the bride and the young man can not tell which is his sweetheart when both ate together. The girls being angry with each other and also with the young men refuse to set matters right and the humorous complications are many.

The story sounds risqué but it never outsteps the bounds, the humor of the situations being used with splendid restraint by that expert farceur, Margaret Mayo, whose "Twin Beds" met with merited success. Robert Knight will portray the role of the distracted husband. The Crisp Sisters; twins in real life, are the twins of the play. Bertha Julian will play the chaperoning aunt who loses her charges; Charles Bennet is the mystified lover and Frank Cullen will be seen as the butler.

Seats on Sale at Dickson & Troy's Drug Store Tomorrow—Prices \$1.50 1.00—75cents.

SCENE FROM "HIS BRIDAL NIGHT"

The Prince's Visit to Montreal—Keeping the crowd back at Windsor Station.

who has been spending the summer holidays with her parents, Mr. and Mrs. George LaRoque, of Chatham Head, has returned to New York.

**KEPT BUSY DODGING SHELLS**

Negro Soldier Tells Amusing Story of His Game of Leap Frog "All Over France."

The inferno of hot work in the line evoked the religious fervor of negro troops, which never is far from the surface, and this aspect of the fighting still occupies a prominent place in the recollection of wounded negro soldiers returning to this country.

"When Fritz spotted us hell bus' wide open an' tu'n all dem onregenret fellers into ragin' prayeh meetin'," said a sergeant. "Den we onlimbesh en smite ol' Satan wid de swo'd o' Gideon; dem Fritziez, dey jes' skeddadie ev'ry wich ways."

Private Charles Walker of the Five Hundred and Seventieth infantry, a "ragin' prayeh meetin'" of one, was cited for his devotion to duty in carrying messages under fire when all the other runners of his outfit had been killed or wounded.

"I jes' kep' a-prayin' an' a-runnin' an' a-dodgin'," he said, "an' the Lord sure kep' step wid me, but I don't see how he done it. I jes' natchully played hide an' seek, en leep frog wid shells all over France, I reckon."

"But w'en de biggest of all come a-whoppin' along I wuz right out in de open an' no shell hole nigh. Honest to goodness, hit wuz ez big ez me an' a dern sight mo' sure wheah hit wuz gwine. I hop like a rabbit an' fall'y cuddle de yeth—reckon I landed quicker'n dat ol' shell did."

"I jes' lay theah a-talkin' to Jesus hard ez I could en a-watchin' dat ol' shell all de time. I seen her fall'y humpin' hebbelf outen de groun' er-swel'in' to bus'. But thank de good Lord, she quit er-humpin' an' er-swel'in' and I crep' off fo' she made up 'er mind w'at she gwine to do nex'."

**SENTIMENT IN THE TRENCHES**

Soldier's Reason for Not Shooting Hare Was a Decided Reflection on the Hun.

This tale comes from a soldier who was one of the first Yanks to reach the front:

A big, burly, good-humored chap was with me on outpost duty and we were lying listening in a wood where there were several clumps of underbrush in our neighborhood. We were thinking of another move forward when we spied a large French hare running straight toward us. He was coming as directly as possible away from the enemy lines.

Although there was no attack from either side in progress at that moment, the desultory rattle of some machine gun and the occasional crack of a rifle rendered it safe to try a shot at any object without fear of discovery.

"Hit him or I will," said I. "Don't shoot," was the answer, "the poor beggar thinks he has a better chance for life coming over to us than he has going in the Hun's direction."

That bit of sentiment knocked me cold and I could not stir the trigger. The hare disappeared in the underbrush and I felt convinced that his sympathies were with us. It would have been a different story had it been the spiked cap of a Boche we had sighted.

**Automobiles in Canada.**

In 1914 the number of automobiles in Canada was 67,415, increasing to 180,320 in 1917. It is estimated that the number of cars in use at the close of the present year will be approximately 250,000. With an estimated population of 8,000,000 this gives a proportion of one car for every thirty-two inhabitants, as against one for every 118 inhabitants four years ago. Statistics have been compiled showing the occupations of car owners throughout the country, and from this it is apparent that about 90 per cent of all the cars in use are owned by persons whose occupations are such that the automobile in their hands is a utility enabling them to do more and better work. Nearly one-half of the cars in use are the property of farmers.

## WILSON'S FLY PADS

Kill them all, and the germs too. 10c a packet at Druggists, Grocers and General Stores.

### LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!  
A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.  
Freezone is the sensational discovery of a Cincinnati genius. It is wonderful!

Road Tax Blank Forms

Poor and County Tax for sale at

Advocate Office.

## Weekly Agricultural Report

Grain harvesting is becoming quite general in many sections of the province. The crop varies greatly throughout the province. In sections of Carleton, where drought injured the crops to quite an extent, the crop is inclined to be light. Taking the province as a whole, the grain crop will be up to a fair average. It is somewhat thin on the ground but is well headed and well filled. Some northern counties report extra good crops of grain.

Reports of late blight on potatoes are beginning to come in from the potato inspectors. This has been much later than usual in showing up and the potatoes are nearer maturity. The cloudy weather, with little sunshine, seems to have favored the development of the disease. Just how far the blight will develop on the later varieties can not be estimated at present.

Cobblers are being put on the market now, the average price received by the growers being around \$3.00 per barrel.

Under Livestock Reports, there is little change from last week. The northern counties report farmers being offered \$5.00 each for lambs, but few sales being made. Lambs are in good condition generally and growing well. Pastures are getting shorter all the time. Recent rains will freshen them up somewhat. Cows are reported to be in good demand, with prices remaining high. Beef cattle are slightly lower in price, due to the larger number coming on the market.

### Heavy Passenger Travel On C.N.R. Lines

Passenger travel is remarkably heavy on all sections of Canadian National Railway Lines, and particularly so in the Eastern section where trains between St. John, Halifax, Sydney and Montreal, are every

**ROYAL YEAST CAKES**

day filled to capacity. The popularity of the Maritime Express and Ocean Limited is amply demonstrated by many applications for sleeping car reservations on these well equipped through trains.

Requests for space are so numerous that extra cars are being carried and often trains run in two sections. With the rush of travel from troop steamers arriving at Halifax and Quebec this means considerable of a strain on the railway for equipment.

Passenger business which has been very brisk all summer is likely to continue lively through the fall.

## Forger Works Moncton Business Men

Moncton, N. B. Sept. 3.—Using the name of the Geo. A. Fuller Co., contractors for the T. Eaton building in this city, a young man, whose identity is at present unknown, victimized at least three Moncton merchants last night to the extent of \$210 by a rather clever piece of forgery. Last evening an unknown man visited the stores of Mess. Fairweather, G. J. Spencer, druggist, and Nathan Schlegel's furnishing, purchasing goods in the three places to the amount of about seventy dollars, presenting in payment at each place a cheque for seventy dollars, purporting to be drawn by the Geo. A. Fuller Co. in favor of Harold C. McDonald. The young man presenting the cheques received the goods and about \$140 in cash in change. When the cheques were presented at the Bank of Montreal, this morning, they were declared to be forgeries. The forgeries have the Geo. A. Fuller stamp, and had the name of the paymaster, Geo. A. Foster, attached. The Fuller Co. declare no such man as Harold C. McDonald was in their employ. The police, with the meagre description given by the victims, have little hope of tracing the culprit.

## McK-Ing Nominated for Prince P.E.I.

Summerside, P. E. I. Sept. 4.—At the Liberal convention here to-day Hon. W. L. MacKenzie King was unanimously nominated as candidate for the Prince by-election. His nomination was moved by Dr. John F. McNeill, Summerside, seconded by F. J. Boute, Tignish, and supported by A. E. McLean, Benjamin Gallant and A. C. Saunders, the three local representatives, who all waved their claims. Mr. King's name was the only one before the convention. Mr. J. H. Bell, the new provincial premier, accepted the nomination for Mr. King.

**Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.**

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life." —Mrs. FRANK HENSON, 1316 S. Orchard St., Urbana, Ill.

**Sugar to be Fixed  
At 12-12 Cents**

2 Montreal, Sept. 3.—The Board of Commerce will probably fix a maximum price for sugar for both the wholesalers and retailer within the next day or two in order to mitigate the effects of the alarmist statements that were sent out from the wholesale grocers' convention recently, that sugar would go to eighteen or more cents a pound in the near future. It was learned here to-day.

The probability is that the maximum price for the wholesalers will be 11½ cents a pound and that the retailers will be allowed to charge one cent per pound more than the wholesale price, plus the freight charges as fixed by the standardized freight rate book issued every six months. The price which the wholesaler will pay will be the same as he pays the refiners, as he is allowed a five per cent discount on his order, and the general rule will be that the retailer is allowed double the amount of the discount allowed the wholesaler, to count as his profit and to pay for the cost of storing and parcelling the sugar out.

**Keep Children Well  
During Hot Weather**

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, dysentery, colic and stomach troubles are rife at this time and often a precious little life is lost after only a few hours illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevent stomach and bowel troubles, or if trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**To Investigate Profits**

Ottawa, Sept. 4.—The Board of Commerce is forthwith to investigate profits on necessities of life. According to a ruling of the board to-day the special object of the inquiry shall be to accumulate evidence for the purpose of ascertaining what (with allowance in each case for locality) shall be deemed to be fair profits and to fix a date after which the taking or profits in excess of a rate to be determined shall be deemed unfair under the Combines and Fair Prices Act.

The enquiry will embrace all matters which incidentally arise or which indicate the breach of any provision of the act or any other or antecedent laws, orders or regulations. The chief commissioner Judge Robson and Commissioner O'Connor are authorized individually to report to the board, each of the said commissioners sitting for said purposes at such time and place as he shall determine.

When hanging pictures always hang them with the face to the wall first then even up the wire and turn them without unhooking them. This leaves the wire twisted on the hook, and the jarring of the house will have no effect on them.

**Maritime Board  
Of Trade**

The 21st Annual Meeting of the Maritime Board of Trade will be held on Wednesday and Thursday, 17th and 18th inst., in the City Hall, Moncton, N. B., commencing at 9.30 a. m.

A number of the smaller Boards have failed to respond to the invitation to send delegates, and it is strongly urged that their members be called together and the matter properly placed before them. The fortunes of the three Provinces are so closely bound together that what affects one affects all—they sink or swim together. Their natural products, with the exception possibly of lumber, fish and apples, must find their principal market in the near-by towns and cities, and anything adversely affecting the prosperity of the latter must inevitably react on the farmer. The smaller Boards as directly representing the producer and shipper should therefore be fully represented at this meeting.

- The Subjects for Discussion are:—
1. Maritime Union:—
  2. Better Transportation Facilities
  3. Re-organization of the Military Forces of Canada:—
  4. Unit System of Management of Canadian National Railways, with headquarters for Eastern Unit in the Maritime Provinces:—
  5. Closer relations between Employer and Employee:—
  6. Development of National Ports on the Atlantic Coast:—
  7. Revision of Railway Freight Rates that discriminate against the Lower Provinces:—
  8. Development of Water Powers in the Maritime Provinces:—
  9. Inquiry as to proportion of work of Geological Survey of Canada in the Maritime Provinces compared with the other Provinces of the Dominion:—
  10. Transportation:—
  11. The advantage of a Uniform System of Weights, Measures and Money:—
  12. War Memorials:—
  13. The decreasing representation of the Maritime Provinces in the Dominion House of Commons.

## Local and General News.

### CARD OF THANKS

Mr. and Mrs. John Harris, wish to thank all their friends for kindness, shown them during their recent sad bereavement.

### WOMEN'S INSTITUTE MEETING

A meeting of the Women's Institute will be held at the home of Mrs. E. A. McMillan, on Tuesday Sept. 9th at 8 o'clock.

### FIREMAN HURT

While going to the fire on Tuesday night, the shafts of the Hose Reel broke, and Fireman Chas. Stothart who was riding on the wagon he came entangled in the hose which held him fast, and he was spun around the reel several times before it could be stopped. His face was embedded in the mud when picked up, and suffered much pain in one of his legs. He was conveyed to his home, but particulars of his injuries at this time of writing are unknown.

### ST. JAMES' CHURCH SERVICES

The pulpit of St. James' Presbyterian church was occupied Sunday morning by the Rev. Dr. Pringle of Toronto, moderator of the General Assembly and his discourse was attentively listened to by a large congregation. The pastor Rev. L. H. MacLean, who has returned from his vacation occupied the pulpit in the evening.

### BAND CONCERT

The Newcastle Concert Band begins tonight, a series of band concerts which they purpose giving until the cold weather sets in. The members are desirous of obtaining some new instruments and during the band concerts, a collection will be taken up by some of the young ladies of the town. This move on the part of the band is a good one, and it is hoped our citizens will give generously.

### IN THE AIR AGAIN!

"John Barron, manager of the Laidry Company, Moncton, is a son of deceased." The above is taken from the Chatham World of Saturday, Sept. 6th. The Editor of this paper is so adept in finding errors in others, it is but natural to conclude, that he makes none himself. However, such is not the case, as the above clearly proves. Our advice to the World is "that people who live in glass houses should not throw stones." Our item of last week, "publishing without knowledge of facts" evidently hurt the Commodore, but everyone knows, it is not a very difficult proposition to do that. Come again Commodore and we will go you one better.

**For your children's injuries nothing is equal to Zam-Buk—it ends pain so quickly! Children know this and when they have once had it applied will cry for it again.**  
Mrs. T. D. Ruston of the Children's Aid Society, Belleville, Ont., says: "We never use anything but Zam-Buk for our children's cuts, burns, bruises, etc. We have found it superior to all other remedies for ending pain and healing, and we have also found, by experience, that an injury treated with Zam-Buk never festers. With so many children in our Shelter, we really could not afford to be without Zam-Buk, not only for their injuries, but also for their sores and skin troubles."  
Mothers! Be sure to keep a box of Zam-Buk on the medicine shelf. It will save you much needless anxiety as well as expense. Zam-Buk does not deteriorate with keeping, but retains its strength and purity to the very last. For eczema, ringworm, boils, pimples, ulcers and piles, Zam-Buk is equally good. If you have not already tried this herbal balm, cut out this advertisement, write across it the name of this paper and send it with 1c. stamp (to pay return postage) to Zam-Buk Co., Dupont St., Toronto. We will then send you a free trial box. All dealers 50c. box.

### MEETING HELD

A meeting of the Directors of the Newcastle Steam Boat Co. Ltd. was held Tuesday afternoon.

### ATTENDING TO BUSINESS

The many friends of Police Magistrate J. R. Lawlor are pleased to see him again attending to business as usual, after his most unfortunate accident on the evening of the returned soldier's reception.

### ABOUT TIME

It is about time that we were hearing something from the Town Council about the proposed Water Power System which they were contemplating installing. The public would like to know their intentions.

### WEDDINGS

#### SNOWBALL—BRANKLEY

Chatham, N. B., Sept. 3.—Special—The prettiest house wedding held in Chatham for some time took place at high noon Wednesday at the home of Mr. and Mrs. J. W. Brankley when their eldest daughter, Edith Allison became the bride of Frederick Lawrence Snowball, son of Mr. and Mrs. W. B. Snowball, Chatham. The ceremony which was performed by the Rev. H. S. B. Strothard took place beneath a beautiful ever green and floral arch from the centre of which hung a bell of white flowers. The bride entered the drawing room on the arm of her father to the strains of Mendelssohn's wedding march which was played by Miss Alice Marven. The bride was unattended and wore her travelling suit of navy blue with hat of blue and gray and carried a beautiful bridal bouquet of pale yellow roses.

The whole house was artistically decorated for the event, the color scheme being pink, white and mauve. Immediately after the ceremony a delicious lunch was served. Mrs. L. J. Tweedie served the salads, Mrs. F. M. Tweedie poured and Mrs. W. H. Snowball cut the ices. The young ladies assisting were Misses Mona Snowball, Bertha Snowball, Flossie Heckbert, Jean Brankley, Greta Godfrey and Mollie Robinson. Soon after the happy young pair left on a motor trip through New Brunswick, Nova Scotia and Prince Edward Island and upon their return will reside in Chatham.

The bride and groom are two of Chatham's most popular young people and have many friends throughout the province and the array of costly wedding gifts testified to the high esteem in which they were held. The out of town guests were Mr. and Mrs. H. E. Rawlings, Montreal, Mr. and Mrs. G. Margetts and Mr. and Mrs. H. M. Dickson, St. John, Miss Mollie Robinson, D. Ritchie and Al'keu Ingraham, Newcastle.

#### BATE—WARBURTON

A wedding of much interest took place at Charlottetown, P. E. I., last Wednesday 3rd inst., when Miss Nora Frances Warburton, B. A., eldest daughter of A. B. Warburton, K. C., and Mrs. Warburton, was united in marriage to Rev. Alban Frederick Bate, M. A., curate of St. Ann's church, Fredericton, N. B., and son of Rev. W. J. Bate and Mrs. Bate, Newcastle, N. B.

The ceremony was performed at 2.30 o'clock in St. Paul's church by Rev. W. J. Bate, father of the groom, assisted by Rev. Henry D. Raymond, the rector of St. Paul's.

The bride, who was given away by her father, was gowned in white satin and georgette crepe embroidered with chenille and beads. She wore the bridal veil and orange blossoms and carried a shower bouquet of white roses.

The bridesmaids were Miss Constance Warburton and Miss Olga Warburton, sisters of the bride. The former wore turquoise blue georgette crepe and silver with blue hat, and the latter pink georgette crepe and satin with hat to match. Both carried bouquets of pink roses, and wore cameo and pearl brooches, the gifts of the groom.

The groomsmen were Captain Douglas Wiswell, of Halifax.

The wedding march was played by Professor S. N. Earle, organist of St. Paul's. The musical service included the singing by the choir of the wedding hymn, "The Voice That Breathed O'er Eden."

The church which was crowded during the impressive ceremony was beautifully decorated with sweet peas and golden glow.

After the ceremony a reception was held at "The Maples", the residence of the bride's parents, Longworth avenue. About a hundred invited guests were present.

The house was most attractively decorated for the occasion, the drawing room with golden glow, and chrysanthemums,

### JUST IN

A Car of Western Oats Call or phone for prices. E. E. BENSON et.

### INSPECTION BEING MADE

Inspectors of the Royal Bank of Canada, are engaged this week, in making an inspection of the local branch.

### RECKLESS DRIVING

Last Monday night about 10 o'clock two teams coming down Pleasant street at a rapid rate, evidently having a race with one another, ran into a team, occupied by a man and woman, which was going up the street and at the time was in front of Mr. Wm. E. Fish's office. The occupants of the team, which was going up the street, were thrown out of their wagon and two of the wagons were badly smashed. Fortunately no serious injuries were sustained, but their escape from such was miraculous.

There is altogether too much fast driving, both by teams and automobiles, done on our streets, and the authorities should see that a stop of some kind was made immediately, before some more serious accidents occur.

### BUILDING OPERATIONS

The surrounding districts are experiencing considerable building operations this year which speaks well for the prosperity of the country. Mr. Grant Forsythe of Strathadam is putting up a fine two story, cottage roof building to be used as a residence for himself and adds much to this already well settled district.

Mr. Edward Matchett of Lytleton has sold his house to his brother, and is now building himself a fine new home. A beautiful new home is being erected at Sunny Corner, and Mr. Ernest Mullen is building a new house in Nelson.

The Provincial Government have shipped material for the repairing of the Red Bank Bridge. This material will soon be all hauled to the bridge and the repairs which are much needed will be effected.

### Frequent Headaches

A Sure Sign That the Blood is Watery and Impure

People with thin blood are much more subject to headaches than full blooded persons, and the form of anemia that afflicts growing girls is almost always accompanied by head aches, together with disturbance of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich, red blood made by these pills will remove the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are undernourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear. There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

the dining room with pink and white sweet peas and the library with pink sweet peas and gladioli.

Refreshments were served during the afternoon, Mrs. R. R. Fitzgerald and Mrs. James E. Grant poured tea and a group of young lady friends of the bride assisted at the enjoyable function.

There were numerous wedding gifts from friends at home and abroad handsome and valuable remembrances in silver, cut glass, etc., and a number of substantial checks.

The bride a short time ago, was tendered miscellaneous showers from friends and the groom had also received gifts from several churches in New Brunswick, where he had been officiating prior to becoming curate of St. Ann's.

After the reception Mr. and Mrs. Bate left on a motor trip followed by the hearty felicitations of their many well wishers.

The bride is a most charming and cultured young lady and is a graduate of King's College, Windsor. Since her graduation she has been teaching at Edgemoor and in Belleville Ont.
