We will have a early winter, say the natives of St. Clair flats. The infallible sign of approaching cold weather is the present activity of the muskrats in building their homes. The muskrats, the Indians say, are fat and in heavy fur. This is supposed to be indisputable evidence that cold weather is near.

The Young People's Society of St. Andrew's church held a very successful social evening in the school room of the church on Friday evening last, when about forty members enjoyed a delightful program and banquet prepared under the direction of the social committee. During the evening the president, Mr. Claire Lambert and his bride were presented with a handsome silver flower basket. The address was read by Mr. D. J. Fast Races Featured the Fair

Good Attendance But Lack of Exhibits and Displays

East Lambton Fall Fair at Watford on Tuesday and Wednesday fell somewhat from the record made by the society in years gone by, when immense crowds of spectators numbered five thousand and exhibits and displays, merry-go-round, midway attractions and booths occupied all the grounds available.

This year two speed events featured the Fair and apart from a few exhibits in poultry, sheep, cattle, horses, vegetables, ladies work and flowers, there were really no attractions to occupy the attention of ladies and children, while the men folk witnessed the horse races.

In spite of the extremely cool weather, a crowd of well over 1,500 paid their admission at the gate.

A unique feature this year was the drawing contest, when teams of horses over and under 1,400 pounds endeavored to draw a box sleigh heavily loaded with stone.

Four teams were entered and were placed in one class, but first prize was won by a lightweight team owned by John Haysler, of Warwick township. Second prize was won by a heavier team owned by Ben Williamson, of Sutorville, while a team owned by William Moore of Sarnia township, came third. The fourth team refused to draw.

The annual Baby Show was held on the band stand and a number of fine, healthy youngsters exhibited, and the prizes were awarded as follows: 1. Mrs. Basil Williamson, 2. Mrs. Elizabeth Jones, 3. Mrs. W. H. Brown. A somewhat amusing feature of this event was the fact that the judges were also the official judges of the various classes of horses and seemed somewhat out of their element in judging babies.

A parade of school children from Watford public school, led by the Forest Excelsior Band, opened the afternoon's proceedings, and through out the afternoon band selections were given by the Forest Excelsior Band under the baton of Alfred Lapham.

The speed events were a worthy attraction for those who enjoy races and each of the two races ran into five heats before the winners could be declared and some exceptionally fast time resulted. Ray Gratton, owned by Fraser, of Forest, holder of the Canadian half-mile championship for three-year-olds, was beaten out of first money in the 2.15 class by Polly Peters, owned by Goodison of Sarnia, and great excitement was witnessed in every heat, the first two heats being run off under 2.15, the best time being 2.14.

The meeting was opened by singing a hymn "Once I thought I walked with Jesus", and all repeating the Lord's Prayer. The scripture lesson was read by Mrs. R. C. Robertson. The minutes of last meeting were read and adopted. The devotional leaflet was read by Mrs. F. A. Wynn. Mrs. J. E. Collier closed the meeting with prayer. E. L. Liberals Choose E. A. Shaughnessy

THREE-CORNER FIGHT MAKES FORECASTING DIFFICULT

While there was not a large attendance of delegates at the East Lambton Liberal Convention in Alvinston on Friday afternoon last, and while there were a few delegates who in their addresses discouraged the idea of running a candidate in the present campaign against the Conservative and Progressive forces, there were several ardent supporters of the old-time Liberal policy who looked upon the present situation as the vital crisis in which to have the Liberal banner unfurled.

Mr. I. Greenizen, president, was chairman of the meeting and the following officers were appointed: President, Durwood G. Sturgis, of Dresden; Vice-President, Malcolm McAlpine, Brooke; 2nd vice-president, A. E. Shaughnessy, Petrolia; Secretary, Robt. Clark, Alvinston.

There was some difference of opinion as to whether or not it would be well to support the Progressive nominee, Duncan White, of Forest, making a strong plea on behalf of those who did not favor putting in a candidate. He pointed out that a three-cornered fight would result in two candidates favoring low tariff opposing the Conservative high tariff candidate and he was afraid the vote would be split for the Conservative benefit. He also contended that feeling runs high in the northern section of the riding for two candidates only. Robt. Hair, reeve of Forest, supported Mr. White in his views and thought the Liberals had no possible chance of electing a man in the present campaign.

All thought of abandoning the fight fell away, however, after James Peat, an 83-year-old Liberal veteran of Petrolia, arose with all the ire of his Scottish fighting ancestors, and in a vigorous address, urged the Liberals of East Lambton to never kneel before any other party, but to fight every opportunity. Keep the association together, show your aggressiveness and never-say-die, thus you will hold the young voters now growing up who are drifting into the other parties. Giving his reasons why he could not support either Burt Fansher, the Progressive, who he accused of being there for his own benefit and not for the country at large, nor J. E. Armstrong, because he was an out-and-out high tariff preacher, and pointing out that the Liberals had elected John Fraser in 1896 ahead of the best Conservative man ever (the late Geo. Moncrieff) in a three-corner fight with J. E. Armstrong was a P.P.A., he insisted it could be done again this time.

He pointed out that over 9,000 voters in E. L. refused to exercise their franchise in the last election, there would be over 9,000 additional voters this time, these could elect any man they chose.

Mr. Peat's vigorous fighting speech aroused much enthusiasm and the decision to place a candidate in the field was made unanimous.

When nominations were called the following names were placed before the convention: I. Greenizen, Petrolia retiring president of the East Lambton Liberal association; Duncan McEachern and Dr. Axford, Alvinston; Wm. Annett, Brooke; W. G. Connolly, Watford; Duncan White and Hector A. Cowan, Forest; D. G. Sturgis, Dresden, and Arnold E. Shaughnessy, Petrolia. All withdrew with the exception of Mr. Shaughnessy and Mr. Sturgis, who was not present at the meeting and whose wishes in the matter could not be ascertained. The former at first asked time to consider the matter, but before the meeting closed gave assurance that he would allow his name to stand. His decision was received with great enthusiasm.

A World-wide System Of Financial Service

By telephone you can talk with your neighbour or with an individual thousands of miles away. By telegraph you can span the continent; by cable your message can girdle the earth.

In like manner you can use the service of the Bank of Montreal in little or large measure as the occasion demands.

You can transact business of a purely local nature or enter into financial dealings with people in any part of the world.

Like the telephone, telegraph or cable, our system of financial service is as extensive as are the needs of our customers.

WORLD EVENTS IN REVIEW

By G. A. MacBain

(Crowded out last week)

A good many surprises to date have featured the Canadian nominations and several candidates are renewing their old association with the political parties. The contest is apparently a fairly straight one between Liberals and Conservatives, as so far the Progressive party has not yet got its full force into the contest. Robert Forke, the Farmer leader, denies any compact with the Liberal party in the west and has made a statement of policy in which the party adheres strictly to affairs concerning the welfare of their own constituencies. Henri Bourassa, the French nationalist leader, is again a candidate for parliamentary honors as Liberal nominee for Labelle. The Independent Labor Party at Winnipeg has drawn up a manifesto to Labor candidates asking that they subscribe to a demand for capital levy as a means of wiping out the war debt. However, the main issues of the election seem to be those things which affect tariff, trade, immigration and transportation. Mr. Meighen hold an Amherst audience that within three months, if he is returned to office, he would put up the tariff on farm products as high as that of the United States. In Charlottetown, Premier King, has promised to introduce measures for the reform of the Senate and discussed reciprocity with the United States. Meantime election officers are being appointed.

Catastrophe Coming
Sir Arthur Conan Doyle assumes the new role of prophet since he has published a warning which he claims has come to him from the spirit world, of a catastrophe which is about to burst upon the world, and to occupy the next three years, as a chastening for the evils of mankind. These messages have been coming to him for some time, he says, and he has also been assured that the British people will suffer less in comparison than any of the other nations.

Lloyd George's New Drive
Lloyd George is staging a "come back" in the old land with an amazing proposal to obliterate the unemployment problem by a back-to-the-land movement. Addressing 30,000 agriculturists in Exeter, he pointed out that if British people took to farming in the same proportion as the Dutch not only would the unemployed be entirely absorbed in agriculture but there would be room for 700,000 more in the British Isles. He is advocating a sort of state ownership of land and would replace the landlord system by a new form of land tenure in which the cultivator would be assured security on the land in return for which the state would demand adequate cultivation.

Shapurji Saklatvala

Communist member of the British House of Commons and delegate to the Interparliamentary Union has been refused admission to the United States.

Communist is Banned
Saklatvala, the Communist Parsee, who is a member of the British Commons for Battersea, has had a chance to pose as a martyr because of the decision of Secretary of State Kellogg of the United States to refuse him admission to that country with the other members of the Interparliamentary Union which will meet in Washington. The comments upon the action of Mr. Kellogg in the United States, Canada and Great Britain have varied from caustic criticism to applause. Saklatvala dislikes the way in which the cancellation was made, and protests being regarded in the same light as a "common immigrant". For all his communism, Saklatvala does not want to be treated like the common people. At a meeting protesting against what has happened, Saklatvala said he had written to the United States, "promising, if I went, I would not preach anarchy, but would expose the conspiracy of the capitalist ruling class."

May Use Force in Mosul
Britain may have to resort to the use of her army and air force to secure a settlement of the Mosul question, unless Turkey immediately reassures the League of Nations that she will accept the decisions of that body regarding her claims to the Mosul area. So far Turkey has repudiated her former promises in this respect and has taken to expelling Christians of the disputed lands.

French War Debt
The French debt mission, by M. Caillaux, spent almost a month on an Atlantic voyage at work upon the details of the proposal they will submit to Washington regarding the settlement of their war debts. France owes three and a third billions dollars to the United States and as much to Great Britain. One thing is determined about, and that is she will not undertake to make payments in turn from her enemies. Washington is already dignant over the dilemma to be faced in the negotiations. Britain, in the settlement agreed to by the United States with France, has agreed to pay the \$4,600,000,000 debt of the United States with interest at three and a half per cent for the first sixty-two years. These terms Washington will demand except that they may allow a rate of interest to be increased as France recovers financial equilibrium. However, France insists upon the terms which she has offered. On the other hand, the French terms are a two per cent, and a half billion, for a term, and the wiping out of the debt at the end of the period. This is conditional upon making a book-keeping.

Elopement
The fact that boys and girls are allowed unrestricted association has tended to make run-away marriages less attractive. Clarendon marriages depend for motive power upon despotic fathers and ambitious mothers, and parents today have waived their arbitrary rights to a big extent. Great Britain, curiously enough, has just appointed an official, Sir Lewis Dibdin, who is to act as a benevolent arbitrator in the occasional case where parents unjustly refuse consent to the marriage of their sons and daughters. He is endowed with authority to override the decision of parent or guardian which is proved to be unfair.

Election in Australia
The communist element in the labor party in Australia has harassed the government to such an extent that Premier Bruce has decided to appeal to the country to discover whether the Commonwealth desires to be governed by its elected government or by the "red" minority which is working illicitly through the ranks of the Labor party. The voting will probably take place on October 14.

Power Scheme in B.C.
British Columbia is soon to begin the development of a huge hydro-electric project. The British Columbia Electric Railway Company plans to start work on Bridge River, 135 miles north of Vancouver. Thirty million dollars will be invested and eventually 700,000 horse power will be available.

A baseball pitcher gets as high as \$40,000 a year, and a preacher around \$2,000 to \$3,000. Perhaps it's the difference in delivery.

The "Nancy" Treasure
An interesting sequel to the discovery of the "Nancy" at Wasaga Beach this summer is the story of the great grandson of John Perry, the man who built the Nancy, that the ship's treasure is buried somewhere in the vicinity of the ship. William Henry Perry of Toronto owns a great many relics of the Nancy inherited from his great grandfather who brought it across the Atlantic in 1812 accompanied by his wife. He sold the ship to the government but remained with her and took a share in the burning of the vessel when destruction was the only means of keeping it out of the hands of the invaders from the United States. John Perry knew where the ship's treasure was buried, and believing it should be restored to the government and fearing the controversy which would follow revelations concerning its whereabouts, he continued to put off telling the secret until too late, for on his deathbed he attempted to do

so, and was unable. The Nancy was carrying money for the payment of the British troops. When the Nancy was sunk, the treasure chest was hidden, or buried somewhere nearby.

Wants Intensive Farming
The new Canadian Minister of Immigration and Colonization, Hon. George N. Gordon, has announced to the people of Peterboro his interest in a scheme to place British farmers, capable of intensive farming, on the vacant lands of Ontario. In Peterboro county alone, he maintains there are seven hundred tracts available. Land classification has been going on for some years in Canada and the results are just now being made available to the public in the form of maps and reports. Twenty-six million acres of land have already been investigated by the federal agents in an effort to make known to intending settlers the possibilities of various agricultural districts in Canada.

Building for Canadian Women
A national building where Cana-
dian women may meet for con-
vention purposes is about to be erected
in Ottawa. A very fine site over-
looking the Ottawa river has been
granted by the government upon
which to erect a building which will
serve as headquarters for various
women's organizations and will also
be a memorial to the work of Cana-
dian women as a whole. The building
is to be of Gothic design, harmonize
with the parliament buildings, will
have four stories in height, have an
auditorium capable of seating two
thousand people and will cost a
quarter of a million dollars. An
appeal is shortly to be made to the
nation for funds.

"SOME WERE IN DOUBT"

I was thinking, I was musing
Of the foolishness of doubt
When assurances are soothing
To the faithful, and devout.
O the foolish, foolish sailor
While in life's troubled sea
Treats his compass as a failure
Because he cannot see.
We've the sun with mystic story
But who would doubt its story
So we're basking in its glory
And sounding forth its praise.
'Tho we cannot analyze it
It's light, and heat, are here
But we mostly learn to prize it
When darkness we would fear.
We've had famine, we've had plenty
And why? we cannot tell

But the cupboard's never empty
To those who do it well.
It's the flesh that calls for matter
But our spirit calls for God
Then the doubt, and fears will scatter
When we make Him our abode.
For there's peace, and joy believing
There's the attitude of trust
And obedient souls receiving
Spirituality in dust.
And there's lives that need trans-
forming
And life can be transformed
But the doubting, and the scorning
Can never be reformed.
We know Providence is caring
For those who seek His care.
We know there are thousands sharing
His answers to their prayer.

Rheumatic People Can Now Find Relief

By Driving the Poisonous Acid From the System

Rheumatism attacks people when the blood is thin and watery, or charged with impurities thus setting up inflammation of the muscles and joints. Cold, wet weather or sharp winds may start the pains, but the cause is rooted in the blood and to get relief it must be treated through the blood. As a blood builder and nerve tonic Dr. Williams' Pink Pills are unsurpassed, and for that reason do not fail to give relief to rheumatic sufferers when given a fair trial. As the rheumatic sufferers who have enjoyed the great value of this medicine is Mrs. Simeon J. Taton, Indian Head, Sask., who says: "For over two years I was an intense sufferer from rheumatism and until I began the use of Dr. Williams' Pink Pills no treatment that I took helped me any. The trouble grew so bad that I could not move around the house without help, and finally I had to give up and go to bed. Words cannot tell how much I suffered, and I could not bear to have anyone come near me. Finally one of my neighbors strongly urged me to try Dr. Williams' Pink Pills, and I decided to do so. In the course of a few weeks I could feel an improvement, and I was able to get up. I kept on taking the pills until all traces of the trouble were gone and I could again do my housework, feeling like a new person. Three years have passed since that and there has never been the slightest return of the trouble, so that I feel safe in saying that the relief brought by this medicine is permanent."

You can get the pills from your druggist, or by mail at 50 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Fifty-four years ago he married Miss Charlotte A. Selley, daughter of the Rev. Mr. Selley, a Methodist minister of Quebec. Kangaroos may have to watch their step when crossing the road in Australia. The big island is said to import more fitvers than any other foreign country.

It is stated that when the new hydro lines are completed through Alvinston, that a new sub-station will be erected in that village. The purpose of the station will be to control the power going over the line, keeping a certain voltage on the lines at all times. A man will be stationed there who will have the looking after the instruments and lines.

SUDDEN DEATH OF MRS. MINNS

(Bracebridge Gazette) Death, the grim reaper, came suddenly to Mrs. David Minns on Monday while returning in a car from visiting friends in her former home of Utterson.

The late Mrs. Minns has been a resident of Bracebridge for over four years and in that time has stood very high in the estimation of all the people. A lady of marked ability, she took special interest in her church and all good work. She was President of Knox Presbyterian W.M.S., also a life member of that society and of the executive of Barrie Presbyterian. She will be very much missed in all church and social circles.

Mrs. Minns was born near Meaford daughter of Robert Clark and Elizabeth Joyce. When a young girl she taught school, being a most capable teacher. On Dec. 30th, 1885, she was united in marriage to Mr. David Minns, their first home being in Omeamee, Ont. They have since lived in Orillia, Gravenhurst, Utterson and Bracebridge, the present home of the family.

About twelve years ago her health became impaired and although she has been feeling fairly well at times, has never since been in good health. Being of an exceptionally bright and cheerful disposition those outside her home never knew how poorly she really was.

A true and faithful friend and neighbor, she leaves to mourn her great loss, her husband, three of a family, Mr. H. Joyce Minns and Miss Bessie Minns of Toronto, Mr. Bruce Minns, principal of Bracebridge Public School, also Clarence Minns, her grandson, who has lived in the home since the death of his mother when only two years old.

The sincerest sympathy of this community is extended to Mr. Minns and the members of the family in the great loss of this noble mother.

The funeral was held on Thursday afternoon at 2.30 p.m., from her late residence, James St. South, service being conducted by her late pastor, Rev. J. A. McConnell, interment taking place in the Church of England cemetery.

Ed. deGex Dies

Injured Spine in Fall From Hay Load; Lies in Strathroy Hospital Over a Year

Edward H. deGex, one of the most prominent residents of Metcalfe township, died in the Strathroy hospital after an illness of more than a year, during which he has been confined to the hospital.

In July, 1924, he fell from the top of a load of hay in his barn when a trip rope broke. He struck on the back of his head, and since then has been almost totally paralyzed. He seemed to be getting better until last Thursday, when he took a sinking spell, and death claimed him on Monday.

Born in Frome, Somerset, England in 1870, a son of the late Rev. Geo. deGex and Mrs. deGex, he came to Canada in 1885 and settled in Metcalfe township, on what is now known as Chantry Farm. He soon became known as a breeder of pure-bred stock and specialized in Clydesdale horses, Shorthorn cattle and Lincoln sheep. He had a nation-wide reputation as an authority in the breeding of these animals.

In 1893 he was married to Edith Mary Robson, eldest daughter of Geo. C. and Mrs. Robson of Denfield, who survives him, with one daughter, Mrs. (Col.) Chesman, of Windsor avenue, London. An only son, Frederick Geo. died in the military hospital in London in 1917.

The late Mr. deGex was actively interested in the work of St. Paul's Anglican church at Kerwood, and for years has served as a warden. In 1894 he served as president of the Strathroy Agricultural Society, an organization in which he has always taken a very active interest. He was prominent in politics as a supporter of the Conservative party.

COMMUNICATION

[The Guide-Advocate does not hold itself responsible for opinions expressed by correspondents.]

Editor, Guide-Advocate, Watford, Ontario.

Dear Sir:— "I wonder if you would be kind enough to publish this letter in this week's paper, in connection with a letter in your issue of the 25th, entitled "In reply to some Baptists" written by order of the Gospel Tabernacle.

As it came to my knowledge that I was unjustly suspected of influencing certain Baptist ministers in an action recently taken by them, I am writing this letter, as some may think that

was the writer of an article appearing in your paper of the 18th, (which I have not seen), to say that I had nothing to do, either directly or indirectly, with any action taken by any Baptist ministers and that I had no knowledge that any such action was being taken. I express no opinion as to whether the action was justified or not, as I had no connection with it. Thanking you for your courtesy, I am, yours truly, L. J. STONES.
