It is easy to shout for something you can't get.

Someone should explain this to the reverend editor.

The only condition on which the Toronto Railway Company would ever consent to an interchange of traffic would be on the basis of a four cent fare to be paid to the Toronto Railway Company for every passenger carried over its lines. This would mean that the civic cars would have to be run as a gift to the citizens, or perhaps it would be more accurate to say to Bob Fleming's corporation.

IS TOWN'S BONUS ILLEGAL? London Tries to Block Newmarket's Effort to Grab Industry.

LONDON, Ont., Dec. 27.—City Solicitor Meredith emtered a writ to-day on behalf of the city against the Town of Newmarket, asking for an injunction to prevent the latter town from issuing debentures to the amount of \$25,000 as a loan to the Harding Motor Car Co. of this city.

This is the first step of the kind.

this city.

This is the first step of the kind taken by the city to keep its industries and to prevent other towns offering inducements to factories to locate there.

In this case Newmarket offered the Harding Motor Co., which has been estallished in this city for some time, a loan of \$25,0000 fif the company would move its factory there. This offer was soccepted, and the city is now moving to prevent the deal going thru and to have the bylaw passed by the Newmarket Council declared void.

The law, it appears, is very explicit on the point of a municipality offering special inducements to an established industry to move away, and some interesting developments are looked for.

BROCKVILLE HOTEL BURNED

Guests Escaped Unharmed.

BROCKVILLE, Dec. 27—(Can. Press)
—Barly this morning the main business section narrowly escaped being wiped out by a fire, which started in the Strathcona, the largest and finest hotel in the town. A heavy rain counteracted the southwest gale, which carried sparks for blocks.

About 5 o'clock the night clerk detected smoke issuing from the basement, directly under the bar-room, where the laundry is located.

All the inmates, including fifteen guests, easily found their way out with their belongings, with the exception of Police Magistrate Clarke of Cardinal, who occupied a room at the rear in the second storey. He was found wandering around half an hour later by two firemen, almost overcome, and, by means of a ladder, rescued him in a half-dazed condition.

The Strathcona Hotel was a 5-storey structure, built of brick with an ornamental stone facing, and was reduced to ashes. It was erected by Thomas Tompkins of Ottawa, in 1901, at a cost of \$75,000, but passed into the hands of the Brockville Loan and Savings Company at a bargain. Their insurance of \$35,000 in the London, Liverpool and Globe, will not cover the loss.

Compensation-for-Injury Act Hearing-Sir Wm, Meredith Thinks Men Should Look After Themselves.

Representatives of the Dominion Trad s and Labor Congress and labor unions of Toronto made 13 suggestions to Sir William Meredith yesterday, which they thought should be embodied in the new act for compensating injured workmen. His lordship listened attentively to all the suggestions made and asked questions at frequent intervals. The chief justice by no means agreed with everything that was said, and his remarks to the effect that workmen should be educated to take care of themselves and of the lives of their fellow-workers led to some warm

passages.
Sir William expressed a wonder if the farmers were going to appear before him with a request to share in the

compensation act.

Fred Bancroft was the chief spokesman on behalf of the labor interests.

The proposal of compulsory state insurance was not received very enthusiastically by Sir William.

"We find," said he, "that some of the most advanced democratic communities are borne down by an army of officials and parasites." The amount of machinery such legislation would require was the principal objection advanced.

The suggestions made by the labor

The suggestions made by the labor representatives were as follows:

1. A.l employments, the employes of the province, municipality, county or other administrative bodies in the province, to be covered, the same as employes in industries.

2. Compensation for all injuries arising out of and in the course of employers.

5. In the case of injuries resulting in death, the dependents, as outlined in the British act, and State of Washington act, shall be the beneficiaries, with the expenses of the funeral as outlined

So. 6. The doctrine of negligence on the part of employe or employer, fellow-servant or otherwise, shall have no place in the new legislation.

7. State insurance in connection with compensation act.

8. The creation of a provincial de-partment of insurance with three com-missioners, for the purpose of adminis-tration of the act.

BAD YEAR FOR COAL BARONS

Over-Production and Lower Prices
Blamed for Reduced Profits.

WASHINGTON, Dec. 27.—There has been an over-production of coal this year and a consequent struggle for trade, which depressed prices, is the opinion expressed to-day by Edward W. Parker, coal statistician for the United States Geological Survey. Mr. Parker added that there had been few more unsatisfactory years in the history of the coal mining industry and that prices were depressed to such an extent that when the total returns for the year are footed up, the balance probably would be on the wrong side of the ledger, altho the production of coal in the United States for the year coal in the United States for the year is probably second only to the record

The total production of coal for the year is estimated at 490,000,000 tons, only 11,000,000 less than in 1910. Of this year's production, 400,000,000 tons was bituminous coal. ituminous coal.

HOLIDAY AMUSEMENT.

For the remainder of this week the Strand Theatre has provided a spacially attractive bill of fare and full of holiday interest. Among the more prominent features are the series of moving pictures illustrative of the "Flower Girl of Las Palmas," "A Romance of the Rio Grande," the Brockton Fair and Flower Show, and "Buckskin Joe, Earl of Glenmore." The stories are full of thrilling interest and appealing episodes that are sure to enthral the attention of the public. On the musical side also the Strand Orchestra will present a fine musical program and its interpretations are now recognized as fitly placed in the higher class. Joseph Carr's "Song Review" has been a great hit and will be retained, and another specialist is Frank Oldfield who sang with the King's Own Band in England. The Strand is a perfectly appointed and commodious theatre and its matinees are now the favorite resort for Toronto ladies and families. As there is a continuous performance from 12 o'clock noon patrons can suit their own convenience, and the popular prices offer an added inducement.

IMPRESSIVE PICTURE AT THE

The feature of a very interesting exhibition of motion pictures presented yesterday was undoubtedly "The Awakening of John Bond." The film was made by the famous Edison Company of America, with the co-operation of the National Association, for the Study and Prevention of Tuberculosis. The story teaches a powerful lesson in hygiene and the photography is clear, with the absence of any flicker whatever.

Nellie.

Through her nursing, Mrs. Bond has become infected with tuberculosis. Arriving home, she sends for Nellie and gives her the brother's trinkets. Here Nellie comes face to face with Bond, and, recognizing him as the owner of their wretched home, bitterly denounces him, telling him that, indirect the through his neglect his wife has nounces him, telling him that, indirectly, through his neglect, his wife has contracted the disease. Bond tries unsuccessfully to place his wife in a sanitarium and is at last obliged to apply to the tuberculosis committee for ald. By trying to bribe the official he is brought to realize the great good that is being done by the association; when confronted by his own tenement, now in the hands of one of the committee's nurses, his awakening is complete and he writes out a substantial check.
Later on we see Mrs. Bond and the
O'Briens recovered, and Bond, the accepted candidate, supporting the crusade against tuberculosis.

Curlers and Hockeyists to Make a Start Monday

Note and Comment

It is no longer the question of a late fall or early spring, but real winter weather. The ice men last night were making up for lost time, and to-day every open and covered rink in the city-

The curiers will keep up to the hockey players, all making a real start on New Year's Day. The different city clubs will play their annual matches, President v. Vice-President, postponed from Christmas, on Monday. Next Thursday the first of the city friendly curling games will be played: Parkdale v. Prospect Park, Lakeview v. Granite, and Toronto

In speaking of the make-up of the In speaking of the make-up of the Canadian Olympic team, which will be sent to Sweden next summer for the Olympiad, Bobby Kerr is of the opinion that those ir charge would do well to be satisfied with a small representation. "There is little use sending over such a team as went from here the last time. We have only a few athletes fit to pit themselves against such cracks as will be found at Stockholm. Outside of Frank Halbhaus, Halpenny, George Goulding, Jack Tait, Arnoid Knox, Mei Brock, Lukeman, Richards, Jim Corkery, Cotter and one or two others, there is little to choose from, and to my way of thinking it would be better if several of these were left at home. Halbhaus and Goulding are sure to score well, but the others can hardly be expected to do as well."

At Tulane University, New Orleans, they had a girl manager of the football team. She conferred with the coaches, attended all practice plays, and was in complete charge of all the games which the team played.

A golfer fond of reading incidents regarding the game tells of a hole in Switzerland 700 yards long. He ventures the opinion that it may not be such a long hole at that, particularly when the topographic outlay of the country is borne in mind, and the possibility considered that the tee might be on the top of some mountain, from which it might be no feat to make the hole even in a single shot.

Mrs. Helen Hathaway Britton, chief owner of the St. Louis Cardinals, has announced as a Christmas gift to the women of that city free admission to the women of that city free admission to the park on Thursday of each week during the playing season. Heretofore women have been charged an admission of 50 cents to all games, while the regular admission for men has been 75 cents. Mrs. Britton hopes in this way to interest the women of St. Louis in the Cardinals and to make the park a place of entertainment that will be attractive at all times. If, however, the baseball fever breaks out in virulent form aniong the women Mrs. Britton may have to make an accounting to the league that will prove costly. Three or four years ago the National League adopted a resolution prohibiting the free admission of women to baseball games, unless the visiting club is paid at the rate of 25 cents for each one.

HOGKEY PLAYERS WILL PRACTICE FRIDAY NIGHT

Sudden Change in Weather Welcomed by the Clubs-Argos and T.A.A. C. Meet 1st Jan.

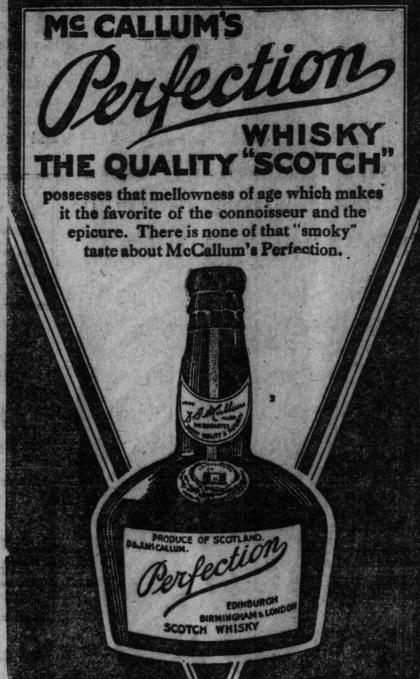

Indications now point that at last the winter has set in, much to the delight of the hockey enthusiasts. The ice makers worked all last night at the Excelsior Rink, and report a good sheet of ice. If the weather holds as at present, teams will practice at the College-street rink on Friday night, the hours for which will be announced to-morrow morning.

An exhibition game will be played on New Year's night at the Excelsion Rink between the senior Argonauts and the fast T.A.A.C. teams. This will be the first opportunity for the public to see two senior teams in action, and a good crowd will no doubt be present.

Hugh Burritt, formerly of the Sim-coes, has been moved to Seaforth, and will this winter play with the Seaforth juniors.

OTTAWA, Ont., Dec. 27.—The ettawa section of the Interprovincial Amateur Hockey Union transacted important business at to-night's meeting in the Monument National. A third revision of the schedule was made necessary on account of the decision to open the league on Saturday. It is now arranged to close the season on March 2, playing four double-headers, but, as the New Edinburghs were not represented, the list of dates may again be changed somewhat.

The Duke and Duchess of Connaught, Princess Patricia and a party of fifteen will attend the opening game Saturday between the Stewarton and Renfrew teams, and arrangements have also been made for the presence of the Governor-General's Footguards' Brass Band. The secretary received a letter from the main body thru Mr. Hicks of Montreal, advising that a single schedule, to be terminated by Feb. 20, be played, but the Ottawa clubs adhered to their double series, and wrote President R'ddell that the series could not be made a success with the single schedule. The clubs also decided to wage war against the National Hockey Association in a certain sense, and will have several clashes of dates.

Percy Lesueur and Heb Jordan were appointed referees for the opening game on Saturday, and it was decided to adopt the Lesueur goal net.

The Wanderers of Montreal had their

The Wanderers of Montreal had their first practice Tuesday night and the only man on the ice who had ever played with the Wanderers before was Riley Hern, and he was not there to practice, but only to coach the aspirants. Ross was not out, as he was away from the city, and all but three of the faces were strange to the followers of the N.H.A. Pame lest year. The refibirds recognized Art Bernier, spare man of the Canadiens last year, and Sprague Cleahorn and his brother Odie, of the defunct Renfrew Club. The latter, however, was not practising. He had his sketes on for a few minutes, but did not get into the game.

Going Distance In 25.12 4-5-01d A.A.U. Record was 25.19 2-5, Held by T. J. Collins.

NEW YORK, Dec. M.—One record was broken in a series of well-contested events that wound up the two-night Amatem. Athletic Union indoor championship mee, in Madison Square Garden to-night. It is not the 160 yards run, and the 600-yards run in the senior events.

The record sent fying was in the five-mile run, which was the star feature of the evening and brought forth the greatest enthusiasm. W. J. Kran er of the Long Island A.C. set the mark at 25 minutes 12 4-5 seconds after a grand race, in which for the first two miles now one and then another man of the five leaders set the pace. LIBERALS SHOULD BE WITH THE PUBLIC.

The World is glad to see that The Toronto Star has come out in favor of the Castle Frank viaduct, the The Star opposed this bylaw in previous vears. We quote its article in full in

Let the young Liberals of this country get together, and get behind The Star and progressive Liberal policies, progress, especially the ones that mean better homes and cheaper car fares for

THE CLERGYMEN AND CHURCHES that the churches and the clergyme traction. Everyone knows that the tutes will be self-sustaining, and the increased value in the assessment that will come from the Castle Frank bridge and the annexation of North Toronto will make them self-sustaining measures as well.

There is no burden in the tubes, the viaduct, or the annexation of North Toronto page is there in the Danforth tubes, which will give them quick

street car line. It, too, will pay for that comes its way, it deplores the abon this question, and is absolutely sense of humor, in fact, is rudimenagainst the pillanthropy and Christian tary. Humor is based on truth, and struggling to get homes of their own is a sample of The Globe's humor: and cheap car fare to them in Toronto or neighborhood. The Telegram has made a god of downtown values of

THE AWAKENED MAIL.

The Mail and Empire has waked up editorially to the fact that there is a civic campaign going on, and has written about the tubes. One Mail and Empire argument is that the people Empire argument is that the people should not allow themselves to be hurrah d into such a thing. Considering the length of time the matter has been under discussion and the various reports received upon it, no one but The Mail and Empire would ever dream of having been hurrahed. But then The Mode of the matter has been burrahed. But then The Whole city will benefit. The board of however. Cheese it, old pal, cheese it!

The next Mail and Empire argument

culable and probably uncontrollable element," says The Mail and Empire. We public interest, and represents private will leave Mayor Geary to reply to that insinuation. When the civic officials have been permitted to do so they has proven perfectly capable and faithful in their responsibilities, and for some years there has been little aldermanic interference.

The third argument The Mail and Empire has is to impugn Controller Hocken's statement of facts. We prefer to accept the verdict of the members of the board of trade, who heard Controller Hocken, before that of The Mail and Empire, which caps its appeal against the tubes by comparing them with the National Transcontinental Railway. The Mail and Empire must have got the impression that it was Sir Wilfrid Laurier and not Hon. R. L. Borden who proposed the tube system for Toronto.

Mr. Miller left New York on Nov. 19, in company with his friend, Mr. Harry Lauder. He was billed to select the entire stock of spring patterns in Scotlani, and a pressing business engagement in Cleveland for Dec. 29 demanded h s immediate return. He was at the mills the day after the arrival of the Cunard liner Lustenia, and re-

the Cunard liner Lusitania, and remained there until the last train left for Liverpool to catch the Campania, the Christmas boat for New York.

Mr. Miller was not idie even on board ship. Besides being a successful business man, he is an entertainer of note, and his name figures on the Lusitania p. ogram of Dec. 2, with Edna Aug. Miss Lorimer and Mr. and Mrs. Harry Lauder. It was a benefit concert for the Seamen's Charities, and netted some hing over \$1500, a record collection for the Cunard Line.

The annual report of the Manufacturers, Life will show remarkable records. The new business written amounts to thirteen millions, and the sas City, with a slightly larger area than Toronto, has only 248,331 population.

The addition of North Toronto to the city would only increase the area by 2500 acres, raising it to the tenth place on the list, while it would continue to rank fifth, below San Francisco, in population, the population of North Toronto being 7000. There is no basis, therefore, to the argument that Toronto is too large. According to the criterion of the United States cities it is much too small.

NOT BLAMED FOR FIRE HORROR **CROWD IS HOSTILE TO VERDICT**

State's Failure to Convict Harris and Blanck, Proprietors of Triangle Factory, Followed by Demonstration of Anger-Manslaughter Charge Hinged on Whether Door Was Locked.

THE TORONTO WORLD

Whether Door Was Locked.

NEW YORK, Dec. 27.—(Can. Press.)
—The state failed to-day in its effort to fix the blame for the fire horror on March 25, 1811, in which 147 young women shirtwaist makers in a factory on the top floors of the Asuh Building were burned or driven to jump to their deaths on the pavements, nine floors below.

A verdict of "not guilty" was brought in late this afternoon in the case of Isaac Harris and Max Banck, propreture of the factory known as the Triangle Waist Co., who are the only persons indicted in connection with the holocaust.

Unusual precautions were taken to prevent repetition at the court-house to day of the demonstrations which have occurred in a long series of mass meetings, parades and in other ways against the defendants since the fire. Only a few persons were allowed in the court-room and the corridors and entrances were heavily guarded by extra policemen.

Outbreak of Hysteria.

The jury came in at 4.35 p.m., after deliberating for an hour and forty-five minutes. The pronouncement of acquittal was first taken quietly by the defendants, but after an adjournment to an ante-room they gave way

AFETY in a car will give mental comfort, and we have told you of the safety of a Russell car, but physical comfort is a different matter.

OMFORT! Ride in a Russell car for an hour and then change to an ordinary car-to a car with stiff springs and scanty cushions-a car that bobs about and sways from top-heaviness.

The springs in the Russell are the best springs that can be made, and they are exactly suited to the weight of the body.

The cushions are built up, not stuffed with a stick or by machinery, as is compractice. Each cushion has as many coil steel pillow springs as the space will per and these are topped by a deep-tufted bed of long curled hair; long, because shair mats and grows lumpy. Over all is the best leather covering. The seat customs slope backward slightly to give a natural seat. Nothing but the care bestom on the finest made-to-order private carriage can compare with the pains taken we Russell upholstery.

Then the width of the seats. Russell seats are roomy. Furthermore, their height from the floor is right, and there's abundance of foot room.

By contrast—by test—by the evidence of your own physical comfort and discomfort—prove for yourself that for easy riding qualities the Russell is a law unto itself.

Law is Business. Commemoration Service of Late

Baptist Minister's Life and Work Well Attended.

Rev. Dr. Trotter gave a word of tribute to the memory of Dr. Harris, on behalf of the Bloor-st. Baptist Church. "He was a kindly, brotherly, big-hearted man," said Rev. Dr. Trotter. "He was a man with a message intensely evangelical, and he preached positive conceptions of his faith, in eason and out of season."

Dr. Hopkins Next Year.

Dr. R. R. Hopkins of ward seven, who was nominated to run for a seat in the city council, but who dropped out, announced last night that he would p obably run next year. So far as this year is concerned he is doing his best to have the tubes, the viaduct, the hydro-electric, the annexation of North Toronto, civic car lines, etc., passed.

"I have faith in Treatment of the present of t season and out of season."

"When Elmore Harris is removed forever from our midst, when I see his liwe's perspective, I gain a true estimate of his worth," said Rev. T. T. Shields of Jarvis-st. Baptist Church.

He was a man that made the word of God the hobby of his life. God has alled him home for Christmas."

Rev. Dr. Jones Farmer of McMaster University, also spoke, and the opening prayer was offered by Rev. D.: Cleaver. Rev. John McNeil, pastor of Walmer-road Baptist Church.

tor of Walmer-road Baptist Church, presided.

1. Harris came to Toronto from St. Thomas and eight of the most fruitful years of his ministry were spent in the pastorate of Knore-street Baptist Church. He inaugurated the enterprise, which culminated in 1882 in the creation of the present likeor-street church edifice. During this period of his ministry he was largely instrumental in establishing the Ossington-avenue mission, which to-day has a membership of 300, and the Birch-avamission, which developed into the present Century Baptist Church, with a membership of 400. In 1889 Dr. Harris founded the Walmer-road Baptist Church and in the seven years of his pastorate gathered a congregation, which grew from 69 to over 800. In addition the Roncesvalles-avenue, Spadina-avenue and Queen-street missions were established under his guiding hand. When Dr. Harris resigned the pastorate of Walmer-road Baptist Church in 1895 he was created a pastor emeritus of the church. The closing hymn at the service last night was, "Forever with the Lord."

"I have faith in Toronto," he said last night, "but we will always have 'croakers' with us."

Big Rally of Markham Men Yesterday-County Doings From Far and Near.

NORTH TORONTO, Dec. 27 .- (Special.) -One of the candidates for council in North Toronto who is meeting with the most gratifying success in his personal canvass is R. L. Baker of Glenview-avenue, who this year makes his initial bow to the North Toronto his initial bow to the North Toronto electors. At the nomination meeting, Mr. Baker's appearance and address alike produced a most favorable impression. He had no municipal sins to answer for, and no promises to make, beyond the fact that he would use his best abilities for the betterment of his adopted town. All the candidate from the Glen Grove district lacks now is a more thoro knowledge of the people and district, and these he will acquire later on.

D. Reid, who was last year a mem-D. D. Reid, who was last year a member of the town council and chairman of the water, his and light committee, has always taken a keen interest in the welfare of the town, and added to this is the important fact that he has leisure and ability to devote to municipal maters. Mr. Reid has introduced and carried thru some good measures, and will undoubtedly be a member of next year's council.

Mr. and Mrs. Arthur Crowhurst of Davisvidle announce the engagement of their only daughter, Gladys, to Mr. Gordon Lewis of New York City. Miss Crowhurst has been soprano soloist in Davisville Methodist Church for some time, and the announcement of the engagement will be of interest to a wide circle of friends.

Mrs. Lewis of New York announces the engagement of her daughter, Dolly, to Newton Bishop of Kansas City, U.S. The young people share many acquaint, ances in North Toronto.

The last council meeting of the year was held to-night, but only routine work—such as confirming the reports of the different committees—was put thru, and the meeting was of short duration.

A number of townspeople have petitioned the mayor to call a public meeting for Saturday night in the Eglinton Town Hall, and his worship has issued a proclamation to that effect. An increased water supply and the educational question will be the two outstanding points, and it is expected that the town hall will be packed to the duors. All the candidates are invited and everybody will have a chance to say a word or two. Saturday night, at 8 o'clock sharp.

Residents in the northern section of West Toronto, commonly known as the Carlton section, are wondering why it is that during the past three years so very few improvements have been accorded them. Beyond the Westorroad bridge, which is now in course of construction, matching of any importance, has been done to alleviate the wants of this part of West Toronto. The roads, always the worst in this ward, are in the same disgraceful condition, the transportation and street rankway facilities remain the same as they were when West Toronto entered the city. Surely it is time ward seven had a change in representation on the city council. A business man is evidency council. A business man is evidenly what is needed, and such a man is Sammuel Royding, who is a contestant for aldermanic monors in the coming elections.

About 1 o'clock this morning, residents in the central part of the ward were startled by hearing repeated alarms from the Keele-street fire station. It appears, however, that the high wind blowing at that time had disconnected and crossed certain of the wires in such a way as to ring the alarm. TODMORDEN, Dec. 27.—(Special.)—
The annual meeting of school section
No. 27, Township of York, was held
this morning in the schoolhouse. Geo.
A. Moses acted as chairman. The
auditors' report was presented and
passed unanimously. It showed the
school affairs to be in a sound condition, and John A. Macdonald, whose
term of office expired, was re-elected
for a further period of three years.
Frank G. Bates and Robert Hazelton
were re-elected auditors.
After the adjournment the electors

WINNIPEG'S POWER FIGHT

Blue Ruin Argument of Company Isn't Exactly Convincing.

WINNIPEG, Dec. 27 .- (Can. Press.) So keen is the rivalry between the municipal light and power system and the private company that the latter is publishing a page advertisement calling public attention to the weak spots in the former, and predicting the ultimate collapse of the principle of public ownership in Winnipeg. The private company devotes much spac-to the fact that the Manitoba Govern ment, which took over the Bell Tele ment, which took over the Beil Telephone system of the province two
years ago, has found it necessary to
make heavy advances in the price of
telephones, and cites this as an evidence that the Winnipeg municipal
plant will shortly be forced to advance
rates.

rates.

However, the price of light and power has been lowered nearly sixty per cent. since the civic scheme began operation. Hundreds of customers are leaving the private company daily to take the civil service. The private company, however, adds that it will continue to meet all cuts in price.

There is no disputing the fact that Winnipeg and Western Canada is in a frenzy of municipal ownership of public utilities, and most of them are profitable.

PROPOSES WATERFRONT CARS From Humber to Niagara-Street and Along Wellington.

Mayor Geary stated yesterday that the city would probably make some temporary arrangement with the Mimico Radial Co., whose franchise for that section of the line lying within the city limits expired on Dec. 23, whereby the company would continue to operate the line for a year or two. No negotiations, however, had been opened up yet.

A 14% INVESTMENT QUEEN STREET

BUSINESS BLOCK East of McCaul New solid brick building, 3 storays, steam heated 30 x 100 to 20-foot paved lane. \$29,000

The building on the northwest corner of King and Yonge Streets was purchased by The Manufacturers' Life Insurance Company in October, 1909, for \$506,000.00. Last week an agreement was made whereby the building has been sold to the Dominion Bond Company for \$800,000.00, so that the Manufacturers' Life has obtained a profit of \$294,000.00 in a little over two years. This is the largest real estate deal on record in Toronto for any single property, being at the rate of \$13,000.00 per foot, King Street frontage. The price per square foot was \$148.14, or over \$1.00 a square inch. It is the intention of the company to occupy their present quarters until more commodious premises can be secured.

There was a persistent rumor on the street yesterday to the effect that the Timiskaming directors, in view of the strenuous opposition which has been aroused by reason of the purchase of and the controlling interest in the North face. PUTRID FISH

BERLIN, Germany, Dec. 27.—(Can-Press.)—Thirty-six homeless men, who bought with decayed smoked herring

to add to the flavor of the frugal meal of bread and soup served to them at the municipal lodging-house last night, are dead. More than forty others are sick, several of whom are believed to be dying.

The cause of death has not yet been announced, but the authorities are connaent that putrid fish was responsible. The autopsies appear to substantiate this view. All those known to have partaken of the fish are dead or in such condition to be unable to throw any light on the subject. It is believed, however, that one of the victims found the fish in the garbage pile of a nearby market and divided them among his companions. The men became sick early this morning and in some cases death followed rapidly, in from two to three hours.

MOTHER WAS NEGLIGENT

"We find that the unknown female child came to its death on or about the 30th of November, 1911. We further find that the said child died soon after its birth from exposure and want of care, either maternal or medical. We find that May Clayton was the mother of the child and was negligent in attempting to conceal its hirth and in

deserting it."

This was the verdict brought in by the jury in the inquest over an infant's body found dead under the bathtub at Vanderlip's restaurant, 291 College-st., on Thursday, Nov. 30.

Dr. A. J. Johnson, who performed the autopsy, said that the child had lived after its birth, but had come to its death thru neglect of the proper methods of care for a newly born infant.

ACCIDENT ENQUIRY TO-DAY

The enquiry into the fatal street car accident of Sunday night last promises to be a lengthy one. More than fifty witnesses will be summoned to give their evidence.

Coroner George W. Graham continues the hearing at the morgue this afternoon at 2 o'clock.

At the hospital last night Robert Hail's condition was said to be very grave. So serious was it regarded that a special nurse was set on watch at his bedside. Arthur Blow, the other victim whose skull was also fractured, was slightly improved, as were all the other wreck victims.

WOULD PAY FOR ITSELF

The big gathering of ratepayers at Ayers' Hall, Parliament and Winchester-sts., last night heartily endorsed ex-Controller Foster's advocacy of the needed, said Mr. Foster, to build up the east end of the city, but the increased values and assessment would practically pay for the bridge, thus recompensing the ratepayers at large for the moneys expended.

Privy Councilior Jr. P. Ehrlich, Vienna. Sufferer, the effect of blood poison creeps on like a thief in the night. As many a sufferer who has had symptoms was suddenly awakened a few years afterward to find himself stricken with the horrible after effects, such as Locomotor Ataxia Heart Failure, Blindness, Lost Memory, cic., etc., can you take this terrible chance? No one who has ever had blood poison should get married before taking "606," for although the symptoms may have disappeared, they will surely reappear in later years, or your off spring will be affected. Trips of thousands of cases cured in Europe and America. The treatment recommended by the greatest medical suthorities in the world. Articles concerning "606" appeared in the leading medical journels all over the world. They will be converted on request.

placed at 11,831. The British immigration shows a particularly large increase, reaching 141,835 in comparison with 123,013 for the year 1910. The American immigration increased some four thousand, the figures this December excepted, being 125,399. The continental immigration jumped six thousand, totaling this year 72,478.

Advices received by W. D. Scott, superintendent of immigration, shows that there has been a remarkable movement from the United States to Southern Europe this year. One steamship company alone has reported to him a falling off in westbound traffic, that is from Europe to the United States, of 30 per cent. and an increase in traffic from New York to Europe of 48 per cent.

Controller Spence is a wonder working wizerd beside whom fortune favorite Reggie is sometimes eclipsed.

The controller got busy yesterday to regain his footing after the throw down the T. S. R. gave him on Tuesday night.

Mr. Spence is strong on facts. When they are against him, he varnishes them, and lays on the varnish thick. He gave the Toronto Street Railway a certificate of good character for its Dundas-street service. But he forgot to take Mayor Geary into his confidence, and Controller Spence, who was delayed 15 minutes by the T. S. R. on Tuesday night, got entirely left thru Mayor Geary's artlessness.

According to Controller Spence's own personally authorized and countersigned Dundas-street schedule, he left the city hall at 7.45 and got to his Annettestreet meeting at 8.35.

- MONTREAL GRAIN PRICES Foreign Demand for Manitobas Strong With Prices Higher.

The belated and packed car rushed the trip to Keele-st. in 30 minutes.

As the car shot down the west side of Dundas-st. bridge, Controller Spence standing rigid as a Roman sentinel, anxiety was manifest on the faces of some of the passengers.

One young man expressed his feelings audibly. "There'll be a bad smash here one of these days," he said to his chum. "Yes." concurred his friend, "but I hope I shan't be in it."

Meanwhile the motorman and Controller Spence each stood grim and steadfast as their duty, one controller Spence disappeared, the moment, 8.30, the car reached Keelest, and according to his own stop watch, sprinted to his meeting so, swiftly that he was only half an hour behind time—in time to tell the meeting, 35 men and 4 ladies, that they would only have to wait 9 years and 9 months for his tubes.

Mayor Geary, not having been consulted, floored Controller Spence in getting out to the Annette-st. meeting, in stead of waiting 15 minutes like Controller Spence and giving the T. S. R. chance, Mayor Geary had to wait 17 minutes for a Dundas car, and he registered a vigorous kick.

Efforts are already on foot to bring about a settlement, but as one woman, who left the union after 20 years, because she believes that the benefits are not commensurate with the payments, persists in her attitude, and the master spinners insist upon their right to maintain open shops, a long and bitter struggle is feared. There is danger, too, of the fight spreading to other industries.	(Successors to Warren, Gzowski & Co.) Members Toronto Stock Exchange Dealers in High-class Investment Securities. COTTON MARKET FIRM. Erickson Perkins & Co. (J. G. Beaty)

The cotton market showed a firm undertone to-day in the face of an official announcement that the lockout of cotton weavers in the Lancashire district would begin to-night. Buying by local spot interests checked the early feeling of nervousness, which followed this announcement. Private advices were conflicting. Some claimed that the trouble would be of short duration; others that the English spot demand would show a sharp falling off. Leading interests show little disposition to commence new operations, outlined quiet the outlook is for continued quiet.

Hon. Adam Beck Says it's Up to the Municipalities in Address at Kingston.

council be given permission to open negotiations with the hydro-electric commission comes up on Jan. 1.

At the coming election 39 municipalities would vote on the question. As to the cost of power, it all depended on the cost of generation, interest and sinking fund and loss in transit.

There had been some criticism in Kingston and the east because there was no definite plan as to cost. It all depended on the number of municipalities entered, where they would be located and the amount of power they could use. It would be absurd to say just what the cost would be interwoven. It was not possible to say that power for Kingston would not come from the Trent River, which was in the hands of one interest and that it would have to come from Waddington, N.Y.. Ottawa, or High Falls. The action of the government would depend on the action of municipalities voting on the question. If they gave the answer "yes" to the bylaws, then it would be the duty of the government to investigate and acquire the whole Trent district. He was not coming out with imaginary schemes, but with accomplished facts. The entire plan would pay for itself in five years.

MONTREAL STOCK MARKET

ower Higher Under Strong Demand-Other Issues Show Improvement.

MONTREAL, Dec. 27.—Chief interest on the Montreal exchange to-day centred in Power, which sold up to 193 1-4 in the afternoon and closed at 193, a gain of 1 1-2 points on the day. Opening at 191 3-4, Power advanced steadily to 193 in the morning session, with a total of 1575 shares changing hands. In the afternoon it started off at 193, went to 193 1-4 and closed at 193. The turnover for the day was just 2000 shares. In sympathy with Power, Shawinigan also made an advance in the morning to 123 5-8 and closed at 123 1-2, the net gain for the day being 3-4 of a point. The rest of the list was father featureless. Canadian Pacific was strong at 241 1-4, fractionally higher than yesterday and Rights were firm at 8 1-4. Steel Corporation was down 1-2 to 57, with 57 1-4 asked, 56 3-4 bid at the close. Sao Paulo was up to 188 in the morning, but eased off to 186 1-4 in the afternoon. Richelieu was stightly stronger, selling at 124 in the afternoon.
