STRIKE DEADLOCK HOLDS—STRIKE-BREAKERS DISAPPEAR

COMMONS NOW AIMS AT EARLY SESSION ON FIFTH OF JULY

Parliament Might, However, Ratify Peace Treaty Before Closing.

PENSION RESOLUTION Rowell's Motion to Increase Pensions is Sanctioned by House.

Ottawa, June 25.—The members of the commons made a concerted drive in the order paper of the house today with the result that much business was accomplished. With corresponding heads during the next several days the objective of prorogation not later than Saturday, July 5, will probably be achieved, despite the fact that the prime minister outlined a considerable program of legislation still to be introduced.

While prorogation a week from Saturday aimed at, there is still thought to be some uncertainty about it, because the signing of peace any time before that date might induce parliament to amend the peace treaty before the house rises.

TEMPERANCE BODIES ONE ORGANIZATION

Referendum Committee of Alliance, One Hundred, W.C.T.U. and Others.

A new organization—the Ontario referendum committee—has come into being with headquarters at room 505, Ryrie building, Yonge street. The objects of the organization are to conduct a vigorous campaign in favor of prohibition. Such well-known temperance societies as the Dominion Alliance, the Toronto Committee of One Hundred, the W.C.T.U. and every other temperance organization in Ontario will be absorbed into the new body. It is thought unity of service will produce strength and save much overlapping work in the campaign. A branch of the new committee will be established in every county in Ontario, and will amalgamate all the local prohibition bodies under its jurisdiction.

Executive Formed. The chairman of the new committee is John Macdonald, D. A. Dunlop, treasurer, and Andrew P. Grant, vice-chairman and secretary. The organizing committee are John Hale, chairman of Toronto's One Hundred, chairman; Gilbert Agar and John Bailey, joint secretaries, and Mrs. W. H. Becker, secretary women's department.

Many of the staff of the Dominion Alliance and the W.C.T.U. will be used by the referendum committee in their campaign, and the Rev. Ben Spence will hold an important position in the organization, but exactly in what capacity is not stated.

Nation-Wide Railway Strike Is Threatening Germany

Berlin, June 25.—Germany is faced with a nation-wide railway strike, higher wages. At the Gorlitz station, Berlin, service has been stopped in all directions. The Prussian service has been badly interrupted. The government is negotiating in an endeavor to halt the strikes which are regarded as the outcome of communistic propaganda.

U. S. TO HAVE ARMY OF 400,000

Washington, June 25.—The army appropriation bill, carrying \$580,000,000 and providing for an average army of 400,000 men next year—an increase over the house bill of \$171,000,000 in funds and 100,000 in personnel—was passed late today by the senate without a roll call and sent to conference.

WINNIEG STRIKERS GOING BACK TO WORK

Following Notification of Strike's End, Provincial Government Appoints a Royal Commission to Investigate It.

Winnipeg, June 25.—At a special executive session of the strike committee last night, it was agreed that the general sympathy strike which has been on for six weeks should be called off at eleven o'clock Thursday forenoon, but formal announcement of this decision was withheld until the official organ of the central strike press committee, The Enlightener, appeared on the streets this afternoon. The Enlightener is the successor of The Worker several days ago. Official notice of the termination of the strike was sent to Premier Norris of Manitoba, by Alderman Ernest Robinson, secretary of the strike committee. Mr. Robinson also made application that the government appoint a royal commission to enquire into the cause of the industrial troubles.

To Appoint Commission. It is understood that the government intends to appoint Judge H. A. Robson, as commissioner as soon as the strike is officially over, with the fullest powers that can be conferred upon him to probe the causes which led to the strike, and make such recommendations as he sees fit to the provincial government. It will be a one-man commission, empowered to take evidence and report findings. No promises have been made to the provincial government. It will be a one-man commission, empowered to take evidence and report findings. No promises have been made to the provincial government.

As the ending of the strike was unconditional, there was a general disinclination on the part of the strikers to wait until 11 o'clock tomorrow to report for duty. There was a "grand walk in" during the day, when hundreds of men appeared at their old places of employment and asked to be reinstated. Federal, provincial, municipal and industrial officials have announced that some men will not be reinstated under any circumstances. Mayor Gray stated that some of the strikers employ will not be taken back and those who do resume work must sign a pledge guaranteeing against sympathy strikes.

PETITION AGAINST STRIKES IN WEST PAPERS OF ALIENS NEARLY AT END

Council of Women Adopt Resolution of Dr. Stowe Gullen, Toronto.

Regina, Sask., June 25.—That the Dominion government be petitioned to forbid the publication of all papers in foreign languages unless parallel columns be run in either of the official languages was the resolution passed by the National Council of Women in convention today. The above resolution was moved by Dr. Stowe Gullen of Toronto, following her report on the suppression of objectionable printed matter.

Before the final adjournment tonight, the council passed a resolution on the subject of women's dress. Resolved that in the interests of health, morals and thrift, this convention shall appeal to the women of the Dominion to oppose the continuance of the fashions and styles in dress; and further, that they shall make every effort to adopt a dress of quiet and artistic character for use in their business life. Next year's meeting will be held in St. John, N.B.

A motion which passed unanimously was that the National Council of Women endorse the use of the union label on its year-book.

EXODUS OF TORONTO OF TAXIS AND BUSES

London, Ont. June 25.—The highways between here and Toronto are clogged with taxicabs, buses, cabs and even some lorries by a wholesale exodus of motor vehicles to Toronto to gather the rich pickings, due to the street car strike. There are only a bare half dozen automobiles left for hire. Big motor buses that ply between London and nearby towns have gone, and do bins is once more on the job. It is estimated that close to 100 vehicles have gone east.

OTTAWA INQUIRES INTO BOOT PROFITS

Makers Say Profits on a Pair Vary From Six to Thirteen Cents.

ALSO RUBBER FIRMS Report U. S. Rubber Co. Controlled Stock of "Canadian Consolidated."

Ottawa, June 25.—T. H. Reider, recently appointed president of the Ames-Holden-McCreedy Company, and until then a director of the Canadian Consolidated Rubber Company, stated to the cost of living committee of the commons this afternoon that the United States Rubber Company controlled the stock of the Canadian Consolidated. He also said that during the last few years the cost of crude rubber had declined. In 1912 it was \$2.10 per pound, and it was now 39 cents per pound. The cost of rubber goods had not advanced in the same ratio as leather goods, and had not gone up to the retailer more than 25 per cent. Prices charged by different firms for their rubber goods were the same; the largest company made its prices and the others followed.

Tariff Had No Effect. N. D. Deweller, of the Hydro City Shoe Manufacturing Company, of Kitchener, Ont., which has been in business for 22 years, declared that the profits did not quite average 6 per cent. The profits on a pair of shoes were less than 10 cents.

So far as his line of goods was concerned, the tariff had no effect in prices. There might be competition in the market removed, but prices would not lower.

Thomas Sullivan, of E. T. Wright & Co., St. Thomas, who was member of the committee on the clearness and definiteness of his statement, said his company was a branch of an American company in Brockton, Mass. It had been doing business at St. Thomas since 1912.

Until 1915 the losses amounted to \$47,743, but since 1915 they have averaged \$43,350. The profits in recent years were due to the larger volume of business and the rise in prices. He stated that the net average profit was 8 per cent. on the turnover. As to materials some lines were about the same price in Canada as in the United States, but in other lines the price were from 20 per cent. to 40 per cent. lower across the border. His company did direct to retailers.

THE STRIKE SITUATION

The conciliation board hopes to reach a decision today. The city will today ask the railway board to operate the cars. All the strike-breakers are said to have left the city. No cars ran last night and little chance of any today. Premier Hearst says his government cannot interfere in the strike.

RIOT AND ROBBERY IN BERLIN STREETS

Marauders, Plundered Shops and Attacked Citizens, and Troops Fired on Crowds.

Berlin, June 25.—The streets of Berlin were scenes of rioting and plundering last night and this morning. Incited by speeches from agitators in Alexanderplatz, mobs attacked and looted pedestrians and maltreated isolated soldiers. Troops sent to Alexanderplatz were fired upon by crowds of the streets and from the roofs of buildings; they finally succeeded in clearing the streets. Elsewhere in the city bands of marauders robbed shops, and attacked citizens, firing their pistols. The streets were notably disorderly. Street cars were held up, and the passengers' pockets and stoles were rifled. Here, also, soldiers were beaten and shots were fired from roofs and windows and the soldiers returned the fire. After daylight this morning the city was quiet, but at noon the police appealed for troops, as the crowds were gathering once more. Four thousand workers in the shops of the "Gruenewald" railroad had struck. Troops have occupied the Goeritz and Stettin stations, which are still being used by the public.

BRITAIN FAVORED FLEET SURRENDER

French Authorities, However, Opposed It as Likely to Delay the Armistice.

Paris, June 25.—The council of three, composed of Premiers Lloyd George, Clemenceau and President Wilson, at its meeting today discussed the possibility of the German fleet at Scapa Flow, according to the Paris office of Reuters, Limited. The council had before it and examined fully, it is added, the facts relative to the very purpose of the armistice the surrender of the German ships was suggested. The following statement, the news agency says, may be regarded as an official explanation: "At the time of the signing of the armistice, the British admiralty and the British government strongly urged that the German ships be surrendered. The French military authorities, however, put forward the view that for the purpose of the armistice the surrender of the German ships was not absolutely essential. They were most anxious that the armistice should be concluded, having regard for the very serious loss of life daily on the western front. Insistence upon surrender of the fleet, they felt, might delay the signing of the armistice. This view was supported by Admiral Benson (American naval representative in Paris). "Ultimately a compromise was reached providing for the internment of the ships in a British port."

SUGGEST NATIONAL COUNCIL OF LABOR

Guelph Workers Propose Plan to Maintain Solidarity of Toilers.

Guelph, Ont., June 25.—The following resolution, dealing with the Canadian labor problem, was passed and will be sent to the Trades Congress and also the trades councils of Ontario by the Guelph Trades and Labor Council: "That whereas the present industrial unrest is now spreading over the Dominion of Canada, resulting in strikes, both orderly and sympathetic, it is revealing to us in a manner both plain and unmistakable that there is a grave need for a vital change in our present attitude and organization of the labor movement in Canada. It is the duty of the laborer to maintain and make effective, and the great body of organized workers are to be kept as a well ordered and disciplined force. "And, whereas, there are only two ways of giving expression to working class aspirations, namely, by our ballot or by industrial action and the right to strike. Realizing also that the general strike is the most potent weapon at the disposal of the laborer and when effectively used is a constructive and beneficial force to them, and realizing also that the movement of the Canadian labor movement arises largely because of the fact that there is no machinery that can make operative the full power of the labor movement in Canada. "Therefore, be it resolved that the Guelph Trades and Labor Council desire the Dominion Trades and Labor Congress to take immediate steps necessary to bring into line the various interests involved, the A. F. of L., industrial unions and Canadian organizations, to form a national council of labor that shall have mandatory power to take concerted action on behalf of Canadian labor when the course of events may justify the taking of such action, so that in all matters affecting Canadian labor the full and undivided strength of Canadian labor may be applied."

AGREEMENT REACHED WITH PAPER MAKERS

New York, June 25.—Announcement was made here today that an agreement had been reached between the corporation and the labor unit employed in the manufacture of paper, in the chamber today calling for the destruction of the German national monument on the Niederwald, commemorating the founding of the German empire so as to punish German pride and to answer the destruction of the fleet at Scapa Flow and the burning of the French battle flags of 1870.

WOULD DESTROY THE MONUMENT TO FOUNDING OF GERMAN EMPIRE

Paris, June 25.—Deputy Peyroux of the federated republican groups in the chamber of deputies and several of his colleagues introduced a resolution in the chamber today calling for the destruction of the German national monument on the Niederwald, commemorating the founding of the German empire so as to punish German pride and to answer the destruction of the fleet at Scapa Flow and the burning of the French battle flags of 1870.

STRIKE-BREAKERS FLEE FROM TORONTO FEARING REPRISALS

The five aces and official inaction! By the Toronto Railway agreement with the city, crystallized into an act of the Ontario legislature, it is provided that until the expiry of the franchise contract in 1921 every one is entitled to: (1) Eight red tickets for 25c, good in prescribed hours, morning and evening, good for people going to and from work, six days a week; (2) Twenty-five yellow tickets for \$1, good for any trip; (3) Six blue tickets for 25 cents, good for any trip; (4) Ten pink tickets (school children) for 25 cents; (5) Seven white tickets for 25 cents, good on Sundays. A subsequent agreement with the city guarantees: (6) Seven white tickets for 25 cents, good on Sundays. A right of transfer goes with all these fares or tickets. These are the five aces in the hands of every citizen as against the efforts of the company and its friends, of certain newspapers, to have wiped out as a whole, with possible exception made of the red and the pink tickets. For all others a straight five-cent fare every day of the week is to be taken from the public. These fares cannot be taken away from the public by (1) the Railway and Municipal Board, or (2) by any Board of Conciliation or regard to wages, or (3) by the city council or anyone else. Even the legislature cannot do it without a breach of faith with the public.

By another law of the province, can Toronto or any other city make a new deal in regard to a street railway franchise without obtaining the approval of the Hydro-Electric Commission and a vote of the people. The Toronto Railway must carry out this agreement. The city council must insist on their doing it, if they fall down in it. Then it is the duty of the municipal and railway board to compel the railway company to do it, and it has the full powers of a court in this respect, or, failing that, it has full power to take over the road and fulfill the obligations to the public, or appoint some official to do it in its behalf.

Why, then, does the Toronto Railway Co. not carry out its contract? Why do not the mayor and council ask the board to enforce the contract? Why does not the municipal and railway board discharge its duty and enforce performance, when it has been asked by the city to do so?

At today's meeting of the board of control the mayor will move that the Ontario railway board be asked to operate the railway with the old employees. As Mr. Fleming is the old man, he will be asked to operate the line—and "forthwith" means, immediately, directly, instantaneously—the board may favorably consider the application for a service on his behalf.

Another motion by the mayor is for the city to ask Sir Adam Beck on behalf of the Hydro-Electric Commission. This proposal will be strongly fought by the board of control, although it is said the majority of the council are in favor of it. The board of conciliation sat yesterday morning, afternoon and evening. After listening to a lot of evidence, including that of Mr. Hubbard of the railway company, who stated the company could not pay the increase, the committee adjourned until this morning.

Several hundred people gathered around the Lansdowne car barns at 7 o'clock, where it was rumored that an attempt was to be made to raid the barns and capture the strike-breakers who had turned the hose on the crowd Tuesday night. The strike-breakers, fearing that trouble would be their portion, fled.

MAJOR TOLMIE OR HARTLEY DEWART

Choice of Provincial Liberal Leader Narrowed to Two Nominees.

The choice of a provincial Liberal leader lies between H. H. Dewart, K. C. Toronto, and Major Tolmie, Windsor. Mr. Dewart will receive the majority of votes from Toronto and York, the north and the east. Majorities from the middle and west may go to Major Tolmie. The decision depends on the Ontario delegates. Wm. Proudfoot's name will go to the Toronto Railway Company, Sir Adam Beck will be asked to take over the system at a fair price. It is understood that the Dominion Government will co-operate hereafter with the Hydro-Electric in respect to the development and distribution of electric power in the St. Lawrence valley. That, when the old Grand Trunk is taken over, a number of branch lines will be turned over to the commission for electrification and operation.

SHOOTING FACTORY WINDOWS. EVERY WORLD READER CAN SHARE IN AWARDS

Herbert Gough, 14 Widmer street, was arrested last night by Detectives McConnell and McMahon charged with discharging a shotgun at factory windows with a rifle. When arrested, the police found two rifles in the boy's possession.

\$5000 Home and Four High-Grade Autos Head \$16,000 Prize List in "Salesmanship Club" Circulation Campaign.

The World's "Salesmanship Club" announcement in Wednesday's paper created a great deal of interest. Progressive club members began telephoning and calling at the office of the "Salesmanship Club" department early Wednesday morning, and thruout the day the club department was busy answering inquiries. It was to be expected that the announcement would create unusual interest, for an offer to give away \$16,000 in valuable and desirable awards is not an every day affair, especially when one considers that these big prizes are to be won within a few short weeks. The campaign ends Aug. 29. Every Reader Eligible. Every reader of The World is invited to become a member of the "Salesmanship Club" and participate in the splendid prize offering. And women alike are eligible to enter, on the more meritorious. There are fitting rewards for everyone. The first award, a \$5000 home, goes to the member who has the greatest number of credits at the close of the campaign. The winner of this prize can select any home or farm in any part of the territory covered by The World that can be purchased for \$5000 and The World will pay for it. Autos and Prizes Galore. The member who closes in second place will be given a \$2125 Chalmers Touring Car. The third award is a \$1510 Briscoe Touring Car. The member who runs fourth will be the winner of a \$1385 Maxwell car, and the

fifth highest club member will be given a \$175 Bristol Touring Car. There are also 50 prizes which will be in the form of merchandise orders, ranging in value from \$100 down to \$25. In all there are 51 awards.

Every active member who does not win one of the awards will be paid a cash commission of 10 per cent of the subscription money collected. An active member is one who turns in at least one subscription each week during the last two weeks of the campaign.

Don't Delay Entering.

Any who are interested in this big undertaking should not delay entering their names as members, for those who enter early have a very great advantage.

As a special reward for the best work during the early part of the campaign The World is offering \$1000 in cash in extra awards. Five hundred dollars will be given to the member outside of the city of Toronto who earns the most credits from the start of the campaign until July 30; \$500 will be given to the member in the city of Toronto who earns the most credits from the start of the campaign until July 30.

With a proposition so liberal there is little reason why anyone should hesitate to enter, and it is a foregone conclusion that by the time the first list of members is published every part of the city of Toronto and every part of Ontario will be represented by some wideawake member.

How to Enter.

All that is necessary to do to become a member of the "Salesmanship Club" is to send in the name and address on one of the entry blanks, which is published in every issue of the paper. If the entry blank is accompanied by a subscription for any length of time 15,000 extra credits are given, which, together with the 5000 allowed on entry, starts the candidate off with over 20,000 credits.

The office of the "Salesmanship Club" department is open until 9 p.m. and The World will be glad for everyone who is interested to call for further information. Those who cannot call should phone or write and receipt books and full information will be sent without delay.

STOCKMEN AGREEING.

The Union Stock Yards board of conciliation is progressing in its attempt to lighten the path of all concerned.

The men will be furnished a lunch-room; more lockers will be installed for the convenience of the employees; and Saturday half holidays will be the order of the future.

YORK COUNTY AND SUBURBS

WEST TORONTO BACK TO BRITAIN, LAND OF FREEDOM

Thousands of British Leave With No Intention of Ever Returning.

"Fully 90 per cent. of the Britishers, English, Irish, Scotch and Welsh who purchase ocean tickets in our office are not coming back," declared A. Plenty, of the West end shipping agency of Plenty and Wilson, West Bloor street, speaking of the emigration situation to The World yesterday. "Conditions generally in Canada instead of improving are getting worse and the British people object strongly to professing in their necessities of life, and the prohibition act about which they were not consulted. They feel it as a taking away of their freedom as British subjects. They are going back to their own country where profiteering is not so prevalent as it is in Canada and to better their conditions, and also this great country of Canada needs immigrants in the worst way of the sturdy British type, nine-tenths of my clients are leaving the country never to return."

Many are turning their attention to Australia and New Zealand where no premier or member of the cabinet is allowed to hold stocks or shares in public companies and where a labor government enforces proper labor conditions. A number have booked passages for those colonies recently. Consulting their decision," said Mr. Plenty.

EAST TORONTO

WILL INSPECT PARKS.

The parks committee will pay a visit of inspection to the parks in the east end of the city this afternoon.

RIVERDALE

LATE FRED HILTZ BURIED.

The funeral of Fred Hiltz, who died at Grimsby from septic poisoning, took place yesterday at Waterloo Cemetery. The late Mr. Hiltz is survived by his widow and three children. He was a brother of Alderman W. W. Hiltz, and resided at Grimsby.

RATEPAYERS WILL MEET.

A general meeting of the North Riverdale Ratepayers' Association will be held tomorrow evening in Frankland School, Logan avenue, when final arrangements for the big "peace celebration" in the district will be made. Dr. E. A. McDonald, president, will preside.

GREAT EXODUS TO BRITAIN.

According to the statement of H. G. Thorley, agent for the White Star Company, there is a bigger movement of passengers to Great Britain than to Canada from the old country at the present time.

DANFORTH

S. S. PICNIC AT ROSEBANK.

Danforth Methodist Sunday school picnic was held yesterday at Rosebank. There was a big gathering of pupils and their friends and a lengthy program of games and sports was carried out. Prizes were awarded to the successful contestants. Refreshments were served and an enjoyable time was spent. Aid. W. W. Hiltz, superintendent, and a committee had charge of the arrangements.

SIBLEY-TRENT WEDDING.

Miss J. Sibley and J. Trent, formerly of Newmarket, were united in marriage by Rev. R. J. D. Simpson at Danforth Methodist Church yesterday. Mrs. Sibley, mother of the bride, played the wedding march, and a number of relatives and friends were present in the church to witness the ceremony.

EARLS COURT

AGREE TO PURCHASE TWO SCHOOL SITES.

Fairbank ratepayers went on record in favor of the purchase of two school sites in the eastern and western district of Fairbank at a big representative meeting held in the Fairbank public school last night. Chas. R. Lacey, president of the Fairbank Ratepayers' Association and secretary of Fairbank G. W. V. A. occupied the chair.

Chairman of Trustees R. J. Wilcox reviewed the work of the school board and the Board of Education. He reminded the ratepayers of the growing but inadequate accommodations which will come before the board of control today, are: "That the city of Fairbank is not in a position to give all the routes of the city, and the company is not in a position to give him the protection of the whole police force, and we have only a force of 150."

HELP FOR WIDOWER.

The sum of \$15 has been handed to William McKittick, a letter carrier in the Earls Court district, as a donation towards the funeral expenses of the late Mrs. McKittick, who recently died under very sad circumstances. The amount was collected and given to McKittick by three members of the B. I. A.

SCOUTMASTER RESIGNS.

Bert Lindo, scoutmaster for the Earls Court boy scouts, has resigned the secretaryship of the British Imperial Association and will devote his entire time to the boy scout movement.

WILLIAM RUSSELL, A FORMER SECRETARY OF THE B. I. A., AND A RETURNED MAN, WILL SUCCEED MR. LINDO.

About two hundred jitneys, lorries, auto trucks, ambulances, wagons and rigs brought Earls Court street first arriving about 8.15 with a steady stream up to 8 p.m.

STREAM OF JITNEYS.

Messrs Harris, Harris Abbott and Matthews-Blackwell trucks were included in the number. The average price charged was 50 cents and all appeared to be satisfied.

THE CORPORATION OF THE TOWNSHIP OF YORK

PUBLIC NOTICE is hereby given that the Municipal Council of the Corporation of the Township of York will at a meeting to be held on Monday, the 7th day of July, A.D. 1919, at 10 o'clock in the afternoon, in the Council Chamber at 4 Jarvis Street, in the City of Toronto, consider a By-law to be passed providing for the diversion and conveying to the Ontario and Quebec Railway Company, Railway Company, portions of St. Clair Avenue, portions of St. Dundas Street and Scarlat Road, and for thereof certain lands to be conveyed to the Township by the said Railway Company, and plans of and lands to be established as highways are on file in the Office of Clerk of the said Township of York and are there available for inspection by the public.

Company Favors Commission.

From another source at the city hall it was learned after the parliament building conference that the city and the men's representatives were opposed, but that the royal commission proposed, but that the company favored it. Three members of the board of control opposed it. Controller McBride is said being in favor. Controller

CONCILIATION FAILS IN CONCILIATING STRIKE PARTIES

Mayor Would Ask Sir Adam Beck to Buy Out T. S. R.

COMMISSION REJECTED

Men Remain Firm for Demands—Board of Conciliation Adjourns.

The conciliation board, consisting of Judge Barron, F. H. Phippen and W. J. Hevey, had three sittings yesterday investigating the claims of the men for better conditions, and adjourned about 11 p.m. till ten o'clock this morning. Evidence was heard on both sides, and it is considered likely that a decision will come very soon.

At last night's sitting F. L. Hubbard, assistant general manager of the T. S. R., said the company could not pay the increase. The dividend was cut off entirely.

Mr. Hevey: You can just as easily pay 55 cents as 45 cents.

Mr. Hubbard: We cannot pay 45.

Mr. Hevey: You can just as easily pay 55 as 45.

Mr. Hubbard: I would not put it that way.

Mr. Hevey: It means you would have to get the money some way.

By Length of Service.

Mr. Phippen, referring to the 55-cent flat rate, said it seemed unfair to give the same wage right on the same day and not by length of service.

Judge Barron, the chairman, was inclined to take the same view.

John Howden, for the company, stated an eight-hour day would interfere seriously with the schedules of the company and make a lot more relief men necessary.

At the morning session the men submitted evidence showing that it now costs \$1599.98 to support for a year a family of five. Conditions on the civic car lines were compared with those on the T.S.R. to show the former were more favorable. As regards the eight-hour day discussion took place, the company maintaining this was an impossibility.

The main development at the city hall yesterday in connection with the street car strike was the proposed contained in a notice of motion by Mayor John Street to the board of control that Sir Adam Beck and the Hydro-Electric Commission be authorized to negotiate forthwith for the immediate acquisition of the Toronto Railway Company and report the terms and conditions to the city council as soon as possible.

The World was informed from a higher source at the city hall that a deal is expected in the next few months, and this has been mooted for some time.

"I have given instructions to the legal department," said the mayor, "to apply to the railway board tomorrow (Thursday) morning asking them to take over the road. An adequate service means an adequate service on all the routes of the city, and the company is not in a position to give him the protection of the whole police force, and we have only a force of 150."

"Railway If It Cannot Operate."

is bankrupt if it cannot pay a company and cannot look after its rolling stock every day. In the interests of Sir Adam Beck and asking him to acquire this road. He is a good neighbor and would make a satisfactory purser and would make a satisfactory long conference Tuesday night with Sir Adam Beck just before he went to Ottawa. His worship had been complaining for nearly three months, and he does not think he should arrive when they should not tolerate longer. He understood the company was willing to negotiate. If the railway board in the meantime takes the road he suggested that the Hydro Commission should undertake the operation.

People Must Decide.

The mayor stated that the question had been asked as to the city agreeing to raise the car fares. "I am not prepared to go that far because I have no mandate from the people. In the meantime I do not think it is necessary to call the city council into session. We will not give up negotiations until the strike is settled."

Averse to Commission.

With regard to the proposed appointment of the royal commission to show who should pay and that the award be binding, the board of control was opposed, being averse to recommending the opening up of the street railway agreement.

Stating his position with regard to the previous application to the railway board, the mayor pointed out the letter he had sent to City Solicitor Johnston to apply to the board of control to operate the cars. At the same time, but at the suggestion of Corporation Counsel Geary the board agreed to change the application to one asking the company to operate forthwith.

From another source at the city hall it was learned after the parliament building conference that the city and the men's representatives were opposed, but that the royal commission proposed, but that the company favored it. Three members of the board of control opposed it. Controller McBride is said being in favor. Controller

Robbins was present at the board of conciliation at the city hall.

Only for Two Years.

It is understood Controller Maguire asked General Manager Fleming if a royal commission were appointed he would be agree to Finance Commission, Brantshaw and an official from the railway board inspecting the books, and that R. J. replied only if they went two years back.

Mayor Church yesterday denied the story appearing in The Globe that he "backed by official and unofficial friends, has consented to lead his support to an increase in the fares charged by the street railways."

Not Government Problem.

Sir William Hearst, replying to the mayor's letter acquainting him of the decision to hold a conference at parliament buildings yesterday, wrote: "The railway board and not the executive council is the body to which the city should apply for any remedy if they feel it is entitled to. The problem is one for the city authorities, and is not one for which the government has any power whatever, and you will recollect that at the last interview it was admitted by yourself, the city council and other representatives of the city present that there was no action the government could take with advantage in the matter. Under the circumstances and under present conditions, so far as they are known to me, I know of no useful purpose that could be served by such an interview as you suggest."

Legal Aspect of Fares.

Corporation Counsel Geary was asked yesterday if the city council had of itself the power to violate the rights of individual citizens to travel on the street cars at fares higher than those mentioned in the street railway contract. The reply was that he was not in a position to give an opinion at present and such a matter would be one for the board of control first.

SUMMER RESORTS SLEEPING CAR SERVICE.

Comencing Friday, June 27, sleeping cars will leave Toronto via Grand Trunk Railway at 11.30 p.m., daily except Saturday and Sunday, for Muskoka Wharf, Huntsville and Algonquin Park. Connection will be made at Muskoka Wharf for points on Muskoka Lakes, and Huntsville for points on Lake of Bays. On Sunday night, sleepers will leave Toronto at 9.15 p.m., making same connections.

PLEASE MAKE ONLY NECESSARY CALLS

A tie-up of street car service always means very heavy telephone traffic. It makes it very difficult also to ensure a full operating staff at each of our ten Toronto exchanges.

May we not ask that until normal conditions return, subscribers make only necessary telephone calls? This will make it easier for the operators, and enable them to give better service.

DOCTORS APPEAR TO ANSWER CHARGE

Defences for Giving Liquor Prescriptions — Those Heard Exonerated.

O. T. A. DENOUNCED

Vicious Act Enacted by Bunch of Temperance Cranks, Says Medico.

Seventeen members of the medical profession pleaded guilty to a breach of the Ontario temperance act, but begged for leniency, at the second day of the annual meeting of the Ontario Medical Council of the College of Physicians and Surgeons. The ten men heard at the morning session were all exonerated; the seven of the afternoon's sitting deferred their cases until this morning, when the board will sit at ten o'clock.

The accused met the charges with defences of all descriptions. Some were threatening, others pleading and a few had an obstinate belief that they had been in the right in giving liquor prescriptions to their patients. Dr. I. N. Cherniak, of Windsor, when asked if he had anything to say, gave a definite denial of the charges made against him, but later said that if the board saw fit to deprive him of the right to give any prescriptions, he was ready to obey. The doctor stated that he had not charged for the prescriptions so was obviously not in it for the money. He discussed the benefits of liquor to a poor man after hard manual labor, and expressed the hope that the council would deal leniently with a doctor who had labored thru the flu epidemic and answered the call of the country. Then Dr. A. Ruppert took the stand and denounced vituperatively the viciousness of the O. T. A. "What is reserved for crookedness and injustice has become one of the most vicious acts ever enacted by a bunch of temperance cranks. Ninety-five per cent. of the medical men have transgressed the letter of the O. T. A. If my name is removed from the books, others will follow my example and the only men left in the medical profession will be without hearts and had better be breaking stones," was his defence. Other cases were left to be heard this morning.

Let in Veneal Drugs. J. C. Connell moved yesterday morning a substitution of the examinations of the Medical Council of Canada for those of the Ontario Council. The movement was defeated in the afternoon. A public health act was introduced by the president of the council, moving that restrictions on the importation of drugs for venereal disease be removed. It was moved and the motion carried that a laboratory should be established to analyze drugs sold on the open market and said to be weaker than advertised. The report of the examiners was adopted, showing the results of the fall of 1918 and spring of 1919. The fall exams showed 27 candidates, 20 passing and 7 failing. Spring results showed 93 entering, of which 69 passed and 23 failed.

A close vote of 11 to 10 in favor was the result of an amendment to the Canada medical act to empower the Medical Council of Canada to enter into reciprocal relations with Great Britain and foreign countries. A rider made the amendment subject to the approval of the solicitor for the council. Doctors whose cases were deferred to the morning were: E. P. Kelly, Toronto; Raymond Rhesame, Windsor; I. N. Cherniak, Windsor; A. Ruppert, Toronto; H. H. Moorhouse, Toronto; F. N. Graham, Gardiner, Windsor; D. McEdward, Hamilton. Cases which were heard in the morning session and were exonerated were: James Anderson, Hamilton; A. B. Michell, Toronto; J. P. Rankin, Stratford; J. A. Bedard, North Bay; G. A. Elliott, Toronto; W. B. Hopkins, Hamilton; J. A. Langill and A. S. Langill, both of Hamilton; A. B. Wellford, Woodstock, for B. O. T. A.; and E. Brunet, Ottawa, for unprofessional conduct.

COUNSEL BLAMES WASTE FOR WASTE

Architects Criticized at Board of Education Probe for Lack of Foresight.

At the resumption of the board of education probe before Justice Lennox yesterday, Mr. Shirley Denison, K.C., criticized the professional status of most of the building department as architects and draughtsmen, the enormous accounts for blue prints, the irresponsibility of Mr. Waste for plans and the absolute lack of foresight and necessary preliminary knowledge of the bylaws which costs the board thousands of dollars. Mr. Denison pointed out that the amounts for blue prints as shown by the first tenders were perfectly enormous. On the administration building they were \$453. On the high school of commerce and finance they reached the huge sum of \$1,050. It was also shown by Mr. Denison that the appropriation of the administration building was \$100,000; the first tenders amounted to \$216,134. The contractors' estimates exceeded the appropriations by 100 per cent. Referring to the extras at Park School, which was built on "made" ground, it was discovered suddenly,

Mr. Denison stated, that Mr. Doughty had lived on this very land for most of his life and the result was that \$6,627 was thrown away.

NEW ANGLICAN APPOINTMENTS.

Proper Thing Now Is to Peel Off Soiled Skin

Those who abhor sticky, greasy, shiny, streaked complexions should religiously use the heated days. There is no need for liz, wax, since the virtues of mercopolized wax have become known. No amount of perspiration will produce any evidence of dirt. You've been using the wax. As it is applied at bedtime and washed off in the morning, the complexion never looks like adding anything to make it worse. It has the complexion beautifully white, satiny and youthful, free from freckles and other blemishes. Just get an ounce of it at your druggist's and see what a few days' treatment will do. Use like cold cream.

Rumor That Timiskaming Line May Be Included in C.N.R.

CONTROLLERS HEAR MANY REQUESTS

Rotary Club Urge Board of Control to Seek Royal Commission.

A deputation of ratepayers from West Toronto waited upon the board of control yesterday urging that land being taken over on Lincoln avenue by the Toronto Housing Commission be utilized for park purposes. It was decided to confer with the commission on the matter.

Another deputation waited on the board to oppose the opening of Fairmount crescent which, it was claimed, would only benefit the property owners. The board will take the matter up today.

A letter was read from the Toronto

REPATRIATING CANADIANS.

London, June 25.—It was officially stated in the house of commons today that by June 30 82.2 per cent. of the Canadian army will have been repatriated. It was stated that 235,000 Canadian soldiers will have been sent home by June 30.

HIGH COST OF LIVING COMMITTEE MEET

"Nine-tenths of the unrest in Canada is due to the way profiteers have been allowed to flourish in the land," said Mayor Church at the second session of the local high cost of living committee, held in the city hall yesterday, when only five members were present.

The mayor read a message from Ottawa asking citizens to furnish as much data as possible regarding the wide spread of prices between producers and retailers' figures for such articles as boots and shoes, clothing, meat and meat products, flour, cereals, milk and bread.

Major J. R. Bell feared the local committee was rather a failure, and J. V. Conroy of the G.W.V.A. doubted whether they had any power.

Dr. Hastings and others urged the continuance of the committee, and this was agreed to.

CONFERENCES.
The shifting of the scene of the street railway troubles to the parliament buildings was likened by one of the delegates to the "last straw," and even those responsible for the gathering never appeared optimistic over the outcome. However, the stage was set in the premier's office at 2 o'clock. Sir William's office at 2 o'clock. Sir William's office at 2 o'clock.

ROYAL COMMISSION URGED.
The World representative was by some tactful manoeuvring, able to get a good idea of what happened in the conference. Of course, it was all talk, and as the premier remarked, "nothing concrete" resulted. It was certain, however, that Mr. Dunstan's commission for the cabinet, of a royal commission by the cabinet.

ARBITRATORS SUGGESTED.
There was a consensus of opinion permeating the conference, it was stated, that the men were entitled to more money and to shorter hours. Failing the royal commission, a board of arbitrators was suggested, but this did not settle in concrete form, although it was said something further may be heard about it.

R. J. WOULD START CARS.
Mr. Fleming was not inclined to talk as he came out beyond stating that he had issued instructions for the cars to commence running at 5 o'clock with police protection. "We will be operating cars tonight," he said. "And the railway board will be operating them tomorrow," remarked Controller Maguire.

NOT ON YOUR LIFE.
"Not on your life," rejoined "R. J." Mayor Church was not inclined to talk at this juncture. He would only say what was known already, that Mr. Dunstan had suggested a royal commission and that Controller Maguire wanted all the facts of the railway company examined.

ORDER OF THE ONTARIO RAILWAY BOARD.
The order of the Ontario railway board in reply to the request of the city to run the street cars "forthwith" is again in operation, the suspension of the instructions expiring at 5 o'clock yesterday afternoon.

IT IS CONSIDERED LIKELY, however, that the board will await another application from the city before taking any action by running the cars and taking over the railway company.

IN ANY CASE THE MEMBERS OF THE RAILWAY BOARD will be absent from Toronto from tonight until about Saturday morning, their presence being necessary in Ottawa to dispose of a few cases awaiting their decision.

PREMIER PASSES BUCK TO BOARD

Quotes His Worship's Recent Words Regarding Government Interference.

ANXIOUS TO HELP
But Anxiety Ends in Smoke, Owing to Lack of Powers.

"No concrete result was achieved" was the comment of Sir William Hearst to the newspapermen after a joint conference consisting of members of the government, the board of control, board of trade, labor men and others, held in the premier's office yesterday afternoon.

K. J. Dunstan suggested a royal commission, which the premier had on a previous occasion intimated the government had no power to appoint, and that idea collapsed. Then R. J. Fleming, when he came out of the conference, announced that with police protection the cars would begin running at 5 o'clock. In any case, the whole gathering was devoid of anything of a practical character. It ended, as most people predicted it would, in the proverbial smoke.

SCENE OF TROUBLE CHANGES.
The shifting of the scene of the street railway troubles to the parliament buildings was likened by one of the delegates to the "last straw," and even those responsible for the gathering never appeared optimistic over the outcome. However, the stage was set in the premier's office at 2 o'clock. Sir William's office at 2 o'clock. Sir William's office at 2 o'clock.

ROYAL COMMISSION URGED.
The World representative was by some tactful manoeuvring, able to get a good idea of what happened in the conference. Of course, it was all talk, and as the premier remarked, "nothing concrete" resulted. It was certain, however, that Mr. Dunstan's commission for the cabinet, of a royal commission by the cabinet.

ARBITRATORS SUGGESTED.
There was a consensus of opinion permeating the conference, it was stated, that the men were entitled to more money and to shorter hours. Failing the royal commission, a board of arbitrators was suggested, but this did not settle in concrete form, although it was said something further may be heard about it.

R. J. WOULD START CARS.
Mr. Fleming was not inclined to talk as he came out beyond stating that he had issued instructions for the cars to commence running at 5 o'clock with police protection. "We will be operating cars tonight," he said. "And the railway board will be operating them tomorrow," remarked Controller Maguire.

NOT ON YOUR LIFE.

ORDER OF THE ONTARIO RAILWAY BOARD.
The order of the Ontario railway board in reply to the request of the city to run the street cars "forthwith" is again in operation, the suspension of the instructions expiring at 5 o'clock yesterday afternoon.

Under instructions, kindly requested them to "get," which they did. The conference then proceeded in camera. It was 2:15 when the various sections began peppering the premier with all sorts of suggestions and arguments. After about an hour one faction adjourned to the anteroom, evidently to settle one of their own particular points. In a few minutes they were back again with the main body.

SOCIETY

Conducted by Mrs. Edmund Phillips.

A marriage took place yesterday morning in the Church of the Holy Name, Parkdale, at 10:30 o'clock, the Rev. Fathers Coyal and McGrand celebrating the nuptial mass. The altar and chancel were decorated with roses, carnations and gypsophylla, and the service was musical. Miss O'Donohue singing the Ave Maria, when Hilda Margaret Catherine, daughter of Mr. and Mrs. William Clarke, Beauty avenue, was married to Mr. L. P. Leonard, Detroit. The lovely fair-haired bride who was brought in and given away by her father, wore a short frock of ivory crepe trimmed with crepe. Her tulle veil made the train and was surmounted with a wreath of orange blossoms and a coronet of antique pearls. She wore a single stone diamond ear-rings from her mother, and she carried a bouquet of sweethearts roses and white roses. She was attended by two bridesmaids, Miss Kathleen McGuire, Detroit, who wore maize silk with satin trim, and a bridesmaid in blue and white, and Miss Kathleen McGuire, who was in white silk net over satin and a blue sash and a white lace hat. They carried bouquets of sunset roses and wore the same as the bride. The groom was in a tuxedo, and the ceremony was performed by the Rev. Father Coyal. After the ceremony Mrs. Leonard, who was seated at the head of the table, gave a reception for the immediate family, when about forty-five sat down to breakfast. The hostess wearing a very becoming gown of grey satin embroidered with silver, and a black hat with grey plumes, and a bouquet of orchids. The table was decorated with pink roses and baby's breath. An enormous salmon trout was served whole. Later in the morning the bride and groom left by motor for Atlantic City. Mrs. Leonard travelling in a tailor-made of champagne broadcloth with blue and white ribbon, and a white hat with blue and white ribbon. On their return from a month's trip they will live at the Palma, Detroit. Among the relations at the wedding were Dr. and Mrs. MacGuire, Clarke City; the latter in black and white embroidered net headed, and hat to match. The bride's grandmother, Mrs. MacGuire, Detroit, was in black satin and a black lace bonnet and orchids. Mr. and Mrs. Leonard, Detroit, parents of the groom, the latter wearing brown broadcloth with white and black ribbon. Mrs. Leonard carried a bouquet of roses. Mr. James McGuire, navy blue broadcloth, white and blue ribbon, and a black hat with white crepe. At the breakfast there were many speeches and good wishes. On many away the bride dropped her bouquet over the stairs, and it was caught by her cousin Miss Violet Evans. Mrs. William Hendrie were in town from Hamilton this week. Major J. V. Plummer is at the Chateau, Ottawa. Miss C. E. Fell has arrived at Letley, Niagara-on-the-Lake for the season. Captain Thomas Carlyle McGill has arrived in town from Siberia, returning with General Elmsley whose staff he was on. Captain McGill is with Mrs. McGill in Bloom street for the present. Mr. and Mrs. R. Y. Eaton and their children returned from California via Vancouver last Saturday, and on their arrival found their house and grounds at Port Credit gaily decorated with flags and flowers to welcome them home. Col. J. G. Clarke has returned from Siberia and is with Mrs. Clarke at the Hampton Court. The Misses Gladys and Willow Gage have returned from a three-weeks' visit to Chicago.

Be Fair in Ordering Coal

Of the three domestic sizes of coal—nut, stove, egg—the mines produce less than 30% of stove.

Yet the people of Toronto order 85% of stove size from the dealers.

It is obvious how this causes delay in the delivery of coal.

Egg coal is the right size for large furnaces.

Egg and stove mixed for medium furnaces or egg and nut mixed.

Nut and stove mixed for small furnaces.

Tell your dealer to send one of these combinations and he will deliver it promptly.

MOTORISTS CAN HELP TO RELIEVE SITUATION

Motorists can help to relieve Toronto's transportation troubles during the street railway strike by giving pedestrians a lift. Many motorists are already acting in the manner suggested, but Secretary F. G. Morley, of the board of trade, remarked yesterday that it was a very common sight to see the driver of a motor car proceeding along in solitary state when it would cost him nothing to offer a ride to passers-by and be speeding them along toward their destination.

COLONEL CHANDLER APPOINTED.

Col. Alfred Chandler, of the Salvation Army, was installed as territorial secretary for men's work and also in the new office that has just been opened for the Salvation Army Hotel, King and Church streets, last night. Col. McMillan, chief secretary, officiated at the meeting and the staffs of the men's social work department, and military and repairation department, besides the members of the headquarters staff, were present.

LIBERAL LADIES ON VITAL PROBLEMS

Standing Vote Shows Large Majority Against Senate's Prohibition Vote.

W. T. R. Preston gave the Liberal ladies a short lesson in political organization at their meeting last night.

Mrs. Ballantyne, presided. The discussion was free to all subjects, but prohibition and the soldiers figured most prominently.

The women's program included legislation (1) to improve the moral, social and industrial condition of women and children...

Child of Party. Mrs. Hisslop claimed prohibition as the child of the Liberal party. She regarded it as the most important question confronting the people of Ontario...

A resolution was then carried pledging the Liberal party to progressive temperance legislation to the limit of provincial jurisdiction...

Mrs. G. C. Cumming, Brockville, said women would not wish anyone to die on account of a little whiskey. The English found beer a food, and as such were entitled to a little of that beverage.

The resolution in favor of mothers' pensions carried unanimously. A resolution of unqualified indignation at the action of the senate on the prohibition bill carried by a standing vote, with a section of dissenters.

A message of sympathy to Lady Laurier was entrusted to Mrs. McVeity of Ottawa.

(his own statement), he stated yesterday afternoon that he had made seven dollars from seven o'clock up to one in the afternoon. He knew that there were at least 500 cars imported from Hamilton. It was an unfortunate fact, he said, that many would-be jitneyists who had started out with the intention of becoming millionaires in a small way had had the misfortune to lose at least two tires. Two tires at \$20 the tire was expensive in three days, no matter how large the receipts. And receipts did not at the best average more than \$15 a day.

Imported jitneys are undoubtedly among those doing a great trade in fares. One man who has been with five of the seven were in uniform, but the police charge that none had been those held in No. 7 police station. Herbert Sheehan, 165 Shanly street; James Earl, 133 Withrow avenue; Geo. Woodward, Chester street; Thomas Osler, Arthur Ringward and Thomas Sowden. The last five are attached to a military hospital on Christie street.

Police reserves were held in Osgoode station in readiness for rioting. Assistant Deputy Chief R. Geddes was in charge of the police and he had a strong force of mounted and foot men in the vicinity of the barns. The crowd was taken back from the barns to enable the mounted constables to strike off the crowd.

At 5:30 some of the men in the crowd expressed the opinion that strike-breakers were in the crowd. A committee was formed and taken to R. J. Fleming by Deputy Geddes. Mr. Fleming said that they had all run at the barns and inspect for themselves. Mr. Geddes agreed to accompany the committee, and they walked in police division, and they walked in police division, and they walked in police division.

Many wild rumors of what was going to happen were spread broadcast during the afternoon. One was to the effect that a car would leave the Lansdowne barns at 5 o'clock. Another was that a number of persons were in the vicinity of the barns to blow the cars up in the event of an attempt being made to bring one out on the street.

Insofar as the police had knowledge, there was no intention on the part of the company to operate cars yesterday. Tuesday night all reserve arrangements were cancelled for yesterday. Last night, however, an extra night reserve was called out. The night reserve was divided into two divisions. Bedding was furnished by the police for the constables to sleep on. Early in the evening, everything was reported quiet in the west end, and policemen who had been on duty all day were allowed to return to their homes.

Excitement was at a high pitch at about 5 o'clock yesterday afternoon at the Lansdowne barns upon the receipt of news that R. J. intended to run cars at that hour or at 6 o'clock. At 6 o'clock there were more police gathered together than strikers and sympathizers. Easily forty to fifty policemen were on the scene, and indications were that something was to be attempted. This prophecy did not materialize. Instead, it was noticed that four automobiles took away twenty strike-breakers. Assistant Deputy Chief Geddes stated to The World that no crowd was run at any time during the night. Every precaution was taken by the police to clear the streets.

Reliable information was received to the effect that a large number of strike-breakers had fled the coop, and that those remaining, numbering forty men, had been evacuated from the barns they had inhabited fearfully for three days past.

No Surrender. Members of the Toronto railwaymen's executive were of one mind yesterday afternoon respecting the quick change temperatures prevailing among the civic and other authorities relative to the question of the strike.

LILY WHITE Corn Syrup

For Preserving Thousands of the best house-keepers have discovered that using half sugar and half Lily White Corn Syrup makes preserving more uniformly successful.

To start with, the consistency is bound to be just right from the very nature of the syrup; there is no danger of the preserves crystallizing; the syrup brings out the natural flavour of the fruit; the keeping quality is excellent; and the preserves do not have the cloying sweetness of all sugar.

For better preserves, use Lily White Corn Syrup. Sold by grocers everywhere in 2, 5, 10 and 20 lb. tins.

\$1,000 IN CASH EXTRA AWARDS FOR EARLY WORK

Two \$500 cash awards will be made as follows:
 \$500 to the member outside of Toronto who earns the most credits from start of campaign to 11 p.m., July 30.
 \$500 to the member in the city of Toronto who earns the most credits from start of campaign to 11 p.m., July 30.

FIRST GRAND CAPITAL AWARD A \$5,000 HOME OR FARM

The club member who closes the campaign with the greatest number of credits will be allowed to select any home or farm in any part of the territory covered by The World that can be purchased for \$5,000 cash, and The World will foot the bill.
 If the winner should prefer a home that can be purchased for less than \$5,000, he can have the difference in cash. Or if a home costing more than \$5,000 should be selected, The World will pay \$5,000 on such a home.

HOW AWARDED

The club member who has the greatest number of credits at the close of the campaign will be the winner of the \$5,000 Home.
 The member who has the second greatest number of credits, will be the winner of the \$2,125 Chalmers touring car.
 The member who closes third will be the winner of the \$1,510 Briscoe touring car.
 The one who closes in fourth place will be the winner of the \$1,390 Maxwell touring car.
 The \$1,375 Briscoe touring car goes to the fifth highest member.
 After the grand prize winners have been eliminated the highest member in each of the eighteen districts will be given a \$100 merchandise order.
 The second highest member in each district will be given a \$50 merchandise order.
 After the grand prize winners and the district prize winners have been eliminated the fifty next highest candidates in the field at large will be given a \$25 merchandise order.

THERE ARE NO LOSERS!

Every active member who does not win one of the 91 awards, will be paid 10 per cent. commission on all subscriptions collected.
 An active member is one who turns in at least one subscription each week during the last two weeks of the campaign.

SECOND GRAND CAPITAL AWARD

\$2125 CHALMERS TOURING CAR.

Purchased From and Can Be Seen at UNITED AUTO SALES, LIMITED.

WHAT TO DO, AND HOW TO DO IT

All that is necessary to do to become a member of the "Salesmanship Club" is to clip out the entry blank, fill it in with your name and address and mail or bring it to the "Salesmanship Club" department of The World. This starts you off with 5,000 credits.
 As soon as your entry is received, you are immediately supplied with receipt books, free printed matter and all that is necessary for you to have in order to start to work at once.
 The office of the "Salesmanship Club" is open every week day, 8.30 a.m. to 9.00 p.m., and members of the Club or any one interested in knowing more about this big proposition are welcome to call at any time.
 After you have enrolled your name as a member of the Club, you should let all of your friends know that you are in the campaign to win one of the big prizes and that you expect their support in the way of giving you subscriptions to The World.
 Credits are obtained by securing paid-in-advance subscriptions to The Toronto World (daily edition), from either old or new subscribers, for any length of time, from three months to two years.
 If the entry blank is accompanied by a subscription for any length of time, 15,000 extra credits are given, which, together with the entry blank, makes 20,000 credits besides the regular number allowed for subscriptions. A very nice start in the big prize race.
 The advantage of an early start cannot be emphasized too much, for those who enter right now and lose no time in starting an active campaign will have by far the best of it.
 Then there are the two \$500.00 extra cash prizes which are offered for the best work done up to July 30th.

THIRD GRAND CAPITAL AWARD

LIVE STOCK MARKET.

With a run of 800 fresh cattle on the Union Stock Yards market yesterday, coupled with an active demand, the market was strong and active, and it is probably not too much to say that it practically recovered all or nearly all of its decline of from 50c to 75c on Monday.

All classes of butcher cattle sold well, and this may be said to be true of all kinds of cattle. On the market there was a good clean-up, trading being well over by the noon hour.

In the small stuff the general run was 2 1/2c to 3c, choice light yearlings sold at from 1 1/2c to 1 3/4c, light heavy weight butchers sheep 3/4c to 1c, heavy fat sheep 7/8c to 1c.

In the calf market choice veal sold at from 1 1/2c to 1 3/4c, medium veal 1 1/4c to 1 1/2c, and common veal from 1 1/4c to 1 1/2c per lb.

In the hog market the general run was 2 1/2c to 3c, choice light yearlings sold at from 1 1/2c to 1 3/4c, light heavy weight butchers sheep 3/4c to 1c, heavy fat sheep 7/8c to 1c.

COMMONS AIMS TO END SESSION JULY 5

(Continued From Page 1).

Robb, designed to kill its vital clause, the government majority being 29. Estimates voted before the house rose, included the twenty-five million dollars covering the soldier land settlement scheme for the current fiscal year, and upwards of three million dollars for Dominion lands and parks.

Mr. Meighen introduced a bill to amend the judges act. The bill will increase the salaries of county judges from \$3000 to \$4000. King's bench judges of the western provinces and of Nova Scotia and New Brunswick will receive an increase of \$1000 wherever that is necessary to place them on a level with judges of corresponding rank in Ontario and Quebec.

Hon. Rodolphe Lemieux drew the attention of the prime minister to the fact that extracts from the report of Colonel Bruce on medical conditions overseas had appeared in the press and were being published in book form. In view of this he asked if the government would table the Bruce report.

Sir Robert Borden replied that he had outlined the position of the government some time ago and for the moment could not think of any reason why that position should be changed. However, Mr. Lemieux's suggestion would be considered.

Third reading was given to the act to amend the business profits war tax act, and also to the bill to amend the income war tax act. Second reading was given to the bill to amend the customs tariff act.

Hon. J. D. Reid informed the members of the commons and senate on the railway bill had been held. The managers of the committee from the senate had agreed to recommend to that body the passage of clause 325 respecting the railway tickets and all information, apply ticket officers, 53 East King street, and Union Station.

In police court yesterday morning, John White of this city was fined \$100 and costs of twelve months' imprisonment for failing to report for military service.

SHIRKER UNDER M.S.A. In police court yesterday morning, John White of this city was fined \$100 and costs of twelve months' imprisonment for failing to report for military service.

DEMAND IS ACTIVE FOR PETERSON LAKE

Peterston Lake fairly dominated the mining market yesterday, transactions in this issue running to 50,000 shares and bringing about an advance of two points to 13 1/2. It appears as though the company has turned the corner, now that the management is working in harmony and the ownership of valuable mines has been decided in its favor by the highest court at the land. The directors have just returned from a trip to the property, and the buying yesterday was inspired by the favorable aspect of affairs at the mine. It is estimated that the value of at least 200,000 shares, and the movement now begun may be carried considerably farther.

ON CHICAGO MARKET

Hughes, Harcourt & Company, 307 Royal Bank building, received the following wire at the close of the Chicago market yesterday: Corn was weak, a shade easier at 1 1/4, and Ophir at 4 1/2. Report of the discovery of a new vein around Yacum prompted some buying at 2 1/2. It is announced that an aggressive campaign of well-sinking is under way at the property, under the direction of the New York interests in control.

SOME MATERIAL GAINS IN MONTREAL MARKET

Largest Advances for Day Are Credited to Stocks Not Recently Active.

Montreal, June 25.—With an expansion in business of some 4000 shares over the previous day, prices on the local stock exchange today continued to show imposing gains for the most part, although in one or two instances material declines were scored, an instance being a 1 1/2-point decline in Dominion Bridge from the previous last sale earlier in the month. Today's price was at par, the largest gains for the day were credited to stocks not recently active, such as Goodwin, Tooke and Ogilvie. Nearly 200 shares of Goodwin's sold at 15 to 17, with the close at 16 1/2, a net gain of four points, and over 400 shares of Tooke's sold at 40 to 43, with the close at 42 1/2, a net gain of 6 1/2 points.

MONTREAL PRODUCE MARKET.

Montreal, June 25.—In spite of the renewed strength in oats in the option market, cash prices were weaker and scored a further decline of 1/2 to 1 1/2c per bushel, but the demand at this reduction was very limited from all sources for supplies, and business was slow, with car lots of extra No. 1 feed quoted at 87 1/2c per bushel, and to arrive by rail, at 87c. No. 1 feed at 86 1/2c; No. 1 feed at 84 1/2c, and No. 2 feed at 80c; and Ontario No. 3 white, to arrive by rail, at 87 1/2c. The market for barley was also weaker, and 2c per bushel lower; extra No. 3 Ontario being quoted at \$1.42, and No. 3 at \$1.41, to arrive.

NO B. & O. DIVIDEND. The directors of the Baltimore and Ohio Railroad adjourned their meeting here today without taking any action by the dividend.

CEMENT IS HIGHER: STEELS ARE EASIER

Spanish River at Highest Price in Years—War Loans Dull.

No definite trend was apparent in the Toronto market yesterday, such representative issues as the steel stocks and Brazilian moving narrowly, while, on the other hand, Cement was noticeably strong and Spanish River sold at the best price in years. There was little in the course of New York stocks to give an impetus to trading locally. Dominion Iron, the only one of the steel issues to show a fair measure of activity, displayed early strength at 67 1/2, but weakened to 67, the net loss being 1/2. Steel of Canada at 72 1/2 also showed a net decline of 1/2. Brazilian yielded from 59 1/2 to 59 1/4. Cement, after a firm opening at 45, advanced to 49 1/2, the net gain being 1/2. Spanish River at 85 compared with 82 1/2 bid on Tuesday. Maple Leaf Milling was unaffected by the revelations respecting profits made at the federal investigation, and sold unchanged at 157. Toronto Railway at 41 was stationary.

Total gold holdings 1,311,300,000 marks.

New York Curb

Special to The Toronto World. New York, June 25.—The outside market was fairly active and steady. Prices were irregular, and fluctuations were not wide. It was a "traders' market" almost exclusively. The oil stocks continued to be the most attractive feature in the day's trading. Salt Creek Producing was fairly active, sales amounting to 400 shares, closing at 60 1/2. The Sinclair issues declined under heavy selling to 57 1/2 for the Sinclair Consolidated, and 56 1/2 for the Sinclair Gulf. Midway, refining, closed at 1 1/2 under small sales, showing a loss for the day. The mining issues were neglected. Sunburst Consolidated was active, and, in spite of profit-taking sales, closed at its opening price of 60c per share. West Tree was lightly dealt in, but remained at 25c. Nipissing was inactive, closing at 1 1/2.

Kodaks for Vacation Time at Simpson's Today

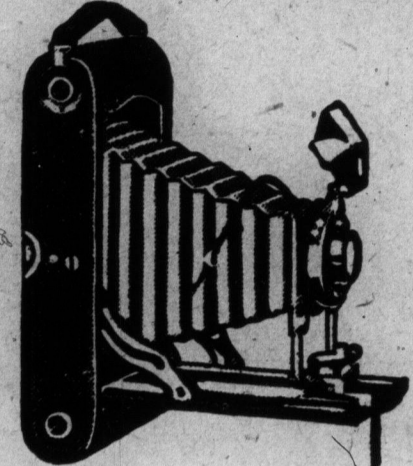

Summer time is vacation time and now the annual exodus from the city to the waterside is in full swing. Whether preparing for a week-end trip or a more prolonged holiday no outfit is complete which lacks a kodak or camera. Be prepared to extend the joys of your vacation beyond the happy days spent by mountain, lake or stream. You may live over again in memory among the pleasant scenes that have been permanently recorded by your camera. We have a complete line of kodaks and are prepared to meet your needs. A few of the more popular varieties are illustrated and described below. Telephone Book Department---Main 7841

No. 1 Kodak Jr., F. 7. 7, \$19.75.

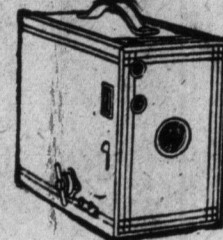

The No. 1 Kodak Jr. takes picture 2 3/4 x 3 3/4, both vertical and horizontal—is fitted with kodak ball-bearing shutter and kodak anastigmat lens F. 7.7. The frame is aluminum, covered with seal grain leather. We strongly recommend this model. Price \$19.75.

3A Kodak Jr., R.R. Lens, \$25.25.

Takes picture full post card size and is very handsomely finished in nickel and black. It is considerably smaller than the regular post card camera. This model fitted with B. & L. Rapid Rectilinear lens. Price \$25.25.

No. 2 Brownie, \$3.00.

Takes picture 2 3/4 x 3 3/4, has good lens and rotary shutter. Very strong and neatly finished in black and nickel.

No. 2 Brownie, \$3.00.

Other Sizes—No. 0 Brownie, \$2.15; No. 2A Brownie, \$3.75.

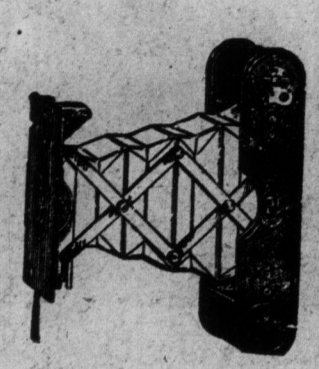

No. 2 Folding Premo, R.R. Lens, \$9.00.

Takes picture 2 3/4 x 3 3/4. Has Rapid Rectilinear lens and ball-bearing shutter. Folds very small, being made on light metal frame. It's an Eastman, and costs \$9.00.

No. 2A Folding Premo with R.R. lens, \$10.75.

V.P. Kodak, \$9.00.

Takes picture 1 5/8 x 2 1/2, and really does slip into the vest pocket. No focussing needed, as it is a fixed focus kodak. V.P. Kodak, \$9.00.

V.P. Kodak with F. 7.7 lens, \$16.00.
