Entered according to Act of Parliament, in the year 1888, by J. F. Morrey, in the office of the Minister of Agriculture.

1888.

PREFACE.

The publishers in presenting the fifth edition of their Business and Farmers Directory of the counties of Dufferin, Peel and York have endeavored to merit the approval of the public, by presenting a work that will be found the most complete of the kind ever published in the district. It will be found to contain more information of a nature valuable to business men of all branches than any other publication heretofore placed in the hands of the people.

Among the contents will be found the name of each farmer and owner or tenant of a lot outside the limits of each city, town, or village, with post-office, lot and concession, a complete list of towns, with business people alphabetically arranged, also a separate list of business people classified with reference to their business. The whole combined making one of the most complete directories ever published.

A work of this kind involves a great amount of expense and labor, and the publishers have spared neither, but have made every effort to make a reliable work worthy of the confidence of business people.

Thanking those who have kindly given us information, also the business people and the public generally who have given the work their support we remain,

Respectfully yours,

UNION PUBLISHING CO., OF INGERSOLL,

PUBLISHERS,

INGERSOLL.

ALL HUMBUGS SET AT DEFIANCE.

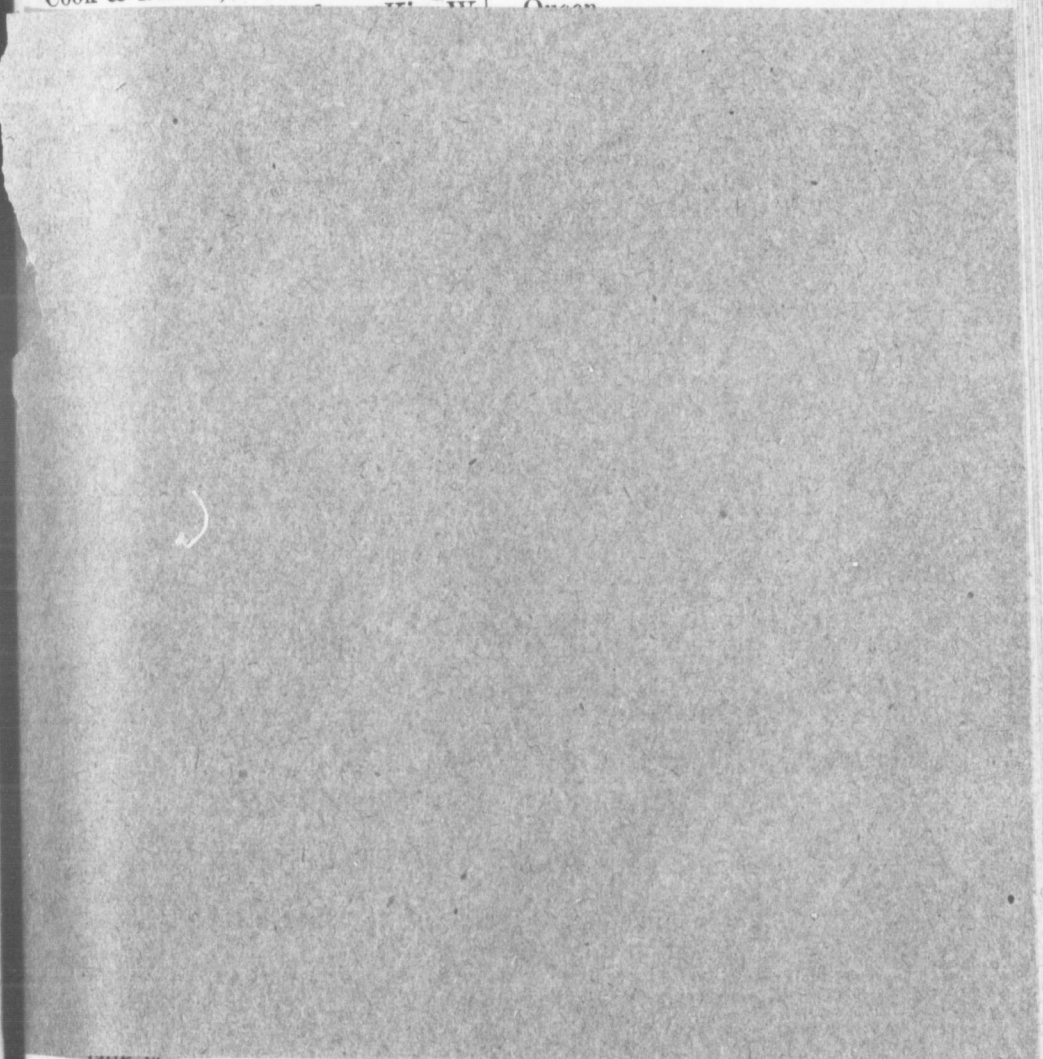

The Masterpiece of holding the Largest Scrotal Hernia or Ruptures Under a sure guarantee, and not to be imposed on by catchpenny humbug. Having made a new discovery in the shape of applying the Spiral Pad in cases of very large Scrotal Hernia, I hereby invite the Suffering public to correspond with, and have a day set for themselves to be at my office in Toronto, and I will guarantee to hold these Ruptures under any circumstances, or no charge. The final trial shall be:—I will sit on a common chair; I weigh 175 pounds, the patient shall lift me up in a bent position, which is the severest test known. As a proof that this offer is genuine and not thrown out to the public as a decoy duck I do not ask a cent until the Truss has performed its works during the severest trial. Note—This, applies to hopeless cases that have tried all manner of trusses without success.

Send 5c. stamp for book on Rupture and Human Frame, valuable information. Address, CHAS. CLUTHE, 118 King St. W. Toronto, Ont.

DR. H. H. DAVIDSON,

VETERINARY SURGEON

AND DENTIST,

Office:—100 King Street West, - TORONTO.

ALL ORDERS WILL RECEIVE PROMPT ATTENTION.

Practical experience enables me to guarantee satisfaction in all cases. Ulcerated teeth extracted. All irregularities of molars and incisors easily removed, and the mouth put in a natural condition. I use no gag, and do not confine the most vicious horse in any manner.

My operation produces no suffering, but on the contrary affords almost instantaneous relief. Very few horses, young or old, but have more or less sharp edged or rough projections upon their molars. These sharp points lacerate the mouth, thereby causing torture to the horse, and he tries in various ways to rid himself of the trouble. Some toss the head, droll or slobber; others start suddenly or stop short, and some shy, drive sideways, or hold their head in an unnatural manner. Blindness in one or both eyes, a rough coat of hair, a suffering horse with a disagreeable driver, is caused by a defective mouth. I carefully remove all irregularities, and place the mouth in a level, natural condition.

I will vfsit any point when a sufficient number of horses are ready to be operated upon, and am always ready to explain my method to any one interested in the welfare of his horses.

PLOW GUARD AND UNDERSCORE.

Directions for Setting.

To set the coulter, place it back on the beam, so as to give proper slant, raising at the same time placing the point of coulter slightly in rear of and on a level with the tip of the elevated guard. It must not be below the tip of the guard and underscore as a thorough cut is all that is required.
