SERBS, PURSUING BEATEN ENEMY, HAVE MADE FURTHER GAINS

Several Villages and Much Booty Falls Into Hands Near Monastir—Roumanians, However, Lose More Ground

London, Nov. 21.—Continuing the pursuit of the defeated German and Bulgarian troops on the Macedonian front, the Serbians have captured several villages and taken a great number of prisoners. Reuter's Saloniki correspondents so reports. The German and Bulgarian troops have received reinforcements and are offering severe resistance.

The despatch, which was filed at Saloniki yesterday, says the Serbians have captured the villages of Makovo, Oranovo, Vranovci, Ribarski, Dilyanik, Novak and Subodol, all in the sector west and northwest of Monastir. In addition to many prisoners, the Serbians are said to have taken three field guns, a considerable number of machine guns and a great quantity of other war material.

Paris, Nov. 21.—Troops of the allies are pressing the German-Bulgarian rear guard detachments to the north of Monastir, according to the official announcement.

This afternoon Italian forces have repulsed a counter-attack to the west of Monastir. French troops have occupied the village of Krani, west of Monastir on Lake Presha.

Roumanians Give Way Petrograd, Nov. 21.—The Roumanian forces in southwestern Roumania have retired, in the face of Austro-German attacks, to the region of Filischi (Filischi, forty-eight miles northwest of Craiova).

THE FALL OF MONASTIR Paris, Nov. 21.—The allied troops entered Monastir on the heels of the retreating Bulgarians, according to a description of the fall of the city telegraphed to the Petit Journal by its correspondent on the Serbian front.

The last Bulgarian patrol of seven men was seen at 8.30 a. m. The Bulgarians, harnack, forage depots and all other buildings of a military nature.

The retreat began about 8 a. m. The allied troops had evacuated the night before and nearly 8,000 Bulgarian families left two days ago. The infantry was not clear of the outskirts until 9 a. m.

The enemy will attempt to form up on a line seven miles to the north, which was prepared two months ago, and which passes approximately along the Topolichani Heights by the village of Klepno, Kanaritchi and Hill 1506 of the Viseko Range.

King Constantine, on leaving the palace after the meeting, was cheered by a crowd which was waiting the decision. It is understood that Premier Lambrus will remain in power for the present.

NEW GOVERNOR GENERAL INSPECTS A BATTALION Review of Edmonton Soldiers in Ottawa—Sir Sam There in Civilian Clothes

Ottawa, Nov. 21.—His Excellency the Duke of Devonshire made his first public appearance today when he inspected the 202nd overseas battalion of Edmonton, commanded by Lt. Col. Bowen.

The idea in view is an inventory of the man power of Canada and to ascertain definitely what each able-bodied man is doing, whether serving the empire at home or abroad, engaged in an industry

AT FIRST OF YEAR WILL TAKE CENSUS OF CANADA'S MAN POWER

Ottawa, Nov. 21.—Preparations are being made by R. B. Bennett, M.P., and a national service directorate for the proposed national service work at the first of January. Within the next fortnight several hundred thousand circulars will be sent out and this will be followed by an extensive advertising campaign, while fully a million cards will be issued. They are supposed to be filled in and returned.

Canadians Early Over The Parapet And After Enemy

Report On Charge They Made On Nov. 18

Bring Line Forward Nearly Thousand Yards at One Point and at Another Go 500 Yards Beyond the Objective

London, Nov. 21.—The following communication is issued by the Canadian war records office: A little after six o'clock on the morning of November 18, our guns opened a heavy barrage along the trenches opposite the Canadian positions and our troops went over the parapet. The German guns promptly put up a counter barrage, but it proved comparatively weak and our men went through it with few casualties that were to be expected.

Our advance was on a front of about 3,500 yards, the movement was practically a swing forward of our left pivoting on the right and was everywhere successful. In depth the gain varied from about 200 yards on the right to something under 1,000 yards on the left. The main or left portion of our objective was a strong line which our guns had been shelling heavily for several days before the attack.

The whole objective was quickly consolidated under the protection of our barrage, and was held securely except for a short stretch on the right of the point where the trench crosses the Pys road. At this point the line for several hundred yards passed over a knoll exposed to a destructive shell fire from the enemy's batteries. The knoll proved to be a nest of machine guns. Our troops fell back behind the crest and established themselves there successfully, but a heavy fire from a party of Germans coming up by a new trench from below. Thereupon our artillery concentrated a heavy fire upon this new trench, isolating the occupants of the knoll and leaving them to deal with later.

On our left one of our battalions passed beyond our objective to a distance of about 500 yards, and took a section of the Grandcourt trench, consolidating it successfully, but a heavy fire afterwards withdrawn because the position formed too dangerous a salient. Our losses in the whole affair were comparatively light.

The unwounded prisoners taken by the Canadians consisted of seventeen officers and 402 of other ranks, to which should be added about 150 wounded prisoners with others not yet reported.

HEAVY ARTILLERY WORK ON WEST FRONT Paris, Nov. 21.—The official communication from the French front this afternoon reads:

"Artillery activity was maintained last night to a notable degree in the regions of Sallies and Douaumont. The night passed in relative calm everywhere else on the front."

London, Nov. 21.—"During the night our line was heavily shelled southwest of Grandcourt," says today's official statement from the French front.

"To the right of our new front a hostile patrol fell into our hands. Enemy trenches were successfully raided at Gonnecourt and in the neighborhood of Roucinville and Ypres."

Berlin, Nov. 21.—German positions on both sides of the Ancre and in the St. Pierre Vaast Wood were shelled heavily by the allies yesterday. There was a check of artillery activity at the Champagne.

Petrograd, Nov. 21.—The repulse of an Austro-German attack on the Russian line in the wooded Carpathians is announced in today's war office statement on operations along the western front.

The Wheat Market Chicago, Nov. 21.—Wheat displayed fresh strength today—wing to a falling off in the European visible supply total and because of continued bullish crop advices from Argentina.

Opening prices, which ranged from 1.4 to 1.5-1/2 higher, with December at 1.82-1/2 to 1.83, and May at 1.83-1/2 to 1.84-1/2, were followed by further gains and then a material setback, but not of a lasting sort.

Still Another Case Of "No Warning" Given

ARE RESCUED AFTER HOURS OF GREAT DANGER

Passengers and Crew Taken Off the Sibiria

WHOLE DAY ON WRECK

American Vessel Was Caught on Goodwin Sands in Fearful Storm—People Seem Huddled on Bridge as Frantic Efforts Made to Save Them

London, Nov. 21.—The American steamer Sibiria, with about forty passengers on board, is lying helpless on the Goodwin Sands suffering a terrific pounding from an enormous sea. The steamer grounded on Monday morning and so far every attempt by lifeboats from Deal and Ramsgate to rescue the passengers and crew has failed.

It is feared that those on board are in dire distress and danger. They were visible during the day huddled on the bridge and exposed to the full fury of the gale. The ship is so far submerged that they are unable to go below for food, shelter or clothing. It is said that there are some women among the passengers, but no children.

The life-boat men have had a rough time in their efforts to save the ship's company. The Deal lifeboat capsized while launching being swamped by a tremendous sea. Several of the crew were injured and the boat was compelled to give up its task. The Ramsgate lifeboat was also damaged and two of the crew are reported to have broken limbs. The Kingsdown lifeboat was successfully launched last evening and is waiting for a change to aid in the work of rescue.

LATER Dover, Eng., Nov. 21.—Fifty-three passengers and crew of the Sibiria were landed at Deal today by the Kingsdown lifeboat.

Greek Capsizes London, Nov. 21.—The steamship Director has landed eight members of the crew of the Greek steamer Marie N. Russos, which capsized. The other members of the crew were drowned.

German Blows Up London, Nov. 21.—The German steamer Fritz Hugo Stinnes has been wrecked in the Baltic through a boiler explosion, according to a Copenhagen dispatch to the Exchange Telegraph Company. The vessel was bound from Gelle, Sweden, to Hamburg and seven of her crew are reported missing. She was of 1,487 tons.

Given Up As Lost Boston, Nov. 21.—Fifty-three days out on a voyage ordinarily completed in eighteen days, the Greek steamer Nicholas Athanassilis, from Penarth, Wales for this port, was given up as lost by agents here today. The steamer called at Madeira for bunker coals on September 29, seven days after leaving the Welsh port. She has not been heard from since leaving Madeira. The Athanassilis, a vessel of 2,244 tons, carrying a crew of thirty-five men, was under charter to load 175,000 bushels of grain here for delivery to the Greek government at Piraeus.

HOUSE AND BARN DESTROYED BY FIRE Wroth reached the city today that a house and barn owned by Mrs. MacNamee on the Golden Grove road, was burned to the ground about 7 o'clock this morning. Everything was lost, with the exception of the live stock in the barn.

Owing to the fact that the house is situated a considerable distance from the main Golden Grove road, little help could be secured from neighbors. Mrs. MacNamee lived on the farm with her children. The loss could not be ascertained at time of going to press.

Policeman James MacNamee of the local force is a son of Mrs. MacNamee. There was no insurance on either of the buildings.

FRAGMENTATION Friends of Private MacNamee of the A.M.C. called at his home in Sandy Point road last evening and presented to him a wrist watch. The presentation, was made by Mr. Stevens. The evening was spent in dancing, followed by a dainty supper.

German Reply to United States Received—Says Rowanmore Lifeboats Not Fired On Berlin, Nov. 20.—Secretary of the United States Embassy received today the German reply in regard to the sinking of the British steamer Rowanmore and three lifeboats which were lost in September.

In regard to the Rowanmore the German government denies that the submarine fired on lifeboats containing members of the crew and maintains that the men owe their lives to precautions taken by the Germans and the skill with which their operations were carried out.

In respect to two of the remaining steamers in question, the German government states they were not sunk by German forces, and maintains that the Antwerpen, the third steamer, was destroyed in full accordance with the rules of international law.

The Antwerpen was built at Newport News for the Standard Oil Company and was on her maiden trip to London when she was sunk. She was a vessel of 11,300 tons.

Austrian Emperor's Health Amsterdam, Nov. 21.—A Vienna despatch quotes the following bulletin respecting the health of Emperor Francis Joseph:

"Last night a restricted inflammatory area appeared in the right lung, otherwise the catarrhal symptoms unchanged. The temperature this morning 88, evening 87.8 (Reaumur) heart's action good, breathing regular and quiet, appetite smaller."

The despatch says the emperor remained out of bed all day Monday until the evening and received several visitors.

THE IRISH WHEEL ON DRAFTS INSTEAD OF NEW REGIMENTS

New System in Toronto District to be Recommended

ALL AS REINFORCEMENTS

Would Divide District Into as Many Sections as it Now Has Battalions at Front and Call on Each Section to Recruit For One

Toronto, Nov. 21.—A new system which aims to inspire recruiting in this military district and which has for its principle the dividing of the district into sections, from which to draw reinforcement recruits for the battalions already at the front, will soon be recommended to the militia council at Ottawa by some of the prominent military authorities at camp headquarters.

The idea is an enlargement of the system suggested from Ottawa a few days ago, in which it was indicated that the present method of allotting battalions to popular men will be discontinued and that future battalions will rather be used as reinforcement centres.

The suggestion is that this military district be divided into the same number of sections as there are battalions at the front from this area and that each section be called upon to furnish the number of recruits required from time to time to keep that battalion up to strength.

Disaster Worse Than Invasion, Worse Than Massacre in Louvain—The Keystone to Germany's Chastity Monument

London, Nov. 21.—(Toronto Mail and Empire Cable)—Eugile Cammaerts, a Belgian writer, writes as follows in the Observer:

"As I write these lines the slave raids are going on. The tramp of soldiers is heard through Belgian towns and villages, and women, children and men are snatched right and left. It is terrible."

"Trains roll through Germany packed with human cattle. These things have been going on since October 15. Ten days ago 15,000 had been taken in Flanders alone. How many are there now? Between 20,000 and 30,000. If things are allowed to go on at this rate we shall witness the wholesale deportation of an entire people reduced to slavery."

"This, indeed, is a disaster worse than invasion, worse than the retreat from Antwerp, worse than the wholesale massacres of Louvain, Ypres, and Enne, Dinant—worse even than the ceaseless persecutions of the last two years. What is Belgium's answer to this new crime? 'Today her son is struck. Every one of these captives led to choose between death and dishonour. Their spirit is broken by the slow, gnawing torture endured in complete isolation.'

"In order to inflict new tortures upon her victims, Germany had to break her last hope that she might still possess a rank among the civilized nations of the world. Since the beginning of the war she has piled up one heap of horrors after the other. The wildest imagination might well shrink from it. But these slave raids will be considered as the least of her crimes."

"It is not only without justification, but without the slightest shadow of extenuating circumstances."

Amsterdam, Nov. 20.—(Delayed)—According to the frontier correspondent of the Telegraaf, several Belgians who had been deported to Germany have returned to Belgium, having paid a ransom to the Germans.

It appears, declares the correspondent, that the Germans first offered a ransom for 1,000 marks and none offering to pay this amount, reduced it to 500 marks, which also many refused to pay.

WILLY RAISE COMPANY Patriotic members of Clan MacLean of Toronto and other parts of Ontario, have completed definite plans to raise and equip a company for the 286th Battalion. A party of officers, including Major C. J. McCreane, Capt. T. R. McNally and Capt. J. D. Black, has returned from Toronto, where on Friday they attended a meeting of the committee of the Ontario company were discussed and a definite arrangement arrived at.

LOSES HIS ARM Private Hugh Logan of Stanley is now in an English hospital wounded in the right leg and head and with one arm amputated, according to a telegram received by his mother, Mrs. William Bennett, from Ottawa. Private Logan enlisted in the west and has been at the front for some months fighting with the MacLeans, at which the MacLeans are very serious, but it is expected that he will recover and return to his home in Stanley within a few months. Private Logan is the first York county soldier to lose an arm in this war.

FUND FOR BELGIAN CHILDREN PASSES THE \$20,000 MARK Fredericton, Nov. 21.—(Special)—The school children's fund for relief of Belgian fund now amounts to \$20,850. Chief superintendent of education announced today that the amount is now on deposit and several thousands more are in sight.

W. R. Bishop and E. G. Saunders, students of the U. N. B., enlisted this morning in the 9th signal battery. Two other students have made application to join. Mrs. Boone, wife of Roy Boone, died in the Victoria Hospital last night after a brief illness. She was eighteen years of age and leaves her husband and one son. Mr. and Mrs. John Phillips of Tracy, and four sisters. The body will be taken to Tracy this evening for interment.

PLACES FOR MEN HOME FROM WAR Ottawa, Nov. 21.—The explosives department of the Imperial Munitions Board is prepared to give employment to returned soldiers in connection with construction and operation of chemical and explosive plants which are being erected in Canada on behalf of the British government. Not only are ordinary laborers required, but positions are available for skilled workmen.

Large plants are being erected and operated at Trenon and Renfrew, Ont. Workmen of various trades are required at once, and preference will, in every case, be given to returned soldiers, provided they are willing to accept permanent positions.

SALVATION ARMY OFFICERS WELCOMED Moncton, Nov. 21.—Moncton Salvation Army workers have extended a warm welcome to Adjutant and Mrs. Hurd, who have arrived from Halifax, where they have been engaged in army work for three years. Adjutant Hurd, who has been appointed property secretary for the maritime provinces, will have his headquarters in Moncton. Lieut. Wheeler of Digby, who will assist Capt. and Mrs. Hamm of the Moncton corps, has also been warmly welcomed.

DEATH OF INFANT Friends of Mr. and Mrs. Horace Davidson, of 60 Erin street, will sympathize with them in the loss of their infant daughter, Margaret Louise, who died this morning.

NEWS OF MARITIME MEN IN THE WAR Lieut. Paul Cinqmar of Quebec is in Fredericton and will likely join the 4th Battalion and was wounded in action at the front. Lieut. Cinqmar is a fighter, years of age having gone to the front when only sixteen.

WILLY RAISE COMPANY Sapper Archie R. Babbitt of Fredericton, who was wounded at the front while fighting with the Canadian Engineers, is now at Shoreham, England, taking a course to qualify for a commission in the engineers. As soon as he finishes the course he will return to the front and rejoin his unit as an officer.

MEETS SAME FATE AS SISTER SHIP The Schooner Florence E. Melanson Wrecked on South Side of Briar Island Digby, N. S., Nov. 21.—The auxiliary schooner Florence E. Melanson, Captain Gifford Melanson, from Boston for Weymouth, went ashore last night on Green Island Bar on the south side of Briar Island at the entrance of St. Mary's Bay. The crew saved themselves with great difficulty, reaching the village of Westport at ten o'clock, clinging with their lives to the rocks. The vessel will prove a total wreck.

The Melanson hailed from Weymouth, N. S., and was wrecked in 1908. She was built at Gilbert's Cove in 1908, and owned by Bernard M. Melanson, of Gilbert's Cove. Her sister ship, the Lillie E. Melanson, was wrecked a few weeks ago at Parker's Cove with a cargo of coal from Parrashoro for Digby. The only surviving member of the Melanson fleet is the Laura E. Melanson.

The Siamese Prince Reaches New York and Reports Adventure 200 Miles Off the French Coast—Attacking Craft About a Mile Away

New York, Nov. 21.—The British steamer Siamese Prince, returning in ballast after delivering a cargo of horses at Brest for the French government, was fired upon without warning, presumably by a German submarine, off the French coast on November 4, according to officers of the vessel, which arrived here today.

Three shots were fired, the officers said, two in quick succession passed over the port quarter and a third soon after dropped into the water astern. The lifeboats were swung out, the crew of forty-two and the fifty-four hostlers donned preservers and the ship put on full speed. The craft which attacked was not sighted at any time, owing partly to weather conditions and the officers of the Siamese Prince were unable to say whether or not their vessel was pursued. The hostlers, it was said, included many Americans. The attack took place at 7 a. m., 200 miles at sea, while a stormy wind was blowing and with heavy waves running. No attempt was made to torpedo the ship, which is owned by Furness, Whity & Company, and which carries 400 passengers.

The officers of the vessel judged that the attacking boat was about one mile distant.

Another Greek Athens, Nov. 20.—The Spetzias was torpedoed by a submarine this morning. At least one life was lost.

The foregoing probably refers to the Greek steamer Spetzias of 1004 tons gross, owned in Piraeus.

There is also a Greek battleship Spetzias which in September was reported to have been sunk by a submarine off the coast of Athens to have joined the Anglo-French naval forces in Greek waters. She displaced 4,804 tons and is an old warship, which was reconstructed in 1900.

Norwegian Sunk London, Nov. 21.—The master and part of the crew of the Norwegian steamer Finn landed today and reported that the vessel had been sunk by a German submarine. There are two Norwegian steamships Finn, one of 8,806 tons gross, the other of 320.

OF COURSE; DENIES IT German Reply to United States Received—Says Rowanmore Lifeboats Not Fired On

Berlin, Nov. 20.—Secretary of the United States Embassy received today the German reply in regard to the sinking of the British steamer Rowanmore and three lifeboats which were lost in September.

In regard to the Rowanmore the German government denies that the submarine fired on lifeboats containing members of the crew and maintains that the men owe their lives to precautions taken by the Germans and the skill with which their operations were carried out.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

SEVERE STORM IN UPPER CANADA CAUSES DIAPYCNEMENT TO LOCAL THEATRE

Owing to the heavy and unseasonable snow storm north of Montreal on Saturday the first installment of "The Secret of the Submarine" was held up for thirty-six hours, thus causing the Star Theatre to postpone this great serial story until Monday and Tuesday of next week.

The Star has been advertising "The Secret of the Submarine" for three months and the non-arrival of the film yesterday caused a great deal of disappointment to the management as well as the patrons.

The first chapter of the serial will be shown next Monday and Tuesday without fail.

For tonight the Star will show a very pleasing mixed bill of pictures. On Wednesday and Thursday the people of the North End are promised something very special in "The Reunion," a remarkable war drama.

GEM NOTICE OF IMPORTANCE

Why Coal Costs. (From the Auburn Citizen). Four reasons are given for the high price of coal: shortage of miners, shortage of cars and transportation embargoes, unusual shipments of coal through the Great Lakes, and delayed orders from consumers. Why omit the chief cause—the greed of the speculators?

In the region near Belfast, Me., there is a mouse which has come out of the woods and persists in herding with the cattle in that locality. He is quite tame and will allow anyone to approach within a short distance before he moves at all and then he does not run, but simply walks out of reach.

'CLIMBERS' CAST ENTERTAINED; WILL TAKE PLAY TO CAPITAL

Last evening at the home of Mrs. Harold Mayes, Lancaster avenue, the members of the cast who recently presented "The Climbers" in the Opera House, were entertained by Brunswick Chapter, I. O. D. E., under whose auspices the entertainment was given. The members of the cast were formally presented to each member of the chapter present. Mrs. J. B. Travers, on behalf of those present, thanked most heartily the entire cast for so freely and cheerfully giving their time and their talents to such a worthy cause. An impromptu programme added much to the evening's enjoyment.

The local cast have decided to take the performance to Fredericton on November 29. Through the instrumentality of J. J. McCaffrey, proprietor of the Quebec Hotel, "The Climbers" will be presented in the capital under the auspices of the Red Cross. This performance is being wholly supervised by Mrs. A. C. Wilson and the proceeds will be handed over to the Fredericton Red Cross. The local people are to receive only their expenses.

ST. JOHN'S TOTAL WAS WELL UP TO \$4,000

The receipts for the Belgian Relief fund being raised by the school children in this city, have been announced at the school trustees office as \$3,860.78. The amount raised by Victoria school was \$847.78 and an additional sum of \$1,235. John. The total amount is gratifying and speaks well for the efforts of the school children to help the destitute little ones of unhappy Belgium.

HOPES TO GET INTO THE AERIAL SERVICE

Lieutenant Mowatt of Campbellton, formerly of the 20th battalion, who was invalided home on account of injuries to his feet, is in the city to go before a medical board for another examination. He hopes to receive a sufficiently favorable report to allow him to enter the air service and has made arrangements to take instruction in Toronto. His brother was killed while serving in that branch and Lieutenant Mowatt is anxious to get an opportunity to repay the Germans for his loss.

AMHERST MAN AS NEXT LT. GOVERNOR OF N. S.?

The Amherst Guardian nominates C. R. Smith, K.C., of Amherst, for the lieutenant-governorship. It says: "Amherst people will agree with the Guardian in believing that Mr. Smith would fill the high position with dignity and with acceptance to the people. He is a king's counsel of standing who has had a long and honorable career at the bar. He is a man of culture and one with appreciation of the constitutional responsibilities which attach to the lieutenant-governor's position. He is, too, a man of means and it is, of course, an open secret that the office carries with it necessity for entertaining other than that which is paid for by the state.

"Mr. Smith's services to his party are worthy of recognition. He has given staunch support through many years to the party which now administers federal affairs and controls appointments such as the one which must soon be made. On two occasions he has carried the party banner in election contests and in many campaigns has been an energetic and forceful speaker on behalf of the party. Under the present system in Canada this, of course, gives him claim to preference but it is not because of his political activity that his appointment would be an excellent one but because of his undoubted possession of the qualifications which fit him for the position."

IN WALL STREET TODAY

(J. M. Robinson & Sons, Private Wire Telegram.) New York, Nov. 21.—Secretary Daniels divides \$18,500,000 order for armor plate between Bethlehem and Carnegie companies at old prices.

H. P. Davidson of Morga firm, discussed with President Wilson another probable big loan to England and her allies.

Secretary Lane to present to Mexican commissioners today last proposal of Wilson for solution of Mexican situation.

President Wilson in message to congress recommends completion of railway legislation programme outlined at last session, which provides for enlargement of Interstate Commerce Commission to nine members.

Railroad brotherhood heads will address American Federation of Labor today in Baltimore looking to affiliation of all railway men with the federation.

Cotton Manufacturers' Association in New Bedford to grant a ten per cent. wage increase to 88,000 operatives for period of six months beginning December 4.

READY IN JANUARY

The new C. P. R. shops at McAdam will be completed and ready for use early in January next. The stores building, blacksmith shop and painting plant are finished except for minor fittings, and the power house is so far advanced in construction that the roof is being laid. Installation of boilers, machinery and fittings in the power house will begin next week. When the McAdam repair plant is completed, the C. P. R. will have an up-to-date plant of high efficiency.

RICH MAN'S PROBLEM

Quite Apt Not to Know How to Spend His Money. The nuisance for the man who has acquired great financial resources usually is that he doesn't know what he wants. Possessing the resources and feeling the moral necessity to have recourse to them, he looks about for something to want, and he selects the most costly thing.

The acquisition of this most costly thing always involves, in practice, the separation of the rich man from society. Thus, he will acquire a large estate, or several large estates, and cut himself off from the world by gates, doors, miles of drive, lodge keepers, menials, and secretaries. Or he will acquire a 2,000 ton yacht and cross the Atlantic privately, though less quickly, less comfortably, and even less privately than on a great liner. Or he will keep a private orchestra, instead of being seen at concerts.

All of which, though magnificent, is anti-social and silly, and is secretly felt to be so by the rich man when he happens to wake up in the middle of the night and can't go to sleep again.—Woman's Home Companion.

A MURSERFUL DEATH

And Orthographic Daisies Have Sprung From Its Unlettered Grave. It wasn't much of a cat, it is true; and it was a predatory and uncultivated animal; a nuisance, in a word.

And so the factory superintendent directed the night watchman to "get rid of it." And he did.

The night watchman was a serious-minded person, with a regard for the dignity and responsibilities of his office as the custodian of a big building in Cooper Square. His nightly reports, between Bethlehem and Carnegie companies at old prices.

He was sixty-four years of age, and had been a resident of Moncton for more than forty years. He was formerly foreman in the L. C. R. roundhouse here, and during later years carried on a trucking business. He was a much respected resident. He is survived by his wife, formerly Miss Margaret White of New-castle; two sons, Charles, of the 145th Overseas Battalion, and Everett; and four brothers, Charles, a retired engineer, of Moncton; John of St. John, and Henry and Hugh, who are living in Massachusetts.

RECENT DEATHS

The death of Mrs. Doherty, widow of Isaac W. Doherty, M.D., of Bexton, occurred at her residence on Saturday. She leaves two daughters and two sons.

Miss Winifred Keirstead, only daughter of Mr. and Mrs. Justus Keirstead, of Scotch Ridge, Charlotte county, died in the Miramichi Hospital on Sunday. She is survived by her parents and one brother, Granville Keirstead, at home.

Hoppe Makes Record.

Des Moines, Iowa, Nov. 21.—Willie Hoppe broke a world's high average record here last night when he defeated "Young" Jacob Schaefer, 300 to nineteen in two innings of the 18 1/2 ball line billiard match. The former high average record was 185.

BROTHER LIVES IN ST. JOHN

Moncton, Nov. 21.—The funeral of James McHugh of Moncton, whose death occurred on Sunday at his home in High street, was held this morning from St. Bernard's church. Mr. McHugh had suffered for a long time from heart trouble.

He was sixty-four years of age, and had been a resident of Moncton for more than forty years. He was formerly foreman in the L. C. R. roundhouse here, and during later years carried on a trucking business. He was a much respected resident. He is survived by his wife, formerly Miss Margaret White of New-castle; two sons, Charles, of the 145th Overseas Battalion, and Everett; and four brothers, Charles, a retired engineer, of Moncton; John of St. John, and Henry and Hugh, who are living in Massachusetts.

ON THE RIVER

The Oceano was the only steamer to go up river this morning. The Majestic is due at Indiantown this afternoon from the Narrows. She will make her last trip of the season tomorrow when she will sail for Gagetown. The river will continue running while the ice remains open and freights offer.

Sergt-Major Nuttall Wins Second Medal—Pte. Jacob Smith of 26th Killed in Action—Progress of Recruiting

Few men have gone overseas from eastern Canada who have made such a splendid record on the firing line as Sergt-Major John P. Nuttall, son of Mr. and Mrs. John T. Nuttall, of 140 City Road. News reached the city yesterday that on October 26, Sergt-Major Nuttall was awarded the distinguished conduct medal for gallantry on the field of battle. Nor is this the first decoration which the young St. John hero has won. From the first day he set foot on Flanders front he was marked for rapid promotion and his absolute lack of fear soon caused him to stand out above all

BEST LIVER AND BOWEL LAXATIVE FOR FAMILY USE

Cascarets Regulate Women, Men and Children Without Injury

Take When Bilious, Headachy, for Colds, Bad Breath, Sour Stomach.

Instead of nasty, harsh pills, salts, castor oil or dangerous calomel, why don't you keep Cascarets handy in your home? Cascarets act on the liver and thirty feet of bowels so gently you don't realize you have taken a cathartic, but they act thoroughly and can be depended upon when a good liver and bowel cleansing is necessary—they move the bile and poison from the bowels without gripping and sweeten the stomach. You eat one or two at night like candy and you wake up feeling fine, the headache, biliousness, bad breath, coated tongue, sour stomach, constipation, or bad cold disappears. Mothers should give Cascarets at any time—they are harmless and safe for the little folks.

LOCAL NEWS

About sixty members of the senior class of the Y. M. C. A. were entertained last evening at a social hour, after the close of the class exercises.

At yesterday's class for nature study in the Natural History museum, domestic animals were discussed. A brief talk, given by the curator, William McIntosh, was illustrated with slides.

Rev. J. C. B. Appel was made the recipient of a handsome purse of gold last evening by the members of the congregation of the Christian church, at his home in Victoria street. The occasion was the twentieth anniversary of his pastorate of that church.

Charged with a statutory offence, Mrs. Peter Boudreau, 408 Main street, was arrested last night by Detectives Barrett and Briggs. Four children, one of whom is a cripple, were also taken and handed over to the Children's Aid Society. A male border in the house was also arrested.

Three crews of men are now at work on the elevator site at Reed's Point and, with favorable conditions, it is hoped to have the railroad siding ready for use by the latter part of the week. As soon as this is done, the work will go forward with a rush.

A package was dropped from the rear of P. A. Dykeman's warehouse last evening when Miss Annie McLaughlin, a waitress in the Victoria Hotel, was going out by the rear of the building. The package struck Miss McLaughlin on the head and injured her quite badly. She was removed to her home in Leinster street in a coach.

The Baptist ministers of the city held their monthly meeting at the home of Rev. Mr. and Mrs. D. MacPherson, 165 Leinster street, yesterday afternoon. A paper on the subject of Eugenics, written by Rev. P. R. Hayward, was read by his wife, in the absence of her husband.

A FEARLESS PHYSICIAN

Such a physician recently remarked: "The wonderful power of Lydia E. Pinkham's Vegetable Compound over diseases of women is not because it is a stimulant, nor because it is a palliative, but simply because it contains the very elements needed to tone up the depleted system and strengthen the defunct organism." Of course that is so, otherwise it could not succeed as it does.

HEAD APOSTLE OF MORMON CHURCH DEAD

Francis M. Lyman, president of the Quorum of the Twelve Apostles of the Mormon Church and next in line to President Joseph F. Smith, died in Salt Lake City on last Saturday after a two days' illness from pneumonia in his seventy-seventh year.

He became widely known when he confessed that he was a polygamist at the Reed Smoot hearing of the United States Senate Committee on Privileges and Elections, and admitted that he had had three wives, two of whom were living. He also said that he was the father of ten sons and twelve daughters. In addition, it was brought out at the hearing that Joseph F. Smith and the Apostles, in direct succession, were also living in polygamy.

Officers and men of the 26th battalion who have returned home, after being wounded, will be pleased to learn that the medical officer of Lieut. Colonel McAvity's battalion, Capt. H. H. Argue, Kings, Kent and Gloucester, 0. The total for the previous week was 56. Five recruits were secured in the city yesterday for overseas service. They were: Francis Cass, Moncton, Canadian Engineers; Howard Dempster, Kings county, 28thth Killies; John Mullin, Woodstock, Ont., Canadian Engineers; and two others who did not wish their names used.

Major Gen. Lessard. Major-General F. L. Lessard is to inspect the Irish Rangers in Montreal tomorrow. ZAM-BUK CURED BABY'S BURN

Mrs. George Currie of 194 Waterloo Ave., Guelph, has used Zam-Buk with splendid results for a bad burn, which her baby sustained by falling from his high-chair onto the stove. Mrs. Currie writes: "The burn was very severe and baby suffered terribly. I called a doctor, but his treatment gave the child no relief. I tried another doctor, with the same result, and finally I was told that skin would have to be grafted. "Then I heard of Zam-Buk and began using it. In a short time an improvement was noticeable. I persevered with Zam-Buk with the result that the burn, although deep, is now entirely healed, without the necessity of having skin grafted. Zam-Buk is equally good for eczema, dandruff, itching, sores, blood-poisoning, pimples, boils and piles. 5c. box, 3 for \$1.25. All druggists or Zam-Buk Co., Toronto.

SKIRTS TO BE LONGER

Long and Straight Lines, Flower-Like and Delicate Shades Predicted for Spring Styles. Chicago, Nov. 21.—Americanization of spring styles and fabrics for women is the plan up for discussion before the National Cloak, Suit and Skirt Manufacturers' Association in annual convention here. To obtain the confidence of the American women is the thing we are striving for in this conference," declared J. F. Haviland, one of the Chicago members of the association. It seems the lines for the coming season will be long and straight, with skirts not as short as hitherto, and coats fitted easily about the waist. Stitching will be much used, in heavy loose threads, and the shades will be the most flower-like and delicate imaginable.

Chauncey M. Depew, 82, Takes Issue With David of Bible Fame

Life Allotment of Three-score Years and Ten All Wrong, He Says—Led Many to Die Before Their Time

(New York Tribune.)

Chauncey M. Depew, who is eighty-two years young and getting younger every day, paid his respects to David, the boy ruler of Palestine, who put the giant Goliath out with one rock hurled from his trusty slung-shot, in an address last night before the Academy of Medicine on "The Art of Growing Older and the Value of an Interest in Public Life." Mr. Depew did not take issue with David over the question of whether it would not have been better to have hit Goliath with a hammer, but he did take considerable issue with David over the Ninetieth Psalm, where David wrote that he considered it distressingly poor so far as facts were concerned. David, Mr. Depew intimated, might have been assisted in reaching his conclusion that twenty years was enough for any man by the fact that his life was very full, in so far as wine, women and song, to say nothing of battle, murder and sudden death, could fill it.

LONG LIFE IN THESE RULES, SAYS DEPEW

Here are a few of the rules of longevity as laid down by Chauncey M. Depew last night in his address before the Academy of Medicine:

1. Have regular habits.
2. Get up early. No matter how late you go to bed, get up early.
3. Keep a serene mind.
4. If tobacco and liquor disagree with you, give them up.
5. Don't be a mollycoddle.
6. Don't become "imbued with the incipient imbecility of Pollyanna."
7. Keep an eye open for a pretty girl, but be sure and tell your wife all about it.
8. Do your charities and kindnesses because you like to do them, not because you have to.
9. Find some interest outside of business, and stick to it.
10. Don't retire from business, unless you can retire into something just as interesting.

medicines, and in the fourth year we usually read his obituary.

There is golf, for instance. Twenty years ago, Mr. Depew said, there were very few golf courses and very few golfers in this country; now he knows no one who does not play golf, and no one who does not say he likes it.

"But still," he remarked, "there are a great many liars in the woods."

"And," he continued, "I have been asked, what can a man do when he can't play golf? Well, then there is only one thing and that is service to the state, service to the church, service to humanity, service to everybody. That is the one thing that never dies, the one thing that lasts forever—private interest in public life."

THEY CANNOT BE READ.

Two Dead Languages Which Defy the Efforts of Translators.

There are two great nations of antiquity whose inscriptions cannot yet be read—the Etruscans and the Hittites. The Etruscans occupied a part of Italy known as Tuscany. The Hittites at one time occupied a part of Palestine and united with the Canaanites to resist the invasion by the Israelites under Joshua. The Etruscan and Hittite inscriptions have thus far resisted the attempts of scholars to decipher them, though no one knows when some one may stumble on a bilingual inscription which will serve as a key, just as the Rosetta stone discovered in Egypt in 1789 served as a key to the Egyptian hieroglyphics. In the New World, the so-called Maya inscriptions, found on the ruins in Yucatan, are also a puzzle to scientists.—Christian Herald.

HOUSEMAIDS TO BE EXEMPT

Berlin, Nov. 21.—To the great relief of countless households it is announced that there is no intention to call upon female servants for the proposed new industrial home army. A report has gone the rounds that only families which numbered at least ten would in future be allowed to keep a servant under the new order.

The denial states that household personnel, especially female, is not to be affected.

GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

It Becomes Beautifully Soft, Wavy, Abundant and Glossy At Once

Save Your Hair! All Dandruff Goes and Hair Stops Coming Out

Surely try a "Danderine Hair Cleaner" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—a few minutes and you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair; Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking beautiful. You will say this was the best 25 cents you ever spent.

YOUNG AIRMAN BROUGHT DOWN TWENTY-NINE GERMAN MACHINES

"He is our star flying fighter, and has the admiration of all his lot. He is a short, little chap, with longish black hair and eyes like a hawk—he often does not trouble to put on his tunic, but goes to battle in his shirt-sleeves.

This is how a friend describes Captain Albert Ball, the British flying boy who has brought down twenty-nine German machines. The story of the young captain's gallantry and skill is one of the most inspiring and romantic of the war.

At the end of last July the outside world first heard something about Captain Ball. His name was amongst the

Weakened by Anaemia Doctors Gave No Hope

Said She Was Threatened With Consumption, and Gave Her Three Weeks to Live

Anemia is indicated by thin, watery blood. The gums and eyelids grow pale, there is great weakness and fatigue and digestion fails.

Since Dr. Chase's Nerve Food forms new, rich blood, it is naturally most suitable as a treatment for anemia. This letter proves its efficiency in the most severe cases.

Mrs. J. Adams, Port Hope, Ont., writes: "About six years ago I was taken with very weak spells and though I doctored with the family physician and used other medicines for two years, I got very little relief and, in fact, continued to grow weaker. I was so weak I could not wait on myself or raise my hand to my head and decided to go to my daughter in Toronto. When examined by Toronto doctors they pronounced me to be in a dangerous condition, threatened with consumption and other ailments and said I would not live for three weeks. One day I was looking

Knocks Obsolete Coughs in a Hurry A Simple Home-Made Remedy That Gets at the Cause.

Thousands of people normally healthy in every other respect, are annoyed with a persistent hacking or bronchial cough year after year, disturbing their sleep and making life disagreeable. It is needless—there is an old home-made remedy that will end such a cough easily and quickly.

Get from any druggist "2 1/2 ounces of Pinex" (10 cents worth), pour it into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. Begin taking 15 at once. Gradually, as the coughing will notice the phlegm thin out and then disappear, altogether. This ending a cough that you never thought would end.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, combined with ginseng and is used by millions of people every year for throat and chest colds with splendid results.

Should disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Toronto, Ont.

USE THE WANT AD. WAY

Suffer With Heart For Ten Years Would Nearly Smother

There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The uncertain and irregular heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity. They strengthen and regularize the heart, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

"I would advise anyone with heart trouble to use them." Mrs. M. O. McCready, Wapella, Sask., writes: "I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, and nearly smothered at times. I had many remedies, some only relieving me for a few days. Milburn's Heart and Nerve Pills and felt so much better that I kept on using them, and can truthfully say I feel like a new woman."

Get a box of Milburn's Heart and Nerve Pills at 50c. or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

\$20,000,000 Loans To French Cities

New York Bankers Make Advances to Relieve Suffering From War

New York, Nov. 21.—Kuhn, Loeb & Co., who recently made a loan of \$50,000,000 to the City of Paris, to relieve the suffering of that community as a result of the war, and for other municipal purposes, today announced the closing of similar loans for \$20,000,000 each to the municipalities of Bordeaux, Lyons and Marseilles.

The negotiation in each instance is in the form of three-year 6 per cent bonds, and it is understood that no part of the proceeds will be employed in the purchase of war supplies.

The principal interest of the bonds are payable at the option of the holder either in United States gold coin in New York, or in France the fixed rate of 6.50 per dollar. There is therefore the possibility of a substantial profit in exchange, inasmuch as the normal rate of exchange before the war was about 5.18 francs per dollar.

The government of the French Republic is understood to guarantee the principal and interest of the loan in Australia.

Australia to Have Agent in New York

Colds or Coughs SHOULD NEVER BE NEGLECTED

If They Are, Some Serious Lung Troubles Are Sure To Follow

A cold or cough, if neglected, will sooner or later develop into some sort of lung trouble, so we would advise that you get rid of it before it becomes settled. For this purpose we know of nothing to equal Dr. Wood's Norway Pine Syrup. This preparation has been on the market for the past twenty-five years, and has always given universal satisfaction.

Mr. Erwell Bolton, Wilton, Ont., writes: "Last winter I was caught in a storm and had to stay in a barn all night. I caught a severe cold, which several medicines failed to cure. I went to some of the best doctors but these failed to do me any good. A friend advised me to use Dr. Wood's Norway Pine Syrup. I used three bottles and they gave me instant relief."

When you ask for "Dr. Wood's" see that you get the genuine, put up in a yellow wrapper, three pine trees, the trade mark and bearing the name of The T. Milburn Co., Limited, Toronto, Ont. Price 25c. and 50c.

Mothers' Cough!

It distresses you as much as her! You continue to treat it by dosing the stomach (which is not alling) with cough mixtures, syrups, tonics, and the like? You will never cure lung troubles by dosing the stomach. The Peps way is entirely different. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach—which is not alling. Peps contain no morphia, laudanum, nor any of the poisons which are found in many of the old-fashioned coughs. Peps are, therefore, best for aged people and for young children. Peps do not disorder the stomach; they sweeten the breath, are pleasant to take, and are the latest and best that science can offer for the treatment of coughs, colds, bronchitis and allied lung troubles. Britain's After-War Trade With Russia

Russian Language is Being Taught in Preparation for Peace Times

Washington, Nov. 21.—The effort Great Britain is going to make to extend her trade with Russia after the war is indicated in the establishment, in the public schools and various other institutions in Scotland, of courses of instruction in the Russian language.

Consul Fleming, at Edinburgh, in a report to the Bureau of Foreign and Domestic Commerce, says this has been done on the recommendation of many chambers of commerce and other commercial institutions interested in the extension of foreign trade. It is estimated that there are now 168 young men studying Russian with a view to taking positions either under the government or in private concerns in promoting trade with Russia after the war.

The University of Edinburgh has two private schools of Russian, and the Royal High School has a course in the language and about 50 students registered in it. Several of the students have also started night schools in Glasgow and have excellent classes in attendance. Two colleges in Edinburgh have also established night schools for students in Russian.

GAS IN THE STOMACH IS DANGEROUS

Physicians Recommend the Use of Magnesia

Sufferers from indigestion or dyspepsia should remember that the presence of gas or wind in the stomach is a sure sign that the stomach is troubled by excessive acidity. This acid causes the food to ferment and the fermenting food in turn gives rise to noxious gases which distend the stomach, hamper the normal functions of vital internal organs, cause acute headaches, interfere with the action of the heart, and charge the blood stream with deadly poisons, which in time must ruin the health. Physicians say that to quickly dispel a dangerous accumulation of wind in the stomach and to stop the food fermentation which creates the gas, the acid in the stomach must be neutralized and that for this purpose there is nothing quite so good as a teaspoonful of pure bisulphate of magnesia taken in a little water immediately after meals. This instantly neutralizes the acid, thus stopping fermentation and the formation of gas, and to proceed with its work under natural conditions. Bisulphate of magnesia is obtainable in powder or tablet form from any druggist; but as a neutralizer of acid it is important that the bisulphate which the physicians prescribe should be distinctly acid for.

Quick, Safe Way to Remove Hairs

(Toilet Talk.) Keep a little delicate powder on your dressing table and when ugly, hairy growths appear, make a paste with a little of the powder and some water, apply and let remain on the hairy surface for 2 or 3 minutes, then rub off, wash with water and the hairs have vanished. This treatment is quite harmless and rarely more than one application is required, but to avoid disappointment care should be used to buy the real delatone.

\$30,000,000 Credit Under Discussion

Proposal That Banks Finance British Purchase of Canadian Grain—Three-Cornered Plan

A proposal has been made to the Canadian banks to finance purchases of grain in Canada for the Imperial government to the extent of \$30,000,000 but The Gazette understands that the matter has not yet gone beyond the discussion stage and may not go any further. A definite decision regarding the proposal now before the banks will probably be reached in the course of the next few days. To the extent that the arrangement would represent a further measure of assistance from the Canadian banks to the Imperial authorities in the latter's financing of supplies bought in Canada, it is along similar lines to previous credits granted in the past year, or so. In a banking way, however, it would differ materially. For the previous credits granted, the banks have received British chequer securities, investing in them out of their funds to the extent of the different amounts advanced. The new credit arrangement would be rather commercial in character, and the Imperial government itself, the banks financing the government's undertaking. There are certain difficulties in the way and it is open to question whether the arrangement will go through, at least in the form in which it is now under discussion. With the \$30,000,000 credit granted in September last, the total credits from the Canadian chartered banks to the Imperial authorities rose to \$200,000,000. That a further arrangement of the sort, even if on different lines, should be undertaken at this time, is an interesting indication of the part that the banks are being asked to play in war financing.

FOOD DICTATOR IN STATES

New York, Nov. 21.—Governmental supervision of the nation's food supply, along the lines of the food dictatorship in Great Britain, France and Russia, was suggested here today as the only solution of the increasing cost of edibles in the United States. The suggestion was made by George W. Perkins, head of the Federal Reserve Board, in a speech before the creation of Federal States and Municipal Market Departments.

Perkins, in the course of his speech, said that the government should take the initiative in the next session of the legislature, efforts will be made to obtain the passage of a bill under which a state sanitary department may be created, the first duty of which will be to make a sweeping investigation of the New York food supply with a view to placing the responsibility for the present high cost of living.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Walk this way for styles for young men—and other men. From "coast to coast" you can't find better suits for the man who wants better styles. The values are good. FLESH BUILDER FOR THIN PEOPLE

Many Increase Weight Ten to Thirty Pounds—Grow Plump And Well Developed. Just because you are thin, run down and underweight do not think you have to stay in that condition. All of the best health and vitality are being wonderful sales of a flesh building preparation called Sargol, which is eaten with bread for the purpose of making you plump, symmetrical, well developed and vigorous, to cover your bones with good solid healthy skin—there is no fat that will bring your weight up to what it should be and make your cheeks and face plump, full and attractive.

The thing about Sargol that pleases the druggists best is that they are able to tell every purchaser that unless 60 days use of it increases the weight to a satisfactory degree, the rest is nothing as the manufacturers have such faith and confidence in their preparation that they tell the druggist to refund money paid if in any instance a customer is not pleased with the result he or she gets. The system is simple. First get a package of Sargol from any good drug store. Then weigh yourself and measure yourself and begin to take a single Sargol tablet with every meal and one before you go to bed for ten days and then weigh and measure again and let the scales and tape measure tell the story. If you have made a good gain keep it up for the full thirty days as per guarantee in each large package. Sargol is a harmless treatment. It is used to increase the red corpuscles in the blood, strengthen the nerves and put the digestive tract in such shape that the flesh, fat and tissue building nourishment in your food can be assimilated by your blood and turned into good solid healthy flesh instead of passing through your system as waste as is so often the case with excessively thin people. There is no strenuous exercise required, no drastic diet, no disagreeable dosing. Sargol is pleasant and easy to take. You just swallow a small tablet with a little water and each ten days climb on the scales to note the result. No matter how thin you are or how long you have been thin you can try it on the satisfaction of money back plan guaranteed by your own druggist who is fully protected by the manufacturer.

What is known in a certain town as "a shop carnival" was being held, and little girls represented the various shops. One, dressed in a white muslin frock gaily strung with garlands of bonbons, advertised the local sweet shop.

When the festival began, the fairly glistened with attractive confectionery, but as time wore on—her decorations grew less. Finally, at the end of the last act, not a bonbon was to be seen.

"Way Dora," cried the stage manager, "where in the world are all your decorations? Have you lost them?" "O, no," replied Dora; "they're perfectly safe. I'm wearing them inside."

In explaining their attempt to elude the police the two men said the stolen money had been restored to them mysteriously. Cullinane said he found it in the watch pocket of his trousers. Cullinane and O'Brien admitted that when the missing \$70 was found they moved from the Hotel Hollis to another hotel, where their effects now are in their room.

The sum of \$80 was raised by the pupils of the school at Black River, St. John county, for the relief of the Belgian children.

REPAIRS COMPLETED
The repairs to the twelve-inch water main, which burst at the corner of Union and Waterloo streets, were completed and the water turned on last evening. The excavation is being filled in today.

FIRE CALL
Fire broke out in the home of C. Hannah in Canon street yesterday afternoon and a still alarm was sent for the North End chemical engine. The latter was soon on the scene and the blaze was extinguished before much damage had been done.

RENEW ENTIRE SEWER
The old wooden sewer in Bridge street, which is undergoing repairs, has been found to be in much worse condition than expected and, instead of making repairs at one place, it will be necessary to renew the entire drain from Hammond to Main street. The sewer was of timber construction and was built many years ago.

LOCAL SHIPPING.
The schooner Anne Lord, Captain McDonald, arrived in port last night from New York with a cargo of coal for J. S. Gibson & Company, Ltd. After discharging her cargo she will proceed to Apple River, where she will load piling for New York.

The schooners Harry W. Haynes and Wanola were reported at Cape Cod Canal on the 16th from St. John.

NO COUNCIL UNTIL THURSDAY
Owing to the absence of the mayor and the lack of business which the other commissioners would take up in his absence there will be no extended meeting of the common council this afternoon. The understanding this morning was that the council should meet and adjourn, possibly to resume on Thursday afternoon when His Worship would be able to attend. The chief matter to be dealt with by the council is the offer of the Dominion Railways department for the purchase of the two lots of land at Reid's Point which are required for the elevator site.

STEAMSHIP NOTES.
The Donaldson liner Saturnia, which was to have sailed for Glasgow on last Saturday, did not get away and as a result a change has been made in her sailing date from this port. Instead of leaving here on December 5, she is scheduled to sail on December 10. Robert Reford Co., Ltd., local agents for the line, announce that a full cargo is already in sight. They are looking forward to a most successful season.

The Allan line's Scotian arrived at Glasgow on Sunday evening. The Scotian arrived at Quebec on Monday night at 11:45 o'clock and the Gramplan arrived at Montreal this morning at 8:15 o'clock.

FUNERALS
The funeral of Leslie Gordon Watters who died in the Fisher Memorial Hospital, Woodstock, as a result of injuries, and whose body was brought here for burial, took place this afternoon at 2:30 o'clock from his brother's residence, 188 Adelaide street. Services were conducted by Rev. R. McKinnon and interment was made in Cedar Hill. The service was conducted by the Odd Fellows, of which he was an active member. The floral tributes included several set pieces.

The funeral of Frederick C. Parker took place this afternoon from his father's residence, 27 Goodrich street. Services were conducted by Rev. S. S. Poole and interment was made in Fernhill.

The funeral of Joseph Baxter took place this afternoon from his late residence, 278 Charlotte street, to the Church of St. John the Baptist, where services were conducted by Rev. F. J. McMurray. Interment was made in the new Catholic cemetery.

The funeral of William Saul took place this afternoon from his late residence, Millidgeville avenue. Services were conducted by Rev. D. J. MacPheerson and interment was made in Cedar Hill.

The funeral of Mrs. H. Fairweather took place this afternoon from her late residence, 121 Medical street. Services were conducted by Rev. W. R. Robinson and interment was made in Fernhill.

ONE MORE ST. JOHN MAN GIVES HIS LIFE IN WAR

Pte. B. F. Forrester Killed in Action—Leaves Wife and Two Children, One of Whom He'd Never Seen

Mrs. B. F. Forrester today received a telegram from Ottawa that brought deep sorrow into her home. The dreaded yellow envelope was handed to her at her home in Clarence street by a messenger boy, and the tidings that it contained were "deeply regretted to inform that Pte. Benjamin Frank Forrester, infantry, officially reported killed in action, Nov. 11." This was her husband. The young hero now occupies a soldier's grave in far away France. He had offered up the greatest sacrifice for his country that man can make—his life.

Pte. Forrester was only twenty-three years of age. He crossed over with the 118th Battalion, and was transferred to another New Brunswick regiment, with which he was fighting when killed. He leaves his wife and two small children, one of whom was born since Pte. Forrester went across the ocean. He also leaves four sisters—Mrs. George Dine, Frederick street, and Mrs. A. Wadman, Elizabeth and Ella, all of this city. He has several brothers, but only one in St. John, William Forrester. Previous to enlistment he was a baker by trade and was well and favorably known.

Gunner R. T. Murphy

Mrs. M. A. Murphy of Lewisville road, Moncton, has received particulars of the death of her husband, Gunner Richard Thomas Murphy in a hospital in France on October 9. The officer commanding the battery in which Gunner Murphy was serving says that he was severely wounded by a shell which landed close to his gun and says further that "he was mortally wounded and capable of being taken to a hospital." Gunner Murphy was wounded on October 8 and remained unconscious until his death.

F. A. MILLIDGE DIES IN VIRGINIA

General regret was expressed this morning when it was learned that Francis Allen Millidge, M. A., Ph. D., fifth son of the late Thomas E. and Sarah Millidge of this city had passed away at his residence in Farmville, Virginia, U. S. A.

Professor Millidge was a brother to the late Thomas Millidge, who at one time was one of the most prominent lawyers in the city, and also a member of the common council.

He graduated from the old St. John High School, taking the Corporation gold medal and entered the U. N. B., where he graduated with honors in classics and also won two medals during his course here. After completing his course he crossed to Germany, where he took two years of training in a college, and then returned to the United States, where he accepted a position in the Mississippi College. After teaching there some time he joined the teaching staff of the Normal College in Virginia, which position he held at the time of his death.

He is survived by five brothers—Rev. James W. Millidge, now retired; Louis D. and B. V. of this city, and two in the states; also one sister, Mariett Marston, also of this city. His wife and two sons reside in Virginia. The interment will be made in Memphis, Tennessee.

SENT UP FOR TRIAL

The entire session of this morning's police court was taken up with the hearing of the case against a woman in the North End, and that of a man who was boarding in the house. Evidence was given by Detectives Barrett and Briggs, and the woman's husband. Detective Barrett said that while the two were being placed under arrest, the woman lifted the cover of a trunk. The detective, glancing in the trunk, discovered a revolver which he confiscated. The magistrate committed the two to stand trial in the higher court. They are Mrs. Peter Boudreau and Guy Muis, a Nova Scotian.

A son, Arthur, aged eleven years, is a cripple and is also dumb. When he was brought into the guard room last evening he was covered with two old quilts. His body was protected from the weather by these, there not being another garment on the child. When taken to the Children's Home by Rev. W. R. Robinson and Policeman Gibbs, he was bathed and his skin was found to be in raw patches. After being cleaned he was put comfortably to bed.

A little girl, three years old, possessed no boots or stockings. She was wearing a man's cap, one small undergarment, shirt and waist. These garments had to be burned. She also was bathed and cared for by Mrs. Milligan, matron of the home, in Elliott row.

ASSULT CASE WITH GREIVIOUS BODILY HARM

The case of the King vs. Peter Holstok came up before His Honor Judge Armstrong this morning without a jury. The prisoner was charged with assaulting Charles Birch and doing grievous bodily harm to him. Both are Austrians. The trouble occurred about two weeks ago on a C. P. R. train between this city and Grand Bay. The complainant's teeth were knocked out, his lip split, and he was otherwise badly cut and bruised about the face. Several witnesses were examined after which the prisoner was remanded. C. H. Ferguson prosecuted, and U. J. Sweeney appeared for the defendant.

THE RAPPAHANNOCK
The Furness liner Rappahannock, which fell a victim to a German submarine, according to a cable received by the agents of the line in Halifax, was bought by the Furness Withy Company, Ltd., some eight years ago from the Chesapeake & Ohio Railway when they had their sailings from Newport News. Since purchased by the Furness Withy Company, Ltd., the following captains have been in charge: Captain Buckingham, Captain Hanlos, Captain Lee, Captain Harriden, Captain Garrett. The last mentioned was in command when she disappeared. He is well known along the water front here and for some years came here as first officer in the Manchester Corporation Chief Engineer Hall, who was on the Rappahannock, and was also well known here. The ill-fated steamer sailed from this port on October 7. Wm. Thomson & Company, Ltd., are local agents for the line.
