SENATE COMMITTEE PUTS BLAME ON CAPT. SMITH

Commander of The Californian Censured THE TITANIC DISASTER

Chairman Smith Also Criticizes British Board of Trade And Others Defends Holding of Inquiry in States—Suggests New Laws

(Canadian Press) Washington, May 28.—Blame for the Titanic disaster is chargeable directly to the failure of the dead, Captain Smith, to heed repeated warnings of iceberg ahead, but responsibility for unnecessary loss of life must be shared by Captain Lord of the steamship Californian through his disregard of distress signals.

This is the finding of the senate committee, which investigated the sinking of the Titanic, as prepared in a comprehensive speech delivered by William Alden Smith, of Michigan, chairman of the committee.

Senator Smith declared that responsibility also rests upon the British Board of Trade, to whose laxity of regulation and hasty inspection the world is largely indebted for the awful fatality.

In denouncing Captain Lord of the Californian, the senator said the Titanic distress signals were plainly seen from the deck of his vessel a short distance away.

Some Conclusions Other conclusions presented in brief were as follows:—Before the Titanic departed on her maiden voyage, there were not sufficient tests of boilers, bulk-heads, equipment or signal devices.

Officers and crew were strangers to each other, and not familiar with the ship's implements or tools, and no drills or signal practice took place, and no helpful discipline prevailed.

The speed of the Titanic was increased four and a half miles an hour, at the time of the accident, although officers of the Titanic had been advised of the presence of icebergs by the steamships Baltic, America and Californian.

Passengers were not advised of danger, although President Ismay of the White Star line, who was taking the vessel's maiden voyage, was informed. No alarm was given, nor any organized system of safety undertaken.

Of the 1224 passengers and 899 members of crew on board, there was room in life-boats for only 1708 persons, and because of lack of orderly discipline, the boats took off only 704 persons, twelve being rescued from the water.

Officers of the White Star line, trifled with the truth after receiving information from their Montreal office, Monday morning, following the accident.

Senator Smith condemned antiquated shipping laws and over-ripe administrative boards, and asked that all nations set together in shipping reforms.

Suggests New Laws "New laws," he said, "will best test our affection for the dead."

Captain Rostron of the rescue ship Carpathia was praised by Senator Smith and he urged that congress recognize his valor.

At the outset, Senator Smith defended the course of his committee in holding hearings subject to secure their testimony.

HELD IN CHECK IN LONDON, MAY 28. MAKE IT NATIONAL STRIKE

Blockade Successfully Run With Aid of 2000 Police, But Only Food Stuffs Are Being Moved in Metropolis

(Canadian Press) London, May 28.—The 2000 policemen mobilized in the vicinity of the London dock yards have been thus far able successfully to circumvent the designs of the striking transport workers to inflict a famine on the people of London as the quickest means of securing the concession of their demands.

The men still express themselves as determined to insist on the recognition of the trade unions and demand the exclusion of non-unionists from the port of London, and a uniform rate of wages for all ship work with a minimum of seven shillings and six pence daily.

The government has been successfully running the blockade of the pickets today by long trains of lorries laden with hundreds of tons of chilled and frozen beef and other essential trading with London have been compelled to suspend their sailings, thus throwing out of work large numbers of men.

With the exception of the supplies of coal, the effect of the London strike on the provincial ports is already considerable. The shipping companies of Glasgow, Hull and other centers trading with London have been compelled to suspend their sailings, thus throwing out of work large numbers of men.

The report on morality, prepared by Mrs. Gordon of Ottawa and read by Mrs. Hamilton, child labor was one of the most interesting features of the evening.

One interesting writing on the Times of the opening session of the council, as follows:—The nineteenth annual meeting of the National Council of Women of Canada, now being held in London, Ont., is well represented by ladies from all the provinces.

At the meeting of the council, the following resolutions were adopted:—The National Council of Women of Canada, in view of the fact that the Canadian Presbyterian Board of Christian Missions is now engaged in the evangelization of the Korean peninsula, and in view of the fact that the Canadian Presbyterian Board of Christian Missions is now engaged in the evangelization of the Korean peninsula.

Without delay, and briefly answered criticism of his lack of nautical knowledge. "Our course was simple and plain—to gather the facts relating to this disaster, while they were still vital realities," he said.

Questions of diverse citizens gave way to the universal desire for the simple truth. It was of paramount importance that we should get quickly to avoid jurisdictional confusions and organized opposition at home or abroad.

Without any pretension to experience or special knowledge of nautical affairs, nevertheless I am of the opinion that a few important facts which were susceptible of being known escape no scrutiny. Facts often are more desirable than learning and the inquisition served its purpose to the end.

"In the construction of the Titanic," continued the senator, "no limit of cost or circumstances of endeavor, and no expense spared in the construction of this vessel took its place at the head of the line every modern improvement in shipbuilding was supposed to have been realized.

"When the crisis came a state of absolute unpreparedness prevailed in both passengers and crew, and in the confusion the ship went down, carrying as needless a sacrifice of noble and brave men as ever clustered about the judgment seat in any single moment of passing time.

"We shall leave to the honest judgment of England the maintaining chastisement of the British Board of Trade to whose laxity of regulation and hasty inspection the world is largely indebted for this awful calamity.

"Of contributing causes there were very many. In the face of warning signals, speed was increased and messages of danger seemed to stimulate her to action rather than to persuade her to fear."

Senator Smith declared that the command of the officer of the watch to avert the disaster actually exposed the most vulnerable part of the Titanic to the ice when the shock came.

"Distracted by the sudden appearance of danger," said the speaker, "he sharply turned aside the prow, the part best prepared to resist collision. At the turn of the big keel the steel encasement yielded to a glancing blow so slight that the impact was not felt in many parts of the ship, although the vessel was struck by a million tons, said to be the equivalent to the combined broadside of twenty of the largest guns in our battleship fleet fired at the same moment; with a blow so deadly that if any of the passengers and crew did not even know of the collision until tardily advised of the danger by anxious friends, and even then official statements were clothed in such confident assurances of safety as to arouse no fear."

Senator Smith commended, emphatically upon the failure of the ship's officers immediately to give a general alarm or to establish some orderly routine.

FIGHT ANEW WITH WHITE SLAVE TRAFFIC

National Council of Women Decide on Taking Aggressive Action

Conditions in Halifax and in British Columbia Cities Come in For Attention—Child Labor in Factories of the Dominion

(Canadian Press) London, Ont., May 28.—The National Council of Women has decided to take an aggressive step in fighting the white slave evil. At last evening's session, after a debate on ghastly conditions all over Canada, revealing a shocking state of social vice, from Halifax to Vancouver, a resolution was passed endorsing the plan of having a national committee affiliated with the international bureau for the suppression of the white slave traffic, and that the sub-committee be authorized to confer with the executive committee of the moral and social reform committee of Canada, as to the formation of this national committee, and to take what further steps may be necessary in this matter.

The report on morality, prepared by Mrs. Gordon of Ottawa and read by Mrs. Hamilton, child labor was one of the most interesting features of the evening.

CONSERVATIVES ARE BEATEN IN ALL RIDINGS

Five Bye-Elections

(Canadian Press) Edmonton, May 28.—Early returns today from the five provincial bye-elections, four of which were by re-elected members in the Sifton government, and the fifth to fill the vacancy caused by the resignation of the member in Cardston, show a complete sweep for the Liberals.

(Canadian Press) The present indications are that the five seats are retained by the supporters of the Sifton administration, though the results in Cardston, where the provincial treasurer, Malcolm McEwen, is running, will be very close.

(Canadian Press) Attorney-General C. W. Cross was re-elected for Edmonton over A. F. Ewing after the most spectacular fight in the political history of the province. There is still some doubt as to the actual majority. Liberals say 500 and Conservatives 483.

(Canadian Press) Conservatives say that there were many irregularities and that the election will be protested. There were a number of fights at polling booths, and a great deal of bitterness was shown during the day. In Sturgeon, the minister of education, Mr. Boyle, had an early majority of 39, with twenty-two out of forty-seven polls heard from.

(Canadian Press) Returns are slow in coming in from Redwood, but twenty-five polls out of 118 give Hon. Chas. Stewart a majority of 140.

(Canadian Press) These polls are nearly all along the railway line. It will be a day or two before they are in, as some are considerable distances from a telegraph.

SEVEN NEW ONES FOR MARATHONS

Frederickton, N. B., May 28.—(Special)—Joe Page and D. B. Donald arrived from Boston at noon today with seven new players for the Marathon team, viz: Larry Connelly, O. Woods, W. Gansel, J. Barry, F. McGovern, Kennedy and Duffy. The game with Fredericton this afternoon is looked forward to with new interest.

MERGER IN CONDENSED MILK BUSINESS

Toronto, May 28.—With the incorporation of the Borden Milk Company Ltd. under a dominion charter, another merger has taken place. It is of the condensed milk business. The Borden interests merged Borden's Condensed Milk Company Ltd., St. Charles Condensed Milk Company, Ltd., and the Borden Condensed Milk Co. Ltd. of Truro, N. S.

It has been well known that the Borden interests have had control of these for some time, and now these interests virtually have the condensed milk trade of the continent. The Anglo-Swiss Condensed Milk Company, Ltd., and the Nestle Milk Company, Ltd., control the trade and it is well known that they and the Borden interests have an understanding as to the spheres of activity of each. The headquarters of the new Canadian merger will be in Montreal.

BRIDE HAD PURSE LOST ON WAY HOME FROM ST. JOHN

Sunny Brae Woman Said, When Arrested, That She Had Found It

Moncton, N. B., May 28.—(Special)—A young woman belonging to Sunny Brae, accompanied by her mother, while returning home from St. John on Saturday evening lost a solid silver coin purse. Yesterday she noticed another young woman walking in Main street with her purse, she reported the matter to the police and an arrest followed. The young woman arrested is a bride, having been married in St. John, although both bride and groom were here. She said she had found the purse and intended to advertise it, but was delayed in doing so owing to sickness. A bold robbery occurred yesterday afternoon when the house of Conductor W. H. Wilbur was entered and \$140 taken. A ten year old girl nearby said she saw a man enter the house and come out again.

MARSH ROAD FIRE

The large barn adjoining the property of the Crosby Molasses Company on the Marsh road caught fire at three o'clock this afternoon and at the time of going to press was burning fiercely. The flames had caught on the fence and some of the sheds of the Crosby property and the whole plant was considered in danger. The city fire department was summoned by telephone.

AT FREDERICTON FOR SOVEREIGN GRAND LODGE

Fredericton, N. B., May 28.—(Special)—Delegates to the Sovereign Grand Lodge meeting continue to arrive. Those now here include Sir Mackenzie Bowell, Past Grand Master Munro of western Ontario and Editor Hockin of the Orange Sentinel. Speaker Strome is expected tomorrow. The first session will be held tomorrow morning.

THE UNITED STATES AND CUBA

Washington, May 28.—The United States is prepared to send marines and blue-jackets to the interior of Cuba for the protection of American and foreign interests, where no Cuban eyes are available for that purpose. President Gomez should object to such a course. It is employed as a hold at the state department that American marines and navy officers are expected to take such measures as become necessary to protect foreign plantations.

Berlin, May 28.—The national subscription for a German aerial fleet has reached a million dollars. This is twice what France has raised for the purpose.

CONTOUR MAP OF CITY AND VICINITY IS A WORK OF MUCH DETAIL

W. H. Burt, of the Geographical Department, Ottawa, arrived in the city today to visit the surveying parties at work making a topographical survey of the vicinity of St. John for use in preparing a contour map of the city and surrounding country. He will spend a couple of days here familiarizing himself with the district and inspecting the operations. From St. John he will go west to visit other surveying parties engaged in similar work.

Mr. Boyd said that the map will be of great value to the community. It will show the whole district in detail, including buildings of all kinds, railways, water and sewerage systems and everything else that can be shown on the map and giving the contour of the whole area. The importance of detail involved will make the completion of the map a slow process. The final drawings are engraved on copper and printed in three colors. In the meantime, however, as soon as it can be prepared a preliminary map in one color will be issued and a number of copies of information available at the earliest possible date.

NEARLY A SAD END TO DUKE'S GARDEN PARTY. Plucky Work of Officer and Policeman Prevents Loss of Life in Runaway at Toronto Fete

Toronto, May 28.—The garden party given by the Duke of Connaught on the final day of his visit to Toronto, at Benvenuto, yesterday, was marked by an accident that would have terminated fatally but for the heroism of one His Royal Highness's officers and a policeman.

When the guests were arriving in their carriages, a team of horses at the top of Avenue road hill, became frightened and madly dashed down the viaduct. At the entrance to Benvenuto, the horses suddenly swerved and, throwing the two women occupants and the coachman to the ground, struck a passing street car.

The impact threw the vehicle against a private carriage, from which a lady guest was alighting. Both carriages were smashed and the lady and coachman were buried in the wreckage.

The two runaway horses dashed among the numerous carriages nearby, but an officer of the Dominion Police, and City Detective Taylor, until the lady and her coachman were extricated from the wreckage. Both were uninjured, as were the two ladies and the driver of the runaway carriage.

**STRONG TICKET LED BY CHIEF OF OPPOSITION**

Messrs. Leger, Killam and Magee are Colleagues of Mr. Copp—A Stirring Convention

More than 400 delegates gathered in Sackville yesterday afternoon for the Liberal convention and made it the largest and most enthusiastic gathering of its kind ever held in the county of Westmorland.

The first business was organization and the officers were chosen as follows: Dr. E. A. Smith, Shediac, president; Dr. Gaudet, St. Joseph, vice-president; Fred Magee, Port Elgin, 2nd vice-president; A. J. Chapman, Dorchester, secretary; W. A. Grass, Sackville, treasurer.

The nominating committee was chosen and after brief deliberation reported the names of A. B. Copp, Sackville; C. M. Leger, Memramouc; H. P. J. Sweeney, Moncton; and Coun. L. N. Killam, Salisbury. Mr. Sweeney asked leave to withdraw as he was a resident of Moncton, and he believed it better to have all the candidates from the county. After another session the nominating committee presented the name of Fred Magee of Port Elgin, and the whole ticket was adopted.

"What care I for the base, unthinking world?" cried he gallantly, adjusting his immaculate bowtie. "Still, Willie, nothing shall part us. I will marry you or no one." "My own Eunice—" "And I will not have people saying unkind things about you, so I am disposing of my fortune to the missionaries. Why, dearest, why are you going?" "Willie looked back through the half-open door. "I'm going to become a missionary!" he replied.

PLUNGING THE PROVINCE INTO DEBT DEEPLY

Withal, The Public Services, Particularly Highways, Sadly Neglected

THE FLEMING MANIFESTO

Hon. Mr. Pugsley Makes Searching Criticism of Government's Record—Some Things Which The Premier Has Concealed in His Appeal to the People

Searching criticism of the railway policy of the provincial government and an arraignment of the Hon. Mr. Fleming's administration on its general record, was made last evening in an interview given The Telegraph by Hon. Wm. Pugsley, minister of public works.

"So far as I can judge," said Hon. Dr. Pugsley, "there is a very strong feeling throughout the province that the present provincial government has not managed the affairs entrusted to their keeping with any reasonable degree of judgment or prudence. With a revenue at their disposal which ought to be amply sufficient for all public needs, they are running the province into debt at an alarming rate, while the public services, particularly the highways, are being sadly neglected. I have heard a great deal with reference to the wretched condition of the roads and the statements have come from many people that I cannot doubt their truth."

The Poor Roads.

"I have traveled recently a great deal on the road from St. John to Rothesay and, having used this highway with very great frequency for the last thirty years, I can truly say that I never saw it in as bad condition as at present. If the attention to this road is a fair sample of the care which is given to other highways throughout the province, the public who are so deeply interested in good roads have the very best possible reason for the complaints which are being made on every land."

The people who take a deep interest in the conservation of the forests strongly disapprove of the action of the government in reducing the authorized area to which lumber may be cut, because while this enables the government to boast of an increased revenue from stumpage it tends to more rapid depletion of this most important source of wealth."

That Manifesto.

Asked if he had read Premier Fleming's manifesto, Hon. Mr. Pugsley said: "Yes, I have read Mr. Fleming's appeal and it is in many respects a unique document, particularly that portion of it which refers to the St. John Valley railway. Mr. Fleming says: 'Despite difficulties put in our way, our efforts have been successful, and a splendid arrangement has been entered into for the construction of the St. John Valley railway. The arrangement is such that I do not believe any burden will be placed on the people of the province, although the railway will be of a high standard, will bring a large amount of through traffic to St. John and open up and make accessible large portions of the St. John River Valley.'"

"If Mr. Fleming," continued Dr. Pugsley, "by his reference to 'difficulties,' has in mind the public statement made by Mr. Gould of the attempt of Conservative politicians to hold him up, I have nothing to say. It is intended, however, to charge any member of the Liberal party with placing difficulties in the way of the construction of the Valley railway, the slightest consideration for the truth would have induced him to omit such a statement."

"It is true that I and my colleagues from New Brunswick firmly declined so far as the federal government and parliament were concerned, to continue an agreement which the provincial government wished to enter into under which a second-class trolley railway could have been built beginning at some point on the C. P. R. in the parish of Andover and terminating at another point on the C. P. R. thus making the road but a branch of that railway and depriving the people of the St. John Valley of the competition which they so earnestly desired. By our determined attitude the provincial government was compelled to agree to the construction of a first class line of railway to be built all the way from St. John to Grand Falls."

Not Sincere.

"It is charged, however, and with apparently good reason, that the government is not sincere in its profession of a desire to build from Andover to Grand Falls and so make the Valley railway a portion of a trolley line in connection with the Transcontinental railway. The delay in providing for the construction warrant of this section would seem to indicate the suspicion which some people have as to the good faith of the government in this respect. In my judgment it is essential to the success of the enterprise that this portion of the line should be constructed simultaneously with the other sections. Anyone who has given thought to the subject must be aware that the operation by the federal government of the whole line from St. John to Grand Falls is most important from a revenue standpoint apart from other considerations. It is the through traffic which will go the farthest to make the road a paying proposition assuring that 40 per cent of the gross earnings which is to be paid over to the government will be sufficient."

WHIPPING UP TIRED NERVES

The driver reaches his destination sooner by whipping up his tired horse, but no one supposes that the whip imparts strength to the horse merely causes the more rapid expenditure of strength. And so it is with stimulants. When the system is run down the use of stimulating medicines merely calls forth the additional expenditure of the waning vitality and in reality hastens the breakdown.

Dr. Chase's Nerve Food is not a stimulant. It does not give rise to false hope by whipping up the exhausted system. It is a true tonic and cures by gradually and naturally building up the feeble, wasted nerve cells and adding new, firm flesh and tissue. You need not expect any startling results from the first few doses, but can be certain that the benefits to the body are thorough and lasting.

Did you ever consider how much the testimony of 67,000 means? Suppose four fifths of all the inhabitants of Quebec should come to you one by one and say "I know these Studebaker E-M-F '30' and Flanders '20' cars, because I own one. They are all right, the biggest values you can buy. It would take over two weeks, at ten hours a day, for 67,000 Studebaker-E-M-F '30' and Studebaker-Flanders '20' owners to tell you this about their cars, and when you realize that for every car in service at least five people know exactly how good it is, you could say that there are more E-M-F '30' and Flanders '20' boosters than there are inhabitants in Quebec, Winnipeg, Hamilton and Calgary put together. The tremendous weight of such approval is overwhelming. There isn't any use to which you could possibly put a car which these thousands of Studebaker owners haven't experienced before you. 67,000 owners have proved that Studebaker E-M-F '30' and Flanders '20' cars are just as good as we say. Every Studebaker owner will tell you his car is faster than anything near its size which he meets on the road. Studebaker cars are light, they will go over heavy roads where other cars cannot go, because the light car doesn't sink in. You will ride anywhere comfortably and safely. You can be sure, too, that wherever you go, you will always get back.

Over 67,000 Owners Commend Studebaker Cars

The car isn't built that has in it any better material or is more skillfully manufactured than are Studebaker E-M-F '30' and Flanders '20' cars.

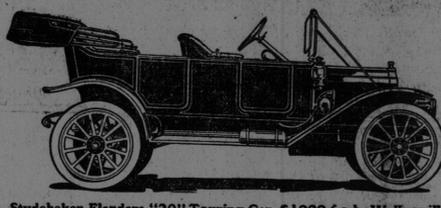

In our Walkerville factories these cars are constructed with the utmost care. Our resources are enormous, and our immense production which, counting sales in all parts of the world, will aggregate close to 50,000 cars this year, enables us to build wonderfully good cars at low prices. We are now employing, altogether, between 8,000 and 10,000 men with a monthly pay-roll of \$550,000. 180 cars per day are leaving our different plants, requiring over 60 special freight cars to transport them.

Competing cars of higher price cost more only because so few of them are built. Any \$2,000 or \$2,500 car would cost much less if even 10,000 were built annually. Not what a car costs but what it is worth, should be your standard.

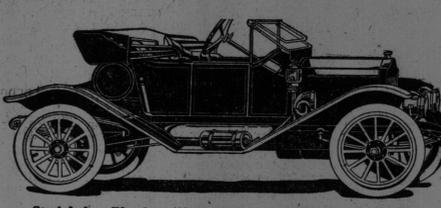

We could manufacture any competing car on the market and in the quantities in which we sell Studebaker E-M-F '30' and Flanders '20' cars for less money than you are asked by other manufacturers today.

In an E-M-F '30' or Flanders '20' you not only buy extraordinary good cars but, dollar for dollar, you get more for your money than in any other car whatsoever.

to pay the interest upon the bonds and thus prevent the province being called upon to meet a heavy deficit on the interest account. "Every elector, therefore," said Dr. Pugsley, "who feels that it is vital to the interests of the whole province as well as to the St. John valley that the railway should be a through line from St. John to Grand Falls should in my opinion consider the situation carefully and determine whether or not it is his duty to place in power a government sincerely determined to bring about this result. "I notice also," continued Dr. Pugsley, "that Mr. Fleming refers to a contract which the government has given for the construction of a railway from Monto to Gibson. I should be sorry to say or do anything which might be construed to show opposition to this line of railway. The terms as to its operation, however, are not stated by the premier, and he has left the public in the dark as to the rate of tolls to be charged and failed altogether to give any information which would enable the people to judge as to whether or not proper measures had been taken to safeguard the province in respect to the guarantee of the principal and interest on the bonds to the extent of \$15,000 a mile for thirty-one miles or a liability which amounts to \$465,000. "Mr. Fleming states that the C. P. R. undertakes to use annually 50,000 tons of reworked coal from the Queens-Sunbury coal fields for a period of ten years to be hauled over this road. If the C. P. R. should be disatisfied with its bargain at the end of ten years I fail to see that the province has any guarantee that the interest on the \$465,000 would be met by the company. It would, it seems to me, have been an act of prudence for the government to have insisted upon the C. P. R. entering into a long lease at a fixed rental sufficient to pay the interest on the bonds before engaging to make the guarantee.

He Conceals It.

"There is another most extraordinary feature in connection with this transaction," went on Dr. Pugsley, "Mr. Fleming states that the N. B. Coal and Railway is being a line from Monto to Norton, is also to be operated by the C. P. R. He, carefully and from his own standpoint, wisely conceals from the people the fact that the C. P. R. is to have the use of this line of railway, not upon the ordinary terms upon which railways are leased by the lessee, making either a fixed rental or a fixed percentage of the gross earnings, but as anyone who reads the statute will see, the compensation to the province for handing over to the company this valuable piece of property, which, under the old commissionaires had begun to earn a surplus, is only to be 20 per cent of the net earnings. The result of this will be that not only the C. P. R. have the usual profit, but will have 50 per cent of the net earnings besides, and I have it on the best of authority that under the agreement to lease the C. P. R. will have the right to first apply the gross earnings to betterment of the road before there is any division of the net earnings. "This most improvident arrangement under which a property belonging to the province and worth \$1,200,000 is practically handed over as a free gift to the C. P. R. would be wholly inexcusable under any circumstances but very much more reprehensible is it when the avowed policy of the federal government is to take over the branch lines connecting with the I. C. R. and when the province might reasonably expect that this road which could be made a most important feeder of the I. C. R. would, if taken over by the federal government upon just and equitable terms, yield to the province for all time a revenue of between \$40,000 and \$50,000 a year. "Through what is difficult to describe otherwise than grossly bad management as evidenced by the carelessness with which the bridge over the Washademoak, which collapsed causing great inconvenience and interfering greatly with the receipts, was built, the operating expenses have been far above the receipts. In light of these facts it is difficult to avoid the conclusion that the government has been utterly careless as to how the road was run, believing that periodical deficits in its operation would justify handing it over to the C. P. R. "Reckless Mismanagement. "As further evidence of the reckless mismanagement of this road reference might be made," said Dr. Pugsley, "to the fact that the government has expended upwards of \$8,000 in building a apartment on an alleged coal mine where there was nothing to warrant such an expenditure."

Every yard of "Priestley's" cloth is rolled on the varnished board and the name "PRIESTLEY'S LIMITED" stamped every 5 yards on the selvage. Whether you want a dainty silk-and-wool fabric like "Ambrose" — a fine or large twill — or a coating serge like "Sandown" or "Concord" — be sure that you get the genuine "Priestley's" goods, rolled on the varnished board.

and no paying traffic has resulted from it. There is one most extraordinary evidence of the recklessness with which the government is plunging the province headlong into liabilities and to which Mr. Fleming makes no reference is that of the guarantee of the principal and interest on the bonds to the extent of \$10,000 a mile for a railway thirteen miles in length from a point on the C. P. R. in York county to a lumber mill owned by one of the government supporters in the legislature. The pledging of the credit of the province to the extent of \$150,000 for the purely local line of railway is entirely indefensible. When I remember how vigorously the guarantee of bonds of the International Railway, which is an important line connecting with the east and west sides of the province to the extent of \$8,000 a mile, was attacked, it is impossible not to be amazed at the readiness with which the government has yielded to the demands of one of its prominent supporters and guaranteed bonds to the extent of \$10,000 a mile for a purely local road. "These are some of the matters," concluded Dr. Pugsley, "which have struck me most forcibly in reading the premier's manifesto. There are several other subjects dealt with by the premier calling for attention and these will, no doubt, be taken up by Mr. Copp, the able leader of the opposition, and his supporters during the present campaign." Hon. Dr. Pugsley returned to the city on Saturday evening and will leave again tonight to attend the banquet to Sir Wilfrid Laurier in Montreal.

HERE'S THE FIRST BREAK

Fleming Candidate in Carleton County Dropped and Anleton Substituted. Florenceville, May 27—There is trouble already in the government ranks in Carleton county and as one result the youthful Fred C. Squires has been dropped from the ticket, being substituted by Leveitt White, of Centreville, son of the late Hon. George White. Premier Manning, whose pet Squires was last to let him go, but there was such a hue and cry throughout the county that something had to be done.

ROYAL BLACK KNIGHTS IN ANNUAL SESSION

Fredericton, N. B., May 27—The most worshipful grand black chapter of British America of the Royal Black Knights of Ireland, convened for its 28th annual session in the Y. M. C. A. hall this evening. The grand chapter was opened with the usual formalities by Deputy Grand Master Sir Knight Thomas Howe, of Toronto, acting in the absence of the grand master, who is at present in the old country on a business trip. The acting grand master was assisted by the following officers: John J. Tull, Vancouver, associate deputy grand master; Rev. Canon Wm. Walsh, Brampton (Ont.), grand chaplain; J. S. Williams, Toronto, grand registrar; W. H. Wilson, Toronto, grand treasurer; Geo. White, New Glasgow (N. S.); J. W. Featherstone, Ottawa (Ont.); John Easton, see ad, page 2.

Winnipeg, grand anso; W. H. McLeod, North Battleford (Sask.), grand marshal; Benj. Dick, Toronto, grand standard bearer; J. W. Whiteley, Vancouver (B. C.); Jas. Jennings, Toronto (Ont.); W. R. McDonnell, Winnipeg (Man.), grand committeemen; Wm. Loe, Wm. Cheney, Toronto, grand auditors. Business was suspended for a short time while Mayor W. S. Hooper delivered a short address of welcome. Acting Grand Master and Lieut. Col. J. H. Scott, of Walkerton (Ont.), past grand master, responded. An address of welcome from White Throne preceptory, R. B. K. of I. No. 38, Fredericton, was read and replied to by the acting grand master. Encouraging and satisfactory reports were presented by various officers. Sir Knight Lt. Col. J. H. Scott presented a past grand master's jewel to Sir Knight Thomas Gilroy of Montreal. Watson's one cent sale starts tomorrow, see ad, page 2.

The funeral of Lady Tupper held in Halifax yesterday afternoon was attended by a large number of friends.

It was a cold winter night, and the wind was howling round the trees. The weary wayfarer was wandering along without knowing, and not much caring, where he was. He had lost his way for hours.

STOP! What is that? A signpost for certain! The weary wayfarer fumbled in his pocket, and brought out his box of matches. Luckily there was one left.

Carefully and slowly he toiled up the signpost and at the top struck the match to see what was written thereon. The flickering glare of the match showed these words: "Try Poot's Pills."

LOCAL NEWS

TO MEET TOMORROW NIGHT A meeting of the Young Liberals Club is to be held in the assembly rooms of the Nickel Theatre tomorrow evening at 8 o'clock sharp, for the election of officers and the election of delegates to the nomination convention.

TO WELCOME VISITORS Arrangements are being made for a joint meeting of the Commercial and Board of Trade to discuss the entertainment of the British business men who will visit St. John on June 12 and 14 in connection with their tour of Canada.

BULL-DOGS WON In a swift five innings game last night, the Blue Rock Bull-dogs defeated the Blue Rock Stars by a score of seven to two. The battery for the winners was Owens and Morris. The feature of the game was a three bagger made by Campbell of the Bull-dogs.

POLICE HOLIDAYS Detective Killen and Policeman Marshall have completed their holidays and are again doing duty. Policemen Crawford and Gosline went on their holidays this morning. Policeman Pitt will act as mounted policeman until the former returns.

FISHERY MATTERS J. E. Calder, fishery inspector, arrived in the city yesterday and will remain here until Wednesday. He says that the fishery season this year is not as good as last year, although it may pick up a little, but there is a possibility that a protest may be entered. Clawson, Holland and Cunningham were the battery for the winners, while Sharkey, Donovan and Hansen were on deck for the losers.

MAY BE PROTESTED The St. Michaels team won last evening in the intersociety league from the G. M. A. team by a score of nine to two, but there is a possibility that a protest may be entered. Clawson, Holland and Cunningham were the battery for the winners, while Sharkey, Donovan and Hansen were on deck for the losers.

LOCAL BASEBALL The Marathons left for Fredericton this morning to play the Fredericton team there on Scully's Grove this afternoon and also tomorrow. The five new players for the locals were expected to figure in this afternoon's game. The next game between the two teams will be on Saturday when the Houlton team will try conclusions with the locals. There will also be two games on the holiday.

LATE WINDOW WASHING Merchants in King street this morning were complaining about the practice of some firms who wash their windows and their sidewalks long after eight o'clock, the hour specified by law. Those merchants who finished their window washing early and were ready for business were in some cases much inconvenienced by the action of belated neighbors who were splashing water about later on.

STRICKEN WITH PARALYSIS Word received on Saturday by Mrs. C. H. Burns, of Fredericton, was that her father, George H. Sewell, had been stricken with paralysis at Hurley, New Mexico, and little hope for his recovery was entertained. His son, Walter Sewell, of Butte, Montana, left that city to be with his father.

SALMON FISHING While a few salmon have been caught in the harbor there had been none captured so far as is known above the falls in the harbor at Indiantown until today when Harry Meade and Frank Foster secured a fine one weighing twenty-seven pounds. It was placed on display in the window of W. H. Dunham. The run of salmon at Indiantown has been very encouraging thus far.

CONTRACTS FOR CAMP SUSSEX AWARDED

Large Amount of Supplies Needed - Colonel Humphrey Likely in Command

Contracts have been awarded for the supply of the troops at Camp Sussex. The successful tenders are: G. B. Fenwick, Sussex, beef and mutton; J. A. McArthur, Sussex, groceries, flour, hardware, hay, straw and oats; and Sussex Mercantile Co., bread. These necessities will be furnished to the Army Service Corps, commanded by Major A. E. Massie, during the sixteen days of the camp, with the exception of the bread which will be made by the bakers attached to this body as soon as the ovens are placed in proper position, probably a few days after the camp opening.

An idea of the magnitude of the supply contracts may be had when it is considered that the daily issue of bread alone aggregates 4,000 pounds and meat 3,000 pounds daily, while the other articles in the contract are in large quantities. The members of the Army Service Corps will be better able to handle the particularly large body under canvas this year owing to the fact that the recent school of instruction conducted here provided twenty non-commissioned officers and men.

The A. S. Corps from this city has always occupied a prominent position among the service bodies throughout Canada, and with the increase in strength of qualified men, their showing this year should be more satisfactory than ever. They will enter camp two days before the regular opening.

A new departure this year will be the encampment of the 82nd Regiment from this city for five days from June 28 to July 2. Arrangements are now being made to have a large representation of the local regiment. It is probable that Colonel Humphrey, D. O. C. No. 6 M. D. will command this year's camp though orders to this effect have not yet been issued.

ATHERTON TRIAL IS SET FOR JUNE 25

Bail is Asked For—Wilcox Pleads Guilty—Judge Jonah Presides at County Court

At the opening of the May sitting of the county court this morning, Fred R. Taylor, in behalf of the St. John bar, congratulated His Honor Judge Jonah, upon his appointment to the bench and, referring to the association of the St. John barristers with His Honor while the latter was a practicing barrister, he said the best feelings had always prevailed and he was glad that there had been appointed to the bench a man who could always be relied upon to give a fair and reasonable judgment on all matters that would come before the court.

His Honor expressed an opinion that the address was couched in terms all too flattering and, although it comes as a surprise, yet he greatly appreciated the kindness, and reciprocated by extending best wishes to the St. John bar.

On behalf of the grand jury and lately generally, R. W. Frink, foreman, spoke a few words of congratulation, and His Honor in turn expressed his thanks.

There are no criminal cases, and no jury civil cases. The non-jury cases are:—

George McKean vs. A. E. Crandall—Fred R. Taylor.

Ryan vs. Ryan, McInerney & Trueman, Canadian Fairbanks Morse Co. Ltd., vs. Siller—J. D. P. Lewin.

Barter vs. Knox—Hester & Logan. Halpin vs. Bell—Weldon & McLean. Third National Bank of St. Louis vs. Millidge et al—Weldon & McLean. Vassie & Co., Ltd., vs. Green—H. H. Pickett.

The grand jury is composed of—James Surool, Frank R. Fairweather, John Sealy, Allan H. Welmore, J. Fred Sullivan, Harry T. Weeks, Fred S. Thomas (absent), Geo. L. Warwick, John Walsh, Geo. A. Troop (absent), Henry G. Marr, Frederick W. Daniel (absent), Chas. H. McDonald (absent), Douglas McArthur, Arthur R. Smalley (absent), R. W. W. Frink (foreman), Wm. H. Hayward.

The petit jurors are:—Sydney Gibbs, Frank S. Alward, Henry Finnigan, Geo. Dunlop, Robt. R. Humphrey (absent), Ben. J. Dowling, Wellington Green, Gilbert G. Davidson, Walter Carnall, Hamilton G. Martin, John Jackson, S. Hatfield, David McLellan, Murray Olive, Wm. Tait, Thos. E. Dillon, Edw. E. Evans, Frederick H. Hart, Fred R. Peterson, Chas. Baille, Jr.

There being no criminal business before the court and no civil jury cases, both juries were discharged.

Wilcox and Atherton Cases The cases of the King vs. James A. Wilcox, charged with forgery and the King vs. Atherton, charged with forgery, and fraudulently converting twenty American Express Co. \$100 travelling checks to his own use, should properly be on the criminal docket, but the prisoners, through a misunderstanding, were not brought before the county court judge, to make their election as to the manner of trial within twenty-four hours as required by statute, so they could not be tried at this court.

Atherton was then brought into court, and the charge being read over to him, he is elected to be tried under Speedy Trials Act. Fred R. Taylor said that, pursuant to an order made by Mr. Justice McKeown, a commission had been issued to take the evidence of several witnesses in Fredericton, and he had for an order of the court and adjournment. The case was set for trial at eleven a.m. on June 28. C. Earle Logan appeared for the prisoner.

Wilcox was then brought into court and also elected to be tried by Speedy Trials Act, and pleaded guilty to forgery on two separate counts. E. S. Ritchie, who represented the prisoner, said that he had made inquiries about the prisoner and would submit several recommendations. His Honor said he would hear counsel at three o'clock this afternoon. The prisoner was then remanded.

The case of Third National Bank vs. Millidge et al, which is the famous station case, was adjourned until August sitting. His Honor had acted as counsel and could not try the case.

The case of Halpin vs. Bell, which is not defended, was commenced but was not finished when the court adjourned at one o'clock.

An application for bail will be made in the Atherton case, and His Honor said this morning that he would look over the depositions and ascertain the nature of the evidence in considering the application.

ST. JOHN COUNTY LIBERALS' CONVENTION FRIDAY NIGHT

The nomination convention to select two candidates to contest the county of St. John in the interests of the local opposition, will be held in Keith's assembly rooms Friday evening, and a full attendance of the delegates chosen for that purpose is requested.

MILITARY NOTES

Militia orders announce that Capt. W. H. Laughlin, of Milltown, has been granted a certificate as field officer in the 71st York Regiment. He recently took a course of instruction at the Military Depot in Fredericton. Lieut. Gerald P. Loggie, Canadian Ordnance Corps, son of Deputy Surveyor General Loggie, of Fredericton, has been gazetted as one of the two ordnance officers on the staff of the Peterborough Central Camp this year.

The period of training at Camp Sussex for the 28th Dragoons is to be twelve days instead of sixteen days. They will probably go into camp with the infantry division on June 25.

FATHER AND SON ON BENCH Only three prisoners were arraigned in the police court this morning. All three were charged with drunkenness. Father and son were two of them, and had also the charge of profanity to answer to. All pleaded guilty and were fined \$8 each or thirty days in jail. The elder was fined an additional \$8 for the profanity.

TO MEET TOMORROW NIGHT A meeting of the Young Liberals' Club is to be held in the assembly rooms of the Nickel Theatre tomorrow evening at 8 o'clock sharp, for the election of officers and the election of delegates to the nomination convention.
