

# MADE MURDER HIS PROFESSION

### Medical Experts Tell of Pantchenko Securing Deadly Disease Germs—Has No Denial.

### Count Bouturlin Died From Effects of Diphtheria Toxin—Brother-in-Law Implicated.

St. Petersburg, Feb. 3.—Dr. Pantchenko, whose specialty he admits, has been the removal by poisoning of undesirable relatives and enemies of those who could pay his fees, told at today's session of the murder trial of how he secured his instruments of death. The admission were brought in connection with the testimony of medical witnesses.

Pantchenko, in common with Count O'Brien De Lassy is charged with the murder of De Lassy's brother-in-law, Count Bouturlin, the heir to several millions which it is alleged De Lassy coveted for his wife.

Dr. Henrich, a veterinary employed at the pest laboratory in Kronstadt, testified that the poisoner twice visited the laboratory where he obtained several tubes of cholera anti-toxin, which he represented were required for scientific purposes.

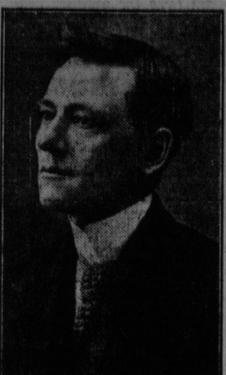

At this point Pantchenko explained to the court that De Lassy had furnished him with money for the trip to Kronstadt and he added that he gave the tubes of poison to the count.

Dr. Seholotny, the plague expert, who recently returned from an inspection of China, was then called. He testified that Pantchenko had applied to him for diphtheria germs.

The witness gave him diphtheria in a fluid form. Later on he ascertained that the fluid killed lacking power, but this was unknown to Pantchenko.

Then the counsel asked the prisoner what he did with the fluid, and the latter replied that he threw it away.

Another to whom Pantchenko went for poison was Dr. Edrzhovskiy, the latter being called testifying that the doctor came to the institute of experimental medicine and asked for diphtheria toxin. The witness gave him several assay tubes and told him the minimum amount of toxin.

O. S. CROCKETT, M. P. He has unearthed another dredging scandal. A. & R. Loggie were paid \$30,000 for work that was not authorized.

## MORE LIGHT ON DREDGING

### Mr. Carvell Gets Huffly When Damaging Revelations Are Made—Inspector At Bathurst Could Not Write.

Ottawa, Feb. 3.—The Dalhousie dredging case was before the public accounts committee again this morning. This was the case where a telegram sent by the Public Works department authorizing work at "Bathurst" read "Dalhousie," where it was received, and the contractors, A. & R. Loggie, continued the previous season's work. This cost the sum of \$30,000.

Geoffrey Stead, district engineer of the department, was examined by Mr. Crockett. He said on May 25, he received instructions from the Public Works Department to appoint Louis Alain an inspector for the work at Dalhousie early in July. He learned that the work was to be done on and only on August 2 did he discover that the work at Dalhousie had been authorized.

On August 4 he was instructed to inform Andre Loggie that the work was not authorized and that there was no appropriation for it. He did so. Two reports of the work which he received during August he sent to the department. On Sept. 25 he was ordered to forward the accounts and the work continued until Nov. 2.

Mr. Carvell the Bully. An altercation here arose between F. B. Carvell and Mr. Crockett. The former objected to some questions which the witness had been asked. Mr. Crockett suggested that Stead had "got a tip" as to how to answer.

Hon. Mr. Pugsley claimed that the witness had been insulted. Mr. Crockett resented this construction upon his examination. Mr. Carvell said he would not allow the witness to be bullied as last year.

W. H. Smythe, sitting behind Mr. Carvell warned him that he was the biggest bully around and that they intended to have no more of his tactics. All the committee wanted was the truth.

Mr. Crockett asked Mr. Stead if he took the letter Sept. 24th as authority for the telegram of Aug. 4th, and so the work went on until the end of the season. In reply to further questions, Mr. Stead said Louis Alain, inspector, who had been appointed by order of Mr. Pugsley, could not write and had to have his reports made out by some one else.

## FRUIT GROWERS ORGANIZED IN CARLETON CO

### New Association Formed At Enthusiastic Gathering At Woodstock Yesterday—Ambitious Programme Ready.

### 350,000 BARRELS EXPORTED SINCE 1876

Woodstock, Feb. 3.—A number of gentlemen representing the fruit growers and allied industries of Carleton county, met today and organized the Carleton County Fruit Growers' Association. They elected an officers:

President—S. A. Thomas, of Lindsay, fruit grower.  
Vice-Presidents—Sheriff John R. Tompkins, of Florenceville and Harry Cochrane, Victoria equity, fruit grower and shipper.  
Treasurer—Jarvis J. Bull, managing director Maritime Co-operative Co., Woodstock.  
Secretary—Edwin Tappan Adney, representing the Sharp Fruit interests.

Additional members of executive board—Coles J. Dugan, Woodstock, shipper of apples, and Judson Briggs, Lindsay, fruit grower.

The objects of the association are as follows: 1. The collection of information regarding the improvement of the fruit industry and its dissemination in quarters where it will not only encourage the home grower, but cause the intending settler or investor to perceive the advantages of Carleton county as the present commercial apple section of New Brunswick.

2. The promotion of exhibitions of fruit at such times and where it will serve to illustrate the present production and resources of Carleton county.

3. The promotion of fruit growing in the county by encouraging the formation of co-operative fruit growing picking and marketing associations.

4. The circulation of information among members and others concerning the proper varieties of fruit to plant, methods of cultivation, etc., most suitable to climate and local conditions.

5. Promotion of the interests of existing allied industries in the county by the depend in whole or in part upon the fruit growing industry.

The meeting was enthusiastic and adjourned until Feb. 10th for preparation and adoption of constitution and by-laws. It was shown at the meeting that Carleton county produced the first barrel of apples grown in New Brunswick for outside market, and that the county export of apples for 25 years past was 350,000 barrels.

A vigorous protest was unanimously made at the attempt of outside foreign influences to change the name of the native apple, the "New Brunswick," to that of a foreign and much inferior variety, the Duchess of Oldenburg.

The principal United States transcontinental railways, Mr. Skinner added, "such as the Great Northern and Northern Pacific, in which a good deal of British capital is invested, will extend over several weeks."

On the whole Mr. Skinner thought the agreement advantageous to Canada and that he was perfectly confident of Canada's loyalty to the Mother Country.

Conservatives United. Ottawa, Feb. 3.—The debate on the reciprocity agreement will resume next Tuesday. This has been definitely agreed on between the parties and the probabilities are that the discussion will extend over several weeks.

That the Conservatives will come out flat footed against reciprocity, present appearances indicate. It is true that a number of members, especially from the west, were inclined to favor reciprocity, but it is said that they will be in line, at least in opposing the general principle of the motion.

Hon. Clifford Sifton, who is referred to by the Orange Sentinel, as a prospective bidder, is keeping his own counsel. It is known that he is opposed to reciprocity. He has said so.

## LONDON NEWS RECIPROcity WITH ALARM

### Full Text of Agreement Printed Today

### LOOK TO BALFOUR

### Unionists Advised To Fight For Imperial And National Defence—Conservatives at Ottawa United In Opposition

London, Feb. 4.—The British public today through the morning newspapers will make its first acquaintance with the full text of the United States-Canadian reciprocity agreement. It was communicated to the colonial office at the end of last week by the governor general of Canada and made available to the board of trade, but for some unexplained reason it was not communicated to the press until yesterday.

The unexpectedly wide scope and sweeping character of the agreement causes surprise and renews the perturbation of the Unionist newspapers. These organs exhort the Unionists to drop all differences and realize the gravity of a situation that calls for the greatest energy.

The Morning Post says: "Augustine Murray, chief secretary for Ireland, speaking at Bristol, tonight, said that he was rejoiced to see free trade principles conquering all other views. He contended that Canada was perfectly free to make the best bargain she could. 'Our business,' he added, 'is to wish her well in her enterprises.'"

Mr. Balfour, the Daily Telegraph says, "is greatest with his back to the wall, and he knows the height and the breadth of this crisis."

All hopes that the agreement will not be ratified appear to have vanished from the minds of the political writers here whose utterances are now confined to the means of dealing with the new situation.

Liberals Contented. The Liberals take a contented view of the situation regarding the agreement as having dealt the death blow to the protectionist movement.

Mr. Skinner, the English director of the Canadian Pacific Railway, in an interview confessed that he views the agreement with mixed feelings. It will have a disturbing effect on the Canadian transcontinental railways, but the growth and development of the northwestern provinces of Canada was so rapid that he had no misgiving that this would more than meet the leakage arising from the agreement.

Chief of Police Campaign stated tonight that it was his intention to see if criminal proceedings could not be instituted against the mother for leaving such small children alone. There was too much of that sort of thing going on in the city, in his opinion.

PEARY MAY HAVE TO WAIT FOR \$6,000

Washington, Feb. 3.—Congress may fail to act at this session on the bill to promote Robert E. Peary to be a rear admiral.

The bill was reached on the private calendar today, but consideration was postponed until the next session, when bills will again be taken up before adjournment.

NEGRO KILLS ONE; WOUNDS ANOTHER

Wilson, N. C., Feb. 3.—Deputy Sheriff George Munford was killed and Chief of Police A. O. Glover probably fatally wounded by a negro desperado today.

The officers were attempting to arrest the negro on charges from Dunn, where he broke into a store.

SERIOUS CHARGE. Chicago, Feb. 3.—Evelyn Arthur Sew, founder of the "Absolute Life" was indicted today on serious charges, the penalty for which is imprisonment from one to twenty years.

MISSING WOMAN. Montreal, Feb. 3.—The police are looking for Mrs. Phyllis Bourgoin, who last Friday left her home to go and visit some relatives at Cole St. Lac, and returned to the city in the evening, but never reached her home.

## MUCH CHILD LABOR EXISTS IN MONTREAL

### Startling Evidence Given Before Royal Commission—Compulsory Insurance And Shorter Hours.

### LEGISLATION IN WOMEN'S INTERESTS

Montreal, Feb. 3.—That child labor in Montreal is more extensive than is usually conceded, was the sum of the evidence given this morning at the sitting of the royal commission on industrial training and technical education at the Monument National.

The principal witness was Rev. Father John Charles Beaudine, curate of Hochelaga, who has himself instituted an investigation into the prevalence of child labor. At the close of his evidence he made the following recommendations:

That every child before entering any employment, be required to produce his or her baptismal tract showing the age to be at least 14 years.

That women and young girls should never be allowed to work after six o'clock at night.

That the working hours for women and children be lowered from 58 to 55 a week.

Most of the evidence submitted today was given by members of the National Federation of St. Jean Baptiste, and in a statement which the commission was invited to consider, the following recommendations were made:

That the public authorities should enact protective legislation in favor of the working women subject to consultation of their wise as to efficiency of such legislation.

That an obligatory insurance should be enforced on the husband's life in favor of his wife.

TWO CHILDREN PERISH ALONE

Mother Who Left Tots In Montreal Home May Be Charged With Criminal Negligence—Die In Cupboard.

Montreal, Feb. 3.—Mrs. George Marlow went to a moving picture show this afternoon, leaving her two children, Donald and Annie, six and seven years of age, in the flat occupied by the family on Chatham street.

Boys playing in a yard in the rear noticed smoke pouring from the windows and summoned the firemen. A few dashes of water extinguished the blaze. The children had taken refuge in a cupboard of the kitchen and were both dead when the firemen managed to gain access to the place.

Chief of Police Campaign stated tonight that it was his intention to see if criminal proceedings could not be instituted against the mother for leaving such small children alone. There was too much of that sort of thing going on in the city, in his opinion.

PEARY MAY HAVE TO WAIT FOR \$6,000

## NO REDRESS FOR BANK VICTIMS

### Delegation of Stockholders of Defunct Farmers Bank Get Cold Comfort at Ottawa.

### Government's Negligence to Move in Matter When Warned Regarded as Criminal.

Ottawa, Feb. 3.—Sir Wilfrid Laurier and Hon. W. S. Fielding heard a deputation representing the shareholders of the Farmers' Bank this afternoon, headed by William Laidlaw, K. C., and supported by a number of members of parliament. The object of the deputation was to press upon the government the need of appointing a Royal Commission to investigate the affairs of the bank, with the view of disclosing those irregularities antecedent to the failure, the consequences of which would not bring into the limelight.

Mr. Laidlaw made a forcible and pathetic speech. He pointed out to the ministers that some compensation should be given to the farmers, who had retained him to look after their rights. These men were ruined. He thought that some redress should be given, and that by way of a special act exempting the men from the operation of the double liability clause in the Bank Act.

Judging from the reply of Sir Wilfrid and the gossip around the corridors it is evident that no royal commission can be hoped for. There is no doubt if the financial department was not involved that a commission would issue, but notwithstanding the efforts of Mr. Fielding on the floor of the House to put the matter in a good light, the recent return indicates clearly that there was terrible negligence on the part of that department of the government, whose endeavor it should have been to see that the banking business of the country was conducted above reproach. As a matter of fact the Standard is informed that the government is afraid to face a royal commission.

"There is no doubt," said a member of parliament tonight, "that the department of finance has been woefully remiss in its duty. Mr. Fielding may state off a royal commission, he may talk inquiry, but the disclosures are so obvious in the face of the warnings of Sir Edward Clouston, John Knight, and others, that no excuse can be accepted. A deep sentiment is current here that a direct and effectual remedy must be made to clear up the obliquity which has attached itself to the financial department by reason of the failure of the bank, and those who are involved must suffer the penalty for their inability to duty."

STANFIELD PUT GRAHAM IN BAD

### J. C. R. Granted Half a Cent a Mile Rate To Laurier Meeting, But Refused Any Privileges To Borden Gathering.

Ottawa, Feb. 3.—Most of the day in the Commons was spent in supply. John Stanfield put Mr. Graham in a hole. First Mr. Perley brought up the railway rates granted by the Intercolonial in connection with the Laurier meeting at Montreal, last autumn. From Lewis to Montreal the rate was \$1.50 return. The distance traversed was 226 miles, so that the Liberal electors travelled on their political mission for less than half a cent a mile.

Mr. Graham said that if the leader of the Opposition would hold a meeting of a similar description, the Intercolonial would grant a similar rate. "Thanks awfully," said John Stanfield in effect. "How about that Truro meeting held by Mr. Borden last autumn? The Intercolonial refused to grant any special rate at all to electors who wished to attend the Borden meeting. But there was a circus in Truro that day and the railway granted a special rate to the circus. But before it would grant a reduced rate ticket to an elector, it made him buy a circus ticket, as well as a guarantee of good faith."

"I'll investigate," said Mr. Graham lamely.

REV. P. J. RYAN GOES TO VANCOUVER

### W. P. Martin Given Promotion In C. P. R. Service—Well Known Here When Superintendent of Winter Port.

Montreal, Feb. 3.—W. P. Martin, local freight agent of the C. P. R., has been transferred to an important post in Vancouver, where he will have charge of the steamship freight business. Mr. Martin has been in the service of the Canadian Pacific since the company started business, coming from the old Quebec and Ontario.

When that line was absorbed by the C. P. R., Mr. Martin was a train dispatcher at Hochelaga. Since then he has filled important posts with success, including charge of the winter port business at St. John, N. B. He will be succeeded at Place Viger by T. A. Martin.

Mr. Martin became very popular when stationed in the West Side and his many friends here will be pleased to hear of his appointment.

PLAGUE HALTS GERMAN ROAD

Berlin, Feb. 3.—Word was received here today that the plague had appeared along the Shan Tung railroad, the German line which extends from the eastern seaport of Tsing Tu, west 247 miles to Tsing Pa.

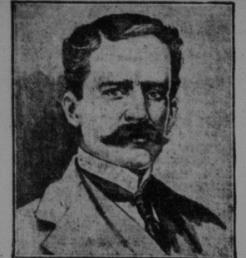

Second and third class traffic between these points has been suspended.

Mrs. J. B. Russell returned yesterday from a visit to her daughter Miss Florence in Montreal.

SHRUBB BREAKS RECORDS.

Baltimore, Md., Feb. 3.—At the fifth regiment armory tonight, Alfred Shrubb, of England, broke two professional running records. He made 10 miles in 52 minutes, 55 seconds, beating the professional indoor record by 20 secs.

His time for the fifteen miles was one hour, nineteen minutes, one second. The professional outdoor record was announced as one hour, twenty minutes, four and three-fifths seconds.

Shrubb tonight ran against St. Yves, of France, and John J. Hayes, of New York. He finished three and one-half laps on the eight lap track, ahead of the former, who was second.

GASPEREAUX FORKS.

Gasperaux Forks, Jan. 30.—The recent fall of snow was welcomed by the lumbermen who were beginning to feel uneasy for fear they would not get the logs to the river. At a business meeting held at "The Forks" Baptist church, Jan. 25, Geo. Briggs and Rufus Dennings were appointed deacons.

Alex. Jardine who has been engaged in the lumber woods with Reuben Clark is home for a few days. The erection of a new bridge across Salmon River here will begin in a few days under the management of Contractor G. Brewer.

Miss Thyra Fowler is visiting friends at Red Bank, Queens Co. Miss Beattie Ganong, teacher of Upper Gasperaux school, has been ill but is recovering.

LATE SHIPPING.

Vancouver, B. C., Feb. 3.—The Vancouverian tramp steamer Tiana, 2,215 tons, heavily laden with British Columbia coal for Acapulco, Mexico, was wrecked this morning on Stuart Point, San Juan Island, in American waters, at the southern end of the Gulf of Georgia. She carried a crew of 26 men.

SERIOUSLY CUT IN LUMBER WOODS

Frank Wood, of Point deBute Has Large Muscle of His Arm Severed and Vein Cut.

Sackville, Feb. 2.—Frank Ward, of Point de Bute, was seriously injured while working in the lumber woods at Brooklyn. He was chopping a log when his axe caught in a limb overhead. It was forced from his hand and when falling came in contact with his shoulder inflicting a very severe wound the width of the blade and two and a half inches deep.

The large muscle controlling the arm was severed and the large veins cut. Dr. M. A. Oulton rendered the necessary surgical aid. Mr. Ward is in a critical condition, but hopes for his recovery are entertained.

RECIPROCITY VIEWED WITH ALARM

Continued from page 1. plainly in addresses he had delivered before the various clubs and he has been more specific in private conversation. At present he is watching developments and saying nothing.

Thirty-Four to Four. Ottawa, Feb. 3.—A return moved for by Mr. Foster and laid on the table of the Commons today, contains copies of communications which the government has received, for and against reciprocity with the United States.

Those in favor of reciprocity are: Winnipeg fruit and vegetable jobbers, Forest Grange, Calgary Liberal association, Eastern Ontario Dairy-men's Association.

Those against are: The boards of trade of Welland, Deseronto, Brampton, Saulte Ste. Marie, Cobalt, Manitow, Searforth, Perth, Brockville, Gait, Vernon, B. C. and Port Hope.

Market Gardeners of the Province of Malleable Iron Founders of Canada, Central Farmers Institute of Victoria, B. C.

Employees and mechanics of the Barrie Tanning Company, the Dominion Suspender Company, and the Niagara Neckwear Company of Niagara Falls. Quebec Boot and Shoe Manufacturers' Association.

Montreal Shoe Manufacturers' Association, with 21 members. London Shoe Manufacturers, and 14 shoe manufacturers in various parts of the country.

One Cheering Note. Hamilton, Ont., Feb. 3.—That the Oliver Chilled Plug Works Company was in earnest the other day when it announced that the reciprocity negotiations would be dropped with plans here was made evident today when an official announcement was made that an assembly building, costing \$200,000 will be erected at once to be followed by the building of the malleable and grey iron foundry, of the building 576 feet long and 135 feet wide and one and a half stories high.

To the Editor of The Standard. Sir,—On behalf of the Seamen's Mission, I must, through your columns appeal to the public of St. John to send us any old undergarments and men's boots and shoes, which they can possibly spare. The demand at this time is great, and some of the cases which have come before us, are particularly sad.

Most of these men have wives and families to support and cannot afford to spend their hard earned wages on themselves. I will be only too pleased to send to any address for parcels of clothing and men's boots, especially by Canada's mail, which can be spared. I take this opportunity to thank the ladies and gentlemen who have so kindly sent us magazines and papers. Trusting my appeal will meet hearty support.

A SAFE THAT IS SAFE

Cary Fire Proof Safe Proves to Merchants of Canada at Middleton Fire, That It is Best of All Safes.

After the Middleton fire Messrs. M. P. Marshall and L. S. Shaffer, opened their Cary Safe, which they bought from Ford & Featherstone, Hamilton, Ont., and found the contents of both safes in perfect condition, and anyone passing along Commercial street, Middleton, cannot fail to see the test that both Cary safes suffered. Both safes fell into the basement where they were covered with large quantities of boots and shoes and other merchandise, remaining in that position until the following day when the fire burned itself out. They were hauled out and opened up to the great satisfaction of both merchants.

Mr. Marshall, the well known merchant, who is in Saint John says, "My books and papers are all saved; I had them in a Cary safe, which, in my opinion is a fireproof safe, has no equal."

It is also pleasing to note that the Cary safe proved a like satisfaction in the Fernie, B. C., Cobalt, Ont., Three Rivers, Que. and Campobello, N. B., fires, and it would be well for any merchant who is thinking of purchasing a safe to see that it is a good standard fireproof safe, such as this make of safes is, and supplied by Ford & Featherstone, Hamilton, Ont. and it will prove to them the cheapest when the time comes.

D. A. R. Officers Here. The Dominion Atlantic Railway and steamship company passes into the hands of the Canadian Pacific on April 1st, and the C. P. R. takes active direction of the affairs of that company. It is said to have been practically decided that the general office of the company will be removed from Kenville, and the business handled through this city. A local office will probably be continued at Kenville.

INTERESTING TALK ON SYRIAN LIFE

Princeton Professor Delivers One of Most Interesting Addresses in Archaeological Course.

A most interesting and well attended lecture was that given in the Natural History society rooms last evening by Prof. William Kelly Prentice, of Princeton University. The lecture was given under the auspices of the Archaeological society, and Prof. Prentice took as his subject "Syrian Life in Town and Country Five Centuries After Christ." Mayor Frink presided and introduced the lecturer.

Prof. Prentice is well qualified to deal with his subject, as he was a member of two of the three expeditions sent out from Princeton to explore the historic ruins lying between the Syrian coast and the Syrian desert. In that section of Syria are a series of low mountains, which in the early centuries of the Christian era were occupied by many prosperous communities. These communities were ruined in the seventh century and later by wars, earthquakes and other calamities, and many of the cities have never been inhabited since. In spite of the fact that the buildings remain almost wholly above ground, the walls of some complete up to the cornice of the ceilings. Few travellers have visited the region since it left control of the region to which archaeological research has hitherto been confined.

Among the buildings examined by the Princeton expeditions, of which the most important was a member were many churches, private houses and tombs very beautiful and modern in appearance, and which evinced a decided refinement and even luxury on the part of the people who occupied them. These structures, such as baths, which were like modern clubhouses showed that even in those early days the lighter side of life in the cities of the day was enjoyed by the citizen. One of the chief sources of the wealth of the people is shown in the oil presses and wine presses in which the country abounded.

In the buildings examined much was learned of the life of the early Christian communities, and one of the most interesting buildings which was described by the lecturer, was the settlement called the Castle of Rosee. This settlement was probably designed for one of the relatives of Justinian or of the Empress Theodora.

It is also pleasing to note that the Cary safe proved a like satisfaction in the Fernie, B. C., Cobalt, Ont., Three Rivers, Que. and Campobello, N. B., fires, and it would be well for any merchant who is thinking of purchasing a safe to see that it is a good standard fireproof safe, such as this make of safes is, and supplied by Ford & Featherstone, Hamilton, Ont. and it will prove to them the cheapest when the time comes.

D. A. R. Officers Here. The Dominion Atlantic Railway and steamship company passes into the hands of the Canadian Pacific on April 1st, and the C. P. R. takes active direction of the affairs of that company. It is said to have been practically decided that the general office of the company will be removed from Kenville, and the business handled through this city. A local office will probably be continued at Kenville.

Special Sale of Gentlemen's Raccoon Coats

The object of this sale is to close out at one sale the balance of Gentlemen's Raccoon Coats. We have just ten of these coats left, and all are greatly reduced in price. They are all made from selected skins, dark in color and full furred. It may seem odd to you that we should close out these splendid Dunlap-Cooke Company made coats at such sacrifice prices. We give you our reason: We think it a good deal better business to lose a few hundred dollars on the balance of our stock of this season's make, and be able to advertise next season that every garment in our stock is absolutely fresh and new, than to hold them over for another season and make the additional money that you save in buying now.

- Here Are the Discounts: GENTLEMEN'S RACCOON COATS, 50 inches long, full dark skins, nicely matched. Regular price \$75.00. Sale price \$45.00. GENTLEMEN'S RACCOON COATS, 52 inches long, made from extra fine skins, large shawl collars. Regular price \$90.00. Sale price 58.00. GENTLEMEN'S RACCOON COATS, 52 inches long, made from extra fine skins, large shawl collars. Regular price \$95.00. Sale price 65.00.

Ladies' Muskrat Coats to Clear

These coats range in price from \$75.00 to \$125.00. We are marking them at \$40.00, \$50.00, \$62.50 and \$80.00 to clear. Most exceptional values.

The thing to consider

in purchasing a sound-reproducing instrument is the fidelity with which it reproduces the human voice in songs or speeches and the musical notes of instruments. Until you have heard the Edison Phonograph

you cannot appreciate how far Mr. Edison has carried his invention in this respect. Every note of music and every syllable of a speech is not only clear and distinct, but also a perfect reproduction of the singer, band, orchestra or speaker who made the original record.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amber Records. Get complete catalogs from your dealer or from us.

SAINT JOHN, SATURDAY MORNING, FEB. 4, 1911.

A NATIONAL DEGRADATION.

Has the Laurier Government become utterly shameless? It would appear so. At first it made pretensions to decency, and protested its appreciation of ordinary public and political standards, and its adherence thereto.

Since the appointment of Mr. McIntyre as comptroller, there has been a complete reorganization of the city's financial methods, which will stand comparison today with those of any city or province in the Dominion and even with the Department of Finance itself.

The sterner qualities of the Mowatts and Mulocks, the Davies and the original Cartwrights, have been replaced by the decidedly easy virtue of the Lauriers, the Bordens and the Puseys of the cabinet.

But the Government have vaulted it, hearing now at last the struggling Cartwright, and the erstwhile conscientious Fielding. There is great joy in the wide camp of the dredgers, the contractors, the middlemen, and the grafters.

Hereafter when any long suffering citizen calls the grafter to account, he will be referred to Laurier and Fielding and Cartwright as sufficient answer. They are now formally identified in principle or in practice, or both, with gift-taking and secret endowments.

And later the Minister of Agriculture, speaking for and with the approval of the Prime Minister, enunciated the doctrine that whenever it happened that a minister's salary was considered inadequate for his scale of expenditures, it was the right and duty of his political friends and admirers to make him a gift and conceal from the public the names of the gift makers.

That the acceptance of gifts or testimonials of any kind on the part of Ministers of the Crown or of any member of their families, from contractors, Government officials, or other persons having pecuniary relations with the Government, is entirely opposed to sound principles of administration, and is calculated to bring Parliamentary government into contempt, and that the example thus given tends to corrupt and demoralize the officials serving under Ministers who have accepted or permitted the acceptance of gifts or testimonials as aforesaid.

Zam-Buk Saved His Finger. Mr. Albert Brennan, butcher, of 141 Lindsay Ave., Toronto, has good cause to be thankful for Zam-Buk. While at work, he cut the middle finger of the left hand rather badly, but did not think that any serious consequences would follow.

CIVIC REFORM.

When Mr. Ernest A. Sherman from Cedar Rapids, who is to deliver an address in this city on Government by Commission, reads the annual statement of the city's finances, which will be published in Tuesday's papers, he will find a pleasing contrast to the state of affairs in those towns and cities which have required the drastic reform he has brought here to advocate.

It is no secret to those who have followed intelligently, the course of events that during the past year the city's debt has been decreased, the interest charges reduced, and the expenditure of all the departments kept within the estimates.

The benefit of reform is apparent in the Chamberlain's department. Some other departments may need it. To attain this end there is no necessity to change the entire system of government under which St. John has prospered.

HISTORY WILL REPEAT ITSELF.

After reciprocity between Canada and the United States was agreed to in 1854, the exports in one year through the port of Quebec fell away from \$10,047,068 to \$6,234,808, and the imports from \$7,017,316 to \$2,930,229.

What happened to the ports of Quebec and Montreal in 1854 will occur again under similar circumstances in 1911, and the winter port of St. John cannot fail to be affected. The Times seeks to prove that because United States products are exported through St. John, exports of Canadian produce through the Winter Port will not suffer under the proposed agreement.

The devotion of Mr. Pugsley to the welfare of St. John, his single hearted desire that nothing shall stay the wheels of progress, and last, but not least, the evidence of his devotion in the large sums of public money he has secured for dredging contracts—all these things have become an article of faith among his followers.

The social calendar of the past week was well filled, nearly every day bringing the affairs indulged in. The latter are becoming very popular among the younger ladies as well as the matrons.

The marriage of Miss Vivien Gould, daughter of Mr. and Mrs. George Gould to Lord Dages, will take place in St. Bartholomew's church on Feb. 7th.

His Majesty King George has just authorized Henry Robert Visart, Bury, captain in the Royal Artillery, to assume the name and title of Count Visart de Bury and de Bocarne.

There was a good attendance at the skating club on Monday evening. The ice was in good condition and many are going in for it this year.

Chancery Court. The case of J. J. McGilgan vs. the Willit Fruit Co., Ltd., was argued before Chief Justice Barker at the adjourned sittings of the January Chancery Division yesterday morning.

King's Bench Division. Mr. Justice Landry granted a number of orders for directions in the King's Bench division.

Supreme Court Chambers. Mr. Justice McLeod, in Supreme Court Chambers, made an order allowing the defendant in the case of the St. John River S. Co. vs. Star Line Co. to appear from the decision of Mr. Justice Barry and a jury.

Arbitrators Disagreed. An interesting application was made by W. A. Ewing K. C. before Justice McLeod, in Chambers, under the Arbitration Act. Some time ago B. J. Purdy appointed an arbitrator and also was unable to arrive at a choice of a third arbitrator.

four Melrose presided at the tea table. The decorations were very pretty. The dining room had quantities of daffodils and the dining table was decorated with white carnations and smilax.

The Marchioness of Salisbury, Lady Sybil Grey, Lady Beatrice Cecil, Lady Winifred Gore, and Mr. and Mrs. Duff MacColl, are at Chateau Frontenac, Quebec, this week.

Hon. J. K. and Mrs. Fleming, of Harrow, were in Victoria this week. Miss Vera Rankin, of Halifax, is visiting in Preston, Ontario.

Mrs. F. E. Barker, Mount Pleasant, entertained at the tea hour on Wednesday afternoon of this week in honor of her daughter, Mrs. de Mille.

IT'S OF INTEREST TO EVERY PERSON How Ovilá Marcotte's Bright's Disease Was Caused and Cured.

A cold was the cause and Dodd's Kidney Pills the cure—He recommends them because he has proved them good.

Lafond, Alta., Feb. 3.—(Special)—In these winter days, when nearly everybody has a cold, the cold goes to the weak spot, Backache and other symptoms of Kidney disease are almost epidemic.

For this reason the statement of Ovilá Marcotte of this place is of interest to every one. He had a cold. It developed Backache, Kidney Disease, and finally the dreaded Bright's Disease. Dodd's Kidney Pills cured him.

For three years, due to a cold I suffered with Backache, Kidney Disease and Bright's Disease. I was treated by a doctor, who did me no good. It was four boxes of Dodd's Kidney Pills did the work. I recommend Dodd's Kidney Pills to all persons who suffer from diseased Kidneys.

JULY 15 FOR POLO MATCH Americans Send Cablegram to Hurlingham in Which Point is Conceded Late in Season for Contest.

New York, Feb. 2.—After conferring and discussing the matter of a suitable date for an international polo match this year the delegates of the American Association came to an agreement that if the English players are desirous of making an attempt to recover the cup they will have to play here not later than July 15.

The whole matter is now up to Hurlingham to decide. If the matches are played it is very likely that the Meadow Brook field will be the scene of action. The cablegram mentions metropolitan grounds for the contests, and as the Meadow Brook team would be the defenders of the international trophy it is only natural that it should want the tourney on its home grounds.

The following is a copy of the cable sent to Hurlingham: January 31, 1911. Maj. F. Egerton Green, Hurlingham Club, London: The Polo Association is extremely desirous of meeting the Hurlingham Club's wishes respecting the date for the international match.

MONCTON GIVES HALIFAX SURPRISE

Victorias Come Home Winners on Crescents Own Ice--Haligonians Played Off Their Feet in Second Half by Scott, Doran and Nicholls--Teams Now Tied for Pro. League Leadership.

Halifax, N. S., Feb. 3.—Five thousand hockey fans from all parts of the Maritime Provinces, the greatest crowd that has ever witnessed a hockey game in Halifax, packed the Arena rink tonight and witnessed the greatest hockey game ever played in this city, in which the Moncton Victorias defeated the local players by a score of 9 to 3, and tied with Halifax in the struggle for the professional championship of the Maritime Provinces.

The result of the game was the greatest surprise ever sprung in hockey circles in the Maritime Provinces as it was thought the game would be fairly even and Halifax fans backed their team heavily to win. In the first half Halifax had slightly the best of the play, scoring three goals to Moncton's two, but in the second half the local team was simply outclassed. Moncton scoring seven goals, while Halifax did not find the net once.

It was the work of Scott, Doran, and Nicholls that defeated the Halifax team. McNamara refereed in a satisfactory manner. The teams were: Moncton Goal, Bishop, Point, Laing, Cover Point, Weaver, Rover, Condon, Scott, Centre, Stuart, Right Wing, Nichols, Wilkie, Left Wing, Norman, Crocket.

TIGERS AND I.C.R. TEAMS BOWLING WINNERS AT BLACKS

Last night on Black's Alley the Tigers won from the Pirates with a score of 1,371 to 1,180. In the Commercial League the I. C. R. team won from M. R. A. Ltd., with a score of 1,284 to 1,207. The following were the teams and scores: CITY LEAGUE, Pirates, Ferguson, 78 79 80-237 79 McDonald, 79 63 70-212 70 23 Tufts, 87 79 88-254 84

PICKING RIPE HIS SPECIALTY

John Holland, manager of the St. Joseph, Mo., Western league, baseball team, that is responsible for more youngsters in major league company than any other minor league manager.

Behind Holland is the "Boosters club," that loyal bunch of fans pronounced by President Tip O'Neil, as the gamest bunch of losers that has ever boosted the national game. Last season the Boosters saw their team slide from the top of column to next door to the subway in three weeks and never uttered a knock but stood pat, and the team finished sixth.

Among the latest finds Holland "sent up" is William (Tex) Jones, said to be the best first baseman prospect from the west, and Roy Corhan, the Pueblo shortstop, for whom Comiskey gave up \$2000 last summer.

Not even in the palmy days of hockey has there been more interest in a game and at seven o'clock last night the fans started to pour towards the rink in the hope that they could secure some of the seats that would entitle them to standing room. The plan was all sold out on Wednesday, so that hundreds had to take chances last night of getting rush tickets, and

THISTLE LADY CURLERS WIN AT HAMPTON

This afternoon and tonight there will be played the third match of the season between the Thistles and the St. Andrews Clubs. The last two matches proved a victory for the Thistle curlers and St. Andrews curlers will this afternoon and night attempt to prevent the Thistles from winning three straight matches.

WHO'S WHO IN THE FLYING GAME

Latham has demonstrated that there is as much danger to the aviator flying over land as over water. He has had experiences of both, once falling into the English Channel, while trying to fly across, and just the other day his machine was smashed to bits descending on dry land at San Francisco.

OTTAWA CURLERS WON.

Ottawa, Feb. 2.—The Ottawa's defeated the Caledonians of Montreal by 12 shots in the final at the Government House rink today for the Governor General's curling prize. The score was forty-four to thirty-two.

Fights at 133 and Looks Like Champion

When Packer McFarland knocked out Jack Goodman, the New York boxer, and made 133½ pounds, he demonstrated two things about which there had been much doubt.

These points were that Packer carried a k. o. wallop and that he can make the lightweight limit—when he wants to. Heretofore there has been doubt about the ability of the stockyards boxer's ability to scale at less than 135 pounds and be strong. His claims to consideration as a lightweight were ridiculed by the men who stick to the letter of the law. They called Packer a welter. But when, after real training, he was strong and but half pound over the limit, hats came off.

And then when he took that sleep punch off the shelf, where it had reposed ever since he acquired cleverness and speed, Packer proved that he possessed another qualification which was supposed to be lacking. As he is matched with Wolgast for a 10 round set, it will be interesting to keep an eye on the ringlet-crowned graduate of Harry Gilmore's emporium, who is really one of the classiest boys in the business.

EXMOUTH JR'S RUN AWAY FROM PORTLAND Y.M.A.

A picked basketball team from the Portland Y. M. A. met with a bad defeat at the hands of the Exmouth Y. M. A. juniors, last evening, by the score of 23-3.

THISTLES AND ST. ANDREWS IN THIRD MATCH

Four rinks of lady curlers from the Thistle curling club journeyed to Hampton and played two rinks of gentlemen and two of ladies from the Hampton club. The Thistles were victorious by the following score by skips: Thistle Ladies, Hampton, Mrs. P. Jones, 12 Mr. Connors, 11 Mrs. Thorne, 10 Mr. Donald, 12 Miss Campbell, 15 Mrs. R. A. March, 7 Mrs. S. CURLERS HAVE BUSY TIME AT HAMPTON

Hampton, Kings County, Feb. 2.—The present weather just suits the curlers, and the Hampton club rinks are kept ringing with the flying "stones" of enthusiastic players. So far this season the ice has been good, the only exception being on the occasion of the home match, President vs. Vice-president, which had to be postponed on account of the mild weather.

HERE HE IS

The mysterious man whose cut up countenance you have been gazing at for two days was Frank Gotch, bridge groom of a few days, who retired as heavyweight champion, wrestler of the world. Gotch is worth a quarter of a million but now says he is coming back. He became a great wrestler in the hands of Martin "Farmer" Burns. He invented the toe hold, most deadly of wrestling holds and defeated the best men in this country and Europe. He will meet the winner of the Hackenschmidt-Zhysschout.

J. B. PASCOE OLD TIME STAR ON TRIP EAST

J. B. Pascoe arrived in the city on Thursday from Calgary, Alberta, and is at the Royal Hotel. A few years ago Mr. Pascoe was a resident of St. John and always took great interest in sports during the summer months, and the hockey matches in the winter.

WHO'S WHO IN THE FLYING GAME

Latham has demonstrated that there is as much danger to the aviator flying over land as over water. He has had experiences of both, once falling into the English Channel, while trying to fly across, and just the other day his machine was smashed to bits descending on dry land at San Francisco.

AROUND THE CITY

Exmouth St. Church. Rev. W. W. Brewer, the pastor, will preach in Exmouth street church Sunday evening. English Mails Today. English mails on the steamer Lusitania, left New York last night and will be due here at noon today. Thorne Lodge Meeting. Rev. J. H. A. Anderson will address the Gospel temperance meeting to be held at Thorne lodge in the Haymarket Square Hall tomorrow afternoon at 4 o'clock.

Personal Experiences in Holland. The fourth lecture given by the ladies auxiliary of the Natural History Society will take place this afternoon at 4 o'clock. Miss Marcia Braine of Halifax will speak on her personal experiences in Holland. All are invited to attend. Mrs. Hugh Nichol. Mrs. Hugh Nichol, a widow living at the corner of Rodney and Ludlow streets, West End, died last night about 11 o'clock. She had been ill for some months. Mrs. Nichol who leaves a grown up family, kept a boarding house and was highly respected by all who knew her.

Fourteen Deports. The Coraean which was scheduled to sail at 5 p. m., yesterday, did not get away until 1 o'clock this morning owing to the fact that the trains from the west were delayed by the storm. She carried 14 deports, including one woman who had previously been deported from New York. Address on Commission Government. Ernest A. Sherman, of Cedar Rapids, Iowa, will hold a public meeting in the Opera House on Tuesday next at 8 o'clock, when he will deliver an address on Government by Commission. Mr. Sherman has addressed meetings in nearly all the towns in the United States, which have adopted this form of government, and has been closely connected with it since its inception. Seats will be reserved for ladies.

Temperance Meetings. Rev. A. J. Archibald will be the speaker at the Gospel temperance meeting to be held in the Granite Rock Division hall, West End, at 8.15 Sunday evening. Rev. L. A. McLean will address a meeting in Loyalist Division hall, Paradise Row, at the same hour. Hon. Robert Maxwell will be the speaker at the meeting in the Temple of Honor hall, Main street, at 4 o'clock Sunday afternoon. Cutting Pulp Wood. Advice from points along the C. P. R. are to the effect that a large quantity of pulp wood will be cut this season. At almost every siding on the C. P. R. between St. John and Acadam are cars loaded with pulp wood for the pulp mills at Woodland, Charlotte county. On the New Brunswick Southern Railway also there is enough work to keep a special train busy between St. George and St. Stephen in the transportation of the wood.

Every Day Club Debate. A debate took place at the Every Day Club last evening on the question, Resolved, that capital punishment on circumstantial evidence is never justifiable. The affirmative was taken by Messrs. Titus and Robinson and Messrs. Jones and Belding supported the negative. The judges decided for the affirmative. The Club will hold a trial by jury next week. The case will be a charge made by the president that the 2nd vice-president purloined the motto on the wall. Judges, lawyers and jury will be chosen. Last evening Ray Noble presided at the piano, and there were musical and vocal selections.

Rev. Mr. McCutcheon Accepts. Rev. Mr. McCutcheon, of the Newton Theological College, who was recently tendered a call to the pastorate of the Brussels street Baptist church after next June, has written to the clerk of the church signifying his willingness to accept the call. Rev. Mr. McCutcheon, who is at present completing a course in theology at the Newton college, supplied the pulpit of the Brussels street church last summer during his holidays, and made a very favorable impression on the congregation. Word that Mr. McCutcheon had consented to assume the regular pastorate here was received with much pleasure by the members of the congregation yesterday.

Brighter Outlook. Although the outlook at the first of the winter port season was that the export of grain would be much lighter this season than in previous seasons, it now appears that before the season ends, last year's records may be broken. At the opening of the season the conditions were not favorable for the Canadian export trade in grain. Hungarian wheat was being poured into the English market at a price which the Canadian farmer would not meet, and as a result there was a falling off in the sales on the other side. Now, however, the outlook is improving, and it is expected that from this time until the end of the season every steamer sailing from this port will take a particularly heavy grain cargo. The big elevator at Sand Point is filled with wheat and the shipping instructions are coming forward rapidly.

HIGH COURT CHOOSE I. O. F. REPRESENTATIVES

Standing Committee Name New Brunswick Delegates to Supreme Court—Next Provincial Gathering at Moncton.

A meeting of the high standing committee for New Brunswick of the Independent Order of Foresters was held at the Dufferin Hotel last evening, when the following representatives were selected to attend the annual meeting of the supreme court which meets in Toronto on May 2nd: 1st Representative—High Chief Ranger, Judge Cockburn, of St. Andrews, with Benjamin Kilburn, of Kilburn, Victoria county, first alternate, and Past Grand Physician Dr. J. C. Lawson, of St. Stephens, second alternate. 2nd Representative—Past High Officer Rev. B. H. Thomas, of Dorchester, with P. H. C. R. Col. G. Mersereau, of Daoktown, first alternate, and Past High Physician Dr. C. J. Purdy, of Moncton, second alternate. 3rd Representative—P. H. C. R. Duncan G. Lingley, of St. John, with H. V. C. R. Al. E. Grass, first alternate and P. H. C. R. A. A. Wilson, K. C., of St. John, second alternate. 4th Representative—P. H. C. R. Dr. B. M. Mullin, of St. Marys, York county, with P. H. C. R. B. Hanson, of Fredericton, first alternate, and H. C. E. A. McKay, of Fredericton, second alternate. 5th Representative—P. H. C. R. H. W. Woods, M. P. P. for Queens, with Geo. B. Jones, M. P. P. for Kings, first alternate and J. Aug. Bemler, of Edmonston, second alternate.

This is the first time the high standing committee has appointed representatives to the supreme court, this course being made necessary by the fact that the high court for the province at its last meeting in Chatham failed to elect the representatives. The next annual meeting of the high court will be held at Moncton on July 18 and 19. The members of the high standing committee present at the meeting last evening were: M. N. Cockburn, H. C. R. of St. Andrews; Col. Mersereau, P. H. C. R. of Daoktown; M. E. Grass, P. H. C. R. of St. John; F. W. Emerson, high secretary, of Moncton; J. V. Russell, high treasurer, of St. John; Dr. B. A. Marvin, high physician, of Chatham, and E. H. McKay, high councillor, of Fredericton.

EMPRESS HERE OPENS IMMIGRATION RUSH

Nearly 1000 Passengers on Empress of Ireland Which Arrived This Morning—Was Delayed at Halifax.

The big C. P. R. liner Empress of Ireland arrived off the island about 3 o'clock this morning from Liverpool via Halifax and docked before 6 at her berth, South Point. The Ireland would have been here earlier had it not been for the delay caused by difficulty experienced in making Halifax harbor. She left Halifax at 10.30 yesterday morning and brought around with her 998 passengers. This number practically inaugurates the immigration rush for the present year, and it is expected that all the steamers coming this way will have heavy passenger lists from this time to the close of the season.

The steamer landed 2,026 sacks of mail, and 481 packages of parcel post at Halifax. Among those on board were Rev. Dr. and Mrs. Barclay, of Montreal; Dr. Ritter Von Gintl and wife, of Carlsbad; Mrs. Colin MacKenzie, wife of Maj. Gen. Mackenzie, Ottawa; Lieut. P. Dold Passy, Ottawa and E. Blake Robertson, Ottawa. On board was a man bound to Toronto. He had with him three thoroughbred racing dogs, trained to do 200 yards in 12 1/2 seconds. They are fine animals and on the sound of a pistol, run for flying flags at the finish line. The little fellows, the oldest of which was three years of age, were all clad in double jackets. Their value is considerable.

TITHING SYSTEM FOUND SATISFACTORY

Kings Daughters Decide to Continue After Year's Trial—Night School Successful Rummage Sale in April.

The regular business meeting of the King's Daughters, held at their headquarters, Prince William street yesterday, was largely attended. The reports of the various committees were interesting and the report of the boarding home for women was specially encouraging. The night school has entered on its second year, under the same competent licensed teacher. The general secretary will enroll new names on application. The mothers' meeting committee is in attendance every Wednesday. The committee will welcome more mothers who care to come. Sewing, helpful talks and a social cup of tea make the time from 3 to 5 o'clock pass very pleasantly.

The annual rummage sale will be held early in April. The general secretary will be pleased to receive word of intended contributions. For a year past the King's Daughters have tithed all money received by them, except the receipts from their boarding home. The year of trial is just completed, and at the meeting yesterday a resolution for the continuance of the tithing system was carried by a very large majority. At the January meeting it was decided to support a Bible woman in the foreign mission field. Her expenses will be paid from the tithing fund. On Sunday at the regular 4 o'clock

LUDLOW WILL HAVE TO BE LAID OFF

Annual Cleaning of Boilers May Tie Up Ferry Service—Committee Take No Action on Western Extension.

The Ferry committee at a short meeting yesterday, decided to replace one of the floats on the West side, and passed the superintendent's monthly report. The superintendent stated that the Ludlow, which has been constantly in commission since last June would have to be laid off to have her boilers cleaned as soon as the weather moderated. The committee took no action on the statement of the superintendent that Mr. Olive had declined to prepare plans and specifications for repairs of the Western Extension in accordance with the instructions of the council, leaving it to be dealt with by the council on Monday. Ald. Potts presided, and there were present Ald. Wigmore and Sprout with the Common Clerk and Superintendent Waring. The Superintendent reported that new electric lights had been installed in the East side toll house. He stated that the Ludlow would have to be laid off in a few days for the annual cleaning of boilers. He reported that one of the floats on the West side was in a bad condition. An old one would have to be rebuilt to replace it. The report was received and it was decided to carry out the recommendation to repair the float on the West side.

A letter was read from the Dartmouth Ferry Commission, offering information in regard to the ferry service there. The letter stated that Halifax had made enquiries with a view to buying a boat in the States, but had finally decided to call for tenders for building a modern and also a steel boat. The city had decided to accept a tender from the firm of McKee & Baxter, of Glasgow, Scotland, for a steel boat at a cost of \$12,500. The superintendent said he had carried out the instructions of the council to see Mr. Olive and try to get specifications to repair the Western Extension, making her serviceable for 10 years, but Mr. Olive had stated that he could not do that according to law. He had noted the Mayor regarding Mr. Olive's answer. The chairman said the council had given the superintendent instructions in regard to this matter, and that the committee had nothing to do with it. The committee then adjourned.

HOW SINGLE TAX WOULD BENEFIT

Ald. Potts Claims That Adoption of New System Will Compel Sale of Leasehold Properties.

Ald. Potts is not of the opinion that the objection to the single tax discovered by a gentleman who points out in the Globe that St. John is too old to reform, has any force. The objection is that the single tax would be a heavy burden upon the landlord in a city like St. John where there is so much leasehold property. "One of the principal arguments that may be urged in support of a change in the taxation system," said Ald. Potts, "is that a tax on land value would compel landlords to sell out to their leasehold tenants, and break up the estates which have no claim upon the public consideration. One of the immediate results would be that land now held for speculation would be thrown on the market, and people would take their money out of the banks to build houses for themselves or manufactures to get profits from their lands. "Much land is owned by absentee landlords, and there is little chance for our young people to get anchorage here. The city has stood still in the matter of population for a generation."

ENJOY GOOD TIME AT 62ND BAND SMOKER

Address by Mayor and Interesting Program Features of Evening—Sixteen Kept Busy Serving Refreshments.

The annual smoker of the Band of 62nd St. John Fusiliers, held in their hall, Canterbury street, last evening, proved a very interesting and enjoyable function. The mayor, Col. Baxter and other officers and members of various city regiments were present. Musical selections by the band, solos, choruses and speeches helped to make the time fly merrily. The mayor made a speech, referring incidentally to some of his civic battles and was accorded a hearty reception. Sergt. A. McAllister acted as master of ceremonies, and among those who contributed to the entertainment of the evening were Messrs. Abbott, Langan, Greason, the St. Peter's quartette and others. The committee in charge of the arrangements were Sergt. A. McAllister, G. Stevens, W. H. Jones, W. Cunningham, M. Perkins and J. Semple. Sixteen uniformed bandmen were kept busy serving refreshments to the guests.
