

IRISH KILL FIFTEEN IN AMBUSCADE

Nearly 100 Sinn Feiners in Party That Shot Down Patrol of Police Cadets.

ONE POLICEMAN REPORTED MISSING

Attack Took Place Near Macroom in Cork County Late Last Night.

Macroom, County Cork, Ireland, Nov. 29.—Fifteen auxiliary police cadets were killed and one cadet mortally wounded as the result of an ambush by between seventy and one hundred men near Kilmichael, southwest of here, last evening. Another of the cadets is missing.

The cadets, under District Inspector Craike, were patrolling in two lorries when they were ambushed.

Robbed the Bodies. London, Nov. 29.—Despatches relating to the killing of fifteen auxiliary police cadets near Kilmichael were read in the House of Commons by Sir Hamar Greenwood, Chief Secretary for Ireland, during the course of the Irish debate today.

The party which ambushed the cadets consisted of from eighty to one hundred men, all dressed in black and wearing steel trench helmets. They fired from both sides of the road on the lorries and also directed an enfilading fire straight down.

All Were Killed. By force of arms some of the men had been disarmed and brutally murdered. Their bodies were rifled of all money and valuables and their clothing was taken from the corpses.

Arms and ammunition were also taken and the lorries burned. The secretary thought that with fifteen officers of the Irish war thus lying dead, the House would not wish to continue the discussion in the face of such a challenge to parliament and civilization.

The auxiliary cadets are now recruited in training for the "Black and Tan" auxiliary police.

Strike State Unchanged. Sydney, Nov. 29.—The railway strike at the plant of the Dominion Iron and Steel Company has entered week of its second week and the deadlock still exists. A move towards a settlement has not been made.

Burns Freeman's Journal. Detroit, Nov. 29.—The Freeman's Journal office was set fire by armed and masked men about midnight. Three girls living on the top floor had narrow escape from death.

Rescue the Women. London, Nov. 29.—A detachment received at the London office of the Freeman's Journal are today at the occupants of the building which was set on fire by masked men, were rescued, but that much damage was done to the building.

Editor Entertains Journalists. London, Nov. 29.—Leading newspaper men were entertained tonight by Sir Campbell Stuart in honor of his recent appointment as managing editor of the Times. Lord Burnham presided.

Congratulatory messages were read from Lord Atholstan, Sir George Perley and Lord Beaverbrook. Visit Irish Times. The despatch adds that before the Freeman's Journal building was set on fire, armed and masked men entered the office of the Irish Times, held up the editorial staff with revolvers and demanded that a promise be given that the staff would divulge nothing. The Irish Times is the leading Unionist paper in Dublin.

QUALITY OF EMIGRANTS MORE ESSENTIAL THAN QUANTITY SAYS EATON

Montreal, Nov. 29.—A warning note to Canadians to "go slow" in choosing their immigrants, and to have regard rather to quality than to quantity, was sounded by the Rev. Dr. Charles A. Eaton, editor of Letellier's Weekly, New York, at a luncheon of the Canadian Club here today. Dr. Eaton said Canada should learn by the example of the United States and eliminate immigrants with "tame" such as Slavians, Bohemians, etc. Dr. Eaton, who is well known in the Maritime Provinces, said that any body of men who worked towards disrupting the Anglo-American Entente in the interests of anything or nation was guilty of a crime towards humanity.

VICTORY BONDS DROP ON OPEN MARKET TRADE

Extremely Heavy Transactions Marked First Day of Selling Under New Rules.

OVER \$530,000 IN TORONTO SELLING

Taxable Bonds of 1934 Were the Biggest Sellers—Montreal Active Also.

Montreal, Nov. 29.—The result of the stabilization of Victory Bonds on the Montreal Exchange was the loss of three or four points below the "bid" price. The liquidation was heaviest in the 1934 maturity of the third Victory Loan, taxable, which dropped from the fixed price of \$5 to \$4.12, representing a loss of 4 1/2 points, after which there was a fractional rally.

Heavy Toronto Trading. Toronto, Nov. 29.—Open trading in Victory Loan issues, consequent upon the relinquishing of control by the Dominion Government resulted in extremely heavy transactions in the government bonds on Canadian exchange this morning, and, as expected, prices of the securities slumped considerably.

How They Sold. On the Toronto exchange the 2 1/2% closed at 95 3/4, 2 3/4's at 94 1/2, 3 3/4's at 93 3/4, 3 1/2's at 90 1/2, and 3 1/4's at 89 1/2.

TURKS ARE DEFEATED

Paris, Nov. 29.—A despatch to the Temps today from Beirut, Syria, reports that a provisioning train for Aintab was attacked November 18 by a Turkish force of from 8,500 to 4,000 men with about ten pieces of artillery. The Turks, the message adds, were repulsed after violent fighting.

ALLIES PERMIT TURK REVISION OF PEACE PACT

But Turkish Finances and the Dardanelles Will be Retained in Possession of Allies.

METHOD MAY END BOLSHEVISM'S SPREAD

If Greece Recalls King Turks May be Allowed to Regain Lost Lands.

Paris, Nov. 29.—To let the Turkish Treaty revise itself if the Allies cannot agree upon its revision, is the official French plan that Premier Leger will present to Premier Lloyd George and Count Storace, the Italian foreign minister, when M. Leygues returns to London for the resumption of the conferences between these representatives on the Greek and other pressing situations, it was indicated in official quarters today.

By letting the treaty revise itself, the French Foreign Office means, it was explained that if French and British support is withdrawn from Greece, the Turks can remain much of the territory taken from them by the treaty, although the Allies would make sure of retaining their hold upon the Straits of the Dardanelles and the Turkish finances.

To Make Treaty Effective

Of the five big powers which signed the peace treaty — Great Britain, France, Italy, Belgium and Japan — three must ratify the pact to make it effective. Attention was called by the Foreign Office to the fact that none of these has as yet ratified the treaty, and that it appeared unlikely that any three of them would do so now, nor was there expectation that Turkey herself would effect ratification in the present circumstances.

Revision of the Turkish treaty with a view to stopping the spread of Bolshevism in the Orient, with French negotiations with the Turkish Nationalists so as to enable Cilicia to be evacuated, are given by the Times in a long editorial on the Near East problem today.

TRAWLER FEARED LOST ARRIVES IN SCOTLAND SAFELY

T. R. No. 34 Will Probably be Used as a Fishing Boat by New Owners.

Halifax, N. S., Nov. 29.—Canadian trawler T. R. 34, for information concerning which a general wireless call was sent out Saturday, arrived safely at Inverness, Scotland, today, according to word reaching the naval intelligence office here tonight.

The "34" in company with four other trawlers set out for Inverness November 4, and when she was not reported off the coast of Scotland with the rest, a general call was sent out in an endeavor to locate her. During the past two years the scores of Scottish trawlers which operated off the Nova Scotia coast during the war have been gradually finding their way to other countries, to be used principally in the prosecution of the fisheries.

Houlton Girl Alleges He Promised to Wed Her and Married Another.

Social to the Standard. Houlton, Me., Nov. 29.—Many spectators are in the Supreme Court each day this week to hear the evidence in the trial of a suit brought by Miss Stella Kathleena, of Fort Fairfield, against Charles Leith, a Fort Fairfield farmer, to recover \$10,000 in a breach of promise case. Miss Leith is her testimony said she was 24 years of age when she met the defendant. She said that while in Andover, Victoria county, N. B., in August, 1918, Leith asked her to marry him and that they decided to be married in the fall.

She testified that jewelry was given her and that the two planned their house and arranged to set up housekeeping as soon as the ceremony was performed. While using the telephone one day she heard her affianced husband talking eagerly to another girl. Miss Kathleena soon began to notice that Leith was paying attention to another, and finally he married the other young woman. Leith is a wealthy young potato producer.

MARY STELLA TOWED INTO EAST FERRY

Halifax, Nov. 29.—The auxiliary sloop Doris Kathleen arrived at East Ferry, Digby county, yesterday afternoon with a schooner in tow, which is believed to be the Mary Stella, from Advocate, N. S., for St. John, reported abandoned in the Bay of Fundy. The letters "M. A. R." and "St. John" are discernible on her name board, and in the cabin was found an envelope on which was written "Capt. Gaetreaux." The Doris Kathleen was 18 hours towed to the vessel from well out in the bay to the government wharf at East Ferry.

MEMBERSHIP REFUSED IN LEAGUE TO STATES MADE FROM RUSSIA

Geneva, Nov. 29.—The committee on the admission of new members of the assembly of the League of Nations finally agreed today that it is impossible to admit, now the new states carved out of the Russian territory. The theory of the committee is that these states will eventually form part of a new Russia confederation, entirely changing their present status. The committee will recommend, that while these states are not admitted to full membership, their delegates shall be allowed to sit in the assembly in a consulting capacity without the right to vote.

STRIKE CLOUD VANISHES

Sydney, N. S., Nov. 29.—All fear of a strike on the Sydney and Louisburg Railway and a resultant tie-up of the collieries of the Dominion Coal Company has vanished as representatives of the Sydney and Louisburg Railway have granted the full demands of the men. The increase granted to the trainmen, including the engineers, conductors, firemen and brakemen ranges between eighty cents and \$1.50 a day. The telegraphers have been granted an increase of \$23 a month.

PREMIER COURT HEARS PLEAS IN CHURCH CASE

Tangle in Affairs of Christian Science Mother Church in Boston Being Unravelled.

ONE LITIGANT IS OUT OF THE ACTION

Charles E. Hughes Had Not Finished His Plea When the Court Adjourned.

Boston, Nov. 29.—The full bench of the Supreme Court set in judgment on the final stage of the litigation in which several factions of the Christian Science church are involved in an attempt to determine where control of the organization and its several auxiliary activities rest. The closing arguments brought together an array of counsel of high standing and attracted an audience whose members were drawn from far places.

One Quits Action.

The litigation was simplified somewhat by the withdrawal of Mrs. Emille B. Harla, of Brookline, who had claimed a voice in the proceedings in her capacity as first member of the church, the governing body that preceded the board of directors. Miles M. Lawson, of New York, her counsel, in announcing Mrs. Harla's withdrawal, said she abandoned her attempt to intervene in the suit of the trustees of the Christian Science Publishing Society, against the board of directors of the mother church, believing that all her rights were fully protected in the petition of Attorney General Allen, of Massachusetts, which asserts that under the manual of the church the directors are the governing body and have the power to remove members of the board of trustees.

The Closing Arguments.

Closing arguments were heard today by former Governor John L. Edges in behalf of the directors; William C. Thompson, representing John V. Dittmore, who seeks restoration as a member of the board of directors, and by former Supreme Court Justice Charles E. Hughes, in behalf of the trustees. Judge Hughes' arguments were unfinished when adjournment was taken, and will be resumed tomorrow.

HON. DR. REID NOT LIKELY TO RESIGN FOR PERIOD YET

Ottawa, Nov. 29.—Dr. Reid, minister of railways, had a long interview this evening with the Prime Minister. There has been much talk of late of the probable retirement of Dr. Reid from the cabinet and his appointment to the Senate. It is understood, however, that there is no immediate intention of making any such change.

Birthday Cake For President Terry

Prof. Fred H. Sexton Spoke on International Work Among Rotarians.

The Rotarians again held away at luncheon yesterday evening at Bond's restaurant, with President H. J. Terry presiding. President's Birthday Cake. Those in attendance numbered about two hundred, including local guests and others from outside points; and good fellowship was rampant throughout the evening. It must be mentioned also that on this occasion club members celebrated the birthday of their president, which occurred yesterday, and presented him with a very large birthday cake, covered with birthday tags and candles. Close examination, however, revealed that it was made of wood, frosted with plaster parls.

Another birthday cake of the most appetizing kind was, however, presented to the president from John Bond. In addition, the president was the recipient of a very attractively designed hat, which he wore throughout the proceedings.

Prof. Fred H. Sexton

Professor Fred H. Sexton, of Halifax Technical College, and Governor of District No. 1, which covers the Rotarian Clubs of the Maritime Provinces, is here on his official visit and spoke on "International Work Among Rotarians." He touched upon the different international officers, mentioning that at the International Assembly held at Atlantic City, a Canadian was elected first vice-president, and four of five district governors are also Canadians. The speaker also referred to the importance of the work among the boys, complimenting the local Rotarians on what they had done towards helping them, and remarking that everyone should bend his efforts to do all that could be done to develop our boys into most useful citizens.

Pleasing Programme

Five new members were admitted to membership. David W. Ledgingham, Stanley E. Webb, George R. Smith, Leslie Desmond and DeWitt Cairns. Several Scotch songs were sung by Rotarian Tom Guy and Rotarian Alec Wilson also contributed in this respect. The chorus singing includes many of the Rotarian numbers, in which Dr. H. Spangier was the leader. A very interesting paper on the subject, "Rotary," was also read by Dr. Spangier; and the event was concluded by the singing of the National Anthem.

FUNERALS.

The funeral of Daniel Gallagher was held yesterday morning from his late residence, 29 Duke street, to the Cathedral, where high mass of requiem was celebrated by Rev. Simon Oram, assisted by Rev. A. P. Allen, deacon, Rev. Zoel Landry, sub-deacon, and Rev. W. M. Duke, master of ceremonies. The final absolution was administered by Rt. Rev. E. A. LeBlanc. The funeral was attended by many. The City Cornet Band and the Juvenile Band were in attendance. The Juvenile Band played "Nearer My God to Thee" at the church and the City Cornet Band played on the march. Many floral bouquets and beautiful floral offerings were received. Interment was in the new Catholic cemetery.

OBITUARY.

Jeremiah Damery. Many friends will learn with regret of the death of Jeremiah Damery, which occurred yesterday after a lingering illness at his home, 53 Richmond street. The deceased, who was a well known teamster, and who for a time was employed as a driver in the fire department, leaves to mourn his mother, Mrs. Mary Damery, also two brothers, George and William, and one sister, Mrs. William Chisholm, all of this city. The funeral will be held from the late residence on Wednesday afternoon at 2.30 o'clock.

HARDLY KNEW ABOUT WAR.

Kingston, Nov. 29.—James Young, a farmer of Kaledon township, in the county of Lennox and Addington, arrested in connection with the death of his wife, whose remains were found in the cellar of his home following the fire, took his first ride in a motor car when transported to the jail at Nanapanee. Noticing a German cannon, a war trophy awarded the town, Young inquired what it was and the information apparently conveyed little to him. "Didn't you hear about the war?" asked the provincial police officer. Young replied that he had "heard some of the fellows talking about it a while back, but didn't pay much attention."

GAVE MILLION AWAY TO ACT LIKE CHRIST

Charles Garland Denounces System That Stuffs the Rich and Starves the Poor.

MUCH ADVICE ON USE OF THE LEGACY

Hearts, Not Cheque Books, the Greatest Things in the World, He Says.

(Continued from page 1) Garland, who has stated that he renounced his claim to the million dollars because he thought Christ would have done the same, continued: "I believe I could do no good with the money. It is the man who gives food to the hungry who does good. Not the dollars given in exchange for the food. I would be happy to be the man if I had the food to give; but I cannot lend myself to handling the money that is not mine even though the good that might be done is possibly great."

Gets Much Advice

Many people have written to tell him what could be done with the money, he said. "They seem almost proud to point out the power that I have in my hands, but it is the most pitiful thing they could point to. You cannot serve God and Mammon so many people ready to serve the dollar means no many less to serve God. There are great opportunities to do good, but they are in men's hearts not in my check book. A preacher in the name of Christ said this million should have been turned to good. "He thinks that God's work will never be done until men see that this theory is untrue."

Going to Work

Mr. Garland's statement was made from his home here, a former inn of stage coach days. The young man, who is 22 years of age, is living at the house with his wife and infant daughter as the guest of his mother, Mrs. Marie Tudor Green, who supplies them with a maid and keeps their larder full. He plans to go to work eventually, he said. His mother, although not holding the same views, has told him to do what he thought right. Garland indicated that his refusal to take the money was not based on any question attached to the origin of the Garland fortune, saying he did not know from what source it was derived, but believed it came down from his grandfather.

CLEANLINESS IS HEALTH

By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs. Removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

Raising of Bridge Will Cost \$15,000

C. P. R. Engineers' Report Sent to Mayor—No Action Taken.

The raising of the new railway bridge was brought up at yesterday's meeting of the Common Council by Mayor Senechal, who read a letter from the engineers of the C. P. R., who wrote that to accede to the request for a change in the plans and raise the bridge two feet would cost about \$15,000 and spoil an otherwise good job.

Commissioner Thornton expressed the opinion that it would not cost that much, but even if it did he thought the wishes of the shipping men should be met.

Commissioner Frink said the plans for the work had been approved by the Dominion Department of Public Works, the Department of Marine and Fisheries, and the Railway Commissioner, and if any change was made now the question will arise as to who was going to pay the bill. Commissioner Bullock thought the matter was now in the hands of the railway commission and the city need take no further steps in the matter. It was decided to file the communication.

Commissioner Frink reported that Stevens Construction Co. had completed their work on City Road on November 9 and moved the bond for construction be cancelled.—Carried.

ENGLAND'S BIRTH RATE.

London, Nov. 29.—The number of births recorded in England and Wales in 1910 was 692,438, including 41,293 illegitimate, a birth rate of 18.5 per 1,000 of the population, says the annual medical report of the Ministry of Health. In 1909, a record year, there were 948,271 births, or more than 230,000 greater than last year.

LONDON CABARET GIRLS CAREFULLY GUARDED

(Copyright, 1920, By London Daily Mail and Cross-Atlantic Service.)

London, Nov. 28.—London's cabaret girls are being strictly guarded. They are taking part in the newly instituted Cabaret Show—a review in miniature, or a mixture of music, dance, and song performed in restaurant or club for the entertainment of guests at dinner or supper. The Cabaret girl is one of the small beauty chorus.

"I like the work," said one, "and it is not nearly so hard as in the West End Chorus, where I was for a long time. There we had to do two shows a day; now our show lasts only an hour each evening. We get more money than chorus girls and are treated nicely. We are not allowed to talk to members or remain after our show. If a member wrote a note to one of us it would not reach us. No notes are allowed."

ANOTHER BOY PRODIGY.

New York, Nov. 17.—Still another boy prodigy has appeared. Robert Murray, 12, of Tacoma, Washington, sang recently before a group of famous Metropolitan stars, including Mme. Frances Alda, who "discovered" him last summer. He not only reached with ease the high notes in arias of Gaili Curci and Totrasini fame, but he transposed these high notes to a higher key, and breathed them with equal facility and resonance. The singers who heard the performance asserted this was the highest note ever reached by the human voice.

Formation of New Racing Circuit

Six or More Towns to Provide Contentious Racing from July 1 Until October 1.

Fredericton, N. B., Nov. 29.—A formal move towards the formation of a new international harness racing circuit composed of New Brunswick and Maine towns is being made. Half a dozen or more towns which will provide continuous racing from July 1 until October 1, with probably the shortest shipment of about any circuit on the racing map, are being promoted for inclusion in the circuit and the promoters believe it is a sure thing.

The Towns Mentioned

The Fredericton Park Association, who operate the local track, have been invited to go into the new circuit, and the other suggested members of the circuit are Woodstock, Houlton, Carleton Place, Presque Isle, Fort Fairfield and Danforth, these being some of the towns, however, as to the last named town which only broke into the racing game last season, but is said to be promising ground. St. Stephen, N. B., is also talked of.

"If Houlton and Woodstock are both to draw away from the Maritime and Maine circuit, it means that the eastern tracks which have had ambitions to form a circuit composed entirely of provincial tracks, will have the way open to them to do so," says the promoter commenting on the suggestion. It also says that possibly Fredericton can bring all the Northern Maine, as well as provincial stables together again at its meetings in 1921, as was done in 1920.

Canadian and American Golfers

All Are Pleased That Ball Made to Specifications Has Proved Blessing in Disguise

(By ABE MITCHELL, Leading British Professional Golfer, written especially for The Standard. Copyright, 1920, by Cross-Atlantic.)

London, Nov. 29.—Canadian and American golfers will be pleased to know that the ball made near as possible to the specifications decided on by the committee of St. Andrews and American delegates, has proved a blessing in disguise. It can be driven further than any small or heavy ball on the English market. But for the action of American delegates in deciding against the English committee they would have had next year a ball which would float in water. That was not altogether a retrograde movement, as to the rubber-cored floating ball does not possess the same penetrating power as even the solid gutta serena ball. Canadian and American golfers will be interested in the tests with Duncan, the open champion, and I have made with the new ball. It is a shade smaller than any of the English balls but on that account alone it flies beautifully against the wind and passed the heavy thirty-one pennyweight ball easily. On a down wind, too, it more than holds its own. Across the wind, however, it is not quite so steady but flies farther than the other. One gets the impression from the ball, that as soon as it leaves the club it keeps up in the air much longer than the other balls; I am convinced that it carries farther. Duncan is also convinced of this.

CINCINNATI BATTLES.

Cincinnati, Nov. 29.—Anthony Downey, of Cincinnati, knocked out Frankie Sullivan, of New York, in the first heat of a scheduled ten-round bout here tonight. White Merritt, of Columbus, fought Joe Dillon, of New York, ten rounds to a draw; Frankie Jones, of Cincinnati, was given the newspaper decision over Johnny Whelan, of Cadillac, Mich., at the end of a ten-round bout, and George Thompson bested Jack Tremaine, of Detroit, in ten rounds.

Withhold Cards of Big Four Players

Frank Patrick, Coast Hockey League Magnate, Makes Charges of Professionalism

Calgary, Nov. 29.—Charges that Mickey Mackay, former Calgary hockey star and now with the Patricks of British Columbia, was offered \$1,500 for the season this fall by three officials of the Calgary hockey club; that Braden and Keats were also made offers; that Mackay was allowed the programme privilege last season for \$100 that he might sell it for \$300, are some of the charges made in the affidavits produced by Frank Patrick, coast hockey league magnate, to substantiate his charges that the Albert big four hockey league, supposedly amateur, was really professional. Patrick appeared before the Alberta amateur union today and made known that he had affidavits from Mickey Mackay and others to this effect. He will produce the affidavits later. Patrick produced documentary documents and statements of such a serious nature against the big four that the amateur authorities gave the officials of the big four time to either declare that there were an out-and-out pro-organization or else immediately clean up. In the meantime, the amateur clubs of the big four players and will consider the action to be taken on the receipt of the big four league report.

Dundee and Jackson Fought in New York

New York, Nov. 29.—Johnny Dundee and Willie Jackson, New York lightweights, fought fifteen rounds to a draw here tonight. The judges disagreed, and the referee made the decision.

ROBERTSON BEATS SMITH

Montreal, Nov. 29.—At the mammoth national here tonight George Robertson, middleweight, of Boston, outpointed Jeff Smith, of Bayonne, N. J., in a ten-round scheduled bout. Robertson had the better of the Bayonne man in seven of the ten rounds. The other fight of the night was Young Green, local bantamweight, who outpointed Teddy Murphy, of Boston, in a ten-round bout by a wide margin.

RATNER DEFEATED CLARKE

Rochester, N. Y., Nov. 29.—Angie Ratner, of New York, defeated Jackie Clarke, of Allentown, Pa., here tonight in a fifteen-round bout. Ratner carried the fight after the third round and had Clarke holding frequently in the closing rounds. Ratner weighed 154, and Clarke 158.

DOUGHTY RESTORES VICTORY BONDS OF AMBROSE J. SMALL

Toronto, Nov. 29.—John Doughty, who was chased across the continent and was recently arrested in Oregon City and brought here today in connection with the mysterious disappearance a year ago of Ambrose J. Small, missing theatrical manager, today visited the home of his sister, Mrs. Lovatt, in this city, and revealed to her to police authorities who had accompanied him the hiding place of \$100,000 worth of Canadian Victory bonds, which were missing. These bonds have been handed over to the police authorities intact.

Later Doughty was arraigned before Magistrate Denison on two charges, one of theft of the \$100,000 in Victory bonds, the property of Ambrose J. Small, and the other of conspiracy to kidnap Ambrose J. Small. Doughty made no reply, but his lawyers asked a week's remand. The magistrate granted this and refused bail.

MUST PAY FOR PRISONERS.

Newark, N. J., Nov. 29.—The restaurant policy of "Watch Out and Overcoat" does not apply to the county penitentiary at Caldwell. The prison must either keep inmates' personal property or pay was decided recently when the County Board of Freeholders directed Warden Heap to reimburse two convicts whose terms expired and who threatened to sue the county if their overcoats, checked when they entered, were not either produced or paid for.

Says Corpse is Not His.

(Quebec Telegraph.) It has been wisely said that convincing a man against his will leaves him of the same opinion still, and the saying has just received a curious illustration in the Massachusetts town of Everett, where Lieutenant John C. Grafstrom, who is officially reported "dead," refuses to remain so and has returned in person to prove the correctness of his contention. In the meantime the effort of the authorities to overcome his obstinate objections to official designation, the War Department is bringing home his body, and yet Grafstrom persists in denying the soft impeachment of his death and declares that under no circumstances will he identify the body as his own.

"HYGIENIC CRANKS" THREATEN PARIS RAG PICKERS' PROFESSION

If Plans of Health Council Carry 65,000 Persons Will be Out of a Job.

By HENRY W. FRANCIS. (Copyright, 1920, by Cross-Atlantic.) Paris, Nov. 29.—"Hygienic cranks" who are agitating for the suppression of the Paris rag-pickers' profession, or more accurately garbage pickers, are threatening the livelihoods of 65,000 people, according to the Secretary-General of the Rag-pickers' Syndicate, which is fighting the proposed reform. The rag-pickers make a living, a very good one, by searching the garbage cans which are placed by householders in the Paris streets and extracting such articles, scraps and refuse as their professional experience dictates. It is impossible to name any of this material unless one has had experience as a rag-picker; to the uninitiated the rag-picker's choicest finds are mere "garbage." Dirty crumpled clothing, nondescript scraps of cardboard, leather or fur but all have a definite money value to the rag-picker. Some rag-pickers are wealthy.

A very much newer organization that the Rag-pickers' Syndicate, the Council of Public Health, is trying to stem the tide of rag-picking bounties at its source by having the garbage cans and all other street refuse receptacles tightly covered and forbidden the rag-picker who, according to the council, has been guilty of strewing the contents of examined receptacles about the sidewalks instead of leaving the spurned scraps tidily encased in the poubelles, as the Paris garbage can is called in memory of M. Poubelle, the prefect of the Seine who prescribed its use 25 years ago.

Blamed For Everything.

At the last meeting of the Council all sorts of evils were laid to rag-picking. It increased the growing army of Parisian rats; it spread disease; soiled the sidewalks; made street-cleaning difficult, and drew labor from more worthy tasks. Representatives of the rag-pickers dissented. In these times of economic stress, they urged, soiled the sidewalks; made street-cleaning difficult, and drew labor from more worthy tasks. Representatives of the rag-pickers dissented. In these times of economic stress, they urged, nothing should be wasted. In practicing thrift and extracting their living

Close of Eastern Football Season

Six Teams Passed Without Defeat, Five Playing One or More Tie Games.

New York, Nov. 29.—The close of the Eastern College Football season finds the task of selecting a championship eleven more difficult than usual. Six teams passed through the season without defeat, but five of these played one or more tie games. Boston College is the only one left with a clean sheet. Harvard, Princeton, Pittsburgh, Pennsylvania State and Stevens all figured in ties. The Army team comes first in points scored, with a total of 357. Then comes Williams with 312, Penna State with 350 and Cornell with 312.

Boston College leads in defence, having had only 18 points marked against them. Syracuse is second with 2 and Harvard third with 7.

RAID DENTAL PARLOR.

Boston, Nov. 29.—While Dr. Louis Kaston, a dentist, was busy with a patient in his office on the second floor of 275 Tremont street recently, two young men walked in and drawing pistols compelled the doctor to hand over his diamond ring and stick pin, valued together at \$800, and all his ready cash. They then extracted \$40 from the patient and made their escape.

His Chief Buegle. A popular London actor-manager is accredited with this rather smart take-down of a very vain brother actor. "I see you are getting on fairly well," the former remarked. "Fairly? I am getting on very well. I played Hamlet for the first time last night. You can see by the paper's glowing criticism how well I got on!" "I have not read them," replied the other, quietly; "but I was there."

"Oh, you were? Well, you noticed how awfully everything went off. Of course, I made a blunder of one part by falling into Ophelia's grave; but I think the audience even appreciated that."

"I know they did," said the actor-manager, with a slight smile. "But they were frightfully sorry when you climbed out of it again."

Don't Monkey With a Golf Ball.

The interior of a golf ball is filled with a liquid under pressure which is often poisonous and can always be relied upon to make trouble if it gets in the eyes, nose or any breaks in the skin.

A child recently died in England from the effects of the explosion which occurred when the little one had eaten its way into the centre of the sphere. Some years ago a golfer was injured in the eye by the discharge which took place as he whittled his way into the core of a golf ball. Golf balls are only for golf.

Marcy The ARROW COLLAR Introduction for Fall

Warm up that favorite corner

...cosy comfort wherever you wish

WHAT good is that favorite bay or sun parlor window when cold winds drive through? But it's the best spot in the whole house for reading when you have a Perfection Oil Heater to warm up those treacherous air currents that seep through the window sashes.

When you try to heat the whole house by the furnace, some rooms are bound to get too warm. Better keep only a low fire for general warmth. That cuts the coal bill, too. Then use a Perfection Oil Heater for comfort heat.

On Fall evenings, too, don't put on the furnace—light your Perfection Oil Heater. It will quickly give all the warmth you want—ten hours of it for every gallon of coal oil. There are 4,000,000 in use.

Sold everywhere at the leading hardware, housefurnishing and department stores where you can also buy the popular New Perfection Oil Cookstoves and Perfection Water Heaters. Get a copy of our new Perfection Heater folder.

Exporters Are Not Very Optimistic

Mayor So Reports on Return from Montreal—Sugar Refinery May Start Soon.

Mayor Schofield, who returned from Montreal on Sunday at noon, while in that city interviewed a number of the leading business and shipping men in regard to prospects for export trade this coming winter and he found that exporters generally were not entirely optimistic over foreign trade this coming winter, as the reaction in business was everywhere visible. It was hoped, however, that before the season was over the normal quantities of grain and other exportable products would be arranged for, which in turn would give employment to our waterfront workers, and he expressed the hope that labor would co-operate in the situation as it appeared at present so that complications might be avoided.

Memorial Workshop.

While in Montreal he also looked into the means of relieving the maimed and wounded soldiers and expressed the opinion that this was indeed a "real memorial" as it provided work for many men crippled for life, who were here, able to supplement their all too inadequate pensions by earnings to which they were entitled. He said he would explain this to the citizens of St. John at an early date as he looked upon it as a real necessity if our own boys who were hurt are unable to obtain suitable employment, and he knew of no better use any of the money still unused among various organizations might be put to, than to make good any deficit that might occur in the first few months or years of getting such an organization on a paying basis and that if no such money are available in our section of the country, he thought it might be reasonable to seek legislation to assess the taxpayers, or at least those with over a certain income for such a real memorial as this would be, and that it might be justly expected that at least everyone in fair circumstances might be expected to contribute, and he hoped to take this up at an early date.

Refinery May Start.

From rumors he heard at Montreal, he said it seemed quite possible the Sugar Refinery might make arrangements before long that would enable them to start again, and he was very eager that this might be arranged as he said many of the unemployed calling at his office for work had stated they had formerly been employed at the Refinery and there was no question but that we required all our industries working to keep the worker earning.

WEDDINGS.

Gilbert-Davis.

Yesterday afternoon at 5 o'clock in Germain street Baptist church, Miss Edna Davis, daughter of Mr. and Mrs. Sinclair H. Davis, and Henry Bradford Gilbert were united in marriage. Mr. Gilbert is a member of the staff of one of the leading banks in Montreal, and he and his bride will reside there after their wedding trip. The young couple have a host of friends here who will wish them happiness and prosperity. The groom is a nephew of His Honor Lieutenant-Governor Pugsley.

Tilley-Ring.

The residence of Mr. and Mrs. Fred W. Ring, of West St. John, was the scene of a pretty event at three o'clock yesterday afternoon when their daughter, Ella Phyllis, was united in marriage to Carleton F. Tilley, of Woodstock. Dr. J. A. Morison officiating. The bride was given away by her father. Following the ceremony a dainty repast was served. Many beautiful presents were received testifying to the popularity of the bride and groom. Mr. and Mrs. Tilley left last evening on the Boston train for a short trip, and on their return will reside at 61 Lancaster avenue.

OBITUARY

Miss Lavinia Prince

Miss Lavinia Prince passed away at Perry's Point, Kings Co., N. B., on November 23rd, 1920, after a lingering illness of several months. She was in her seventy-third year and leaves to mourn one sister, Mrs. Eliza Robinson, widow of the late William Robinson, and one brother Adino Prince, all of Perry's Point.

Charles H. Lamb.

Mr. S. T. Lamb of Perry's Point, Kings County, received word on Saturday announcing the death of his brother, Charles H. Lamb of Chicago. He has been doing business in that city for the past twenty-five years. He had enjoyed good health up to a few weeks ago, when he was stricken with Bright's disease. He only lingered a short time and passed peacefully away Saturday morning, Nov. 28th. He was a member of the Order of Free Masons, also a member of the Knights of Pythias. He was the fifth son of the late Joseph and Eliza Lamb of Perry's Point. Honest and upright in all his dealings with his fellowmen. He leaves to mourn a loving wife, two sons and two daughters, two brothers and one sister. His remains were laid peacefully at rest in Chicago.

THE QUESTION OF PRICES.

For some time now the banks, as many of our business men are painfully aware, have been cutting down pretty heavily in the loan and discount side of their business.

On the other hand, panic sales by retailers such as are indicated in some centres where goods are being sacrificed at "any old price" are not healthy.

AMERICAN INACTION IS NATURAL RESULT OF HER IGNORANCE

Knows Too Little of European Countries to Give Intelligent Assistance.

(Copyright, 1920, by Cross-Atlantic.) Berlin, Nov. 29.—The worries of single countries are secondary matters for America; she knows too little of Germany, France or Europe generally to grant individual help...

"Mr. Boyden," it says, "touched a point which is characteristic of the American way of thinking, and which has always been wrongly interpreted by us. Like a man who is surprised by conditions which to him appear inconceivable, he speaks of European disunity..."

"The question is indeed worthy studying, and for the financial problems now under discussion in Brussels it is of momentous practical importance. In Germany, in France, and wherever credits for reconstruction are needed, eyes are concentrated on American help..."

Only See Continents. "America can only think in continents, and her leading financiers might, perhaps, help if a plan for the reconstruction of Europe were submitted. Otherwise, not. America thinks of Europe as a unit. But the problem is: does not America, while thinking in continents, forget that the whole world is one inseparable unit? Both in America and in England (whose delegates, proud of the strength regained through her own exertions, maintained a skeptical attitude) it should not be forgotten that, however important continents may be the "oneness" of the whole world is more important still."

"In defiance of all political and geographical boundary lines, there is an economic universal tie, and no country, be it ever so wealthy and well provided, can afford to isolate itself. If the European continent is submerged in chaos, the whole world will have to bear its share of pauperization and disintegration. Recuperation of Europe means a growth of wealth for everyone. It appears to us the chief task of the Brussels Conference to gain recognition for this point of view."

FOR WOMEN AMUSEMENTS

Lecture Was Much Enjoyed

Members of Women's Canadian Club Delighted With Mrs. Adam's Address.

A picture of the smallest state in Europe, Denmark, land of chalk cliffs and poetic children, was delightfully brought before a St. John audience last evening when Mrs. Adam lectured on her native land at a meeting of the Women's Canadian Club. The upper hall of the Germania street institute was filled to overflowing, and all present were charmed with Mrs. Adam's clear descriptions, the quaintness of her expressions and her keen sense of humor. It was one of the brightest and most enjoyable programmes which members of the Club have been privileged to enjoy.

Mrs. John Thomson, first vice-president, presided. The meeting opened with the playing of God Save the King, followed by the Danish National Anthem. Mrs. Adam announced that at the December meeting Miss Cosby-Batt will address the Club. Mrs. Adam was then introduced.

Denmark's King

In well chosen words the speaker referred to Denmark's King telling how closely the royal family is related to the crowns of Europe and mentioning the appreciative terms Alexander the Queen Mother of England.

In speaking of Denmark's possessions, Iceland and Greenland were described as places of icebergs and the haunts of Polar bears. One of the beautiful spots of Denmark is a long range of chalk cliffs. These are sunset, as a background for green forests and blue sea create a scene of loveliness. Flowers abundant in Denmark are cultivated and loved. There is much culture of vegetables also.

A dear park just outside Copenhagen, was described as being very beautiful, the beach being very large so that it is said battalions of soldiers could stand beneath one. Many picnics are held in this park, and when night comes on, and the forest is deserted, the deer come out to wander among the trees.

A Pretty Legend

A pretty legend was told of an old church which is situated on a crumbling cliff. It is said that each Christmas night the church is all-consuming moved a few inches toward and so preserved from falling into the sea. Christmas Eve is kept by the Danes as the day itself is in Canada. Several examples of Danish superstitions were given, such as the belief in ghosts about, and if one must go back to a house for something forgotten, it is necessary to sit down three times to avert evil.

The natives of Denmark are industrious, patriotic, intelligent and polite. The lecturer said "though sometimes they are not," she said laughingly. Boys doff their caps when speaking and girls drop curtseys. Weddings are held in the afternoon, guests wearing evening dress. The bride's dress is not complete without a wreath of myrtle. The Danes are excellent after-dinner speakers, each guest being required to make a speech at a dinner party.

Wonders of Copenhagen

Many of the wonders of Copenhagen were interestingly spoken of, Mrs. Adam particularly telling of the fine buildings and gabled roofs of the houses which are features noticed by

Juvenile Court Plan Endorsed

Session of Municipal Chapter Held Yesterday—Report of War Memorial Committee.

An endorsement of the plan for a Juvenile Court was passed yesterday by the Municipal Chapter at a meeting held in the Government rooms, Mrs. George K. McLeod, vice-regent, presiding.

A letter was read from Dr. Francis, asking the Order to provide a Kindergarten teacher for children patients at East St. John. The matter was referred to the Primary Chapter for action.

The necessity for a Juvenile Court was once more brought before members and their resolution in favor of this was reaffirmed.

War Memorial Committee.

Mrs. Heber Vroom gave a report of the War Memorial Committee, which met recently in Fredericton. It is composed of Mrs. Robert Fitz Randolph, president of the Provincial Chapter; Mrs. E. C. Peater, Provincial Educational secretary; Mrs. Vroom, Professor Cameron, of the U. N. B., and Professor Hunter, of Mount Allison. Three applications for the J. C. D. E. Post-graduate Scholarship were considered. It was awarded to Norman Call, of Sackville, a returned soldier, and a Mount Allison graduate.

A resolution of sympathy was passed to Mrs. A. W. Adams, regent of the Municipal Chapter, in her bereavement.

COMFORTABLE FOR BABY

A dozen bassinets ordered by the Women's Hospital Aid for the babies at the General Public Hospital have arrived and are now at the institution. They have been warmly lined with flannel, and ready for occupation by the wee patients for whose comfort they were provided. Miss Hunter was in charge of this matter for the Aid.

PRISONER RAIDED JAIL CHICKS.

Holidays, Pa., Nov. 22—Sheriff W. L. Orr, has been requested by officials of the Western Penitentiary to conduct a search for M. W. Smith, who is alleged, raised, the prison chicken coop as soon as he was liberated after serving fifteen months for an analogous offense.

foreigners. The Art Museums and their treasures, the famous street where the shoppers and nuts walk in the afternoon, the Castle at Elsinore, Carl Jacobson and his splendid gifts to the Fatherland, the printing of the first Bible in the land, and some of Denmark's famous painters, musicians, sculptors, dramatists, and writers, all these were a part of the story of Denmark as told last evening.

How Hans Christian Anderson tells in his own story and how, when he returned to his native town, he took with him to the reception prepared for him his aged mother in her old dress was touchingly related.

At the close of the lecture Bayard Curry played several dances composed by the Danish composer (Gade). A number of views were then shown by Gordon Fiewelling. Mrs. Adam giving a few words of explanation.

A vote of thanks was moved by Miss Alice Fairweather, seconded by Mrs. H. A. Powell. Refreshments were served by a committee with Mrs. Powell as convener the following assisting: Mrs. Clarence Henderson, Mrs. H. Fiedling Rankine, Miss May Harrison, Miss Ethel Jarvis, Mrs. D. C. Dearden and other members of the executive. Mrs. F. C. Beattie and Mrs. Bonneau were in charge of the arrangements for the Hall.

REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND
(Copyright, 1920, by The Wheeler Syndicate, Inc.)

The god of the savage is his idol; the god of the civilized man is fast becoming his ideal.

The foolish woman begs the beauty expert never to let the brightness go out of her eyes; but the wise woman prays heaven never to let the lovelight go out in her heart.

Not even a sixty-horse-power car can drag a man to church on Sunday morning, if a little one-horse-power golf ball is tantalizing him to take the broad and wicked path to the golf links.

A wall covered with pictures, a woman covered with jewels, a love-affair crowded with kisses, a life filled with flirtations—all are equally trying. It takes a little space between such things, a little perspective, to give them their proper value.

"The mind has a thousand eyes—the heart but one!"—and that sometimes goes fast asleep, after marriage.

The man who wants to throw himself into his first wife's grave is the saddest ready to throw himself at another woman's feet. Oh, well, of course. A born husband is a born husband; and the more completely he has loved his first wife, the more perfectly will he love the second.

Ah, me! if a man would only cling to his wife as faithfully and devotedly as he clings to the same old pipe, year after year—but please him, it takes a little "neglecting" it, no matter how long it has to hang around uncared for.

Divorce appears to be the lunatic dream which sours all the milk of human kindness in two souls.

Alas, if married life, like business life, could only begin AFTER breakfast, instead of before. It's looking at one another through the unkindly and distorting void of an empty stomach that does the mischief.

Somehow, squeezing the penis seems to squeeze all the romance out of married life.

Catholic High "Y" Club Formed

Catholic High School Boys Elected Officers and Heard Addresses Last Evening.

At an enthusiastic meeting of the Catholic High School Boys of the city held in the Y. M. C. Y. last evening, a new club to be known as the Catholic High "Y" Club was brought into being.

After an enjoyable programme, consisting of musical selections, a number of able addresses, refreshments were served. The boys then elected their officers.

The club was organized by the Boys' Committee of the Y. M. C. Y. and the Fourth Degree Knights of Columbus. Addresses were delivered by the Rev. Dr. Guerin, C. S. C., president of St. John's College; by the Rev. Father Dufour, of Dorchester; Dr. W. P. Broderick, A. S. Connor, A. Ryan, A. Burns, W. McWilliams and E. J. O'Toole.

The speakers emphasized the great benefits to be derived by the coupling of a close application to both study and sport.

As a sound body was essential to a sound mind, the boys were urged to take full advantage of the opportunities offered by the Y. M. C. Y. for their moral and physical betterment.

Election of Officers

The boys in electing their officers adhered to the following principles, nominations being called and election made by ballot. Paul Fraser, who starred on the High School football team this fall, was elected president; Maurice McDunne, vice-president; William Williams, secretary; and Arthur Burns, treasurer.

Miss Anglin herself tells of even a more original title bestowed upon her play during its long run last year. For some unaccountable reason the billing for the production was delayed and did not arrive in Modesto, Cal., where the company was scheduled to play.

"WOMAN OF BOOZE"

For inaccuracy in titles "The Woman of Bronze" had its full share in the subway two women involved in an ardent discussion of the drama declared that tonight they intended to see Margaret Anglin in "The Bronx Women" at the Frazee Theatre.

Miss Anglin herself tells of even a more original title bestowed upon her play during its long run last year. For some unaccountable reason the billing for the production was delayed and did not arrive in Modesto, Cal., where the company was scheduled to play.

ICE CREAM FOR ELECTIONS.

Baltimore, Md., Nov. 22.—Two hundred dollars spent for ice cream for the Taxpayers' League of Baltimore County in the recent campaign was one result of the county doctor's vote to United States politics. On the list of expenses filed at Towson by Dr. John Black, treasurer for the cause, on behalf of the county doctor, ice cream appears eleven times at a cost of expense. The league also spent \$4.96 for cake.

CANADIAN WORKER AMONG THE LEPEERS OF INDIA IS HOME

Miss Isabelle Hatch, Thrice Decorated, Describes Leper Asylum.

Miss Isabelle Hatch, a native of Woodstock, who has spent the past thirty-four years as a missionary in India, under the auspices of the Baptist Mission Board, is on a furlough and visiting friends at Woodstock, Ont. The last twenty years of that time she devoted exclusively to work among the lepers, and for her admirable service Miss Hatch has been decorated with three handsome medals for "public service in India." In 1915 she received a gold medal from King Edward; a year ago last New Year she received the Emperor of India medal, which was presented to her by the Governor of Madras in the name of the king; and in 1911, the townspeople of Ramachandrapuram, where she is stationed, presented her with a gold medal, as a complement to her other honors. An Indian Rajah, in the name of the Hindu and Christian townspeople, presented the third medal. Ramachandrapuram is in the Godavari district on the east coast of India.

This is Miss Hatch's fourth furlough and she expects to stay for a year and a half. While in Canada she will make her home with her sister in Brandon.

Miss Hatch received her education in the Woodstock schools, attending the Woodstock Baptist College at the time it was a co-educational institution. Later she taught in the college for four years prior to going to India.

Among the Lepers.

When Miss Hatch first went to India she was interested mainly in work among the orphan children, to whom she gave various branches of instruction. Then, one day she discovered a faithful servant of hers was afflicted with leprosy, and she felt so sorry for him that at all that she decided that henceforth her efforts would be directed in the interests of the lepers.

Upon making inquiries, she found out that the mother and sister of this man had also been lepers, and that they had ended their lives by drowning themselves. This discovery added strength to Miss Hatch's resolve and immediately she commenced her work in the village of Ramachandrapuram. That it was blessed and prospered is shown in the wonderful results.

One of the outstanding institutions in that place today is the Lepers' Asylum, where men, children and untainted children are all provided for. The institution as a whole falls naturally into four divisions:—The "Kolik Home for men"; the "Boutler Home for women"; the "Phillips' Home for the untainted children, and an "Observation Ward, where those in the early stages of the disease are examined and to whom costly medicines are injected. Incidentally, Miss Hatch said that while no permanent cure had yet been found, it is quite possible to have a hypodermic treatment which was proving very effective as a means of alleviating the patient's pain, and which stopped the progress of the disease.

While attention is being paid to their bodies, the patients are not allowed to remain idle, and are occupied, but are taught to read and write, and thus are enabled to get a knowledge of the Bible.

Spread of Leprosy.

The unfortunate state of the work, said Miss Hatch, is that there is no compulsory segregation of the lepers, and they are allowed to roam about as they will. It is no compulsory for them to come to this hospital, and they return to their homes, and if they are not bled, just as do indigent in this country, they go to a charity institution. However, there is a bill being introduced, she said, which will make it illegal for lepers to beg. As leprosy is a contagious disease, it is quite right for the lepers to go abroad to fairs, bazaars, etc., and thus expose well people to the disease.

It is estimated that a thousand or so lepers walk the streets of Calcutta in a day. According to the statistics, there are 150,000 lepers in India, but Miss Hatch said that there were probably twice as many as that, as the cases were not always strictly reported.

TOO SYMPATHETIC

In Liverpool recently a sentimental young lady from town was on the steamship quay, when she saw a young girl sitting on a trunk in an attitude of utter dejection and despair.

"Poor thing," thought the romantic lady; "she is probably alone and a stranger. Her pale cheeks and great sad eyes tell of a broken heart and a yearning for sympathy."

She went over to the traveller to win her confidence.

"Crossed in love?" she enquired, in a sympathetic voice.

"No," replied the girl with a sigh; "we crossed in the 'Jamba,' and an awfully rough passage, too!"

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Neuralgia, Toothache, Headache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions.

Aspirin—the genuine Aspirin prescribed by physicians for over ninety years. Now made in Canada. Handy tin boxes containing 12 tablets each cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monoaceticester of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Bayer Cross will be stamped with their general trade mark, the "Bayer Cross."

as young physician practised widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. E. V. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called his "Golden Medical Discovery," in the drug stores of the United States and Canada so the public could obtain this very remarkable tonic, corrective, and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and bark—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this Golden Medical Discovery for the stomach, liver and heart. Evidence of the wonderful sale of this medicine is recorded in the books of Dr. Pierce's Laboratory in Buffalo, N. Y., showing that over twenty-four million bottles of this tonic and blood remedy have been sold in this country. No one can fight the battles of life and hold his own if his blood is not pure. No one suffers from colds, "flu" and coughs who can get plenty of red corpuscles and a good circulation.

"Golden Medical Discovery" is a good medicine. An excellent remedy depends upon the blood, together with a lowered bodily resistance, cause catarrhs. Introduce pure red blood into the system, and health is secured.

Dr. Pierce advises you, if you wish to avoid the many germ diseases, to keep your blood in good order. You can obtain Golden Medical Discovery in tablet or liquid form at all drug stores, or send for a trial package to Dr. Pierce's Laboratory in Buffalo, N. Y.

GANGSTERS FIRE ON CITY

City Places Heavy Business and Port to Prevent More Fi

Liverpool, Nov. 22.—The police force was busily engaged today round up men suspected of having played a part in a night's great conspiracy of fire, in which the government members of the Sinn Fein acted. The guards in the parts of the city have been ordered to be well in hand.

Several men already have been arrested, one of them charged with having killed a civilian while the police were trying to arrest the accused, who they say had a hand in the warehouse business.

Desperate Numbers

The police are working under tremendous strain, owing to the number of desperadoes, some of whom are said to be "gunmen" from the States, whose exact mission is known, but whose presence is believed to have an obvious effect on the police force. The greatest activity in the present a recurrence of the possible attempts at assassination damage to property in the city will total hundred of thousands.

MILK DEALERS ASK
TARIFF RETENTION

London Says Prosperity of District is Dependent Upon Present Policy.

London, Ont., Nov. 29.—A separate from our previous news would mean the eventual closing up of many of London's industrial plants, resulting away of the bulk of the city's population, which is the result of industry, and in increasing surplus of farm products throughout the whole of the province for which the outlet could be found.

In these words, Clerk S. Nelson, appearing before the Dominion Tariff Commission on behalf of the city, summed up the need of this community for the protective policy of the government. The commission opened a one-day session at the court house today.

High Fives Tariff

In spite of the election of a United Farmer candidate in East Elgin, recently, a delegation composed of those interested in manufacturing, a farmer and a labor man from Aylmer and vicinity appeared before the commission and advocated the present tariff.

Mayor F. L. Wagner, representing the town of Aylmer, declared that the municipality was satisfied with the tariff at the present time and would like to see the same continued. If the tariff were lowered, it would mean the employment of the working people of the town. He stated that the farmers, too, were satisfied with the tariff, and pointed out that in the vicinity of Aylmer had more than doubled in value in the past ten years.

John P. Coyne, manager of the Carleton Place Milk Company, after giving an outline of the business of the two plants of the company at Aylmer and Springfield, told the commission that his company had established in Canada four years ago because of the tariff on milk.

He declared that were it not for the protective tariff, the condition of the milk market in the United States at the present time would be a demoralizing effect on the Canadian market.

"I have heard something about an election in East Elgin," declared Sir Henry Drayton. "From what I have heard, the people evidently want something and vote for another. What do you think, Mr. Coyne?"

"A considerable portion of the people did not take the time to vote," was the reply of Mr. Coyne after some little consideration.

The Strange Request
"Here you are, all of you, holding up both hands for protection. Do you think you have a right to do this in the face of the vote in your riding?"

Mr. Coyne thought he had the right and did not believe there was any use saying hard things against the U. F. C. in the face of the vote in your riding.

"You think, then, that Aylmer is in that position?" asked Sir Henry. "The still loves the old, but votes for the new."

"I am satisfied of it," was Mr. Coyne's reply.

PRICES FIRM IN
LISTLESS MARKET

Unlisted Securities Transactions Few—Investment Buying Was Feature.

Montreal, Nov. 29.—There has been a somewhat dull and listless market for unlisted securities during the past week, but on the whole the price level has been fairly well maintained.

The papers were among the more active stocks, Dryden Paper selling freely between 27 and 27 1/2, with sales at 28 at the beginning of the week.

London New Common was slightly stronger than last week, selling up to 34, reaching to 35, and now being 36 1/2.

The Preferred sold steadily between 12 1/2 and 13 which is the closing quotation. Whalsh Preferred and Common have again been very inactive—the former being offered at 22 1/2, and the Common quoted 24 to 25 1/2.

There were no transactions in Mattagami Common, which is offered at 10, and North American Pulp sold freely at 4, being unchanged from last week.

Cuban Sugar Up.
Cuban Canadian Sugar sold at 55, going to 57 on Friday the Common being quoted at 15 to 20 with transactions between 16 and 19—three points up from last week.

Toronto, Nov. 29.—Taxpayers of Toronto will be given an opportunity on New Year's day of voting on the question of this city granting partial exemption from taxation, except for school purposes, on houses assessed at \$4,000 or less.

Bank Stocks Firm.
The United Bank Stocks were quiet with prices firm. Montreal City and District offered at 171, Sterling Bank 107 to 116, Provincial Bank offered at 125, and Home Bank 98 to 100.

Favorable symptoms of strength were shown in the Bond Market, prices being firmer and purchases made in much larger lots than formerly.

Bell Telephone and Montreal Tramways and Power 1-2 per cent. 15 1/4 shared popularity with the Ralls. Papers are in fair demand, and Montreal Municipals display a continuous activity.

The feature of the week's trading has been the investment buying of the better class of dividend paying securities. The present high yields have brought this about, which should have a good effect on the market.

Augusta Evelyn
Now Total Loss
Schooner Hailing from St. John Went Ashore on Country Harbor Ledges.
The two masted schooner Augusta Evelyn of St. John, which went ashore on Country Harbor Ledges, Guysborough County, on November 26, is now a total loss, according to word received yesterday by C. H. Harvey, marine and harbor agent at Halifax, from Lighthouse Keeper Bewick at Fishermen's Harbor. The schooner which was bound from Prince Edward Island with produce for Shelburne, N. S., struck the ledges at eleven o'clock in the morning in clear weather, the lighthouse keeper reports. He says the captain of the vessel delayed too long giving the word to come about and the ship piled upon the rocks. The crew after fruitless efforts to refloat their vessel, took to the boats and reached shore safely. The Augusta Evelyn, which was built at Belliveau Cove, N. S. in 1900 was a vessel of thirty-one tons register, and was owned by Handford Outlines, Truroton, N. S., with St. John as port of register.

McCauley Goes to Toronto
General Manager Severs His Connection With Street Railway Company.

Thos. McCauley severed his connection yesterday with St. John Street Railway Company as its general manager. For some two weeks it has been known that Mr. McCauley was to quit the company, and the official parting came Monday. He leaves today for Toronto, where he has another managerial position waiting him.

Came From Calgary
 Mr. McCauley came to St. John from Calgary, and came for the purpose of accomplishing certain things for the company that, it was thought, would prove beneficial, both to the public and the company. Events occurred which made it impractical for the new manager to put into operation a policy in street railway operation, which he claimed had proven successful in other localities, especially at the present time, and some schemes planned for a betterment of the service had to be abandoned.

Gives a Reason
 The increased wages, the advance in the price of coal, and other extra heavy expenses have, according to the retiring manager, added extra heavy financial burdens to the company within the last few months, which precluded any branching out on a policy of extension of rails or introduction of new equipment, or anything that might tend to afford a better service for the city.

Mr. McCauley leaves St. John with the kindest of feelings towards the company and with the hope that when the business world gets back to normal they may be able to put into practice policies which he had planned, and which he believes will be for the best interests of the company and public.

TELEPHONE USERS MEET.
 A meeting of users of the Inter-communicating Telephone System will be held, by request, in the Board of Trade rooms on Tuesday, November 30, at 8 p. m., to consider matters relating thereto.

APPOINTS FATHER LANDRY.
 His Lordship Bishop LeBlanc announced yesterday morning that Rev. Zoel Landry, who has been at the Cathedral, has been appointed assistant to the parish priest at Buctouche, to replace Rev. Leonid Cormier, appointed parish priest at St. Paul's, Kent county.

POPULAR PRESENTATION.
 Miss Marie Estabrook, who is leaving the General Public Hospital today, was presented recently with a cameo ring by members of the Graduate Nurses' Association. Many expressions of regret at Miss Estabrook's departure have been heard.

WILL ARRIVE TODAY.
 Two submarines, the former C.C. 1 and C.C. 2, of the Royal Canadian Navy, are expected in port here today. They were recently purchased by H. J. Gerson, of this city, and left Halifax last Saturday in tow of Nagle & Wigmore's tug Murray Stewart, commanded by Captain Stevens.

ADDRESS ON CITIZENSHIP.
 The Young People's Society of Centenary church, at their regular meeting last evening listened with interest to an address on Citizenship delivered by A. S. Blake. Mrs. Curran sang several songs which were greatly appreciated. Percy Leonard presided and the programme was in charge of Mr. Blake.

ADVICE AGAINST PERMIT.
 The board of arbitration appointed to consider the application of H. C. Mott for permission to make some changes in the building at 44 Charlotte street owned by George Cameron, has been received by the building inspector, and they recommend that the permit be not granted, as the plans submitted do not in their judgement provide a safe structure for the purpose which it is taken for granted the building is to be used, a dance hall.

BREACH OF PROMISE.
 All day yesterday the attention of the Circuit Court with Mr. Justice McCowan presiding, was taken up with the case of Helma Ferguson vs. Glen McPhee, the plaintiff claiming \$2,500 damages for alleged breach of promise. The greater part of the session was taken up with the examination of the plaintiff. Her mother gave evidence with a letter and several photographs were produced. The case will be resumed at 10:30 o'clock this morning.

A POPULAR VISITOR.
 Among the arrivals in the city yesterday was William Scriven, senior member of the bakery firm of Scriven Brothers, of Halifax. Mr. Scriven has been on a business trip to Montreal, New York and Boston, and is installing a new plant in his Halifax place of business. He has many warm friends in St. John who are happy to renew his acquaintances. He has been connected with clean athletics for a long time, a most efficient official at numerous Maritime Provincial meets, and will be remembered as the official starter at the Buctouche road race last summer. Mr. Scriven will return to Halifax on the express tonight.

By Flashing Badge
Inspector Sub-Inspector Wants Investigation.

A liquor inspector's badge enabled some unknown individual to garner \$50 from Tony Vasil, the Russian proprietor of a Main street grocery store. Tony, who is charged with selling liquor, gave evidence in the police court yesterday.

Found Empty Flask
 He said that Inspector Henderson and another searched his place on the 5th of November and found an empty flask. After they went away a man came and found some empty bottles in the cellar and said he would put them in jail. Tony said he was frightened when he saw the liquor inspector's badge. The man wouldn't take \$30 but when given \$30 said he would say no more about it. He did not know who the man was. It was not Inspector Mahoney.

The liquor inspectors, Journey Hopkins, Henderson and Mahoney, had searched his shop three times but found nothing except the time Henderson and another found an empty flask. The bottles were found in the cellar and as there was a doorway opening on an alley way, the bottles have thrown it in the cellar. Since then a door had been put on.

Questioned by the prosecution witness said he had never offered any money to either Inspector Hopkins, Journey or Henderson. Hopkins had asked him how much he had offered Mahoney and witness said he had given money to a man who showed a badge. It was not Mahoney. He did not know who it was.

Gives a Reason
 He swore positively that he had never sold liquor to a man named Ross. About a month ago Ross asked for the loan of \$10 and was refused. That might be why he swore he never sold liquor from the defendant. On Saturday night at 7:30, the time of the alleged sale, defendant was not in his house but away in Krieger's Andrews car, William George was also there. The two Bulgarians named by the witness swore that Vasil had been with them on a car ride Saturday evening between the hours of 7:30 and 8:30 o'clock and at the time he was so drunk he could hardly stand.

Inspector Henderson said that when he searched the shop he found a flask with about a teaspoonful of liquor in it and gave it to Mahoney. He did not think there was enough liquor in the bottle to secure a conviction. In his opinion there should be at least a tablespoonful to do that.

Ross was called in rebuttal and denied he was drunk on Saturday evening. He said that on the way to court the Bulgarians had threatened to kill him if he gave evidence against him. The case stands adjourned to permit the calling of further witnesses for the defence.

J. A. Barry and W. A. Scott are conducting the defence and W. M. Ryan is prosecuting for the prohibition authorities.

HEBREW LITERARY SOCIETY IN SESSION
Instructive and Entertaining Programme Carried Out at First Meeting.

The Hebrew Literary Society, recently organized, held its first monthly meeting on Sunday evening at the Vestry Rooms at the Synagogue. A very instructive and entertaining programme was carried out. The chairman, Mr. Marcus, President of the Y. M. H. A., in his opening remarks pointed out the cultural value of the society, and invited all Jewish young men and women to join it. The programme opened with a piano solo by Miss Sarah Budowitz. Miss Fannie Kaplan, accompanied by Mr. E. B. Boyaner on the great Hebrew poet and philosopher, Jehuda Halevi who lived in Spain (1098-1146). Current events of interest were then discussed and Miss Coile, Amudar, accompanied by Miss Ada Amudar rendered delightful songs.

The Hebrew Literary Society was recently organized by Rabbi C. A. H. A. and Y. W. H. A. A course of lectures on "The Bible from the Jewish point of view," is being delivered by Dr. Press at the Y. M. H. A. every Tuesday at 8 p. m. Other prominent speakers will be invited during the season. The literary programme will be held bi-monthly.

Boys' Club For The South End Assured
Representative Meeting Held Last Night—Y.M.C.A. Hut on Military Grounds Taken

The Boys' Club is practically assured for the South End, the building will be the Y. M. C. A. hut on the Military grounds which will be entered from Sheffield street.

Representative Meeting.
 Following the meeting held in the King Edward School a week ago a meeting was held last night in the Germania street Institute, there being present representatives from the South End Improvement League, Playgrounds Association and the churches in the South End. Thomas Killet, vice-president of the South End league was chairman, and Albert Ellis secretary. The whole matter of the Boys' Club was discussed fully and it was decided to go ahead with the project. Committees appointed will wait on the business men in the South End in the interest of the club and on next Monday night a larger meeting will be held at which there will be representatives from all of the ten churches in the south end when the organization will be completed and plans made to raise the balance of the necessary funds and prepare for the opening of the club.

Excellent Quarters.
 It is proposed to have the work of the club carried on by the South End Improvement League, which will have the co-operation of all the ten churches south of King street. A trained director will be secured and the building is well equipped for the work. There are two large rooms which can be used for classes, and it is felt that the club will prove a great benefit for the boys in the south end who are not now linked up with other organizations. It will be conducted along with the large outdoor skating rink at the foot of British street, and the prime motive of the project are greatly pleased with the bright prospects in view.

Concert Last Night
Addresses by Supt. Bridges and Principal Cormier—Fine Programme.

The concert held in the assembly room of the King Edward school last night for the purpose of defraying the balance of the purchase price of the new Martin Orme piano, which is being purchased, was successful beyond all expectations. The original cost of the piano was \$600, but a discount of \$15 had been allowed by the agent, Mr. Thompson, who made a further reduction of \$60 by way of contribution, bringing the actual cost down to \$445. This latter sum has been realized. The first was by subscriptions and the sale of tickets for last night's entertainment.

Principal Cormier.
 Principal R. Cormier, before beginning the programme, addressed the audience, explaining the necessity of the purchase of the piano, which action had been postponed from year to year while the war was raging. Two ways were adopted in raising the essential funds. The first was by voluntary contributions from parents, teachers and pupils, which netted the sum of \$350, while the second was by the sale of concert tickets. In the latter, he complimented the boys upon the energetic manner in which they had covered the city and the enthusiasm which they displayed towards the movement of the desired objective.

Superintendent Bridges.
 Dr. E. S. Bridges, Superintendent of schools, who occupied the platform with Principal R. Cormier, mentioned that he had just visited the evening school which was being conducted on the ground floor, and he had spoken words of encouragement to the men and boys there and pointed out the necessity of such schools. The speaker also referred to the value of music which, he declared, did not in any way detract from the other subjects; and when pupils are tired from exertion in school, five minutes singing and music were the means of their resuming their work with vigor and ardour. He also complimented those responsible for such a large attendance.

The Programme.
 The programme was as follows:
 Piano duet—Mrs. Rayworth and Mrs. Robertson.
 Piano Drill—Boys from Wiggins' Home, directed by Miss Pierce.
 Vocal Solo—Mrs. Geo. Bell.
 Reading—Miss Marjorie Manning.
 Reading—Miss Rose.
 Reading—Miss Rose.
 Vocal Solo—Mrs. L. M. Curran.
 Piano Solo—Miss Dorothy Stewart.
 Vocal Solo—Mrs. C. Mersereau.
 Vocal Solo—Miss Ethel Pardee.
 Fancy Dance—Mr. Walsh.
 Vocal Solo—Mr. Langan.
 Reading—Mr. Magnusson and son Norman.
 Vocal Solo—Stewart Clark.
 Piano Solo—Miss Lillian Clarke.
 Reading—Miss Pierce.

It may be remarked that this school has a daily attendance of over five hundred pupils, and the audience was so large last night that many were standing in the hallway outside of the assembly room while others were turned away. The programme was conducted by the singing of "God Save the King."

Wants Investigation
 L. McL. Ritchie is following the case in the interests of Mahoney, who has been dismissed from the staff of inspectors. The former inspector had made a general denial of all charges brought against him and has made application for a full investigation of the circumstances surrounding his dismissal.

Matteo Betty pleaded guilty to having liquor in his shop, 231 Brussels street and not guilty to an additional charge of obstructing the liquor inspectors. A fine of \$200 was imposed for the first charge and \$100 for the second.

William T. Hayes pleaded guilty to being drunk and not guilty to refusing to pay for a meal at the Blighy Lunch, Main street. C. H. Morrison, proprietor of the lunch gave evidence and the accused was remanded.

Hubert Frederick, of Ontario, was charged with wandering about and not giving a satisfactory account of himself. He promised to leave town and was allowed to go.

Ralph Snyder, charged with speeding on City Road, was put on probation to avoid being struck by a street car. A penalty was struck and allowed to stand.

George Malcolm, George Magee and Dewey King, mentioned for falling to remove snow from in front of their premises were dismissed on condition that they remove the snow. Several others who were also summoned on the same charge did not appear.

FORTNIGHTLY CLUB.
 The Fortnightly Club were entertained at the home of Dr. H. L. Spangler, German street, last evening. Two interesting papers were read: one by D. King Hansen, was entitled "The Maid of Orleans"; the other, by F. A. Dykeman, "Maritime Union."
