Fun at St. Authony's Falls.

From the St. Paul Pioneer. Any one desirous of sliding down hill n the summer time may gratify that de sire at the falls by a scoot down the apron. How nicely it can be done was lustrated by a couple of tourists, without any "guide," and also by their out any "guide," and also by their driver, oh Tuesday afternoon. These gentlemen were much interested in all they saw about the falls, and especially in the torrent of water shooting over St. Anthony's best apron. To obtain a better view, they ventured out upon the dam extending from the platform. About an inch of water runs over this dam, shoots down the apron with great velocity for the distance of 150 feet, until it strikes the timber bed running out level for twenty or thirty feet, and then dashes into a regular whirlpool that froths and foams among the rocks. Unfortunately for the tourists, the coffer dam was thickly coated with a green, slimy substance, making one of the most slippery foundations imaginable; and in less time than it takes to tell it their "feet were gone," and a couple of dark streaks were visible as they went down the slimy apron like a special telegram. Spectators feared they would be dashed upon the rocks and instantly killed, but luckily they managed to stop themselves on the timber bed before spoken of, and were promptly rescued. They were sorry-looking subjects, however, covered as they were with the deposit wiped up from the dam and apron, and were "wearing of the green" in the full est sense of the word. Their driver subsequently attempted to recover an estray hat from the dam, and lacking apronstrings, he, too, indulged in an unexpected for St. Paul, feeling that it was not good driver, oh Tuesday afternoon. The gallery was handsomely festooned around with evergreens, and in front of the seats reserved for the Countess and her friends, choice plants were placed. The stage also was decorated with plants and flowers, and over

the proscenium the Dufferin coat of arms with the motto "Straight Forward" was painted in a manner that reflects the high est credit on the artist. Officials Robbing a Corpse. Another dark mystery is perpiexing the Philadelphia authorities, which promises to afford an opportunity for the display of some rare defective skill. Over a month since the body of an unknown man was found in the Schuykill river and taken to the Morgue for identification. The discovery was noticed in the city press, but, for a time, no one came to claim the body and the authorities were about to order the remains to be buried. about to order the remains to be buried. A number of valuables were found on the body when it was first discovered, but nothing which could guide the officers in their search for the friends of the deceased. That Blamed Dog. (From the Chicago Times.) It was an agrivated case of complication ing circumstances. You see, Dick Salter is a Randolph street saloon keeper, and very proud of his skill with the rifle. He shot a lynx once, or claimed he did, and as a lasting proof had the animal neatly stuffed and set up in one of his show windows. Four boys were passing the windowyesterday morning, and stopped to look at the lynx. One of the boys had a WALTHAM WATCHES,

The glass breaking frightened a horse standing before the door, and with a splendid lunge he went on the sidewalk and gulched another big piece out of the same window, then fled, upsetting two boys who were in the buggy behind him. He was caught at Twelfth street; pieces of the buggy might have been picked up all along between that point and the starting one, and the boys are now nursed by U. anxious mothers. Slater set up some folding doors to protect his place till he could get a new window. Presently Mrs. Slater came down stairs, and being totally ignorant that anything had happened, opened the side door into the saloon. This knocked down the folding doors and completed the wreck. A piece of glass gashed Mrs. Slater's nose painfully, and springing suddenly back in alarm she upset two junior Slaters who had followed her down. At present the saloon has a bran new window, and in place of the lynx is a green frog, which prognosticates all kinds of weather.

means, and vital organs wasted beyond Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with anoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive de-rangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver,

and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore a model. The Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermitages, no anthelminities will free the system from worms like these Bitters.

For Female Complaints, in young

or old, married or single, at the dawn of wo-manhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
