when the appetite fails, when there are sleepless nights and momentary spells of weakness, look for the cause, and see that it is removed at once.
Cultivate good health while yet there is something to build on, instead of waiting until the nerve force is depleted and yitality completely expansized. and vitality completely exhausted.

To persons suffering the results of thin blood and wasted nerves, Dr. Chase's Nerve Food supplies all the needs of the system and brings perfect health. It occupies a field by itself and is unique in these respects: that it cures by forming new, rich blood and nerve force, building up the system and increasing the weight.

It is a reconstructant, restorative and revitalizer of the most unusual merit, which sends new life and new vigor to every part of the body, and gradually and permanently cures all nervous troubles and diseases resulting from weak blood and low vitality. 50 cents a box, at all dealers', or Edmanson, Eates & Co., Toronto. and vitality completely exhausted.

A BRIEF STORY OF INTEREST TO ALL YOUNG WOMEN.

Pallor, Headaches, Dizziness and a Feel ing of Constant Langour Overcome--Hope for Similiar Sufferers.

There are thousands of young girls throughout Canada, who owe their good health, if not life uself to the use of Dr. Williams' Pink Pills for Pale People.
Among these is Miss Maud Patterson, whose home is in the vicinity of Strath roy, Ont. To a reporter who interviewed her. Miss Patterson said: "Several years ago I began to suffer from headaches, was easily tired out, and could see that \$1784 88 my health was not what it had been. At first I did not think there was anything serious the matter, and thought the trouble would pass away. In this, however, I was mistaken, for as time went on I became weeker. My appetite improved, the headaches disappeared, the pallor left my face, the dizziness that bothered me so much also disappeared, and I felt altogether like appeared, and I felt altogether like a different person. I feel that I owe my renewed health entirely to Dr. Williams' Piuk Pills, and as I know there are many girls who suffer as I did I would urge them to lose no time in giving this

medicine a fair trial."
The case of Miss Patterson certainly carries with it a lesson to others who may be pale, languid, easily tired, or subject to neadaches, or the other distressing symptoms that mark the onward progress of anaemia. In cases of this kind Dr. Williams' Pink Pills will give more cer tain and speedy results than any other medicine.
