Political orators tried in vain to arouse the apathetic voters. Slow balloting in the early hours today indicated a light vote, despite fair weather and an agreeable temperature. An "offyear" is the explanation of the politicians for the apparent apathy, as only state assemblymen, county officers and some judges are to be chosen. His formal entry into provincial politics was purposely staged in Sir Wilfrid Laurier's riding in old Quebec. There was some stone-throwing and other foolishness which gave the event the theatrical touch Mr. Bourassa always relishes. He attacked the Government made by one Baron l'Epine, who althe minister of lands manded money for an election Belgian syndicate which l'Epine represented. His crushing defeat squelches him for a time, but he is too deeply bitten with the idea that he is a man of destiny to remain long inactive. His return to the federal arena would be humiliating, so that in all probability he will remain some prospect of leading the rump of the Conservative party.

Suffered From Heart and Nerve Troubles Last Ten Years.

The heart has supplied to it two sets of nerves, one set which quickens, the other which slows its action. The proper action of these nerves, so important to the wellbeing of the heart, depends upon the general condition of the nervous system. If there be nerve derangement of any kind it is bound to produce all the various phenomena of heart derangement.

Knowing the intricate structure of the heart, and being aware how diseases of the nerves affect the heart, we sombined in Milburn's Heart and Nerve Pills a treatment that will cure all forms of nervous disorders as well as act on the heart itself, and in this is the secret of their success in curing so many cases of heart trouble which have defied all other treat-

Bennett's Theater This

Week.

George H. Wood, the well-known and popular black-faced talking entertainer, is back again at Bennett's with a monologue which, with the excepto, it has been done to death by Ray and Brosche for several seasons in London. But the first part of the monologue is a scream. It is a little rough on college boys, as it brands them all as being of the long-haired needle-headed "flannelled fool" type, but as it is only a joke it can be for-

given. It is handed out in George Wood style, and that earns something. It is the hit of the bill. An act with a classic air about it is hat of the Royal Musical Five-four brothers and a sister. They play on flutes, dulcimers, etc., and the lady sings a dainty number in a most

harming manner. Zeno, Jordan and Zeno, the acrobats, are well up to the mark in their line, and they were loudly ap-

plauded. The Atlas Quartette is only fair. Miss D'Orsell, a Scotch character song singer, made good with several sweet songs well sung; Bruno and Russell were very fair in "The Insurance Agent," and Wesson, Walters and Wesson were there with the goods in a sketch entitled "Hotel Repose."
