FLAX FACTORY FOR CHATHAM

Important Meeting of Board of Trade, Consider Establishment of New Industry

A Strong Company Formed—Representatives Visit Maple City and Submit their Project.

At the request of the President of the Board of Trade a largely attended meeting of its members was held in the City Clerk's office to confer with the Industrial committee, F. W. Wood, of Port Huron, and G. A. Turner, of Toronto, to consider a proposition from these gentlemen for the establishing of a flax twine factory in this city. Ald. C. Austin, chairman, explained the object of the meeting and called upon Mr. Wood to state the proposal he was prepared to make to the city. Mr. Wood informed the meeting that he and Mr. Turner had been appointed by a number of capitalists to enter with five municipalities advantageously situated for the raising of flax, and as Chatham had been selected as one of them, they had been formed with an authorized capital of \$24,000, of which amount \$100,000 would be subscribed to manufacture the flax fibre, to take the place largely of manilla now in use, that could be sold to the flax growing district, but for its excellent shipping facilities, he hoped any proposal he had to make would receive the favorable consideration of the gentlemen present. The company had been formed with an authorized capital of \$24,000, of which amount \$100,000 would be subscribed to manufacture the flax fibre, to take the place largely of manilla now in use, that could be sold to the flax growing district, but for its excellent shipping facilities, he hoped any proposal he had to make would receive the favorable consideration of the gentlemen present. The company had been formed with an authorized capital of \$24,000, of which amount \$100,000 would be subscribed to manufacture the flax fibre, to take the place largely of manilla now in use, that could be sold to the flax growing district, but for its excellent shipping facilities, he hoped any proposal he had to make would receive the favorable consideration of the gentlemen present.

Mr. Turner was then called upon, and he felt there was a great future for such an industry, and they proposed starting with an output of five tons per day, and hoped to make up as fifteen tons the first year, and at least a thousand tons of twine was being used in Canada annually, there should be an almost unlimited field for such an industry.

The names of the directors were: Senator Jones, President Massey, Harris Co., H. Campbell, John S. King, J. P. Murray, Hon. R. P. Roblin, A. F. McLaren and Hy. Mountain, New York; and W. H. Marchand, Buffalo; many of whom were doubtless known to some of the gentlemen present, and William McKenzie, of McKenzie & Mann.

The Massey-Harris Co. would take their entire product, but it was the wish of the company not to be tied down to one firm. At present the waste of the flax mills goes out of the country to be manufactured, which is sent back to our consumers, and by utilizing this waste in our own country the price of the product is greatly cheapened. This waste is proposed by this company to be manufactured. The labor would be largely made up of skilled mechanics, and, in answer to a question the speaker said the company would require about five acres of land.

Mr. Wilson, one of the owners of the Chatham Binder Twine Factory, was asked how the establishment of such a factory would affect his business. He said that his associates had definitely decided to dispose of their plant, which could not be operated at a profit, owing to the fact that the cost of the fibre shipped in was too high, and that the waste, which would be used by the gentlemen asking certain concessions from the city, would be utilized, and he was prepared to offer any assistance to make the new concern a success. The farmers want a cheaper twine than they are now using, and if this flax can be made to answer present purposes it will find a ready market.

Mr. Turner, in answer to a question as to the amount the farmers could realize from a flax crop, said the price usually paid was \$10 per ton, and that two tons to the acre was an average yield, and from four tons of flax they could get a ton of fibre and one of tow.

Having heard the proposals, at the suggestion of W. R. Landon, the deputization retired and there was a general discussion on the merits of the enterprise. On motion, the members of the Industrial Committee and W. A. Hadley, M. Campbell, Robt. Gray, G. P. Shannon, Ald. Westman and H. Malcolmson, met last evening and will report to Monday night's Council.

Coughs, Colds, Hoarseness, and other throat ailments are quickly relieved by Cresoline tablets, ten cents per box. All druggists.

SCHOOL FAIR STILL BOOMS

Crowds Throng the Excellent Exhibition at the Central on Graduation Night

Address by H. S. Clements, M. P., and Others—Presentation to Principal Plewes and Miss Hillman.

The crowds that attended the Central School Fair Wednesday night were, if possible, larger than the night before. It was graduating night and all of the graduates were present to receive their certificates. The program, which started at eight o'clock sharp, was presided over by H. S. Clements, M. P., who in this capacity contributed largely towards the enjoyment of the evening. The Opera House orchestra was in attendance and provided excellent music during the evening. After an excellent address by the chairman, who complimented the school on their excellent Fair, Arthur Martin contributed a solo. This was followed by the presentation of a kindergarten assistant's certificate to Miss Muriel Hoig by H. D. Smith, Esq. Mr. Smith is a prominent educationist in this city and takes a deep interest in this work. Each year he presents a silver medal for work done at the Central school and his medal for this year was presented by P. H. Bowyer, M. P. P., the evening before. Mr. Smith made a very fitting address, complimenting Miss Hoig and those under whom she obtained her certificate very highly. He also paid a high tribute to the management of the Fair on their excellent success this year. Miss Hazel Bedford at this point gave an excellent recitation, which was much enjoyed. Miss Bedford is an eloquent and of marked ability and is a favorite wherever she appears.

To Edwin Bell, LL. D., was assigned the honor and the evidently pleasant duty of presenting to the "sweet girl graduates" the High school entrance certificates. He recalled the early days of the school when at the age of six he first began his studies there, but refrained from a long dissertation on the girls he went to school with, from stating how long ago that was. He noticed the changes that had taken place and the great progress the school had made. There were then three teachers and about 100 pupils while now there are 24 teachers and 1,000 pupils, the school being the largest Public school in Canada. Mr. Bell also referred to some of the teachers of those days—Mr. James Birch and the late Mr. James Park, father of Inspector Park, who, although they did not spare the rod, are still regarded with the kindest feelings by their former pupils, and to some of his contemporaries there, among others, Robert Gray, Manson Campbell, Sydney Stephenson, Frank McKenough, Mayor Oowan, Ald. Potter, Elgin Miller, now of San Francisco, James Fletcher, superintendent of the Canada Foundry Co., C. E. McPherson, general passenger agent of the C. P. R., Ed. Sandys, and others. In presenting the certificates to the 33 successful girls Mr. Bell said he supposed he should, following a time-honored custom, kiss all the recipients, but that he would spare their blushes and embarrassment by reluctantly waiving this interesting ceremony. In closing he said great credit was due to the School Board for their efficient management and for responding so well to the needs of the school, to the parents and teachers, and especially to Principal Plewes, Miss Hillman and Miss Irwin, for the splendid showing of the High school entrance class.

Miss Gertrude Potter gave an excellent solo. Miss Potter is a very talented and popular soprano soloist and her selection was much enjoyed. Mr. J. M. Pike then presented the entrance certificates to the following boys graduates: Jack Barfoot, Gerald Bedford, Murray Cathart, Louis Challinor, Frank Cucksey, Wilbur Davis, Percy Glassford, Earl Glover, Wm. Gray, Clark Gilles, Frank Hutton, Percy Jackson, Alex. Jewiss, Arthur Kingsmill, Robert Martin, Edgar Moore, Ernest Moore, Charles McGregor, Buel McWilliam, Harry McLean, Roland McDonald, Stanley Stacey, Russell Steen, Regenie Sterling, Fred. Taylor, Laurence Thornton, Bert Webb, Frank White.

LARGE CROWDS ATTEND RACES

Agricultural Park the Scene of Some Fast Trials of Speed Yesterday

Three Good Events Were Billed—Two Completed—Other will be Finished this Afternoon.

About 1,400 people attended the races held by the Chatham Driving Association at Agricultural Park yesterday. The day's proceedings were somewhat enlivened by the presence of a large number of ladies who took a keen interest in the events. The Society is to be highly complimented for affording the people of Chatham an opportunity of seeing such excellent races. There were three events and all of them were very closely contested. Competition was keen and there were no accidents to mar the day's proceedings. John Glassford filled the position of starter and he made an excellent one, and performed his duties to the satisfaction of everyone. He got the horses away in excellent style and there was no complaint over any of his decisions. The following was the result:

2.18 Pace and 2.14 Trot.
Jessie Rogers, owned by R. Kettle, Petrolen—4 2 3 1.
Owen Gallegor, owned by A. Bedford, Chatham—2 5 5 5.
Star P., owned by A. Fox, Amherstburg—1 6 3.
Mattie Weaver, owned by McMaster, Ridgetown—3 4 1 2.
Mac Wilkes, owned by F. Trudell, Tilbury—2 2 4.
Princess Simon, owned by Graham, Tupperville—5 6 4 6.
Time—2.24, 2.23 1-4, 2.26, 2.22.
The driver of Mac Wilkes was changed in the third heat as the judges thought Mr. Trudell was not driving his horse out. Mr. Brownlee drove him during the third and fourth heats.
This race was not completed and will be finished to-day at two o'clock.

2.30 Pace and 2.25 Trot.
Davis K., owned by R. Kettle, Petrolen—4 1 1 1.
Peter Miller, owned by Bert Miller, Chatham—4 2 2 2.
Daisy Dillard, owned by D. F. McRae, Wallaceburg—2 5 5.
Jim Kellar, owned by R. Mather, Comber—3 3 3.
Little Joe, owned by F. Trudell, Tilbury—5 4 4.
Topsy Simon, owned by A. Bedford, Chatham—6 6 drawn.
Time—2.24 1-4, 2.24 1-2, 2.24 1-4.

2.09 Pace.
The Mystery, owned by Wigle and Brown, Windsor—1 1 1 1.
Wild Brino, Jr., owned by A. Bedford, Chatham—2 2 2.
Time—2.20, 2.17, 2.18.
The following were the officers of the Society who had the management of the races in hand:
President—James Massey.
Secretary—Ald. Bedford.
Judges—Messrs. J. Glassford, Dr. Cornell, Dr. Perdu and A. E. Pilkey.

PRICES REDUCED

For Elsie Janis in the Little Duchess at The Grand To-morrow Evening.

On account of Elsie Janis' date for Chatham being to-morrow (Saturday) the prices have been reduced, and every person who possibly can arrange should not miss this production. Although Chatham has had some good shows this season, it is positively assured that to-morrow's engagement will outshine any of them. The prices will be 25, 35, 50, 75 cents and \$1.00.

A woman may be able to find her pocket book, so long as it isn't in her pocket.

DR. OVENS, M.D.
L. R. C. P., etc., London, England.
SURGEON, OCULIST, SPECIALIST
Diseases: Eye, Ear and Nose treated and diseases fitted properly. Will be at Radley's Drug Store, Chatham. Next to the site of visit, Wednesday, Oct. 26 and 27th.

Shoe Correctness

Proper style in footwear is one of the crucial tests of good taste.

It is not, however, a matter of cost, necessarily, except that it demands skill in the designing and making. All the smartness and style of seven or eight dollar footwear can be duplicated in shoes at three dollars.

They are reproduced with absolute fidelity in our three dollar shoes for women.

And more than that—for good long wear they are bargains at the price.

S. STEPHENSON - Proprietor.

GOLDWIN SMITH ON MULOOK.

Our esteemed contemporary Goldwin Smith, says the Hamilton Spectator, views the appointment of Sir William Mulock to the bench with some alarm. The professor says: Our people will show indifference in their dearest interests if they allow to pass unopposed the use of one of the highest offices of justice as a pension for an invalid politician. It is not necessary to detract from the merits of Sir William Mulock as an administrator. Nor are we called upon to decide between the different theories of the grounds for his retiring from the Government. The reason assigned by himself is failure of physical ability to perform arduous duties, among which, it seems, is not included that of deciding a great property case or that of trying a man for his life. If conscience protested against the continuance of physical disability in the management of the post office, did it whisper no warning against the undertaking of work assuredly not less momentous, while in this case the defect of inexperience and desuetude would be added to that of failing strength? A lawyer he can hardly be called who has been practically severed from the profession and estranged from acquaintance with its progress for upwards of twenty years. The appointment is manifestly unjust to all the practising members of the bar over whose heads the interloper is put, and who are thus robbed of one of the great prizes of their professional effort and their legitimate ambition. But far greater is the wrong done to public justice and the highest interests of the nation.

But does the professor not see that Sir Wilfrid has evened things up, as it were, by withdrawing Mr. Aylesworth from the ranks of the practising lawyers, thus removing a serious obstacle from the way of their progress to the top of the legal heap? While the gentlemen of the law have been "robbed" of the judgeship which has been given to Sir William they are now in a position to become first-rankers in their profession, to win fame in international boundary contests, to get into Gagey scrapes, and to fix one end of a canal at two different and distinct places at one time.

DISTRICT DOINGS

THAMESVILLE

Oct. 25.—A very sad death occurred in Bothwell on Monday in the person of the son of Rev. Mr. Little, pastor of the Presbyterian church. The funeral takes place to-day. Services conducted by Rev. Mr. McInnis, of Thamesville.

Union Thanksgiving service will be held in the Presbyterian church on Thursday morning from 11 to 12. The service will be conducted by Rev. Mr. McInnis.

There will be no school in our village Thursday or Friday.

Mrs. Kryderman and little Miss Kate Kryderman go to Detroit tomorrow to spend the holiday with relatives.

Rev. Arthur Hare, from Botany, left this morning for his home in St. Catharines. His father was kicked some time ago by a horse and had some ribs broken. Pneumonia then set in and he is in a very critical condition.

Mrs. Charteris and her daughter Kate are expected at the former's old home here to spend Thanksgiving.

The Literary and Art Club of Thamesville held its first meeting last night at the home of Mrs. Duncan. There was a good attendance and much was done towards getting the club in working order for the winter. The following officers were elected: President, Mrs. Duncan; Vice-President, Mrs. (Dr.) Fraser; Secretary, Miss Albertson. The club has decided to study Canadian History and the work is divided into sections as follows:

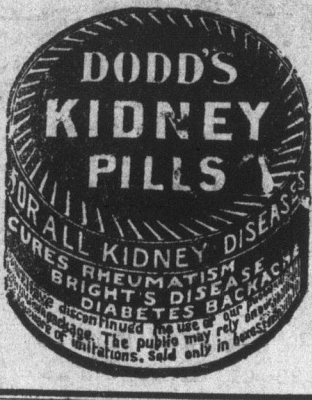

1. 1585, 1759.
2. Cartier, Champlain, Frontenac.
3. Canada of two Provinces, 1759-1867.
4. Brock, Lyon McKenzie, Papineau.
5. Confederation: the B. N. A. 1867: How Canada is governed.
6. Provinces that united with Canada at Confederation time.
7. Makers of Canada.

Two meetings will be devoted to each period. Besides the history, readings, recitations, etc. An officers meeting will be held in the library to-night to get the work in shape, and the first regular meeting will be held at Mrs. Conits on Friday, Nov. 3rd, at 4.30 p. m.

James Wilkinson, commercial specialist in St. Mary's High school, has resigned his position there to accept a more lucrative one in St. Catharines. He will spend Thanksgiving holidays at his home, and begin duties in St. Catharines Nov. 1st if a substitute can be secured in St. Mary's by that time.

Miss Tess Mowbray, from Chatham, will spend the holidays with her parents in Botany. Will Mowbray, English specialist in Upper Canada College, is also expected home for a few days.

The Oddfellows leave on the 2.30 p. m. train to-morrow for Alvinston to take part in the contest there.

ham, will spend the holidays with her parents in Botany. Will Mowbray, English specialist in Upper Canada College, is also expected home for a few days.

SORE THROAT AND COUGHS.
A simple, effective and safe remedy for all throat irritations is found in **Cr. Solene Antiseptic Tablets.** They combine the germicidal values of Cresogene with the soothing properties of slippery elm and licorice.
10c. All Druggists.

WABASH.

Etta Taylor has been visiting Mrs. Ida Glover near Kent Bridge.

Russell Hawkins is on the sick list.

Melvin Kelley and his mother intend moving to Chatham in the course of a few weeks.

Mr. George Cutler from St. Thomas is visiting his brother David.

The Methodists intend opening their church on Thanksgiving. Preaching at two p. m. and a lecture in the evening at seven. Admission 25 cents.

EDITOR HONORED

Mr. Arch. McNeel, retiring editor of The Record, was happily surprised at his home on Victoria avenue Tuesday afternoon, when the editorial and mechanical staff gathered to tender him a tangible appreciation of his consistently cordial relations with the employees during the entire tenure of his position as editor-in-chief. He was presented with an address and a suit case.

ANAEMIA

is thin blood. It causes pale faces, white lips, weak nerves and lack of vitality. A blood-enriching, fat producing food-medicine is needed. Scott's Emulsion goes to the root of the trouble, strengthens and enriches the blood, and builds up the entire system. For anaemic girls, thin boys, and enfeebled mothers, it is the standard remedy. It builds up and strengthens the entire system with wonderful rapidity.

We'll send you a sample free.

AUTUMN LUNCHEON.

Flowers For the Table—Pleasing Color Effects in the Menu.

A slight check on the too lavish use of some flowers for the table at social occasions stimulates the appetite as do the nasturtium and carnation, and many people find the perfume of some disagreeable while partaking of food.

The delicate perfume of the golden-rod and purple aster and their rich colors, which blend so beautifully with their surroundings, make them very desirable for decoration. Tall, slender vases filled with the plummy golden-rod set in flat dishes in which asters are placed make lovely center and end pieces. Buttonhole bouquets of golden-rod tied with lavender ribbon laid at every plate, alternating with asters tied with yellow, serve as souvenirs. Only clear glass and plain china should be used and a very little delicate feathery green. The color scheme can be carried out in the preparation of the menu in a very pleasing manner as follows:

Salmon Loaf.—This is cooked in a round mold and served on a chop plate garnished with blanched celery tops.

Potato Sticks.—Large potatoes are cut into long square strips and fried in deep fat.

Biscuits and Honey.—The yolk of eggs added to the milk used in mixing the baking powder biscuits gives them a golden color. Place them on a lavender tissue paper dolly and serve the honey on a lavender plate if convenient.

Stuffed Eggs.—These are wrapped in yellow, white and lavender tissue papers, the ends of which are crimped and fringed like those of motto candles.

Sponge Bricks.—Cut a sponge or yellow cake, baked in a shallow pan, into bricks about two inches wide and four inches long. Frost on the top and sides with lavender frosting and before it sets press into it blanched almonds, forming a daisy, with a center of yellow frosting, or if preferred cup cakes, frosted with daisies arranged on the tops, can be used.

Other items are cheese, grapes, purple and white; yellow peaches and cream, ambrosia colored with grape or huckleberry juice and served in tall goblets, with a slice of lemon in each glass; ice cream, lavender and yellow, served in sherbet glasses on paper dolly; coffee.—Table Talk.

How to Fill Pillows.

Any one who has tried to fill new ticking cases with feathers knows that the task is no easy matter. They fly here and there, stick to clothes, hair and carpets and nearly drive the worker frantic. But housekeepers of the good old days had a way of managing them which is well worth passing on to their grandchildren, as the New Idea Magazine tells. The new cases were sewed firmly all around except for a space of ten inches in the middle of one of the narrow ends. The case from which the feathers were to be taken was then ripped open for the same distance in the center of one of the ends, and the sides of the slit were stitched to the sides of the opening in the new case. This joined the two cases closely, leaving an opening between, through which the feathers were easily pushed by squeezing the outside of the case containing them. When the latter is empty rip the cases apart, collect the few that may still cling to the sides or corners of the old one, put them into the new pillow, sew up the slit, and the troublesome task is completed.

HE'S BEEN WELL EVER SINCE

A. D. Miller Has An Experience With Dodd's Dyspepsia Tablets That's Worth Remembering.

"I wish to state that Dodd's Dyspepsia Tablets are the best medicine anyone can take for Dyspepsia." The speaker was A. D. Miller, of Tomstown, Ont., and when he was asked for his reason he continued, "I had been troubled with Indigestion and Dyspepsia and during the summer of 1900 my doctor treated me for Liver Complaint but I kept growing worse.

"I was hardly able to get around when I started using Dodd's Dyspepsia Tablets. After using half a box I felt better; by the time I had used two boxes I was well and I have been well ever since."

You can't have Dyspepsia if you use Dodd's Dyspepsia Tablets.

Stepped in Front of Gun.

Lancaster, Oct. 25.—A fatal accident occurred near South Lancaster, about half a mile west of the village. There is a pine bush, a favorite resort for boys for shooting squirrels and small game. John King, aged 18, and Alex. Lafave, aged 16, went to the bush. They had only one gun. A squirrel was sighted, and Lafave fired. In the act of firing, King stepped in front of the gun, and the contents entered his back, passing almost through the body in an upward direction. Death was immediate. A jury rendered a verdict of accidental death.

THE FARMER'S WIFE

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are exactly akin to the churning of butter. Is it not apparent, then, that if this stomach churn is "sour" it sours all which is put into it? The evil of a foul stomach is not the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of the blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour stomach sweet, and gives it a sun bath to sweeten it. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. "Golden Medical Discovery" contains no alcohol, whiskey or other intoxicant and no narcotic.

In giving medicine to a baby, place the point of a spoon against the roof of his mouth. Administered in this way, the child cannot choke or eject the medicine.

A skillful hairdresser knows how to take off years from the face of his patron by the manner in which he puts up her hair.

Lever's Y-2 (Wise Head) Disinfectant Soap Powder is better than other powders, as it is both soap and disinfectant. 34

The fellow who purchases his popularity often buys a gold brick.

CURE SICK HEADACHE.

A Foolish Man's Blunder.

"Well," said Mrs. Happonson, "I'm glad I have at last convinced you that you were mistaken."

"You haven't convinced me," her husband wearily replied. "You have merely shown me that it is foolish to reason with a woman."

After which the argument was resumed at the same old place.—Chicago Record-Herald.

F. E. Cornell, of Montreal, is the guest of M. & Jackson, St. Clair street.

The White Ribbon Remedies.

The oldest, most popular and purely non-alcoholic remedy is Dr. Pierce's Favorite Prescription for weak women. It does not contain a particle of alcohol. Neither does Dr. Pierce's Golden Medical Discovery for the blood. Both are remedies which have stood the test of public approval for the past third of a century. Urge your friends to take Dr. Pierce's remedies and to be aware of alcoholic tonics. Dr. Pierce offers \$500 reward for women who cannot be cured of those weaknesses which are peculiar to the womanly organism. Send for full treatise on diseases of women to Dr. R. V. Pierce, Buffalo, N. Y. Correspondence is invited and consultation is free and strictly confidential.

Treatment of the nervous system and the womanly organism by alcoholic compounds has always been, in the opinion of Dr. R. V. Pierce, who is founder and chief medical director of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., a very bad practice. When he set about to find the right medicine for the treatment of woman's peculiar disease, he hit on a combination of nature's most valuable roots, herbs and barks, in a solution which did not contain a particle of alcohol. Dr. Pierce does not claim his "Favorite Prescription" will cure all diseases, or that it will cure men. It is a woman's medicine only, and in woman's diseases it has been found effective in thousands of cases. It is unparalleled in its curative properties and has a flattering record that cannot be equaled by any other remedy manufactured exclusively for woman's use.

HURL BOMBS AT TROOPS

Kharkoff Strikers Resented Interference of Cossacks.

Casualties Heavy on Both Sides—Strikers Have Since Plundered Gunsmiths' Stores and Armed Themselves—Number of Bakeries Have Been Destroyed and Threatened Famine Adds to Discomfort.

Kharkoff, Russia, Oct. 25.—A serious conflict between troops and the people, during which there were many casualties on both sides, occurred Monday night. While a meeting of 20,000 citizens, students and workmen was in progress the cry of "The Cossacks are coming!" was suddenly raised and a panic followed. Many persons were injured in the crush. Subsequently the crowd came in contact with a detachment of cavalry, revolver shots were fired by some of the civilians and small bombs were hurled among the cavalry. The latter thereupon fired two volleys with blank cartridges and then fired with bullets. Both sides suffered seriously.

Strikers have since plundered the gunsmiths' stores and have armed themselves. A number of bakeries have been destroyed and all work has been stopped at others.

A scarcity in the necessities of life is already felt here.

Decide on General Strike.
St. Petersburg, Oct. 25.—The Government resumed railroad service on a few roads yesterday, but under great difficulties. The decision of the railroad men last night to declare a general strike has complicated the problem. Trains left for Moscow yesterday over the Nicholas road, but the passengers were notified that communication was guaranteed only to Tver.

Spreads All Over.
Moscow, Oct. 25.—The strike is spreading in all directions. On the Moscow, Windavsk and Rihnek line the evening express could only reach the Moskorskaia Station, and the passengers were compelled to walk to Moscow.

At the Moscow and Kazan Station 2,000 passengers are waiting. They are being aided by the railway administration. First and second class, 50 cents daily, and third class, 25 cents.

The strikers have damaged the water conduit between Moscow and Mytishchi, and some sections of Moscow are without water.

A meeting of ten thousand strikers yesterday decided to prevent telegraphic communication, which already is becoming difficult.

Several attempts were made yesterday to interrupt communication by telegraph and telephone out of Moscow, and the telegraph offices had to be guarded by Cossacks. Persons wishing to send messages had to fight their way through crowds of strikers, and often were severely handled.

The strike has taken a violent turn in many cities from which reports come of encounters between the mobs and the police and troops.

White Asked Demands Power.
St. Petersburg, Oct. 25.—It can be positively stated that the Emperor has tendered the position of Premier of the Cabinet about to be formed to Count Witte, who, however, informed the Emperor that he could accept the position only on the condition that he would be a real Premier with a working Cabinet, and not the mere figure-head of an irresponsible body.

Will Interview Castro.
St. Petersburg, Oct. 25.—Sir Charles Garding, the British Ambassador, will leave for London tomorrow on business connected with the proposed Anglo-Russian entente.

U. S. Minister to Deal With Franco-Venezuelan Dispute.
Caracas, Venezuela, Oct. 25.—The Government at Washington has commissioned the United States Minister, Mr. Russell, to endeavor to arrange the Franco-Venezuela diplomatic incident. Mr. Russell went to Los Teques yesterday to have an interview with President Castro.

Foul Play Suspected.
Montreal, Oct. 25.—The body of a man, believed to be T. L. Bryant of 31 Algiers road, Ladywell, London, England, and whose business address was 165 Fenchurch street, London, was found floating in one of the docks yesterday, having apparently been in the water only a few hours. There are indications that the man may have been the victim of foul play.

Canada and Newfoundland.
London, Oct. 25.—(C.A.P.)—The Morning Post understands the question of the inclusion of Newfoundland in the Dominion is again the subject of confidential negotiations. This news says The Post, is of particular interest in view of the present fisheries dispute between Newfoundland and the United States.

Drowned in Welland Canal.
St. Catharines, Oct. 25.—A sad drowning accident occurred Monday night in the old Welland Canal, near lock three, whereby James Reid, a young man, 20 years of age, lost his life. Deceased, accompanied by his brother and Joseph Lydiatt, were in a rowboat, which capsized.

Liberals of North York.
Newmarket, Oct. 25.—The executive of the North York Liberal Association met yesterday, and decided to hold a convention on Saturday next at Newmarket, for the purpose of nominating a candidate to repeat the successes of the retiring member, Sir William Munk.

The Colonial Conference.
London, Oct. 25.—The Canadian Associated Press understands unless some unforeseen obstacle arises a colonial conference will take place in July next. Invitations will be sent out in February, after the meeting of the Parliament.

Lived to 102.
Rochester, N. Y., Oct. 25.—Mrs. Sarah Watson Andrews, is dead in Silver Springs at the age of 102 years. Mrs. Andrews' mind was not impaired.

PILES CURED

SUFFERING FOR YEARS, AND BED-RIDDEN FROM PILES, A CONTRACTOR OF MARION, INDIANA, IS CURED BY PYRAMID PILE CURE.

Trial Package Mailed Free To All Who Send Name and Address.

"I was troubled with piles for several years before I would let it be known. But at last they became so severe that I could not walk, and I had to take my bed. I tried everything and anything the doctors prescribed, and took their treatments for a long time. But nothing ever did me any good. I had seen your ad. in different newspapers, so I got a 50-cent box and began using them. From the very first I got quick relief and by the time I was starting on my third box I saw I was cured. I have not been troubled with them since. Now you can use this as your proof, because it is genuine. Yours, T. A. Sutton, Stone and Cement Contractor, Marion, Ind."

Instant relief can be gotten by using the marvelous Pyramid Pile Cure. It immediately reduces all congestion and swellings, heals all sores, ulcers and irritated parts. The moment you start to use it your suffering ends and the cure of your dread disease is in sight.

The Pyramid Pile Cure renders a surgical operation foolhardy. Don't hack to pieces those tender muscles which must be intact if a satisfactory cure is to be obtained.

The Pyramid Pile Cure is put up in the form of "easy-to-use," specially made, suppositories. They are soothing, painless, instant and certain.

A trial treatment will be sent you at once by mail, in plain sealed wrapper, without a cent of expense to you, if you send your name and address to Pyramid Drug Co., 5453 Pyramid Building, Marshall, Mich.

After you receive the sample, you can get a regular-size package of Pyramid Pile Cure at your druggist's for 50 cents, or if he hasn't it, send us the money and we will send it to you.

Napoleon's First Cause, Mud.
That man is made of mud by spontaneous generation under the soil's heat was the deliberate opinion of Napoleon, first of the moderns, if General Gourgaud can be believed.

Referring to ancient civilizations in the east, Napoleon one day said to Gourgaud:

"All this leads me to think that the world is not so very old, at least, as inhabited by man, and within one or two thousand years I am disposed to accept the chronology appended to the sacred writings. I think that man was formed by the heat of the sun acting upon mud. Herodotus tells us that in his time the slime of the Nile changed into rats and that they could be seen in process of formation."

Abbey's Effervescent Salt

Almost its greatest use is to prevent sickness. ABBEY'S SALT keeps you so well, that there is no chance of Stomach, Liver and Bowels going wrong. It is the ounce of prevention that is worth tons of cure.

MISS ELSIE JANIS CAPTURES

LONDON.

Clever Little Actress and Company

Make Big Hit in "The Little Duchess."

The London Advertiser of Oct. 26th says:—

Deputy Little Elsie Janis d lighted a fine audience at the Grand Opera House last night in the musical comedy, "The Little Duchess." Her most interesting, and, indeed, the most successful part of her performance was her imitation. She was decidedly clever, and although comparisons may be odious, Gussy Loftus is not a whit better, if as good, as clever Elsie Janis. Her imitations of Digby Bell as a tough kid at a ball game, and as Eddie Foy, singing one of his songs, were perhaps her best, although that of Della Fox was also worthy of mention.

About the play itself, it realized all expectations. It is easily the best musical offering of the season. For music and clever comedy, it is much in advance of anything seen here for some time. The plot—why mention a plot in connection with a musical comedy? It is there, but that is not the main thing. There are many useful lyrics, and most of them are of the whistling kind. Miss Janis' best song is "Back to Broadway."

The supporting company is good, and is well balanced. The chorus is large, and can sing and dance well. It is the best-looking chorus seen here for many a day.

The bulk of the comedy work falls on Robert Left, as Gustave, the bathing master. He was funny all the way and he sang his several songs in the most mirth-provoking manner. He was ably seconded in his fun-making efforts by Irving Brooks, as a German with a fierce desire for duels, and George F. Moore, as Jose Zaramba, a Portuguese. They carried the comedy part well.

Aimee Travis, as the muscular wife of Jose Zaramba, who has a penchant for falling in love, was good, and Amy Lake, as Nanette, the maid, was captivating.

Encores were abundant, and every number was most enthusiastically received. Miss Janis' reception was most flattering. She was forced to respond repeatedly, and in answer to the demand from the audience, made a neat little speech. She has a warm spot in Londoners' hearts. No doubt there will be standing-room only at to-day's matinee and evening performance. The play deserves it.

Elsie Janis appears here to-morrow night.

"HER FIRST FALSE STEP."

Teddy and Jennie, two magnificent lions, are carried with the new melodrama, "Her First False Step," which Mgr. C. F. Whitaker presents for the first time at the Grand Opera House on Monday, Oct. 30th. Each

of these superb brutes has a record of blood. The first, Jennie, is particularly vicious, and the male, Teddy, when in rage, is terrible to behold. The leading man takes his life in his hands at each performance, when, with a scream, he rushes into the cage to save a child which has been thrown into the den by the villain. Many thrilling incidents have been written into plays, but this is without doubt the most daring and dangerous feat ever attempted upon the stage.

LAID TO REST

The funeral services of Clarence Joseph Ions, only son of Mr. and Mrs. Septimus Ions, Jeffrey aisle, took place at St. Joseph's church Monday morning at 10.30. Rev. Fr. Herman, O. F. M., sang the Requiem Mass, at which all the school children, with their teachers, were present. The Sodality of the Holy Angels, of which the deceased was a prominent member, accompanied in procession the remains from the residence to the church.

Clarence was twelve years and two months of age, and a pupil of the Senior Third Class in St. Joseph's Separate School. He was exceptionally studious and clever, but more especially did he endeavor himself to both teachers and school-mates by his lovable and unselfish disposition. His loss is deeply felt by all who knew him. The greatest sympathy is felt for the sorrow-stricken parents, from whom the hand of death has so cruelly snatched their most cherished hopes.

The pall-bearers were Frank Dezelia, Fred Liddy, Hubert Nicholls and Thomas Hearn, all of whom were school-mates and devoted friends of the deceased.

Unappreciated.
Little Corina had in her extreme youth been passionately fond of dolls, albeit a trifle destructive of them. There came a day, a "strange" day, when she would not play with no longer fascinated her. She demanded a real baby. Her parents protested that the realization of her demand would involve them in financial ruin.

"I don't believe real babies are so expensive as you think they are," exclaimed Corina. "I see every day just lots and lots of ever so poor people with them."

Indian Corn.
Maize, or Indian corn, is a native of tropical America, from where the Spaniards first brought it to Europe. However, it must have been known long before in Asia, for in Pharaoh's dream he saw seven ears of corn growing on one stalk (Genesis xii, 5). By the aborigines it was gradually carried north and by the selection of the earliest ripe ears saved for seed acclimatized to our harder New England conditions. It ripens now as far north as Canada.

Minard's Liniment Cures Dandruff

Why Refer to Doctors

Because we make medicines for them. They know all about Ayer's Cherry Pectoral, so they prescribe it for coughs, colds, bronchitis, weak lungs, consumption. They trust it. Then you can afford to trust it. Sold for over sixty years. We have no secret. We publish the formulas of all our medicines. Lowell, Mass.

Mrs. Thos. Dollin and her son, Will Dollin, of Dover, left yesterday morning for San Francisco, where they will in future reside. Mr. Dollin will enter the dental office of his brother, Dr. Andrew Dollin, until next January, when he will enter the university and take up the study of dentistry.

Mrs. Dollin is a sister of Mr. J. C. Fleming, Mrs. S. J. Merritt and Mrs. Stewart, of this city.

The Detroit Free Press announced on Sunday the retirement of Alex. Bartlett as Police Magistrate of Windsor, to take effect on Dec. 31st, which will be his 84th birthday. Mr. Bartlett has been Police Magistrate in Windsor for 28 years. He appears to be more capable to-day than he was when first appointed, and the people of Windsor would regret his retirement. But he is not going to retire. Keep on handing out justice for many years to come, is the wish of his many friends in Essex County.

—Amherstburg Echo.

NEW J. P.'S.

Clerk of the Peace H. D. Smith this morning received a commission adimus potestatem from the Provincial Government authorizing Judge Bell, Registrar McKellar and himself to swear in the newly appointed Justices of the Peace.

A GOOD GAME

A fast game of football was played on Jeannette's Creek grounds yesterday between Chatham and West Kent. During the first half the play was very even, neither side scoring. In the first part of the second half Chatham had somewhat the better of it and succeeded in scoring two goals. The West Kent boys showed their pluck by playing harder the last ten minutes than at any other part of the game and came very near scoring several times. But the game ended 2 to 0 in favor of Chatham. After the game the teams were taken over to Mr. Forbes' residence, where they were banqueted and entertained during the evening.

Another fast game is to be played on Tecumseh Park Saturday afternoon at four o'clock sharp between Darrell and Chatham.

Press feeders are wanted at this office.

Happy when at a distance appears so great as to touch the sky. When it enters our door it so dwindles that very often we no longer recognize it.

holidays at his home, and begin duties in St. Catharines Nov. 1st if a substitute can be secured in St. Mary's by that time.
Miss Tena Mowbray, from Chatham.

You Are Late But Not Too Late To Profit by the Bargains at The Great Anniversary Sale

That Chatham citizens know a good thing, and know that when Austin's advertise a sale they give unusual values has been fully demonstrated by the record-breaking crowds that thronged the store every day during the sale.

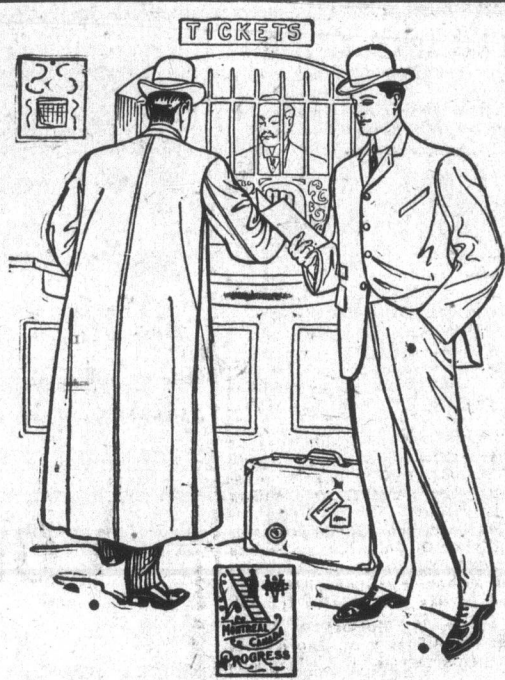

We Want Saturday to Beat Past Records

--Saturday in Our Clothing Store--

SPECIAL SHOWING AND SELLING OF

Our New Overcoats

Our New Winter Overcoats are ready for your coming. Such a fine looking lot you never saw. Even our own people differ as to the most attractive style. This will be the "Banner Seller" says a Salesman. No, this one will, says another. Both wrong—"There's the Star Coat" says another. And so it goes—all the styles are so good that no one can pick the best.

But it is the private opinion of the writer that for young men at least the full comfortable long coat at \$7.50 to \$15.00, which hangs so beautifully from the shoulders yet feels so light when on, will outstrip them all.

\$7.50, \$10, to \$12 or \$15

IS THE PRICE RANGE—BUT SEE THE COATS.

Delighted patrons are doing a good deal of Advertising for us, but we want you to see these Handsome Coats before you select your Winter Overcoat.

WE SELL PERRIN'S CELEBRATED GLOVES

BUCK AT HAMILTON ZOO

Runs Horn Through Lung of Aged Man Who May Die.

Four Cases of Bullet Hurts in Toronto on Thanksgiving Day—Woman Tried to End Life—All the Wounded Will Recover—Two Suffer From Small Shot, the Others From Revolver Bullets—Other Accidents.

Hamilton, Oct. 27.—Thos. Woodcock, 28 Jones street, received injuries yesterday afternoon that will probably prove fatal. He is about 75 years of age, and is employed at the Dundurn Park Zoo. While feeding a doe, he was attacked by a buck, which ran one of its horns through his lung. He was rescued with great difficulty, and was removed to the City Hospital.

Four Cases of Bullet Hurts. Toronto, Oct. 27.—While out shooting near Lambton John Burbridge of 120 Wallace avenue received a charge of small shot in the region of the thigh. Over a score of small birds shot were taken out. He was reported to be resting easily last night.

Mrs. Mary Jenkins, wife of Thomas Jenkins, 348 Victoria street, according to the hospital report, attempted to commit suicide last night by shooting. She was taken to St. Michael's Hospital, where it was found the wound was in the region of the heart.

James McKenna of 80 Bathurst street, picked up a revolver. He didn't know it was loaded until a bullet had broken two fingers and gone into his right hand.

While getting into a boat from the banks of the Humber a companion of George May's slipped, and in falling his shotgun discharged. It was pointed slightly away so May did not receive the full force of the charge. A few small pellets entered his arm, but he was otherwise uninjured. The shot was extracted.

Sportsman Shoots Two Boys. Victoria, B. C., Oct. 27.—While resting by a stone fence, in the country, a sportsman yesterday morning, Bert and James Polson were shot, the former in the head, and his brother in the shoulder, by some unknown sportsman. The reckless gunner fled. The Polsons are at the Jubilee Hospital.

KOLIYUGA IS LOST. Thorough Search of the Lakes Fails to Find Missing Steamer.

Cleveland, Ohio, Oct. 27.—Telegrams were received by the Cleveland Cliffs Iron Co. here yesterday, reporting the loss of the steamer Koliyuga, on the Frontenac, which have been searching for the missing steamer Koliyuga, saying that they had covered the entire east and north shores of Lake Huron without obtaining any trace of the long overdue vessel.

It is now practically certain that the boat with seventeen persons went down in Lake Huron during the great storm of last week.

Down Under the Car Wheel. Halifax, N. S., Oct. 27.—A young Englishman named Walter Sharpe was killed yesterday morning on the L.C.R. tracks at Fairview, near Halifax. He was employed on a working train.

Section Man Killed. Napanee, Oct. 27.—Fred Vanalstine, sectionman of the G. T. R. at Collins' Bay, was instantly killed there on Wednesday. Deceased was 24 years old and leaves a wife and three children.

Breaks Neck By a Fall. Port Elgin, Oct. 27.—The Bennett, a wealthy resident of Blackpool, England, who, with a party of friends, had been touring in the west, and called here to spend a week with his nephew, John Bennett, while walking about after dark, fell into a cellar gateway and broke his neck. He lived some hours only.

Policeman Hurt. Ottawa, Oct. 27.—Policeman John Merrifield had his collar-bone broken in a football game at Lansdowne Park yesterday. Constable Merrifield was playing in the scrimmage for the Rough Riders against the Nationals II, and was crushed in a tussle for the ball. The Rough Riders won by 9 to 4.

AN ORDER NOT DELIVERED. Two Trains Came Together and Four Lives Are Lost.

Fairfield, Iowa, Oct. 27.—In the hills, half a mile to the south of here, yesterday a head-on collision took place between two trains of the Rock Island Kansas City passenger service, resulting in the death of four and the injury of twenty-five. The injured have been taken to Eldon. The accident occurred early in the morning. Both trains had clear orders and the collision is believed to have been caused through a mistake of the dispatcher.

Runaway Car Hurts Twenty-Five. New York, Oct. 27.—A runaway street car on the new Williamsburg suspension bridge, across the East River yesterday, caused the injury of twenty-five persons, two of them being probably fatally hurt.

Six Perish in Fire. Hot Springs, Ark., Oct. 27.—Six bodies have been taken from the ruins of a railroad hotel located at the corner of Elm and Olive streets here, which was gutted by fire early yesterday. Of these two are unidentified and charred beyond recognition. The fire is believed to have been caused by an exploding lamp.

WILLIAM GORDON

TRAILING CLUES

Detective Rogers Was in Windsor Investigating Murder Cases—Holton Case a Mystery.

Detective Joe Rogers, of Toronto, was in Windsor Tuesday afternoon in connection with the Hamilton murder mystery and also matters relating to the Holton murder case 18 years ago.

"I intend visiting Detroit to see if the makers of the shoes worn by the Hamilton victim are American or not," stated Mr. Rogers. "The supposition is that the woman came from the old country, but it is doubtful if she will ever be identified."

Mr. Rogers does not place much confidence in the story that Sandy McDuff is located and may be prosecuted for the murder of Wilson Holton in Tilbury.

Geo. Mustard, who committed suicide at Essex in July last, was one of the main witnesses at the trial when McMahon was convicted, and sentenced to pay the penalty for the murder. Even if McDuff is found it would be difficult to secure witnesses at this late date. — Windsor Record.

Rupture Specialist Coming

J. Y. Egan, the long established and reliable Rupture Specialist, of Toronto, will again visit Chatham at Hotel Garner Saturday and Sunday all day and evening, two days only, October 28th and 29th. This gentleman is devoted the past 40 years of his life to the study and treatment of Rupture. He is to-day at the head of the oldest and largest Rupture Institute in Canada, and the only exclusive Rupture Institute in the Dominion that owns and occupies its own building. It is an advantage to know you are dealing with a man who is thoroughly responsible. See large "ad."

A grateful dog is better than an ungrateful man.

"CANADIAN" RUBBERS

YOU'LL find foot-comfort in "Canadian"
Rubbers. "The mark of quality" in-
sures perfect fit, correct styles and long wear.

Look for it when buying rubbers.

Queen Mary's kindness took a very

odd form in the case of the Earl of
Sussex. He was a valetudinarian who
had a great fear of uncovering his
head lest he should take cold. Ac-
cordingly he petitioned Queen Mary
for leave to wear his nightcap in her
royal presence.

Her majesty, in her abundant grace,
granted his petition twice over. His
patent for this privilege is perhaps
unique in royal annals: "Know ye
that we do give our beloved and trusty
cousin and counselor, Henry, earl of
Sussex, Viscount Fitzwalter and lord
of Egremund and Purcell, license and
pardon to wear his nightcap, or
any two of them, at his pleasure,
as well in our presence as in the
presence of any other person or per-
sons within this realm or any other
place in our dominions wheresoever
during his life, and these our letters
shall be sufficient warrant in his be-
half."

High ideals don't amount to much
unless we try to live up to them.

Shocks From False Teeth.

"False teeth have been known to
generate electricity in the mouth and
shock their wearer painfully," said a
dentist. "Only last week a gentleman
came to me and said he feared he was
getting a cancer on his tongue. 'Such
severe shooting pains attack me,' he
said, 'that often I utter loud oaths in
the most unseemly places—at teas, be-
fore the minister, and so on. It is like
knife thrusts. Do you think I am go-
ing to lose my tongue?' I found that
two different metals had been used in
fixing the poor man's false teeth. These
metals, combining with the saliva, had
formed a small battery. Electricity
generated in the battery continually,
and shock after shock was adminis-
tered to the tongue. I painted the met-
al with an insulating varnish. There-
after the man had no more trouble."

WESTMAN BROS. Big Hardware

A GREAT FAVORITE

The new style double-breasted sack is
proving a great favorite with correct
dressers. It has extra length, plenty of
breadth, wide collar and lapels, and a
nine-inch vent in the back, vest cut trifle
lower, trousers loose over hips.

It makes up an aristocratic suit in a
fancy mixture, or a big plaid, as well as
in a plain black or other solid color.

Our ready-made pants are all sewn
with strong linen thread from \$1.75 a
pair up.

THE T. H. TAYLOR CO'Y

ports For Publication.

\$1 a Line Was Paid Allan Forman For
Telegraphing the Stuff to About 100
Papers Prepared re. the Investiga-
tion by the Mutual's Own Editor—
Amount of Bills to Date For Ser-
vice Will Reach \$14,000.

New York, Oct. 25.—All the session
yesterday of the Legislative Committee
investigating the insurance companies,
the affairs of the Mutual Life Insurance
Co. were under consideration, and it
was brought out that this company was
paying for the dissemination
throughout the country of reports of
this investigation that were favorable
to the company.

Charles J. Smith, a newspaper man,
proprietor of the Insurance Record, is
employed by the Mutual Life Insurance
Co. to do many things, but a month
ago he was placed in charge of the
sending out of these reports. Mr. Smith
testified that he received several
vouchers for the payment of this work
and these aggregated \$11,000, with
more bills to come in. He thought
the amount to date would reach \$14-
000.

Cost Mutual a Dollar a Line.
Mr. Smith wrote these reports and
submitted them to Allan Forman, who
owns the Telegraphic News Bureau,
and \$1 a line was paid by the Mutual
Life for the service. Clippings from
various papers about the country were
shown to the witness and identified as
the despatches he wrote and sent to
Mr. Forman. These were sent to about
100 papers, but Mr. Smith did not know
whether the papers were paid for in-
serting them. In one despatch Mr. Smith
wrote that Mr. McCurdy's atti-
tude on the stand was a distinctly fa-
vorable impression, his own personal
opinion, and for this he had to pay \$1
a line. This, he said, was worth it.
It was his idea to send out the testi-
mony that the A. P. neglects to send
out.

\$72,000 Out of \$329,997.
Walter Sullivan, who had charge of
the magazine advertising department,
then was called. He said the Mutual
advertised in 12 magazines last year,
at a cost of \$42,000. Advertising in in-
surance papers was not paid for, he
said, but he could not tell where the
rest of the account of \$329,997, the
amount charged up to advertising last
year, was spent.

Actuary on the Stand.
Earlier in the day Emory McClintock,
the actuary of the Mutual Life, was
on the stand. The entire early ses-
sion was given over to his explanations
of technical insurance. Mr. McClintock
admitted no law practically for the
insurance companies, beyond a cer-
tain supervision, to give the reports
publicity was the best of law. Asked how
far this view was shared in official cir-
cles, he thought he was somewhat of
a missionary along that line.

He had been an actuary of various
companies since 1868. He became ac-
tuary of the Mutual Life in 1893. He
was president of the Astoria Society
of American from 1895 to 1897, and has
been a fellow of the Institute of Ac-
tuaries of Great Britain since 1874.

Supports McCull.
Mr. McClintock supported the state-
ment made on the stand by John A.
McCall, president of the New York
Life, as to the causes leading up to
many failures during the early days
of insurance in the state. The com-
panies failed, said Mr. McClintock, be-
cause they had nothing to support
them but the current premiums. The
Metropolitan Life Insurance Co., the
witness continued, was on the verge of
failure at one time, but managed to
prosper by adopting the industrial plan
of insurance.

Another President Called.
John R. Hegeman, president of the
Metropolitan Life Insurance Co., was
examined, and when adjournment was
taken he was still on the stand.

Mr. Hegeman's explanations were
interesting, especially his statement
that \$876,000 was given to the indus-
trial policyholders of his company last
year without any obligation whatever.
Mr. Hegeman further said that, in
eight years, his company had volun-
tarily given to the policyholders \$8-
000,000.

It was brought out that, while the
company carried collateral loans
throughout the year, none appeared in
the annual report on Dec. 31.
Their Books Wide Open.
Toronto, Oct. 25.—At an open meet-
ing of the insurance institute last
night, Hon. J. J. Foy, Attorney-Gen-
eral, made a few remarks but kept
clear of the subject. Mr. Burke, of
Montreal, in the course of his remarks
said that in insurance companies
in Canada are concerned, we do not ex-
pect any such delving into our affairs,
(as in New York), but if it is con-
templated our books will be found wide
open.

Meet On One Platform.

Winnipeg, Oct. 25.—A joint meeting
was held last night by Liberals and
Conservatives, at which representa-
tives of both sides spoke. Two thou-
sand people crowded the Lyric The-
atre, and a very spirited contest con-
tinued until very late. Hon. W. C.
Cushing, Minister of Public Works;
K. C. Stewart, Liberal candidate for
Gleichen; A. B. Macdonald, labor can-
didate for Calgary, and R. B. Bennett,
leader of the Conservatives in Alber-
ta, were speakers. It was the Liberal
meeting, to which other speakers had
been invited.

A Brakeman Killed.

Port Arthur, Oct. 25.—Fred Arm-
strong, a brakeman on the Canadian
Pacific, was accidentally killed at Mu-
rillo yesterday morning. He was in a
caboose, lying on the siding, when a
locomotive plunged into it, killing him
instantly. It was only Monday that he
escaped from another wreck.

Banker and Three Robbers.

Victoria, B.C., Oct. 25.—A daring at-
tempt to rob the Eastern Townships
Bank was made yesterday at Midway.
B.C. The manager and three robbers
had to fight a revolver duel, the for-
mer winning.

MOTHERHOOD

Actual Sterility in Women is Very Rare—Healthy
Mothers and Children Make Happy Homes.

Many women long for a child to bless
their homes, but because of some de-
bility or displacement of the female
organs they are barren.

Preparation for healthy maternity is
accomplished by Lydia E. Pinkham's
Vegetable Compound more successfully
than by any other medicine, because it
gives tone and strength to the entire
female organism, curing all displace-
ments, ulceration and inflammation.

A woman who is in good physical
condition transmits to her children the
best of a good constitution. Is
not that an incentive to prepare for a
healthy maternity?

If expectant mothers would fortify
themselves with Lydia E. Pinkham's
Vegetable Compound, which for thirty
years has sustained thousands of
women in this condition, there would
be a great decrease in miscarriages, in
suffering, and in disappointments at
birth.

The following letters to Mrs. Pink-
ham demonstrate the power of Lydia E.
Pinkham's Vegetable Compound in such
cases.

Mrs. M. Keener, Hebron, Yarmouth,
N. S., writes:
Dear Mrs. Pinkham—
"Before my baby was born I was in very
poor health, hardly able to get out of bed in
the morning, and often so dizzy that all
I could do was to lie down. I had heard
that Lydia E. Pinkham's Vegetable Com-
pound would help me, and I began to
take it. I began to get better, in fact I feel
that this medicine really saved my life and the
life of my child."

Many Women Have Been Benefited by Mrs. Pinkham's Advice and Medicine.

TIME NOT YET RIPE.

Sir Frederick Pollock's Verdict After
Touring Canada.
Montreal, Oct. 25.—"I need not tell
you that we have learned something
in the course of our journey from the
Atlantic to the Pacific," said Sir Fred-
erick Pollock yesterday afternoon to a
large gathering of the members of the
Board of Trade.

"And one of the things which we
have learned is that for various poli-
tical reasons, which I need not now
discuss, the time is not ripe for the
formation of any new body to be styled
an Imperial council, or to have any
definite official character."
These were the words in which he
summed up the results of the tour
which he has made through Canada,
with a view to ascertaining Canadian
opinion on the proposal to form an
Imperial council of the Empire.

Minard's Liniment Cures Garget in

Greeted the Ice-Breaker.

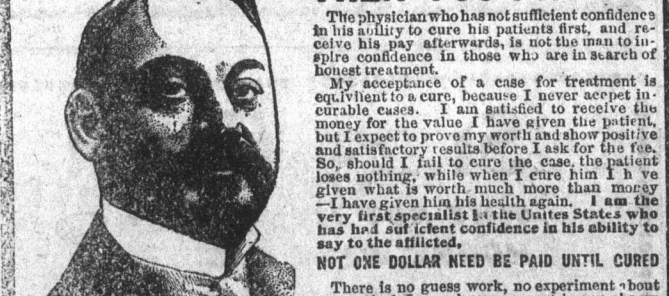

Port Arthur, Oct. 25.—The ice-break-
er James Whalen arrived here yester-
day and was greeted by whistles.
It had a rough trip from Toronto, having
met with stormy weather on Lakes
Erie, Huron and Superior. Had she
been a less strongly constructed boat,
Capt. Seagat says, she would have gone
to the bottom.

Not Overloaded.

Kingsport, Oct. 25.—The local man-
ager of the Montreal Transportation
Co. denies the statement published that
the Minnesota was overloaded. Her
capacity was 32,000 bushels and she
was carrying only 75,000.

Vatican Will Abstain.

Rome, Oct. 25.—The Vatican auth-
orities have decided to instruct Mon-
signor Rinaldini, papal nuncio, at Ma-
drid, not to participate in any of the
official ceremonies incident to the visit
of President Loubet.

I WILL CURE YOU FIRST
THEN YOU PAY ME

Dr. S. GOLDBERG.
The possessor of 14 diplomas and cer-
tificates, who wants no money that he
does not earn.

I have 14 Diplomas and certificates from the various colleges and state boards of
medical examiners, which should be sufficient guarantee as to
my standing and abilities. It makes no difference who has failed to cure you, it will be
to your advantage to get my opinion of your case free of charge.

PHYSICAL DEBILITY

The Latest Medical Treatment is a heaven-sent boon to nervous sufferers. There are
acute and chronic cases of nervous debility, resulting from
overwork, hurry, worry, business and domestic cares, bereavement, disappoinment, etc. To
cure a life is a continual round of misery, while peace, comfort and happiness are restored.
"They suffer from headache, loss of memory, mental depression, strange sensations,
dizziness, dizziness, restlessness, irritability, constant indisposition, fear, forebodings,
sleeplessness, weakness, trembling, cold limbs, cold feet, cold hands, cold chest,
cold stomach, cold bowels, cold bladder, cold uterus, cold ovaries, cold womb, cold

STILL GROWING

Demand for Mi-o-na Stomach Tablets Continues to Increase

Although Mi-o-na was introduced in Chatham but a short time ago, it is to-day out-selling all other medicines for the cure of indigestion and stomach troubles.

Mi-o-na almost invariably cures all forms of indigestion and stomach troubles except cancer.

It gives such health and strength to the weakest stomach that all the food is readily converted into nutrition, so that it gives nourishment and health to the whole system.

In this way nervousness and sleeplessness are cured; headaches, backaches and rheumatic pains are prevented, and there will be no more poor appetite, distress after eating, heart-burn or debility.

Mi-o-na costs but 50c a box. If you cannot obtain Mi-o-na of your druggist, it will be sent by mail, post-paid, on receipt of price. Write us for advice on your case from a leading stomach specialist which will be sent free. The R. T. Booth Company, Ithaca, N. Y.

LUMBER

For Sale Cheap

THE RANK OF MONTREAL offers for sale, cheap, the lumber formerly owned by Scott Bros. & Co., suitable to farmers for barns, outbuildings, etc., also Lath, Doors and Window Frames.

50 KILLED IN RIOTS.

Import Tax on Argentine Cattle Responsible for Serious Disorders in Santiago, Chile.

Buenos Ayres, Argentina, Oct. 25.—A despatch from Santiago, Chile, says that about 50 persons were killed and five hundred wounded during the rioting there. It was hoped that order would be restored yesterday.

Hundreds Under Arrest.
Santiago, Chile, Oct. 25.—The disturbances here caused by the opposition of the people to the import tax on Argentine cattle, continued all day Monday and did not cease until late at night, when a small detachment of troops arrived here and a few shots were fired. During the rioting almost everything which could be destroyed has been wrecked, including the city lamps, public seats, monuments and windows. Several hundred arrests have been made. The workmen declare they are not responsible for the rioting, which they add, was organized by the army. The army manoeuvres have been suspended and the troops are expected back to their quarters here in a short time.

The officials of the street railways estimate the damage done to their property in the recent riots at about \$250,000.

BOUNDARY LINE DISPUTE.

Dominion Doubts Correctness of Uncle Sam's Surveyor's Map.

Niagara Falls, N. Y., Oct. 25.—Monsieur Lefebvre of Laval University, Quebec, and Messrs. King and Cote, Canadian members of the International Waterways Commission, are here making a scientific investigation in regard to the boundary line between the United States and Canada along the Niagara frontier. The Canadian Government does not accept the map drawn by W. C. Hall of the United States Geological Survey as authentic. Mr. Hall's survey and map brought the boundary line through the apex of the Falls, instead of through the point of the Horseshoe Falls, which was specified in the treaty of Ghent. He contended that if the original boundary line delimitation were followed Canada would be in a position, as a result of the recession of the falls and the lowering of the water level, to claim a strip of Goat Island as Canadian territory.

The probable outcome of the controversy will be the appointment of a commission representing both countries to settle the matter.

CAN'T PAY LABOR M. P.'S.

Ruling Given Which May Hamper John Burns and His Opponents.

London, Oct. 25.—Chief Registrar Sim of the Friendly Societies Registry has given a ruling declaring that the payment of salaries to labor members of Parliament is illegal.

For many years the unions have not only paid salaries to their representatives in Parliament, but have also paid their election expenses, their legal right to do so not being questioned, although it was contrary to the custom of the British Parliament, whose members serve without remuneration.

The fund for maintaining the labor members is procured by a trifling levy on every member of the trade unions, each representative receiving at least £200 a year. It is stated that John Burns, M. P., for Battersea, receives £500 from various unions.

Barton Woods Murder Inquest.

Hamilton, Oct. 25.—The Barton murder inquest was resumed last evening, and, after some uninteresting testimony, was adjourned till Nov. 28, in the hope that something may turn up. Dr. Reilly and Carter were re-examined, and stated that they had made another examination of the body, and discovered that the woman was facing disgrace. George Kinnear, told about the supposed murderer and his victim riding on his car on Monday, Oct. 9, Clarence Farrell, the conductor at the Incline Railway, also saw them. Rand Wilson and Henry McCams hired a rig to take the pair the Sunday before the murder. Stanley Marshall of the G. & R. Dawson Co. saw the alleged murderer coming from the direction of Marshall's bush.

S. S. Leaflets in Public Schools.

London, Oct. 25.—The annual convention of the Ontario Sunday School Association opened yesterday afternoon. Up till a late hour 257 delegates had registered and about 200 others may come to-day. The president, Rev. L. H. Wagner, of Berlin, reviewed the year's work as a very satisfactory one. In the evening a largely attended meeting was held in the First Methodist Church, at which the greetings were conveyed by Mayor Campbell. The president intimated that a resolution would be presented to Parliament by the convention asking for the authorization of the international lessons to be read in public schools.

Meeting of Mining Men.

Sault Ste. Marie, Oct. 25.—A meeting of mining men was held here last evening in response to a call from the Ontario Department of Lands and Mines, asking for an expression of public opinion in anticipation of a proposed change in the mining regulations. A number of resolutions advising changes were adopted by the meeting.

The Northwest Crop.

Winnipeg, Oct. 25.—The secretary of the Northwest Grain Dealers' Association issued a circular yesterday estimating the crop of Manitoba and the Northwest, as follows:

Wheat, 86,810,400 bushels.
Oats, 66,311,800 bushels.
Barley, 13,447,800 bushels.
Flax, 473,130 bushels.

To Encourage Tobacco Growing.

Ottawa, Oct. 25.—With a view to looking into the interests of the tobacco growers of the country, the department of agriculture has brought out from France an expert in that line, Felix Charbon, who is now in Ottawa.

Coming East Again.

Winnipeg, Oct. 25.—Premier Gault of Quebec left Winnipeg at 4 o'clock yesterday afternoon for Port Arthur.

ONLY A SUGGESTION

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest and that food should be albuminous or flesh-forming food, like eggs, beefsteak, and cereals; in other words the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and underweight; the digestive organs do not completely digest the flesh-forming food, beefsteak, eggs and similar whole-some food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular inconvenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking, after each meal, one or two of Stuart's Dyspepsia Tablets, the food would be quickly and thoroughly digested, because these tablets contain the natural peptones and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to reach its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every kind of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin, dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit, because they contain no strong, irritating drugs, no cathartics nor any harmful ingredients.

Stuart's Dyspepsia Tablets are the most successful and most widely known of any remedy for stomach troubles because they are the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada as well as Great Britain, at 50 cents for complete treatment.

Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people strong, plump and well.

A Stone With a History.

A stone with a remarkable history is kept at the British naval offices in Portsmouth. In the fifties of the last century it saved a vessel of the queen's navy. The frigate Pique ran ashore on the Japanese coast, but was refloated in what was thought to be an undamaged condition. It proceeded to Portsmouth and was docked, when it was found that the stone had imbedded itself firmly in the planks of the ship's bottom. The stone prevented leakage, and had it dropped from its position during the homeward run there is little doubt that the Pique would have been lost.

A JUDGE'S INQUIRY.

A well known travelling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if got a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger from giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

Poor Food.

Scribbleton—Don't you think my new novel contains much food for thought? Criticus—Yes, but it is wretchedly cooked.

Error of opinion may be tolerated where reason is left free to combat it.—Jefferson.

TO CURE FEVER, CHILLS, AGUE.

We know of no remedy so reliable as Nervine. Twenty drops taken in water three times daily not only stops the fever but destroys the disease completely. Nervine has a direct action on ague and chills and removes their exciting causes. In stomach and bowel disorders Nervine has held first place for nearly fifty years. It is powerful, swift to act, thorough, and perfectly safe. Being pleasant to taste it's popular with everybody. Your druggist sells Polson's Nervine in large 25c. bottles; satisfaction guaranteed.

Provisional.

Teacher—Now, I have explained what "provisional" means, and I want some of you to give me an illustration.
Bright Boy—Please, ma'am, I can.
"Very well. What is it?"
"The holes in a porous plaster."
"Hum! Why?"
"When yeh pull th' plaster off th' holes don't hurt."

Review Called Off.

Halifax, Oct. 25.—Because of the delay occasioned to the gunnery work of the ships of the second cruiser squadron outside the harbor, through the heavy seas interfering with the mooring of the ships, the review to be held on the 26th has been postponed. It has been held here has been called off.

Sir F. W. Borden May Retire.

Ottawa, Oct. 25.—(Globe Special).—The report that Sir Frederick Borden is to retire from the Cabinet and become Lieutenant-Governor of Nova Scotia, is again revived. The same rumor was current last summer, when Sir Frederick gave it an emphatic contradiction.

Mackenzie Gets a Writ.

Toronto, Oct. 25.—A writ of certiorari was granted J. B. Mackenzie at the Osgoode Hall yesterday morning in behalf of Melikham of Detroit, who is protesting a conviction and fine of \$50 for selling liquor on the boat. The case now goes to the higher courts.

The Eternal Fire.

Toronto, Oct. 25.—Yesterday there was still signs of active combustion in the ruins of the Canada Paper Co. premises on West Front street, which were destroyed in the big fire of April 19, 1904.

Ontario Man Appointed.

Montreal, Oct. 25.—Dr. E. G. Turnbull of Brandon, Ont., has been appointed to the staff of the Protestant Hospital for the Insane at Verdun. Dr. Turnbull is a graduate of McGill University.

THE PUDDY INQUIRY.

Not Much Fire in the Toronto Investigation On Tuesday.

Toronto, Oct. 25.—The cross-examination of Mr. H. W. Hogue by Mr. E. F. B. Johnston, K.C., occupied nearly the whole of the morning sitting at the judicial investigation into the Puddy case yesterday. It was a keen contest between counsel and witness, which was not without its humorous features. Mr. Johnston directed his examination towards breaking the credibility of the witness, and succeeded in obtaining admissions that he had not made the disclosure out of regard for the public welfare, but rather in a desire to get even with Elliott, Ramsden and others, whom he accused of trying to do him up in a business transaction. He stuck to the main features of his story, as related in his affidavit, but admitted that he had told untruths to reporters as to the contents of the letters he held, in an endeavor to keep the other fellows guessing and as a bluff; and that he had not acted so straightforwardly with Elliott in all respects.

The witnesses examined in the afternoon were Henry Martin, Robert Newell and Ald. Chisholm. The evidence given by the first named was discounted in its interest through its having been brought up previously by Mr. Drayton in his examination of Elliott. It related to the restaurant incident, where Elliott was stated to have made a remark about having all the aldermen "fixed," but one, Robert Newell, an opponent of the abattoir on private grounds, and a member of the Northwest Ratepayers' Association, was called upon to bear the brunt of criticism of the body's attitude towards Puddy Bros. Ald. Chisholm, the first of Ald. Lynd's colleagues to appear on the stand, testified to Ald. Lynd's having spoken to him, not in the way of persuasion, on the Puddy matter, but in connection with an incident which was a rather interesting side-light on lobbying tactics, if nothing else.

28TH ANNUAL CONVENTION.

W. C. T. U. Meets in Brockville and Passes Sundry Reports.

Brockville, Oct. 25.—The Ontario W. C. T. U. opened their twenty-eighth annual convention in Brockville yesterday, with many delegates from all parts of the province. Mrs. McCreedy of Barrie, president, opened the proceedings with a hopeful address. The executive report was adopted. In a discussion on "mid-winters" at old boys' reunions the attractions were roundly condemned, as producing a bad effect on the morals of the Ontario youth.

Fraternal greetings were received from Mrs. A. C. Rutherford, Dominion president W. C. T. U., and Mrs. Craig of Olds, Alberta. Mrs. Yeomans of Winnipeg visited the convention and was royally received.

A statement presented by the corresponding secretary showed a total membership of 4,438, of whom 658 are honorary members. When full returns are in, the number is expected to reach 6,000. During the year 386 public meetings were held. The juvenile organizations number 22, with a membership of 2,323. The report of the treasurer showed total receipts of \$3,644 and total disbursements \$3,368. The sum of \$256 was credited to the sinking fund, leaving a balance of \$25.

Editor W. H. Davis Dead.

Belleville, Oct. 25.—William Henry Davis died yesterday afternoon after a long illness. He was 36 years of age, a clever writer, having been editor of the Belleville Sun, and until recently editor of the Belleville Ontario. He was unmarried. A native of Fergus, he was brought up in Palmerston. Deceased had engaged in newspaper work in Toronto, Waterloo, Berlin and Ottawa. The remains will be taken to Palmerston.

Watchman Drops Dead.

Brockville, Oct. 25.—Henry Bramley, watchman at the Canada Carriage Co.'s works, died suddenly while on duty last night. As he fell, the lantern he carried broke, and his clothing took fire. Fortunately, another watchman appeared on the scene in time to prevent the body being cremated, and probably averted another conflagration.

Seven Years For Sheep Stealing.

Hamilton, Oct. 25.—Yesterday morning Judge Snider sentenced August Hammer to seven years in Kingston Penitentiary. Hammer was found guilty of stealing five sheep from Andrew Peckham, Beverly.

William Grey, found guilty of stealing a watch, was sent down for nine months.

Review Called Off.

Halifax, Oct. 25.—Because of the delay occasioned to the gunnery work of the ships of the second cruiser squadron outside the harbor, through the heavy seas interfering with the mooring of the ships, the review to be held on the 26th has been postponed. It has been held here has been called off.

Sir F. W. Borden May Retire.

Ottawa, Oct. 25.—(Globe Special).—The report that Sir Frederick Borden is to retire from the Cabinet and become Lieutenant-Governor of Nova Scotia, is again revived. The same rumor was current last summer, when Sir Frederick gave it an emphatic contradiction.

Mackenzie Gets a Writ.

Toronto, Oct. 25.—A writ of certiorari was granted J. B. Mackenzie at the Osgoode Hall yesterday morning in behalf of Melikham of Detroit, who is protesting a conviction and fine of \$50 for selling liquor on the boat. The case now goes to the higher courts.

The Eternal Fire.

Minard's Liniment Cures Dandruff

Skilled Designers Produce Ives' Metal Beds.

The production of beautiful designs in metal is a fine art distinct from all other branches of decorative work. It requires the highest kind of metal-working skill and a most complete equipment of appliances.

The H. R. Ives Co. have all the skilled metal artists and the means of producing such goods and that is why Ives Metal (Brass and Iron) Beds are so artistic in design and so handsomely wrought. An Ives Brass Bed is a beautiful creation, one that will be a source of satisfaction to its owner for a lifetime—ask your dealer for an Ives Metal Bed.

The H. R. Ives Co., Limited
MONTREAL.

Love.

Love is always building up. It puts some line of beauty on every life it touches. It makes life seem more worth while to every one whose eyes it looks. Its words are benedictions. Its every breath is full of inspiration.

Those to whom everybody allows the second place have an undoubted title to the first.—Swift.

SIX YEARS DYSPESIA CURED.

"No one knows what I suffered from stomach trouble and dyspepsia," writes Mr. A. B. Agnew, of Bridgewater. "For the last five years I have been unable to digest and assimilate food. I had no color, my strength ran down and I felt miserable and nervous all the time. I always had a heavy feeling after meals and was much troubled with a dizziness and specks before my eyes. Dr. Hamilton's Pills were just what I needed. They have cured every symptom of my old trouble. My health is now all that can be desired." By all means use Dr. Hamilton's Pills; 25c. per box at all dealers.

Something Like Benjamin.

In a Philadelphia kindergarten school a teacher was telling the little children all she knew about a clock. "Now, this," she said, "is the pendulum—this thing that swings back and forth. Did any of you ever hear the word pendulum before?"

A child put up her hand. "Yes, teacher," she said. "Pendulum Franklin. I've heard it often."

A MILLION DOLLARS SQUANDERED.

It is estimated this sum was wasted last year by people trying to find a cure for catarrh. Foolish for sufferers to experiment when it's so well known that "Catarrhazone" is the only remedy that cures permanently. Other treatments only relieve, but Catarrhazone cures and prevents the disease from ever returning. "I had Catarrh in its worst form," writes G. F. Fadden, of Royan, Qu. "I was so bad that ordinary medicine didn't even relieve; but Catarrhazone cured perfectly." No chance of disappointment with Catarrhazone—it's certain as death to cure Catarrh—just try it.

Napoleon's Hands.

Napoleon had beautiful hands and was very proud of them, often contemplating them with a self satisfied air. He never, save when military etiquette required, wore gloves, being aware of the bad impression that would be made of rough soldiers by a pair of small, delicate white hands.

ARE GOOD LOOKS VALUABLE?

If nature had her way every complexion would be clear and delightful. But many allow their blood to become weak—hence pimples, sallow skin, dark circles under the eyes. To have a beautiful complexion use Ferrozone regularly. It brings a rich, ruddy glow to the cheeks, nourishes the blood and thereby destroys humors and pimples. For beauty, health and good spirits use Ferrozone. Your appearance will improve a hundred fold. Fifty cents buys a box of fifty chocolate-coated Ferrozone Tablets. Don't put off—get Ferrozone to-day.

Wm. Foreman & Co.

SCHOOL FAIR STILL BOOMS

Continued from Page One.

ly, Mather Woolworth, Bert Wilson. Mr. Pike made a splendid address. He is one of Chatham's foremost orators and has the happy faculty of saying the right thing at the right time. He complimented the boys very highly on their success and also commended the teachers. He spoke also of the excellent success of the Central School Fair.

The following were the girl graduates: Grace Arnold, Jennie Austin, Flossie Baird, May Barnes, Gwen Charteris, Nellie Daniels, Kate DeCov, Grace Hicklin, Ada Kempf, Gertrude Kendall, Bessie Kerr, Merrianna Longley, Addie Mains, Pearl Mayes, Alice Merritt, Zora Merrill, Myrtle Pink, Nita Remington, Gertrude Rouse, Sara Singer, Gladys Side, Susie Smyth, Edna Shepley, Hazel Taylor, Laura Teeter, May Teeter, Pearl Wankless, Ruby Wilson, Bernice Wilson, Vera Wellman, Marion Tighe, Nora VonGuten.

Mr. Bell during his residence here has taken an active interest in school work. The Graduation Glee Club, soloist, Jack Burfoot, and accompanist, Miss Vera Wellman, then gave a well rendered selection.

One of the most pleasing features of the evening was the presentation of addresses to Mr. Plewes and Miss Hillman, the two teachers of the entrance class, by the graduates. Mr. Plewes was made the recipient of a handsome ring and Miss Hillman a beautiful locket.

The following were the addresses:

Dear Miss Hillman: The members of the graduating class of 1906 do not forget the very great interest you took in them during the closing months of their public school course.

Some wise person has said, "It is a liberal education to live with some people."

Our association with you convinced us of the truthfulness of this statement. We acknowledge that the members of this class possessed all the faults that characterize boys and girls of our age, but we assure you that your earnestness, your Christian kindness, your sense of justice, your devotion to your noble calling, have not gone unnoticed, and we trust that "the bread cast upon the water may return after many days," in our lives. As we have felt your influence day by day we have learned something of the meaning of those beautiful words, "The white flower of a blameless life."

We ask you to accept this locket as a little memento of the graduating class of 1906.

Signed on behalf of the class, KING KINGSMILL, HAZEL TAYLOR.

J. W. Plewes, Esq., Principal of the Central School:

Dear Mr. Plewes:—The events connected with this evening may mean to you only the annual recurrence of a great deal of work and worry, but to us, the members of the graduating class of 1906, it means a very distinct feature of that subtle something we call "life," for it emphasizes the fact that our public school days must now be a thing of the past.

There is in this thought some sense of satisfaction, for it assures us that part of our life's duties has been successfully performed.

But a feeling of sadness steals over us as we realize that we have said "good-bye" to those who so largely contributed to the success and happiness of our public school careers; and while we acknowledge our indebtedness to the whole staff, and most heartily thank them, one and all, yet to you, the presiding genius of this large and successful school, we owe a debt of gratitude, which we shall never be able to repay.

Not many men, not many women, are capable of entering so largely into the lives of boys and girls as you are, and because of this sympathetic nature, we have always felt that you were peculiarly fitted for your calling in life.

We have observed, too, not only your kindly, sympathetic nature, but your rugged manliness, honesty of purpose, and deep interest in everything that pertained to our welfare. This building bears ample testimony to your love for the beautiful, and if we possess in any degree a desire to know and appreciate the beautiful, in nature, in art, or in life, Taylor, Laura Teeter, May Teeter, Pearl Wankless, Ruby Wilson, Bernice Wilson, Vera Wellman, Marion Tighe, Nora VonGuten.

We are well aware of the fact that in no possible way can we repay you for what you have done for us, but we wish most heartily to assure you that we are not ungrateful and that the memory of our days at the old Central School shall be fondly cherished while memory lasts.

You may, in future, have larger classes, and better and brighter classes, but you can never have a class with a deeper sense of all they owe to the principal and staff of the Central School.

We pray you to accept this ring as a little "remembrance" of our very pleasant association.

Signed on behalf of the graduates of 1906, MARION TIGHE, ROLAND McDONALD.

Both Miss Hillman and Mr. Plewes responded appropriately, thanking the scholars for these remembrances. The program closed with a selection from the orchestra.

The fair was continued all day yesterday and was attended by very large crowds. Mr. Plewes and his able and energetic staff of assistants deserve untold praise for the success of their undertaking.

HAIR NOTES.

Sydney Silcox, B. A., Inspector of Public Schools, St. Thomas, and author of "Hints on Drawing," spent all yesterday morning at the Central School Fair. He was much surprised at the extent and excellence of the work shown, and admired the fine and suitable school building. Dr. Silcox is strongly in favor of centralization of school effort in large buildings as opposed to a number of ward schools. He was shown the new wing and was loud in praise of the progressive board of trustees who have charge. Dr. Silcox also consented to judge the Nature Study exhibit.

A deputation from the London Schools, consisting of Principal Latte, author of "Hints on Drawing," and Miss Powell, Supervisor of Art, came down on the noon train and stayed till evening. They were most complimentary and invited all the Central School staff to the London School Fair, which will have its first exhibition during the week of Nov. 13.

The teaching sisters of the Ursuline Academy were the guests of the Central School teachers Thanksgiving morning. After spending two hours examining the work shown, they were entertained in the cafe.

A deputation of students from the London Normal School visited the Fair yesterday and prepared a report to present upon their return.

FREE SHOW ON MARKET SQUARE

The free entertainment commences at 8 p. m. sharp. They are drawing large audiences on the Market Square; they close here to-morrow (Saturday) night. They are doing a big business. The book they are giving away is easily worth five dollars; only until Saturday will the books be given away. The agent is at the Rankin Hotel. If you suffer from liver, stomach or kidney trouble it is a positive cure. Quaker Herbs for rheumatism and catarrh is a specific. It will take the pain out of your body in three days or money refunded.

BRITAIN'S NAVAL POLICY.

Prince Louis of Battenberg Explains It At St. John, N. B.

St. John, N.B., Oct. 27.—Admiral Prince Louis of Battenberg was St. John's guest yesterday, and was royally entertained. In response to a toast to him at the luncheon given by the mayor yesterday afternoon, he expressed his appreciation of honor done him, and in turn honored this city by giving the first explanation ever officially made of the reason for his visit and the causes for the new policy of the British Admiralty which gave rise to it.

He took this last opportunity in Canada, he said, to correct misapprehensions he had found concerning Britain's new naval policy.

"Instead of a radical change, it was a national evolution. Concentration," he said, "is the essence of strategy, dispersion is weakness. Under all conditions, main forces are distributed in far outlying posts, stations beyond all means of direct communication. Consequently the Admiralty had to form squadrons which were sent away, and there they stayed and they worked their own sweet will, and as it would take a letter the best part of a year to reach them, nobody could interfere."

"Now take the squadron which I command. We can get up steam practically in an hour. We can get under way in about the same time. We can disappear in two hours beyond the horizon, and no man living can tell where we may turn up in a few days' time."

After quoting from Togo's tactics to prove minor importance of naval bases, Prince Louis concluded: "Believe me, your interests have never been better looked after, the full disposition of the naval forces of Great Britain have never been so advantageously placed for safeguarding the interests of the Empire, not only on this side of the Atlantic, but everywhere else."

A man don't mind being bossed by his wife, but he wants it done when they are alone.
