The President of the Ladies' Aid of the Methodist church requests that all donations for the bazaar, to be held on March 30th, be handed in at the church school room Tuesday afternoon or evening, March 29.

In this village since the last referendum vote in October 1919, seventeen residents have died whose ages average 77 years, the youngest being 68. No others over 21 have passed beyond. Surely this speaks loud for the healthy situation of this mountain village.

Indignation

For ten long years of busy life
In this our thrifty store
With pleasing grace and outstretched hand

We welcomed rich and poor,
Of money sure we made a pile
In those successful years;

That opposition e'er would come
Was least of all our fears.

Then why descend from a decade
Of constant honest toil
To be beset by cut-price shop

Our profits now to spoil?
Can some kind friend devise a plan
Our business to protect?

For we the people surely are
Who should command respect.

'Tis hard to swallow as we hear
It whispered by the way,
No chance have we for recompense,
Since Weavers here to stay.

But while disconsolate we sit,
And view the situation,
With naught of envy in our hearts,
Just righteous indignation—

Observer.

The Sunday School Lesson

Lesson XII. March 26.
JESUS ON THE CROSS
 Lesson—Matt. 27; 32-50.

Golden Text.—"God commended his own love toward us, in that, while we were yet sinners, he died for us." (Rom. 5: 8).

Historical Setting
 Time.—Friday, Apr. 7, A. D. 30.
 Place.—Golgotha, outside, Jerusalem.

The Lesson Text.

32 And as they came out, they found a man of Cyrene, Simon by name; him they compelled to go with them, that he might bear his cross.

33 And when they were come unto a place called Golgotha, that is to say, The place of a skull.

34 They gave him wine to drink mingled with gall; and when he had tasted it, he would not drink.

35 And when they had crucified him, they parted his garments among them, casting lots;

36 and they sat and watched him there.

37 And they set up over his head his accusation written, This is Jesus the King of the Jews.

38 Then are there crucified with him two robbers, one on the right and one on the left.

39—And they that passed by rallied on him, wagging their heads.

40 and saying, Thou that destroyest the temple, and buildest it in three days, save thyself; if thou art the Son of God, come down from the cross.

41 In like manner also the chief priests mocking him, with the scribes and elders, said,

42 He saved others; himself he cannot save. He is the King of Israel; let him now come down from the cross, and we will believe in him.

43 He trusted on God; let him deliver him now, if he desireth him; for he said, I am the Son of God.

44 And the robbers also that were crucified with him cast upon him the same reproach.

45 Now from the sixth hour there was darkness over all the land until the ninth hour.

46 And about the ninth hour Jesus cried with a loud voice, saying, Eli, Eli, lama sabachthani? that is, My God, my God, why hast thou forsaken me?

47 And some of them that stood there, when they heard it, said, This man calleth Elijah.

48 And straightway one of them ran and took a sponge, and filled it with vinegar, and put it on a reed, and gave him to drink.

49 And the rest said, Let be; let us see whether Elijah cometh to save him.

50 And Jesus cried again with a loud voice, and yielded up his spirit.

Comments
 Verse 33. After the supper in the upper room came the agony in Gethsemane, the betrayal, the arrest, appearance before the Sanhedrin, death of Jesus and trial before Pilate and Herod. Golgotha had never been exactly located.

Verse 34. The purpose of the strong wine and myrror was to deaden pain. Jesus refused it. He chose to bear His suffering without human aid.

Verse 35. Crucifixion was an unspeakably awful death, and was abhorred by the Jews. It was the guard, three soldiers and a centurion that cast lots for His garments. Gambling for Jesus' apparel lends a last touch of disgrace to the outrageous conduct of His persecutors.

Verse 36. Imagine the different feelings in the hearts of the motley group.

Verse 37. John says Pilate wrote this superscription. The cause for crucifixion was unusually written in Aramaic, Latin and Greek.

Verse 38. It seems that Jesus was crucified first. He took Barabbas' place.

Verse 39, 40. His accusers falsely interpreted Jesus' words as a threat against the temple (Mark 14: 58; John 2: 19).

Verse 41, 42. The dignified chief priest descended to the passions of a mob.

Verse 43. This testimony is from an unfriendly source, but shows that

Jesus positively claimed to be the Son of God.

Verses 44, 45. Nothing but a miracle explains this darkness from noon until three o'clock. There was no eclipse.

Verse 46. No human mind can fathom the word "forsaken" here.

Verses 47-50. In their guilt the people acted foolishly. Note that no one of the Evangelists says Jesus died. "He yielded up his spirit." He voluntarily gave up His life.

Illustrated Truth.
 There is always a way of getting out of facing duty, but there is no way of getting out of it and keeping faith (v. 42).

Illustration.—"Too bad about Burns," one man said to another. "Just when he was beginning to make a name in politics he had to give it up and go home and take on his father's business. They tell me the whole concern is loaded down with debts." "The business was left in a dreadful state," his companion replied, "but Burns didn't leave to take it on." "Then, why didn't he stay where he was and save himself that trouble?" "Why? Because he wanted to save the business for the sake of his mother and the younger children. He thought more of them than he did of his own comfort."

Topics for Research and Discussion
 I. The Crucifixion (vs. 32-38). 1. Name the events in order, as they quickly followed the supper in the upper room. 2. Where is Golgotha? 3. Why did Jesus refuse the drink offered Him on the cross? 4. Why did Jesus' Jewish persecutors clamor for His crucifixion instead of some other form of death? 5. How did two robbers happen to be crucified with Him?
 II. The Mockery (vs. 39-43). 6. What is the meaning of verse 40? 7. Would they have believed on Him if He had come down from the cross?
 III. The End (vs. 44-50). 8. How do you explain the darkness here mentioned? 9. Does any one of the Evangelists say that Jesus died? 10. What is the significance of the expressed, "He yielded up his spirit"?

A GENTLE LAXATIVE FOR THE CHILDREN

Mothers—the surest way of keeping your little ones well and happy; whether it is the new-born babe or the growing child is to keep their bowels regular and their stomach sweet. Nine-tenths of all childhood ailments are the result of clogged bowels and sour stomach. The most necessary and the best medicine for little ones is a gentle laxative—something that will relieve constipation, sweeten the stomach and promote rest and natural sleep. Such a medicine is Baby's Own Tablets. They are a gentle but efficient laxative; are absolutely guaranteed free from opiates or other injurious drugs and may be given to the youngest infant with perfect safety. They banish constipation and indigestion; break up colds and simple fevers and give the baby that health and happiness which all children should have. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CORNS, WARTS, BUNIONS PAINLESSLY REMOVED

Don't limp any longer, don't suffer another hour from corns. The oldest remedy and the best, the one that for fifty years has proved a true success, will lift out your corns in a hurry. Putnam's Painless Corn and Wart Extractor is the one remedy to use. Refuse a substitute, 25c every-where.

A TIME FOR LOOKING FORWARD

After long and difficult wanderings we are coming to steadier days. Let us turn our backs on doubt and dissension and observe with fair minds the great problems that face Industry as well as Agriculture. We cannot lag by the wayside and go forward at the same time.

One thing is certain as springtime approaches: as the farmers of the nation put their hands and hearts into the labors before them, so will Agriculture travel into seasons of prosperity.

Fertile and fallow fields will soon emerge smiling from the grip of winter, asking to be made fruitful. That will be the critical annual moment. Sowing time will determine what crops shall grow and what average he harvested when ripeness fills kernel and grain.

For yourself, be the true Canadian optimist. Defend your faith in the success of the year and in the future of Canada—and help your fields to yield to the limit of their powers. From that foundation, only, can Agriculture and Industry be brought to that peak of health which kindles good fortune in town and country alike.

When spring comes, be one looks ahead. Plan your year wisely; govern well your land, your crops, your machines, your help exercise a broad-gauge economy so that deserved profit may result. Then the summer of 1912 will see the sun shining on great seas of grain and the granaries of autumn will be overflowing.

EVERY WOMAN IN POOR HEALTH

Has an awful struggle. Lots to do, all kinds of worry, poor appetite, headaches, weakness. Her one desire is for more strength and better health. What sickly worn out women need is a cleansing, blood purifying remedy like Dr. Hamilton's Pills. This wonderful medicine clears out the wastes from the system, regulates the bowels, helps the blood. To look your best, to feel fit and fine all day, to be free from lassitude and headache, use Dr. Hamilton's Pills regularly 25c at all dealers of The Catarhozone Co. Montreal.

Rocks That Bend.
 When placed in certain positions some rocks actually bend. Sandstone, for instance, if cut thin bends like a piece of India rubber. Even marble bends in some cases. India and Brazil both produce flexible rock which contains a proportion of mica. But the mica does not account for the bending quality of the rock, which is due to the fact that the particles of quartz of which it is composed are interlocked together like hinges, with spaces in between the particles, in such a manner that though the rock will give to a certain extent it does not break.

SURE PROTECTION FOR YOU WHILE YOU TRAVEL.

You may find the water bad, some poorly cooked food may excite trouble, a draught from a car window may give you an ache or pain—a cold room or damp sheets may cause rheumatic twinges. Remember this: any pain that is caused by congestion yields rapidly to Nerviline. When your stomach is sour and upset, just try the magical effect of twenty drops of Nerviline in sweetened water. It cramps waken you in the dead of night, Nerviline will fix those awful cramps in a hurry. Keep a 35-cent bottle of Nerviline in hand—always.

It requires more than a century for a cedar tree to grow large enough to try a 30-foot telephone pole. The eucalyptus will attain a larger growth in 20 years and its wood is quite as durable.

The Cause of Heart Trouble

Faulty digestion causes the generation of gases in the stomach which inflame and press down on the heart and interfere with its regular action, causing faintness and pain. 15 to 20 drops of Mother Selgel's Curative Syrup after meals sets digestion right, which allows the heart to beat full and regular.

Rheumatism Left Him As If By Magic!

Had Suffered Over 50 Years!
 Now 83 Years, Yet A Big Surprise to Friends

Regains Strength Goes out Fishing, Back to Business, Laughs at "URIC ACID"

How the "Inner Mysteries" Reveals Startling Facts Overlooked By Doctors and Scientists For Centuries

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army over fifty years ago" writes J. B. Ashelman. "Like many others, I spent money freely for so-called cures, and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. By now, as if by magic, I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."

HOW IT HAPPENED.
 Mr. Ashelman is only one of thousands who suffered for years, owing to the general belief in the old, false theory that "Uric Acid" causes rheumatism. This erroneous belief induced him and legions of unfortunate men and women to take wrong treatments. You might just as well attempt to put out a fire with oil as to try and get rid of your rheumatism, neuritis and like complaints, by taking treatments supposed to drive Uric Acid out of your blood and body. Many physicians and scientists now know that Uric Acid never did, never can and never will cause rheumatism; that it is a natural and necessary constituent of the blood; that it is found in every new-born babe; and that without it we could not live!

These statements may seem strange to some folks, who have all along been led to believe in the old "Uric Acid" humbug. It took Mr. Ashelman fifty years to find out this truth. He learned how to get rid of the true cause of his rheumatism, neuritis, and recover his strength from "The Inner Mysteries," a remarkable book now being distributed free by an authority who devoted over twenty years to the scientific study of this particular trouble.

Note: If any reader of this paper wishes the book that reveals these facts regarding the true cause and cure of rheumatism, facts that were overlooked by doctors and scientists for centuries past, simply send a post-card or letter to H. P. Clearwater, No. 555-T Street, Hollowell, Maine, and it will be sent by return mail without any charge whatever. Cut out this notice lest you forget? If not a sufferer yourself hand this good news to some afflicted friend.

The total yield of wheat in Canada is now placed at 193,688,800 bushels, including 174,687,000 bushels of spring wheat and 19,001,800 bushels of fall wheat. Upon the acreage sown the average yield per acre is 16 1/2 bushels for spring wheat, 23 1/2 bushels for fall wheat and 11 1/2 bushels for all wheat. In 1918 the total yield of wheat was 189,075,350 bushels, or 11 bushels per acre. For oats the average yield per acre for Canada is 27 bushels, representing a total of 399,368,000 bushels as compared with last year's average of 28 1/2 bushels and a total of 426,312,500 bushels. Barley, with an average of 22 bushels, yields 66,443,500 bushels, as against last year's average of 24 1/2 bushels and total of 77,287,240 bushels. Rye with an average yield per acre of 14 1/2 bushels yields the total of 8,234,100 bushels as against 15 1/2 bushels and 8,504,400 bushels in 1918. The yields in 1919 for the three prairie provinces are estimated at 161,419,000 bushels of wheat, 246,856,000 bushels of oats, 46,412,000 bushels of barley, and 5,954,000 bushels of rye.
The quality at harvest time of the principal grain crops for Canada expressed in percentages of the previous ten years was as follows: Fall wheat, 96 (89); spring wheat, 91 (99); fall wheat, 92 (98); oats, 99 (94); barley, 89 (97); rye, 92 (92); peas, 91 (95); beans, 95 (82); buckwheat, 96 (86); mixed grains, 94 (98); flax, 93 (92), and corn for husking, 94 (89). The figures within parenthesis represent the quality of the crops in 1918.
The average condition of root and fodder crops in Canada at the end of September, expressed in percentages of the decennial average, was as follows, with last year's figures for comparison placed within parenthesis: Potatoes, 95 (92); turnips, mangolds, etc., 91 (96); sugar beets, 85 (97); fodder corn, 95 (92); alfalfa, 91 (89). By provinces potatoes appear to be best in Quebec, 103; the other provinces ranging as follows: Saskatchewan, 97; New Brunswick and Alberta, 96; Nova Scotia, 94; Prince Edward Island, 93; British Columbia, 90; Manitoba, 89; and Ontario 81.

DEDICATED
TO EVERY
BOY AND
GIRL IN
CANADA

My Dear Boys and Girls—

Some of you are working away hard at school in preparation for the big tests that will come in just a week or two, and isn't the time flying along? Only a few weeks before Easter will be here and another holiday. Easter time reminds you of all the pretty new Spring clothes. I expect this year it will come so early that not many people will put on their very "springiest" clothes. I wonder what sort of new clothes you like best. Did you ever read the poem about a little boy who was very proud of his new shoes?

"The Squeaky Shoes."
Come along, an' hide away
And they're playing hide-and-seek,
But they say I musn't join them
'Cos I've got on shoes that squeak.

An' when you're playing hiding
You must never make a sound
Or they'll creep along and hear you
And you're certain to be found.

They said "Put on your slippers,
Come along, an' hide away"
But I said I'd keep my shoes on
Or I wouldn't go and play.

So they've gone to play without me
They can do just what they choose
'Cos I had them new this morning
And I'm going to wear my shoes.

I had another full mail bag this week and I am so very glad to be getting so many letters from New Helpers—but especially am I glad to have letters from Helpers who have been Members of the League for some time. I like to hear from you after you have got your badges so that I know how you are and what you are doing at school and at home, and whenever I have the space I will print your other letters too. I have lots of new members to welcome this time.

A Hearty Welcome to the Following Members:

Cecil Webb, Melville, Sask.
Elizabeth Peterson, Comber.
Nellie Holborn, Moorefield.
Irene Taylor, Wingham.
Francis Binns, Harriston.
Maurice Billings, Hilbury.
Marvin Brown, Oakville.

Dear Aunt June—I have been very much interested in your Boys' and Girls' corner, so thought I would like to join. I am twelve years old and in the junior second class at school. I have five brothers, four older than myself and one younger. My youngest brother and I swept the school for a year. I milk two cows every night except Saturday. On Saturday I help my mother to scrub. I am now enclosing a three-cent stamp for a badge.

IRENE TAYLOR.
Dear Irene—What a lucky little girl you are to have so many brothers and what a splendid Helper you are too. I am sending you a badge and hope I shall hear about some of the play times you have with your brother. I wonder if he would like to be a Helper too. I have quite a lot of boys as well as girls who are splendid Helpers.

Aubrey, Que.
Dear Aunt June—I would like to become one of your members and join the club. I generally read your Boys' and Girls' corner. I am in grade five. I like my teacher very well. I get a few whippings but not many. I am eleven years old in April 13th. I hope to see my letter and receive a badge.

EVVELYN BRUCE.
Dear Aunt June—This is the first time I have written to you and I want to become one of your members and join your club. I like to read your Boys' and Girls' corner. I would like to receive a badge.

Hester D. Bruce.
Dear Hester and Evelyn—I am very glad indeed to welcome you both to our corner but I am afraid I cannot send you a badge Evelyn just for getting whippings in school. You have both forgotten to tell me about the helpful things you do. One of the rules for joining our League of Service is that everyone must "do a little kindness to someone every day."

PLEDGE FOR HELPERS.

"Do a little kindness to someone every day. Scatter rays of sunshine all along the way."

I pledge myself in the service of my King and Country to do my best in my daily work, whenever it may be, to help others whenever possible, and to endeavor in every way to make myself a good citizen.

See the words of our pledge. If you will write and tell me about the kind of work you do to help others I will send you a badge.

Mossley.
Dear Aunt June—Will you please accept another member in your club. I am a member of the Maple Leaf Club and would like to be a member of your club. I nearly always bring in the wood and kindling. I am the only boy and have to help with the chores and other jobs. I go to school at Brampton. I help milk and in summer I help in the harvest. I also help my uncle Roy in holidays. I would like to receive a badge if you think I am worthy of one. I would like to correspond with any boy or girl my own age. I am thirteen years. I will answer all letters.

PUNCH.
Dear Aunt June—I think you have gained a badge by your helpful work. I am pleased to see you are a member of the Maple Leaf Club. Perhaps you will be able to wear your Helpers' badge to get other Helpers in your district. I wonder if you intend to be a farmer when you grow up. I think Bud would like to hear from you. Did you see her letter in last week's corner? I will forward any letters from Helpers to each other.

Oakville.
Dear Aunt June—I would like to join your club. I hope to get a badge. I am ten years old. I am in the junior third class at school. Our teacher is Miss Dohne. I like her very much. I like skating and baseball. Our teacher has been sick for a week and we have had a holiday but it is not open yet.

MARVIN BROWN.
Dear Marvin—I am glad you are fond of your teacher. You must like school then. You have not told me any of the things you do to help others and I cannot send you a badge until I hear. Read my letter to Hester and Evelyn and then write me again so that I can send you a badge.

Harriston.
Dear Aunt June—I see other girls and boys are writing to you and thought I would like to write too. I am twelve years old. I mind the babies do the dishes, sweep the floors and help get the meals. I would like to receive a badge.

FRANCIS BINNS.
Dear Francis—I would like to hear more about those babies. How old are they? I just love babies and would like to hear all about them. I am very glad you are a Helper. You shall have a badge.

Tilbury.
Dear Aunt June—I am just writing you a few lines. I hope you are well. I would like a badge so am sending you a three-cent stamp. I help my mother clean the school out every night after four and run errands for her. I am only twelve years old and am in the fourth class at school.

MORRIS BILLINGS.
Dear Morris—I will most certainly send you a badge. I love to hear boys helping mother. I would like to hear something more about your school and what lessons you like best when next you write.

Comber.
Dear Aunt June—I have been reading your corner and find there are a number of new Helpers each week. I would like to join your League. I am enclosing the pledge. I go to school nearly every day. I am in

the junior fourth class. When I come home from school I feed the chickens, gather the eggs, get supper for mother, wash the dishes and do my home work. On Saturday I make the beds, sweep and scrub the floor and when I have any spare time I play with my baby sister. I have one sister and one brother going to school. We have to walk about a mile to school. Wishing your corner great success, I remain,
ELIZABETH PETERSON.

Dear Elizabeth—I wonder how old you are. You are certainly a true Helper. I expect the baby sister is very glad indeed when you get some spare time and can play with her. Some day I hope you will tell me something about your part of the country. You shall have a badge.

Melville, Sask.
Dear Aunt June—This is my first letter to your interesting corner, but I have read them all every week. I am twelve years old. We live on a farm ten miles from town but will be moving to town next week. I would so like to get a badge as some letters say they are very beautiful. I will tell you what I do: I help to get in the wood and feed the horses and water them. Clean out the stable and go after the coats at night and help father all I can. I am enclosing a three-cent stamp and an addressed envelope for which I hope to receive a badge.

CECIL WEBB.
Dear Cecil—I am very pleased to welcome you as a Helper and will most certainly send you a badge. You must be a big help to your father. I wonder how you will like living in the town after being out on a farm. I should like to hear what you do in the town and whether you like living there better than the farm.

Orema, Sask.
Dear Aunt June—I have been reading your most interesting letters and thought I would like to get a badge. We live four miles from school and we drive every day. We have a nice little registered mare named Adeline and it takes us about twenty minutes to go, so we don't get cold. We have a little bull-dog, his name is Tiny and we have a kitty and its name is Playful. Tiny and the Kitty play all day until we come home from school. I am sending you a three-cent stamp for you to send me a badge and I hope to see my letter in the paper.

MARGARET MARTINDALE.
Margaret Dear—I was so glad to get your letter and read of your lovely pets. What a lovely drive you must have to school but I am so sorry you forgot to tell me of the things you do during the day to help mother or father. I am sure you do lots to help them and I want you to write and tell me some of them. I cannot send you a badge until I hear so please write to me as I am holding your stamps ready to send you a badge and I want you to be a member of the League.

Lucknow.
Dear Aunt June—This is the first time I have written. I am nine years old and I go to school every day. I have four sisters and one brother. I carry in the wood and I help with the dishes and sometimes I put on the baby's shoes and stockings. I hope I will receive a badge soon.

CATHERINE C. ROBERTSON.
Dear Catherine—How jolly to have so many sisters. I am sure you must all have happy times together. I used to have lots of fun with my brothers when I was a little girl. I am sending you a badge and glad to welcome you as a Helper.

Wheatley.
Dear Aunt June—I suppose you have been wondering what has become of me. I saw my last letter in the paper and you said your mail bag was full so I did not write so often. I am going to school every day. It is very wet around here now. I have got my badge yet and like it very much. I am making Valentines for the 14th of February. We are having an entertainment at our school.

TED DAWSON.
Dear Ted—Thank you so much for writing to me again. My mail bag has been very full but I like to think that there is always room for one more letter to be squeezed in. I should like to hear about the entertainment you had at your school. Will you write and tell me about it, please? And let me hear what else you are doing too.

Hepworth.
Dear Aunt June—Please excuse my writing. I wrote once before but my letter did not appear. I am twelve years old and in the fourth class. I help dad do the chores on Saturday and at night I hold the lantern while dad feeds the stock, or sometimes I hang the lantern up and help to feed Love from.

PAUL ANDERSON.
Dear Paul—I am so sorry your other letter did not appear in print. I have answered yours third in the list this time so that you will be able to find it quickly. I am sending you a badge and know you will be a good member of the League as you help your father so splendidly now. I should like to hear more about your stock and if you have any pets of your own to feed.

Cobden.
Dear Aunt June—I was reading your paper since you started it. I would like to win a lovely badge. I am twelve years old. I do the chores for my mother. I bring in the wood for the night and wash the dishes. I go to school every day. I am in

the junior fourth class. I have two brothers and three sisters. When my brothers were away I used to tend the hay for my father and sometimes mow it. I love doing or helping with the haying and harvesting.

URSULA DURACK.
Dear Ursula—You have certainly earned a badge and I shall be very glad to send you one if you will send me a three-cent stamp. What a clever little girl you are to help with the haying and harvesting. I need to love taking my tea in a hayfield when the hay was all cut but I am not able to enjoy it now that I live in a city. Write me again with the three-cent stamp and I will see that you get a badge.

Corbetton.
Dear Aunt June—I have been reading your Boys' and Girls' corner for some time and I think it very interesting. I am eleven years old and I am in the junior fourth class at school. I like going to school very much. In the evening I help to bring in the wood, get the supper, wash the dishes and do my homework. I am enclosing a three-cent stamp for a badge. With love to Aunt June.
MARGARET MCGUE.

Dear Margaret—I am glad you like going to school, and also to read that you are such a splendid little Helper. I am sending you a badge and am glad to welcome you as a Member of the League.

Wheatley, Ont.
Dear Aunt June—This is my first letter to the mail box. I hope I will not crowd anyone else out. I read the letters every week and would have written before but never got up courage to go ahead and do it. I help around home as much as I can doing such chores as scrubbing, washing dishes, dusting and making beds. I would like to receive a badge but will not be disappointed if I do not first time. Hoping to see this letter in print, I will close with good luck to the League.

SMILES.
P. S.—I have a sister eight years old who wants to write but is waiting to hear of my success.

Dear Smiles—I am so glad you had courage to write to me at last, but I think you could have written me much sooner without being at all afraid as you are such a splendid Helper. I would like to send you a badge but as you did not enclose a three-cent stamp in your letter I cannot do so this time. Perhaps when the little sister writes and tells me what she does to help she will send two stamps so that you can both become Members of the League. I should like to hear from you again now that you have written me one letter. And thank you for your wishes for the League.

Mississippi.
Dear Aunt June—I wish to join your club. I am a girl nine years old. I go to school every day. I am in the second class. I haven't any sisters or brothers. I have a pet cat I call Topsy. I had a lovely time at Xmas and New Years. When I come home from school I bring in wood and I bring in a can of water and wash the dishes and dry them. Well Aunt June as this is my first letter I must say bye-bye.

MOTHER'S HELPER.
Dear Mother's Helper—I like your pen name very much and I am sending you a badge so that you will be a member of the Helpers' League. I wonder what color your cat Topsy is. When you write again you must tell me more about him as I like to hear all about your pets.

Oakville.
Dear Aunt June—I have been reading the letters that appear each week in the Boys' and Girls' corner and I would like to join the Helpers' League of Service. I am ten years of age and I live a mile from school. I am in the second senior class and I like going to school very much. When I come home I carry in wood for mother also get two pails of water and a scuttle of coal. Then I go to the barn and milk one of the cows for my brother, also put bedding down for three horses. I have two brothers, one is sixteen and the other is eighteen. I also have one little sister about a year old and I am very fond of her. And she is a great companion for mother. I have three pets. A dog, his name is Nigger as he is all black and a cat who is all white, and a red calf I call Ginger. I will write to you again soon. Your little friend,
BASIL HAY.

Dear Basil—I am pleased to welcome you as a Helper and am sending you a badge. You sent me three cents too many so I am sending them back to you. I was so glad to get such an interesting letter from you and hope you will write me again soon. Perhaps when your baby sister is older and able to help mother she will become a Member of the League, too.

Merlin.
Dear Aunt June—I have been reading about the Boys' and Girls' corner. I am eleven years old. I have a pet dog. He is black, yellow and white. I wash dishes and dry them, make beds, sweep and dust the rooms, and sometimes I go to school.
SWEET CLOVER.

Dear Sweet Clover—What a pretty name you have chosen as your pen name. I can just imagine I can see a field full of sweet smelling clover with the sun shining on it and some bees flying from one blossom to another gathering up the honey. I suppose you think your Aunt June is

Faisley.

Dear Aunt June—I read the Boys' and Girls' page every week and think it very fine. I go to school every day and like it fine. I am in the junior fourth class. Some of my chums and I take our crocheting to school to work at noon hour and recesses. I have two miles and a quarter to walk to school and it is a very cold walk in the winter time. When I get home from school I get supper, help wash the dishes and sweep the floor. On Saturday I make a cake and do several jobs for mother.

BLUEBIRD.
Dear Bluebird—I am sending you a badge and am glad to welcome you as a member of the League. What a long walk you have to school. I am sure you must be very glad to get home in the winter and get warmed up in front of the fire after walking so far. I wonder what you have made with your crocheting. I should like you to write and tell me what sort of things you and your little friends make.

Heapeier.

Dear Aunt June—I would like to join your League. I am a weekly reader of your Boys' and Girls' corner. Please send me a badge. I help my mother all I can. I do the dishes, sweep the floor and other jobs I can. Hoping to see my letter in print.

Dear Aunt June—I thought I would like to join your Helpers' League of Service. I have signed the pledge hoping to receive a badge. Advice to Girls

By Miss Rosalind

Registered according to the Copyright Act

Miss Rosalind welcomes letters from young women asking for advice on any subject. All you have to do is to address your letter to

MISS ROSALIND,
34 King William St., Hamilton, Ont.

Dear Rosalind—
I am a young girl of 18 years of age, and have been keeping company with a young man nearly all last summer he is about four years my senior, and is a very considerate young fellow, respectable, my parents are much in favor of him but there is something about him I don't know what that displeases me very much. In the fall I met a young man from a distance. He asked permission to call and see me, so I said he could, he called several times and I went for short motor rides with him, always returning early. Since the winter has set in he is too far away to come to see me, so we correspond, my parents are not much in favor of this, although they don't say much. I still go out with the first boy mentioned, just lately another boy, about my own age, has asked to call and take me to the rink, but I didn't know what to tell him, as I didn't think it right for me to go out with so many boys. I do not want to make love with any of them, all I want is a good time, and plenty of friends, but dear Rosalind I am puzzled to know what to do, as I would rather have the company of either of the last two boys, I tell you about. I will value your advice very highly.

TROUBLED ONE.

Dear Little Girl—
You are just at the age when you should be having the time of your young life. And you have exactly the right idea—a good time but no nonsense. Have all the friends you can; go out with them all. Father and mother will realize that there is safety in numbers. And when the right time comes—oh ages from now!

I'll trust their daughter to choose wisely.

ROSALIND.

Dear Rosalind—
I am nineteen years of age and have been writing to a boy friend about eighteen for over a year. He has often spoken of coming to see me in his letters but has never come yet. I am very fond of this boy and would like very much to know how I could have him come to see me and still write to him. I wrote to him about 2 weeks ago and have never received any answer.

TILLY.

Dear Tilly—
I am afraid you cannot do more than ask the boy to call—if he is within reasonable distance. But do not rush him too hard. Let him be one of several good friends. Do not write again unless he answers your letter.

ROSALIND.

Dear Rosalind—
I am a young girl of twenty. I do not mean I am in love as I know I am much too young. I have a boy friend of whom I think a great deal. He is a real nice chum, but is always talking of a nice girl that he wants to take to the next dance. I told him he could take her if he wanted to. My parents think a great deal of him, too.

MICKBY.

Dear Mickey—
Why shouldn't he take any girl friend to a dance? You have no particular claim on any of your boy friends, my dear. Be sensible!

ROSALIND.

Dear Rosalind—
I am a girl in my teens and there is a boy I know thinks a great deal of me. We have never been introduced and I think each one leaves it to the other one to speak first. Would you kindly inform me is it the boy's duty to speak first or is it mine? If a boy leaves the neighborhood (I have been a companion of his for some time) and does not ask to write, should I write giving him permission? I shall value your information greatly.

READER.

Dear Reader—
Ask a mutual friend to introduce you. After that when you meet, you speak first.

It would be all right to send your boy chum a newsy letter of neighbor-

HERE once lived a piper, in old Hamelin town,
Who charmed all the rats, so they say;
But when the town council refused him his fee,
He piped all the children away.

Find two children. Lower side down, in blouse; right side down, along edge of cape.

hood affairs. Make it interesting and general, but not at all personal.

ROSALIND.

My Dear Miss Rosalind—
Since the time that your advice has been published I have been interested very much and have been waiting to see if a case like mine would be published, but as yet have never seen any. I am a girl of eighteen, and have been going with different boys for this last year. My friends are many and I am popular with them all, both girls and boys; last fall I met a boy—one I had known only to see him. If just seemed that he was the one boy for me and I the only girl for him. We went skating very frequently and we were counted among the first in any gatherings. My father and mother like him. What I want to ask you is: This winter I have been skating as I am very fond of it, but my friend doesn't skate, at least never at the rink, but he can skate and skate good too. Every time I go to the rink he insists on escorting me there and paying my way. I hate to have him do this, even if he always does seem to have plenty of money. He watches me skating and seems to be very proud of me. But dear Miss Rosalind is it right for me to spend my time in my own pleasure? He rather enjoys a show. There is one in our town but he knows I am very fond of skating.

PAIR ONE.

Dear Fair One—
Don't you suppose he takes pleasure in seeing you skate so well and in knowing that he is your escort? Strange he doesn't care to skate, too. There will be plenty of time for shows when the skating season is over. goodness knows it has been short enough this year!

ROSALIND.

Dear Rosalind—
I think nothing in any papers I read can be so helpful to young girls as your advice. I know I can hardly wait from week to week for the papers to come. I am a girl of nineteen. I have attended a college for sometime yet have never cared to enter into the sport which my comrades call dancing. I have a boy friend almost the same age as myself who is very fond of dancing, although he does not go to the big dances, merely attends the little house parties. I do not care for dancing. Now dear Rosalind, would you think it proper for me to continue keeping company with him. I love him very much and he seems very attached to me. I never care to attend the little dancing parties which he and I are invited to and he doesn't seem to care to go alone.

Please give me your advice as I know it will be very helpful.

TOOTSY.

Dear Tootsy—
Of course if you really do not care to dance, there is no use advising you to learn. But Tootsy, I honestly cannot understand a real live girl not wanting to dance. Think it over and if you really want to keep on going out with this boy, take a few private lessons and surprise him!

ROSALIND.

Dear Rosalind—
I am a young girl of seventeen and live a few miles from town. I have kept company with many boy friends, but love one dearly—but he hasn't shown any love for me, so will you kindly advise me how to make him love me?

FANNIE.

Fannie Dear—
A girl of seventeen has no business to be talking about loving a boy dearly. You do not! You want boy

chums, but you will never get them if you start that way!

ROSALIND.

Dear Rosalind—
I am going with a boy friend who pretends to be very good, but he seems very independent, and even so far as to tell me that it wouldn't hurt me to go home alone for once. He flirts with other girls, but lets on to me that he is only fooling, and I don't know whether to believe him or not. Do you think he is a very nice friend to have? Sometimes he is very nice and therefore I don't know just what to make of him.

FAITH.

Dear Faith—
A boy who knows he is popular is sometimes disposed to show off a little. Why don't you do a little flirting yourself and give him something to guess about?

ROSALIND.

Dear Bright Eyes—
You are too young to think about boys except as chums.

If a boy asks you to skate, say "Thank you, yes!" and skate as many rounds as you enjoy.

A pretty way to wear your hair is in one long curl down your back with a black ribbon bow at the back of the neck.

You should not entertain one boy caller. Have two or three girls and boys in together.

When you meet a boy on the street, bow and speak as you pass. Do not stop.

ROSALIND.

Dear Wanderer—
If a boy asks you to write, tell him you will answer his letter.

It is not necessary to ask a boy to come in just because he walks home with you. Thank him and say good-night.

Tell him you do not approve.

ROSALIND.

Dear Narcissus—
If a boy asks if he may walk home with you, just say, "Yes, thank you," or "Thank you, I am sorry, but I have made other arrangements," or any excuse that is reasonable and true.

When mother says so.

ROSALIND.

Dear Phebe—
I think you have answered your question yourself. If you have been going out with this boy for over a year, I suppose it is alright. Personally, at your age, I think you should have a greater number of friends instead of just one.

ROSALIND.

Co-operation

(Easter Letter)

To the Members of Grace Church.
Dear Brethren:

Co-operation in the Home

Successful homes are the best schools in which to train the best citizens. The church keeps this fact in constant view. Co-operation, or team play, is at the very center of christian homes. The church provides a method which, day by day, may contribute to congenial companionship and harmonious activity. Mother Church with the Bible and Prayer Book in her hand says, "Take this Bible for your guidance and this Prayer Book with its biblical prayers for your worship." This means co-operation and method. The whole family must agree on a set time each day for family worship. Each member must prepare for it; each member be anxious that it never be neglected. So the day begins and ends in a heavenly and sanctified manner.

Jesus Christ is the recognized though unseen Host and Guest at each meal, the hearer of every word, the observer of every action. Co-operation in the religious home corresponds to like treatment and effort and work in the outside world. There is mutual consideration and assistance which conduce to health, pleasure and prosperity. The like results will be shown when the members of such a family take their places in the business world. As true christians at home or abroad, let us help one another in God's fear and with His favor.

Co-operation in Church

Much of our increasing success arises from this increasing spirit of co-operation. Our members are realizing that the church is the Home of all homes of our congregation. Moving together in the divine harmony of the Bible, a place is found for all from the youngest to the oldest. All must understand the work is theirs. Don't leave it to the few to do all the work and furnish all the encouragement or take all the initiative. The youngest child can bring others to Sunday School and church. He can encourage the Sunday School staff by attendance and attention and study. While your clergyman must continue to be looked upon as the mainspring of action, there are all the other parts which are just as necessary for the success of the whole enterprise. The parents and the families, the church officers and the whole membership in hearty co-operation can assist tremendously by regular and prompt attendance and self denying effort.

Co-operation for Easter

The annual Easter celebration brings before us earth's greatest wonder. The hopes of all the world in every age are fastened upon Him amid His glorious power over death and hell. This transcendent act compels our deepest admiration and highest adoration. Let us therefore keep this Feast. Two celebrations of the Holy Communion are to be held, one at 8 and the other at 11 a. m. Let one and all make it easy and full of sweet pleasure for all to come. Let none be left behind. This is the day that the Lord hath made, let us be glad and rejoice in it. Let this Easter Day be a memorable one for Grace Church. Relax no effort to secure a full attendance at all the services.

Yours faithfully,

H. J. Leake.

Imported "Booze"

Shall the importation and the bringing of intoxicating liquor into the province be prohibited?

WHILE importation of intoxicating liquors into "dry" provinces was forbidden by war-time Order-in-Council, Ontario's jails were half empty.

Since that order was rescinded, imported "Booze" has been filling them up again.

Jail Commitments

—Before and after the Federal war-time Order-in-Council prohibiting importation of liquor into Ontario was rescinded:

Commitments for Drunkenness	Commitments for All Crimes
1919 3,415	1919 13,096
1920 4,511	1920 14,756
Net increase, 1,096.	Net increase, 1,660.

Imported "Booze" is demoralizing social conditions, breeding a disregard of law, endangering the home and menacing the youth of this province. Imported "Booze" is defeating the expressed will of the people.

The Glow of Health Comes to You

If you are careful to follow the advice of your older friends or relatives

For over 50 years ago, Dr. Pierce, then a young practicing physician discovered that a prescription made up of Lady-slipper root, Viburnum, black and blue Cohosh, Unicorn root, Oregon Grape root, and made into a liquid extract, or tablets, without alcohol, was wonderfully efficient as a tonic for those pains and ills so common among the women folk. This woman's tonic has sold as Dr. Pierce's Favorite Prescription for over fifty years and is just as popular and efficient now as at any time. Over a million bottles were sold last year and many of your friends and neighbors can testify as to how good it is.

NIAGARA FALLS, ONT.—"Dr. Pierce's valuable remedies are kept in stock at our home, and have been so for a number of years. I first used them in Port Arthur as a trial bottle of 'Favorite Prescription' was given to me. I wish to truthfully state that I believe it saved me from an operation. If all ailing women, would only take a trial bottle, there would be fewer broken-down and disheartened women. Remember, this is not a patent medicine put up by a quack doctor, but is a good, first-class herbal medicine that produces wonderful results in a short time."—MRS. CATHERINE DEMPSEY, 32 Bridge Street.

THE MAELSTROM

BY FRANK FROEST.

Late Superintendent of the Criminal Investigation Department of Scotland Yard.

He too had come to a resolve. "Tell me," he said levelly, "before you say anything else. Did you have any part in the murder of your father?"

She stared at him whitely and half rose. Her shapely throat was working strangely. "Do you think—she began. And then tensely. "No! no! no!" Her voice fell to a strained whisper. "Why do you ask me that—If I had known—if I could have prevented—"

"I was sent to a convent school at Bruges, where I was brought up, coming home for the holidays—home, of course, being in Sussex. Occasionally I was brought to London. I won't go into all the detail of my life until I left school; it wouldn't interest you. All this time remember I had no knowledge of any relations but the Dinwards.

"When I left school I learned for the first time that I was not their daughter. Mr. Pembroke, a solicitor, came over to Bruges and told me very nicely. But—acting on instructions, he said—he could give me no clue to my parents. There would be three hundred a year—about fifteen dollars in your currency—payable to me quarterly by his firm. I was no longer to look to the Dinwards for support.

"Mr. Pembroke was very nice, but he had his instructions. I asked him what I was expected to do. 'I presume,' he said, 'that you—' he could not think of a word at first—'benefactor intends that you shall have enough to support you respectably. Think over your plans tonight, my dear young lady, and we will talk it over in the morning.'

"I did think it over. You may imagine that I slept little that night. I have a certain facility for painting, and that seemed to me to offer an outlet to ambition. I told Pembroke next day. He expressed neither approval nor disapproval. A cheque, he said, would be waiting for me at the offices of his firm on the first day of every quarter. He offered to give me introductions in London, but I answered that the only introduction I needed was to my parents. He shook his head at me a little doubtfully, and that ended the conversation.

"I wanted to see the world a little before I settled down in London. I

with, you must know my father was a very strange man. When I was quite a baby he quarrelled with my mother and I was sent down into the country, where I lived with an old gentleman farmer and his wife, named Dinward. I always understood that I was their child until a few years ago—they never spoke of either my father or my mother. Once—just before I went to school—he came to see me. I, of course, did not know who he was.

"He was sent to a convent school at Bruges, where I was brought up, coming home for the holidays—home, of course, being in Sussex. Occasionally I was brought to London. I won't go into all the detail of my life until I left school; it wouldn't interest you. All this time remember I had no knowledge of any relations but the Dinwards.

"I wanted to see the world a little before I settled down in London. I

went to see the Dinwards, but no word could I get from them as to who I really was. They were kindly people, but not simple. They would tell me nothing. Perhaps if I had then been less of a raw child—if I had had more knowledge of the world—I might have got round them. Later on some one else—but I am coming to that.

"The Dinwards were troubled about me—naturally. Of course I promised to keep in touch with them. I changed my name. I became Lucy Olney. That, by the way, Mr. Hallett, is the name I still keep.

"The allowance I was to receive seemed a tremendous fortune to me. I went abroad—to study art, I told myself. I went to Paris, to Rome, to Venice and other places. But the money did not prove so ample as I expected. Perhaps I was extravagant. Anyway, in about eight months I was in London, determined to make my fortune—and I still thought that my art pointed the way.

"You will guess that I had some troubles. Art for art's sake is one thing, but I am afraid I haven't the true temperament. I wanted recognition, and though I could have existed without the money, I wanted money as a proof that I was recognized. But no one seemed to appreciate me as a genius. It was difficult enough to get dealers to take my pictures at a price that barely paid for canvas and paint. Then I drifted into magazine and book illustration work, and at that I found my metier. I earned much more than I really needed—even without my allowance."

She fingered a serviette absently for a moment. There was abstraction in her eyes. Hallett waited without interruption for her to resume.

"I have not told you that I have a step-brother," she went on. "Indeed, I did not know it myself till two years ago. He is my mother's son by her first marriage, and is much older than myself. He was sent abroad at the time that I was handed over to the Dinwards. As I say, two years ago he traced me out—I believe he got my adopted name and my address from the Dinwards.

"It was from him that I first learned who I was, who my father was, who my mother was. He told me the whole terrible story of Mr. Greye-Stratton—I can't call him my father—break with my mother. He swore that she was innocent—that it was a madman's fit of jealousy that broke up the home. I—I—"

Her throat worked and it was some moments before she resumed. "My brother had only recently returned to England, and he told me that his first step had been to find me. He wanted me to go back with him to Canada. You're my baby sister," he said. "I have a right to look after you. There's only you and I now."

(To be continued.)

WHAT TO DO FOR STOMACH TROUBLE

GOOD ADVICE FROM ONE WHO HAD SUFFERED MUCH.

Nine-tenths of all forms of indigestion or so-called stomach trouble are not due to the condition of the stomach at all, but are caused by other influences. The great contributing cause of indigestion is thin blood. Good blood and plenty of it is required by the stomach to take care of the food. If the blood is thin the stomach functions sluggish, food lies undigested, gas forms and causes pains in various parts of the body. Instead of getting nourishment from the blood the system gets poison.

Relief from this condition can be obtained by the tonic treatment which Mr. D. Shaw, Mt. Stewart, P. E. I., tried and now warmly recommends to others. Mr. Shaw says: "I suffered from indigestion for over four years, and have tried many of the well-known remedies for such troubles, but never obtained more than temporary relief. The trouble was aggravated by constipation setting in owing to the stomach failing to do its work, and laxatives only gave relief to the bowels and left the stomach in worse condition. The result was my blood was growing more and more anemic, I did not sleep well at night and was growing despondent. I was in this wretched condition when a friend advised me to try Dr. Williams' Pink Pills. I got three boxes and by the time they were finished there was some change for the better. This greatly encouraged me and I continued taking the pills for some three months, by which time my stomach was all right again, my blood, nerves strong and life was again worth living. My advice to all who suffer from stomach trouble is to give Dr. Williams' Pink Pills a fair trial."

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The business of making a census of the seals which is done at intervals by the government is a comparatively easy task, as the herds usually gather on two islands. It is estimated that about 600,000 seal noses will be counted this year, and about 25,000 of these will be decorating feminine shoulders before the end of next year.

WOMEN'S INSTITUTES

NEWS ITEMS COVERING THE ACTIVITIES OF WOMEN IN ALL PARTS OF ONTARIO.

FENELON FALLS.

There are nine branches now in the East Victoria district. We have the hot school lunch in a number of our schools, also sanitary towels and basins, and great interest is being shown in the care of both school house and playground.

We expect within a few weeks to have medical school inspection introduced in our schools. We maintain, along with the branches in West Victoria, a rest room in our county town, which is free and is certainly appreciated by mothers with children in town on market days.

Our members are all being well educated, as it were, on the subject of child welfare, which our branch has been discussing for some time. Every year we send liberal donations to the Sick Children's Hospital, Institute for the Blind, Soldiers' Re-establishment, Navy League, Armenian Relief, etc., and also help support a public reading room in our town. We are now arranging for a grand concert to be held during March.

MRS. C. P. SMITH.

ANCASTER.

The Ancaster Women's Institute held the monthly meeting at the Manse, the home of Mrs. Currie. The President, Mrs. Stevenson, in the chair. Several communications, were read by the Secretary Mrs. Seaward. Current events were introduced by Mrs. Moore and Mrs. Lyons, gave a very touching recitation. A lengthy discussion took place on the question of a Community Park for the village and steps were taken to secure funds for this much needed playground. The roll call brought responses in "Something Funny" from 29 members. A social tea was served and the singing of the National Anthem brought a successful meeting to a close. The next meeting will be held at the home of Mrs. Seaward on the first Thursday, in April.

MRS. CURRIE.

WELLAND.

Welland County is having her Rural schools inspected, under the Department of Education. Dr. Sirrs, of Toronto is very successfully carrying on the work of inspection. Where possible, the doctor meets the Women's Institute and gives splendid talks on Medical Inspection and School Improvements, giving the Women's Institute a good line of work to take up in the different branches.

The services of the school inspectors, Mr. J. W. Marshall and Mrs. Jas. McNeill, have added much to the success of the work.

Is Your Nose Plugged? Have You Catarrh?

If Subject to Colds, Here is Real Good Advice.

Don't load your stomach with cough syrups, send healing medication through the nostrils—send it into the passages that are subject to colds and Catarrh. Easy to do this with CATARRHOZONE, which helps a cold in ten minutes. Even to the lungs goes the healing vapor of Catarrhozone—all through the bronchial tubes, nostrils, and air passages—everywhere a trace of disease remains will Catarrhozone follow. You'll not have colds, nor will you suffer from sniffles, bronchitis, or throat trouble if Catarrhozone is used. Get it today but beware of dangerous substitutes meant to deceive you for genuine Catarrhozone. Large size, two months' treatment, costs \$1.00; small size, 50c; sample size, 25c; all dealers or the Catarrhozone Co., Montreal.

If the recommendations, made by the Griffenhagen firm, with regard to re-classification in the postoffice department, are carried out, it is understood that it will mean that close to four hundred employees of this department will be dismissed on April first.

This would be due to the merging of several branches of the department, which include the postage stamp, correspondence, missing mail divisions and other.

OF INTEREST TO WOMEN

This is a Short Letter, But It Proves the Reliability of Lydia E. Pinkham's Vegetable Compound

Bothwell, Ont.—"I was weak and run down, had no appetite and was nervous. The nurse who took care of me told me to try Lydia E. Pinkham's Vegetable Compound, and now I am getting strong. I recommend your medicine to my friends, and you may use my testimonial."—Mrs. W. J. Brady, R. R. 2, Bothwell, Ont.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old-fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, beneficial influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

MORE FARM OWNERS.

Conditions Have Changed in Province of Ontario.

One reason for the increase in the shortage of hired labor for the farms is the increase in the number of farm owners, and though this feature may result in a decrease in production of foodstuffs for distribution this year, the outcome within the next few years should be a vast improvement of the present condition. In the past, where productive acres have fallen into the hands of a comparative few, production has been retarded, and though it must be admitted that the farmer can, on the average, operate to his own best advantage on a fair-sized place, it is essential that he have help in order to do so. If he can't secure the help in any case, it is better that the land should be divided among a large number of small holders than that it should lie idle in the hands of large owners.

For the promise of a dividing up of much of the land now held in large quantities by individuals, we may thank conditions that have gone to raise land values and at the same time place many in position to purchase who were never before in such position, and might have gone land hungry for the rest of their lives, but for the opportunities arising out of war conditions. Up to Benjamin Franklin's time, there may never have been a good war. It would be wrong to say that the past war was a good one, but it is certain that there are many good results of it; and the increase in farm ownership is probably one of the best. The most pleasing feature of this particular result is that native Canadians will, in large measure, become the owners of land in Canada.

It is stated that the population of the Province of Ontario is less at present than it was the year previous to the war, and the shortage of houses in the cities shows that the city population has increased. But, is this increase in the cities due to an influx of former farm owners? Many farms are changing hands this summer and this would seem to indicate that the original owners are giving up farm life and these men are in great part moving to the cities, but the chief addition to the city population is doubtless due to the number of farm hands who have left the farms in the hope of securing higher wages. That the farms are changing hands may not be a bad indication after all; it is not as though they were abandoned. A Toronto law student, who spends most of his time in searching titles, said the other day that the greater number of the farms in one township of York county had been sold this year but the purchasers were mostly men who had had previous farm experience. Probably the new owners will be better able to entice labor to their farms than were the former owners, their enthusiasm will perhaps make up for any lack of experience they have to labor under, and a new broom sweeps clean "anyhow."

Co-operation among farmers has of late years gotten away from the form of co-operation for production that existed in the early days, and has taken the form of co-operation for the marketing of products. When the new movement started it was sorely needed, and even now, with prices of farm products such as to allow any farmer a profit, the system is an advantage to both producer and consumer. What is more needed however for the benefit of all, is a return to the old-time practice of helping one's neighbor in the actual farm work. It is quite likely that the new farm-owners will give more attention to this matter than did their predecessors.

Revisiting No Man's Land.

Many a Canadian who fought in the war is wondering what the front looks like now, a year and more after the last shot was fired.

A newspaper writer, who was recently over the ground, states that one actually sees much less change than would be expected. It is so easy to destroy, so difficult to restore.

From the Ypres-Bailleul road, from Hell Fire Corner, from the La Basse-Lens road, from the Arras-Douai road, and from many other such points, one might almost imagine that the armies had withdrawn but yesterday from their lines.

Everything easily lifted has been picked up and carried away by the seekers of souvenirs, but the change that most impresses the soldier is the silence, the now vacant highways once crowded with war traffic. The noise of war is gone, and the color of khaki is seldom seen. You look out over regions that seem to be forever reduced to silence and sterility.

The restoration of France and Belgium is going to be a long job. Those who know best how complete the destruction was who were present and saw it done.
