When the Cold Tightens in the Chest

Whatever chances you may take with cold in the head and sore throat, you cannot but feel alarmed when the cold grips the chest, enters the bronchial tubes and threatens the lungs.

At this critical time you want a medicine you can depend upon to cure the cold and protect the lungs. Dr. Chase's Syrup of Linseed and Turpentine has proven its value by many years of unqualified success. When you use it you do not feel that you are experimenting, but rather that you are doing all that can be done to cure the disease and prevent serious results.

This medicine is particularly well known as an effective treatment for chest colds and bronchitis. It not merely clears the choked-up air passages, but also allays the inflammation, and has a far-reaching effect on the whole respiratory system.

By its soothing influence on the nerves, which are always excited in the case of bronchitis and asthma, it lessens the coughing and allows the irritated mucous lining to heal up. In this way the greatest relief is obtained promptly, and cure just as surely comes with continued use.

In the great majority of homes Dr. Chase's Syrup of Linseed and Turpentine is kept constantly at hand for the treatment of coughs, colds, bronchitis, whooping-cough, asthma and sore throat. With this great medicine at hand you can control any ordinary cold, and bring prompt relief, even in severe cases of bronchitis and asthma.

Imitators go so far as to use the name Linseed and Turpentine. The medicines are alike in name only. You can be sure of getting the genuine by seeing the portrait and signature of A. W. Chase, M.D., on the bottle you buy. 25 cents a bottle, family size 60 cents, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Dr. Chase's Syrup of Linseed and Turpentine

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations, and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is Pleasant, it contains neither Opium, Morphine nor other Narcotic substance. Its action is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of

Dr. J. C. Fletcher

The Kind You Have Always Bought

The Lenten Season.

It is well, at times, to stop the whirl of every day life, and take stock of ourselves. It is well to drop our common habits of thought and pay some heed to that inner life without which no man's development can be called complete.

It is for this purpose that the Lenten season is observed in all Christian countries, and though the observance may be varied according to the accepted religious creed of the individual, some sort of recognition is due from every man and woman who recognizes the teachings of the Christian faith.

We are now in the midst of the best period when we are expected to turn more than to our custom from the thoughts of business and our daily tasks to consider that inner life and our relation to the powers that govern the universe. But it is not enough to consider abstractly the relations of man to his God. If we are to make the season fruitful for good we must also consider each his own personal relation to his fellow men.

The Lenten season was established in recognition of One whose life was spent in doing for others, whose life is the model towards which all of us may strive. What better recognition of the time can be found than to take stock of our own relations about us? Such an observation cannot fail to make the time of the greatest value to the world and to humanity at large.

Gas in the Stomach.
Belching and the sense of fullness so often experienced after eating is caused by the formation of gas. The stomach fails to perform its functions and the food ferments. Chamberlain's Stomach and Liver Tablets will correct the disorder. They aid digestion and strengthen and invigorate the stomach and bowels. For sale by all druggists.

Denmark's Example.

Just read the quotation over—read it over twice. 'Denmark might be called a corner of Manitoba. Much of it was formerly a bleak waste of tundra. Only the eastern part of the country and the neighboring islands were considered fit for agriculture. In addition to this poverty in natural resources, the country was further impoverished by the Napoleonic wars in the early part of the nineteenth century. In the second half of the nineteenth century Schleswig-Holstein was annexed by the Germans. Practically all its commerce was gone. The peasant farmers were in the most pitiful condition. Yet today, less than a century later, this same Denmark is, in proportion to its population, the wealthiest country in Europe.

Denmark is essentially an agricultural country. It has an area of about 14,000,000 acres. More than \$90,000,000 worth of butter, eggs and meats are exported by the farmers of Denmark annually. In 1906 the Danes had \$20,000,000 in savings banks. Eighty nine families out of every hundred own their own farms and houses. This small amount of tenancy is due to the fact that land holdings can be easily acquired.

Not the biggest, blackest type could add a particle to the astonishing facts above stated. Think them over. Poor land! Desolation by war! Robbery of the best lands by a stronger power! General poverty!

And now such general comfort, such immense aggregate wealth, such splendid conditions! And all this attained by what?

Wait we did, and for three days, while our small supply of food that was fit to eat was diminished and our quarters were anything but comfortable. Not a sail hoisted in sight. We knew there was no immediate danger, except in case of a storm, but it was not child's play.

On January 18th we abandoned the Alexander Black and went to sea in an open boat, rigged with an improvised sail. We did little better than drift, and some of the men suffered from the hardships of the four days' trip.

On January 22nd we reached land. It was a barren strip of Mexican coast near San Felipe, ninety six miles from Progresso. Then we had to follow the coast up to Progresso, whence we walked the rest of the abandoned wreck of the Alexander Black to the shore.

The bark was picked up later in the gulf and towed to Progresso, but she was almost a total wreck. She was battered nearly to pieces by the wind and waves after we abandoned her. Her mainmast was gone and there was very little vessel remaining. I suppose the damage and loss to vessel and cargo will amount to \$10,000 for each.

Except for indigestion caused by cold contracted during his trying experience, Captain Cogswell is in good health. The mate and steward of the Alexander Black accompanied Captain Cogswell from Progresso on the schooner *Sybil*. None of the other men arrived in any way passengers on the schooner *Sybil*. None of the other men arrived in any way passengers on the schooner *Sybil*.

The cost of the Laurier navy, that navy being the Rainbow, on the Pacific and the Niobe, on the Atlantic (at such times as it is not in the dry docks), including the probable expenditures for the present year, totals \$4,273,471.

The number of Canadians who have enlisted in the navy service totals 402 officers and men, distributed as follows: Nova Scotia, 162; New Brunswick, 5; Prince Edward Island, 29; Quebec, 44; Ontario, 113; Manitoba, 1; Saskatchewan, 2; Alberta, 4; British Columbia, 52. A total of 402 Canadians enlisted in the navy service since the passage of the naval bill.

What a commentary on the argument that Canada demands a Canadian navy! By contrast to the idea of the navy which men can be found to serve in the navy these figures stand! The whole of the naval establishment carries less than half the number of seamen required to man a single dreadnought. But for the draft of 690 English officers and men it would have been impossible to keep the Rainbow and the Niobe up to the establishment.

Dr. Pugsley, former minister of public works, lamented the fact or fiction—that thousands of Canadians were serving in the navy of the United States because they were denied an opportunity of serving in a Canadian navy. It would be interesting to know why some of these thousands of Canadians are not flocking to the enlistment offices for service on the Rainbow and the Niobe. If the Laurier theory is right, what is wrong with the application? Why is it that more than half of the navy complement of Canada has been drafted from the British islands?

Nova Scotia Vessel Lost.

CAPT. COGSWELL OF ALEXANDER BLACK TELLS STORY OF TRYING EXPERIENCE.
To spend three days marooned on the after-deck house of a waterlogged bark, and when help failed to arrive to cross the Gulf of Mexico from Cuba to Mexico in an open boat, was the experience of Captain M. B. Cogswell and eight of the crew of the British Bark Alexander Black, which was abandoned in the gulf, January 18th.

For the British Cogswell, who arrived from Progresso Tuesday, a passenger on the steamship *America*, told an item reporter how the cargo of lumber which the Alexander Black carried had saved the entire crew from drowning. About midnight of Wednesday, January 15th, the Alexander Black struck an obstruction at latitude 22:4 north, longitude 86:28 west; 50 miles northwest of Cape San Antonio, Cuba. The port bow was crushed in and the vessel began rapidly to fill with water. Within five minutes she was waterlogged, and had she not been lumber laden would have foundered at once.

'We took refuge on the "only dry spot that was left," said Captain Cogswell. 'There were nine of us, including the mate and steward, myself and six others. All we could do was to huddle together on the after-deck house and wait for assistance to arrive.'

'Wait we did, and for three days, while our small supply of food that was fit to eat was diminished and our quarters were anything but comfortable. Not a sail hoisted in sight. We knew there was no immediate danger, except in case of a storm, but it was not child's play.'

On January 18th we abandoned the Alexander Black and went to sea in an open boat, rigged with an improvised sail. We did little better than drift, and some of the men suffered from the hardships of the four days' trip.

On January 22nd we reached land. It was a barren strip of Mexican coast near San Felipe, ninety six miles from Progresso. Then we had to follow the coast up to Progresso, whence we walked the rest of the abandoned wreck of the Alexander Black to the shore.

The bark was picked up later in the gulf and towed to Progresso, but she was almost a total wreck. She was battered nearly to pieces by the wind and waves after we abandoned her. Her mainmast was gone and there was very little vessel remaining. I suppose the damage and loss to vessel and cargo will amount to \$10,000 for each.

Except for indigestion caused by cold contracted during his trying experience, Captain Cogswell is in good health. The mate and steward of the Alexander Black accompanied Captain Cogswell from Progresso on the schooner *Sybil*. None of the other men arrived in any way passengers on the schooner *Sybil*.

There is no better medicine made for cold than Chamberlain's Cough Remedy. It acts on nature's plan, relieves the lungs, opens the secretions, aids expectoration, and restores the system to a healthy condition. For sale by all druggists.

A Mother's Duty to Her Daughter.

REQUIRES THAT HER BLOOD SUPPLY BE KEPT RICH, RED AND PURE.
Every mother who calls to mind her own girlhood knows how urgent by her daughter is likely to need help and strength during the years between school days and womanhood. It is then that growing girls droop and become fragile, bloodless and nervous. Nature is calling for more nourishment than the blood can supply and signs of distress are plainly evident in dull eyes, pallid cheeks, aching backs, languid steps, fits of depression, headaches and a dislike for food. These signs mean anaemia—that is bloodlessness.

This watchful mother takes prompt steps to give her girl the new, rich blood her system is craving for by giving Dr. Williams' Pink Pills, which make new blood and transform unhappy anemic girls into robust, happy, bright-eyed young women. No other medicine has ever succeeded like Dr. Williams' Pink Pills, because no other medicine can make new, rich, red blood which brings health and vitality to weak, bloodless systems. Miss Mamie Krouse, Copetown, Ont., says: 'Dr. Williams' Pink Pills have been a blessing to me. I had been a sufferer for almost two years from anaemia, and seemed worse. I was very pale and seemed bloodless, suffering from frequent headaches, the least exertion would leave me completely tired, and I was very much discouraged and fretful. At last I was advised to try Dr. Williams' Pink Pills, and got a half dozen boxes, and by the time they were used I was feeling much better. A few more boxes fully restored my health and I have since been well and strong and able once more to enjoy life.'

These pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by addressing The Dr. Williams' Medicine Co., Brockville, Ont.

A farmer once made to Abraham Lincoln an obviously exaggerated statement as to the weight of his hay crops. 'I've been cutting some hay, too,' said Lincoln, smiling. 'Good crop?' the farmer asked. 'Fine—very fine!' said Lincoln. 'How many tons?' 'Well, I don't exactly know how many tons,' said Lincoln, carelessly, 'but my men stacked all they could out of doors, and then stored the rest in the barn.'

There is no substitute for Royal Baking Powder for making the best cake, biscuit and pastry. Royal is Absolutely Pure and the only baking powder made from Royal grape cream of tartar.

Seven year old Bobby brought his first report home from school, and it was bad. His mother scolded him, but he bore up bravely, and at the end of the maternal lecture he said by way of encouragement: 'After all, pa, the greatest thing in life is health.'

Where Would They Come From?
The cost of the Laurier navy, that navy being the Rainbow, on the Pacific and the Niobe, on the Atlantic (at such times as it is not in the dry docks), including the probable expenditures for the present year, totals \$4,273,471.

The number of Canadians who have enlisted in the navy service totals 402 officers and men, distributed as follows: Nova Scotia, 162; New Brunswick, 5; Prince Edward Island, 29; Quebec, 44; Ontario, 113; Manitoba, 1; Saskatchewan, 2; Alberta, 4; British Columbia, 52. It must satisfy you.

If it doesn't, your dealer, backed by us, gladly returns your money.

Isn't that a sincere way to invite you to try it?

REGAL FLOUR

Worth Knowing.

Never stir a sponge cake batter. If that is done the air is allowed to escape. To freshen stale cake, dip it for a moment in cold milk and then rebake it in an oven at low temperature. Underwear should be ironed on the right side; colored clothes on the wrong side. Apples and onions shredded together make a sandwich filling that many people like. To keep a veil crisp, dip it several times in alcohol and hang it up in the house to dry. A mixture of cream cheese and dates makes a delicious filling for a brown bread sandwich.

In ironing fine silks and muslins, place a piece of fine cambric between the iron and the material. Lace and embroidery should be ironed on the wrong side with several thicknesses of cloth or a piece of flannel underneath. Olives and English walnuts ground together and moistened with mayonnaise make a tasty luncheon sandwich. A teaspoonful of salt and one of pulverized soap added to every two cupfuls of starch will give a fine glaze to starched clothes. A delicious extract of either orange or lemon may be had by paring the rinds off as thin as paper and putting them into a bottle of alcohol. To make sure a tablecloth is pure linen, moisten the goods with the tip of the tongue. If it is linen the wet spot will immediately show through on the other side. When the skin burns and is harsh to the touch it does not need water. It should be cleansed with cold cream and wiped with a soft cloth, then sponged with a mild solution of benzoin and alcohol.

Mrs. Robbins—Joshia, be you a going to get up? Mrs. Robbins (yawning)—Well, I have one consolation, I shall have sleep enough when I'm dead. Mrs. Robbins—Yes, an' you'll find the fire lit when you wake, just as you do now.

Here is a message of hope and good cheer from Mrs. C. J. Martin, Boone Mill, Va., who is the mother of eighteen children. Mrs. Martin was cured of stomach trouble and constipation

Editorial Notes.

Mr. Putnam, C. E. of the Department of Public Works, was in town on Tuesday, taking preliminary observations of the Wolfville creek and the possibilities of development.

Capt. Scott.

Capt. Scott, who led the latest British expedition to the South Pole lost his life and thus adds one more scumbed in the cause of science and discovery.

Oldest Lawyer in City Passed Away Yesterday.

Mr. George B. Cramp, prominent in legal circles in Montreal, and known as the oldest practicing lawyer in this city, died on Sunday at his residence, 62 McTavish street, after a few months' illness.

The late Mr. Cramp was born in England eighty years ago, and received his education in that country before coming to Canada with his parents, his father, Rev. J. M. Cramp, having been called to Montreal to occupy a position at the Baptist college.

Don't Scold the Baby for Being Cross.

Mother, don't scold your little ones for being cross. A baby's nature is to be happy and if he is cross it is not his fault—crossness which he is unwell and needs a good medicine to bring him back to the healthy, happy state again.

Died at Montreal, 16th Inst. George B. Cramp, one of the late Dr. Cramp, formerly president of Acadia University. Mr. Cramp entered the profession of law in Montreal. For several years he resided in South America. He returned with health impaired from which condition he never fully recovered.

Wolfville and Acadia.

Mr. Editor:—Having stated in my first article some of the benefits which Wolfville derives from the presence of the college through the large amount of money spent in the town, may I encroach upon your space to state some other benefits, some of which are more indirect.

In the first place the land values of Wolfville upon which the taxes rest have been increased on account of the presence of the college here, the demand for houses where people shall live, and where students shall board. Some idea of the extent of this may be gained by judging the very decided decrease in land values if the college should be withdrawn from the town.

The professors and other salaried persons connected with the institutions are practically the only persons in Wolfville who pay taxes on the full amount of income. If a professor receives \$1500 a year he pays taxes on the entire amount less the \$500 for which everyone is exempt. No one else does that, no one else pretends to do that, and no one else pretends that anyone else does that.

The residents of Wolfville have the privilege of sending their children to the institutions at a very low cost. They do not have to pay railway fare to another town or city, and children may board at home at a much less cost than they could elsewhere.

The erection of a government building in Wolfville, such as the one of which we are so proud, would be impossible without the influence of the institutions. Probably no other enterprise which spent the same amount of money and attracted the same number of people would be responsible for an equal number of letters.

With the exception of some railway folders, the only advertising Wolfville receives is from the institutions. Every year over five hundred students scatter over the Maritime Provinces to tell people of Wolfville and during nine months of the year they write from here about Wolfville.

Rev. A. F. Newcombe, District Secretary of the Canadian Bible Society, gave two exceedingly interesting addresses in Wolfville on Sunday last. In the morning he spoke to St. Andrew's church, and in the evening to the Baptist church. Good congregations were present at both services.

Death occurred at Wolfville 16th Inst. of a young man, Mr. James, aged 25 years. The deceased was a native of New Brunswick, and for a number of years was a resident in Wolfville.

Price list of pure-bred Plymouth Rock and Leghorn pullets just beginning to lay, for sale by H. VAN ZOOY, Gasperau avenue.

The dry goods store of H. D. Road, of Berwick, was destroyed by fire last week. The loss was heavy and only partly covered by insurance.

The regular business meeting of the Woman's Christian Temperance Union will be held in Temperance Hall today, Feb. 21st, at 3:30 o'clock.

The home relief and laborer work will be at the home of Miss Florence Davidson, Summer street, Tuesday evening, twenty-fifth, at seven o'clock.

ASPHALT ROOFING.—Best on the market, sand surface, needs no painting. Good for 50 years. Sold by D. A. MUNRO, Wolfville.

There will be a bean supper in the vestry of the Methodist church this evening at six o'clock, under the auspices of the Woman's Aid. Admission fifteen cents.

The Teachers' Institute for the District of Kings and Hants counties will be held at Wolfville on March 19th and 20th. Further notice will appear in a later issue.

NOTICE.—To the public of Wolfville who are interested in chimney sweeping. Prof. Brown will be in Wolfville on about the 17th of March. Please leave your orders at I. H. Barnes' store.

Mr. D. B. Shaw informs THE ACADIAN that on Tuesday morning he saw a flock of robins in his orchard. They looked cheerful and happy as they breakfasted off the apples left hanging on the trees.

The First Presbyterian church, Truro, was destroyed by fire on Thursday of last week. The fire is supposed to have started from hot ashes left where they could do harm. Loss \$12,000. The edifice will be rebuilt at once.

Rev. W. J. Smith, B. A. the duly appointed Field Secretary of the department of Temperance and Moral Reform of the Methodist church, will speak in the vestry of the Lower Horton Methodist church on Wednesday evening, Feb. 20th. The public is cordially invited.

The last game of the Nova Scotia Hockey League will be played at Evangeline Rink on Monday evening next when Wolfville will again meet Windsor to decide the contest for the Herald Cup. A good exhibition of fast hockey is promised and a big crowd of spectators is expected.

The senior class of Acadia Seminary had their annual drive on Monday. Two of Hutchinson's teams conveyed the merry party to Windsor where they had dinner at the Y. Rooms. The occasion is reported as having been a pleasant one. The junior class, on its drive on Tuesday, went to Kentville.

Wolfville, N. S., Feb. 14, 1913. Mr. J. J. BLAIR.

I hereby certify that J. J. Blair is absolutely eligible to prepare and sign a marriage certificate in any condition, his work being very highly satisfactory to all the members of the U. N. B. team.

J. J. BLAIR, PUGG, Acting Captain.

Six new sleighs, price \$30.00, will sell at \$25.00 each to close out, at FORTNER'S BALESHEDS.

Why should not Canada put the same weight of authority behind a marriage certificate that she puts behind every dollar bill? Hear Rev. J. L. Batty's lecture in the Opera House, Wolfville, Friday, Feb. 22nd. Mayor Chambers will take the chair at 8:00 p.m. Mrs. Stewart Trewhitt will sing. Admission 25c. Proceeds for local church purposes.

The Mass Meeting for men and boys held in the Opera House last Sunday was well attended. Two excellent practical addresses were given by Prof. Hanney and Rev. J. Hill, of Cornwallis. Next Sunday an address will be given by Rev. Mr. Rogland, on March and Rev. Dr. Cullen will give an address on "Political Corruption in Kings County." The following Sunday, (7th) Bishop Worrell will speak and on March 14th they will speak with an address by Dr. Marshall, of Windsor.

Five 5000 Bond notes, two sets (used) has for sale at FORTNER'S BALESHEDS.

The wofy friends of Dr. Herman D. W. of this town, will be glad to hear that he has very successfully performed the castrations of the Baskin was College of Dental Surgeons of Regina, qualifying him to practice in that province. These castrations are made exceedingly difficult as he is the most of graduates of U. S. schools and the fact that Dr. DeWitt made a very high average must be gratifying to himself and his friends. He will probably practice his profession at other Regias of Prince Albert. THE ACADIAN wishes him abundant success.

C. H. BORDEN WOLFVILLE.

The Boy Scouts.

Last Saturday about thirty of the boys drove out to Black River Lake in two double teams supplied by Messrs. Bullock and Brown. The weather was all that could be desired and a most enjoyable day was spent in the woods.

The Windsor Scout Hockey Team arrived by the 2:45 train on Tuesday, the special teamster, Dr. Martell, in charge. The Wolfville boys with Bagley, Alfred and Dennis Lake met them at the station and escorted them to the hotel.

Headed by the Bagleys, the Windsor and Wolfville Scouts then proceeded to the dining room of the Baptist church, where a bountiful supper was provided by some of the ladies of the town. About sixty were seated at the tables including, besides the Windsor team and the Wolfville Scouts, Dr. Martell, Asst. Scoutmaster, Bullock, J. B. MacKinnon and Scoutmaster Brown.

Dr. Martell thanked the ladies for organizing the boys together in this way and spoke of the great benefits to be derived from a friendly rivalry between the boys of neighboring towns. The bright faces of the boys and their evident appreciation of the fare set before them must have gone far to repay the ladies for their trouble; but those in charge of the movement feel a great debt of gratitude for such encouragement, as a gathering of this sort is far reaching in its effects and does more to bring the boys together and make the Scout movement something worth while than can be realized.

The hockey game resulted, as was expected, in a win for Windsor, score 5-2, but the game was a fast and clean one throughout and the improvement of our boys since the last game was most marked. It is likely that with more training Wolfville will make a hard fight for the cup next season.

Next Saturday morning, 9 to 10, there will be a match between the Otter and Fox Patrols. The regular weekly meeting will be held on Friday evening at the usual place and hour.

With potatoes from Kingsport, the Nova Scotia schooner Benefic arrived at Santsiga Cove, on Feb. 18th. Prior to leaving the Bay of Fundy the Benefic was long retarded by the storm prevalent during December and January, having to lay to under stress of weather at St. John and Yarmouth for several weeks.

Choler proved hay.

Hockey.

ACADIA S. U. N. B. 3. The third game of Intercollegiate Hockey League was played at Evangeline Rink last Friday night, when Acadia defeated the University of New Brunswick by the score of 5-3. The ice was in excellent condition and the game, which was played in two periods, was close and interesting. The teams were evenly matched and not until the last few minutes was the outcome certain. A large crowd witnessed the game and the rink rang with the yells of the respective colleges. Referee Dug, Patterson headed the whistle most satisfactorily. The Wolfville Band furnished good music before the game and between the periods. At the close of the game the spectators were given an hour's skating.

The game commenced at eight o'clock and during the first few minutes Acadia kept the play in U. N. B.'s territory. Repeated shots were raised on the goal but MacGibbon was there with the goods. The visitors then settled down to work and to end rushes followed. Lockary scored the first goal after twenty minutes' play. Repeated shots with an efficient and was forced to retire, his place being taken by D'Almeida while Loring Andrews went on the wing. Soon after this Curry, by excellent work, tied the score. Before the close of the period Melanson scored for U. N. B., making the score 2-1 in their favor.

In the second half both teams tried hard to win. MacGibbon and Curry came together with the result that the former was carried off the ice, but he soon came back. Haley was sent to the box for a rest. After some strenuous play Andrews evaded the score. From the puck-off play was carried into U. N. B.'s territory but the puck was soon carried to the penalty zone. The visitors again scored from a mix-up in front of Acadia's goal. Curry soon returned the compliment. D'Almeida was sent to the cooler, followed in a few minutes by MacGibbon. Sharp play followed. D'Almeida found the net for Acadia. A few minutes later D'Almeida scored again. Curry was penalized, U. N. B. tried hard to cut down the lead but in vain and the game ended with the score 5-3 in favor of Acadia.

The teams lined up as follows: Acadia U. N. B. Leeman goal MacGibbon Leslie point Penney Stevens cover point Melanson Curry (capt) rover Barry Releigh centre Lockary D'Almeida l. wing (capt) MacGibbon Haley r. wing Pugh

WOLFVILLE S. WINDSOR 4. Over 400 fans saw the Wolfville boys defeat Windsor here last Monday night by the score of 5-4. This victory puts Wolfville two games in the lead. The ice was in good condition and the game was exceedingly interesting, at times, especially in the first period, the play was the fastest seen here this season. Fraser was unable to play for Wolfville and his place was taken by Spicer, who put up a good game. Eaton was back at his place at wing and played a splendid game. Shantz, although not up to his usual standard, kept Patterson guessing. Bagley was in splendid trim and played his usual steady game. Baird was always at the right place at the right time and did some effective work. Webster and Steep played their usual excellent game. J. Smith was back on the Windsor team, holding down the position of rover. If he would not play off-side so much it would make the game faster and suit the fans better.

Patterson and Steep made some splendid rushes and played the star game for the visitors. Harley and Burbridge played their positions well. Dupuy did some 2-2 defense work and Sullivan made some sensational stops.

At about 9 o'clock Referee Young started the play. Play went to Windsor's territory. Patterson received a station penalty. After getting the ice and passed to Baird who scored, time 3 minutes. After this followed some exceedingly fast hockey, and Shaw got the puck from a mix-up off the Windsor's goal and added another to the score. Play stayed near Windsor's goal and Sullivan was called on to stop some hot ones. Then the visitors settled down to work and for a time play was all over the ice. Just before the period ended Bagley found the net, and the period ended with the score 3-0 in Wolfville's favor.

Windsor rushed things in the second period and in one minute scored their first goal from a mix-up in front of Wolfville's goal. The puck off again carried the puck up the ice but failed to score. Bagley got the puck and added another to the score. Windsor got busy and scored twice in quick succession. Burbridge was penalized for tripping. Shaw got past Sullivan making the score 5-3. Near the end of the period Bagley met with an accident that caused a little delay.

In the third period Windsor tried hard to tie the score but Wolfville's defense was too strong. Dupuy scored the only goal of the period and the game ended with the score 5-4 in favor of Wolfville.

Windsor, At Wolfville, Feb. 19th, to Mr. and Mrs. A. M. Young, a daughter.

MARRIED. Therry-Ross.—At the Methodist parsonage, Wolfville, N. S., Monday, Feb. 19th, by Rev. A. C. Bondy, D. D., Burton Richard Trety and Jennie Burton Ring, both of Annapolis.

Carnival.

The Potty Dress Carnival held at Evangeline Rink on Wednesday evening was the best held here for some years. The rink was gaily decorated with flags and the ice in excellent condition. About 200 were in costume, some of which were very pretty. The total attendance was about 1200, of which 800 were on the special train from Middleton. In addition a great many drove in from the near-by towns. The Wolfville and Berwick bands furnished a splendid program of music. The prize classes were as follows: Mr. John Pines and Miss Lutz, of Wolfville, dressed as Uncle Sam and Miss Canada and representing 'Reciprocity.' Mr. Edgar Whittles, as 'Perrot.' Miss Hazel Harland, as 'Daisy.'

Fresh supply of dry cell, flash lights, and batteries just arrived at the Wolfville Garage.

Men's Bible Class.

The subject to be considered at the next Sunday meeting of the Bible Class for men will be 'Work and Property,' or does Jesus demand of his followers the surrender of all wealth and property as a condition of discipleship. The class is held in the church auditorium at three o'clock Sunday afternoon and everybody is most cordially invited.

Mr. Fletcher's health is so much improved as to make it imperative that he rest for at least a month or six weeks or perhaps longer. That his pupils will be able to do so well as possible Miss Edna Estelle Hall, a graduate of the Yale School of Nursing, and a pupil of Miss Fletcher and Joseph and a teacher of experience, has been appointed to take his work. Miss Hall arrived Thursday and will meet Mr. Fletcher's pupils to-day, Friday.

CITY CIRCULATION AGENT

Of Leading Montreal Daily a course of GIN PILLS

1700 long years of suffering from Kidney Trouble. I have been cured by your famous GIN PILLS and I feel a new man. I had only known what I know now I would not have spent over one hundred dollars for nothing when two boxes of GIN PILLS cured me.

ROBERT QUENNET. GIN PILLS are gaining a world-wide reputation, by the way they conquer the most obstinate cases of Rheumatism and all kinds of Kidney Trouble. I can assure you I can hardly believe it if I had only known what I know now I would not have spent over one hundred dollars for nothing when two boxes of GIN PILLS cured me.

May 3rd, 1912. I have been suffering from Kidney Trouble for over five long years. I had also a sensation in all my bones and muscles, could not sleep at night and on some occasions could hardly walk. I have treated by some of our best Physicians but without relief and I lost over fifteen pounds. One day I met one of our leading bookkeepers, who had been cured by your famous GIN PILLS, and he advised me to try them. So I bought two boxes at my druggist's and before I had used one box I felt a big change. Before I finished the second box I was completely cured. If I had only known what I know now I would not have spent over one hundred dollars for nothing when two boxes of GIN PILLS cured me.
