Before and Since Liberal Rule.

Total expenditure for the fiscal year ending June 30, 1896, the last year of Conservative rule, \$4,702,382; for the fiscal year ending June 30, 1900, the total expenditure was \$5,713,810; estimated expenditure for the current fiscal year \$5,312,527.

A WINNIPEG despatch of the 28th inst. says: C. H. Campbell, attorney general of Manitoba, is re-elected by a splendid majority in Morris. At the general election in 1898 Campbell was returned with a majority of 100. On Saturday night, with five distant polls to bear from, which will increase his majority, the attorney-general had a majority of 318. It will swell to 400 at least. This election became necessary in consequence of Mr. Campbell taking the office of Attorney-General in succession to Hon. Hugh John McDonald in the reconstructed Manitoba Cabinet. Morris is not a large constituency, and prior to the elections of 1899 was represented by a supporter of Greenway. It will therefore be seen that a majority increased from 100 in 1899 to 400 in 1900 just on the eve of a Dominion general election means a sweep for the Conservatives in that Province.

Mr. H. O. Lisle, barrister, Dawson City, while passing through Winnipeg on his way to England on business, was interviewed by the Telegram, and among other things declared:—

"I have read the report of Sir Herbert Tupper's speech at Brandon in regard to Yukon matters. Sir Herbert Tupper did not state one tenth of what he might have truly said in regard to the matter in which the administration of affairs has been conducted there since the rush to the gold fields commenced. The manner in which the officials have acted and in which they are simply shocking to anyone accustomed to British ideas of government."

Mr. Lisle is an Englishman with no particular interest in Canadian politics, and hence able to give an unprejudiced view of Yukon affairs. The interview referred to is a long one, but we hope to find room for it in The Herald within a day or two. Of the truth of the charges of maladministration there is not a particle of doubt. Not a man returns from the Yukon who does not privately assure his friends that affairs out there have been worse than any account that has ever been written of them.—Halifax Herald.

Bright Prospects of Victory.

But one week now remains till the elections of Canada shall have the privilege of determining by their ballots which of the two great political parties shall control the Government of the Dominion for the next five years. The issues before the people have been pretty thoroughly discussed in the press and on the public platform, and it is reasonable to suppose that almost every intelligent elector has by this time fully made up his mind as to how he will cast his ballot. It does not appear to us that any one, still in doubt, should have any difficulty in arriving at a safe and sure conclusion regarding the candidate and the party for whom he should vote. An honest comparison of the promises and performances of the Laurier Government cannot fail to convince an unbiased elector that they have forfeited public confidence and deserve to be driven from power. Let any elector who hesitates in his determination to vote against the Government, reason with himself in

this fashion: When the Liberals sought our votes in 1896 they solemnly promised to reduce the public debt; but they have increased it. They promised to reduce the expenditure; instead of that they have increased it by many millions a year. They promised to reduce taxation, and they have increased it by several millions of dollars. They proclaimed themselves the party of political purity and in the face of this have been guilty of the most outrageous election scandals in the Brockville, West Huron and other elections, and the Government threw the shield of their protection over the guilty perpetrators. They condoned the scandalous wrong inflicted upon our soldiers in the emergency rationing scandal. In short, they have trampled under foot every promise of reform made before the election, and have prostituted every principle of political justice and honesty. The evidence of all this is spread broadcast on the political records of Canada for the last four years, and every honest and unbiased elector must conclude, after reasoning the matter out, that a party capable of so flagrantly violating its pledges and promises and sacrificing all principle at the shrine of political expediency, is unworthy of the further confidence of the Canadian electorate. As a further proof of the Government's unworthiness, it is only necessary to look about and see the defections from their ranks in all parts of the Dominion. Scarcely a day passes but we hear of one or more life-long Liberals, leading members of the party, severing their connection with the Government's side and throwing in their lot with the Conservatives. These are intelligent and practical men and can no longer allow themselves to remain in a false position. They remained with their party as long as possible; but seeing matters going from bad to worse, felt compelled to make the plunge. Following is a short extract from Mr. H. H. Cook's written opinion of the Government: "The record of our party while it has been in power under its present leaders is one long, shameful story of promises unfulfilled and broken; of reckless extravagance; of jobbery and corruption; and of utterly disgraceful betrayal of every principle for which a party stood. For the purpose of securing themselves in office the men who have been entrusted with positions of leadership have brought disgrace upon our party and dishonor upon the name of Liberalism." There are many others, as well as Mr. Cook, who perceive the rashness of which the Government is guilty, although perhaps they have not expressed themselves so openly. But when the day of election comes, these are most likely to mark their ballot against the Laurier Government. The signs of Conservative victory are everywhere in the air; from every province comes the strongest evidence that the Government are losing ground, and the prospects are bright for a sweeping Conservative victory. The result of the by-election in the constituency of Morris, in Manitoba, which we publish elsewhere, may be taken as an evidence of the manner in which Hugh John McDonald is going to sweep that province on the 7th of November. In our own province our cause is gaining strength every day, and the prospects are bright for sending five Conservatives to support Sir Charles Tupper. It is the duty of every intelligent independent elector to go early to the polls and cast his ballot against the corrupt and deceitful Laurier Government.

Are the Charges True?

That politically independent Journal Events, published at Ottawa and Toronto, offers a very proper comment on Mr. Cook's manifesto. It says:—"Mr. H. Cook, ex-M. P., a distinguished Liberal who has turned on the Laurier government, is occupying a good deal of the attention of politicians. His manifesto is a lengthy document, and in it he goes for the government in no mild way. He charges them with having broken every pledge they ever made, and he proves his charge right out of their own mouths. No Liberal, who is true to the history and principles of the Liberal party can, he says, support the men who now preside over its destinies, and the reason why they cannot support them is that, in doing so, they will become sharers in the perjury of their leaders. The reply that the Liberal organs make to this is that Mr. Cook wanted a senatorship which he did not get, and now he is sore on the party and is taking this way to get even. This is a heavy argument indeed. It is an argument, too, that could have been used against Mr. Tarte at the time of the Langevin scandal, when he was sore because the Conservatives would not come to his terms. Yet Mr. Tarte's charges were true and were proven, and were not one cared what his reasons

Hot biscuit made with impure and adulterated baking powder are neither appetizing nor wholesome.

were for making them. A service was rendered to the country, and that was all the country cared or had a right to care about the matter. So with Mr. Cook, no one cares what his reasons are, the thing to be considered is, 'Are the charges true?' The Liberal organs have not been able to answer them in any other way than by abusing Mr. Cook and, as every one knows, when a disputant descends to abuse, he has exhausted his argument." That is the view of an independent Liberal journal takes of Mr. Cook's letter, and that is the view that every intelligent and independent elector who reads it will take of it. Every elector should read that letter, which we have already published in our columns. Indeed that letter is worthy of several readings; and we therefore here make an extract from it, presenting a summary of Mr. Cook's promises and their flagrant violations, and pointing out the only reasonable course for the honest elector to pursue:—

"It would be utterly wearisome to review in detail all the ugly record of promises made and broken by the present government. I can only glance at some of those not already noted. "We denounced the number of paid ministers in the cabinet was too great under the late administration. We have the same number still and their aggregate salaries are \$4,000 per year greater, one-half this sum going into the pocket of the minister who recently declared that every pledge had been kept. "We denounced the expenditure on account of superannuation, and pledged ourselves to wipe it out; it was greater by \$14,331 in 1899 than it was in 1896. "We denounced as useless the creation of the department of trade and commerce. The 'useless' department has been continued. "We promised to abolish the senate, or radically change its constitution; by affording that body an opportunity to save the country from the consequences of extravagant and corrupt deals, the government has enabled the senate to demonstrate its usefulness almost its indispensability. "We denounced the development of monopolies, trusts and combines, as a consequence of the policy of our opponents; not a single one of those which were in existence in 1896 has been destroyed or put out of business, while others have been created and given a foothold in the country by the direct action of the government. "We declared that the expenditure for the administration of justice was too great, Sir Wilfrid Laurier even going so far as to say that thousands of dollars paid to counsel had been improperly, if not corruptly, paid; the expenditure of this department has been increased by \$353,000. "We denounced the expenditure of \$120,000 for immigration purposes; we have more than doubled this expenditure, increasing it to \$255,000. "We condemned the granting of public lands as bonuses to railways; only by the opposition of the senate was the government prevented from consummating a deal by which twenty-five thousand acres of gold-bearing lands, to be selected by the beneficiaries, was to be given per mile for the building of a narrow-gauge railway. A transaction so flagrantly improper that several government

supporters refused to vote for it, and it is doubtful if anyone would now be willing to defend it on its merits. "We denounced the granting of cash bonuses to railways, declaring it to be a 'fruitful source of jobbery, speculation and corruption;' we have well-nigh out-herded Herod by the reckless way in which we have granted cash bonuses to railways, giving in one instance, for the same railway, two millions more than we had condemned our opponents for offering; and in another, actually granting a bonus to a road for which no charter had been granted, and which was not even projected.

"We condemned all corruption, yet our leaders have made us responsible for the Crow's Nest job, by means of which the directors of the leading government organ were permitted to practically grab a quarter of a million acres of coal lands, and the country is saddled with a totally unnecessary payment of two millions of dollars.

"We promised purity of administration; the history of the notorious Drummond Railway job shows what regard our leaders had for such a promise. "But why go farther? The regard of our party while it has been in power under its present leaders is one long, shameful story of promises unfulfilled and pledges broken; of reckless extravagance; of jobbery and corruption; and of utterly disgraceful betrayal of every principle for which a party we have stood. For the purpose of securing themselves in office the men who have been entrusted with positions of leadership have brought disgrace upon our party and dishonor upon the name of Liberalism.

"What, then, is our duty to our party and to our country? Again I repeat that only by repudiating these leaders, by disassociating ourselves from them, and by doing all that may be in our power to punish them for their falseness and treachery by driving them from power, and from the offices which they retain as the price of their treason to principle, can we as individuals and as a party avoid sharing their guilt and participating in their shame."

"That is surely the only reasonable conclusion, after reviewing such a record of broken pledges and maladministration. As Events says, the only question for the electors is, are the charges true? and the Grits admit the truth of them by making no reply to them and by turning to abuse, the writer of them. This is clear admission that the charges are true and unanswerable. In concluding his comment respecting Mr. Cook, Events refers to the reason he gave for not getting a senatorship, namely that he would not pay \$10,000 for it, and says:—"This is not the first time that I have heard of political honors going to the men with the long purse who are not adverse to opening it to the party heeler. It is a custom imported, I believe, from France, where titles have a trade value, and are sold on the market. It may be possible that some of our Ministers who are fond of visiting 'dearly beloved France,' made the discovery there that titles have a value in dollars and cents, and came home to introduce it here. However that may be, we have the practice, and if cannot speak truly, it has passed

THE Montreal Gazette a few
days ago republished an article
from the London Saturday Review,
one of the most influential of the
British weeklies, in which it takes
the ground that the mutual preferential
trade policy proposed by
Sir Charles Tupper is not only
practicable but is steadily gaining
ground in England. The Saturday
Review says: "They who speak of any such idea as Utopian
or alarmist (according to their
point of view) do not realize the
change of thought on these matters
that is going on in the minds of

Splendid for the Con-
servatives.
The meeting in the Market
Hall on Wednesday evening last,
was a splendid victory for the
Conservatives. The meeting was
called by Sir Louis Davies and
Mr. Stewart was invited. Under
these circumstances, it would be
most natural to expect, the Lib-
erals would exert themselves to
have the meeting in their favor.
But it was evident to every un-
biased observer that the Con-
servatives had turned the tables on
their opponents. The Hall was
packed to its utmost capacity—
even standing room being at a
premium. Sir Louis spoke for an
hour and a half and was followed
by Mr. Stewart, who spoke for
the same length of time and
severely scored the gallant Knight.
Mr. Stewart's reception was the
most enthusiastic ever accorded a
candidate in this city. Well done

The Sweep of Victory.
In Winnipeg Centre on the 1st inst.,
Taylor, the Conservative candidate,
was elected to the Provincial Legis-
lature by a majority of 157 over the
Grit opponent. The constituency
has been held by the Grits for over
twenty years, and by Colonel Mc-
Millan from 1886 to the time of his
appointment as Lieutenant Governor
of the Province of Manitoba a few
weeks ago. It was carried by Colonel
McMillan at the general Provincial
elections a year ago by 115 of a
majority. Notwithstanding this re-
cord it is now in the victorious Liberal-
Conservative column. This splendid
victory coming right after that of
Attorney-General Campbell in Morris
a few days before, may be taken as
a fair estimate of the Conservative sweep
in Manitoba on the 7th inst. It is
significant that our Grit contempor-
aries furnish no account of these land

Candidates Nominated
Nominations of candidates for
the Commons elections took place
all over Canada on Wednesday
last. The keenness with which
the contest is waged may be
judged from the fact that only
three members, so far as learned,
were elected by acclamation.

These are Seagram, Conservative
in North Waterloo, Ontario, La-
vergne, Liberal in Drummond and
Arthabaska, Quebec and John
Charlton Independent in North
Norfolk, Ontario. In this Pro-
vince five Conservatives and five
Liberals were nominated. Mr.
Stewart was nominated for West
Queen's by W. E. Dawson, ex-
mayor, G. W. Howlan, ex-Lieut.
Governor, and hundreds of the
leading men of the riding. Mr.
Martin the candidate for East
Queen's was nominated by Daniel
McLaren, William Martin, and
leading merchants, mechanics and
farmers from all parts of the rid-
ing. In King's, Mr. A. C. Mc-
Donald was nominated by Hon.
D. Gordon, seconded by J. A.
Matheson, Esq., and supported by
hundreds of the sturdy yeomanry
of the County. The Conservative
candidates for East and West
Prince were put in nomination by
hundreds of the leading men of
their respective ridings.

La Presse.

A RATHER significant sign, which is
a good indication that the Conser-
vatives are going to carry the country on
Nov. 7th, is the fact that La Presse,
of Montreal, the leading French Can-
adian paper, which has been favoring
Sir Wilfrid Laurier, is forced to admit,
editorially, that the Conserva-
tives are putting up a marvellous
fight.

"The political campaign which
the Conservatives are conducting,"
says La Presse, "is really marvellous,
showing, as it does, what force may
be given to a party to organize it for
battle. The Liberals themselves,
admit that the Conservatives have
good reason to hope for victory.
The news which comes from all parts
of the country indicates that the
Conservatives are showing in the
fight an energy and vigor beyond
comparison, and superior to anything
that has been seen in the history of
the parties.

"Sir Charles Tupper, if he triumphs
next week, will have on his side a
very strong support from the province
of Quebec, composed of several
men of undoubted force. Every one
admires with reason the splendid
fight being made by the Conserva-
tives."

When La Presse, after its recent
attitude, has to make such an admis-
sion it is a sure sign that the Conser-
vatives are going to win.

Vote against the upholders
of the Brockville and West
Huron election scandals.

Numerous Liberal Con-
versions
Every day brings news of the
conversion to the Conservatives
of leading Liberals in all parts of
the Dominion. At McGregor,
Manitoba, Alexander Hamilton
made application for admission to
the Conservative Association. He
declared himself a Liberal of
twenty-five years standing; but
expressed his disgust at the con-
duct of his party. At Nanaimo,
B. C., W. W. B. McInnis, ex-Lib-
eral M. P., made a fierce onslaught
on the Government, declaring it
unworthy the support of any re-
spectable man. H. H. Lynch, at
Montreal, spoke in favor of Mr.
Monk, Conservative candidate for
Jacques Cartier. He had been a
Commissioner sent by the Gov-
ernment to investigate Yukon
affairs. His report was not favor-
able to the Government and Sifton
suppressed it. He declared
Sifton's administration of the Yukon
was rotten. W. J. Butler "an old
East Northumberland Liberal" in
the Province of Ontario, ex-
presses his astonishment at the
silence of Liberal speakers regard-
ing Cook's charges, and hence con-
cludes they must be true. He
will vote and work against such a
Government. D. A. McDonald,
William Gillespie and J. A. Kerr,
all former leading Liberals at Re-
gina declare themselves in favor
of N. F. Davin, Conservative
Hon. J. O. Barbarie and Alexander
Cook, old-time Liberals, are work-
ing hard against the Grit pledge
breakers in Ristigouche County,
Quebec. E. B. Thibault, a delegate at-
tending the Conservative conven-
tion for Richmond County, Q. B.,
had previously been strong Lib-
eral, and one of them had walked
fifteen miles to be present. These
are but a few of the old-time Lib-
erals who are changing their al-
legiance; but they are sufficient to
show how the tide is running
against the Laurier Government.

Vote against Blair, Tarte
and Sifton.
THE Montreal Witness considers
that the "present Government has
made a great mistake in treating as
enemies of the Liberal party those
Liberals who have been unable to
approve of the Government's acts."
It further says that "certain of the
Government's acts have been indef-
ensible, and these Ministers who are
at times given to examining their
own consciences must have often
reminded the fact. Wealthy ar-
dentists, but a fish and greedy
members of the party, the great
railway corporation, wise but without
ministers, powerful, sectional and
partisan interests have all times got
the better of the Government." Con-
sidering that the Montreal Witness
has heretofore been an ardent sup-
porter of the Government, this attack
on the Liberal party on the eve of
the election is a severe blow.—Sydney
Herald.

A Patriotic Warning.

WITHIN the past week, Mr.
Tarte made his expiring kick, in
the form of a base appeal on racial
lines to his fellow countrymen, in
the Province of Quebec, in support
of the Laurier Government. He
delayed his trip to Ontario, know-
ing that he would receive a cool
reception there and hoping that he
might use it to stem the rapidly
rising tide against him in his
own province. But the French
Conservatives are alive to the im-
portance of the present contest
and the wickedness of arraying
Quebec against the rest of the
Dominion in support of a corrupt
and utterly discredited political
party. The Conservatives have
sounded the alarm and in a docu-
ment breathing peace and harmony
they appeal to the people of Que-
bec to condemn Mr. Tarte's tactics.
The following is a translation from
the French of a circular signed by
every French Conservative candi-
date in the province:
"Finding the French-Canadians
rising in their might to overthrow
the Tarte Government, the Lib-
erals have printed and issued at the
last hour on the very eve of an
election a pamphlet intended to
rouse unthinking masses to the
fruity of a mob in the hope of
carrying them to the ballot-boxes
blinded by racial prejudice. There
never was a more deliberate at-
tempt to raise a veritable race
war, and which if persisted in can
scarce end in anything but open
rebellion or annexation.
"Is it the work of men driven
by despair and who, rather than
risk the will of the people at the
polls, descend to the wretched ex-
pedient of rousing, by inflamma-
tory appeals and imaginary stories,
the worst passions that human
beings can be guilty of. As the
Boxer element in China was
roused to deeds of violence and
blood-shed, so the Liberals in this
pamphlet seek to de-throne reason
and intelligence, and to drive our
people of the province to acts
they may regret all their lives.
"Tarte and Blair and Sifton
think they can deceive us French-
Canadians, but let them beware.
"The French-Canadians are
finding out that Mr. Tarte, who
was a poor man in 1896, is now
rich and lives luxuriously. He
and his Liberal Government have
made life dear for the poor man.
Clothing, coal oil, groceries, hard-
ware, furniture, coal, everything is
dearer now than when the Conser-
vatives were in power. Tarte
thinks by exciting us, the French-
Canadians, on the race question,
he will make us forget the extra-
vagance of the Liberal Govern-
ment, the corruption of the Liberal
Government, the scandals of the
Liberal Government. Tarte and
Blair and Sifton think if they can
only entrap the public into giving
them another term any device or
stratagem will do and then they
can snap their fingers at the peo-
ple. Blair has grown suddenly
rich and is buying for his house
the finest pictures and works of
art in Europe. Sifton rejoices in
a princely expenditure in his own
way.
"All these men were poor men
four short years ago. Now they
are growing rich by leaps and
bound.
"Laurier has no say, no power,
no influence over these men and
has become their tool.
"The outlook is black unless
the people use the only remedy
open to a free people.
"French-Canadians, beware. Do
not let Tarte deceive us.
"Sir Charles Tupper, Hon.
George Foster, Hugh John Mc-
Donald, Hon. T. C. Casgrain, Mr.
Mr. J. G. H. Bergeron, Sir
Andolphe Caron, Hon. L. O. Taill-
lon, Hon. T. G. Chapais and other
leading Conservatives have spoken
throughout Quebec, Ontario, New
Brunswick, Nova Scotia. Have
these men uttered one word in
Quebec that they have not re-
peated in the other provinces?
Have they uttered one word in
the English provinces that they
have not uttered in Quebec before
French-Canadian audiences? Not
one.
"Who is this?
"Because these Conservatives,
reared in the Macdonald-Cartier
school, are statesmen, not un-
patriotic politicians.
"We French-Canadians want
to live on terms of friendship
with our English-speaking fellow-
citizens. We want to trade to-
gether, we want to work for each
other, and we want to make
Canada a grand country.
"Is the United States the
Americans—French, German,
Swiss, Austrians, Russians, Ital-
ians—all live in peace together
and make their country great
and their people happy.
"Let us do so in Canada, and
we will get more than is good out
of our lives.
"Who the undersigned French-
Canadian candidates for Parliam-
ent call upon our French-Canadian
fellow-countrymen to stop
and think before giving way to
the passion that Tarte and the
Liberals with him of this province
are trying to excite. Beware be-
fore it is too late.
"Is this election pamphlet referred
to is not the work of men who
are friends of French-Canadians
or any other Canadians. It is the
work of the power of darkness in
an attempt to incite men to crimes
that may stain Canadian history
and never be forgotten.
"Do not give the world the
spectacle of the French-Canadian
race being led by fanatical politi-
cians.
"Think before it is too late.
"Follow French-Canadians, be
patriots. Think of our past his-
tory and the possibilities of a glo-
rious future and refuse to be led
by zealots.

HOME FROM THE WAR!

A Grand Demonstration in
Honor of Johnny
Canuck.

Here's to our Boys!
What Boys?
Our Boys,
The Boys that we sent away.

Here's to the Boys!
What Boys?
Our Boys,
We welcome with pride to-day;

To the boys who fought;
Amid shell and shot
In many a stubborn fray.

Here's to the Boys!
What Boys?
Our Boys,
And here's to our Boys, Hurrah!

The citizens of Halifax were awak-
ened from their slumbers at 2:45 o'clock on
Thursday morning by the booming of
cannon from the citadel, proclaiming
the glad tidings that the troops of Idaho
with Canada's pride on board was com-
ing up the harbor. Soon the streets
were alive with people from all parts of
the Dominion. Flags were flying every-
where to the breeze, and the boys on
landing were given a hearty reception.
The steamer's late arrival was due to
the fact that two of her propeller blades
had snapped off short when seven days
out from Cape Verde. We cannot here
give an adequate account of the recep-
tion given to the boys at Halifax. All
we can say is that it was magnificent,
and that the boys were fairly idolized.

In Charlottetown business was sus-
pended at five o'clock Friday afternoon,
and by six o'clock the city had already
assumed a lively aspect. The boys were
expected to arrive in the Princess from
Ploton at half past seven. Shortly after
seven the militia companies in full
strength, headed by the 4th Regiment
Band, marched from the drill shed to the
wharf. At the wharf the crowd of the
people was simply enormous, and the
policemen and marshals of the different
societies found it impossible to keep the
crowd from encroaching on the line of
march. Looking from the wharves on to
the river the sight was magnificent.
Anchored in the middle of the river
was an immense raft of kerosene cases
burning furiously, which cast a vivid
glare all over the water; added to this
was the glory of a clear moon shining
overhead. Coming up the harbor was
the steamer Princess, escorted by the
Stanley and the Brant. As these vessels
steamed up the harbor rockets were
fired from their decks, and from the
deck of the Minot at Connelly's wharf.
From Fort Edward the boom of cannon
could be heard, blending its noise with
the clanging of the fire bell and the
screaming of the steam whistles of the
(City of Ghent and all the other steamers.
As the Princess passed along the
wharves the crowd cheered lustily, and
the cheers were sent back by the "gen-
tleman in khaki." It did not take long
to dock the Princess and land the
"boys" on the wharf. The procession
they moved ahead. All the different
societies were there in full force, and
four bands were playing. Near the
Hotel Davies the procession had a hard
job to force its way through the crowd
who had come from all over the Prov-
ince to see the home-coming. The pro-
cession was about half a mile long, and
torchlight lit up the width of the street.
After making a detour through several
streets the procession brought up on
the south side of the Market Square, where
a large stand had been erected for the
"boys" and others. Here a grand pro-
gramme of music, songs and speeches
was conducted. The display of fire-
works from the roofs of the buildings
during the time this was going on, was
one of the best ever witnessed here.
Judge Fitzgerald after calling for three
cheers for the boys was followed by
Premier Farquharson who read an ap-
propriate address. Chaplain Fullerton
spoke next on behalf of the returned
men. He told of their trials and hard-
ships which they had borne like true
men. He thanked the people sincerely
for the grand ovation. Lieut. McDonald
also spoke in terms of praise and thanks
for the demonstration. Lieut. Gov.
McIntyre speech was one of welcome,
in which he stated that he was proud
to have an opportunity of once more
addressing the men who had gained
such glory for Canada. They had ful-
filled all that was expected of them. He
also alluded feelingly to the death of
Roland Taylor and Alfred Riggs. The
other speakers were Chief Justice
Sullivan, Councillor Horne, on behalf
of the City Council, Col. Moore on be-
half of the Militia, and Mr. George E.
Hughes, President of the Board of
Trade and promoter of the Soldiers
Fund. At the end of his excellent ad-
dress he presented each man with an
envelope containing fifteen dollars to
gether with a list of the names of the
contributors. Patriotic songs were en-
terpreted between the different
speeches and the singing of "God Save
the Queen" brought to an end the
great celebration ever held in Char-
lottetown. Bishop McDonald and the
City Clergy of all denominations, had
places on the platform.

LOCAL AND OTHER ITEMS.

Capt. George Bell, a native of New London, died at Juneau, Alaska, on Oct. 11th. He was 54 years of age.

A New Post Office will be opened at Churchill, about two miles west of New Haven, with Mr. D. McGillivray as postmaster.

Mr. James Stewart of the Island railway, while coupling cars in the railway yard on Monday afternoon last had one of his hands badly injured.

Mr. John White of Birch Hill near Pownal, had the misfortune to fall from his wagon several days ago, with the result that one of the wheels passed over his leg breaking it.

During the demonstration at Quebec City over the return of the soldiers, a riotous balcony on the Chene Dor Hotel fell. Four persons were injured—two fatally.

A FIRE which caught from the furnace in Quirk's Bakery, Grafton Street, on Thursday morning, caused thirty dollars worth of damage. The fire was extinguished in about fifteen minutes.

THE Ocean Accident & Guarantee Co., have paid twenty-one claims to the legal heirs of Canadian soldiers killed in South Africa. This is the insurance which was effected through Sir Charles Tupper.

The store of Mr. G. S. Mattart at Alberton was burglarized Friday night. A quantity of tobacco and some other articles are missing. Mrs. Wisner's house was also entered and some silverware stolen, also some bed-clothing.

The members of the Canadian Contingent belonging to the Maritime Provinces have formed an association to meet every year at Halifax, St. John and Charlottetown alternately to talk over old times in South Africa.

The schooner May Florence collided with the schooner Fred. M. Reynolds, in Georgetown harbor on the night of the 29th ult. The stern of the Reynolds was cut away and the Captain was knocked overboard. He was rescued just in time.

Tax committees appointed to procure information regarding the design, cost, etc., of the proposed monument to the South African heroes have written for the necessary information and as soon as sufficient data has been prepared a meeting of all interested will be called.

The Cheese Board met on Friday about 6000 cheese were boarded, a large number of which sold at ten cents. Messrs. Dillon & Spiller, A. J. Biffin and Carvell Bros were the buyers. The cheese was mostly October marks. The next and last meeting will be held on Friday, the 16th inst. at half-past one o'clock.

AN incendiary has been at work for some time past at Baldwin's Road and on several occasions farmers have lost heavily. Mr. Bernard McArree has been the heaviest sufferer, having on one occasion lost two barns filled with hay and grain and two horses with their harness. The last of the fires took place on Friday of last week. It is to be hoped that the villain will soon be captured.

The returned Island soldiers were given a good reception in Plover. The whole town turned out in a body to see them. With a band marching before them they were escorted to the Custom House where an address was presented to them by the mayor of the town. The Boy's Highland Brigade of this city went over to meet them and received many compliments for their fine appearance.

A DASTARDLY act was committed at Amherst, N.S., on Monday night, which caused the death of the well-known Quebec mare, Lina Belle. It appears that on the night mentioned, some persons broke into her stable and gave her a dose of croton oil. The next morning she was found to be in a pitiable condition, and everything possible was done to try to save the animal, but without avail. Mr. Laroche the owner of Lina Belle, valued her at \$5,000. The man concerned who committed this act is fit for anything.

Has Heard of Him.

The following lines from the Washington Star would seem to show that its editor has heard of Sir Wilfrid's pre-election promises and post-election deeds—
I'll promise you sunshine, I'll promise you rain;
I'll promise you fabulous prices for grain;
I'll promise you beauty by day and by night;
I'll promise you music and symphonies and light.
Let's look to the future and ponder no more
On the numerous things I have promised before;
'Twas mentioned when first my career I began.
I am an exceedingly promising man,
I'll flatter your fancy and squander your schemes
With limitless wealth from the mist of my dreams,
Come pledge me a vote ere I part from the place,
And I'll fling you a promise with prodigal grace!
You'll find I won't falter whatever be the boon—
A rosebud in winter; a snow drop in June;
The health of a peasant; the pomp of a king—
In short, I will promise you any old thing.

In the matter of the dog-biscuit rations which was supplied to our Canadian troops in South Africa, instead of emergency rations, it is possible that the Government was the victim of a swindle by Montreal parties. But why was not the matter followed up by the Government and the guilty parties punished? Why was not the swindler put in the penitentiary, instead of defended? This is the question that has set the averagelector thinking.—Sydney Herald.

Dyspepsia is difficult digestion, due to the absence of natural digestive fluids. Hood's Sarsaparilla restores the digestive powers.

Hood's Pills for the liver, and cure biliousness, rheumatism, jaundice, indigestion, etc. They are invaluable to prevent a cold or break up a fever. Mild, gentle, certain, they are worthy your confidence. Purely vegetable, they can be taken by children or delicate women. Price, 25c. at all medicine dealers or by mail from T. Hood & Co., Lowell, Mass.

The Farmer and the Government.

(Ottawa Events, Independent.)

What relief has the farmer got from the tariff? How much less has he to pay for his sugar, tea, tobacco, coal oil, binder twine and machinery than he had in 1897? Instead of having less to pay he has more to pay today, for everyone of the Canadian farmer did not get his share. The Toronto Sun has figured out how the farmer stands today compared with where he stood in 1896, and the following is the result:

- It requires 50 per cent more wheat to buy a stove than it did in 1896.
- It requires 20 bushels more corn to buy a wagon than it did in 1896.
- It requires 100 per cent more corn or wheat to buy a copper kettle than in 1896.
- It requires twice as much corn to buy a coil of rope as in 1896.
- It requires 40 per cent more grain to buy a hoe, a rake or a shovel than in 1896.
- A set of common wheels that cost \$7 in 1896, now costs \$12.
- The price of cultivators and other farm implements has gone up proportionately.
- Galvanized barbed wire costs from \$4 to \$4.50 per hundred more than in 1896.
- It requires 40 per cent more corn or cotton to buy a pound of sugar than in 1896.
- You have to pay 40 per cent more for glass than in 1896.
- The price of coal oil, lumber, tools and hardware has gone up from 40 to 100 per cent.

FOREIGN INTELLIGENCE.

DISABLED TANK STEAMER.

The sch. Niagara arrived in Gloucester, Mass. on Thursday, and Captain Carroll reports that while on the Banks he spoke to the sch. George Campbell, also of that port, which Captain Colson reported that he spoke a disabled tank steamer near Sable Island. The steamer had been crippled by the bursting of the water ballast tank, which had put out the fires and caused her to drift about for nearly a week. Captain Colson offered to break up his trip and carry a message ashore for \$1,500, but the captain of the disabled steamer refused to pay that amount and decided to run the chances of being picked up by an ocean liner.

THE COAL SITUATION.

The only mine now idle in the Lackawanna Valley, Pennsylvania, is the Forest Colliery at Archibald, which employs 700 men and boys. The strikers there refuse to go back until the company agreed to reduce the ton weight from 3,200 to 2,800 pounds. Negotiations are under way however, and the trouble, which has been on for eight months. The Green Valley Ridge, Marville, Nayang and Clarke Tunnel mines resumed today, the little difficulties there being amicably adjusted.

SEVERE EARTHQUAKE.

A severe earthquake visited Caracas, Venezuela, on Monday last. Fifteen persons were killed and many others injured. Great damage was done to buildings, including the Pantheon and the churches. The United States legation was badly damaged, but all the occupants escaped unhurt. President Castro, who leaped from a balcony on the second floor of the government house, had one of his legs broken. William Henry Heywood Hagarty, the British Minister, had a miraculous escape, the ceiling of the first story of the British legation having fallen upon him and buried him in the debris.

FIGHTING IN THE PHILIPPINES.

While scouting near Loos, Philippines, on Thursday last, a detachment of the 20th and 24th regiments, under Captain Reigter, were attacked by 400 insurgents, armed with rifles, under the command of a white man, whose nationality is not known to the Americans. The insurgents for the most part were unarmored. After a sharp fight, the Philippine soldiers drove off the enemy, killing more than 75. The fight lasted for two hours. Captain Reigter and three privates were slightly wounded, and two Americans were killed. General Hall's expedition with a force of 300 men, passing through the mountains in the mountainous province of Ilocos, in pursuit of the insurgent, General Canlas, although it developed a large number of the enemy, encountered great hardships on the march. Twenty Chinese porters died, and forty men were sent into hospital after contracting a disease. Reports from General Young's district show a disposition of insurgents there, owing to the fact that recruits are going together from the towns. While a detail of the 3rd volunteer infantry was returning from Bangang on rafts it was fired upon by insurgents, Sergeant Berdastler being killed and two privates wounded.

AN OFFICER AND FIVE MEN IN OUR DIVISION DIED FROM EX-POSURE THAT NIGHT.

When you see people cured by a remedy, you must believe in its power. Look around you and you will find that the neighbors all say that Hood's Sarsaparilla, America's Greatest Medicine, cleared the blood of their dear ones and they rise en masse to sing its praises. There's nothing like it in the world to purify the blood.

Sores—"My health was poor and I had a sore on one of my limbs. My father thought I better try Hood's Sarsaparilla, and I did so and the sores are now all better. Whenever I do not feel well I take Hood's." Miss Nellie ed. Law, Richmond, Quebec.

Hood's Sarsaparilla NEVER DISAPPOINTS.

In South Africa!

The Capetown correspondent of the London daily mail comments on the "astonishing outburst of Boer activity," and points out the possibility of the Boers having been considerably reinforced. Complaints are heard in Cape Town, he asserts, regarding the premature departure and dispersing with the services of the volunteer forces.

A despatch of Nov. 1, to the London Evening Standard says that Lord Roberts, who was scheduled to leave South Africa Nov. 15, has postponed his departure owing to one of his daughters being a sufferer from enteric fever at Pretoria.

A special despatch from Pretoria says that the Household Cavalry and the remainder of the Royal Canadian Regiment would start for home Nov. 3rd.

General Barton has had considerable success in fighting the Boers at Frederickstad. He had been harassed by General De Wet's men for some time, when he made a sudden attack with the Scots Guards and the Welsh Fusiliers and scattered the Boers with severe loss. The British buried over thirty Boers on the field. Several of these had been killed by bayonets, the fighting having been at close quarters.

Three Boers who raised a white flag and afterwards fired on the British, were captured and tried by court-martial. They were found guilty and sentenced to death, and Lord Roberts approved the sentence. They were shot on the following morning in the presence of the army. It is hoped that this will prove a salutary lesson to the Boers, who have been treacherously using the white flag.

BACK FROM THE WAR.

Hurrah! Hurrah! Let every one Who has our Empire's weal at heart Shout forth in loud acclaim To greet the men who took a part, To weld the union of the same: Hurrah! Hurrah! Hurrah!!!

We followed you in our mind's eye, We watched you every day; We shared in your joys and sorrows Throughout the entire fray; And now we greet you, one and all— Men of our own North land— So give them a hearty cheer, lads And grasp each hero's hand. Hip—hip!!! Hurrah!!!

Now these men represent A certain element— An element of good and solid worth. They are the Empire's backbone, And by their deeds they have shown That Britain's power is still supreme on earth.

Who are these men? Our own Gaieties, Our stalwart bucks, Our rushing, ramping lads. What did they do? They forced grim Cronje to the wall, They crushed the awful "gall" of Paul,

They made those men feel mighty "small," And now they're in the show, And the nations gaze in wonder, For they know the credit's due To the Northern "Sons of thunder" Who had crossed the briny blue, To teach the world a lesson And to show what WE could do. Hip!—Hip!!! Hurrah!!!

(Continued from first page.) ed the experimental stage." Manifestly the old Liberal who writes the political articles for Events places very little faith in Sir Wilfrid Laurier's cash denial that either he or any of his colleagues had, directly or indirectly, made any such offer of selling a senatorship, and there is no doubt the public generally have equally little faith in Sir Wilfrid's denial. —Halifax Herald.

The Conservative Policy. Protection to Canadian Interests, Canadian Labor and Canadian Industry. An earnest and persevering effort to secure Mutual Preferential Trade within the Empire. The best and the fastest Atlantic Steamship Service that can be got between Canadian ports and Great Britain. Provision for the shipment of Canadian perishable produce in cold storage, direct from the farm to the world's market. Canadian commerce for Canadian ports. An honest, economical and businesslike administration of the public affairs, and an end to deals and steals, and corruption, and trafficking in offices.

—Compared with 1895 every consumer is paying very much more for nearly everything that he buys: Coal is dearer by 30 per cent. Coal oil is dearer by 32 per cent. Sugar is dearer by 20 per cent. Paints are dearer by 30 per cent. Thread is dearer by 25 per cent. Gray Cotton is dearer by 10 to 15 per cent. Colored Cotton is dearer by 10 to 15 per cent. Stockings are dearer by 10 to 15 per cent. Lenses are dearer by 10 to 15 per cent. Boots and shoes are dearer by 15 to 25 per cent. Clothing is dearer by 17 per cent. Wall Paper is dearer by 10 per cent. Furniture is dearer by 10 per cent. Stoves are dearer by 30 per cent. Tinware is dearer by 25 per cent. Common Crockery is dearer by 25 per cent. Common Glassware is dearer by 25 per cent. Bed Ticking is dearer by 12 per cent. Gray flannel is dearer by 10 per cent. Brooms are dearer by 40 per cent.

If any one doubts these figures he has it in his power to verify them by comparing what he pays now with his bills of five years ago. It will, of course, be said that the government is not to blame for these increased prices. And in some cases they are not, though when in opposition they blamed everything on the then government, even to the bad harvests. But for many of the increases, the government is to blame. In some cases it has fostered monopolies, notably in coal oil, and in other cases it has not used its powers to break up combinations. For much, therefore, of the present high prices the Laurier-Tarte combination is clearly responsible.

Information for Electors.

The Qualification of Voters and How to Vote.

In the electoral districts of this Province the voting takes place by ballot. There is no registration of voters here. Every male British subject of the age of 21 years and upwards who has for six months previous to the 9th day of October, A. D. 1900, been in possession either as owner, tenant or occupant of a house or piece of land of the yearly value of six dollars shall be entitled to vote.

IN ADDITION TO ABOVE. In country districts every male British subject of the age of 21 years, who being liable to perform Statute Labor, has performed such Statute Labor or paid his commutation money for the year 1900, shall be entitled to vote, provided he has resided for twelve months in the electoral division.

IN THE CITY OF CHARLOTTETOWN. If a person cannot qualify as a tenant or owner, he may vote on his poll tax.

IF He has resided for twelve months previous to the 9th day of October, A. D. 1900, either east or west of Great George Street, and has paid his poll tax, or 75 cents of it, for the year 1899, OR HE CAN VOTE ON HIS POLL TAX RECEIPT FOR THE PRESENT YEAR, 1900. This tax may be paid at any time before the election, but not on election day.

Every resident voter must vote in the polling district where he is living on election day. We warn poll tax electors to be prepared with their poll tax receipts before they go into the polling booth. If you do not produce them your votes will not be taken, and you cannot again enter the booth. Tenants and owners do not require receipts.

No person who has voted at the election shall in any legal proceeding be required to state for whom he voted.—See Sec. 97 of the Election Act. The election law of the Dominion provides for perfect secrecy of the ballot, except in the case of a scrutiny before two judges of the Supreme Court. Before a scrutiny can be held, the person desiring one must deposit in Court one thousand dollars as security that he will be successful. No ballot can be examined until it has been proved that the voter has no vote, and no vote under any circumstances can be examined unless it has been marked objected to before the vote was given. No vote can be marked objected after the voter has received his ballot.

The ballots after being counted are sealed by the Returning Officer, who without opening the packets or breaking the seals, transmits them to the Clerk of the Crown in Chancery, and whilst in the custody of the Clerk of the Crown in Chancery no person is allowed to inspect them.

Besides the polling officers and the agents of the candidates, only one elector may enter the polling booth at a time; he MUST mark his ballot in secret, he MUST hand his ballot folded to the polling officer, who MUST place it in the box without opening, and there is a penalty for displaying the ballot in any way that would afford a clue as to how the elector is voting.

Following is a sample of a ballot to be used at this election. Electors should in every case make their mark after the Conservative Candidate's name.

PART II. THE SEA COOK.

CHAPTER IX.—(Continued.)

"Silver's parrot?" asked the squire. "It's a way of speaking," said the captain. "Blabbed, I mean. It's my belief neither of you gentlemen know what you are about; but I'll tell you my way of it—life or death and a close run." "That is all clear, and I dare say, true enough," replied Doctor Livesey. "We take the risk, but we are not so ignorant as you believe us. Next, you say you don't like the crew. Are they not good seamen?" "I don't like them, sir," returned Captain Smollett. "And I think I should have the choosing of my own hands, if you go to that." "Perhaps you should," replied the doctor. "My friend should, perhaps have taken you along with him; but the slight, if there be one, was unintentional. And you don't like Mr. Arrow?" "I don't, sir. I believe he's a good seaman, but he's too free with the crew to be a good officer. A mate should keep himself to him.

Pity and Beauty

The most beautiful thing in the world is the baby, all dimples and joy. The most pitiful thing is that same baby, thin and in pain. And the mother does not know that a little fat makes all the difference. Dimples and joy have gone, and left hollows and fear; the fat, that was comfort and color and curve—all but pity and love—is gone. The little one gets no fat from her food. There is something wrong in it either her food or food-mill. She has had no fat for weeks; is living on what she had stored in that plump little body of hers; and that's gone. She is starving for fat; it is death, be quick! Scott's Emulsion of Cod Liver Oil is the fat she can take; it will save her.

B.B.B. Makes Blood Pure.

If the blood is pure the whole body will be healthy. If the blood is impure the whole system becomes corrupted with its impurities.

Burdock Blood Bitters transforms impure and watery blood into rich pure blood and builds up the health.

Disease germs cannot lurk in the system when B.B.B. is used.

Miss Edie McDonald, Liscomb Mills, Guy Co., N.S., writes: "I have found B.B.B. an excellent remedy for purifying the blood and curing sick headache. I had tried many remedies, but none of them did me much good. B.B.B. has made me so well that I feel like a new woman and I am constantly recommending it to my friends."

"Doctor," said the captain, "you are smart. When I came in here, I meant to get discharged. I had no thought that Mr. Trelawney would bear a word."

"No more I would," cried the squire. "Had Livesey not been here I should have seen you to the denouement. As it is, I have heard you. I will do as you desire, but I think the worse of you."

"That's as you please, sir," said the captain. "You'll find I do my duty."

And with that he took his leave. (To be continued.)

MISCELLANEOUS.

GOOD NEWS FOR OUR READERS

Who have scrofula taints in their blood, and who have not. Scrofula in all its forms is cured by Hood's Sarsaparilla which thoroughly purifies the blood. This disease, which frequently appears in children, is greatly to be dreaded. It is most likely to affect the glands of the neck, which become enlarged, eruptions appear on the head and face, and the eyes are frequently affected.

Upon its first appearance, perhaps a slight eruption or pimples, scrofula should be entirely eradicated from the system by a thorough course of Hood's Sarsaparilla to prevent all the painful and sickening consequences of running scrofula sores which drain the system, sap the strength and make existence utterly wretched.

Require the Nerve Tonic, Blood Enriching, Heart Sustaining Action of Milburn's Heart and Nerve Pills.

It is well known that after any serious illness the heart and nerves are extremely weak and the blood greatly impoverished. For these conditions there is no remedy equals Milburn's Heart and Nerve Pills. It restores all the vital forces of the body which disease has impaired and weakened.

Mr. T. Barnicot, Aylmer, Ont., says: "About a year ago I had a severe attack of La Grippe which left my system in an exhausted condition. I could not regain strength and was very nervous and sleepless at night, and got up in the morning as tired as when I went to bed."

"I had no energy and was in a miserable state of health. Milburn's Heart and Nerve Pills, which I got at Richard's Drug Store here, changed me from a condition of misery to good health. They built up my system, strengthened my nerves, restored brisk circulation of my blood, and made a new man of me. I heartily recommend them to any one suffering from the after effects of Grippe, or any other severe illness."
