There is nothing like ASTHMA-LENE It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., The Rev. C. F. WELLS, of Villa Ridge, III., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, 'Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment the trial acted like a charm. Send me afull size bottle."

DR. TAFT BROS'. MEDICINE Co., DR. TAFT BROS! MEDICINE CO.,

GENTLEMEN,—Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful,

REV. DR. MORRIS WECHSLER.

DR. TAFT BROS. MEDICINE CO.

GENTLEMEN,—I write this testimonial from a sense of duty, having tested the wonderful effect of your ASTHMALENE for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are efflicted with this distressing disease.

Yours respectfully,

O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO.

GENTLEMEN,—I was troubled with Asthama for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full sized bottle, and I am ever grateful. I have family of four children, and for six years was unable to work. I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.

During the year considerable reading matter in the way of magazines and periodicals has been donated by friends in Bridgetown and vicinity and has proved very acceptable. Much more along this line might be done, and with an effort and better system magazines and other reading matter that people would be glad to contribute from all parts of the County could be used to entertain and interest many of the inmates and would help in the absence of other things to detract the patients' minds from themselves and relieve very much dull monotonous life within these institutions. In the absence of a work-

NO. 43

Of this sum \$721.58 was expended by the local Board of Health in Ward 11 in connection with the smallpox case. Apart from this the expenditure is rather in excess of other years. We would call attention to the fact that the Town's Incorporation Act is operating unfairly to the remainder of the County. For whereas our outside poor bills remain about the same as before the Towns were incorporated, without poor. The number of paupers at time of Incorporation for which Towns and County are jointly liable is rapidly decreasing and soon the Towns will be practically relieved from a poor tax. This is manifestly unfair as they compose the most wealthy part of the County. All of which is respectfully submitted.

navy, and he makes a strong plea for a greater army demanding that "each man born in the island be broke to the matter of war. The fear of foes will subside in the growing consciousness of might "when men, not children and servants are tempered and taught to the end." Of course the Boer war was not an incident likely to produce a true display of British enthusiasm or heroism. The nation was never understood to be in danger and the task of subjugating a "handful of Boers" was very generally underestimated. The calls for volunteers for foreign service, however, met with a hearty response and if comparison is needed to defend the lack of ardor among the men capable of bearing arms, one needs but point to the United States in the war with Spain, when from an infinitely greater population a volunteer army was slowly mustered and its roll did not number as many as sailed from England for South Africa. The international peace congress has accomplished nothing, unless, indeed, it has shown the insincerity of the promoters and those who participated in it. International jealousies exist, and man's lack of confidence in his fellow man is painfully apparent in the diplomacy of nations. How closely the "last argument of kings" is at hand has been shown in the history of the past few years and when next it will be delivered is a question that time alone can answer. The expense of the Nicaraguan canal is limited to one hundred and eighty million dollars, in the bill favoring that route, and it is elaimed that the Panama canal can be completed for a much smaller sum. The matter will perhaps be sifted and settled by the end of the present session of congress though it has been so often delayed that people will not be surprised at a further postponement of actual work. As these outbuildings are quite as much under the teacher's charge as any of the other school property, they should see that they are properly kept. A box of dry dirt or sand or ashes kept handy and a little thrown daily into the vault would greatly improve these from a sanitary standpoint.

I trust that a word to the wise may be sufficient and that in the near future we may find these outbuildings future we may find these outbuildings ectable and clean as those

How many miles do you travel every hour of the day and night? Roughly—(very roughly) speaking the num-.\$11.00 ber of miles is about 60,000. Think .11.00 of that—60,000 miles every hour! 16.00 Your pace of 1000 miles an hour sinks 16.00 into insignificance beside the tremen16.00 dous stride of 60,000 miles an hour.

This loathsome disease is caused by germs that invade the air passages of the head, throat and lungs, and can be cured only by inhalation of medicated air. Stomach medicines, atoicated air. Stomach medicines, atomizers, snuffs are ineffectual, because they fail to reach the cause of the trouble. Catarrhozone is successful because it is inhaled to every part of the breathing organs, and has power to kill the germ, heals the inflamed tissues and prevents droppings in the throat. Catarrhozone treats more than one thousand square feet of the mucous surface with every breath taken through the inhaler, and affords instant relief. It perfectly cures Catarrh. BALTIMORE, Md., March 30, 1901.

Genilemen: — Being entirely cured of deafness, thanks to your treatment, I will now give you not history of my case, to be used at your discretion. Gentlemen:— Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent car specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noise ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours.

MUSIC HAD IT'S CHARMS.

The solemn exercises at the funeral of Mr. Black, a wealthy Brooklynite, recently were marred by a most untoward occurrence, says the New York Tribune. He was a man of fads, but the one consuming fad of his existence was for musical instruments—not the ordinary piano and organ but mechanical devices whereby harmonies were sounded by unseen forces. For instance, as one entered the house some secret connection with the door every sort sounded fitting music to the passing hours; in short, every piece of furniture in the house seemed to be connected with a hidden or-chestra.

Mr. Black's death was untimely; a hand owner, with a new and worder.
