## FLOWER SHOW AT LAWRENCETOWN

Ladies Institute With Aid From Paradise, Williamson And Clarence Will Hold Mammoth Show In August.

It is the purpose of the Women's Institute of Lawrencetown, with the aid of Paradise, Williamson, (North and South) Clarence, Brickton and Ingleville, to hold a Mammoth Flower Show in the Demonstration Building this coming Fall. A promotion committee has already been formed and a tentative prize list drafted.

The Convener of Committee will not doubt be asking, at some near date, for representatives from every above named district, in a co-operative way to discuss the tentative prize list and ways and means that are helpful.

All exhibits to be at the Demonstration Building before twelve noon on day of exhibition.

Flowers to be arranged in containers by exhibitors. Each collection shown must be labelled with its name and number of exhibitor, the label to be securely attached to exhibit.

Only one prize to be awarded to the same person in any class.

### CORRESPONDENCE

To The Editor, Monitor, Dear Sir—The Corporation of St. James' Church have just been put to considerable expense repairing damage to the fence enclosing the churchyard—damage caused by people using said fence as a seat. May we request those guilty of this practice in the past to kindly refrain for the future, or otherwise more stringent measures must be taken.

On behalf of the Corporation, A. F. HILTZ, Church Warden.

Year 1824—Indians sell Manhattan Island (New York) for a case of whiskey. Year 1924—Citizens offer to swap back.

### WEST PARADISE.

Mr. Eugene Poole has returned from Halifax, where he was taking a short military course.

### PARADISE

The Paradise Literary Society met on Monday evening, March 16th at the home of Mr. and Mrs. Millego Daniels.

The following papers were given: "A Year in London," by Mrs. C. E. Bent.

"The Sunnyside of California," by Rev. W. S. Smith.

"Travel, Its Educational and Social Advantages," by Mr. H. A. Lonsley.

At the close of the programme a pleasing refreshment was served by the hostess.

Mrs. Reginald Bishop and Mr. Fred Worthylake are both convalescing satisfactorily at their homes following operations for appendicitis performed at the Memorial Hospital, Middleton.

Mrs. Harding Layte is much improved after a serious illness of two weeks.

Mr. Carl Starratt, who has been one of the sick is about again.

Grippe colds are still prevalent.

## GRANVILLE FERRY

Granville Ferry.—Mrs. Willett went to Halifax on Saturday to be the guest of her daughter and husband, Mr. and Mrs. Walter Mitchell for a few weeks.

Miss Vera Collins returned on Monday from Halifax, where she had been attending the Maritime Business College.

Mrs. Masters, of Berwick, is a guest of Capt. C. W. and Mrs. Croseup.

Mrs. V. H. Amherman and son Robert of Middleton, are visiting relatives here.

Miss Marion Troop and Miss Myrtle Ritchie, members of the teaching staff of Wolfville Schools, spent the week-end with Miss Troop's parents, Mr. and Mrs. F. B. Troop.

Mrs. George Baltzer returned on Saturday from Westport, whither she had been called because of the illness of her mother, Mrs. Gover.

Miss Augusta Messenger, Miss Jean Hatfield and the Misses Gladys Gilliat and Edwina Baltzer attended the C. G. I. T. conference which met in Bridgetown on Saturday and Sunday.

Mr. and Mrs. J. L. Amherman have taken into their home a little girl, one of the wards of the Child Welfare Society.

The ancients believed that rings of gold, ornamented with certain stones, were capable of warding off death by poisoning.

## TOWN PURCHASES COURT HOUSE

Ratepayers Decide 34 to 9 in Favor of Acquiring Building Which Will be Used Also for General Community Purposes.

On Monday evening a very well attended meeting of Ratepayers was held in the Town Hall to vote on the question of acquiring the Court House property for the town.

Mayor E. A. Hicks presided and explained fully the purpose of the meeting and gave ample time for a full discussion pro and con. A number of citizens including Messrs Harry Ruggles, K. L. Crowell, Dr. Armstrong, C. B. Longmire, Charles De Witt, W. E. Gesner and Thomas Le Brun, spoke on the matter.

Mr. Ruggles, the only surviving gentleman of those who took the initial steps and had the Court House building erected gave a review of its history from its erection in 1888, necessitated by the fact that Bridgetown in order to retain its position as a seat for courts had to provide a suitable building. Mr. Ruggles spoke strongly against removal of courts from the town and advocated the purchase of the Court House property.

It was pointed out that the expense to which the Municipality was put for paying rent for use of the building here would be offset by the decrease in mileage paid to witnesses, etc. The presence of jurors, grand and petit witnesses, litigants, etc., was all a certain benefit to the town. The building could be used for general community purposes and very possibly as an office for the Town Clerk.

Mr. Ruggles thought that the town should purchase and thereby be in a position to retain its vested rights which would otherwise be taken away. Addresses by others were mostly favorable. The amount asked was a sum not to exceed \$2800, for purchase. About nine o'clock a vote was taken resulting as follows: For purchase 34, against 9.

Don't hurry to catch up. Get ahead and stay ahead.

Tid-bits on the Tip of Everybody's Tongue

Vol. 2, No. 34 BRIDGETOWN, MAR. 25TH, 1925. FREE.

### Sarkara.

Was the Sanscrit name for sugar. In the Prakrit tongue this became Sakara, in the Persian Shakar, in the Arabic Sukkar, in the French Sucre.

Sugar was imported in tiny lots to Europe from Asia before Christ, but for many centuries

later was used mostly as a medicine. Even a hundred years ago the per capita consumption in America was only six or six pounds where today we use nearly 100.

"Since coming here I haven't been satisfied as to chocolates. I miss Moirs—so much so that it is impossible to do without them if I can get them." Claude T. Olmstead, Rochester, N. Y.

## WITH THE BOXERS.

Roddie MacDonald, Home From The West, to Meet Mitchell in Hall Next Week.

Roddie MacDonald arrived home Friday from the West, where he has had quite a few bouts lately and arrangements are being made to match him with Roy Mitchell, colored light-heavyweight, on Friday evening of next week. Roddie is not as young as he used to be but no doubt these two in the same ring will mean a battle of much interest to Halifax fans.—(Chronicle.)

Mitchell mentioned above is a son of Mr. and Mrs. Elias Mitchell of Upper Granville, and is making good in the boxing game.—(Ed. Monitor.)

## Personal Mention

One of the nicest courtesies you can show your friends is let them learn through this column of your visit whenever you go away. Let us know when you have visitors at your homes. The Monitor will consider it a courtesy whenever you give us an item of this kind. Write or phone No. 12 or 102.

Mr. Frank Willett has arrived home from Florida, where he has spent several weeks looking after his business interests.

Mr. Alex Fowler, who has been visiting his parents, Mr. and Mrs. Frank Fowler, returned to New York on Friday last.

Dr. W. E. Harlow is visiting his old home in Brookfield, Queens County, Mr. and Mrs. Gerald Hoyt left on Tuesday for St. John.

Mrs. W. A. Chipman was a weekend guest of Mrs. W. H. Warren.

Mr. Percy Norman, of Weymouth, spent the week-end in town, guest of Mr. and Mrs. Cornilus Walker.

Dr. H. A. Thompson, formerly of Bridgetown but now of Halifax, spent Sunday in town the guest of Mrs. E. C. Hall.

Mr. Ken. Marshall of Truro, is visiting his parents, Mr. and Mrs. Herbert Marshall, Church Street.

Mr. E. B. Dand, who has been spending the winter with his mother here, Mr. H. J. Dand, before returning to Saskatchewan.

Mr. Israel Slocumb of Medford, Mass., is visiting his brother, Mr. Major Cloumb. He has not been here for about sixteen years and is receiving a warm welcome from his many friends.

Mr. Lansdale Hannam from St. John, has been visiting his mother, Mrs. George Dukeshire, who has been on the sick list.

Mrs. C. A. Connell, from Albany Cross, was called to see her mother, Mrs. George Dukeshire. During her illness her daughter, Mrs. Isaac Taylor has been with her.

Miss Marjorie W. of Hampton, after spending four months in Halifax, C. B., arrived home on February 18th.

Mr. O. P. Goucher, of Middleton, was a visitor in town last Thursday.

Mr. J. Elliott Smith of Wolfville, was a visitor in Bridgetown last week.

Mrs. Burpee R. Morse and daughter Miss Lillian have returned to their homes in Kingston, after a visit here with Mr. and Mrs. John P. Morse.

Mr. and Mrs. Abner Williams arrived home on Friday from Florida, where they have spent six weeks very pleasantly.

Miss Pearl Beeler of Annapolis, formerly of Bridgetown, is a guest of Mr. and Mrs. Geo. H. Dixon. Miss Beeler shortly returns to Connecticut.

Mr. and Mrs. J. W. Peters are visiting in St. John.

## CLEMENTSVALE

Mrs. Israel Dukeshire and children arrived Friday, from Lynn, Mass., where they have been living the past year, and are again occupying their home here. She was accompanied by her mother, Mrs. Wm. Wright, who is staying with her for a few weeks.

Mr. Willis Potter has purchased the property of the late Mrs. Ina Hubley, and is moving there this week.

The Mite Society met at Mr. Eber Potter's, Tuesday evening.

A memorial service for the late Mr. Alanzo Wright, who died March 6th, was held in the Baptist church, Sunday morning, March 15th.

Mr. and Mrs. Robert Freeman are leaving this week for Berwick to remain the summer.

The marriage of Mr. Clayton M. Potter of Lynn, Mass., to Miss Doris M. Goodwin of Swampscott, Mass., took place March 11th in the presence of only the immediate relatives and friends. Mr. Potter is a son of Mr. and Mrs. Beniah Potter of this place.

Mrs. George Beeler is visiting her son Kenneth, at Annapolis Royal, for a few days.

While in New York recently through the influence of officials of Canadian Pacific Publicity Department of that city, Mr. A. E. H. Chesley and Mr. O. C. Jones were privileged to visit radio broadcasting station "WJY" and "WJZ" owned and operated by the Radio Corporation of America.

At "WJY" they were fortunate enough to hear Miss Olga Steck, Prima Donna in the Musical Comedy Success "China Rose" now playing at Wallack's Theatre, West 42nd St. sing "Marchetta" and other selections. Mr. Keith McLeod, Studio Manager, accompanied her on the piano, Major Andrew White, the well known announcer, being in charge of the studio at the time.

They speak most highly of the unusual courtesies extended to them by Mr. Keith McLeod, Studio Manager, Mr. J. Lewis Reid, another popular announcer, as well as by their C.P.R. friends.

Mr. Chesley and Mr. Jones also visited the Motor Show at Boston before returning home.

## WEST CLARENCE.

Mr. Richard Marshall is confined to his bed with the "flu." His condition seems to remain about the same and his many friends wish him a speedy recovery.

Mrs. Alice Orde of Arlington, Mass., is spending a few weeks at Mr. F. A. Marshall's, caring for her father, Mr. Richard Marshall.

Mrs. Sanders of Dorchester, Mass., is visiting at the home of Mr. H. O. Marshall during her father's illness.

The Crokinole Club met last at the home of Mr. and Mrs. Judson Chute. A very pleasant evening was spent by all. March 23rd it meets at Mr. and Mrs. John Bennett's.

Miss Dorothy Saunders has been home from school for the past week on account of illness.

On Saturday afternoon the Editor was given some Gravenstein apples by Mr. Alton Messenger. These were in splendid condition, finely colored and without the slightest sign of deterioration. This is very late in the season for Gravensteins.

## UPPER GRANVILLE

Again has come the spring time with the crocus golden bloom.

With the breath of the fresh turned earth mold,

And the Violet perfume.

Our popular neighbors, Mr. and Mrs. Ralph Berry have returned to their farm and are getting settled in their home after a winter spent in town. We bid them welcome.

"Flu" is waning and everyone is looking forward to plenty of work and better outlook to everything pertaining to higher ideals.

## HAMPTON.

Mr. Henry Chute is home for a few days on account of illness of his family.

Mr. David Kearnes left for Lynn, on March 20th, where he intends to stay the summer.

Mr. Merritt Verness, who has been stopping a few days at Mrs. Norman N. B. He was accompanied by his brother-in-law, Mr. Loagley Hamilton.

## SPECIAL ATTENTION PLEASE.

The Brotherhood classes of the Baptist Church and Gordon-Providence United Church are arranging to have a carload of potatoes, vegetables and clothing sent to the Relief Commission in Cape Breton. At present full details are not formulated due to the matter of freight rates but in the meantime, will all farmers in the vicinity and the people of the town notify Mr. Karl Freeman or Mr. Henry B. Hicks just what they are prepared to contribute. This is a very needy cause and the Committee here are advised that a carload of vegetables, etc. will be most acceptable. This will give the farmers an opportunity to contribute to this worthy cause in a manner that perhaps will be easier than paying out the ready cash. We earnestly ask your hearty response to this appeal.

Committee—KARL FREEMAN, HENRY B. HICKS, J. W. PETERS, J. DALRYMPLE, C. L. PIGGOTT, HAROLD BEATTIE.

## ENTERTAINED AT RADIO STATIONS.

While in New York recently through the influence of officials of Canadian Pacific Publicity Department of that city, Mr. A. E. H. Chesley and Mr. O. C. Jones were privileged to visit radio broadcasting station "WJY" and "WJZ" owned and operated by the Radio Corporation of America.

At "WJY" they were fortunate enough to hear Miss Olga Steck, Prima Donna in the Musical Comedy Success "China Rose" now playing at Wallack's Theatre, West 42nd St. sing "Marchetta" and other selections. Mr. Keith McLeod, Studio Manager, accompanied her on the piano, Major Andrew White, the well known announcer, being in charge of the studio at the time.

They speak most highly of the unusual courtesies extended to them by Mr. Keith McLeod, Studio Manager, Mr. J. Lewis Reid, another popular announcer, as well as by their C.P.R. friends.

Mr. Chesley and Mr. Jones also visited the Motor Show at Boston before returning home.

Mrs. Alice Orde of Arlington, Mass., is spending a few weeks at Mr. F. A. Marshall's, caring for her father, Mr. Richard Marshall.

Mrs. Sanders of Dorchester, Mass., is visiting at the home of Mr. H. O. Marshall during her father's illness.

The Crokinole Club met last at the home of Mr. and Mrs. Judson Chute. A very pleasant evening was spent by all. March 23rd it meets at Mr. and Mrs. John Bennett's.

Miss Dorothy Saunders has been home from school for the past week on account of illness.

On Saturday afternoon the Editor was given some Gravenstein apples by Mr. Alton Messenger. These were in splendid condition, finely colored and without the slightest sign of deterioration. This is very late in the season for Gravensteins.

## NEWSY ITEMS FROM ANNAPOLIS

Social in Aid of Women and Children at Cape Breton Collieries.—Death of Mrs. Geo. F. Beeler.—Special and Personal Notes.

Annapolis Royal.—One of the oldest residents of Annapolis Royal, Mrs. George Frederick Beeler, passed away at her home on Victoria Street, on Saturday morning, after a long illness, aged eighty-six years. The maiden name of the deceased was Sarah Jane Kennedy, and she was first married to Mr. Andrew Gilmore, a soldier of the Garrison, who died about thirty-five years ago. A number of years afterwards she became the wife of Mr. Beeler, who died in 1910. Mrs. John McKay of this town and Mrs. Cornwell of Smith's Cove, are step-daughters of the deceased, and she is also survived by several nieces. The funeral took place on Monday with interment in the old Military Cemetery, beside her first husband.

Mr. James A. Rice, a well-known resident of Moschelle, passed away at his home on Monday, after many months of ill-health. The deceased was the son of Mr. John and Helen (Corbett) Rice, and was born at Lake La Rose. His wife (formerly Miss Margaret Hinton) survives him, an only child, Lambert, was accidentally killed in Boston a number of years ago. The funeral on Wednesday, was conducted by Rev. T. C. Mellor, with interment at Woodlawn Cemetery.

The Church Social held on Wednesday evening in the Sunday School room of St. George's United Church, was much enjoyed by those present. Rev. M. H. Macintosh was chairman of the evening and Rev. B. C. Borden offered the opening prayer and later gave a short address. An interesting tableau entitled, "The Spirit of the Cross," was given by nine members of the C. G. I. T.—Bernice Hardwick, Margaret Rippey, Annie Longmire, Elizabeth Braine, Margaret Banks, Ruth Potter, Mildred Runciman, Joyce Rippey and Edith Goldsmith. A vocal solo was beautifully rendered by Gerald McElhiney, after which the reports of the various societies and clubs of the church were read. Mrs. Robert Hardwick presided at the organ and one of the C. G. I. T. songs learned at the recent conference at Bridgetown was sung by the girls, who then adjourned to the basement for games. After refreshments had been served the meeting closed with the singing of the "Good-Night" song and "Taps."

A very pleasant social in aid of the women and children of Cape Breton, was held at the home of Mr. and Mrs. Allister Chipman, Upper Clements, on Tuesday evening. An attractive musical programme was given, consisting of vocal and instrumental duets, by Mrs. William Marshall and Mrs. Chipman; two Irish songs by Miss Irene Halcum and instrumental selections by Miss Adn Woodbury and Miss Dorothy Willett. The sum of twenty-seven dollars was realized.

Mrs. Ruperta Rogers and Mr. Samuel Elliott were guests of honor at a Chicken Supper, given by the ladies of the Baptist Sewing Club on Thursday evening. Mrs. Rogers was also presented with a pair of handsome mahogany candle-sticks at the meeting of Unity Rebekah Lodge on Thursday evening.

Mr. Joseph Marshall of the Railway Mail Service, spent a few days this week with his parents, Mr. and Mrs. W. A. Marshall. Mr. Marshall had accompanied his wife from the Kentville Sanatorium to Lequille, where she is the guest of her parents, Mr. and Mrs. George Harsh.

Mr. Fred Woodland went to Halifax on Friday, and returned with his son Walter, who has been a patient at the Victoria General Hospital.

Mr. and Mrs. Edgar McCormick spent Friday in Clementsport, with Mr. and Mrs. John Whitman.

Mrs. William Berry of Smith's Cove was a recent guest at the home of Mrs. W. S. Cummings.

Mrs. M. H. Macintosh (leader) and the Misses Bernice Hardwick, Elizabeth Braine, Margaret Banks and Mildred Runciman, returned on Monday from Bridgetown, where they had attended the C. G. I. T. conference. Miss Hardwick being elected President.

Mrs. E. Potter has returned from a trip to Weymouth.

Mr. J. L. DeVany left for Yarmouth.

## UNFAIR COMPETITION

Last week a man came to Wollville to sell mens clothing and called at the town office to secure a license that he might not violate the law. His case was taken under consideration and he was charged fifteen dollars a week for the privilege of doing business in the town. We do not say the imposition was too large.

The same week the representative of a printing house in a neighboring town came to Wollville to secure orders for work. He did not take the trouble to call on the Town Clerk, but pursued his canvass without the formality of a license. In other words he paid nothing for the privilege of doing business here which the local printer pays well for.

The town assessment this year is reduced a considerable amount from last. As a consequence the tax rate will be higher. The assessment of this office is not reduced and the increased rate makes our tax considerably higher than last year. We do not object to paying taxes, but do object to being placed at a disadvantage when it comes to competing with outside competition.—(Wollville Academician.)

The situation noted above by our contemporary is by no means an uncommon one. It is surely a fair business proposition that concerns whose only contribution to the town is an occasional meal ticket at hotels or restaurants should at least make some contribution to the civic revenues especially when they are looking for orders which can very well be attended to by the local printing establishments which furnish steady employment and make their full contribution to upkeep and business in their respective towns. We comment this idea to all advocates and exponents of the "Buy at Home Campaign." (Ed Monitor).

## THE LABOR SITUATION IN CAPE BRETON

Little change so far is to be noted in the situation at the Cape Breton Collieries. There is a wealth of discussion more or less general through the Press of Canada and like practically every other large question in the Province it has had considerable politics injected into it from time to time.

All sorts of proposals are made and some of them manifestly absurd. This much is evident that the common ground of agreement must be enlarged and all possible efforts made by all parties to allay a distrust and suspicion which is and for some time has been all too evident.

The proposal has been made in some quarters that the Nova Scotia Government take over and operate the collieries. Wages, freights, timber and running expenses of Besco for a year would run to perhaps forty million of dollars. Do the people of this Province wish to see this amount added to the spending departments of the local government or is there any reason to believe that the coal mining industry could be better off as well conducted under government management as under private control. The road to peace and prosperity does not lie along this path. Stoppage of credit on the part of the Company is a matter which requires some explanation. As matters stand at present the big burden of supporting those out of work falls on the local

merchants. We are informed credibly that they are still carrying a great proportion of the burden. They are doing what the Company has declined to do but they will not be able to continue long because very few are in a financial position to do so. The Corporation itself is very possibly not so flush in resources as many would appear to think and its attitude toward investigations has apparently undergone some changes during the past few years. It is not so very long ago that it rejected attempts to investigate its affairs. It were better on both sides that the cards be placed on the table and the general public given a better opportunity to judge the case on its merits. Once the public as a whole understand the situation better their influence will be strongly felt and exerted in assisting a settlement. An investigation into the costs of mining will assist greatly in showing where a large portion of fault lies in connection with the wage question.

## Press Comment

### MEXICO ECONOMIZES

Washington Post: President Calles announces that Mexico must trim her expenses by \$50,000,000, which is a 29 per cent reduction. Last year, just before Senor Calles' inauguration, arrangements were made with New York bankers for a loan of the above amount. As soon as Senor Calles became President, however, he cancelled the loan and remarked that a like sum might be obtained at home if officials would renounce "perquisites."

### SEEKING OUR TAXES

Detroit News: Following the Civil War, general stores in the North commonly kept boxes on their counters where customers themselves dropped the pennies representing postwar taxes on their purchases. This practice kept the subject of taxation pretty thoroughly alive in the customer's mind. Patently our interest in the matter would be keener if we were constantly aware of taxes, if less effort were made to sugar-coat them and make them indirect or invisible.

### CANADA'S INDUSTRIAL FUTURE

Singapore Free Press: At present Canada's industrial development has hardly begun. Great towns do exist and some big industries, but for the present and for many years to come her energies will be absorbed by the conquest of the land and the bringing of it into cultivation. Looking at the spirit of her people and the past history of the United States, there can be no hesitation in recognizing in Canada one of the greatest World Powers of the future, an achievement in colonization of which the British people can be immeasurably proud.

### SETTLEMENT AND CONGESTION

Sydney Bulletin: Australia wants more good immigrant population, but it wants a thousand times over, better distribution of population. The big Dominion (Canada) despite its 3,788,433 of population, has no bloated cities nearly the size of Sydney and Melbourne, but it has cultivated more towns, and its eighth town beats Australia's eighth by nearly 40,000 inhabitants. It has no slum area like the County of Cumberland, with 650 persons to the square mile, and no

habitable region so utterly neglected as the N. Territory and Northern Westralia.

## THE DESEPTION OF INDIA.

London Daily Mail: The Indianisation of the Indian Civil Service and Indian police is proceeding at such a rate as to threaten the very fabric and framework of British government in India. It is well known that candidates from the British universities now avoid the Indian Civil Service, and that for military service officers have to be ordered to India against their wishes, whereas before the war there was a long waiting list of volunteers. These are signs that what was once called the "steel framework" is being rapidly and dangerously weakened. The process must stop.

## DEBTS AND DEES.

Westminster Gazette: The Allied debts are not on the agenda of the Conference, but they add a further handicap to claim discussion in overshadowing every other subject. The position is that Britain and France have abandoned the fairy figures which flourished in the charmed atmosphere of Versailles and have looked in the face of reality without any corresponding development on the part of the United States. From the first America has claimed what she considered just, and her claim is the same now. In this she resembles France; but everyone saw that French justice could not be obtained, and the Dawes Scheme was adopted.

## EGYPTIAN EVOLUTION.

Glasgow Herald: There are signs that an increasing number of Egyptian politicians are beginning to realize more clearly than ever before not only the futility, but also the folly, of savagely blaming Great Britain for every delay in the attainment of continued Egyptian unity and independence. What has probably contributed as much as anything to this improved outlook is the senseless fashion in which the late Egyptian Government, while reserving its bitterest hostility for this country, contrived also to antagonize both France and Italy in connection, as regards the former, with the status of Syrian subjects and in the case of Italy, on the Libyan frontier question. A political infant in the family of nations, Egypt has not only quarrelled viciously with her nurse, but has been stupid enough to make it plain to other grown-up members of the family what an ill-conditioned child she is.

## WHITE LILY POTATOES CAPTURE PRIZE.

Moncton—A prize of Ten Dollars was received Tuesday by Mr. J. A. Marven from the New Brunswick Department of Agriculture for potatoes which were submitted for competition with those from all parts of the province last fall. The potatoes were grown on the White Lily Farm, Annapolis, and were sent to Fredericton to be judged.

## BANK CLERK IS ARRESTED AT HIS HOME.

Bennett, Supposed to be in Mexico With \$20,000 of Bank's Funds, Captured in Secret Chamber of His Home at Dominion, C. B.

## GLACE BAY, N. S.—JUSTIN BENNETT, former teller in the local branch of the Royal Bank of Canada, for whom the police of the continent have been searching since he disappeared January 20th last coincident with the disappearance of upwards of \$20,000 of the bank's funds, was found Thursday morning hidden in a secret chamber in an upper room in the residence of his parents at Dominion, near here.

## THE JEW AS A FARMER.

Rapid development of the Jew as an American farmer from 1900, when there were only 200 Jewish farm families in the United States, owning 12,029 acres, to the present with 75,000 owning more than 1,000,000 acres, is shown in a report issued lately by the Jewish Agricultural Society Inc. of New York.

## MUNICIPALITY RECORD FOR WINDSOR SOW

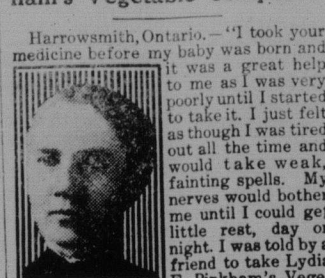

Windsor—A Canadian record in porcine multiparity is believed to have been established here last week by a sow owned by Roy MacNeil, of College Road, which brought forth a litter of twenty-five curly-tailed squealers and grunners.

## INDISPENSABLE

We receive letters every week from people who find Minard's Indispensable. \$3000, Philadelphia, Pa., writes: "While in British Columbia I used your Liniment but I cannot get it here. As there is to my knowledge no other liniment on the market like Minard's I would appreciate it if you will advise me how I can get another supply, for I do not want to be without Minard's." MINARD'S LINIMENT.

## TIRED OUT ALL THE TIME Nerves Gave Little Rest

Relieved by Lydia E. Pinkham's Vegetable Compound

Harrowsmith, Ontario.—"I took your medicine before my baby was born and it was a great help to me as I was very poorly until I started to take it. I just felt as though I was tired out all the time and would take weeks of fainting spells. My nerves would bother me until I could get little rest, day or night. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman who is doing what I can to publish this good medicine. I lend that little book you sent me to any one I can help. You can with the greatest pleasure use my name in regard to the Vegetable Compound if it will serve to help others."—MRS. HARVEY MILLIGAN, R. R. No. 2, Harrowsmith, Ontario.

## CENTRELEA.

Mrs. Freeman Shipp of Dalnourie, visited relatives and friends of this place last week.

Mr. Harry Lantz received a very painful cut on his hand last Monday while sawing wood with the gasoline saw at Mr. Faulkner's.

Mr. Johnson Bruce was a passenger to Kentville on Friday and returned home on Saturday.

Mr. and Mrs. William Fraser of Grandville Centre, were the guests of Mr. and Mrs. Millidge Messenger on Sunday.

Rev. A. J. Prosser preached a very interesting sermon here on Sunday, March 15th.

Mrs. Edwina Messenger and Mrs. Parker Whitman of Bridgetown, were passengers to Halifax on Wednesday and returned on Friday. Mrs. Whitman's son Edward, who has been a patient in the children's hospital for the past four weeks, returned with them. We wish Edward a speedy recovery.

## GILLET'S LYE EATS DIRT

Mr. and Mrs. J. W. Sproule have taken possession of their new home recently purchased from W. D. Crawford.

We welcome Mr. and Mrs. Sproule in our community.

We are pleased to report that Major C. Good is convalescing after suffering several weeks with Sciatic Rheumatism.

We are sorry to learn that Mr. Henry Guest, who is visiting his sister, Mrs. W. A. Bent, is in very poor health.

Several flocks of robins have been seen here during the past few days. Several families have been very sick with la grippe during the past three weeks.

Our school has been closed on account of Scarlet Fever in the community.

Frankie Moore, son of Mr. and Mrs. R. L. Moore, has been dangerously ill with Scarlet Fever, also Mrs. Moore and little daughter Marion. But we are pleased to report they are considered better.

Mr. and Mrs. A. P. Stevenson were recent guests of Mr. and Mrs. Bartlett Banks, of Upper Grandville.

T. EATON COMPANY BUYS GOODWIN'S LTD.

## PROSPERITY NOW IN P. E. ISLAND.

Austin Seales Says That The Fox Industry is Booming.

Austin Seales, of Summerside, P. E. I., a well known fox breeder and seed potato grower of the Island Province, is spending a few days in Halifax. Mr. Seales states that never, since the boom days prior to 1914, has the fox industry of Prince Edward Island enjoyed a greater prosperity. "It was a different prosperity from what it is in those hectic boom days," Mr. Seales told The Morning Chronicle. "In those days, as many people will recall with a shudder, it was a case of a few getting rich, and many people becoming poorer, because the silver fox industry was something new and had not reached a bed-rock basis. The war changed all this, but even without the war it was bound to come to an end. Today," he added, "the island fox business is conducted along solid lines, just the same as the breeding of other pure-bred live stock, with proper consideration being given to supply and demand. The rancher who is breeding good stock need have no fear of the future." Mr. Seales added that the prices realized at the recent auctions had been satisfactory, making it possible for the breeder to realize good returns—better returns, in fact than could be realized on any other line of livestock.—(Chronicle.)

## FRUIT TREES

Just as the orchardist is able through nourishment to increase the vitality and resistance of his apple-tree to winter's cold, so is the body fortified with

## Scott's Emulsion

Thousands now take it as regularly as they take food, to build healthy resistance and to protect them when winter's cold arrives. Take a lesson from Nature—keep your body strong to resist weakness—take Scott's Emulsion!

## MILL WILL LIKELY RESUME OPERATIONS.

Digby—After a period of idleness, caused by the freezing of water pipes and other causes, it is reported from reliable sources that the Bear River Pulp Mill will resume operations in the very near future, possibly next week. There are about two hundred cords of pulpwood at the mill and about five or six hundred cords at Bear River. Scattered throughout the vicinity near the mill are several hundred more cords waiting to be hauled from the woods, therefore there seems to be no question about getting a supply necessary to keep the wheels turning. Harry Ingram, of St. John, machinist, arrived in Digby, Monday, and was in conference at Bear River with some of the officials and it is understood he is considering the acceptance of a responsible position at the mill. Col. Phinney, president of the Pulp Company arrived in Bear River, Monday.

## NORTH WILLIAMSTON

Mr. and Mrs. J. W. Sproule have taken possession of their new home recently purchased from W. D. Crawford.

We welcome Mr. and Mrs. Sproule in our community.

We are pleased to report that Major C. Good is convalescing after suffering several weeks with Sciatic Rheumatism.

We are sorry to learn that Mr. Henry Guest, who is visiting his sister, Mrs. W. A. Bent, is in very poor health.

Several flocks of robins have been seen here during the past few days. Several families have been very sick with la grippe during the past three weeks.

Our school has been closed on account of Scarlet Fever in the community.

Frankie Moore, son of Mr. and Mrs. R. L. Moore, has been dangerously ill with Scarlet Fever, also Mrs. Moore and little daughter Marion. But we are pleased to report they are considered better.

Mr. and Mrs. A. P. Stevenson were recent guests of Mr. and Mrs. Bartlett Banks, of Upper Grandville.

THE KEEPING QUALITIES OF APPLES.  
The most important end of growing today is quality production and unless the fruit growers as a body turn their attention to securing quality in their fruit as the first consideration the industry will not prosper in spite of efforts that may be made in marketing. This statement of the situation was expressed at a convention of fruit growers by Mr. A. Fulton, Assistant to the Fruit Commissioner at Ottawa. Mr. Fulton reported the results of three years investigations carried on to ascertain the probable reasons for apples spoiling in transit or shipment. He found among other things that apples produced on young trees were poorer shippers and keepers than those produced on older trees; and apples produced on clay loam have better keeping qualities than those grown on either heavy clay or sand. Rough handling is, however, the cause of greatest loss and amounts to from ten to fifteen percent of the crop marketed by the average. It is not the price received for a few barrels of apples that makes the orchard profitable, but the average prices received for the entire crop.—Issued by the Director of Publicity, Dominion Department of Agriculture, Ottawa.

LIQUOR PROFITS.  
Alberta Government Won't Divide Them With Municipalities This Year.

Edmonton.—The Government has no intention of dividing the liquor profits with municipalities of the Province as promised last year, according to an announcement made in the Legislature Wednesday at the opening of the House by Premier Greenfield. This was the first public announcement as to the policy of the Government with respect to the disposition of the liquor profits. The reason advanced for not giving the municipalities a share of the profits were: First, that the province this year will not be able to balance its budget without the liquor profits which are estimated at \$1,600,000 for 1925. Second, that if the distribution of the profits were made, additional taxation would have to be imposed to make up the deficiency in provincial revenue.

WOULD PREVENT THE ISSUING OF WATERED STOCK

Resolutions Adopted by the Commons

"Besse Squeezed" His Employees to Pay Dividends on Watered Stock

Ottawa.—Without dividing the House of Commons tonight passed a resolution calling for legislation, which will make it difficult, and it possible to prevent, the practice of issuing what is known as watered stock.

The resolution was submitted by Milton N. Campbell, (Progressive, MacKenzie), who cited various stock issues. He mentioned Lord Beaverbrook as responsible for the cement merger and as now living in England on his "hilled gotten gains."

An illustration Mr. Campbell in the course of his address pointed out that the Canada Cement Company was formed in 1909, as a merger of eleven companies, with a collective capitalization of \$17,750,000; but upon formation its capitalization was watered so as to reach \$38,000,000.

SOME OF THE BEST ROSES.

(Experimental Farms Note.)

The Hybrid Tea class of Roses are the most popular and are the most profitable to the majority of growers. They give more continuous bloom than any other class. The varieties would come under the same heading as the differences between the two are not easy to determine, except by an expert.

Edel and Edith Cavell are two new cream roses, a colour that is not common, so that they are particularly welcome. General MacArthur, G. C. Waud, Grusa and Teplitz are three red roses varying considerably in shade and habit.

THE NOEL MARATHON RUNNER LEAVES FOR A BIG RACE IN BOSTON.

Silas D. McLellan, of Noel, a well known Hants Co. runner, left Tuesday 17th for Boston to go in training for the Big Race on April 20th in Boston.

McLellan should make a good showing in this race, as he has been doing hard training and intends to continue training on the course. He won four first places in long distance races last summer and also came in second in the Herald and Mail race last Fall showing no sign of being tired, the race being only play for the Noel Farmer-Athlete.

A physiologist came upon a hard-working Irishman toiling, bareheaded in the street, "Don't you know," said the physiologist, "that to work in the hot sun without a hat is bad for your brain?"

"Dy're think," asked the Irishman, "that O'd be on this job if O had enny brains?"

NO "TWO OF A KIND."

While our reporter was waiting in a furniture store a young married couple entered a furniture store: The Young Hubby (bashfully)—"We want to look at a bedroom suite for our new home."

The Clerk—"Yes sir. Do you want twin beds?"

The Young Wife (blushing)—"Oh heavens, no. Just a small cradle."

REPORT OF NOVA SCOTIA HOSPITAL

Over Five Hundred Persons Were Patients There Last Year.

The sixty-seventh annual report of the Nova Scotia Hospital was tabled in the Legislative Assembly Tuesday afternoon by Hon. William Chisholm. The following summarized the year's statistics:

Table with 2 columns: Category and Value. Patients registered Oct. 1st, 1923: 496. Patients admitted during year: 247. Total under treatment during year: 745. Discharged during year: 241. Patients registered September 30th, 1924: 602. Discharged as recovered: 72. Discharged as improved: 39. Discharged as stationary: 54. Died: 76. Patients on trial Sept. 30th: 37.

The report shows that during the period of sixty-seven years since the opening of the hospital, 6,570 persons were admitted—3,256 male and 3,314 female—and the readmissions totalled 1,510. Of the number 3,417 recovered, 1,320 were relieved, 650 were not improved, 1,987 died, and 4 were not insane.

In presenting the report Mr. Chisholm stated the hospital represents an investment of \$1,500,000, and it costs the Province approximately \$250,000 yearly to maintain, but he did not think anyone would begrudge a dollar of the expenditure.

The statement of the hospital shows the cost to the Province for the year to have been \$26,259.07. The gross expenditures were \$254,008.40, and there was received from municipalities, towns and private patients, \$193,150.11. The cost per day per patient last year was \$1.50.

In the report the Superintendent refers to the Training School for Nurses as follows:—The Training School for Nurses continues to function as a most essential department of the hospital. I am pleased to report that during the past year we

EMANCIPATE THE MARITIMES.

(Vancouver Sun.)

Until the Canadian Government Merchant Marine is definitely set to the task of putting trade relations between Atlantic and Pacific Canada on a workable basis, both the Maritimes and the West are going to suffer.

The distance from Halifax to Vancouver, via the Panama Canal, is about 7361 miles. The lowest rate that a firm like Stanfields Limited, of Truro, can get on their woolen goods from Halifax to Vancouver, via Canada's Merchant Marine, around \$40 a ton.

The distance from Liverpool to Vancouver is 9930 miles. But the cargo rate on woolens, between these points is only \$10 a ton, or nearly 200 per cent, less than the rate from Halifax to Vancouver.

It certainly cannot be that the Merchant Marine is inherently averse to low rates, because just the other day the Canadian Pioneer carried a large shipment of wire from Antwerp to San Diego at \$4 a ton.

If the Merchant Marine is going to lose a million dollars every year, Canadians would like to see that money spent in developing trade between Canadians. To lose it in the interests of trade between Belgium and United States is about the worst kind of business possible.

It is abuses and inconsistencies of this kind that have thrown the chains of economic slavery over every Maritime industry. While the Canadian Merchant Marine has been obliging Belgian wire makers with nice low rates, the Maritimes have been absolutely cut off from Western Canadian markets.

They cannot compete with British firms at a handicap of \$30 to \$11 by water, while, with a rate of \$30 on woolens from Truro to Edmonton, they cannot compete by the rail haul. Given similar water rates to those existing between Liverpool and Vancouver, and other Atlantic ports and Vancouver, and these languishing industries of Eastern Canada would develop millions of dollars' worth of new business for the Dominion.

The Maritimes have scores of firms that could trade with Vancouver. Vancouver has scores of firms that could trade profitably in the East. The only way to emancipate the Maritimes, to free them from the shackles of favored competition, is to give them opportunities to expand their Canadian markets.

The Canadian Government Merchant Marine is the only instrument for the job. MARKED GROWTH IN CREAMERIES. Butter Production in Nova Scotia Last Year Valued at Over Two Million Dollars.

The 1924 annual report of the Secretary for Agriculture for Nova Scotia tabled in the House of Assembly Wednesday, contains a summary of the work done in the various branches of the Department of Agriculture, and from an economic standpoint, perhaps the greatest interest attaches to the report of the creameries, which show a continuous growth annually since the year 1908 and an increase over 1923 of 563,156 pounds of butter (12 per cent increase) and \$153,328.37 in value of business done (8 per cent increase).

In 1908 there were seven creameries in operation in the Province, 164,184 pounds of butter were made at a value of \$49,896. In 1924 the number of creameries had grown to 27, making 4,094,282 pounds of butter at a value of \$2,153,297.

The Dairy Superintendent, looking to the future, counsels that it is time that some of the larger creameries should undertake the manufacturing of cheese which has been largely neglected for the meantime more profitable butter, during the past two decades. In point of fact there is only one cheese factory, Malagash, now operating in the Province.

Dealing with a similar economic question the Secretary for Agriculture records his disappointment that, notwithstanding aid which has been given by the Provincial and Federal Departments of Agriculture in the marketing of lambs and wool at the highest prices, in the importation of improved breeding stock, in the encouragement of sheep fairs, etc., no substantial progress similar to that which has been in evidence in dairying has been made, except to a limited extent in Inverness and Antigonish Counties.—(Chronicle.)

Tourists Stop Where Morgan Sacked

Round America, from Vancouver and return by Canadian Pacific is a travel inauguration which promises to become an interesting and popular tourist feature. The giant "Empress of France," recruited from the Atlantic fleet of the company sailed from New York, January 14th, and after visiting the gateway ports of the older world she will, on May 3, arrive at Vancouver, having stopped at Victoria en route. Here she will spend a day and pick up many passengers who desire to take the trip around America or who choose this admirable means of reaching New York. The first stop will be made at

San Francisco where, in the famous Rose Room of the Palace Hotel, a dinner dance will be given the passengers on the evening of arrival. The celebrated 30-mile motor trip will be taken next day, and with sight-seeing and shopping, time will be very well taken up until the hour of sailing. May 16 will be spent at Balboa, the Pacific entrance to the Panama Canal.

There is no more historical or romantic spot on earth than the isthmus which divides the two oceans. Here came the adventurers after the Spanish gold, and the ruins of old Panama, sacked by Morgan, about seven miles from the city, bear witness to desperate struggles and deeds of daring. Both Balboa and Drake saw the Pacific ocean from an elevation on the isthmus. Panama City adjoins Balboa. It is a typical picturesque Spanish-looking city, founded in 1673, after Morgan destroyed the old city.

May 17 and the ship proceeds to Miraflores and enters the lock for elevation to Miraflores Lake. Then to Pedro Miguel, continuing through the famous Culebra or Gaillard Cut, and so on to Gatun, finally docking at Colon where a few hours are to be spent. Havana is the last port of call before reaching New York, where the Empress is scheduled to dock May 23. The round-America trip is attracting a great deal of attention, and many Canadians propose to take advantage of it.

Here an Empress is seen forcing her way through the Panama Canal. Below a group of Panama Mermaids, the emblem of the Empress of Canada, round-the-world cruise passengers last year.

Mr. Kenneth Banks from Port Lorne, is spending a few days with his cousin, Mr. J. V. Andrews.  
 Sorry to report our teacher, Miss Le Roux sick with "flu."  
 Mr. Chas. Andrews and son, Kenneth, spent Sunday with the former's sister, Mrs. Jerry VanBuskirk in Bloomfield.  
 Mr. Welsh from Freeport is spending a few days with his brother-in-law, Mr. Sherman Thurler.  
 Mrs. Annie Franklin a former resident of this place, was brought home from Lynn, Mass. last week in a very critical condition, with a serious attack of heart trouble. She is with her son, Mr. James Franklin, in Digby, with a trained nurse and good Doctors in attendance. We are glad to report her a little easier.  
 Mr. and Mrs. Sherman Thurler and son Laurence, and Mr. Welsh spent Sunday with Mrs. Sherman's sister, Mrs. Ernest Ring at Barton.

### BEAR RIVER.

Beir Heer, A. C. Cunningham and A. Warner of Digby, were in town Friday.  
 Burpee Alexander and family have moved to the farm recently purchased by Percy Ford, and formerly occupied by H. E. Hatheway.  
 Mr. and Mrs. B. C. Clarke have returned to their own home, after having spent the winter at the Grand Central Hotel.  
 Waldo Chute left Tuesday for Nictaux, having accepted a position with Willis Rice.  
 Col. E. C. Phinney of Halifax, arrived in town Monday and registered at the Grand Central Hotel.  
 The Ladies Circle of the Baptist Church met at the home of Mrs. W. D. Chute on Thursday evening.  
 Bruce McClelland and Irma Rice, who are attending Oakdene School, spent the week-end at their respective homes in Deep Brook.  
 On Monday Mrs. Burton Chute celebrated her ninety-second birthday and several friends called during the afternoon to offer their congratulations. Mrs. Chute is enjoying the best of health and is a remarkable woman in every way for her years.

### PARKER'S COVE.

Service in the Methodist church on Sunday at 2 o'clock by the Rev. R. Thomas.  
 We are having very mild weather at present, and colds are very prevalent at time of writing.  
 Mr. Nelson Lutz of Granville Ferry, is a guest at the home of Mr. and Mrs. Curtis Halliday this week.  
 Mrs. Manasseh Weir is visiting her daughter, Mrs. Alvin Williams of Granville Ferry this week.  
 Miss E. Harding, Miss Alice Rice and Miss Grace Halliday attended the C. G. I. T. convention in Bridgetown the 14th and 15th.  
 Mr. and Mrs. Austin Weir and family after spending several months in Granville Ferry, have returned to their home here.  
 Miss Hattie Halliday who has spent the last two months in Wolfville, has returned home and is resuming her work clerking in W. H. Anderson's grocery store. Glad to welcome our home folks on their return.  
 Mr. W. H. Anderson is having some changes made in the interior of his store and when done it will be more convenient and of far better appearance.  
 Quite a number of the men folks are getting ready for fishing.  
 Mr. Elwood Oliver of Boston, is visiting his mother, Mrs. Elizabeth Oliver.

### KARSDALE.

Under the superintendence of Miss Esther H. Baker, the popular principal of the Karsdale School, the pupils gave a pie sale in the Hall over the school room on Saturday evening last. The attendance was large and a most enjoyable evening was spent. The sale of pies amounted to \$19.25, which will be expended for school purposes as the teacher decides.  
 Mrs. Lydia J. Thorne has been visiting her daughter, Mrs. W. R. Bishop, paradise for the past ten days.

Mrs. N. M. Beckwith is spending a few days in Middleton, with her sister, Miss Ena Morse.  
 A large number attended the funeral Friday afternoon—of the late John Bartheaux.

Rev. Wilson of Middleton, conducted the ceremony.  
 Clyde Bartheaux came home from U. S. to be present at his father's funeral.

### IN MEMORIAM.

There were seven of us children.  
 And a happy lot were we,  
 We were gay and young and carefree  
 As a family could be.

Till our darling dearest Nellie  
 Got a terrible cough and cold,  
 Left us on December morning  
 For T. B. had got its hold.

Oh, we miss our darling Nellie,  
 How we miss her no one knows  
 When we gather round the fireside  
 And outside it snows and blows.

Oh it seems the house is empty  
 Without Nellie in her place,  
 Oh to hear her sweet voice singing  
 Oh to see her lovely face.

Oh we never shall forget her,  
 For even time can never heal  
 The sorrow of our aching hearts,  
 Or the loneliness we feel.

But we know 'twas God bereft us  
 And he'll comfort, heal and bless  
 If to Him we take our sorrow  
 For He doeth all things best.

In memory of Nellie M. Bragg,  
 THE FAMILY.

Hardware Clerk: Aw, what difference does it make?

Boss: Never mind! I'll have no one pulling any rough stuff around this place.

#### HIGHWAY NOTICE

#### Closing of Roads.

The attention of the public is respectfully called to an Act to amend Chapter 77 of the Revised Statutes of 1922 of "The Load of Vehicles Act," passed the 9th day of April, 1924, A.D.

Be it enacted by the Governor, Council and Assembly, as follows:—

1. Section 7 of Chapter 77 of the Revised Statutes, 1922, the "Load of Vehicles Act," is repealed and the following substituted therefor:

7. (1) No person shall operate a motor vehicle that is subject to the provisions of the Motor Vehicle Act on any highway in any municipality after the first day of March and before the first day of June following without the permission of the Superintendent of Highways or of such other officer as may be appointed by the Provincial Highways Board for that purpose first had and obtained.

(2) The Provincial Highways Board from time to time in each year may, and is hereby authorized and empowered with the approval of the Minister of Highways, to exempt from the provisions of Sub-section 1 of this section, for the whole or any part of the period between the first day of March and the first day of June following in the year and for which the exemption is granted, every person operating any motor vehicle or a motor vehicle of any particular class that is subject to the provisions of the Motor Vehicle Act, on all highways within any municipality or municipalities which highways in the opinion of the Provincial Highways Board will not be unreasonably damaged by reason of the granting of such exemption.

9-9t.

#### CENTRAL CLARENCE.

Mr. Major Slocumb of Bridgetown, accompanied by his brother, Mr. Israel Slocumb of Mass, called at Mrs. Henry Messenger's on Friday last. Mrs. Sable Mcintosh spent last week-end with her parents, Mr. and Mrs. C. H. Jackson.

Mrs. Wilfred Bishop returned on Wednesday last from her visit in Kings Co.

Mrs. Vroom from Deep Brook is visiting Mr. and Mrs. M. C. Marshall. Week-end visitors at F. M. Smith's were Mr. and Mrs. Sanford, Miss Della Palmer and Mr. Frank Saunders, of Weston, Kings Co.

On account of sickness Miss Rene Finimore was unable to attend the C. G. I. T. convention at Bridgetown. Miss Mary Wilson went as substitute. The meetings were very enjoyable to the delegates from this section who attended. Miss Marjorie Trotter addressed the C. G. I. T. class of Clarence at the Voztry on Monday afternoon last. While here she was the guest of her cousin, Miss Ruth Ward.

The Crokinole Club was entertained on Monday evening last at H. A. Vette's and again on Saturday evening at C. H. Jackson's. One more meeting and we will finish the game for this season.

There is still a good deal of sickness in the community, some having the cold the second time. We are sorry to report Mr. Eldon Marshall very ill at time of writing. A trained nurse has been secured and we hope that with the best of care he may soon show signs of improvement. Dr. Morse is in attendance.

Miss Belle Marshall came from Bridgewater on Saturday on account of the illness of her parents.

Mrs. John Bennett received word that her sister, Miss Jean MacDonnell has been ill at Glace Bay.

The Misses Vera and Gertrude Davies write home from Long Island that they are enjoying their work in the Hospital very much.

#### SOUTH WILLIAMSTON.

Very few seem to escape from an attack of epidemic of cold, la grippe or flu, whatever the prevailing disease may be called. Many are still ill.

Miss Varner has returned from her home and re-opened school Monday, 23rd.

Mrs. W. Hatt of Kingston, visited her sister, Mrs. Evelyn Beals during the past week.

Some progress is reported in the condition of Elta Whitman, who is still being cared for at the home of Mrs. Wm. Marshall after her recent operation.

Sorry to report Mr. Crafton Whitman, Lawrencetown South, quite ill at time of writing. Mrs. Whitman is improving.

Miss Olive Hunt, who has been visiting her parents, Mr. and Mrs. W. A. Hunt, has returned to resume her duties at the New England Baptist Hospital. Miss Hunt, while here made a short visit with her sister, Mrs. Eugene Spurr, Round Hill.

Mrs. Eugene Spurr and children spent a few days last week at her parents' home here.

Mr. David Layte, Mrs. B. M. Shankel, Mr. John Hatt and several others who have been quite ill are improving.

Mrs. Albert Fitzandolph is still at the home of her daughter, Mrs. Chipman at Nictaux. Latest reports are she is not recovering her strength as fast as we could hope. Trust she may soon recover.

#### CARD OF THANKS.

Mrs. Margaret Foster and daughter Miss Jennie Foster, wish to express their thanks to the Bridgetown Fire Dept. for their splendid work on Saturday in preventing the spread of flames to their residence.

52-11p.

#### THUS SAITH THE LAW

Retail Sale of Liquor Prohibited.—Upon and after the day named in such proclamation and during such period as the proclamation remains in force no person shall at any place within the limits specified in the proclamation, sell, barter, or, directly or indirectly, for any matter, thing, profit or reward, exchange, supply or dispose of or shall give to any other person, any intoxicating liquor, or shall expose, keep or have in his possession any intoxicating liquor intended to be dealt with in any such way.

Selling to Minor.—Every one is guilty of an offence and liable on summary conviction to a penalty not exceeding fifty dollars who sells any firearm or gives or sells any pistol or airgun or any ammunition therefor to a minor under the age of sixteen years unless he establishes to the satisfaction of the Justice before whom he is charged that he used reasonable diligence in endeavoring to ascertain the age of the Minor before making such sale or gift and that he had good reason to believe that such Minor was not under the age of sixteen years. (As enacted by 3-4 Geo. V., c. 13, s. 5.)

#### MELVERN SQUARE.

Mr. Allaby, student at Acadia, filled the appointments in the Baptist church here last Sunday.

Mr. Fred VanBaskirk and little daughter Pauline, of Springfield visited his mother recently at the home of Mr. D. M. Outhit.

Mr. Fred Fitch is visiting his sister Mrs. M. Balcom.

Mrs. Harry Vaughn and two children of Sheffield Mills, Kings Co are visiting her parents, Mr. and Mrs. Isaiah Palmer.

Mr. and Mrs. John G. Masters, of Kingston, spent the week-end at the home of Mr. and Mrs. Miner Sproule.

Mr. and Mrs. George O'Neal were recent visitors of Mr. and Mrs. Kenneth Chate, East Margaretsville.

Miss Eleanor Gates has gone to Somerville, Mass., for an indefinite time.

#### STONEY BEACH.

Mr. George Littlewood spent Sunday with his sister, Mrs. Geo. Harnish of Lequille.

Word was received March 20th of the death of Mr. Frank Blaney, of New York City. He leaves to mourn one brother, S. H. Blaney and one sister, Mrs. Geo. Littlewood, both of Stoney Beach.

Very glad to report the sick are all improving.

Mr. Edgar Leitch received word of his brother's death, Mr. Zenas Leitch of Lynn, Mass.

Roy McKenzie returned to the West Tuesday 16th.

#### MISS HELEN MacDOUGALL ADDRESSES INSTITUTE ON HOME ECONOMICS.

At Next Meeting Mr. C. S. Bothamley Will Speak on Gardening And The Care of Plants.

Wednesday, March 18th, the Women's Institute and ladies of the town met to hear Miss Helen MacDougall, Supt. of W. I. for Nova Scotia, speak on Home Economics.

Referring briefly to the Institute mentioned that it is the largest organization of women in the world, numbering nearly 100,000. The Institute paper W. I. N. S. published for N. S. Institutes has nearly 900 subscribers. By means of large charts showing common foods, and their value as fuel, fat, or energy producers, Miss MacDougall made it very clear to the audience that many of our commonest food are lacking in true food value. Ways of correcting this were shown, and the value of using more vegetables and fruits explained.

The next meeting of the Institute will be held April 2nd in the Board of Trade room at 3 o'clock. At 3.30 the same afternoon Mr. C. S. Bothamley of West Paradise, will speak on gardening and care of plants.

All ladies interested are invited to attend. At the close of the meeting refreshments will be served at 15c.

The pie and ice-cream social held in the Temperance Hall was a grand success. The sum of \$33.50 being realized.

## NEW BOOK MAKES ROMANCE OF HISTORY

Tells Story of Canadian Pacific Railway and Building of Dominion

A facetious American once referred to the Canadian Pacific Railway as "Canada on Wheels." Great as it is, the Canadian Pacific would be the last to appropriate such an appellation. It can be truthfully said, however, that to understand the recent history of the Dominion one must know that of the Canadian Pacific. Now at last comes a volume, well illustrated with photographs, which presents that history in its most reliable form—that is, in a form combining the human factor with the mere facts of the railway's development. "The Romance of History" by R. G. MacBeth (The Ryerson Press, Toronto, 62 cents).

## PLANS TO PROMOTE THE COAL INDUSTRY.

Minister of Interior Announces Scheme.

To Continue Transportation Aid And Assist Coal Manufacture.

Ottawa—Hon. Charles Stewart, Minister of the Interior, indicated in the House late Monday night, government plans for the development of the Canadian coal industry. Two lines of activity were proposed.

1.—Continuance of the financial assistance provided last year for the transportation of Canadian coal. 2.—Legislation to assist the manufacture of coke. Mr. Stewart said that as a result of the \$200,000 voted last year to assist in transporting coal, the market for Nova Scotia coal had been extended 100 miles further westward. Owing to the strike in the Alberta coal fields, it had not been possible to lend financial assistance in transporting Alberta coal east. But there was to be a trial shipment of the spring; and if a rate of 36 per ton transportation charges could be obtained, plus \$1 per ton for milling and loading on the cars, it would be possible to bring Alberta coal into Ontario to meet competition with American anthracite. Further if Nova Scotia coal could be turned into high grade coke in Quebec, Mr. Stewart thought that a million and a half tons could be used to take the place of the anthracite now brought in from the United States.

## VOIDED DOWN.

The question of coal supply was raised by T. L. Church, Conservative, Toronto, who advocated a national policy, urging that no part of Canada should be left dependent upon the United States for such supply. Mr. Church's motion was not carried by a vote. After some debate, J. J. Hughes, Liberal, King's, P. E. I., moved adjournment of the debate shortly after midnight. There were objections from every part of the House, which thereupon divided and the motion to adjourn was carried 42 to 38. It was a split vote in Liberal and Progressive ranks, all the Conservatives voting for a continuance of the debate. The Church motion now goes down to the bottom of the list of private members motions.

## ROUND HILL.

Miss Bessie Whitman of Tupperville, spent one day in the village last week.

Mr. and Mrs. Verne Whittman and baby returned from Paris on Monday. They are now at a home of Mr. and Mrs. S. A. DeLong and expect to leave soon for their home in Springfield, Mass.

Bishop Hackett, the new Co-Adjutor Bishop of this Province, paid a visit to this place last week and spoke in St. Paul's church on Wednesday 11th. A large number attended.

Miss Phyllis Stevens left Monday 14th for Halifax, after a pleasant visit with her parents, Mr. and Mrs. W. G. Stevens.

Mrs. John Bent of Tupperville, called on friends in the village on Monday 14th.

## OBITUARY.

Isaac DeLong. Bear River.—The death occurred at Bear River 22nd, Saturday morning, of Isaac DeLong, at the age of sixty-seven years, following an illness of several months. He is survived by his wife, formerly Miss Whittman.

Mr. DeLong came to Bear River from Queens County about forty years ago and was a most industrious worker, and had always been a hardy, well man until about a year ago.

## CANADA AMONG THE POWERS.

The National City Bank of New York has compiled a table to show the relative changes in the wealth of the principal countries of the world since 1780. The figures, derived from the best available sources official and unofficial place Canada seventh in the list. The first dozen countries are (in billions of dollars):

United States	\$320,803
United Kingdom	\$3,840
France	67,710
Germany	25,700
Spain	25,319
Italy	25,986
Canada	22,995
India	21,969
China	15,087
Russia	17,000
Argentina	12,178
Brazil	10,200
Australia	\$9,650,000,000
Holland	\$8,200,000,000
Cuba	\$8,000,000,000
There are no present data for Russia, which in 1912 stood fourth, with a wealth of \$56,140,000,000. The term wealth, as used in this compilation, embraces real property and improvements, clothing, furniture and kindred property, manufactured products, railways and their equipment, manufacturing machinery, tools and implements, live stock and agricultural products, street railways and telegraph and telephone systems.	

## WHAT A BEGINNER IN BEE-KEEPING SHOULD READ.

(Experimental Farms Note.)

The winter months afford the beekeeper an excellent opportunity of increasing his knowledge of bees and bee management through reading. There are, at the present time, so many good books and journals devoted entirely to beekeeping, the beginner is often at a loss to know which to choose. Mr. C. B. Gooderham, Dominion Apiarist recommends one of the following for general reading:—"The Honey Bee" by Langstroth and DeLong; "Beekeeping" by Dr. Phillips, or "Practical Beekeeping," by Frank C. Pellett. In addition to one of these, every beekeeper should have a copy of the "A. B. C. & X. Y. Z. of Beekeeping," which is the best reference book obtainable as it deals with practically every phase of beekeeping and has, in addition, special articles for beginners. These books can be purchased from any dealer in bee supplies. It is also advisable that the beginner subscribe to at least one good bee journal, any one of the following can be recommended:—"The Beekeeper," published at Peterboro, Ontario, price \$1 per year; "The Western Gardener and Beekeeper," Winnipeg, Manitoba, price \$1 per year; "The American Bee Journal," Hamilton, Ill., U. S. A., price \$1.50; "Gleanings in Bee Culture," Medina, Ohio, U. S. A., price \$1.15; and for the French reader "L'Abellé," Casler Post, 176, Quebec, P. Q., price \$1. The beginner is also advised to obtain the following Dominion Experimental Farms bulletins and circulars:— Bulletin No. 32—"Bees and How to Keep Them." Bulletin No. 22—"Wintering Bees in Canada." Circular No. 105—"Bee Diseases." Circular No. 52—"Facts About Honey."

## OLDEST WOMAN IN NOVA SCOTIA DEAD.

Sydney Mines—Mrs. Christina Tutty without a doubt the oldest woman in Nova Scotia, born on St. Patrick's day in North Duff, Scotland, in 1819, died this morning at the home of her granddaughter after a short illness. Coming to Cape Breton when nineteen years of age she lived in Grand Mira, until removing to Sydney Mines where she has spent four score years. Her name in girlhood was Christina McLean. She was married eighty-three years ago to the late Donald Ross, and later to the late Donald Tutty. She is survived by many relatives. Among the number being Foreman Way, M. P. P., who is a grandson, Leuchlin McLean, Glace Bay, and Malcolm Ross, North Sydney, are nephews.

## MAITLAND BRIDGE.

We are pleased to report Miss Etta Rowter much improved in health. Rev. J. H. Paulding, of Caledonia, occupied the pulpit of the Baptist church here on Sunday last.

Mr. L. N. Hanley of Boston, who has been visiting his mother, Mrs. Martha Hebb, returns to the States in a few days.

Mr. S. P. Ringer is spending a few weeks at Liverpool, where he is receiving medical treatment from Dr. Hennigar.

Mrs. Francis Atkins and little son Richard, of Kemp, are visiting Mrs. Melissa Rowter.

The many friends of Mrs. Enos Germain of Caledonia, formerly of Maitland Bridge, will be pleased to learn that she is satisfactorily recovering from her recent operation at the V. G. Hospital, Halifax.

The ladies met at the home of Mrs. A. D. Minard Tuesday afternoon. The latest message from Boston to Mrs. E. A. Ringer states that her condition, Mrs. Peckholy, is somewhat improved in health, although still in a very weak condition.

Mr. Yettou Munro is on a business trip to 25th day.

Mr. Jackson Lewis is very busy these days doing carpenter work. At present he is doing repair work at the home of Mr. A. J. Nixon.

Mrs. Walter Dukeshire, who has been visiting her mother, Mrs. Isabel Munro, at Lake Munro, for the past week has returned home.

The present order is very encouraging to the Maitland Lumber Co., who have a large drive of logs, which are to be brought here to be sawn into lumber this summer.

## OBITUARY.

Wallace A. Jefferson.

Bear River.—There passed away Sunday morning at Bear River East after a short illness, Wallace Aaron Jefferson, aged seventy-six years. Mr. Jefferson was a life-long resident of Bear River East, being a son of James E. Jefferson. His wife, formerly Miss Kiley, died nearly eighteen years ago. He is survived by one son, Arthur Jefferson, of Bear River East. Interment took place Tuesday afternoon at Clementsvale.

## APPLE SHIPMENTS CONTINUE HEAVY.

Sixteen thousand one hundred and sixty barrels of apples were shipped from Halifax to ports in the United Kingdom last week, bringing the total number of barrels shipped since the opening of the season to 1,068,831, according to the weekly statement issued by Furness Witby and Company yesterday. Four steamers loaded apple cargoes here last week, the Cunard liner Ausonia, the Furness liners Sachem and Manchester Exchange and the Canadian Government Merchant Marine steamship Canadian Victor. Of the four liners, the Ausonia took the heaviest shipment, numbering 6,013 barrels for London. The Canadian Victor bound to Cardiff loaded 5,084 barrels, the Sachem for Liverpool took 3,259 barrels and the Manchester Exchange, bound to Manchester took 1,801 barrels.—(Herald.)

## FEELING TIRED IN SPRINGTIME

Not Sick, But Not Quite Well—You Need The Help of Dr. Williams' Pink Pills.

With the passing of winter many people feel weak, depressed and easily tired. No particular disease, but the system lacks tone. You find yourself tired, low-spirited, and often unable to get sound sleep at night. All this is the result of in-door confinement of the winter months, and shows that the blood has become thin and watery. New, rich, red blood is what you need to put you right, and there is no other medicine can give you this new blood as surely and as speedily as Dr. Williams' Pink Pills. This new blood goes to every part of the body and quickly improves the general health. Digestion is toned up, you have a better appetite, nerves are strengthened and sleep is sound and refreshing. The value of Dr. Williams' Pink Pills when the system is run down is shown by the experience of Mr. William Mitchell, R. R. No. 1, Bedford, P. E. I., who says:—"A few months ago I found myself in a badly run down condition. My appetite was poor, I was easily tired and did not sleep well. I tried several so-called tonics, but did not get any relief. Then I decided to give Dr. Williams' Pink Pills a trial and soon found that I had got the right medicine. Gradually my strength came back, the dull, tired feeling disappeared, and after using the pills for about a month, I could eat heartily and was as strong and active as ever I have been. I can most cheerfully recommend Dr. Williams' Pink Pills as an unsurpassed tonic."

You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## 12,000,000 STUCKS OF WRIGLEY'S SOLD PER DAY.

That's what ADVERTISING is doing for Wrigley's in Canada. Newspapers, magazines, bill boards and street cars all carry Wrigley ads.

Wrigley's advertising has put Chewing Gum on the map; it has become a necessity, recommended by physicians and dentists. Doctors say that the chewing gum releases juices which aid in digestion and promote better health. Dentists urge the use of Wrigley's to remove food particles from between the teeth and to massage the gums. Wrigley's success is another exemplification of the old saying, "To him that bath." Wrigley has faith in advertising and he is reaping his reward.

## DIGBY BOY RECOGNIZED AS A MUSICAL STAR.

Digby—The musical entertainments on the radio have been doubly interesting of late to the citizens of Digby, because they have had the opportunity of hearing one of the boys who left here to seek his fortune in the big cities. Jamie Dillon left Digby a few years ago in search of an opportunity to show his musical ability. He got his start as a trombone player in the Digby Amateur Concert Band and by hard work and perseverance he became quite accomplished as a player of that instrument. Today he is a member of a musical organization known as the Lombardo Royal Orchestra, which is based in Cleveland, Ohio, where much of their time is devoted to radio broadcasting of music. Young Dillon is recognized as a star among the musical fraternity and is drawing a big salary as a result of years of faithful endeavor.

## PESTIFEROUS JACK RABBITS YIELD PROFITS AFTER DESTRUCTION.

Corbiou, Alaska.—Washington and other States of the Union might profit from the Jack rabbit pest if they killed the animals, powdered the meat and sold it to Alaska fox farmers for summer feed, in the opinion of J. Williamson, owner of the largest fur farm along the Russian river on the Kenai peninsula.

More than 5,000 rabbits were slaughtered by Williamson last winter. The meat was ground, placed on racks over a stove where it was dried, and then pulverized and stored in sacks.

The rabbit powder was mixed with water and vegetables, boiled and served to foxes during the summer, making an agreeable change of diet from fish and porcupine.

Another form of preserving the meat is to pack it when fresh into five gallon oil cans. About thirty five rabbits are put into one can. Water is poured over the meat and the can set on doors until its contents freeze. The can is then thawed loose and removed from the block containing the meat. The block is stored in ice houses that prevent it thawing until feeding time in the summer.

## MINARD'S LINIMENT FINE FOR THE HAIR.

Minard's Liniment Fine for the Hair. It is a well known Ottawa man, and served with distinction during the Great War.

MAY CHANGE HANDS  
Central of Oyster Areas May Be Given to Federal Government

Ottawa—That negotiations are under way for the transfer of the oyster areas in Prince Edward Island, Nova Scotia and New Brunswick from the provincial to the Dominion government, was stated in the House of Commons this afternoon by Hon. T. J. Cardin, Minister of Marine. In answer to a question by A. E. McLean (Liberal), Prince M. Cardin said that he had informed the Premier of Prince Edward Island that it the div-

ided jurisdiction were removed by placing the administrative control of the oyster areas of that province, in the hands of his department, measures for clearing up public beds and building up an industry in private oyster culture would be taken. Mr. Cardin stated that the premiers of Nova Scotia and New Brunswick had indicated their willingness to place the administration of suitable areas in the hands of the Department of Marine and Fisheries, provided satisfactory arrangements for the development of the industry were concluded.

### WESTERN BACHELORS NEED NOT BE LONELY

Vilna, Alberta—Vilna bachelors will not need to search England and Ireland for brides. More than 100 letters have been received up to date by the Secretary of the Vilna Citizen's League from lonely maids in all sections of Canada and the United States asking for particulars of the sixty-three bachelors of this district and giving all sorts of encouragement to the most bashful of them to step out and propose right away.

And so the appointment of the overseas envoy was cancelled at the last meeting of the League and a scheme of advertising for Canadian girls adopted in its stead.

The waitress was very much out of sorts. She saluted haughtily up to the table at which sat the grouchy customer. She slammed down the cutlery, snatched a napkin from the pile and tossed it in front of him. Then, striking a furious pose, she glared at him.

"What'sa want?" she snapped. "Couple of eggs," growled the diner. "How ya want 'em?" "Just like you."

### Here and There

In conjunction with the further loan of \$3,000,000 for colonization to be authorized by the Quebec legislature this season, it is also intended to raise the bounty to settlers on the acreage cleared. At present the government gives a bonus of \$6 an acre. It will be raised to \$8 an acre. The province spent \$30,000 in this way in the last fiscal year.

The amount of butter exported to Japan through Vancouver during 1924 was nearly twice that of 1923, according to figures supplied by the Japanese consulate at that point. The report shows that in 1924 the quantity was 476,454 pounds, as compared with only 296,695 pounds in 1923. Total cheese shipments to the same destination last year amounted to 2,265 pounds, as against only 40 in 1923.

A recent analysis of immigration according to occupation of immigrants arriving in Canada since 1920 shows a steady increase in the ratio of agriculturists and domestics towards all others. In 1921 the figure was 35 per cent. It was 44 per cent for the fiscal year ending March 31, 1922, 47 per cent for the fiscal year 1923-24 and 51 per cent for the nine months April to December, 1924.

One of the outstanding features of the Grain Commission Board's report for the season 1922-23, was the tribute paid to the excellent service rendered by the Canadian Pacific Railway in handling the western crop. Though the company handled 105,000 cars of grain, it received only six complaints about the lack of cars from the railway and commission combined. In 1923-24, with an even larger number handled, there were only eight complaints.

Orchestras from the Canadian Pacific steamships "Empress of France" and "Empress of Scotland," when they arrived recently at New York and before sailing on their round the world and Mediterranean cruises which the company starts annually from that port broadcasted through WJZ a forty-five minute programme of selected Scots, English, Welsh, Irish and Canadian airs, while the "Montroyal," on her return from the company's cruise to the West Indies, broadcasted British and Spanish music through WJY of New York.

Information furnished by J. Frank Callbreath, packing contractor and general merchant, shows that during the 1924 hunting season, parties secured 12 moose, 25 caribou, 26 goat, 31 sheep, 15 black bear and 11 grizzlies in the Telegraph Creek district of British Columbia. Of the caribou, the largest, shot by J. J. Sartori, of Brooklyn, N.Y., has a spread of 47 inches, is 39 1/2 inches long and has 27 points. The largest sheep horns were 4 1/2 inches long, with a spread of 31 inches, and were secured by A. D. Stewart, of New York.

The third annual Eastern International Dog Sled Derby, run off at Quebec on February 19, 20 and 21, was a tremendous success. Twenty-two mushers and their teams from many parts of Canada and the United States competed over the 120-mile course, the race being won by Emile St. Godard, of Le Pas, Man., who also won this year's derby at that place. The last day's lap was run through a blinding snowstorm, which gave the thousands of sports visitors from Canada and the United States who witnessed it, a vivid impression of normal conditions experienced by these outfits.

### MOTHERS PRAISE BABYS OWN TABLETS

Mrs. L. M. Brown, Walton, N. S., says:—"I cannot recommend Baby's Own Tablets too highly. I have found them invaluable for the ailments of little ones." Mrs. Brown's testimony is the same as that of thousands of other mothers who have used the Tablets. To use them once is a guarantee that they will always be kept in the home as long as there are babies or young children to be cared for. The Tablets are a laxative—mild but thorough in action—which never fail to regulate the stomach and bowels; relieve constipation and indigestion; break up colds and simple fevers and make the dreaded teething period easy. In fact they banish all the minor ills from which little ones suffer. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### BRITISH EMPIRE STEEL CORPORATION AFFAIRS SHOULD HAVE A THOROUGH INVESTIGATION.

Up to Date Steel and Coal Merger Has Failed to Justify Existence by Increasing Employment, Production, Economy or Dividends.—There May Be Reasons But State of Public Mind in Nova Scotia Makes It Desirable For Company and Public Alike That the Matter Be Probed to the Bottom.—Some Basic Facts About The Situation.

(By I. D. MacDUGALL, M. A.)

(From Toronto Saturday Night.)

The following article is peculiarly appropriate at the present moment in view of the breaking out once more of the perennial trouble between the British Empire Steel Corporation and its men. Mr. I. D. MacDugall of Inverness, N. S., the author of this article, was associated with the United Mine Workers in the United States for three years in the mining industry and thus has had an excellent opportunity to know conditions in both countries from the men's side. As the article is written from the standpoint of a man who is anxious to see the industry succeed in Nova Scotia and who has had firsthand acquaintance with the men and the mines for some time, our opinion is that it will repay careful consideration.—(Ed. Note.)

Someone has said that only two things are certain—death and taxes. In Nova Scotia there would seem to be three—death, taxes and trouble in our coal-fields. Fifty-five per cent of the coal mined in Nova Scotia comes from mines owned and operated by the British Empire Steel Corporation. This steel and coal merger came into being in 1920. And since that date, each New Year has brought Nova Scotia a new wage dispute, ultimately resulting in a strike or a lock-out. 1925 does not give earnest of a change.

Some weeks ago the British Empire Steel Corporation announced its intention to reduce the wages of all employees ten per cent. The employees, who are members of The United Mine Workers of America, refuse to accept any reduction. The corporation has not yet put its reduction into effect. And whatever work is available at the mines is paid for according to the 1924 wage-schedule. The present arrangement cannot long continue. There must be a settlement or a complete cessation of work.

The annually recurring trouble in our coal-fields has worked immeasurable harm to the corporation—its stockholders—the consuming public—the miners and the whole province. Nova Scotia's "little body is afeary" of this strife and turmoil. Our people should not stand it longer. Our coal industry cannot stand it longer—and live.

It is sometimes said—"the miner's earnings should be reduced." Nothing could be more absurd. If there is one thing about the coal industry in Nova Scotia that stands out clear and unmistakable—about which there should be no conflict of opinion or confusion

—It is that the earnings of the miners for the last eight months have been entirely inadequate and must be increased. The majority of the miners for the period above mentioned were unable to provide with their earnings the bare necessities of life. This condition was due in the main not to low wage-rates but to lack of employment. For the last eight months the British Empire Steel Corporation's mines worked very irregularly—sometimes two days a week, on an average not more than three. Even if the rates of pay were much higher the miners would not have been able to earn living wages on the amount of employment furnished. So that the small earnings of the last number of months do not of themselves prove that the rates of pay are too low.

If the miners worked regularly the majority of B. E. S. Co. employees would do fairly well under present wage-rates. A few known as local-contract men could earn with steady work perhaps more than living wages. In fairness it should be stated that this class constitute a very small percentage of the total number employed. Contract miners with steady work would average under present rates, about \$5.50 a day. While the wages of day laborers would average about four dollars a day. The lowest rate paid underground to datal laborers is \$3.60 and \$3.50 is the lowest datal rate on the surface. (There is a lower rate both underground and surface for boys.)

These rates may appear high when compared with rates in a number of other trades. But it should be remembered that mining is killed labor. It should also be remembered that he who toils in a coal mine does so in constant danger to life and limb. It was only within very recent years that life insurance companies would sell insurance to miners. Though miners can get insurance now, still coal-mining holds a prominent place in the extra-hazardous occupation list of all insurance companies. Indeed every million tons of coal produced in Nova Scotia is smothered with the precious life blood of seven unfortunate workmen. It should be noted, too, that when compared with other organized coal-fields the wages paid miners in Nova Scotia are found to be substantially lower than the wages paid coal-miners in any other organized field in the North American continent.

Labor constitutes the largest single item in the cost of producing a ton of coal in Nova Scotia. This is probably true of coal-mining costs the world over. But is the Labor Cost of Nova Scotia coal out of proportion when considered in relation to the total production cost? Hon. E. H. Armstrong, Premier, and until recently Minister of Mines in the Nova Scotia said—"My coal prices were reduced in Nova Scotia it would mean that the miners would receive lower wages. For Labor constitutes between sixty and seventy per cent, of the total cost of a ton of coal. And I do not wish to see the miner's wage reduced. I sympathize with the miner in his hazardous work."

The foregoing is the Premier's answer to those who contend that the retail prices of coal in Nova Scotia are too high. It is an effective answer politically. But we think it is not exactly fair to the coal-miners with whom the Premier sympathizes. It represents them as getting a larger share of the product that they actually receive. In 1922 we saw a cost-

### IMPROVEMENT IN PUBLIC HEALTH.

The Death Rate in Nova Scotia The Lowest in Years.

Improvement in the public health of Nova Scotia is shown by the report of the Department of Public Health tabled in the House of Assembly Tuesday. The estimated standardized death rate in Nova Scotia for 1922-23, the latest year for which statistics are available, was 11.4 per thousand. The report says there is an improvement shown in the public health of the Province through the statistics despite the fact that the statistics of death are being reported much more carefully and with more improvement than formerly. There is improvement in the infantile rate, the number of deaths of children under one year of age in one thousand is 18.5. The improvement in respect of tuberculosis appears to be maintained, the report states.

There can be little doubt but that our cancer deaths are becoming more frequent. The height of the rate for the year 1922 was one never hitherto attained. There has, moreover, been a constant tendency for the rate to rise, observable since records were first kept.

The activities of the Department of Public Health have been fully maintained, the report states. During the year the reconstruction of a building in which, when completed, there will be available greatly improved quarters for the Provincial Laboratory, was begun, and now nearly completed.

The Maritime Provinces do not, and in their present stage of industrial development, cannot consume the total output of the Nova Scotia collieries. Much of the coal produced by B. E. S. Co. must be sold at all in the St. Lawrence market, where it comes into direct competition with American coal. By reason of high transportation costs shipments of coal by rail to Montreal are out of the question. Coal to the St. Lawrence market is therefore waterborne. In Nova Scotia the navigation season generally opens in April and closes in November. If the B. E. S. Co. mines are to work regularly from November to April coal must be banked. This banking of coal is expensive business for two reasons. In the first place the cost of banking and removing the coal in the spring adds about twenty-two cents to the cost per ton. Then coal in bank deteriorates—the percentage of slack increases—and the coal is not as attractive looking as newly mined coal. All of which tend to detract from its saleability when competition is keen.

### TUPPERVILLE.

Mr. F. H. Willett returned on Tuesday, March 17th, from Haines City, Florida, where he has been for the past six weeks attending to the marketing of his citrus crop. He reports good crops and prices high.

Glad to report Mr. Philip Inglis, who has been ill with flu, much better.

Our rental station agent and postmaster, Mr. S. Taverner, was given a surprise party by his many friends on the evening of St. Patrick's day and presented with a mantle clock by his gentlemen friends, while the ladies not to be outdone gave him a linen runner for his buffet.

The presentation was made by Mr. C. R. Bent. Mr. Taverner in a few well chosen remarks thanked the company for their gifts and at the same time welcomed them to his home, a pretty new bungalow into which he has recently moved. At the close of the evening a most hospitable repast was served. At a late hour the party broke up all agreeing that a very enjoyable evening had been spent.

Mrs. Alice Withers is visiting her daughter, Mrs. William Inglis.

The two apple warehouses have completed work for the season. The last three car loads having been shipped out on Monday of this week.

We are sorry to report Mrs. H. E. Bent and Mrs. C. L. Dargie both sick with colds.

On Tuesday evening, March 16th, the Ladies Sewing Circle held a 15 cent tea at the home of Mr. and Mrs. J. S. Bent. Proceeds for repairs on the hall.

L. G. Woodbury with his gasoline mill has about completed sawing. The snow went so early that many wood-piles look smaller than usual.

### MARRIED

#### Templeman-Volden

The marriage of Miss Martha Roselle Templeman and Edward W. Volden took place Saturday evening at 7 o'clock at the First Presbyterian church of San Francisco. Dr. Guthrie, pastor of the church officiating. The bride who was given in marriage by her brother, A. W. Templeman, of Los Gatos, wore a beautiful gown of blond satin with a large orchid hat and wore a corsage of orchids and lilies-of-the-valley. She was attended by Mrs. A. Moylan, who was given in attendance by her brother, Wesley N. Volden. Following the ceremony at which only relatives and intimate friends were in attendance the wedding party enjoyed a dinner at the Palace hotel. Mr. and Mrs. Volden will tour southern California. They will reside in the beautiful home Mr. Volden has built on Hollywood avenue in this city.

Mrs. Volden is the daughter of John B. Templeman, of Hampton, Nova Scotia, and a sister of A. W. Templeman of Los Gatos. She is a young woman who has made a host of friends during her stay in Los Gatos and her friends are more than pleased to learn that she will become a permanent resident of this city.

Mr. Volden was born and raised in Los Gatos. He is postmaster of this city, a position he obtained through demonstration of merit and ability. The Mail-News joins the many friends of Mr. and Mrs. Volden in wishing them much happiness and prosperity in their married life.—(Los Gatos Mail-News.)

### REV. J. H. FRESTONE SPEAKS ON "RADIO"

At Gordon-Providence United church on Sunday evening a good sized congregation listened with intense interest to the Pastor, Rev. J. H. Frestone, as he spoke on the "Radio" taking for his text "Hear ye Him" Matt. 17-5. The pastor drew vivid comparisons and made some splendid and vital applications to the Christian life. As it is now possible for many millions of people to hear the human voice at one time by means of the radio, so the whole world by "tuning in" and meeting the required conditions may hear the voice of God speaking to them; by our own attitude in falling to meet the conditions in many ways, we witness the great messages and benedictions of God. The entire discourse was most interesting, thoughtful and well worked out and easily applicable to our daily Christian life.

A male choir of fourteen voices led by the Pastor, with Mrs. Bishop as the efficient organist, furnished the music which was greatly enjoyed by the congregation.

### A JOB FOR YOU

86 to 810, Daily.

50 MEN WANTED—No previous experience necessary. Write for 40-page Free Book, which explains how you can earn while learning to work in city and town shops at Auto, Mechanical, Electrical, Battery or Welding Expert, chauffeur, Salesman, etc. Also Bricklaying, Plastering, Mechanical Dentistry, and Barbering. ### MOTHERS LIKE TO TREAT COLDS WITH VAPORS

Direct Treatment with Vaporizing Salve Immediately Reaches Inflamed Air Passages.

It is no longer necessary constantly to dose the children in treating croup, bronchitis, sore throat, or deep chest cold. Many Canadian mothers now use the "outside" remedy, Vicks VapoRub, for the cold troubles of all the family, because it is just rubbed over throat and chest—there is nothing to take. When so applied Vicks gives off medicated vapors which are inhaled directly into the inflamed air passages, while the phlegm and making the breathing easier.

At the same time Vicks is absorbed and stimulates the skin like a liniment of plaster and thus aids the vapors inhaled to break up the congestion.

At all drug stores 5c a jar. For free size package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P. Q.

### Local Happenings

B. J. Lawson of Amherst, received a telegram Friday morning stating that his sister, Mrs. (Rev.) A. S. Lewis, of Edmonton, was very low with pneumonia and that there was little hope of recovery. Before going West, Rev. Mr. Lewis had been pastor of the Baptist churches at Aylesford, Bridgetown, Yarmouth and Winsor, going from the latter place to Regina, Sask., where they spent five years. About four years ago they moved to Vancouver, and a few months ago he accepted the pastorate of the First Baptist Church at Edmonton, Alta. Mrs. Lewis only reached there the last of February.

The S. S. Vallada brought a full cargo of freight from St. John on Saturday morning and returned this week on her regular schedule.

Little Arthur Jefferson has returned from Middleton, where he was operated upon for appendicitis at the Soldiers' Memorial Hospital.

As Canon Underwood is in Halifax today attending the semi-annual meeting of the Diocesan Mission Board, there will be no service in St. James' church this (Wednesday) evening.

Tomorrow evening at 8 o'clock there will be a special meeting of the Rector, Wardens and Vestry in St. James' church school room.

The annual meeting of the Canadian Weekly Newspaper Association will be held in Winnipeg in June. About 500 delegates are expected from all parts of the Dominion.

McGeehan is to have a new marine railway, shipbuilding and repairing plant. It will be known as the McGeegan Shipping Co. and will be managed by John P. Deveau, formerly in charge of the plant now in existence. Yesterday work was commenced on the construction of the plant and the slip is to be a large one capable of handling ships of considerable tonnage.

Carl and Benjamin Pemberton had an unique experience last week when the horse they were using hauling wood at their camp, broke through the ice on a lake. Unable to aid the beast themselves, Carl ran to Mr. Neil's Mill for help, but on arriving there found the mill closed and so returned to his brother at once. Benjamin tested his speed, running to Stanley Frank's for help. Some men accompanied Ben back to the lake and after the horse had been in the water for three hours, they succeeded in saving the beast.—(Hants Journal.)

### Just Received

A consignment of Ladies Hosiery in the newest shades. Kiddie Socks, Print Ends, Sulting Ends, Gingham, Ladies Underwear, Fancy Rubber Aprons, Spool Silk, Elastic, Laces, Ribbons, Shetland Flax, Mending Wool, Artisan Hosiery and Tinsel Twist.

### Millinery

After the cold dreary days of winter, if the Ladies of Lawrencetown and vicinity will now visit the Millinery Store of Mrs. H. H. Whitman, at Lawrencetown, they will find an assortment of Bright Cherry, Colorful Spring Millinery to delight the eye, and tempt the purse. Everything new and up-to-the-minute as usual.

**SPECIAL SHOW DAYS**  
FRIDAY AND SATURDAY,  
APRIL 3RD AND 4TH.

**Mrs. H. H. Whitman**  
Lawrencetown, N.S.

plainly seen just outside of the breakers at that place, all apparently overcome by the oil. Just where the substance comes from is somewhat of a mystery and a similar circumstance occurred about three years ago.—(Yarmouth Herald.)

On Monday afternoon just about school opening, some small youth who had been or had provided himself too generously with matches started a paper fire in the basement of the school building. Young Cecil Sabana fortunately noticed it and the blaze was put out without any damage. This goes to illustrate the point that small youths should be kept away from the match box by their parents.

Mrs. E. L. Fisher has leased for two years her wharf and yard property for storing and shipping privileges to the Lincoln Pulp Company of Brewer, Maine. The Company expects to ship a considerable quantity of pulp wood from here by schooners to the U. S. A.

The death took place at the end of the week of two aged residents of this vicinity, Mr. J. P. McLannan, father of Mrs. Max Newcombe, town. The second death was that of Mrs. Rhineas Chesley of Upper Granville. We trust to publish obituary notices in our next issue.

### PRESENTATION TO FRED W. BEATTIE.

Port Morien.—Mr. Fred W. Beattie who for the past four years has been with J. T. Irwin and Company, who have large general stores at Port Morien and at Birch Cove, C. B., recently resigned his position there and left a few days ago for Toronto.

On the eve of his departure he was presented by the Morien Lodge of the Knights of Pythias with a handsome fountain pen and pencil. The presentation was made by Dr. W. W. Patterson, President of the Lodge and was accompanied by the following address:

Dear Brother Beattie:

It is with very deep regret that we, your brother Knights, have learned of your departure from our midst. We realize quite well that time and circumstances must necessarily bring about many changes as the months go by. We are called upon reluctantly to sever the friendship which has been our strongest tie. As we here assembled in this hall night after night, your presence and help, and more than all, your good example of what Knighthood should be have inspired us to live true to the high ideals of our order.

But in parting we feel that neither time nor distance can destroy friendship, and as we continue to gather here night after night, we will think of you and knowing you are so near we feel assured that the misty shores of Cape Breton will lure your mind back again to the land where you are leaving behind many true and lasting friends. So in parting we ask you to accept a little gift, not because of its having any great material value, but as a token of the high regard in which we have always held you and as remembrance of a friendship that will not perish.

We further wish to convey to your wife and little one the good wishes and good will of your brother Knights and say good-bye wishing that your home and home, wherever it may happen to be, will be always too small to hold your friends.

**REUBEN MARTIN, C. C.**  
W. W. PATTON, Prelate.  
T. E. MCINNIS, K. R. AND S.  
PEROTTE.

Mrs. Grey Gillis has spent the week with her parents, Mr. and Mrs. Walter Spurr.

Miss Annie Copeland is visiting with relatives in Annapolis Royal.

Miss Bertha Forey is visiting Hazel Spurr.

Lena Spurr is spending the week-end with her parents, Mr. and Mrs. George Spurr.

Miss Gertrude Todd and Mr. Aubrey Rice, were married March 18th, by the Rev. T. C. Mellor at the rectory. Their many friends wish them a happy and prosperous married life.

## April First--

We are opening New Books on April first, and would greatly appreciate settlement of your account, (whether large or small) in cash or note before the end of March.

## No other small car has so many big car features as the NEW Chevrolet

- The new Fuel Tank is rigidly fastened to the rear of the steel chassis frame. A steel cover protects the tank and adds to its appearance.
- New, Larger Brakes—seven inches wide. Positive brake operation is applied through strong steel pull rods. The brake adjustment is very easy to regulate and readily accessible.
- Rear Axle completely new. A big, sturdy rear axle that will handle all the famous power of the Chevrolet Motor under any conditions. Larger, stronger, bevelled driving gears quietly deliver the power to the axle shafts. One-piece banjo type rear axle housing.
- New automatic brake equalizing device entirely distributes the load to the service brakes.
- New semi-elliptic Rear Springs—underneath for better road-holding.
- The new frame is strong and sturdy. It has six heavy cross members, one more than was previously used.
- New Disc Clutch—completely enclosed. Four friction surfaces instead of two; it has no internal adjustments; it requires no lubrication. Simple yet delivers all the power to the rear axle without slippage.
- New steering control of semi-reversible type worm and gear construction with fore-and-aft linkage to front wheels.
- The Chevrolet Motor—Refined—has unusual power at all speeds, under every driving condition—quick get-away in traffic—low fuel consumption. Practically all moving parts are completely enclosed.
- Cord tires on open models; 23-410 Low Pressure tires on closed models.
- New, Honecomb Radiator. With a new, more beautiful nickel radiator shell.
- New, semi-elliptic front springs of chrome vanadium steel.
