NORRIS GOVERNMENT SWEEPS MANITOBA
Warsaw Was Given Up to Save City From Bombardment
RUSSIAN PREPARING FOR STRONG DEFENCE OF NOVO GEORGIEVSK

RUSSIA DECIDES TO DEFEND BIG MODERN CAMP

Fortress of Novo Georgievsk to Hold Out Against Germans.

COMMANDS RAILWAYS

One of Most Interesting Sieges of War About to Begin.

LONDON, Aug. 6.—With the exception of the great entrenched camp of Novo Georgievsk, the Russians have evacuated the whole line of the Vistula River, leaving the southern fortress, having fallen into the hands of the Austro-German army, the Russians are now making their way eastward to the Brest-Litovsk line.

The decision of the general staff to leave the garrison in Novo Georgievsk is announced in Petrograd despatches. The object is to deprive the Germans of the use of the railway communications and of the Vistula River for bringing up supplies for their armies.

Novo Georgievsk is situated at the junction of the Vistula, Narew and Wkra Rivers to the northeast of Warsaw. It has two powerful bridge-heads, eight citadels and 24 redoubts containing eleven and twelve-inch batteries. It is calculated by military authorities here that an army corps can hold out there for many months, as the camp is protected by massive earthworks.

The laying of siege to Novo Georgievsk may prove the most interesting operations of the war, as it doubtless will show whether earthworks are less susceptible to the fire of high explosives than are cupola forts.

Destroyed Vistula Bridges. Of the retreating the official reports say nothing. The Russians, however, destroyed bridges over the Vistula and took other means to place obstacles in the way of their pursuers, while others of their force continue to offer stubborn resistance to the Germans and Austrians.

Another Menace. An even more serious menace seemingly is Gen. Von Buelow's advance in the Baltic provinces. While, according to Petrograd, the Germans have been thrown back immediately south of Riga, the Austrians have advanced east of Poneviesch toward the Dvinsk-Vilna-Petrograd railway.

Some critics believe this move means that the Germans, unless they succeed in smashing the Russian army, intend to make an effort to advance further into Russia, and endeavor to force Emperor Nicholas to accept a separate peace. With the history of previous invasions of Russia before them, however, it is believed in other quarters that the German staff would hesitate at such a tremendous undertaking.

The Crop Destruction in Ontario

The damage done to the crops of Ontario by the widespread rain and wind storm of Tuesday will prove to be enormous, the oat farmers will be well able to survive it.

But what with the loss caused by grain fields that were prostrated and will not ripen, with other fields that will either shrivel the grain or develop sprouting or smut, still other fields that the crop cannot be fully reaped because of the matted condition and with the almost universal deterioration in the quality as a result, oat farmers at best will not realize two-thirds of the value that seemed in hand on Monday of this week. That must mean sixty millions of dollars at least!

We do not know what the department of agriculture of the province is doing under the circumstances; we do not know whether they have got the appalling facts collected; but we do think that there is a chance to do something to help the stricken farmers by advice, by consultation with the best authorities and ascertaining what can be done to make the best of the situation. There are good ways and bad ways in handling the fields after such a visitation of dryness and storing grain, of marketing it, of using it; and the administration in the Queen's Park has a chance to come forward and help out what is a staggering blow in many counties.

GREAT ACTIVITY BY GERMANS IN ARGONNE WOOD

Fighting With Bombs and Other Explosives Resulted in France's Favor.

GUN FIRE EXCESSIVE

French Positions in Lorraine Also Bombarded by Teuton Batteries.

Special Cable to The Toronto World. LONDON, Aug. 5.—The main incident on the whole French front today was a bombardment of the French trenches in the western part of the Argonne forest with shells of all sizes by the Germans throughout the day. The French artillery and trench guns returned this bombardment.

This bombardment followed fighting during the night with bombs and other explosives supported by artillery actions. The neighborhood of Hill 213 was a particular storm centre.

The Germans attempted to move from their trenches at Fontaine-aux-Charmes and in the direction of St. Hubert, west of this hill, but they were checked by the French fire as soon as they emerged from their burrows.

Artillery Actions in Artois. Artillery actions also took place in Artois, between the Somme and the Oise, and in the Aisne valley, and also in Apremont forest.

Hand grenade engagements took place last night around Souchez while a German attack at Neuville St. Vaast was easily and quickly quashed.

SOMEBODY MUST WAKE UP

The Conservative party had better stop and think rather than the leaders in office better stop and think. And they are in office only at Ottawa, in Toronto, in New Brunswick, in British Columbia. The Province of Manitoba passed out of Conservative control yesterday in a startling and more than sudden way. The Roblin record simply sickened the people of that province, and the ill-adviced effort to confess purgation under Sir James Aikins ended in a landslide. That worthy man, in his knight-hood, his policy, his sudden conversion to progressive ideas, was a product of the Ottawa administration. That's why the federal Conservative leaders must think.

And these things, finances, railways, reorganization of the west, are only three of many other things that call for state-manship for courage, for new and progressive ideas, for new conditions, and for men who believe in these progressive ideas and have not been afraid of them.

There are some who think that the only way out is the reorganization of the government on national lines, of taking in the best men of both parties, and making both parties responsible for the new legislation and policy that is called for, and to carry out which a three-year extension of the life of the present parliament may be necessary.

Sir Robert Borden has a war on hand and an election in sight within a year. The Conservatives are in office today and should be in office tomorrow. The questions will be discussed thoroughly.

Waterfalls Saved Germany. "Germany would today be out of the war had that nation not developed three waterfalls." continued Mr. Scovel. "That nation used three."

BRANTFORD, Aug. 6.—A Toronto, Hamilton and Buffalo freight train jumped the track at a switch near the local station at 4 o'clock this morning, resulting in the roadbed being torn up for a considerable distance. It is thought that an obstacle placed in the drop of the switch caused the accident and an investigation has been begun.

MARINES FOR HAITI. WASHINGTON, Aug. 6.—Nine hundred marines will be sent to Haiti on the cruiser Tennessee. An announcement at the navy department today says the force is being increased in order to lighten the work of those already there from the rigors of the tropical climate.

Not More Than Five Conservatives Elected in Forty-six Constituencies Voting Yesterday, With Three Elections Deferred—Sharpe Beaten in Manitou—Huge Liberal Majorities in Winnipeg.

WINNIPEG, Aug. 6.—The Norris government was tonight returned to power with the greatest phalanx of supporters ever known in Manitoba. Every member of the government was elected by a substantial majority, while out of the 46 seats being decided the results at midnight tonight show only five seats which can be safely placed in the Conservative column, and of these five there are four French-Canadians.

Sir James Aikins and W. H. Sharpe, his right-hand man, were beaten by big majorities, while only five of the former supporters of the Roblin administration regained their seats in the house. The seats claimed by the Conservatives and conceded by the Liberals are Carleton (A. Prefontaine), Iberville (Aime Benard), Morris (J. Parent), Roblin (F. Y. Newton) and Ste. Rose (J. Hamelin).

All forecasts and pre-arranged ideas were jumbled up in the results. Seats historically Conservative, and where it was believed no Liberal could possibly win, joined the slide and went Liberal. The result was startling even to the most optimistic supporters of the Norris government.

LESSON IS WHOLESOME ONE PARTY WILL BE BENEFITED

Special to The Toronto World. WINNIPEG, Aug. 6.—The Winnipeg Telegram, regarded as the official mouthpiece of the defeated party, takes an optimistic view of the Liberal landslide and says that in the end it will do the defeated party good. The Telegram ascribes the defeat to the fact that the voters were incapable or unwilling to distinguish between the rejuvenated Conservative party and the former Roblin government, which retired to private life some weeks ago.

The election, whose defeat it says is less of politics, and urges the party to continue its advocacy of the principles set forth in its platform, which it says will in the end be accepted by the people.

Evacuation of Warsaw to Avoid Bombardment. LONDON, Aug. 6.—"Warsaw was evacuated in order to save the town from the effects of a bombardment." This is the reason given by the Russian Government and war office for this military step, in a statement received here from Petrograd tonight. The statement adds that the fruitless attempts of the enemy to extend the zone in his occupation is only being continued in the region of Matzjevo.

German Repulse in Courland. In Courland the Russians repulsed the Germans yesterday between the Dvina and Niemen Rivers. Apparently the enemy has been driven back a considerable distance in this sector. In a desperate battle on the Narva front yesterday the Russians held up the advance of the Germans along an extended front by a series of vigorous counter-attacks. About six and a quarter miles from the Narva River the Russians captured several hundred German troops. The battle in this sector continues with great violence.

Fierce Contest Near Bug. Fiercely contested battles on the front between the Vistula and the Bug Rivers took place yesterday, especially east of the military road from Travnik to Viadova. The Germans concentrated on the Russian lines the fire of their massed artillery, which obliged the Russians to withdraw a little to the north. Quietness prevails along the middle Vistula since the retreat of the Russians to the right bank.

Austrian Report Little. The Austrian version of the fighting is that they and the Germans have made progress northwest of Ivangorod and that the pursuit battle continues between the Bug and the Vistula rivers. Earlier in the day an Austrian semi-official statement said that the Russians were sacrificing men needlessly, trying to retard their advance. The Austrian command tacitly admits that not many Russian prisoners have so far been taken by saying that the impression prevails at headquarters that they will take many prisoners.

ARREST MERCHANT KEPT SHOE STORES

J. H. Porter, Charged With Failing to Keep Books Last Night.

A RECENT ASSIGNMENT Was Proprietor of Several Stores Located in Various Sections.

J. H. Porter, 452 Indian road, proprietor of various shoe stores in the city, was arrested last night by Detectives Archibald and Thompson on a charge of coming within section 417 of the criminal code.

Porter has been in the shoe business for years in Toronto and did a good trade. His main store was at 225 Yonge street, while he also had stores at 1346 West Queen and 774 West Bloor street.

It is alleged that he recently made an assignment for the benefit of his creditors and that after stock taking it was found that he had assets amounting to between \$55,000 and \$60,000, and liabilities amounting to \$45,000.

The actual work of the charge are as follows: "Being a trader and indebted to an amount exceeding \$1000, and unable to pay his creditors in full, did not keep books of account according to the usual course of any trade or business."

YOUNG GIRLS RESCUED TWO MEN UNDER ARREST

Police Raid House on Pendrith Street and Take Frank Wood and Thomas Vansickler.

What looks to be one of the nastiest morality cases reported in the city for some time was commenced last night by the local police when Holman, Basque, French-Canadian girl, fifteen years of age, was rescued from a house at 52 Pendrith street, where two other girls only fifteen years old had been living with two men.

CAPTAIN ENLISTED AS MERE SOLDIER

Left Regiment in India and Joined British Army Under Assumed Name.

LONDON, Aug. 6.—How a captain of the British army in India left his regiment there and under an assumed name joined the British expeditionary force in France as a private, and as a private died bravely in battle, is a strange incident related in an official statement given out today by the British Press Bureau.

The captain was H. S. Smart of the 53rd Sikhs. On June 10, 1914, he was promoted to the rank of captain from the service was chronicled in the Official Gazette, it being for his unexplained absence from India. The statement issued today says:

"Since it has been ascertained that his action was due to his strong desire to join the British army in France, he was granted a discharge from the 53rd Sikhs and was re-enlisted in this country and the Royal West Surrey Regiment, and serving as a private, he was killed in action on May 17 at Festubert, where he displayed such gallantry that he would have been granted the medal for distinguished conduct had he survived."

Because of these circumstances Smart, the dead, has been restored to his captaincy.

ITALIANS COMPLETE PASS OCCUPATION

Capture Strong Austrian Entrenchments in Cortone di Coldilana.

ADVANCE ON PLATEAU

Storm Considerable Length of Entrenchments on Carso Sector.

ROME, Aug. 5, via Paris, Aug. 6.—The following official statement was issued this evening:

"In the valley of Cordevole we continued our offensive with the object of completing the occupation of Lana Pass, of which we conquered the most advanced trenches in the direction of Salsci, Pieve di Livinalonga and Agni in the fighting from the 17th to the 27th of July.

"Under a concentrated fire of the enemy our infantry, effectively supported by artillery, succeeded in storming the very strong entrenchments defending the upper part of Cortone di Coldilana.

"On the Carso plateau the enemy, seeking to stop our progress on the centre and left wings, delivered yesterday an attack in the direction of the Capucio wood. Our troops bore the shock successfully and then, taking the offensive, vigorously stormed a considerable length of the entrenchments which our men call Trincerone, eliminating the eastern border of the Capucio wood and the approach to Sammartino del Carso.

"In the evening the enemy made a long and determined attempt to advance without, however, accomplishing anything."

NO CRIMINAL INTENT ON MISS M'GAW'S PART

Case Dropped by Crown When It Was Brought Up in Court Yesterday.

The case against Miss Rae McGaw, charging her with intent to defraud, was dropped by the crown yesterday when Miss McGaw appeared before Magistrate Denison.

Crown-Attorney Corley explained to the magistrate that there was no criminal intent on the part of Miss McGaw when she took the orders for the magazine "The Canadian War" and the magazine "The Canadian" and the magistrate then discharged her.

With reference to the alleged statement of Miss McGaw concerning the method employed by Detective Wickert in bringing her to the police station Inspector Kennedy gave out the following explanation yesterday:

"As far as the patrol wagon goes British law makes no distinction. We do not have patrol for one class and covered carriages for another."

In answer to her complaint that no charge had been laid against her the inspector said: "There may have been a warrant for our men to act on the complaint of the moment. We had complaints sent to us from President Dunstan of the Red Cross Society that a lady was peddling books in the name of their society."

FRANCE'S GOLD HOARDS ARE BEING DUG UP Appeal of Government is Meeting With Fine Patriotic Response.

PARIS, Aug. 6.—The total exchanges of gold for paper since May 27 amount to 314,741,475 francs (\$62,948,295).

At Troyes two peasants brought in 18,000 francs (\$3,600) in louis d'or, blackened from long burial. At Rouilly an army officer proffered for exchange a splendid collection of hand-painted coins and artist medals he had received from the salon. The authorities refused to accept these sacrifices.

The temporary issue of paper money, of the value of \$1 and \$4, will be retired and replaced by a better quality of notes.

CITIZENS' COMMITTEE BEGINS WORK TONIGHT

First Recruiting Meeting of New Campaign Takes Place at Logan and Danforth.

The first recruiting meeting under the auspices of the General Citizens' Recruiting Committee, appointed at the public meeting August 4, will be held at the corner of Danforth and Logan avenues tonight, at 8 o'clock.

A number of excellent speakers have promised to attend the meeting, including E. W. Owens, M.P., and Dr. Dwyer. Two military men, Lieutenants Nichols and Rogers, who have just returned on leave from Flanders, will also speak.

The Queen's Own Band will be on hand, and will give a patriotic concert during the evening.

Full particulars regarding enlistment will be furnished by Lieut. Sampson, who will be at the meeting to accept recruits.

McLAUGHLIN CARRIAGE WORKS SUFFER BY FIRE Autos, Buggies and Cutters Were Destroyed at Belleville Yesterday.

Special to The Toronto World. BELLEVILLE, Aug. 6.—Fire this morning did considerable damage to the McLaughlin carriage and garage premises in this city. The blaze broke out in the charging room which was burned, as were also the repair rooms, two autos, two new buggies, two cutters, a double carriage and some parts of autos and vehicles.

The cars destroyed were the property of Thomas Thompson of this city and Lieut. Bateman, who is at the front.

The loss is not yet known.

ST. THOMAS DONATES GUNS. Special to The Toronto World. ST. THOMAS, Aug. 6.—There is reason to believe that funds for six machine guns will be raised in St. Thomas and Elgin County. The arrangements of this vicinity will also provide two guns while the Towns of Dutton and Aylmer will raise funds for one each.

ACTIONS ENTERED AT OSGOODE HALL

Executrix of Willowdale Estate Claims Against J. F. Macdonald, Toronto.

At Osgoode Hall yesterday, Iydis Eleanor Finch, executrix of L. D. Finch, Willowdale, Ont., entered action against J. Fraser Macdonald of Toronto to recover \$52,274.44, alleged due under an agreement for the sale of the south half of lot 21, in concession 1, east of Yonge street.

Louis Streuber, suing on behalf of himself and other creditors of the Pearl Lake Gold Mines, Limited, has entered action against B. E. Cartwright and the McIntyre Porcupine Mines, Limited, in connection with an alleged sale by G. T. Clarkson, assignee of all the assets of the mining company to the defendant for \$47,732.30.

It is alleged that the sale was negotiated by one of the inspectors of the estate acting in the dual role of inspector under the statute and trustee for the creditors and shareholders, and also a solicitor for the defendant.

R. E. Cartwright, it is further alleged, is the defendant, B. E. Cartwright, in respect of the purchase, received 1,000,000 shares in the McIntyre Porcupine Mines, and the McIntyre Extension Mines, which fact it is said, was not disclosed to the assignee or the creditors or shareholders of the company.

The transaction is said to amount to a sale by the assignee and an inspector to an inspector. The plaintiffs seek to set aside the sale and to tie up the 1,000,000 shares.

Margaret Corker has entered action against F. A. Corker of Toronto to recover \$25 a week is asked.

Autonomy for Poland GERMANY OFFERS BRIBE Kaiser Reported to Be Framing Proposals — Will Include Galicia.

ROTTERDAM, via London, Aug. 6.—Emperor William, the Courant says, will return to Berlin tomorrow, and will have an important cabinet conference at which the heads of all German states and the Austrian Archduke will be present. Proposals will be considered for issuing a proclamation declaring Poland a semi-autonomous state and placing it together with Galicia, under the joint rule of the Germans, Austrians, and Poles. These plans will be submitted to the Reichstag August 17, the Courant asserts.

The foregoing conforms with a recent decision of a Polish congress at Piotrkow, which proposed a joint Polish army and the fullest autonomy consistent with strategic interests of Austria-Hungary.

The German offer of autonomy is regarded as a bid for the support of the population of Poland as against a similar declaration by Emperor Nicholas, promising eventual Polish autonomy under Russian suzerainty. The outcome of these events in Warsaw probably will determine the political status of Poland during the war.

ORGANIZE THREE MORE ARTILLERY BATTERIES Special to The Toronto World. KINGSTON, Aug. 6.—It was announced at a meeting of the Camp today that three new batteries of artillery would be organized at once in this division and will be brought to Barrfields Camp for training. The new batteries have already been numbered the 32nd, 33rd and 34th, and recruiting will commence at once. This will mean 600 more men for camp and 600 horses.

DYNAMITE DISCOVERED ABOARD LINER ARABIC Find Was Made Just Before Big Steamer Left New York.

NEW YORK, Aug. 6.—It became known at police headquarters here today that a stick of dynamite was found aboard the White Star liner Arabic before she sailed from this port for Liverpool on July 28. The explosive, in such a state of deterioration that experts said it would have exploded at the slightest jar, was found by a stewardess between the hot and cold water pipes. It was wrapped in newspapers.

A search was made of the entire steamer. No more dynamite was found, however.

NEW BRUNSWICKERS NEED FIELD KITCHENS

Lieut.-Col. McAvity Makes Appeal on Behalf of Regiment.

ST. JOHN, N. B., Aug. 6.—An intimate budget of news pertaining to the 26th Battalion is contained in an interesting letter received by His Worship Mayor Frink from Lieut.-Col. J. McAvity, O. C., the 26th Battalion, now in England. He hints at the approaching time of their departure for the front, and speaks particularly of the necessity of funds for regimental purposes, and the hope that field kitchens may be provided.

The major has \$1454 on deposit here intended for the 26th regimental funds, as he reports telling Col. McAvity some time ago. He has again cabled to learn what disposition he wished made of the money.

The letter from the 26th officer commanding is in part as follows: "We are quartered in huts at East Sandling, comfortably situated, particularly when it rains. In training we are worlded strenuously on account of being a month behind the rest of the 5th Canadian Infantry Brigade on arriving, but we are now right up to any corps here, physically and otherwise. The behavior of the men has been excellent.

"Regarding field kitchens, we are very much handicapped. All the other regiments in the brigade have Gen. (McClary's) make, and while their men have hot meals on the march, we have bread and canned beef, or cheese-cold dinners that is, for one cannot find wood and get permission to light fires here as we could at home. The party who prevented field kitchens being brought committed an error, but we are the only city regiment from Canada, not equipped by subscriptions or civic grants with brass bands, pipers, field kitchens, regimental funds, etc., and I respectfully appeal thru you to my fellow-townsmen to get busy and send me a decent sum for regimental necessities."

CANADIAN SOLDIER ATHLETES. Canadian Associated Press Cable. LONDON, Aug. 6.—The Canadians' Overseas Railway Construction Corps participated in the garrison athletic sports at Longmoor, Hampshire. Sapper Castle won the high jump. Sapper Reeves was third in the hundred yards race, second in the 440 and second in the 880. Sapper Sinclair won the obstacle race, and the Canadians won both the tug-of-war events.

GARDEN RESULTS TO BE EXHIBITED

Products of Toronto's Home Gardens Will Form Show in Massey Hall.

WILL AWARD PRIZES

Six Hundred Amateurs in Contest Put on by Dovercourt Land.

The apartment house dweller, whose garden would have to be in the skies if he had one at all, will, on Sept. 16, have a chance to see what people who dwell closer to the ground and have a surplus of it, can do with a few seeds and garden tools when they settle down to it.

Arrangements are now being completed to open Massey Hall on the date for an exhibition of the products of Toronto's home gardens and for the distribution of prizes won by home gardeners in one back-yard-garden contest fathomed by the Dovercourt Land, Buildings and Savings Company.

There are more than six hundred amateur gardeners making money for themselves in Toronto, who, spurred by the opportunity to pull down a share of the thousand dollars offered in prizes, are putting a crimp in the weekly household bills, and the results already shown by the inspection of five hundred gardens promise an exhibit that will not have to give much ground to the big show in Exhibition Park.

A Difficult Task. Prof. Hunt, formerly of the Ontario Agricultural College staff, who has been inspecting and judging the gardens is not having an easy task, so even has the competition proved, but he will be thru well within the next month.

The exhibit at Massey Hall will be open for two hours in the evening. At 6 o'clock a public meeting will be held for the distribution of prizes won by the exhibitors and contestants in the home garden competition. The meeting will be addressed by a number of prominent men, including, it is expected, a member of the Dominion Government, who will deal with the importance from every standpoint, economic and patriotic, of the development of the home garden idea.

An added feature of the meeting will be the awarding of prizes for the best records in cost of production and value of crop. It is recognized that the man who can spend considerable money on fertilizers and equipment has an advantage over other competitors.

While due allowance is made for this in the awarding of the general prizes, the extra awards will go mainly to the exhibitor who produces a given crop with the least expenditure.

The winner will be determined by the "profit" on the crop rather than by its size.

PATRIOTIC MEETING TONIGHT. A patriotic meeting, under the auspices of the 12th Regiment, York Rangers, to encourage recruiting, will be held in Kew Gardens this evening at 8 o'clock.

At the daily service at St. Alban's Cathedral, the "Prayer for the Weather" is being offered. The bishop requests the clergy throughout the diocese to make use of the same prayer at the daily offices, and especially at the Sunday services.

Notes of Women's World

Tonight at the Royal Alexandra the members of the first Italian contingent to leave Toronto will be the guests of the Robins Players and the Italian Red Cross committee are working to make the affair a memorable one for them.

In aid of the patriotic garden-festival to be held in the grounds of St. Joseph's Convent on Saturday afternoon and evening, Aug. 28, a miscellaneous "show" will be held at the home of Miss Gearin, 197 Beverley street, on Friday evening, Aug. 20. All interested are invited to contribute.

The Women's College Hospital and Dispensary is now working under its newly-appointed superintendent, Geraldine Oakley, B.A., M.B., who after her arrival was given a reception by the board of directors and medical staff.

The ladies of the North Toronto W.C.T.U. will hold a lawn party by the W.M.C.A. grounds, Yonge and Albert streets, this afternoon, the proceeds of which will go to the ambulance fund.

To further the patriotic work of the Imperial Order Daughters of the Empire, the Westminster Chapter has arranged for a week of comic opera in the early autumn. The "Meadow" has been chosen, and thru the courtesy of Mr. Solman it will be produced at the Alexandra.

The proceeds of the Canadian Henley regatta, which is in progress this afternoon, will be handed over to the ladies of the St. Catharines Red Cross.

A large audience attended the lecture given in Convocation Hall by George S. Ryerson, when a nice sum was taken up for the motor ambulance fund of the W.C.T.U. for which purpose the interesting address on present day Germany was given.

At the meeting of the national council of the Ladies' Guild for Sailors, held at 10 Elmlynn place, it was reported that many new members have been gained thru the interest-awakened by the garden party held at the home of Lady Mann, the membership now exceeding 400.

On Civic Holiday the young girls of Brownville avenue, Mount Dennis, gave a very successful little bazaar, the profits of which amounted to \$3.13. The collected funds, passed on by when they had sold out a sum amounting to \$18, making in all \$21.13 for smokes for soldiers.

Various Reasons Given as to Why Assessors' Figures Should Be Changed—Some Successful. In addition to the war, the Bloor street viaduct and the erection of the North Toronto C.P.R. Station, were used as excuses by some of the property owners who asked for assessment reductions at the court of revision yesterday.

John D. Ivey who owns two lots on Castle Frank road, received a \$10-a-foot reduction, because the major portion of these lots sloped too much for building.

A strong defence of the valuations made was put up by Harry Nixon of the viaduct district sales had taken place at as high as \$130 per foot when the Danforth extension was completed.

In cases in which the station's erection was blamed for property depreciation, the court was decided to reserve decision. Geo. Turvey, 12 Gordon avenue, North Toronto, said his taxes had doubled since the annexation. No alteration was made to the land value, but \$100 was taken off the house.

"That's poor consolation," said the owner.

TEACHERS' TRAINING SCHOOL AT GENEVA

Instruction From Sunday School Experts at Vacation Camp Has Been Planned.

Geneva Park, Lake Couchiching, is to be the centre for the training of teachers and leaders for our Sunday schools: from August 16 to 23 workers from all parts of the province will be gathered in the vacation school, to study ways and means to give a higher type of leadership to the scholars of our schools.

The faculty of experts will include Rev. E. I. Rexford, M.A., LL.D., of Diocesan Theological College, Montreal; Rev. John T. McLaughlin, M.A., B.D., Victoria University; Rev. A. J. W. Myers, M.A., Ph.D., educational secretary of Presbyterian Church in Canada; Miss Isabel L. Bailey, elementary superintendent of Wisconsin State Sunday School Association, and a number of other experts along the various lines.

WHAT ONE LARGE TORONTO MANUFACTURING COMPANY GENEROUSLY OFFERS TO

"Notice to Employers. To all in our employ who enlist for service abroad we agree to pay the full wages of married men from the time they leave Canada until they return. To pay half wages to unmarried men from the time they leave Canada until they return."

The action of the Cowan Co. cannot be too highly commended. It reflects a patriotism which it is to be hoped others of our manufacturers in Toronto and throughout Canada will follow.

The offer assures the unmarried man that sufficient moneys will be turned over to his relatives to maintain perhaps a widowed mother during his absence, and to the married man, that his family will not suffer want on account of his accepting the call of his country.

BODIES OF VICTIMS REACH TORONTO

Five Drowned in Muskoka Motor Accident Are Brought Home.

DRIVER COULD NOT SEE

Chauffeur Says Rain Fogged Wind Shield and Car Went Over.

The bodies of the five Toronto people drowned in Muskoka, near Uxton, on Thursday afternoon, reached the city on the C.P.R. train at 4:10 o'clock yesterday afternoon and are now being prepared for burial. Charles Swabey, barrister, of 81 Admiral road, who lost his 8-year-old son, Douglas Swabey, came in on the same train and brought with him his son, Harold Swabey, 10 years old, and Douglas Lawson, 13 years old, of 173 Dowling avenue, the only two saved of the seven Toronto people in the accident.

The sudden death of Henry R. Alley, the librarian of the department of education, and his son, Fred Alley, aged 9, will be sad news to his other son, Lieut. H. R. Alley, Q.O.R., who has been fighting in France, and was mentioned some time ago for conspicuous bravery. The son graduated at Varsity in 1912 and was attending Osgoode Hall when he enlisted.

Mr. Alley was 60 years of age and had been a member of the Ontario civil service for many years. He was secretary to the late Sir George W. Ross, and when the late Sir James Whitney came into power he became secretary to Hon. Dr. R. A. Fyfe, minister of education, and later became librarian of the department of education.

Was Well-Known Teacher. Miss E. M. Lawson, who was drowned, was born in Scotland and was 30 years old. She was a graduate of Toronto University and for six years was an instructor in modern languages at St. Margaret's College, which position she gave up to become guardian of her two nephews, Angus Lawson, aged 10, who was drowned with her, and Douglas Lawson, who escaped when both his parents were killed in an accident in England. She is survived by four sisters and three brothers—Mrs. J. W. S. McCullough, wife of Dr. McCullough, secretary of the provincial board of health, 61 Beatty avenue; Mrs. Dr. Hare, 178 Dowling avenue; Mrs. W. G. Appleby, Toronto; Mrs. E. Gayle, Lake Charles; Prof. A. A. Lawson, Sydney College, Sydney, Australia; Prof. A. C. Lawson, State University Berkeley, California; W. L. Lawson, manager of the Billing Sugar Company, Montana, and J. Kerr Lawson, London, Eng.

Dr. A. D. Macdonald, coroner, opened an inquest yesterday before the bodies were put on the Toronto train and after the jury had viewed the scene at most largely in Huntsville at 3 o'clock on Monday afternoon. The only explanation that John Clarke, the hotel proprietor at Uxton, who was driving the car at the time, gave yesterday was that the rain was beating on the wind shield and he could not see. He stated that there was a curve in the bridge of seventy feet, but that he was not hurrying to catch up to the other cars in the party. He also stated that he had been driving a car since the spring.

EX-MAYOR OF LONDON IN MOTOR ACCIDENT. He Lay Unconscious in Creek for Six Hours—Condition is Serious. LONDON, Ont., Aug. 6.—Ex-Mayor Charles M. R. Graham met with a serious accident while motoring alone to his cottage at Port Stanley late last night between London and St. Thomas.

His car skidded and plunged into a creek. Graham was thrown over the windshield into the water, where he lay unconscious from midnight until 6 o'clock this morning. He was taken to the St. Thomas Hospital, where he lies in a serious condition as a result of exposure and shock.

WILL FOX AND HARRY STEWART. Another excellent midsummer bill has been arranged for the patrons of the popular Hippodrome next week, when Will Fox and Harry Ward Stewart, supported by a capable cast, will present their frolic of mirth, music and song, "The Big Idea," the play that the New York press will applaud.

The Three Herberts will provide many thrills in their sensational mid-air offering, while Emmett and Emmet, two Irish comedians, will present their clever pastoral playlet, "Dainty Julia." Claude Golden, Tyler and Crolius and feature film attractions complete a splendid bill.

ITALIAN RED CROSS BENEFIT

Tonight, at the Alexandra, where the Robins Players are presenting the greatest laughing hit of the season, "The Marriage Game," a monster benefit will be given in aid of the Italian Red Cross Fund. The purpose of this benefit is to raise sufficient funds to equip the 600 Italian reservists in Toronto, who have nobly answered the call and are about to leave for the front. The performance tonight will be attended by the Italian consul, the Archbishop and Mayor Church.

MAWSON ANTARCTIC PICTURES

Sir Douglas Mawson's marvelous wild animal, bird and travel pictures which are to be exhibited at Massey Hall, beginning Monday, Aug. 16, constitute an event of the first importance. The pictures are of the highest quality and include seals, sea elephants, sea leopards, whales, cormorants and birds, together with towering cliffs, mammoth icebergs and blinding mists of the kind which Capt. SATURDAY MORNING, AUGUST 7.

Local Heroes

There is never any end of heroism. Whether war is afoot or peace reigns serene. Perhaps the spirit of sacrifice is more active now than men are giving their lives for ideals that are too often taken for granted.

Nothing could be finer than the readiness, the daring and the modesty of the actions of the last week. These things are apt to be passed over, and unless some local Valhalla be established, a hall of fame in each locality where the brave deeds of the neighborhood might be commemorated, they are too soon lost sight of.

The bravery of Mr. E. Middleton, who swam out 200 yards through furious surf to the rescue of men on the wreck of the steamer Alexandria; the courage of Mr. W. A. Griffin, whose pluck in assisting in the rescue of five people on the lake shore near New Toronto by bridging a gap between a short rope and a boat in the breakers, enabled the occupants to climb over him and reach the shore and the heroism of the crew of the private Harry Robin Seal, who was refused for military service on account of a varicose vein and proceeded to the hospital to be operated on so as to be able to go to the front and who died as a result of the operation, are three instances of heroism of various orders which ought to be remembered.

There is no dearth of such cases, but usually we are inclined to look for heroes at a distance and to forget those who live among us. Similarly we are inclined to forget the heroic struggle that some people put up all their lives without the least attention being paid to it. We take these things as matters of fact, while we rave about the deeds of literature and daring in our novels and romances because they appear to us as matters of fancy.

The Wilson administration has again given formal notice of its intention to insist upon the passage by congress of what has been generally known as the ship purchase bill. When the war broke out a great number of German ships were interned in American ports. Naturally enough a strong sentiment grew up in favor of acquiring them as a nucleus of an American marine.

That measure was designed to create a corporation with power to acquire and operate ocean tonnage. The bill was asked to death in the senate at the last session of congress. That was a short session bound to

expire on March 4th, so that Democratic senators who were afraid of facing the roll call were able to kill the bill without directly defying the president. Next December a new congress comes to Washington. It can remain in session almost indefinitely and a vote will sooner or later have to be taken. The opposition to the bill will be of a determined character backed by money and influence of various kinds. Wall Street has already threatened Secretary McAdoo and is beginning to snarl at the president. A recent speech of the secretary of the treasury, in which he proved that the United States had successfully operated the Panama Railway and a fleet of vessels in connection therewith, has renewed the activities of the foes of public ownership. What strength they will be able to muster on a final roll call remains to be seen, but a struggle against government ownership and operation of ocean tonnage will be all the more vehement in view of the overgrowing popular demand for government ownership and operation of railways.

The Problem of the Laggards

We publish elsewhere a letter from "An Old Acquaintance" which pleads for the enlistment of those who are less necessary for the ordinary business and working life of the community. The letter voices a principle about which there has been much complaint in Great Britain. There, manufacturers and commercial men are accused of dissuading their efficient young men from enlisting, and we fear "An Old Acquaintance" is taking a similar course. The idea seems to be that if all the old and unfit and useless could be persuaded to go to the front and the strong and intelligent and efficient left at home, war would be more of a benefit to the community. The idea loses sight of all the really valuable aspects of war as a factor in civilization, in the development of nations, or in the unfolding of the higher moral nature of humanity.

There is another and a nobler philosophy which has been found into the character of Britons for generations past, and which we are not likely to forget. It may seem an altogether stupid and senseless business to allow the finest and best of our young men to go to Europe and risk their lives while crowds of men are parading the streets who refuse either to enlist or to go to work on the farms. We have to pay some price for freedom, and this is part of the price. These men who so refuse have not yet been trained to understand that it is a mean and shameful thing to allow others to sacrifice themselves that they may live without effort. They have not yet learned that they are men. They may sing that Britons never will be slaves, but slavery is still an instinct with them, and dyes their whole character black. It is a difficult thing to teach this lesson, but it will not be taught by compelling them to do what they do not want to do.

There has been failure somewhere on the part of those who undertake the spiritual guidance of society when men of this type abound. It is equally wrong that men like "An Old Acquaintance" should suggest anything to discourage the enthusiasm of our young men who are willing and prepared to go forth to battle for our national ideals. If commercialism has so ingrained itself in our social system that young men hang back for reasons of this kind, then Canada is not imitating the old British principles of freedom and courage and self-sacrifice as she ought.

It has been said that Canadian-born young men do not flock to the colors as readily as the British-born. This is a vexed question, and the figures are not available to settle the dispute one way or another. But if the young are to be called to the front, then is the time for the less efficient to be trained and given a chance to serve the community to which they

belong. We are not yet so hopeless of society as to fear that there is no room for every man born into the world.

CAN YOUNG MEN BE SPARED?

Editor World: It looks to me that it is about time to give expression to our feelings and ideas regarding the present war situation. As you know, I have never taken part in military matters, but have devoted all my time to business and worked hard and done my share of it. In this way I feel that I have done good work. I have helped to keep up the character Toronto has won as a go-ahead city.

Years ago when I was young, many of my friends joined the volunteers. I then maintained that when the time came that it was necessary to shoulder arms, I would be one of the first to do my share of it. Now the time has come when soldiers are needed to do their work and I am glad to see that young men are being enticed to join the ranks and many are responding to the call that has been issued, while many more that are of very little use to the business and working community remain at home.

It appears to me that some system should be adopted so that those having no fixed employment or means of providing for themselves or families should be called to join the force, and such men as are useful and capable workers be left until the last moment. In this way good men would be kept at their work and could be taught their drill without largely interfering with the work of the business community. As things are being done here today, the young fellows and even the old fellows are beginning to find that a certain amount of feeling is expressed which points to a want of patriotism but not hurrying to join the standard.

I am writing you so that if you think well an article may appear in The World, giving direction to a movement which will show our business operations to proceed with as little opposition as possible under this war condition. We cannot all shut down and go to the front, and we cannot continue if our steadiest and best men are taken away. Why not exhaust the labor bureau's pool of frequenters and jail birds, who are in for minor offences? Give them the chance to earn a living and gain new characters. These men, including a black eye, but be made to serve their country, and become good subjects.

I remain, Sir, your obedient servant, MR. WHITMAN. 282 St. Valler St., Montreal.

NOBODY KNEW WHO BLEW UP THE DAMS

Provincial Officers Failed to Unravel Four Cases of Dynamiting. INQUEST AT NAPANEE Heard Evidence of Farmers Whose Property Was Damaged by Floods.

Superintendent Joseph E. Rogers of the provincial police, and R. H. Greer, county crown attorney for York, returned yesterday from the investigation into the dynamiting of Dam No. 3 on the Napanee River. The investigation disclosed an apparent understanding with regard to the blowing up of the dams.

The investigation gave rise to the theory that those interested in the destruction of the dam had left the actual details of the dynamiting and the explosion to one man who was screened from detection. The report of the investigation is expected to be an amicable arrangement between the mill owners and the farmers for compensation for losses caused by the floods. It is expected that this will result in the dams being left intact.

Thousands of men will be required from Ontario to help in the great work of harvesting the western crop. The investigation disclosed the task of transporting this great army of harvesters to the west will fall to the lot of the Canadian Pacific Railway.

Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run and special trains operated, making the trip in about 28 hours and avoiding any change of cars or transfers. "Going Trip West," \$12 from Winnipeg. "Return Trip East," \$18 from Winnipeg.

HE STRUCK IT RIGHT AT LAST

After Suffering Almost Two Years, "Fruit-a-tives" Brought Relief.

When Canada is trying to develop new industries, and women by no means behind in the cry for made-in-Canada goods, there is no reason on earth why lace of many varieties should not become a product of the country. In the older countries—Belgium, for instance, noted the world over for its Brussels and other fine laces—the manufacture and consequent products along this line are altogether shut off. Even in countries where the industry may be still prosecuted there is no way of getting into outside markets to sell their wares.

In this way Canada is in a great measure shut off from a good supply of the beautiful creations that women everywhere love. There is probably nothing so universally attractive to women as the web or length of filmy tulle with the exquisite design wrought into it by the dextrous fingers of their sister women who are experts in lace production. The introduction of lace-making industry at our National Exhibition for a number of years. Unfortunately the encouragement shown them has been but of a limited degree. Their wares are sold in rich Maltese attractive Cluny, Carriokmacross and other laces, not to speak of the many wares and samples of Irish crochet. There is no doubt that the home production has been carried on in any way that might be called extensive.

To establish a Capital Small. The introduction of lace-making would require no extensive capital, sufficient to pay the teachers, who might be our annual exhibitors, from the moment they start, and enough to enable workers dependent upon their daily wage to give their time to the learning, seems to be about all that would be required. A room would be enough space at the start. In time workers would be attracted to the beautiful and refining industry and our designers, of whom there are also a few, might use their skill in evolving patterns which, together with the skill of the makers, might in time place us for Toronto a name as an industry of the world. The most artistic lace-making of the world is carried on in a room in the city of London. To throw a damper on the idea by the introduction of what might be called a luxury, would not be viewing things at a right angle. Women are it is to be hoped, as a mark of optimism may long be a mark of our Canadian women. Hand-made laces could be made and sold at a price as much imported trimming. A befitting to a small scale might lead to a big future. The idea seems to commend itself and Toronto women might lead the way.

SON OF DR. ALBERT HAM HAS JOINED THE COLORS Percy Ham, Well Known Musician and Athlete, Goes to the Front.

A distinct loss to the musical circles in Toronto has been occasioned by the departure for the front of Mr. Percy D. Ham, son of Dr. Albert Ham, conductor of the National Chorus of Toronto. Mr. Ham, who is on the staff of the Land Titles office at Osgoode Hall, Company, which will go forward as reinforcements for the Princess Patricia's Canadian Light Infantry.

He has been secretary-treasurer of the National Chorus of Toronto for years and was soloist at St. James Cathedral. An Upper Canada College boy and a member of St. Alban's Cricket Club, he has been highly regarded by his associates and has lent great assistance to various organizations through his executive ability. He was formerly a member of H. Co., 2nd Battalion, Queen's Own Rifles and will no doubt, render good service in his new connection.

HERE'S A CHANCE TO START IN BUSINESS

Lace Making Offers Fine Possibilities for Local Enterprise.

FOREIGN SUPPLY GONE Cessation of Belgian Manufacture Leaves Way Open for Industry Here.

When Canada is trying to develop new industries, and women by no means behind in the cry for made-in-Canada goods, there is no reason on earth why lace of many varieties should not become a product of the country. To establish a Capital Small. The introduction of lace-making would require no extensive capital, sufficient to pay the teachers, who might be our annual exhibitors, from the moment they start, and enough to enable workers dependent upon their daily wage to give their time to the learning, seems to be about all that would be required. A room would be enough space at the start. In time workers would be attracted to the beautiful and refining industry and our designers, of whom there are also a few, might use their skill in evolving patterns which, together with the skill of the makers, might in time place us for Toronto a name as an industry of the world.

To throw a damper on the idea by the introduction of what might be called a luxury, would not be viewing things at a right angle. Women are it is to be hoped, as a mark of optimism may long be a mark of our Canadian women. Hand-made laces could be made and sold at a price as much imported trimming. A befitting to a small scale might lead to a big future. The idea seems to commend itself and Toronto women might lead the way.

SON OF DR. ALBERT HAM HAS JOINED THE COLORS Percy Ham, Well Known Musician and Athlete, Goes to the Front.

NEW SYSTEM COST IS SIX MILLION

Reports Regarding Expense of Installing New Inhoff Sewage Tanks.

INVESTIGATION MADE

Dr. Hastings and R. C. Harris Carry Out Request of Ratepayers.

To install Inhoff tanks as the new sewage disposal system for Toronto would cost \$6,000,000. This is a striking part of the report of Dr. Charles J. Hastings, medical officer of health, and R. C. Harris, works commissioner, who investigated the main sewage disposal plant near Morley avenue in consequence of a deputation of ratepayers waiting on the board of control. Condensed, the report has the following findings:

- 1.—That the tanks were not designed for the storage of sludge.
- 2.—That if the original intention to discharge the accumulation of sludge into Adair's Bay for reclamation purposes had been carried out, serious consequences would have followed.
- 3.—That the original design of the sludge covering of the sludge tanks was proved defective.
- 4.—That the covering of the sludge tanks with lime has proved effective.
- 5.—That certain experiments for the purpose of improving conditions were made without result.
- 6.—That the small Inhoff tanks would cost \$6,000,000, and without sprinkling filters \$3,287,000.
- 7.—That the opening of a channel into Adair's Bay will improve conditions.

RIGHT REV. A. E. BURKE APPOINTED CHAPLAIN

Will go to Front to Superintendent Work Among Catholic Members of Second Contingent.

Right Rev. A. E. Burke, president of the Catholic Church Extension Society and editor-in-chief of The Catholic Register, has been appointed military chaplain to the Catholic troops of the second overseas contingent by the militia authorities.

Since the opening of hostilities in France, Father Burke has been getting to the front as a chaplain, and when he received notification yesterday of his appointment, he immediately sent his resignation to Monsignor Stratton, the Apostolic Delegate at Ottawa. His resignation will be considered at a meeting of the board of governors of the Church Extension Society, to be held in a week's time.

Father Burke will be given a high commission and will act in the capacity of superintendent of Catholic work at the front.

PAUPERISM ABOLISHED THROUGH ENGLAND

Practically No Unemployed, Even Amongst Poorest Classes of Country.

Special Cable to The Toronto World. LONDON, Aug. 6.—Despite war prices there are the fewest paupers now in England and Wales in forty years, less than 16 per thousand. The same conditions prevail in London, where the figure is 19.7, compared with 28.1 per thousand six years ago. The demand for workers even of the poorest class is so great that there are 300,000 unemployed.

GEN. SARRAIL TO LEAD DARDANELLES FORCE

Successor Appointed by French War Ministry to General Gouraud.

PARIS, Aug. 6.—A statement issued by the French general staff today says:

"The Dardanelles, since the beginning of August, there has been no striking development to report, the activity being confined to intermittent artillery duels and minor movements on the part of aviators."

"The government has decided to replace General H. J. E. Gouraud, commander of the French expeditionary force at the Dardanelles, by General Sarrail, who has been named commander-in-chief of the army of the Orient."

General Gouraud was appointed commander of the French forces at the Dardanelles in May of this year. A despatch from Paris on July 9 said he had been wounded in the fighting on the Gallipoli Peninsula, and that it had been found necessary to amputate one of his arms. He was described as suffering also from fractures of the right thigh and the left leg.

BASEBALL Toronto - 6 Richmond 5

SOLID HITTING BEAT RICHMOND

Leaf's Fattened Their Averages and Made It Three Victories in Two Days.

Good, solid hitting against Lefty Cottrell won yesterday's opener with Richmond by a 6-to-5 score. Although Herbert waved a little in the closing session, he was always too much for Dunn's outfit. Trout worked behind the bat for the Leafs for the first time this season. Catcher Kelly is expected to jump into the game again in a week, and in the meantime the outfielder will take some of the work off Koehler's shoulders.

Really the feature was the batting of Gilbert. In five times up the outfielder collected four clean smashes, one of them a homer into the bleachers. The crowd gave him a great hand. Daley also had three in four times up.

Both teams jumped into the fray and grabbed two counters in the first game. For Toronto, Gilbert singled over second, and with Wares down, Graham smashed to hit past first, counting Gilbert. Daley's hit to centre, Ball's infield out and Williams' clout brought in Graham with No. 2. We got another in the second, on Rath's hit over third. Trout's sacrifice, and Gilbert's second hit to deep left.

There were no more fireworks until the fourth, when Gilbert biffed the first ball pitched into the bleachers. Everybody took a crack in the seventh. Gilbert opened with his fourth hit, Wares sacrificed, and Graham brought in the runner with a hit to left. Daley duplicated Graham's hit, and Ball raised a pop behind third which nobody could reach, and Graham counted.

Trout's error allowed Crane to score Richmond's first. In the eighth, the shortstop singled past second, and when Herbert messed up Arragon's bunt both were safe. Thompson scored on a double-strike when Wares dropped Trout's throw to catch Thompson.

Richmond were helpless until the eighth; then Bates drew a walk, stole, and scored on Twombly's hit over second. Dunn threw a score into the home camp in the last session, when Schauffe opened with his third hit. Dunn, hitting for Cottrell, felled to short and was out. Crane got a hit over second and took the middle station on a wild peg. Thompson hit over third, counting Schauffe, and Crane scored on Herbert's balk with Bates at bat. Bates ended the rally, too, by rolling to short.

ROYALS MOVE UP INTO THIRD PLACE

At Buffalo (International)—The champion Grays outbait the Bisons, but lost, 7 to 6, principally thru misplays and failure to hit the ball at the right time. Batters fell in valiant effort to overcome Buffalo's lead in the last inning, but fell a run short of tying the score. Scores: Toronto 3, Buffalo 6. Batters—Oeschger and Casey; Beebe and Lalonde.

At Montreal—The Royals moved up third place yesterday by winning two games from Harrisburg, 10 to 8 and 13 to 8. Both contests were slugfests. Montreal compiled a total of 32 hits in the two games, and Harrisburg made 26. Scores: Montreal 10, Harrisburg 8; Montreal 13, Harrisburg 8. Batters—Godfred, Schacht, Kraft and Snow; Cadore and Howley.

At Jersey City at Rochester, rain.

Jack Dunn, the scrappy leader of the Richmond club, will line his starwars up against the Leafs in a double-header this afternoon at the Stadium, the first game of which begins at 3 o'clock. The second game will be a double-header after the run-in yesterday between Dunn and Clymer.

Leaves from the Boston Braves, and left to join the Jersey City club, and left Koehler, the Leafs' catcher, will be out of the game for a few days with a bad finger.

Argonauts and Dons Clean Up At Canadian Henley Regatta

Toronto Oarsmen and Scullers Capture Every Event Except One That Went to London—Three New Course Records.

Special to The Toronto World. ST. CATHARINES, Ont., Aug. 6.—Dons and Argos of Toronto shared the honors in the first day's races of the Canadian Henley, which took place on the local course this afternoon. Toronto oarsmen were in the lead in every event wherein they were entered, Dons carrying off first place in the junior singles, 140-lb. maiden fours and junior doubles, while the Argonauts captured championships in the 140-lb. primary eights, junior fours, intermediate singles and 140-lb. special eights.

The London Rowing Club captured the remaining event of the day, the working boat race, winning by three feet from the Grand Trunks of Montreal. Good time was made in most of the events, considering the fact that the breeze ruffled the course considerably during the afternoon. Three course records were broken in the primary eights, 140-lb. special eights and the junior fours.

Another Dibble had been added to the list of Canadian Henley champions, Harry Dibble of the Dons, brother of the senior champion, carrying off the final in the junior sculling event. His win was acceptable to the crowd, and some even looked to see him capture the intermediate title from Harcourt of the Argos. The Argo man, however, outstripped him, and Dibble finished fourth, but it must be borne in mind that he had nearly exhausted in the junior doubles, and so was unable to give his best in the final.

Harcourt had an easy victory for the intermediate title. Peterson of Buffalo and Shindheiser of the Grand Trunks of Montreal, who were the favorites, proved easy victims to the Toronto sculler, who steered practically the entire distance, turning the buoy almost simultaneously. The race home was nip and tuck, but the Dons' donors crossing the line just three feet to the good. Phillips of the Argos, the heaviest man in the London boat, weighed but 135 lbs. Bowler, the stroke, of this crew, has rowed many times in Toronto shells in past years.

H. Dibble beat Henkel of Detroit in the first heat of the junior fours, having four lengths to the good at the finish. Fritz of the West Side Club, Buffalo, who has been doing good sculling across the river, was a poor third. Moran of the Dons and Hayes of Hamilton broke away even in the second heat, but Hayes gained a substantial lead at the half-way buoy, traveling home an easy winner. Moran fell away from the lead, but Hayes gained a substantial lead at the start. Dibble paraded tired at the start. Dibble paraded tired at the start. Dibble paraded tired at the start.

Motordrome Card

The strike among the bicycle riders at the Motordrome has not interfered in any way with the operations at the Greenwood avenue saucer. In fact it has helped to stir things up a bit, and the rest of the competitors at the track are anxious to make the most of the opportunity to make up for the loss of the best of the season.

Delphia, finished in third place, with the Junior champion, Dibble, in last of the parade.

An interesting feature of this year's Henley was the patriotic and military air which pervaded the regatta. Many well-known scullers and oarsmen were absent from the regatta, and the Ottawa Coach Vivian Nichols of the United Club, Philadelphia, will join an English regi.
