TEN MILLION DOLLAR STATION TO BE BUILT BY GRAND TRUNK

Building Itself Will Cost \$2,500,000, While Grade Separation and Viaduct Will Make Up the Balance—Latest and Best Equipment Will Be Installed and Front Street, From Bay to York, Will Be Entirely Occupied.

Despite the fact, natural in an undertaking of such magnitude, that the Grand Trunk plans for the new Union Station in Toronto are still in the process of maturing, so much has been decided on that it is now possible to give for the first time from an official statement the broad outlines of this scheme, which has been so much under discussion in railway circles during the past few years. From this statement it is made clear that Toronto is to have, without exaggeration, the most complete station equipment on the continent, and that the finished work will be a gratifying surprise even to the most optimistic. The terminal facilities recently established in Ottawa are a sufficient guarantee of the thoroughness upon which the G. T. R. is proceeding from the fact that the estimated cost reaches the sum of ten million dollars.

A Little History.

To properly understand the situation, however, a little history must be recalled. While no order ever has been issued by the board of railway commissioners for the erection of a new station at Toronto, this had always been contemplated by the company, and previously to the original order for the viaduct in June, 1909, the Grand Trunk made a proposed plan which provided for all thru tracks. At the time of this order, after plans had been presented to the board by the G. T. R., C. E. R. the city, and the board of trade respectively, that of the first mentioned closing York-street, was finally approved. Objections were raised by the city and board of trade, but the three parties on the ground that steps would be necessary. The basis of this objection was removed by the order for the viaduct and the board of trade, but the city, not realizing this, still objected to thru tracks, and asked that York-street be left open and have stub tracks open and still have stub tracks west of the Grand Trunk, appealed to the board to approve of the thru track plan, at the same time showing his perfect willingness to contribute to the cost of a York-street subway rather than to have stub tracks. Finally the board issued a consent order approving of the Grand Trunk plans and of the subway at York-street.

Awaiting the Order.

Also the company's plans have been held up for two years by the officers of the G. T. R. do not consider that this time has been in any way lost or wasted, since an opportunity has been afforded for the inspection of all the most important terminal plants in the United States; among others, Messrs. J. R. W. Ambrose, Grand Trunk engineer for grade separation, George A. Mountain, chief engineer for the board of railway commissioners, and C. W. Powell, assistant city engineer of Toronto, have visited New York, Philadelphia, Washington and Chicago with the result that all the best features of those marvelous stations will be found united at Toronto. It is impossible to say when the work will be completed, as the situation presents several peculiar difficulties, but as rapid progress as possible will be made from the time that work is begun until the station is finished. There will be no interference with the progress of construction of the new station until the finished before the old station is touched.

A Big Frontage.

The new station will be located between Bay and York-streets on Front-street, with a frontage of 300 feet, and a depth of 325 feet, but set back 147 feet.

Continued on Page 9.

STREET CAR KILLS SARNIA MAN.

SARNIA, Ont., July 19.—(Can. Press.)—W. A. Sinclair, former principal of the high school here, was struck and instantly killed by a street car here today.

The Men's Hat Day Saturday.

The Dinesen Company, 140 Yonge-street, have some very special lines on sale Saturday in Men's Panamas and Suits at greatly reduced prices. Panamas—regular \$5 for \$2.49; regular \$7.50 for \$4.75. Straw Hats of the latest fashionable design at \$1.50 and \$2.00. Store open until ten o'clock Saturday night.

Facts About the New Station.

Location: Front-street, between York and Bay-street. Total estimated cost, including grade separation and viaduct: \$10,000,000. Station frontage: 300 feet. Depth, including trackage: 530 feet. Total area: 400,000 square feet—between nine and ten acres. Thru passenger tracks: Ten. Passenger platforms: Six. Baggage platforms: Six. Accommodation in yards: 300 cars—nearly double present capacity. Baggage accommodation: 74,000 square feet—five times present capacity. Estimated cost of new station building: \$2,500,000. Estimated cost of alterations to present buildings: \$50,000. Estimated cost of excavating, track ballasting, filling concrete, paving, steel work, etc.: \$7,450,000.

THREE HELD AS ACCESSORIES IN THE BENNETT MURDER CASE.

Axon Admitted He Was Afraid to Interfere When Indian Attacked Emily Antone and County Constable Armour Told That He Left Dying Woman—Friends Are Shielding Fugitive.

BRANTFORD, July 19.—(Special.)—At the inquest into the circumstances surrounding the death of Emily Antone, held in the Village of Middleport today, before Coroner Ashton, a verdict was returned that the woman came to her death as a result of injuries inflicted upon her by Jack Bennett, a Six Nations Indian of Oneida, Ont. At J. Wilkes, K.C., prosecuted. Evidence was taken from all those in the house of Joseph Axon at the time of the crime, including Axon himself, County Constable Armour, and Susan Frohman, sister of the dead woman. The three are being held as accessories.

Axon frankly stated he was afraid of Bennett, whom he ordered to stop kicking the woman, but the Indian was defiant and crazed with drink. Armour said he was unable to get down stairs in time, and when he did get down, the damage was done. He returned to his bed, however, the victim then being in a dying condition, and without assistance.

Susan Frohman told of her feeble efforts to stop Bennett. The discovery of the woman's death was made hours later, when an attempt was made to awaken her.

Fear More Bloodshed. The Indian is still at large, and tomorrow a posse will assist the Brantford officers in the man hunt on the reserve. Bennett is thought to be in the woods a few miles from Middleport. The horse and rig with which he escaped were recovered on the road today.

He is of a type of Indian who it is thought will give battle, and considerable trepidation is felt by Indians who know him in assessing the authorities. It is also believed that he is receiving assistance on the reserve, and it may be some days before his capture is effected.

BARTENDER SLAIN HAD A BAG FULL OF UNSET STONES BY INSANE MAN

Scotchman, About to Sail for Home, Shot Two Men, One Fatally, in Montreal. Man Who Gave His Name as Villandre of Montreal Tried to Trade Diamonds.

MONTREAL, July 19.—(Can. Press.)—John Sheppard, a plasterer of Chicago, in a sudden fit of insane rage this afternoon, shot and killed Fred McKenna, bartender at the Turkish Bath Hotel, and seriously wounded Dr. R. S. Devlin, son of the proprietor. The shooting took place in a small room off the barroom. Sheppard at the time was accompanied by his wife and three children.

After the shooting the man calmed down and went to the hotel clerk, telling him what he had done. He then awaited the arrival of the police and since arrest has shown little concern as to his own fate, but repeatedly asked for news from the Royal Victoria Hospital where Dr. Devlin lies with a bullet thru his right shoulder. Sheppard is a Scotchman by birth, but has passed a number of years in Chicago. Some time ago, according to his wife, he sustained a fall from a scaffold, resulting in concussion of the brain. He received \$1500 damages and decided to return to Scotland. Since his accident he has been subject to fits of insanity.

Sheppard with his wife and three children only arrived here yesterday and had been staying at the St. Lawrence Hotel. They were to have sailed today.

While drinking ginger beer in the Turkish Bath Hotel, Sheppard suddenly whipped out a revolver, killing McKenna and shooting Dr. Devlin who appeared at the door.

ALLEGED BICYCLE THIEF.

Bernard Murphy of Toronto was arrested in Barre yesterday and was brought back to this city last night by Detective Cronin. He is accused of stealing a bicycle in Toronto.

When a local jewelry house on Yonge-st. called up the Toronto detective department yesterday afternoon and told them that a young man was in their store endeavoring to trade them a number of small unset diamonds for a larger set, stone, it did not take Detectives Archibald and Strohm long to go to that store and arrest the man on a charge of vagrancy. When brought to headquarters and searched, it was found that he had in his possession stones valued at \$1000.

He gave his name as Alexander Villandre of Montreal, and his age as 29 years. Before going into this store he had had a good deal of time to make up his mind. In all 124 stones were in his possession when he came to this city. They ranged in size from 3/4 karat to 1-1/2 karat. When arrested and when the stones were found on him, he claimed that he had received them first from his father, then from his uncle, both of whom he said live in Montreal.

It is not probable that the name Villandre is his correct name. Detective Sergeant Guthrie said yesterday that he had given various names since he had been in the city. He claimed to be a chauffeur. On his person was found a receipt for dues paid into the Moose Lodge at Indianapolis for June last. In appearance he is short, dark and was wearing a brown suit. On June 22 last, there was a noteworthy robbery in Montreal of a quantity of diamonds.

BITTEN BY A DOG.

Cecil Brown of 4 Hickory-avenue was bitten by a dog yesterday afternoon and taken to the Western Hospital. Whether or not the dog was mad is not known as yet nor will it be until Dr. Amoyt, to whose place the boy was taken from the hospital, has had a chance to thoroughly examine and report on the case.

Moore Park Annexation

At their meeting yesterday the board of control unanimously decided to annex the Moore Park district. This property is bounded by Mount Pleasant Cemetery on the north, by the city limits on the south and west and by the old Belt Line on the east. It has an area of 208 acres and contains about 70 residences. The population is about 600. According to the 1911 assessment rolls there are 282 property holders, with holdings representing a total assessed value of \$393,831.

HOME RULE SURE SAYS ASQUITH IN DUBLIN

Bill Will Reach House of Lords Before Christmas, and the Upper House Cannot Override Decision of People, He Assures Huge Crowds—Suffragettes Ejected.

DUBLIN, July 19.—(Can. Press.)—Premier Asquith again to-night was the recipient of another ovation at the hands of Dubliners. Both inside and outside the Theatre Royal, where he made an address. Mr. Asquith, who was accompanied by his wife, was greeted by enormous crowds who repeated the welcome they gave him last night.

John Redmond, the leader of the Nationalists, in introducing the premier to his auditors, said that such a reception never hitherto had been accorded to any cabinet minister and never again would be until Mr. Asquith came to Dublin attending the King to open an Irish parliament.

Mr. Asquith's speech was interrupted at intervals by female suffragettes, several of whom were violently ejected from the theatre. The speech was a warm defence of the Irish cause. It characterized opposition to home rule as merely obstructive and chaotic, but powerless to wreck the home rule bill, which the premier said would be sent to the house of lords before Christmas. Then, he added, with patience and discipline, the end was in sight because it was no longer possible for the house of lords to override the decision of the people.

No Fear of Civil War.

The triumph of Ireland's cause, Mr. Asquith declared, would be the first step in an imperial reorganization of which home rule was the one and only solution. Expressing his disbelief in the possibility of a civil war in Ulster province, the premier repeated his previous statement that the government proposals to strengthen the safeguards in that province.

While the meeting was proceeding extraordinary scenes were witnessed outside the theatre. Suffragettes, who attempted to make a demonstration, were set upon by the populace, who tried to throw them in the River Liffey. The police interfered for their protection and in holding back the crowds frequently urged the incensed men to "be Irishmen."

The suffragettes were thereby frightened by the onslaught of the crowd, and were glad to seek refuge in street cars or in the lobby of the general postoffice.

BRITISH CADETS' VISIT

Will Sail From England August 3 for D.R.A. Meeting.

OTTAWA, July 20.—(Special.)—Word has been received that the British cadets contingent, which will come to Canada to shoot in the D.R.A. matches, will sail from England on the Empress of Britain on Aug. 3. Col. J. D. De la Poer Beresford, who was with Lord Roberts at Kandahar, will be in charge of the contingent. Capt. F. Edwards of the 68th Rifles will be adjutant and Col. Sir William Waite, R.C.E., will also probably accompany the party, which will consist of eight cadets from Eton, Winchester and other great schools, and eight cadets from the territorial working forces.

FELL FROM WINDOW.

The house at 152 York-street is unlucky. Just three or four days ago a man committed suicide there. Yesterday afternoon, James Davis, at the same place, while under the influence of intoxication, fell out of the first-story window and suffered a compound fracture of the left knee. He was taken to St. Michael's Hospital.

MILLIONS FOR THE FARMERS OF SASKATCHEWAN; LABOR PROBLEM IS ONE DANGER

Thousands of Men Are Wanted, and Thousands More Needed For Harvest—Remarkable Growth of Saskatchewan, But Real Estate Values Are Advantageous Investment—C.P.R. Gives Poor Service.

(By a Staff Correspondent)
EDMONTON, Alta., July 18.—Saskatoon beats the world for enterprise, public spirit and sanguineness. The growth of the city is remarkable, but the subdivided area is sufficient to house every Canadian west of Lake Superior. Real estate values are a dangerous investment. Hotel accommodation is excellent, but the C.P.R. is giving a poor service. There is only one daily train, with a constant waiting list from day to day for sleeping berths. Wheat, oats and barley improve daily. This week's weather means millions to Saskatchewan farmers. The days are warm, with right temperatures, higher than last year. There is plenty of moisture, with no drying winds. The labor problem is the one great danger confronting the country. Thousands are wanted to-day. It is impossible to estimate the requirements of harvest time. No willing, able-bodied man takes any risk in coming west.

SILVER MEDALS FOR BRAVERY PRESENTED TO TORONTO MEN ON BEHALF OF KING OF ITALY

J. Stoneham and G. H. Davey Rewarded for Conspicuous Courage During Messina Earthquake, When They Assisted in Rescuing 750 People.

Two citizens of Toronto were honored by the King of Italy last night. Claude Macdonell, M.P. for South Toronto, was the medium thru which King Victor Emmanuel manifested his approval of heroism displayed by J. Stoneham and G. H. Davey during the volcanic eruptions in Italy in December, 1908. On the last day of that year the British steamship Ophir, homeward bound from Australia to Glasgow, put into Reggio. Davey was third cook on the vessel; Stoneham a second-class quarter-deckman.

King Ordered Medals.

At Messina the crew rescued 750 people, 100 of whom were badly injured. They were taken aboard the ship and carried to Naples. On the journey the crew cared for and relieved many of the sufferers.

Altho all was confusion in Italy at this time, the king did not lose sight of this bravery. Some time later he ordered a commemorative medal to be struck for each member of the crew. The ones for Stoneham and Davey were given to the British ambassador at Rome, who turned them over to the board of trade in London. It was then discovered that the two sailors had left for Canada. The medals were forwarded to the Canadian Government.

At length it was found that the intended recipients were living in Toronto. The minister of militia asked Claude Macdonell to present one medal to Mr. Davey and requested Sir Edmund Oeler to do the honors in making the presentation to Mr. Stoneham, as they are members for the respective ridings in which the two men reside. On account of the death of R. A. Smith, Sir Edmund asked Mr. Macdonell to do his share also.

"In the name of the King of Italy and his subjects, more particularly those around us, I take great pleasure in presenting you with this silver medal, in recognition of your heroic services in that dreadful disaster. I feel sure that I can say that if ever you wish to come into this club again, you can do so knowing that you are among your friends," said Mr. Macdonell in making the presentation.

The medals bore the following inscription: "Medaglia Commemorativa Terremoto, Calabria-Scoglio, Vittorio Emanuele, Re D'Italia."

Thomas Hook of Ward Three Conservative Association, spoke briefly, stating that so long as England and Italy remained friends, as at present, so long would there be progress, prosperity and education. He thought the Italians deeply appreciated the fact that while they were tied up on other shores, John Bull's sons were giving assistance to the sufferers at the time of the disaster. Warm applause from the large assemblage of Italians followed this stirring speech. President Castrucci also spoke. The meeting broke up with cheers for the King of Italy and King George.

It was the first time since they were on the ship that Stoneham and Davey met. It was quite a reunion they held last night and for some time discussed the event in which they both took part. Stoneham is caretaker of the Rushmore Cricket Club.

HOSPITAL RATES TOO HIGH HERE

Fraternal Societies Open Campaign to Secure Lower Rates—Big Committee to See Board of Control.

Representatives of the fraternal societies of the city met at Oddfellows' Hall, Bathurst-st., last night at the call of the hospital cost board of the Chosen Friends. The meeting discussed the present hospital rates, the general opinion being that they were too high.

A committee of three from each society was formed to prepare recommendations to be made to the board of control, with the view to the establishment of a new civic hospital in cooperation with the fraternal societies, or to secure better rates for members of wage earners' families requiring hospital care. The Trades and Labor Council will also be asked to appoint three representatives.

HOLD-UP MEN AT THE HUMBER

Two Desperadoes With Revolvers Tried to Rob Occupants of Motor Car.

Without a word of warning two men sprang from the bushes shading the Lake Shore-road, near Humber Bay, at about 10:30 last night, and presenting revolvers, called up a man and a woman in a motor car to stop immediately and hand over all their valuables. The woman immediately went into hysterics. The man was more courageous. He stopped the machine instantly, jumped out and with his fists as weapons went after the would-be desperadoes. They were unprepared for such an attack on his part. Standing their ground for an instant, they soon broke and ran. The driver, who was also the owner of the car, reported the matter to the police, but as the road there is more or less in darkness, the meagre description he was able to furnish as to the appearance of the men will do little to prove their salvation. This is the second or third hold-up of a like kind that has been attempted in the Humber Bay district.

STRATFORD NOT SUCCESSFUL IN DEMAND

Town Wants to Tie Itself Up by Making Contract for Power With Mackenzie Interests, But Sir James Whitney and Hon. Adam Beck Are Opposed.

Sir James Whitney and Hon. Adam Beck gave a line of straight talk yesterday afternoon on their hydro-electric power policy.

Mayor Brown of Stratford and Geo. Torrance, M.L.A., North Perth, headed a civic deputation to ask that the Mackenzie interests should be given power to supply privileges, which the agreement with the commission precludes.

Mayor Brown stated that the town was securing the street railway franchise, but the Mackenzie interests wished to make it a condition that the power to run the cars be taken from their company.

Hon. Adam Beck said that the agreement made by the commission was made in good faith, and it would not be right to begin breaking such agreements.

Mayor Brown said that the government would be holding up the city. Hon. Adam Beck said this was not correct, as the commission was working on a cost basis.

Mayor Brown said it was by reason of such restrictions that Stratford was dying by inches.

Sir James Whitney remarked that if that were the case it could keep on doing so.

While giving no encouragement to the deputation, Sir James agreed to send them a formal decision at an early date.

FOUR CANADIANS IN KING'S PRIZE

And Those Who Survive Are Far Down in List—The Scores of Yesterday.

BISLEY CAMP, July 19.—(C. A. P.)—Lieut. Maggs of the 9th Regiment, Vancouver, is 133rd in the second stage of the King's prize; Col. Sgt. Stoddart, 91st of Hamilton, is 147th; Sgt. Smith, G.G.R.C., Ottawa, is 176th; S. Sgt. Richardson, 5th G.A., Victoria, 181st; Pte. MacPherson, 15th Regiment, St. John's, N.S., 190th.

The above win \$15 each. Sgt. Bayles, 10th Royal Grenadiers, Toronto, is 253th, and wins \$10. (The last stage will be shot to-morrow 10 shots at 800, 900 and 1000 yards). Canada will be represented by Battershell and Blackburn, of the 9th Regiment of Winnipeg, and Capt. Forrest of Vancouver. Lieut. Forster of Ottawa (with 184) has to shoot off for a place. Last year scores of 170 entered the final stage, which is limited to the hundred highest competitors in the second stage.

The second stage was shot to-day in cloudy weather, with a cool, tricky wind.

The Scores. At the 200 yards range, Canadians scored: Battershell 46; Blackburn 45; Forster 45; Maggs 45; MacPherson 42; Richardson 42; Smith 42; Stoddart 42; Andrews 42; Bayles 42; Forrest 42.

At 400 yards, the score was: Battershell 41; Blackburn 41; Forster 41; Maggs 40; MacPherson 42; Richardson 40; Smith 39; Stoddart 42; Andrews 41; Bayles 39; Forrest 41.

TOURISTS HAD NARROW ESCAPE. WATERTOWN, N.Y., July 19.—(Can. Press.)—Summer tourists en-route for the Thousand Islands had a narrow escape this morning when a passenger train loaded with them ran into an open switch in this city, crashed into freight cars standing on a siding and shoved them thru the brick wall of the building.

The train had just left the local station and had gained little momentum, which probably accounts for the fact that no one was hurt. But for the freight cars, the passenger train would have run into the wall.

FIRE IN PLANING MILL.

A fire, which did damage to the extent of \$1500, broke out at the J. C. Gilchrist Planing Mills on Perth-avenue last night. What started the fire is not known. The fire department soon had it under control. The loss is covered by insurance.

THREE BEAUTIFUL LAKE SHORE PROPERTIES

WEST POINT

Some choice lots reserved for this sale, \$12 per foot. Easy payments.

Situate on the Lake Shore Road, just where New Toronto is showing the greatest progress. It is the ideal spot for homes for business men and others who will find it close to their offices and stores.

PINE BEACH

Lots reserved for this sale, \$12 per foot. Terms arranged.

Adjoining and just cityward of Long Branch. Admirable lake location for suburban homes.

THE PINES

Special reservation of lots, \$13 per foot. Terms arranged.

Lies next to Pine Beach, and has all the requirements of a desirable home site.

These three properties are all alike, yet each has delightful characteristics of its own. Of each and all of them it may be said:

On car line. Fifteen-minute service which is soon to be bettered

Beautifully located on lake shore, where boating, bathing, fishing and all aquatic pleasures may be enjoyed.

Superb natural scenery, with boulevards, avenues, circles, crescents and all that landscape artists can do to make a district most choice for residence.

Prices Low. Terms Easy. A small payment down and light monthly payments secure possession.

Beautiful booklets illustrating each of the properties and telling all about them sent on application.

Telephone or write us and we will arrange to motor you to the properties.

Churchill To Hint At Canada's Policy

His Speech on Monday Will Embody Results of Conference With R. L. Borden.

LONDON, July 19.—(C. A. P.)—It is understood Premier Borden's interview with Winston Churchill to-day was of special importance in view of the lengthy conference of the Canadian ministers, lasting well on to midnight. It is generally thought that information will be submitted for the guidance of the first lord of the admiralty in making his statement in the commons on Monday.

will be embodied in the general plan outlined by Mr. Churchill. It is rumored that Premier Borden does not find conditions the same as when the resolution was voted by the Conservatives in parliament tendering the equivalent of two Dreadnoughts. Otherwise he would be prepared to renew the offer made two or three years ago. What he and his colleagues now propose is not to make emergency offers, but to formulate proposals that shall serve as a basis of a permanent naval defense policy in the interests of Canada and the empire.

Germania Hotel, John and Main streets, Hamilton. First-class table and rooming accommodation. 246

TO CLOSE 800 STEEL PLANT.
SAULT STE. MARIE, Ont., July 19.—(Special.)—At the end of this month or at the beginning of August, as may be convenient, the steel company will close down the entire steel-making plant for about two weeks, to enable them to proceed with installation of new rolling mills and engines.

Floating Dock for Montreal.
LONDON, July 19.—(C. A. P.)—Hon. J. H. Hazen and Hon. Mr. Doherty go to Barrow-in-Furness to-morrow for the launch on Monday of the Victoria Maxim floating dock for Montreal. Mrs. Hazen will christen it "Duke of Connaught" and a large company of Canadians will be present, including Sir William Mackenzie and Mr. Saltzman, the Montreal Harbor Commissioner. Premier and Mrs. Borden will spend the week-end with Marquis and Marchioness Salisbury.

OLYMPIA HORSES AT COMING SHOW

Hon. Clifford Sifton's Hunters, Which Won Ribbons at London, Will Be at Cobourg.

Word has just been received from London that the Hon. Clifford Sifton's hunters, which have been winning ribbons at the Olympic Show at London, will be at the Cobourg Horse Show, 13th to 17th August.

New Canal and Lock For Canadian Soo Is Monk's Promise

SAULT STE. MARIE, Ont., July 19.—Hon. F. D. Monk, minister of public works, made the statement to The World correspondent to-day that the department of railways and canals had issued instructions to engineers to start preparing plans for the construction of a new lock at the Soo and to go ahead with preparations for commencing work.

C. P. R. Train for Muskoka District. Fast Muskoka express leaves Toronto via Canadian Pacific Railway 12:10 p.m. daily, except Sunday, carrying parlor car, cafe car, and first-class coaches, making direct connection at Bals with steamers for all lake points.

Week-end rate Toronto to Bals and return \$3.50. Proportionate rates to other lake points. Tickets good going Friday night and Saturday; return limit Monday following date of issue.

FALLING CRANE KILLS WORKMAN.
LONDON, July 19.—(Can. Press.)—Walter Toll, aged 35, a stonemason, employed on the erection of the new Molsons Bank building here, was struck by a falling crane at 4:30 this afternoon and died in the hospital an hour later of a fractured skull.

Representative Catlin Unseated.
WASHINGTON, D.C., July 19.—By a strict party vote the house elections committee to-day voted to unseat Representative Theron E. Catlin of St. Louis, Republican, and to seat former Representative Patrick Gill, Democrat.

TWO MEN FATALLY SHOT
Fell Victims to Same Gang of Terrorists in New York.

NEW YORK, July 19.—As two men passed the corner of 116th-street and First-ave., early this morning, several men leaped at them from a door way. Ten shots were fired, and one of the passers fell. His companion ran.

OTTAWA PLANS WOULD NOT DO

CIRCUIT RACES AT KALAMAZOO

KALAMAZOO, July 18.—The final day of the Grand Circuit meet here was characterized by its long card of five races and the difficulty experienced in nearly every heat in getting the starters away. As a result the last heat was raced when it was almost too dark to see across the field.

Dorah Medium, won first money in the 224 trot, which was carried over from yesterday, having the best standing after five hotly contested heats, in which none of the ten starters was able to win three heats.

Dictator Todd was in a class by himself in the 215 trot. He took the event in straight heat. Summary: 224 Trot—Best 2 in 5, purse \$1000: Dorah Medium, blk.m., by Red Medium (Geers), 3 3 1 2 1 Wayside, b.m. (J. Benyon), 8 8 3 1 3 Marion K., b.m. (Murphy), 2 1 5 2 5 Barton Todd, br. (McMahon), 9 7 8 3 5 Mary G., br.m. (Cox), 2 1 5 2 5 Thistle Donna, b.h. (Shank), 1 2 6 6 5 Mount Hurst, b.g. (Shutt), 5 4 4 4 5 Bert Kelly, b.g. (Shutt), 2 1 1 4 4 May Garratran, b.m. (Brady) ds Time, 2:11-4, 2:11-4, 2:11-3-4, 2:11-4, 2:12-4.

Free-for-all Trot—Best 2 in 3, purse \$1000: Duple Archdale, blk.m., by Archdale (Geers), 1 1 1 1 1 Billy Burke, br.m. (McDonald), 2 2 2 2 2 Nancy Boyce, blk.m. (McCarthy), 3 3 3 3 3 Country Jay, ch.g. (R. Macey), 4 4 4 4 4 Gold Dollar, ch.g. (McMahon), 5 5 5 5 5 Brace Girde, b.m. (McMahon) ds Time, 2:05-1-4, 2:05-1-4, 2:05-1-4, 2:05-1-4, 2:05-1-4.

Free-for-all Pace—Best 2 in 3, purse \$1000: Vernon McKinney, b.h., by Guy McKinney (James), 5 1 1 1 1 Don Denmore, b.h. (Parker), 2 2 2 2 2 Evelyn W., b.m. (Shank), 3 3 3 3 3 Merry Widow, b.m. (McMahon), 4 4 4 4 4 S.F. R., b.g. (Murphy), 1 ds Time, 2:05-1-4, 2:05-1-4, 2:05-1-4, 2:05-1-4, 2:05-1-4.

211 Pace—Best 3 in 4, purse \$1000: George W. Newton, br.h., by Lockhart (Parker), 1 1 2 2 2 Sudo Bell, b.m. (Murphy), 2 2 3 3 3 Lassie Lee, b.m. (McMahon) 5 7 3 3 1 Mansfield, b.h. (Cox), 2 2 5 4 4 Ideal, b.g. (Ray), 4 8 6 5 5 Maud G., b.m. (Shively), 2 5 4 ds Pan Boy, ch.h. (Fleming), 2 5 4 ds Time, 2:05-1-4, 2:05-1-4, 2:05-1-4, 2:05-1-4, 2:05-1-4.

Rosedales Again Hunting Leather

PHILADELPHIA, July 18.—The Rosedale Cricket Club were all out for 164 in the first innings, and the Philadelphia players had scored 230 runs for a loss of six wickets when stumps were drawn for the day in the final match here of the Canadian tourists, which began to-day at Haverford. Furness and Bottomley made strong stands for the Philadelphia team, the former scoring 94 and the latter 52 before they were retired. Wallace, with a total of 32, was the highest scorer for the visitors.

AQUATICS TO-DAY.

R.C.Y.C. cruising race to Ocoteo, divisions 1 and 3; course race, division 3.

All players of Eaton's ball team of the Beaches League are requested to be on hand early for their game with the Harriers at 2:15 o'clock.
Vermont League games: 2 p.m.—Red Sox v. Vermonts, 3 p.m.—St. Cyprians v. Wychwood. Umpire—J. Lackey.

If you are one of those persons who prefer an Extra Mild Ale, an Ale that combines richness, extra fine flavor and sparkling clearness, you should try Carling's SPECIAL SELECT ALE, put up in crown-stoppered bottles.

It is a Special brew, and has won renown for its delicacy of flavor. It can be easily digested and assimilated by those who are unable to drink a heavier Ale.

Especially adapted for Home Use, it is guaranteed to please the most fastidious. Costs no more than our other brands. ORDER from all dealers, cafes and hotels. Demand

CARLINGS
SPECIAL SELECT ALE

THE ALE OF MERIT

STERLING ALE

REINHARDT'S OF TORONTO

FOUR special features in the brewing of sparkling STERLING ALE have contributed in so short a time to make it the Public's first choice.

- 1.—Its purity—Selected malt, choicest hops and pure sterilized water alone are used in the brewing.
- 2.—Its Flavor—Just that appetizing tang that quenches the thirst and pleases the palate.
- 3.—Its appearance—Full of life, free from sediment and clear as crystal.
- 4.—Its cleanliness—Every bottle sterilized in four-compartment soaker, making Sterling Ale absolutely germ proof.

Just call for a bottle of STERLING ALE any time you are thirsty, or drink it with your meals. It is a real aid to digestion.

You can keep it on ice in your refrigerator—the cold won't harm Sterling Ale, it is absolutely chill-proof.

Brewed and bottled in the most up-to-date and sanitary brewery in Canada.

REINHARDT'S OF TORONTO

LOCAL ENTRIES FOR AUTO RACES

Speed Kings Will Have to "Go Some" at To-day's Meet on Exhibition Track.

RUSSELL Model R, 1910

Fully equipped. Run two seasons only. Has been put in good shape. We exchanged this one for our 1912 model. Will make an excellent working car.

RUSSELL MOTOR CAR CO.
100 RICHMOND WEST.

Tested in automobile circles as to who will get the most points in the series of events. The races will start at 2 o'clock sharp.

Lacrosse To-day Nationals Here

The Big Four game to-day at the island between Tecumsehs and Nationals will be called at 3:30. Eaton's and St. Kitts, contenders for the Nationals, senior championship, took up in a curtain-raiser at 1:30. Tecumsehs were never in better shape than they are to-day, and they showed a great deal more than they did on their last appearance at the island, even up for the reverse they encountered on that occasion. The teams: Tecumsehs: Goal, Kinsman; point, Yeaman; cover, Greer; defence, Graydon, Davidson, McKenzie; centre, Bowne; home, Gorman, D. Smith, Durkin; outside, Querré; inside, Smith. Nationals: Goal, L'Heureux; point, Cartier; cover, Pickett; defence, DeCarie, Clement, LaChapelle; centre, Piquette; home, Gauthier, Pussault, Piquette; outside, Lamousselle; inside, Boudineau, Réjean. Johnny Brennan, judge of play; Jack Tucker, both of Montreal.

Cricket To-day

The following will be the Rosedale team against Simpson's at Rosedale this afternoon: G. M. Baines, W. F. C. Selena, F. G. Grant, G. T. Pihlow, H. W. Wooley, A. E. Lyon, O. Lewis, G. E. Dunbar, D. C. Garret, W. H. Cooper, R. Smith, H. Dean.

THE "FLYING WATER WITCH" BALL

The "Flying Water Witch" Ball is a deadly lure for Trout, Salmon, Pike, etc., and suitable for River, Sea or Lake. It is composed of a series of graduated metal balls with hinges, each a separate unit, which spin independently, revolving on a single metal bar running right through the centre of the ball, and when drawn through the water whilst spinning gives the ball a most attractive appearance.

THE ALLOOK, LAIGHT & WESTWOOD CO., Limited
75 BAY STREET, TORONTO, and REDDITCH, ENGLAND.

SAMUEL MAY & CO

MANUFACTURERS OF BILLIARD & POOL TABLES. ALSO REGULATION BOWLING ALLEYS. 102 & 104 ADELAIDE ST. W. TORONTO. ESTABLISHED 50 YEARS.

Manufacturers of Bowling Alleys and Bowling Supplies. Sole agents in Canada for the celebrated "TIFCO" BOWLING BALL.

This ball is the best on the market, because it never slips, never loses its shape, always rolls true, hooks and curves easily, does not become greasy, is absolutely guaranteed, is cheaper than any other reputable patent ball and complies with the rules and regulations of the A. B. C.

All first-class alleys are putting these balls on. Try one on the alley where you roll and you will never roll any other ball.

McCALLUM'S Perfection SCOTCH

is absolutely pure, naturally aged, and possesses that smoothness of maturity that tends to make a whisky desirable for medicinal purposes and home use.

SATURDAY MORNING, JULY 20, 1913

THE PROGRESSIVE PARTY.

Colonel Theodore Roosevelt has resigned from the Republican Club, to which he belonged for twenty-seven years. He has declined to go into any deal with the Taft supporters by which the same men would run for the electoral college on both tickets, with the understanding that they would vote for the candidate polling the highest number of votes.

The progressives will hold their first national convention in Chicago on August 5. Never has any party started under such favorable auspices. It is certain to poll a large number of votes in the electoral college and should the election go to the house of representatives, Roosevelt is just as likely to be chosen as Taft or Wilson.

INCREASING PERIL OF THE STREET.

Other cities than Toronto are concerning themselves about the increasing peril of the streets. Last month 28 persons were killed by automobiles in New York and recently published statistics reveal that 873 persons were killed in Great Britain on the public highways from the same cause.

Rapid transit has its advantages and it also has drawbacks. What has greatly heightened the risks in all cities is the immense increase in the number of swift vehicles, and everywhere complaints of traffic congestion are strong and insistent.

Several recent accidents to children in Toronto lend point to an interesting suggestion made by a lady of Kingston-on-the-Thames to The London Standard. She asks whether there should not be distinct teaching in schools with regard to walking in or crossing the streets. Those, she thinks, who have the care of the young should carefully instruct them as to the dangers of the traffic.

FOR PARLIAMENT TO ACT.

The Winnipeg Free Press points out that the express rates in western Canada are much higher than in the western States. The rates between corresponding points on both sides of the international line are given and it appears that the Canadian rates are higher by from 40 per cent. to 60 per cent.

RIDS FEET OF CORNS IS SAFE AND PAINLESS.

No substitute has ever been devised that gives the quick, painless results you get from Putnam's Painless Corn and Wart Extractor. Its success is unequalled. It soothes, cures, heals and painlessly removes callous, bunions, warts and corns in 24 hours.

For the Holiday

100 BATH AND BEACH BLANKET ROBES. Regular \$4.00, for \$2.00. Green and red, green and white, navy and red, dark grey and light.

Wreyford & Co.

55 King St. West. Phone Main 2611

passenger, freight, express and telegraph rates be equalized thruout the Dominion? The railway companies will not equalize the freight rates voluntarily, and the railway commission may not compel them to do so unless the principle of equality in rates is affirmed by parliament.

The World has long contended for equality in rates, and Mr. Maclean from his place in parliament has urged the adoption of this policy upon the house and the country. We are glad to note that the principle is now being accepted by many newspapers which, in the past, gave it no support and indeed bestowed upon it no attention.

A DISAPPOINTED TRIO.

Wm. Randolph Hearst of The New York American, Henri Bourassa of Le Devoir newspaper, Montreal, and The Toronto Globe are now advising Canada in much the same strain. Mr. Hearst, interviewed in London, declared that reciprocity would be a good thing for Canada and the United States alike.

Mr. Bourassa declares that he does not fear annexation, believing that the people of Quebec would be as well off under the Stars and Stripes as under the Union Jack. This is a provincial, almost a petty view, unworthy of Mr. Bourassa, but the outgrowth of his absorption in the race and creed contentions of an element in Quebec.

TWENTY-FIVE YEARS' EXPERIENCE IN CURING ALCOHOLISM.

Dr. J. M. MacKay, the celebrated specialist on alcoholism, who has recently returned from Europe, will be in Toronto during the month of July for the purpose of giving consultations free to any serious case of alcoholism or drunkards. He can be seen at any time after July 1 at his residence, No. 144 Roxborough-street, corner Avenue-road.

Will Not Renominate Neely.

LONDON, July 19. (Special.)—It is not likely that George Neely, former Conservative member, will be nominated to contest East Middlesex in the provincial election.

OMEGA watch advertisement with image of a pocket watch.

MOORE PARK TO BECOME PART OF CITY

Board of Control Recommended the Immediate Annexation, and Council Will Act on Monday — Wm. Fitzgerald Again Proposed for Property Commissioner.

After listening to deputations both for and against, the board of control yesterday passed a recommendation favoring the immediate annexation of Moore Park. City Clerk Littlejohn reported that the majority of the ratepayers who favored coming into the city showed a clear majority of five, according to the assessment roll for 1911.

NO INTERCHANGE OF POWER NOW

Hon. Adam Beck Drew Attention to Forty-Year Contract, by Which Outside Municipalities Would Have to Pay for Extra Power Needed to Operate Toronto Cars.

Owing to the nature of the forty-year contract between the hydro-electric commission and the Ontario Power Company, there is no immediate prospect of an interchange of power with the Toronto Railway Company to render less likely the chance of future tie-ups.

Other Difficulties as Well.

There are other difficulties as well. In the first place, it is not good business for the hydro-electric to give temporary assistance to the private corporations. The hydro officials are seeking a permanent solution of the question of light and power, and believe that the quickest and best means towards that end will be the transfer of the company's business to the public-owned concern.

SOUTHAM PRESS PICNIC.

The employees of the Southam Press in the first place, it is not good business for the hydro-electric to give temporary assistance to the private corporations.

HON. R. L. BORDEN SWORN IN.

LONDON, July 19. (C. A. P.)—R. L. Borden, Canada's premier, this morning took the oath before the King as imperial privy councillor, with the ceremony attached to that function.

O'Keefe's Pilsener Lager advertisement featuring an illustration of a man holding a tray of beer bottles.

DRAYTON CLAIMS IT IS USELESS TO APPEAL

In a letter, copies of which were sent to all the members of the board of control, Corporation Counsel Drayton stated that in his opinion the city had no grounds upon which to base an appeal of the Ontario Railway Board's decision whereby the Metropolitan Railway Co. was permitted to divert its track from Farmham-avenue southward.

The Board's Scope. The whole scope and object of the Ontario Railway Act is, he stated, "to provide cheap, rapid and final solutions of the different railway problems arising between the companies and municipalities, and with this end in view, the legislature has given no right to appeal, in so far as matters involving the business or administrative judgment of the board are concerned."

PILES CURED at HOME by New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested.

ALTERNATIVE SCHEMES FOR PURE WATER SUPPLY

Ridge Lakes and Watersheds Have Attracted Considerable Attention But Artesian Wells Could Supply Splendid Domestic Water—North Toronto's Railway Development—Bedford Park Picnic—Boy Rescued at Mimico.

The question of securing an additional water supply for North Toronto, either independently or as an auxiliary to the present sources which supply the city, is of such urgency that no apology is made for suggesting two alternative schemes. Under scheme one, it is claimed that sufficient water could be readily obtained for a contingent population of 25,000 in North Toronto, and as to the water supply, it would probably elapse before that figure is reached, the surplus could easily be diverted to augment the city's supply.

The Ridge Lakes and Watersheds north of the height of land dividing Lake Ontario from Lake Simcoe have in the past been the subject of various attempts as a water supply source both for the city and as private enterprise with a view to forming a gravity system for various municipalities outside of the city limits.

The borings which were sunk in the Mimico district in the year 1887, for the purpose of tapping the water of the Ridge Lakes, were for the most part in the neighborhood of lot 6, con. 8, Township of Whitechurch. Several extend to the west of the concession, but they are located generally at a surface level of about an elevation of 900 feet above sea-level, or 655 feet above Lake Ontario, and 180 feet above Lake Simcoe.

Most of the borings are to an average depth of 65 feet, while few are only to an average depth of 35 feet. In every case, water abundantly flows from the boring orifices to, in some cases, a considerable height above the ground level. The greatest section of the Ridge Lakes is represented by 35 feet of impervious clay, on the surface, then one foot of sand and gravel, then 15 feet of impervious clay, and then a stratum of sand and gravel. Borings have been continued into the sand and gravel for a considerable distance, but the water depth has not been ascertained.

Both strata of sand and gravel are water-bearing, the shallow wells tap the top of the sand, and the deeper wells tap the low-lying layer.

Expert Opinion. These wells have been examined from time to time by geological and water experts.

R. S. Lea, consulting engineer of Montreal, reported in April 1888 that the pressure as it existed immediately after the wells were sunk shows no signs of any diminution. There is no doubt that the sinking of the wells at Mimico has relieved a portion of the original pressure immediately upon perforation, but a constant pressure upon the original outlet is always maintained equal to the height to which the water rises above the gravel bed.

If any municipality or others undertook to only take the surplus water which rises to the surface under pressure, it is improbable that any natural outlets would be affected to any practical extent. On the other hand, if it was proposed to pump the water from the enclosed basin at a greater rate than the natural flow, then, of course, the natural outlets would be affected to the extent of the height to which the water is allowed to remain intact, then all the water which is diverted artificially into the surface creeks will be redi-

"Fruit-a-lives" Cured Me

Mr. Geo. W. Barkley

CHESTERVILLE, Ont., Jan. 25th, 1911.—For over twenty years, I have been troubled with kidney disease and the doctors told me they could do me no good. They said my case was incurable and I would suffer all my life.

I doctored with different medical men and tried many advertised remedies, but there was none that suited my case. Nearly a year ago, I tried "Fruit-a-lives." I have been using them nearly all the time since, and am glad to say that I am cured. I have no trouble now with my kidneys and I give "Fruit-a-lives" the credit of doing what the doctors said was impossible. I am seventy-six years old and am in first-class health.

Geo. W. Barkley

For a box, six for \$2.50, trial size 50c. At all dealers or sent on receipt of price by Fruit-a-lives, Limited, Ottawa.

Board of Health

The board of health met on Thursday evening when the report of Dr. J. J. M. O'Connell was submitted. It showed a gratifying state of affairs, only three cases of infectious diseases having been reported during the past month, namely, two cases of scarlet fever and one of diphtheria. It was decided that the board's power of dealing with the alleged "belching cattle" nuisance was limited to seeing that the place was kept in a sanitary condition, and Dr. J. J. M. O'Connell will visit the locality.

North Toronto Firemen

The North Toronto Firemen's Voluntary Brigade have decided to run a ball match between Scarborough Junction and the Kennedy School, Toronto. The teams met at the Scarborough Junction and the Kennedy School, Toronto. The teams met at the Scarborough Junction and the Kennedy School, Toronto.

Bedford Park Picnic

Today (Saturday) the annual Bedford Park Citizens' Picnic will be held at "Knocknolea," the beautiful grounds of Mr. W. G. Ellis. From the details which have leaked out it promises to be a huge success, and Jackson's Point must look to its laurels. The Metropolitan cars run past the grounds at 2:30 p.m. and the committee arranged for the fun to commence at 3 p.m. and continue without cessation until 10 p.m. Athletic sports for adults and juveniles, musical selections by the North Toronto Citizens Band, refreshment booths and a buffet, all these and many more are included amongst the attractions. The Bedford Park C. C. are at home to Eatons in a C. and M. League match, and they are expected to swell the throng of visitors after the match. The proceeds are for a good cause, namely, the school piano fund, and fine weather only is needed to make this year's picnic a record one for Bedford Park and Toronto.

Woman's Realm--the Household, Fashions and Society

SOCIETY

The marriage took place yesterday in the Chapel Royal, St. James' Palace, of Lieut-Col. Sir George Holford, esquire to Queen Alexandra to Mrs. J. Graham Menzies, widow of John Graham Menzies and daughter of the late Mr. Arthur Wilson of Tranby Croft. Their Majesties the King and Queen, Queen Alexandra and H. R. H. the Princess Victoria attended the ceremony and signed the register. Canon Edward Sheppard, sub-Dean of the Chapel Royal, assisted by the Rev. H. L. Puxley, officiated. There were no bridesmaids, but Colonel Arthur Davidson of Queen Alexandra's household was best man. The bride was given away by her brother, Mr. Stanley Wilson, M.P. Among the guests were the Earl and Countess of Minto, the Countess of Londesborough, the Countess of Selkirk, the Earl and Countess of Chesterford, Count Albert Mendheim, the Marquis de Soveral, Miss Muriel Wilson and Lord Vivian. The gifts included several from members of the royal family. The King and Queen gave jewellery, Queen Alexandra a gold cigar case, her own design, with oval miniature of King Edward, herself and the late Duke of Clarence. Princess Victoria gave a gold and silver allegorical clock; the household of King Edward a gold and silver cigarette case engraved with the facsimile signature of every member of the household, and the officers of the First Life Guards, a silver statue of Edmund past and present.

The Daily Hint From Paris

Artistic Drapery.

Sir Edmund Walker has returned from Knowlton, P.Q.
 Mrs. B. B. Cronyn is at Preston Springs.
 Mr. and Mrs. John Northey, their children and Mrs. Wadsworth are going to Brackley Beach this week.
 Mr. and Mrs. Bryson Osborne and their son Donald spent the week-end at Stony Lake.
 Mr. C. M. Woodburn is visiting his mother in Montreal.
 The engagement is announced in Montreal of Hope Forsythe, daughter of the late Mr. W. W. Forsythe and Mrs. Wurtelle, and grand-daughter of the Hon. Judge Wurtelle, to Mr. Alfred Lorne McDougall, eldest son of Mr. and Mrs. Samuel McDougall.
 Mrs. Moore and her daughter, Miss Beatrice Moore, who have been visiting Mrs. Moore's sister, Miss Burnham, are returning to Brockville this week.
 Miss Lettich is visiting her cousin, Miss Myrick in Springfield, Ont.
 Mr. and Mrs. South are paying a visit to Mr. and Mrs. Alton in Eden, Ont.
 Mr. Paul Sheard has gone to Muskoka to join Mr. and Mrs. Bob Wilson's party at the Royal.
 Mr. H. E. Smallpiece of Dunn-avenue and Mr. Charles H. Robertson are the guests of Mr. and Mrs. John G. Marshall at Point au Baril, Georgian Bay.
 Mrs. Frank Mackelcan and Miss Agnes Dunlop are spending a few days at Niagara-on-the-Lake.
 Miss Vivian Spence of 189 Jameson-avenue has gone to Saratoga Springs, N.Y., to visit friends.
 Mrs. W. Marshall has returned to Hamilton after a visit to Mrs. Frank Mackelcan.
 A quiet wedding was solemnized at St. Paul's Church, Bloor-street, yesterday, when Miss Georgina Blackie, daughter of Mr. Robert Blackie of Port Dover, was married to Dr. Herbert L. Minthorn. Rev. Mr. Watkins performed the ceremony. There were no invited guests, but a few relatives and friends were present. The bride was attired in a travelling suit of cream serge, with Panama hat and wore American Beauty roses. Miss Mary Blackie, sister of the bride, acted as bridesmaid, dressed in Dresden chiffon over pink duchess satin, with white hat and carried pink rosette. The room was supported by Mr. A. Boubbee. Dr. and Mrs. Minthorn left on a trip to eastern points.
 Mrs. Edwards has returned to Niagara-on-the-Lake.
 Miss Marjorie Wallace is visiting Mrs. W. C. Crowther at Lake Rosseau.
 Miss Gladys Edwards was in town from Niagara-on-the-Lake to spend Thursday.
 Mr. and Mrs. Charlie Murray and Mr. Walt Nicholls have returned from a short motor trip thru the Adirondacks.

LONDON SUCCESS HERE NEXT WEEK

Miss Haswell Will Present "Green Stockings," One of the Most Laughable of English Comedies.

When Miss Margaret Anglin decided to abandon the heavier roles for comedy, she chose that delightful work of "Green Stockings," as her vehicle to make her audience laugh. Those who enjoyed the performance of the noted actress a little over a year ago will be pleased to learn that Miss Haswell has decided to present this same comedy piece at the Alexandra Theatre next week. A. E. W. Mason, joint author with George Fleming of "Green Stockings," is a well-known and brilliant English novelist, whose works have long been popular in this country. Mr. Mason is a member of the new British Parliament recently elected.

The Nursery

If only all babies could be brought up in the country! I never really realized what the country meant to babies until this year, but now I know. There is such a wonderful stretch of space, where the kiddies can run and play and get their little bodies and street cars, and not live in dread if they are out of sight for a moment. You haven't to think of automobiles and Saturday morning mischief. A noon nap gives the necessary rest, and at five-thirty little animals go to bed as soundly as I am glad that the regular summer resort doesn't care for babies, because I am very sure the babies do not care for it. If you are going to take your children away, do not torment them with crowds of people and fussy ways. Take them away to some little almost unpeopled village. Examine the water supply and general condition of the place and people, then if it suits you, let them stay just as long as you can afford to keep them there. Even a week of absolute freedom, fresh air and wholesome food will do more for you and your children than you can possibly believe till you try it.

Before you are in such a spot three days, you will forget everything about business or household cares and surprise yourself and the kiddies by being as young as they are, and just as anxious for a good time. If you don't think so, just give it a try.

Eliza Murray

Girlish Complexion Now Easily Acquired

"A skin of blended snow, cream and roses" is the way an Ohio correspondent describes her newly acquired complexion. She is one who has adopted mercerized steaming and other methods. Many who have tried this marvelous wax report that its effects are quite different from those of any other treatment. It produces a softness, rather than the harsh evidence of having been artificially "made over." One that is indeed "Nature's own," the result of gradually absorbing dead particles of surface skin, permitting the younger, healthier skin beneath to show itself and giving the pores a chance to breathe. Mercerized wax, procurable at any drug store in original one-ounce package, is put on at night like cold cream and washed off in the morning. I have also had many favorable letters from those who have tried the wrinkle-removing face bath which I recommended recently. If any have mislaid the formula, here it is: 1 oz. powdered egg-white, dissolved in 1/2 pt. witch-hazel, Julia Orr in The Clubwoman.

PLAYS COMING TO THE ROYAL

Latest New York Successes Have Been Secured, as Well as Many Toronto Favorites.

Manager Solman of the Alexandra Theatre has about completed his list of attractions for the coming season. Among the following will be found a number of the latest successes, which have not yet been seen in Toronto: Sam Bernard, in a new musical comedy; the New York Winter Garden Company in "The Whirl of Society"; "The Bird of Paradise"; star revivals of Gilbert and Sullivan's "The Mikado," "Patience," "Pirates of Penzance," and "Pinafore"; the new musical comedy, "A Modern Eve"; "Within the Law"; "The Merry Countess," a new Viennese comic opera; "The White and the Red"; "The Merry Widow"; "The Prince of Pilsen"; "Bunty Pulls the Strings"; Sothorn and Marlowe in repertoire; "The Million"; Robert Mantell in repertoire and others.

There are many very attractive designs in the modern article, those of the colored enamel being especially pleasing. The color is chosen to correspond with the shade of the gown with which it is worn. With the fashionable silk or satin suits of dark blue there are watch bracelets enameled in iridescent blue and greens, in mosaic patterns of dark blue, or in plain blue enamel. Another bracelet in dark blue had the watch face in blue enamel and the bracelet was set with sapphires, says an exchange.

Some of the more elaborate bracelets are made of platinum, set with diamonds and pearls; delicate and lacelike in appearance, these jewels are exceptionally beautiful.

An unusual but very artistic design

TEN MILLION DOLLAR STATION

Continued From Page 1.

set from the north line of Front-street so as to allow of spacious drive-ways. The architects are at present working on the building plans but as yet no definite style has been selected. A development of columns will be the probable choice. The structure will be three storeys in height, the centre portion rising about the rest. The main waiting-room will be in the centre portion and will be 200 feet in length and 100 feet wide. The exits from the station will all lead from the waiting-room, so that the finding of friends will be rendered a simple matter. The concourse immediately south of this room will be 200 by 80 feet, the size of that in the Union Station at Washington. To the west of this on the ground floor will be a large dining-room and lunch rooms for first-class passengers with a cuisine that will equal that of any hotel in the city. The space to the east will be devoted to baggage facilities.

On the second floor will be dining-rooms, lunch rooms, bathrooms, lavatories, etc., for the exclusive use of second-class passengers and immigrant detention room.

A New Feature.
The third floor will probably be given over largely to postal facilities, a feature absolutely new to Canada. Here letters to and from the trains will be handled instead of at the up-town office and a material saving in time and cost will be effected. Here also will probably be court rooms for the board of railway commissioners similar to those in the central Grand Trunk station at Ottawa.

Easy For Passengers.

A passenger arriving at the Front-street entrance to the station will obtain his or her ticket in the main waiting-room on the street level. He will then pass thru the waiting-room in a direct line to the concourse which he will cross on a slight incline and enter the passenger subway. This subway will be 40 feet wide, decorated with enameled tile and brilliantly lighted. In the meantime his valises have been taken to the baggage-room and he will obtain a check for them as presenting himself at the wicket, having no further trouble until his destination is reached. From the subway access can be had to the platform for any train by rising twelve feet on stairs. The train shed consists of ten thru passenger tracks, six passenger platforms 18 feet over all, and six baggage platforms 11 feet over all. Passenger and baggage traffic by this means will be kept entirely separate, avoiding confusion and delay. The roof of the shed will be low, with a channel up to the air directly over the centre of each track, thru which gas and smoke from the locomotives will pass so that the air inside will be pure at all times. There will be accommodation for 12-car trains on all tracks. The yard will accommodate 200 cars, as compared with the present accommodation of 170.

Direct to Street.

A passenger coming into Toronto enters the subway from any platform at which his train arrives, and upon reaching the concourse may turn to the right and receive his baggage at the wicket, or he may turn to the left and make an exit by the carriage concourse on the west end of York-street.

The Baggage-Room.

The baggage room, which is to have an area of 74,000 square feet—five times the present size—will be divided into two divisions for in and out bound baggage respectively; separate provision will be made for hand baggage in each; and the approach of baggage traffic from the city kept entirely apart from passenger traffic. There will also be provision for bonded baggage both for the Canadian and United States customs and adequate access will be made for the passenger to examine and identify the same. All baggage will be trucked to and from the trains on a platform specially provided for this purpose and none will be handled or trucked on passenger platforms, another feature unique in Canada. The trucks will be electrically operated and will have a speed of six miles an hour and an individual capacity of two tons. The floor of the baggage room will be on a level with the bottom of the city delivery wagons so that loading them will be an easy task.

On the York-street side of the new station and beyond the present buildings will be the Grand Trunk Express shed and on the Bay-street side the C. P. R. shed. Nothing has been decided about the fate of the present station but it is probable that it will be re-modelled for office purposes. The exact character of the express facilities is also undecided but that they will be entirely adequate and up-to-date is assured. There will be offices for all telegraph companies, telephone booths, news stands and all the usual conveniences in connection with a perfectly equipped station.

Thirty Elevators.

There will be between 20 and 31 electrically operated elevators in the various buildings, which will be automatic and "fool proof." A person desiring to rise to given floor can only open the door for that floor, all others being securely locked while the elevator is in operation. These elevators will be distributed as follows: Four in the postal station so arranged as to handle the trucks direct from the street; four passenger elevators in the station proper; five baggage elevators; five for the Dominion Express; five for the Canadian Express and three or four in each express building. A service building separate from the main station will provide power for the elevators as well as electricity for light, heat, ventilation, etc. Still another feature never before seen in Canada will be a continuous drinking system of fresh flowing, iced and distilled water that will extend to all parts of the station. Usually a length of pipe connects the tap with the main service and all the water in this pipe stands, thus speedily becoming dead and stale. By the new system every tap is attached direct to the main service thru which the water is continuously coursing.

It has been possible in this account to give only a meagre impression of the appearance and equipment of the Toronto Union Station as projected by the engineers of the Grand Trunk Railway, but it will, perhaps, serve to show that it will be an institution in every way worthy of so important a city and of so great a company, and one that is likely to meet all requirements for some considerable time to come.

FREE PANTS TO-DAY

LARGEST TAILORING SALE OF SEASON
A PAIR OF TROUSERS FREE
WITH EVERY ORDER FOR A SUIT OR OVERCOAT

To-day we are going to have THE BIGGEST FREE PANT SALE EVER ATTEMPTED BY US. We have been holding back until our new workroom buildings were completed, and the fact that the shipments are coming in daily finds us almost swamped with cloth—positively the finest lines of Scotch Weaves imported direct from the Mills.

A FREE PANT SALE WITH US MEANS that you have the absolute choice of any material in the house. You may have the trousers made from the same material as the suit, or choose some other pattern. We guarantee the fit and the finish as being the same as you will find in a Thirty Dollar suit, and you pay but fifteen dollars for the whole outfit.

The reason that we believe this FREE PANT SALE is going to prove the best and largest sale, and therefore the biggest bargain sale in our history, is because WE HAVE POSITIVELY EXCLUSIVE LINES OF IMPORTED GOODS JUST ARRIVED FROM THE MILLS, AND WE HAVE A CROWD OF ARTIST TAILORS WAITING TO TURN THAT CLOTH INTO SUITS AND TROUSERS.

This is the new building opposite Shea's Theatre on Richmond Street—it is the best appointed and equipped affair of its kind on the American Continent. In our BIG FREE PANT SALE TO-DAY we are going to make an overtime record for all our help in this new workshop building.

THERE ARE A THOUSAND DIFFERENT PATTERNS FROM WHICH TO CHOOSE, AND YOU MAY HAVE YOUR SUIT MADE TO YOUR MEASURE IN ANY DESIGN YOU MAY DESIRE. Every person employed in our extensive works is an artist in his or her particular line of tailoring.

Every inch of material sold by the Scotland Woolen Mills comes first to the store rooms in Toronto, and is distributed from there. Believe us, it would take a moving picture machine with a flash light equipment to get a record of the continuous arrival of shipments at headquarters. Not single suit lengths, nor single webs, nor yet case lots, but carloads of one line of selected weaves.

FREE-PANTS-TO-DAY

THE STORE WILL OPEN AT 7 A.M. TO-DAY—COME EARLY AND GET THE FIRST CHOICE OF THE FINEST IMPORTED WOOLENS EVER SHOWN HERE.

Bicyclist Injured.
Charles Green, 4 Metcalfe-street, of the firm of C. Green & Co., electrical engineers, was knocked off the bicycle he was riding when he collided with a motor car at the corner of Albert and Yonge-streets at 11 o'clock yesterday morning. He was taken to St. Michael's Hospital in a police ambulance. He received a severe scalp wound and several bad bruises.

Deplores Suffragette Violence.
LONDON: July 19.—(Can. Press.)—Mrs. Henry Fawcett, on behalf of the executive of the National Union of Women's Suffrage Societies, which consists of more than two hundred societies in Great Britain, whose sole object is to obtain the parliamentary franchise for women, to-day issued a protest against the militant tactics of the women's social and political union, of which Mrs. Pankhurst is the founder.

RHEUMATISM

Back Pains, Sciatica, Lumbago, Kidney Pains, Nervousness, General Weakness

My Electric Belt cures these troubles. It has cured thousands of cases in the past few years. It is curing scores every day. My mail is full of letters of gratitude from cured patients. Have you Rheumatism or any pain or weakness? If so, lay aside those drugs and plasters which long experience tells you will never cure, and enjoy the warm, glowing vitality from my

DR. McLAUGHLIN'S ELECTRIC BELT

It will not fail; it cannot fail; for it pours life into the blood, loosens up the stiff joints, limbers the muscles, and gives snap and vim to all organs. Pain cannot exist where my Belt is worn. If you are in pain it will relieve you in three hours.

COMpletely CURED OF RHEUMATISM.
Clifford, Ont.
Dear Sir:—I am pleased to state that the Electric Belt I purchased from you some time ago has completely cured my Rheumatism, and can cheerfully recommend it to anyone suffering from that complaint. I would not part with my Belt for anything. I could not get another like it. Wishing you every success, I remain, Yours truly,
ROBERT WIGHTMAN.

RHEUMATISM, WEAK BACK AND KIDNEYS—NERVOUSNESS.
Dear Sir:—I am very well satisfied with the results from your Belt, and am glad to recommend it. I use it for kidney weakness, Rheumatism and nervousness. I am very glad to recommend it to my friends. With many thanks, I am Yours truly,
A. J. A. BONSBERG.

21 Aberdeen Bldg., Whimpsey, Man., Aug. 21, 1910.
Dear Sir:—I cannot say too much for your Belt. I consider it completely cured me of Rheumatism, and I need not say how much I am suffering from weak back or kidney disease. Fondly yours my self for one month.
Let me treat your case in my own way. Let me apply a steady current of Galvanic Electricity to your weakened system with my Dr. McLaughlin's Electric Belt. Wear this apparatus, night after night, for a few weeks, and it will drive out all those pains and aches; it will restore energy and equilibrium to your nervous system; it will all your body with fresh strength and energy; it will give you back the powers of manhood and make you a Man among Men. The Dr. McLaughlin's Electric Belt is a cure for all kinds of Breakdown in Men and Women. The Vitality of the body lies in the Nerve Cells. My Electric Belt will give you back this power and enable you to

RED CURRANTS NOT IN DEMAND

Large Supply on the Market, With Few Sales—Potatoes Are Dearer and Will Go Higher.

Red currants have come to the Toronto fruit market in such quantities lately that there is now no sale for the supply on hand. Dealers say that there is not so large a demand for the currants this year as there has been previously, and it may be that red currant pie is losing its popularity. At any rate the firms handling berries are finding it hard to dispose of the shipments, and some of the baskets are quoted as cheap as 40 cents.

California plums are scarce just now, but the season is by no means over. The cases on sale yesterday brought \$2.25. Red Astrachan apples from the States bring \$1 to \$1.25 the bushel. While yellow harvest apples, also imported, are quoted at \$1.25 to \$1.50. Cherries, both sweet and sour, were down in price.

Potatoes went up ten cents on the bushel, and will sell at a higher price today. The Red Star brand will sell at \$3.75 the barrel. The onions on the market are shipped from Virginia, and are quoted at \$1.25 the bushel hamper.

Yesterday's fruit quotations are as follows: Strawberries (very few), 30c to 11c box; raspberries, 50c to 75c box; gooseberries, 50c to 75c basket; red currants, 40c to 75c basket; blueberries, \$1.25 to \$1.50 a basket; cucumbers, \$1.25 a basket; tomatoes, \$1.50 a case; cantaloupes, \$3 to \$5.50 a case; American apples, \$1 to \$1.50 a bushel; Peaches, \$1.75 a case; \$2.75 a bushel; egg-plants, \$1.50 the basket; beet, 40c a basket; carrots, 40c a basket; white turnips, 50c a basket; marrows, 50c to 60c a basket.

Ward Seven

Keele-st., Perth-ave, and Carlton fire stations sent detachments about 6 o'clock last night to a blaze in a stable belonging to John C. Gilchrist, Earnest and Perth-aves. The fire was apparently started by defective wiring, and considerable damage was done to the roof of the building and to the contents. The one horse in the stable was rescued, and the damage will amount to about \$200, all of which is covered by insurance.

While at work at his pinch die in the Dominion Belt and Sewing Company's factory yesterday afternoon, William Murphy of 269 Maria-st., met with a painful accident. By some means his fingers became caught in the punch and the first two fingers of his right hand were badly mangled. He was taken in Speer's ambulance to Dr. J. Thompson's surgery, Dundas-st., where the fingers were amputated and a severe shock was given to the patient. He was then removed to his home. Murphy was a new workman and had just arrived yesterday morning for the first time.

The death occurred yesterday of Peter, the year-old son of Mr. and Mrs. Wright, Mission design, in elegant condition, having been used a few months only, at the special price of \$255. Easy terms of payment will be arranged with purchaser.

Bargains in Upright Pianos.
The old firm of Heintzman & Co., Ltd., 193-195-197, Yonge-street, have a number of slightly used Upright pianos that they are offering this week at very special prices. These include a Heintzman & Co. Upright Cabinet Grand, practically good as new, regularly sold at \$450, for \$255, and a Weber Upright Mission design, in elegant condition, having been used a few months only, at the special price of \$255. Easy terms of payment will be arranged with purchaser.

POLICE MAGISTRATE.
George D. Laurie of St. Mary's has been appointed magistrate.

Eight Years of Bad Eczema on Hands

Cured by Cuticura Soap and Ointment
Miss Mary A. Bentley, 93 University St., Montreal, writes, in a recent letter: "Some nine years ago I noticed small red spots breaking out on the back of my hands. They became very irritating and gradually became worse, so that I could not sleep at night. I consulted a physician who treated me a long time, but I could not get any relief. I put my hands in water, was treated at the hospital, and it was just the same. I was told that it was a bad case of eczema."
"Well, I just kept on using everything that I could for nearly eight years until I was advised to use Cuticura Ointment. I did so, and I found after a few applications the burning sensations were disappearing. I could sleep well, and did not have any itching during the night. I began after a while to use Cuticura Soap for nearly six months, and I am glad to say that I have hands as clear as mine. It is my wish that you publish my letter to all the world, and if anyone doubts it, let them write me."
Cuticura Soap and Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with 25¢ worth of Cuticura Soap, write to the Cuticura Co., 55 Columbus Ave., Boston, U. S. A.

Many Lives Were Imperiled Thru Plot of Suffragettes

Four Women Charged With Attempt to Fire Theatre and Throwing a Hatchet at Premier Asquith—Gunpowder and Inflammable Articles Found—Mrs. Leigh Notorious Disturber.

DUBLIN, July 19.—(Can. Press.)—Mary Leigh, Gladys Evans, Lizzie Baker and Mary Coffey appeared in the police court here to-day on the charge of throwing a hatchet at Prime Minister Asquith, of attempting to set fire to a theatre, and of having in their possession inflammables for illegal purposes. All the accused were committed for trial.

A year later Mrs. Leigh was again sentenced to two months' hard labor at Birmingham, and on being released, brought suit for damages against the government for forcible feeding while in prison. The woman is described by the police as "the most troublesome suffragette" they had to deal with.

The police testified that a canister which apparently contained gunpowder, had been exploded in the theatre. They had found on Gladys Evans a bag of gunpowder, a portion of the theatre carpet saturated with petrol, and a basket full of lighters. Three bottles of benzine and a tin of gunpowder had also been discovered by the police authorities, and their testimony brought out the fact that Mary Thompson had been in the theatre at the time of the explosion.

Until Chinese are forbidden to intermarry with Canadian girls cases such as appeared in Toronto police court yesterday morning are quite likely to be alied often. Lucy Tink, wife of Moy Tink, a young Chinese, was brought before the magistrate on a charge preferred by her husband. They have been married two and a half years. Tink said that his wife cut up his own clothes and those of customers, she counterfeited him with forging her into white slavery; that she had paid him fully \$500 already. She also charged him with causing her to contract a disease which she said was leprosy. She was dispensed. No action was taken by the authorities relative to her charges.

As far back as July, 1908, she was arrested for breaking windows in a suffragette demonstration in London. At that time, on being sentenced to two months' imprisonment at hard labor, she told the court that "the next time we come out you can expect bombs."

CHINAMAN ACCUSED WIFE
While Woman Made Counter Charges and All Were Dismissed.

TO STRENGTHEN WEAK NERVES

The Blood Supply Must Be Made Rich, Red and Pure.

When you build up the blood you strengthen the nerves, because the nerves get their food through the blood. You cannot reach the nerves with medicine except through the blood—this is a great medical truth few people realize. Nervous people are pale people. They are nervous because they are pale. The blood is so thin and watery that it cannot nourish the nerves. Starved nerves mean neuralgia, paralysis, nervous prostration, etc.

EDUCATIONAL EDUCATIONAL

ONTARIO LADIES COLLEGE

WHITBY, ONTARIO

Offers the highest educational facilities and the most charming home life under healthful and inspiring surroundings. Seven resident University Graduates give instruction in the Literary Department. The Departments of Music, Fine Art, Eloquence, Commercial and Household Science are equally far in advance in staff and equipment of those found in the ordinary Ladies' College. Proximity to Toronto gives City advantages without the distractions incident to city residence. Buildings and grounds, new gymnasium, swimming pool, etc., unequalled by any Ladies' School in this country. All physical exercises in the gymnasium directed by an expert Lady Physicist. Send for Calendar during July to Prof. W. J. Greenwood, B.A., Mitchell, Ont., and during Aug. to Dr. J. J. Hare, Whitby, Ont.

Mining Markets Show Irregular Tone--Hollinger Up Again

UPTURN IN HOLLINGER IS CARRIED FURTHER

Porcupine Leader Reaches Thirteen Dolla. Mark Under Strong Demand. Dome Extension and Vipond Drop to Lower Prices.

Friday Evening, July 19. The market for mining stocks has been irregular during the week. The porcupine leader, Hollinger, has advanced to thirteen dollars, a gain of one dollar since the previous close. This advance is due to a strong demand for the stock, which is being held by a large number of investors. The market for other mining stocks has been more volatile, with some showing gains and others showing losses. The price of silver has also been a factor in the market's movement.

SUBSCRIPTION BOOKS OPENED ON JULY 15TH, AND WILL POSITIVELY CLOSE NOT LATER THAN JULY 31ST. THE COMPANY RESERVING THE RIGHT TO WITHDRAW THE SALE WITHOUT NOTICE. SUBSCRIPTIONS WILL BE ALLOTTED IN THE ORDER RECEIVED.

Nothing Succeeds Like Success
Although it is only three days since our subscription books opened, the demand for stock in the CANADA MOVING PICTURES, LIMITED, has exceeded our expectations, and to date over 75 per cent. of the total issue has been taken up.
Every mail brings in orders, and we anticipate the entire offering will be subscribed for within the next few days. We would, therefore, suggest to those WHO DESIRE ONE OF THE MOST LUCRATIVE INVESTMENTS EVER OFFERED to the public, one that promises to pay monthly dividends of at least 10 per cent., to write or phone us without delay.
The Canada Moving Pictures, Limited, already own the Comique, situated on Yonge Street, in the busy shopping section, which during the past year shows a net profit of close to \$300 per month. The directors wish it distinctly understood that none of these options will be exercised unless each WINNERS ON OUR CIRCUIT OF PLAYHOUSES.

Earnings
With only six playhouses in operation, and basing the net profits at a conservative estimate of \$450 each, totaling \$2700 per month, would mean a distribution on the issued stock on the 10th of each month of 6 1/2 per cent., or 75 per cent. per annum. These figures are based on the average yearly earnings of the present summer, and it must not be lost sight of the present summer is proving this new sphere of the amusement world is growing in popularity with marvelous strides. No individual enterprise in this city can show the big profits now being reaped by the Moving Picture theatres.

Are You Receiving Any Financial Benefit? If Not, Here is Your Opportunity.
We invite the closest inspection of this proposition, and will gladly mail prospectus containing full particulars. Again we sound the warning, unless you send us your orders for stock in the Canada Moving Pictures, Limited, without further delay, it will mean GOLDEN OPPORTUNITY per- Opportunity knocks at each man's door at least once in a lifetime. Here it is, and our candid advice is, take advantage at once to the limit of your finances. The stock is selling fast, and only a limited amount remains.

COBALT BULLION.
COBALT, July 19.—The Dominion Refining Company operators of the Nova Scotia mine sent out Friday 14 bars of silver bullion, the product of the Crown Reserve property. The consignment contained 23,000 ounces, worth \$14,230.80. This is the first consignment under the new management.
The Nipissing has made two extra shipments of the weekly report of Monday was issued, as follows: \$200,000 ounces, worth \$57,344.00. This adds materially to the report on the week's shipment.

NITRATE KINGS EXTEND THEIR APPROVAL TO OIL
Big Industry in Chili Will Consume Enormous Quantities of Petroleum.
SAN FRANCISCO, July 19.—The local records at the custom house indicate that the Union Oil Company is making very encouraging shipments to Antofagasta, Chili, one of the leading ports of that country. The company is demonstrating to the nitrate kings there that they could materially increase their profits by using oil instead of coal. Practical tests were made on a small scale and the result was so promising that larger oil machinery was installed. Two months ago the leading nitrate firms acknowledged that oil was king of the fuel world, and since then they have been busy ordering oil burners.

COBALT DIVIDENDS FOR SIX MONTHS
Dividends paid by the Cobalt mines for the first six months of the year show a total of \$275,000 in comparison with the first six months of the previous year, and, as the gains are, to all intents, permanent, the report is a very attractive one. The advance in the price of the stock has also been a factor in the increase in the dividends. The previous dividend was at the rate of six per cent, the bonus having been dropped. The record since incorporation follows:

BACK TO COBALT FOR QUICK RETURNS
I have the best developed property in the heart of Cobalt Camp, surrounded by shippers, veins showing native silver on surface.
This property can be purchased at a low figure if acted upon at once.
Principals only.

DIAMOND DRILLING TO DEPTH OF 1000 FEET
One hole has been put down so far on the Moneta property with a diamond drill to the depth of 1000 feet, on a slanting course. The last 100 feet of the hole was drilled with a diamond drill, but no definite results were obtained. Another hole will be put down to the south of the one just completed to verify the results obtained. The boring is being done to the south of the system of veins that cross from the Hollinger to the west onto the Moneta.

NICKEL INDUSTRY ON T. & N. O. LINE
Further shipments are to be made by the management of the Nickel Mines at Kelson and beginning the first of the week a carload a week of nickel ore will be sent to the smelter at Copper Cliff. The first shipment was made in May when a carload was sent out, the second going in June. Now the management are in a position to ship every week during the balance of the summer.
Work has been stopped in both shafts till heavy machinery is put in. The ore to be taken out now, the revenue to be used in the purchase of necessary working machinery, is to come from the surface. The nickel industry around Kelson is becoming quite extensive and several syndicates are probing on lots surrounding the Alexo property in search of the metal.

\$3.50 RECIPE FREE FOR WEAK MEN
Send Name and Address To-day— You Can Have it Free and Be Strong and Vigorous.
I have in my possession a prescription for nervous debility, lack of vigor, weakness, memory and sense, brought on by excess, natural decline, or the follies of youth, that has cured so many weak and nervous men in their own homes without any additional help or medicine that I think every man who wishes to regain his manly power and vitality, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain ordinary sealed envelope, to any man who will write me for it.
This prescription comes from a physician who has made a special study of the management of the nervous system, and I am convinced it is the surest, most effective combination for the cure of debility, weakness and vigor failure ever put together.
I think I owe it to my fellow men to send them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated failures may stop dragging himself with harmful and expensive medicines, secure what I believe the quickest acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quickly. Just drop me a line to: Dr. A. M. Robinson, 222 Lake Building, Detroit, Mich., and I will send you a copy of this wonderful recipe in a plain ordinary sealed envelope free of charge. A great many doctors would charge \$2.00 to \$3.00 to merely write out a prescription like this—but I send it entirely free.

LINE TO ELK LAKE READY DEC. 1
Within eight weeks' time the entire roadbed from Earlington to Elk City, the T. & N. O. branch into the silver district, will be completed, and the laying out of the line by the commission has already started by Earlington. The large Y is being built at this point to accommodate all trains on the line. About a mile of stock has been laid and by Dec. 1 the entire route will be tied up with rails.
Tretthewey shareholders have voted to retain in the treasury the 1,000,000 shares of stock which were added to the capital caused some dispute. The shareholders were given until July 1 to vote on the question of cancelling the stock. They voted to retain it, and it will remain in the treasury as an asset to be available in case the difficulty with a mining bargain which they wish to acquire.

FOR WOMEN—DUST COATS.

Of interest as an economy for women who are planning for travels or motoring, a range of coats suitable for driving, motoring, or for street wear; made of imported Sicilian in black, grey, or grey with hairline stripe; also of gloria in different shades of blue, rayon, or set-in sleeves with or without belts. Prices \$8.50 to \$13.50.

CREAM SERGE SKIRTS.

A collection of handsome skirts suitable for all occasions, made in the newest styles, some in a plain six-gored style with open front and fastens with pearl buttons. Still others are cut with the new one-sided effect and ornamented with buttons. Prices, \$6.00 to \$7.50

Draperies and Slip Covers Made Without Charge

FOR THREE DAYS ONLY, JULY 22, 23, AND 24.

In order to provide work for our entire factory staff during what would otherwise be a comparatively quiet season, we offer a remarkable inducement during the next three days.

All 50-inch Chintzes, Taffetas, Shadow Cloths, Repps, Damasks, Tapestries, Silks, and Linens, if made up for draperies, curtains, portieres, or loose covers, will be completed without charge for workmanship, except in cases where fine applique work is required, when a small additional charge will be made.

Order your Fall Curtains, etc., now, and save the cost of making. This offer applies to 50-inch materials only.

A deposit of 50 per cent. of the total amount required when order is placed.

Hanging charged at a nominal rate.
