PEACE UNCONDITIONAL SURRENDER BY ALLIES NOW A PROBABILITY

OFFICES FOR RENT RYRIE BUILDING COR. YONGE & SHUTTER STREETS. Good light; elevator and janitor service; moderate rentals. Immediate possession. Apply H. H. WILLIAMS & CO., 38 King Street East, Main 5450.

REVOLUTION IS THREATENED IF SEPARATE PEACE IS REFUSED

Resolution Favoring Independence of Hungary, Formation of Coalition Ministry, Separate Peace and Dissolution of Alliance With Germany, is Introduced With Threats.

Amsterdam, Oct. 24.—The speedy unconditional surrender of the Austro-Hungarian monarchy is probable, according to a Vienna despatch to The Frankfurt Gazette.

Advices received from Budapest say that in the underhanded Wednesday Count Karolyi, in moving a resolution in favor of the independence of Hungary, demanded the resignation of the Wekerle cabinet and the formation of a coalition ministry. The resolution also called for the conclusion of a separate peace, dissolution of the alliance with Germany, acknowledgment of the independence of the South Slavonians and the proclamation of a Hungarian king to reside in Budapest. Count Karolyi declared if the demands were resisted he himself would take means to secure their realization.

Amid great excitement Dr. Wekerle, the premier, warmly replied that he would oppose by every means Count Karolyi's threats of a revolution, and

added that there could be no talk of a separate peace.

Dr. Wekerle asked the house to reject Count Karolyi's resolution on the ground that the government would shortly introduce a bill dealing with the matter.

He added that Hungary could not conclude a peace separate from Germany and declared that the Germans were helping on the Hungarian front. "Where are they fighting?" came cries from all sides of the chamber. "At all points," Dr. Wekerle replied, "where they are protecting the integrity of our frontiers. The government is endeavoring to bring home and Hungarian regiments already has taken measures to that end. The government is unable to recognize the belligerency of the Czechoslovaks but regarding a south Slav state it does not object to a union of Croatia, Bosnia and Dalmatia. These states, however, cannot separate themselves from the crown of St. Stephen."

LIEBKNECHT RELEASED

Former Socialist Member of German Reichstag is Out of Prison.

Amsterdam, Oct. 24.—Friedrich Ebert, the Socialist leader in the German Reichstag, informed the reichstag today that Dr. Karl Liebknecht, former Socialist member of the reichstag, had been released from prison, where he was serving a sentence for attempted treason.

FRENCH FLY 40 MILES BEHIND GERMAN LINES

Several Hundred Photographs Secured and Half a Dozen Towns Bombed.

Paris, Oct. 24.—The official statement on aviation says: "On Oct. 23, observation planes, in the course of numerous reconnaissances, proceeded more than 70 kilometres (about 43 1/2 miles) inside the enemy lines. They brought back several hundred photographs. Two captive balloons were burned, and 12 enemy machines were brought down or put out of action. The greater part of these successes were obtained in the region of the Aisne, where the vigilance of our pursuit machines was particularly exercised.

"During the night our bombing machines dropped 14,500 kilos of projectiles on the railway stations at Mont Cornet, Marie, Verminy and Wassigny, with particular attention to Provins, on which more than seven tons of explosives were dropped, causing several fires."

C.P.R. STEAMER ASHORE ON WAY FROM SKAGWAY

Had Big Passenger List, But No Loss of Life is Anticipated.

Victoria B.C., Oct. 24.—On her way from Skagway with 500 passengers, the C.P.R. steamer Princess Sophia, at 3 o'clock this morning, drove hard ashore on Vanderbilt Reef, Lynn Canal, in a heavy fog. Further details were contained in the wireless message notifying the C.P.R. of the accident. The vessel sailed from Skagway last night, having one of the largest passenger lists she has carried this year. Many of the people who secured passage on the vessel from interior points in Alaska, having reached White Horse on the last river steamer to arrive.

Vanderbilt Reef is two miles from Sentinel Island, where several years ago the steamer Princess May came to grief. The waters of Lynn Canal are well protected, and no loss of life is feared.

FRENCH ENTER NEGOTIATION; SERBS CAPTURE HILLS

Paris, Oct. 24.—The official communication dealing with operations in the eastern theatre says: "On Oct. 23 French troops continued their advance to the north and entered Negotin. Further west Serbian troops broke the enemy resistance on the line of Rajhant-Statatz. They occupied Oct. 22 the massif of Mecka and the Village of Cioevak, capturing 300 prisoners and important material. The enemy retreated along the whole front."

BELGIAN REPORT. No Event of Importance Except Progress by French.

Brussels, Oct. 24.—The official communication from Belgian headquarters tonight says: "There was no event of importance to report on the operations of the armies in Flanders, except that the French troops increased their advance east of the Lys and reached the Deynze-Courtal road between Pevring and Onense and progressed north of Vichte."

DR. JESSOP IS DEAD. Member of Legislature Passes Away at His St. Catharines Home.

Following a short illness from influenza, Dr. E. Jessop, M.L.A. for Lincoln, died yesterday at St. Catharines. He was 75 years old, and had represented his county in the legislature for 20 years as a Conservative.

ARE BITING DEEP INTO FOE'S LINES

Sanguinary Battles Raging in Several of the Most Important Sectors.

ENVELOPING TACTICS Valenciennes Will Soon Be Pinched Out by Turning Movements.

New York, Oct. 24.—The Associated Press tonight issued the following: On several of the most important sectors in France—from the region of Valenciennes to the east of Le Cateau; north of Laon between the Oise and the Serre rivers, and on the front from the Meuse River to the vicinity of Grand Pre—battles of sanguinary character are being fought. In these the British, French and American troops everywhere are making progress against the stubbornly resisting Germans.

The Belgians, the allied forces, owing to the rapid retreat of the enemy and the flooded condition of the lowlands, have not yet been able to come into full fighting contact with the Germans, but doubtless a few days more will see them again hard at their quarry and driving him farther towards his own frontier.

South of Valenciennes the British third and fourth armies, with the Americans as co-operating, have continued successfully to press onward with the Meuse and the Argonne. Valenciennes is gradually being enveloped and soon is destined to be pinched out of the fighting line by turning movements from the north and south in the manner generally adopted in the present day tactics, when it is more desirable to envelop a strong position than to waste life and limb in reaching the objective by a frontal attack.

The Germans in this region continue to use numerous machine guns to retard the advance of Field Marshal Haig's men, and the artillery of both sides is violently active. British aviators are making attacks on the enemy, dropping bombs behind the line or flying close and cutting troop formations to pieces.

South of the Oise River the French are making a drive against the enemy with the intention of clearing out the entire triangle between Plavigny and the village of Tervon, with their efforts to regain lost territory and have gained the principal railway junction and the American front.

ENEMY RESISTANCE OVERCOME ALONG WHOLE BRITISH FRONT

Death Warrants Not Signed

No German Commander Willing to Take Responsibility for Ordering Executions in Belgium.

With the British Army in Belgium, Oct. 24.—An inspection of numerous German posters in Belgium discloses that wherever the death penalty for offences by civilians was exacted, no signature was attached. It is, therefore, concluded that no German commander was willing to take an individual responsibility for such orders, possibly fearing consequences in the future.

Advance is Being Continued Between the Sambre Canal and the Scheldt-- 7000 Prisoners Taken.

London, Oct. 24.—The British troops have overcome the enemy along the whole front between the Sambre Canal and the Scheldt, and their advance is being continued. Field Marshal Haig reports from headquarters tonight.

Since yesterday morning the British have taken 7000 prisoners and more than 100 guns. The text of the statement reads: "This morning our battlefront was extended northwards as far as the Scheldt at Thiant. On the whole battlefront between the Sambre Canal and the Scheldt, the enemy resistance was overcome and our advance continued. There was hard fighting at a number of points.

"On the right the sixth division fought its way to the edge of the Bois l'Evèque and captured Ors. North of this point we are approaching the western outskirts of the Mormal Forest and have captured Robertart.

"On the left our attack on the neighborhood of Le Quesnoy." "In the latter village the enemy is maintaining obstinate resistance.

"On the left of our attack also Scottish troops forced crossings of the Escaillon, between Valenciennes and Thiant and gained the high ground to the east.

"Villages Taken. "We have taken the Villages of Poix du Nord and Les Tuilleries and progressed beyond them toward Englefontaine. The Villages of Englefontaine was taken after a sharp struggle, the enemy defending with determination the crossings of the Escaillon in that vicinity.

"Northwest of Ghiesbries we have secured the river crossings at Beau-dunies, which is in our hands. Here vigorous resistance was overcome by the New Zealanders, who in this locality captured a number of batteries, including guns of heavy calibre.

"On the left of our centre the English captured Ruennes and are a short distance from the Lesquesnoy-Valenciennes railway station. There is heavy fighting on the high ground north of Bermerian Village, which we hold, and in the neighborhood of Valenciennes-sur-Ecaillon.

"After clearing the enemy from the east bank of the river, we advanced to the western outskirts of Malmé in the face of heavy machine gun fire. In this sector the hostile resistance was particularly stubborn.

"Severe casualties were inflicted on the enemy in the course of these operations. Since yesterday morning we have captured more than 7000 prisoners and more than 100 guns.

"We have reached the general line of the Sambre-Oise Canal, east of Le Cateau, west of the village of the Fort de Mormal, in the neighborhood of Valenciennes-sur-Ecaillon and the Scheldt on Wednesday morning and escaped by stealing a motor car from H. S. Fergus in High Park, got as far as Midhurst, Ont., 12 miles north of Camp Borden.

He then abandoned the car and bought a ticket for North Bay and left on the 11 p.m. train Wednesday night for the north.

These facts came to light yesterday when a telegram was received from Wm. Boyce, chief of police of Midhurst, 73 miles from Toronto, stating that the robber had arrived there at 10.30 p.m. Wednesday, presumably after an all-day drive, and asked a small boy to mind the car. Chief Boyce, who arrived on the scene a little later, noticed the travel-stained appearance of the car, and found that the number of the car coincided with the one stolen from Mr. Fergus. He questioned the boy, who told him that the man had hurried off in the direction of the railway station.

Enquiries at the station elicited the fact that a man tallying to the description given by the boy had bought a ticket for North Bay.

Detachments of the Toronto police are still scouring the High Park district, where they are convinced the robber hid the car. \$12,000 of his booty, but thus far no more of the missing money has been discovered.

PRINCE MAX HAS "FLU."

Copenhagen, Oct. 24.—Prince Maximilian, German ambassador here, received here today.

WORD OF NEW GOVERNMENT INSPIRED CZECHO-SLOVAKS

Fired by Announcement of Constitution They Dashed Thru Mud and Water and Captured Difficult Position.

With the French Army in France, Oct. 24.—Oct. 21, the newest of festive days, will in years to come be celebrated, not only in central Europe as the anniversary of the birth in exile of the Czechoslovak Republic, but also at Tervon-car, Aisne, in France, as the date of the first victory of the Czechoslovak army. Units of this latest arrival among the belligerents in this war, fighting with Gen. Gouraud in the region of Valenciennes, received news of the constitution of the Czechoslovak Government at noon on Oct. 21. Immediately afterward they went forward to assault one of the most difficult positions along the Aisne and took the Village of Tervon at the point of the bayonet.

These troops had been in line for six days in a particularly trying sector, drenched by continual rains, wading in mud and wading thru the flooded region along the river. In front of them the Germans were strongly entrenched and fortified in a dense house-to-house fighting. The usual heavy armament of machine guns.

A wild burst of enthusiasm greeted the announcement by the colonel in command of the formation of the Czechoslovak Government, after which the men listened in impressive silence to the colonel's exhortations: "Your colonel counts upon every man to do his utmost to salute the constitution of the government by a victory," he said. "The Czechoslovak nation has its eyes upon you. Be of stout heart, and forward, march."

Fifteen minutes only of artillery preparation preceded the rush thru mud and water to the German lines. Led by Major Nusak, commanding the battalion in the first line, the men left their trenches at 3 o'clock to cross the marshy zone swept by the fire from nests of machine guns, the emplacements of which could only be guessed.

The line became thinner and thinner as it went on, but the stragglers, inspired by the example of Captains Siblik and Vlaskak and Lieuts. Piva and Zadic, continued on to the first houses, in the village without faltering. An hour later the entire position was in their hands.

The village had been conquered in a fierce house-to-house hand-to-hand fight, in the course of which the German gunners, who stuck desperately to their posts, were bayoneted on their guns. The survivors of the garrison were in small proportion to the dead that lay on the ground.

TERMS FOR ARMISTICE TO MATCH GERMANY'S

London, Oct. 24.—Speaking at Oxford today, Sir Edward Carson drew attention to Germany's minimum demands when she thought she was top dog. These included the surrender of Malta, Gibraltar and the Suez Canal, etc. He heartily concurred in President Wilson's note, and said: "Today our armistice terms must be the equivalent of Germany's terms in 1870, when replying to a request for peace from the port of France. It was then agreed and provision made that all German guns should be placed advantageously around Paris so that the city could be taken at pleasure. Anything less than similar terms for Germany now would involve disaster."

ARMENIANS NOT BLAMED FOR BAKU'S SURRENDER

London, Oct. 24.—In the house of commons today Lord Robert Cecil, assistant secretary for foreign affairs, stated that the government was now informed that the Armenians in Baku entered into negotiations for the surrender of the town to the Turks on the advice of Gen. Dunsterforce when he saw that the fall of the town was imminent. No blame attached in consequence to the Armenians in connection with the surrender. Lord Cecil emphasized the gallant services of the Armenians during the Turkish campaign and stated that the allies were considerably indebted to the Armenians.

Premier Lloyd Advises Cautions in Receiving German Overtures

St. John's, Nfld., Oct. 24.—Premier Lloyd of Newfoundland, who arrived yesterday from London, where he attended the imperial conference, said today that the allies should receive the German overtures with great caution. He urged insistence on such terms as would insure the allies of attaining their just aims under the peace treaty.

AMERICANS MAKE GAINS IN TWO LOCAL ATTACKS

Advance After Brief Artillery Preparation, While Germans Respond With Machine Guns.

With the American Army Northwest of Verdun, Oct. 24.—In a local attack east of the Meuse the Americans today advanced about one kilometre on a three-kilometre front, and the Bois de la Joie de Belleu and the Bois de Belleu are within the American lines as a part of the Bois de Waville and Ployon de Traye. The advance was made after brief artillery preparation. The enemy responded with principally machine guns, but during the fighting he shelled the back areas and threw a few six-inch shells into Verdun. The artillery on both sides was active over the entire American front today. The Germans were unusually nervous owing to the activity of the Americans on both sides of the Meuse.

Early this morning the American artillery laid down a barrage north of Bantheville, where the infantry occupied Grande Carre Farm and the ridge north of Bantheville, straddling the Freya line.

Coal Strike at Fort William Will Tie Up Western Shipments

Fort William, Oct. 24.—A sympathetic strike ordered on all coal docks for six o'clock tonight will tie up all coal shipments from the head of the lakes to the west. The order to strike came from the International union today.

IMPORTANT ADVANCE IS MADE BY FRENCH

Despite German Resistance, Ground is Gained in Attack Between the Oise and the Serre.

Paris, Oct. 24.—French troops have crossed the Oise Canal opposite Longchamps, according to the war office announcement tonight. They have also made an important advance between the Oise and the Serre Rivers. The statement says: "On the Oise our forces, after crossing the canal opposite Longchamps, have made progress on the east bank, taking about thirty prisoners.

"Between the Oise and the Serre we delivered an attack in the afternoon and despite the resistance of the Germans our troops made an important advance south of Grigny-Sainte-Benoite and north of Villers-le-Sec.

"On our right we have reached the road between La Ferte-Chaussais and Ferrières farm. About one hundred prisoners are reported.

"There was considerable artillery activity on the plateau east of Vouillers."

BRUSSELS BURGOMASTER IS REPORTED RELEASED

Other Political Prisoners Also Said to Have Been Freed by Germans.

The Hague, Oct. 24.—The Vaterland, in its issue of today, says it is reported that the political prisoners held by the Germans at Turnhout, Belgium, northeast of Antwerp, including Burgomaster Adolph Max of Brussels, have been released.

RAID SOUTH OF ASIAGO MADE BY THE BRITISH

One Killed and Nine Wounded, With 225 Prisoners Taken.

London, Oct. 24.—A British official statement issued tonight, dealing with operations on the Italian front, says: "Troops from Gloucester carried out a raid by the Germans at Turbouth, Prusia, and that King Alfonso was intervening in his behalf."

JUST TOOK THEM AWAY TO KEEP THEM SAFE

Germans Now Say They Will Return Valuable Works of Art to Their Owners.

London, Oct. 24.—Valuable works of art belonging to museums and private owners in the regions of Cambrai, Douai and Valenciennes, now in the hands of the Germans, will be returned undamaged to their owners after the war. This announcement is made in a German Government wireless message received here.

These works of art have, under the orders of the supreme army command, been sent to a place of safety, to save them from destruction by bombardment at Coblenz, near Mainz and at Metz-Sablons."

AIRMEN BUSY. Railways and Chemical Works Bombed by British Fliers.

London, Oct. 24.—The official statement dealing with the operations of the independent air force says: "On Wednesday night we bombed railways at Burbach and Saarbrücken, chemical factories at Mannheim, and airways at Coblenz, near Mainz and at Metz-Sablons."

"Pay a Little More This Year--- It's Your Protection"

Supposing you bought a suit or topcoat two years ago for \$25, \$30 or \$35, and you want to duplicate that value this season, just add \$10 to \$12 to the old price and don't let anyone make you think it can be done for less, because you'll only get stung if you do. We have piles of beautiful garments for all ages, but for the most part we have passed up the cheaper grades of materials because there is no merit or value in them. Once you have paid the price for a good article your troubles end, but when you pay a big price for a poor quality your troubles begin. Tacking the odd cents on the end of a price may sound like a bargain, but if the quality is not behind the price the odds are

against you. Our price range for Suits is \$18 to \$55, and for Topcoats \$18 to \$60, with a showing of fabrics that you will be delighted with.

Raincoats

The modern raincoat is a sensible garment and in most cases fill a two-fold need, as a medium weight topcoat and also a rain shedder.

We start our prices at \$10 and go up to \$35. Some new lines came in yesterday that have several new features you are bound to like, and as an investment to protect your health the raincoat has it over all others. Don't forget your raincoat.

YORK COUNTY AND SUBURBS

MOTOR AND CIVIC CAR MEET IN A COLLISION

S. A. Price, Westmoreland street, Earlscourt, sustained a fractured shoulder and other injuries when the 5-passenger car which he was driving came into collision with a civic street car early Thursday morning. Price was driving north from Dufferin and St. Clair, and in crossing the tracks outside the Dominion Bank building, was caught by the street car, which hurled his machine a distance of 50 yards or more, pinning him and three other passengers beneath. B. Fairthorne, of St. Clair avenue, who witnessed the accident, found Price under the auto unconscious, and drove him in his own car to Dr. Corregan, corner Bathurst and St. Clair, and later he was taken to his home. The auto was smashed to pieces, one wheel being found a distance of 100 yards without a spoke left in it. The other passengers were uninjured. The car was owned by Morley C. Pritchard, barrister, of the Dominion Bank building, Earlscourt.

TO START CANVASS.

The 12 members who attended the meeting of the Earlscourt citizens' memorial hall committee formed themselves into a canvassing committee, and on the suggestion of Alex. Craig, a canvass is to be made of the neighborhood. Alex. Craig, of the executive committee of the British Imperial Association, with others, will conduct a vigorous campaign, and they will work, not only in this district, but also in the city, where support has been promised.

CAPT. BRACE IS HOME.

Capt. A. J. Brace, of the Chinese Labor Corps, has just returned from France, where he was engaged in the work of preparing reserve trenches during the Amiens offensive. Capt. Brace, whose home is in Stouffville, is a brother of Rev. A. P. Brace, pastor of Gerrard street Methodist Church. He enlisted from West China, where he was engaged in missionary work.

EMBEDDING TRACKS FOR INTERSECTION

Work of embedding the street car intersection at Bloor and Sherbourne streets commenced yesterday. The street car tracks on Sherbourne street and the bridge over the street have been joined to the intersection, and the tracks for the eastbound cars on Bloor street will be joined up today. Considerable progress was made on the street car track on the new roadway at the head of Parliament street, and the footings on the east side of Glen road for the subway have been completed. Quantities of bridge material were delivered at both sides of Glen road.

COMPLETING GARAGE.

A garage to accommodate six buses is almost completed on Meriton avenue for the Leaside Bus Company.

CANADA'S BUSINESS DEPENDS UPON LOAN

Declaration of Sir Thomas White on Arrival From the West.

Sir Thomas White, minister of finance, declared on his arrival in Toronto from the west yesterday, that Canada's prosperity would be measured by the amount subscribed to the 1918 Victory Loan. The reason why the figure \$500,000,000 had been set was because Canada's business would be whatever the loan came to. "We are confident that the \$500,000,000 will be raised," he said, "because last time with only \$30,000 subscribers we raised \$400,000,000. We hope for a million subscribers this year and the money taken out of the banks for the last loan has been replaced in the country is ready to take up the present issue."

He explained that the money was used to buy munitions, wheat, in fact everything used by Great Britain and in return Great Britain loaned Canada the money to pay and maintain the soldiers overseas. There was more money being loaned than borrowed, making a balance in Canada's favor. As there was no other way of getting the money than by a Victory Loan the amount of business in Canada depended entirely upon it.

Sir Thomas spoke of the enthusiasm which he found all thru the west and said the people were keenly appreciative of the share in the war taken by the motherland and proud of that taken by the Canadians. He hoped that the influenza epidemic would not have a serious effect upon the loan and that it would pass by the time the campaign got into full swing.

C.P.R. EMPLOYE KILLED.

Oliver Robillard, a yardman employed by the C.P.R., was instantly killed early this morning while coupling cars on the Esplanade near Church street. He was struck by a car and thrown in front of another. He was 25 years old and lived at 24 Bond street.

JEWELRY STORE ROBBED.

No arrests have yet been made as a result of the burglary at Holts' jewelry store, 774 Yonge street, early Thursday morning. The thieves gained entrance to the store by smashing the front show window with a brick, putting their hands thru the window and lifting out about \$100 worth of rings and other trinkets.

PRESENTS FOR SOLDIERS.

Christmas boxes are now being sent to the boys of the Rhodes Avenue Baptist Church overseas in time for Christmas distribution. The children of the Sunday School deprived themselves of the prize money won at the annual picnic in order to send the presents.

MEETING POSTPONED.

Owing to the schools being closed by order of the board of health, the British Imperial Association's annual meeting has been postponed.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

Successful British operations on the Valenciennes front took on new importance in the light of the diplomatic situation. Field-Marshal Haig's armies are striking savagely at the hinge of the present German line of resistance and the progress already made is thought to make it certain that the German retirement, both in Belgium and in France, will have to be resumed without delay.

South of the new British wedge, the French are keeping continuous pressure against the enemy along the Oise-Serre front, making it difficult for the German commanders to disengage their forces from this most exposed sector of their lines. Success of the British effort, however, which now seems assured, would compel a precipitate evacuation of the Oise-Serre salient. It is believed, for the communication system of that front would be threatened from the flank and rear.

Reduction of the Oise-Serre salient would mean rectification of the lines probably as far west as Arbonne, observers believe, and coupled with the Franco-American pounding there and on the Meuse, the British advances possibly foreshadow the retreat of the enemy to the Meuse line. If that retirement is delayed much longer there is strong probability that the British, working eastward from Valenciennes, will gather in prisoners, guns and stores in large numbers later on.

In view of the existing military situation, officers figure out that every day sees the allied tactical superiority increased, even as their superiority in man and gun power is increasing. Since President Wilson has already pointed out to the German authorities that the safeguarding and guaranteeing of that superiority must be the basis of an armistice agreement, a proposition the German leaders accepted with the statement that the "standard of military power in the field" must necessarily govern such terms, it is clear that the conditions of the armistice to be formulated grows increasingly hard on the enemy each day. The advantages of position derived from the latest British thrust certainly will not be overlooked in estimating the situation of the opposing forces.

More than ever observers are convinced that new operations on a large scale are pending on the American front, and that Gen. Pershing's two aggressive armies soon will try their mettle again. There are many minor happenings that seem to indicate that a smashing blow is in preparation, altho the extent or object of it is only a matter of speculation. Added to the purely military considerations that would seem to urge some such renewed effort before winter comes, there is now the incentive presented by the fact that armistice terms may soon be formulated. The readiness of the German authorities

to accept these terms will be greatly increased if their line is further broken and the evacuation upon which they are engaged rendered increasingly difficult and full of peril. The first victory for the allied forces in Volozda is reported from Archangel. The Russo-Allied expedition which sailed from the shores of the Arctic, and thence down the Mezen and Vashka Rivers, has reached the district of Ugor, where they were joined by a force of Syrians, and together they have driven the Bolsheviks from that district. On the Dvina front the Bolshevik forces made an attack against British and American troops, while gunboats shelled the allies for six hours. In a counter-attack the Americans and British captured two machine guns, took many prisoners and made a slight advance, inflicting heavy losses.

French troops have crossed the Oise Canal opposite Longchamps, and also have made an important advance between the Oise and the Serre Rivers. On their right they reached the road between La Perle-Chevresis and Ferrieres farm, taking several hundred prisoners. French aviators also were busy yesterday, when they flew about 43 miles behind the enemy lines and returned with several hundred photographs. In addition, several tons of explosives were dropped on the railway stations at Mont Cornet, Maris, Vervins and Wassigny, with particular attention to Provins, where more than seven tons of explosives were dropped, causing several fires.

British troops continued their successes south of Valenciennes, overcoming the enemy along the whole front between the Sambre Canal and the Scheldt River. Their advance is being continued. Since Wednesday morning they have taken more than 700 prisoners and more than 100 guns. There was hard fighting in that section. On the right centre of the attack the advance was continued to the neighborhood of Le Quenoy.

French and Serbian troops have continued their successes in the eastern war theatre. On Wednesday, according to a statement issued yesterday, the Serbs broke the enemy resistance and took the massif of Mecka and the Village of Cicevak, capturing 300 prisoners and important material. The French took the Town of Negotin.

A bulletin from Amsterdam states that the speedy unconditional surrender of Austria-Hungary is probable, according to a dispatch from Vienna. The Austrians have been wanting to quit for a long time and their complete surrender will not come as a surprise.

FELL DOWN CHUTE.

Employs of Lake Simcoe Ice Company Succumbed to Injuries.

John Donaldson, 170 Macpherson avenue, an employe of the Lake Simcoe Ice Co., Dupont street plant, fell down a loading chute yesterday and sustained such severe injuries that he died in the General Hospital forty-five minutes after admittance. His body was taken to the morgue, where an inquest will be opened tonight.

SCORE'S BUSINESS SUITINGS—OCTOBER REDUCTION SPECIALS.

World conditions have forced men to pay almost incredible advances on the pre-war cost of wearing apparel, but Score's were posted early in the war days on what was likely to happen, and made large purchases of British wools. You find the evidence of excellent assortments and more excellent values in the guaranteed Irish blue serges, regular \$50.00, for \$42.00, and fine Scotch tweed, regular \$46.00, for \$39.50. Made-to-measure. R. Score & Son, 77 King west.

STRUCK BY MOTOR TRUCK.

While riding a bicycle along West Dundas street yesterday, Morris Millgrove, 222 West Dundas street, was struck by a motor truck, driven by Hugh Macdonald, 463 St. Clarendon avenue. He was taken to the General Hospital, where it was found that he had sustained a fractured skull. His condition is not regarded as serious.

W. NYE DEAD OF PNEUMONIA.

W. Nye, better known as "Bill Nye to the baseball followers of the city, died at his home, 1469 West King street, early this morning from pneumonia, following an attack of Spanish influenza. His wife was buried last Monday, a victim of the same disease, and a six-year-old daughter is the only survivor.

"FLU" CONTINUES TO EXACT ITS TOLL

Outbreak Accounts for Over Ninety More Deaths Yesterday.

NEARLY THOUSAND DIE

Authorities, However, Expect Big Decline From Now On.

Deaths reported in city yesterday: From Spanish influenza 62, From pneumonia 29, Total deaths so far this month 918, In the city 918, From Spanish influenza 626, From pneumonia 292, Yesterday's returns at the city clerk's office show an increase over the preceding day, but in spite of this the medical health authorities look for a decline in the mortality from now on.

To show how the disease affects people of different ages the following table, prepared by the health department, shows the deaths according to ages for the first 22 days of this month from either the "flu" or pneumonia:

Table with columns: Age, 'Flu', Pneumonia. Rows: Under 10, 10 to 19, 20 to 29, 30 to 39, 40 to 49, 50 to 59, 60 to 69, 70 to 79, 80 and over.

Boy Scouts Help. The boy scouts under the leadership of H. G. Hammond, have completed the distribution of 100,000 influenza instruction circulars for the medical officer of health. They were delivered to about 3,000 employers, together with a letter addressed to each, asking that instructions be given to employees to report immediately the first symptoms of influenza appear, and that they be sent home and follow the instructions contained in the circulars. The instructions emphasized the necessity of going to bed promptly and staying there for at least a couple of days after the temperature becomes normal again. A purgative and plenty of drinking water are advised, and the importance of fresh air in treatment is pointed out.

About 60 scouts were assigned to the task of distributing this educational literature, which they accomplished with the aid of two automobiles in a day and a half.

MOTORS AND BEDDING NEEDED FOR PATIENTS

Things for the comfort of those afflicted with influenza are still occupying the attention of many women and organizations. Motors and bedding are among the things still needed. Money is coming in fairly well, as are also donations of food from the King Edward Hotel, Bowles and Childs' restaurants and others.

Responses are coming to the Neighborhood Workers' Association from the cards sent out by the Rotary Club. About 300 cases in all are being cared for by the organization. Money is wanted here. Among the things for which the N.W.A. is responsible is the centre at the Technical School, which takes about a hundred dollars a day. A death of motors is also experienced by the nurses of the public health department. In the morning it is difficult to get cars, also at other times the response here, as elsewhere, has been very fine.

FOUR MORE DIE.

Of four additional deaths from pneumonia or influenza complications reported yesterday by the Toronto military authorities two were at the military base hospital.

MUST COVER FOODSTUFFS

Order of Health Department is Far-reaching and Includes Many Merchants.

The order of the health department respecting the covering of all foodstuffs is far-reaching and includes bakers, butchers, confectioners, fruiterers, restaurateurs and grocers. No thing must be exposed at all, but must be kept in the refrigerator or under glass or a cover of some kind. Fruit or fresh, must be covered. No trays of juicy steaks or piles of cooked ham will greet the eye of the shopper, unless under a glass cover. The order has been a hurried one, and the necessity of the emergency, and the trade has not been notified. W. G. Miller, of the Retail Merchants' Association, said that the only notification many would receive would be through the press, but that the penalty for breach of the order would be imposed just the same.

MORE VACCINE SOON.

Provincial Board of Health Will Have Ample Supply in Few Days.

Official announcement was made last night that the provincial board of health will have an ample supply of influenza vaccine in the course of a few days, when supplies will be sent to every medical officer of health in the Province of Ontario. They, in turn, will distribute the vaccine to the doctors practicing in their respective municipalities.

HOUSES TOO COLD.

D. McCarthy, secretary Danforth Park Ratepayers' Association attributes 90 per cent. of the cases of Spanish influenza and pneumonia to the lack of fuel. Mr. McCarthy, six members of whose family are ill, states that in the Danforth section home. In many instances, the members of a family are down, and relief is being supplied by the Neighborhood Workers' Association.

DEATH RATE LOWER.

During the past two days the death rate in the east end has gradually abated, according to the report of a large undertaking firm in Riverdale. "Since Sunday last we have had 23 funerals and today we had only four orders for burials," said the manager.

HELPING FIGHT "FLU."

Mrs. E. Roworth, who recently resigned as president of the Riverdale branch G.W.A. Women's Auxiliary, is co-operating with the Neighborhood Workers' Association in visiting and relieving the many cases of Spanish influenza in the Jones avenue district. Up to the present over 40 urgent cases have been relieved, where whole families have been afflicted.

CONDITIONS IMPROVE.

According to W. H. Hodgson, supervisor East Riverdale playground, the influenza situation is much improved around his section. There are 900 children who use the playground, and from reports made from the homes of a number of the children, conditions have greatly improved.

VACCINE FOR TROOPS.

Vaccine against influenza will, it is officially announced, be available for all troops in Toronto military district units after Oct. 28. Commanders of units are being requested to indicate thru their medical officers for the amount of vaccine they will need for their troops.

CUSTOMS HOUSE APPOINTMENTS

Official announcement was made yesterday of three appointments at the Toronto customs house. W. K. S. Tinsley has been appointed to the inspector's staff after being 37 years in the civil service. Frank Somers, Jr., is appointed chief clerk and S. T. H. Harris, chief computing clerk. Both Mr. Somers and Mr. Harris have been in the service 30 years.

Prof. Mulveney Answers 'Phone

Parkdale, 4830. "Hello, is Prof. Mulveney there?" "Yes, speaking."

"I just wanted to know if your remedy called B'Well was good for a bad cold?"

"Yes, it is excellent, also a splendid preventative. B'Well has restored people to health that were being treated for consumption—people who were coughing their lives away. It has cured people who spent hundreds of dollars doctoring for Bad Coughs. Remember, I do not advertise it as a consumption cure, but it's worth trying. It has done wonders; and we can only expect it to do good for others. B'Well is excellent for Rheumatism. B'Well is a wonderful Blood Purifier, Stomach, Liver and Kidney Medicine, a wonderful Nerve Tonic, a great rejuvenator. It relieves the faint, the weak makes strong, and the old feel young again. Yes, B'Well is the medicine you need. Sold only at 211 Ossington avenue, Toronto, Ont. Do not delay. Come. Delays are dangerous."

B'Well and Rheumatoid Surely Saved My Life

October 10th, 1918. I received a telephone call from Mr. Borrowman on October 10th. He had just read by advertisement in The Evening Telegram, and he wanted to know if I was open. It was 10 p.m. I told him I would be open for about half an hour yet. He arrived in about fifteen minutes, and this is the conversation that took place. He said: "Well, I was reading your ad. in The Telegram tonight, and I thought, well, lots of people will doubt the truth of it. I can say it's surely all true, your B'Well and Rheumatoid will stop a cough, and I thought as I read your ad, well, I am one of the people who were coughing themselves to death. You mentioned, and I am sure your medicines saved my life. I had a very bad cold for some weeks. It settled on my bronchial tubes and was much like asthma. I lost my voice and was coughing and wheezing, and nearly dead when I called on you and got your B'Well and Rheumatoid. I was surely saved my life. I was in awful misery. I could hardly breathe; my breath was so short I could hardly walk. I have come here tonight for another bottle of B'Well to be used in twelve, 25c. B'Well, 125c. Rheumatoid, 25c."

DEATH WAS ACCIDENTAL.

Accidental death was the verdict rendered last night by the jury under Coroner Clendenan at the inquest on the remains of Arthur Daly, killed on Oct. 14 near the intersection of Gerrard street and Broadway. It was held that a motor car driven by William Ricketts.

S. O. S. S. O. S. S. O. S.

In handling the immense amount of detail work involved in conducting the forthcoming Victory Loan campaign, the service of a great many stenographers is required. Stenographers are urgently needed for day work to commence next Monday.

We appeal to the Managers of Banks, Trust Companies, Insurance Companies, as well as Commercial Corporations, to make a special effort to supply the Victory Loan Organization, as a Patriotic Duty, one or more stenographers for the duration of the campaign (three weeks, commencing from Monday, Oct. 28).

Every business man will realize the important part stenographers take in a campaign of this kind. Please help! Telephone Main 5200, Harold A. Greene, chief of staff, 1918 Victory Loan campaign, 20 Victoria street. Stenographers unemployed please apply at once.

GREAT ENTHUSIASM OVER COMING LOAN

Sir Thomas White Speaks at Meeting of Toronto Organization.

EXPECT KEEN RIVALRY Campaigners Say This City Must Leave Quota Behind.

Fired with the resolve that the objective of \$80,000,000 assumed by the Toronto committee for the 1918 Victory Loan shall be achieved in what promises to be the most strenuous financial undertaking in the history of Canada, the entire Toronto organization met at the King Edward Hotel last night. Sir Thomas White, minister of finance, fresh from his tour of the west, was able to report the enthusiasm and energy with which the prairie provinces and British Columbia were working on their share of the gigantic task, while those far from the situation in Montreal made it known that the keenest rivalry would be maintained between the two cities to see which should be the premier place when the campaign is ended.

All thru the evening there was manifested a confidence born of earnestness of purpose and a refinement of organization that is sure to prove effective when the drive starts. The minister of finance himself, while not minimizing the importance and significance of the campaign, expressed his confidence that the \$500,000,000 deficit would be secured. He estimated that in the 1917 loan over \$300,000,000 applications had been received for over \$400,000,000 of bonds, and he uttered the slogan for this year: "Let \$500,000,000 from over 1,000,000 applicants be the goal."

It was remarkable, said Sir Thomas, that four years ago Canada had never had a bond issue, and that at that time had said that the people would be asked to buy the government \$500,000,000 of bonds. He said that the people would be asked to buy the government \$500,000,000 of bonds, and he uttered the slogan for this year: "Let \$500,000,000 from over 1,000,000 applicants be the goal."

The war, continued Sir Thomas, had not entirely broken down the system of international exchange, with the result that the exportable surplus products of Canada would only be purchased by Great Britain so long as this country was able to extend the necessary financial credits. On the other hand, Great Britain was paying on Canadian accounts the expenses of the Canadian forces in England and at the front. He made the announcement amid applause that after the accounts had been balanced it was found that in the four years of the war, Canada, after paying her way, had to her credit in Great Britain over \$100,000,000.

Trials to Fights. Apart from the economic aspect of the loan, which was necessary to enable Canadian industries to keep going, Sir Thomas said that a spontaneous public response was due to the men who had stood guard for so long on the battlements in France. He declared that the Canadian troops formed the spearhead that first broke thru the Hindenburg line, and pictured the anxious days last winter when Germany, after massing 800,000 men at the junction of the British and French lines, had hoped to speedily end the war by driving the British into the Atlantic and roll the French back on Paris. How the success of this master stroke was averted he could not say, but could not deny that the hand of Providence was present.

J. H. Gundy, chairman of the special subscription committee, gave an explanation of the request for the extension of getting applications from investors who should subscribe for from \$500 to \$25,000 of the bonds, including corporations. He told of a recent trip to the United States when a number of large financial institutions were seen. A year ago only small subscriptions had been received from some, and others had intimated that the law could not permit them to invest in Canadian securities. "This year he said, the feeling is entirely changed. The first concern, instead of taking \$50,000 of the loan, applied for \$500,000. Another had undergone a change of heart and took a large block." He was also glad to announce that one large concern in Montreal had already intimated its intention of doubling its last year's subscription.

E. R. Wood, Dominion chairman, said that for half a century all the money for Canada's development had come from Great Britain. It was now Canada's turn to do some financing on its own account and on hers. Everything depended on the success of the loan. It was necessary to continue the war to continue the business operations of the country and all the collateral war activities and patriotic work.

Capt. (Rev.) W. A. Cameron told the gathering that unless they were seized with a whole-hearted conviction that the work it would be better for them not to go out. He pictured eloquently scenes that he had witnessed in France and declared that the Canadian troops would work with interest and anxiety the progress of the loan.

J. W. Mitchell, chairman of the Toronto executive committee, presided, and explained in an effective manner the work of the organization, the difficulties to be met and overcome and the resolve that all would do their utmost to win the honor set before the city. The 30 teams comprising the five districts into which the city had been divided would have an objective \$41,000,000 and the special subscriptions committee \$39,000,000.

At another meeting held concurrently by Thomas A. Russell of the employees' organization committee to canvass industrial plants employing more than 150 persons, Sir Thomas White gave figures concerning the amount of the last war loan that had gone to purchase Canadian products for Great Britain. In Canada there were \$50,000,000 worth of things under construction, \$30,000,000 of which were for Great Britain, all paid for by credits furnished the imperial government.

In British Columbia \$2,000,000 or \$10,000,000 would be required to pay for spruce for airplanes and a similar amount for the exportable surplus of the salmon catch; \$7,000,000 had been provided to purchase the surplus of cheese made in Ontario and a large portion of the money required for the surplus wheat crop had also been provided. With the good news from the front and the swelling bank deposits, Sir Thomas declared that psychological conditions for the success of the loan were excellent.

INFORMATION BOOTHS DURING THE CAMPAIGN. The booths which the women of the city have been asked to take charge of during the Victory Loan campaign are for the purpose of giving information and to assist in creating an enthusiastic atmosphere in regard to the campaign. There are many who do not understand many things in connection with the loan to be launched; the meaning of a bond; the idea that the interest on a bond brings in among the highest anywhere offered and that the security is even better than that of the banks themselves.

The booths are, in a way, part of the publicity machinery, and if the right women are at the helm the ship of state will pursue its voyage to a prosperous harbor. The selling of bonds is secondary in its connection. Every woman will be part of a press agency woman than a seller of bonds, and every woman who where situated will have the same opportunity of doing good work.

I assure you that I can thoroughly recommend

Turnbull's PERFECT FITTING RIBBED UNDERWEAR

It is made up to the same high standard as employed in the making of the famous "Cetee" underclothing. The raw materials used are the very best and no effort is spared to make them as perfect as possible; the seams are strong and smooth and the fabric is extremely elastic and comfortable. On top of all this you have Turnbull's reputation as makers of good underwear for the past 59 years.

Ask your dealer for "Turnbull's" The C. Turnbull Co. of Canada, Limited Galt, Ontario

MILITARY ATHLETICS OPENS A NEW SEASON

Under direction of Lieut. "Bob" Dibble, director of military athletics for Toronto district, the military athletic season for 1918-19 will open at Exhibition Camp tomorrow afternoon with a hockey game between a team representing the 2nd Battalion, 1st C.O.R., Toronto, and the 1st Battalion, 2nd C.O.R., Hamilton. It will be also the introduction to Canada of a game which had been only played in England before. Lieut. Dibble is arranging for a big military hockey league in Toronto, also basketball, indoor baseball and tennis tournaments. Boxing, of course, will be a big feature of the men's athletic training.

LABOR CIRCLES HIT; MANY MEN LAID OFF

Textile workers are being dealt a heavy blow by the Spanish "flu" and the Simpson Knitting Mills may have to close down as a result. The riveters at the shipyards are also badly hit. 50 out of the 100 odd riveters in the city shipyards being laid up. The Toronto Street Railway is also losing many men daily, several burns reported, a lay-off of from 35 to 50 men a day. The machinists have about 20 per cent. of their members under the weather.

CAN ENLIST HERE.

United States citizens of military age, resident in Toronto military district, may now be enlisted direct into the Canadian expeditionary force. Official authority for this procedure was received yesterday afternoon at the offices of the Ontario M.S.A. registrar.

Toronto Lady Makes Affidavit

MRS. BURNETT has sent in this letter from a generous desire to serve others by giving them the benefit of her experience. Her sufferings resulted from a greatly rundown nervous system, and because she was a long time in finding a cure, she feels that she can now point others to the way of health. This letter came entirely unsolicited, and in order that strangers might fully realize the sincerity of Mrs. Burnett's statement we had her verify her letter before a Commissioner.

Mrs. A. Burnett, 2014 Gerrard street east, Toronto, writes: "I really feel it a public duty on my side to state, and without the slightest fear of contradiction, the wonderful benefits I have received from your remedy, Dr. Chase's Nerve Food. I am a woman now in the prime of life, and I don't think any of my sex have suffered the agony that I have. I can give proofs of doctors who have advised and given medicine to me, but none have ever come near the relief that I have gained since taking your Nerve Food. Without doubt it is as represented, a sure cure. I am a younger woman by far since I have taken them. I always was dizzy, shaking and sick, with a shocking, splitting headache. Dr. Chase's Nerve Food has made me a different woman. I shall always tell any of my friends who are run down to get this Food cure, as I consider it is worth its weight in gold."

This statement will come as a message of hope to many thousands of women who are suffering somewhat as Mrs. Burnett did. There is every reason to expect equally good results in your own case, because Dr. Chase's Nerve Food cures in Nature's way by forming new tissues and building up the exhausted system. For this very reason a little patience is required in using this treatment. Do not expect too much from the first box, but it will not be long before you will experience benefits that will encourage you to use the Nerve Food regularly until restoration is complete. Dr. Chase's Nerve Food, 60 cents a box, all dealers, or Edman, M.D., the famous Receipt Book author, on the box you buy.

SCHOOL BOARD APPEAL DISMISSED WITH COSTS

Aftermath of Cases in Which Ottawa and Quebec Banks Were Involved.

ACTION OVER NEW SHIP

Judgment Reserved in Case of Heistein and Sons Versus Polson Iron Works.

Judgment delivered in Ottawa Separate School Trustees vs. Quebec Bank. Appellate court, first division. Chief Justice of Ontario, MacLaren, J. A.; Magee, J. A.; Hodgins, J. A., and Ferguson, J. A. Appeals by Quebec Bank, Bank of Ottawa and by the 12 individual defendants and cross-appeals by plaintiffs from the judgment of Clute, J., dated Jan. 14, 1918. Three actions by plaintiffs to recover from Quebec Bank \$107,321.24 and interest, from the Bank of Ottawa \$37,627.02 and interest and from individual defendants \$84,955.50 and interest, which actions were consolidated by an order of March 19, 1917. At the trial judgment was given plaintiffs against Quebec Bank for \$37,627.02, \$37.34, and \$30,000 for overdraft with interest, and against the Bank of Ottawa for \$37,627.02, subject to certain deductions, and against five of the individual defendants personally or as executors for \$37,627.02, subject to certain deductions, and the sum of \$84,955.50, also subject to certain deductions, and counter-claims of two banks were dismissed with costs. Costs of actions awarded to plaintiffs.

The appellate court allows the appeal of the defendants with costs. Judgment of trial judge reversed; substituted therefor judgment dismissing the action with costs. Judgment to be entered for the commission on counter-claim with costs. The appeal of the school board is dismissed with costs.

Separate School Case.

This case is an aftermath of the cases of the school board vs. Ottawa and the school board vs. the Quebec Bank, in which the judicial committee of the privy council held that the act of the legislature of Ontario, 6 Geo. v. cap. 45, by which the management of the Ottawa separate schools was committed to a commission appointed by the crown, was in effect ultra vires. The ground of the decision being that the act prejudicially affected the right or privilege conferred by the act of the parliament of the late Province of Canada of 1863 (26 Vic. c. 5) upon the supporters of the Roman Catholic separate schools in Ottawa. The commission took control of the schools on or about July 28, 1915, and handed it back to the school board on Nov. 1, 1916, after the decision of the judicial committee had been announced. During the time the commission was in control of the schools it received various sums which, but for its existence, would have been paid to the school board, and the commission expended in the conduct and management of the schools a large sum in excess of the sums so received. These additional moneys were provided by means of borrowings by the commission, for which it remains liable to the lenders.

The questions raised are as to the right of the school board to recover moneys standing at its credit in the Bank of Ottawa and the Quebec Bank which were paid over to the commission and moneys received by the commission from the corporation of the City of Ottawa being sums levied by the corporation for the support of separate schools and the claim of the school board is to recover from the banks the moneys at its credit with them and from the privy council members of the commission and the executors of a deceased member and the money received by it from the Corporation of Ottawa.

Macgregor, Young, K.C. for attorney-general of Ontario, G. F. Henderson, K.C. for Quebec Bank, W. N. Tilley, K.C. for Bank of Ottawa and individual plaintiffs N. A. Belcourt, K.C. and J. H. Fraser, for plaintiffs Heistein & Sons v. Polson Iron Works, Limited. Motion before Mr. Justice Lennox to continue an injunction and for an order that upon plaintiffs giving such security as to the court shall seem proper in the sum of \$41,500 to pay to the defendants any amount that may be found due to them under the agreement in question in this action made September 11, 1918, between Christoffer Hannevig and the Polson Iron Works, the defendants shall forthwith deliver the steamer "Asp" to the plaintiffs or to whom they shall appoint.

The contract price of the ship was \$415,000 of which \$370,000 has been paid there; has been a trial trip, and the plaintiffs are now asking for delivery of the vessel, and are willing to pay the balance of \$41,500, into court pending the trial of the action. Injunction restraining from selling or attempting to sell continued in the meantime. Judgment reserved.

J. H. Fraser for the plaintiffs, J. H. Moss, K.C. for the defendants. Appellate Court—Second Division. Carter v. Dyer judgment. Appeal

allowed with costs and action dismissed with costs. Re Daily Estate. Mr. Justice Rose in his judgment says: I have reached the conclusion that the true construction of the will is that, if the income from the residuary of estate proves insufficient for the payment in full either of the annuity alone, or of the annuity and the legacies, resort must be made to the corpus, the annuity being the first charge; and that if after the annuity is provided for there is a deficiency the legacies (including the sum directed to be retained during the lifetime of Mary Croft) must abate proportionately. There was no argument as to what disposition ought to be made of the Mary Croft fund upon Mary Croft's death (either before or after the death of the widow). In case it turns out that the estate is now insufficient to pay the legacies in full, it would, obviously, be inexpedient to try to dispose of that question in advance; and I mention it merely to record the fact that nothing decided is intended to affect it. The question submitted will be answered as above indicated. The costs of all parties ought to come out of the estate.

Appellate Court—First Division. List of cases set down for hearing Friday, 11 a.m.: Mobson Bank v. Cranston. McGlynn v. Hastie. Toronto Hockey Club v. Ottawa Hockey Association. Canary v. Scarboro Securities. Imperial Oil Co. v. Dominion Oil Co. Judgment will be delivered at the opening of court in Hamilton Motor Works v. Brown.

Appellate Court—Second Division. List of cases set down for hearing Friday, 11 a.m.: McLean v. Provost. The Purly Springs Water Co. and Toronto. Hickman v. Warman. Walt v. Wright. Wilson v. C. Natches. Wilson v. T. Natches. Judges' chambers will be held at 11 a.m.

AUSTRALIAN HEROES ON HONOR FURLOUGH

Toronto was visited yesterday by 23 senior officers of the Australian first contingent. They are a part of 7000 Australians now en route home on honor furlough, and required to return to the battlefield in France by February or March at the latest, presuming that hostilities have not ceased. Other Australians, in Palestine, Egypt and Africa, will enjoy a similar well-earned furlough. The officers who visited Toronto yesterday are in rank from captain upwards. Another platoon, under Gen. C. H. Brand, C.B., C.M.C., D.S.O., is being detained at Quebec owing to the discovery of one influenza case in the party. The Toronto visitors went on to Niagara and Buffalo. They will entrain for the west today.

CHANGE OF TIME, OCT. 20TH

New C. N. R. Day and Night Trains Between Toronto and Montreal Give Business Men Opportunity for Stop-Over in Ottawa.

Train No. 8 leaves Toronto 11:00 p.m. daily for Ottawa and Montreal, with through sleeping and dining car service.

Train No. 7 from Montreal and Ottawa arrives Toronto 7:50 a.m. daily, with through sleeping and dining car service.

Train No. 6, formerly No. 12, from Toronto 10:00 a.m., except Sunday, to Ottawa and Montreal, carries parlor and dining cars.

Train No. 5, formerly No. 11, arrives Toronto 9:45 p.m., except Sunday, from Montreal and Ottawa, with through parlor and dining cars.

Other changes are shown in time tables; apply to C.N.R. ticket offices.

WILLS PROBATED.

George W. Fyfe, who died in New Westminster, B.C., left his estate, valued at \$10,865, to his widow, who resides in Toronto.

The estate of Thomas Brown, valued at \$3,018, will be inherited by his widow.

Audry N. Otherwise, who died intestate, left an estate valued at \$1,355 to his father, who lives in Russia.

The mother, father and five brothers and sisters, who reside in Russia, will inherit the estate of Harry Small, who died in Toronto, Oct. 17.

SUSPENDED SENTENCE.

Judge Winchester yesterday allowed Elize Debard, a native of Lyons, France, to go on suspended sentence after finding her guilty of bigamy.

War Efficiency and National Prosperity

More than a billion and a half dollars distributed in Canada for exported agricultural produce and the products of labor in the fiscal year ending March 31, 1918, has kept Canada busy and prosperous in spite of the war.

CANADA'S production in such enormous quantities was made possible only by the money received through Canada's War Loans. Canada thus was enabled to assist the Allies in their purchases here by establishing financial credits for their use in this country.

CANADA'S war loans not only have sustained Canada's war effort, but they have kept the wheels of production turning as they never turned before.

This is the flood of cash which poured in to Canada's farms for their exports in the fiscal year 1918, for:—

Table listing agricultural products and their values: Butter \$2,000,000, Cheese 36,602,000, Eggs 2,271,000, Oats 37,644,000, Wheat 366,341,000, Flour 95,896,000, Meats 76,729,000, Vegetables 19,034,000.

Over six hundred and thirty-six million dollars for exported farm products alone!

AND the workers of Canada also shared greatly in Canada's export trade.

For their products there was distributed in Canada, during the year:—

Table listing industrial products and their values: Munitions \$450,000,000, Metals 92,083,000, Vehicles 22,776,000, Wood Pulp and Paper 59,599,000.

These huge sums were spent in Canada by the Allies.

Get Ready Now to Buy Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada

HERE'S QUICK RELIEF FOR YOUR TIRED, STRAINED MUSCLES

When your muscles become tired and swollen and the joints become stiff, your circulation poor, and your suffering makes you irritable, an application of Sloan's Liniment gives you quick relief—kills pain, starts up a good circulation, relieves congestion. It is easier and cleaner to use than musky plasters or ointments, acts quickly and does not clog the pores. It does not stain the skin. Made in Canada.

THINKS LAND VALUES ARE MUCH TOO HIGH

No Property Worth More Than \$5000, Says One Appellant.

Before the court of revision yesterday, Geo. Hodgson appealed against an assessment of \$187,500 on the property at 99-101 Yonge street, owned by Dalton Properties, Limited. He declared it was too high, and further, there was no property in the city worth more than \$5000 a foot. Decision was reserved.

The appeal was also held over of P. W. Ellis, who objected to the assessment on land in the rear of Yonge street just south of Bedford postoffice. It was assessed at \$2350, the rate being \$15 a foot. "I will give you \$1000 for it right now," said William Ardagh, of the court of revision, in reply to Mr. Ellis' claim that it was worth only about that amount. "I don't want to sell it," said Mr.

Ellis, "but I'm sure it's not worth \$1000."

"It is 422 feet deep," said Harry Nixon, of the assessment department. "It should have some value. Fifteen dollars a foot is only a nominal rate."

May Have Grounds for Action. "I am inclined to think you have good grounds for action against the city," said Mr. Ardagh, when Mary M. Armstrong declared that the grading of Oriole Parkway had made her house at No. 464 almost unfit for habitation. "I paid my share of a pavement, and it was torn up in order to reduce the grade," explained the appellant. "The road isn't finished, and water lies the whole year round in the ditch, making a breeding place for mosquitoes. The snow piles up in the winter, so that for four months of the year delivery rigs cannot reason the house. During that time the family is shut in. The house will not rent."

The court did not deal with the case, as an action may be entered in the civil courts against the municipality. The assessment is placed at \$15 per foot.

FOR VICTORY LOAN.

The International Typographical Union has decided to contribute \$10,000 to the Victory Loan.

TOOK CHUM'S MONEY TO BUY GIRL FURS

To buy his girl a set of furs, Sidney Marchmont robbed his chum, David Carlton, of \$400. In yesterday morning's police court he was sent to jail for three months. On another charge of criminal negligence he was remanded till next Monday.

John Ferris, a former employe of the Universal Tool and Steel Co., received 30 days for stealing a quantity of copper.

George McGale, who came in from Montreal with 24 quarts of whiskey, was fined \$300 and costs.

Sam Boretzky charged Louis Taylor, a returned soldier, with aggravated assault. It turned out, however, that Boretzky had been running down the British army, whereas Taylor struck

the Russian. The magistrate dismissed the case.

Two more army deserters, Pts. Fred Henshaw and William Smith, were handed over to Sergt. W. E. Frances.

On a charge of shopbreaking, Mark Pardy, Alfred McLaughlin, John Kennedy, and Ptes. Harold B. Gough and Pyburn were all committed for trial before a jury. Bail was fixed at \$1,000.

Jacob Grofchuk was fined \$800 for selling liquor.

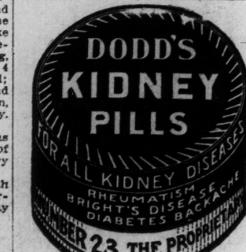

Ptes. H. Ives and D. Pyburn, and Ernest Young, who escaped from the jail farm last Sunday, and who broke into Davisville Military Hospital, received the following sentences: Young, 3 months for breaking jail and 4 months for breaking into the hospital; Ives, 30 days for the first offence and 2 months for the second; and Pyburn, 2 months for escaping from custody. He didn't break into the hospital.

John Loftus, a local lawyer, was committed for trial on a charge of stealing \$5,000 belonging to Mrs. Mary Heydon.

John Heydon and Edward Smith were sentenced to a year each at Burwash for stealing coal from a railway siding.

POLICE STRIKE PROBABLE. On the reinstatement of Policeman

Ellis, who was dismissed from the force as a result of the riot inquiry hangs the decision whether Toronto shall be faced with a police strike. The executive of the police union held its regular meeting yesterday and the Ellis case was placed first on the grievance list which will be presented to the police commissioners at their next meeting.

JOHN CATTO & SON TORONTO

DEAR LITTLE BABE IN NEED OF HOME

Work of Mission Among Italians Reveals Many Cases of Influenza.

While the influenza has hit many sections of Toronto severely, the Italian people seem to have been most fortunate in some quarters. Miss N. L. McKim, the head worker at the Italian mission on Elm street, states that the people have been rather frightened of it and have taken precautionary measures.

Miss McKim is able to speak Italian fluently and so can work among the people as no one could without the language. She said that most of the people do not need much outside care, as the majority of homes had boarders who prepared food and did the work while the mother was ill.

Some Italian Cases. The district around Clinton street and Mansfield avenue, which is attended to from the Clarendon street mission, has many desperate cases and several deaths have occurred.

In one home among the Italian people, where death has been taken, the mother lives with beautiful little grey-eyed baby girl with lovely black hair. This year old darling is now in need of a temporary home until the father can make some arrangements to care for her.

NEED MORE SOX.

An appeal for 400 pairs of sox is sent out by the Secours National, who are completing their 2000 boxes for the French soldiers. The society hopes that the response will be such that not one of the soldiers they have in view will be deprived of their Christmas cheer.

TOO BUSY WITH "FLU."

The despatch from London yesterday stating that the house of commons of England had adopted a resolution in favor of women sitting in parliament did not cause much commotion in Toronto, women being too busy with the "flu" to give political news much thought.

TORONTO WITHOUT CANNING CENTRE

Much-Talked-Of Plan Seems to Have Faded Away.

What has become of the canning centre that was to open in Toronto for the purpose of canning chicken, fruit and vegetables to send to the soldiers overseas?

This is the question which a number of women interested are asking. It has long been suggested that a disgrace to Toronto that this piece of patriotic work was not launched in the beginning of war activities.

Some weeks ago there was a meeting at which a number of women foregathered to discuss the matter. It was stated that a certain building in Toronto was as good as got from the city, and that it required but a very small sum to put it in condition to start the work.

It has since transpired that the building in mind as a canning centre was the old North Toronto station, which the city would permit to be used in part for canning. It has also transpired that the city is not sure it has a right to have any say in what use the old station may be put to, and also that a request from the women for a grant of \$5,000 to start the work was refused by the council.

For city like Toronto to stand still in anything it undertakes in patriotic work, and especially for Toronto women to find themselves nonplussed as a consequence of the city's action, is as described, and if the organizations are all too busy to raise the money needed, why could not some of the women who have money do a good piece of patriotic work by financing the scheme and so sending the boys in the trenches? With the money in hand the difficulty about the old station might be overcome, or it might be found that the city's quarters are available.

At the meeting referred to it was pointed out that the City of Toronto is not a charitable corporation and cannot give out money for such purposes.

Speeding 'em up on Fry's Cocoa

The best way to get the most work out of the "human engine" is to give it the food that has the most energy in it. Of all foods, certainly this means FRY'S COCOA—the great food beverage that is all delicious nourishment. If you have to work harder these days, try a regular course of FRY'S. You will need less of other and more expensive foods. There is concentrated strength for muscle and brain in every single cup.

SOCIETY

Conducted by Mrs. Edmund Phillips. Sir Charles and Lady Fitzpatrick went to Quebec from Ottawa, where the former was sworn in as lieutenant-governor of Quebec. They are spending a week at Spencerwood, the government house, returning to Ottawa next week for a few days.

Mrs. Helen Grace Pyke, only daughter of Mr. and Mrs. Pyke, Westmount, was married on Monday, October 21, to Mr. Evan Powell Griffiths, Toronto. The service was performed quietly at the Church of the Advent, Westmount, by the Bishop of Montreal, assisted by Rev. H. M. Little, the rector. Among those present were Mrs. C. D. Martin, New York; Mr. and Mrs. Fred C. Saiter and Mr. Cumberland Saiter, London, Eng.; Mr. and Mrs. Hugh B. Mackenzie, Mr. and Mrs. E. C. Platt, Mr. and Mrs. D'Arcy Hunt, Miss Pyke, Mr. and Mrs. Arthur Haycock, and Mr. and Mrs. Irwin Smith, Montreal.

Col. and Mrs. Bishop are staying with Mr. and Mrs. E. W. Avenue, general executive of the association will meet on Friday, November 1, to decide the issue of the two months' conference upon the subject. It was pointed out that with the executive of former days there had been too much routine and discussion, and that this feature would be eliminated with the new and smaller executive.

Semi-Pros Subscribe Century in S.P.A.

The Sportsman's Patriotic Association yesterday received a cheque from the City Amateur Baseball League, the amount being \$100, part of the proceeds of the games at Scarborough Beach. In his letter, Secretary Thomas Benson wished the association continued success, and stated that it was the desire of the league that the money be spent in whatever manner the S.P.A. thought fit.

When Tommy Ryan Beat Jack Bonner

It was just 27 years ago, Oct. 24, 1918, that Tommy Ryan defeated Jack Bonner in 20 rounds at Coney Island. Bonner had claimed the middleweight title after the retirement of Bob Fitzsimmons, and had defeated Dan Creedon and a number of other good fighters in America and England. Kid McCoy, the great Hoosier middleweight, had gone after the heavies, and the Ryan-Bonner fight was advertised as the middleweight championship title.

TIME THE BLUFFING WAS SIDE-TRACKED

Hockey Public Getting Sick Listening to the "Homeless" Howl.

The Montreal Star hits the nail on the head with the following: "A game of bluff is very interesting once in a while, but when it is overdone it becomes tedious and disgusting, particularly to onlookers. There has been too much bluff in the pro hockey situation thus far, and if the gentlemen employed in exhibiting it do not stop pretty soon and let their cards on the table, they are likely to lose all public support during the winter, for general conditions will not be any too favorable under any circumstances. The man who is constantly speaking for the supposed Quinn interests in Toronto is making an absolute bluff when he says that those interests are at the present options on Dev's rink, Ottawa, and the Cobles Rink, Montreal. The Ottawa Hockey Club were bluffing when they claimed that they were going to have the Abernethy rink in play on, and there is just at the moment going on much bluffing in Montreal about the possession of Duke's Rink. The sooner the various promoters think up something else with which to keep the hockey-loving public interested between now and Christmas, and the sooner they drop their foolish bluffs, the better it will be for them."

A Montreal despatch says: Cadee Odie Cleghorn, the former Wanderer hockey player, is home on sick leave after an attack of influenza at the University Camp of the Royal Air Force at Toronto. He has been in the hospital since he was taken to the hospital last night that he had already received offers to play for three clubs this winter. He received a wife from George Kennedy, of the Canadians, and is planning to play for the Frenchmen in the Inter-School Association. He is out of the question, as Cleghorn could not get sufficient leave to play with a Montreal team.

Cleghorn also received an offer from Charlie Querrie, of the Toronto Arena Club, and also one from Percy Quinn, of the Shamrocks, formerly the Quebec Club. He has not decided which team he will play with in Toronto, as it is not certain that his manager, Lee Fowler, who played for Toronto, and last season at the coast, is at the same camp as Cleghorn.

Fowler, who played goal for the Seattle team last winter is also at the camp, but has been transferred to the coast, and will leave with the contingent for Siberia.

THE SAME OLD THING.

Montreal, Oct. 24.—When asked today regarding anyone having secured an option on the Victoria Rink for this season, J. H. Shaw, the rink owner, stated that he had not given an option on the rink to anyone. He had several enquiries about the rink and the Inter-School Association, but nothing definite has been done. The Inter-School League will play at the Victoria Rink again this season, and I think the rink again this season," said Mr. Shaw.

OTTAWA NOT RESTING OPTIONS ON PLAYERS

Stewart Hogarth, the clever junior defender, who has already been claimed by the Ottawa Hockey Club, has been elected captain of the team for the coming season. Manager Bill Marsden, Hogarth, Lount, Burch, Applegarth and Rutledge of last year's team, and Fenwick, who was spare goal-keeper two seasons ago.

An Ottawa despatch says: The Ottawa Hockey Club yesterday sent out options to all of the players who figure on the line-up last season. This option means that the players belong to the club, no matter whether they exercise these options or not, and they will exercise these options if any of the players try to join any other team.

Secretary Martin Rosenhall sent options to the following players yesterday: Clint Benedict, Eddie Gerard, Horace Merrill, Frank Nighbor, Jack Darragh, Cy Denneny, George Boucher, Eddie Lowry and Bill Mooney. Funch Broadbent, Angus Duford, Graham Bell, Wilson and Rat Bruce still belong to the Ottawa Club, but are serving overseas.

The hockey situation as regards Ottawa was more or less complicated yesterday. It was learned last night that it would probably be settled on Monday or the other within a day or two. The annual meeting of the Ottawa Hockey Club is to be held this evening, and a decision may then be reached as to the plans for the coming season.

FEATURES OF EARLY WORLD-SERIES INCLUDED FIST FIGHTS

In the early days of baseball there was no such universal, feverish interest in a world's series as is found today. The first clash of this kind was between the Providence club, National League champions, and the New York Metropolitans, pennant winners in the old American association, back in 1884. Three games were played, all in New York, Providence winning all of them. The total attendance was only about 3000.

The third game of the series was witnessed by only about 300 fans. The opposing pitchers, Radburn and Knickerbocker, were among the greatest in baseball history, but they couldn't draw the fans. The coin taken in at the gate went to the magistrates, and the players didn't get anything for their services.

In 1885 the series was between Cap Anson's Chicago White Sox and Comiskey's St. Louis Browns. The seven games, of which two were played in Chicago, three in St. Louis, and one each in Pittsburg and Cincinnati, attracted only 8000 admissions. Each of the clubs won three games and one was tied. The players scrapped and fought continually, and it was more like a free-for-all than a world's series.

The series of 1886 was again between Chicago and St. Louis, and it marked a great improvement over the preceding contests for the world's flag. The Browns won four of the six games played. About 40,000 people witnessed the games, and the entire receipts, \$14,000, went to the victors and was distributed among the Browns. Anson and his players didn't get a cent.

The 1887 series was the largest ever staged. St. Louis again upheld the honor of the American Association, while Detroit was the National League entry. Fifteen games were played—three in Detroit, two each in St. Louis, Philadelphia and Brooklyn, and one each in Pittsburg.

Excelsiors' RUGBY PRACTICE. Excelsiors will practise Saturday afternoon at two o'clock at Trinity College. All players are requested to be out in uniform.

EMPIRE CITY RESULTS

Empire City, N.Y., Oct. 24.—The races here today resulted as follows:
FIRST RACE—Six furlongs, all ages, selling:
1. Bright Angel, 5 to 2, even and 1 to 2.
2. Malice, 5 to 1.
3. Jumbo-Jumbo.
SECOND RACE—One mile and seventy yards, three-year-olds and up:
1. Barry Shannon, 3 to 1, 4 to 5 and 1 to 3.
2. Snapdragon, 7 to 10 and out.
3. Curious, out.

TOMMY SQUIRES IS KILLED IN ACTION

Tommy Squires, a well-known west end athlete, has been killed in action. He played in the outfield with the Excelsior baseball team when they won the Junior city championship in 1916, and played the same position in the city championship intermediate Spalding championship last year. He was taking part in the game against Elizabeth for the city championship last night. Tommy was also a hockey player of no mean ability, having played with St. Andrew's, the team that won the Playgrounds championship three years ago. He was a good sport, and well liked by everyone who knew him.

Boxing and Baseball Canceled Owing to 'Flu'

Owing to the epidemic and the consequent closing of the public schools, the boxing and baseball games and gatherings, the Sportsman's Club, were obliged to cancel the boxing tournament in Massey Hall, that was arranged for Nov. 1. The S.P.A. had to abandon their proposed game between the Hillcrest champions and an all-star Toronto team.

HORSES ARRIVING FOR N. Y. SHOW

Judge Moore and J. C. Thompson in Great Rivalry for Vanderbilt Cup.

New York, Oct. 24.—Coming from Pride Crossing, Mass., twenty-eight horses entered by Judge William H. Moore in the National Horse Show, beginning Nov. 11 at Madison Square Garden, arrived yesterday and were taken to his private stable in West Fifty-eighth street. This is the first string of show horses to reach New York for the coming exhibition at the garden, and from now on shipments from Canada and the west will be coming in at frequent intervals. Every horse in the string were the four gray coach horses, Lord Gray, Lady Gray, Toronto and General, that have won two legs on the Alfred-G. Vanderbilt Memorial Gold Challenge Cup. Thompson, who won the first competition for the gold cup in 1915, will be one of Judge Moore's principal competitors. He has assembled a brand new team, made up of gigantic gray horses, the wheelers standing 16 1/2 hands high and the leaders 16 1/2 hands. The team has either followed the jumps in the show ring, and it is said they can trot a 3-minute gait before a loaded coach.

Old rivals in the show ring, Judge Moore and Mr. Thompson, have had their first official annual competition for the first of the year since it was founded. When Mr. Thompson defeated Judge Moore in the first contest, the latter immediately set to work to assemble a new team, and at the National Horse Show of 1916 his new team of grays turned the tables on the winners of the previous year. It was then Mr. Thompson's turn to go on a hunt for new horses. He bought at least a dozen "prospects" from which he selected the four he is going to show at the garden. This team was entered last year, but the death of his driver, John D. Crimmins on the eve of the competition, caused him to cancel all his entries, and Judge Moore's team had legs on the trophy and another victory would make it his permanent property.

MARSDEN FOUND SCOTT. Bill Marsden, manager of the Aura Lee junior hockey team, is pleased when officials of the Hillcrest team deny that he was responsible for "letting" King break into the amateur ball game with Hillcrest's Jimmy Garlick, trainer of Hillcrest, at the time in question, is referred to by Bill Marsden, and he says Garlick will back him up to get Hillcrest to take the case. Marsden has a habit of knowing what he is talking about.

LAKEVIEW CURLING CLUB. The annual meeting of the Lakeview Curling Club, called for last evening, was postponed owing to the "flu" epidemic. It will likely be two weeks before the meeting will be held.

CANADIAN NOMINATIONS FOR LATONIA STAKES

The stakes book for the Latonia Championship Stakes to be run during the seasons of 1919 and 1920, has been published. It gives a complete list of horses nominated for the two events, and among the nominators are found two Canadian owners, J. Mackenzie and George M. Hendrie. The former has nominated the colt somewhere in France in the stakes to be run next season, while George M. Hendrie has nominated two for the stakes of 1920. One is a bay colt by Ballot, out of Coy Maid, and the other is by Hessian, out of Hazza.

J. W. McClelland, the owner of the two-year-old Eternal, which is to meet Billy Kelly in a match race at Laurel, has nominated Eternal in the stakes to be run next season. This will be the richest stake of the year, having an estimated value of \$50,000.

THREE-POINT GAIN BY DOMINION IRON

Bonus Rumor Inspires Upturn—Steamships and Brazilian Also Active.

Dominion Iron, Steamships and Brazilian fairly overhauled other issues on the Toronto market yesterday, these three stocks rolling up a total of well on to 1,900 shares or more than nine-tenths of the day's aggregate.

DOMINE EXTENSION AGAIN ADVANCES

Schumacher, Beaver and Timiskaming Are Also Active and Strong.

Bullish enthusiasm continues to manifest itself strongly in the mining market, and yesterday a number of further sharp advances were made, with Dome Extension again leading the way.

BANK OF ENGLAND'S RESERVE IS LARGER

London, Oct. 24.—The weekly statement of the Bank of England shows the following changes:

ON NEW YORK CURB

Hamilton B. Wills received the following wire at the close of the New York curb market yesterday:

NOAH TIMMINS' FLYER

Montreal, Oct. 24.—Noah Timmins, president of the Hollinger Gold Mine, is credited with having netted \$45,000 profit from the sale of the stock.

SAVINGS DEPOSITS SHOW ANOTHER BIG INCREASE

Ottawa, Oct. 24.—Savings deposits in Canadian banks have increased by another twenty-two million dollars.

Our Care of Real Property

Owners of real property often find that personal management of their holdings takes more time and effort than they can well afford.

Many have escaped the tedious detail work such management involves by entrusting our Real Estate Department with the care of their property.
