Fair Crowd Reaches High Water Mark With All Facilities Tested By Big Rush

Fine Display of Good Nature
Alone Prevents Trouble During
Wild Day and Night.

FARMERS' DAY.
8:00 a.m.—Gates open.
8:30 a.m.—Dog-judging commences.
10:00 a.m.—Short-horn-judging con-
tinued.
10:00 a.m.—Judging competitions,
sheep and swine, commences.
10:00 a.m.—Home-coming in Wo-
man's Building.
11:00 a.m.—Folk concert by Cold-
stream Guards' Band.
1:00 p.m.—Directors' luncheon.
1:15 p.m.—Farmers' stand open.
1:30 p.m.—Horse-judging in large ring.
2:00 p.m.—Breeding classes of horses
in small ring.
2:30 p.m.—Butter and cheese sale in
Cattle Building.
2:30 p.m.—Special program in Wo-
man's Building.
3:30 p.m.—Folk concert by Cold-
stream Guards' Band.
7:00 p.m.—Special Exhibition
held in front of grand stand.
7:10 p.m.—A Carnival in Venice.
8:00 p.m.—A Carnival in Venice.
9:15 p.m.—Fireworks.
11:00 p.m.—Gates close.

Missie 153rd, the highest priced cow in America.

The Exhibition wrote a new record
of attendance yesterday. The manage-
ment thinks the figure will be close to
120,000. Because of the volume of busi-
ness the auditors could not be definite
last night. The welcome accorded Li
Hung Chang brought out 110,000. This
was the high water mark until yester-
day, and it is the country's tribute to
Labor Day.

It was a turbulent occasion for man-
agement and patrons. Nothing but the
splendid patience and good nature of the
human tide which ebbed and flowed
incessantly thru the gates for eighteen
hours, the careful efforts of the police,
and the really able work of the street
railway people, prevented serious dis-
orders.

At 8 o'clock 10,000 struggling per-
sons were clamoring for admission at
the gates, and the lines were blocked.
At that time 80,000 persons were in
the grounds. General Manager Orr
seriously contemplated forcing the
Street Railway Company to hold back
their cars. It was a supreme emergency,
and the officials acted promptly.
Deputy Chief Stuart was among the
impatient crowd with his hands on his
hips, and the big exit gates were
thrown open, the carriage
way likewise, and relief was gradually
afforded the pushing, shoving throng.
The cars were held back until the
cash by these valiant men, and before the
rush was over the different officials
passed down to the administration
building, their pockets bulging with
coin and tickets.

All Entrances Blocked.
The regular entrances were utterly
overrun by the throngs. Thousands
were admitted thru the railroad
gates, but incoming trains brought ten
times as many people into the grounds
as they could take out. The crowd
contributed their enthusiastic mob
every three minutes, and the jam was
heavily. It was a supreme emergency,
and the officials acted promptly.
Deputy Chief Stuart was among the
impatient crowd with his hands on his
hips, and the big exit gates were
thrown open, the carriage
way likewise, and relief was gradually
afforded the pushing, shoving throng.
The cars were held back until the
cash by these valiant men, and before the
rush was over the different officials
passed down to the administration
building, their pockets bulging with
coin and tickets.

Helped the Little Ones Out.
Then dozens of children in the crowd
were lifted clear over the high fences
to save their little bodies from mutila-
tion. The police were inclined to take
the thing as they found it, and seemed
to be in a philosophical mood, and this
contributed to straighten out the mad
tangle. Exit was impossible until after
4 o'clock, except by the extreme south
gate. All bicycles were barred, and the
policemen carefully searched the sur-
ging crowd into the right channels.
Not an arrest was made and there
were no reports of theft, but the police,
who could account for the high fences,
have as fine a miscellaneous assort-
ment of personal property as any junk
shop could assemble. The gates were
not dampen the ardor of the good-na-
tured crowd, and the two big sides of
the grand stand, the fireworks, and the
various attractions afforded immense
satisfaction. The midway did a cor-
respondingly huge business, and every
concession in the ground was heavily
patronized.

GREAT YIELD IN THE WEST.
Winnipeg, Sept. 7.—Reports coming in from the districts where
threshing is general are to the effect that the work is being cleaned up
rapidly. The straw is light and can be handled easily, the product of
one hundred acres in some cases being put thru in a day.
A report comes from Emerson that one machine working in that
locality threshed 2,800 bushels in a day, and a thresher in the Carman
district reports 3,000 as a day's record for his machine.
The yield is heavier than estimated. A gentleman writing to a
business friend in the city says that although the wheat crops in the Indian
Head district in 1902 were considered "bumper," the yield this
season will be fully 10 per cent heavier.

Not Canada's Best Butter Gets to English Markets

Altho the Dominion Makes An Article Equal to Denmark's Best—
In 34 Years 45,000 English Children Have Been
Sent to Canada.

(Canadian Associated Press Cable.)
London, Sept. 7.—A shipowner and
merchant's letter to The Times says:
"Carnegie knows that ports like New
York draw shipments from longer dis-
tances to the detriment of small ports
like Portland, but if ever friction should
arise between Canada and the United
States on account of its preference to-
ward England, this would concentrate
the whole trade of Canada thru its
own ports, which would not suit New
York shipping people."
The Times comments on its corre-
spondent's letter, re child emigration to
the colonies, says: "In thirty-four
years 45,000 children have been sent
to Canada."
Canada Has Good Butter.
Anent D. Henderson, M.P. for Hal-
lowell, denouncing as a libel on Canadian
dairy products, Preston's statement to
the effect that Canadian butter sold
in London was no inferior that he was
obliged to purchase New Zealand but-
ter for his own use, I have just had
a conversation with the agricultural
correspondent of The Times, who says:

Price of Bread Raised.
Quite a number of towns in the
vicinity of London have raised the price
of the quarter loaf from five pence
half penny to six pence.

**THINK WAR INEVITABLE
BEFORE END OF MONTH**
No Formal Declaration, but Frontier
Incident May Precipitate
Hostilities.

Constantinople, Sept. 7.—War be-
tween Turkey and Bulgaria is now re-
garded here as inevitable. It is be-
lieved the outbreak will occur before
the end of September, when reinforce-
ments will have been concentrated in
Macedonia. It is not thought that
there will be any formal declaration of
war, but that some frontier incident
will precipitate hostilities. The Bul-
garians and Macedonians in Constanti-
nople are in terror of massacre.

TURKS BURN VILLAGES.
Sofia, Sept. 7.—The revolutionary
headquarters received information to-
day that the Turks have burned nearly
all the villages in the district of
Kastoria, near the Greek frontier. The
villages in that district were the largest
in Macedonia, each having from
1,000 to 2,000 inhabitants. It is added
that three hundred women and child-
ren fugitives from Zagoritobani went
to the Turkish commander of the dis-
trict to seek assistance and protection
from the Bashibazouks. The com-
mander promised them protection, but
when the fugitives left the Bashibazouks
pursued, outraged and killed many
of the women and children.

**J.L. Scholes, Globe Hotel, Collingwood
DIED AFTER TESTIMONY.**
Tilsonburg, Sept. 7.—Daniel Churchill,
a well-to-do farmer about 65 years of
age, on the Ninth Concession of South
Norwich, died while sitting in church
yesterday. About twenty minutes be-
fore the service was out Mr. Churchill
stood up and gave his testimony. When
the meeting was dismissed the minister
saw that Churchill had not left his
seat and went down to speak to him,
when he found him dead.

OUT ON OCTOBER FIRST IS HOPE OF COMMONERS

Ottawa House Sat Only Two Hours on
Labor Day, Thanks to F.
D. Monk, M.P.

Ottawa, Sept. 7.—(Special.)—The
house at 11 o'clock this morning
and adjourned two hours later. F. D.
Monk was responsible for the adjourn-
ment. He appealed to the government
on behalf of the employees of the house,
who, he said, were anxious to partici-
pate in the Labor Day demonstration.
Sir Wilfrid Laurier at first seemed
mildly hostile to the suggestion to ad-
journ, but on more mature delibera-
tion consented to recognize Labor Day
as proposed by the member for Jacques
Cartier.

The annual kick came from the West.
W. S. McCreary of Selkirk protesting
strongly against the waste of time.
The government would have been less
willing to adjourn if it had been in a
position to present business to the
house. The fact is that the govern-
ment had visible means of keeping the
house busy. Consideration of the
national transcontinental railway bill
has been postponed to September 14
and the redistribution bill will not be
taken up before Thursday next.

Gladstone Oct. 1.
Parliament may prorogue by October
first. Four days will dispose of the
people of the country. He thought
and two weeks should be sufficient for
the redistribution bill. Members are
counting on leaving Ottawa during the
first week of October.

WRESTLER FATALLY INJURED.
Hamilton, Sept. 7.—(Special.)—Os-
borne Taylor, a well-known athlete,
was probably fatally injured to-
night in a friendly wrestling bout.
The Colchester Guards give a richer tim-
ber and their ensemble is more resonant
because of the number of instruments used
in expression. The overture to "William
Tell" and the introduction to Act 3 from
"Les Huguenots" were the chief pieces
performed in the afternoon's program.
The orchestra was well conducted, every
note was clearly heard, and the music
was played in a most satisfactory man-
ner. It happened to be the object of

Press.

**Fair in Best Attire Will Greet Farmers
Record Crowds Expected by Directors**

**Attendance May Pass the 50,000
Mark To-Day is Dr. Orr's
Fond Hope.**

The best attire of the big Fair will
be donned to-day as a tribute to the
industrial element of the nation. The
management is determined to make
Farmers' Day one of the strongest fea-
tures of the Exhibition. In the old days
it was the occasion for the largest gath-
erings witnessed during the season.
Weather favorable, the officials believe
the attendance will pass the 50,000
mark to-day.

REMARKABLE RECORD OF ORDER.

Yesterday was a remarkable day as far as the police were concern-
ed. With many thousands of strangers in town, and two huge public events
in different parts of the city, with an aggregate attendance of nearly
100,000 people, not one arrest for a criminal offence was made, nor
was any "occurrence" reported. At the Exhibition, where over 100,000
mingled together, all was order and propriety. Never in the experience
of the police force has such a record been established, all things con-
sidered.

GUARDS A GREAT BAND THEIR MUSIC A DELIGHT TO MUSIC LOVERS.

First Performances of Coldstreams
in Massey Hall a Revelation
to Music Lovers.

The past season has been one of great
delight to the music-loving public of Tor-
onto, which knows how to appreciate that
which is really good, and to drink in the
great compositions of the present and the
past, when faithfully portrayed. The oppor-
tunities of hearing the overture to "Wil-
liam Tell" by Rossini have been manifold.
The Coldstream Orchestra, the Chicago Sym-
phony Orchestra, Banda Rossa, Cremonese,
Sousa and all the bands of note which have
visited Toronto, usually place this overture
as the first number on the program; but
well as it has been rendered before, it
never was given a rendition equal to that
of the Coldstream Guards' Band in Massey
Hall yesterday afternoon. The mysterious
opening of the piece, descriptive of the
mountain solitude at sunrise, was a revela-
tion in the message of the fine, the
wind showed its full power. The distant
flutes, the strings, the woodwinds, the
part of the rain was distinctly heard.
When the brass section is prominent the
bassoons blow, and the brass section is
wonderfully heard. Even in the forte
passages there was not that harshness so
common to brass instruments, and the soft-
ness such as the woodwinds play in their
parts of the orchestra. There was not
that thinness so common in other bands,
and the music was not that harshness so
common in other bands. The music was
not that thinness so common in other bands,
and the music was not that harshness so
common in other bands.

**LABOR MEN IN PARADE
BIGGEST AND BEST YET**

The weather was the only disap-
pointing feature about the celebration
of Labor Day by the men for whom
the holiday is in honor. The parade
in the morning was under threatening
skies, but the number of men who
turned out was larger than on any
previous occasion. It is estimated that
over 3000 of the city's best colors
passed in the procession thru a contin-
uous throng of spectators, who lined
the sidewalks and crowded into the
roadways along the three-mile route.
And a better-dressed or better-appear-
ing body of workmen could not be
found anywhere. This feature of the
parade told in a more convincing way
than words that the prosperity of or-
ganized labor was never at a higher
tide. The path of the workman has
not always been, nor is it likely
ever to be, strewn with roses, but
somehow they seem to flourish and go
on their way rejoicing.

Greatest of All Dog Shows The Judges' Arduous Task

Quality and Quantity Better and Bigger Than Ever Displayed in Canada—Number of Cocker Spaniels Beats All Records—List of First Day Awards.

The dog show opened on Monday at the Exhibition, and the building was thronged all day with people inspecting the prize animals.

The display excels in quality and quantity any ever held in Canada before. This is the fifteenth annual international dog show, and it will last three more days.

All the available space is occupied. Judging was commenced on Monday and will continue today.

The cocker spaniel is the largest class ever shown at any dog show held in America. The Newfoundland has been presented for the year.

Black and Colored SILKS, 50c Yard, Rich Black SILKS About Half Price, Basement.

The Black Silks comprise a wide range of attractive weaves, including Taffetas, Beau de Sole, Louisines, Satins, Satin Duchesse and a splendid lot of elegant pure Silk Brocades, regular 75c quality; of colors there is a splendid assortment, plain effects in Taffeta and Louisine, and fancies in the Louisine and Taffeta weaves, stripes, checks, plaids and figured effects, for dressy waists and complete dresses; these colored silks are qualities that sell at 75c, 85c and \$1 yard, all grouped for Wednesday, in the basement, per yard, 50.

The importance of this offering is accentuated by the fact that the silks, though sold by the piece, happen to be composed of the most suitable lengths for waists, separate skirts and dresses; the total of the offering is about 2000 yards, and under particular notice, Peau de Sole, shimmering Louisines, soft finish Taffetas, elegant Moire Antiques and Moire Velours, beautiful Brocades, rich Satins and Satin Duchesse, Surahs and Merveilleux; all told, a most striking collection of desirable black silks, on sale Wednesday, main floor, by the piece, AT ALMOST HALF REGULAR PRICES.

Three-Quarter JACKETS, \$5.00 A lot of about fifty garments, three-quarter length; some were \$10, others \$18 each; they include mixed tweed effects in black and white, grey and white, and also fawn and black broad-cloths, splendid, stylish, perfect-fitting and finely-tailored garments, sizes 32, 34, 36, 38, on hand, in the cloak department, each 5.00.

Novelty VESTINGS These are the season's most pronounced novelties for shirt waists and shirt waist suits; the pattern range includes small pin-head dots and broken checks, in washing colors; we are also showing a wide selection of stripes and borders, all wool flannels, in every new color, per yard, 75c, 85c, 1.25.

Children's WOOL VESTS, 25c. Exactly half-price; these vests are sold regularly at 50c; plain, natural wool, soft finish, medium weight, button front, long sleeves, ribbed cuffs, chest measure 22, 24, 26, Wednesday, each vest, 25c.

Women's Plain Black Cashmere Hoopery, heavy weight, with 3-ply soles, fashionable, and under particular notice, Wednesday, three pairs 1.00 for 50c.

Hemstitched CLOTHS Half Price, \$2.50, Worth \$5.00. 95 only Pure Linen Hemstitched Table Cloths, a manufacturer's little lot that come to us at half value; the cloths are 2x2 1/2 yards, and of very fine quality Double Satin Damask, nicely drawn and hemstitched by hand, regular \$5 value, to clear, Wednesday, each 2.50.

French Unshrinkable FLANNEL, 37 1/2-2c Yard. A Beautiful Soft All-wool Cream French Flannel, 27 in. wide, twilled weave and plain for women's and children's use, regular value 45c yard, on sale Wednesday, per yard 37 1/2.

New German VELOURS, 20c Yard. These are beautifully printed fabrics for women's Kimonoes and House Wrappers; soft fluffy material, a good grade for side trip from Toronto to the famous Muskoka Lakes, Lake of Bays or Georgian Bay.

Real Down Quilts, size 5x7 ft., finest art saten coverings, handsomely bordered, pretty shadings, filled with fine pure down, 75c value, on sale Wednesday, each 5.00.

Class 3, winners, dogs and bitches—Siren, E. C. Short & Son, 1; King Richard II, Winifred Mae Minar, 3.

35 IS THE AGE LIMIT FOR RAILROAD EMPLOYEES

Erie Corporation Managers Draw the Line on Failures at That Point.

At what age does a railroad employ... That is a question the managers of the big transportation companies of Canada and the States are just now busy solving.

The Erie Railroad has promulgated an order calling for the resignations of all clerks recently engaged who, at the age of thirty-five, have not advanced.

The resignations must be forwarded to the offices of the company within thirty days, because the officials feel that there is no chance for men who, at thirty-five, have not demonstrated their executive ability.

The men who are deemed to leave are those who have entered the company's employment since May 1, 1901, and in an apologetic way the officials say that there are comparatively few who will be affected.

In future, however, no man who has reached the age limit will be given employment in the clerical grade by the big railroad.

Men who have become thirty-five without succeeding at something else have little chance to take up railroad work, in the explanation of Secretary Granville A. Richardson.

President Underwood, however, does not put it in the same way. He says: "The road owes a duty to men in its employ for the major part of their lives. It is constantly making provision for these men. It is an injustice to them to have men who have seen their best days in other lines enter our employ. It is to protect our old employes that the order is issued."

It is fair to assume that a man who has worked at some other business for the better part of his life is too well grounded to be of special value to a railroad company. The aim is to employ young men who wish to make railroading their business.

The employment and training of railroad employes is a serious problem which can best be appreciated by those who are frequently the victims of bad judgment in railroad offices. This is what we are trying to remedy, said Secretary Richardson.

"We do not say that a man who has been in the railroad business for some years is useless at thirty-five if he has not advanced, for he has at least learned the routine."

"The fact that he is still in the business, however, shows that there has been some defect in the system that kept him when he was young. He should have been dropped long before."

Young Men Wanted. "Railroading officials should be taught while the brain is young. The younger the better, and in the future any man who asks us for employment we will give a very strong explanation of why he has failed in other capacities if he is anywhere near thirty-five."

"If he is thirty-four, however, when we take him and he demonstrates to us that he will develop, we will keep him; otherwise we will not keep him until he becomes a burden that we cannot throw overboard."

"We have lots of dead wood and that which we have taken aboard since May 1, 1901, we must drop before the men come to have some claim on us. Men at thirty-five may become proficient in other things, but certainly not in railroading."

A MAN WHO DARED. Plucky Contractor Who Was Not Afraid of Niagara Falls.

Niagara Falls, N.Y., Sept. 7.—William LeRoque, a French-Canadian fireman, employed by Battle Bros. of Thorold, who are building a large wing dam for the Niagara Construction Company, was the hero of a feat during the past few days for his cool and skill with which he has surmounted almost insuperable difficulties.

The dam is being built 200 feet out into the river at the head of the White Horse Rapids and 700 feet down stream. Four hundred feet of the second section has been built, and the contractors wished to obtain soundings of the river which would show the depth of the water at the site.

It was lowered from the extreme end of the dam, and the force of the current, which runs 15 miles an hour, at once sent it to the bottom like a stone. The cable, which had to be lowered 275 feet down stream, the Frenchman then constructed a box, attached to the cable with a pulley arrangement, got into it and had his men let him slide out on the cable, the pulley attached to a steel rod, the Frenchman took the level, and engineers above took the level.

He was able to lower the box by means of a contrivance, and at once he was within two feet of the raging current, but he did not seem to care. He was in a danger, and was surprised on being congratulated on his bravery.

Another surprising feat was that of obtaining soundings on the upstream side of the dam. On an extremely narrow way that runs along the dam, he constructed a cantilever truss of steel rails and cables, and swung across the river a platform 50 feet on either side of the dam.

Taking the boat he had previously used and leading it with stone, he anchored it to the truss on the lower side and attached his box to the other end by means of a steel rod, although the current is of great violence and has many undercurrents. He was able to take the soundings, and the boat was moved to the other side of the river by means of a cable, and he was only by the greatest skill that a man could maintain his equilibrium in his frail boat.

To Respect Railway Rights. London, Sept. 7.—The Times correspondent writes: "The Japanese negotiators are reported to be very insistent, and a form to be disregarded. In a memorandum that the Japanese minister presented to Count Sadow, the Russian Foreign Minister, provision was made for the mutual recognition of the respective railways and the two powers in Manchuria and Korea, each power to define its rights and have authority to guard its railways against disturbances within its sphere. In this connection it should be noted that Japan has been preferred for the rights for railway construction in Korea."

A Determined Suicide. New York, Sept. 7.—Charles Bruning, 42 years old, committed suicide today by jumping in front of an electric elevated train. He was literally cut to pieces. Bruning attempted to commit suicide last Friday, when he stabbed himself with an ice pick, and while being taken to court today he was arraigned for the attempted suicide, he overpowered the policeman who had him in custody and almost succeeded in hurling him before the approaching train. The officer was rescued by bystanders on the station platform.

Burglars Make a Bail. Winchester, Sept. 7.—The offices of M. F. Beach & Co. and Eager Sanderson Company were both entered early this morning. The combinations on both safes were worked successfully. From the Beach Company's safe there were taken, in cash, \$275 and cheques to the value of \$500. In the other safe there was only a few dollars.

Fighting Yellow Jack. Mexico, City, Sept. 7.—The health authorities of Tampico are taking desperate measures to stamp out the yellow fever epidemic there. They have just burned 200 residences, which had been inhabited by yellow fever patients.

Canned Salmon Will Be a Luxury. Portland, Ore., Sept. 7.—The Pacific coast pack of salmon this year is one million cases smaller than last year, and two million cases short of the output in 1901. A big shortage in Columbia River salmon, an almost total failure of sockeyes in Puget Sound, and in British Columbia as well as a deficit of 50,000 cases in Alaska salmon, are responsible for the small size of the pack.

For New Canal Treaty. Bogota, Wednesday, Sept. 2, via Buenos Aires, Sunday, Sept. 6.—The committee of the senate yesterday presented a plan to form the basis of a law providing for a new canal treaty which the government is authorized to negotiate with the United States. The discussion of the project will take place Sept. 7.

Japan Buys an Island. St. Petersburg, Sept. 7.—The following dispatch has been received here from Port Arthur: "The Japanese of the small island of Sambak near Mok Do, which is strategically important, have caused a considerable sensation in Korea."

Filipino Getting Americanized. Manila, Sept. 7.—Luis, Sultan of the constabulary was murdered by a mob of native policemen at Cebu a few days ago while attempting to arrest a policeman for disobedience of orders. His assassins were promptly arrested.

First, we want to protect our old men, and secondly, make it unnecessary to go to other offices for good employes. In view of this action of the Erie, it is interesting to note the men who have accomplished things after the age of thirty-five. Julius Caesar was thirty-nine years old before he reached his first important military command. Oliver Cromwell was a very important man until he was nearly forty, when he was galled on the armor which a few years later began to identify him with England's history. Christopher Columbus was nearly forty when he went to discover America with his men for the discovery of new continents, and it was not until he was forty-six that he started on his voyage. General Grant was a town character in the West until he was almost forty. Admiral Farragut was still a navy captain at forty-four, and it was in the latter years of his life that he became a distinguished admiral. At forty Lord Nelson had done little and was involved personally and politically, yet seven years after he died on the deck of the Victory one of England's most famous men. William the Conqueror was forty when he was crowned King of England, and he afterward earned his title. Napoleon at forty and in the five subsequent years of his life was at the height of his career. Martin Luther was thirty-eight before the world began to hear from him in a way that changed religious history. Abraham Lincoln was forty-nine when in his discussions in his senatorial campaign the country first heard his anti-slavery utterances.

CANADA'S GREATEST PIANO & ORGAN HOUSE GOURLAY, WINTER & LEEING 188 YONGE ST. TORONTO

EXHIBITION NOTICE Do not look for our name or sign over any of the Piano exhibits, even those exhibits which are under our care. Our trade competitors have insisted that our signs be displayed INSIDE OF THE CLOSED DOORS. BRILLIANT IDEA, ISN'T IT? Our competitors don't admire our signs, or love our competition, and therefore the Piano and Organ Manufacturers' Association have labored and brought forth, not a mouse, but the above resolution. Nevertheless, Mr. WINTER and a staff of salesmen will be in attendance daily at the following stands: GERHARD HEINTZMAN MENDELSSOHN and DOMINION. Be sure and find us; it will pay to interview us even if you don't buy our pianos. The more our competitors combine against us the larger grows our trade, and most callers assure us that we have the best pianos at lowest prices in Canada; and, what is more, we intend, this shall be our reason for your trade.

CAVERN UNDER A TOWN. Harrodsburg, Ky., Company May Exploit the Marvel.

Harrodsburg, Ky., Sept. 7.—Under Harrodsburg's main streets and business houses is a cave of great size. This cave has been partly explored several times, and while no extraordinary wonders have been discovered, still there is room enough under the town to be used for various purposes. There are rooms, archways and passages all abounding in stalagmites and stalactites. The cave needs only to be furnished with a convenient entrance to make it a popular resort in summer or in frigid weather, as the temperature is the same during the four seasons.

Its greatest depth under the town is not more than 60 or 70 feet and much less in places, where the rumbling of vehicles above can be distinctly heard.

There is talk of forming a company to lease and lease privileges for giving entertainments.

Canada's Minerals. A timely little pamphlet, "Canada's Minerals," issued by the Mines and Geology Department of the Dominion Government, gives a very interesting glimpse into the vast possibilities of the Rocky Mountains, Laurentian and Maritime Provinces' mineral resources, and a complete and up-to-date list of the chief products and the development reached in working them.

A Place of Interest. This morning at 11 o'clock the regular auction sale of harness, carriages, harness, etc., will be held at the new Repository, corner Simcoe and Nelson streets, and visitors are specially invited to see the establishment before leaving the city. They will be able to say they have seen the best combination horse harness and carriage repository in the world.

St. Mary's Sanctuary Bazaar. At a meeting of the above-named society, held on the 6th inst., the following were elected officers for the ensuing year: President, John Madigan (re-elected); vice-president, Stephen Smith; secretary-treasurer, Geo. Roe; librarian, Wm. Doer; assistant librarian, Wm. Maloney.

Viewed With Alarm. London, Sept. 7.—The Daily Mail appeals this morning for the formation of a British syndicate to forestall the attempts of an American combination to buy up all the Dorsetshire and Devonshire "ball clay" mines, with a view to obtaining control of the British pottery trade.

Maid First Run. Newcastle, Sept. 7.—The G.T.R. off-sets on board passenger train No. 6 made the first run over the new track from Newtonville Station to Port Hope this morning.

Held Justice Services. Beaverton, Sept. 7.—St. Andrew's Church held justice services today in commemoration of the institution of Rev. Dr. Watson, 50 years ago.

Round Trip, Home-Seekers' Excursions. On September 1st and 15th, 1903, round trip tickets will be issued from Chicago \$2, to points on the G.T.R. Northern Railway in the States of Minnesota, North and South Dakota, Oregon, Idaho, Washington, also to all points in British Columbia, reached via Great Northern Railway.

Richard Blain Asks. Ottawa, Sept. 7.—Mr. Blain will ask the government how many answers were received in census schedules, and how many were recorded to questions asked by enumerators. He also asks how many of the municipalities in the Dominion of the population were not in the census of 1901, and how many were added in 1901 and 1902, respectively.

The Talk of the Town. Is the excellent quality of coal handled by MELNICK & CO. this year. Phone Main 2870 and order a tub. Head office 58 King street east.

TURTLE AS BIG AS A HORSE Has Been Shot, at But Bullets Won't Take Effect.

Geneva, N. Y., Sept. 7.—Geneva fishermen are awed by a huge turtle that has held forth for a long time in a stagnant pool of water between the tracks of the New York Central Railroad. At that time it was three feet long and two feet thick. The reptile again made its appearance this week and is as large as a horse.

It has a strange, horny skin. The turtle has been shot at, but every bullet rolls off its back like so much water. All efforts to catch the reptile have thus far proved futile.

MILLIONAIRE UNDER SERIOUS CHARGE. Arrested for Assaulting His Wife With Intent to Kill.

Los Angeles, Cal., Sept. 7.—Col. Griffith, a millionaire resident of this city, and a member of the Board of Park Commissioners, has been arrested on a charge of assaulting his wife with murderous intent. Mrs. Griffith is in a hospital suffering from a pistol shot in the head and a compound fracture of the leg. She was shot last Thursday in a Santa Monica hotel, where, with her husband and her four-year-old son, she had been spending the summer. In her statement to the district attorney, Mrs. Griffith said her husband shot her after forcing her to answer at the pistol point some irrational questions as to her faithfulness.

Two of Four Drowned. New York, Sept. 7.—Four young men, who had been spending their vacations at the Y. M. C. A. summer camp, opposite Inwood, capsized in the Hudson to-day and two of them were drowned. The dead are Wm. Parks, 19, and J. Baldwin, 18, of Harrison, N. J.

DUG OUT OF JAIL. Three Prisoners Break Away to Freedom at Albany.

Albany, N.Y., Sept. 7.—"Shenny" Harris, one of the gang of five that murdered John Matthews Wilson at Cobleskill, Watkinson, who was two other persons, Edward Cain, colored, aged 37, and James Kelly, aged 30, both charged with burglary and grand larceny, dug their way out of the Schoharie County Jail at Schoharie at 3 a.m. today, and escaped. Three other prisoners were in the jail, but were locked up and could not escape. A reward of \$200 is being offered for the apprehension of the three men.

Kaiser Approves Uhlans. Berlin, Sept. 7.—Emperor William stopped a number of Uhlans who were riding a crowd at the military parade near Leopoldow Sunday, and sent him out of the camp, whose pressure broke thru the alignment of the troops, as the cavalry pushed upon him, caused His Majesty to send his horse toward the scene of the disturbance and having done so, he said to the spectators cheer the Emperor for his sake of the cavalrymen.

Want to Get Him Out. Panama, Colombia, Sept. 7.—Gen. Fernandez, who was one of the presidential candidates, has been offered a European legation. It is believed that the government is anxious to send him out of the country and thus keep him out of the presidential contest. Advice received here from Bogota says that a stormy session was recently held in the House of Representatives, when the soundings arising out of the erratic conduct of Gen. Cobelo July 25, came up for discussion. The representatives for the department of Panama complained bitterly that the isthmus was being exploited as a colony, and that all the high officials were appointed from other departments. Ricardo Arango being the only governor appointed from the isthmus since 1881.

Richard Blain Asks. Ottawa, Sept. 7.—Mr. Blain will ask the government how many answers were received in census schedules, and how many were recorded to questions asked by enumerators. He also asks how many of the municipalities in the Dominion of the population were not in the census of 1901, and how many were added in 1901 and 1902, respectively.

The Talk of the Town. Is the excellent quality of coal handled by MELNICK & CO. this year. Phone Main 2870 and order a tub. Head office 58 King street east.

RACE OF MEN MONKEYS Discovered in Paper in Tree and Can't Walk.

London, Sept. 7.—A Melbourne despatch to The Daily Chronicle says the Administrator of British New Guinea reports the discovery of an extraordinary tribe of marshland dwellers in the island of Papua. Owing to the swampy ground and tangled tropical undergrowth, walking and canoeing are almost impossible. The native dwellings are built in trees, and as a result of the conditions the natives are gradually losing the use of their lower limbs and are unable to walk on hard ground without their feet bleeding. Their bodies have developed enormously, while their legs and thighs have become atrophied. In figure and carriage they are ape-like.

Special Train to Guelph, Berlin and Stratford. Will leave Toronto Union Station via Grand Trunk at 11:00 p.m., North Parkdale, 11:10 p.m., Thursday, Sept. 3, to Friday, Sept. 11, inclusive, for Brampton, Guelph, Berlin, Stratford and all stations between Guelph and Stratford.

How Iron-ox Tablets Cured a Well-Known Guelph Man of Catarrh of the Stomach.

The Guelph Waterproof Clothing Co., Guelph, Ont. December 12, 1902. Through your Iron-ox Tablets I have received a great blessing. For years I was troubled with my stomach. I doctored with several good doctors and they told me I had dyspepsia, but I was sure it was not that which ailed me. At last I found out it was catarrh of the stomach, and they told me I could not be cured. It got so bad at last that my stomach had ulcers, and I suffered something awful. Being a commercial traveler I received a box of your Iron-ox Tablets free last winter. I took them right along and I noticed, when away from home and staying at hotels, eating different food, it did not hurt me as it always did before; so when that box was empty I bought two more, and I must say my stomach is fully restored to its old-time work. I never leave home without a box of Iron-ox Tablets with me, as I believe them to be the best thing for the stomach ever made. I have recommended them to a very great number of people. As I travel from one end of the country to the other I am well known. I am a member of the above firm and do the traveling for them, and everyone that knows how I suffered with my stomach knows the difference now. I would have written sooner, but waited to make sure it was lasting, and I feel sure it is. I must say it is the best remedy I have ever used, and I would not be without it. Hoping your Iron-ox may cure many as it has me, I am yours sincerely,

W. F. PAYNE.

Fifty Iron-ox Tablets, in an attractive aluminum pocket case, 25 cents at drug-gists, or sent, postpaid, on receipt of price. The Iron-ox Remedy Co., Limited, Walkerville, Ont.

VISITORS MUST SEE IT

There's a snappy taste of fall in the air already, and it won't be long before the snow flies. There's a good touch of comfort in our prices, and the fur garments we have in our big show-rooms are rich and well-made every way.

These garments were specially prepared for Fall week, and are Exhibition goods in stock and finish. Summer prices for these goods are still in vogue, so that to buy now you not only have a better choice at a low price, but you will have a new style garment of rich finish to meet a sudden change in temperature.

Visitors to the Fair should not overlook our big exhibit in the show-rooms.

The W. & D. Dineen Co. (LIMITED) Cor. Yonge and Temperance Sts. Toronto.

LABOR MEN IN PARADE

Continued From Page 9.

Tobacco Workers' Union, Musical Protective Association, Stage Employees and Street Railway Men.

In section six walked the Piano and Organ Workers' Council, Piano and Organ Workers Local 39, Piano and Organ Workers Local 41, Wood Carvers, Upholsterers' Union, Journeymen Tailors, Clothing Cutters, Clothing Operators, Clothing Pressers, Furriers' Union and Room Makers.

Section seven was made up of the Federated Council of Building Trades. The painters walked clad in snow-white uniforms, and then came the Federated Council of Building Trades, Painters' Union, Stone Masons, Builders' Laborers, Sheet Metal Workers, Structural Iron Workers, Inside Iron Workers, Ornamental Iron Workers, Stone Cutters, Marble Workers, Plumbers, Steam and Gas Fitters, Brotherhood of Carpenters, Amalgamated Carpenters, Electrical Workers No. 114, Electrical Workers No. 532, Lithographers, Plasterers' Laborers, Concrete Workers, Tile Layers, Bricklayers.

The plumbers had a neat blue uniform, and with their tools in a basket, they marched in a most impressive manner. The electrical workers had a neat, showy telegraph, poles and telephones.

Toronto Typographical Union No. 91 had a real live printer's devil with them. They preceded the Allied Printing Trades' Council, Streetcar Drivers' Union, Washermen, Printing Pressmen, Printing Press Assistants, Bindery Women, Bookbinders' Union, Maltsters' Union.

With the boiler-makers and iron ship builders in section nine, two floats, representative of their calling, displaying a fine model of a jago vessel, with the name, "Canadian," and the name of the Canadian Grain. The other unions in the section were the Amalgamated Society of Engineers, Marine Engineers, Marine Firemen, Steam Engineers, Boiler Makers' Helpers, Council, Piano Makers Local 34, Cabinet Makers No. 157, Wood Working Machinists No. 126, Picture Frame Workers No. 114, Carpenters' Association, Glass Workers' Association.

Then came the Mayor and City Council and members of the School Boards, in carriages, which were being pulled by a number of Toronto's gallant drivers. Chief of Police, Deputy Chief of Police and Chief of Fire, Stueley and Smith headed the line, followed by foremen of companies and the two floats in their red and white. Most of the floats were in the line and all were decorated with flags. No. 4 horse wagon was hooked up with a floral design that reflected great credit upon the men of that active company.

The parade wound its way down Yonge to Queen, to Spadina, to King, to York, to Yonge street, winding in the city. The parade had a number of ferries in readiness to convey the crowd across the bay.

Results: The thousands watched the athletic contests, which, in point of interest, exceeded anything that has been held on the Island in years. There were 22 events on the program, which proved most interesting to the complete ending. They are the fact that so many contests were so evenly fought that the best trial would not determine a winner. Thousands of people lined the course of the runners and jumpers and

PERSONAL MENTION: Speed's Mills, Sept. 4.—Alto quite ill a few days ago with a severe attack of irritable throat, inflamed tonsils and sore chest. Mr. Wright is around once more, having used Catarrhione, which cures these complaints very quickly. Everyone is talking about the merit of this preparation, which is having a big sale here. Two months' treatment costs \$100. At all drug stores.

SCORE'S A Cravenette Overcoat is Rainproof

It does duty as an overcoat and raincoat. Nothing smarter or better for the autumn season. One new material is just to hand—all the latest shades. Special \$28 and \$30.

R. SCORE & SON, Tailors and Haberdashers, 77 King Street West.

joyed the good sport. An unfortunate happening in the race was when Mrs. Jeffries dropped to the ground in a fainting spell, it took half an hour to bring her round. Following is the summary: 100 yards (union men only)—W. Vennels 1, J. Farmer 2, G. Dolson 3. 150 yards race (union men only)—Won by typographical team, Crammond, Smith, Vennels and Hardy. 200 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 250 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 300 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 350 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 400 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 450 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 500 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 550 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 600 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 650 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 700 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 750 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 800 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 850 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 900 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 950 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3. 1000 yards race (union men only)—L. May 1, J. Green 2, T. Hatcher 3.

Baby Show a Howling Success.

The Baby Show was the big event of the Island Park demonstration. There were no fewer than 253 babies examined and passed on by the committee of judges. The entire show was an unqualified success in point of numbers and in the excellence of the exhibits. The advocates of the race-icide theory would have received a severe jolt had they been present and witnessed the healthy, hearty-looking youngsters, with their anxious mothers and in many cases with fathers, thronging the stand and anxious to have their babies examined and certified as sound and sane from other sources. There were babies of all sizes and many colors, but that could not be expected to win a prize and babies under one year of age, but the mothers were equally eager to catch the eyes of the judges and no one was brave enough to suggest that any of the infants should be withheld.

Dr. Spence, Ald. Dr. Harrison and ex-Ald. Harvey Hall began the judging about 10 o'clock and continued their work until 4 o'clock. The committee was joined by Controller John F. Loubser, the arrangements were very neat and the judges were hampered in their work by the crowds on the stand, which was too small even for the number of babies. The judges, however, did their work with dispatch and with great tact, succeeding in securing all the candidates and awarding prizes. There were 144 babies entered in the first class—infants up to one year old—and this record would probably have been equalled in the other classes had not the rain driven many of the mothers home. In the class for babies between one and two years there were 63 entries and 44 between two and three years of age. The judges decided the merits of the children on the three points of beauty, body and brain, a maximum of 100 points for each attribute. They decided upon each infant as it was presented and noted down an estimate. Each judge worked independently, and the results arrived at were in many cases widely different. Dr. Harrison was inclined to view the exhibits with critical and professional eye, and it was a mighty fine baby that received a maximum in his marking. Dr. Spence generally was more liberal and Harvey Hall was generous. All were served, however, the same standard, and so many fine babies together, and were much surprised at the quality shown. It was also a matter of congratulation that the prize winners were marked equally high by each of the judges, there was no question as to their excellence.

Remember to Err in Human.

The judges refuse to correct Klummins' residence after their labors were concluded and figured out the percentages. As no record was kept of the names of the babies, it was impossible to ascertain the numbers of the prize-winners, but the holders of the lucky numbers are requested to call at the office of the president of the committee, Richard Southwell, 414 East Adelaide-street, where they will obtain orders for their prizes. The committee checked the results with the other three judges, and they were checked, so that no opportunity could arise of any error in the count.

RAIN SPOILED THE DAY.

The parade of the day was spoiled by a heavy rain, which fell early in the morning and continued throughout the day. The parade was held in the afternoon, but the rain was so heavy that the parade was postponed. The parade was held in the morning, but the rain was so heavy that the parade was postponed. The parade was held in the afternoon, but the rain was so heavy that the parade was postponed.

PARADES LED THE WAY.

New York, Sept. 7.—The central feature of the celebration in this city was the parade of union labor, which took place this morning. Representatives of unions in the Board of Building Trades and of some outside unions marching under the leadership of Sam. J. Parks, walking delegate of the Housewives' and Bridgemen's Union, mounted on a white horse. Behind him came an open carriage containing William S. Devery, former chief of police, and Assemblyman Butler. This carriage being flanked by one containing Mrs. Samuel Parks.

PARADES LED THE WAY.

Park's progress from 30th-street to Washington Arch was attended with cheering and hissing, applause and jeers, insulting remarks and plaudits. At eight or ten different points women standing at the curb hissed when Parks was passing and then turned to cheering the rest of the parade. On several occasions there was cheering on one side of the avenue and hissing on the other. The parade was reviewed by no city official, and the only approach to a formal review took place near the end of the route, where Parks and those in the carriages halted while the spectators defiled before them. The parade then broke up and the organizations scattered.

PIERCE LABOR TROUBLE.

Chicago, Sept. 7.—Following the alleged charges that money was collected by assessment from the various labor unions of Chicago had been wasted and consumed in salaries, the Chi-

How About Furs?

You can pay all the expenses of a trip to Toronto buying Furs as we sell them.

Our "King Edward" store is helping us take care of the trade. Never before have we had as many buyers, as well as lookers.

Canada is the greatest fur producing country on earth, and we're among the biggest furriers.

The business has grown because we "play fair" with customers.

Making the store twice as big is part of the plan for doubling our trade.

We've a broad welcome here this week for visitors and sightseers. Our fur showrooms are as attractive a spot as you'll find in town.

Fairweather's 84-86 Yonge Street.

Class Eyes

We make a specialty of the careful selection of Artificial Eyes, both as to color and form. We carry the best brand of annealed surface hardened Artificial Eyes, than which there are none better.

RAIN SPOILED THE DAY. St. Catharines, Sept. 7.—The second annual celebration of the trade and labor organizations of this city was held today. The number of visitors with their bands came from Hamilton, Beausville, Merrinton, Thorold, Niagara Falls, N.Y., and Buffalo, and but for the rain, which set in about 2 o'clock, lasting all afternoon, it would have been one of the biggest days in the history of the city. The morning was spent in receiving the visitors. At 1 o'clock the procession moved on from the city square. Fully 1500 men with six bands were in line and presented a neat appearance. They marched to the lacrosse grounds, where a lengthy program had been arranged. Speeches were made by Alderman Carly, Patsy Wilson and Sweet, Dr. Jessop, M.L.A., and E. A. Lancaster, M.P. The Rev. W. H. Harvey presented the prizes for the best appearing unions, the carpenters receiving first, bakers second and the masons and bricklayers third. There was a big list of races, etc., run, but the rain, which lasted all afternoon and evening, practically spoiled the day.

RAIN AT LONDON. London, Sept. 7.—The heavy rain, which fell early in the morning, continued throughout the day. The parade was held in the afternoon, but the rain was so heavy that the parade was postponed. The parade was held in the morning, but the rain was so heavy that the parade was postponed.

RAIN AT WINNIPEG. Winnipeg, Sept. 7.—Labor Day passed off very quietly in Winnipeg. There was a large parade in the morning thru a drenching rain, which started early and continued throughout the day, causing much disappointment, as elaborate preparations had been made for a big celebration, which of course could not be carried out.

SUNSHINE AT BROCKVILLE. Brockville, Sept. 7.—The celebration held here today by the labor unions was well attended. The steamer America brought an excursion from Kingston and the steamer Brockville brought another from Gananoque, having the Gananoque Band with them. There was also an excursion from Smith's Falls by the C. P. R. and one from points along the R. & W. Railway. The weather was perfect and everything passed off pleasantly.

SIR WILLIAM OPTIMISTIC. Port Colborne, Sept. 7.—Labor Day was very celebrated today, and fully 5000 people assembled in the Lakewood Grove, where speeches, games and dancing formed part of the day's program. Argyle Lodge, No. 10,636, of the American Federation of Labor,

LIQUOR AND TOBACCO HABITS. A. McTAGGART, M.D., C.M., 75 YONGE STREET, TORONTO. References as to Dr. McTaggart's professional standing and personal integrity permitted by Sir W. R. Father Terry, President of St. Michael's College, Toronto, Right Rev. A. Sweetman, Bishop of Toronto.

East Toronto. East Toronto, Sept. 7.—Labor Day was generally observed except by railway employees, who had in most instances to work as usual. In the afternoon and evening the stores were closed, and so great was the exodus from the town to the Exhibition and the labor organizations that the hotel-keepers and druggists got along with half
