(Continued from Page One)

Neuve Chapelle a strong raiding party penetrated to the German support line.

"During the night we successfully exploded a mine south of Auchy les Basées and the result of the crater under cover of a heavy bombardment the enemy attempted a raid in the same neighborhood, but was driven back by our rifle fire. Northwest of Bourle and about Hohenzollern and Givency the enemy exploded mines without damage.

"The weather yesterday was unfavorable for aerial work. As the result of one of the few air combats, however, an enemy aeroplane was shot down with a damaged engine.

"German heavy artillery has been active during the day on the front between Souchez and the Hohenzollern redoubt and also about Oisette."

A despatch from Frederick Palmer at British Headquarters in France, under today's date says: Along the British battle line the bombardment was maintained with great severity throughout yesterday and last night. Patrols have reported that German trenches at several places were deserted, and that the defense works and wire entanglements were damaged badly.

"At other parts the German line is strongly held, great alertness and sporadic bursts of machine gun fire and rifle volleys indicating a condition of apprehension.

"British infantry carried on a raiding assault and brought back prisoners from several places. Hostile artillery retaliation also heavy in one or two localities for the most part has been of a half-hearted character.

"The weather is dull, but showed signs of improving this morning.

"Concerning operations on the British front the German official report says:

"Both yesterday and through the night we repelled British and French attacks at various places, and near Richebourg (southwest of Lille) we delivered an immediate counter-attack.

"The enemy continued his futile gas attacks.

"The intense artillery fire continued without interruption."

ORNAMENTS RECALL SPAIN

Comes have come back into vogue, much after the model of those worn in Spain, and they are certainly becoming to English faces, says The Queen, London. Most of the new ornaments are fashioned after Spanish models, being larger and more drooping than we have been wearing them of late. A new design is made of jet, with a bunch of grapes drooping therefrom in pearls. We may come to the straight-necked shoe of Spain yet.

settler. This has been done to a large extent. The absolute freehold of his homestead, including all minerals and everything else, except white pine beyond what is necessary for his own use, and perhaps water powers over a certain capacity, become the property of the settler. This advantage does not lie with the western settler, and it is one worth considering.

Formerly the timber of the north was regarded as an asset for the settler, but the settler soon found out that it was a liability rather than an asset, unless he had a pulp mill at hand. There has been much done to remedy this situation, and much more care is taken of those who go homesteading.

What is Needed of Us. After twenty-three months of warfare we may congratulate ourselves that we have not been conquered. Very few people understand how near we have been to defeat.

Some critics speak at times as tho it were a reproach to Canada that we are not doing as well as we should. It is not, however, that we are not doing as well as we should, but that we are not doing as well as we should.

We have pointed out that the United States out of twenty millions population recruits three million men in the civil war, and six per cent. of these were volunteers.

It is generally forgotten that if we are defeated in this war Canada will become a German colony, and what the men and women of Belgium have suffered will be a measure of what we will have to endure.

STORM AT MEETING
r. McIntyre and R. C. Harris
Tussle Over Shelter at
Sunnyside.

"Slipshod and amazing" were the
terms applied yesterday by Chairman
of the Ontario Railway and
Municipal Board to the methods of the
city with regard to a shelter for pas-
sengers to board radial cars at Sun-
nyside. In view of the complaints
over the ownership of the Sun-
nyside and the Harbour
Board had asked the company and
the city to meet to confer over the
matter and recommended that
a temporary shelter
be put up at Sunnyside.
The city has been asked to do
nothing that is not compelled to do
said Mr. Harris, who appeared for the
city. "If there is any delay in
the fact that the board has not
spelled the railway to do what it
the power to order them to do."
will not allow you to stand there
say that," said the chairman.
The city has not taken over the
said Mr. Harris.
am not going to split hairs with
Mr. Harris," replied the chairman.
know perfectly well the position
it is in; the city is in equity the
of that road and should make
arrangement and not do business
such a slipshod way. The way
business of the city is done is
ing to me."

Harris Retorts.
think the manner in which the
business is done will compare
ably with the manner in which
business of the board is done," re-
sponded Mr. Harris.
In view of the attitude assumed by
the city we shall have to witness the
trouble for months and months to
of thousands of people suffering
inconvenience during the inclement
winter, and the onus for this state of
affairs rests upon the city and upon
city alone," replied Mr. McIntyre.
went on to say that the business
of the board in the hope of ar-
riving some shelter for the people
proved "fruitless thru the in-
activity of the city."
The position is that when the fran-
chise of the line ran out two years
ago instead of allowing the com-
pany to continue for another five
years, the city gave notice that it
intended to take over the line. A bylaw
to that effect was passed, but the
company has never been handed over to
company, which still continues to
operate the line. The city declared
it would build a lavatory on a
small piece of ground across the
line and a waiting room on the road
side. Nothing was done, and when
estimates for this year were made
it was discovered that the city
had no intention of fulfilling this
promise. Hence the fruitless confer-
ence yesterday.

PREDICT LARGE CROWDS.
Recent indications are that the
end of holiday travelers will be
the best handled from the Union Sta-
tion in some years. Yesterday the
coming trains were crowded from
morning till late at night with
people who are taking advantage of the
low rates allowed with the return
Monday. It is estimated by offi-
cials that for the holiday there will be
sent from this station 100,000
people.

BLACKBURNE TO PLAY AT SHORT STOP TODAY

Leafs Arrive Home Well Satisfied With Their Latest Trip—Baseball News and Gossip.

The Toronto ball team arrived home yesterday well satisfied with the result of their latest trip. The Leafs are working together and have the idea that Joe Birmingham will lead them to a championship. The new youngster, Smith, has more than the average share of pep and will fit in well with the club. He will be at short for the two games today at the island when the Toronto will line up as follows against Rochester:

It is not likely that the Cleveland innovation of numbering ball players will become a general habit. But what would be a boon to the fans is the idea of a Pittsburgh writer, who says: "Cards are printed and score boards erected. All good enough as far as it goes. That's where the concession privilege ends, however, as it has been the experience of the fans that they had spent their nickel, they were taking a chance on having things wrong. At Forbes Field time and again umpires have failed to make any announcement of any changes in the line-up. Even the scribbles have gone along for several days recording plays for a fellow who, perhaps, was on the bench or not in the line-up from the umpire, but it is not done. A great many times the scoreboard fails to give the right information. It seems as though the umpires stage guessing contests for the fans, and they guess who is playing a certain position they are all right. If they are wrong, the concession fellow has the nickel for the score-card anyway. The Cleveland scribble was probably pulled just for a novelty, but if more attention were paid to fans and umpires for information, there would be several more admission fees slipped into the pockets of just service and right treatment, that is what the fans want, not novelties."

The White Sox are climbing. They dropped the Tigers again and went into third place in the American League. The Giants batted the great Alexander Herzog in the ninth inning, but Burch's home run hit Herzog hard to make it three straight. "Buck Herzog was responsible for the Red Sox defeat. His boots in the ninth inning gave Pittsburgh a one-run victory. He came back and allowed Rochester five scattered hits. Newark handed out a whitewash dose. The Naps finally came thru. Beebe, the former Bison pitcher, won his second straight. An error spoiled him from shutting out the Browns. The whole Baltimore pitching staff could not stop Rochester yesterday. The Virginiaans scored 10 hits and 22 runs. Mays only allowed Washington two hits and one run in the first two innings. He was stumped, as explained elsewhere. Boston scored six runs. Despite the fact that Providence scored four runs in the seventh, Buffalo won. The Bisons piled up six runs early. The Braves came thru when hits were needed and beat the National League leaders handsly. The Leafs won nine and lost five on the last road trip, a very creditable performance.

Dillon's Home Town Proud of Man-Killer Ernest Coulter Price is Real Name of Fighter Who Whaled Frank Moran.

Frankfort, Ind., was all a-rop Thursday night over the result of the fight between Jack Dillon and Frank Moran, for it was there, on Feb. 2, 1911, that Dillon Price, second round, beat Moran, and the name of Ernest Coulter Price was born and christened Ernest Coulter Price. Everyone was hoping that Dillon would win, and great excitement prevailed, as he was a local boy. Ernest Coulter Price, who was a boy before he assumed a fighter's name and gained fame in the ring, this city still claims him as its own. Fighting like a young wildcat, Dillon, the good little man from Indianapolis, from Pittsburgh, sound thrashing in a ten-round bout, but thrilled 20,000 spectators from start to finish. Dillon, called the "Giant Killer," gave the gameness seen in a New York ring in years. Moran, 35, a heavy, and smaller adversary, without mercy in the third round, after landing his famous pile-driver right. Dillon was reeling and apparently about to be knocked out when he saved himself. The brief rest of a minute between rounds meant a difference of victory and defeat for Jack Dillon. When the fourth round began he rushed, faced, and overcame Moran. The Pittsburgher was a veritable novice before Dillon. He could not land a blow, his gloved fists into his unprotected body and face. Undoubtedly only Moran's extra weight and strength saved him from a knock-out. He carried 169 pounds into the ring.

BASEBALL RECORDS LIVELY ROW MARS WASHINGTON GAME

Table with columns: Clubs, Won, Lost, Pct. for American League and International League.

At Washington (American)—A row between Captain McBride of the Washington team and Mays, the Boston pitcher, precipitated a clash in the third inning of yesterday's game here, that threatened for a time to develop into a general fight among the players of the two clubs. The police restored order, and after Agnew, a Boston catcher, had been arrested, and Captain McBride and Manager Griffiths of the Washington team were taken to the police headquarters, where he put up \$60 to guarantee his appearance in court, the game was resumed, and Boston Mays hit McBride with a pitched ball. McBride responded by throwing his bat at the catcher, who was then held in the center of the diamond until Agnew had hit Griffiths a blow in the face. Agnew was taken to the police headquarters, where he put up \$60 to guarantee his appearance in court. Mays allowed only two hits and a run, while both Galla and Ayer were ineffective. Score: Boston, 6; Washington, 0.

At Cleveland—Cleveland broke its losing streak by defeating St. Louis, 2 to 1. Beebe, who in his first American League game Monday shut out Chicago, would have registered another shut-out but for an error by Evans in the eighth. Cleveland got its runs on a hit to Chapman. Speaker's rule was an infield out. The score: Cleveland, 2; St. Louis, 1.

At Philadelphia—New York hit Bush's Athletics over in the eighth, 7 to 0. It was New York's third straight victory over the Athletics. Score: New York, 7; Philadelphia, 0.

At Chicago—The White Sox went into third place yesterday by virtue of another pitched passing ball by Stange. Washington was losing. Some timely hits off Daus, his own errors in the third and fourth, and a grand slam home run by Scott in the seventh, were factors in the Chicago victory. Score: Chicago, 3; Washington, 2.

WASHINGTON, June 30.—A resolution requesting the president to ask the British Government for a stay of the execution of Sir Roger Casement, the Irish leader convicted of treason yesterday in London, pending presentation of new facts was introduced in the senate today by Senator Martin of New Jersey. Immediate consideration was sought, but on insistence of Senator Stone it was referred to the foreign relations committee. "I realize," said Senator Martin, "that this is a good way from a point of action, but human sympathy means a different world over and I simply request that the president that due regard to justice has been ignored."

DELAYS KELLY'S SENTENCE FOR HEARING OF APPEAL

Winnipeg Court Allows Time to Apply for New Trial. WINNIPEG, June 30.—The first formal step in the course of action which their defence counsel hopes will secure a new trial for Thomas Kelly, was taken this afternoon when H. H. Dewar and R. T. Harding appeared before Justice Prendergast. Mr. R. A. Bonnar for the crown moved that sentence be passed on Kelly. Mr. Dewar reminded the judge of his statement that he would grant a reserve case to the court of appeals and presented an outline of the points of law upon which he wanted the appellate court to rule. He also asked that sentence be deferred until the case had been argued before the appeal court, and the judge said he would grant this during the present appeal at least.

ADVANCE PARTIES AT CAMP BORDEN

Detachments of Toronto Units Reached Training Ground Yesterday.

GEN. LOGIE PRESENT

Inspected Quarters for Troops - Battalions Arrive Next Week.

By a Staff Reporter. CAMP BORDEN, June 30.—Advance parties of four Toronto active service units, the 166th, 180th, 198th and 213th Battalions, arrived here this morning at ten o'clock and pitched their tents during the afternoon.

About 1000 troops are now at the camp. During the coming week several thousand more will arrive.

The Toronto troops were favored with splendid weather, it being about the brightest and warmest day of the month. In fact, it was too warm to be comfortable, but this was not minded by the troops, being made up for by the dryness under foot and the bracing, pineladen air.

Brig-General W. A. Logie, divisional commandant, accompanied by his orderly officer, Lieut. Wiley, spent the day in riding about the camp grounds, in order to see personally that the incoming troops were comfortably quartered. He pointed out the special kitchen buildings, which have been erected right beside each battalion's camping grounds.

The Toronto units already here are located at the southeastern corner of the camp grounds, within half a mile to a mile of the huge railway station, at the east side of the camp.

The 166th Q.O.R. Battalion advance party numbers 17 men and two officers, Lieut. M. E. Matthews and Quartermaster Vanderberg.

The 180th Sportsmen's Battalion sent 100 men, Capt. E. A. Hughes and Lieut. G. C. McLaren and F. W. Blatter as the officers.

The 198th Canadian Buffs Battalion have 15 men in the advance party. Capt. Hyam and Lieut. Scott are in charge.

The 213th Battalion (American Legion) has 25 men here under command of Quartermaster Capt. F. Pullen and Quartermaster-Sergeant F. Hammett.

Major Allan of the C.A.S.C. stated today that his department had full supplies of everything in the way of food for the thousands of soldiers soon to come in.

The building to be used as military headquarters is within a few hundred yards of the station, but is not yet completed. The work on it is being rushed. It is a one-story structure, about 150 feet long and 50 feet wide. A veranda extends all around it.

Camp Borden is placed at 45,000. It was expected that a number of battalions from western Canada would come here, but it is said this plan has been changed. Many hundreds of men are engaged in the camp construction work.

LONG ROUTE MARCH THRU INTENSE HEAT

Troops at Niagara Hold Last Drill Before Going to Camp Borden.

CYCLISTS ARRIVE

This Corps, With Artillery and Three Infantry Units, Will Likely Remain.

Special to The Toronto World. NIAGARA CAMP, June 30.—What will be the last ceremonial drill in camp with the present force will take place tomorrow morning at 10 o'clock. In the afternoon the troops are ordered a half holiday and the battalions will hold field days. Today the longest route march since came opened took place, the troops marching by a roundabout way to Brock's Monument and returning by Feathered route, which was mapped out by the scouts. It was pretty warm marching, but the men wore the lightest possible clothing and stood the ordeal well. They traveled twenty-two miles in all.

This afternoon about a hundred men of the Cyclist Corps came in on the Corons and soon had their tents pitched. About a hundred more will come in the morning and the cyclists will stay here all summer. Major Nordheimer also brought in a squadron of the Royal Canadian Dragoons. The Dragoons and Artillery will occupy the main camp ground, while the three battalions of infantry will likely stay at Mississauga. On Tuesday a map reading school opens, with one major, two captains and nine lieutenants in attendance each day.

Great care is taken in regard to the medical examinations of volunteers, today it was announced that in future when a man of the C.I.E.F. is paraded before a medical board to determine his fitness for military service, the board members must send his medical history with the answers to question and also the name and address of next of kin.

Dr. Vardon Took Leading Part in Public Health Work.

Special to The Toronto World. GALT, Ont., June 30.—While playing golf this afternoon on the links of the South Waterloo Golf and Country Club, Dr. Thos. Wyre Vardon, one of the city's oldest medical men, was taken ill and an hour later passed away in the club house from heart failure. Dr. Vardon, despite the fact that he was 75 years of age, was quite active and only this morning assisted in an operation at the hospital. He was born in Plokering township, graduated from Victoria College, Toronto, and commenced practicing in 1866 at Markdale. After a couple of years there he moved to Hawkesville where he remained until coming to Galt, thirty years ago last March. LIARS BETRAYED BY THEIR BREATH

Even Clever Prevaricators Cannot Escape Under Scientific Test of Truthful Speaking.

When a man is telling a lie he breathes differently from when he is telling the truth. The difference was discovered by means of some tests made upon his students by Prof. Benussi of Graz.

He prepared cards bearing letters, figures and diagrams and distributed these among his pupils. They were required to describe the cards correctly, except in certain cases when the cards were marked with a red star and the students receiving them were required to describe them falsely.

Each student was watched carefully by his fellow who, ignorant of the nature of the card, tried to judge from his manner whether he was telling the truth or not. The watchers were unable to judge with any certainty.

Under the direction of Prof. Benussi, the time occupied in inspiration and expiration was measured, and the measurement was taken again immediately after the finished. It was found that the utterance of a true statement always diminished the quotient obtained by dividing the time of inspiration by the time of expiration.

Dr. Anton Rose, commenting on these results, remarks that the discovery furnishes a certain criterion between truth and falsehood. For even a clever liar is likely to fall in an attempt to escape the quotient by breathing irregularly. Prof. Benussi having discovered that men are unable voluntarily to change their respiration so as to affect the result.

Horse Talk

By Tim.

The necks of the soft young horses are apt to shrink with the first weeks of heavy and steady work, and the collar should be watched and buckled up. Have the collar refitted if it is necessary.

"Wear and tear" cost money; care and intelligence reduce the cost; ignorance and carelessness double it. Never put collars in a pasture fenced with barbed wire.

A cut from a barbed wire is sure to leave a scar, no matter how slight the wound.

Be sure that there are no lice on the necks. If they have been found, a second or third dousing with Persian insect-powder or a washing with a solution of thymocresol may be necessary. Don't guess that they are free from lice—be sure. No animal breeds lice; they come from filth and carelessness.

JELLIED CELERY.

Soak a half box of gelatine in one cup of water; when soft, pour over it a cup of boiling water to dissolve it. Add the juice of two lemons and a half cup of sugar, and cool it. Add one tablespoon of strong horseradish (use the fresh grated root) and a dash of cayenne pepper. Color a light green; when almost ready to set

NEWS OF SPECIAL INTEREST TO WOMEN

LAST APPEAL TO TORONTO WOMEN

To Inspire and Rouse Citizens to Sense of Duty in Crisis.

EVERYONE CAN HELP

Great Parade Today an Object Lesson to Hearts Untouched.

This is the last call to Toronto women to do their part to make the women's parade of today a spectacle impressive enough to move all who may witness their cutting, and to inspire themselves to do more and more for the cause which is now nearer to the heart of every thinking man, woman and child in the country—the thought of how best to win victory and bring the war to an end.

Once the thought is presented the problem will not remain long unanswered. There is only one reply, tho there may be many ways of coming to a conclusion. The reply is for everyone at once to do his or her "bit" and at present the "bit" for a few thousand more of Toronto's men is to fill the gaps in the ranks of the quota assigned to our city, while for just as many women, there is the call to waken up and see what there is for them to do, and then to set about and do it.

This is what it is hoped will be the result of today's parade. Object lessons are always more appealing than the recital of mere abstractions and the presence in the parade of the wives, mothers and children of the men who have answered the call of their country is sure to find a responsive chord in hearts which up to the present have remained untouched.

Some of the motives carried will also speak. For example, "Our Sons Serve," "Our Fathers Serve," "Why Should Some Men Defend Their Country and Others Stay Behind?" The order of the procession has already been published. Numbers have been given the different bodies that will take part, and corresponding numbers will be found on the streets in the route of the procession will be from Charles street round the park to College, east to Yonge, south to Albert, down James to Queen, west to the city hall, where the mayor and others will stand at the flag-draped entrance, west to the avenue and north to the park.

MILITARY PARADES ARE ARRANGED FOR SUNDAY

Protest Denominations Will Hold Service in Their Respective Quarters.

Church parades on Sunday, July 2, will be held as follows: Catholics: Those in Exhibition camp at the dairy building at 8.15 a.m.; 127th Battalion at St. Cecilia's Church, Toronto, 9.00 a.m.; 170th Battalion at St. Basil's Church, St. Joseph street, 9.00 a.m.; 201st, 204th, 208th, 216th Battalions and 89th and 70th Batteries will assemble at the armories at 8.30 a.m., leaving there in good time to begin service at St. Patrick's Church, McCaul street, at 9.00 a.m. Serjeant officer present will take charge. MEXICAN WAR WILL MAKE THE U.S. MORE PRO-ALLY

Dr. Abbott Says Americans Feel That Tremendous Moral Opportunity is Lost.

SURPRISED AT CANADA

They Are Amazed at Magnitude of Tasks Accomplished by People of Dominion.

"Comparison between the issues in Mexico and in Flanders will make the Americans more pro-ally than ever," said Dr. A. H. Abbott, who has just returned from Cleveland, Ohio. "It makes us feel small to think what we are fighting for and what you are fighting for," one American he met there told Dr. Abbott. "I could not help feeling sorry for them," said Dr. Abbott. "No matter how long they fight and how much it may cost them they cannot get much out of it. The mother whose son falls can only say, 'He was killed in the Mexican war' not 'He died fighting for the liberty of the world.'"

No High Moral Issue. "We should be profoundly grateful that we are fighting for something big enough to command the best in everybody. There is no glory in the Mexican war. They cannot feel that they are struggling in any high moral issue. However necessary it may be to protect and avenge the lives of their citizens, the fact remains that they have drifted into this war. Americans cannot help comparing it with the vast issues at stake in Europe."

"Our war is for a moral issue. As President Falconer has put it, 'We are fighting for the rights of minorities.' There is a squabble. Then, too, the Mexican situation is an object lesson in Canada's accomplishment, the doctor went on to say. The United States are now faced with the problem of raising troops, of calling for volunteers, of equipping them and of looking after their dependants, and they were simply amazed when I told them what Canada has done," said he.

While Cleveland papers were publishing in large headlines that six hundred odd recruits were wanted to fill up the local National Guard unit, he was able to tell them that Toronto was asking twenty-four hundred men to fill up the ranks of local battalions and that after Toronto had already sent thousands upon thousands.

"They simply gasped," he said, when he told them of Toronto raising \$2,350,000 for the patriotic fund after having raised \$1,500,000 the previous year; of the \$500,000 raised in Toronto for the British Red Cross and the \$1,500,000 in Ontario for the same purpose—the Trafalgar Day contribution.

Filling figures on figures he was able to tell them that in spite of the army already sent, Canada had raised 127,000 volunteer troops since Jan. 1 of this year. That is to June 1, probably between twelve and fifteen thousand additional troops have been raised since he was able to tell them that to June 1 of this year Canada had raised 334,209 men; that the patriotic fund had asked for \$3,000,000 this year and that already \$2,000,000 had been subscribed.

"We thought that Canada had sent all that she could possibly send by the end of last year," was all that they could say. They knew Canada had done something, but in the light of their own struggle they were amazed at the magnitude of the tasks Canada was setting for herself, setting and accomplishing.

Opportunity Missed. "An ex-secretary of the chamber of commerce there told me that at the beginning of the European war their great aim had been to keep out of it. 'Now,' he said, 'we realize that we have missed a tremendous moral opportunity, an opportunity that will never come again.'"

"Would Germany come to Canada if Germany won this war? One had asked. Another had answered for me, 'Why would they not?' They would make nice neighbors for us," commented the first.

"Their own war is making them realize that Canada is fighting for the United States as well as for Canada. As their own war goes on and as they feel the pinch and the strain of it, more and more will they realize that against German aggression the Monroe Doctrine were a poor defence in North America were Germany victorious over the allies—the great powers of Russia, France and Great Britain."

"Comparison between the issues in Mexico and Flanders will make the Americans more pro-ally than ever."

MEN DISCHARGED WILL RECEIVE CERTIFICATES

Those Let-Out in Early Days of War Will Now Get Regular Certificates.

Many members of the Canadian Expeditionary Force returned and were discharged at Halifax in the early days of the war before the regular discharge depot was formed. Their discharges were given to them on ordinary paper—easily torn or worn out. The matter has come to the notice of the adjutant general who will now cause regular discharge certificates to be issued to all who are entitled to an honorable discharge. The secretary of the Toronto branch of the military hospitals commission, room 1225 Traders Bank Building, will be pleased to assist in obtaining these certificates for those who are entitled to them.
