Art Effects in Printing

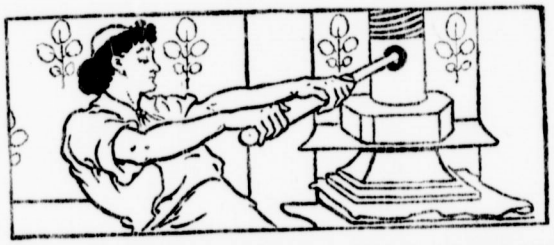
Ancient Printers were liberal in their ideas and cut their letters with an eye to artistic beauty. But as printing ceased to be an art and became a trade, economical considerations suggested a distortion.

Within recent years, however, a class of printers arose who were not satisfied with "throwing any type together," but studied artistic effect.

They could not compete in point of cheapness with some others, yet they prospered.

Prospered because they found some people who were willing to pay a fair price for work "well done."

A little over four years ago we opened our office—our plant was small (one Gordon press and just enough type to begin.)



The foremost idea was to do good work, and what is the result.—Prosperity.

One customer brought another and they multiplied until we have enough business to keep four Gordons and two large Cylinders of most modern build in constant use.

you will be waited on promptly.

It is not due to luck that success is ours.

We conduct business on business principles.

We do our work well.

We accept no more work than we can do properly, and what we do accept we finish in the time appointed.

We carry samples of all that is newest in Art and Staple Stationery.

Our prices are as low as is consistent with quality.

They are based on the actual cost to us.

We have one price to everyone, whether we print by contract or whether the price is left to us.

To the expert or the novice our prices are identical.

These are some of the reasons why we succeed.

THE VERY LATEST in PRINTING PRESSES has just been added to our plant, (a "New Series" 4 roller 2 revolution Cottrell, the only one in Toronto, and one of three in Canada), which places us in a better position to compete for trade.

The best is the cheapest.

Telephone 8130 and you will be waited on promptly.

WOMAN may be Beautiful

IF SHE SO DESIRES

A Good Clear Complexion will add to your appearance your appearance will add to your success in society or in business.

Are you troubled with Pimples, Blackheads, Freckles, Mothpatches, Acne, Eczema, or any facial imperfections? If so, do not fail to consult MADAME LORAINE KENNEDY, the leading and successful complexion specialist, who guarantees entire satisfaction.

Wrinkles can be Removed

And to demonstrate the fact we have secured an aged lady and removed the wrinkles from one side of the face and left them on the other, thus showing what her face was like before treatment; a feat which no other Dermatologist in Canada has ever accomplished. Also a young girl with the freckles removed from one side of the face. Do not fail to see them. Our success in removing lines or wrinkles, and also our system of Massage treatments for filling out those hollow cheeks and scrawny necks, making them firm and plump—has never been equalled in Canada. Consult us free at office or by letter.
