Think River Freshet Has
Now Reached Its Peak

WATER AT INDIANTOWN TODAY NO HIGHER THAN YESTERDAY

Much Controversy as to Whether Flood Established Record—Floors of Mill and Machine Shops—Look For Drop in Level Tomorrow.

ENFORCEMENT IN
N. Y. NOW UP TO
FEDERAL OFFICERS

State Legislature Rescinds
Volstead Supplementary
Legislation.

Rejoicing in Camp of the
"Wets"—Loopholes for a
Deluge of Canadian Liquor
Thus Opened Up—
Up Six Times Before.

New York, May 5.—(Canadian Press)—With the ending of the 146th session of the New York State Legislature at 2 P. M. today this morning news was flashed from Albany, which was brought rejoicing in the camp of the local "wets."

With the ending of the Legislature's session ended also legislative responsibility for state prohibition enforcement and non-enforcement. With the law, came the prospect for wider breaches in the U. S. government's prohibition enforcement wall at the border through which the rum-runners from Canada may bring an increased supply of forbidden beverages to the thirsty souls of the state.

The assembly in the closing hours of the session passed a bill sponsored by Representative Culliver, of New York, repealing the Mullan-Gage law. The vote in the assembly was seventy-six to seventy-one. The measure was passed by the Senate by a vote of twenty-eight to twenty-two.

Washington Comment.
Washington, May 5.—(Canadian Press)—Discussing the action of the New York legislature in repealing the state prohibition enforcement law, James E. Jones, assistant prohibition commissioner said today:

"The New York legislature cannot repeal the eighteenth amendment. It cannot repeal the Volstead Act. The Volstead law, will remain the law regardless of any action taken at Albany. The repeal of the state law puts New York in the same category as Rhode Island, where there is no state law but where the Volstead law is being enforced by the Federal authorities."

DISSOLUTION IS
EXPECTED SOON

Last Session of Ontario Legislature Brought to a Close—Elections Late in June.

Toronto, May 5.—The last session of the fifteenth Legislature of Ontario came to a close last night, as far as actual business is concerned. The formal closing proceedings will be next Tuesday.

The session opened on January 22 and was the longest and last of the fifth Legislature.

It is expected that dissolution will be announced within a few days and the elections held late in June.

REPORT MUCH ICE
IN THE STRAITS

North Sydney, N. S., May 5.—Ice reports.
Money Point—Moderate breeze from southeast, rain and fog, heavy ice, closely packed inshore.

St. Paul's Island—Light breeze from southeast, fog and rain, heavy close packed ice stationary.

Point Tupper—Light breeze from east and dull, no ice.

Flat Point—Rain, northeast wind, heavy close packed ice everywhere.

Capo Ray—Cloudy, strong southeast wind, heavy ice, moving to northwest.

INDIANTOWN DURING FRESHET OF 1887

The above picture depicts a busy scene at the foot of Indiantown during the memorable spring freshet of thirty-six years ago. The steamer shown is the old Clifton which plied on the Kennebec route to Hampton, while the horses seen are hauling casks of lime from a scow tied up near the bow of the steamer. On the right is shown the old Court block, which was on the present site of Indiantown Square. It is said that the water was up over the counters in this store. All of these old landmarks have long since disappeared, the grades of the roads have been heightened and other changes made.

C. P. R. Situation Is
Steadily Improving

Most of Lines in Province Again in Operation—
Water Reported Dropping in Maine.

WATER RECEDING
ON UPPER RIVER

Marked Improvement Reported from Fredericton.

Fredericton, N. B., May 5.—There is marked improvement in flood conditions along the central and upper portions of the St. John River today. At Van Buren, Maine, the water had dropped until slightly below normal today. The water level below the high water mark receded early this week.

At Orléans, N. B., the water level below the high water mark receded early this week. The water level below the high water mark receded early this week.

At Van Buren, Maine, the water had dropped until slightly below normal today. The water level below the high water mark receded early this week.

At Orléans, N. B., the water level below the high water mark receded early this week. The water level below the high water mark receded early this week.

At Van Buren, Maine, the water had dropped until slightly below normal today. The water level below the high water mark receded early this week.

At Orléans, N. B., the water level below the high water mark receded early this week. The water level below the high water mark receded early this week.

Henry Ford Now Said To Be
Richest Man In The World

Replaces John D. Rockefeller—Total Assets of the Company \$586,000,000, Including \$159,000,000 Cash.

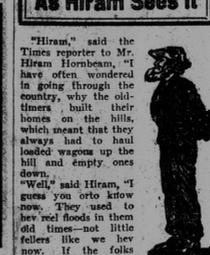

New York, May 5.—Local financial men declared today that Henry Ford is the richest man in the world, following publication yesterday of the Ford Motor Company's statement of its financial condition as of February 28, 1924, showing assets of \$586,000,000. Actual cash on hand was \$159,000,000. The figures were revealed in a statement filed with the Massachusetts commissioner of corporations in Boston.

Last February 28, the statement shows, the profit and loss surplus was \$289,777,289. Wall street estimated net profits approximately \$119,000,000, equivalent to more than \$600 a share on the 172,465 shares of \$100 par value capital stock outstanding which Henry Ford left for Montreal and the passengers transferred as before. Passengers city bound on the train due in the city at 8:35 arrived here about 10:15 last night.

After standing the push of water and being against it for five days the International bridge across the St. Croix river from Milltown, N. B., to Milltown, Maine, gave way yesterday afternoon and the American end was carried out. In Fredericton the merchants have agreed to close their business houses at seven o'clock tonight to conserve the power for domestic lighting. Reports yesterday from Northumberland and Cape Ray—Cloudy, strong southeast wind, heavy ice, moving to northwest.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "I have often wondered in going through the country, why the old-timers built their houses on the hill, which meant that they always had to haul loads of water up the hill and empty ones down."

"Hiram," said the reporter, "that story of yours yesterday, about the hens swimming, somewhat impaired my faith in your veracity. Do you expect me to believe that barn also?"

"You might as well believe it as look for proof," said Hiram. "I have seen that story about Noah? Maybe you didn't know the ark landed on Mount Pisgah—out back of the Settlement."

"Hiram," said the reporter smiling, "you ought to be a newspaper man."

"No," said Hiram—"I can't teach you fellers yet—By Hen!"

Set To In The
Berlin House

Socialists and Communists
In Clash—Blows Struck
And Blood Spilled

London, May 5.—Blows were struck in the Prussian Parliament at Berlin yesterday during a row between Socialists and Communists, says a Central News despatch. The Communists, led by Thälmann, yesterday, irritated at the defeat of a vote of lack of confidence in the cabinet, moved a resolution that the House generally considered insulting. The Socialists stood up to the challenge and the Communists were knocked down and taken to the chamber. Finally, Thälmann was ordered to leave the House, and the sitting was suspended.

Almost Unanimous
For Death Penalty

Commissars Consider Case of
Patriarch Tikhon—Unfrocked
by Russian Church Council—
Tchitchin Opposed.

Riga, May 5.—The People's Commissars recently met in Moscow to decide on the passing of five hands by the Foreign Minister demanded the death penalty for the former patriarch, who was unfrocked Thursday by the conclaves of the All-Russian church.

The Foreign Minister, George Tchitchin, argued that such a step probably would result in a renewed boycott against the Soviet, and advocated the passing of the death sentence, to be followed by a reprieve. No definite decision was arrived at.

NO DEVASTATION
OF SACRED SITES

Statement of British Colonial
Department on Matter
of Search for the Tomb of
David.

London, May 5.—The recent announcement that excavations are to be made at Jerusalem in a search for David's Tomb has aroused anxiety in some religious circles here, where it was feared that the work would devastate sacred sites.

The British Colonial Department, however, has issued a reassuring statement, asserting that the actual location of the spot "City of David" was not on the spot mentioned by tradition.

Archaeologists long ago established the statement, says that the city stood on a little triangular square of ground called Mount Ophel, south of the present Jerusalem. It is on this site, which has heretofore been of no religious interest to Christians, Jews or Mohammedans, that the excavation on the search for David's Tomb are to be made.

Forecast:
Fair and Warm.

HALF GAMES INTO
EXTRA INNINGS

Hard Fighting Marks Big
League Contests Yesterday.

Four Leaders in National
League Trim Trailers,
While Result Almost Reversed
in American—The
Pirates in Slugging Match

New York, May 5.—Close hard fighting games marked play in the major leagues yesterday, half of the contests going into extra innings.

The four first division clubs in the National League had their second section opponents and in the American the result was as nearly reversed as was possible under the schedule, two of the first division teams falling before second division teams, one first divisioner beating a close rival and one trailer overcoming a companion.

The Giants kept with the pace of the National procession by outpitching Philadelphia in thirteen innings, 11 to 9, while the cellar White Sox of Chicago went thirteen innings and was the sixth out of the last seven games that the Robins have lost by one run margin.

Charles Grimm, Pirate first sacker, pitched bravely, heating Cincinnati in nine innings 11 to 6.

Grimm has now hit in 17 consecutive games.

St. Louis defeated Cleveland 9 to 5, the Brown slugging making three home runs to one for the Indians. The Athletics, showing real aggressiveness, battered down the Yankees 8 to 6, in ten innings, while Washington was evened up landing with Boston 7 to 4.

RAID TWO BANKS
AT SAME TIME

Five Bandits Get Away
With Cash and Bonds in
Buckner, Mo.

Kansas City, May 5.—The two banks of Buckner, Mo., about 18 miles from here, were raided by five bandits yesterday. They escaped in a motor car with about \$6,000 in cash and \$25,000 in registered Liberty bonds.

HOOPER READY FOR
HILTON BELVEA

A Canadian Press despatch from Duluth, Minn., today says: Walter Hoover, U. S. sculling champion, will defend the Philadelphia Gold Challenge Cup, emblematic of the Amateur Sculling title, in a race here Labor Day with Hilton Belyea, of St. John, N. B., Canadian champion. It was announced today by Phil R. Moore, chairman of the racing committee of the Duluth Boat Club. Belyea's challenge was accepted by Hoover following the approval of the race by the cup committee, Mr. Moore said.

Two Feet Of Water
In Bangor Station

An employe of the railway mail service told The Times this morning that there was two feet of water in Bangor station. Near Danforth, he said, a grist mill had been deposited on the tracks and it was expected that the use of dynamite would have to be resorted to to remove it.

WHARF DAMAGE
AT ST. GEORGE

Word was received by the Marine Department this morning from St. George of a considerable amount of damage to the wharf there as a result of the unusual freshet. It was reported that the steps up to the wharf had been carried away, that the warehouse had gone and that about fifty feet of capill and some fender plating had been torn loose. The report added that the high tides and swift-running current made a complete survey of the damage impossible.

WALL COLLAPSES;
NOBODY HURT

Montreal, May 5.—With the roar of a landslide and amid clouds of white dust an outside wall of a brick veneered house at 78 Mansfield street, in the uptown district, collapsed yesterday.

Furniture, pictures and other furnishings crashed to the ground, as did also a part of the roof. No one was in the building adjoining the wall at the time.

It is thought that the wall had been weakened by water and by the heavy winter frosts, and may have been struck by a truck or other heavy vehicle in passing.

Hope To Have C.N.R.
Line Restored By Night

PROSPECT OF GETTING TRAINS
THROUGH FOR MONTREAL
BRIGHTER TODAY

Lakeside Washout Repaired and Good Progress
Made on Riverside Break—Conditions generally Improved—Milk Brought in by Motor.

From present indications it is possible that a train may be able to pass over the C. N. R. between the city and Robesay by tonight. Large crews of men are working today and it is thought quite likely that with careful running a train may be got out to Montreal without the necessity of transferring. Trains were run back and forth between the city and Robesay all day but transfers were made by motor lorry from Riverside to Robesay to waiting trains on the other side.

Owing to an improvement in the situation at Lakeside it was necessary to transfer there today and the trip from the city to Hampton entailed only one transfer. The first train from Hampton to Robesay reached the latter place this morning and turned back with passengers. Milk trains arrived at Robesay yesterday morning and the milk express cars are tied up at Moncton and will be forwarded as soon as possible.

General Improvement
General conditions along the C. N. R. show some improvement today. Crews of men worked all night and this morning showed that their work had borne fruit. Heavy ballasting is being done and the tracks have been shifted in several places to allow the men a base from which to work. A train arrived in the city about eleven o'clock bringing transferred passengers who reported that there seemed to be a slight dropping of the water along the Kennebecasis shore.

Hon. Manning W. Doherty, Minister of Agriculture in the Ontario government, who is welcoming the Hebrideans who arrived here on the Metagama told The Times this morning that he had been told by the railway authorities here that it was likely that he would get out about eight o'clock tonight. His private car "Ontario" of the Temiskaming Northern Ontario Railway, is at the Union depot.

Will Recall Russian
Episcopal Delegation

Methodist Board of Bishops Refuses
to Accept Responsibility
For Bishop Skorski's Remarks
—Neither Supports Nor
Defends Soviet.

Wichita, Kas., May 5.—A resolution recalling the Methodist episcopal delegation to Russia and refusing to accept responsibility for any of the reported remarks of Bishop Edgus Blake at Moscow, was adopted by the Board of Bishops, of which Bishop Blake is a member, here yesterday, after hours of consideration.

The resolution declared that the Methodist episcopal church of the U. S. neither supports nor defends the Soviet government of Russia, as Bishop Blake, of Paris, is reported generally to have asserted by the All-Russian Ecclesiastical Council of the Living Church at Moscow yesterday.

CONVINCED THAT
U. S. SHOULD NOT
REMAIN ALOOF

Harding, However, Unwilling
to Make Personal Issue
of World Court Proposal.

Washington, May 5.—President Harding's unwillingness to make a personal issue of the World Court proposal was reiterated at the White House yesterday, but it was added that Mr. Harding was firmly convinced that President Coolidge would not choose to escape the responsibility U. S. owes to other nations of the world if it could.

DECIDE TO CLOSE
ALL MONASTERIES

Those Organized on Common
Basis Excepted, is
Order of Russian Church
Conclave.

Moscow, May 5.—The All-Russian church convocate at its session last night resolved to close all monasteries which are not organized on the basis of a commune.

Of the seventy-four church districts in Russia all except two—one in Siberia and the other in Turkestan—are represented at the convocate. The number of delegates is 416.

SAYS RELATIONS BETWEEN U. S. AND
BRITAIN LESS FRIENDLY

New York, May 5.—Relations between this country and Great Britain are distinctly less friendly than they have been for the last eight or ten years, says the 1922 report of the Sulgrave Institution of the U. S., made public yesterday. The growing apathy is attributed by the Sulgrave Institution to the cooling of war passion and differences of opinion over the peace terms, the activities of alien organizations and the character of U. S. news sent to Great Britain.

Window shades, books, stationery, fancy goods, wall paper and also old borders from 1 to 5c. Edvard Hotel building, 19 King Square. Open evenings.

RUSSIA MUST HAVE FARM MACHINERY. Country is Faced With the Need for Thousands of Trucks and Tractors.

Moscow, April 8.—(A. P. by Mail).—Faced on the one hand with a nationwide need for auto trucks and tractors, and on the other with a struggling home industry in the manufacture of these machines, the Government departments directing the foreign trade policy of Soviet Russia have not yet made up their minds whether they should stand for free trade or a protective tariff.

Russia has little money to spend for trucks and tractors abroad, but some hope is to be able to supply every community with at least one farm tractor. Before the State Plan commission it was declared recently that, during the next ten years, the nation would need 220,000 twenty-horsepower tractors, but only 60,000 could be purchased abroad. The remainder will have to be secured elsewhere. Russian factories are now turning out a few tractors, and these are said to be of excellent quality. Those favoring protection of this infant industry want a high tariff on tractors from abroad. Several hundred tractors have been brought to Russia by various agricultural colonies and some foreign relief organizations, but they are sufficient only to replace an infinitesimal percentage of the horses and other draft animals who died by the hundreds of thousands during the recent famine.

"TIZ" FOR ACHING, SORE, TIRED FEET

Just take your shoes off and then put those wear-out-soled, aching, burning, corn-poised, bunion-tortured feet of yours in a "TIZ" bath. Your feet will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also, you will find all pain gone from corns, callouses and bunions.

There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudation which puff up your feet and cause foot torture.

A few cents buys a box of "TIZ" at any drug or department store—don't wait. Ask how glad your feet feel, how comfortable your shoes feel.

SEAMEN'S INSTITUTE ANNUAL MEETING. The great influence for good, which the Seamen's Institute exerts, was shown in the annual report submitted to the annual meeting, held yesterday afternoon by Walter Brindle, manager of the institute.

The report of the institute shows a total income of \$7,546.68 with a small balance remaining. The ladies' Guild report was submitted by Mrs. Watt who told of new members being enrolled, the making of 1,200 Christmas bags and the giving of scarves. Hearty thanks were extended to the Guild and appreciation was also voiced of the work of Mr. Brindle.

The election of officers resulted as follows: President, H. C. Schofield; secretary, J. N. Rogers; treasurer, H. J. Evans; management committee, Geo. Henderson, Graham, R. T. Hayes, M. L. A. I. P. D. Tilley, R. Morton Smith, J. R. D. W. Ledingham, R. E. Armstrong, C. B. Allan, Mrs. Archibald, Mrs. Mary Seymour, Mrs. J. Walsh, R. R. D. W. Ledingham, R. E. Armstrong, C. B. Allan, Mrs. Archibald, Mrs. Mary Seymour, J. N. Rogers, Thomas Graham; finance committee, H. C. Schofield, H. J. Evans, C. Schofield, H. J. Evans, W. Brindle, K. E. Armstrong; auditor, F. F. Bianchi, C. A.

Tell of the Health Dood's Kidney Pills. They Made a New Woman of Madame Duchesne, Who suffered With Weakness and Heart Trouble.

St. Jerome, Que., May 4.—(Special).—It could hardly be said that Madame Duchesne "relieved." Those are the words of Madame Duchesne, of this place. They are words that have been heard by many parts of the world, if present indications are to be taken as any kind of sign.

Not for many years have there been so many of these vessels in the port, and it is a relief to the fishery that there is such a wealth of fish as would bring them all at once. It is of course fishing, and the report of a well-burting with its heavy load might have attracted some hardy fishermen to try their luck in the harbor, but that report was too recent to have been the cause of the arrival of many of them.

PERSONALS. Commissioner Thornton returned to the city last night from Boston. He came by way of Yarmouth and Digby.

KRUPP TRIALS. Warden, Germany, May 5.—The first day of the trial before a French court martial of Dr. Gustav Krupp Von Bohlen und Halbesleben, president of the Krupp Company, five Krupp directors and four workmen was spent largely by the prosecution in pressing questions designed to place responsibility for the blowing of the Essen plants across on March 31. The sounding of the alarm, bringing out thousands of Krupp workmen on the arrival of a detachment of French soldiers is held to have been the determining factor in the clash with French troops that ensued.

BRITISH FOOTBALL FINAL. London, May 5.—(Canadian Press).—Hull Kingston Rovers won the Northern Union final this afternoon when they defeated Huddersfield by a score of fifteen points to five.

AT THE LIBRARY. Miss H. T. Meiklejohn, director of public health nursing for New Brunswick, was in the city this morning at the Free Public Library this morning. She told stories of health habits.

NO FAILURES IN THIS PROVINCE

Fifty-six Reported for Week of May 4 in Canada—Less Than Last Year.

(By Canadian Press.) Toronto, May 5.—Canadian failures for the week ended May 4, were fifty-six, or nine less than for the corresponding week of last year, according to the report of R. G. Dun and Co.

By provinces the failures during that week were as follows: Nova Scotia, 3; Quebec, 27; Ontario, 10; Manitoba, 5; Saskatchewan, 5; Alberta, 2; and British Columbia, 4.

H. M. WHITNEY LEFT LESS THAN \$1,000 ESTATE

Dedham, Mass., May 5.—A petition filed in Norfolk County Probate Court declares that Henry M. Whitney, of Boston, one of the largest in the transportation world and prominent in several big industrial enterprises in the Maritime Provinces, left personal property estimated at less than \$1,000. Mr. Whitney died in January in his 64th year.

The Season For "Fish" Stories Has Arrived

Old-timers who remember the days of St. John's wooden sailing ship supremacy, and who have watched the change to the present arriving and sailing of the big steel freighters and liners, are shaking their heads over a new development in the harbor. It would look as if a casual glance, as if the old-days had returned, but they cannot be so sure it. The cause of their bewilderment is the influx of a large number of fishing boats, which they say are parts of the world, if present indications are to be taken as any kind of sign.

Not for many years have there been so many of these vessels in the port, and it is a relief to the fishery that there is such a wealth of fish as would bring them all at once. It is of course fishing, and the report of a well-burting with its heavy load might have attracted some hardy fishermen to try their luck in the harbor, but that report was too recent to have been the cause of the arrival of many of them.

GAS FROM FOOD PRESSES ON HEART. If food does not digest it turns into poisons which form gas. This gas presses on heart and other organs causing a nervous, restless feeling. Simple food, water, glycerine, etc., mixed in Adierka, removes foul, decaying food-matter you never thought was in your system which caused gas and pressure on heart. Adierka expels poisons and gas. Adierka is a simple, safe, reliable, EXCELLENT guard against appendicitis. J. Benson Mahony, druggist, 2 and 4 Dock street.

PRELIMINARY HEARING IN MANSLAUGHTER CASE STARTED. Yarmouth, N. S., May 5.—Joseph Leblanc, and William Hatfield, charged with manslaughter in connection with the shooting at El Brook recently of twelve-year-old Mary Leblanc, came up for preliminary hearing before Stipendiary Magistrate Charles S. Pelton today. The hearing was adjourned until Tuesday.

The shooting occurred while the boys were engaged in target practice with a .22 rifle. Joseph Leblanc was a cousin of Mary Leblanc. The little girl was killed instantly.

The Bordeaux chamber of commerce has sent Premier Piquere "an energetic protest against the decision of the U. S. Supreme Court forbidding foreign ships to enter American territorial waters with alcoholic liquors on board."

Furs Repaired. In altering and repairing furs during the summer months, we are able to give better attention to the garments.

Altered. Also furs if attended to they are ready to wear when the cold weather comes.

Relined. If repairs and alterations are left till the summer during the Fall, you will be compelled to wait longer as all orders have to be taken in their turn.

A RUN DOWN CONDITION. Strength and vitality are essential to a well-balanced human system. It is a weak, anemic condition. Robust vitality cannot be present when there is a cause for run down conditions. Chiropractic treatment eliminates the cause and restores vitality permanently. DR. TALBOT, the expert physical physician, whose scientific treatment of such troubles has met with phenomenal success.

DR. TALBOT is at his office, 50 King Square, St. John, every Monday, Friday and Saturday, 9:00 a.m. to 6:00 p.m. SPINAL ADJUSTMENTS FOR ALL DISEASES.

SHORT'S Dyspepticure ACTS LIKE MAGIC IN ALL STOMACH TROUBLE. Fast Becoming Famous as a Relief for CHRONIC DYSPEPSIA and all forms of INDIGESTION. Fast Becoming Famous as a Relief for Headache, Sleeplessness, Nervousness, and all other troubles resulting from Defective Digestion.

Too many parties? Late hours and a bad taste in your mouth? Try a Teaspoonful of Dyspepticure at night and see how fit you feel the morning after.

CLOSING HOURS OF MANITOBA HOUSE

The Income Tax Bill Given a Third Reading, Labor Amendment Being De-feated.

Winnipeg, May 4.—In order to wind up the business of the Legislature before prorogation this afternoon, the Manitoba Legislature sat until 8 a. m. The bill providing for a tax on incomes, the levy to be collected in 1935, was given its third reading in practically the same form as that in which it was introduced.

The amendment of F. J. Dixon, Labor leader, to give the tenna six months' notice, was defeated 29 to 12.

The first train from Boston since the first of the week arrived last night at 12:20 with forty passengers who had come the roundabout route.

On the western bank of the St. John Bay the damages were very heavy. Below Grand Bay many summer residents suffered loss or damage as well. Above the Bay practically every dwelling on the lower levels was surrounded by water and the outbuildings carried away. Premier "Enlist and the people of Fredericton yesterday that they did not know what flood damage meant.

The loss to the lumbermen is very heavy. J. Fraser Gregory said yesterday that it was probable that upwards of two million feet of logs were adrift from Fredericton down the river. Many catties are believed to have been drowned and several bodies of cattle and pigs were seen floating in the river.

The steamer D. J. Purdy arrived yesterday afternoon from Wickham with about twenty-five passengers. She brought back a considerable quantity of freight which she had taken up the river. It is believed that the boat was owing to the wharves under water. At Indianhook conditions yesterday reached the worst yet known by flood.

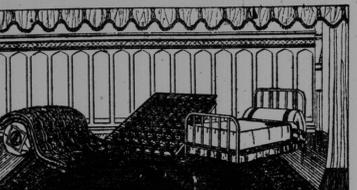

The three special trains with passengers from the Metagans were taken to the West Side yesterday afternoon and put aboard the special trains sleeping facilities until either the C. P. R. or the C. N. R. is clear and they can be sent to Montreal.

WHAT THE LEAGUE DID FOR AUSTRIA. (From a speech by Hon. Ernest Lapointe.) I refer especially to the settlement of the Austrian question. Under the terms Austria was left with a population of about 6,500,000. Vienna, the capital, has a population of over 2,000,000 and with Greater Vienna, the population of the capital, of over 3,000,000. Of course this is a very unusual state of affairs, especially when Vienna is no longer the centre of distribution and the centre of activity of all the territory which formerly constituted the Dual Monarchy. In addition to that there are over 250,000 civil employees in Vienna. I think some here know how hard it is to decrease the Civil Service in any country. These are the reasons why Austria became almost—not only almost, but absolutely bankrupt, and the only apparent solution was its annexation to, or its absorption by, some of the neighboring countries. Its statesmen came to Geneva during the last assembly and pleaded for the existence and life of their country. A committee was formed which went to the root of the question and a solution was found. A loan has been granted to Austria; Great Britain, France, Italy and Czechoslovakia each subscribing one-fifth, and the remaining fifth being subscribed by other nations. One of the conditions was that there would be a commission under the control of the League to decrease the Civil Service. It shows one of the activities of the League of Nations not connected with war, but nevertheless saving a great deal of human destruction. When it was announced to the Council that the solution had been found, M. Viviani, the French delegate, referred to the League as being the last resort for nations whose problems have become insoluble.

POSITIONS IN LAW CABINET FOR FORMER UNIONIST EX-MINISTERS. London, May 5.—(Canadian Press.)—It is reported that negotiations have been re-opened with certain Unionist ex-ministers with a view to their entering the Bonar Law Government.

Wood-toned Simmons Bed, Spring and Mattress, \$29.95

A REVOLUTION in Bed values—for the usual cost of the frame alone, here you have as well a rugged Simmons Spring, reinforced coil, an All-Felt Simmons Mattress, set up in a splendid Simmons Bed, finished in either Walnut or Mahogany for \$29.95.

Prove the truth of the offer by glancing in our middle window, the whole three for not a cent more than \$29.95. And Simmons quality—there is no bedding law as yet in Canada, but there is with Simmons. You know what you get and now you know exactly what you save. Figure things out at that window.

CONGOLEUM HEADQUARTERS. Every Congoelum Rug you are likely to set your mind on awaits your examination in the Rug department. Costs no more to see more.

J. Marcus Furniture, Rugs 30-36 Dock St.

NOT QUITE SO ROSY AS FIRST REPORT. Editor Moncton Transcript—I notice a mistake or exaggeration in your paper last night. I am sorry we neglected to mention the rails, but it was not for political purposes. He did mention purchasing \$6,000,000 worth from Sydney and he said they were working on freight rates, but he gave us no bright picture for the future that I could see. I understand the English language better than my friend Leo. All I can say Mr. Doucet must have misunderstood the expressions in this connection. I considered Sir Henry's expressions very discouraging and weak in this direction. We presented our points strongly, even informed him we felt at a disadvantage with the larger provinces, and many felt we had made a mistake in Confederation, and talked of secession, some going so far as to say we would be better off with the United States. His prompt reply, and rather sharp, I thought, was, "Well, go with them; I do not care." I appreciate the fairness of the Transcript in reporting us so truly. I have tried to be fair to all parties concerned and expect to continue that policy as far as possible. I regret any political agitation that has been created in this connection and I would suggest that this phase of the matter not be stirred too vigorously as I claim to have quite a reserve supply in this direction. If necessary to be given to the public. Thinking you.

G. H. BEAMAN.

Just TWO THINGS to do for a perfect manicure

A rose pearl lustre on shapely nails framed in soft, smooth cuticle. With Cutex there are just two things to do for this perfect manicure. Everyone is trying this simple way of caring for the nails in just a few minutes each week.

first and most important, is the care of the cuticle. Wrap the end of the orange stick in cotton, dip it in the bottle of Cutex Cuticle Remover and work carefully around the base of each nail. Rinse your hands and then gently wipe away the loosened cuticle. Instantly you have a soft smooth nail rim—and without any troublesome cutting that leaves rough edges and is so dangerous. To make this lovely rim last, just smooth a little cream into the cuticle of each nail every night.

then for the pink lustrous polish that fashion desires for well-groomed nails Cutex recently has developed a marvelous new polish. The new Liquid Polish goes on quickly and evenly and dries instantly, leaving a brilliant rose pink polish that lasts and lasts. For those who prefer them, Cutex also has marvelous Cake, Paste and Powder Polishes.

You can get any of these Cutex items for only 35c, or complete Cutex manicure sets for 60c, \$1.00, \$1.50 and \$3.00. At all drug and departmental stores.

PARTY OF HEBRIDEANS GUESTS AT IMPERIAL. The Imperial theatre yesterday afternoon was host to about 350 Hebrideans, who are storm-stayed here, and the action of the management was greatly appreciated. They were under the guidance of Hon. Manning W. Doherty, Minister of Agriculture in the Ontario Government. At the conclusion of the feature picture of the day, Walter H. Golding, manager of the theatre, very graciously welcomed the visitors and told them what a fine place St. John was on a fine day. Hon. Mr. Doherty replied, expressing the thanks of the visitors. The visiting Scots paraded to the theatre to the skirl of pipes and were loudly cheered on their way.

DISCARDS GRAND JURY SYSTEM

Manitoba Legislature Carries Resolution Without Division—Saving of \$50,000 a Year. Winnipeg, May 5.—The grand jury system in Manitoba will be abolished, Attorney Gen. Craig's resolution for throwing it into the discard on the grounds that the system had outlived its usefulness and that preliminary review of a magistrate's decision was a farce, was carried without a division in the Legislature yesterday. It is estimated that the province will save fully \$50,000 a year by the action of the Legislature.

BAD FIRE IN EAST ST. JOHN. Three families were rendered homeless and two dwelling, one just newly completed, were totally destroyed by fire at East St. John last evening. The house occupied by E. Pottle and L. Murchison and the home of Patrick Moore, were destroyed while the personal effects of the first two were also lost. Mr. Moore was more fortunate and saved most of his effects. The East St. John Building Company owned two of the houses while Mr. Moore owned his own dwelling. Several other houses only escaped destruction owing to the direction of the wind. The house of the company is said to be partly insured as is also the furniture belonging to Mr. Pottle and Mr. Murchison. The fire, residents claim, again has demonstrated the need for a fire protection system for the district.

MONCTON STREET CARS. The new street cars which have been ordered by the Tramways Company for some time have arrived in the city and will in all probability be put in service on the streets of Moncton on Saturday afternoon or Sunday. The new cars are of the Hiram Safety Car type, are all steel, and operated by one man. Cars of this type are in operation on nearly one thousand lines in the United States and Canada. Halifax has many of the same kind with the only difference being that instead of the wooden slat seats, the new ones for the Tramways have been finished in rattan upholstered seats. They have automatic doors which are opened and closed by means of

Hon. Mr. Pugsley's Salary Subject of Debate In The House. Motion to Reduce Estimates of Secretary of State Which Govt. is Sustained—Silent Attendance. (Special to The Times). Ottawa, Ont., May 5.—On a snap standing vote of a slim House, precipitated by a motion of Hon. Harry Stevens, to reduce by \$9,000 the esti-

mates of the Secretary of State, the Government was sustained in parliament last night by a majority of fourteen. Owing to the usual week-end custom, the vote was a light one, forty-eight to thirty-four, and followed party lines except for the fact that the administration received support from several Progressives, including Robert Forke, leader, and Messrs. Brown, Gould, Pritchard, Hill, McBride and Reed (Frontenac). The reduction in the estimates specifically covered by the motion was equivalent to the yearly salary to be paid by the Secretary of State to Hon. Wm. Pugsley as commissioner on the adjustment of war claims. The amendment to the main motion came with such unexpectedness that Mr. Copp had to talk against it while the Government whips scoured the corridors for stray members. The attack came from Conservative and Progressive quarters, the chief of the opposition, R. B. Hays (Conservative), York-Sunbury, declaring that Mr. Pugsley would make his \$9,000 position last "until another job is in sight". Hon. A. B. Copp, Secretary of State, asked why the work of the commissioner could not be done by the Exchequer Court bench, replied that there was a shortage of judges in the Exchequer Court. Hon. H. H. Stevens (Conservative), Vancouver Centre, declared that the work should be done by the Exchequer Court; that if there was a shortage of judges there it was the duty of the Government to appoint one, and that, if no one else were available, Hon. Mr. Pugsley should be appointed to the task. He moved, therefore, that the item be reduced by \$9,000—the salary of Mr. Pugsley. Eulogistic reference by the Minister to the legal abilities of Hon. Mr. Pugsley failed to persuade the Opposition to withdraw its amendment.

SUSSEX PERSONALS. (Sussex Record). Dr. Charles King and family of Pet-rodia have taken a house on Court street and will reside in Sussex. Mrs. Elmer M. McLean of St. John, is visiting her mother, Mrs. Leonard Allison. Dr. John Manchester and wife of Winnipeg, who were guests last week of relatives in Sussex, have returned home. Mrs. Edward Hazen of Los Angeles, California, who has been spending several weeks in Sussex, has been called here by the death of her mother, the late Mrs. T. E. Arnold, left for home on Tuesday. She was accompanied by her brother, Mr. Percy Arnold, who will make his home with Mrs. Hazen. Mrs. B. B. Hayes of Calgary, Alta., accompanied by her son, S. B. Hayes, manager of the Standard Bank of Canada, Riceton, Sask., arrived on the 21st ult. They will spend some time with Mr. and Mrs. S. A. Finnis, at Evansdale. Later they will visit relatives and friends in New Brunswick and Massachusetts. Mrs. Benjamin B. Hayes, oldest daughter, and Samuel B. Hayes, only grandson of Mr. and Mrs. S. A. Finnis, arrived in Evansdale in time to join in celebrating the fifty-fourth wedding anniversary of Mr. and Mrs. Finnis, which took place on April 21st. Edward B. Lloyd of the Presbyterian College, Halifax, has been appointed to the Mission field of Waterford, Markhamville and Mechanic for the summer. He will begin his work next Sunday.

HEAVY LOSS OF LOGS. (Fredericton Gleaner). The St. John river at Baker Brook and at other points on its headwaters has reached a higher level than has been reported during the past twenty years. According to reports received here by John A. Morrison, who conducts extensive lumber operations in that district, driving operations have been going on for four days on the upper St. John river's tributaries. More than a hundred million feet of logs are to come down the upper St. John river for the mills on the Maine side of the St. John river above Grand Falls and it is feared that with the water at an almost unprecedented height large quantities of these logs may be carried down the river. The present situation makes it impossible for the St. John River Log Driving Company to seal the river here with booms as is usually done.

POST'S BRAN FLAKES With Other Parts of Wheat Note carefully the name of this laxative food. "Post's Bran Flakes"—a bran food prepared by the same pure food company who have given the world its finest concentrated cereal food—Grape Nuts—its highest quality corn flakes—Post Toasties—its healthful mealtime beverage—Postum. A food with all the beneficial laxative effects of bran—tends to keep your system clear of all poisons. "With Other Parts of Wheat"—bran has long been on the market—but such bran! Coarse, harsh, dry—almost impossible to eat. No wonder people balked at it. Now comes a new process which retains other valuable parts of the wheat berry—gives Post's Bran Flakes real toasted wheat flavor—makes them delicate and delicious. As a breakfast food you will enjoy and be well nourished by Post's Bran Flakes. A generous package for 18 cents 3 for 35 cents MADE IN CANADA CANADIAN POSTUM CEREAL CO., LIMITED Head Office: Toronto Factory: Windsor Now you'll like Bran! THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, MAY 5, 1923.

The Evening Times and Star

ST. JOHN, N. B., MAY 5, 1923. The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A MEMORABLE WEEK.

Following the started interest in the progress of floods that are with precedent in provincial history comes the thought of the effects. The floods will subside, but they will leave in their wake very serious problems for individuals in many places, and for the community as a whole. The financial loss will run into millions. The province, municipalities, railways, lumber operators, farmers, all are more or less involved in this great calamity. The most severe hardships will be suffered by those individuals who could ill afford any loss, but whose property has been lost or damaged in the sweep of the remorseless waters. It is not possible to compute the entire loss inflicted within the present week, but it must be staggering in proportions. Happily it comes at the beginning of the season of warmth and of general working activity, when there will be ample time to repair the damage done. To many people, however, the financial strain may be very severe. This is a time, therefore, when those who have not suffered may lend assistance to those who are perhaps left in a nearly helpless condition. There will be of course a large demand for labor for the next few months, and this will prove a great relief, since men will be able to earn money to meet immediate wants and get on their feet again. The number who have suffered very heavy loss is but small compared with the whole population, and with a measure of prompt assistance as the needs are made known there will be but little of real hardship.

PROTECTION OF CHILDREN.

Ontario has a Federation of Children's Aid Societies. There are fifty-six Societies in that province. New Brunswick has three. The Ontario Federation was in session in Toronto the last two days. The Toronto Telegram gives these historical facts:— "The first Children's Aid Society in Canada was organized in this city in July, 1851, through the efforts of Mr. J. Kelso, who was elected its first president, and who resigned to become superintendent of Neglected and Dependent Children of Ontario when the Children's Protection Act was passed in 1893. In the ten years that followed, every province in Canada enacted a similar law, and there are today over 800 societies and 218 children's shelters for the temporary care of destitute children. The great work now being done along social service and child welfare lines is the outcome of pioneer work done by these organizations." Mr. Kelso has pleaded the cause of the children in St. John on more than one occasion, and has kept in touch with the work of our Children's Aid Society. In a recent communication he expressed the view that a great need in New Brunswick was a superintendent of Neglected and Dependent Children. With such an officer Children's Aid Societies could be formed throughout the province, and such an officer would have authority to deal with the case of any neglected or dependent child where no Society existed. This is a need constantly felt, since existing Societies receive many appeals for action in places beyond their jurisdiction.

The Marriage Game

The Snappiest of Pastimes As Played to a Decision Every Day By Mr. and Mrs. Arnold Hatton INSTINCT.

His Play—Nobody could find any fault with a woman's intelligence—it's her refusal to give in to that intelligence that plays the racket with the jolly old marriage game. I mean to say that many a time a woman's good sense will tell her that she is on the wrong track, whether it's in an argument with her husband or merely how much she has put in the batch of biscuits. But does she heed the hint of her mind? Nope. She does as she pleases. The intelligent husband with suspicion. Instead of following her mind's influence she does what her instinct tells her. That's why women are so often at fault. Her Counter-Play—Well, what is instinct? It's that which is intuitive. And a woman trusts her instinct more than her mind. At least, her instinct is unclouded by what the fashion or thought of the hour may be—for intelligent ideas are subject to change and the instinct never changes. It's a woman's natural behavior doesn't always coincide with what men think it ought to be. Oh well, dear, it will be all the same a thousand years from now. Don't worry. The Referee—A little hefty, but she wins the debate. (Copyright, John F. Dille Co.)

BOY SCOUTS

WOLF CUBS ROVER SCOUTS SEA SCOUTS

THE CHIEF SCOUT YARNS. The Empire Jamboree. The difficulties in the management of the Empire Exhibition having been settled we can now go ahead with our preparations for holding our Imperial Jamboree in the great stadium of Wembley Park next year. The date will be the week of August Bank Holiday from August 1 to 5, 1924, and we shall hope to have contingents from all the Oversea Dominions and Colonies form the great British Commonwealth. Already I have had news from some of those who intend to come, and it is inspiring to see the spirit in which they are doing it, and the way they are offering to join in giving demonstrations of Scouting at their own expense, as a matter of loyal co-operation in playing the game which has helped them along. I am certain that we shall have a very chery gathering of the clans, and it will be very interesting results in the equation of the public (for the public still needs it) in our aims and methods—and more especially in bringing together the future citizens of the different branches of our Empire in the personal contact of good fellowship. That will have priceless value in the years to come. Suggestions for original ideas and novel displays will be welcomed and the time for recognition is not overlong. A scout slip says and I hope that all Scouts will put in their time to what club shall use the grounds and the saving of funds necessary if they are going to take part and see something of the show.

Before You Buy a Range, See the

ENTERPRISE Line In every Enterprise Range, remember, design, efficiency, convenience and durability are as near perfection as human skill and money can make them. Attractive appearance, perfect baking, ease in operation, fuel economy and long life are what you ought to expect in your Range, and these, with moderate pricing, you will always find in an Enterprise Range. MARTIN-SENOUR 100% PURE PAINT & VARNISHES

MARBLE-ITE The Hard-Drying, Long-Wearing Floor Finish. Nothing adds so much to the beauty of a home as floors that are properly cared for. On the other hand, floors that are not protected are unpleasant to look at, are hard to keep clean, and become injured through wear. Don't neglect your floors, beautify them and save them. Save the surface and you save all. MARBLE-ITE Floor Finish is the perfect treatment for floors of all kinds. It is the one floor finish that has a money-back guarantee attached to every can. In 24 hours MARBLE-ITE dries hard with a beautiful finish that will not show heel marks. It has a high gloss, yet is tough enough to stand any amount of wear without injury. It can be washed with soap and water and it will not mar nor scratch white. We invite you to call and discuss this method of beautifying and protecting your floors. We can give you full details regarding this or any other painting or varnishing problem. We have a complete stock of MARTIN-SENOUR Paints and Varnishes. For every purpose—FOR every surface. W. H. THORNE & CO., LTD., ST. JOHN. W. B. McDONOUGH, ST. JOHN.

MINARD'S "KING OF PAIN" LINIMENT. PAIN Minard's penetrates to the root of the trouble and gives quick relief. Splendid for sore muscles, sprains, bruises. A good thing—rub it in. Dr. W. W. White in an address before the Women's Hospital Aid yesterday, preparatory to the open meeting which will be held on May 11 in connection with the Maritime session of the American College of Surgeons in this city, told of the wonderful work being accomplished by this body of surgeons. The program of the meeting will be invited, was outlined by Dr. White and the ladies present yesterday promised to lend their presence and bring their friends.

THE HERITAGE

(James Russell Lowell) What doth the poor man's son inherit? A patience learned of being poor; Courage, if sorrow come, to bear it; A fellow-feeling that is sure; To make the outcast bless his door; A heritage, it seems to me, A king might wish to hold in fee.

URGE COUNCIL TO PUT ATHLETIC FIELD IN ORDER

The Playgrounds Association Asks for Action on Allison Grounds—Resolutions Passed. At a meeting of the Playgrounds Association yesterday with W. K. Haley in the chair the following resolutions were passed:— It was moved by A. M. Belding, seconded by A. W. Covey and carried unanimously: "That a communication be sent to Commissioner Frink asking him the \$1,000 granted for the purpose of putting a grass surface on that part of the Rockwood Allison grounds already prepared for an athletic field, and also for completing the running track, be put to that purpose as soon as possible." "That the St. John Playgrounds Association be given authority to appoint a committee of commission to have charge of the Allison Grounds; and that such committee shall have full say as to what clubs shall use the grounds; and when." "That such committee shall have power to collect money for building dressing rooms, grand stand, fence, laying out of tennis courts and all the purposes for which these grounds are intended. That they shall also have the privilege of allowing clubs to charge admission for match leagues and outside games and athletic sports, a percentage of which shall go to the committee to be wholly applied to the upkeep and running of the grounds." "That, failing this, the city commissioners make an appropriation to cover the cost of dressing rooms, etc., say, \$2,000 and also an amount for the salary of two men for six months each year to keep the grounds in shape."

LOCAL NEWS

While in the city yesterday, Hon. D. W. Merrett, Provincial Minister of Agriculture inspected the Scottish cat, sheep and swine at the One Mile House. C. F. Bailey, superintendent of the Experimental farms at Fredericton also inspected them. There is an excellent display of hardware in the windows of the Red Cross rooms in Prince William street. The very creditable work was done by returned soldiers at East St. John. The hydro line to Fair Vale, which gave across the branches, has been cleared and the power is on there again. The cause of the trouble has been remedied and no further interruption is expected from that source. All the C. G. I. T. groups in the city are preparing to hold a big exhibition programme in Centenary hall and each group has some special part of the work to perform. It is hoped to raise money enough for a new building at the summer camp in Chipman. The first aid examination in St. John's last night were conducted by Dr. C. M. Pratt, assisted by Miss Irene Barber, secretary of the local branch of the St. John Ambulance Association. Those getting certificates were as follows—senior, Douglas Jamieson and S. Douglas McGovern; junior, Charles McEwen. The three special trains with passengers from the Metagawa were taken to the west side yesterday afternoon and the travelers put on board the steamer where they can be given better sleeping and eating facilities. They will be quartered on board until either the C. F. R. or C. N. B. is clear and they can be sent on to Montreal. Rev. G. D. Hudson was the chief speaker at a meeting of the Main Street Baptist C. G. I. T. group last evening. Miss A. E. Macdonald presided. The St. John Baptist Ladies' Society met last night with Miss M. S. Surge presiding. Toasts were proposed and responded to from the various committees. It was announced that the Easter tea had brought in \$128. At an executive meeting of the Women's League of the Presbyterian Association yesterday it was made known that reports of the convenors of the various churches showed a marked increase in interest and a keen desire for information. It was decided to have Principal Fraser of the Presbyterian college at Montreal deliver an address at a later date. The John Red Cross will be a year old in June with the closing of the school term and preparations for the celebration were advanced at a meeting held in the Red Cross Depot yesterday at which R. T. Hayes presided. It was decided to give a flag to the school in each county, which has made the most progress in the health game. The German street Baptist Philathea class held their closing meeting last night with Miss M. Dumbreck presiding. Toasts were proposed and responded to by Miss C. Hart, Rev. Dr. S. S. Poole, Miss B. Fleet, W. C. Cross, Miss S. Macdonald, Mrs. G. W. Parker, Mrs. H. H. Colwell and S. H. Davis. Miss Hazel Morse gave the class prophecy. Hon. D. W. Merrett, minister of agriculture, arrived in the city yesterday, after considerable difficulty in the flooded regions of Sanbury county, only to find that a meeting of the Agricultural Breeders' Association, scheduled to be held here, was postponed because delegates could not reach the city. While enroute here he was compelled to walk ten miles to make train connections. He described conditions along the St. John river as being very bad. Premier Yonke arrived in the city about one o'clock this morning from Fredericton on the belated McAdam express and left again this morning for his home in Bathurst. He said the meeting of the government would be held in Fredericton at 10.30 o'clock on Wednesday. The Premier will return

St. John's need of a Juvenile Court is being illustrated this week.

St. John's need of a Juvenile Court is being illustrated this week. Cold and damp cells, to which drunks and bootleggers are committed, are not a proper place of detention for mere boys. However misguided they may have been, they are more degraded by the police cells. But for the action of several leaders in the ranks of labor, a few years ago St. John would have had a Juvenile Court. Their bitter opposition carried the day in the Municipal Council. They were wrong. Let us hope, if any question, there will be one voice in the community, and that it will demand a Juvenile Court and a square deal for the young unfortunates who fall into evil ways. The fault is less than it is of their parents and the community at large.

Our Language.

Overheard at a directors' meeting: "While we are sitting here let us see how we stand on running expenses."—Boston Transcript. "Under 'Em." "Faps, what is a pedestrian?" "An individual, my son, that is always dead in front of automobiles."—Le Rire (Paris). Suspicious. Visitor (admirably)—What a picture you make of this little one! Mother—I hadn't noticed it. Dorothy—What have you been doing?—New Haven Register. Stowing Him Down. "Fancy He has stowed me only two days when he proposed to me in his automobile." "What did you tell him?" "I told him he was speeding."—New Haven Register. In Scotland. In some window bills exhibited not three miles from Edinburgh the entertainment is announced to take place next week. In large bold letters the prices of the tickets are given as "100 and 100 children 50." while at the foot of the bills in smaller type, the announcement reads thus:—"Children admitted to seated seats if accompanied by parent or guardian. These may be had at shops in the village." Peculiarly enough, in one of the shops another large window ticket says, "Families Supplied"—Edinburgh Dispatch.

Girl Guide Notes

So many of the 2nd Rotherays tucked into Junior W. A.'s last Monday that a regular meeting of the company was not held but Miss McArthur went out and those who were striving for a first had another try and everybody advanced a step or two. P. L. Helen Connel has now finished this part of the badge. It is to be hoped they will all be successful next time as they are all getting to know the height of every telegraph pole and spruce tree in the neighborhood—likewise the weight of everything weighable. The you Guides remember that the 8th Company have the Sports Cup and that the year is almost up! Somebody must try to get it away from them. We hope to have our Sports Day the end of this month or the first of next so practice your jumping and suchlike. Every company ought to have a team to work for them and every team ought to have all the rest of the company to cheer for them. The regular monthly meeting of officers will be held on Tuesday at 7.30. Please have suggestions for Sports Day. Owing to the disorganized train service this week, we have missed a splendid chance to learn something at first hand of Guides in Tasmania, as Miss Masterson, a Tasmanian Guide, sailed on Thursday on the Marloch. The district commissioner and secretary tried to see her, but her train had not arrived so they could only leave greetings and a few flowers in the name of the Guides of the St. John district. William Merritt, charged with breaking and entering the warehouse of Connors Bros., and stealing a quantity of goods valued at \$200, was again remanded to jail yesterday afternoon following the evidence of Captain Warwick of the Connors Bros., and A. Hooper, mate of the same steamer.

HON. "BOB" TO HELP?

The organizing genius of Hon. Robert Roberts will be felt in this provincial campaign in behalf of the Conservatives, Ontario. There are quite a number of leading men in that party who still think Hon. "Bob" is the shrewdest master of elections in the country at the present time. They want him here, and Hon. "Bob" enjoys a campaign, so that it may be safely concluded he will be on the job. Besides, Hon. "Bob" is desirous of seeing a return to the old-fashioned Toryism, not the Arthur Meighen type or the Sir Robert Borden type, but the old Sir John A. Macdonald type. Possibly the former Minister of Public Works thinks Ontario is in good luck in which to replant the seed. There is plenty of work right among the members of Hon. Mr. Ferguson's party for the organizing ability of Hon. "Bob." Bringing together the warring elements, the wets and the dries, the ginger group and the more orthodox, will tax the brains of Hon. "Bob" to the utmost. Policeman McBrien gave evidence yesterday afternoon in the case of Roy Thompson, charged with theft from the residence of E. H. Watters, 45 Metcalf street. The accused was remanded.

Eighty-five per cent. of Ontario manufacturers, replying to an enquiry, say that poverty and drunkenness are not as common as before prohibition was adopted, and seventy-three per cent. said prohibition had increased the production of goods. The workers are more steady and their capacity for work is greater. Ontario will not tamper with a law that yields such results.

"Grow trees and harness the water powers," is the counsel Mr. Robson Black of the Canadian Forestry Association gives to this province. It is excellent advice. Wood and water mean much to New Brunswick.

A witness before the Agricultural Committee at Ottawa last week declared that costs of distribution of goods were far too high. As an illustration he instance the case of women's shoes, made in Waterloo, Ontario, and sold to a Toronto retailer for \$3.20 per pair. It was found that these shoes retailed at \$8. This was of course an extreme case, but there is in most cases a wide spread between the cost of any article, whether produced by the farmer or manufacturer, to the producer and that which the ultimate consumer pays. This is one of the problems nobody seems to be able to solve in a satisfactory way.

Bliss Carman is to return to Canada and make his home in Vancouver. New Brunswick people will regret that he does not return to his native province, where he received his first poetic inspiration. Mr. J. Murray Gibson, last year's president of the Canadian Authors' Association, said last week of Mr. Carman's return:— "It had more pleasure in thinking of this one returning Canadian than of the ninety and nine who remain outside the fold."

All that is needed now is a rise in the price of buckwheat to throw a bit of us into the depths of despair. The news comes from Quebec that the maple sugar and syrup crop will be the smallest in years, and the price of syrup has jumped from \$1.80 to \$8.10 and is still going up. Let us be thankful for the molasses jar.

RECENT DEATHS

Henry R. Lee. The death of Henry R. Lee occurred yesterday at his home, 16 Brook street, after a brief illness. Mr. Lee had been a resident of the city for many years but had retired from business several years ago. He is survived by his wife, one son, Alfred, at home, and one daughter, Mrs. Howard Marr, Fairville, and two grand children. The funeral will take place on Monday, with interment at Brown's Flat. Service will be held Sunday night at 8 o'clock at his residence.

Sir W. R. Nicoll. London, May 4.—Sir William Robertson Nicoll, Scottish non-conformist divine and founder of the British Weekly, a non-conformist organ, died last night at Hampstead. He only resigned active editorship of the Weekly last week, having served in that capacity since its first issue in 1886. He had been in indifferent health for some time.

Hon Henri M. Robichaud. Hon. Henri M. Robichaud, member of the Legislative Council from Digby, since 1891, is dead at his home at Maxwellton, Yarmouth County. He was born at Meteghan, Clair district, Digby

The Breaking Point

By Mary Roberts Rinehart

(Copyright 1922, by Mary Roberts Rinehart, Published by Arrangement With McClure's Magazine.)

(Continued From Yesterday)

In the grip of a situation that was too much for him Basset rang the bell. It was answered by the elderly maid who took care of his own bedroom.

Months later, puzzling over the situation, Basset was to wonder, and not to know, whether chance or design brought the Thorwald woman to the door that night. At the time, and for weeks, he laid it to tragic chance, the same chance which had placed in Dick's hand the warning letter that had brought him West. But as time went on the part played in the tragedy by that faded woman, with her tired, dispirited voice and her ash-colored hair streaked with gray, assumed other proportions, loomed large and mysterious.

There were times when the wished that some presence of danger that made him throttle her then and there so she could not have raised her shrill, alarming voice. But he had no warning. All he saw was a woman in a washed-out blue calico dress and a fresh white apron, raising incursive eyes to his.

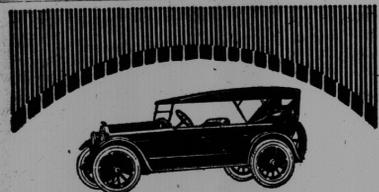

"I suppose it's all right if she sits in the hall?" Basset inquired, still fighting his losing fight. "She can go in if she sits."

"Right?" said the doctor, who had been to France and who brought home some British phrases.

Basset walked muck from the hospital alone. The game was up and he knew it. Sooner or later — in a way he tried to defend himself to himself. He had done his best. Two or three days ago he would have been exultant over the developments. After all, since things as one could, Clark was a murderer. Other men killed and paid the penalty. And the game was not up entirely, at that. The Providence which had watched over him for so long might continue to. The hospital was new. (It was ironically enough, the Clark Memorial Hospital.) There was still a chance.

He was conscious of something strange as he entered the lobby. The constable was gone, and there was no clerk behind the desk. At the foot of the stairs stood a group of guests and loungers, looking up, while fresh white apron, raising incursive eyes to his.

Even then Basset's first thought was of fire. He elbowed his way to the foot of the stairs and demanded

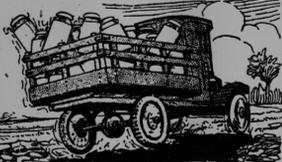

OLDSMOBILE

In the General Motors Research Corporation, hundreds of research specialists are continually striving to find ways of making motor cars better. As quickly as a new process or design is perfected, Oldsmobile engineers have the advantage of it. This accounts for the high standard of quality maintained by Oldsmobile.

to be allowed to go up, but he was refused.

"In a few minutes," said the boy. "No need of excitement."

"Is it a fire?"

"I don't know myself. I've got my orders. That's all."

Wilkins came hurrying in. The crowd, silent and respectful before the law, opened to let him through and closed behind him.

Basset stood at the foot of the stairs looking up.

To Elizabeth the first days of Dick's absence were unbelievable dreary. She seemed to live only from one visit of the postman to the next. She felt some times that only a part of her was at home in the Wheeler house, slept at night in her wide bed, donned its black frocks and took them off, and made those sad daily pilgrimages to the cemetery above the town, where her mother, tidied with tender hands the long, narrow mound, so fearfully reminding of Jim's tall, slim body.

And because of this division in herself, because she felt that her loyalty to her people wavered, because she knew that already she had forsaken her father and her mother and would follow her love through the rest of her life, she longingly anxious to comfort and to please them.

"She's taking Dick's absence very hard," Mrs. Wheeler said one night when she had kissed them and gone up-

and little caressing touches on bowed heads and grief-stooped shoulders.

It put away Jim's clothing, and kept immaculate the room where now her mother spent most of her waking hours. It sent her on her knees at night, to pray for Jim's happiness in some young-man heaven which would please him. But the other part of her was not there at all. It was off with Dick in some mysterious place of mountains and vast distance, called Wyoming.

And because of this division in herself, because she felt that her loyalty to her people wavered, because she knew that already she had forsaken her father and her mother and would follow her love through the rest of her life, she longingly anxious to comfort and to please them.

"She's taking Dick's absence very hard," Mrs. Wheeler said one night when she had kissed them and gone up-

Reduces the cost of upkeep

WHEN your car hits the inevitable rough bumps, Hasslers' absorb the shocks of both upthrow and rebound in the necessarily high resilient action of good springs; they save you not only discomfort in riding, but the pain of paying for needlessly injured springs.

No need to tell you that the bumps, jars, jolts and vibration suffered by any good car on city streets are only too real. Busy repair shops prove it. Motor nerves prove it. You need Hasslers'.

When you want to renew your car, you will enjoy enhanced re-sale value, made possible by Hasslers' saving your car!

Saved gasoline alone would pay for Hasslers, not to mention saved repairs, tires and re-sale value. You pay for Hasslers' anyway, why not have Hasslers' now! Your dealer knows these Hassler facts.

HASSLER Shock Absorbers

Exide BATTERIES
MADE IN CANADA

No law compels you to use a weak battery

It is not only unnecessary to have a weak battery in your car, it is unsafe, uncomfortable and poor economy.

An Exide starts your engine whenever you step on the pedal and gives you lights when you want them. It will do these things as a matter of course and for so long a time that an 'Exide is the most economical battery you can buy.

Don't put up with an ordinary battery when you can easily get an Exide. More cars leave the factories equipped with Exides than any other battery. Have a look at the battery when you are selecting a new car.

Bishop Says America Is Women's Paradise

Chicago, April 30—(A. P. by Mail)—The poorest woman in the United States is infinitely better off than the poor woman of South America, Bishop W. P. Oldham, of Buenos Aires, declared at a meeting of the employees and staff of the Committee on Conservation and Advance of the Methodist Episcopal Church here.
Bishop Oldham has just returned from South America and Mexico. He said: "You can rate civilization from the place that women hold in that particular country. There used to be an idea that woman had no real place in the world.
If there are any young women here who are discontented and wishing that women in the poor class in South America who are not as respected as the women of the United States. The poorest of you is rich when compared with these."
The Bishop said that the ownership of millions of acres of land by rich landlords was detrimental to the advancement of the poor. The poor women, especially in South America, he declared, lived in little shacks in small villages and are degraded specimens of

HELPED 1,500 CONVICTS BACK TO CITIZENSHIP

Chicago, May 1—(A. P. by Mail)—Two hundred men, paroled from seven state penitentiaries and federal prisons during 1922, earned \$98,944, or an average of something more than \$4 a day, according to a statement given out here by the Central Howard Association, under the direction of its founder and superintendent, P. Emory Lyon, of this city, aims to work for the prevention of crime by better supervision of offenders while on probation and parole.
Superintendent Lyon says: "Eight dollars covers the average cost of bridging the gap between the prison door and self supporting, self respecting citizenship. It is really worth while."

METHODISTS ACTIVE IN HOME BUILDING

Board of Home Missions Puts Up Twenty-three Houses a Week.

Chicago, May 1—(A. P. by Mail)—Twenty-three buildings a week are being erected wholly or in part by the Board of Home Missions and Church Extension of the Methodist Episcopal Church, at a weekly expense of \$66,112, according to figures compiled for the Committee on Conservation and Advance. Previously only 12,000 building projects have been put through in 50 years.
In rural and frontier mission fields 2,300 pastors are being maintained wholly or in part by the Board of Home Missions and Church Extension, each pastor serving from one to four communities on the "circuit-riding" basis. Schools for training these men are held each summer at 29 different Methodist colleges and institutes. Two hundred negro pastors also are on the pay-roll of the board. There are in addition 800 pastors and 650 specially trained Christian social workers in congested city centers of population, and the Gospel is preached in 19 languages by 995 home mission pastors.
These figures do not include self-supporting Methodist churches whose contributions to the benevolent enterprises of the church as a whole constitute a substantial part of the \$100,000,000 Centenary fund, pledged by Methodists the world over.

NAVY LEAGUE ELECTS OFFICERS

The annual meeting of the New Brunswick Division of the Navy League was held yesterday afternoon in the Seaman's Institute with R. E. Armstrong, president, in the chair.
The officers of the previous year were re-elected as follows: Hon. president, R. E. Schofield; president, R. E. Armstrong; vice-president, Capt. A. J. Mulcahy; treasurer, H. C. Schofield, and secretary, C. B. Allan. Mr. Armstrong was appointed to represent the New Brunswick branch at the annual meeting of the Dominion executive council at Port Arthur on May 15.
Executive Committee
The additional members of the executive elected were as follows: The president of each branch of the Navy League in the province, the regent of each chapter of the I. O. D. E. in St. John, the commodore of the B. K. Y. C., the commodore of the St. John Power Boat Club; the president of the Provincial I. O. D. E., the manager and officers of the Seaman's Institute, R. Morton Smith, W. H. Lugadin, D. W. Leitchman, E. L. Riding, L. P. D. Tully, Hon. H. A. McKeown, Mrs. M. B. Edwards, Mrs. F. S. White, Mrs. A. J. Mulcahy, Mrs. J. B. Travers, Mrs. J. P. Robertson, T. H. Bullock, R. T. Hayes, M. P. P., and Col. E. T. Sturdee.
The members of the advisory committee are as follows: The honorary president, E. A. Schofield and deputy president, R. E. Armstrong, Capt. Mulcahy, H. C. Schofield and C. B. Allan.

PRaises Present Generation

Battle Creek, Mich., May 1—(A. P. by Mail)—Mrs. Charlotte Bennett, 99 years old, Michigan pioneer and believed to be the only surviving mother of a Civil War veteran residing in this state, declares her opinion that "the world is no worse today than it was when I was a girl."
Mrs. Bennett, however, deprecates what she calls "a lack of neighborliness" on the part of present-day Americans.
"The world has become commercialized and there no longer is the friendly attitude of one person toward another that was noticeable when I was a girl," Mrs. Bennett said. "But so far as real goodness goes, I can't see but what folks today are just as filled with virtue as they ever were. Every generation has its faults and its redeeming features."
Miss Vivian Tremaine, superintendent of nursing in the Red Cross rooms in West St. John, has left for Quebec to be ready for the passengers soon due to arrive in that port.

A PROFITABLE PROFESSION FOR WOMEN

Paying from \$30 to \$45 a month and living while in training.
McLean Hospital Training School for Nurses offers a three year course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$80 per month for the first and second years, and \$45 per month for the third year. This course is open to young women who have had one year or equivalent in high school. Entrance at any time during the year. For information apply at once to MISS HELEN C. SINCLAIR, R.N., Supt. of Training School, Waverly, Massachusetts.

As Economical As They Are Beautiful

YOU cannot place too much importance on the subject of the right roofing for your home. You know how very much an attractive, distinctive roof adds to its appearance. And also, how important it is to have durable, sealed-tight, fire-resisting protection.
Vulcanite Hexagon Slabs give you these desirable features in a way which no other shingle possibly can. The pleasing design, in either jade green or Indian red, makes an especially attractive roof. And the patented construction gives you a double thickness at every place. It also reduces the expense of application, for each slab automatically spaces itself. A Vulcanite roof resists fire and the cutting wear of weather, and costs less in the long run. It always lies flat and is an enduring source of satisfaction.

Ask your dealer to tell you about all the Vulcanite Roofings.

There is a wide range, from roll roofings, both slate surface and smooth finish, for large buildings and small, to individual shingles and four-in-one slab shingles, for the most decorative roofs. You can identify the genuine by the Vulcanite name and the Beaver trademark.

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

Sets Friday For Bringing Down Annual Budget

(Canadian Press Despatch.) Ottawa, May 5.—Hon. W. S. Fielding, minister of finance, announced in the House yesterday that he would bring the budget down next Friday "unless something intervened."

DELAY TO CATTLE EXPORTS BY ICE

600 Head Being Held at Montreal Awaiting Shipment.

Montreal, May 5.—Cattle shippers of Montreal yesterday said that the huge ice floes off the south shore of Newfoundland and the Gulf of St. Lawrence were causing heavy losses to those interested in the export trade in these ice fields which, at least twenty vessels are at present being held up in these ice fields which, for this hindrance, would be available for cattle exports. In the meantime, the cattle for export have been arriving here daily until it is estimated that there are now about six hundred head here.

ITCHING ECZEMA CURED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fever, itching eczema, can be quickly overcome by applying a little Mentho-Bal, says a noted skin specialist. Because of its germ destroying property, this sulphur preparation instantly brings the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Bal-Sulphur. It will help druggist and use it like a cold cream.

TO RESIDE AT WOODSTOCK.

Frederick Gleason—Dr. George W. Bailey and family were in the city yesterday on their way to Woodstock. Dr. Bailey, who holds a commission as Medical School Inspector, is moving to Woodstock for the purpose of facilitating his visits in the district under his care.

Suffered From Pimples and Blisters For Fifteen Years

When the blood becomes impure it is only natural that pimples, blotches, boils or some other blood trouble will manifest itself by breaking out of the system. There is only one way to get rid of these obnoxious skin troubles, and that is by giving the impure blood a thorough cleansing by the use of a good blood purifier such as

Burdock Blood Bitters

This remarkable remedy has been on the market for many years and is the best obtainable, and will do us claim for it as a blood cleanser. Mr. Albert B. De Witte, Lake Valley, Sask., writes: "I have suffered very much from pimples and unsightly blotches for as long as fifteen years, and now I had to get out anywhere. I tried many different medicines, but none did me any good. I finally had to use Burdock Blood Bitters. I have used three and a half bottles, and now I have a clear, rosy complexion."

B. B. B. is manufactured only at Galt, Ont.

BEFORE MY BABY CAME

I Was Greatly Benefited by Taking Lydia E. Pinkham's Vegetable Compound

Sydenham, Ont.—"I took your medicine before my baby was born, and it was a great help to me as I was very poorly until I had started to take it. I just felt as though I was tired out all the time and would have weak, faint spells. My nervous system would be so bad I could get little rest, night or day. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I will tell you it was a great help to me. I was able to get up and about, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to recommend this good medicine. I will find that little book you sent me to any one who can help. You can win the greatest pleasure you may have in regard to the Vegetable Compound, and I will help others take it."—Mrs. HARVEY MULLIGAN, Sydenham, Ont.

It is remarkable how many cases have been reported similar to this one. Many women are poorly at such times and get into a weakened, run-down condition, when it is essential to the mother, as well as the child, that her strength be kept up.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It may be taken in safety by the nursing mother.

FINANCIAL RALLY CONTINUES IN WALL STREET

Nearly All Issues Open Higher—Short Covering Furnish Activity—Dull in Montreal.

New York, May 5.—(Wall street opening)—The rally, which began in the latter part of yesterday's stock market, continued at today's opening. Stocks in virtually all sections of the list opening quarter to 1 1/2 points. Short covering operations furnished the impetus for the advance, which was most effective in the equities. Steel, copper, oil, and a selected assortment of railroad shares. American and Canadian securities, American Can and Reynolds Spring led the upward movement. Missouri Pacific common dropped to a new low for the year and Consolidated Gas slumped 1 1/2 points in response to the state legislature's passage of the dollar bill.

CORNS Lift Off with Fingers

Doesn't hurt a bit! Drop a little 'Frezone' on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly your druggist sells a tiny bottle of 'Frezone' for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

HALIFAX DEAGNER VICTIM MAY REAGIN HER HEARING (Canadian Press Despatch.) Philadelphia, May 5.—Memory of the Halifax, N. S., deaganer in December, 1917, was recalled at the convention of the Eastern Osteopathic Association when Miss Alice Stokes was operated on for 'cataract deafness' in a clinic conducted by Dr. Curtis H. Munde of New York. Her hearing was said to have been improved by the operation and she hopes for complete recovery was held out.

Miss Stokes was in Halifax when the French steamship Mont Blanc, loaded with munitions, blew up. Her hearing was affected by the concussion.

URIC ACID Does NOT Cause Rheumatism!

Furthermore, I claim that Uric Acid is a NATURAL and NECESSARY constituent of the blood—that it is found in the body of every now-born babe—that without it we could not live! (Strange statements! Yes—to you perhaps, because you have always been told differently.)

But my book, 'The Inner Mysteries of Rheumatism,' just published, tells you what actually DOES cause it and how it is now being successfully treated in all its different forms by the use of my new, advanced scientific methods.

The writing of this unusual book is the result of my twenty years study, experimentation and research in this disease and I want every sufferer of RHEUMATISM, NEURITIS, SCIATICA, GOUT, etc., no matter in what form or how chronic to read it. Therefore, although valuable, I will gladly send one complete copy only of the book absolutely free if you will send your address or that of any sufferer you may know, plainly written, to H. P. CLEARWATER, Ph. D., 232-34 Water St., Hallowell, Maine.

SAY "BAYER" when you buy. Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-three years and proved safe by millions for headache, colds, toothache, earache, neuralgia, lumbago, rheumatism, neuritis, and for pain in general. Accept only "Bayer" package which contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100.

BRITISH CAPITAL GOING TO STATES; NONE FOR CANADA

Is it Because Canada is Not Offering Opportunities to the Investor?

Need More People—Canada Has Not Yet Entered Into a Period of Constructive Investment of Capital in Industry.

(Cor. Financial Post)

Montreal—Canadians have been sitting back for a year or more waiting for a flow of British capital to start in the direction of Canada. With the exception of about three or four minor participations by British investors in distinctly Canadian issues, the capital has not been coming.

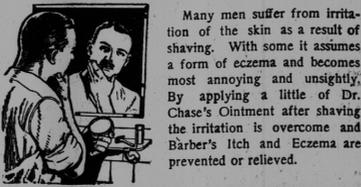

And yet we read this by an American writer, William C. Cornwall, in the Bache Review: 'British buying of American securities has been going on during the last year or more, and has very probably contributed to the activity of our market during that time, latterly giving some breath to railroad issues.'

On account of the improvement in sterling exchange during the last fifteen months and on account of the plethora of cheap money in Great Britain, the British public has been looking for investments abroad in the same class as their own, with a higher price. American railroad and first class industrial securities had been very popular before the war. In Great Britain, consequently, it was a natural development that former British owners would buy back some of the securities sold during the war, at their earliest opportunity.

This is being done now, and while the quantity of buying has not reached a tremendous proportion and is not yet anywhere near the scale of British investment in American securities before the war, still, increasingly wider circles are buying a little every day.

One reason that capital is not coming to Canada is that this country is not presenting definite, tangible opportunities to the foreign investor for the investment of his funds in this country. There have, for instance, been a few new issues of securities for the financing of new industrial or financial developments. In the field of power developments there have been more than in other lines of expansion. A year ago at this time new capital was being raised by many industrial corporations. But the money was being raised in most cases to supply the former 'forced financing.' This activity has not developed to any great degree in the course of sales and turnover in the course of wages and prices; in the total of new capital coming into the country. All of which means a source of opportunity to those who had counted on a more rapid return to prosperity.

Used After Shaving Keeps Skin Soft and Smooth

Many men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly. By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and Barber's Itch and Eczema are prevented or relieved.

DR. CHASE'S OINTMENT

60 Cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto

The Champion Hit Like A Sledge Hammer

—A Secret of His Terrible Punch

Revealed by the present world's heavy-weight champion. Great difference between strength, energy and endurance of weak and strong men will be due to the kind of food they eat.

Make This Amazing Test

RECENTLY THE writer asked Jack Dempsey, world's heavy-weight champion, if he would let the writer see the secret of his tremendous power and terrible punch. Dempsey's statement was that he ate a little of this peculiar material with which they are fed, just like a horse that is built of boards or mud is not so strong as one built of stone or iron. The most important element in building strong and powerful calls is a peculiar form of iron found in the husks of grain and the peels and skins of certain fruits and vegetables. But modern methods of cooking throw these important things away, so that probably nineteen people out of twenty lack 100% iron in their blood.

At a meeting of the representatives of the various Catholic branches of the Women's Hospital Aid held this week with Mrs. J. J. Doody, the denominational vice-president, in the chair, it was decided to hold a bridge and dance in the Knights of Columbus hall about the middle of the month as a means of replenishing the denominational fund for the care of follow-up cases.

A Bad Case

Eczema All Over His Body—His Legs—His Arms Covered

Each week we are selecting a letter from some Canadian sufferer to show what can be done in relieving burning skin disease by the use of our D. D. D. ointment. I tried several doctors. They said it was scabies. Three other bottles of D. D. D. I tried. I have not had a sore for five weeks.

YESTERDAY IN PARLIAMENT

Ottawa, May 5.—In the House of Commons yesterday Thomas L. Church Toronto, urged the Government to make a strong effort to expedite business and bring the session to a close as early as possible. The Premier expressed the opinion that good progress was being made.

A bill to extend the period of the Canada highways act was given third reading.

A bill to permit the Canadian National Railways to handle their own express business was considered in committee and given third reading.

A plea was made by Hon. Arthur Meighen for the adoption of some method by which members of the House might be able to scrutinize every detail of the National Railway business. The bill amending the Chinese immigration act also got third reading.

J. H. Woodworth, of Winnipeg, made a plea for the Chinese in Canada.

Monday in Parliament. In the House today a bill to provide for the investigation of combines, monopolies, trusts and mergers will come up for second reading after which the House will go into supply on estimates of the Department of the Interior. The Senate will sit at 2 p.m.

The Ayrshire Breeders Association had a meeting scheduled here for yesterday afternoon, but on account of the disruption of the railway services only a few members were able to reach the city. It was decided to call the meeting for a later date.

CAPTURED EDITH STEVENS Queen of the Rum Runners Tells How Her Lover Was Caught

In this thrilling installment, Edith Stevens, the Exquisite Girl, relates how her lover is caught, how she waits for him on the morning of his arrest and how suddenly she feels a dreadful premonition.

—Frantically she calls all the jails in Long Island—Her hysterical offers of help are answered with cold politeness.

—Later she learns that Mrs. Casse had been standing near her husband during the conversation.—She is hotly jealous of this woman, who has the right to stand beside him.

My Experiences as Queen of The Rum Runners BY EDITH STEVENS

Antonio Casse, polished gentleman and nerve-wit, was one of those ready-witted persons who do not slip. Every move he made, every intricate detail of his life had been planned to the last remote triviality and timed to the second.

—One beautiful Spring night in May, 1921, I looked out the window of my hotel, anxious for the ever-dreaded moment of escape.

—The fact that there are so many thick-heads in the physical side of rum running "profession" is the drawback.

—Either your men prove so stupid that they shipwreck you, drown you, blunder into the hands of the liquor off the coast.

—To get back to the trend of this story, which was the greatest turning point in our career of rum running.

—After looking out of the window from my hotel in New York, toward the spot in Long Island, at least I was sure that I was in the spot.

—I had an appointment with Casse next morning for breakfast. I got out of bed leisurely, did that we had "put across" another big deal.

—I dressed about noon, mystified at Antonio's absence. Somehow the thought of newspapers flashed into my mind.

—I walked for Antonio. Still I waited. He usually was so prompt, for it seemed he was always listening madly to me.

—I dressed about noon, mystified at Antonio's absence. Somehow the thought of newspapers flashed into my mind.

—I walked for Antonio. Still I waited. He usually was so prompt, for it seemed he was always listening madly to me.

Mr. Fulton March, The Mad Major (Aldford)

Address—St. Mary's Band

Address—Mr. S. C. Matthews Solo—Mrs. Thomas Guy Selections, male quartet: Messrs. C. J. Stackhouse, W. J. Grannan, F. A. J. Stackhouse, F. S. A. McMullin.

Mr. Matthews March, Sylvia St. Mary's Band God Save the King.

The Band will commence playing at 7:45 o'clock Tuesday evening.

A St. John Ambulance first aid class taught by Dr. G. G. Corbet and composed of members of St. David's congregation, was examined last night in St. David's schoolroom by Dr. C. M. Pratt. The successful candidates were Douglas Jamieson and S. Douglas MacGowan, who won senior certificates, and Charles McIvor, who won a Junior certificate.

Rev. F. F. Kempley, M. C., of Constanceville, will be the guest and will address the Canadian Club towards the end of this month. He is of Russian parentage but was born and educated in England. He won the Military Cross in the Great War.

Gargoyle Mobil Oil Week

May 7th-12th

FOR YOUR HOME GARAGE

Buy your season's supply of GARGOYLE MOBILOILS NOW.

A steel drum or a four gallon can occupies little space, safe and easy to handle.

No waste—and the oil is always clean.

You can buy your season's supply at a substantial saving in price per gallon.

Get the correct grade of GARGOYLE MOBILOILS for your car as specified in the Chart of Recommendations.

We have the chart and the oil.

KEEPS TAN SHOES LIKE NEW

Not only will you get greater wear out of your tan shoes if you polish them with Tan-O, but they will give you greater comfort. Tan-O softens the leather and prevents it from cracking and creasing, and so adds to its life, besides making all the difference in the appearance of the shoes.

Clean, well polished shoes are the finishing touch to those well dressed. It is just as important as clean linen, a quick and shiny lacing policy is assured with Tan-O.

Boston Lacking Company MONTREAL

"Shine the Surface and Save the Shoes"

The three generations of Blacks had an easy time in their game with the Blues last night on Black's alleys, winning by a total of 1407 to 1289.

After the game the defeated team presented to G. T. Black a handsome smoking set. Maurice Black had an average of 107, while his grandfather made 109 in the last string.

**A MILK FAMINE
PROBABLY AVERTED**

The City's Supply Will be Brought in by Motor Trucks.

C. N. R. Hopes to Have a Milk Train in Tonight—Consumers Asked to Conserve Use in Interest of Those Needing It.

A serious situation in connection with the city's milk supply has been very probably averted entirely by the action of the Board of Health and the milk dealers in arranging for the transportation of this very vital commodity by motor trucks. A number of trucks had been sent to Robbsey to meet the trains stalled there and to take over their supply of milk. These are expected in the city this afternoon and the milk will be ready for distribution tonight or tomorrow, the pasteurization plant staffs being ready to work all night long.

It is hoped that another train from Sussex and the other supply points will come in tonight as far as Robbsey, if not to the city, and motor trucks will be sent to meet it. In this way it is considered very probable that any noticeable shortage will be avoided.

ARRANGING FOR MILK TRAINS.

C. N. R. officials said this morning that it was hoped to have conditions by night so that milk could be brought into the city by train without having to transfer it to motor trucks at Robbsey and brought to the city that way.

Dr. Warwick, district medical health officer, said this morning that a little consideration from those who might very easily do without their full supply of milk would help out considerably and would enable the distributors to get milk in sufficient quantities to those who absolutely needed it. A little public co-operation would help greatly to prevent any suffering.

DEATHS AND BIRTHS.

There were twenty deaths recorded in the city last week from the following causes: Paralysis, endocarditis and cerebral hemorrhage, two each; old age, diphtheria, convulsions, meningitis, myocarditis, cardiac decompensation, broncho-pneumonia, lobar pneumonia, tuberculosis of lungs, progressive spastic paraplegia, fracture of skull due to being hit by automobile, one each.

Four juveniles, who were before the court several times this week and were forced to spend the greater part of the week between the district and the jail, had another three days' remand added to their detention this morning. As the lads are involved in a case in which one is said to have sold a watch to a man living at Enniskillen they were remanded again. It has been impossible for the detectives to get the man here owing to the floods.

The magistrate intimated this morning that some means would have to be found to get him. The magistrate took occasion to question the youths on the Ten Commandments, etc. Their answers showed anything but a keen knowledge of such matters.

THE INCOME TAX PAYMENTS \$445,000

\$100,000 Less Than Last But Decrease Expected—Start to Round Up Delinquents.

The amount received by the Income tax office here during the period set aside for the receiving of returns totalled about \$445,000 as against \$545,000 received last year. The decrease of \$100,000 was partly expected this year and in fact the officials received more than they had anticipated in view of reductions which had been granted in certain classes. A start will be made on Monday to round up cases in which payments due and collectable have not been made.

FIRE DAMAGES TELEPHONE LINE

The fire last night at East St. John burned out the telephone cable connecting the city with East St. John and points along that road and terminated all connections on that line. The company rushed a temporary line to the St. John County Hospital, the wireless station and the Courtenay Day works and this morning about six telephones were available there. The work is being rushed and it is hoped by this afternoon to have permanent repairs completed and service restored to all subscribers.

OTTAWA ELECTORS.

Ottawa, May 5.—A total of 68,798 citizens of Ottawa are entitled to vote in the coming provincial elections, according to the completed list.

LOCAL NEWS

FINED FOR SPEEDING
E. E. Brown was fined \$10 by the magistrate in the police court this morning for speeding.

STEAMSHIP MEN AWAY.
Duncan Lawson, cashier of the Canadian Government Merchant Marine winter star, left last night for Montreal for the summer season. Frank Armstrong and Romeo Robb, two others members of the staff, left early this morning.

Y. W. C. A. DRIVE.
Favorable reports were received today from the canvassers for the \$10,000 which is necessary to the life of the Y. W. C. A. in this city. Yesterday was a good day. It was said this morning that the canvass would be continued until the objective was reached. The urgency of the need permits of no rest until the amount was secured.

PROPERTY AUCTIONS.
A property on the Black River road offered for sale by auction at Chubb's corner today at noon, was purchased by Isaac Hays for \$800. The property was formerly owned by Thomas Chubbworth. The Parsons property on the West Side at the corner of King and Ludlow street was offered for sale, but was withdrawn. A \$2,000 offer was the only bid. F. L. Potts was the only auctioneer.

PILOT QUALIFIES.
Edward Labrey, a second class pilot operating in the St. John pilotage district, having completed his required term of service in this capacity, was examined recently by the pilotage committee. He passed the examinations and was recommended for his full branch. A certificate will be issued shortly to this effect.

TELEPHONE CO.'S TASK.
The N. B. Telephone Company reported this morning that they were maintaining service all over the province in spite of the abnormal conditions. Reports from the Westfield exchange were that the water had ruined many stations and service was being continued. Some of their linemen in other parts of the province have had some harrowing experiences as a result of the floods.

THE RUSH TO BOSTON.
Boston, May 5.—About 400 passengers landed on Wednesday when the Prince George, from Yarmouth, N. S., tied up at Central wharf, the list being one of the largest of the season and including many fishermen belonging to the Maritime Provinces who will join vessels at Boston and Gloucester. Owing to the late hour of berthing, shipment of 568 crates of live lobsters was not placed on sale. Consequently the trawler, Captain Powell, from St. Harbor, N. S., quickly disposed of her cargo of 130 boxes of live lobsters at \$30 a box.

DEATHS AND BIRTHS.
There were twenty deaths recorded in the city last week from the following causes: Paralysis, endocarditis and cerebral hemorrhage, two each; old age, diphtheria, convulsions, meningitis, myocarditis, cardiac decompensation, broncho-pneumonia, lobar pneumonia, tuberculosis of lungs, progressive spastic paraplegia, fracture of skull due to being hit by automobile, one each.

Twelve marriages were recorded and two births, six boys and two girls.

THOMAS MARTIN.
The death of Thomas Martin occurred this morning at his residence, 76 Kennedy street. He was well known in the city and highly respected by all who knew him. He was a former member of the staff of Manchester Robertson Allison Ltd. of this city, a member of No. 1 A. O. H. of Millton, N. B., and a member of branch 184 of C. M. A. He is survived by his wife, two sons, Edward and Lewis of this city, two daughters, Sister Mary Miffin of the Sisters of Charity, Memramcook, N. B., and Mrs. F. A. Pumble of this city; one brother, James Martin of Portland, Maine; his sister, Mrs. Mary Purton of St. Andrews. The funeral will be held on Monday morning at 8.30 from St. Peter's Church.

BURIED TODAY

The funeral of James L. Morrison was held this morning at 8.45 o'clock from his late residence, 14 Cliff street, by the Catholic rite, officiated by the mass by Rev. E. Reynolds, assisted by Rev. S. Oram, deacon; Rev. R. McDonald, sub-deacon; Rev. R. Nugent, high priest, and Rev. W. M. Duke, master of ceremonies. His Lordship Bishop LeBlanc gave the final absolution. The funeral was largely attended and a great many spiritual and floral offerings were received, among them being cheques from the Fairbanks-Morse Company and from Gandy & Allison. Relatives were pall-bearers. Interment was in the new Catholic cemetery. The C. M. B. A. sent a delegation.

The funeral of Mrs. Edward O'Dell was held at 2 o'clock this afternoon from her late residence, Lorneville, to Cedar Hill for interment. Service was conducted by Rev. W. J. Bevis.

The funeral of Mrs. Katherine Dearnes was held this afternoon at 2.30 o'clock from her late residence, Carleton Place, West St. John. Rev. Dr. S. S. Poole conducted service and interment was in Fernhill.

FRESH MARKET SUPPLY

The heavy fresh conditions throughout the district had a very noticeable effect on the city market this morning, the supplies of various commodities being very small. The centre table stalls were practically deserted. There were no chickens on hand and only a very little fresh veal. Prices were quoted as follows: Beef, 15 to 30c; veal, 15 to 30c; lamb, 25 to 30c; pork, 25 to 30c; bacon, 40c; ham, 30c; fowl, 45c a pound; potatoes, carrots, beets and parsnips, 30c a peck; turnips, 25c a peck or 3c a pound; celery, 20c; lettuce, 10c a head; onions, 10c a pound; butter, 40 to 50c; eggs, 35 to 40c a dozen; maple sugar, 40c a pound; maple syrup, 90c a bottle or 85 a gallon.

QUESTION OF BAIL IN WHITNECT CASE

Magistrate Remands Prisoner, but He is Allowed Out—Theft Cases in the Police Court.

The police court was a busy place this morning. The most important case for consideration was that against Howard B. Whitnect who is charged with a serious offence. The case was set for 11 o'clock this morning and the magistrate asked the detective department if there was any further developments. Sergeant Deane reported that despite every effort on the part of the police they were unable to locate the necessary witnesses, who it is alleged, have left the city in a hurry. Counsel for Mr. Whitnect asked that he be dismissed as the case was now pending on remand for almost two weeks.

The magistrate said, "In view of the seriousness of the offence I will keep on remanding for six weeks if necessary." The magistrate also commented rather strongly on an impression that had gone abroad that he had failed to comply with an order from the Supreme Court. He emphatically stated that he had received no bail order in connection with the Whitnect case from the Supreme Court and until he was served with such an order he would continue to remand the defendant.

Whitnect left the court in the keeping of the court sergeant, presumably to go into jail. Advice from the turnkey's office later was to the effect that he is being released on bail, an order for which had been received at jail headquarters from the Supreme Court this morning at 10 o'clock and allowing him his freedom.

The case against Roy Thompson charged with theft was concluded this morning. G. Earl Logan, his counsel, asked that the commitment papers be held in abeyance for a few days. He was sent into jail for three days on a remand.

Thomas Tulick, charged with theft of a quantity of liquor valued at \$60 from Jacob Lampert, when asked if he had anything to say in answer to the charge, his case being completed by the prosecution, refused to answer the court. He was remanded.

A charge of theft involving \$8 was read against a young girl. She pleaded guilty and said she was willing to make restitution. It is understood that money was taken in the course of her employment. The girl was sent into jail in the meantime.

FIVE STEAMERS JAMMED IN ICE

North Sydney, N. S., May 5.—Five unnamed steamers are jammed fast in the ice off Cape Ray according to a report received here this morning and the Newfoundland steamer Kyle is reported to have changed her position from eight miles east of Flat Point to ten miles north northeast of that point during the night. The fog and breeze over the area lifted for a short time last night and the ships were visible from Cape Ray and the Kyle from Cranberry Head at the entrance to Sydney harbor. The area is again blanketed with fog today.

Flood Incidents

(Fredericton Mail.) A portion of a barn came down the Nashwaak River with horses and cattle by drowning in the street.

Magistrate Isaac Stephenson of Maugeville lost several head of cattle by drowning in the freshet.

Osmond Sewell of Maugeville removed his cattle from his stable to higher ground by means of a scow. The water was up to their backs when they were removed.

At the home of H. McLean, Durham, the water reached a point which was level with the keys of the piano and the top of the kitchen range. Rapidly did the Nashwaak River rise that there was no time to remove furniture or to place it on staging. At the same place livestock was drowned.

Chief Forester G. H. Prince, who was attending a conference in Montreal last week, reached Fredericton by a roundabout way. The C. P. brought him as far as Brownville, Me. From that place he had to retrace his route until the Quebec steamer was reached. That line took him to Lewis, Que., and the main line of the C. N. R. to St. John. Thence he travelled to Fredericton on a work-train. Rev. Dr. Sutherland arrived by the same working train.

Tilley Bird, a resident of Pleasant Valley, between Mouth of Keswick and Burritt's Corner, reached Fredericton Thursday by using several modes of travel. He used his own horse for a distance. Then he used a boat. He then was given a lift on a hand trolley by a section foreman and completed the rest of the journey with a borrowed horse. Mr. Bird lost his dwelling by fire on Sunday last and his difficult journey was on account of the fire. His loss was about \$4,000.

BOWLING TROPHIES ARE ON DISPLAY

A very attractive collection of bowling trophies is on display in the window of R. P. Colgan's store in Waterloo street. There are three silver cups won in the house league this season. One is for the high single string, donated by Dr. H. S. Clarke and won by P. J. Fitzpatrick. Another, awarded for the high three strings, was donated by P. J. Fitzpatrick and won by Joe Harrington. The third cup, offered for the high average of the season was donated by P. J. Fitzpatrick and won by Joe Harrington. A handsome house league pin which was given by Mr. Fitzpatrick for yearly competition, was won this year by the Owls. It was won previously by the Owls, the Sparrows and the Hawks. These trophies prove an excellent incentive to the promotion of this form of clean sport.

MAKE HOUSECLEANING EASIER

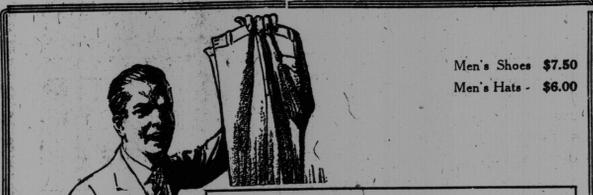

With The "Universal" Vacuum Cleaner

It does away with the tiresome rug beating, sweeping and drudgery of the old-fashioned method of housecleaning with its upset rooms and general disorder.
