FIREMEN TO SURRENDER THE A. F. L. CHARTER

Boston Department Men Reach That Decision

Labor Leaders and Business Men Said to Have so Advised—Quit Work for Coolidge But Still Hope.

(Special to Times.) Boston, Jan. 27.—Discretion is considered the better part of safety by the Boston fire department privates for they have taken warning by the fate of 1,200 city policemen in the American Federation of Labor. More than 900 votes were counted last night in favor. This action was advised by the officers of the union, following conferences with leaders of organized labor in this city and representatives of the big interests. The labor leaders and the business men advised the surrender.

Governor Coolidge's statement that he is not and had not been a candidate for the Republican nomination for president has caused the chairman of his campaign committee to cease activities in this city. But this does not mean that the friends of the governor are going to stop trying to convince the Republicans of the country that the Massachusetts governor is the ideal candidate to nominate for the presidency at Chicago next June. Now the effort will be made not to harness up delegates to the convention in the hope of putting a damper on General Wood's chances.

Speaker Gillett of the house of representatives was amazed yesterday at the turn that affairs had taken and said he would be for the governor until all chance for him had disappeared.

DISEASE MOWS DOWN PRISONERS HERE IN RUSSIA

Nearly 375,000 Austro-Hungarians Have Died of Smallpox and Typhus in Siberia.

Geneva, Jan. 27.—Nearly 375,000 of the 500,000 Austro-Hungarian prisoners of war taken by Russia have perished in Siberia from smallpox and typhus, according to Vladivostok despatches to the International Red Cross headquarters here. The rest were kept alive only by the efficient work of British, Japanese and American doctors, who have been assigned to various towns along the trans-Siberian railroad. East of Lake Balkash, Chinese physicians are also helping, but the work is difficult, owing to the Bolshevik invasion.

FRENCH BOXER LOSES A HAND

Necessary for Surgeons to Cut it Off to Save His Life.

Paris, Jan. 27.—The pugilistic career of Louis de Fontvieille, featherweight champion of France, ended yesterday when surgeons amputated his left hand to save the fighter's life. He met Tancy Lee, British champion, in this city, Christmas day, and though he knocked out his opponent in the seventh round of his bout, he injured his hand and blood poisoning developed. Fontvieille was one of the first Frenchmen to pain prominence in the ring, taking up boxing as a profession in 1906.

TORONTO POLICE COURT ATTACKED

Investigation by Government of Province Demanded by Alderman.

Toronto, Jan. 27.—An investigation by the provincial government into the administration of the Toronto police court was asked for by a resolution by the city council yesterday afternoon. Joseph Singer, a lawyer, was the mover of the resolution, and he declared that no decent lawyer would have a black dog tried in the Toronto police court. He said the police court proceedings were a "farce," and that accused persons were not given proper hearing. The sons were not given proper hearing, according to evidence were ignored, according to Alderman Singer and the accused were virtually found guilty before trial, the sons being on a person accused to prove himself innocent.

Court interpreters in a good many cases, he said, "are simply acting as runners for one or more solicitors practicing in the police court," and he added that the solicitors in question divided their fees with these runners.

Germany Sends Dr. Solf To Tokio

Significant in Light of British Relations With Japs

Berlin Says Hungarians Will Not Sign Peace Treaty—Kaiser Discouraged and Does Not Want to Return to Once Beloved Fatherland.

Washington, Jan. 27.—Appointment of Dr. Wilhelm Solf as charge d'affaires and eventual ambassador at Tokio by Germany, is accepted here as an indication that close understanding with Japan is to be a feature of the new German foreign policy, now that it is permitted to re-establish diplomatic relations with other governments. That Dr. Solf should be sent to Tokio for one thing, because the Anglo-Japanese alliance will expire by limitation at the end of this year, and there is said to be some division of sentiment both in Japan and Britain over its renewal.

It is the belief of some persons cognate of the international situation that Dr. Solf will encourage that party in Japan which is opposed to a renewal of the Anglo-Japanese alliance as a preliminary step to a Japanese-German understanding on Russian matters. In official circles here there is considerable doubt whether Great Britain is anxious to renew the Japanese agreement, the treaty being tremendously unpopular with the people of Australia and New Zealand.

London, Jan. 27.—Count Albert Apponyi, head of the Hungarian peace delegation, is going to Paris in the middle of the week to hand to the Entente Hungary's solemn refusal to sign the peace treaty in its present form, says a wireless message from Berlin. Mayence, Jan. 27.—German newspapers publish a letter from Emperor William to a personal friend in which he expresses his absolute discouragement and says he does not want ever to return to Germany. He says he believes his return would cause a split between German factions.

Berlin, Jan. 27.—The Tageblatt's Essen correspondent reports that the Entente has notified the government that it will discontinue food deliveries to Germany if labor riots and insurrections continue. Berlin, Jan. 27.—Consideration of the future of Prussia has been closed by the commission assigned to the task, and it has been decided that Prussia will have a president of her own. The heads of the legislative assembly will be ex-officials of the state.

PRINCE'S SERVANTS ALL ARMY MEN

Sets Example in His New Bachelor Home, York House.

London, Jan. 27.—The Prince of Wales has set an example of employing only ex-servicemen as male servants in his new bachelor home, York House. One of the footmen wears a wound stripe and the Military Medal; another has the Mons Star. All the men servants in the establishment have war ribbons. It is likely that the custom of permitting men servants to wear war ribbons with their livery will be followed in many private houses. London clubs are already taking up the idea.

Ottawa Growing  
Ottawa, Jan. 27.—Statistics up to last October give Ottawa's population as 107,782. This is an increase of 3,725 over 1918.

Canners Say the Prices Will Be Higher This Year

Cleveland, Jan. 27.—Higher food prices for 1920 were predicted today by delegates to the joint convention of the National Canners' Association and other organizations identified with the canning industry. Increased cost of production was the reason given.

As Hiram Sees It

"Last night," said Mr. Hiram Hornbeam to the Times reporter, "when I was sitting by the fire, I was thinking of the little darlin' we got talking about the other night. Half the folks in St. John, we'd been lookin' over the different church notices in Saturday's Times, it don't matter whether a man's a Protestant or Catholic, Adventist, Jew, Christian Science, Mormon or Bahai—he kin get spiritual refreshment in St. John on Sunday. An' whether he's English, Irish, Scotch, Hebrew, Italian, French, Serbian, Austrian, Chinese, or most anything at all, he kin find some of his own folks to jabber with. Hanner said he'd like to go to a concert where every one 'em had their somebody take part in their own talk an' in the costume of their own country. Why don't some of them wimmen's societies get up a show like that? Half the Settlement 'ud go in to see it—yes, sir, I wouldn't say members of the different churches or be ast to tell how much better they was than the others—for we'd want to git home the same night, or some time next day; but I'd like to see the different nationalities dressed up an' doin' somethin' in their own fashion. Bimby the old folks 'll be passin' out an' the young folks 'll be growin' up an' the Canadians an' the neeg generation won't know the old customs at all. They're learnin' a lot from us—I wonder if we couldn't learn somethin' from them. I don't s'pose anybody pays much attention to these here furthers till they git a vote, and then only at election time—but I'll bet a big apple the some young folks growin' up 'em kin use what we need to take off their hats to nobody."

"Hiram," said the reporter, "you are a citizen of the world, and you do not credit, but anybody who suggests is quite impossible. We are not good mixers in St. John. We are a bit exclusive—don't you know? These people you speak of may be these furthers till they git a vote, and then only at election time—but I'll bet a big apple the some young folks growin' up 'em kin use what we need to take off their hats to nobody."

WANT COMPLETE INDEPENDENCE

Statement Made by Egyptian Minister of Justice

Do Not Recognize Right of Great Britain to Send Mission of Inquiry—Delegation Now in Paris.

Paris, Jan. 27.—Said Zakiou Pasha, Egyptian minister of justice and head of the Egyptian national delegation now here, concerning Cairo reports that the mission headed by Lord Milner has been told by a body called together by the Sultan to examine into the Egyptian situation that it would be necessary to deal with the Paris delegation. He added that his delegation was prepared to negotiate with the Milner commission in Paris or in Egypt, "if the Milner commission was able to declare that it had been authorized by the Egyptian government to carry on negotiations as representatives of the nation."

Lord Milner's proclamation published at Cairo on December 17, 1919, asserted, like the preceding British proclamations, "considers Egypt as a British dependency, and, further, the Milner commission is spoken of as a mission of inquiry."

"It is inferred also," he continued, "that the purpose of the inquiry is to organize a constitutional form of self-government. The Egyptians, however, are diametrically opposed to these points of view. Egyptians do not recognize the right of Great Britain or any other power to make an inquiry in Egypt. What Egyptians are demanding is what they consider their natural right—complete independence."

"It is very important that the British public should know that the Egyptian people are ready to come to an understanding, but it is impossible to arrive at that and put an end to the present political tension without having as a basis the granting by Great Britain of self-government to Egypt."

With Egypt safely safeguarding British interests, he said, martial law lifted, and the Egyptians one granted independence, they would wish more than ever to remain friendly.

THE POWHATTAN WEARS HALIFAX

Another Disabled One Towed Into That Port This Morning.

(Canadian Press Despatch) Halifax, N. S., Jan. 27.—At nine o'clock this morning the disabled American army transport Powhattan and company tug Chebecoak arrived at the wharf of Chebecoak Head in a south-westerly gale. If the present rate of progress is maintained the tow should reach Halifax at five o'clock this afternoon.

The United States shipping board's steamer Buffalo Bridge arrived off the harbor this morning in tow of the United States shipping board's steamer Clairton. Later she was towed into port by two tugs. The Buffalo Bridge, of 5,075 tons, bound from Oporto to an American port, lost her propeller off the coast.

\$20,000 Voted For Vocational Training

OUR PENSIONS TO LEVEL OF AMERICANS' Believed Government at Ottawa is Considering Matter

In Most Cases Canada Gives More But in Several Classes the Amount Awarded at Washington is Greater.

(Special to The Times.) Ottawa, Jan. 27.—In nearly every instance pensions in Canada are higher than in the United States, particularly with regard to the amounts paid widows and children. In one particular, however, the American pensions exceed ours. This is in respect to the amount paid to the totally disabled and, up to a certain point, to their dependents. Exceeded those of the United States. In this class as in all others, previous to that date the amount paid to totally disabled single men in the States was between \$800 and \$400, but it was then increased to \$800 yearly as compared with \$720 in Canada. American total disability pensions also exceed Canadian in the following particulars:

Married men with no children—Canada, \$900; United States, \$1,050. Wife and one child—Canada, \$1,044; United States, \$1,140. Wife and two children—Canada, \$1,164; United States, \$1,200. In all other classes, including widows with or without children, orphans and parents, the pensions in Canada greatly exceed those in the United States. There is a suggestion that in cases where there is a disparity against Canadian pensions they should be brought up to the American level, and the government is believed to be considering this.

Mr. Jones said that although it had been declared that he was opposed to vocational training, this was not so; but he produced a report of a special committee of the school board, dated Jan. 7, 1919, and bearing the names of G. E. Day, G. H. Green, Michael Coll and H. S. Bridges, in which it was stated that, while the committee approved of the principle of vocational training, they could not recommend the board to undertake the work on account of the condition of the finances of the board; that the vocational act centralized too much in the vocational board with regard to the appointment of a director of vocational education and the approval of teachers.

Both Mr. Lewin and Dr. Emery said they would like to know how that report had reached the common council. Dr. Emery said it was not a genuine expression of the opinion of the board. This committee had expressed an opinion when they had no right to do so. He said that he had taken this report up and could not find anyone who would acknowledge being the father of it. He said he favored having vocational training under the direction of the school board, but according to the act it is handled by an entirely separate body. The school board, Dr. Emery said, had later passed a resolution repudiating the report. Mr. Jones referred to the meeting of the school board where the vocational board had been reconstituted. Mr. Lewin said he did not think there was \$25,000 value in the building but he did not want to oppose the purchase of the building.

Mrs. Raymond and Mrs. O'Brien spoke in support of the grant. After the delegation withdrew it was decided to vote \$20,000, including the \$5,000 already voted. On motion of Commissioner Thornton the amount of \$10,000 was voted for the Exhibition Association and a grant of \$500 for the St. John Society for the Prevention of Tuberculosis.

The mayor remarked several times during the meeting when the discussion on grants was taking place that it was the desire to keep the increase in the assessment as much below \$300,000 as possible. (Continued on page 2, seventh column.)

INFLUENZA IN ONTARIO'S BORDER TOWNS

Windsor, Ont., Jan. 27.—Several hundred cases of Spanish influenza were reported to Dr. F. A. Adams, medical officer of health in the border cities, yesterday, many of them of a virulent nature and associated with serious complications. Toronto Prepares.

Toronto, Jan. 27.—Preparations for fighting the "flu" if it becomes epidemic in the offices of the provincial board of health here yesterday, when doctors, nurses and social workers conferred with Dr. J. W. S. McCullough, chief officer of health of the province. Centralizing of service, so that the work could be directed without overlapping, was one of the things decided upon in case of an epidemic. Enlargement of hospital facilities for handling flu patients and the education of the public as to what to do in case of an epidemic were agreed upon as necessary. There is no flu epidemic in Toronto so far.

Dublin, Jan. 27.—Aside from the offer by the lord lieutenant of a reward of £10,000 for information leading to conviction of those guilty of the murder of Dr. Lawrence, the government has posted an offer of £3,000 for information leading to the conviction of those persons who have wounded police officers in any part of Ireland, and also £5,000 and a pardon to anybody concerned, not being the actual assailant, who gives information leading to such conviction. London, Jan. 27.—The Daily Mail's correspondent accompanying the labor delegation investigating conditions in Ireland, reports that Wm. Adamson, M. P. for West Fife and chairman of the Irish business men at Dublin contrasted the cordial reception of the visitors as individuals with the bitter hostility of the political views they encountered. He suggested that if rather more of the former spirit was infused in Irish political discussion there would be a better chance of a satisfactory settlement.

Arthur Henderson, labor leader, appealed to the Irish commercial class to help the building of trade and industry, adding solemnly "unless the Irish question is speedily solved on constitutional lines, some of us have the gravest danger of its settling itself on unconstitutional lines."

NEWFOUNDLAND LINES STILL SNOW-BOUND North Sydney, N. S., Jan. 27.—Travelers from Newfoundland report that traffic on the Royal-Newsfoundland Railway is still at a standstill, owing to the snow. Six storms which have prevailed for several weeks. Trains which left Fort Auxouprey after proceeding a short distance, while trains proceeding from powerful rotary snow plows coming from the opposite direction meet with a similar fate.

HALIFAX WANTS A CABINET MAN

Urge Hon. A. K. MacLean to Accept Works

Ottawa Despatch Says He May Do So—Talk of Retirement of Hon. A. L. Sifton Heard in Capital.

(Canadian Press.) Montreal, Jan. 27.—Halifax business men are urging Hon. A. K. MacLean to accept the portfolio of public works, says an Ottawa despatch to the Gazette. It is believed, the despatch adds, that Mr. MacLean will do so. He has been assured that his election would probably not be contested, but if it was, would be certain.

There was a large delegation at Ottawa from Halifax yesterday and its members were strongly in favor of having a representative from their city in the cabinet. The appointment of Hon. G. Guthrie as minister of militia may be followed by a further change in cabinet portfolios. What Hon. A. K. MacLean intends to do is at present awakening considerable gossip. Mr. MacLean's intention was to retire at the end of last session, but he remained in the cabinet. During the recent shuffle, it is understood, Mr. MacLean was given the opportunity of taking over a department but he declined. The possible retirement of Hon. A. L. Sifton, by reason of his health, is also mooted.

NOT OUT FOR THE DESTRUCTION OF ALL GOVERNMENTS

Soviet "Ambassador" in United States Testifies General Revolution Not Preached.

Washington, Jan. 27.—Soviet Russia, transformed by secured success of its leader at home, is no longer fired by the missionary zeal which led its agents and emissaries during the first months of its existence to preach world-wide revolution, said Ludwig C. A. K. Martens, who presided over the first months of a senate investigating committee yesterday.

The Soviet republic, Martens said, "does not care what kind of government other peoples have, and had inaugurated general revolutionary propaganda only when it was on the defensive, and harassed by nations which had armies in the field against it."

Today, because it is "strong enough to fight the world," he has abandoned, he added, the principles first promulgated to the effect that it can be maintained only by the destruction of other governments everywhere which recognize property rights and capitalist organization. These statements Martens under oath made in response to a fire of questions from Senator Moses W. Brewster, New Hampshire, chairman of the investigating committee, and Senator Borah, Idaho.

N. S. SOLDIER DIES AFTER BEATING

Attacked After Meeting of G. W. V. A. at Glace Bay on Last Sunday.

Sydney, N. S., Jan. 27.—Daniel MacLean, forty-six, and unmarried, a former member of the 18th overseas battalion, died in the Glace Bay hospital yesterday, following a severe beating which he received at the hands of some person, whose identity the police say they will not divulge pending an investigation. The assault followed Sunday afternoon's meeting of the Glace Bay G. W. V. A., which he attended.

GREAT THING IS TO PREVENT LABOR DISPUTES

Former U. S. Fuel Controller Addresses Montreal Young Men's Canadian Club.

(Canadian Press Despatch.) Montreal, Jan. 27.—Dr. H. A. Garfield, late fuel controller of the United States, and president of Williams College, Williamsstown, Mass., spoke last night at the Young Men's Canadian Club here on "The Industrial Supermarket," in which he spoke of the perils of the new tyranny in the form of exaggerated labor claims, especially of these were thrust upon a community in the form of a strike that held up the necessities of life.

The chief question of the moment, the speaker added, was not how to settle industrial disputes, but how to prevent them. It is said in Rome that the Russian "Soviet Republic" will send to Italy Amalia Bolanoff, known for her revolutionary propaganda, as ambassador.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

FIVE GOOD ACTS AT OPERA HOUSE

Vaudeville Numbers Should Prove Interesting—Third Episode of "The Midnight Man."

The programme in the Opera House tonight should be one of the most interesting presented for some time. Five leading vaudeville numbers have been booked from the leading circuits in the States and every act is said to contain interesting features, which are bound to please local patrons.

The new programme will include: "The Claret Sisters," two dainty misses from Broadway, in a novelty instrumental offering; Baldwin Blair and Company, in a comedy sketch, "The Petticoat Man;" Arthur Whitlaw, in "The Minstrel from Dublin;" Gertrude George and Company in a vocal and piano offering; "The Home Town Girls;" and Jess and Arthur Keely, in a comedy bag punning novelty.

THE HOODLUM A GREAT SUCCESS

Millionaire Alexander Guthrie will have his colonial portion of pride taken down a notch or two when his spiteful granddaughter, Amy Burke, played by Mary Pickford in "The Hoodlum," gets through with him.

The only person Guthrie is afraid of is Amy, who in turn is afraid of no one. In this spirit of mind she huris mahogany chairs at the Guthrie butlers, mows through with him, "This is the second picture produced in Miss Pickford's own studio and now is running at the Unique Theatre."

From the foregoing, the character of Amy Burke changes to that of a tenebrous girl who can speak with a nasal slang, cock her hat on the right side of her head and shimmy like a water-piston of gelatine.

In the tentacles while her father is writing a book on sociology Amy is a constant winner in the game, but a heavy loser at other things. Among things she loses are her snobbishness, her silk lingerie, her bad temper, and her heart.

Critics have termed "The Hoodlum" by far the best of Miss Pickford's great screen successes.

GOAL WAGES IN CAPE BRETON

Increase from \$1.52 to \$3.25 a Day in Three Years—Big Convention Next Month.

(Canadian Press Despatch) Halifax, N. S., Jan. 27.—The Halifax Herald publishes today the following special despatch from its Sydney correspondent:

"Declaring that during the war certain classes of Cape Breton mine labor have received wage increases of 114 per cent, as compared with wage increases of eighty-four per cent to the miners of the United States, J. B. McLachlan, district secretary, comes back strong at his detractors in a statement issued at Glace Bay just before his departure today for Pictou."

"Mr. McLachlan points out that from 1909 to 1916 the price of coal increased twenty per cent, and the cost of living fifty per cent, but that the Cape Bretoners received no wage increases through their local unions."

"From 1916 to 1919, or since the Baxter-Barret-McLachlan combine took control, the cost of coal has increased from \$2.50 a ton to \$4.55, the wages of labor have increased from \$1.52 a day to \$3.25. This is for the lowest classification of mine labor, and means an increase of about 114 per cent. Other classes of labor have received increases approximating 100 per cent."

"Mr. McLachlan said the United Mine Workers' officers considered the present schedule a fair one under the circumstances, although the leaders had not been entirely satisfied with the result of their negotiations concerning the matter, but the men pushing boxes in the mine. This, however, they had accepted in view of the satisfactory nature of other parts of the agreement."

"He concluded by saying that the United Mine Workers' officers claim no credit for the schedule, but ask the men to be fair and to recognize the great work which the United Mine Workers have accomplished for Cape Breton mine labor during the last few years."

"The McLachlan agreement was signed by the United Mine Workers' executive, subject to the ratification of the various locals."

"At the Caledonian meeting tonight it was announced that a big convention will be held at Sydney early in February, at which if the McLachlan agreement is totally discarded, a policy will be formulated for the future guidance of the miners in their dealings with the company."

McLachlan was refused a hearing at a gathering held at Glace Bay Sunday for the purpose of passing on the agreement, at which the McLachlan agreement stipulated that it must be endorsed by each of the various United Mine Workers' locals. Phalen and Caledonia have already rejected it.

POLICE COURT

Patrick Murphy appeared in the police court this morning to answer a charge of neglecting his children. Sergeant Rankin, of the North End division, testified that he went to the defendant's home in Sheriff street yesterday and found two girls, ten and twelve years of age, there. There was no fire in the house, the little ones had no breakfast or dinner and there was ice on the floor. He said that the day before yesterday neighbors had given the children some food.

George Pierce and Rev. George Scott corroborated the evidence. The defendant acknowledged that there was no food or fuel in the house and said that he was out of work. He said his wife was in Fredericton, having been called there owing to the serious illness of her sister. It was brought out in the evidence that the mother works, but this the defendant seldom does. Magistrate Ritchie remanded him to jail and said that when the mother arrived home the father would have to go to work and support his children.

William McEaler, who was arrested on a warrant for alleged assault on his wife, pleaded guilty and was remanded. One man arrested on a charge of drunkenness was fined \$8 and warned that he was liable to a fine of \$38 or four months in jail.

Fred Agley, a young Englishman, who was arrested some time ago on suspicion of stealing an overcoat from the Y. M. C. A., was sent up for trial.

The tug Crusier and Kingsfisher left Halifax this afternoon to sail the Pownhattan then twenty-five miles away.

TAKE DUTY OFF CANADIAN PAPER

Suggestion at Washington Fails to Bring Action—Situation to Be Discussed.

Washington, Jan. 27.—Democratic members of the house ways and means committee yesterday suggested the removal of all tariff duties on Canadian print paper, but no action was taken. Some members said such action would not increase the supply for this country or lower prices because existing contracts were at prices within the duty-free zone.

At the request of Representative Young, Republican, North Dakota, the committee asked to request the state department to send a representative before it Wednesday to discuss the Canadian paper situation. Mr. Young complained that an embargo by the Canadian government was curtailing supplies.

While newspaper publishers were searching everywhere for white paper the government used forty-eight tons in printing speeches made in the senate. Senator Smoot, Republican, Utah, declared today.

"It is time to find out if the senate wants to save paper," said the senator.

THE SHOOTING OF ERZBERGER

Berlin, Jan. 27.—Heavy patrols of soldiers guarded the government buildings during last night and stopped all traffic over streets in that neighborhood, where barricades were thrown up by the troops before midnight. Rumors were heard during the evening that monarchists had planned an uprising today, which is the birthday of former Emperor William, and that Gustav Noske, minister of defence, had massed troops as a precautionary measure.

While government officials have denied any knowledge of an intended insurrection, and say the attack on Erzberger, minister of finance, yesterday prompted the monarchists' moves, it is declared the authorities sought to forestall action on the part of the supporters of the imperial regime. It was reported last night that attacks on the Reichstag by Socialists and radicals were planned as the first step in the monarchist coup.

Deep indignation over the attack on Erzberger was expressed in a proclamation issued last night, the attempted assassination being called "a criminal act of political warfare."

The proclamation said that it was hoped the deed would arouse the anger of the general public and promised to protect everyone against violence. Symptomatic inquiries were made at the Erzberger home by the British and Italian charges d'affaires, and President Ebert telegraphed condolences to the wounded minister.

The assailant gave his name as Oltwig van Hilschfeld.

Erzberger had left the court room yesterday and was accompanied by his attorney, who was standing on the running board and holding the door open. His assailant crept beneath the attorney's arm and was actually in the automobile when he fired. It is said that three shots were fired. The first hit a button and glanced off, the second struck Erzberger's watch and was deflected, while the third bullet entered the shoulder.

POUND DOWN TO THE LOWEST YET

New York, Jan. 27.—Sterling exchange reached another low mark at today's opening of the market, when it dropped to \$3.67 1/4, off 1/4 cent from the previous low record.

France and the allied made new low records, the former opening at 12.67 to the dollar, and the latter at 14.75 to the dollar. The previous low record for sterling yesterday, was 12.46, and for lire, 14.40.

New York, Jan. 27.—Uncertain tendencies manifested by prices at the dull opening of today's stock market were in part attributed to further demoralization in foreign exchange, all the leading remittances falling to new low records.

Only a few stocks varied more than fractionally, however, with including American Woolen, International Paper, Baldwin Locomotive and Retail Stores at gains of one to almost two points, while Crucible Steel, General Motors and Mexican Petroleum were also about a point under. The market settled within the first half hour, steels and motors strengthening visibly.

Noon Report. Conforming to yesterday's course the market disregarded the further break in foreign exchange which later extended to the Scandinavian centres. Copper, food and chemical issues were added to the list of moderately advanced, and strong but not, motors, oils and steels, continued including several equipments, continued to lead the advance. U. S. Steel moved within the narrowest limits, giving no intimation of the character of the statement for the final quarter of 1919, to be issued after the close of today's session. Call money opened at 8 per cent.

Judgments Against Sir Charles Ross in Rifle Matter

Quebec, Jan. 27.—Hon. Justice Dorion rendered judgment in chambers yesterday awarding damages of \$11,600, and \$10,000, respectively, to C. O. Dunstall and General Ross, both of whom are in Texas against Sir Charles Ross, head of the former Ross Rifle Company, for injuries received while using a Ross rifle. Justice Dorion said that a defect in the rifle which could not be detected even by an expert and it was quite conceivable to think that the petitioners had been careless in handling the arm. The claim entered by Mr. Amoy, who is a man of seventy, was for \$30,000, but this was reduced to \$10,000.

NEW YORK IN GRIP OF SLEET STORM TODAY; WORST SINCE 1902

New York, Jan. 27.—Transportation in New York was crippled today by a severe sleet storm. Electric trains from outlying districts were hours late and service on the elevated and trolley lines was considerably below normal. Streets and sidewalks were a glare of ice. Weather sharp as the norm was the worst of its kind since 1902.

The greatest tie-up was on the Canadian-New York line to Chambers street, where only three trains were operated between one a. m. and six a. m. Trains from Jamaica were nearly three hours in making the trip to New York. The ordinary time is forty-five minutes.

DEATH OF MRS. ROBERT ELLIS

Moncton Transcript.—The body of Irene Ellis was taken through Moncton Friday evening, en route to Molus River, Kent county, for burial. Her husband, Robert Ellis, and brother, Fred Ward, of Moncton, accompanied the body from Halifax. Mrs. Ellis passed away at the Victoria General Hospital, Halifax, on January 22. She will be remembered in Moncton as Irene Ward, having made her home for some years with her uncle, Wm. Powell. On August 30, 1919, she became the wife of Robert Ellis of St. John. Mrs. Ellis was located the greater part of last summer in Moncton. Mrs. Ellis leaves her husband, her mother and three brothers, Mrs. Ada Ward of Molus River, Fred of Moncton, and William of Quispamisic.

DEVON TAKES UP QUESTION OF WATER SUPPLY (Special to Times.)

Fredricton, Jan. 27.—The ratifiers of Devon met last night and discussed a proposition to supplement existing sources of water supply. Mayor Gilbert Henry was in the chair. It was decided to adjourn for one week to give the ratifiers an opportunity to consider the matter privately.

Brigadier-General A. H. MacDonnell, G. O. C. Military District No. 7, and Lieut.-Col. H. C. Sparling, G. S. O., arrived here last night and this afternoon are attending a meeting of the officers of the 1st York Regiment for the purpose of reorganizing that unit. There is a large attendance of the officers.

Y. P. S. ENTERTAINED The Young People's Society of Coburg street church entertained members of the Tabernacle church Y. P. S. last evening. After a welcome had been extended to the visitors, Mr. Hawkins, the president, took the chair, prayer was offered by Mr. Mitchell and a lesson read by Mr. Danly. Two hymns were sung and the president spoke a few words, taking as his subject, "Why Does the World Need Christ?" This followed a delightful musical and literary programme in which the following numbers were given: Solo, Miss Keys; reading, Clarence Horton; solo, Mrs. Henderson; reading, Mrs. Horton; solo, Mr. Mitchell; solo, Mrs. Henderson. The meeting closed with a hymn and prayer by A. Kierstead.

FRENCH LABOR LEADER UNANIMOUSLY CHOSEN Paris, Jan. 27.—Albert Thomas, French labor leader, was unanimously elected director-general of the International Labor organization today. The organization adopted the six conventions and six recommendations voted by the Washington conference. They were referred to the secretary of the League of Nations, who will transmit them to the various governments for ratification. Exception was taken by representatives of the employers of Sweden and Switzerland to the strict application of the eight-hour law to small trades and businesses.

Toronto Fire. Toronto, Jan. 27.—Damage to the extent of about \$55,000 was done by fire last evening to the machine shops of Wm. & J. G. Grey Company, Limited. The loss is partially covered.

WHEN DREAMS COME TRUE

To those who remember when playground after playground in this city was diverted to other uses until there were none left, and who remember how hard it was to make a beginning of supervised playgrounds for small children, but who persevered and kept an organization in existence, the developments of this year are a source of the keenest satisfaction.

The influenza this year is less virulent than the outbreak of a year ago. A New York paper says: "Nearly every American community was so searched by the disease last year that immunization must have been general. Dr. Copeland says that observations thus far show the influenza to be mild in type, terminating in a few days, and much less frequently developing into pneumonia than last year.

Those who may have thought that the Sinn Fein comprised the bulk of the Irish people will note with interest that in the recent local government elections the Sinn Fein won less than a third of the seats. It and Labor together won 965 offices out of 1848.

The municipal council of Westmorland turned the matter of appointing a juvenile court judge on the ground that it should be confined to the city of Moncton. Coun. Sherrard pointed out the great necessity of establishing a juvenile court in the city of Moncton.

UNCLE SAM'S WATER POWERS

After a deadlock lasting more than ten years the passage of a water-power bill by the United States senate recently is regarded as making possible the satisfactory disposal of the whole question. The dispute as to federal and state rights appears to be settled by a compromise measure. In the meantime the country has suffered enormous loss while its great waters remained unharmed for industrial purposes.

Bliss Carman is only a name to most people in his native province. This distinguished poet had to leave Canada to find appreciation of his work as a writer. The like was true of Roberts and of many others who have made notable contributions to literature.

The settlement of Manitoba is still far from complete. It is claimed, says an exchange, quoting G. W. Prout, M. P., that within a radius of fifty miles of the city of Winnipeg there are two and a half million acres of land as yet untouched by the plow.

The C. P. R. has faith in St. John. An equal faith manifested by the C. N. R. will make a great change in the appearance of the water front.

Two unions of Cape Breton miners have rejected the wage settlement agreed to by their leaders. Complications of this sort make it more difficult to settle industrial disputes.

Six thousand cases of influenza have been reported from Havana, Cuba. The epidemic is steadily spreading to new fields. We must be ready to cope with it if an outbreak occurs in this part of Canada.

The peace treaty has been thrown back to the United States senate, as the attempt of representatives of parties to arrange a compromise has failed.

Five of the six labor candidates were elected yesterday in the Moncton civic elections. This is one more than they had last year.

### RECENT WEDDINGS

A quiet wedding took place at the Portland Methodist parsonage last evening when Sylvanus P. Seely, of this city, was united in marriage to Miss Edith B. Treccartin, also of this city. The ceremony was performed by Rev. Neil MacLaughlin in the presence of a few friends. Mr. and Mrs. Seely will reside in St. John.

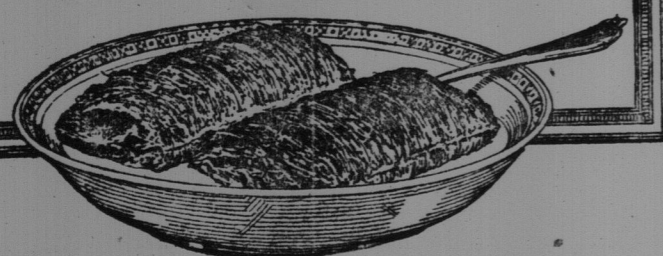

The wedding of Mabel Ida Brown, of Ravine Bank, Alta., and Harvey Starratt Smith, formerly of Hopewell Hill, N. B., took place in the west recently.

Guy J. Mann and Miss Beatrice Annie Saunders were married in Petticoat, N. B., on Jan. 15, by Rev. A. H. Saunders, father of the bride.

## YOU CAN BEAT THE "PROFITEER"

by cutting out the expensive foods (so lacking in real nutriment) and eating the simple, natural, inexpensive foods that contain the largest amount of digestible nutriment. Shredded Wheat contains more real nutriment than meat or eggs, is more easily digested than potatoes or other starchy foods. Two of these little loaves of baked whole wheat with hot milk (or hot water and butter) make a nourishing, satisfying meal at a cost of a few cents.

### LOCAL NEWS

### OPENING OF NEW MT. A. RINK.

There was a big crowd at the opening of the new Mt. A. rink Friday night, and the skaters appeared to enjoy themselves thoroughly as they glided along the fine sheet of ice to the accompaniment of the delightful music discoursed by the Sackville band.

### BUGLER BOYS PROWESS WITH A PICKAXE

A Little Hero Who Smote Mahsuds With Great Slaughter.

Of the two or three days of heavy fighting which ended in the Mahsuds of the Indian frontier at Christmas accepting the British terms, Reuter's correspondent writes:—

"Our casualties have been heavier indeed than during the whole Tirah campaign, but the tribesmen have suffered as never before.

After mention of long and hard fighting day after day by the 67th and 68th Brigades, part of the 46th Brigade, and the 84th Pioneers, the correspondent tells of the bugler boy of the latter unit, "a mere child, who emulated the example of Jack Cornwell.

"Left with but a few men, he seized the nearest weapon, a pickaxe, and laid about them right and left, cracking Mahsud skulls like old Umslopogas, and returning to camp laden with trophies."

### THE BUSINESS COLUMN

EDITED BY MANSFIELD F. HOUSE

**"Cash More Valuable Than Stamps," Say Merchants**

Several retail merchants of Chicago, Calif., annoyed by the constantly growing number of premium tickets and stamps being handed out by other merchants to attract trade, held a get-together meeting and decided to give a cash discount for cash. They figured it that money was worth more to a customer than any sort of prize or premium.

**"People Are Honest—As Long As You Keep After Them"**

When Ingolf Pederson, credit man for Olsen & Ebban, who sell approximately \$800,000 worth of jewelry to the people of Chicago on credit each year, was asked the question, "Are people honest?" here was his unique answer:

"Did you ever borrow \$5 from a friend when you were making only a 50-cent salary and had no extra cash in reserve? Remember how hard it was to pay back, how as the weeks flew by and you didn't see Bill, the fellow you borrowed of, you almost quit thinking about the debt, and then one day Bill dropped in for a chat, and casually started talking about money, and you made a 'gallant sacrifice' and dug up that old five and handed it to him? Yes! All right, now you know how the public feels about paying its debts to us."

"You see, it all amounts to this: The man who buys on credit, unless he is unusually wealthy, usually tries to swing more than he should, and somebody gets left, at least temporarily. Even an honest man can't pay his bills promptly when he hasn't sufficient income to cover them."

"But, as long as you keep gently prodding our well-known friends Mr.

### HER CASE SEEMED HOPELESS

**Blue Ribbons Help to Sell Prize Turkeys.**

Adam Iffert, Hazelton, Pa., street butcher, has learned how to sell the most expensive turkeys.

In these days the man of average pocketbook picks out the smaller and runtier birds, for with turkey at fifty-five and sixty-five cents a pound, one passes up the more noble-looking turkeys. How to arouse that desire to possess, which lies back of all sales, was a problem that bothered Iffert until one day recently he conceived the idea of putting blue ribbons around the necks of the birds as they hung outside and within his market, denuded of their plumage and ready for the kitchen table's final stage of preparations for the oven.

"That's how I sell the best birds," said Mr. Iffert. "When I put them out together I found that I sold the runts and the best fowl were left because they ran a few pounds over the weight the average customer has determined his or her turk should be. So that instead of having the culs at the end of the day, I had the best and they had to go at my old price."

"Now it is different. Some people get that blue ribbon prize idea with no explanation to be made. I tell the real who ask. I point out to them the blue ribbons mark the very best in stock, worth the extra weight because the excess is meat, whereas on the runts it is mostly bones. The blue ribbons sell at the same rate per pound as do the others, but they move along with the rest of the stock now, simply through hammering home the point that they are the cream of the collection—are blue ribbon prize winners."

**Notes on Bills, Land Many Orders.**

F. W. Walters, credit manager of Gimbel Brothers, New York, reports that excellent results have been obtained through the use of the following statement circular:

### BAD COLD LEFT HIM WITH BRONCHITIS

However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected.

Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this by loosening the phlegm and mucous, and stimulates the weaker bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts and thus prevents it becoming chronic.

Mr. R. P. Sundblad, Francis, Sask., writes:—"I had a very bad cold which left me with bronchitis. I tried several cough remedies and oils of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds."

**HARDWARE STILL SHOWS ADVANCE**

"Hardware and Metal," Jan. 24.

Sharp advance in prices are again reported throughout the hardware markets. It seems quite evident that prices have as yet not reached the peak, as not one item in the whole list has shown herewith records a decline.

Among the most important changes are Corrugated sheets, metal siding and shingles, all the sundries used for applying, such as ridge roll, gutter iron, etc. Brass butts, metallic cottages, screw spring hinges, well pumps, shaving brushes, oakum, wool and cotton waste, conductor pipe, eavestrough and pig tin have all been advanced.

Leading has again advanced five cents per roll. Manufacturers state that the shortage of felt is critical. Trunk and bag prices have been withdrawn. Rubber latches, cut nails, fish, sash weights, thumb latches, cut nails, fruit jars, whips, glass mirrors, lantern globes and food choppers, are all markets showing ready prepared paint is up 50c a gallon. Varnish may go higher. Plate glass prices have been withdrawn and ready prepared paint is up 50c a gallon.

It seems reasonably certain that present conditions will prevail well up to the end of the year. However, some of the better informed business men seem to be hesitating over stocking heavily under present conditions, even were the stocks available, unless they see immediate outlets, it is stated.

ALLIES' NOTE TO RUSSIA RE THE BLOCKADE

Text of Message on Trade Made Public

Exchange of Products on a Basis of Reciprocity—Increase After it Gets Going Well.

(Associated Press.) Paris, Jan. 27.—The text of the supreme council's note to the representatives of the Russian central co-operative union regarding the partial lifting of the blockade was made public yesterday. It follows:

"First—The Allied governments notify the co-operative union that they are disposed to authorize an exchange of products upon a basis of reciprocity between the Russian people and the Allied and neutral countries, and they invite this union to export from Russia the surplus of its cereals, its foodstuffs and its raw materials with a view to exchanging them for clothing and other merchandise, of which Russia is in need. It should be well understood that the value of the merchandise, the importation of which is authorized, shall be authorized, will be based on the value of the merchandise exported from Russia within a reasonable period.

"Secondly—The Russian delegation at Paris will communicate immediately by wireless with the controlling committee at Moscow and will ask it if the operations referred to above will be authorized for handling these importations and these exportations, and if exchanges of this sort are practically feasible. The representatives of the co-operatives at Moscow will determine immediately these questions.

"Third—The central committee at Moscow will guarantee that the exportation of cereals, fish, etc., shall be authorized and that the necessary transportation facilities shall be furnished. "Fourth—As soon as certainty is reached in this matter, the central committee at Moscow will inform Berlinheim, president of the all-Russian union of consumers' society at Paris.

"Fifth—The co-operative unions in foreign countries are again taken measures to furnish Russian cereals and fish on condition that the co-operatives shall be advanced 25 per cent of the value of the exports, either by direct contact with British, French or Italian financiers.

"Sixth—The balance of necessary credits will be furnished in London or Paris by Russian resources or by British, French or Italian co-operatives, private banks or traders.

"Seventh—Goods purchased by the Russian co-operatives from them take measures to furnish Russian cereals and fish on condition that the co-operatives shall be advanced 25 per cent of the value of the exports, either by direct contact with British, French or Italian financiers.

"Eighth—The central committee at Moscow will endeavor to supply at least four complete trains for the transportation of goods to and from the Black Sea ports. Should Moscow not succeed the co-operatives in foreign countries will employ part of the credits for the purchase of freight cars and locomotives.

"Ninth—The balance of necessary credits will be furnished in London or Paris by Russian resources or by British, French or Italian co-operatives, private banks or traders.

"Tenth—The central committee at Moscow will endeavor to supply at least four complete trains for the transportation of goods to and from the Black Sea ports. Should Moscow not succeed the co-operatives in foreign countries will employ part of the credits for the purchase of freight cars and locomotives.

"Eleventh—The balance of necessary credits will be furnished in London or Paris by Russian resources or by British, French or Italian co-operatives, private banks or traders.

"Twelfth—The central committee at Moscow will endeavor to supply at least four complete trains for the transportation of goods to and from the Black Sea ports. NIGHT COUGH

You know it! It begins with a tickling, irritating sensation in your throat. You cough to clear the throat. In a moment there it is again!

Peps make this sort of thing quite unnecessary. Put a Peps pastille on your tongue and allow it to slowly dissolve. Healing fumes are then liberated, which mingle with the breath and are carried to the remotest parts of the air passages and lungs, allaying the irritation and soothing the inflamed membranes, thus ending the cough and making sleep possible.

Peps are also best for bronchitis, laryngitis, asthma, sore throat and whooping cough. Put a Peps pastille in your mouth and allow it to slowly dissolve. 15 YEARS' FIRE

Just think! That is the time through which Mr. H. C. Buckley endured all the fiery torture of itching, burning eczema. His life was a perfect misery until Zam-Buk—the great herbal skin cure—brought complete relief.

Mr. Buckley, who lives at 461 East Broadway, Portland, Oregon, writes:—"For fifteen years I suffered with eczema, and although I tried many so-called 'eczema cures,' nothing seemed capable of dealing with a case like mine. It was not until I had Zam-Buk recommended to me that I began to have hope. This wonderful skin healer soon brought about a change for the better. As I persevered with Zam-Buk the burning sensation got less. I found Zam-Buk wonderfully soothing. Gradually the patches of soreness and the inflammation were reduced, an complete and permanent cure finally resulted. I would strongly advise all afflicted with eczema to give Zam-Buk a trial. It will give them satisfaction. They will not be disappointed."

No skin disease can resist the potent healing forces stored up in Zam-Buk, which is unequaled for old wounds, ulcers, abscesses, bad legs, scalp sores, blood-poisoning, piles, scalds, burns, cuts and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto, 50c. box.

SUCCESSFUL ENTERTAINMENT AT ST. ROSE'S HALL

St. Rose's Dramatic Club scored another hit last evening in the presentation of "The Mistress of St. Ives." Their hall in Milford was crowded to capacity and the performance was thoroughly enjoyed by all. In the leading female role, Miss Agnes Malloy added new laurels to those already won on the amateur stage. She has a good stage appearance and her interpretation was above the ordinary. She is a clever little actress and gives promise of making good on the amateur stage. J. J. O'Toole, who directed the performance, deserves credit for the success achieved. He also made a decided hit in the role of "Major Washington Jefferson Lee," a war veteran, and the comedy he interspersed throughout the performance evoked hearty and prolonged laughter and applause. James G. Hennessy in the leading male role also acquitted himself creditably. Miss Kathleen Crawford and Miss Alma O'Toole also made a hit in their respective roles. The other members of the cast gave clever interpretations. The cast of characters follows:

Col. St. Ives, a Southern planter... W. J. Quinn Harold Jeffries, a young lawyer... Jas. G. Hennessy Jim Smalley, his friend... R. L. Rogers Jose De Palermo, a crooked renegade... John Morrissey Major Washington Jefferson Lee... J. J. O'Toole Ephraim, the colored servant... Joseph McGrath Mr. Ward, the Colonel's lawyer... Angus Des Roches Claire St. Ives, the Colonel's granddaughter... Miss Agnes Malloy Corinne St. Ives, the Colonel's granddaughter... Miss Eileen McGrath Mrs. Armadale, housekeeper at St. Ives... Miss Kathleen Crawford Signora De Palermo, mother of Jose... Miss Nellie McKinnon Letty Lee, the Major's daughter... Miss Alma O'Toole Specialties: Joseph Viger and chorus in the State Song... Margaret Cullinan, Alice Geary, Bernice Dalton, Dorothy Vicer, Lillian O'Brien, Gertrude Wallace, Helen O'Toole, Clarice Haggerty.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sniffling, blowing, headaches, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

Bright Idea. Some musical comedy manager with an ambition to startle the world with his originality and extravagance might try introducing a girl chorus in wool stockings.

Convincing Speech. First Lawyer—Did his speech carry conviction? Second Lawyer—It did. His client got five years.—The Queenslander, Brisbane, Australia.

A Cure for Bad Breath

"Bad breath is a sign of decayed teeth, foul stomach or undecayed bowels." If your teeth are good, look to your digestive organs at once. Get Seigel's Curative Syrup at druggists, 15 to 30 drops after meals, clean up your food passage and stop the bad breath odor. 50c. and \$1.00 Bottles. Do not buy substitutes. Get the genuine.

HEAD ACHES NEURALGIA FLU WOMEN'S ACHES ASK FOR AK TABLETS

PAIN, PAIN, PAIN STOP NEURALGIA

Rub nerve torture, pain and all misery right out with "St. Jacobs Liniment."

You are to be pitied—but remember that neuralgia torture and pain is the easiest thing in the world to stop. Please don't continue to suffer; it's so needless. Get from your druggist the small trial bottle of "St. Jacobs Liniment"; pour a little in your hand and gently rub the "aching nerve" or sore spot, and instantly—yes, immediately—all pain, ache and soreness is gone.

"St. Jacobs Liniment" conquers pain—it is perfectly harmless and doesn't burn or discolor the skin. Nothing else gives relief so quickly. It never fails to stop neuralgia pain instantly, whether in the face, head or any part of the body. Don't suffer!

DEWS OF EVE No More Gentle Than "Cascarets" for the Liver, Bowels

It is just as needless as it is dangerous to take violent or nasty cathartics. Nature provides no shock-absorbers for your liver and bowels against cholera, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from constipation, Biliousness, Indigestion, Gases and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and sour, indigestible waste, without griping or inconvenience. Cascarets regulate by strengthening the bowel muscles. They cost so little too.

CUT THIS OUT

Old English Recipe for Catarrh, Catarrhal Deafness and Head Noises.

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Fennel (Dowse) streaked, Take this home and add to it ¼ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Fennel used in this way acts directly upon the blood and mucous surface of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every one who has catarrh or head noises or is hard of hearing should give this treatment a trial.

Free—A 10-Day Tube Millions of Germs Breed in Tooth Film—Keep It Off

All Statements Approved by High Dental Authorities

Film Wrecks the Teeth

That slimy film which you feel with your tongue causes most tooth troubles. The tooth brush does not end it. The ordinary tooth paste does not dissolve it. In crevices and elsewhere that film clings. That is why your brushing fails to keep teeth white, free from tartar, clean and safe.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So all these troubles have been increasing despite the wide use of the tooth brush.

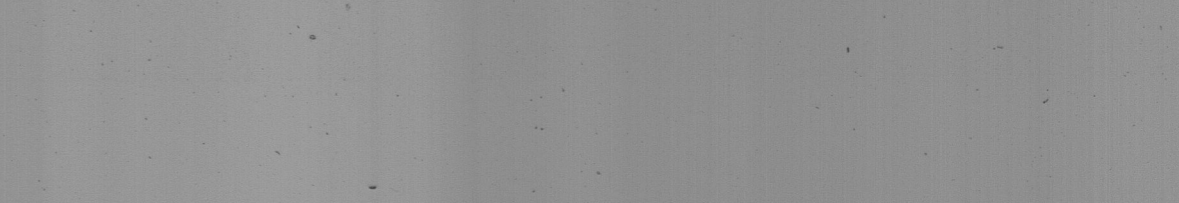

Dental science, after years of search, has found a film combatant. Able authorities have amply proved this by careful clinical tests. Leading dentists everywhere now urge its daily use.

The method is embodied in a dentifrice called Pepsodent. And we offer a 10-Day Tube free now to everyone for home tests.

See the Results, Then Decide

The results of Pepsodent are quickly apparent. Some are instant. We ask you to see them—watch them ten days—then decide for yourself about them.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it. Pepsin long seemed impossible. It must be activated, and the usual agent is an acid harmful to the teeth. But science has discovered a harmless, activating method. The inventor has been granted patents by five governments already. It is that invention which makes possible this efficient film combatant.

**PASTOR RESIGNS.**  
 Sackville Tribune: At the morning service in the Presbyterian church yesterday, the pastor, Rev. F. G. Mackintosh, announced his resignation, having accepted a position offered him by the synod as agent of the Pictou Academy

While regretting his departure from this circuit, after a stay of seven years, Mr. Mackintosh said that he felt it was the right thing for him to accept the call to a larger service for the Presbyterian church. His duties will be to travel throughout the three provinces in the interest of the Pictou Academy. Many Sackville people, to whom the pastor has endeared himself during his stay here, will regret to learn of his departure.

# Why do people sleep

Remember the morning you woke up with a feeling that you really had been sound asleep all night? Never felt so well before! Nor looked so fresh and rested—nor got things done so easily

IT WAS the deep sleep that did it. Nothing keeps us looking so young or feeling so vigorous as enough deep, restful sleep—every nerve and muscle relaxed.

Do you ever really relax? The chances are you don't.

No matter what you do to bring sleep, you will never sleep soundly unless your bed invites perfect relaxation.

There is not a person anywhere but will sleep better for doing away with the old wooden bed or loose-jointed, noisy metal bed and getting a Simmons Metal Bed.

Thousands who for years have been "light sleepers"—waking at every sound—sleep the night through on a Simmons Bed.

**Why the Simmons Bed?**

The Simmons Metal Bed is strong and rigid where the average bed is weakest—in the corner locks.

These are some of the Simmons basic patents—the pressed steel corner locks. They have much longer locking surfaces than you find in the average bed. In fact, it is the pressed steel corner locks that have made possible the Simmons new Three-piece Bed—the spring made in a single unit with the side rails.

Simmons Limited, of Montreal, St. John, Toronto, Winnipeg, Calgary and Vancouver, has been specializing for thirty years in making the best metal beds that can be produced.

And what is more, Simmons Beds are produced complete by the Simmons Organization.

Every item, every detail made straightforward from

the bulk metal under the Simmons roof—tubing, corner locks, fittings and springs, all the processes of forging, rolling, machining, brazing, grinding, polishing, finishing—to the last final touch of enamel or lacquer.

**The Waldorf Box Spring and Simmons Mattresses and Pillows**

Everybody knows the spring that slackens, sags and lets the sleeper roll into a hollow—or creaks with the slightest movement—or that does not fit four-square and firm on the bed, and knocks or rattles.

Simmons Waldorf Box Spring invites complete relaxation. It supports the body at ease on fine, resilient spring coils—each coil conforming freely to the contours, so that the spine is perfectly rested, whether one sleeps on the back or on the side. It is noiseless, and promotes natural, restful sleep.

It is covered with ticking of the finest grade and great wearing quality, in new and attractive designs.

And to make the sleeping equipment complete, Simmons Limited produces Mattresses and Pillows worthy to go with Simmons Metal Beds and Waldorf Box Springs.

**Simmons Beds are Made in All Sizes and Styles**

Full double—Three-quarter—and Twin Beds.

You will find a range of styles to select from in enameled steel and in lacquered brass.

Simmons styles are good. Whatever your bedroom decoration scheme, you will find a Simmons Bed that "belongs."

The tubing generous, massive—never skimpy or weak.

Beautifully finished. Lacquer perfect. Enamel free from pin-holes, blisters and lumps—clear and smooth.

Your choice of white, cream and delicate tones of colors in vogue for interiors today.

Simmons Beds, Waldorf Box Springs, Mattresses and Pillows are not sold by every dealer in furniture. But you will see them in the stores where you would expect to find first-class goods.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

**And now with regard to the unusual variety of TWIN BEDS**

The Twin Bed is almost a specialty with Simmons Limited.

Nice people everywhere are discovering that a separate bed for each person is a great aid toward perfect rest and sound health.

One sleeper does not disturb the other. Colds, sore throat, and other infections are not communicated. And one sleeper does not draw on the vitality of the other.

Simmons Beds, Waldorf Box Springs, Mattresses and Pillows will cost you little if any more than the average beds and equipment. They are worth more—much more.

If you care to write us, we will tell you where to get them in this section.

Sleep is a big subject! Write us for the brochure, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

phone message was received by the manager of the Britannia public house, near by, on the following Sunday morning. "A female voice inquired: 'Is the racehorse all right?' explained the manager to a Daily Chronicle representative. "I replied, 'What racehorse?' amazed at the idea of a racehorse being anywhere in Soho, and asked, 'What are you talking about?' Nervous Inquirer. "She seemed rather nervous, and mentioned something about its running in a race the following morning, and that it belonged to a major; but as it seemed all nonsense to me I rang off."

Walter Barton, the owner of the stables, on hearing of his unexpected tenant, communicated with the police, and inserted the following advertisement in the press: Racehorse, left at Portland Mews, d'Arbly street, Soho. If the above is not removed by Monday, Jan. 5, 1920, it will be sold to pay livery expenses. Apply Walter Barton, 50 Rutland street, Westminster, S. W.

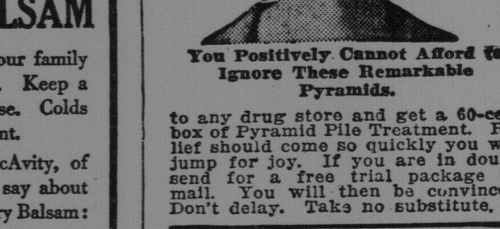

Several theories are held. One is that some mishap has befallen the owner, another being that the circumstances point to a dramatic racing coup of the familiar Nat Gould type.

Sure Way to Get Rid of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it completely. To do this, just get about four ounces of plain, ordinary liquid arvon apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

**CITY TO LOSE**  
**T. F. DRUMMIE**

Energetic Young Business Man, Who Has Done Much Community Work, is Going to Montreal.

St. John is about to lose one of the best known and most active of its younger citizens in the departure of Thomas F. Drummie for Montreal. He will leave next Saturday and will be followed by the best wishes of a host of friends not only here but elsewhere throughout the province. Mr. Drummie and the children will remain in the city for a while before joining him in the Canadian metropolis.

Energetic to a marked degree, interested in all movements for the better welfare of the city, and active in various fields of endeavor, Mr. Drummie will be greatly missed about St. John. He was one of those who helped found the Retail Merchants' Association of the province, an advisory board of which he is a member, and he has been secretary for the last few years. He represented this province at the Dominion convention of the National War Savings Club in 1917. He is a member of the Canadian Club, and of the executive of the Commercial Club, of which he was one of the promoters. His work in connection with the success of the Victory loans during the war, especially while chairman of the publicity committee, will be well remembered by those associated with the campaign. He was also keenly active in the Soldiers of the Soil movement, and the National War Savings movement, being a member of the St. John executive of each and chairman of the publicity departments. His work in the Victory loan and the war savings movement was not confined to St. John alone for he was chairman of the provincial publicity committee for some time. Mr. Drummie enjoys popularity with a wide circle of friends, and is esteemed for his public spirited interest and his integrity in all his dealings. He has been connected with the Hunt clothing house for some years and in going to participate in the business life of the bigger city will become manager of the David's Stores, a large outfitting concern in Montreal. While regret is expressed at his departure friends are pleased that he has such a position awaiting him and are certain of his making it a pronounced success.

**PLAN TO COLLECT CITY WASTE PAPER**

Commissioner Bullock at this morning's meeting read an application from the Barrett Company for the rental of part of the Anchor Line warehouse at a rental of \$50 a month for the collection of waste paper. The company proposed putting in a press and loading the paper on cars from the warehouse. The recommendation was approved.

Mr. Bullock also recommended that the lease to the James Pender Co. Ltd., of a site at the corner of Charlotte and Sydney streets at an annual rental of \$250 be renewed for seven years.

**SUGGESTED FILLING IN OF MILL POND**

Commissioner Bullock Submits Proposed By-law

It Would Do Away With Unloading of Ballast Into Scows at West St. John.

At a committee meeting of the common council this morning, Councillor Bullock brought up the question of the filling in of the Carleton mill pond by the disposing of ballast at West St. John. He submitted a suggested amendment to the harbor by-law providing that all vessels in the harbor will be under the control of the harbor master. The amendment clearly outlines the details of vessels mentioned, which were not included in the old by-law. A new section of the proposed by-law reads in part as follows:

2. The mill pond, so called, on the western side of the harbor, is hereby appointed and designated for the reception of all ballast discharged from vessels of all descriptions on the said western side of the harbor and no ballast shall be conveyed to said mill pond except by conveyors or conveyances placed or operated upon the land and wharves on that side of the harbor under the penalty imposed by the first sub-section of this section of the by-law and to be paid by the persons named therein. For the purposes of this sub-section the word "ballast" shall mean, include, extend to and comprise not only what is ordinarily termed ballast, but as well sand, stone, gravel, earth, ashes, sawdust and rubbish of any kind.

In this connection an addition to the by-law is recommended providing that no ballast, stone, gravel, earth, sand, oil, coal, lime, wood, timber, sawdust or rubbish on the western side of the harbor into any lighter, scow or other vessel, under the penalty of \$40 for each and every such act to be paid by the owner or owners, thus making it obligatory to discharge ballast into vehicles on the land.

Commissioner Bullock said this filling in of the mill pond would afford a proper dumping place for ballast and would do away with an unsightly spot. In reply to Mr. Fisher, he said that this would not do away with the flooding of the lower sections of Carleton at extra high tides. On motion the matter was referred to the common clerk for drawing up of the amended by-law.

Mr. Bullock said the engineer is now preparing estimates for the erection of flood gates at the mill pond.

**V. A. D.'S READY IF CALL COMES**

Hon. Dr. Roberts Receives Word Relative to St. John's Ambulance Association in Case of Influenza Epidemic.

In speaking to a Times reporter last evening, Hon. W. F. Roberts, M.P., minister of health, said, in connection with influenza, that he has received a telegram from the headquarters of the St. John Ambulance Association, Ottawa, as follows:

Ottawa, January 26. Hon. W. F. Roberts, M.P., Minister of Health, St. John, N. B.:

St. John Ambulance Association has instructed its members qualified in home nursing, to place their services at the disposal of the health authorities throughout Canada in case they are required, should the influenza appear in epidemic form.

Sgd., R. J. BIRDWHISTLE.

The health authorities are thoroughly organized in New Brunswick, and should it become necessary, they are ready to cope with the dreaded epidemic, which is now threatening Upper Canada.

Regarding the V. A. D.'s, who proved themselves of such valuable assistance during the war in hospital work, Mrs. G. H. Kubring, who is their local head, said today that they were always ready in case of an emergency to give their services. It would only be when the call upon professional help was too heavy to be met by the nurses available that the V. A. D.'s would be asked to aid; but if such a situation arose, they would be ready. They co-operate with the St. John Ambulance Association in its work.
